BULLDOGS QUALIFY FOR STATE TOURNAMENT WITH WIN OVER AMARILLO BADGERS, 74 to 48

The Clarendon Junior College Bulldogs finished their regular season in a first place tie with Frank Phillips College of Borger and qualified for a place in the State Junior College Tournament with a convincing 74 to 48 win over the Amarillo College Badgers at the local gym Monday night. The Bulldogs finished with a season's record of 13 wins and 9 losses against perhaps the hardest schedule ever undertaken by a Clarendon team. It was the first win in history over Amarillo in the Clarendon Gym and also the first time in history that a Bulldog team has finished near the top in the conference standings.

The young Bulldogs, mostly freshmen and only one man as much as 20 years old, never gave the Badgers a chance. The determined scrappers of Coach Buddy Travis jumped into a quick lead on three field goals and two free throws by Boyd White and were never behind. They fought the taller and more experienced Badgers every inch of the way and steadily increased their lead until Coach Travis began to clear his bench in the final minutes of the game. They held a 34 to 26 lead at the half.

Boyd White, Steve Jarnagin and Buz Bailey set the scoring pace for the Bulldogs. White and Jarnagin each tallied 18 points and Bailey came in with 17. But the win was a terrific team effort for the Bulldogs. It was easily their best ball-handling and defensive game of the season. Little Jimmy Adams, 5 feet, 7 inch guard, was great on defense and went up above taller opponents time and again for rebounds. Another shorty, Billy Schneider, also played exceptionally well on defense, and even Butch Lanier, who has seen little service this season, sank a long jump shot just as the final horn sounded. Other players seeing service were Layne Cushmanberry, Jay Wilson, and Norman Killough.

The victory was sweet for Coach Travis and his boys in many ways. In addition to enabling them to tie for the Conference championship and giving local fans their first victory over an Amarillo team in Clarendon, the win made up for an earlier loss to the Badgers in Amarillo. Amarillo had defeated the Bulldogs 68 to 58 in Amarillo on Feb. 1st. The game was also a matching of wits between Travis and his former coach, Bob Carter. Travis played his first two years of college basketball under Carter at Amarillo where he made the All-American Junior College team in 1949.

Second GOC Class To Meet Tuesday Night

The second class for the GOC will meet in the City Hall Tuesday night, March 5th at 7:30. It is very very important that everyone be present at these classes that possibly can. Each person is to have six hours of class before they can be an Observer. Every person that was present at the first meeting and then had to miss the first class night, please be present on the night of March 5th and you can get your first class made up some other night, stated Basil Smith, local Supervisor.

The following persons attended the first class Thursday night: B. C. Antrobus, Letha Smith, Ruth Melton, J. B. Melton, Emma Ayers, Billie J. Terry, Cordia Thompson, Ruth Kay, Opal Messer, Delbert Robertson, E. C. Wood, Billy Jack Land, Tommy Saye, Basil Smith, and of course the instructor, T. Sgt. William E. Swope, U. S. Air Force Ground Observer Corps from Amarillo.

Mr. and Mrs. Ran Wingrove of Pantex visited in the home of Mr. and Mrs. James Smith Sunday.

Comets Take 3-Game Road Trip This Week

Coach Buddy Travis and his Comets left Clarendon at five o'clock Thursday morning for Wichita and Kansas City where they will play a three game series on Thursday, Friday and Saturday nights.

The Comets will travel to Wichita on Thursday where they will meet the Steffins Dairy Maids Thursday night. They will go on to Kansas City on Friday where they will meet the Midland Jewelry Company on Friday and Saturday nights.

The Dairy Maids are composed of school teachers in the Wichita School System. They have a fast and colorful team. They took the consolation championship at the National AAU Tournament at St. Joseph, Missouri, last year. Little is known of the Kansas City team this year. However, they had a creditable showing in the National AAU Tournament last year.

Bulldogs Win Over Frank Phillips, 78 to 71

The Clarendon College Bulldogs fought off the challenge of the Frank Phillips College Plainsmen of Borger here last Thursday night for a 78 to 71 victory over the conference leaders.

Boyd White led the Bulldog scorers with 19 points while Steve Jarnagin followed with 17. Billy Schneider, playing only half the game, came through in the last half for 14 points.

The Bulldogs held a slender lead of 37 to 35 at the half.

SALMON FARM HOME BURNS AT BRICE

The farm home of Bill Salmon, located in the Brice community, burned to the ground Saturday, Feb. 23rd. The cause was thought to have been from electrical wiring or from Butane, Mr. Salmon stated. This fire was a total loss to Mr. Salmon as he stated that he did not have insurance on the home. Mr. Salmon also made mention that he would like to find a nice house to move to the farm to replace the one that burned.

Comets Take Win Over Weatherford, 64 to 48

The CJC Comets got back on the winning trail here Saturday night with a 64 to 48 victory over a fast Weatherford Junior College team.

The Comets jumped into a quick lead and were never behind although the score was close throughout most of the first half. The Comets were in front 14 to 12 at the first quarter and extended the lead to 29 to 24 at the half. They started pulling away in the third quarter and led 45 to 31 at the third quarter rest period.

Joan Crawford, aggressive Comet forward, topped the scorers with 24 points. Mary Mann, sharpshooting forward made 17 points followed by Myrna Carney with 6, Pat Vincent 5, Katherine Edwards 4, Genell King 3, Lola Duhan and Claudette Green, 2 each, and Susie Jones 1.

JUNIOR CLASS TO SPONSOR VOLLEY BALL TOURNAMENT

The Junior class of Clarendon High School is sponsoring a volleyball tournament in the Clarendon gym March 11, 12 and 13th. The entrance fee will be \$10.00 per team and there will be first, second, and third prizes given. Anyone wishing to sponsor a team, please contact a member of the Junior class, stated Beth Gillham.

Sammy Wells Victorious In Calf Scramble

Sammy Wells, a Future Farmer of America member from Naylor Route of Clarendon, caught a calf in the Saturday night performance of the 1957 Silver Jubilee Houston Fat Stock Show calf scramble entitling him to a \$125 certificate with which to purchase a beef breed calf.

Wells caught the calf sponsored by Herman Brown of Brown & Root, Inc. in Houston. He will raise the calf, groom it for showing and return it to the Houston Show next year. At this time he will become eligible to compete for added cash prizes, scholarships and special awards. The Houston Show is running now through March 3rd.

Sammy is a son of Mr. and Mrs. Hill Wells and is a Sophomore in Clarendon High School.

The Leader Receives Telegram From Rep. Will Ehrie

Just as we were going to press we received the following telegram from Representative Will Ehrie:

"The action of Representative James Cox of Conroe is deplorable, and I want to go on record as stating that, if he is found guilty, I hope he receives the maximum punishment that can be administered under the law."

"It is a compliment to the people of Texas and to the House that the membership of this body took the initial action against Cox."

"I feel that those of us who are sincere and dedicated to honesty and integrity in government will finally weed out the bad apples in the barrel here in Austin. It will take time, but we have made another great step in apprehending this dishonest legislator."

Pallbearers will be Leroy Luttrell, Will Chamberlain, Walter Lowe, Carroll Knorrp, Van Kennedy, Walter Clifford.

Funeral services will be held Thursday afternoon (today) at 2:00 with Murphy Funeral Home in charge of arrangements. Burial will be in Citizens Cemetery.

WALTER WARNER IS TEACHER TRAINING CANDIDATE

Walter Warner, son of Mr. and Mrs. H. T. Warner of Clarendon, is one of the teacher training candidates of Midwestern University in Wichita Falls.

He is a member of the largest class of practice teachers to be placed since the plan was started. Each senior education student is assigned a position in one of the public schools of Wichita Falls. The training includes observation, planning and actual classroom teaching.

Warner will teach biology in one of the secondary schools.

Beauty Queen

MISS JANIECE CHRISTAL

Miss Janiece Christal Elected Beauty Queen At Cottey College

Miss Janiece Christal, lovely and talented daughter of Mr. and Mrs. W. R. Christal of Lelia Lake, has been elected the 1957 Beauty Queen at Cottey College, Nevada, Mo., by a vote of the student body. Miss Christal is president of the Delphian social society at Cottey, a member of Mu Sigma Epsilon, honorary music society, and during her first year at Cottey received the Grimsley award for outstanding achievement in music. She will be graduated from Cottey in June.

Bulldogs Enter State JC Basketball Tournament

Coach Buddy Travis will take his young and scrapping Bulldogs to College Station next week where they will enter the State Junior College Tournament. The tournament will be held in the Texas A&M Fieldhouse.

The Bulldogs earned the right to enter the tournament by finishing in a first place tie with Frank Phillips College of Borger in the West Zone Conference. The two top teams of each conference go to the state meet.

The Bulldogs will meet Decatur Baptist College on Monday night, March 4, at seven o'clock. The Decatur team took the championship of their conference this year.

This is the first time in the history of the school that Clarendon Junior College has qualified for the big state tournament.

1957 Red Cross Quota To Be Raised In One-Day Campaign, Tues., March 12

In a one-day campaign, Tuesday, March 12, beginning with a kickoff breakfast at the Dixie Cafe, citizens of Donley County will have the annual Red Cross fund drive for their 1957 quota of \$1277.

Heading the fund drive for 1957 is Mrs. Forrest Sawyer, chairman. Mrs. C. E. Bairfield is serving this year as vice-chairman. George Benson is county chairman for the Red Cross.

Citizens representing all sections of the city will make a canvass of the residential sections Tuesday when the drive starts. The business section will also be contacted. Rural areas will be contacted by their chairmen.

If nature follows a typical pattern this year, some 300 disasters—hurricanes, floods, tornadoes, and fires—will strike the nation. The Red Cross will be at each disaster ready to help by working on the spot and bringing aid through financial help contributed by volunteers all over the nation. Consequently, a Donley County contributor might be helping a fire-disaster victim across the nation with his dollar. More important, his dollar might be needed in Donley County if some disaster struck here.

Moisture Picture Looks Better All The Time

Let us take another look at the weather, such as moisture received here and communities around us. Last week, up to and including the 19th, we had received .64 moisture here in town and since that time and up to date we have received .25 more bringing our total for the month to .89 and for the year 1.20. The total for the month of Feb. last year was .32 and for the first two months .45 to compare with the 1.20 of this year. The highest temperature for the month was on the 9th when 83 degrees was registered. The coolest high was on the 23rd and was 28 degrees. The highest low was on the 9th and was 52 degrees and the coolest low was on the 23rd and was 20 degrees.

Now for the communities around us and their moisture as reported by Mr. J. C. Ashcraft from Goldston reports .28 more moisture to bring their total for the month up to 1.40. Mrs. M. W. Hatley reports that they have received .50 more moisture at the Country Club to bring their total up to 1.60. Mr. Willard Knox reports that Lelia Lake has received .37 more moisture to bring their total up to .97 for the month. We are sorry that we do not have a report from Mr. Ben Lovell from Ashtola at this time. We tried all morning to get him on the phone without success. The operator informed us that the line could be out of order so please don't you people in Ashtola think that we forgot you in this report because we didn't and we know you have had some much needed moisture out that way as you had 1 inch on the last report.

BRONCHOS STOP WHITE DEER IN THRILLING 68 to 66 TILT

Sheena, Queen of The Jungle To Be Here March 10th

Sheena, Queen of The Jungle, ABC film Syndication Inc. Television series, brings to home video-viewers an exciting new star, Irish McCalla. Portraying the beautiful young Amazon queen who fights for jungle justice, this versatile blonde beauty will certainly stamp the "McCalla Look" on minds of television audiences.

"In 15 years in the motion picture business," says William Nassour, President of Nassour Studios, producers of the new adventure series, "I have never seen such a provocative and captivating personality. Her beauty and charm will capture the hearts and imaginations of adults and children alike."

This beautiful young star will be here in front of the Mulkey Theatre in person on Sunday afternoon, March 10th from 1:00 until 2:00. Sheena will give each child an autographed picture of herself. There will be NO charge for this, so parents bring your children to see Sheena, Queen of The Jungle. This courtesy is being sponsored by the Goldsmith's Dairy.

School Trustee Election To Be Held April 6th

Saturday, April 6, is the date for the School Trustee Election to elect 2 trustees to the Clarendon Consolidated Independent School District Board of Education.

The terms of Board President Homer Estlack and Trustee A. R. Henson expire. Mr. Estlack, has served on the Board for the past 6 years and is not seeking re-election. Mr. Henson was appointed to the Board in May, 1955 to fill an unexpired term. He is a candidate for re-election to a three year term.

Deadline for filing for names to be placed on the ballot is March 27 at five o'clock. Qualified persons wishing to enter the race may do so by filing their names with Mrs. Jo Anne Davis, School Secretary, at the School Business Office or by petition. Petitions must be signed by at least five qualified voters and also turned in at the business office.

Held in conjunction with the local trustee election will be the election of two members to the Donley County Board of Education. One trustee will be elected from Precinct 2 and one from County-At-Large.

The other members of the Clarendon board whose terms of office do not expire are Mr. J. Alfred McMurtry, Mr. Walter B. Knorrp, Dr. Chas. E. Deyhle, Mr. Bob Moss and Dr. J. Gordon Stewart.

LOCAL STATION MAN RECEIVES EYE INJURY

Jack Eddings, owner and operator of Jack Eddings Texaco Station had opened the station Tuesday morning and decided to put some brake fluid in the pickup. He pulled the brake pedal with his hand while standing with his head under the hood and over the cylinder holding the brake fluid and in doing so, some of the brake fluid shot up into his left eye. Jack was taken to the Adair Hospital and treated and then sent on to Dr. W. O. Murphy, Eye Specialist in Amarillo. It is understood at this time, that Jack is in the St. Anthony Hospital in Amarillo. The extent of injury is not known at this time other than a blistered eye ball.

Mr. J. D. Swift, Emmett Simmons, and Joe Lovell attended the District Bankers Convention in Fort Worth, Feb. 22nd.

The Clarendon High School Bronchos fought an up-hill battle to win a thrill packed 68 to 66 two over-time battle against the powerful White Deer Bucks in the Clarendon gymnasium Tuesday night. The win earned for the Bronchos the right to go to Lubbock Saturday to take part in the Regional Tournament. The Bronchos will meet Ropesville at 8:00 o'clock Saturday morning in the first round of the big tournament.

John Payne iced the game for the Bronchos with a 25-foot one-hand set shot in the second overtime. Some fans were confused about the ruling on the second overtime. The rule states that the first overtime shall be three minutes, and in the second overtime the first team that scores two points shall be the winner. The reason the clock runs in the second overtime is that in the event neither team scores two points in the three minutes, then if one team leads by one point at the end of the three minutes, that team shall be the winner.

The game was a thrill-packed game from beginning to end. The Bronchos took a quick lead on two free throws by Jerry Behrens and a field goal each by Eddie Baten and Richard Vallance to lead 6 to 2 in the opening two minutes of play. However, the Bucks came back strong on the all-around shooting and rebound play of their two aces, A. J. Alford and Eddie Reusch, and went ahead to stay until the closing seconds of the game. The Bucks were ahead 19 to 14 at the first quarter, 33 to 23 at the half and 50 to 46 at the end of the third period. The Bucks were ahead 62 to 60 when Baten hit a jump shot to tie the score with nine seconds to play.

In the first overtime the two teams scored four points each to be knotted at 66-66 all at the end of the first three minutes overtime period. The sudden-death second overtime started with White Deer getting the tip and controlling the ball for 40 seconds until they got a close shot. The shot missed and John Morrow took the rebound. Seconds later Payne fired and hit the basket that broke the back and spirits of the Bucks.

Baten paced the scoring for the Bronchos with 18 points followed by Vallance with 16, Payne 12, Behrens 10, Morrow 6, Doyce Graham 4 and Donald Mills 2. For the Bucks, Alford scored 23 and Reusch 20.

Funeral Services Held Monday Afternoon For D. F. Wadsworth

Funeral services were held Monday afternoon in the First Presbyterian Church for Douglas Fred Wadsworth with Rev. Paul D. Wright and Rev. J. Perry King officiating.

Mr. Wadsworth, 63, died in St. Anthony Hospital in Amarillo February 24, after an extended illness. Mr. Wadsworth moved to Clarendon in 1933 from Hartley, Texas. He was employed as an Agent for the Fort Worth & Denver Railroad and had been since 1912. Mr. Wadsworth was a member of Brotherhood of Railroad Telegraphers and also a member of the First Presbyterian Church here.

Survivors include his wife, Mrs. Faye Amick Wadsworth of this city; one daughter, Mrs. John B. King of Ballinger, Texas; two sons, Dean A. of Amarillo and Douglas F. Wadsworth Jr. of Big Spring, Texas; one sister, Mrs. F. E. Williams of Amarillo, and four grandchildren.

Pallbearers were Glen Williams, George Green, Earl Burton, Lee Bell, Hugh Howze, and Thad Rodgers.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Printed below is an essay by Don Pitts on the subject "Youth's Stake In Soil Conservation." This essay was judged second place winner in the Donley District. Nineteen High School students in Clarendon and Hedley submitted essays which have been sent to the Ft. Worth Press and entered in a state-wide "Save the Soil and Save Texas Essay Contest." The state winner will win an all-expense paid vacation trip to Colorado. The Donley Soil Conservation District sponsored the contest in this District and is giving four dollars as prize to the first place winner in this District; two dollars to the second place winner and one dollar to the third place winner. Third place essay will be printed next week. In addition to the cash prizes, each of the first 3 place winners will receive a year's subscription to "Soil and Water Magazine."

YOUTH'S STAKE IN SOIL CONSERVATION

The once plentiful natural re-

sources of the United States are rapidly decreasing. Through carelessness in earlier years we have been confronted with a serious problem. About fifty million acres of farmland have been completely ruined through erosion. The annual loss to erosion each year amounts to about \$400,000,000. It is quite evident that something has to be done to put a stop to this terrible loss.

There are two major types of erosion—wind erosion and water erosion. Each year these two forces wash and blow away thousands of tons of precious topsoil.

A number of ways have been found to prevent erosion. Several of these methods are crop rotation, cover crops, strip cropping, limited grazing, and check dams. The main purpose of each of these methods is to keep a protective cover over the land. If we can prevent the wind from blowing the soil and the water from washing so much away, we will have accomplished a great deed for America.

The youth of America can play an important role in the field of soil conservation. They will be the leaders of tomorrow and thus are important people. The youth should try to learn all they can

about conserving the soil. Many of today's youth will be farmers in the future. If they learn all they can about soil conservation and thoroughly practice this knowledge, they can make a big step in lessening the damage of erosion. If the youth will apply this knowledge in the future, they will make a great contribution to the people of later generations.

Insurance Department provides a brand new "big issue" for the Legislature.

Daniel asked the lawmakers to give emergency status to a plan to abolish the present commission and substitute a set-up similar to the Highway Commission, but full-time. This would mean a three-man policy board appointed by the governor and an administrator of the entire operation by the board.

Present three-member Board of Insurance Commissioners is charged with both policy-making and administrative functions. Individually, each is an administrator of regulation for one segment of the industry—life, casualty and

fire. Collectively, they act as over-all policy-makers. It's an inefficient operation, says Daniel. He said now is the appropriate time to change it before new commissioners become wedded to the old way. He asked Atty. Gen. Will Wilson to draw up a bill.

Only Fire Commissioner Mark Wentz has a "definite seat" at present. Casualty Commissioner Morris Brownlee's term expired Feb. 10, but he is being kept on temporarily until a successor is named. Life Commissioner John Osorio was appointed late last year by Gov. Shivers, but has not been confirmed by the Senate.

Daniel said he made his decision "long before" the recent insolvency proceedings against ICT Insurance Co. of Dallas.

Industry groups, nevertheless, were taken by surprise. Most were unable to decide immediately whether to oppose, endorse or take a "hands off" attitude.

ALLRED RETURNED
Renne Allred is back on the job as attorney in the Insurance Department liquidation division.

Allred was fired as the division's chief attorney by the Insurance Commission in 1954. He protested at the time before legislative committees that he was responsible only to Travis County's district judges, who handle insurance liquidation.

His new appointment was made by Dist. Judge Charles O. Betts. Allred is a brother of Former Gov. James V. Allred.

WATER PROGRAM GOES FORWARD

Both House and Senate constitutional amendments committees have okayed the \$200,000,000 Water Development Fund.

Under the plan a state bond

issue would raise money to assist local governments to finance water conservation construction—up to \$5,000,000 per project.

House committee made some changes which would require a special Legislative appropriation to pay principal and interest when necessary. House Sponsor Leroy Saul of Kress protested that this would make the bonds a less attractive investment, resulting in a higher interest rate for the state.

LOCAL LEGISLATION FOUGHT

Local vs. state control battles have assumed almost the proportions of the more usual state vs. federal government controversy.

At least a half-dozen bills now before the Texas Legislature are being opposed on the grounds that they represent unwarranted legislative interference in local matters.

House constitutional amendments committee voted down a proposal by Rep. John Crosthwait of Dallas to allow the Legislature to pass bills applying to specific counties. It would do away with local self-government, said opponents. Crosthwait said it would eliminate the present practice of passing laws applying only to counties with a certain population.

Several bills which firemen and policemen seek better hours and pay are being labeled "legislative dictation" by the League of Municipalities.

Two bills to give the State Highway Department greater powers to condemn land for right-of-way met similar protests. "Too much power," said Sen. George Parkhouse of Dallas. "They'll take your courthouse and anything else they want." Senate

Jurisprudence Committee approved them anyway.

PAY BILLS ADVANCE

Plans to give teachers and lawmakers better pay are moving forward in both Houses of the Legislature.

House members approved, 115 to 29, a proposed constitutional amendment providing for annual sessions of the Legislature and \$4,800 annual salaries for members. Original proposal was for \$7,500 a year.

No one appeared to oppose the Senate Education Committee's unanimous vote for a bill to give teachers a \$399 a year boost.

official designation follows: "Three great institutions of American life—the church, the home, and the public school—exert powerful influences upon our youth in preparing them for useful citizenship."

"The public school teachers of Texas have great responsibility that cannot be valued merely by statistics or by dollars and cents. In doing their job well, our teachers must work long hours, keep constantly abreast of new developments, and continue their own studies in their chosen fields."

"Many problems face our teachers, not the least of which is the present shortage of teach-

ing personnel which has placed an added burden upon those in the profession. All citizens should do their part in helping the public school teachers fulfill their responsibilities, which grow so much greater with every passing year."

"Therefore, I, as Governor of Texas, do hereby designate March 4-9, 1957, as Teacher-Appreciation Week in Texas and urge all Texans to demonstrate their gratitude to our public school teachers in every appropriate manner."

Jack Dempsey held the heavy-weight boxing crown for seven years.

Teacher-Appreciation Week - March 4-9

March 4-9 has been set aside as Teacher-Appreciation Week by proclamation of Governor Price Daniel for the Texas Congress of Parents and Teachers. The week was first observed in October 1955, but for the past two years the dates have been set to coincide with Texas Public Schools Week.

Through deeds and acts that we display,
Each day we write a little more,
Just adding to the day before,
I wonder if it all will be,
An interesting history.

"When you stop to think, don't think about stopping."

Sometimes its good to think about what folks ought to be like, providing we start in trying to be like that ourselves.

It is said that Silence is the only substitute for brains. It is a fact that we can fool a lot of folks as long as we keep quiet and look natural, but when we start talking then the burden of proof rests on us to prove whether we know anything about the subject upon which we have so stuck out our intellectual neck. It works the same on paper, only more so.

Usually the most promising

young man is the one that always does more than he promises.
 Every once in awhile we find someone who says that they do not go to church because they do not want to associate with hypocrites. That's rather a funny deduction because they do not have any objection to being seen any other place with these same characters.

There is an old Chinese proverb which goes something like this; "If there is righteousness in the heart, there will be beauty in the character. If there is beauty in the character, there will be harmony in the home. If there is harmony in the home, there will be order in the nation. When there is order in the nation there will be peace in the world."

Lessons Worth Learning

Learn to live; a good life is better than medicine.

Learn to tend strictly to your own business.

Learn the art of doing kind and encouraging things.

Learn to keep your troubles to yourself; the world is too busy to care for your ills and your sorrows.

Learn to greet your friends with a smile; they carry too many burdens in their hearts to be burdened with yours.

Learn to tell a story; a well told story is as welcome as sunshine to a sick room.

Learn to be tolerant; understanding your friend's faults sin-

cerely will do much to lessen yours.

We can make mistakes and get by with that, but when we start blaming others for our mistakes then we are a failure.

TO THE PEOPLE OF THE 18TH DISTRICT

DEVELOPMENTS IN OIL

Our office was honored last week by a distinguished visitor who hails from the Panhandle and who operates in Austin. General Ernest O. Thompson, Member of the State Railroad Commission, came at the special invitation of the Committee on Interstate and Foreign Commerce, of which I am a Member, to discuss the much publicized, but questionable, European oil crisis. The General disappointed no one in displaying his wide and varied knowledge of the oil business and his capabilities as an excellent witness. His worldwide reputation as an authority on oil matters, together with the outstanding cooperation that the Texas Railroad Commission has always given the United States Government in matters concerning defense, caused some of us to wonder why the officials of this Administration had failed to consult him or confer with him, if such a crisis indeed existed.

The Honorable Felix Wormser, Assistant Secretary of Interior, testified on Thursday of last week that the creation of the Middle East Emergency Committee, made up of representatives of 15 major oil companies engaged in international operations, was the decision of the Administration through and by the advice of the Office of Defense Mobilization, which is headed by Dr. Arthur Flemming. He also testified that the ODM is an arm of the White House. These statements were made in answer to questions propounded by me. He then admitted that the statement by his Administration to the effect that a crisis did exist was made without consultation or conference with the Texas Railroad Commission on the existing facts.

General Thompson did an excellent job of acquainting many Members of the Committee from non-oil producing areas with facts that will be most helpful to them in their future service on the Committee. He confirmed testimony of Assistant Secretary Wormser that he had not been consulted about the matter, but that he had received a call that very morning from Dr. Arthur Flemming requesting him to come to the White House for con-

ference.

It was indeed heartening to me to know that the Administration officials had finally decided to discuss the oil problem with an expert on the subject. I feel that if they had done this before crying "wolf", great benefit would have been advanced.

General Thompson's testimony ended on a splendid note. He was asked by Chairman Oren Harris what action would be taken if the security of this nation demanded action by the Railroad Commission of Texas, and the President of the United States requested that such action be taken. The General's very terse but all inclusive answer was that the President of the United States could have whatever he desired for the security and protection of this nation. This final statement by the General exemplified the attitude that has always been displayed by Texas on the subject of patriotism.

Best thing about portable irrigation is that you get water where and when you want it. Hilly terrain is no problem. Sandy soil that sucks water out of ordinary irrigation ditches is no problem.

Portable irrigation is as precise as watering each plant by hand. What does this freedom from dry spells and troublesome terrain cost? A lot less than you think. We know farmers,

right in this county, who have paid for their systems in two years—three years. They did it with better crops. By getting to market first. By being independent of drought.

Call us or stop in today and let us show you how to engineer a portable irrigation system to your farm. We carry complete systems, parts and the very finest Alcoa Aluminum Pipe.

Junior College Hearing

I was pleased this past week to have Miss Ruth Richerson, Chuck Deyhle, and W. W. Pinkerton in Austin to be present for the appropriations subcommittee hearing on junior colleges. It is always a pleasure to have folks from home visit the Legislature.

CLARENDON COLLEGE SITUATION SERIOUS

The subcommittee has as yet made no statements on their plans as to present appropriations

for Clarendon Junior College. Actually the proposal that would close the doors of the college is an indirect one. It would not severely cut the appropriations, but would insert a clause making the college eligible for only 35% of its actual expenditures in state money. Up until this session the state had been paying about 65% - 70% of the school's operating cost.

Under this new proposal the college would receive only about \$7000 state aid instead of \$39,000.

The total budget would be \$20,000 instead of the present \$58,000. According to President Pinkerton, the college would not be able to open next September if this proposal is adopted.

Still Fighting Proposal

I am still fighting this proposal and hope that I can get it eliminated before the subcommittee reports it favorably. If this attempt is not successful, we shall endeavor to remove it when the appropriations bill reaches the floor of the House.

Hope Report Favorable

I only hope that, when the session is over, I can report to the people of Donley County that Clarendon Junior College is still in business and will continue to serve the students of our area. I don't want the "big-city" and "big-university" people to win this fight.

Other Business

In other major business this week the House approved a 200 million dollar water program for the state. This was a rather great accomplishment, since this session did in six weeks what other legislatures had failed to do entirely. By the time this story is printed the amendment to the Green Belt Water Authority will have passed the House. I hope that the people of our area will soon have an opportunity to endorse this program and get a water development program started at home.

Old-Age Program Enlarged

The House passed this week a constitutional amendment that would add 8 (eight) million dollars a year to our old age assistance program in Texas. Since this is a constitutional amendment, it will have to go before the voters; but I am sure it will pass. I was glad to have this part in helping the senior citizens of our area.

SOCIAL SECURITY INFORMATION

The year 1957 is an important one for those who are disabled or those who might become disabled. If you are so severely disabled that you are unable to work, you or your family may have rights under one or more of these three parts of the social security law:

(1) If you are disabled and are 50 years of age and older, you may be eligible for cash disability insurance payments beginning with a payment for the month of July 1957.

(2) If you are disabled and your disability began while you were under 18 years of age, you may be eligible as of January 1957 to receive child's insurance benefits even after reaching age 18 if either your father or your mother is receiving old-age insurance payments or if you have lost the support through death of a parent who was insured for benefits.

(3) If you are disabled and have not yet reached 50 years of age, you may be eligible to have your social security earnings record "frozen" to protect your own or your family's rights to future benefit payments because of old-age disability or death.

If you, or someone in your family believe you may qualify under one of these provisions, see your social security office for further information about these new dis-

ability provisions of the social security law. It is important for those already disabled that applications for disability payments be filed no later than December 1957. For some persons now disabled, moreover, it is important that application be made sooner. A disabled person who has not worked after September 1954 will not be able to meet the work requirements if he delays filing a claim until after June 29 of this year. As a result, he would not be eligible to have his social security record frozen, nor to receive disability insurance benefits at age 50. He would have to wait until regular retirement age to receive any benefits, and those benefits would be reduced because of the time when he was unable to work and keep up his social security record. For many a younger disabled worker, it may also mean the complete loss of all benefit rights. The social security office at Amarillo, Texas, will be glad to provide additional information.

A representative from the Amarillo Social Security Administration office will be in Clarendon, on March 7, at 9:30 a. m. in the Court House.

Miss June Bruner Is Engaged To Wed Frederick Wewerka

Mr. and Mrs. Van A. Bruner of Amarillo, Texas, announce the engagement of their daughter, Miss June Alison Bruner, to Frederick Martin Wewerka, son of Mrs. Fred A. Wewerka, 820 South Mascumb, and the late Mr. Wewerka.

The wedding date has been set for March 16th, in the First Methodist Church, Amarillo.

Miss Bruner was graduated in 1951 from the Amarillo high school. She attended Sweet Briar college in Virginia for two years and the University of Oklahoma for two years, where she was a member of Kappa Kappa Gamma sorority. For the past few months she has been an employee of the Seaboard Oil company.

In Amarillo Miss Bruner is a member of Polk Street Methodist church, the American Association of University Women, and a provisional member of the Junior league.

Mr. Wewerka is a graduate of the El Reno high school and Oklahoma university, where he was a member of Beta Theta Pi social fraternity. He served two years with the navy as lieutenant, junior grade, and is, at the present time, associated with the Amarillo Ice company. They plan to make their home in Amarillo.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met at 2:30, Feb. 21 in the Club Room with the President, Ismanell Gray in the chair. The meeting was opened with a prayer by Naomi Green.

After roll call, minutes of the last meetings were read and approved. The last meeting was at night where the ladies entertained their husbands with a 42 party, which we failed to report.

After a short business session, Mrs. C. B. Morris was introduced and reviewed the book entitled "Guestward Ho," by Patrick Dennis and Barbara Hooton which was enjoyed very much by all present.

The hostesses, Naomi Green, Ismanell Gray, Veda Mahaffey and Johnnie Poovey served a plate of chicken sandwiches, pickles, cookies, coffee and cocoa to 2 guests and 16 members and several children.

Get your seeds and plants ready for the plant exchange and how to plant for the next meeting, March 7th; also try to have your quilt blocks ready to turn in. —Reporter.

SURPRISE BIRTHDAY PARTY

Mr. and Mrs. Bailey Estes surprised their daughter Toza with a party Monday evening, Feb. 25, the occasion being Toza's 9th birthday.

The guests met at the Estes home for picture taking and refreshments, then they attended the movie at the Mulkey Theatre. All reported a wonderful time.

Those present were: honoree Toza Estes, Leane Risley, Dana Estlack, Elaine Tolleson, Ruby Gillean and Emily Nece.

MOTHERS STUDY CLUB

The Mother's Study Club met Tuesday evening at 7 o'clock in the Patching Club House. The meeting was called to order by President Melba Edwards and the Parent's Prayer was read by Patsy Robertson. Business was taken care of along with working on an Art project. Plans were also made for enlisting new members. Refreshments of tuna sandwiches, coffee, and cake were served to Gladys Turner, Lila Vick, Norma Putman, Patsy Robertson, and the hostesses, Melba Edwards and Janie Hill. —Reporter.

GABIE BETTS BURTON LIBRARY NOTES
 By May L. Prewitt

We have a few books for little people to announce. "Baby Animals" is a lovely book for preschool children. "Storony" is a readable story for an older group. It was a gift from little Steve Allen.
 There are two books for boys purchased from the Porter Memorial Fund. They are one of the Hardy Boy series—"The Secret of Pirates Hill," and "Clean Up Hitter" by Dick Friedlich, which is a good sports edition.
 We received a gift of "A Report to the People—The FBI Story" by Don Whitehead with a foreword by J. Edgar Hoover. The book is a gift from the Rosenthal Foundation. It is certainly a complete record of headlines of by gone days and recent crimes.
 There is another junior edition entitled "A Childs Book of Mountains and Volcanoes." We now possess four of this Maxton Series of Books for young people. They are the one just mentioned, one on Reptiles, Rocks and Minerals, and Prehistoric Animals. The assortment for childrens books is excellent for a Library supported by donations as this one is.
 "Consolation" by Mrs. Chas. E. Cowman is a memorial given in memory of Mr. Prewitt. It is a book of Daily Devotionals that contain excellent material.
 In the spring house cleaning of the Library I found "My Diary August 30th to Nov. 5th 1874", Cornelia Adair. Only seven people have ever read this and it is a well told and fascinating edition. The preface states it was for private circulation only. Therefore she must have given it to some intimate friend who placed it here. I was elated to have the opportunity to read it.
 We have several new books that are very readable.

POT LUCK SUPPER TUESDAY NIGHT

INTERNAL REVENUE SERVICE UNITED STATES TREASURY DEPARTMENT
 Thousands of taxpayers are costing themselves needless time and expense in preparing and submitting estate and gift tax returns in duplicate, according to Mr. James Z. Pearce. The Internal Revenue Service announced that, under the 1954 Code, duplicate estate and gift tax returns were no longer required. However, thousands of taxpayers failed to note the change and each year the Internal Revenue Service is required to return the second copy of estate and gift tax returns to many taxpayers and/or their accountants. Unfortunately, it costs the taxpayer quite a bit to make the duplicate copy, Mr. Pearce explained.
 Form 706 is to be used for estate taxes, and Form 709 is for gift taxes.

1957 Acreage Reserve Programs Get Started

COLLEGE STATION—Farmers can now sign agreements to take part in the 1957 Acreage Reserve program for three basic crops, R. G. Shrauner, Chairman of the State Agricultural Stabilization and Conservation Committee, announced today. The three crops are winter wheat, cotton and rice.
 Taking part in the Acreage Reserve programs is entirely voluntary, the Chairman declared. Each farmer will make his own decision, on the basis of the advantages offered for his farm.
 Chairman Shrauner explained that the Acreage Reserve programs are one part of the Soil Bank, which is now entering its first year of full operation. The other part is the Conservation Reserve, which is a longer-range plan, offering farmers financial help in changing their use of general cropland from harvested crops to conservation uses.
 The Acreage Reserve, on the other hand, gives farmers an opportunity to attack directly the accumulated surpluses of basic crops, by diverting allotment acreage from basic-crop production.
 "Farmers may not fully realize all the advantages of participating in the Acreage Reserve programs," Schrauner stated. "For one thing, participating farmers will earn special payments to protect their current income while land is in the Reserve and out of crop production; they will receive the program payments for the Reserve acres, even if they run into a bad growing season; they may rest the Reserve acres, or improve them with cover crops which may qualify for regular Agricultural Conservation Program assistance; they will be in position to reduce their overall investment in the year's farm operations; and finally, by cooperating with other producers, they may cut down burdensome surpluses and improve market prices.
 "Producers who are interested in taking part in the Acreage Reserve programs for 1957 crops should get in touch with their County ASC Committee right away, for the agreements will be signed on a "first-come, first-served" basis, as long as the program funds last."

Deer Movement Proved Scant

AUSTIN—Further evidence that wild deer do range over comparatively small areas has been reported by the Director of Wildlife Restoration for the Game and Fish Commission.
 He cited a trapping and tagging experiment which is being conducted by wildlife biologists in the Hill Country which shows that the greatest distance traveled by any one marked deer was about two and one half miles from the original trapping point. All deer tagged were native whitetails and the work is being carried out in Mason, Gillespie and Llano Counties.
 Trap sites were selected in the fall and winter of 1954 and deer were trapped, marked with metal tags in both ears and released at the trap. Deer movements were noted through retrapping, check station examination, and returns of bags from successful hunters. A total of 168 deer were trapped and tagged during the winter 1954-55 and 1955-56. Forty-one deer were retrapped the first year and 49 the second for a total of 90 head. The greatest verified movement of a trapped deer was two and one quarter miles. Many retrapped animals were caught in the same trap where they had been tagged while others were

taken in traps not over one-fourth mile distant from the original trapping site.

Mrs. A. L. Formway visited in Plainview Wednesday with her daughter, Mr. and Mrs. Joe Tom Naylor.

PRESCRIPTION PRICES

How are prescription prices determined? We have a policy in this matter, the only one we can follow. We do not offer bargains in prescriptions—there is no cut-rate way to health. Nor do we pretend to under-sell. Prescription prices simply are determined by the cost of the ingredients and operating expense. The prices we charge are as low as satisfactory service and effective drugs will allow.

Root Knot Disease Can Be Controlled By Fumigation

Root knot disease can be controlled in garden soils by fumigation. County Agent H. M. Breedlove says the fumigant should be applied from 10 days to 2 weeks before planting and soil moisture should be adequate for germinating seeds. More moisture is required in sandy soils.

Before fumigating, remove from the area to be treated all plant trash and infected roots. Prepare a good seed bed as if for planting. Use a hoe or plow to open furrows 6 to 8 inches deep and 12 inches apart. Apply the fumigant from a fruit jar. Two holes should be punched in the jar lid, one to let in air and the other for distributing the fumigant. Make the application by walking along the open furrow and dribbling the fumigant into the bottom of the furrow. Breedlove advises covering the furrow immediately to prevent loss of the fumigant gases.

He says a pint of the material should cover about 150 feet of row space. It is a good idea, he adds, to test first with water in the jar to determine how fast to walk in order to make the proper distribution. He says Garden Dowfume, D-D, Soilfume 60-40, Isobrome 40 and Bromofume 40 are all effective as garden fumigants.

Severe injury may result if the fumigant application is made closer than two feet to growing plant roots. Keep the material out of the eyes and mouth and should it be accidentally spilled on the hands or clothing, remove it immediately with soap and water or kerosene.

Since such warm weather crops as tomatoes, peas, cucumbers and okra are more susceptible to root knot damage, fumigating the rows where they will be planted. Finally, he adds, don't mix treated and untreated soil and use disease-free transplants.

VISITING IN GEORGIA

Mr. and Mrs. G. W. Estlack are in Augusta, Ga. visiting their daughter, Mr. and Mrs. David Patterson. Mr. Patterson is stationed there with the Army Electronics Training Corps. During the absence of Mr. Estlack, Basil Smith, local gin manager, is pinch hitting for him.

Clarendon F.H.A. Busy Making Plans To Attend Area Meeting

The Clarendon Chapter of the Future Homemakers of America is busy with plans to attend the Area F.H.A. meeting March 2, 1957 in Municipal Auditorium at Amarillo. Forty-one members have made reservations to attend. They will be accompanied by Supt. W. W. Pinkerton, Counselor Richard Hall, Mrs. Oscar Thomas and Mrs. F. W. Bourland, local F.H.A. sponsor.

This year, for the first time, an Area F.H.A. Choir has been organized. Each chapter in the area was asked to select one soprano and one alto to sing in the choir. Miss Nedra Hodge and Miss Joyce Eddings will represent the Clarendon F.H.A. Chapter. One hundred and one schools are registered to participate.

In the morning session the Amarillo High School Band will play, and a talent show has been planned.

New officers for the coming year will be elected at the House of Delegates luncheon and business meeting which will be at noon in the Palo Duro High School Cafeteria. Miss Sharon Smith is the voting delegate from the Clarendon F.H.A. Chapter. Miss Barbara Koontz will also attend the House of Delegates meeting. She is running for Area Recording Secretary against Miss Naomi Hubbell of Farwell, Texas.

Cotton John has arranged to have part of the Area meeting on his TV program at 5 p. m. March 2nd. In the past, he has wanted the old and new officers and some of the talent from the talent show.

A wonderful full day program has been planned for all the Future Homemakers of this area. Two school buses will leave the high school building promptly at 7 a. m. We will return by 6 p. m. unless our candidate for area office is elected. In this case, we will not leave Amarillo until Cotton John's 5 o'clock TV show has been completed.

FARM NEWS

from the County ASC Committee

LAST DAY TO SIGN 1957 COTTON ACREAGE RESERVE CONTRACTS FRIDAY MARCH 1st

Producers who are interested in 1957 Cotton Acreage Reserve Agreements have only through Friday, March 1st to sign an agreement. The Acreage Reserve Agreement is a legal and binding contract for 1 year which cannot be cancelled by the Farmer after the close of the sign-up period. The agreement reduces the farm cotton allotment by the number of acres which are entered into an agreement. The maximum acres which can be included in the agreement is 30% of the cotton allotment or 10 acres whichever is larger. Every farmer signing an agreement can indicate additional acreage which he wishes to put in if more money is allocated to the county.

1957 CONSERVATION RESERVE

The final signing up date for 1957 Conservation Reserve has been extended to April 15, 1957.

Donley County's budget was increased by additional funds which will cover all contracts signed at the present time.

COTTON PREMEASUREMENT

All producers who want to have their cotton land premeasured may make application for this service through March 15, 1957. Your cotton acreage will be staked off and the acreage will not be measured again if you plant within the stakes. The cost of this service is \$7.00 for the first plot and \$2.00 for each additional plot.
