## 1958 Wheat Marketing Quota Referendum Held Today

The basic choices on which farmers will be voting on June 20th are:

(1) If quotas are approved all farmers in commercial wheat states with more than 15 acres of wheat will be subject to quotas. Any excess wheat will be subject to quota penalties. Price support at a national average of \$1.78 a bushel will be available to producers who do not exceed their acreage allotments.

(2) If quotas are not approved there will be no quotas or quota penalties. Acreage allotments will remain in effect. Price support will be available at 50 percent of parity for producers who comply with their farm wheat allotments. (Fifty percent of parity applicable to the 1958 crop is estimated to be \$1.18 per bushel.)

The polling place for all wheat producers in Ashtola, Martin, Chamberlain, Lelia Lake, Naylor, Midway, and Hudgins Communities is the Donley County ASC Office, Clarendon, Texas.

Producers from Goldston Community, Jericho, McLean, and Alarreed area will vote at the Walter Frazer Elevator, Boydston Switch, Groom, Texas.

The polling place for Hedley and Giles will be at the Hedley City Hall, Hedley, Texas.

All polls will be open from 8:00 A. M. to 7:00 P. M.

## Chamberlain Community Receives Award

A covered dish luncheon was held at the Chamberlain community center on Wednesday, June 19th at noon for the presentation of a fifty dollar award by the Farmer Stockman Magazine and the Extension Service cooperating, according to County Agent H. M. Breedlove.

The award was for winning fourth place in the Rural Neighborhood Progress contest sponsored by the above institutions. The area covered in the contest took in the twenty-two Panhandle counties.

Mrs. John Heathington, president of the Chamberlain organization welcomed the group and was in turn presented with a fifty dollar check by Miss Katherine Randall, Home Editor for the Farmer Stockman Magazine. Mr. Regan Brown of the Texas A&M College Extension Service gave a short talk and congratulated the Community on the work they had done and wished them luck for this coming year in the contest. A large group attended the meeting and a big time was had by all.

DR. FRANK BLACK

## Baptist To Hear Dr. Frank Black

Dr. Frank Black will speak to the Baptist Brotherhood of the Panhandle Association Monday, June 24, at 8:00 P. M. This meeting is for both men and boys, and meets with the First Baptist Church of Memphis, Texas. Dr. Black is the assistant secretary of the Southern Baptist Convention's Royal Ambassador work with boys. He is a native of Mississippi, having attended school there before doing his graduate work at Bowling Green University at Bowling Green, Kentucky. Dr. Black served with the Armed Services for six years, then worked as a field executive with the Boy Scouts of America for two years before accepting the place of leadership with boys for the Southern Baptist Convention.

This meeting was arranged with the counties of Donley and Hall specifically in mind, but all who wish to attend will be heartily welcomed. There is hope that all people, whether Baptist or not, will come to hear this outstanding leader of boy's work in America.

## Dusters Defeat Hawks 6 to 5

The Clarendon Dusters defeated the Amarillo Hawks Sunday in eleven innings 6-5. Don Newman went all the way for the Dusters allowing the Hawks only four hits.

The Hawks were aided by four Duster errors in the fourth inning when they scored 4 runs.

The second place Dusters will meet Groom here Sunday at 3 p. m. in Duster Park. The wind and dust was very bad last week but the Dusters are hoping to see good weather and a good crowd out for the game with Groom. Probable starting pitcher for Clarendon will be Weldon Talley.

The Board of Trustees for the Clarendon Consolidated Independent School District, at a special meeting on Monday night, June 17, voted to raise the academic standards for future graduates of Clarendon High School.

The State Board of Education recently announced that beginning with the 1958-59 school term, the required subjects for high school graduates would be raised from the present eight units to nine and one-half units. The Clarendon School Board decided to do better than this and require ten and one-half units beginning with the 1957-58 term. The ten and one-half units which will be required are: four units of English, two and one-half units of social science, two units of laboratory science and two units of mathematics and also enough electives to make a total of 16 units which is the present minimum number of credits required for graduation.

Two units of vocational agriculture, vocational homemaking or foreign language may be substituted for one unit of laboratory science. Also, the two and one-half units of social science must be one unit each of American History and World History and one half unit of civics. This requirement is the same as outlined in the standards as set up by the State Board of Education.

Also, the board voted that beginning with the graduating class of 1961, the Clarendon High School will require a total of 18 units for graduation. This means that the freshman class enrolling in September of 1957 will be the first class to be required to acquire 18 units for graduation. The board also voted to allow students to take five subjects instead of the usual four beginning with the coming school year, and that senior students, regardless of the number of credits acquired in their previous three years, must take a minimum of four subjects.

Another regulation set up by the State Board of Education which, naturally, the Clarendon School will comply with, is that not more than one hour of the school day will be devoted to competitive athletics. This means that football and basketball workouts will not begin until three o'clock. This regulation was partially enforced in the Clarendon High School this past year in that football workouts were not started until three o'clock, but basketball workouts were allowed to begin at two o'clock.

The board expressed their desire that Clarendon High School be made the best school possible with the facilities available.

NATIONAL WARNING System, or NAWAS, of the Federal Civil Defense Administration is activated at the control center in the Continental Air Defense Command headquarters at Colorado Springs as Gen. Earle E. Partridge (above), CONAD commander, uses the new 28,000-mile net for the first time on May 1. From this control center, or one of two similar centers on the East and West Coasts, information on an impending attack can be voiced directly to 200 warning points throughout the nation. From these points, local warning nets would take over. By a simple switching process, State civil defense directors can also use the net locally to transmit detailed warning and survival data to CD forces in the field. (U. S. Air Force Photo)

per-highways with no crossroads. Principal legislative changes are (1) provision for the state to go 50-50 with cities and counties on land buying costs and (2) new authority for the state to obtain land for and have control of super-roads through cities. Goal for 1970, according to Highway Engineer D. C. Greer, is 900 miles of expressways linking Texas' population centers. First of the new laws means car and truck owners will pay 10 per cent more for their next license plates. Second means state will set speed limits on state highways through towns—no local speed traps.

But one "speed-up" law failed. Legislature decided against raising present 60-mile-per-hour limit, no matter how good the road.

be fined \$100 for speeding, DWI or driving without a license.

2. Parents will be liable up to \$300 for property damage by minor children.

3. Drivers licenses for youngsters under 16 will be harder to get. Department of Public Safety, rather than local county judge, will have say-so.

4. A special "license" will be needed for driving motor bikes and scooters.

Taking a more optimistic view of the same subject were the more than 100 experts, educators and parents in Austin for the Texas PTO's youth development workshop.

Today's youth seems to be "sailing along," they opined, but suggested more interest by fathers might help.

**AT LEAST IT'S WET**  
More and more rain and less and less crops is the farm report from many parts of the state.

Besides flood damage, losses are expected to mount high from wind, hail, rust and insects. And continued heavy rains have washed out more fields, delayed much-needed work in others.

Any more rain will mean complete loss of North Texas grain crops, according to observers. U. S. Dept. of Agriculture reported weather too wet and cool for cotton in all areas but South Texas.

Even so, the stored-up moisture makes farmers generally hopeful. With some clear weather now, some say they might yet get the best crops in years.

For ranchers outlook is even better. Hill Country Hereford Association reported record-breaking sales as grass grows higher, cattle fatter.

**BUILDING BOGS DOWN**  
Continuous rain has brought construction to a "virtual standstill" in many parts of Texas this year.

Building authorizations for the first four months of '57 were one per cent higher than last year, reports the Bureau of Business Research. But actual construction was 4 per cent less due to the weather.

Increase in the authorization totals was attributed to higher costs rather than more building.

Forty years ago, in June of 1917, the Humble Company received its charter from the State of Texas.

The Company was formed through a merger of the properties of a number of independent oil operators. Its founding brought together a remarkable group of men who occupy an important place in the annals of the oil industry:

R. S. Sterling and his brother, F. P. Sterling, the principal organizers of Humble Oil Company from which the present company acquired its name; W. S. Farish and R. L. Blaffer composing Blaffer and Farish; H. C. Wiess with assets from Paraffine and Reliance Oil Companies; Walter W. Fondren and C. B. Goddard, producers; and L. A. Carlton and E. E. Townes as lawyers.

All of these men contributed greatly in adopting the principles, in shaping the policies, and in laying out procedures that have guided the Company's

progress through these forty years. Their influence will survive as long as the Company continues.

They possessed courage and business judgment. They established high standards of performance. They built a strong organization of competent men and women.

The Company, as it stands today, is a tribute to the leadership, the vision, and the work of its founders.

But it is doubtful that these men, with all their foresight, visualized the changes that have occurred in the oil industry since 1917, or the size and complexity of Humble's present operations, or the extent of the Company's contributions through the years to the progress of our society.

To all who have made those contributions possible—employees, customers, shareholders and the people of the states in which the Company operates—Humble extends its thanks.

one we are so very thankful. This week we received a nice card in care of the editor from Mrs. Lona Craig of Lark, Texas, and also a letter from Mrs. T. L. Rich of Rt. 1, Chillicothe, Texas. Mrs. Rich included the following poem as her favorite and we will use it as a Scrap Book suggestion. It is called:

**TELL HIM SO**  
Author unknown  
If you hear a kind word spoken  
Of some worthy soul you know,  
It may fill his heart with sunshine  
If you only tell him so.

If a deed however humble,

Seek him out and tell him so.

If your heart is touched and tender  
Toward a sinner, lost and low,  
It might help him to do better  
If you'd only tell him so.

Oh, My Sister, Oh, My Brother,  
As o'er life's rough path you go,  
If God's Love has saved and kept you,  
Do not fail to tell men so.

Thank you so much Mrs. Rich, and all this week we will try to do as the little poem suggested.

"Luck has a peculiar habit of favoring those who do not depend on it."

We read someplace that "To handle yourself, use your head; to handle others, use your heart." It is a wonderful thought so very well put. The way other folks act toward us is just about 100% governed by our attitude toward them. If we ask a favor in kindness and as friend to friend we usually get more than we ask. If we demand something in return for an obligation we will be sure to get poor measure if anything at all.

Years ago we read Dale Carnegie's "How To Win Friends And Influence People." We liked it and received some very wonderful help from reading it. But we thought that his main theme seemed to be centered in our being friendly, and mannerly, and gracious to those about us. It would seem to us that we need to go just a mite deeper and put the stress on training our mind and our heart to feel to the utmost sincerity this attitude toward others. We believe that bitterness, hatred, and all kindred thoughts and actions come from a spiritual condition within our own self. We can polish our manners but under stress and strain the undercoat will show through.

We have forgotten who it was who said: "No one can harm me until he makes me hate him." This statement is so true that we

are made to shudder. The little bad things that folks can do to us will never really hurt us unless we begin to hate in return and to try and get even. So, if we can from day to day gain just a wee bit in our striving toward sincerely liking folks better and then use all of Mr. Carnegie's recipes for telling them so then, we are on the road to a real type of better living.

**DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS**

One hundred and 37 farmers in this District have signed Conservation Reserve Contracts totaling 13,595 acres. A good portion of these farms probably have from a few acres to a sizeable block of cropland, which for one reason or another, would not qualify as "soil bank base acres" and thus did not qualify to be put under a Conservation Reserve Contract. Also a soil bank base crop can not be planted on this land and still meet the requirements of the Conservation Reserve Contract. Since nearly all crops planted here for harvest are soil bank base crops, that leaves many farmers with a problem of what to do with these "excess" acres. One solution is to plant sudan or millet for grazing. Another solution could be guar. Guar is one crop which can be planted and harvested and not be counted against the permitted acres under the Conservation Reserve Contract. (This does not mean that it can be harvested off the land placed in the Acreage Reserve, which is the one year program on cotton or wheat allotted land.)

A number of SCD Cooperators have been planting guar in the Donley District for several years, with good results. Among them are Steve Fedric, Harold White, and Edwin Eanes. Eanes has

probably been planting guar longer than anyone else in the District, and is thoroughly sold on it as a soil improving crop. He has been planting the Groehler variety, which not only makes a better cover for the soil and leaves a more protective litter after harvest but, according to Mr. John A. Esser, Plant Manager of General Mill's Special Commodities Plant at Kenedy, Texas, will produce from 25% to 30% more beans per acre. Mr. Esser is interested in getting more acres of guar planted and harvested as one of the raw products used at the

plant he manages. The price is \$4.00 per hundred for No. 1 seed delivered to Kenedy. In 1956, yield averaged 1368 pounds of beans per acre dryland on a farm northwest of Vernon. Yields of 800 to 1,000 lbs. per acre in the Donley District would not be too much to expect, and the income from such a crop would likely beat that from grain sorghum. Planting guar can have a three fold purpose—soil improvement, cash crop, and crushed as a substitute for cottonseed cake in feeding cattle.

911K24, reports that he has of the Groehler variety of seed for sale. Mr. Esser reports that Mr. Ovid Hobson, Rt. 4, non (phone 2540 White City, also has seed for sale at a \$10.00 per hundred there, pickup load lots delivered Clarendon at that price. Guar can be planted as late as July 15th in normal years, good results, and is adapted most of the soils in this District including our sandy soils. For more detailed information contact the local SCS office assisting the Donley District.

**TO THE PEOPLE OF THE 18TH DISTRICT**  
By Congressman Walter Rogers

**CIVIL RIGHTS**

The Congress is now debating the commonly, but in my opinion, incorrectly named "Civil Rights" bill. It is a stark tragedy that every individual, who has the great privilege of being an American citizen, cannot enjoy the opportunity of hearing the full-dress debate on this subject. They would soon realize that the sinister purpose behind this bill is not to provide additional rights nor to guarantee any present rights against loss. On the contrary the bill destroys rights now enjoyed by the individual under the Constitution.

In the first instance, it creates another commission or bureau, if you please, to further add to the confused bureaucratic maze of complexities in the Executive Branch of the government, with which the people are already sorely overburdened. It does not set up any qualifications whatever for the members, yet vests the Commission with wide quasi-judicial, if not full judicial powers.

It would also have the power to appoint all the personnel it could get appropriations to pay. It could use the services of voluntary and uncompensated personnel, but would be authorized to pay traveling and subsistence expenses for these voluntary snoopers. Subsistence alone could be claimed at \$12 a day without any specific accounting. You can see the making of a virtual Gestapo in the United States of America by these provisions.

In the second place, the Act has been very cleverly worded so that the right of trial by jury in criminal contempt proceedings is destroyed, without letting the average reader of the Act realize what is being done.

In the third place, it denies the individual the right to say what proceeding he will follow in asserting his claimed rights, and leaves this decision, insofar as injunction proceedings are concerned, solely within the discretion of the Attorney General of the United States.

There is much that could be said about other rights which are damaged or lost under this Act, but time and space available here will not permit. I do say that this is a matter of the utmost importance to every citizen of the United States, and particularly in the South, because the adoption of this legislation could open the door for a return to the carpet-bagger days immediately following the Civil War.

The Act itself is recognized by many of its supporters as being designed for the purpose of punishing the South. This was made most obvious in the testimony of the National Director of Americans for Democratic Action (ADA), Mr. Edward D. Hollander, when he appeared before the Committee on Interstate and Foreign Commerce. I asked Mr. Hollander if it was not a fact that his organization supported centralized control in the federal government. He denied this, and I asked him how he explained the ADA's position on the so-called Civil Rights matter and other similar legislation. He did considerable talking about federal and local responsibility, but let the cat out of the bag when he said the following:

"And, if there were some way you knew whereby the Southern states could guarantee to all of the citizens the right to vote without discrimination, we would think that it would be wonderful — if the federal Civil Rights Law were unnecessary."

"Until the states of this country have demonstrated their ability to guarantee these constitutional rights to their citizens, then it seems to us the federal government, under the Constitution, must assume the obligation by default."

In other words, Mr. Hollander inadvertently admitted that the entire Civil Rights controversy grows out of a gross misunderstanding and violently false assumption on the part of a bunch of Northern "do-gooders" who are bent on punishing the Southern states.

Mr. Hollander's testimony reflects that the philosophy of the ADA (a group composed of 40 thousand members) supports the sovereign power of the states only so long as that power is ex-

ercised in complete conformity with the beliefs of the ADA. When any state transgresses the thoughts and beliefs of the ADA, the federal centralized control must come into play. Frankly, I can think of no sillier philosophy in the history of mankind.

Incidentally, Mr. Hollander admitted that he had never been in business for himself and knew nothing of the difficulties of meeting a payroll or the rent in such capacity. Substantially all of his working years have been in government employment.

**GIRARD CASE**

The decision of this government to turn an American soldier over to the Japanese for trial in a Japanese court has brought a deluge of protests to the National Capitol. As the matter now stands, the people of this country have not received sufficient information through news sources to justify in their minds the placing of this boy on the sacrificial altar of international appeasement. It can be said that all the information made available to the press has been published. The question is whether or not the State Department is withholding information by which they would or could justify the delivery of this boy into the hands of the Japanese authorities. Unless there are ample and sufficient facts upon which to justify such action, the decision to turn the boy over to the Japanese should be immediately rescinded. As for me, I can think of no reason why Girard should not be accorded his constitutional rights as an American citizen, rather than be the victim of the very questionable Status of Forces Treaty.

## Mrs. Eva Goldston Installed Worthy Matron Of Clarendon Chapter

Clarendon Chapter No. 6, Order of the Eastern Star, was called to order, by the Worthy Patron, Nelson Seago, at 8:00 P. M. Saturday night June 8th, in the Masonic Hall, for the purpose of an open installation of the officers for the New Year.

The Hall was beautifully decorated in the chosen colors of the Worthy Matron-elect, pink and green, pink roses predominated. Mrs. Nelson Seago, and Mrs. Gertrude Christal, presided over the guest book, where members, guests and relatives registered. Approximately seventy-five people attended the ceremonies.

After repeating the Lord's Prayer in unison, the pledge to our country's flag was given, and the National Anthem was sung by the audience. Charlie Bairfield, Past Grand Patron, was escorted to the East, and introduced. The following installing officers were introduced: Thelma Bairfield, Installing Officer; Dorelle Stark, Installing Marshal; Eva Rhode, Installing Chaplain; Jo Ellen Pfeiffer, Installing Organist.

Margaret Frances Frey, granddaughter of the Worthy-Matron, presented the Holy Bible at the altar, after which she and her brother John Frey sang "The Holy Bible," accompanied by Anne Kennedy at the piano. The following officers were installed: Eva Goldston, Worthy Matron; W. R. Christal, Worthy Patron; Ruby Blackman, Associate Matron; Roy Blackman, Associate Patron; Evadne Cox, Secretary; Linnie Cauthen, Treasurer; Anness Bennett, Conductress; Gertrude Christal, Associate Conductress; Faye Pinkerton, Chaplain; Gladys Seago, Marshall; Anne Kennedy, Organist; Letha Smith, Adah; Blanche Howze, Ruth; Dessa Day, Esther; Emma Ayers, Martha; Melba Risley, Electa; Vena Hudson, Marshal; C. B. Morris, Sentinel.

The installation was closed with the Mizpah Benediction, led by the Worthy Patron. An impressive ceremony titled, "My Rosary" was given by the officers, honoring the newly installed Worthy Matron. Mrs. Gene Moore sang a parody of "My Rosary" to the Worthy Matron. During the ceremony John Frey, grandson of the Worthy Matron, gave a reading.

The Worthy Matron made her address, and announced her theme as "Faith." Her beautiful gavel was presented to her by her husband, Leck Goldston, with this thought "Remember, the power of your Heavenly Father, is far greater than the task before you." Her daughter, Mrs. Frank Frey, and her family of Arlington, Texas, presented her a beautiful white Bible, with this thought, "The Bible is a window, in this prison of hope, through which we look into Eternity."

A quartette, composed of Mrs. Gene Moore, Mrs. Fay Pinkerton, Gene Moore, and Clyde Hudson, sang "Beautiful Star", accompanied by Anne Kennedy at the piano. The Worthy Patron gave his address. The Past Matrons and Past Patrons were asked to form a semi-circle in the west. Expressing the chapters appreciation for the work of the past year, Vena and Clyde Hudson, presented the Past Matrons' and Past Patron's jewels, to Gladys and Nelson Seago, who accepted them in a most gracious manner, then Mrs. Gene Moore, and Mrs. Faye Pinkerton sang "Memories."

The Worthy Matron introduced her daughter and family, Colonel and Mrs. Frank Frey and their children, John and Margaret, of Arlington, Texas, and her pastor, Brother Vanderburg, and Mrs. Vanderburg. The program was closed with the audience singing "God Be With You Till We Meet Again." Then Brother Vanderburg pronounced the benediction.

The Worthy Matron invited the members and guests to the dining room for refreshments. The table was laid with a lace cloth over pink, arrangements of pink roses, pink candles, and greenery completed the decorations.

## Four Locals Present Program of Music

Last Tuesday night, the sanctuary of the Methodist Church was a perfect setting for an inspirational Fine Arts Program given by four of Clarendon's outstanding young musicians, Miss Rebecca King, violinist, Miss Janiece Christal, pianist, Miss Carol Cain, vocalist and Mr. Harold Clampitt, organist.

From the opening number, Bach Prelude and Fugue, for organ, played by Harold Clampitt, to the closing one, Malotte's "Lord's Prayer", sung so beautifully by Carol Cain, each composition was rendered with skill and artistry; and showed the talent and ability of each performer.

For several years these young musicians have been in our midst and many have been interested in their musical progress.

Rebecca King's lovely violin music has appealed to many audiences for several years. She has been soloist with the Amarillo Symphony as well as a member prior to her past year's study at the Oberlin Conservatory of music, Oberlin, Ohio. She will return there for further work this fall.

Janiece Christal, too, has been soloist with the Amarillo Symphony, and has been recognized as an unusually fine young pianist. She has attended Cottey College, Nevada, Missouri for the past two years. She appeared as soloist and accompanist on many programs during that time. She was a Texas State scholarship girl of the P.E.O. sisterhood for that period and played at the state meeting held in Tyler this past spring. She plans to be in the State University this coming year.

Carol Cain impressed each listener with her beautiful voice. She formerly lived in Amarillo where, in A.H.S. she had the lead for three consecutive years in the high school operettas. She won the music scholarship and majored in music at North Texas in Denton last year. She will resume her studies there in September.

Harold Clampitt's organ numbers showed his talent and ability is a fine young organist and his organ accompaniment to Rebecca King was outstanding.

Clarendon is indeed fortunate to have these talented young people in her midst and those who attended the program are indebted to Miss Anna Moores and Miss Mantie Graves, who made all plans and arrangements for this evening of music. There have been many requests for a repeat performance at a later date.

### PAST NOBLE GRAND CLUB

The Past Noble Grand Club of the Rebekah Lodge met in its regular meeting Monday with Abbie Warner. The president, Mrs. Victor Smith, had charge of the business meeting. Committees to visit the ill and bereaved were appointed with Abbie Warner and Nora Goldston for Clarendon and Mary Bell DeBord and Eddith Spivey for Ashtola. One dollar dues were paid by each member.

Mrs. Ballew, the Matron of the Odd Fellow home for the aged, was a guest and gave an interesting talk concerning the home at Ennis, Texas. She also described the Odd Fellow and Rebekah orphan home at Corsicana where the orphan children of Odd Fellow and Rebekahs may have a home with advantages far above the majority of children with parents. After graduation from high school they have the advantage of a college education paid for by funds left to the home. Her talk was very interesting and enjoyed by all.

The next meeting will be the next first Monday with Mrs. Bradshaw.

A dainty refreshment plate was served to guests, Mrs. Ballew and Mrs. Murphy and members Stella Spurgeon, Cloe Smith, Louise Payne, Mary Bell DeBord, Eddith Spivey, Ida Pickering, Mrs. Bradshaw, Nora Goldston and hostess Abbie Warner. —Reporter.

### CHAMBERLAIN CLUB

The Chamberlain Club met July 13 at the Community Center with thanks to Mrs. Hester Shields for giving a wonderful performance in demonstrating upholstery. Mrs. Shields upholstered a beautiful platform rocker. Cold drinks and snacks were served and a good time was had by all. —Reporter.

### BIRTHDAY PARTY

Mrs. N. L. Jones was honored with a party in the home of her grandchildren, Mr. and Mrs. Harold McKee Monday evening, June 17, celebrating her 86th birthday. Attending were the honoree, Mrs. Jones, and Mr. and Mrs. Jean Hester, Mr. and Mrs. George McKee, John Jones, Mrs. Pauline Cearley and boys, and the hosts, Mr. and Mrs. Harold McKee and Ronnie.

A beautifully decorated birthday cake was baked by Mrs. Harold McKee who has baked a birthday cake for Mrs. Jones for the past six years. Ice cream and cake were served.

Mrs. Jones received many lovely birthday gifts and cards from relatives and friends wishing her "many happy returns of the day."

### SHOWER FETES

#### BRIDE-ELECT

Miss Ruby Mann, bride-elect of Abe M. Turner, was honored at a miscellaneous shower in the home of Mrs. A. C. Carter Tuesday afternoon. Receiving hours were from 3:00 p. m. to 5:00 p. m.

Refreshments were served from a table laid with a white linen cloth and centered with an arrangement of red roses. The bride-elects colors are red and white. Francis Mann, sister of the bride-elect, poured punch and Wilma Mann, a cousin, served the cake.

Approximately seventy-five brought or sent gifts.

Hostesses for the courtesy were Mesdames Mark Allen, John Heathington, Bill Montgomery, A. O. Hott, and A. C. Carter.

### GOOD NEIGHBORS CLUB

The Good Neighbors quilting club met for the last meeting of the summer months in the home of Dawsie Sullivan in an all day quilting and covered dish luncheon. One quilt was finished.

Those to enjoy the day and the noon lunch were visitors: Mrs. W. T. Sullivan and Deborah; also members: Mava Anderson, Rosie Bingham, Eula Butler, Della Barker, Nova Barker, Florence Harp, Emma Davis, Bessie Helton, Carrah Mixon, and the hostess, Dawsie Sullivan.

We are discontinuing our meetings until the second Friday in September. —Reporter

### KIL KARE KLUB

The Kil Kare Klub met Thursday afternoon, June 13, in the home of Mrs. S. W. Lowe. Entertaining rooms were decorated with baby breath and spring flowers. In the dining room a bouquet of regal lilies was the decoration.

Visiting was the program of the afternoon. Refreshments of ice tea and angel food cake topped with ice cream and strawberries was served to three visitors: Mrs. Kirk Doshier, Mrs. Leck Goldston and Miss Mary Howren; and to members: Mesdames E. H. Nolan, Cap Lane, Major Hudson, Frank Whitlock, Buel Sanford, G. C. Heath, and R. O. Thomas. —Reporter.

### ATTENDS GRADUATION EXERCISES

Mrs. H. T. Warner attended Midwestern University graduation exercises in Wichita Falls recently at which time Walter Mars Warner received his bachelor of Science degree, majoring in biology. 123 students received their degrees. Walter, who made the honor roll the last semester, received three offers of graduate fellowships, one from North Texas State College, another from Arkansas State and the third he accepted at Ohio University. He plans to move to Athens, Ohio the last of August.

Mr. and Mrs. J. A. Warren Jr. of Borger visited here Sunday with his parents, Mr. and Mrs. J. A. Warren and sister Mrs. Evalyn Pence who is in Adair Hospital.

Mrs. M. S. Miller left Tuesday morning for her home in Ft. Worth after visiting Sunday night and Monday with her brother and wife, Mr. and Mrs. C. E. Bairfield.

Mrs. Ruth Mosley and son J. V. of Pampa visited Mr. and Mrs. J. A. Warren here Sunday.

**PROGRESS IN CONSERVATION** is clearly illustrated by these two photos from Humble files. At left are wooden derricks of a generation ago, closely spaced for quick — though wasteful — production, as outmoded as the fashions of the men pictured. At right is a modern oil field in the Panhandle, with steel derricks marching in a scientifically

spaced pattern across the prairie. Ultimate oil recovery from today's efficiently developed reservoirs may be several times that possible from yesterday's haphazard methods. And everyone benefits — the landowner, the oil company, and most of all, the consuming public.

**FROM THE OFFICE OF LYNDON B. JOHNSON**  
U. S. SENATOR FROM TEXAS

Senator Lyndon B. Johnson said Sunday he is urging the Army Engineers to survey every river in Texas and recommend steps that would prevent a repetition of the current flood damage.

"I have had a major ambition since I have been in Congress," Senator Johnson said. "It is to live for the day when every river in Texas is controlled against flood damage insofar as we have the knowledge and the intelligence to control it."

Senator Johnson spoke over his weekly radio broadcast in which he answers questions sent to him by Texans. He said the current flood damage has driven home the lesson of "too little and too late."

Dams already constructed, he pointed out, have saved Texans millions of dollars in property and many lives. In passing the first four appropriation bills to be considered by both the House and Senate, Congress saved the taxpayers nearly half a billion dollars, he said. He explained that this amount was sliced from the Presidential requests "and we have just barely started."

Senator Johnson also said that the decision to shift to a loan program in foreign aid offers a method of helping other nations "without imposing a perpetual burden on our taxpayers." He said that the record on

foreign loans since the end of World War II reveals that other nations have met their payments on time "almost without exception." He said that Congress would be "reluctant" to vote gifts but will give reasonable consideration to sound loan proposals.

In a recent "peace-time" year, Red Cross transmitted welfare messages at the average rate of 4,500 per day, or 3 per minute.

Modern diesel powered submarines are equipped with a breathing device, known as a snorkel, which permits the vessel to draw fresh air from the surface while running submerged.

In a recent year, 1,152,500 swimming certificates were issued by American Red Cross.

## GABIE BETT'S BURTON LIBRARY NOTES

By May L. Prewitt

"We maneuvered" for a few books for the younger set this week. "Hill Farm" a New England country side story should be in interest to any boy or girl. There are several books written now concerning farm life in various parts of the U. S. These stories are told in a fascinating style. They are so realistic you live with the characters. The younger children will enjoy "Burro Goy & His Big Trouble" by Laura Bannon. She does her own illustrations, and as she travels in different parts of the world she writes a "fitting" child's story. This is a desert story. "Little Bruin" is by Haaken Christensen, and states that he sincerely hopes other children will enjoy "Little Bruin" as his children enjoyed it. Two books were given in memory of little Elwanda Allen who was buried out of Texas and since her mother could not decorate her grave she gave money for these two children's books. These are "Search for Sammie" who is a small lost dog,

## SCIENCE IN YOUR LIFE

**When Baby Screams**

The new arrival in the house is just four weeks old - and he's screaming at the top of his lungs. His legs are drawn up in pain, his fists are clenched, and his skin has taken on an angry, flushed color.

What's the matter? The answer, all too often, is colic - an acute pain in the abdomen of the newborn child. Some babies, luckily, never seem to suffer from it at all. Others may have only light cases. In severe instances, the attacks may take up as much as four hours of every day - to the mutual despair of infant, parents and neighbors.

What's to be done? Well, you can be patient. Colic isn't fatal, and it usually goes away for good after the baby reaches four months.

That knowledge, however, is not much help right now, while the baby is actually fussing. Gentle, loving attention is helpful; so is music, and rocking or riding in the car. A warm hot-water bottle wrapped in a diaper can be applied to the baby's abdomen for a temporary respite.

If the attack persists, however, it's best to consult your family doctor or pediatrician. He may find it advisable to prescribe a new anticolic preparation called Bonadoxin Drops. In one recent study, reported by Dr. Robert T. Dougan of Richmond, Va., this preparation proved effective in 22 of 25 colicky infants - dramatically so in a number of instances. The drops are harmless to even the tiniest infant when given according to directions. And in the meantime, have patience. It will all be over in a few months - until the next baby comes along!

Hispaniola is the former name of Haiti.

**Pay P. O. Box Rent By The Year**

"We are sure that you feel like it has only been about 30 days since you paid your box rent as we hear this statement several times each Post Office quarter", stated Acting Postmaster Ray Moore this week. He pointed out that the Post Office department has tried to help the public in this matter by giving them the privilege of paying their box rent by the year, July 1st to July 1st. This way of paying not only saves time but lessens the possibility of the patron losing his box by overlooking the payment of the rent. "During the past year we had some 75 people pay by the year and are hoping that many more will take advantage of this privilege beginning June 20th this year. Try this service one time and we feel you will continue to do so in the future," Moore added.

**ATTEND ORGANIST CONVENTION**

Harold Clappitt and Miss Mantie Graves left Monday morning for Ft. Worth where they will attend the Southwest Regional Convention of the American Guild of Organists. The convention will convene June 17 and continue thru June 19. Highlight of the meeting will be a concert presented by Pierre Cochereau, organist at the Notre Dame Cathedral in Paris, France. Seven other organ concerts will be presented by some of the most prominent organists in the United States.

**FARM NEWS**

from the County ASC Committee

**VOTE TODAY, JUNE 20th. 1958 WHEAT QUOTA REFERENDUM**

Today is the day that wheat farmers decide in a referendum on the control program for their 1958 wheat crop. We want every eligible voter to vote. Eligible voters are Wheat growers who will have an interest in more than 15 acres of wheat for harvest in 1958. Wives are eligible to vote also. At least two-thirds of those who vote must favor quotas if they are to be in operation. The polls for each community are as listed below:

B, C, D & E Communities — Donley County ASC Office, Clarendon, Texas.

A & H Communities— Walter Frazer Elevator, Boydston Switch Groom, Texas.

F & G Communities— Hedley City Hall, Hedley, Texas.

**NEW GROWERS WHEAT ALLOTMENT**

Those farmers who wish to seed wheat for harvest in 1958 have only a few more days to file their application. An application must be filed in writing at the Donley County ASC Office. July 1, 1957 is the last date for filing application for a "New Growers Allotment".

**1957 CONSERVATION RESERVE CONTRACTS**

There are still several producers with Conservation Reserve Contracts who have not come in to the office and initialed the changes in acreage measurements. If the acres of Soil Bank Conservation Reserve land on your farm did not measure to be the same as the acres on your contract, you must let us know what you intend to do about this. We cannot change the contract to include more land, but if the Conservation Reserve area measured less than the acres on the contract, we can mark the acres down to match your contract if you will initial this change; if any producer wishes to move the stakes to either include more land (where the acres measured less than the acres on the contract) or to take land out so that the acreage will be the same as is on his contract, we will do this for \$2.00 per plot.

We have been sending out notices to producers whose Conservation Reserve acreage needs adjusting. Please read these notices and come into the office so that we can discuss this with you.

**ACREAGE RESERVE PAYMENTS START IN JUNE**

Most of the 1957 Acreage Reserve payments for Donley County are expected to be made in June. There may be a few producers to which payments cannot be made because of necessary office work and field compliance checking. We feel sure that there will not be many of these delayed payments and we are going to make as many payments as possible in June.

**Country Club Board Reveals Plans**

At the regular monthly meeting of the board of directors of the Clarendon Country Club the following matters were discussed and approved.

The annual chicken barbecue was set for Thursday, August 15th with the details to be announced at a later date.

The possibilities of installing an archery range adjacent to the trap shooting range was discussed at length and turned over to C. A. Pitts for further investigation and report as soon as possible.

It was also decided to hold an open house in early July as soon as the remodeling of the club house has been completed. The screened-in porch has been incorporated with the rest of the club room providing much more needed space. A modern kitchen will be installed and a complete paint job for the inside of the club house. The exact date and details of open house will be announced as soon as possible.

**BAND DIRECTOR RESIGNS**

Mr. Allen J. Pittser, for the past two years director of the Clarendon High School Band, submitted his resignation to School Supt. W. W. Pinkerton last Friday, June 14. Mr. Pittser stated that he had accepted a similar position in the schools at Nucla, Colorado.

**Woman Found Dead Near Wrecked Car**

A Wichita, Kansas woman was found dead at 10:30 a. m. Friday, June 14th about 9 miles south of town on highway 70 and her wrecked car was found nearby. Mr. and Mrs. Pink Marshall found the accident and reported to local officials.

Sheriff Bill Cornell said the old model car which the woman was driving south, ran off the highway, then crossed the pavement, knocked down a highway post and plunged 70 feet across two ravines before it came to rest on its side at the top of the second ravine. The woman was found lying on some brush about 60 feet from where the car stopped.

Justice of the Peace, G. A. Anderson, coroner, reported after an inquest that Mary K. Marburger, 68, likely died before the accident.

Mrs. Marburger's body was sent to Wichita, Kansas for funeral services by the Murphy Funeral Home here.

Miss Rebecca King accompanied her sister, Mrs. Broadus Spivey, to Austin for a visit.

**Baten Selected To Play In All-Star Game**

All-District end, Eddie Baten, has been selected to play in the 8th Annual Greenbelt All-Star game to be played in Childress on August 16th. Eddie was also on the second team All-Regional, and plays both on offense and defense.

Highly recommended by Coach Tom G. Jinks, Eddie was selected from over 100 graduating seniors, representing 49 schools in Texas and Oklahoma, nominated by their coaches. Eddie will be coached in the game by Coach G. R. Gillstrap, coach at Arlington State College. Gillstrap will coach the 24 star players selected for the "East" team.

Baten will report to Childress on August 11th to begin a week of conditioning and practice before the big Friday night event. In addition to game practice he will participate in the election of the Greenbelt Bowl Queen and will be a guest of the city during the week.

Gery Warren of Quanah visited here Sunday with his grandparents, Mr. and Mrs. J. A. Warren.

**Farmers Warned To Watch For Insects**

County Agent H. M. Breedlove says that since cotton is now coming up that farmers should keep a sharp look out for cotton insects as soon as the cotton gets in the four leaf stage.

The flea hopper is a cotton insect that is always with us and gets that early crop if he is not eliminated. If you use a duster then DDT and sulphur or Toxaphene and sulfur is good; if you use a sprayer then BHC or Toxaphene either one is good for early season control.

This year is rather unusual as far as weather is concerned and cotton farmers should watch the cotton closely and contact the county agent for any help they might need in insect control in cotton.

**ARMY RECRUITER HERE EVERY TUESDAY**

Sgt. James E. Sides, army recruiter, will be in Clarendon all day each Tuesday to furnish local young men with information regarding Army service. He will have an office in the Court House at Memphis and may be contacted there also on Mondays and Wednesdays.

**Field Representative Of Social Security Office To Be Here June 24th**

Curtis M. Watts, Field Representative of the Amarillo Social Security Office will be in Clarendon on June 24, 1957. Mr. Watts can be contacted at the court house from 9:30 a. m. to 12:00 p. m.

Mr. Watts can furnish any assistance or information which would be available in the Amarillo Office. If you wish to file a claim for Social Security benefits, apply for an account number, card, change of name card or an employer identification number or merely seek information about Social Security you should contact the representative.

Miss Bertha Mae Thomas of Amarillo visited the week end with her parents, Mr. and Mrs. R. O. Thomas.

During the past three years, a thousand sewing machines were contributed by Red Cross societies to disaster-stricken countries enabling the making of hundreds of thousands of garments for disaster victims.
