Over Two Hundred Pints of Blood Pledged Here

Over two hundred pints of blood have been pledged by citizens of Donley County to the Red Cross bloodmobile which will be in Clarendon October 3rd. Quota set by individuals here was 150 pints, although bloodmobile officials had told workers that not more than 100 pints could be expected to be obtained from an area this small. Officials based this opinion on donations secured in other counties in the Panhandle.

Mrs. Charlie Seeds, blood program chairman, said that Donley County people could well feel proud of their pledges and had lived up to their reputation as the most patriotic and generous people anywhere. All personal contact workers and volunteers who worked business places said they were gladly received by most all individuals who were happy to do their part.

Appointment cards are being mailed to those who pledged over the telephone and each person is being given their hour preference. "These appointments must be kept," says Mrs. Seeds, "to keep the project on schedule and so people will have very little waiting."

About 25 people have volunteered to work at the canteen October 3rd. Churches have volunteered sandwiches, cookies, and soft drinks for the comfort of the donors. Rides to the Canteen that day will also be available if persons are unable to get themselves there. Lee Bell has volunteered this transportation.

An honor roll having the name of each donor will be posted downtown after October 3rd. An attractive pin will also be given each person donating blood.

Smith Infant Drowns Near Jericho

Funeral services were held at St. Mary's Catholic Church in Groom Saturday morning for Daniel Marvin Smith, infant son of Mr. and Mrs. Phillis Smith, with Rev. Andrew Quante officiating.

Daniel Marvin, age 18 months, drowned in a stock tank on the Smith place southwest of Jericho last Thursday.

He is also survived by two sisters and two brothers. Burial was in the Catholic Cemetery at Groom with the Murphy-Spicer Funeral Home in charge of arrangements.

More Interest Needed In City Paving

Mr. Ted Smith of the Ernest Loyd Construction Company, of Fort Worth and Mr. Bill Colville of the Colville Construction Company of Amarillo were in Clarendon last Thursday, (Sept. 18th) to confer with the Chamber of Commerce and City officials on the residential paving project. Curb and gutter work has been sub-let to the Colville Construction Company according to an announcement by Mr. Smith.

"We will be on the site and working within five days after we get the 'go-ahead' from the City," Mr. Smith commented.

"Seems the biggest job is getting all the property owners solid along the proposed area on the dotted line," Jimmy Faulkner commented. "Everybody wants it till time to put up the checks and then they want to wait and see what their neighbors are going to do; none of the checks will be cashed till the entire strip is secured solid, but we can't get it solid with some people holding out to see what someone else is going to do," Faulkner concluded.

"We are receiving a good, but slow response from property owners concerning the paving on Fourth Street from Jefferson to Koogale Avenue," J. G. McAnear, Chairman of the Civic Improvement Committee of the Chamber of Commerce announced this week.

Members of the Committee who are working on this section of the paving project are Odos Caraway, W. W. Sandifer, Barcus Antrobus, Rayburn Smith, Miss Ruth Richardson and Chairman McAnear.

"At the request of the City of Clarendon, we are asking that the property owners put up their checks in the amounts for the paving without any consideration of existing curbing. If any of these curbing can be used, they will be and the property owners given a rebate for the amounts," McAnear said. The City will also accept a signed paving lien form which has been secured this week. Any persons wanting to finance their paving can get one of these forms at the Chamber of Commerce office and take it to the local bank of their choice for execution.

"We hope that all property owners can be contacted this week so that the City can give the go-ahead signal to the contractor and get some paving actually underway," Faulkner said yesterday.

Word was received here Wednesday from Bill Bentley, who is in California, stating that he was in process of match-making for the anticipated Pro-Fight card here October 21st or 28th featuring Clarendon's featherweight contender Ken Davis. More information in this regard will be published just as soon as Bentley gets the card rounded out with outstanding fighters.

Davis fought his second pro fight Monday night in Bakersfield, California and won a decision over Bobby Garza of San Antonio. Officials scored Davis eight out of the ten rounds with the fight going the full ten rounds.

Fans from all over the Panhandle are already looking forward to the big event to be held here and tickets are expected to go like hot cakes when they are put on sale.

Services Held Sat. For Buster Culwell

Funeral services for another of Donley County's old time cowboys, William C. "Buster" Culwell, were held Saturday afternoon at the First Methodist Church with Rev. I. E. Biggs and Bro. R. C. Copeland, Jr. officiating.

Mr. Culwell, age 86, died last Wednesday at the home of a daughter, Mrs. Mary Roberts, in Amarillo. He had only been there about a week as prior to that time he had preferred living here where he would be with his many friends.

"Buster" came to the Panhandle and Old Clarendon in 1881 and had resided in and around Clarendon since that time. He worked for the Shoe-Bar, J.A. RO and others, being with the RO ranch for over 40 years. Buster was known for being honest and square with everyone he had any dealings with. He had a love for horses and horse racing. At one time he was Brand Inspector for the Panhandle Cattleman's Association. He was active in ranch work up until about four years ago and still enjoyed riding out to the RO Ranch at various times during the past few months.

Survivors include four daughters, Mrs. Elizabeth Crawford, Mrs. Ida Bell Crawford, Mrs. Evelyn Washburn and Mrs. Mary Roberts; two sons, Dallas and Gilbert Culwell. Also one brother Tom Culwell and one sister, Mrs. R. J. Freeze.

Pallbearers were W. J. Lewis, Jr., W. C. Larimer, Odos Caraway, Frank White Jr., Kirk Vaughn and Floyd Lumpkin. Burial was in Citizens Cemetery with arrangements under the direction of N. S. Griggs & Son.

Jr. High Colts to Play Panhandle Tonight

The Jr. High Colts will journey to Panhandle tonight to play the Junior High team there at 7:30. This is expected to be the hardest game so far for the Colts but the boys are all in good condition for the game and will be in there for another victory.

The starting line-up will probably be the same as last week with Anderson and Phillely at the end positions, Mann and Davis at tackle, DeBord and Trussell as guards and Baten at center. The backfield will be made up of Payne, Reynolds, Arthur and Wilson.

If you can make the trip, go along with the Colts and let them know you are behind them all the way.

RECOVERING FROM KNEE SURGERY

Jack Clifford, son of Mr. and Mrs. Walter Clifford, underwent knee surgery at Northwest Texas Hospital in Amarillo last week. The operation was to correct an injury received in scrimmage earlier this season. He is improving and glad to be back home.

New Bridge To Be Opened South of Brice Friday

Ribbon-cutting ceremonies to mark the official opening of the new bridge across Prairie Dog Town Fork of Red River, south of Brice, on Highways 70 and 256 will be observed Friday (tomorrow) afternoon at 3:00 P. M. The bridge, on the line of Hall and Briscoe Counties, is being completed at a cost of some \$139,000.00 and is the result of over twenty years work by citizens of Hall, Briscoe and Donley Counties.

The Texas Highway Department said several years ago that the expense of the bridge could not be justified except that it be built to serve both Highways 70 and 256. Highway 70, beginning at Perryton, will cross the state of Texas to a point beyond Sweetwater and on to the Mexican border. Delegations from Perryton, Pampa, Clarendon, Turkey, Matador, Spur, Jayton, Sweetwater and other points are expected to attend the ceremonies as well as officials of the recently formed Highway 70 Association.

Elected officials of the Highway 70 Association are Cole Boswell, of Turkey, President; E. O. Wedgeworth of Pampa and A. C. Bishop, of Sweetwater, Vice-Presidents; and Jimmy Faulkner of Clarendon, Secretary. The Memphis Chamber of Commerce is in charge of the plans for the ceremonies. The delegations from Pampa and Perryton will meet with interested persons of Clarendon and go to the bridge in a group.

Wilson E. Still Speaks At Lions Luncheon

Members of the Clarendon Lions Club at their regular Tuesday luncheon heard Wilson E. Still, of Macon, Georgia, manager of the National Cotton Council in a Citizenship Week address that was one of the finest that has ever been delivered in Clarendon. Mr. Still, stressing the American Way of Life, gave comparisons with England, France and other countries. "Whether they attempt to embrace their goal through revolution or evolution, the end result is the same, Communism," Mr. Still concluded. He emphasized the duty and responsibility of every free American to vote in the forth coming election for the candidates of his choice.

After speaking at the Lions Club, Mr. Still addressed a combined assembly of Clarendon High School and Junior College students. Both teachers and students were very enthusiastic in their comment of Mr. Still's remarks. The two presentations of this program in Clarendon was arranged through the efforts of the West Texas Chamber of Commerce, the Clarendon Chamber of Commerce and the National Cotton Council.

NITRO-NURSED CORN IS NICER—Moniteau County Agent Marvin Fisher holds up two ears of corn grown in the same Missouri patch. Pure sand-soil fertilized only with nitrogen made ears bigger as seen at left. Scrubby ear at right was fed no nitrogen, is thus stunted. Sixty pounds of the chemical was spread over each acre of test ground. Fisher estimates corn at left will yield 45 bushels per acre, rows fed no nitrogen will give only 15.

THREE-HOUR WIND-UP—Changeover from daylight saving to winter time is a headache for Seattle clock collector, John Gillham who spends three hours a week just winding the 1000 clocks and watches in his collection. His clocks include a Swiss wag-on-wall timepiece in his hand made in 1640, ebony French bull clock from 1650 at right, and German "man on flying trapeze" oddity in center. For a living, the clock-man works as a watchmaker.

The way the fifteen community exhibits showed up, one would hardly think that we were in the middle of a drought. The booths were well displayed and received compliments from the hundreds of fair visitors throughout the entire two days. Lelia Lake won the first place award; Chamberlain second, Ashtola third and Midway fourth. Other communities preparing exhibits were Goldston, Hudgins, Naylor, Hedley, Giles, McKnight, Martin, Bray, Skillet, White Fish and Windy Valley. All the displays were good and judges had to take the finer points into consideration in order to make their decisions.

Every department of the fair was up to par with the exception of the Merchants display which was exceptionally short with only a few having booths. The flower show held in connection with the fair, added color to the show buildings. Very few realize how many pretty flowers are grown here until they see them exhibited. The Home Economics or FHA exhibits were displayed in the same building with the flower show. The Hedley Homemakers took first place with Clarendon following with second and Lelia Lake third.

The Horse Show held Friday was acclaimed to be the best ever held here. The results were as follows: Filly Colts foaled during 1952: Burk Roberts 1st, Doyle Soul of Plainview 2nd and Glenn Casey of Amarillo 3rd; Colts foaled 1951: A. N. Jones 1st, Bob Head 2nd and Eldred James 3rd; Fillies foaled 1950: Bob Head, Doyle Soul and Lester Harrelson; Brood Mare class 3 year old or older: Mrs. A. N. Jones, Pat Slavin, Lloyd Littlefield; Champion female, Mrs. Ann Jones, Vinson, Okla.; Reserve Champion, Bob Head, Clarendon.

Stud foals in 1951: Johnny Burson, Doyle Soul and Don Ray; Stud foals in 1952: Doyle Soul, Stud Burson, Joe McMurtry; Stud foaled 1950: Pat Slavin; Stallion 3 yrs. old or older: Pat Slavin, Geo. Gillham, Al Wilson; Old age Gelding: Al Wilson, Doyle Soul and Johnny Burson. Grand Champion Male: Pat Slavin. Reserve Champion: Pat Slavin. Kid Pony performance Class: Glenn Soul, Gene Elmore, Judy Burson; Adult Performance Class: Jim Littlefield, Leland Lewis, Johnny Burson.

Winners in the Pig Show were as follows: Heavy Hampshires: Richard Stotts, Delma Graham, Don Landers; Light Hampshires: Bud Johnson, Allan Graham, Delma Graham; Champion: Richard Stotts; Durocs: Cleburne Talley, Don Moore, Glenn Wallace; Chester White: Bobby Johnson, Bill Porter, Ronnie Martin; Poland China (Black): Allan Graham, Harmon, Delma Graham; Berkshire: Bill Hill, Jordon, Herman Sims; Poland China (spotted): Bill Noblet, Doyle Hall. Grand Champion Barrow: Cleburne Talley; Reserve Champion: Allan Graham; Pen of Three: Allan Graham, Richard Stotts, Skaggs.

In the Dairy Show it was a contest between John Gillham and Frank Cannon. Gillham took champion honors in all classes.

In the Poultry Show we have been unable to decipher the official tally except for the money page which showed E. V. Quatlebaum winning the most prize money. Others listed were Kenneth Webb, Bobby Hewitt, Doyle Hall, Martha Joe Risley, Richard Stotts, Rumpy, Teddy Lee Shaller and J. R. Bulls.

The story of the Methodist Home at Waco actually told by the children themselves will go on the air again Sunday, September 28th at 8:15 a. m. over fourteen radio stations. The Home is dramatizing activities from the lives of its more than four hundred children again this fall on Sunday morning because of an enthusiastic response from radio listeners all over the Southwest last fall. Some of them wrote that they had contributed to its support many years without ever having been able to visit its campus, and that the radio programs gave them a vivid picture of its life. Students and ex-students have done most of the script-writing, and are acting out the incidents. Music by the Home choir will be a feature of the fifteen-minute broadcasts which are entitled, "These Are Your Children."

Radio stations which will carry the program are as follows: WFAA, Dallas and KGNC, Amarillo.

DREW CHRISTIE

STATE COLLEGE, N. MEX.—Drew Christie, son of Mr. and Mrs. L. O. Christie of Clarendon, will be one of the more important linemen at New Mexico A&M during the coming football season.

Christie, former Clarendon high school star, has shown so well during early season practice that Coach Joe Coleman has announced that he will use him at left guard on offense and right guard on defense. With a year's college experience behind him, Christie is expected to be one of the better sophomore linemen in the Border Conference.

ter cover crops. They are of the opinion that the benefits of a good cover are worth the risk even though there is little deep moisture in the soil at this time.

Rye is no doubt the safest crop to plant under the adverse moisture conditions that we have now. This crop will stand more dry weather, cold weather, insects, sand blowing, and other punishment than any other winter cover crop adapted to this area.

There is still ample time for planting rye, but the sooner it is planted the better the chances for a cover for the needed protection next spring.

Ray Holland, District Cooperator, northeast of Lelia Lake, is a great believer in rye as a soil improving crop as well as a cover crop.

Ray planted about 25 acres of rye in the fall of 1950. He allowed the crop to mature in the summer of 1951, but did not harvest the seed. Instead he disced the crop under and got an excellent stand and growth of volunteer rye.

He left this crop on the land until the next spring (1952) and turned it under as a green manure sometime in April, or at about the time it began to boot.

Ray then planted this land to cotton and grain sorghums and

has noticed the difference in the growth compared to adjoining crops.

According to Ray he got a much better stand and the crops grew off faster and had a better color on the rye land. Also, the crops have stood the drought better and will surely make a great difference in yield. The improvement in the grain sorghum is so obvious, that the difference can be observed from his house about one quarter mile from the field.

It is needless to say that Ray is going to plant a large acreage of rye for cover this fall.

From where I sit... by Joe Marsh

No Longer Two Sides to This Question!

Ever seen those two-family houses they have in some places—with separate front doors and porches—side by side? My sister owns half of one and lives in it, near Philadelphia.

Nice little frame home. Only Sis painted her half brown and the other family always painted theirs green. Ruined the effect—but for years neither family ever thought of suggesting that they both decide on a common shade.

Now Sis writes that their two-toned home is no longer. "I mentioned we were going to repaint."

she says. "And they said let's get a color we all like. So we did. A nice shade of gray for both sides."

From where I sit, so often when there's a difference of opinion it's best to sit right down and work things out (like when our volunteer firemen decided to serve both lemonade and beer at their annual picnic last month). Don't let prejudices "color" your opinion of your neighbor. He'll probably be quite as open-minded as you are.

Joe Marsh

FARM NEWS From the County PMA Committee

EMERGENCY HAY PROGRAM:
Donley County has been declared a drought County, which means that the County is eligible to receive Emergency Hay. Orders are being taken now at the county office.

The Commodity Credit Corporation will purchase hay in areas where the supply is plentiful and ship to drought stricken counties.

Policy for Operation of The Hay Program:

Legume hay will be available at \$36.00 per ton; mixed hay at \$32.00 and grass hay at \$28.00 per ton. Eligible Livestock—All foundation cattle, including dairy cattle with steer calves no older than ten months, and sheep. A deposit of \$5.00 per ton shall be required with each order. Orders shall be limited to approximately a 30-day supply for each producer until all eligible producers in the county have received a supply.

1953 ACP PROGRAM:

This program is entirely voluntary. Any farmer who believes he will not need the limited assistance available to do the pressing conservation job on his farm we hope will feel free to tell his community committeeman so when he visits the farm.

You will be visited by a PMA community committeeman, who is one of your neighbors, and will be given the opportunity to request assistance to bear a part of the cost of the practice or practices most needed on your farm in 1953. Each farm operator is being encouraged to request ACP assistance only on those needed conservation practices on his farm which will enable the farm

to increase or at least sustain high production of the crops so vitally needed. ACP assistance should be concentrated on the soil and water conservation practices which will be most useful in sustaining high production of farm products needed in our present National defense effort and the increasing population and which farmers would not carry out to the extent necessary for the National welfare without this assistance.

Please study carefully the conservation practices for which ACP assistance is available in relation to the conservation need of your farm so as to be ready to discuss them with your committeeman. In doing so we hope you will make full use of any conservation plan you have had developed for your farm. The 1953 conservation practices for which ACP assistance is available in this county are shown below.

1953 ACP PRACTICES APPROVED FOR THE COUNTY:

1. Construction of Terraces
2. Construction of Diversion Terraces.
6. Bringing Clod Forming Subsoil to Surface of Sandy Cropland.
21. Drilling or Digging Wells
24. Construction Earthen Dams or Reservoirs.
27. Application of Potash and Phosphate.
30. Growing a Green Manure Cover Crop of Summer Legumes.
31. Establishing a Satisfactory Cover of Winter Legumes.
32. Turning Under or Leaving on the Land a Satisfactory Growth of Rye.
45. Establishing or Improving Permanent Pastures by Seeding.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The books we are offering this week are exceptionally interesting. The boys are all eager to read "Hold Back the Night" by Pat Frank. It is the most glowing tribute to American fighting men that has resulted from the Korean War.

The adults will be fascinated by "Matador" by Barnaby Conrad. This is the story of Pacote's last fight, the finale of one of the greatest careers in Spain. You will also be astounded at the versatile ability of the writer. He is only 29 years old, has been our consul in Spain. He studied bull fighting and appeared in the ring in 1945. He divides his time between portrait painting, teaching, and writing.

"Texas, a World In Itself" by George Sessions Perry will amuse you. It is a humorous story that will chase away gloom more than "My Granny Van", that he wrote in 1949.

Our magazine shelves were becoming so depleted that the Librarian has been seeking material. The Journal, Companion, McCalls are not always on hand. We have had a few contributions recently, and they are very appreciated.

State Fair to Conduct Chili Contest

An attraction that will really be hot stuff has been set for the 1952 State Fair of Texas, Oct. 4 through 19.

A world championship chili contest will be held on Sunday, Oct. 5, during the fair, James H. Stewart, executive vice president and general manager, has announced.

Chairman of the chili contest will be Joe E. Cooper of Dallas, author of a definitive book on chili called "With Or Without Beans," to be published in the fall.

Rules of the state fair contest stipulate "no beans." This is so the chili can be judged on its own merits alone, Cooper said.

Cooper will head a panel of distinguished chili connoisseurs who will judge the contest. Although the chili contest will be held under the auspices of the fair's Women's Department, many more men than women are expected to enter.

"Every Texan has his own idea about how to make good chili," Cooper pointed out, "and we expect to be peppered with entries and recipes."

The contest will be open to the world. Amateur cooks and professional chili chefs alike may enter. Contestants must furnish for judging one quart of chili—without beans—and a recipe must accompany each entry. First prize will be \$50; second, \$30; and third prize, \$15. Ribbons will be awarded through seventh place.

The recipe awarded first place will become the official chili recipe of the State Fair of Texas. Entries will be judged on flavor, appearance, aroma and proportion of basic ingredients. "One purpose of the contest,"

Cooper said, "is to restore chili's lost prestige in things gastronomic, not to mention the re-establishment of public confidence in this glorious victual. The noble institution of a bowl of chili must not be abandoned to perish on the vine."

"Real, sure-enough, Texas-style chili, Cooper avows, must have the strength to chin itself and possess the authority of a Marine buck sergeant."

CARD OF THANKS

With deepest gratitude we extend this word of thanks to our many friends and neighbors for your kindness and sympathy and the beautiful floral offering in the loss of our loved one. May God's richest blessings be with you always. The family of M. S. Parsons.

TEXAS-BORN IKE ...a man of integrity

He Is the Choice of Texas Democrats for President!

Texas Democrats for Eisenhower!
 That is the rallying cry of Texans who believe in the traditions and time-honored principles of the Democratic Party—but NOT in the policies and practices of Trumanism.

We are the Texas Democrats who have studied the candidates and platforms of the two major parties and are ready to announce: "We like Ike!" We are the Texas Democrats who feel that best interests of our party, our state and our nation would NOT be served by another four years of Trumanism.

We are the Texas Democrats who stand ready to carry out the mandate of the State Democratic Convention which on September 9, 1952, resolved: "It is the recommendation of the Convention that every Democrat in Texas vote and work for the election of Dwight D. Eisenhower for President and Richard Nixon for Vice President."

If you, as a Democrat, feel as we do—join us! Be a Texan—not a Trumanite... Vote Ike!

W. B. Ayers Celebrate Fiftieth Wedding Anniversary

Mr. and Mrs. W. B. Ayers, pioneer Donley County residents, celebrated their 50th Wedding Anniversary with Open House at the family home, Sunday afternoon, September 21, 1952. Approximately 200 relatives and friends called through the receiving hours from 2 o'clock until 6 o'clock, congratulating the Ayers and wishing them "Many Happy Returns of the Day." Old friends and acquaintances, many of whom now live in other areas, meeting once again, enjoyed reminiscing and visiting.

The house, built by Mr. and Mrs. Ayers 32 years ago, and recently redecorated throughout in soft pastel shades, provided a charming setting for the entertainment. Bouquets of large and small chrysanthemums, gold leaves and ribbon, remembrances of friends, decorated the entertaining rooms and colonnades.

Guests were received by the couple's two sons, Clarence and Gilmer, who in turn presented them to their parents. Mrs. George Moore of Amarillo, a granddaughter, registered the guests. Misses Jeanette Stogner and Marilyn Ayers, also granddaughters, assisted with the many beautiful and useful gifts brought the honorees.

Refreshments were served from the dining table covered with a Madeira linen cloth. The centerpiece featured an arrangement of large and small gold chrysanthemums with golden bells, and leaves combined with meline and ribbon, and a miniature bride and groom. Mrs. Emory Morris of Pampa, a daughter, dressed the bride and groom as Mr. and Mrs. Ayers dressed for their wedding 50 years ago. Cake was served by Mrs. Emory Morris while Mrs. C. C. Wester presided at the punch bowl.

Miss Julia Meador and W. B. Ayers were married September 24, 1902 in Stonewall County. For several years they lived in that section of the country, spending a month, or their honeymoon as they called it, on a ranch in King County before moving to their

home at Jayton. In 1908 they moved to Donley County settling near Lelia Lake where they are now engaged in stock farming.

The Ayers' four children were present to help make this a perfect day. Mrs. Emory Morris of Pampa, Mrs. C. C. Wester of Clarendon, Clarence Ayers of Clarendon and Gilmer Ayers of Wichita Falls. Completing the family are 12 grandchildren and one great grandchild.

Relatives were present from Memphis, McLean, Amarillo, Jayton, Jal, N. Mexico, Wichita Falls and Pampa. Friends also came from Wellington, Vernon, Spur, Berger, Amarillo, Pampa, Clayton, N. Mexico, as well as those in Donley County.

Mr. and Mrs. Ayers will re-

member the occasion as one of the happiest of their lives, being able to have their family and friends with them and share the joys of being remembered with the presence of friends, flowers, cards, and gifts.

.25 INCH MOISTURE IMPROVES FEELINGS

Even though the slow rain that fell Sunday night and Monday morning didn't measure out but .25 inch, it was a most welcome sight. At least it settled the dust and gave everyone hopes of receiving more in the future. The bulk of the moisture fell on the south plains and Big Spring area. Donley County Leader, \$2.50 year

Claude Mustangs Trample Bronchos Friday Nite, 25-0

The Claude Mustangs made more or less a race track out of Broncho stadium last Friday night when they banged the local squad around to a tune of 25-0. It has been on rare occasions when the Mustangs have been able to put the Bronchos on the tail end of the score but they unleashed all their power and seemed to be able to gain nice yardage almost at will all through the game Friday night. The Mustangs scored in each quarter and were able to add their extra point in the third quarter. The Bronchos were unable to make a scoring threat during the entire game.

The score probably would have been even worse if it had not been for the defensive game played by both Clifton McNabb and Mike Murff. These two figured in the majority of tackles and were the outstanding players on the Bronco squad for the game.

The Bronchos will be idle this week and their next game will be a conference affair with Lefors, October 3rd.

FAULKNER ATTENDS C-C MEETING AT ABILENE

Jimmy Faulkner, manager of the Chamber of Commerce, was in Abilene last Friday and Saturday to attend a meeting of Chamber of Commerce Managers. The meeting was attended by managers of some thirty five West Texas towns and was sponsored by The West Texas Chamber of Commerce. Saturday was devoted to a short course dealing with problems of Chamber management.

Jr. High Colts Win First Game, 19-7

The Jr. High Colts won their first game of the season last Thursday night over the Jr. High Mustangs from Claude on Broncho stadium by a score of 19 to 7. Coach C. R. Brown stated that he was well pleased with the performance of his young ball players throughout the entire game.

The first score was made on a 15 yard pass from John Payne to Jimmy Philley and Corky Wilson went over for the extra; the second on a 5 yard plunge by Corky Wilson and the third tally came when Steve Reynolds skirted end for 20 yards. The Mustang Colts were only able to put over the one touchdown.

RETURNS FROM KOREA

Pfc. William T. Sullivan, son of Mr. and Mrs. Tom Sullivan, arrived home Friday night after serving the past year with the 3rd Inf. Div. in Korea. Pfc. Sullivan has been in the service for a year and 6 months, and was landed in Washington on his return to the States. He states that he is certainly glad to be home.

A brother, Joe Sullivan, who lives at Couders Port, Pennsylvania is also visiting with his parents while W. T. is here.

Research reveals that golfers who make the best scores don't swear. Why should they?

PLOWIN' Out the CORNERS

In these days of flying saucers and flying expense accounts, it's hard to tell who is going to get hit when.

Uncle Count from down Ft. Worth way sends in the following poem to compete with the ones from Uncle Bob and Uncle

Zeb. Anyway, it ain't so bad, in fact it may just about hit the nail on the head.

I think the Reds we have inside Will bust our government open wide.

I don't think they will use a gun But just sit still and get the mon.

Quite a lot of folks hold to the above expressed idea that the Reds think at our rate of spending we will soon bust wide open and then they can gather up the pieces. They may be surprised at how much fight we have left even after we spend most of our money. Sometimes, it looks like that we are at our best when an emergency arises, be it hard fighting or hard times. When we as a peo-

ple stop and think we usually act and act in a hurry. The trouble is that in our hurry scurry way of liv. g many of us never stop to think.

Have you been listening to the transcriptions by the Boys Ranch group that are being played each Sunday morning at 7:15 from KGNC. They were transcribed in Hollywood during the recent trip of Mr. Farley and several of the boys to the movie capitol. The singing talent of some of the boys is amazing and the story of the growth and aims of the ranch will thrill you. Our prayers, our hopes, and our help in a financial way can do a real service to this our own home for boys. A home that in many ways can replace the

home that most of these boys have never known, that is, a happy Christian home.

"Every way of man is right in his own eyes; but the Lord pondereth the heart." Proverbs 21:2

More quotations sent in by friends:

"Blessed are they that have nothing to say and cannot be persuaded to say it."

"If you buy something for a song, watch out for the accompaniment."

"A smile is the light in the window of the soul which indicates that the heart is at home."

One of my favorite poems is the following called Trees, written by Joyce Kilmer. We will in-

clude it especially for the ones who keep scrap books.

TREES
I think that I shall never see
A poem lovely as a tree.
A tree whose hungry mouth is pressed
Against the earth's sweet flowing breast;

A tree that looks to God all day;
And lifts her leafy arms to pray;
A tree that may in summer wear
A nest of robins in her hair;
Upon whose bosom snow has lain;
Who intimately lives with rain.
Poems are made by fools like me,
But only God can make a tree.

It was good to visit the fair at Clarendon the other day and to meet so many folks; many for another visit and others for the first time. It was music to hear some of them say that they al-

ways read our feeble efforts. The only thanks that I can say is for me to try all the more to make it worth the time spent.

"A high look, and a proud heart, and the plowing of the wicked is sin." Proverbs 21:4.

Clarendon To Have 3-Ring Circus October 6th

On a quick swing through west Texas enroute to their winter-quarters, the well known Cole & Walters Circus will stop over in Clarendon for an afternoon and night performance at 2 and 8 p.m. on Monday, October 6th, under auspices American Legion.

HOW MUCH FUN do you get from a GALLON OF GAS ?

Power Steering on the Roadmaster and Super

Power Steering now available on Super at well as Roadmaster. Optional at extra cost.

"MILES PER GALLON" is something everyone talks about—and Buick owners take pride in telling us that they're doing OK on this score.

But the kind of miles is important too. The real pay-off you get when you own a Buick is in what happens while you're turning gas into power.

Every drop of gas sets off a tiny tornado of compacted energy in Buick's Fireball 8 Engine.

You swoop from a standing start to any speed the law or good sense permits with effortless smoothness, thanks to Dynaflo Drive.*

You soar over the road with magnificent levelness—buoyed by big soft coil springs on every wheel—coddled by a dozen other features which make up Buick's million dollar ride.

The car holds direction like an airliner on the beam. You snug into turns with sure-footed

poise—ease your grip on the steering wheel and feel the car seek a straight course again like a compass points to the pole.

This is travel as you've always hoped to find it—relaxed, carefree, luxurious, happy—while you leave the miles behind.

Yes indeed—life's different in a Buick. How different you should find out firsthand.

How about letting us give you a sample—any day you say?

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Governor Will Officially Open Prison Rodeo October 5th

Governor Allan Shivers will for the fourth consecutive year, again officially open the Annual Prison Rodeo, Sunday, October 5th and that date has been named Governor's Day by prison officials.

The announcement of the Governor's acceptance of the Prison Board's invitation to officiate at the rodeo's 21st year opening day ceremonies was made by the Board's Rodeo Committee Co-Chairmen, French M. Robertson

of Abilene, and H. H. Coffield of Rockdale. In addition to the State's first citizen, members of the Legislature and other State officials have also been invited to attend the big convict show on that date as guests of the prison management.

To be featured as special guest attraction for the day, the 130 piece University of Texas Longhorn Band will come to Huntsville to play and perform drill and marching routines between inmate riding events. Featured with the Longhorn Band will be the Texas Stars, a separate organization of twirlers and majorettes who appear with the band at football games wherever the band plays. On Saturday before

the appearance at Huntsville the band plays at Memorial Stadium in Austin for the Texas-Notre Dame game.

Specialty acts from outside rodeo circuits that have been booked for the prison show this year include some of the best in the nation. Chief of these are the Hendricks Family, who won the plaudits of thousands at the Madison Square Garden World Championship Rodeos for two years, with their trick riding and comedy acts. Jess Reynolds, professional rodeo clown, will bring his 'Liberty Act', the only one of its kind in the world, executed with six registered white Brahma bulls, to Prison Stadium for four rodeos. The Mounted Quar-

rille, without no rodeo is complete, will be performed by the Angelina County-Mounted Quadrille group from Lufkin, Texas, known throughout East Texas for their excellent horsemanship and colorful riding regalia.

For reservations to the biggest and best Prison Rodeo to date, send your check or money order to L. W. Wright, Prison Rodeo Ticket Office, Huntsville. All reserved seats are \$2.40 each, tax included.

Perhaps the movies would be better if they shot less film and more actors.

An open mind gets one into far less trouble than an open mouth.

Flying Farmers Taking Part In Southwest Soil Day

Herbert Hunt of Claude, Texas, chairman of the committee on aviation for the 4 County Agricultural Workers Council, has announced that a Flying Farmer Breakfast will be held at Borger at seven o'clock Monday, October 1st. After a short session at Borger, all will take off for the Southwest Soil Management Demonstrations and Plowing Contests at PanTech Farms in the southwest corner of Carson County. A field has been provided on the PanTech Farms and transportation will be furnished to and

from the flying field. Hunt, Secretary of the Staked Plains Soil Conservation District, is anxious to see all of his Flying Farmer friends on this occasion.

Mr. J. P. Smith, manager of PanTech Farms and chairman of the program committee, assures all persons of the great Southwest, interested in better agriculture, that October 1st will be a day long to be remembered. Hon. Clifford Hope, well known Congressman of Kansas and long time friend of agriculture, has been invited to address the group during the noon recess from the plowing contests. Bands and other entertainment will be on hand to round out the day's program of plowing contests, soil building

demonstrations, machinery exhibits, etc. Plenty of good lunch on the grounds.

Better be late down here than early up there—so drive safely.

Pull! Pull! Pull! But what for? Children at play and young people at track meets may well have a test of strength. It is a good thing to match strength with strength in contests where youth is making ready for the serious business of living. They are exercising the muscles in playful competition. Thank God for power which increases with effort and endeavor! How we enjoy watching these feats of endurance and of determination; for as much depends upon the will to do as upon the ability to accomplish! Opposition in trials of strength tones up the life of all who are engaged in it. Wholesome rivalry makes the better men of us all; we gain strength and the power to do as we meet vigorous opponents; we serve each other in the contests of skill as illustrated above.

But all rivalries must eventually give way to cooperation. No one of us can profitably allow himself to be a confirmed puller against others. We need each other for the achieving of the major goods of personal and of social life. How unfortunate if a man becomes known as the foe of his fellows, if he has never learned how to get on with others! *Family and community and nation suffer when a man lives only for himself* and has his hand against rather than for every other man. Are you a booster or a buster? Do you help pull the load wherever you go; or do you insist on riding while the rest do the pulling; do you even sit on the brakes when others are trying to do the good things for the common life? Do you break up the meeting when the majority votes against you?

A great teacher in the long ago reminded men that they ought to be workers together for God. In some wonderful fashion the invisible Spirit is ever at the side of men who are willing to use their strength for helping good causes. It is equally marvelous that extra resources of strength seem available when men undertake together more than they seem able to do. God is the unseen Worker who joins the eternal and the unlimited power of the universe to those who will pull together in high service. To join your fellows in prayer and in worship is to discover a fellowship in which human and divine powers are pooled for the good of all and for the glory of God. *Don't be a chronic buster nor a puller in the wrong direction. Rather be a booster and a factor in a progressive cooperation.*

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial and a stronger alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.
