Block And County Chairmen Now Appointed For Red Cross Drive

In preparation for the 1957 Red * Cross fund drive, which will be completed in one day, block William Chamberlain, chairmen for Clarendon and county workers have been appointed by Mrs. Forrest Sawyer, chairman for the drive.

A kickoff breakfast will be held for all workers Tuesday, March 12, at the Dixie Cafe. Workers will be assigned blocks and will call on each house in those blocks for donations.

Members of the Lions Club the same day, says George Benson, county chairman for the Red

Quota for the fund drive this year is \$1,277. Benson says that Donley County has never failed in wrestling his steer and getting to meet its quota and he feels a halter on him before the crowd town on Saturday. March 16." for last year was .02 so we are certain that this year will be no of about ten thousand people exception.

Celebration Booster MOISTURE TOTAL STILL GROWING

The outlook for the future is growing brighter each day of this cloudy, rainy weather we are having. The type of seasoning we have needed for so long is soaking into the ground and the smiles on farmers and ranchers faces are beginning to look more natural. The moisture is general all over the area and most sections have received around two inches or more since this moisture spell started in February.

Up through Wednesday morning, 7 a. m. reading, we had received a total of .83 for the month of March with .67 of this amount being recorded on the 2nd and an additional .09 Tuesday morning. This gives a grand total for the year at 2.27. The March total way ahead this year and still have most of the month to go.

The March totals for other re-Celebration. Plans for the gigantic porting stations are as follows and as in past years, highlight of Ashtola .94; Country Club .90; .60, and Goldston 1.07. Some of these totals may be incomplete in the streets, begorra," the as some of the smaller amounts may have not been turned in. At moisture and we all hope it continues until the ground is soppy

PRESCRIPTION

How are prescription prices de-

termined? We have a policy in

this matter, the only one we

can follow. We do not offer bar-

gains in prescriptions — there is

no cut-rate way to health. Nor

do we pretend to under-sell.

Prescription prices simply are

determined by the cost of the

ingredients and operating expense. The prices we charge are

as low as satisfactory service

and effective drugs will allow.

WHAT IS A CHURCH?-To many students at the Austin State School for Mentally Retarded, the inside of a church is unknown. Geraldine Walker and Kenneth Rutledge, students there, visit an Austin church with their chaplain, the Rev. Luther Holloway. Since volunteer groups have launched a state-wide, fund-raising campaign to build a non-denominational chapel for the 1900 children at the school, the children have been eager to see inside a real church. For 40 years, students at the school have attended church and Sunday School lasses in a school room. The campaign launched Sunday has already classes in a school room. The campaign, launched Sunday, has already brought in donations. Architects estimate the chapel's cost at \$76,000.

F. F. A. and 4-H MEMBERS

OF DONLEY COUNTY

For The Achievements They Have Attained Throughout The Year And Especially The Recent Stock Shows

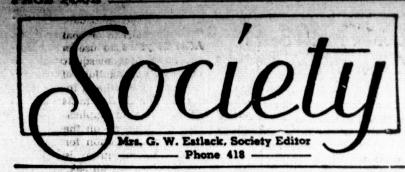

Any Community would have been proud for their youth to win the majority of top honors in just one show but our Donley County F. F. A. and 4-H Club exhibitors have carried away top honors in the swine division of the Amarillo. Ft. Worth, El Paso and Houston Stock Shows - - - the four big shows in the state. They have placed high in the Fat Steer divisions also. These winnings have netted these youth several thousands of dollars in addition to the valuable experience they have received in stock raising.

We congratulate them all, along with their sponsors who have devoted many, many long hours in helping these youth with their projects and guiding them at show time.

Dan and Kay Sams of Brown field are here this week visiting their grandparents, Mr. and Mrs A. D. Estlack

this method," Herring stated, Winter Is The Time To Kill Worthless Brush In Pastures

College Station-A dead mesquite tree is worth more in ecoprepared by the Veterans Land nomic value than a live one, declares G. O. Hoffman, Extension Range Specialist. A live one, 10 inches in diameter, will use a ton of water to produce a pound of beans. That same ton of water could produce four pounds of good grass! For five cents the tree can be killed and if it isn't, says Hoffman, it could represent a yearly loss approximating \$9.00.

The not-so-busy, not-so-hot winter months are ideal for getting rid of brush and undesirable trees in pastures. Percentage of kill from the 2,4,5-T and diesel oil chemicals is better in the winter and, too, no crops which are harmed by them are growing then, says Hoffman. It's also a lot easier to get close to the brush and give it a better treatment during this time of year, he adds Trees over 4 inches in diameter

should be frilled or cut off and treatment applied to the cut surface. After making a frill, spray solution in the ax cut surface until it bubbles out of the frill When spraying freshly - cut FOR RENT - 4 room furnished stumps, let some of the solution run down the bark channels to !

the ground line, advises Hoffman. Hoffman says kerosene or coal oil is another good oil to use in brush control. For mesquite eradication, mix one gallon of 2,4,5-T to 40 gallons of oil and for oaks use one gallon 2,4,5-T to 24 gallons of oil. Rate of application per acre will depend on the tree size. Cost of application for a 4 inch diameter mesquite is 11/2 cents, and 3 cents for an oak. All you need to work with is an ax, a knapsacksprayer, and chemical solution, he concludes.

The joint relief action on behalf of Hungarians by 52 National Red Cross Societies in the world has become the biggest undertaking by Red Cross since the North Sea flood disaster of 1953 which hit The Netherlands, Great Britain, nad Belgium.

Clarendon F. H. A. Attend Style Show

The Homemaking Department of West Texas State College was hostess to approximately 400 Homemaking students of the Panhandle March 4th from 1:30 to 4:30 p. m. Forty-five Clarendon girls enjoyed this hospitality.

Highlighting the afternoon program was a style show sponsored by Simplicity Pattern Company. Models were Homemaking students from the college. They modeled both formal and casual garments made from Simplicity patterns, coats designed and made the college classes, and a collection of Korean dresses furnished by a Korean war bride who is a student of the college.

After the style show, the girls were divided into smaller groups to tour the campus. The first stop was in the film room, where a film on careers in Homemaking was shown. It was very interest- Dismissed Friday ing, especially to those who are planning on going further in this

Next the group toured the Library, Randall Hall, Cousins Friday, March 8th, in order to Hall, Chapel, Home Management allow local teachers to attend the which was in the Homemaking ing in Amarillo. Department.

All of the girls enjoyed the trip. It created an interest for many of the girls to want to go farther in Home Economics.

Bronchos Lose In Regional Tourney

By JOHN PAYNE S.C.S. Reporter

The Clatendon Bronchos, representing the Panhandle in the were finally defeated by a good an exceptionally good season although they were beaten in the playoffs. If the Broncs had won tory that a Clarendon team had The field reporters have been ville is picked by the experts to win the state meet. Four seniors played their last

game for the Broncs and each one Graham and Don Mills. The Broncs started out in fine fashion and found themselves leading at fore the deadline date for cotton the quarter by a score of 14-11. However, at the half Clarendon trailed 25-22. Both teams were very cold and if the Broncs had would probably have been ahead. tional plot. The last day you may It was a very tight game until the last two minutes when Ropesville started a very effective fast break. Until this time neither team had led by more than 5 points. Eddie Baten led the scoring with 14 points followed closely by John Payne with 11. Bevers with 19 points paced the winners. Ropesville had one main advantage and that was height. They used this effectively to snare many rebounds from the shorter Broncs. Although the final score was 51 to 42 in favor of Ropesville, the Clarendon Bronchos gave a good account of themselves.

Eddie Baten was picked on the regional tournament team which was a very big honor because there were some very good basketball players there.

Coach Clapp and his team are to be commended for the excellent job they did the past season. They provided the first district and bi-district winners in the town's history.

School Will Be For Teacher's Meet

There will be no school on Department, and then to the tea District IX State Teacher's meet-

Local F. H. A. Group Attends Area I Meeting

March 2, 1957 was a red letter day for the Clarendon Chapter of the Future Homemakers of America. Twenty-five girls rose very early to attend the Area I meeting at the Municipal Auditorium in Amarillo.

"Footsteps into the Future" was the theme of the meeting and also the subject of an address given by Rev. Jack A. Gray Jr., associate pastor, Methodist Church, Lubbock, Texas. A new feature to this year's program was the organization of an Area Choir. This choir was made up of two representatives from the one hundred and one schools of Area I. They were directed by Bill Brewer of Anton. Their performance was outstanding. Charles Emmons, director of the Amarillo High School band, presented a thirty minute concert to the morning session. Talent numbers from various schools and a singsong by the entire group made up the remainder of the program. New officers for the coming year were elected at the House of Delegates Luncheon at noon in the Palo Duro High School Cafeteria, and they were installed by Carol Ann Pinson, State Recording Secretary, Canadian in the afternoon session. Following the meeting, the Clarendon girls

went shopping down town. The following girls represented the Clarendon Chapter:

Ona Mae Moffett, Betsy Chamberlain, Evelyn Chamberlain, Sue Banister, Patsy Schull, Robbie Lou Johnson, Barbara Koontz, Wilma Moore, Georgia Bell Harmon, Jean Welch, Linda Self, Beth Lamberth, Jo Anna Lane, Jacque Bell, Glynell Hoggatt, Glenda Koontz, Sandra Pinkerton, Shirley Wiedman, Margaret Cushing, Connie McMurtry, Jessie Lee White, Joyce Johnson, Linda Kay Hardin, Ann Elliott, Betty Graham. Accompanying the group were Mr. Richard Hall and Mrs. Fred Bourland.

Clarendon Entries Win At Houston Swine Breeding Show

Clarendon Future Farmer members and swine breeders regional tournament at Lubbock, from Donley County won a good portion of the top honors in the swine show at Houston last week. More Agricultural Research Stressed

WACO-"Only through finding new uses for its products can agriculture prosper and share in the fruits of a changing and expanding national economy."

J. Walter Hammond, president of the Texas Farm Bureau, made that statement this week in announcing that the TFB will make a concerted effort to obtain adequate funds for agricultural research in Texas.

The state farm organization is seeking an appropriation of approximately \$10.5 million for use by the Texas A&M Experiment Station over the next two years. In addition the TFB is asking for about \$2.1 million for the State's Extension Service for the same period.

Two Farm Bureau leaders discussed the need for more agricultural research recently in a conference with Gov. Price Daniel. They were Loys Barbour, a grain and hog farmer from Iowa Park and B. J. Gist, stock and cotton farmer from Abilene. Barbour is secretary-treasurer of the TFB and Gist is a member of the organization's board of directors.

The Farm Bureau has been working closely with the Texas A&M Experiment Station and Extension Service in planning a program of agricultural research

in Texas. Hammond said the program would placae emphasis on conversation of agricultural commodities into products which the consuming public needs and is willing to buy.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The first book to announce this week is "Faith Made Them Champion" by Dr. Vincent Peal. This is a memorial in memory of Mr. Porter. The next is "Blue Camellia" by Frances Parkinson Keys. This was given in memory of Mr. Prewitt.

Another recent novel is "The Scapegoat" by Daphne Du Maurier. This was purchased. Also two books of Zane Grey's. These are "The Dude Ranger" and "Black Mesa."

There is another Tom Swift Jr. adventure "Tom Swift On The Phantom Satellite." This book is by Appleton the II as "Black Mesa" is by Zane Grey Jr. too. On the Garden shelf we have recently placed the book "Ground Cover Plants" given in memory of Mrs. Gentry.

There are several others to announce soon.

Chevrolet Wins Coveted Manufacturers' Trophy at Daytona Beach as "best performing U. S. automobile"!

Want facts about performance?

Then look at the official figures from NASCAR's* internationally famous Daytona Beach competition for stock cars. Here's what you'll find: Chevrolet, in two weeks of blistering competition, proved itself as America's Number One performance car. Nothing in the low-price field could touch it.

No other car, regardless of price, scored such a sweep. And Chevy walked away with the famous Manufacturers' Trophy, hands down!

The 1957 Chevrolet is, by all odds,

the most astonishing performer ever produced in the low-price field. Best of all, this superiority isn't limited to just a few extra-cost high-performance models. Every type of Chevy-from the six-cylinder models right up to the 283-horsepower "Super Turbo-Fire" V8's, from the single-carburetor V8's with Powerglide to the stick-shift "270's" -is a championship car. nal Association for Stock Car Auto Racing

of Freeport to the University board; L. H. Ridout Jr. of Dallas, E. B. Darby of Pharr and Herman Heep of Buda and Austin to the A&M board.

Daniel said he would, "no doubt re-submit some, if not all of them." There was some talk, however that Thompson might not be re-submitted. Daniel pointed out that this would give two of the six appointments to the board to Dallasites.

One day after Daniel's surprise move the Senate confirmed a long list of Shivers appointees. Included was John Osorio, chairman of the Board of Insurance Commissioners.

Daniel previously had called on the Legislature to abolish this board and substitute a re-organized set-up.

Out of the confusion came suggestions by some observers that the statutes be amended to clarify the appointive prerogatives of out-goiing and incoming gover-

More ooil for Europe, more revenue for the state treasury are

in prospect. Texas Railroad Commission set the March allowable at 3,733,054 barrels a day on an 18-day production pattern. It is an all-time high, an increase of nearly 211,000 barrels per day.

Coupled with the 35-cent per barrel price increase in gasoline, the greater production, if continued, could bring an additional \$10,000,000 a year into Texas tax coffers.

Independent producers, who have battled the major companies' drive for higher allowables, did not contest the March quota.

They claimed, however, that major companies still are "misusing" much crude oil by refining it into gasoline, unneeded here and unwanted abroad. And independents still have marketing problems, they said, renewing the charge that major buyers have denied them sufficient pipeline connections to their wlels.

The major portion of your Heart Fund contribution remains business in Texas. The other calls is used to advance the battle con-

FEDERAL AID TO EDUCATION

Federal aid to the school systems of this country will be one of the hot domestic issues in this Session of Congress. You will recall that last year a federal aid bill was approved by the Education and Labor Committee but failed of passage through the House of Representatives because of the highly controversial Powell Amendment. This amendment would have, in effect, denied any aid to a state wherein segregation was practiced in the schools. The amendment was offered with full knowledge on the part of its author that the bill would probably be defeated if the amendment was adopted. President Eisenhower tried to prevail upon all parties to pass the federal aid legislation without crippling amendments. He has again asserted his belief in federal aid to education and has asked that legisla- by the federal aid supporters is a tion be passed to implement such foot-in-the door propisition. In a program.

It is rumored in some circles that the President will be able to dissuade Congressman Powell from offering his amendment again this year. This thinking is undoubtedly based upon the fact that Congressman Powell, although registered as a Democrat in New York, campaigned vigorously for the re-election of Mr. Eisenhower. His major campaign

Many of the trong advocates

of federal aid to education feel that the bill can be passed if it does not contain the Powell integration amendment. They also feel that this wlil not jeopardize the eventual adoptoin of the Powell Amendment, but will only delay it for a year or two. Such thinking is, of course, in direct conflict with the argument that you can have federal aid to education without federal control of education. Many people would support federal aid to education if there was some safeguard against federal control, but it is difficult to conceive in reality a program financed by a source that does not seek and demand control of at least a part of the policymaking machinery. Numerous plans and schemes have been advanced as the answer to the dilemma. However, when these are carefully weighed, we always come back to the same proposition that "he who pays the fiddler should have the right to call the

The bitter opponents of this type of legislation fully realize that the present plan of attack other words, the opponents feel that the supporttrs are willing to take any kind of a bill so long as it sets up a basic federal aid to education program, planning of course to make such changes in the program later as will be necessary to have full control of it from Washington.

There are many, many school districts in this country that need and could use substantial sums of activities were among those of money. However, it is my sughis own race in many parts of the gestion that it would be well for them to weigh very carefully the given by Mrs. Victoria Walker. price that may be exacted for these funds.
