TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

BUDGET PRESSURE

The battle of the budget continues. Big guns were brought into play by the Administration to pressure Congress into restoring many of the cuts already made and to stop several cuts in appropriation bills not yet voted on. Cabinet officers have reversed their earlier positions that the record-high, peacetime budget could and should be measurably reduced. It now appears these cabinet officers were not clearly understood. What they meant to convey was that expenditures in all departments except their own should be cut. Hence, their advice is not of much value. To follow it would be to spare each division of the government separately from the economic paring knife with the result that there would be no reductions.

The No. 1 big gun has been fired twice in this battle by the President of the United States. His first appearance did not generate much feeling among the people to underwrite the expenditure of 72 billion dollars to run the country. (The lack of response to this first appeal no doubt prompted the powers that be to insist upon a repeat performance by the President.) His second try is producing much better results.

Mr. Eisenhower is in a rather unpleasant situation. He is thoroughly convinced that the expenditures listed in his budget request are absolutely essential for the preservation of this government. He is deeply and devotedly sincere in his appeals to the American people to support his

expenditure program, especially foreign aid. However, there are many others in high government circles who are as sincere in their feelings that the foreign aid program has not been as effective as it has been advertised. When one looks at the expenditures over the years in this particular program, many questions arise. For instance, the foreign aid records reflect that between July 1, 1940 and June 30, 1945, net grant foreign aid amounted to 40 billion 255 million 660 thousand dollars. In 1945 the population was 139 million 928 thousand. This meant that foreign aid amounted to \$287.69 for each person in this country. From July 1, 1955 to June 30, 1956, net grant foreign aid amounted to 47 billion 448 million 997 thousand dollars. In 1956 the population had increased to 168 million 174 thousand. This meant the net grant foreign aid on the 1956 population base amounted to \$282.14 for each person in this country.

In addition to this type of aid, there was the loan aid which amounted to a net figure of 12 billion 710 million 946 thousand dollars between July 1, 1940 and June 30, 1956, or a per capita figure of \$75.58. For the fiscal year 1956, that is, from July 1, 1955 through June 30, 1956, net aid under the program amounted to 4 billion 648 million 358 thousand dollars.

On July 1, 1956, authorized and appropriated aid available amounted to 13 billion 800 million dollars.

A recapitulation of all of these figures reflects that from 1940 through July 1, 1956, the foreign aid program, in expenditures and available funds, had cost this country 116 billion 485 million 564 thousand dollars or \$692.65 per person on the basis of the 1956 population. I know that all of these figures are most confus-

ing, so we will try to apply them to one or two of the counties in the 18th Congressional District and see what we come up with, using the 1950 population census and the pro rata per citizen on a nation wide basis. The records reflect that my home county of Gray has spent 21 million 389 thousand 225 dollars in foreign aid between 1940 and 1957. The people in the City of Pampa, my home town, have spent 14 million 343 thousand 963 dollars during that time. In 1956 foreign aid cost Gray County 859 thousand 51 dollars. The people of Pampa were charged with 576 thousand 93 dollars.

Applying these figures to Childress County we find the people of that county have spent 10 million 486 thousand 153 dollars between 1940 and 1957 on the foreign aid program. In 1956, 421 thousand 153 dollars was the pro rata share of the foreign aid program for Childress County. The part chargeable to the City of Childress would be 6 million 590 thousand 283 dollars for the entire foreign aid program, or 264 thousand 684 dollars for the year 1956. Potter County, on a population basis of 1950, shows to have contributed 63 million 460 thousand 123 dollars since 1940; the City of Amarillo proper, 58 million 624 thousand 19 dollars. The 1956 program reflects 2 million 548 thousand 735 dollars for Potter County and 2 million 354 thousand 504 dollars for the City of Amarillo. If any of you would like the figures for your own county, please write me and I will try to get them for you.

The staunch proponents of foreign aid argue that these expenditures have been necessary to hold the line against communism, and that without it, the entire continent of Europe would have passed out of the free world into the realm of communism. Op-

ponents of the measure argue that these expenditures would be well spent if they provide an effective weapon against communism. But, they point out the many gains which have been made by the communist countries in many places around the world where much of our foreign aid has been spent; they point out the growing unrest in the Middle East as a result of foreign aid grants by this country to France and England; they point out the growing jealousies in countries not receiving these grants; and they point out the criticisms which are continually heard from many of the countries receiving the aid. Their argument is to the effect that the foreign aid program has not proven an effective weapon against the spread of communism and that these funds should be dedicated to a purpose that will have a telling effect on this growing menace.

PRESCRIPTION PRICES
How are prescription prices determined? We have a policy in this matter, the only one we can follow. We do not offer bargains in prescriptions - there is no cut-rate way to health. Nor do we pretend to under-sell. Prescription prices simply are determined by the cost of the ingredients and operating expense. The prices we charge are as low as satisfactory service and effective drugs will allow.

By VERN SANFORD  
Texas Press Association  
AUSTIN — Officially, Texas 55th Legislature now is in the history books. But the real story comes within the next few months when hundreds of new laws take effect.

They'll change people's lives—a little bit or a lot. Voter reaction to these changes will provide grist for the 56th session and determine how many 55th legislators will survive for the 56th.

Biggest issues of the past five months were water, segregation, reform measures, teacher pay and insurance. Here's what the lawmakers did:

**WATER**  
Passed a proposed constitutional amendment for a \$200,000,000 bond issue to help local governments build dams and reservoirs. Failed, despite frantic last-minute efforts, to pass another amendment for a \$100,000,000 bond issue to buy water storage space in federal reservoirs.

**SEGREGATION**  
Passed two of eight segregation

insurance Commission. Deadlock over a full-time or part-time board was finally compromised with a full-time board for one year, part-time thereafter. Policy-making board members will get \$15,000 a year when working full time. Added to set-up will be a full-time \$30,000-a-year Commissioner of Insurance who will be top administrator.

Stemming mostly from the multi-million-dollar ICT and US Trust failures, several other bills were passed placing stricter requirements and limitations on insurance company officials. However, the Legislators fell flat on their faces when it came to requiring publication of financial statements by insurance companies. The bill never got out of the House Committee on Insurance. So only those companies that want the public to know will print them.

**OFFICIAL REFORM**

Passed a code of ethics bill prohibiting state officials and employees from engaging in outside activity "in conflict with the public interest." A sprinkling of officials already have filed statements of their private interest with the secretary of state as stipulated in the law. A lobbyist registration bill died when the House and Senate couldn't iron out differences. A host of others proposed as reforms were ditched earlier.

**TEACHER PAY**

Legislators, with Gov. Price Daniel's help, found, after raking and scraping, enough money to give each public school teacher a \$399 a year raise. It meant recalling two other money bills, one to pay off some old bonds and one to refund taxes paid under an unconstitutional law. Situation was tense when Comptroller Robert S. Calvert first ruled the state's kitty was \$13,000,000 short of enough to cover.

**INSURANCE**

Passed a host of laws bringing a whole new system headed by new men into the battle-scarred

Flooded Lampasas and wind-swept Silverton will get \$40,000 to help rebuild public property under an emergency bill. Price Daniel family will get a better roof over its head. Money was authorized to repair the Mansion ceiling that collapsed recently, just missing the governor. Texas archives will get a brand new building. Shunting of historical documents from barns to basements to quonset huts in past years had brought a hue and

Give her gifts of steel

WHEN a special friend or relative is taking that important step from Miss to Mrs., show her your delight: Give her gifts of steel.

For steel gifts are stylish gifts that last a lifetime. When you buy them for a shower or wedding, you're giving the bride much more than just an expression of your affection. You're giving gifts that will endure as long as she needs them.

Showering the bride with gifts of steel means choosing from countless items made to give stylish service—from coffee makers to canisters, folding chairs to flatware, trays to toasters, clocks to cutlery. No matter what you choose to give, she'll appreciate your good taste and thoughtfulness.

And any bride would glow with pleasure to see the lustrous quality shining through every gift of steel. And she can be assured these good-looking items will go to work in a thousand ways to prove their lasting value. For only steel can do so many jobs so well.

So when you shower the bride, make it a Steel Shower. And when you shop for the bridal gifts, make an investment that is fashionable and practical. Look for the store displaying the Steel Shower symbol—and get the gifts that will last a lifetime.

This symbol identifies the store that's a Bridal Center, where you can get a variety of gifts styled in steel... to last a lifetime.

who became total abstainers and made useful and valuable citizens and helpful and loving to their families. But just about the worst thing that can happen is for someone to be on top with a good beginning in life to start with and then just through carelessness and lack of high ideals to lose and throw away life's wonderful opportunity.

back to where we started. Yes, it is so much better that we can ask for all the things which we think we need, and then just like as a father we give to our own children, the Heavenly Father can and will give to us according to his wonderful Knowledge. Only thing different is that many times we as parents are too emotional and sentimental and because we love our children so very much we find it impossible to say the little word No -- When perhaps all the time we know that a good firm No would be for their lasting good.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

How much of the grass in our native pastures was killed by the succession of dry years? Reports received in the Soil Conservation Service office from several Co-operators of the Donley Soil Conservation District indicate that loss of the better grass plants has been heavy on many pastures.

es will be determined by what grasses are left on the pastures, how vigorous they are, and the treatment the operator subjects these grasses to. Remember that those grasses which are still alive are likely to be in such a low state of vigor that growth will be disappointingly slow and production low.

spread. By fall, a rancher can stock according to the grass he has on the ground and avoid a large part of his expensive supplemental feeding. To encourage farmers and ranchers to defer their pastures this summer and allow the grass to regain its vigor, the ACP is offering assistance in the form of a payment for deferred grazing.

'We Were Amazed' Says CAR LIFE, The Family Auto Magazine. We were amazed as we drove the Special four-door hardtop, to find that an automobile could be completely changed yet retain so much of its former appearance and character. The 1957 models have all the familiar, solid Buick virtues.

THE ABOVE brief clipping tells you worlds about the '57 Buick. It tells you we went all out to make this car completely new--yet we didn't sacrifice a single Buick virtue. So you still get that unmistakable Buick styling. You still get that big-car room and comfort and that solid Buick quality. But you also get so complete a change in the vitals of this car that the driving of it is a wondrous new experience. You get a brilliant brand of performance that's different from anything else that goes on four wheels. Words won't describe it. Telling you there's an all-new engine, an instant new Dynaflo, a completely new power train--none of that will convey this news to you.

What you have to do is get in this car and drive it. Drive it around the block, through town, out on the highway. Actually feel what happens when you press the gas pedal, turn the steering wheel, touch those powerful new brakes. Then--and not till then--will you know why folks call this "the dream car to drive." **Lions Anniversary**  
Ninety-three Lions and guests were packed in the Lion's Den last Thursday night for the Club's 15th Anniversary Banquet. Lions of years back took charge of the meeting with Ray Moreman, first president, presiding. Wendell Smith led the songs with Mrs. Don Springer at piano. Rev. E. H. Caston of Estelline gave the invocation. Jack Marshall rang the bell.  
Wendell Smith and Otis Owens were tail twisters. Chas. Rains was master of ceremonies.  
Awards were presented by Clifford Johnson to Misses Loveta Houdashell, Nancy Hinds, and Myrtle Reeves and Mesdames Letha Springer, Dorothy Brinson.  
Mr. and Mrs. L. D. Messer won the outstanding Lion and Lioness award.  
The Memorial service was conducted by Rev. Melvin Mathis and Rev. J. S. Tipton.  
Deceased Lions honored in the service were:  
J. E. Painter, R. E. Mann, Carol Deahl, Clyde Bridges, J. A. Tollett, Leon Reeves.  
A white carnation was presented to each family of deceased.  
Carl Morris had charge of program which consisted of musical and vocal numbers by Mrs. Dan Springer and Nancy Hinds; Loveta Houdashell, Bonnie Alexander; Nina Jenkins, Jean Sanders; Kathleen Spaulding, Fay Baker, which was very much enjoyed.  
Out of town guests were from McLean, Memphis, Shamrock, Borger, Estelline and Amarillo.  
This Club is a live club, very civic minded and has promoted many good projects for a better town. A good Lions Club is an asset to any town.

Put Baby Pig Chow and Pig Startena to work for you. These "Fast Start Twins" give pigs what they need for fast growth... plus high-level antibiotics for health protection. Stop in at our Store with the red-and-white Checkerboard Sign and see our "borrowed pig" demonstration. Then place your order for Baby Pig Chow and Pig Startena.  
**Baby Pig Health Hint**—Purina Pigemia is a brand-new health aid to prevent or treat nutritional anemia in suckling pigs. If your pigs are confined to concrete or wood floors, be sure to get a handy squeeze bottle of Purina Pigemia at our store. A few squirts every other day on the sow's udders (about one tablespoonful per sow) will protect 30 pigs for the first three critical weeks.

## Veterans' News

Twenty-four thousand widows of veterans who died of service-connected causes before January 1, 1957 may lose money unless they apply for the higher death compensation payments by July 1, 1957.

Robert W. Sisson, manager of the Veterans Administration Regional Office in Lubbock, Texas said approximately 80,000 widows throughout the nation have already applied for the higher payments.

VA originally estimated that of all the 114,000 widows receiving compensation for the service-connected deaths of their husbands before January 1, 1957, approximately 104,000 were qualified to receive the higher payments.

The 24,000 who have not ap-

plied as yet have until July 1 to file application if they wish to receive the higher payments retroactive to January 1 under the Survivor Benefits Act.

Most of the widows who apply after July 1 will find that the higher payments will become effective as of the day their applications are received, Mr. Sisson said.

Those who apply for the new benefit but who would receive more under old laws will be advised by VA against the wrong choice of payment.

Mr. and Mrs. J. H. Helton attended graduation exercises in Amarillo Tuesday where their granddaughters, Joyce and Lois Clifton, were among the graduates of Palo Duro High School.

FROM THE OFFICE OF  
**LYNDON B. JOHNSON**  
U. S. SENATOR FROM TEXAS

Dear Friend:  
Cost of living is up again. For

the eighth straight month a new record high in living costs has been set. The statisticians in the Bureau of Labor predict that the figures for May will show yet another increase. Most of the rise in the national cost of living index was due to an increase in food prices. But higher prices at the grocery store don't mean higher prices on the

farm. A Congressional committee is now investigating this question: Why have food costs to the housewife gone up so much over the last several years while the farmers' prices have gone down? The committee's findings will certainly be of interest to Texans. Farm income has gone down from over \$14 billion to about \$11 billion during the last four years.

That is a drop of about 17.5 per cent. During the same time income of other segments of the American economy increased by 12.5 per cent. The farmer's share of the consumer dollar went down from 47 to 40 cents.

**Comings and Goings:**  
My mother has gone back to Texas after visiting with us for a month. Lady Bird and I and our two girls certainly enjoyed her visit and we miss her.

Attorney General Will Wilson was in Washington recently, accompanied by his charming wife and their two children, Lou and Will, Jr. Young Will was wide-eyed over a visit to the FBI. I was glad to see George Chance of Bryan, who is currently president of the National Cotton Council. Mr. Chance operates a big farm in the Brazos River Valley. He said the floods have caused him to do most of his farming from a row boat this spring.

Appropriation bills continue to occupy much of my time. We are still making cuts in amounts requested by President Eisenhower in his budget. Prudent, careful consideration is being given to every proposed expenditure.

Chancellor Konrad Adenauer of West Germany visited Washington for the fifth time since 1953. I am always inspired by an opportunity to talk with this wise and patriotic old gentleman. He is America's loyal friend and staunch ally. He has kept freedom alive in Western Germany. He is a symbol of hope to all those who pray for the reunification of the German nation.

It was my sad duty last week to attend the funeral of Major Thomas Ramsey, younger brother of our Lieutenant Governor. He was interred in Arlington National Cemetery. Lt. Gov. Ben Ramsey was here for the funeral.

Texas flood damage will be inspected by a committee of the House of Representatives. They will find we need more flood control projects in Texas. They will find that existing projects have paid big dividends. I know the visit to Texas of these Representatives, who will be accompanied by a number of newsmen, will prove beneficial to our State.

Mrs. Mary Sue Longan and daughter, Mary Ann of Greeley, Colo. arrived here Saturday to spend several days with relatives and friends in old Donley County.

Mr. and Mrs. H. L. Wheeler of Guyton, Oklahoma visited last Tuesday night in the home of Mr. and Mrs. C. E. Bairfield.

Miss Rebecca King who has attended Oberlin Music School in Ohio the past year is visiting homefolks.

If cancer had been conquered only a dozen years ago, nearly 2,500,000 American would not have died of cancer. Give to the 1957 Cancer Crusade so that the fight against this disease can be carried forward.

At present rates, 55 per cent of patients with uterine cancer are being saved. But the American Cancer Society says 70 per cent are now saved when the disease is diagnosed and treated early.

## GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We began our week very encouragingly. Sue Phelan replaced some worn copies of Carolyn Keene editions with two slightly used editions. Three memorial books for Tom Goodner were added to his shelf. We choose books for his shelf for boys that are near Tom's age when he was taken from us, and that are similar in content to what he enjoyed. This time we have "True-boy" by Hinkle and "Black Jack" by him too. Then since the Tom Swift Jr. science adventures are in demand by this younger generation we purchased "Tom Swift In the Caves of Nuclear Fire."

I notice that the Hand Book for Small Libraries doesn't approve of all the books most widely read here, but I select what they enjoy reading. The Oz Books are "thumbs down" now, but the children read them avidly and they are clean, imaginative editions.

Our World Atlas was taken by some body thru mistake probably. It disappeared several months ago, and we replaced it by a premium received in rejoining the Double Day Dollar Book Club. It requires constant scheming to keep going here.

A memorial book dedicated to the memory of Mr. Frank Phelan is "44 Irish Short Stories," edited by Devin A. Garrity. This was added to our shelves this week. Mr. Phelan was of Irish descent and these stories will likely be of interest to his family as well as other readers.

We have double patronage during the summer months as recreation attractions are not too numerous. I never have a vacant period and open early during this season. However, we are delighted that the children have this Library that costs very little to the city and county in comparison to its usefulness.

Some disabled children over age 18 received their first monthly social security benefits early in February, according to John E. Sanderson, District Manager of the Amarillo Social Security Office. Recent legislation provided for these payments to start for the month of January 1957. A number of applications have already been filed, and more are being received.

Under the new provisions, children who are disabled may receive social security benefits after they reach age 18, if they were disabled before age 18, unmarried and dependent upon a living parent who is drawing social security benefits, or were dependent upon a deceased insured parent. The term "parent" includes natural parent, and in many cases, step-parent or adoptive parent.

It is not necessary that the child himself have any record work under the social security law to be eligible for benefits as a disabled child. However, he must have a disability severe enough to prevent him from engaging in any substantial gainful activity. The disability must be medically determinable.

Disabled children over 18 who believe they qualify, or persons caring for them, should inquire regarding benefits by telephoning or writing the Social Security Administration, Mr. Sanderson advised.

## FARMERS URGED TO OBSERVE CONSERVATION RESERVE CONTRACTS

A caution signal regarding "permitted acreage" for all farmers who have signed a Conservation Reserve Contract, not to use more land for the production of Soil Bank Base crops than is specified in your contracts. A Soil Bank Base is set up to insure that a producer does not put land in the Conservation Reserve and then undo the crop reducing purpose of the contract by shifting land from soil-conserving or idle uses to crop production. To devote an acreage to soil bank base crops in excess of the permitted acreage would be a violation of the Conservation Reserve contract and subject the farm oper-

## Adult Sewing Class Organized

The Adult Clothing Construction Class met May 31 at 2:30 p. m. in the Homemaking Department of Clarendon High School for an organization meeting. At this time plans were completed for Homemaking Students to care for the children during the class period for the remainder of this series of lessons.

"To sew successfully, you must prepare yourself mentally, physically, and materially," Mrs. Bourland emphasized. "You must want to make something lovely, to have fun putting the pieces of fabric together, and to watch the beauty of the article grow as a result of your efforts. Sewing must be approached with the idea that you are going to enjoy it. Lastly, you must have close at hand everything you need to sew with." Small sewing equipment was displayed and the sewing machines in the department were demonstrated. After a brief discussion on choosing and handling fabrics, the class began work on a sewing apron to be used to store their small sewing equipment.

The next regular class meeting will be Friday, June 7 at 1 p. m. in the Homemaking Dept. The sewing aprons will be completed at this time, and the study period will be devoted to pattern selection, pattern adjustments, and pattern markings. After taking their personal measurements, the class will try on pattern shells in their size to determine the exact size pattern they should buy. If you have difficulty with any of these problems you are invited to attend the next class meeting.

## Field Representative Of Social Security Office To Be Here June 10

Curtis M. Watts, Field Representative of the Amarillo Social Security Office will be in Clarendon on June 10, 1957. Mr. Watts can be contacted at the Court House from 9:30 a. m. to 12:00 p. m.

Mr. Watts can furnish any assistance or information which would be available in the Amarillo Office. If you wish to file a claim for Social Security benefits, apply for an account number card, change of name card or an employer identification number or merely seek information about Social Security you should contact the representative.

## ATTENDS GRADUATION

Billy Ray Alexander of Wellington received his B. S. degree at McMurry College, Abilene in exercises held there May 27. He is a former graduate of Clarendon Junior College and a nephew of Mr. and Mrs. C. E. Bairfield. Mrs. Bairfield attended graduation. She was accompanied by Mrs. Conrad Ryan, Mel and Nita Gay who visited Mrs. Ryan's parents there.

Joyce Diane and Nancy Alexander of Wellington have visited the past two weeks with Mr. and Mrs. C. E. Bairfield, their aunt and uncle.

Freeman Helton and family of Oklahoma City are visiting a few days this week in the J. H. Helton home.

Mr. and Mrs. L. N. Cox went to Lubbock Sunday to attend graduation exercises returning home Tuesday.

## Oil Paintings Exhibited By Art Students

An art exhibit of oil paintings done by students of Mrs. Elva Phillips of Greeley, Colo. and sponsored by Pathfinder Club was held at Patching Club House Sunday afternoon, June 2, from 2:00 p. m. to 5:00 p. m. Thirty-seven pictures done by twelve students were on display.

Mrs. Phillips teaches the Ala Prima technique, painting in one sitting. Classes opened May 20 and were concluded June 3. Several visited the classes from time to time for observation. In addition to the classes an Arts Guild was organized to meet twice a month for painting, socias and business.

Entertaining rooms were decorated with bouquets of seasonal flowers. Two door prizes, miniature paintings done by Mrs. Phillips, were presented. Terry Hoggatt and Mrs. Mary K. Blanton of Amarillo were the winners. Cokes and crackers were served.

Approximately 80 people attended the exhibit representing Pampa, Amarillo, Memphis, Dumas, Childress, Dalhart, McLean, Goodnight, Wellington, and Greeley, Colo. Students displaying

their work were Mrs. Lewis Foxhall, Mrs. C. E. Bairfield, Mrs. Forest Sawyer, Mrs. Frank White, Jr., Mrs. Millard Windom, Mrs. Walter Knorpp and Karen, Mrs. Alfred McMurtry, Mrs. Glenn Hoggatt, Ann Martin, John Richerson, and Miss Ruth Richerson. Mrs. Westmoreland of Amarillo came for one lesson.

It is hoped that two classes may be organized next spring when Mrs. Phillips again plans to conduct classes here.

## Over \$380,145 Loaned Three-County Area Farmers By FHA

More than \$380,145.00 has been loaned to farmers in Armstrong, Donley and Gray counties during the ten months ended April 30, 1957, by Farmers Home Administration, the agency's county supervisor, James D. Gouldy, announced this week.

The heaviest demand has been for credit to finance farm operations in these counties.

During this same ten months' period, Farmers Home Administration extended in operating, emergency and real estate loans to some 18,500 Texas farmers and

ranchers for a total of \$54,773,000, the agency's State Director, Walter T. McKay, reported. This is an increase over the same period last year of about \$6,500,000. "This increase is due primarily to the demand from family-type farmers for credit needed to place their farming operations on an efficient basis," McKay explained. "In fact," he added, "agency records reveal that there has been a slight decline in the demand for emergency credit to farmers this year. Long-term credit, to develop balanced systems and make full use of resources available, has been extended to a number of operators of family-type farms who previously obtained emergency loan assistance."

McKay and members of his staff are meeting this week with National Administrator Kermit Hansen to go over agency operations for next year. This meeting is preparatory to training meetings to be held for county office staffs throughout the State. The objective of these meetings will be to insure that maximum service is rendered to Texas farmers and ranchers promptly and efficiently.
