Big Parade To Highlight Celebration

The big parade for the celebration on the Fourth of July will be held in Clarendon on the Fourth only, and will start at 1 p. m. The parade will line up on the vacant lot next to the depot on the north end of main street. H. M. Breedlove and R. E. Drennan, in charge of the parade, say that the parade will come south on main street and then turn west one block and then back north and across the railroad tracks and on out to the rodeo grounds.

Every one is invited to put a float, business advertising scheme or any thing they wish in the parade. Every one in this section of the county who has a horse is urged to be in the parade and the grand entry of the rodeo. Ranches, owners and workers will ride in a unit representing their ranches and all ranches are urged to have all hands in the parade. The parade will start promptly at 1:00 p. m. and every one who will ride or have an entry in the parade is urged to be at the starting point by twelve thirty so they will not be too late to be in the parade.

Remember the starting time and tell all your friends and have them on hand to put on a big parade for all the visitors who will be in Clarendon for one of the biggest celebrations in its history.

Your Name May Be On This List

The following men will report to Committee Chairman, Willard Skelton, for duty July 3rd & 4th (afternoon & night) at the Rodeo Arena to sell tickets, take tickets, and park cars:

Don Loyd, Claude Moore, Mike McCully, R. C. Bryan, Alvin Landers, R. E. Drennan, Bill Phillips, Bill Todd, Fed McAnear, B. B. Osborne, Basil Smith, Beatty Hillman, George Schollenberger, Larry Grundy, Homer Estlack, Chester Vaughn, G. W. Bradshaw, Shy Johnson, Johnny Blocker, George Thompson, Lee Bell, Wayne McElroy, Glen Hoggatt, H. T. Burton, and Rayburn Smith. North side arena parking tickets will be handled by Jack Brooks, Bud Knorrp, Willard Hudson and Shelby Bell. These parking tickets will be sold at Brooks Dry Goods only.

Admission tickets will be on sale at the Rexall Drug Store, Thornberry Drug Store, Brooks Dry Goods and Skelton Clothing Co.

Mrs. Gayle Adams and son, Craig, visited last week end with relatives here.

New Hot Check Law Now In Force

During the past several months there has been an uptrend in the passing of hot checks to merchants in every line of business and service station operators seemed to catch the larger portion of this increase. This group known as the Texas Service Station Association sponsored a hot check bill to help ease the deal as much as possible. Representative Waggoner Carr of Lubbock introduced the bill which was passed and is now in effect.

Part of the new hot check law reads as follows: It is unlawful for any person to give a check or draft in payment of prior accounts with intention to defraud. Failure to pay the check or draft after ten days notice is prima facie evidence of intent to defraud. In the first conviction, if the check is \$5 or less the punishment shall not exceed \$200 fine. If between \$5 and \$50 punishment is not to exceed two years in county jail or \$1,000 fine or both. Each conviction thereafter for any offender shall mount rapidly in punishment with fines ranging from \$2,000 to \$5,000 and confinement in the penitentiary not less than 2 years and more than ten years. On second offense if the check is over \$50 the fine can be \$10,000 and the prison term not over ten years.

If any person files a complaint and then suggests or requests the county or district attorney to dismiss the charge, he is guilty of a misdemeanor under the law and upon conviction shall be fined not less than \$100, nor more than \$500.

A number of local service stations are members of the State organization and did their part in helping get this law through. Those who are not members of the organization are urged to join.

People in the habit of passing hot checks should change their ways immediately in order to avoid trouble, or suffer the consequences.

CELEBRATION COMMITTEE REPORTS UP TO PAR

A meeting was held Tuesday night at the county agent's office of all committees having any connection with the July 3-4 celebration. All committees reported splendid progress and everything appears to be in good shape for the coming events.

Another meeting of all committees and anyone else taking part in the preparation of the celebration has been called for next Tuesday night at 8 o'clock at the county agent's office and everyone is urged to be present.

Mrs. N. W. Durham and children and Mrs. Lennie Cauthen of Memphis visited last week with Mr. and Mrs. U. Z. Patterson and other relatives.

Vacation Trip Very Short When Vehicles Collide

Mr. and Mrs. Barney Horton and son and Mrs. Horton's mother Mrs. V. H. Siddle started on a vacation trip to East Texas early Sunday morning and the trip was very brief due to a collision between the Horton car and another driven by M. M. Donaldson of Hollis, Okla. about one mile west of Hedley.

Officers reported that Donaldson was approaching the Horton car from the east when he thought he saw a truck starting to pass Horton. He applied his brakes and skidded out in front of the Horton car. Both vehicles were badly damaged.

No one was seriously injured in either car. All received various cuts and bruises with Mrs. Siddle receiving the more painful lacerations to her head. Donaldson was reported to have a broken shoulder but was released from a Memphis hospital early in the week. Mr. Horton said their vacation had been postponed indefinitely.

OPS Specialist To Be Here This Afternoon

The Far West Texas district of the Office of Price Stabilization, in stepping up its price clinic day program, will send price specialists to more than 40 towns next week.

Lubbock district Price Executive C. J. Taylor said the expanded program is to assist all merchants in the 66-county district in bringing their respective firms into complete voluntary compliance with all the OPS pricing regulations.

Alton Taylor will be in Clarendon this afternoon, June 14, to confer with all types of business men who have questions concerning application of regulations. He is a price specialist in the food branch in the Lubbock district office, which includes this county.

In cooperation with the local Chamber of Commerce and other civic and business groups, he will maintain offices while here in the Chamber of Commerce office.

Although the OPS representative has specialized in one branch, he will be able to answer most questions concerning all types of business, especially those who sell consumer services.

Next Thursday afternoon, June 21st, Jim Morean, specialist in the Fuels and Chemicals branch, will be in Clarendon at the Chamber of Commerce office. It is the plan of the OPS to continue the price clinic day schedule throughout the district during the remainder of June and July, with the specialists visiting each town on the same day of the week which in Clarendon's case will be each Thursday afternoon.

Services Held At McLean For Mrs. J. W. Story

Funeral services were held Monday afternoon at the McLean Methodist Church for Mrs. J. W. Story, pioneer McLean resident, with Rev. H. A. Longino and Rev. R. S. Watkins, officiating.

Mrs. Story, mother of Mrs. Chas. M. Lowry of Clarendon, was 82 years old and had been a resident of McLean for 45 years. She was a frequent Clarendon visitor and had many friends here.

MOTHER OF LOCAL LADY DIES IN AMARILLO

Funeral services were held Saturday afternoon at the Amarillo First Christian Church for Mrs. Louisa Elia Bradley, mother of Mrs. Lee Holland of Clarendon, who passed away at her home in Amarillo last Thursday. Burial was in the Dalhart cemetery. Besides Mrs. Holland four other daughters and two sons survive.

Hunt British Diplomats

LONDON, ENG.—A Europe-wide search—up to the Iron Curtain—was ordered (June 8) for Guy Burgess (left) and Donald McLean (right), key diplomats of the British foreign service who disappeared on May 25, causing speculation that they may have gone over to the Communists. Both men possess information that could be of value to Moscow.

MASONIC LODGE HOLDS ANNUAL ELECTION OF OFFICERS

Friday, June 8 at Masonic Hall, the Clarendon Masonic Lodge No. 700 was host to the Honorable District Deputy Grand Master, Brother A. A. Hennard, who made an official visit and gave an inspiring talk after election of officers.

Elected to offices for the coming Masonic year were as follows: Worshipful Master, Clayton Mann; Senior Warden, Pete Borden; Junior Warden, Luther Butler; Treasurer, W. H. Patrick; Secretary, Carl M. Bennett; Tyler, Ellis Chenault.

Refreshments were served at the close of the meeting.

Veterinary Hospital Holds Open House To Large Number

Sunday was the big day for the opening of the Clarendon veterinary hospital. H. M. Breedlove, county agent, stated that over two hundred and fifty people from all over the county came to meet Dr. Deyhle and family.

The open house hours were from 2:00 to 5:00 p. m. Business firms in Clarendon sent beautiful flowers to the hospital for the opening.

Dr. Deyhle has started his veterinary practice and is well pleased with his business. The Clarendon veterinary hospital is the first hospital of this type to ever be in Clarendon. Dr. Deyhle expressed his appreciation for the large number of people coming to meet him and his family and says that he is going to do his best to serve the livestock industry in Donley County and surrounding area to the best of his ability.

The hospital will be open from eight o'clock in the morning until five in the afternoon. The hospital phone number is 97 and the residence number is 263-M. The hospital is equipped to handle both large and small animals.

If it was impossible for you to visit the hospital on Sunday, then you are welcome to call at the hospital at any time to just look it over. This is a new addition to Clarendon and Donley County and every one is urged to use our local veterinarian when you need that kind of service.

Junior Hill started on the mound for Hedley last Sunday and his younger brother Billy Hill started on the mound for Groom. Billy Hill had to be relieved in the 6th inning with Hedley leading 9 to 6. However Junior Hill had a streak of wildness in the later innings and Groom won 11 to 9. Both teams got 6 hits each.

Locals Beat Canyon 8 to 3 Here Sunday

The local baseball club held on to their winning streak here Sunday afternoon by defeating the team from Canyon 8 to 3 in a very close game all the way through. The game was tied 2-2 in the fifth inning when the locals broke the tie and went ahead three runs. Brooks went all the way on the mound, doing a mighty fine job.

Clarendon will journey away from home again next Sunday when they meet the ball club at Washburn.

CONTINENTAL TRAILWAYS TO DISPLAY NEW DIESEL BUS HERE

According to information received by Fletcher Curry, local Continental Trailways agent, one of the new G. M. Diesel buses being placed into service by the company, will be on display here in Clarendon Friday of this week from 12:25 to 1 o'clock. These new units will be used exclusively on the line's Dallas to Los Angeles thru schedules.

The new buses will have 37 seats, be air conditioned and have more visibility and be much smoother riding, Mr. Curry added.

The public is invited to inspect this new bus when it stops here at the above hour tomorrow. If parking space is available it will be located on the corner next to the Farmers State Bank.

First Wheat Received Here Monday

Bill Thornberry, rancher and farmer who lives five miles southwest of Clarendon, had the honor of bringing the first loads of 1951 wheat to Clarendon, Monday of this week. The wheat tested 62 and Mr. Thornberry was paid \$2.25 per bushel by the Clarendon Grain Company. The wheat was the Early Triumph variety. Mr. Thornberry reported that his wheat would make ten or more bushels to the acre which is much better than expected this year.

Frank White Jr., operator of the Clarendon Grain Co., estimated that around 15 cars of wheat would be harvested and brought to Clarendon providing the weather does not enter the picture with some type of destruction.

Hedley Loses To Groom, 11-9

Hedley will play St. Francis at Hedley at 3 p. m. next Sunday. Both teams are in the second division of the Cap Rock League and will be fighting for a win on the way to get among the leaders.

Junior Hill started on the mound for Hedley last Sunday and his younger brother Billy Hill started on the mound for Groom. Billy Hill had to be relieved in the 6th inning with Hedley leading 9 to 6. However Junior Hill had a streak of wildness in the later innings and Groom won 11 to 9. Both teams got 6 hits each.

FORMER CLARENDON BOY RECEIVES ENGINEER'S DEGREE

UNITED CHARITIES MAKES APPEAL FOR FIRE VICTIMS

The United Charities organization is making an appeal this week to assist the Bud Shirley family that was burned out last Saturday when a stove exploded and burned the farm home in which they were living on the Adam Risley farm east of Goldston. Those having any household effects, bedding, clothing or anything that would help this family re-establish themselves, are requested to contact Mrs. Allen Jefferies.

Mr. Shirley is of average size, his wife can wear a 9 shoe, size 40 other garments. They need any type of clothing for boys, age 5, 4 and 3 and two girls age six and two and a baby less than a year old. Your prompt assistance will be appreciated by the United Charities organization and also by the family.

NEW CC SECRETARY AND BUSINESS MANAGER WILL ARRIVE FRIDAY, JUNE 15

Mr. Jimmy Faulkner of the Texas Employment Commission, Amarillo, Texas will arrive in Clarendon Friday, June 15 to take over the duties of secretary of the Chamber of Commerce recently vacated by Mr. Whaley, who resigned due to illness. Jimmy is looking forward to meeting the people of Clarendon and Donley County, and is ready and willing to help you with all types of promotional work and local problems which belong to the Chamber of Commerce program. Go by the office next week and meet Jimmy and give him the benefit of your ideas toward building a bigger and better community.

SCOUT PAPER DRIVE STILL IN PROGRESS

The Scouts will pick up scrap paper again this Friday, June 15. Please have the paper set out so it can be seen from the road. The Scouts will pick up the scrap paper every other week on Friday afternoon. They will continue to do this until further notice.

RECEIVES PAINFUL BURNS

Mrs. P. C. Messer received painful burns on the arms and feet Wednesday night at Plainview while visiting in the home of her parents, Mr. and Mrs. M. L. Monroe. Mrs. Messer was cleaning up after painting. An explosion occurred when she ran hot water down a drain after pouring gasoline thru the drain. The gasoline had been used to remove spots of paint on bathroom fixtures and on the floor. She is improving at this time.

Didn't Believe Japan Lost

YOKOHAMA, JAPAN—Bombed-out section of Yokohama proves a disillusioning sight to these eight Japanese, members of a group of 16 from Brazil who refused to believe Japan lost the war. Formerly coffee growers in Sao Paulo, Brazil, they were among members of an organization whose members fervently believed in Japan's victory.

Fruits of Capitalism Shipped To Moscow

NEW YORK—Pictured above is part of the cargo of American luxury merchandise included in the baggage of Alexander Panyushkin, soviet ambassador to the U. S., which he took with him (June 8) when he sailed for home. The New York "price war" was responsible for many of Panyushkin's purchases. One can only speculate as to the effect of these capitalistic luxuries on the victims of Moscow's enforced poverty.

Legion To Sponsor Two Dances

In conjunction with the Annual 4th of July Celebration that will be staged in Clarendon again this year, the Clark-Brock Post No. 126 of the American Legion is sponsoring a dance each night on the 3rd and 4th of July. The dances will be held in the newly purchased, remodeled, air-conditioned and centrally located Legion Hall formerly occupied by the Pastime Theatre in the center of town. During the daylight hours, the hall will also act as the central meeting place for out of town visitors and old timers throughout the county. In addition

the Post is holding open house for all the member posts in the 18th Congressional District on both days of the celebration. All the members are justly proud of this new home and are anxious to show it off. On the night of the 3rd, Phil Phillips and his seven piece Brass Orchestra will furnish a lively band of popular and modern dance music. This orchestra is very popular throughout the Panhandle. They have played in Clarendon previously and most of the surrounding towns. They will also play for all the Shrine dances in Amarillo for the balance of the year. Other sponsors include the Knights of Columbus,

Amarillo Club and Amarillo Country Club. General consensus of opinion regarding their music is "Excellent". Starting time is 10 p. m. and admission is one dollar per person. Later starting time than usual was set to avoid conflict with the night session of the rodeo. On the night of the 4th, an entirely different type of music will be furnished by Emmett Allen and his sunset Ramblers featuring Roy Lee Brown of Goodnight on the piano. This string orchestra needs no introduction to the majority of the dancing people in the Panhandle. They have played for the District Lions Club convention in Here-

ford, the McLean and Miami rodeos so far this season and will play for the Claude celebration in July and the Pampa "Top O' Texas Fiesta" in August. They also play every Saturday night at the Legion Hall in Groom. Other members of the orchestra besides the piano playing Brown include Emmett Allen, manager and bass fiddle player, Cleve Hancock on the drums, Tommy Thompson on the standard guitar and also vocalist, Don Dorsey on the fiddle and Vic Ashmead and Don Allen on the steel guitars. According to last reports, this orchestra is primed and ready to play one of their best dances. Starting time and admission is the same as

for the night before—10 p. m. and \$1 per person.

In the receiving line were Mrs. Bradshaw, the honoree, and Mrs. Johnnie Johnson, mother of the bride, and Mrs. G. H. Parker, and Mrs. Will Johnson.

The entertaining rooms were decorated with cut garden flowers of baby roses, white columbines and mock orange. The receiving hours were from 3 to 5:30 o'clock.

Mrs. J. P. McMahan presided at the guest book and Mrs. Bob Word, Mrs. Lee Muse, Mrs. Dalton Swinney, and Mrs. Joe Ritter assisted in the gift room.

Small white cakes topped with miniature blue rosebuds and punch were served from a table covered with an heirloom lace cloth laid over blue satin and centered with a violin flower vase filled with mock orange, flanked on each side by candles. Mrs. Lowell Heckman, Mrs. Geo. Bulman Jr., Mrs. Arvis Davis, Mrs. Basil Smith, and Misses Louva Hunt, Monette Neville and Jo Ann Ritter presided in the dining room.

Mrs. William Cooke III entertained with musical selections throughout the afternoon. Approximately 65 guests called.

H. R. Cowan of Amarillo spent the week end with homebods.

NUPTIAL VOWS ARE ANNOUNCED

Mr. and Mrs. Rolle S. Brumley announce the recent marriage of their daughter Shirley, to John Arthur Fulton, son of Mrs. F. Hadnett of Sierra Blanca, Texas. The wedding took place in Ojinaga, Mexico on May 12th and the ceremony was re-read in the chapel of the First Methodist Church in Clovis, New Mexico on June 2nd.

Mrs. Fulton is a graduate of Clarendon High School and has attended West Texas State College in Canyon and was a student of Sul Ross College, Alpine, at the time of her marriage.

Mr. Fulton served in the U. S. Navy and since his discharge has been attending Sul Ross College. The couple plan to continue their studies there the second semester of summer school.

Patsy Wise of Amarillo is visiting her grandparents, Mr. and Mrs. E. J. Wise.

Popular Recipe for Parties

Here's a smart, easy way to entertain. Invite your friend, over for a game of Rook and surprise them with a real chef's treat, spaghetti served with a canned spaghetti sauce, made with either meat or mushrooms. Dish it up in individual casseroles while the Rook enthusiasts are adding up the score. This makes a winning recipe for repeat parties, too, because with a pack of Rook cards you have a choice of 150 different exciting games. For variety, try serving your spaghetti topped with a grated parmesan cheese flanked by bread sticks and raw vegetable appetizers.

BIBLE CLASS

The Bible Class met Thursday at Mrs. Seth Swinney's with Bro. L. A. Sartain as teacher. Present were Mesdames Bill Poole, Ira K. Morrow, W. L. Leffew, A. E. Allgren, W. C. Ragan, Doyle Phillips, and Misses Mildred and Rosey Morrow. Next meeting will be with Mrs. Ragan.

News From The Office of Price Stabilization

The nation's more than 300,000 meat markets will have until June 18 to post official OPS retail beef ceiling price lists, the Lubbock district Office of Price Stabilization announced this week. This county is in the Lubbock district.

Because of delays in printing the official lists, the agency extended the posting requirement for two weeks from June 4. Retail ceiling prices above which retailers cannot charge for beef went into effect May 14 and posting of the official ceilings had been scheduled to begin within 20 days.

Although the retail beef posting time is being extended until June 18, retailers have been required since May 14 to display their individual prices for cuts of beef by grades. These prices must not be more than the ceiling price. When the official lists are available, housewives will have a readily available check that these prices are not in excess of official OPS ceilings.

The 8 by 17-inch posters in black ink on white paper are now being prepared by the government printing office. There will be 54 different charts—one for each of the three groups of retailers in the 18 retail zones into which the nation is divided.

The posters, which carry the title, "Retail Ceiling Prices for Beef", are expected to be available in the Lubbock District Office well in advance of the June 18 deadline. That date has been selected to make sure that an adequate supply will be available in all district offices.

As soon as copies are received

by district offices they will start mailing them to retailers who have filed OPS Public Form No. 5. Additional copies of the lists may be obtained from district offices.

OPS Form 5 is the one on which a retailer notifies the OPS of the group into which his store falls—Group 1, 2, 3, or 4. Since most retailers of meat also handle groceries, most of them filed OPS Form 5 when the grocery ceiling price regulations, CPR 15 and CPR 16, were issued and have their classifications.

Retailers may display the price lists as soon as they get their copies from the district office. They may use either the official list which will be furnished free or one that is an exact copy of the official OPS list if the printing is legible and at least as large.

The price list must be placed at or near where the meat is sold and where customers can readily see and read it. At least one list must be posted for each 20 feet of meat counter space.

Price officials also called attention of those firms who sell consumer services that their deadline for filing ceiling prices is June 16. The sellers of such services are required by ceiling price regulation 34 to post their ceiling prices in their place of business and mail a duplicate copy to the Office of Price Stabilization, Broadway Building, 1202 Texas Avenue, Lubbock, Texas.

This list must also carry an adequate description of each service performed. Among the firms and services included in the regulation which has been in effect more than two weeks, are: Barbers and beauticians; auto, radio, and household appliance repairs; laundry and dry cleaning; and tailor shops; shoe repairs;

parking lots; filling stations; checking accounts; bowling alleys, skating rinks and golf fees; and admissions to amusement parks, as well as many amusement and recreational facilities and countless trade and personal services.

News From The Office of Price Stabilization

Next Monday, June 18, ceiling prices of beef must be posted for all consumers to see in retail meat shops, the district office at Lubbock reminds all butchers and consumers.

At the same time cuts must be displayed with the various grades in separate trays and with each try price tagged. This is the first of three price postings.

On August 1, retailers, as well as wholesalers and slaughterers, will put into effect lower beef prices. On October 1 still lower beef prices will become effective. Every consumer has the right to see these prices and the right of complaint on any violation.

Price reports required from manufacturers must be sent to the Office of Price Stabilization, Washington, 25, D. C., not to District Offices, OPS has announced.

These reports, made on OPS Public Form No. 8, are now required by July 2 from manufacturers of consumer goods and machinery under ceiling Price Regulations 22 and 30, OPS pointed out.

Registered mailing with return receipts requested is recommended for this form.

OPS pointed out that it is to the advantage of manufacturers to file Form 8 quickly, since any adjustments due to cost changes cannot be made until 15 days after the date of the OPS receipt posted June 18.

Texas Farm Income Shows Increase

AUSTIN—Texas farm income in the first third of 1951 was 53 per cent higher than the same period last year, the University of Texas Bureau of Business Research reports.

Only cotton, cottonseed, wheat, fruit and vegetables showed a downward trend in income.

Total farm cash income, January through April, was estimated at \$378,316,000. More than a third of the total came from cattle sales, 63 per cent higher than during the like period in 1950.

Other impressive gains were made by milk and milk products, up 80 per cent, and hogs, up 60 per cent.

Wool and mohair prices have more than doubled since April, 1950. Consequently, in spite of nearly equal marketings, income from those items has risen 71 per cent for mohair and much more than that for wool. The 95 per cent decline in income from wheat is reportedly a result of a poor crop and correspondingly reduced marketings.

Texas farm products prices continued their slow but steady climb in April. The Department of Agriculture mid-April index was up three points, nearly one per cent higher than in March.

Mrs. Jim Casey, who has been ill, is reported to be improving at this time.

Mr. and Mrs. D. W. Hudson announce the arrival of a baby girl Thursday, June 7 at the Stewart Clinic. She weighed 6 lbs., 4 oz. and was named Judy Annette.

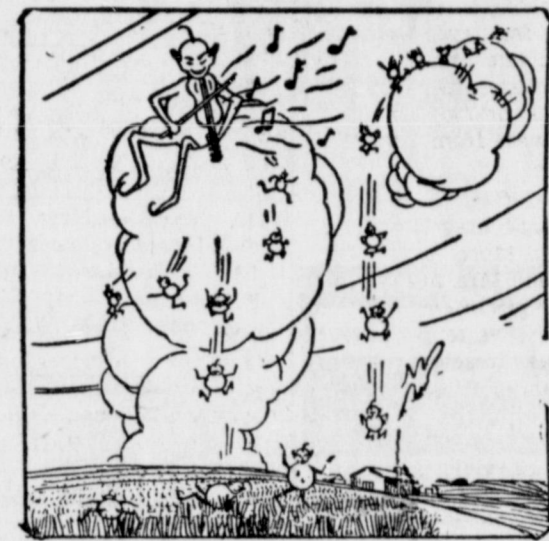

Bert Smith and son Donald, Bert Smith, Jr. and Ray Heckman are fishing at Creed, Colo. this week.

Mr. and Mrs. C. L. McQueen of Abilene visited the week end with relatives here.

Mrs. E. W. Tyler, Miss Alice Tyler and Frank Tyler visited in Pampa Saturday afternoon.

Gabie Betts Burton Library Notes
By May L. Prewitt

The first book to be discussed this week is "Land Below The Wind" by Agnes Newton Keith. She wrote "Three Came Home" in 1946. This is a 1950 publication, but likely appeared as a serial earlier as it won the 1939 Atlantic Monthly Non-Fiction prize test. It is informative and entertaining as it is a story of their four years in Borneo where her husband was Conservator of Forests and Director of Agriculture of North Borneo.

Next is "The Book of Table Arrangements" by Patricia Easterbrook Roberts, who arranged our copy of "Flower Craft." It is very complete and in addition to the 75 complete illustrations and description of table arrangements for numerous occasions, she provides a wealth of information which prepares each reader to go

on from there, creating original ensembles. This book is on the Garden Club Shelf and one they will enjoy thoroughly.

You who read the comic strip "Out Our Way" by J. R. Williams, will get an hour or more of enjoyment by checking out his book entitled "Cowboys Out Our Way."

There are a number of pocket book editions that are by our best writers. We have a shelf of these and this week's copy is "Bright Feather," by Robert Wilder.

Quite a few usable books are being contributed to us by those moving away. We are happy to receive these as this week's intake had about ten books for children that were duplicates of mine, but we can use these to advantage during these crowded summer rushes.

Mr. and Mrs. Theo Johnson of Amarillo, Mr. and Mrs. J. M. Dixon and sons, Richard and Johnny, and Mrs. S. P. Wells of Memphis visited last week in the home of Mr. and Mrs. Clyde Putman.

THANKS

We may be living in a fast moving, complex age but the spirit of genuine neighborliness still prevails. This fact was surely demonstrated on Tuesday, June 5, the day after John Gerner of Lelia Lake was fatally stricken late Monday afternoon. Tuesday morning the day before the funeral neighbors moved in with trucks and pickups and hauled in five or six hundred bales of alfalfa under shelter of the hay barn and during the afternoon about 700 more bales were raked and baled by two pickup balers. About fifteen or more men and boys performed the days hay work, besides doing other chores, looking after livestock, etc.

A continuous flow of wholesome food was brought in for two days by the women folks. The family wishes to express sincere thanks to all for these neighborly acts, and wishes for all the best of everything.

FARM NEWS
From the County PMA Committee

COTTON LOAN DETAILS ANNOUNCED

Eligible cotton producers in the early harvesting areas will be able to obtain interim price-support loans on their 1951 crop at 29.68 cents per pound, according to B. F. Vance, Chairman of the State Production and Marketing Administration Committee.

The final loan rate will be higher of either 29.68 cents or 90 per cent of parity as of August 1, 1951, the beginning of the marketing year. As under the 1950 program, approved lending agencies may make advance loans to producers prior to the time loan values can be determined.

Mr. Vance said that the basic loan rate for 1951-crop cotton will apply to Middling 7/8 inch cotton at average location. The loans will be available through April 30, 1952, and will mature July 31, 1952, or earlier upon demand. Cotton under loan may be stored in approved warehouses or farm storage structures.

Loan rates will vary with the freight rates to the mill area of the Carolinas except in Alabama, Georgia, eastern Tennessee, Florida, and South and North Carolina, and Virginia, where a zone system will be in effect.

ACP AN INVESTMENT IN SOIL SECURITY

Funds provided for the Agricultural Conservation Program is a national investment to insure the security of the country's food and fiber supply.

Farmers who cooperate in the program are partners with the rest of the population for building more productive land and for making effective use of water. Just as the Nation provides funds to strengthen the defenses against invasion, so funds also are provided to protect the land against erosion and depletion. All of the people depend on both. And only in this way is there assurance that the most effective thing will be done in the right way and at the right time and place.

The conservation practices carried out must meet definite

standards to qualify for assistance. The farmer who cooperates in ACP pays an average of 50 percent or more of the out-of-pocket cost of the conservation practices carried out. The practices stimulated by the program set the pattern and encourage farmers to fit their production-conservation programs on their farms into that pattern.

The current high production from U. S. farms is an indication of the effectiveness of the program. The fact that our farmers

are able to produce from 30 to 40 per cent more than before World War II is one of the dividends from the Nation's investment in conservation. Although many other factors enter into this increase in production, the conservation practices carried out on millions of farms with ACP help have added an element of strength and security without which our military strength would be impossible.

Mrs. Lola Barns returned from Albuquerque this week where she attended graduation exercises in the open air stadium. Her son, Bert Barns was a member of the graduating class, receiving a BBA degree from the University of New Mexico. There were 1000 students who received degrees compared with 20 fifty years ago. Mrs. Barns and daughter, Mrs. Lola Furman of Albuquerque also attended a tea given by faculty members for students of

the graduating class and their parents. Mrs. Barns returned by way of Raton where she visited her daughter, Mrs. W. H. Kolb. In Amarillo she joined Mr. and Mrs. E. O. Barns and family and visited friends and relatives in Hobbs and Carlsbad, returning to Amarillo Monday.

Kay Lane left Saturday to visit in the homes of Mr. and Mrs. Roy Gammon and family and Mr. and Mrs. Gayle Adams and son in Ft. Worth.

From Your Congressman
WALTER ROGERS

PROPOSED TAX CHANGES: The House Committee on Ways and Means, which is the committee that handles the tax bills, has been working long and diligently on the tax bill that will be presented to this Congress. They have reached tentative decisions on all of the matters subject to tax. I have included the entire summary of these tentative decisions in this news letter, but it is perhaps too long for the paper to print in one issue. I did think

that it was of sufficient interest to the people that they should have the entire picture; therefore I have included the entire program as date. I know that many of the items included in these proposed tax measures will be of great interest to you, and would appreciate your writing me as to any suggestions you might have on the subject. Since the program as outlined is not final but subject to change before the bill is reported to the House, your suggestions may be most helpful in the final draft of the tax bill.

Remember that all of us as citizens of this country are going to pay these taxes and that as long

as we maintain a country based upon the precepts of freedom and Democracy we are going to be subjected to taxation. The tax burden is a burden that should be equitably distributed so that every individual carries his fair share of the load, but no more. The defense and preparedness program is going to take a lot of money, and I know that no citizen of this country is going to complain about taxes if those taxes are spent in the manner and for the purpose that will best benefit this country. Let us all be vigilant to see that the taxes we pay are used for proper purposes and not wasted.

Following is the summary of the tentative decisions referred to:

SUMMARY OF TENTATIVE DECISIONS ON TAXES BY COMMITTEE ON WAYS AND MEANS

1. INCOME TAXES

(a) Corporations — Increased

normal taxes from 25% to 30% and increased overall ceiling on normal tax, surtax, and excess profits tax from 62% to 70%, effective January 1, 1951.

Reduced the average earnings credit for excess profits tax from 85% to 75% of the earnings in the three best years in the four-year period, 1946-1949, effective January 1, 1951.

Deferred without prejudice action on a proposal to postpone tax on earnings of foreign branches until they are returned to the United States.

(b) Individuals — Imposed a three-percentage point increase in all brackets, but on reconsideration adopted a 12½ percentage point increase in tax liability, to be known as a defense tax, in lieu of the three-percentage point increase, effective September 1, 1951.

Raised the maximum effective rate limitation from 87% to 90% and set the marginal rate of tax

on surtax net income of \$80,000 and over at 94½%.

Rejected a proposal to reduce the advantage from income-splitting by married persons by 50%.

Directed the staff to prepare a special rate schedule for single persons who are heads of families which will give them ½ of the advantage that married taxpayers have over single persons from income splitting.

Rejected a proposal that the 12½% defense tax should in no case increase the tax liability by more than 12½% of the amount by which net income exceeds present tax liability.

Rejected a proposal to exempt from tax the first \$1440 of pensions, annuities and retirement pay of retired public and private employees.

2. EXCISE TAXES

(a) Admissions

(1) Exempted benefit performances where proceeds inure to non-profit religious, educational and charitable institutions; agricultural fairs; non-profit opera

companies; community-supported symphony orchestras; non-profit cooperative or community center motion picture theatres; National Guard organizations; reserve officer organizations and veterans' organizations; and police and fire departments; and funds set up for the benefit of their members or dependents; and swimming pools and other places providing facilities for physical exercise if operated by governmental units.

(2) Passed over without action a proposal to tax each occupant in a car attending drive-in theatres.

(3) Motion picture theatres.— Rejected a proposal to exempt.

(4) Exempted free admissions, and in the case of admissions at reduced rates applied the tax to the amount actually paid. Admissions to horse and dog races

would not be included in this action.

(5) The following admissions would not be exempted:

Wrestling and boxing matches; carnivals, rodeos or circuses where professionals participate for compensation; or to athletic contests unless the proceeds inure exclusively to the benefit of elementary or secondary schools.

(b) Appliances

(1) Electric, gas and oil.—Decided to make no change in rates, but broadened the base to include the following household-type items:

Mangles, dishwashers, clothes dryers, electric razors, floor polishers, and waxers, automatic timers, pants presses, electric and power driven lawnmowers, electric hedge clippers, belt-drives (See TO THE PEOPLE, page 12)

From where I sit... by Joe Marsh

Hope "Cappy" Told Him Where To Get Off!

"Cappy" Fisher—who just retired after thirty-five years as a railroad conductor—was telling about a salesman who was often one of his passengers.

"That man was so busy," says Cappy, "he used to bring a dictaphone on the train to catch up on his letters. On one trip he'd been rushing around so much he clean forgot to bring his ticket. Left it on his desk."

When Cappy started to tell him not to worry about the ticket, the salesman busts out with "Who's worried about the ticket? It's just

that now I don't know what city I was going to get off at!"

Cappy might have been pulling our leg, but from where I sit, lots of us get so wrapped up in ourselves we often forget "where we're going." Some folks get so narrow they even begrudge their neighbors the right to enjoy a glass of beer now and then. Let's not forget that just as trains run on steam and oil, democracies run on freedom and tolerance!

THESE folks are enjoying something that's being pioneered by Buick.

It's freedom from the blinding glare of bright summer sunlight.

It's freedom from hot laps—caused by the sun's rays beating down through the broad expanse of windshield.

These freedoms trace to a new feature you may have noticed in '51 Buicks—a new kind of glass with a cool, soft, blue-green tint, in every glass area of the car, front, side and back.

Buick engineers tell us that this "Buick first" reduces glare 18% over conventional glass—cuts sun heat as much as 45%—and Buick engineers are very conservative fellows.

This glare-and-heat-reducing Easy-eye glass is factory-installed at moderate extra charge. It gives you a built-in transparent "sun visor" right in the windshield—and it also dulls the dazzle of oncoming headlights at night.

As we've said, this is something Buick owners were the first to enjoy. It takes

PLOWIN' Out the CORNERS

by Uncle Zeb

From Texas Agriculture — organization paper for the Texas Farm Bureau: "If a farmer gave away the wheat in a 16 cent loaf of bread it would still cost 13.4 cents. If a farmer gave away the cotton in a \$50.00 suit of clothes, it would still cost \$40.50." "If Mama kept all the weeds chop-

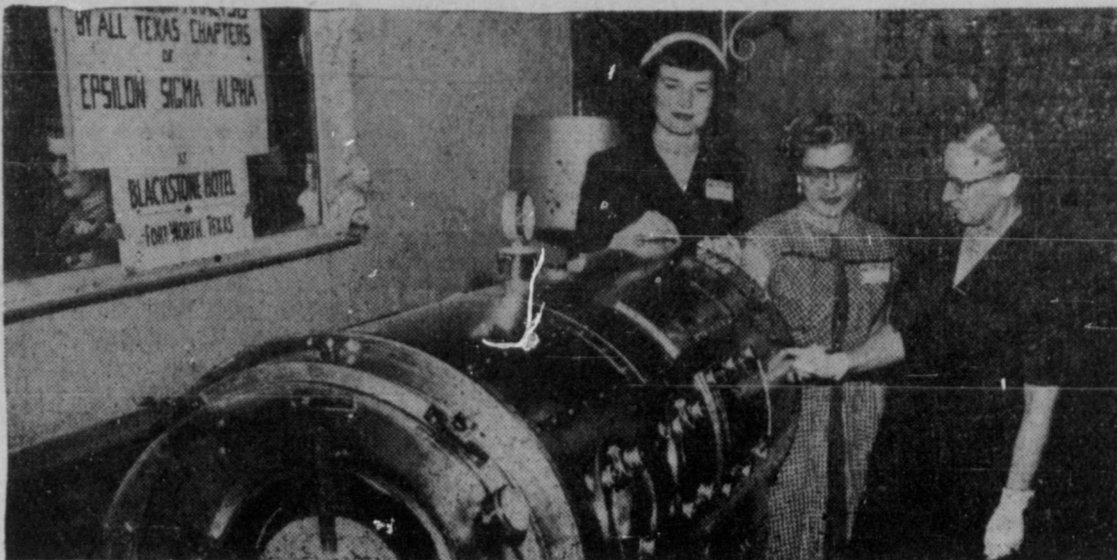

ped out of our bean patch, and picked them and gave them to the factory, a 16 cent can of pork and beans will sell for 14 cents." According to this you can't blame the farmer with all the high prices. This was based on a report from last December's report of the U. S. Bureau of Agricultural Economics.

The old boy that wrote in week before last and wanted some fish for his lake and said that the water was up to the kitchen door, and last week said please send the fish already cooked as the water was then up to the kitchen table, writes in this week to say just skip it that from his perch on top of the roof anything that even reminds him of water makes

him sea-sick. Anyway, I talked to one man who had kept a record of the rainfall at his place and he claimed a total of 21.50 inches since the middle of May. This was just about the amount that he was supposed to get in a whole year.

"If we live each day like it was our last, one day we will be right." This is an old saying and it will fit most weather prophets; if they predict long enough and often enough one day they will be right and then they will be a hero.

Things worth remembering that money will not buy: A baby's smile; youth when it is gone; love of a good woman; and entrance into Heaven. The above four things are quoted over and over as the main things that money will not buy. Another thing that goes well along with them is Peace of Mind. All our lives we rush madly here and there

You get a thorn with every rose,
But ain't the roses sweet.

I heard of a father that had always preached to his son to never go to a honky-tonk; that he would see things there that he should not see. Finally the son decided that he would go just once and see what he would see. And sure enough he saw something there that he shouldn't have seen—his father.

If the Democrats were to say for a change that Black was black; (not that they are apt to do so), there is at least one very famous Republican Senator who would be sure to disagree. If the administration speaks of crossing the 38th parallel he calls them war-mongers; if they talk about stopping at it he calls them appeasers. Anyway, no wonder they are boosting him as a candidate for president.

Here's 180 Horsepower... on regular grade gas—Now!

It's always interesting to hear about future-looking experiments with new super engines to run on new super-octane fuels...someday.

But it's even more interesting to hear today's real life, on-the-highway talk about Chrysler's new super-performing FirePower engine. FirePower takes any regular grade gas you care to buy . . . and adds its own

180 HORSEPOWER Here's the new Hemispherical Combustion Chamber that's the heart of Chrysler FirePower. Its new, designed-in "mechanical octanes" make regular grade gas do what best premium grades can't do in any other engine you can drive today!

new mechanical octanes to the power-giving octanes of the gasoline itself. The result is 180 horsepower performance such as no other passenger car built in the U.S. today can equal.

If you haven't driven Chrysler FirePower yet, your Chrysler dealer invites you to do so now. It's the most revolutionary engine in 27 years. It offers highway satisfaction and safety such as you've never known.

And it's a sounder engine other ways than any other on the road. Its new design keeps it almost completely carbon-free. It is smooth and quiet . . . but also rugged

and strong and free from need for great attention and repair.

Now remember that this same new Chrysler offers you the new Hydraguide power steering* . . . plus the amazing new rough-road stability of Oriflow shock absorbers . . . plus Water-Proof Ignition, and Vacu-Ease Chrysler Cyclebonded super-brakes . . . then come see what we mean when we say the car of your tomorrow is right here for you to drive . . . today, and for years to come!

*Hydraguide requires on Crown Imperials, optional at extra cost on other Imperial and New Yorker models.

just what they need for **RAPID, HEALTHY GROWTH!**

RED CHAIN BROILER FEEDS

Fortified with **Hi-Cal** plus VITAMIN B-12 and ANTIBIOTIC FEED SUPPLEMENT

Since feed cost amounts to 60 to 65 per cent of the total cost of producing quality broilers it is poor economy to use anything but a high efficiency Broiler Feed . . . one that will produce the most meat per pound of feed.

When you feed RED CHAIN Broiler Feeds in mash or granular form, you provide your chicks with everything they need for fast growth, fast feathering, and heavy fleshing . . . the mark of premium birds. Then, too, you will find that the high quality of RED CHAIN Broiler Feeds fortified with Vitamin B₁₂ and Antibiotic Feed Supplements results in lower feed consumption per pound of gain.

ONE HEN can't fill the egg basket...
In the Gas Business, too
IT TAKES MANY SOURCES OF SUPPLY
It takes millions of hens to produce the eggs for the nation's daily needs. And that recalls a well-known piece of advice: "Don't put all your eggs in one basket."
You may not realize how literally United Gas has put that old adage into actual operation. Wells in more than 200 widely separated fields provide the natural gas for the system serving our customers... and new and additional sources are being connected to our pipe lines all the time.
This diversity of "sources of supply" is important to you, for it is assurance of dependable gas service for homes and industries in the more than 400 cities and towns we serve in the Gulf South.
