## Old Glory Moves Forward

KOREA—The Stars and Stripes wave over a captured hilltop, secured after bitter fighting by UN forces. This was just a step in the advance of UN troops, who continue to drive deeper into Chinese-held territory in order to gain an advantageous bargaining position in the hope of peace negotiations.

## COUNTY AGENT TO STUDY LATEST DEVELOPMENTS IN AGRICULTURE

County agent H. M. Breedlove will leave Thursday, June 21st for College Station, Texas to attend the state conference of county agents. Agents from all over the state will gather at headquarters to meet with the heads of the experiment stations and attend classes to be brought up to date on the latest developments in the field of agriculture. The conference will be over on June 29th and Breedlove will be back in his office on the 13th of the month. This is the annual conference and is to keep county agents up to date on the latest developments so that they can take this information back to their counties to assist farmers and ranchers.

## Hedley To Play Amarillo Sports

Hedley will play the strong Amarillo Sports team at Hedley next Sunday in the first game of the second half of the Cap Rock League season. The Hedley boys have several new players and are out to take this game. The last time these two teams played Amarillo won 4 to 3. Last Sunday Hedley defeated St. Francis by the score of 25 to 8. Hedley got 22 hits to 12 for St. Francis. Everett, Phillips and Hill took turns on the mound for Hedley, and Hamilton and Dettin pitched for St. Francis. Bill Phillips of Hedley hit one off the left field fence for Hedley and Parr hit two over for St. Francis.

## "Mac" Welcomed in Texas

DALLAS, TEXAS—Many of a crowd estimated at 200,000 which welcomed General MacArthur to Dallas (June 15) press through police lines toward a car in which the General, seated on the top of the back seat, rode with mayor J. B. Adoue, of Dallas, in parade.

## Baseball Schedule For Second Round Announced

The schedule for the second round of the Caprock Baseball League has been announced with the locals playing their first game of this series here next Sunday afternoon. The schedule is as follows:  
 June 24—Vega, here  
 July 1—Claude, here  
 July 8—Groom, here  
 July 15—Hedley, here  
 July 22—St. Francis, here  
 July 29—Amarillo Sports, here  
 August 5—Panhandle, here  
 August 12—Canyon, here  
 August 19—Washburn, here.  
 Clip this schedule and give your local team a boost. They have been playing some pretty fair ball games for a place of this size and are holding their own pretty good in the league play at this time and probably will have an opportunity to play in the top honor bracket.

## Former Resident Dies As Plane Crashes

A crop dusting plane crashed near Paris, Texas Monday morning killing Matthew J. Taylor of Shamrock. Matt was a former resident here and was a former pilot instructor for Mrs. J. Fred Smith at the local airport. Mrs. Taylor was an instructor in the public schools. Taylor had been spreading insect poison on cotton fields 17 miles north of Paris. Witnesses said he was pulling out of a spraying run at a low altitude when the plane stalled, crashed into the ground and burned. Mr. Taylor was a pilot in World War II. Funeral services were held this morning at Shamrock for Mr. Taylor with burial in the Shamrock cemetery. Survivors include his wife, a son, Matt and a daughter, Karla, his parents Mr. and Mrs. A. Taylor, Vega, two sisters, Mrs. Jack Drake and Mrs. L. I. Armstrong, both of Amarillo and a brother, Roy Taylor, Vega. A number of his Clarendon friends attended the services at Shamrock this morning.

## Services For M. O. Stuckey Held Thursday

Funeral services for M. O. Stuckey, 64, who died June 12th at his home a few miles west of Hedley, were held Thursday afternoon at the First Christian Church in Hedley. Burial was in Rowe Cemetery. Mr. Stuckey moved to Hedley in 1944 from Amarillo and entered the farming business. He was a member of the First Christian Church. Survivors include his wife, two daughters, Mrs. Elmo Oneal and Mrs. Vura Dowers, both of Fritch, Texas; two sons, Oliver and Virgil, both of Hedley; his mother, Mrs. Annie Thompson of Amarillo and two sisters, Mrs. Arnold Cook of Amarillo and Mrs. Thelma Bailey of Phoenix, Ariz., and seven grandchildren. Pallbearers included V. F. Wade, Herbert Proctor, Herbert Moffitt, Otis Owens, Hubert Mann and Clyde Hoggard. Funeral arrangements were directed by Murphy-Spicer Funeral Home.

## Services Held Sunday For E. A. Edmondson

Funeral services were held Sunday afternoon at the First Baptist Church for Edwin A. Edmondson with Rev. Ernest Phillips and Rev. Young Tucker officiating. Mr. Edmondson, age 75 years, passed away in a Memphis hospital Friday morning following a lengthy illness. He was a prominent farmer in the Chamberlain community and had been a resident of Donley County 40 years. He was a member of the First Baptist Church. Survivors include his wife, Mrs. Debbie Edmondson and four brothers, A. B. of Cornesville, Tenn.; G. U. of Smithville, Tenn.; J. L. of Abilene and O. D. Edmondson of Los Angeles. Also a number of nieces and nephews. Active pallbearers were A. O. Hott, Frank Reid, Donald Ballew, Gene Chamberlain, Will Chamberlain and Hollis Banister. Honorary pallbearers were Johnnie Beard, H. M. Reid, John Thomas, R. O. Thomas, Fletcher Banister and Sid Endsley. Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

## OPS Specialist To Be Here June 21st

Jimmy Faulkner of the local Chamber of Commerce states that he has been advised by the Lubbock district office of Price Stabilization that Mr. Jim Morean will be in Clarendon this Thursday afternoon, June 21st. While here he will be available at the Chamber of Commerce office in the back of the Farmers State Bank building. Mr. Morean is a specialist in a certain branch but he will be able to answer most questions for the merchants of Clarendon and the surrounding towns. Faulkner stated that if Mr. Morean did not have the answer to any particular question concerning OPS he would be able to help local business men in getting the answers. The OPS price clinic program is being made available to the merchants of Clarendon and surrounding towns by the Clarendon Chamber of Commerce and the Lubbock district OPS office. Business men are not only invited, but according to Faulkner, are urged to avail themselves of the assistance that these OPS representatives can give. According to present plans an OPS representative will be in Clarendon each Thursday afternoon through July 26th.

## Booster Trip Schedule Completed

At the present time R. E. Drennan, who is in charge of the Booster Trips, June 28-29, reports that only a few have committed themselves as to what day they will go with the group. He is asking everyone who possibly can, to make one or both trips as the larger the group, the better impression that will be made. Contact Mr. Drennan or J. W. Murphy and tell them when you will go and take your car. The first tour will include Lelia Lake, Hedley, Memphis, Newlin, Estelline, Childress, Wellington, Shamrock, Lela, McLean, Alanreed. The departure time will be 8:45 a. m. and the group will assemble at the Court House. The second tour will include Goodnight, Claude, Panhandle, Borger, Phillips, Skellytown, White Deer, Pampa and Groom. The departure time of this group will be the same as above.

## CLARENDON RESIDENT TO VISIT IN SWEDEN

Mrs. Svea Jones will leave Friday to visit with her parents in Vasteras, Sweden. From Amarillo she will travel to Chicago where she will spend a week with her aunts. She will also spend a week in New York sailing July 6. The boat will make no stops from New York to Sweden taking 9 to 10 days to make the trip. After landing she will travel some 250 miles by train to the home of her parents. This is Mrs. Jones' first trip back to her native land after coming to the U. S. as a bride several years ago. She will leave Sweden for her return October 19 and arrive in the states about November 1st.

## R. T. BROWN IN CHARGE OLD FIDDLERS CONTEST

R. T. Brown is the chairman of the Outdoor Entertainment Association's Old Fiddlers Contest. Interested persons should contact him immediately. If you know of anyone who would be interested in entering this year's Old Fiddlers Contest, please contact Mr. R. T. Brown immediately and give him their names.

## Donley County Still Fortunate On Moisture Deal

Donley County farmers are still jubilant over the moisture as most all have their planting completed, crops up, and very little damage to date with the series of rains and showers that have fallen throughout the past week. Part of the showers have fallen fast but only a few farmers have reported loss of crops. The Lelia Lake area had a hard one inch rain Monday night that caused some damage but nothing in comparison with other areas where hail and water spouts have leveled crops. Crops withstood a severe blow last Friday night when a woolly cloud moved in with rolling dust from the west. The heaviest precipitation was recorded last Thursday night when 1.05 inches was measured by Mrs. J. Fred Smith at the Airport. The unofficial registered here in town was 1.90 inches. Good showers were received Friday night and again Monday night. The official total for the year at the airport now stands at 9.08 inches and 2.40 inches of that amount has fallen since June 1st. The unofficial total for the year here in town is approximately three inches more which would be around 12 inches. The moisture readings over the county vary considerably. There has been plenty of moisture to make the crops grow these hot days and the weeds are plentiful with most fields too wet to work.

## TIME TO GET READY FOR COTTON INSECTS SAYS COUNTY AGENT

It will not be long until it is time to start looking for cotton insects and county agent H. M. Breedlove says that poison can be secured from the West Texas Gin at Hedley and the Clarendon Hatchery. These two business firms have agreed to have the poison on hand. It is hard to tell at this time if the cotton insect infestation will be serious this year and that will depend on the weather situation during the summer says the county agent. The types of poison that will be used is 3-5-40 dust that will control the fleahopper, leaf worm and boll worm; calcium arsenate as a dust for leaf worm and boll worm and toxaphene as a spray for the flea hopper and leaf worms and boll worm. The county agent advises that every one keep a close watch of their cotton and when an infestation appears to call by his office for any additional information.

REV. R. L. COWAN

## R. L. Cowan Accepts Clarendon Call

Pastor of Fain Memorial Presbyterian Church in Wichita Falls for the last seven years, Dr. Robert L. Cowan has accepted a call to be pastor of the First Presbyterian Church here in Clarendon. He expects to assume duties of his new post in July. Dr. Cowan recently resigned his pulpit at Wichita Falls, effective June 1. He had reached the retirement age of 70 years in 1950 and last summer was elected for an additional one-year term, which would have expired at end of August. Dr. Cowan was chaplain of the Sertoma Club and Boy Scout Troop 24, member of the Salvation Army Board and immediate past president of the Wichita Falls Ministerial Alliance. At last annual meeting of the Northwest Texas Council, Boy Scouts of America, he was presented with an inscribed cowhide, signed by many friends, in recognition of long years of service to boyhood through Scouting and other activities. During his seven years as a pastor in Wichita Falls Dr. Cowan and his family made many friends among all congregations. He was a well known and beloved figure in the business district.

## Interest Grows In July 4th Parade

Plans for the parade for the Fourth of July are now complete and H. M. Breedlove and R. E. Drennan in charge of the parade say that twenty-six business firms have agreed to have some type of an advertising scheme of interest or float in the parade. The parade will be held one day only and that is on the 4th of July. The parade will start at one o'clock in the afternoon, assembling on the vacant lot at the north end of main street by the depot. It will come south on main street to the end of the pavement and then turn west one block and then back north and across the tracks and on to the rodeo ground. Every one is urged to enter some type of advertising scheme in the parade and every one in this section who has a horse is urged to ride in the parade and the grand entry.

## Queen To Be Chosen For Rodeo Events

The Clarendon Outdoor Entertainment Association in regular meeting Tuesday night gave in to many demands from several local sources and unanimously agreed to sponsor a Queen of the Rodeo contest in connection with the Anniversary of the Founding of Clarendon. The association appointed a committee of Mrs. Loyd Shelton, Mrs. Alfred McMurry, Mrs. Jack Brooks and Miss Ruth Richerson. Mrs. Alfred McMurry will be the Chairman. Rules of the Queen of the Rodeo Contest provide that the entrants must be at least 15 years old, a present resident of Donley County, single and be sponsored by some firm or ranch. Voting boxes will be placed throughout the downtown area where votes may be cast for your favorites. Interested entrants can secure complete details concerning the contest from any of the committee members.

## WALL FALLS IN TORNADO

RICHMOND, VA.—This picture shows several rooms of an apartment building which were exposed to the spring air (June 13) when the front of the house was ripped down by a tornado which struck Richmond, injuring 50 persons.

EXCISE TAXES

Golf green fees and tennis court charges

Rejected proposal to levy a 20% tax.

Jewelry

Extended base to include cigarette and cigar lighters, fountain and ball point pens, and mechanical pencils, and rejected a proposal to include silver-plated flatware.

Photographic apparatus and equipment

Established a flat rate of tax of 20% in lieu of the present 25% rate on apparatus and equipment and 15% on films, and exempted "business cost" items from the tax.

Radios, television, phonographs, phonograph records and musical instruments

Increased tax from 10% to 15% but upon reconsideration rescinded this action.

Exempted communication and navigation receivers of the type used in commercial, military or marine installations when sold to the United States for its exclusive use.

Refrigerators, quick-freeze units and air conditioning units

Decided not to increase tax.

Safety razors and blades

Imposed a 10% manufacturers' tax.

Soft drinks and fountain syrups

Rejected proposal to tax.

Sporting goods

Increased tax from 10% to 15% but exempted from tax items primarily used in schools, except baseballs and baseball equipment.

Tobacco

Cigarettes—Increased tax from 7c to 8c per package and rejected a proposal to exempt economy

brands from the increase.

Cigars—Decided to make no change in tax.

Toilet preparations

Exempted baby oils, powders and lotions, and toilet preparations used in barber and beauty shops from tax. Rejected a proposal to tax shampoos with a 5% or more saponaceous content, and toilet soaps.

Transportation of property

Extended the base to include transportation of oil by barge or tanker for shippers who transport their own oil.

Rejected a proposal to tax transportation of gas by pipeline. Trucks, truck trailers and buses

Increased tax from 5% to 8%

Wine

Increased present taxes on the average about 12 1/2%.

CAPITAL GAINS TAX

Holding period

Rejected a proposal to increase from six months to one year.

Residences

Adopted a proposal to recognize the gain on sale of residence only to the extent the proceeds exceed the cost of a new residence purchased within one year before or after sale of the old residence and to give the new residence the same basis as the old residence. Effective January 1, 1951.

Rates

Rejected a proposal to increase the effective rate but applied the 12 1/2% increase in individual income tax liability to the alternative tax on capital gains.

MISCELLANEOUS

Coal Royalties

Rejected a proposal to treat as capital gain instead of ordinary income.

Development Expenditures of Mines

Adopted a proposal to treat expenditures incurred in the development of mines, after dis-

covery of commercial quantities, as deferred expenses deductible ratably over the period of production, effective for taxable years after December 31, 1950.

Educational institutions

Feeder corporations—Exempted unrelated active business income derived from feeder corporations for years prior to 1951.

State universities and colleges

Rejected a proposal to tax their unrelated active business income.

Family partnerships

Rejected a proposal to validate retroactively to 1938 and tabled further consideration of this subject.

Gambling income

Rejected proposal to tax illegal gambling income at 100%.

Insurance companies

Continued for 1951 the stopgap legislation adopted in the Revenue Act of 1950 for the taxation of life insurance companies.

Instructed the staffs to continue their studies of permanent legislation for taxation of life insurance companies and to study the taxation of stock and mutual fire and casualty insurance companies.

Loopholes

Losses from hobby farming, etc.—On reconsideration, the Committee rescinded its prior action which would disallow such losses unless the taxpayer can establish by a clear preponderance of the evidence that the business was conducted for profit and not personal gratification in cases where the taxpayer has sustained an aggregate net loss in a five-year period of more than \$20,000 and in three or more of the five years the expenses exceed gross income.

Closely-held corporations

Provided that depreciable assets, sold by stockholders to the corporations be considered non-capital assets and that gains from such sales be treated as ordinary gains.

Collapsible corporations

Included in this term a corporation which is organized to convert profits from sales of inventory and stock in trade into capital gain.

Corporation split-ups

Permitted only one surtax exemption and only one minimum excess profits tax credit to a group of affiliated corporations. An affiliated group for this purpose would include a group which, under existing law, may file a consolidated return. Two or more corporations with 80% of the stock of each owned by the same person or persons would be included, and in making the determination as to stock owner-

ship an individual would be deemed to own stock held by his spouse or by a corporation owned or controlled by him, and if he owns directly or indirectly more than 50% of such stock he would be deemed also to own the stock held by his ancestors or lineal descendants.

(Continued next week)

Apparently there is some misunderstanding of the self-employed person's obligations under the amended Social Security Act, according to John R. Sanderson, Manager of the Amarillo Social Security office. Old-age and survivors insurance is not optional for people who are working for themselves in their own trade or business, or as part-

ners in such enterprises. If you are self-employed and derive as much as \$400.00 in net profit from your business or businesses in any taxable year after December 31, 1950, your social security coverage is compulsory by law.

Sanderson pointed out that the only exceptions are income derived from self-employment as owner-operator of an agricultural enterprise, and self-employment income derived from practice as a physician, lawyer, dentist, osteopath, chiropractor, optometrist, naturopath, veterinarian, architect, CPA, licensed, registered or full-time practicing public accountant, Christian Science practitioner, professional engineer, or funeral director.

As a self-employed person you do not report yourself along with your employees. Your self-employment income must be reported annually on your income-tax form 1040 Schedule C, especially revised for this purpose. Your first such report is due March 15, 1952, covering your self-employment income for the taxable year 1951 and payable along with the report is your self-employment social security tax, which is 2 1/4% of the first \$3,600 of your net business profit. If you are a partner in a business, the tax is levied

on the first \$3,600 of your distributive share of the partnership net profits, whether or not the profits are distributed.

## Requirements of The Garbage & Trash Collector

The City officials have been getting a number of inquiries and requests lately in regard to what is required of the Garbage & Trash Collector pertaining to residential district. For the benefit and convenience of those that do not know the requirements we are having published in this issue Sections 1, 2, 3, 4, 5, 7, 8, a portion of City Garbage & Trash Ordinance.

We call your special attention to the following Section II. You will note the City Garbage & Trash Collector is not required to pick up rock stones, brick bats, concrete blocks or any weighty materials.

Read Section VIII

Read Section XVI

We suggest you clip this out of your paper and file it away for future reference.

### Article II.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF CLARENDON, TEXAS, That:

#### SECTION I.

The accumulation of waste, refuse, trash and other deleterious substances on the premises of private residents, commercial institutions and in streets and alleys constitutes a public menace and nuisance and greatly increases the danger of the spread of infectious, contagious and epidemic diseases, and it is imperative and urgent for the preservation of health, safety, sanitation, peace and public welfare that proper and adequate regulations be adopted to require property owners, tenants, occupants or lessees to secure containers and receptacles of sufficient size and material in which to deposit garbage and trash for collection and removal at regular intervals.

#### SECTION II.

The term "garbage" as used in this ordinance shall be held to mean all animal or vegetable matter, such as waste material and refuse from kitchens, residences, grocery stores, butcher shops, restaurants, cafes, hotels, rooming and boarding houses, and other deleterious substances.

The term "trash" as used in this ordinance shall mean rubbish, such as feathers, coffee grounds, ashes, tin cans, paper, boxes, glass, grass clippings, leaves and tree trimmings.

#### SECTION III.

That every owner, occupant, tenant or lessee using or occupying any building, house or structure within the corporate limits of the City of Clarendon, Texas, for residences, churches, schools, colleges, lodges, commercial, business and other purposes shall provide and maintain garbage cans and receptacles of sufficient size and number, as hereinafter specified, to hold the garbage and trash that will normally accumulate on the premises.

#### SECTION IV.

That each of said owners, occupants, tenants, or lessees shall provide a container or containers for garbage of not less than ten (10) nor more than thirty (30) gallon capacity, constructed of galvanized metal or other approved material, with a tight-fitting lid or cover and with handles sufficiently strong for workmen to empty conveniently.

#### SECTION V.

Every owner, occupant, tenant or lessee shall, in addition to providing the garbage can or as hereinabove set forth, provide and maintain a suitable receptacle or receptacles for trash of not less than

ten (10) nor more than thirty (30) gallon capacity, constructed of galvanized metal or other approved material with a tight-fitting lid or cover and with handles sufficiently strong for workmen to empty conveniently.

#### SECTION VI. (cancelled)

#### SECTION VII.

The lids or covers of all containers shall at all times be kept secure and fastened so that flies and other insects may not have access to the contents thereof, and said lids or covers shall only be removed while the said containers and receptacles are being filled or emptied as the case may be.

#### SECTION VIII.

If the house, building or premises from which the garbage is to be collected and removed is adjacent to an alley, the owner, occupant, tenant or lessees of said premises is required to keep the garbage can at a point on the premises adjacent to the alley in order that it may be easily accessible to the one collecting and removing the garbage. In the event it is not practicable to collect and remove the garbage from an alley, the owner, occupant, tenant or lessee of the premises shall place the can at such point as the agent of the City shall find and designate to be the most accessible for collection and removing.

The receptacle for trash shall be placed at the point found and designated by the agent of the City as the most accessible for collecting and removing. In the event trash is of such nature that it cannot be put in the receptacles, it may be carefully placed in bundles under fifty (50) pounds or at the option of the owner, occupant, tenant or lessee of any commercial or business house whose daily trash accumulation is over one-half (1/2) cubic yards, an approved container suitably located for the collection and removal of such trash may be provided. Tree limbs, trunks, and hedge cuttings shall not exceed five (5) feet in length.

## News From The Office of Price Stabilization

Official charts of retail beef cut ceiling prices will be posted in meat shops throughout the country on June 25, says the district OPS office at Lubbock. This date for posting ceiling prices is a week later than previously announced and was finally selected as the date to allow for last-minute price revisions and distribution.

Housewives can refer to the price charts which must be posted by butchers in a readily visible place, to be sure they pay no more than the ceiling price for beef set for this area. The district OPS explained that the ceiling prices for beef cuts have been determined by geographic zones of the country.

The listed prices are for the cuts that are legally required by OPS. In addition to the posted price charts, retailers are required to have separate grades in separate trays with each tray tagged with its correct price.

New price charts showing lower prices will be effective August 1, and still lower prices will go into effect October 1. After the last reduction, beef will be selling at retail from 8 to 10 cents less, while cattle prices will be about 25 per cent higher than parity.

### Apparel Prices Regulated

Practically all types of men's, women's, children's and infants' apparel is brought under ceiling price regulation at the manufacturing level by the Office of Price Stabilization, the Lubbock district

office announces. The new manufacturers' regulation is CPR 45.

Purpose of the new manufacturing regulation which producers must comply with by August 15, is to roll back any cost margins that may have been widened since pre-Korean days, to restore normal cost-price relationships and to grant makers any needed relief from the general freeze order.

## Gabie Betts Burton Library Notes

By May L. Prewitt

A number of new books have been given to us and quite a few purchased. These will be enumerated in detail as they are catalogued. But when there is an average of seventy-five books per day issued, there is no time left to catalogue new books.

First is "Combined Operations. The Official Story of the Commandos" with a foreword by Vice-Admiral Lord Louis Mountbatten, chief of combined operations. This was a gift. A treat for those who enjoy a clean, refreshing novel is "Old Herbaceous" by Reginald Arkell. This has been on the top seller list for several weeks but I'm just now getting it. Bromfield states: "Old Herbaceous" is delightful. A book to warm the heart of anyone who loves earth and gardens." A. J. Cronin: "Old Herbaceous" is enchanting — fresh as an English spring, fragrant as sweet lavender." It is remarkable that a man of Arkell's age has such refresh-

ing thoughts. Next is "The Foundling" by Francis Cardinal Spellman. This has been advertised and given publicity in many forms, so I'll merely state you will enjoy it thoroughly, as it "radiates a spirit of love and tolerance, compassion and sympathetic understanding." It is Cardinal Spellman's first novel. He has given all the rights to the book to the New York Foundling Hospital, which care for children regardless of race, color or creed.

For little people we have Inez Hogins "The Littlest Cowboy." This is exceedingly clever. Among the books for the Junior section are: Fran Striker's "Sign of the Spiral," Clair Blank's "Beverly Gray's Secret" and the five additional Connie Blair Mysteries by Betsy Allen that we didn't have.

For three consecutive days over one hundred books have been issued each day. Our children surely read books.

All of their children met in the home of Mr. and Mrs. W. D. Shelton, Sunday for Father's Day. Those present were Mr. and Mrs. L. E. Moreman of Amarillo, Mr. and Mrs. L. T. Shelton, Douglas and Sandra, Mr. and Mrs. Sam Robertson and Sammy of Amarillo, Mr. and Mrs. Dick Shelton, Stephen, Ferol and Sherol of Memphis, Texas.

The Leathers families met in the Kinch Leathers home Saturday evening for a reunion picnic. Thirty members of these families will treasure the memory of this occasion.

**News From The Office of Price Stabilization**

Price Stabilization Michael V. DiSalle today cautioned livestock slaughterers against over-bidding for live cattle.

He warned that some slaughterers may be headed toward violations of the Office of Price Stabilization's price ceilings at the end of the June accounting period.

Unless these slaughterers stop

overbidding the price of cattle, he added, they may find themselves out of compliance with the regulation and subject to its penalty provisions, including civil and criminal actions as well as reductions in their July slaughter quotas.

"I want to go on record right now while this program is just getting started that violations of cattle price ceilings will not be condoned any more than the violation of any other price regulation," Mr. DiSalle said.

"Live cattle prices have

under ceilings only since June 4, but from the reports we are receiving some slaughterers may find it rough going when they try to "even out" during the remainder of the June accounting period.

"I want to caution them now to get back in line and to cooperate with this program."

Mr. DiSalle said some slaughterers appeared to be paying \$1 to \$1.50 a hundred pounds above ceilings. To average out in compliance with the ceilings they will have to buy cattle later in

the month at less than ceiling prices.

The regulation does not set ceiling prices on individual cattle, but it establishes a "maximum permissible price" which slaughterers on the average, can pay for animals. A slaughterer is in compliance so long as his average price paid for all cattle is at or below the ceiling at the end of each accounting period. (Generally, a month).

Slaughterers who are now paying above maximum prices are gambling on the chance of getting cattle below the maximum later in the accounting period.

OPS Enforcement Director Edward P. Morgan has instructed his agents to keep a close check on cattle sales at various markets, both large and small, and to send daily reports to the National Office in Washington.

Agents at such markets are sending in reports on the names of purchasers, disposition made of the cattle and whether slaughterers of cattle purchased, either directly or through brokers, paid more than the maximum price.

If there are violations at the end of the accounting period, Mr. Morgan said the "penalties provided by the law will be invoked."

He joined Mr. DiSalle in urging slaughterers who are overbidding for cattle to get in line so it will not be necessary to take such action.

**Veterans News**

The so-called "Free G. I. Insurance Bill" became law on April 25, 1951. This law is known as Public Law 23, 82nd Congress.

This law is divided into two parts and both will be administered by the Veterans Administration. Part I of this law pertains to the Servicemen's Indemnity which provided that on and after June 27, 1950, any person in the active military or Naval Service, including cadets and midshipmen of the U. S. Military, Naval, and Coast Guard Academies and commissioned officers of the Public Health Service and the Coast and Geodetic Survey, shall be automatically covered against death in active service for \$10,000 less any National Service Life Insurance or United States Government Life Insurance in force at the time of death. The amount of NSLI or USGLI payable at death plus the indemnity may not exceed \$10,000.

The indemnity is payable only to the surviving spouse, child or children, parent, brother, or sister. The insured may name one or more beneficiaries within this permitted class. The \$10,000 indemnity is payable in 120 monthly installments of \$92.90 per month.

Part II of this law contains provisions relating to United States Government Life Insurance and National Service Life Insurance. The main provisions of this part, as they may concern veterans at this time, are:

If a veteran once had term insurance and the insurance has lapsed, he should reinstate this insurance before the term period expires. A veteran can reinstate his insurance by paying two monthly premiums provided he can meet the physical requirements. This reinstatement can be accomplished only if his term period has not expired. If the term period has expired he can never take out any more G. I. Insurance. If a veteran reenters the military service it may be possible to take out new insurance within 120 days after his discharge from the service.

Two examples of reinstatement restrictions are as follows:

Example I—If a veteran took his original NSLI on September 1, 1943, his 8 year term will expire on September 1, 1951. This man may reinstate all or part of this policy by paying two premiums and meeting the health requirements. This can be done only if the application for reinstatement is made prior to September 1, 1951.

Example II—If a veteran took

his original NSLI policy on February 1, 1943, his 8 year term expired February 1, 1951. If his insurance was in a state of lapse on February 1, 1951, he can not take out any new insurance.

Other examples could be given but the examples above are sufficient to emphasize the importance of reinstatement, at this time, for those veterans whose term periods have not expired.

The Veterans Administration Office, located in the County Courthouse, Childress, Texas, will be happy to assist any one with their G. I. Insurance problem, or any other benefit administered by the Veterans Administration. The office is open Monday through Friday from 8 a. m. to 5 p. m.

Mrs. Addirene DuBose of Amarillo spent the week end with her mother, Mrs. J. R. Ayers and Miss Emma Ayers.

Mr. and Mrs. W. H. Skelton and children visited friends in Fort Worth the week end, returning home Tuesday.

## Miss Johnnie Johnson Becomes Bride of Bobby Tom Parker

Miss Johnnie Lorraine Johnson, daughter of Mr. and Mrs. Johnnie Johnson of Clarendon, became the bride of Bobby Tom Parker, Seaman first class, son of Mr. and Mrs. G. H. Parker of Lelia Lake, at six o'clock, Thursday evening, June 14. The wedding was in the home of the bride's grandparents, Mr. and Mrs. Will Johnson.

The altar, under a canopy of white satin, was of white gladioli and blue maroon daisies, banked with palm greenery, with blue tapers in silver candelabra.

The ceremony was read by Reverend John A. English, First Methodist Church, Clarendon.

As the tapers were lighted by Mrs. William H. Cooke, III, Rev. R. C. Bolton of Amarillo, violinist, played "Because," and during the ceremony he played "I Love You Truly." The traditional wedding marches were used.

The bride's only attendant was Mrs. Arvis Davis, her matron of honor. She was attired in a dress of natural shantung, a helmet of navy blue, navy accessories, and carried a nosegay of blue gypsophalia and pinocchio roses.

Mrs. Cooke wore white organza over satin, a white milan cartwheel hat, and white accessories.

Mrs. Johnson, mother of the bride, wore a dusty rose suit, white accessories, and a corsage of gardenias. The mother of the groom, Mrs. Parker, wore a suit of black crepe and black accessories. Her corsage was of red roses.

William H. Cooke, III served as best man. The bride was beautiful in a dressmaker suit of navy blue

trimmed with white pique. The same blue was repeated in the face length veil of her small white hat. Her only ornament, worn at the throat, was a cameo belonging to her paternal grandmother Starr. The tradition of "something old, something new, something borrowed, something blue, and a penny in the shoe" was carried out. She was given in marriage by her father.

At the reception immediately following, the bride's cousin, Patricia Clark, presided at the guest book, and Mrs. Arvis Davis and Mrs. William H. Cooke, III served cake and punch. The table was covered by a lovely white lace cloth, centered with an arrangement of mock orange, and appointed by blue candles in crystal holders. The bride's cake, made by her great-aunt, Mrs. Claude Johnson of Memphis, completed her chosen colors of blue and white.

The bride attended Clarendon Junior College and was an honor student, is a graduate of Texas Technological College where she was a member of Las Vivarachas and the Student Council. During the past year she taught in Clarendon Public Schools.

Before being re-called to the service, the groom was employed at the Palmer Motor Co. He attended Clarendon schools, Clarendon Junior College, and the University of Oklahoma.

The couple will live in San Diego, Calif.

The guests included: Mrs. Walter Beall, San Angelo; Mr. and Mrs. Wallace Smith, Mrs. Russell Clark, Mr. and Mrs. Ralph Clark, Mrs. J. B. Oxford and son, Rev. and Mrs. R. C. Bolton and family, Amarillo.

Mr. and Mrs. McHenry Lane of Pampa visited the weekend with her mother, Mrs. E. L. Lewis.

## MISCELLANEOUS SHOWER

Mrs. John Fulton, the former Miss Shirley Brumley, was honored Tuesday afternoon, June 19, with a miscellaneous shower in the home of Mrs. Rayburn Smith.

Hostesses for the courtesies were Mesdames Rayburn Smith, Jack Brooks, Joe Ritter, Bill Bromley, R. R. Dawkins and Carl Bennett. In the receiving line were Mrs. Smith, Mrs. John Fulton, Mrs. Rolle Brumley, the honoree's mother and Mrs. Harry Brumley, her grandmother.

The house was beautifully decorated with golden nasturtium, white regal lillies and golden day-lillies, carrying out the favorite colors of the honoree.

The refreshment table was laid with a lovely, imported hand-made cloth and centered with a miniature sunken garden circled with a border of gold day-lillies and maiden hair fern and featuring a small dainty umbrella of white satin and tulle which was open in anticipation of a "shower".

Cake and punch was served by Mrs. Joe Goldston and Mrs. Bill Ray, aunts of the honoree, and the cake was made and decorated by her grandmother, Mrs. Harry Brumley. It was a three-tiered white cake, elaborately decorated with wedding rings and tiny doves and topped with lillies in pastel tints, beautifully arranged on a large circular mirror. Those assisting in the dining room were Mrs. C. M. Bennett and Mrs. Sam Lowry and Miss Jo Ann Ritter.

Mrs. Carroll Brumley presided at the guest book where more than sixty guests registered.

## SARAH SKINNER CIRCLE MEETS

The Sarah Skinner Circle of the Baptist Church enjoyed a breakfast Wednesday morning in the home of Mrs. Crockett Taylor. The ladies gathered at 8 o'clock. The program consisted of Bible readings.

The house was decorated with bouquets of sweet peas. Those present were Mesdames G. C. Heath, Cap Lane, Major Hudson, R. F. Dawkins, A. W. Simpson, F. M. Barton, Clyde Butler, one visitor, Mrs. W. J. Williams and the hostess Mrs. Crockett Taylor.

## W. S. C. S. MEETS

The W.S.C.S. of the Methodist Church of Lelia Lake met Monday, June 18 at 3 o'clock at the church. Mrs. Luther Butler, president, was in charge of the business meeting with the opening prayer given by Mrs. Nelson Seago. It was discussed and decided upon to have officers training day and social at Mrs. Bill Pools Monday, July 2nd. All members and officers are urged to attend.

Mrs. J. B. McDaniel was leader for the pledge program which was carried out in the candle lighted ceremony. The topic for the program was "I Too Shall Live". The group sang "Give of Your Best to the Master", led by Mrs. Pool and accompanied on the piano by Miss Marilyn Butler. Mrs. McDaniel gave a reading "Because of Thy Great Bounty" by Grace Noel Crowell.

Mrs. Butler gave a response to this reading. Members taking part in the main topic of the program were Mrs. C. M. Meyer, Mrs. John Gillian, Mrs. W. V. McCauley and Mrs. Bill Pool. For the candle lighting Mrs. Nelson Seago was first speaker, Mrs. W. W. Jones was second speaker and Mrs. Earl Fox was third speaker. They came forth and lit the candles as they spoke. Mrs. Butler gave the closing prayer. While pledge cards were signed and brought to the altar Miss Marilyn Butler played soft music.

Members and visitors present were Mesdames W. W. Jones, W. V. McCauley, Bill Pool, J. B. McDaniel, C. M. Meyer, Luther Butler, John Gillian, L. C. Meyer, Ernest White, Earl Fox, Nelson Seago and Misses Marilyn Butler and Jean Fox.

## BIRTHDAY DANCE

Doris Crawford was honored on her 16th birthday with a dance at the Canteen Friday night, June 15. The hall was decorated in pink and orchid with several arrangements of spring flowers. The group enjoyed dancing for the evening.

Refreshments of punch, cake and ice cream were served to approximately 80 guests. Mr. and Mrs. John Henry Crawford were assisted in the entertaining by Mr. and Mrs. Cody Wilson.

## Lair-Naylor

Announcement has been made of the marriage of Mrs. Dovie Lair of Panhandle and James L. (Slick) Naylor, June 6, 1951. The ceremony was performed in the Methodist Church parlor, in Carlsbad, N. Mex., with Rev. Joe Emmanuel officiating.

Vows were exchanged against a background of white asters, gladioli, fern and candles in graduated candelabra. Mr. and Mrs. A. E. Naylor were the couple's attendants.

The bride chose a suit of navy blue complemented with white accessories. Her corsage was of gardenias.

Ben Naylor, son of the groom, accompanied J. A. Jameson at the piano as he sang, "Evening Prayer." Only close friends and relatives attended.

Following the ceremony a reception was given in the home of Mr. and Mrs. A. E. Naylor. After June 15, Mr. and Mrs. Naylor will be at home at Conway.

## HARMONY CLASS

The Harmony Sunday School class of the Methodist Church met Thursday afternoon in the home of Mrs. J. W. Murphy with Mrs. Louise Payne assisting hostess. In the absence of both the president and vice-president, Mrs. E. P. Shelton presided.

Following the business meeting a social hour was enjoyed by those present. Refreshments were served to Mesdames E. P. Shelton, Otis Naylor, John English, Cleo Farr, Eunice Buntin, Ralph Porter, and Homer Bones by the hostesses Mrs. J. W. Murphy and Mrs. Louise Payne.

PHIL PHILLIPS

**Popular Band To Play For Dance Here July 3rd**

Phil Phillips, veteran showman and band leader, will bring his well known musical aggregation to Clarendon on the night of July 3rd to play at the new American Legion Home, stated William S. Greene, Celebration dance chairman.

For many years Phil's band has enjoyed an immense following from the listening and dancing public, due mainly to the great versatility of the band. His style is essentially known as "Dixieland"—a style that has endured since the early days of jazz, and for which the band has received the greatest acclaim. However this group does not limit their talents to Dixieland music alone. Any request for "Pop" tunes will be welcomed and played to the public's liking.

This six piece aggregation is unique, in that every musician is a featured artist. Every man in the band has played on recognized name bands in the past. Phil has taken advantage of their residency in Amarillo to organize one of the most pleasing and well-received orchestras that has ever played in this part of the country.

Phil Phillips and his Dixieland Band are American Legion favorites. For the past year they have been drawing the largest crowds in their monthly appearances at the Amarillo American Legion, and were chosen to play the opening dance for Borger's beautiful new Legion Home last year.

It is a well known fact that Phil and the boys do not forget their World War II buddies; a fact shown in the records of the Veteran's Hospital, west of Amarillo. Once a month will find Phil's band blowing their hearts out to the delighted patients in the VA Hospital. During the past busy holiday season, Phil and the boys in his band were found on Christmas night sandwiching a program in for the patients at the Veteran's Hospital, and the inmates love them.

We believe Clarendon will have a treat in store for them on July 3rd, when Phil Phillips and his orchestra will play at the new American Legion Home, stated William S. Greene, dance chairman.

Mrs. Bob Land and daughters returned to their home in Brownfield after a few days visit with her parents, Mr. and Mrs. Odos Caraway and other relatives.

Guests in the home of Mr. and Mrs. Carroll Lewis Sunday were Leland Lewis and two sons of Groom, Mr. and Mrs. Floyd Lewis and son of Amarillo, Mr. and Mrs. Jack Lewis, Mr. and Mrs. W. W. Lovelady and Ronnie and Wanda Lewis, of Amarillo.

**FARM NEWS From the County PMA Committee**

**CCC TO POOL 1950-CROP LOAN COTTON ON AUGUST 1**

The U. S. Department of Agriculture announced that all 1950-crop loan cotton still under loan on August 1, 1951, will be pooled on that date by Commodity Credit Corporation for producers' accounts. The loans mature July 31, 1951.

The market price of cotton during the year was well above the loan rate for most qualities of cotton. As a result, only a small quantity—8,020 bales—was placed under loan. Through May 17, a total of 4,522 bales had been redeemed, leaving loans outstanding on 3,480 bales.

Producers may either sell their "equity" in the loan cotton or redeem the cotton from the loan and then sell it in the open market. Producers are urged to give serious consideration to marketing the cotton still under loan. At present market prices, farmers should be able to dispose of most of this cotton at prices that will give them some net profits above the loan and charges against the cotton.

The 1950-crop loan cotton not redeemed prior to August 1, 1951, will be placed in a pool, as provided in the loan agreements, and sold in an orderly manner by Commodity Credit Corporation. On final liquidation of all cotton in the pool, the net proceeds, if any, after deduction of all advances, interest and accrued costs—including storage, insurance, and handling charges—will be distributed among the producers whose cotton was placed in such pool. No payment will be made to producers at the time their cotton is placed in the pool, and after July 31, 1951, producers will not be entitled to order the sale of the cotton.

**CONSERVATION PROGRAM MOBILIZED**

Through the recent consideration of the U. S. Department of Agriculture's soil and water conservation programs in Donley county, conservation efforts are being mobilized to meet the defense needs of the county.

Services of the Soil Conservation Service and Production and Marketing Administration having to do with soil and water conservation are now being concentrated on meeting current defense needs at the same time maintaining farm production plants in good condition for continued high level production in the future.

Under PMA's Agricultural Conservation Program assistance is provided in the form of materials, services and financial aid to help farmers carry out approved conservation practices.

The Soil Conservation Service aids with technical assistance in developing and preparing specifications for locally adapted practices to encourage the most efficient use of each acre of land.

The County Agent and the County representative of the Farmers' Home Administration are also part of this conservation and defense production team.

This consolidation has served to formulate a working relationship that had been developing through the years. It has strengthened this relationship and made it possible to more directly apply available services to the needs of the county, state and nation.

**Ninety Years Behind, 100 Per Cent Wrong**

**NOTE**—Reply of Price Daniel, Attorney General of Texas, to Attorney General J. Howard McGrath's Testimony that Annexation Agreement Between the United States and Texas Was Voided by Attempted Secession. To the Members of the House Judiciary Subcommittee:

According to press reports, the Attorney General of the United States, Hon. J. Howard McGrath, testified before your committee yesterday that the Texas Annexation Agreement was voided by Texas' attempted secession from the Union, and that the contract by which Texas retained its public domain therefore was no longer in effect.

Mr. McGrath is about ninety years behind and 100 per cent wrong in this attempt to destroy the solemn agreement under which Texas entered the United States.

If there had been anything to his argument of yesterday, it is certain that Mr. McGrath would have presented such argument to the Supreme Court in the Texas tidelands case. This he did not do. Undoubtedly, his failure to mention the subject to the court was because his assistants who have studied the law and the history know that his present argument is wholly erroneous.

The truth is that the Acts of Secession by the southern states were declared null and void on the field of battle and by at least seven decisions of the United States Supreme Court. Therefore, Texas was never really out of the Union and there was no act of "readmission."

Mr. McGrath has forgotten that the United States won the Civil War to preserve the Union and to render the attempted secession null and void. President Lincoln kept the stars of the southern states in the nation's flag throughout the war, and when it was concluded the rebel states were not "readmitted." Their representation in the Congress was merely restored after their legislatures approved the 14th and 15th Amendments to the Constitution.

It might grieve my grandfathers if they knew that I am now admitting that the Acts of Secession were void, but I am sure it would please them to

know that the successful contentions of the Federal government in the 1860's are now being used to prevent that government from stealing the lands reserved by Texas in its annexation agreement.

You will find that the Supreme Court of the United States has in seven cases held that the southern states were never legally out of the Union, and that therefore all legal rights between them and the Federal government remained the same as before the attempted secessions. One of these, Texas v. White, 7 Wall. 700, specifically applied to Texas. There the Court said the United States is "an indestructible Union composed of indestructible States," and added: "The ordinance of secession, and all acts of the legislature intended to give effect to that ordinance, were absolutely null . . . The obligations of the State, as a citizen of the United States, remained perfect and un-impaired."

This afterthought by Mr. McGrath is nothing more than an attempt to justify the high-handed manner in which Federal officials are attempting to break their agreement with Texas under a 4 to 3 decision of the Supreme Court which denied the State the right to introduce evidence in support of its contract.

I urge the committee to report favorably on the bill by Congressman Walter restoring State ownership of submerged lands within original State boundaries, and thereby uphold the solemn

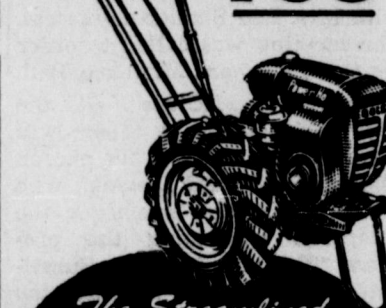

agreement between the United States and the Republic of Texas.

Mr. and Mrs. G. A. Walker of Childress visited in the home of Mr. and Mrs. H. B. Hill Sunday. Mrs. W. A. DeLaney who had spent the week end in the Hill home accompanied them back to Childress. Other guests in the Hill home Sunday were Miss Edith Amburn of Northfield, Texas, and Mr. and Mrs. Elton Amburn and Phillip of Norman, Okla.

Mrs. Bert Smith and daughter, Harlene, and Miss Joyce Eanes of Tulsa, Okla. left Tuesday morning to visit Mrs. Smith's parents, Mr. and Mrs. J. E. Parrish at Shawnee, Okla. and sister, Mr. and Mrs. Tom Eanes at Tulsa.

Mrs. H. B. Hill and daughter, Mrs. Elton Amburn and Phillip of Norman, Okla. visited friends in Childress Friday.

ENJOY SHOPPING AT THE MOST MODERN FOOD STORE IN DONLEY COUNTY—CLARENDON

Was talking to a wheat farmer,

the other day, and according to him they sure do have their troubles. Anyway, last fall it rained too much, and when he finally could get his wheat planted half of the seed dried out and never did come up. Then the green bugs and the wire worms took half of what was left. The dry weather and the freezes took another 10%. Finally the spring rains came and the weeks took over and then one beautiful evening along came a hail and took a 50% toll of what

was left. After all this trouble the wheat straightened and was looking pretty good; at least almost 10% of what he had hoped to harvest. Slowly it ripened and it was almost time for the combines to start. He had promised his creditors some relief and Mama was to get a new dress. Then it happened; what he called the last straw. He was out looking to see when he could start the long awaited harvest and the cut-worms by the droves were climbing up the stalks cutting the grains one by one and letting them fall to the ground. He lost his patience, and I don't rightly blame him. This is the actual

truth, almost. I mean this is the way it was told to me, practically. Some of the wheat farmers who tried to turn cotton farmers are beginning to let out a yell. I have no sympathy for them because I warned them to begin with. My heart goes out to the real cotton man who has studied and trained and prepared for this work, but the wheat farmer that has been used to planting a crop and sitting back and watching the calamities do the rest is not going to enjoy all the problems that face the cotton farmer. They should of listened to an old boy who cut his eye-teeth riding on

a cotton sack. Do you remember the wire ring that was made by tying a wire around a green boll in the corner of the sack and was used to weigh by; that was my teasing ring. And the folks failed to listen.

I always admired a fellow that tried to be helpful; I don't think there is a more worthwhile trait in human beings, but the following is going a bit too far in my estimation. Anyway, last week Mal Knight was passing along Polk Street and as he passed a blind beggar he said, "Say, do you want me to peddle your pencils and collect your collections while you go to a picture show." I leave it to you, isn't that going a bit far with your neighborliness, and what good would it do a blind man to go to a picture show? Not to be out done the fellow said: "Well, I ain't doing no business so we just as well both go." Every time I remember the above I almost bust my buttons. There is absolutely no stretchin' of the truth about this - Not that anyone would raise a doubt.

Can you write in the neutral gender? It seems that mine was the only response to the appeal to Tack. My problem is if you will help me we will prove who has the most readers Old Tack or Uncle Zeb. Oh Boy, a contest. Anyway, please, don't let me down, or this sick Irishman? either. They don't have a lot of papers and magazines floating around over there as we do here. The address is: Liam Hodgins,

23 Reginald St., Dublin, Eire. Actually I have written my authority on that part of the world for his opinion, and I will pass it on next week, namely, Uncle Bob Robertson from Washburn. That Scotchman with all the answers about family names. In the meantime write a letter or send a magazine or a paper to this sick person. And is Liam a name for a man or a woman in Irish???

Buick's newest engine—the F-263 Fireball—gives this year's SPECIAL the highest power in SPECIAL history

## Remember—only BUICK has a FIREBALL ENGINE

WE get a chuckle, sometimes, over all the fuss that's being made about "new engines."

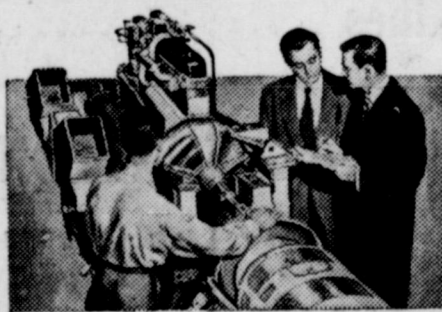

You'll note that the key feature of their design in every case is the valve-in-head principle—whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression"—and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this:

No other type of engine has ever been used in a Buick—which means that Buick owners, all along, have

When you come to check the field you'll find that there's a sweet freedom from roughness to this engine's operation—tracing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Micropoise balancing after assembly.

been getting a lot of things that others have just "discovered."

But that's not all. They get something more—vastly more—because today's Fireball Engine has one standout feature found in no other automobile.

That name "Fireball" isn't just a

trick word. It describes what happens in this engine. Inrushing fuel rolls into a swirling ball of gasoline vapor compacted around the spark plug. And when the fat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Equipment, accessories, trim and models are subject to change without notice.

From time to time many of you have helped me out to bring a little cheer to a shut-in or someone that was sad or lonely. Now I need help again. A month or so ago Old Tack published a part of a letter from a person in Eire, or Ireland wanting magazines, papers or letters. I sent this person some papers including the Weeklies that carry my column (A plug for my column). Anyhow, this week I received a letter begging for more and for some letters. This person has been bed fast with TB for 4 of the last 6 years. There is only one hitch; is it a man or a woman?

**ASHTOLA**  
Mrs. Doyce Graham

You will have to excuse the news this week if it isn't as good as usual. Why? Yes, it is a boy! Mr. and Mrs. Doyce Graham are the proud parents of a new baby boy, born Friday June 15 in the Clark Hospital at Memphis. He has been named Michael Clark and weighed 7 lbs. 12 oz. Mrs. Graham is our news reporter and we are happy to say she will be back on the job next week.

Better late than never but we wish to congratulate Mr. and Mrs. Red Hill who are the proud parents of a new daughter, born May 19th in Memphis and given the name of Neva Jane.

Mr. and Mrs. Ralph Sutton and son of Sweetwater visited this week with his sisters and families Mrs. H. A. Graham and Mrs. James Tolbert.

Mr. and Mrs. C. W. Tolleson and children of Wellington and Mr. and Mrs. Cleve Ingram and son of Amarillo visited over the week end in the H. E. Tolleson home.

Mr. and Mrs. Earl Butler and son and Mr. and Mrs. Willard

Cook and son of Borger visited with Mr. and Mrs. W. A. Poovey this weekend.

Mr. and Mrs. E. C. Dewey of Lelia Lake visited with Mr. and Mrs. Poovey Monday.

Mr. and Mrs. Johnson of Lelia Lake visited with their daughter Mrs. Vance Gray this week. Mrs. Gray and three of the children have the mumps.

Mrs. Merle Thompson and Miss Laura Mae Harp of Amarillo spent Sunday with Mr. and Mrs. C. B. Harp and Lucky.

Mr. and Mrs. Ralph Sutton and son of Sweetwater, Mr. and Mrs. Ira Sutton and sons, Mr. and Mrs. A. T. Sutton and son, and Mr. and Mrs. Deolis Sutton all of Vernon visited this week with the Harold Grahams and James Tolberts.

Linda Tolbert was brought home from the hospital Tuesday and is doing fine.

Mr. and Mrs. Sutton and three children of Elk City, Okla. have taken the Morris' place at the S J Ranch. They moved in June 12th.

Mr. and Mrs. D. L. Bullard and family of Dumas spent Sunday with Mr. and Mrs. Ben Nelson.

Mr. and Mrs. John White and Gene visited with Mr. J. B. Deaton in Claude Sunday.

Mr. and Mrs. Robert Graham

and family of Plainview spent the week end with Mr. and Mrs. J. M. Graham.

Mr. and Mrs. Roy Cornelius of Lubbock and Mr. and Mrs. H. S. Mahaffey and Frank spent Sunday with Mr. and Mrs. Dane Perdue and Wynona.

Mr. and Mrs. Lloyd Reid shopped in Memphis Saturday and visited with Mrs. Graham and the new baby.

Mr. and Mrs. Herman Morehead of Amarillo visited with Mrs. Myrtle Reed, Gail and Earl. Homer and Hall Hardin and Lynda made a business trip to Amarillo Saturday.

Mrs. Lloyd Reid accompanied Mrs. Hinkle, Stella and Amy to Phillips Friday to spend the day with Mr. and Mrs. J. F. White.

Jo Ellen and Catherine Dingler visited a few days this week with Mr. and Mrs. Warren Hardin.

Mr. and Mrs. J. P. Parker and granddaughter of Memphis spent Sunday with Mr. and Mrs. W. H. Wilson and family.

Mr. Richard Dingler and girls visited in the Warren Hardin home Friday night.

Mrs. Lloyd Reid, her mother and sisters spent Wednesday with the L. M. Watsons at McLean.

Mr. and Mrs. Tick Barbee and children spent Sunday in Claude visiting his sister, Mrs. Edd

Aduddell and family.

Mrs. Wayburn Wilson spent the weekend with homefolks. Wayburn is on a two weeks cruise with the Navy reserve at this time.

Edd Mahaffey made a business trip to Memphis Saturday.

Mrs. Kinch Leathers and Lynn visited with Mr. and Mrs. Ben Lovell Friday.

Cpl. Grady Nelson visited homefolks over the weekend. He is now stationed at Ft. Sill.

Old Timers' from Ashtola to pop call on Mr. and Mrs. Ben Lovell Sunday were Mr. Buford Stice of Amarillo, Gid Williams of Clovis, N. M., Mr. and Mrs. Clovis Cheatwood of Borger, and Mr. Emmett Jones of Stephenville.

It was a lucky thing that the Haskel Hay's were in their home instead of the cellar during the electrical storm Friday eve as the lightning struck, knocking out all their lights and broke a gas line to their stove which started a fire but by them being right

there they rushed to their gas tank and cut the gas out of the home and soon had the fire out without too much damage being done.

Rev. and Mrs. James Gilbert and family spent Sunday with Mr. and Mrs. W. A. Marshall.

Duane Hearn, Mayrene Phillips and Delbert Robertson of Clarendon had Sunday dinner with Patsy Wallace.

Mr. and Mrs. Henry Wilson Jr. have moved to the Swift ranch west of Ashtola this week.

Mrs. H. W. Lovell who has been quite ill for some time is much improved at this writing.

Mrs. Eddie McQueen and Larry of Clovis, N. Mex. is visiting in the home of her sister and family, Mr. and Mrs. L. C. Youree and boys.

**Advances Made In Search For Cure of Brucellosis**

AUSTIN—University of Texas scientists have made another advance in the search for a cure of brucellosis — the disease now costing U. S. livestockmen an estimated \$100,000,000 annually.

They have found common sulphur is toxic to brucella organisms, Dr. Vernon T. Schuhardt, University bacteriology professor and brucellosis research director, said.

Laboratory tests indicate colloidal sulphur is the toxic agent in certain amino acids and peptides, protein-derived chemicals which have been found effective in killing brucella organisms.

"The problem now is to find a way to keep the sulphur toxic when brucellosis is treated," Dr. Schuhardt explained. "Blood and chemicals in tissues tend to change the sulphur to a non-toxic state."

Brucellosis losses are particularly heavy in the dairy industry where both milk and calf production are greatly reduced. The disease sometimes infects humans who are constantly exposed to it.

Mr. and Mrs. J. H. Hurn visited the first of last week in Mobeetie with their daughter and family, Mr. and Mrs. C. J. Vandant and Joe.

Mr. and Mrs. Houston Cornelius of Kansas City, Mo., visited in the home of Mr. and Mrs. Alvin Landers and family Friday.

**The trucks that do the most for you—NEW DODGE "Job-Rated" trucks**

**...with features you've always wanted**

**More power with thriffter performance**  
You'll get power to spare—with economy to boot! Eight Dodge truck engines—94 to 154 horsepower—gives flashing performance with less fuel. For year-in, year-out economy you get 4-ring pistons with chrome-plated top rings, "hotter" spark plugs (on models through 1 ton), heat-resisting exhaust valve seat inserts, 45-ampere generator, and moisture-proof ignition.

**Better load protection...easier handling**  
Load and driver get the smoothest truck ride ever known! Revolutionary new "Oriflow" shock absorbers on 1/2-, 3/4-, and 1-ton models smooth out bumps and jolts on any road... And driving is made even safer with easy-acting, worm-and-roller steering gears also get cross-steering, shorter wheelbase, wide front tread, and shorter turning diameter.

**What "Job-Rated" means to you**  
A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require. Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed. Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

**Greater safety for both driver and load**  
Cyclebond brake lining on all models assures positive, smooth stops with long lining life—because there are no rivets! A brand-new development—Tapered Molded Cyclebond lining—is featured on all models, 1 1/2-ton and up, except air-brake models. It's extra-quiet, extra-smooth, extra-long-lasting! And Dodge gives you the added safety of all-steel "Pilot-House" cabs—with super-sized windshield, lower hood line, and relocated windshield wipers for better visibility.

**For smoother performance... longer truck life FLUID DRIVE! A Dodge exclusive**  
Available on 1/2-, 3/4-, and 1-ton models. This proved fluid coupling between engine and clutch cushions starts, protects more than 80 parts, including entire drive line. Smoother starts give added protection to your load. Driving is easier! Less gearshifting! Your truck lasts longer! Ask us for copy of free gyro Fluid Drive Booklet.

**PLUS all these time-proved features Dodge Trucks have had for years**  
Steering column gearshift, standard on 1/2-, 3/4-, and 1-ton models with 3-speed transmission. Independent hand brake for added safety. Synchro-shift transmissions engineered. De Luxe cabs (with rear quarter windows) available on all models. And many others!

Come in for a good deal on a truck that fits your job... a **DODGE "Job-Rated" TRUCK**
