## Double Main Event In First Wrestling Matches Here Saturday Night

Local wrestling fans are looking forward to the first wrestling matches to be held here Saturday night under the sponsorship of the Local Lions Club. A full program will be featured with a double main event. Whitey Walberg of Reynoldsburg, Ohio will tangle with Frankie Murdock of Waxahachie and Geo. Overhuls will have a go at Sesue Oyama of Tokyo, Japan. Both events will be two out of three falls with one hour limits. Those of you who have been keeping up with wrestling know what to expect out of these four wrestlers and will vouch that it will be a first rate affair.

The wrestling will take place in the college gym and will begin at 8:15 p. m. Saturday night. Reserved ringside seats are available at Lane & McCully Insurance office. The price of admission is \$1.50 for ringside, \$1 for general admission; 75c for students and 25c for children.

If you are not already a wrestling fan, you will be if you attend this event Saturday night. There will be plenty of excitement from start to finish.

### Public Hearing Held Concerning Closing of Gap In Highway 70

Officers of State Highway 70 Association met in Austin on February 19 and appeared before the State Highway Commission in public hearing concerning the closing of the gap in Highway 70 between Turkey and Clarendon. State Highway 70 Association was formed last fall at a meeting in Sweetwater. Officers are Cole Boswell, Turkey, President; A. C. Bishop, Sweetwater, and E. O. Wedgeworth, Pampa, Vice-Presidents and Jimmy Faulkner, Clarendon, Secretary. All officers except Mr. Wedgeworth were present for their appearance before the commission. Also appearing before the commission were Mayor Mullin and Commissioner Bush, of Turkey and Mr. W. H. Broughton, of Sweetwater.

The Association has not been advised of any Commission action as a result of their hearing as yet.

A meeting of the entire membership of the State Highway 70 Association will be called at an early date to further formulate plans in connection with the completion of the gaps in Highway 70.

### 4-H Boys Ready For Amarillo Fat Stock Show

Donley County 4-H Club members leave for Amarillo Fat Stock Show this Friday, Feb. 29th to show fat beef calves and swine. H. M. Breedlove, county agent and in charge of 4-H Club work in the county says that the boys have a good chance to make a big showing for Donley County at the show.

The sifting of calves will be on Sunday afternoon and the judging will be on Tuesday, March 4th. The sale will be on Friday, March 7th. Breedlove and the club boys will return to Clarendon on Friday evening after the sale.

Boys who will show beef calves at the Amarillo show are: Wayne Brown, Don Ray, Don Thornberry, Johnny Nash, Dick Roehr, and Troy Hamblen. Swine will be exhibited by Jerry Preston.

Every one who attends the Amarillo show is invited to come by and look over the Donley County livestock exhibits.

Mrs. Vera Smith and Lester were Childrens visitors Friday.

### Last Rites Friday For Mrs. J. E. Mongole

Funeral services will be held Friday afternoon at 2 p. m. at the First Presbyterian Church for Mrs. Margaret Hay Mongole with Rev. Paul Wright of Pezos, Rev. W. H. Foster and Dr. R. L. Cowan, officiating.

Mrs. Mongole, age 78, passed away at her home here at 4:15 Wednesday afternoon following a quite lengthy illness. She had been a resident here for the past 32 years. She was a member and an active worker of the First Presbyterian Church. She was the wife of the late J. E. Mongole.

Survivors include two daughters, Misses Edgar Mae and Maible Mongole of Clarendon and five nieces and 5 nephews.

Pallbearers will be Bill Beedy, Arthur Beedy, Archie Maness, George Beedy, Ralph Zachry and Carl Smith.

After 3 p. m. today Mrs. Mongole's body will lie in state at the family home until time of services.

Burial will be in Citizens Cemetery with the Murphyr-Spicer Funeral Home in charge of arrangements.

### "Community Clinic" Explodes With Ideas Says C-C Head

"It was an explosion of ideas" was the comment of Bob Moss concerning the 'community clinic' sponsored last Friday by the Chamber of Commerce. Local Chamber members were assisted in conducting the 'clinic' by Alden L. Cathey and Ralph E. Duncan of the West Texas Chamber of Commerce staff. Another staff member present was Jimmie Lovell, Jr. Mrs. Bonnie Metcalf and R. N. "Bob" Batten, Chamber managers from Hollis, Okla., and Childress were present as observers of the 'clinic' plan.

"Last Friday was the 'Peoples Day'—the day they told us what they wanted. All the suggestions made are being tabulated by the WTCC and will be returned to us sometime this week. When we receive this report, we will have our program of work for the year," Moss said.

Six clinic sessions were held including the student session at the school. Three hundred twenty three people attended the sessions, including 168 students.

### Rev. Howard Scott Accepts Pastorate of First Baptist Church

The Board of Deacons of the First Baptist Church have received the following telegram from Bro. Howard Scott who preached here last Sunday:

"Believing it to be the will of Almighty God and prayerfully seeking to follow His leadership, it is with all humility I accept the call of the Church."

Bro. Scott was extended a call last Sunday evening at the close of the evening service.

The First Baptist Church feels very fortunate in securing a man like Bro. Scott and they are looking forward to years of spiritual growth.

### SCHOOL ABSENTEEISM SOME IMPROVED

Absenteeism seems to be dropping off fairly well according to the last report from school officials here. The total number of absentee days for all grades last week was 203½; 106 for the lower grades and 97½ in high school. The flu epidemic settled off for awhile but it seems to be picking up again this week. This absenteeism the past week cost the local school system \$183.15.

### Mutt's Cafe Reopens After Remodeling

Mutt Graham reopened his cafe this week after being closed several days for a complete remodeling job throughout. He stated Monday that he would do several other things to the building before he was completely finished but the many truck driver customers were practically demanding that he open up, so that's what he did after finishing the main part of his plans.

Additional space was added behind which allowed the kitchen to be moved back so there would be more space for new booths and a new counter with more seating capacity. The inside of the building was completely refinished and refurnished with six straight booths and two large circle booths with cushioned seats. Flower boxes were added along the east and north-west walls which added much color. Mr. Graham stated that he had planned to remodel and enlarge several months ago but that it was hard to find a time to just close up and do the job.

### Snow & Drizzle Nets .29 Inch Moisture

The brief break in pre-spring weather over the week end brought a total of .29 inch of moisture and cold temperatures to this area. The moisture was quite welcome although much more is needed at this time. The cold weather nipped some fruit trees that had popped out in full bloom ahead of time. Warm temperatures returned immediately after the spell passed.

### ANNOUNCEMENT RESIGNATION

The resignation of Mr. and Mrs. Blevins from the Clarendon school system has been announced to become effective at the close of the present school term. They will be associated with General Allied Arts which maintains its Fine Arts Conservatories in many of the larger cities throughout the United States.

Mr. and Mrs. Blevins were formerly associated with General Allied Arts but due to conditions of World War II decided to make a change back with public school work.

Mr. and Mrs. Oscar Thomas visited in the home of Mr. and Mrs. O. D. Lowry at Hereford Sunday.

Mr. W. S. Whaley was a Clarendon visitor Wednesday.

### HALF-SHIP MAKES PORT SAFELY

NEWPORT, R. I.—Thirteen seamen who chose to stay aboard the stern half of tanker Fort Mercer, when it broke in two off Cape Cod, Mass., are planning to share salvage value as stern section makes port at end of tow line. Five in crew of 43 were lost. The rest were saved.

### Noted Magician To Appear Here March 13th

Many proclaim Prince Zogi excels even the great Houdini. This disciple of the immortal Master of All Magicians has met and associated with the most renowned Mystics and Magicians.

The Clarendon Lodge No. 1690 Loyal Order of Moose is bringing Prince Zogi, his company and their valuable equipment to the College Auditorium on Thursday, March 13th.

The Houdini Trunk Mystery alone will cause you to marvel at its seemingly impossibility, throughout the rest of your life. In his appearance here Zogi will perform the most difficult feats, bringing stupendous and fantastic sensations which have marked his showings in the great cities of America. He will produce spooky apparitions—he will, at times make your hair stand.

Zogi is a great artist, ranking with the big time performers of stage, screen and radio, and he reaches the hearts of the most humble individuals and astonishing everyone who sees his revue of magic. In addition to his more sublime mystifications, he will perform simple tricks causing the trained hand to deceive the eye without props or paraphernalia. He will pluck pigeons out of the thin air, create a colorful flower garden that covers the entire stage, cause a pair of live ducks to disappear completely.

The performance of Prince Zogi will be a treat for everyone. Kiddies of three, granddaddies of eighty and all the folks in between will leave the auditorium hoping they can again see the great Zogi.

### Rain-Making Meeting Held Wednesday

Over a hundred interested farmers, ranchers and business men attended the Rain-Making meeting at the Mulkey Theatre yesterday afternoon and heard Ford Hubbard, representative of Dr. Krick's Cloud-seeding Service, give a demonstration and talk in regard to rain-making. A number have already signed up to help out with the project in Donley County and it is hoped that everyone will make Donley County a solid block, was Lee Shaller's statement. Around five million acres is needed to make the project worthwhile he added.

A report from the Grand River Valley Improvement Ass'n in North and South Dakota showed an increased amount of moisture with less than 5% run-off this past year and a previous run-off in other years of 30% on a considerable smaller amount of rainfall. A similar condition was reported for the Guymon, Okla. area, Mr. Shaller stated.

## Youth Captured Near Caprock After Escape From Jail Here

ACHESON ADDRESSES EUROPE DEFENSE MEET

LISBON—In Portugal's ornate parliament, U. S. Secretary of State Acheson tells North Atlantic anti-Communist pact nations: "The vacuum of weakness as seen in Korea must be replaced by strength or else we will be undermined and overwhelmed." Cost of Europe defense by 1955 is set at \$300,000,000. Main questions now are the number of troops needed, and who besides U. S. will finance the vast program.

### Officers Elected For Country Club

At a called meeting of the Board of Directors of the Clarendon Country Club February 15, 1952, the following officers were elected to serve in their stated position: Frank Phelan Sr., President; W. W. Noblet, Vice President; E. O. Simmons, Treasurer; Mike McCully, Secretary.

The following committee chairmen were appointed by President Phelan: J. Alfred McMurtry, Membership; H. M. Breedlove, Entertainment; A. E. Baxter, Grounds; Willard Hudson, Pool; Willard Skelton, House.

These committee chairmen will appoint their committees, and the club members are urged to assist in any way possible when they are requested to serve on a committee.

President Phelan announced that the first goal of the year would be to liquidate the obligations of the club, while at the same time provide more wholesome recreation and entertainment facilities for the club members, their families and guests.

### UNITED COUNCIL OF CHURCH WOMEN World Day of Prayer, Friday, Feb. 29th

Women around the world will unite in prayer this Friday, the 29th on the World Day of Prayer. Services will be held at the Episcopal Church in Clarendon at 3 p. m. The church will be opened at 9 a. m. for those wishing to come in for prayer and meditation during the morning hours.

Mrs. Millard Word, chairman, will also take the program to the grade and high schools.

Mrs. David Baker referring to the World Day of Prayer in The Messenger writes, "Even the date of the day this year is suggestive. It is almost as though a pitying God, looking down upon our confusion and our discouragement, had said, 'My children, here is an extra day—for quietness; here is a day—for hope.' What wasteful mortals we would be if we did not spend this February 29, this extra day of four noisy, discouraged years, in the stillness and expectancy He offers."

In this day of world concern over atomic power let us accept the priceless privilege of uniting with Christian women around the world to prove the power of prayer and the riches of this mystery which is "Christ in you, the hope of glory." Col. 1:27.

### CLARENDON FACULTY TO PLAY McLEAN FACULTY

The Clarendon faculty will engage the McLean faculty in a basketball game tonight at McLean under the sponsorship of the Broncho Mothers Club. The game time has been set for 7:30 and the admission price will be 25 and 50 cents. Tickets are on sale by the football boys. One-half of the proceeds will go to the Broncho Mothers Club.

### New Heads For Fire Dept. Elected

The following men were elected recently to head the local fire department for 1952: Basil Smith, President; C. W. Bennett Jr., Chief; L. M. Smith, Ass't. Chief; Cecil Thomas, Sec'y. & Treas.; Noel Cudd was elected Captain No. 1 and Loyd McCord, Captain No. 2. Geo. Green who was Asst. Chief and who had been with the fire department the past 28 years retired from the force.

On account of several big fires during the past few years, Clarendon has lost a credit rating of -10 which makes the key rate for insurance at 27c at the present time. In order to get this penalty removed and a credit added will be to prevent big fires in the future. The citizens of Clarendon can help to do this to a certain extent. This was explained by one of the voluntary force as follows: "Don't everyone try to follow the truck to a fire; give the boys a chance to get there and string their hose or whatever is necessary. They have a mighty good chance of putting a fire out if they can get there soon enough and are not hampered."

The fire department is also suggesting that each and every citizen clean up their business places as well as around their homes, for trash and rubbish help cause costly fires. The fire department will be glad to come and stand by while you are burning grass around your premises if you will call the fire department.

Members of the Department are also reminding everyone that they are just about out of money for upkeep of incidentals that are not furnished for a voluntary force and they will be featuring their big St. Patrick's dance sometime around March 17th. The exact date will be announced in the near future but in the meantime they want everyone to plan to buy a ticket.

Donley County Leader, \$2.50 year

Jimmy Oakley, 17 year old youth of Memphis, Texas, is back in the county jail after sawing his way to freedom about midnight Saturday. He was picked up about 9:30 Tuesday morning between Antelope Flat and the pass going up the caprock toward Silverton, by Deputy Sheriff Truett Behrens and Noel Cudd. The youth offered no resistance when the pick-up he had stolen at a nearby farm house was stopped by the two men. Oakley's capture ended an all-night search for the youth after he had been reported seen at Quitaque. Officers from several counties joined in the search and it was estimated that Oakley had hiked about 16 miles near the road after abandoning a stolen car at the Bill Cushing ranch.

Sheriff Guy Wright stated that Oakley sawed a bar out of a window and escaped by jumping to a nearby tree. After securing his freedom, he entered the Heath Motor Co., where he took about \$40 in cash and a .32 pistol. From there he went to the Regan Bain home where he stole Bain's pick-up. His next stop was at Hedley where he picked up a set of license plates and then journeyed on to Memphis. There he entered the Foxhall Motor Co., taking a new 1952 Ford Victoria. After that he broke into the office of Arthur Howard where he took three additional guns. He spent Sunday and most of Monday in Quitaque where he was recognized and the report was made to officers.

"Oakley who was already under eight counts in Donley and Hall Counties, now faces seven more possible charges. His escape from the local jail was discovered after a Memphis officer called Sheriff Wright about six o'clock Sunday morning asking if the youth was loose as he had seen someone who looked like young Oakley. Upon investigation Sheriff Wright found where he had sawed his way to freedom.

Local officers along with a large number of searchers from other localities spent most of Tuesday catching up on their sleep as they had stayed up all of Monday night tracking Oakley. The fugitive reported that he heard different one's of the searching party talking throughout the night but he managed to stay out of sight even though he was traveling not too far from the road. He was catching up on his sleep Tuesday also - - - in a private cell.

### Public Schools Week March 2nd Through 8th

There is an urgent need for all adults, especially parents of school students, to participate in Public Schools Week. March 2nd thru 8th has been proclaimed by Governor Allan Shivers in order that we might do our bit for education.

School week is being sponsored by the Texas Education Agency. Last year was the first year Public Schools week had been observed and 721 communities cooperated in this good work, so let us be another community in the expected 1,000 communities to participate this year.

You can show your interest and appreciation for the schools, the teachers and the pupils by visiting our own schools, each building, any day next week.

A special program will be given next Friday afternoon at 2 p. m. in the college auditorium. Everyone is invited to come at 1 o'clock and visit the various class rooms before the program hour or any time that will fit your itinerary during the week.

## Morris - Hutchinson

Mr. and Mrs. W. P. Morris of Lubbock announce the marriage of their daughter, Dorothy Laverne, formerly of Clarendon, to Johnny J. Hutchinson, son of Mrs. Sophia Hutchinson of McLean.

Rev. R. C. Bolton, pastor of the Washington Avenue Christian Church, read the candlelight service in the home of the bride's aunt and uncle, Mr. and Mrs. A. J. Morris, Sr., 1513 Fillmore, Amarillo, on Thursday evening, February 14. Vows were exchanged before the fireplace, banked with fern and jade leaves, and flanked with candelabra and baskets of gladioli.

Miss Mary Jo Hester sang "Because" and Mrs. Jack K. Chancy sang "Always", accompanied by Mrs. R. C. Bolton, pianist. The two sang "I Love You Truly," and the traditional wedding marches were used for the professional.

Candles were lighted by Jack K. Chancy and Kenneth Farmer, ushers. Best man was Wilson Boyd of McLean.

Attending the bride as Matron-of-honor, Mrs. Wilson Boyd wore an orchid gabardine suit with black accessories. Her corsage was of gardenias.

The bride was given in marriage by her father. She wore a navy gabardine suit, accented with navy hat trimmed in white and navy accessories. She carried a white Bible, belonging to her uncle, M. B. Morris, topped with gardenias and showered with white streamers tied with stephanotis.

Mrs. Morris, mother of the bride, wore a black crepe dress, and Mrs. Hutchinson, mother of the bridegroom, wore a black nylon dress. Both wore corsages

of gardenias. Following the ceremony, the bridal party was entertained at an informal reception. A bouquet of white gladioli and jade leaves centered the attractively appointed table. Mrs. Beaty Hillman of Clarendon presided at the punch bowl and Miss Ida Mae Brown of Clarendon served the wedding cake.

Guests were registered by Miss Mary Jo Hester. After a wedding trip to Carlsbad, N. Mexico, the couple will be at home in McLean.

Mrs. Hutchinson was graduated from Clarendon High School and attended Clarendon Junior College. While in Clarendon, she made her home with her grandmother, Mrs. R. M. Morris and uncle, M. B. Morris. The groom graduated from McLean High School and is employed by the Boyd Ranch.

Out-of-town guests attending the wedding included Mr. and Mrs. W. P. Morris and Robert Morris of Lubbock, Mr. and Mrs. Wilson Boyd and Mrs. Sophia Hutchinson of McLean, Mrs. Beaty Hillman, Miss Ida Mae Brown and M. B. Morris of Clarendon.

### CHAMBERLAIN CLUB

The last meeting of the Chamberlain Club was with Mrs. John Heathington. The afternoon was spent in doing fancy work and visiting. Those present were Mrs. Smith and Mrs. Shields of Lelia Lake and Ruby Blackman, Laura Ivey, Emma Jean Harrison, Klyda Blackman, Vivian Allen, Mary Mann and Monty Blackman, Ann and Steve Allen, Carolyn Harrison and hostess, Mrs. Velma Heathington.

The next meeting will be with Mrs. A. O. Hott, March 6th. —Reporter.

### WOMEN'S SOCIETY OF CHRISTIAN SERVICE

The Women's Society of Christian Service closed their program of visitation with a Tea at the Methodist Church Wednesday afternoon, February 20. An inspirational program was presented preceding the social hour.

As an opening number the group sang, "This is My Father's World," followed by prayer led by Mrs. J. R. Bulls. Mrs. L. S. Griffin of Shamrock, District President, gave the Meditation. Mrs. E. F. Bartlett of Wellington, District Promotion Secretary, spoke of her work and work done in Foreign lands.

A duet was sung by Mrs. Bob Moss and Mrs. Bill Williams, accompanied by Mrs. Rayburn Smith, entitled "My God and I". The Conference Officer for Literature and Publication, Mrs. Sam Gholson of Wellington spoke on the program of Visitation. Two violin solos were played by Rebecca King accompanied by Mrs. Simons Powell. The first was a rendition of "Largo" taken from the New World Symphony. The second was the lovely old hymn, "Abide With Me." To close the meeting, Mrs. John English led the group in prayer.

Following the program a social hour and tea was held in Fellowship Hall. The table was beautifully laid with a white linen cloth. The centerpiece carried out the George Washington theme, using red Carnations, red, white and blue streamers and miniature flags. Mrs. C. E. Bairfield presided at the silver service. Others assisting with the serving were Mrs. C. M. Bennett, Mrs. Frank Phelan, Sr., Mrs. J. R. Porter and Mrs. W. C. Thornberry.

Seventy members and guests were present.

**D. L. Vaughan Announces Candidacy For Commissioner Precinct No. 2**

In making my announcement as a candidate for commissioner of Precinct No. 2, I wish to state that I have been a resident of Donley County for 8 years; two years in the Naylor community, four years at Ashtola as post master and merchant and now engaged in farming. This is my first time to ask for any public office. I feel that I am qualified to discharge the duties of the office and will put forth every effort to make you a good commissioner if elected. I will try to see every voter before election time and earnestly solicit your vote and influence.

D. L. Vaughan.

**ON VISIT TO NEW ORLEANS**

Mr. and Mrs. Emmett Simmons left Friday to visit Lt. Com. and Mrs. M. L. Skelton and attend the Mardi Gras in New Orleans. They plan to be away about two weeks and will visit the Bellin Grath Gardens at Mobile, Alabama before returning home.

She hopes to work up the "Elijah" and is interested in contacting all persons who are interested in singing.

The meeting will be held in her studio in the southwest corner of the Gymnasium. The time is 7:30.

**TO ATTEND McCLELLAN LAKE DAM HEARING**

E. O. Wedgeworth, of Pampa and Bill Stubbs, of McLean are in Pampa this week to appear before a committee studying repair of the McClellan Lake Dam. They were summoned to Washington by Rep. Walter Rogers to appear before the House Appropriations subcommittee and give first hand information of the havoc and damage to property and lives that would be occasioned by heavy rains that might break the dam.

Jake LaGrone was called to Comanche County Friday night to be with his brother, Tom LaGrone, who was injured in a car accident. Brack LaGrone accompanied his father. They returned home Sunday as Tom was improving nicely.

Mrs. Rebecca Hall of Taiban, N. Mex. spent the week end in the home of her brother and family, Mr. and Mrs. R. Y. King and daughters.

Mr. and Mrs. Gilbert Bryan and family of Claude were week end guests in the home of Mr. and Mrs. B. N. Adams.

**Warns Consumers To Watch Against Faulty Weighing & Measuring Devices**

AUSTIN—John C. White, Commissioner of Agriculture for Texas, today appealed for city and county cooperation to protect the housewife and other consumers against faulty weighing and measuring devices.

"The chances are roughly 1 out of 5 that the Texas housewife is getting her groceries weighed on a scale that is inaccurate," White commented as he released inspection figures for 1951. He said in about 1 out of 4 cases the Texas motorist is buying gasoline for his car out of a faulty gasoline pump.

"We find some instances of deliberate fraud," he said, "but most violations are the result of careless maintenance. Essentially, the inspection program is not a police action to ferret out criminals, but a service of government to see that equity prevails in all commercial transactions.

"Regardless of motive on the part of the seller, the consumer—the housewife, for example, should see that she's getting full weight and measure. If she gets short-changed, she's going to yell. She should yell just as loud if she gets 'short-weighted'."

White said these are a few things a housewife can be aware of:

A scale may be "fixed" so that the pointer is set "fast", or ahead of zero.

A clerk in a busy store may throw an item on the scale and

snatch it off before the pointer comes to rest, falsely charging for a higher weight than would be registered if the pointer were allowed to come to rest.

If a fan is placed overhead, a housewife pays for currents of air hitting the scale.

"If any housewife has a reason to believe a grocery store scale is not showing correct weight," Commissioner White said, "she can drop a postcard to me in Austin and we will make a check at once."

"Prices are high enough these days, and a housewife has a right to get all she has coming to her."

White said the State Weighers Law envisages city and county inspection programs under the authority and supervision of the Weights and Measures Division of the State Department of Agriculture. The State, under the legislative appropriations, can make only "spot" checks, in addition to providing general administration of the entire inspection program, which takes in all retail and wholesale and such other commercial weighing and measuring devices as scales in bins, oil mills, warehouses, etc.

He said eight cities — Dallas, Austin, Cleburne, El Paso, Ft. Worth, Houston, San Antonio, and Tyler—have local inspectors working under State supervision.

"These cities," he commented, "are doing a mighty fine job. The number of faulty weighing and measuring devices is substantially lower than in other cities, and the consumer has a better chance of getting all that he is paying his money for."

## News From The Office of Price Stabilization

The Office of Price Stabilization today moved to relieve the critical livestock feed situation in the Southwestern and Western part of the United States, according to H. R. Gholson, Lubbock district OPS director.

Under a revised regulation, effective March 3, processors, distributors and other sellers of cottonseed feed products who bring in feed from surplus areas are permitted to add base period transportation costs and their customary dollars-and-cents margins to the prices they pay their suppliers when they buy the products f.o.b. their supplier's place of business.

The change is contained in Revision 2 to Supplementary Regulation 31 to the General Ceiling Price Regulation to alleviate local shortage in supplies of cottonseed meal, hulls, slab and sized cake, and pellets.

Local feed supplies have dwindled to dangerously low levels in portions of the Southwest and West due to the earlier feeding of record numbers of livestock made necessary by extreme drought and insect conditions.

Because of the shortage, feed sellers in critical areas have had to bring in feed from surplus areas, creating unusually heavy transportation costs which they were unable to absorb and still supply feed at ceiling prices, OPS officials said.

According to OPS, this new regulation should enable livestock feed supplies to be moved from surplus to critical areas. Revision 2 replaces Supplementary Regulation 31, Revision 1, which became effective December 7 of last year.

Mrs. Johnny Johnson is at home and improving nicely following Oral Surgery in the St. Anthony's Hospital in Amarillo.

Clyde Butler spent last week end at Weatherford, Fort Worth and Dallas where he visited relatives and attended to business.

## Flying Game Warden Spots From The Air

AUSTIN—The story of the air arm of the Texas Game and Fish Commission is told in the February issue of "Texas Game and Fish" magazine.

It relates how Game Warden Claude Keller, flying a Stinson two-seater, not only patrols the Gulf of Mexico coast line but also serves as a flying transmitter to relay messages for his ground-pounding associates on duty inland.

Keller, who has been a pilot for more than ten years, flew an artillery spotting L-5 during the war. This background as a "grasshopper pilot", pin pointing targets for the big guns, helps him locate law violators in the Gulf as well as in nearby inland rivers.

Warden Keller watches particularly for netting in closed waters along the coast and for use of illegal equipment, and faulty oil barges that pollute the waters of the inter-coastal canal. Inland, he locates illegally placed fishing nets by noticing the corklines on the surface of the water.

Over the Gulf, Keller sometimes has to use wartime tricks to surprise offenders, such as diving out of the sun or, on cloudy days, suddenly dropping through a hole in the overcast.

Warden Keller also spies on the waterfowl hunters. He said he "doubted" if anybody ever shot at him but he recalled the times when commercial fishermen, caught cheating, threw fish at his plane. Another time he flew so low studying a violation against closed fishing waters that a boatman threw an oar at him.

## FARM NEWS

From the County PMA Committee

### ASSISTANCE LIMITATIONS

Several producers have interpreted the \$500.00 limit to mean that this amount of assistance is set aside for each producer in the county. This is not at all true. There is a limit of \$500.00 that any one producer may earn in ACP assistance in any one year in Donley County. There are nearly 1000 producers in Donley County. If it were possible for each producer to earn \$500.00 there would have to be \$500,000.00 available for use in our county. The actual amount allocated to Donley County for 1952 ACP assistance is \$58,300.00. If that were issued out to producers in \$500.00 lots then only 100 producers would benefit from any assistance. Would you be one of the 100 producers or would you perhaps come in too late for any assistance? In our county, the County Committee and Community Committees decided that no producer would be eligible to more than \$250.00 assistance on any one practice and in no case should any one producer be entitled to more than \$500.00 assistance regardless of the number of practices carried out. They worked out a budget for the Secretary and clerks to follow setting aside a certain amount out of the total allocation for each of the practices approved for 1952. When the amount of money set aside for assistance on any of the practices has been used (because the approvals have been issued) then no more approvals can be issued for that particular practice. At this time the money set aside for assistance on grass seeding has

been used—therefore no more approvals will be issued for that practice.

Perhaps the above will clear the budget problem up for some producers who have had the mistaken idea that \$500.00 is available to each producer in the county. The County Committee is charged with the duty of seeing that assistance is approved for sound soil and water conservation practices and they are truly trying to buy the most conservation possible with each \$1.00 approved for assistance in Donley County.

### AGRICULTURE VITAL TO PEACE

Agricultural production and agricultural knowledge are to play a vital role in the Nation's long-range program for building world peace, Secretary of Agriculture Charles F. Brannan said recently.

While the immediate objectives of the Nation's peace program are aimed at deterring Communist aggressors from triggering World War III, the Secretary stated, the long-range objectives are aimed at relieving the world's economic ills which are predominantly agricultural in nature.

"Scarcity of food is the world's greatest economic problem," he declared. "American food production — American agricultural know-how—and the sharing of them—these are major factors in our economic effort to bring peace and hope to the world."

### West Texas Utilities Company Wins Another Round

ABILENE—According to a Decision and Order of the National Labor Relations Board received yesterday, the West Texas Utilities Company has won another round in the labor election conducted among the company's production department employees last December.

The election, ordered by the NLRB's Regional Director at Fort Worth, was for the purpose of determining whether or not the International Brotherhood of Electrical Workers should be certified as bargaining agent.

Of the 152 votes cast, 45 were challenged. A majority of these votes were challenged on direction of the NLRB's Regional Director on the grounds that they represented votes of operators of diesel plants which the company

operated for auxiliary service in 14 towns served by the company. The National Board changed this by clarifying its definition of the "bargaining unit" as follows: "We will clarify the unit finding in our Decision which was intended to include in the appropriate unit all employees, however designated, who devote any part of their time to the operation or maintenance of the Employer's diesel engines."

Of the 45 votes challenged by the board, company, and union, the board agreed on the challenge of only 12 votes, and ordered that 3 votes be counted without further delay and without further data being required.

The board then ordered that hearings be held to determine if the remaining challenged ballots of employees could be counted as diesel engine employees under the clarified definition of the unit as directed by the board.

Quoting in part from John 18, 38, we find these words: "Pilate saith unto Him, what is truth?" Even this cruel, heartless professional politician called Pontius Pilate was confused even in these early days. Just from the evidence he could find nothing wrong in the life of Jesus, but because of the cries of the chief priest and bureaucrats of that day he had to put Him to death.

If the politician in that day was confused, how much more would be the 20th century version. Even the expense account of

### THE DONLEY COUNTY LEADER

the political buildup of today weighs 20 lbs. More than 2 million are either chief priests or scribes to the Bureaucracy.

Anyway, the above is another reason why I think the need is still greater today that we know the Truth. How can we know how to act when on every way we turn we find confusion. Our president says we must keep the peace when we have the costliest war in history per minute in lives already on our hands. They say, "Cradle to the grave" security when for every dollar of prosperity that we have enjoyed, our children will have to pay for, because it is still on the books. Not only that but we have run ourselves into debt with cheap dollars and the children may have to pay it back with costly dollars.

How about it Mr. Rogers? How about it Mr. Izzard? How about a Department of Truth? Do you suppose that some of our best minds and hearts in the country would serve on it just for the sake of our country, and for free. How about it you Readers? Let me hear from you. Would it work?

In the days of Prohibition there was so much protection buying, citizen winking and utter disregard of its enforcement that the wets used this as an argument in favor of repeal and influenced a lot of folks to vote that way. Be that as it may (We covered that in another chapter) all this graft and corruption in the Internal Revenue Department is leading to the same kind of a breakdown in peoples regard for the law. Un-

less an immediate about face is taken, within a few years it will be considered smart to be able to buy your way around your income tax, or to not pay it by evasion.

Anyway, suppose we leave politics for now. I only meant to write one small paragraph about the Department Of Truth and then stop, and I wound up with over half my allotted space used up. So begone, with the problems of the day.

Uncle Zeb's contribution to poetry: Gossip is such an awful thing That no one ought to do it. It's almost worse to just repeat Knowing there's nothing to it.

Read this somewhere: "It is not so important how old we are, but how we are old."

The other day while enjoying a cup of coffee with a couple of friends, all of a sudden I was embarrassed beyond words. Upon feeling in my pocket I found it was not there. For a fact it was "Home on the dresser." Imagine my humiliation. I fumbled and I fumbled. It was just no use. There was no way to cover up. I tried talking about the weather but their minds stayed with the subject. They continued to dilly-dally with theirs. Anyway, this will always be a lesson to me. We should never under any circumstances be caught without one in our pocket again. Such humiliation and embarrassment is unbearable. Don't ever fail to have one on you at all times for you can never tell when your associates will decide to show each other a recent photograph of their wives. My, my, anyway - -

One more word: Congress has set out to trim the budget; we can hope that the knife doesn't

slip and clip the taxpayer.

How about a word from "The Old Apostle" from the post office department in regard to the Department of Truth? For one I really miss those friendly jabs from his worthy pen that used to be ours to enjoy. What's the matter, Editors? Does Uncle Zeb take up all the room? Don't answer? I'll ring off.

### Donley County Soil Conservation District News

Bill Edens was the first to use the manure loader and spreader recently purchased by the Donley County Soil Conservation District.

The District Supervisors, in making this equipment available to local farmers were of the opinion that this loader and spreader would fill a great need in the District.

Most farmers feel they cannot afford to own this equipment for the amount of manure they produce on their farm. Now for only a nominal expenditure, any farmer may clean his lots and spread the valuable manure on his land.

Bill Edens reports that both the loader and spreader operate very nicely.

The hydraulically operated front end loader is mounted on the District-owned VAC Model Case Tractor. The rental rate for tractor & loader is \$4.00 per day for each spreader used. Also the

farmer furnishes the gas and oil for the tractor.

The manure spreader is a No. 200 McCormick-Deering 65 bushel capacity machine. The rental rate is \$4.00 per day.

The following farmers are waiting their turn to use this equipment: Harold Graham, Doyce Graham, S. J. Ranch, Coleman Shields, and Otis Ivey.

Other farmers desiring to use this equipment should contact one of the District Supervisors or leave word at the Soil Conservation Service.

Pfc. Welden E. Day, son of Mr. and Mrs. K. K. Day, Clarendon, has been transferred from Lackland AFB, where he has just completed Air Force Basic Training, to Williams Air Force Base, Chandler, Arizona. His new job, at this the nation's first jet fighter school, will be that of a clerk helper in the Squadron mail room.

were 50 sixth graders on two buses. Mrs. Hoggatt and Miss Darden, our teachers went along as did Mr. Underdown and Boyd Pipes, the bus drivers.

When we arrived it was about ten-thirty. As we went into the first room there was a collection of spurs in their cases. Also there was a number of whips, long and short. There was a forked brand off of a tree which was a rustler's favorite way of changing cattle brands by holding the rear end of his spurs with the forked brand which served his purpose of changing a brand very well.

There were many saddles of different types which were used long ago. For instance, Indian saddles, pack saddles, plain western saddles and the Northern army saddles. One of the most interesting saddles and bridles was that of Colonel Goodnight.

In the next aisle from the saddles was a statue of a horse saddled and bridled. And next to it was a statue of Colonel Goodnight which was very lifelike. Next to him was a chuck-wagon with table spoons, knives and forks in the mess drawer. There were pans over a fire made of plaster with artificial biscuits, steaks and coffee in the pots and pans.

In a little room next to his

first one were a lot of portraits, some were of Mr. and Mrs. Adair recent owners of the famous JA Ranch. There was also a picture of Colonel Goodnight, and a few more portraits.

In another room there were buffalo hides and there was also a stuffed buffalo. In a case there was a knight's clothing such as his mail, sword, lance, and shield. There was an old fashioned windmill, and a cart with big wheels in this room also. Nearby was a doctor's office and an old fashioned bedroom and living room.

In a small room across from here were a lot of guns like the following: tommy-guns, musket, six-shooters, Russian guns and a gun with a knife on it, and a Russian pipe pistol, and various other kinds.

Another room contained carriages, old Fords, a bicycle for two, a bicycle with big front wheels and a small back wheel. There was also a miniature printing press, and a large printing press of long ago.

In the downstairs rooms were stuffed birds of all sorts as well as fox, wolves, and deer.

The adjoining room contained pre-historic animals such as elephants, dinosaurs, turtles, and strange fish. In the same room natural polished rocks were on display.

I think our trip to Canyon was very helpful in history. It was not only educational but a very pleasant experience for all of us.

#### OUR TRIP TO CANYON

We left Clarendon at eight-thirty on Friday morning to visit the Canyon Museum. There were fifty-eight children and Mrs. Hoggatt and Miss Darden. Our bus drivers were Mr. Underdown and Boyd Pipes.

We arrived in Canyon and went directly to the Museum where we saw many interesting things, such as saddles used in pioneer days, guns, silver sets, many beautiful paintings, a printing press, spinning wheel, many reconstructed scenes, Indian baskets, remains of an Indian infant, and man, skulls of several prehistoric men, reconstructed skeletons of prehistoric animals, and many other things.

We left the museum at 12:00 and ate lunch at a roadside park after which we returned to Clarendon.

I thought the trip was exceptionally educational and I enjoyed it immensely.

#### OUR TRIP TO CANYON

On Friday, February 8, at eight-thirty o'clock, fifty-seven sixth graders boarded two school buses and went to Canyon to the Museum. Our teachers, Mrs. Hoggatt and Miss Darden, went with us. Boyd Pipes and Mr. Under-

down drove the buses. When we got to Canyon we went to the Museum. There we saw many interesting things. We saw branding irons, saddles, covered wagons, guns, pictures, a buffalo, buffalo skins, world's first reaper, old cars, old bicycles, a printing press, fossils, arrow heads, dinosaur, elephant, dinosaur bones, birds, different animals, an Indian baby's bones, also a statue of Chief Sky Eagle.

We went to a park to eat and on the way home I told Bob Bell to put on some lipstick. He got some from Mildred. When he put it on he began to kiss everyone. We had a lot more fun, too.

#### Truckers Clean House

The truckers of Texas are to be commended upon the splendid showing they have made in reducing the number of overloading violations.

The last Legislature increased the truck load limit from 48,000 to 58,420 pounds. The truckers adopted a policy of law observance and pledged themselves to a policy of staying within the new weight limitation. A self-policing committee, under the direction of W. W. Callan of Waco,

was created. That the industry, through this committee, has tried hard and successfully to carry out this policy is shown in figures from the Texas Department of Public Safety.

According to these figures, the rate of violations found by the Department's inspectors is 85 per cent less than it was a year ago.

The trucking industry, as represented by Texas Motor Transportation Association, has pledged its continued efforts to keep down overloading, as well as to promote courtesy and safety on the highways and generally to strive toward the goal of giving this state the best kind of truck service.

Promises are cheap—we hear many of them without having much faith in their being fulfilled—but the motor carriers' promise is backed up by a record of achievement.

It took determination and hard work to do what they have done. They have cleaned house and it appears that they intend to keep it clean.

The truck is an essential part of our transportation system, and the trucking industry has long paid a substantial amount of money every year to the state in taxes. It is gratifying to greet the truck operator as a good citizen.

### UNITED INVESTS MANY MILLIONS TO PROVIDE GAS SERVICE

Anything that helps build the Gulf South... helps YOU

Every time you light a burner on your gas range, remember that dependable natural gas service doesn't "just happen." Our company alone has invested some 290 millions of dollars in wells, pipe lines and other equipment in the last ten years to provide dependable, low-cost natural gas service. That is three times the amount we've invested for this purpose in the ten preceding years.

But we have more than money invested in the Gulf South. We have our faith in the future... our hopes for finer and greater accomplishments... our desire to share in the progress of this area.

Our interests are the same as those of all good citizens, and our rewards are the same as yours

**A. J. ROGERS**

A. J. Rogers of Childress has announced that he will be a candidate for State Senator from the newly-created 30th State Senatorial District.

Rogers now is serving his second term as State Representative from the 121st District, which includes Childress, Hall, Cottle and Motley counties.

The 30th Senatorial District was created by the 52nd Texas Legislature under the redistricting amendment to the State Constitution.

Except Thursday

The new Senatorial District comprises of Deaf Smith, Bailey, Floyd, Donley, Hale, Lamb, Collingsworth, Farmer, Swisher, Motley, Briscoe, Castro, Hall, Armstrong and Childress counties.

**In West Texan**

Rogers is a native West Texan. He received his education in the Childress public schools, where he received his high school diploma. He now makes his home and living on a farm he owns and operates in Childress County. He is married to the former Georgia Ann Scott, who is also a native of the South Plains. They have one daughter.

Rogers was raised on his father's farm near Childress, and has been interested and active in agriculture all his life. In high school days he took a prominent part in Future Farmers of America activities, and won the Lone Star Farmer degree, the high state FFA honor.

After completing high school in Childress, Rogers attended Texas A&M College, where he received his degree and was an honor student.

He served during World War II as an Air Force navigator. After three years' service he was honorably discharged and returned to farming before becoming a candidate for the State Legislature.

He was elected in 1948, and was re-elected two years later without opposition.

While serving with the 51st and 52nd Legislatures, Rogers was a leader in the fight for

taxes on natural gas exported from the state, and a strong advocate for more and better farm roads.

He also served on several important committees, among which were the Highways and Roads Committee for four years, two years on the Appropriations Committee, the Conservation and Reclamation Committee, the Insurance Committee, and was Vice-Chairman of the Agriculture Committee.

**Active In Legislature**

Rogers introduced several major bills in the Legislature, including a bill to create an experimental station in the Blow Sand District of West Texas to study and control wind and water erosion of sandy soils, and a bill to investigate the Upper Red River for water resources relating to municipal and agricultural uses.

He was co-author of, and introduced, the bill restricting the sale of drip, or casin head, gasoline.

Rogers has been instrumental in all moves of the Legislature to reduce spending and taxes.

He has been active in local American Legion affairs, Masonic activities and civic undertakings.

Rogers has announced no definite platform as yet, except to say, "It's time to quit talking and time to take action and reduce spending that drains the pockets of every Texas citizen."

**THE NEW METHOD TO HEALTH**

"I WAS UNABLE TO WALK UNASSISTED"

A lady wants other people to know her condition before and after chiropractic adjustments. Three years ago the lady began having trouble with her eyes. At first there was a burning and itching sensation, then the eyes became red and very much swollen. She was treated by the best specialist available, but received no relief. Soon her legs and back hurt so badly that she was unable to walk unassisted. She was not able to get in and out of bed without help. Six months ago friends advised her to see a chiropractor which she did and a chiropractic analysis was made of her case. The chiropractor found two vertebrae in the upper cervical region were misaligned and causing nerve interference. Adjustments were started. After a few of them she was able to go to and from the office alone. Her eyes cleared up. "NOW I CAN SAY THANKS TO CHIROPRACTIC WHICH EFFECTED A COMPLETE CURE FOR ME SO SOON."—her words.
