Local Farmer Narrowly Escapes Death In Car-Bus Accident

F. L. "Tige" Hill, prominent farmer in the Midway community, narrowly escaped death last Friday afternoon when a Continental-Trailways bus went out of control and completely rolled over the Mercury driven by Hill. Hill and a companion, F. M. Armstrong of Plano, Texas were both pinned in the Mercury which was smashed in like a crumpled match box. Hill's injuries consisted of several broken ribs, bruises and cuts and he is reported getting along nicely, and Armstrong is reported doing alright.

The bus turned over two times injuring the majority of bus passengers to some extent and several received serious injuries. Part of them are still hospitalized at Memphis and Amarillo.

The accident happened when the northbound bus attempted to avoid a tow-car which pulled onto the highway from the right. In trying to slow the bus, the driver, Marlon Wright of Amarillo, stepped on the brakes but released the brakes immediately when the bus started to skid on the wet pavement. He then tried to pass the tow-car on the left, skidded and turned over the Hill car which was coming from the opposite direction.

Ranchmen, farmers, County Agents, Veteran and Vocational Agriculture Instructors, members of Soil Conservation Service, Airplane Operators, P.M.A., Production Credit, Federal Land Bank and others are cordially invited to attend the Field Day, October 2, at Texas Agricultural Experiment Station at Spur, says county agent H. M. Breedlove.

Latest results on methods of controlling mesquite will be observed on 3,000 acres of range and pastureland. The methods used include airplane application of chemicals, ground application of chemicals and oils, hand and mechanical grubbing, brush plows, cabling or chaining, and heavy brush cutters.

Results of grazing trials will be observed and discussed on cleared and mesquite infested pastures, and on pastures light, moderate and heavy grazed, rotation grazed, seasonally grazed and upland and bottom land pastures, contour furrowing, water spreading, weed control, reseeding, fertilization and other practices will also be included.

Soil and water conservation practices, use of ensilage and beef cattle feeding work will also be reviewed.

The program will begin promptly at 9:30 A. M. and a barbecue lunch will be furnished by the Spur Chamber of Commerce at \$1.00 per plate.

Breedlove says that every one who is interested in making this trip to contact him so that arrangements can be made for transportation and find out how many cars will go from Donley County. It is planned at this time to leave the office of the county agent around 7:00 A. M. on the morning of the second of October. The tour of the Experiment station will probably be over around four o'clock in the afternoon and will give every one time to get home at an early hour.

BAND AND ORCHESTRA PARENTS OPERATE CONCESSION AT BALL GAMES

Football season is with us again! Mr. W. A. Riney, president of the Band and Orchestra Parents organization announced this week that the concessions stand would be in operation as usual this year with the first game played Friday night.

The public is invited to come early and have that supper or late snack at the game. Hot dogs, cold drinks, coffee, candy, gum and cigarettes will be on sale at each home game.

The organization will appreciate your support. All proceeds taken in go to defray expenses of the band and orchestra as supplies, upkeep on uniforms, transportation expense when a bus is used to take the group to out-of-town activities, and that big item of contributing to the pay of the bandmaster's salary every month of the year.

Help us build a bigger, better band!

Local Club To Meet Amarillo At Groom In Pennant Go

The Clarendon baseball club will play the Amarillo Sports the first of a best two out of three game series, at Groom Sunday afternoon to determine the winner of the Caprock League. Amarillo defeated Vega 18 to 1 last Sunday to retain their top position and also have the choice of location for the first game. The second game will be played here at home and should a third game be necessary, it will be played at Groom.

The Clarendon team is looking forward to the game and say they will use everything possible in the way of first class ball playing, to win the game. Amarillo is a hard bunch to defeat but the locals proved that they could by defeating the Sports when they met here the last time. Local players are hoping for a sizeable rooting section to go along next Sunday to give them that moral support that always helps considerably.

Revival Services At First Baptist Church To Begin Sept. 14

The Revival Services at the First Baptist Church will begin Friday, Sept. 14 and will continue through Sept. 24. The time of services has been set at 7:20 each morning and at 8:00 in the evening. These early morning services have been set in order that those who work and attend school may attend the services before they go to work or school. The service will be for a brief 30 minutes and will close at 7:50 which will give time for workmen to get to their places of work by 8:00. It will be a service where each one is expected to come as he goes to work so that he may be ready for work when the services have ended and can go directly from services to his work.

Another special feature of the revival is that each Department of the Sunday School will meet at 7:30 each evening for Bible Study and Prayer. This 30 minute period will be one that will help each member of each Sunday school department and class. Each of the workers will be present with the members of his class just as he is on Sunday morning.

"We invite all people everywhere to attend these special revival services and receive a blessing with us from the Lord," stated Rev. L. A. Sartain, pastor.

Unofficial information on the two wildcat wells on the JA is that the No. 1 well is around 5,500 feet and the No. 2 location is 6,000 or below.

Brandon is manager of the gin and reported that a premium of \$112.50 was raised and presented to Mr. Gillespie. The finished bale of ginned cotton weighed 476 lbs.

The hot dry weather is causing cotton in this area to pop open and considerable ginning is expected within the next two weeks.

Notice of Farm Bureau Meetings

A district Farm Bureau meeting will be held in Wellington at the community building at 9:30 a. m., Monday, Sept. 10. Also in Amarillo at the Herring Hotel at 9:30, Tuesday, Sept. 11th.

HUNTING VIOLATORS REPORTED WITH OPENING OF DOVE SEASON

There apparently are a number of hunters who still refuse to follow the game laws. This was displayed the past week end when several out-of-town residents were turned in to officers for shooting from a public road and also for shooting quail. If you plan to hunt, enjoy the sport more by staying within the law.

Who Has The Largest Watermelon In The Clarendon Area?

The largest watermelon in the Clarendon area is being sought by the Chamber of Commerce and the Leader thru the "Watermelon Contest" which closes at 4 p. m., Saturday, September 8. Weather conditions of the past few weeks are expected to reduce the size of the melon that will win the contest. The Leader is offering a three year subscription to the exhibitor of the largest melon, a two year subscription for the second place winner and third place winner will receive a one year subscription.

Don Blair, who formerly lived in this area and is now working for Douglas Aircraft in California, bragged about Clarendon watermelons and the Californians he works with doubted his remarks. He has asked the Chamber of Commerce and the Leader to help him prove his statements by sending him a watermelon. California melons are small, very small, and one of our forty or fifty pound melons looks like a giant to them.

The winning melon will be shipped to Blair in California by air express by J. W. Murphy of Murphy-Spicer Funeral Home. A special trip will be made to Amarillo to place it on the plane.

Bring your melons to the Chamber of Commerce office, behind the Farmers State Bank, anytime Thursday afternoon, Friday and till 6 p. m. Saturday. The winners will be announced at that time and the melons exhibited for the remainder of the afternoon.

Master Magician Coming to Clarendon Next Thursday

The "Now you see it, now you don't" art of Zolo, Master Magician and Company, will be on display next Thursday night at the College Auditorium when the star opens his show of "20th Century Phantasies." Zolo is being sponsored here by the local Lions Club.

For theater-goers who like magic reviews, the appearance of Zolo and Company is an adventure into the impossible. The present trend has been toward the sleek and sophisticated trickery which requires slight of hand at close distances. The large, full evening show has taken a back seat in the present magic world.

Zolo is unique at the moment, in that he presents a performance that runs a full two hours and utilizes over a ton of equipment. Of course, there are the small deceptive effects which are a highlight of the master's show.

Some of the high spots in the show are "Where Do the Ducks Go?" "The Dancing Handkerchief," "The Girl Without A Middle," "The Girl Burned Alive," "The Drum of the Nile," and the ever-popular and beautiful "Fantasy in Flowers."

Zolo is a master in his field and his artistry and skill of presentation all rolled up with the dramatic touch make the "20th Century Phantasies" one of the most entertaining two hours you have ever witnessed.

CONG. WALTER ROGERS TO SPEAK HERE TONIGHT

BRONCHOS TO PLAY GROOM IN OPENING GAME FRIDAY NIGHT

Coach Tom Harrell reports the Bronchos to be in pretty fair shape for their first game of the season here Friday night with the Groom Tigers. The game time will be 8 p. m.

The Broncho squad will have a number of experienced players but the team has a light weight average. They are expecting a tough game with the Tigers as Groom has been picked as one of the big guns in District I-B this year.

It has been announced that there will be no parking of autos inside the stadium this year and that a special parking lot has been prepared directly south of the west end of the stadium, only a short distance from the south gate which will be the only admittance gate open. The north gate will not be open to the general public. Admission charges will be 75 and 40 cents.

The probable starting line-up for the Broncs, starting at left end:

Murff, Tatum, Bain, F. Clifford, James, J. Clifford, D. Robertson; in the backfield will be Hall at the quarterback slot, Meyers at full, Mooring, left half and Hearne at the right half position. Leftew will be substituting at the fullback and half back positions.

School Enrollment Numbers 706

Enrollment in the Clarendon Public Schools has held its own pretty well compared with a year ago. The total in all departments including the college is 706. C. R. Brown, principal of Jr. High, reported there were 458 students in the two lower grade buildings.

298 enrolled in Elizabeth Stevens Ward and 160 in Jr. High. Mr. Drennan announced a total of 183 in high school and 65 in Jr. College. The number of College students usually climbs to around 80 each year. The total for all three buildings last year was 737 at the beginning of school. This total is about 30 students under last year but a number of students usually get started late and when all register the total should be around the same as last year.

Donley County Leader, \$2.50 year

It was decided some time ago by the Retail Merchants Committee of the Chamber of Commerce to hold a Value day event in Clarendon with as many local merchants participating as possible. This week end—Friday and Saturday—marks the first appearance of Value Days in Clarendon under this new program. In this issue of the Leader you will find a complete four-page section with forty merchants listing their extra special values for the two days of extra savings that may be enjoyed by visitors in this entire trade area.

Value Days is expected to draw a large number of visitors due to the bargains that are being offered by participating merchants. If you are not in the habit of reading bargain advertisements, it will pay you to look through this issue of the Leader. Practically every type of business is represented, giving a much wider variety of items to select from.

Communities Start Work On Exhibits

The Donley County Fair, Horse Show and Races to be held in Clarendon on the 21st and 22nd of this month is close at hand and county agent H. M. Breedlove says that fifteen communities have started to work on their community agriculture exhibits.

The fair this year will have the following departments: Horse show, Races, Community agriculture exhibits, Home economics Department, Flower Show, Merchants department, Poultry show, rabbit show, swine show, sheep show, and the dairy show. Committees are working on their various departments and it looks as if this will be a big year for the county fair.

The catalogue will go to press this week and the advertising in the catalogue is the way that the county fair is financed. When you read the catalogue and see the ads by the different business firms of the county, you will know that they have helped to make the county fair a success.

Breedlove will get products from the county fair to set up the county agriculture exhibit at the Tri-State Fair in Amarillo which starts on Sept. 24.

Next week the Leader will have the names of those at the head of each department and all in charge of each community agriculture exhibit.

Soil Conservation District News

Kermit Evans, south of Ashtola, was the first farmer to try out the row seeder purchased by the District. Evans drilled Austrian winter peas in his cotton middles for cover and soil improvement.

"This is just the machine we cotton farmers have been needing," Evans said. "And it doesn't damage the cotton at all," he continued.

Each farmer who has requested to rent this drill will be notified when he is to receive it and he will be expected to use it with as little delay as possible in order that the maximum number of acres can be planted. Others

desiring to use this machine should advise the Soil Conservation Service at once. Some farmers have stated they will seed cover crops in their cotton middles with a conventional grain drill by removing as many as necessary of the disc openers to miss the cotton.

Others have indicated they will use the old type one-row drills which are successful especially when the cotton is not too rank as is the case this year.

Whatever the method the important thing is to seed cover crops of rye, wheat, Austrian winter peas, or hairy vetch this fall on all land that would otherwise blow next spring.

We must protect our land from blowing. We cannot afford to lose anymore of our precious topsoil!

Hunt - Lovell

Louva Hunt, daughter of Mr. and Mrs. Ernest L. Hunt, became the bride of James R. Lovell, son of Mr. and Mrs. Ben Lovell, of Ashtola, Saturday evening, September 1, at the First Baptist Church. Dr. Stanley W. Hayne read the double-ring ceremony, assisted by Rev. L. A. Sartain.

The ceremony was performed before an arch of greenery and fall flowers. On either side were arrangements of white gladioli against a background of tree fern and lighted cathedral tapers.

Mrs. Jim L. Scott, organist, played a prelude of nuptial music and the traditional wedding marches. She also accompanied Miss Nancy Scott, who sang "Because," "At Dawning," and "The Lord's Prayer." John Hunt, uncle of the bride, played "Traumerel," as a violin solo, accompanied by Mrs. Scott. The candles were lighted by Jinna Sue Bain.

Miss Lynne Scoggins, of Berger, cousin of the bride, served as maid of honor. Her gown was ice blue net over taffeta, styled with a molded bodice and full skirt. Her mitts and sweetheart hat matched her dress. She carried a circular bouquet of yellow gladioli and lily of the valley.

The bridesmaids, Miss Jo Ann Ritter, Miss Patsy Wallace, both of Clarendon, Mrs. Thomas K. Vandiver, and Mrs. R. E. Beard, both of Amarillo, wore gowns identical to that of the maid of honor. They carried bouquets of gladioli and lily of the valley.

The bride, given in marriage by her father, wore a gown of white slipper satin designed with

a fitted bodice fastening in the front with self covered buttons and coming to a point at the waist. Attached to the pointed bodice was a full gathered skirt terminating in a chael length train. She carried a cascade bouquet of white sweetheart roses centered with a gardenia and surrounded by a shower of love knots and tube roses.

Mrs. Hunt, mother of the bride, wore a grey pongee dress with grey and pink accessories. Her corsage was of pink rosebuds.

Following the ceremony a reception was held in the home of the bride's parents. The bridal table was laid with a white hand drawn linen cloth and centered with a tiered wedding cake. A floral arrangement of blue and white, the bride's chosen colors, carried out in a love bird motif formed the decoration. Miss Jeanne Scoggins of Amarillo registered the guests; Mrs. Joe Ritter served the cake and Mrs. M. C. Goodner presided at the punch bowl.

For the wedding trip to New Orleans the bride chose a dark ochre flannel suit. Her accessories were copper brown and black and her corsage was of gardenias and white sweetheart roses.

The bride was graduated from Clarendon High School and attended Clarendon Junior College and Southern Methodist University where she received a Bachelor of Arts Degree in June and where she was a member of the Women's Self Governing Board and Delta Sigma Pi, Spanish honorary society.

Number 18-Year-Old Texans Failing To Register Is Increasing

AUSTIN—The number of 18-year-old Texans failing to register under the federal draft law is increasing, Brig. Gen. Paul L. Wakefield, state Selective Service director, said here recently. State draft headquarters records indicate that registration has been falling off since the end of March. General Wakefield estimated 2,000 to 2,500 18-year-olds currently are unregistered.

"We've been watching this situation closely since late spring with the hope that the trend would stop," the state draft director said. "We've asked the local draft boards to act under a provision of the regulations whereby a letter will be sent to men in their communities suspect of being delinquent under the law."

General Wakefield reminded males subject to registration of penalties if convicted of failure to comply with the law. He quoted from a section of the law providing maximum penalties of fine up to \$10,000 and imprisonment up to five years.

Under the draft act, all 18-year-old males are required to register with the nearest draft board on their 18th birthday or within five days thereafter.

"It's up to local boards whether or not they want to turn any man over to federal district attorneys for prosecution," the state Selective Service director said. "Our board members are patient, considerate men, and usually give a man better than a fair chance, if he's willing to co-operate."

"If the registration record doesn't improve within the next two or three months, we're going to advise the boards to be a little tougher than in the past. After all, the man who doesn't register on time isn't pulling his share of the load our people are carrying. He isn't being fair to the man who does register on time."

"A man is dealing fairly with his neighbors if he obeys the law just as they do. We hope parents and public-spirited citizens will keep 18-year-old men reminded of their responsibilities under the law," General Wakefield concluded.

Is The Government Practicing What It Preaches?

ABILENE—While the Administration has repeatedly appealed to the nation's consumers to help combat inflation by putting off buying whenever they can, Federal government has been making such purchases as 68,000,000 can openers since the start of the Korean campaign a year ago. There are about a million and a half men in the Army.

This is brought out in a recent report by the taxation and legislation department of the West Texas Chamber of Commerce. The report points out that the President has told business men to avoid piling up inventories, to increase efficiency wherever possible, and to keep prices down; that he has asked employers to conserve manpower and urged all to work harder and longer, and to forego wage increases or more profits.

The Federal bureaucracy obviously does not want to play on the nation's anti-inflation team, the report states.

Some examples of Federal purchasing of goods: Army Ordnance recently purchases 6,000,000 gallons of paint in quart and gallon cans. This

Uncle Sam Says

Your Series "E" Defense Bonds are better than ever. You may now hold them another 10 years which means that in 20 years you will get 33 per cent more than your original investment. For instance: A \$75 Defense Bond purchased today will equal \$100 in 10 years and in 20 years it will equal \$133.33. Invest today for your future financial security by signing up for the Payroll Savings Plan where you work. If you don't save regularly, you don't save at all. U. S. Treasury Department

was a full year's requirement, but the Army sought delivery in 60 days. This huge order for paint in civilian-size cans, rather than in 5-gallon cans, was criticized by paint suppliers, and admitted as unwise by the Army.

The Army set up a requirement of 4,636,000 web belts for 1951. This is three belts per man, although only one is issued per man per year. Its 1951 requirement for combat boots was set up at 11,753,000 pairs, although the total consumption was estimated 4,800,000 pairs.

Last January the Quartermaster Service bought 5,000,000 pounds of oleomargarine at 25 1/2 cents a pound. At the very same time the Department of Agriculture was selling 5,500,000 pounds of surplus butter to Italy at 15 cents a pound.

Reports of the Byrd committee show that the number of civilian employees on the Federal payrolls had jumped 2,184,681 on December 31, 1950 to 2,409,121 as of April 30, an increase of 224,440 in four months. This means that the Government has been filling new positions at the rate of 1,870 per day, every day in the month.

Recently an official of the new Defense Transportation Administration reported that that agency is "stockpiling" stenographers "against the needs of the future."

Mr. and Mrs. Louis Southall and Mrs. Ida Couch visited in Pampa and Amarillo Sunday.

Mr. and Mrs. L. G. Doshier of Okla. City visited the Doshier's here over the week end.

People who will "Argue with a signboard", usually don't have much else for company.

Uncle Bob Robertson sends me the story about the time that court was going on in the little town and all the hotels were crowded and the Judge had to sleep with an Irishman. The Judge said: "Now Mike, you ought to feel honored, in your old country you would never live to sleep with a judge." "And," said Mike, "In me old country you would never have lived to be a judge." Thanks Uncle Bob.

Recently attended a talk by a representative of the United Dries. It was said that everyone had to check their bottles at the door. Cecil Waggoner was so embarrassed because he didn't have a bottle that he swears he went on back home.

I guess one of my pet peeves is toward folks who are prejudiced. Sometimes I wonder if I am prejudiced against folks who are prejudiced. Isn't that possible? According to a statement in Dr. Hill's column there are

300,000 alcoholics in Texas and they cost the people \$800.00 each annually. This adds up to \$240,000,000 and is much more than is spent on education including the institutions of higher learning. Also, quoting from Dr. Hill "One out of each 17 1/2 users becomes an alcoholic." These are some facts that the liquor industry never tell you "Belongs" in the home.

Notice where a furniture dealer from I believe Dalhart is planning on running for president. And why, I wonder, wouldn't this be a good idea? Wonder how he would like a farmer and a columnist for a running mate, or does he really want to be elected?

Of all the troubles great or small The greatest are those that never happen at all. —from the W.O.W.

Sophistication is the art of admitting that when the unexpected happened it was just what you had anticipated.

Just give me a man With a million or two, Or one who is handsome Would happily do, A dashing young fellow Is swell any day, Or one who is famous Would suit me okay. But if the man shortage Should get any worse, Go back to the very First line in this verse. —Still quoting from the Woodman magazine.

One reader was insistent that I should quote more from the \$2.98 joke book. He implied that most anything would beat the things that I tried to think up myself. Anyway, here are a few more:

No. 14 "Johnson is so conceited." "Yes, on his last birthday he sent a telegram of congratulation to his mother."

No. 29 "Since he lost his money half of his friends don't know him anymore."

"And the other half?" "They don't know that he has lost his money."

This makes five that we have used out of the book. There are 10,060 more to go. Do the readers still think the book was a bargain?

Gabie Betts Burton Library Notes

By May L. Prewitt

We purchased "Catcher in the Rye" by Salinger. It is certainly "not for a conservative library", and to think the author was ten years writing the book. It doesn't pay to believe all the comments in regard to books as the cost was \$2.25. It is a Book-of-the-Month Club selection. Then we purchased "The Mango on the Mango" Tree, a novel by Archbishop Mathew. This is an account of a motly and interesting group of passengers on a transport plane across Africa. It should be worth while.

"I Can Fly" is an award selection of early spring—a little Golden Book. It is quite attractive and on a level that will appeal to children. Sue Phelan gave us two of her story books that will be happily read by little people. Our periodicals are enticing

This week as we have received some more current issues. The "Consumer" has a good article on lawns and the "American Home" has two articles in regard to keeping lawns, and one that tells quite a bit about lilies. It is by Alan Mac Neil and is entitled "Let's Go Shopping For Lilies." For boys in the periodical list we are showing "Air Trails," "Skyways," "Flying" and "Open Road."

During June, July and August the Library issued a total of 5255 books and periodicals. Now stop and consider our population, and you will realize how essential it is to be prompt in return of the material issued you, as we can't supply the demand for reading material. September and until the middle of October will not be so busy as children read some from the school Libraries now.

Mrs. Lewis Youree and her sister, Mrs. Winifred Middleton of Memphis visited the weekend with their brother and family, Willard McQueen, at Lubbock.

CELEBRATE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. William Mc Elreath Montgomery held open house at their home Sunday afternoon, Sept. 2nd, celebrating their Golden Wedding Anniversary.

Sarah Edna Smith was married to William Mc Elreath Montgomery on Sept. 4, 1901 in the Presbyterian Church by the pastor, W. P. Dickey. They were the first couple to be married in the old Presbyterian Church which was located on the corner where the M-System Grocery now operates. Miss Lee Patton was a bridesmaid and Miss Elizabeth Stevens was a guest at the wedding.

Mr. and Mrs. Montgomery had seven children. Four are still living.

Mrs. Montgomery came to Donley County in 1898 from Tennessee. Mr. Montgomery came to Hall County in 1890 from Grayson County and has been active in farming and ranching in Hall and Donley Counties since that

time. During the reception hours, guests were registered by Sherry and Carolyn Montgomery.

The beautiful appointed table carrying out the Golden anniversary theme was presided over by Jo Anne Montgomery and Doris Louise Smith. All four girls are granddaughters.

Music throughout the receiving hours was provided by Mrs. J. H. Howze, Jimmy Dean Howze, Howard Stewart, and Doris Louise Smith.

Mr. and Mrs. Montgomery were assisted in welcoming many friends and relatives by their children, Mrs. Edna Smith, Mr. and Mrs. Bill Montgomery, Mr. and Mrs. Joe Montgomery, and Mr. and Mrs. Paul Montgomery.

Mrs. Della Mahaffey and Mrs. Mary Clayton were visitors in the home of Mrs. Edith Longan Friday. Mrs. Mahaffey remained thru Sunday.

Mr. and Mrs. J. C. Longan and Peggy of Pampa visited relatives here the week end.

ATTEND SHRINERS CEREMONIALS

The all state Shriners Ceremonial was held in Amarillo Thursday thru Saturday of the past week with seven Temples in Texas represented and 3 in New Mexico. Among those attending all or part of the program were Geo. Thompson, L. L. Wallace, Homer Estlack, Lee Bell, Mr. and Mrs. Charlie Bairfield, Mr. and Mrs. Heckle Stark, Mr. and Mrs. Frank Thomas, Mr. and Mrs. Simmons Powell, Mr. and Mrs. Ed Hodges and Alfred McMurtry.

Mrs. Pauline Wilson and Jane of Paducah visited last week with her parents, Mr. and Mrs. Cap Lane.

H. B. Hill and son Paul Hill of Dumas, and Elton Amburn of Norman, Okla. made a business trip to Carey Sunday afternoon.

FARM NEWS

From the County PMA Committee

COTTON FARMERS URGED TO CHECK LOAN PROGRAM

Donley County growers are urged to consider carefully the advantage of using the CCC cotton loan program this year.

The loan program was established so that the farmer can receive substantial cash on his cotton after harvest and yet retain title so he can take advantage of any future price increase. The decision is up to each cotton producer. However, the loan program is most effective in spreading out marketings when more farmers use it.

The U. S. Department of Agriculture recently announced the 1951 loan program in which the average loan rate for Middling 15/16 inch cotton produced in 1951 will be 31.71 cents a pound.

Farmers are very fortunate to have a loan program at this particular time. It means that they will not have to market their cotton at picking time to get some ready money. The grower retains title to the cotton and can sell it any time it is to his advantage. Demands on the 1951 crop together with a large number of farmers taking advantage of the 1951 CCC cotton loan program—could result in a strengthened market during the months ahead.

1951 cotton loan information and forms may be obtained from any CCC approved warehouse, lending agency, or at the county PMA office.

NEWS ITEMS NEED TO BE TURNED IN EARLIER

Again we have been confronted with trying to squeeze in news items, society items, etc., that have arrived late here at the Leader office. Please phone in your items or leave them here at the Leader office just as soon as possible after the news is created. Phone 418 to turn in personal or society items and 386 for items of general interest. Your cooperation will be appreciated by the Leader force and by those who enjoy reading the news items.
