The Punch That Finished Louis

NEW YORK—Hard-punching heavyweight Rocky Marciano lands the last of a flurry of blows that sent former champion Joe Louis to the canvas in a technical knockout which fistic experts agree finishes Louis' career. End came in eighth round.

Bronchos To Meet Canadian Wildcats Here Friday Night In Top Game

The Bronchos made a big step in 1-A conference play last Friday night, moving into second place after defeating the Lefors Pirates 19 to 6 and they will be putting forth everything they can muster to defeat the number one team, the Canadian Wildcats, on Broncho field tomorrow night. The boys from Canadian will be a tough bunch to handle and the Bronchos will need to play top football the entire game. The main player to stop will be Schaefer, 220 pound pile driver, who has left a trail of high scores in all of Canadian's previous games this season.

The Bronchos have dedicated their game Friday night to Frank Jones, Broncho lineman, who received a broken arm in the game at Lefors last week. This game has also been referred to as the homecoming game and the Football Queens will be crowned. Co-Queens will be crowned this year instead of the usual one. The ceremony will take place before the ball game starts. The voting remained a tie after three days voting and it was decided to have the double-crowning and make all voters happy. The Queens are June Star Allred and Mary Lou Barker. Their escorts will be the 1951 co-captains, Arlis Mooring and Guy Lynn Tatum. Their attendants and escorts will be Shirley Ann Morris, Delbert Robertson, Sandra Bownds and Mike Murff.

Even though the Bronchos have dropped two games this season they have a mighty good record compared with the teams they have played. They have played seven games and run up 104 1st downs to their opposition's 81, gained 1,637 yards rushing against 1138, gained 334 yards passing against 243 and scored 120 points against 68 for their opposition. Canadian has a scoring record also and the Bronchos will go on the field Friday night with a big challenge from local fans to deflate the visitors to the once-beaten rank.

Model Wins Paternity Suit

NEW YORK—Fashion model Anna de Falco and her son Nicky, 6 months, frolic in glee after Prospero Namorato, reputedly rich toy manufacturer, was adjudged boy's father and ordered by court to pay his support.

Clarendon Gridded Declared Ineligible

Editors Note: The following article was taken from the Amarillo News sport page Wednesday morning and is self explanatory in regard to the ineligibility of Arlis Mooring, outstanding Bronco halfback, who was also chosen as the News-Globe player of the week for his performance on the field against Lefors last Friday night. This incident in no manner casts any reflection toward Mooring, for he has put forth many hours of hard training only to see them taken away by an interpretation of the Interscholastic League rules. A meeting has been scheduled for tonight at McLean in regard to other teams in District 1-A.

"Clarendon High School yesterday forfeited four of its seven football games this season when school officials discovered that Arlis Mooring, regular left halfback, has been ineligible to participate in Texas Interscholastic League athletics this year.

Supt. Logan Cummings of McLean, District 1-A chairman, said "Clarendon initiated an investigation after Lefors had questioned the boy's eligibility."

When Clarendon officials discovered Mooring's status, according to Cummings, they willfully forfeited four of the five games the Bronchos had won this season.

Clarendon's victories include non-conference wins over Groom and Claude, and District 1-A triumphs over Wheeler, McLean and Lefors. The Bronchos have lost a district game to Panhandle and a non-conference game to Memphis.

Against Groom in the season opener, Mooring did not play because of an injured hand. That score will not be affected.

Mooring, a 17-year-old senior, had been moved up one-half grade when he transferred from the rural Goldston grade school to Clarendon High School.

A "B" student, Mooring was advanced in order that he might start a grade in the fall semester. Tom Harrell, Clarendon football coach, said the half grade that Mooring skipped had not been counted in his 10 consecutive semesters of athletic eligibility. TIL rules specify that a player may participate in athletics for 10 consecutive semesters only.

Mooring was on the Clarendon basketball roster in 1947, when he was 13 years old and a freshman. As a sophomore, he was a regular on the basketball team.

The maximum penalty for using an ineligible player is a year's suspension from TIL play. Cummings said it was improbable that the district would vote that way since "it was an honest mistake and I don't think there was any intention of playing an ineligible player." And he added, "I don't think any drastic means will be taken since the other schools seem sympathetic."

He said a district meeting will be called next week, probably on Monday, to decide the issue."

Local Lady Injured In Auto Collision

Mrs. C. M. Lowry has been confined at St. Anthony's hospital in Amarillo since Saturday of last week due to injuries received in an auto mishap in Amarillo Saturday morning. She is reported improving nicely at this time and probably will be brought home today or tomorrow. Mrs. Lowry received a broken rib, face lacerations and other bruises. Mr. Lowry received only minor bruises in the accident.

The Lowry car was struck by an Amarillo car head-on after the Amarillo car had hit a big bus and glanced off directly in front of Mr. Lowry. Mr. Lowry reported over \$600 damage to his Pontiac. The accident occurred on Northeast 8th St. in Amarillo.

Mrs. W. H. Skelton and little daughter, Candace Anne, were brought home from the Goodall Hospital in Memphis Monday.

Local Men To Appear On Broadcast Over KGNC, Amarillo November 3rd

Mayor Major B. Hudson and W. W. Sandifer will appear on a combined broadcast over radio station KFYO of Lubbock and KGNC of Amarillo the night of November 3rd, between the hours of 9 and 10 o'clock.

The broadcast is in commemoration of Foxworth-Galbraith 50th anniversary and will culminate a 3 week period of intense celebration throughout all the Foxworth-Galbraith yards in the South Plains and the Panhandle districts. Mayor Hudson has been chosen by the Foxworth-Galbraith Lumber Co. to draw the names of winners in the Foxworth-Galbraith 50th anniversary free prize drawing.

Over \$5800.00 worth of free prizes will be given away during the broadcast including a 1951 Buick sedan with dynamoflow, RCA portable radios, and 1847 Rogers Bros. silver service sets complete.

Mayor Hudson and his wife as well as W. W. Sandifer, local Foxworth-Galbraith manager and his wife will be entertained at a dinner preceding the broadcast in Amarillo.

What, Where, When And How!

Yes! What, where, when and how is a general question used in the newspaper profession at all times. It is the basis for all news items that are printed in the Leader each week. If you have been visiting away from home or had visitors in your own home, it makes news and we want to print everything that is of general news interest. Your friends and neighbors like to read about what they are doing about them.

The next thing that confronts a newspaper office is the time that those items are turned in. In this business you have to have a deadline or you would never get one single paper out, for there is always a last minute request to squeeze something in. We want to print every item of interest, so we are asking you, our community friends and Leader subscribers to turn your items in just as soon after they are created as you can. The deadline for personal items and society is Tuesday night of each week and items over a week old will only be printed if space and time are available before such items become out-dated. The pages of your Leader are assembled in complete form Wednesday afternoon so that it may be run off and put in the mails early Thursday morning.

We invite the public, our neighbors and friends, to drop in and visit the Leader plant any time you desire, especially on Wednesday so you may see just how many individual pieces of material are used in preparing the Leader for print. If you have a clearer understanding of what goes on in a newspaper plant we believe you will realize that we are not taking a hard-boiled standpoint but merely trying to publish your weekly Leader on time.

Call or send your news in. We want it if it is within the time limit and will see that it is printed. Your cooperation is always appreciated.

MOISTURE CONTINUES TO SLOW CROP HARVEST

More rain during the past week has halted crop gathering in this area and the outlook is for continued disagreeable weather with colder weather entering the picture. Approximately .75 inch of moisture has been received since last Thursday. It is always nice to have moisture but it would be much handier to have it fall at the right time, for there are hundreds of bales of cotton to be gathered yet. The moisture is fine on the wheat crop and will be beneficial on down the line.

Legionnaires of 18th District To Meet In Clarendon - 1952

Legionnaires of the 18th District meeting in Childress October 27 and 28, selected Clarendon as their host city for their 1952 Spring Convention to be held next April. B. C. Antrobus, Adjutant of Clark-Brock Post 126 of the local American Legion said, "This is the first time that the American Legion has elected to hold a convention in Clarendon in about seventeen years. This post will put forth every effort to see that they have a wonderful convention." The Spring Conventions of the even numbered years are the most important conventions because they elect the commanders of the 18th District for the following two years. It is not known at this time whether Clarendon will have a candidate for one of the high Legion offices.

A resolution unanimously passed by the Legion Convention asked that a mobil unit be made available to tour the Panhandle to gather blood donations for the Armed forces. At the present time the closest point that a donation of blood can be made is at Wichita, Kansas.

Halloween Queen Crowned Sunday At College Gym

Miss Betty Brown, daughter of Mr. and Mrs. "Skeet" Brown was crowned school queen to reign over the Halloween Carnival in ceremonies held at the College Gymnasium Sunday afternoon. Betty represented the fifth grades taught by Mrs. Bill Todd and Mrs. Harold Longan. Her escort was Jimmy Bain, son of Mr. and Mrs. James Bain.

Sandy Dehyle and Sandra Rhode were flower girls, Bobby Moss and Nancy Youngblood were crownbearers and Janice Eudy and Douglas Bradshaw were trainbearers. Other members of the royal party were queen candidates and their escorts, representing all grades of the high school and college.

Appearing on program were Inelle Cox, Willetta Riney and Doris Wallace, students of the Thelma Davies School of Dance, Rebecca King who played two violin solos. Clara Hahn accompanied Rebecca King at the piano. Clyde Hudson sang "The Lord's Prayer." Master of Ceremonies for the afternoon was Ray Crawford.

The stage and setting for the coronation was arranged and decorated by Mrs. Glenn Hoggatt. Mrs. Johnny Blocker was director of the program. The second grade candidate, Judy Benson and her escort, Larry Stewart, placed second in the contest, and the seventh grade candidate Glenda Borden escorted by Leo Luttrell, placed third.

The coronation of the queen is one of the highlights of the Halloween Carnival each year and the program this year was no exception, having been reported to be one of the loveliest ever.

COLTS DEFEATED BY LEFORS JR'S 33-0

The Junior High Colts wound up their football season last Thursday night, being defeated by the Lefors Junior High squad 33 to 0.

The game was just a bit one-sided on account of the Lefors team having a twenty to thirty pound weight average per man over the local boys. The Colts never let up and played a hard game against the visitors even though they were outweighed.

This game ended the season with the Colts winning one out of four games. They received some mighty good experience and were top sports in every game.

Guests in the home of Mr. and Mrs. Victor Smith Sunday and Sunday night were Mr. and Mrs. Frank Goforth, Elbert Smith and Mr. and Mrs. L. C. Glasgow, all of Amarillo.

Third Value Days Event November 2nd & 3rd

MEXICAN DINNER SATURDAY NIGHT

The Rebekah Lodge will hold their annual Mexican dinner Saturday night at the Allen Hotel from 6 o'clock to 8:30 P. M. Tickets must be purchased in advance and may be bought from Lodge members at \$1 a plate.

The dining room will be decorated in true Mexican style. Adding to the air of festivity, the David Bros. will provide the musical background. To those who have attended these dinners in the past, no word is needed to encourage your attendance but to those of you who have not enjoyed this pleasure, make your plans to attend now, for you will have missed a most enjoyable evening if you fail to do so.

Notice To Farm Bureau Membership Drive Committeemen

A meeting will be held at the County Agents office in Clarendon on Tuesday, Nov. 6, at 2:30 P. M. in regard to the membership drive. At our meeting last night, October 29th, there was a nice number of membership renewals turned in. A number of the committeemen reported that they had been too busy with their gathering of crops to devote any time to the drive.

Therefore we have extended the time until Monday night, Nov. 12th at which time we will have a County Convention, Election of Officers, Resolutions, etc.

It is of great importance that all of the members that have been asked to help in the membership campaign be present at Flip's office next Tuesday. We did not set a definite day for you to get out and make a drive because it seemed that everyone just didn't want to be pinned to a specific time, consequently, the results were not as anticipated. Mr. O. K. Hoyle (Field Representative for Texas Farm Bureau) will be here to assist us in enlightening you on the benefits of Farm Bureau Membership.

Remember the Dates: For Membership Committee—At Flip's office Tues., Nov. 6th, at 2:30 P. M. County wide Meeting—At Lelia Lake School House, Monday, Nov. 12th at 7:00. Lee Shaller, Pres.

Mrs. Grady Tyler, Mrs. Dub Tyler and Biffie Blair were Amarillo visitors Tuesday.

The third Clarendon Value Days event will be the main item on the week end menu this Friday and Saturday with local merchants featuring many, many values throughout their stores.

Value days have become most welcome to shoppers in this area. Local merchants are offering super values on wanted merchandise and services that will mean considerable more money in your pocket book if you shop their specials in this issue of the Leader. There are four complete pages in this issue carrying the value day advertisements of forty local merchants with a wide variety of items giving most every shopper an opportunity to buy at least one or more wanted items at super savings — and you can save by buying for the future. Christmas and other special occasions during these two big days in Clarendon.

United Council Of Church Women

World Community Day will be observed November 2nd (Friday) at the Methodist Church at 3 o'clock. The theme for our work and program, "Live Thy Faith." Every act of ours that is an expression of love towards others reaffirms our faith in God. On World Community Day this love reaches around the world. Our projects for this year are:

1. Ecumenical Scholarships—Your contribution towards Ecumenical Scholarships will make it possible for young people from many lands to obtain specialized training in preparation for more effective leadership in their homeland churches and communities. This program is one answer to the great need of churches for trained leaders. It is an effective channel for international and interdenominational understanding and fellowship.
 2. Aid for the homeless (blankets). There are more people without homes than there were a year ago. Their tragic needs again demand our aid. A blanket will bring warmth to an adult, a child, or a baby who has been cold too long. Hope in a new future will be strengthened by your gift.
 3. Warm clothing for children ranging in age from infants to sixteen years. This clothing is to be sent to the Korean orphans. We will also take an offering for our leper work; please remember to bring the banks you have been filling for this offering.

THE DONLEY COUNTY LEADER

FARM NEWS
From the County PMA Committee

PMA ELECTIONS SCHEDULED IN FIVE COMMUNITIES

Time and place for community PMA farmer-committee elections were announced by Pink M. Marshall, chairman of the county PMA committee.

Elections have been scheduled as follows:

Clarendon PMA Office—Community A, C & D.

Ashtola: Lovell's Store—Community B.

Lelia Lake: Cook's Store—Community E.

Hedley: City Hall—Community F & G.

Alanreed: C. P. Hamilton's home—Community H.

The elections will be held on November 16, 1951 from 8 a. m. to 5 p. m.

In each community three members of a community committee and two alternates and a delegate to the county convention are to be elected. The elected committee will take office December 1, 1951, to serve through 1952.

The delegates to the county convention will meet November 23, 1951 to name a county PMA committee consisting of a chairman, vice-chairman, member and two alternates to administer PMA programs in the county.

The programs administered by the committee include the agricultural conservation program, price supports, marketing quotas and acreage allotments, and the sugar program, as well as defense production goals, and Federal Crop Insurance—the latter two in cooperation with other agencies.

Every farmer in each community in Donley County who as owner, tenant, operator or shareholder is participating in any program administered by the county PMA committee is eligible to vote in the election in his community.

In urging every eligible farmer to vote, Mr. Marshall said, "whether you are satisfied with the administration of the committee now in office or not, you should vote anyway. The right to vote means nothing if it is not used."

Ballots are being mailed this week, so if you want to mail your ballots back to the office you may do so. The ballots mailed back will be counted at the polling places for your community on November 16. If you mail your ballots back to the office, be sure to have them back before November 15.

COUNTY AGENT HONORED

Mr. H. M. Breedlove, Donley County Agent, has gone to Memphis, Tennessee to receive the 1951 Distinguished Service Award offered by the National Association of County Agricultural Agents. The award will be presented at a banquet Tuesday in the Peabody hotel in Memphis, Tenn. Awards are made to men who have made outstanding contributions in agriculture over a period of years.

We are very proud of our County Agent.

MEETING IN AMARILLO

A meeting of all District 1 Ad-

ministrative officers, County Committeemen and Performance supervisors was held in Amarillo this week to discuss the 1952 ACP program. Those attending from Clarendon were Mrs. Mildred Ritter, Lamar D. Aten, Jr., Pink M. Marshall, James B. Smith and Wilson H. Gray. Mr. Carman G. Rhode, SCS Work Unit Conservationist, attended the meeting, also.

FARM LABOR SUPPLY CONTINUES TO SHRINK

Agricultural employment is continuing its downward trend, despite an all-time peak in total U. S. employment. It is estimated that the total farm labor supply for 1951 is running short of needs by about two million man-hours, or about 10 per cent of the total manpower needed. There has been some raising of wage rates to attract workers to shortage areas and national farm wage rates average somewhat higher than a year ago. Labor requirements for cotton were the most urgent during September. Continued movement of farm workers to better paying industrial jobs could have an adverse effect on agriculture production in 1952.

Youth Center News

Guy Alden Wright, president of the Canteen Board, has announced that Canteen tickets are now on sale and may be purchased through the month of November for \$1. All tickets purchased after that time will cost \$1.50.

Sponsors for Saturday night, Nov. 3, will be Mrs. Walter Clifford and Mrs. Alvin Landers; Tuesday night, Nov. 6—Mr. and Mrs. Dick Vallance and Saturday night, November 10—Mr. and Mrs. Alfred Estlack.

A "Backward" dance was held at the Canteen Tuesday night. Sponsors were Mrs. Carroll Lewis, Mrs. Tom Blassingame, Mrs. Bill Cushing, and Mrs. Early Lane, with music provided by the David Brothers. The rooms were gaily decorated in Halloween colors.

An admission fee of 25c per person or 50c per couple was charged and Cokes and donuts were sold at intermission. Proceeds will be used to help defray operating expenses at the Canteen. An enjoyable time was reported by all attending.

Visiting in the home of Mr. and Mrs. John Semrad over the week end were Mr. and Mrs. J. C. Semrad, Hope North Dakota, Mr. and Mrs. A. J. Semrad and son Gene of Enid, Okla., Mr. and Mrs. Calvin Dorman, Hedley, Mr. and Mrs. B. F. Dorman and Mr. and Mrs. Loy Taylor of Amarillo.

Little Miss Sharon Blair of Houston is visiting in the home of her grandparents, Mr. and Mrs. A. H. Moore and family and Mrs. Ermine Blair and Biffie. Sharon is the daughter of Mr. and Mrs. Dwight Blair.

Mrs. E. W. Tyler and Frank and Miss Alice Tyler visited Sunday in the home of Mr. and Mrs. Gordon Lee at Claude.

Mrs. Bob Hutson of Borger visited the week end with home-

Dept. of Defense Photo.

NAVY PILOTS BLAST COMMUNIST BRIDGE—Enemy supply train operations have been reduced to a trickle of short-haul shuttle traffic since last January as a result of Navy task force assaults on the East Korean coast railway system. After the original span had been bombed the repairs attempted by the Communists were blasted a second time by Navy Biers from Air Group-19 from the carrier USS Princeton.

Scott Free? Yeah! But Wait a Minute -- There's a Hitch!

AUSTIN—Remember that last Highway Patrolman who stopped you for a traffic violation and warned you but didn't write you a ticket because you "talked him out of it"? Well, don't be so sure that you got off scott free!

W. J. Elliott, Chief of the Texas Highway Patrol, announced today in Austin that every time one of his men stops a motorist and lets him off with a warning the officer makes out a warning ticket which contains the oper-

ator's name and address, his driver's license number, the vehicle type and registration, the date, location and nature of the violation. The motorist doesn't get a copy of this ticket, Chief Elliott says, but a copy of it is forwarded to the headquarters of the Texas Department of Public Safety where it becomes a part of his permanent driving record.

And, here's the hitch—too many of those warnings, just like too many arrests or traffic accidents will bring the motorist up on the carpet to see whether his driving privileges should be re-

The procedure was placed into effect on September 1st and according to Elliott the best way to avoid having your record catch up with you is to refrain from having accidents, from getting tickets, or getting warnings. "Safe, sane and courteous driving that comes through observance of the traffic laws is the way to avoid this unpleasantness," says the Chief.

Dale Bradley and Duane Reynolds spent the week end with homefolks at Samnorwood.

Mrs. Homer Estlack and Mrs. Geo. Thompson were Memphis visitors Friday.

Among those attending Homecoming at W.T.S.C. in Canyon Saturday were George Watson, L. D. Aten, and Maurice Risley.

Mr. and Mrs. Dub Tyler and Barry spent the week end in Hollis, Okla. where they visited in the home of her parents, Mr. and Mrs. John West.

Mike McCully, Alfred Taylor, and Jimmy Faulkner and Curtis Mears attended the American Legion Convention in Childress Saturday.

Mr. and Mrs. Norris Spurgeon and family visited Sunday with her brother, Mr. and Mrs. Fred Brown at Groom.

Cpl. and Mrs. Gene Davis of Oceanside, Calif. announce the arrival of a baby daughter, Oct. 25th. She weighed 8 1/4 lbs. and was named Cheryl Jean. The grandparents living here are Mr. and Mrs. Buck Roberts.

**MM MODEL "Z"
 TODAY'S MOST REFINED TRACTOR**

All the operating features you have wanted for years are yours with the new MM "Z". The fore-runner of modern tractor engineering this popular model has been the first in the MM line to offer revolutionary developments. Recall the first "Z" had the exclusive MM engine with 150 fewer operating parts. More progressive changes make the "Z" better than ever. Latest improvements give 10% more power on draw bar and belt. Where is the man that can't appreciate the advantages of extra horse power?

Improved appearance for "Visionlining" further promotes visibility. Permits better operation on every job. Speed range has been increased to provide most suitable field speeds. A practical change in keeping with the times. Hardened sector gear has been adopted on all "Z" models except the standard tread which has redesigned steering arms and tie-rod located at rear of axle. Result is improved steering ease and longer life steering gear.

Differential now features the Revacycle tooth form. A precision gear with increased strength.

Easy, comfortable operation features include Lazy Back air cushion seat, adjustable steering wheel, "wobble stick" gear shift lever, improved easy braking action and Uni-Matic tool control. A new era begins with this obedient, easy to handle new "Z" tractor.

When you know all about the new Z, which is so far ahead in its own power class, you will want no other tractor.

ROAD BUILDING HOLIDAY

The October Highway letting, one of the smallest since the war, brings into sharp focus the Highway Department's financial position. Total bids were \$2 million covering 55 miles of construction. Normally the jobs total \$8 and \$10 million. Right-of-way and plans are ready for a big volume of construction, but October finds virtually all this year's federal aid projects under construction. There's nothing to do but wait until next year's funds are available. Relatively few new contracts will be awarded during November and December.

SENIOR CLASS NEWS

To The People of The 18th District
By Cong. Walter Rogers

TAXES: This news letter is being written just after my return to my office from casting a vote on the new tax bill. That is the tax bill that would increase taxes in order to gather another 5% billion dollars—the same tax bill that failed to pass on Oct. 9th. My vote was cast against this tax increase on Tuesday and was cast against the bill on Friday. There is much that can be said both for and against the bill, and I have done my best to give deep and conscientious consideration to all of the amendments on both sides. I have never seen the House of Representatives quieter or more tense than during the roll-call vote on this bill. The final vote was 185 "yeas" to 180 "nays." Lack of space will not permit me to tell you of the many interesting incidents that occurred during the past week, especially concerning this tax measure, but I hope to be back in the district before long and will try to do it then.

FARM INCOME: Here is some information that I know will be of interest to the farmers, since

Divisional Leaders Chosen In Methodist Stewardship Program

Homer Estlack J. R. Bulls L. L. Wallace J. R. Porter Clyde Hudson

it seems to be the policy that every time a farmer gets his head above water, someone wants to hit him with an oar. Most of you know that the farmers have been subjected to much criticism about the high prices, and this information is given you to show that the farmer is not to blame. For instance, according to present statistics, on an average basis, bread that is now selling for 16 cents a loaf was selling for approximately 2 cents less per pound in 1948. In January, 1948, wheat was selling at \$2.79. It is now bringing \$2.07. This shows that the farmer is getting over a cent less per pound for his wheat, while the consumer is paying two cents more for the bread. The same situation is true as to milk. The Texas average price is about \$6.35 per hundredweight, while in 1948 milk brought Texas farmers an average of \$6.60. In New York City the man who delivers the milk gets as much for this service as does the farmer for the same milk, and it must be remembered that the farmer not only provides the investment in his farm, his equipment and his cows, but must also feed and milk the cows. Hogs are now worth \$19.70. In 1947 hogs sold for \$27.10. Eggs are now bringing farmers 55 cents over the country. Last year they brought 65 cents. It all adds up to this: Those who blame the farmer for higher retail prices are just not acquainted with the facts:

Polio Funds Must Be Available, MOD Leader Says

An eighteen day old baby girl—born in an iron lung herself—came down with bulbar polio. A Livingston yell leader—cheered on a football game one night—died of polio three days later.

A prominent mother of three was attacked by the virus and lost the fight.

Although California led all other states in emergency equipment required during the year, the National Foundation for Infantile Paralysis reported that Texas followed closely. By mid-October, the Lone Star State had received 62 life-giving respirators—shipped to hospitals by the March of Dimes organization.

As polio continued to take its toll in Texas, volunteer county officials of the NFIP—home from their regional pre-campaign planning meeting in Dallas—set gears in motion for the 1952 March of Dimes campaign.

"Commencing on January 2nd, 1952 instead of the traditional January 15th," Lloyd Gregory, state chairman, pointed out, "the

As the Methodist Stewardship Program enters the third week, Homer Estlack's committee on Organization is giving attention to the matter of reaching Methodist families who are a part of the church in the Clarendon community. Planning with Mr. Estlack are J. R. Bulls and L. L. Wallace. This committee has named J. R. Porter and Clyde Hudson as Divisional Leaders, and they will be directing Team Captains who are to make personal contacts in the near future.

March of Dimes must be an all-out, double-effort drive to assure funds for continuing care of patients from the epidemics of 1948, '49 and '50, and for new patients which we must expect during the remainder of 1951 and in 1952.

"Funds must be available," the MOD leader said, "to intensify research work carried on throughout the Nation, seeking a preventative or cure. That's why we're organizing now throughout the State to conduct the most successful March of Dimes ever staged in Texas."

Mrs. M. L. Pittman and Mrs. W. E. Davis were Amarillo visitors Friday.

Mrs. Ritter To Head USO Campaign For Clarendon

Mrs. Mildred M. Ritter has been named USO Campaign Chairman for Clarendon. Mrs. Ritter will announce her commitments during the coming week. A series of benefit entertainments, with the proceeds going to the USO Fund, are being planned. "Direct appeals at this time of the year are so numerous that we feel it would be better to raise these funds by benefit performances" Mrs. Ritter said. "One hundred thirty-nine men from Donley County are in service and the USO is only asking for about 28c per month to provide USO facilities for them during the coming year."

The USO is known to the serviceman as "a home away from home". Ask your boy, or that neighbor boy what he thinks of the USO or ask someone who was in the last war. They will tell you that the USO is one of the best investments that the people at home can make for their boys in the camps and on the fronts.

Odell McBrayer To Head CROP Drive In Donley County

Christian Rural Overseas Program, CROP, as it is familiarly known, will be headed in Donley County this year by Mr. Odell McBrayer. Rev. John English has been named County Vice-Chairman. Other officers elected are Rayburn Smith and Ruth Richardson, secretaries; Emmett O. Simmons, county treasurer; Carroll Lewis, Special Gifts Chairman; Pete Kunz, Commodity Chairman; and Jimmy Faulkner, information Chairman.

The Christian Rural Overseas program, which is endorsed by the churches of all denominations, has as its goal the sending of grain to the needy countries of Europe, to those places where other aid is not available. The Donley County Committee has selected maize as the commodity to be donated. Dates for the collection have been set as November 12, 13 and 14th.

Bronchos Defeat Lefors, 19 to 6

A wet football, a wet field and the spirit to win was all the Bronchos apparently needed to win their game over Lefors last Friday night, for the final score read 19 to 6 in favor of the Bronchos. The entire playing time was wet and cold with a steady downpour of rain throughout the first quarter of the game. This didn't seem to hamper the Bronchos, for they played the best game of their entire season.

The Bronchos scored first in the first period with Hearn plunging over from the two yard line. Mooring made the second score going over from the seven yard line in the second quarter and Lefew plunged for the extra. Lefors made their only score soon after the second half started and the Bronchos came right back to add another 6 points when Mooring took a pass and went 62 yards for the tally. The Bronchos were on the 1 yard line when the game ended.

The Bronchos outplayed the favored Pirates in every department and were hampered throughout the game with numerous penalties being assessed against them.

The Bronchos had large backing of local fans that absorbed the chilling weather and thoroughly enjoyed the manner in which the Bronchos played.

The main casualty of the game was the broken arm received by Frank Jones.

The weather was rough but not too much for little Sammy LaGrone, Broncho Mascot, who made the trip with the Bronchos. Sammy is four years old and a son of Mr. and Mrs. C. C. LaGrone. He has been with the Bronchos for every game and the boys all say he is a grand little fellow to have with them any time.

ATTEND RALLY AT WELLINGTON

Among those to attend the Youth Rally held at the Methodist Church in Wellington Saturday night were Mr. and Mrs. Lee Muse, Janice Bullock of Amarillo, Ruth Ann and Rebecca King, Mrs. Frank White Jr. and Frank III, Mrs. Victor Smith, Allen Homer Estlack, Inelle Cox, Glenda Sue Davis, Rev. John English and Rev. C. A. Greenwaldt.

CARD OF THANKS

To the many hundreds of you, our friends, who have called, written, or personally expressed your concern and best wishes following our recent accident, we wish to express our most sincere thanks. It is really wonderful to know that we have such friendship as yours.

Janie and Charles Lowry.

Yuletide Planning Still In Progress

Last Friday noon several members of a special Chamber of Commerce Committee met in the Donley Coffee Shop for a "report-in" on the fund raising campaign of the "Christmas In Clarendon In 1951." Two of the six teams reported in that their solicitations were complete. Members of these teams were Bob Moss, Noel Cudd and George Thompson. President Phelan extended the time for the final "report-in" to this week when the teams with Lee Bell, Sam Lowry, Van Kennedy, Jack Brooks, Buddy Knorpp, Charlie Seeds and Alvin Landers will make their final report.

The "Christmas In Clarendon In 1951" being sponsored by the Chamber of Commerce calls for about four times the amount of street lighting than has heretofore been on Clarendon streets. Santa Claus and his reindeer are to be in Clarendon Saturday, December 1st, and each Saturday thereafter during December, and also on Christmas Eve. An individual Christmas lighting contest for residences and commercial fronts and windows with cash awards to the winners as selected by out-of-town judges, is being sponsored.

ATTEND RALLY AT WELLINGTON

Mrs. Homer Estlack left Friday afternoon for Electra where she will join her sister, Mrs. Ted Price, and accompany her to Temple Sunday. They went by way of Austin that they might attend the football game there Saturday. Mrs. Price's son, Glenn, is a member of the Texas football squad.

Mr. and Mrs. R. E. Darnell of Borger visited her parents, Mr. and Mrs. Crockett Taylor Sun.

Donley County Soil Conservation District News

Ninety-seven new farmers have signed agreements with the District since last June, bringing the total number of District Cooperators to 431. The new type of agreement called Initial Agreement inaugurated in June has been responsible for the increasing number of new cooperators. With the new agreement only the conservation practices which are to be done in the near future are planned while formerly planning for the entire farm was required at the time the agreement was signed. Under the new procedure the complete soil and water conservation plan for the farm is developed gradually over a period of years as the farmer or rancher sees the need and is able to put the practices on his land.

The District agreement is an agreement between the Donley County Soil Conservation District and the farmer. The District agrees to assist in carrying out a plan by furnishing to the farmer such information, technical assistance and other assistance it may have available at the time the work is to be done. The farmer agrees to develop as rapidly as feasible a conservation plan for his entire farm. He agrees to start applying one or more practices in keeping with the capabilities and needs of his land. Signing an agreement and becoming a District Cooperator is the duty and privilege of every farmer in Donley County. All farmers or ranchers not already cooperators are encouraged to make application at the local office of the Soil Conservation Service in Clarendon. There are very few if any farms or ranches in Donley County which do not have an erosion problem or do not need some conservation and soil improving practices. The goal of the District is for every farmer in Donley County to become a district cooperator by the end of 1952.

The next time you are in Clarendon and have a minute to spare, drop in to the SCS office in the County Agricultural Building and talk over your soil conservation problems. Some of the practices for which on-sight technical assistance is given are as follows: Terraces, diversion terraces, stock dams, erosion control dams, waterways, seeding of grass, seeding of cover crops, controlling sage brush and mesquite, improvement of native range land, etc. Three-fourths of the American towns having newspapers before 1765 were seaports.

ROOST SPREAD

Get the LICE and Get MORE EGGS

Lice and Mites are two of your chickens worst enemies. They keep your birds awake at night and continually trouble them during the day. Here is an easy, labor-saving and economical method of destroying these strength sapping and profit-taking parasites. Use Russell's BHC Roost Spread. It is a new improved product that easily gasifies from the heat of the bird's body when roosting and works up through the feathers reaching all the body lice and feather mites. Just a narrow 1/4 inch strip painted on the top of each roost pole with an oil can or brush does the job. Russell's BHC Roost Spread comes in 4 sizes, 8 ozs., 75c; 16 ozs., \$1.35; 32 ozs., \$2.25; gallons, \$7.20. Thornberry Drug. Phone 93

Gabie Betts Burton Library Notes

By May L. Prewitt

The Library has several books for adults that will entertain you when leisure time permits you to read. "A Trail-way Tale" by Noni Clack Bailey is an interesting short romance that the author sent us from California. Her poetic lines of introduction and the dedication are beautifully stated. Clarence Day's "Life With Father" in the play edition is a "companion copy" to "Life With Mother" that we possessed previously. "The Other Side The Bottle" by Dwight Anderson, who is a member of the National Committee on alcoholism, is a book that will be appreciated by those who desire to know something about this subject, and probably an understanding of the alcoholic. This is the 50th anniversary of U. S. Steel production, so we received an elegant complimentary

copy of the book, "Steel Serves the Nation." Scribner Pub. Co. sent two gift copies of "The Yenon Way" by Endacio Ravines, former Comintern agent. He differs markedly from the usual type of ex communist reminiscence, so several will read his book, I'm sure. "White Man Returns" by Agnes Keith Newton has been given as a memorial gift in memory of Mrs. Ada J. Ryan, a former Clarendon pioneer who passed away recently. The author of this book has a fine flair for detail and a keen sense of humor. We have her "Three Came Home" and "Land Below the Wind."

Two of our children's books are here—"Bob Cat" by C. W. Anderson is a charming story for boys and girls of fourth and fifth grades. "Lost In the Too" by Berta and Elmer Hader will fascinate those of the second and third grades. We have ordered others that will be on our shelves soon. This children's collection has been made possible by the funds from the Mothers' Culture

Club. We have an order for adult books from a part of the funds given by the Pathfinder Club recently. Some will be kept intact for emergencies.

Last Week's News

Sunday school and church were well attended Sunday. Visitors were Billy Phillips and daughter from Clarendon, Mrs. Ray Robertson and Martha Dell from Pampa, Mrs. Paul Talley and Paula from Amarillo.

Mrs. Cunningham from San Angelo spent Wednesday night with Mrs. W. L. Jordan. She also attended the quilting club Thursday at Mrs. L. O. Christie's.

Donald Patterson from Lubbock spent the later part of last week in the Richard Cannon home.

Mr. and Mrs. Hubert Martin and girls of Dalhart spent part of

last week in the L. O. Christie home. Frances Martin of Clarendon spent Wednesday night and Thursday.

Mary Mann of Chamberlain spent Friday night with Frances Helton.

Mrs. F. G. Crofford's grandmother, Mrs. Drake passed away Monday night.

Gene White and Gene Bulman ate dinner Thursday with Nelson Christie.

Mr. and Mrs. Ray Robertson and children of Pampa spent the week end in the W. L. Jordan home.

Those to spend the week end with Mrs. C. J. Talley were Mr. and Mrs. Paul Talley and Paula of Amarillo. Mrs. Ruth Mosley and daughters of Pampa spent the afternoon.

Mr. and Mrs. F. C. Crofford attended the wedding of their nephew Edwin Tucker and Edna Jene Adduddle at Amarillo Sun.

Mr. and Mrs. F. C. Crofford spent the week end in Colo.

\$3 Will Get You \$1 From Washington

The most flagrant example of road user fund diversion is found up in the Washington Wonderland. Washington collected from road users last fiscal year about \$1,620 million (\$1.62 billion) in the form of federal excise taxes on gasoline, oil, cars, trucks, tires, parts, etc. Washington is giving out all of \$500 million of this amount in federal aid to roads. Few if any states in the nation give their highway users such a raw deal on road taxes collected at the state level.

The end is not in sight. The administration has the heat turned on Congress for another hike of half a billion out of road users' pockets. There's no mention of any of this increase coming back for roads.

Benjamin Franklin was the publisher of the Philadelphia Zeitung, which in 1732 was the first foreign-language newspaper in the American colonies.

Those to enjoy a Sunday dinner in the L. L. Wood home was their son Arlie Wood and family and Miss Della Wood.

A man wrapped up in himself makes a small package.

Mrs. Arlie Wood and children and Mrs. L. L. Wood visited Miss Della Wood Friday evening.

What a man stands for isn't everything; what he falls for is also important.

PLOWIN' Out the CORNERS
by Uncle Zeb

New members to the Ain't Smoking Right Now Society are

Don Harlan of Goodnight, Texas and The Cowboy, C. N. Long, Jr. of Palo Duro, Texas. I hear they are even giving chewing gum to the works. Anyway, best wishes to them.

Quoting from an editorial by Tom Linder, Commissioner of Agriculture in the state of Georgia: "The people in the United States are being taxed more than all the other two billion people in the world combined. Think that over."

Still quoting from Mr. Linder: "When we say that Russia is a Communist country we make ourselves ridiculous in the eyes of the world, for every body but us know that this is not true." He says that should any one of the Communists in Russia open their mouths about their views they would be shot on the spot. It seems that Communism was what these people thought they wanted but in the confused Dictator Stalin took over and now he is the government and the ruling dictator. It seems that Communism has never existed anywhere in practice, only in theory. But in the name of such, dictators take over and when they do there is no returning back. According to Mr. Linder and I believe this is in line with Sen. Lyndon Johnson's speech last

week, we are fighting Joe Stalin, and all the double talk and murder in Korea is a direct result of our problems with Old Joe. Why can't we get to the source of our trouble, I wonder?

The most encouraging thing in the last ten years to me was the victory of Winston Churchill in England. This should have a bearing on our course, and if nothing else it does prove that if we would "Take the bull by the horns" so to speak we could even at this late hour turn back from our policy of taxation, waste, and socialist governmentism that we have embarked on the last decade. If the English can throw off the trend, why can't we?

In little bees and honey. They darn our socks. They soothe life's shocks. And don't they spend the money.

Speaking of who spends the money I heard of a man recently that was complaining about the grocery bill that had reached almost a hundred bucks in that month. Anyway, his wife picked the cartons of cigarettes that had charged to the grocery account and to the astonished husband's surprise this item run almost thirty dollars. I think this ended the argument over who spent too much money for them.

Love is supposed to be a burning fire; and against such there is no insurance.

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Time to settle...

END THIS QUIBBLING!

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

More Than 90% of Employees Accept
Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse
But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer?
They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?
Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$3.34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases?
The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

What About the 40-Hour Week?
The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?
The continued quibbling of the leaders of the three unions has to do principally with rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

Rules Can Be Arbitrated
The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed
With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees.
