Graduation Exercises Highlight End Of School Activities Here

Friday will wind up another school year. It will be the day that a majority of students of all ages have been looking forward to for the past nine months. There will be a short three months vacation and the majority of them will be ready to start their class work again.

The first part of this week has been busy for all graduating classes, teachers, parents and others connected with our schools. Rev. Howard Scott gave the Baccalaureate sermon Sunday evening with all three graduating classes present.

Monday evening at the College Auditorium, the Senior Class presented their Class Night program, which included the Valedictory address by Miss Inelle Cox and the Salutatory address by Miss Mary Ann Landers. The Senior High graduation exercises were held Wednesday night with J. R. Porter addressing the group.

Seniors who received their diplomas at the exercises Wednesday night were:

Joe Brown, Carroll Butler, Ray David, Donald Dorman, Richard Finch, Duane Hearn, Frank Jones, Doyle Leffew, Leldon McBrayer, Jerry Moore, Royce Morris, Boyd Pipes, Jerry Price, Delbert Robertson, Bobby Don Smith, Weldon Talley, Rodney Youree, June Allred, Mary Lou Barker, Biffie Blair, Sandra Bownds, Inelle Cox, Glenda Sue Davis, Wanda Elliott, Georgia Endsley, Patricia Estlack, Patsy Jackson, Mary Ann Landers, Noma Lee Lewis, Shirley Morris, Glenda Phillely, Sandra Shelton, Jacquetta Briggs, Shirley Barker.

The Jr. College exercises were held Tuesday evening with Rev. John English delivering the main address.

College graduates who were presented their diplomas Tuesday evening were: Evalyn Barker, Hollis E. Beane, Mildred Booth, Gene Bulman, Nelson Christie, Ray Crawford, John Jerry English, Jimmy Ray Gowdy, Clara Edna Hahn, Mrs. Lucille Moseley, Kenneth Sams, Jo Anne Sibley, Dorthea Webb, Gene White.

The Jr. High graduating exercises were held Wednesday morning with Bill Lowe addressing the class. Supt. H. T. Burton presented 37 students with perfect attendance certificates; Principal C. R. Brown presented 14 students with above 90 averages with scholarship certificates; Mrs. Glenn Hoggatt presented the American Legion Auxiliary Citizenship awards to Tom Morrow and Pat Spurgeon. Jackie Estlack gave the valedictory address and George Thompson gave the

salutatory address.

The following received their Jr. High diplomas Wednesday morning:

Leonard Bobbitt, Doris Brock, Jerry Davis, Kenneth Eyans, Duane Garmon, Glenna Lane, Frank Lane, Virginia McGowan, Ernest McNabb, Annell Owens, Winfred Self, Jeanelle Tolleson, Shirley Whitten, Bobby Cotton, Claude Porter, Medra Wells, Bernie Benson, Joyce Crutchfield, Weldon Edens, Jackie Estlack, Allen Estlack, Bobby Hewett, Billy Hicks, Julia Hill, Tommy Lane, Wanda Lewis, Marianne Longan, Marian Martin, Paula Skelton, Harlene Smith, Jimmy Smith, Wesley Stewart, Herald Stogner, George Thompson, Lola Wood.

A very good crowd was in attendance for all exercises which made our young people feel proud that so many were really interested in their achievements.

Big Field Day Set For June 25th On J A Ranch

Plans are almost complete for the big field day on the JA Ranch on the 25th of June. Mr. Fisher, superintendent of the Spur Experiment Station will be on hand to lecture on mesquite control on ranges by the use of chemicals. H. M. Breedlove, county agent in charge of the field day says that a big crowd is expected. The Donley county soil conservation district is urging the control of mesquite and other brush harmful to ranges and this field day is to show how effective chemicals are on this type of brush. Areas to be seen are those sprayed two years ago with several types of chemicals, bulldozed areas, cabled areas and plane spraying in action. Mr. Ritchie, owner of the JA ranch is very much interested in mesquite control and is cooperating in every respect to help carry on this work and to show how effective it is in this area. Remember the date, the 25th of June at 1:00 P.M., the group will leave from the office of the county agent.

PRESBYTERIAN BIBLE SCHOOL TO OPEN MONDAY

Presbyterian Bible School will open Monday morning following the close of school this week. Classes will be held each morning from 9 A. M. to 11 A. M., May 26 thru May 30, in the Sunday School department of the church. All children are invited to attend.

DOGGY REVIEW FOR "IKE"—Right in step with the boys a dog mascot leads his unit by the reviewing stand as U. S. troops in Frankfurt, Germany, pay a farewell tribute to Gen. Dwight Eisenhower, retiring NATO commander.

Remember Fallen Comrades Urges Legion Commander

"Wear a poppy in memory of our departed comrades." This was the message of Pete Kunz, Commander of Clark-Brock Post of the American Legion, to all Legion members as preparations were being completed for observance of annual Poppy Day here Saturday, May 31.

Memorial poppies will be distributed on the streets throughout the day by members of the American Legion Auxiliary who will receive in exchange contributions for the welfare of disabled war veterans and needy children of veterans.

In his Poppy Day message, Commander Kunz said: "Veterans of the two world wars and the Korean conflict, should be the first to put on poppies on Poppy Day. The poppy is our memorial flower, showing that we have not forgotten those comrades of ours who fell on battlefields throughout the world in defense of our country. I am calling upon all members of the American Legion to wear a poppy in their honored memory."

"And while honoring the dead, we should also remember those other comrades who are still suffering from the effects of their war service. We should think, too, of the children of veterans who are without a father's support. The funds contributed for the poppies mean help and hope for these living victims of the wars, so be generous as you can afford when you put on your poppy."

"We who have served side by side with the man whose sacrifice of life is commemorated by the poppy should set an example of patriotic remembrance for all citizens. Put on a poppy early in the morning on Poppy Day and wear it all day."

Methodist Vacation Church School June 2-6th

Plans have been completed for the Methodist Vacation Church School to be held June 2 to June 6 at the Methodist Church. All children from the ages of four through fourteen are cordially invited to attend.

Mrs. Frank Phelan, Sr., has been chosen director for the five session course. Kindergarten work will be under the leadership of Mrs. John English, widely-known in Methodist circles for her work with children in this age group. Mrs. R. Y. King will be leader of the Primary department. The Junior group will be conducted by Mrs. Homer Bones and the Intermediates will be guided in their work by Mrs. Victor Smith.

Activities and projects have been carefully planned to tie in with the outlined Biblical studies.

A. J. Garland Named Head of Greenbelt Electric

A. J. Garland of Route 1, Clarendon, was elected president of the Greenbelt Rural Electric Co-operative in the annual meeting held in Wellington. He succeeds Alex Coleman, who has headed the co-operative for the past few years.

A. P. Bumpers of Shamrock was re-elected vice president and Sam H. Thompson of Route 1, Wellington, was elected secretary-treasurer to succeed R. J. Holland of Dodson.

Directors elected were J. F. Kromer of Vinson, Robert Baxter of Lone Mound community, Oscar Anderson of Lelia Lake, and Terrill Christian of Claude.

The Rev. J. F. Michael, pastor of the First Methodist Church, Wellington, was the guest speaker, and a musical program was given by the Quail Girls chorus. More than 800 members and their families were present for the meeting, Orval Couch, Greenbelt manager, said.

JIMMY FAULKNER IS RECOVERING FROM OPERATION

Jimmy Faulkner, local Chamber of Commerce manager, is expected to return home some time this week. He entered the Veterans Hospital Wednesday of last week and underwent surgery last Saturday. He is reported doing nicely at this time.

BAND AND ORCHESTRA PARENTS IN MEETING

Band and Orchestra parents held the final meeting of the present school year Monday evening in the Band Hall. All old business was taken care of and officers elected for the coming year. Those elected were President, J. G. McAnear; Vice President, Bill Riney; and Secretary-Treasurer, W. W. Sandifer.

The group adjourned to meet again at such time as thought necessary or until school work is resumed in September.

MRS. GRACE TO TEACH IN SMU WORKSHOP

Mrs. Christine Grace, English and speech teacher in the local high school, has been given an assistantship in the Education Workshop at SMU for the summer term under Dr. C. E. Wiseman.

SERVICES ANNOUNCED AT PRESBYTERIAN CHURCH

Rev. James Overholser of Dallas will preach Sunday morning at the 11 o'clock hour at the Presbyterian Church. Rev. Overholser is not a stranger here as he preached at the local church Sunday morning, May 11.

Sunday school will be held at the regular time. The public is invited to attend.

July 4th Celebration Committee Heads Named This Week

The Clarendon Outdoor Entertainment Association held a called meeting Tuesday night at the court room of all members of the association. The celebration as a whole was discussed and plans are already beginning to form to make this an even bigger and better celebration. It was decided that the barbecue would be held at the Rodeo grounds this year with the ranchers furnishing the beef and the businessmen furnishing the trimmings. It was decided to have a Grand Marshall of all festivities each year honoring our prominent ranchers. C. T. McMurtry has been selected as the Grand Marshall this year. J. W. Murphy is president of the Association and also the business manager.

Committee chairmen are as follows:

Rodeo, Pat Slavin; Horse Races, Arthur Howard and Pat Slavin; Publicity and Advertising, G. W. Estlack; Queen Contest, Mrs. Alfred McMurtry; Parking, Jack Brooks; Parade & Booster Trips, Jimmy Faulkner; Ticket Sales & Gates, E. O. Simmons; Barbecue, Flip Breedlove; Concessions, R. E. Drennan; Dance, Clarence Pipes; Sponsor Contest, Mrs. Joe McMurtry and Mrs. Boyd Rogers.

The Finance committee is composed of the following with J. W. Murphy as chairman: Jimmy Faulkner, C. T. McMurtry, Alfred McMurtry, L. T. Shelton, Bill Lewis, Jr., Bob Head, Pete Kunz, Bud Knorpp, Joe McMurtry, Bill Cushing and Fontayne Elmore.

The Celebration will be held on both the 3rd, 4th and 5th of July so everyone can be looking forward to a very busy and enjoyable time ahead. Everyone is expected to help when called upon; in fact, the association will appreciate all voluntary help in any way.

Services Held Monday For Sarah Iva Davis

Funeral services were held Monday afternoon at the First Baptist Church for Miss Sarah Iva Davis with Rev. John W. Reynolds officiating.

Aunt Iva, as she was known to her many friends here, passed away Saturday morning in St. Anthony's Hospital in Amarillo. She was 53 years old and had been ill since the first of the year at which time she was compelled to sell her Cafe business. She had been in the Cafe business for a number of years and was widely known for her delicious home cooked food. She came to Clarendon from Comanche, Texas 11 years ago.

She was active in church work and was a member of the Sardis Missionary Baptist Church of Clarendon.

Survivors include eight sisters, Mrs. S. J. Parkman, Mrs. J. A. Lane, Mrs. Dan Robinson, all of Comanche; Mrs. T. H. Dunlap, Woodson; Mrs. D. T. Smallwood, Mrs. Bessie Lane, Mrs. C. C. LaGrone, all of Clarendon and Mrs. Wayne Ewing, Phillips, and one brother, I. M. Davis of O'Donnell; also a host of nephews and nieces.

Pallbearers were G. W. Bradshaw, Shelby Bell, Johnnie Johnson, B. L. Graham, G. W. Estlack and Dick Vallance.

Burial was in Citizens Cemetery with N. S. Griggs & Sons Funeral Home in charge of funeral arrangements. Mrs. Fred Buntin was in charge of the floral arrangements.

CLARENDON YOUTH ON TRIP TO MEXICO CITY

Bill Noblet, son of Mr. and Mrs. W. W. Noblet, left Clarendon Monday night by train for Dallas where he will join his aunt, Mrs. J. P. Willis of Kansas City, Missouri. They will drive to Mexico City visiting and enjoying the many attractions along the way, returning home by way of California and up the West coast. They plan to tour about a month.

Special Bus To Carry Conservation Group To Lubbock, May 26th

First Graders Take Train Ride

First grade students, taught by Mrs. C. R. Brown and Mrs. Donald Ballew, boarded the 10:37 train to Memphis Friday morning. The Conductor took the children thru the train explaining the many comforts offered by this means of travel.

At Memphis, the group was met by the Chief of Police and a Memphis School bus and were led thru town to the City Park where all enjoyed their picnic lunch. Drinks were served by Frank Phelan of the Coca-Cola Bottling Company.

A number of mothers and guests met the train and helped with the serving of lunch. They were also on hand to return the children to Clarendon. Among those present were Mesdames John Lemons, Sick Maxey, Gordon Mann & son, Lloyd McCord, Frank Phelan, Sr., Clyde Slavin, R. C. Jenkins, Durwood Ray, J. G. McAnear and two boys, David Hudgins, Warren Hardin, Chas. Blackburn, Scotty Renuau, Walker Lane, Hershel Heath and Pat. Tom Harrell and Glenda Owens, Mr. and Mrs. Lawrence Neece, Emily Meredith, Mr. and Mrs. Donald Ballew, Mrs. C. R. Brown, Mrs. Everett Johnson and Mrs. A. S. McAnear.

All reported a most enjoyable time.

Local Ball Club To Play McLean Here Sunday

The Clarendon Baseball Club will take on the boys from McLean on the local diamond this coming Sunday afternoon at 3 o'clock. This is expected to be a closer game for the locals than they have had the past two weeks.

The Clarendon team journeyed to St. Francis last Sunday and defeated their hosts 24 to 3 in a five inning game. In fact the game was so one-sided that it was called at the end of the fifth inning. B. F. Dorman pitched two innings and Tom Harrell pitched three innings.

If you haven't watched the home team play on their new field, drive over Sunday afternoon and see a good ball game. The field is located in northeast Clarendon at the Rodeo grounds.

Donley County Leagu... \$2.50

Another Conservation Special will leave Clarendon next Monday afternoon carrying a group of county residents to Lubbock where the five supervisors of the Donley County Soil Conservation District, will receive a cash award of \$500. The Donley County district was named the Outstanding District in Region 1 in the Fort Worth Press "Save the Soil and Save Texas" contest. Region 1 consists of 51 counties in the high plains and south plains area. The money will be used by the local district to further conservation work in the county.

T. C. D'Spain who farms and ranches in the north part of the county was honored as the Outstanding Texas farmer at Fort Worth May 1st, at which time a special bus comprised of residents of this area made the trip for the special awards dinner in the Texas Hotel.

The group leaving Clarendon next Monday afternoon will be guests of the Lubbock Agricultural Club for the evening meal which will be a barbecue. The bus will leave the Donley Hotel at 1:30 p. m. and will return immediately after the banquet is over that night. Carmen Rhede, local Conservation manager, stated that there was still room for others to make the trip and anyone desiring to go along should contact him right away. The cost of the trip will be approximately \$7.00.

The following have already made reservations: Mr. and Mrs. T. C. D'Spain and son Carlin, J. R. Porter, W. P. Doherty, Mrs. Doherty, C. E. Bairfield, Joe Tollett, Mr. and Mrs. Richard Finch, Mr. and Mrs. James Gouldy, Mr. and Mrs. Curtis Mears, Olman Sweet, Joe Smith, Ed Boliver, Bob Harris, Homer Thomas, W. M. Pickering, Grady Tyler, Mr. and Mrs. Carman Rhode, Jay Gould, Lloyd Risley, Basil Smith and George Weatheral.

FORMER RESIDENT RECEIVES DEGREE IN CALIFORNIA

Word was received here this week that Russell Morris, son of Mr. and Mrs. L. O. Morris, received his B. D. Degree on May 3rd at the Golden Gate Baptist Theological Seminary in Berkeley, California. He was ordained several weeks before school closed. Russell, his wife and baby, have moved to Laytonville, Calif., where he is pastor of a Mission and plans to build a new church this summer. His parents, Mr. and Mrs. L. O. Morris, also former residents, are now living in Berkeley, Calif.

"ALARMISTS" BEWARE—As punishment for turning in false alarms, these Cortland, N. Y., boys get busy scrubbing floors at the local fire station. Work on fire trucks or other glass-covered equipment was ruled out because firemen decided such "punishment" might make false alarms a favorite sport.

UNINVITED CALLER—Lodged in the doorway of a girl's dormitory, this old jalopy presented a formidable obstacle to University of Illinois coeds looking for an exit. When male students failed in an attempt to raid the dorm, they pushed the car up on the porch. Police from Champaign and Urbana dampened the ardor of the 300 male collegians participating.

JOHN M. LEMONS

To The Voters of Precinct No. 2

Friends as you know I have not as yet been able to get around to see very many of you. I am a working man and must stay on my job in order to support my family. However, there are a few things I would like for you to bear in mind until I can see you. I am 36 years old, married and have four daughters. I feel that I have experience that qualifies me to hold the office of Commissioner as I have been road foreman of Precinct 1 for four years. I know how to build and maintain a road as well as operate and repair any piece of road machinery. I feel reasonably sure I can discharge any other duties connected with this office.

Thanking you in advance for your consideration and support, I will see each and every one of you before election day.

take the law into their own hands. If either officers or mobs can take over the law, then no one is safe and the basis of our type of civilization is gone. The laws pertaining to criminal trials were made, not only to protect the rights of the accused, but to protect the rights of all persons.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

CARD OF THANKS

We would like to express our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings and other kindnesses, we are deeply grateful. Especially do we appreciate the help of the telephone operators who were so patient and helpful with the many long distance calls. Your thoughtfulness will long be remembered.

The family of Sarah Iva Davis.

Mrs. Maud Cockrell of Chickasha, Okla. is visiting her sister, Mrs. Ida Couch, arriving Sunday to visit with both of them was their nephew, Mr. and Mrs. Geo. Lasiter of Brownfield.

Guests in the home of Mrs. J. R. Cowan Sunday were Mr. and Mrs. J. R. Cowan and family of Borger and Mr. and Mrs. Bailey Estes.

NTSC Iraq Student Holds Degree; Seeks Citizenship Papers

DENTON — Although Cyril Aratoon, 26-year-old economics student from Bagdad, Iraq, now holds a degree from North Texas State College and is married to an American citizen, he will have to leave this country and go through the process of re-entry before he can become a citizen or hold a job.

The Iraqi came to the United States on a temporary student's visa in 1948, but will have to re-enter for the specific purpose of becoming an American citizen. He will not have to wait for an immigration quota since he is married to the former Eva Fleenor, daughter of Mr. and Mrs. B. C. Fleenor of Bandera, Texas. Aratoon was the first NTSC graduate in January to receive a degree from Dr. J. C. Matthews, college president who took office in September.

The dark-haired Iraqi plans to continue work on his master's degree at NTSC. "The main job

now, though, is to get citizenship papers," he explained. "I can't even get a job without them." He already has several large business-size envelopes filled with certificates and applications to present to Department of Immigration officials.

Aratoon is of Armenian descent. His people came originally from Erivan, now a part of Soviet Russia. His mother, a sister, and a brother are still living in Bagdad. The education he received in Iraq was in the Arabic language, but he speaks Armenian and French in addition to Arabic and English.

IT'S THE LAW in Texas
A public service feature of the State Bar of Texas

LAWYERS' DUTY TO PERSONS ACCUSED OF CRIME EXPLAINED

People often misunderstand the reason a lawyer puts up the fight he does for a client who is accused of a crime. "It might be all right," they say, "if the man were innocent, but why put out so much effort defending him when everyone knows he is guilty?"

The obvious answer is that not everyone knows all the material facts. The accused is not a criminal in any legal sense until, by due process of law and under rules of evidence insuring equal justice, the court and jury arrive at the conclusion that he has committed a crime.

The Canons of Ethics governing the lawyers of Texas say: "It is the right of a member (of the State Bar of Texas) to undertake the defense of a person accused of crime, regardless of his personal opinion as to the guilt of the accused; having undertaken such defense, the member is bound by all fair and honorable means, to present every defense that the law of the land permits, to the end that no person may be deprived of life or liberty but by due process of law."

If this were not the case, innocent persons, victims only of suspicious circumstances, might be denied proper defense. Such legal defense is a basic principle of American justice. The rights of the accused to defend himself are nowhere as well guarded as in the British Commonwealth and the United States where government is based on the common law.

In France and other European countries a person accused of a crime is presumed to be guilty. If he is to escape the penalties of the law, he is obliged to prove that he is innocent. But in common law countries an accused person is presumed to be innocent until the state presents enough properly admissible evidence to convince an impartial jury that he is guilty beyond a reasonable doubt.

In serious cases, if the accused cannot afford to hire his own attorney, the court is required to appoint a lawyer to defend him without charge. The Canons of Ethics require the lawyer to defend such a man with the same vigor and skill as he would an ordinary client.

Corresponding to the Canon governing lawyers who defend the accused, there is one for the prosecuting attorney—the attorney retained by the government to present its case against the accused. The Canons of Ethics on this point say: "It should be the primary duty of a member engaged in public prosecution not to convict, but to see that justice is done."

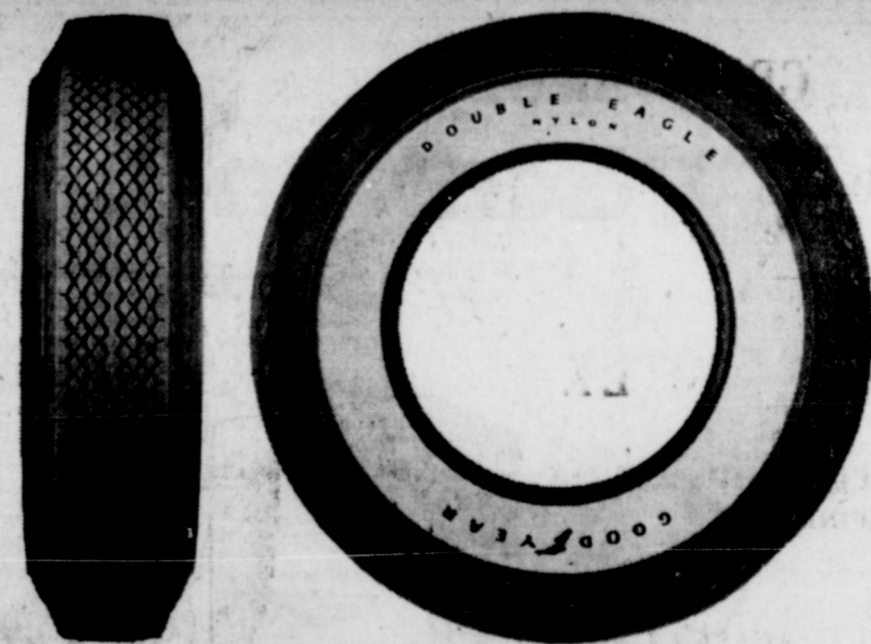

How seriously the public, as well as lawyers, considers the rights of defendants accused of crime is found not only in indignation against government officers who violate these rights, but also against mobs which try to

- Three children's books by Miriam E. Mason were given to the Library in memory of Mr. Johnnie Beard by little Sue Phelan. Mr. Beard was very fond of children and they enjoyed him. This Miriam E. Mason has written quite a list of books for children that are enjoyed by second and third graders. The books we received are: "Homing and His Blunt Nosed Arrow," "Hoppy a Little Goat," and "Happy Jack" an adventurous midget mule.
- We received our shelves from the "Lions Club". These were constructed at the vocational school, and are very convenient for displaying books. Our gift shelves, The three sets represent an investment of about one hundred dollars. Our library is well equipped for a place the population of our town, and the small amount of cash we have to invest, however, we have some excellent cooperation. Our magazines come promptly from the sources we have received them since the beginning of our reading shelf for magazines.

By Cong. Walter Rogers

AGRICULTURAL APPROPRIATIONS:

The House this week has passed the agricultural appropriation bill. Although there was much debate on many of the sections of this bill, the debate was never heated as it has been on the other appropriation bills. It is my opinion that the Congress as a whole realizes what agriculture means to any civilization. The committee recommendations were not cut by the House because the Appropriation Subcommittee on Agriculture did an excellent job

in preparing this bill for presentation to the Congress. The budget requests were reduced by the committee, but the House did not reduce the committee recommendations. One of the primary reasons for this action, other than the fact that the Congress realizes the importance of agriculture, is the fact that since 1940 agricultural appropriations have been reduced 32 percent, while at the same time the appropriations for other departments have steadily increased. I gave you these figures in a recent newsletter, but will repeat them because of their importance. Since 1940 the appropriations have increased as follows: Department of Commerce, 900 percent; Department of Interior, 183 percent; Justice Department, 264 percent; Labor Department, 100 percent; Post Office Department, 286 percent; State Department, 1380 percent; Treasury Department, 749 percent.

terminated primarily by the fertility of the soil and the protection that was given the soil. We must not forget that once the top soil is gone, it cannot be replaced. One of the main reasons that this country has had to contribute to foreign countries during the past two decades is simply because the people in those countries permitted their soil to wash away. They permitted it to be overgrazed and overproduced. Those people did not take care of their land and the result has been tragic. Certainly this country

should learn something from the experiences that we can see and appreciate that have happened during our lifetime. Dollars are very important and especially at this time in our history, but no one will deny that a human being will find a bowl of turnip greens much more digestible than a bowl of ten-dollar bills, with or without pepper sauce. I feel that the people in the 18th District appreciate the importance of agricultural programs and soil conservation, but I did want to give you a few of the

many facts that must be seriously considered by every citizen in this country.

We of course ran into arguments from the city members, but were able to offset these arguments by showing these

members just how important agriculture is to the city folks. Many people do not realize that in the past 175 years the fertile soil of this nation has decreased from 500 million acres to a little more than 300 million acres, and that according to the best estimates available the top soil of fifty 40-acre farms flows down the Mississippi River each day in the year, and out to sea. Many people do not realize that by 1975, according to the present rate of increase in population, this country will have 190 million people, whereas today we have 150 million. This increase in population under present-day standards will require an additional 115 million acres of land in order to maintain the present standard of living. That time is only 23 years in the future. Also since 1940 we have been producing 20 percent more annually than theretofore. This does not mean that such increased production was the result of 20 percent more work. It means that 20 percent more has been taken from the fertility of the soil of this nation. These are just a few of the important facts that the people of the entire nation should know, because history shows us that the rise and fall of civilizations have been de-

ITS NEW KIND OF HORSEPOWER IS SOMETHING TO FEEL!

With its 180 HP V-8 engine, on 125 1/2 inches of wheelbase, many people think the Saratoga is the best Chrysler car of all.

We invite you to take the wheel and feel what happens! There's a new sense of easy power, of reserve power that make driving a new experience.

Its revolutionary combustion chamber develops more of the power in each charge of fuel than other engines can do. One result is performance, even on non-pre-

mium fuel, such as you have never felt. Another result is new economy. It's an engine that scarcely forms carbon at all. It creates less heat. It will last much longer, stay younger on the way!

And with Chrysler full-time Power Steering*, you steer with one-fifth the usual effort... drive with five times the usual control! With Power Brakes you need up to two-thirds less foot pressure... and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?

*NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

Clarendonites Visit In Matador Tuesday

Guests of the Lions Club in Matador Tuesday were Postmaster and Mrs. J. C. Estlack. They were given a special invitation by Hon. Travis Reeves, chairman of the program committee, and Mr. Ben Douglas Meador, publisher of the Matador Tribune and a member of the same committee.

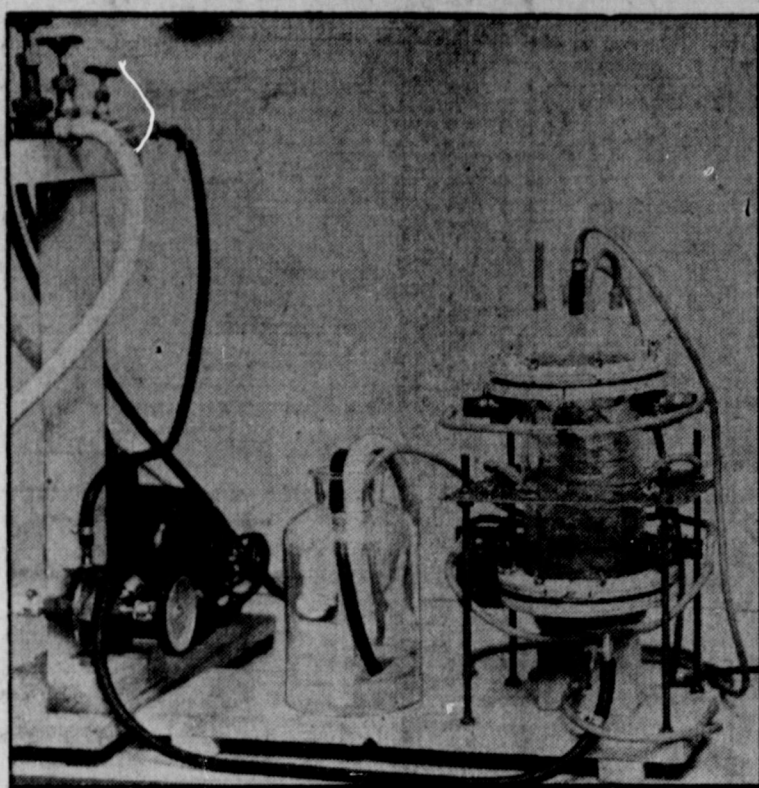

"I have appeared on many programs in many places," the postmaster stated, "but I never before enjoyed a more wholesome welcome and so many courtesies in any place."

Members of the Lions Club remained to hear the talk made to the ladies of the Missionary Society of the Methodist Church

who took over when the Lions adjourned. The entire speaking program extended from 1:30 to 3:45 p. m.

Before the close of the session, the audience was made up of men, women and children who were attracted by the talk and the exhibit or polished gemstones on display in the basement of the Methodist Church.

Matador is the clean, modern county seat of Motley County, known far and wide as the "friendliest little city in Texas." They have a courthouse built two years ago that would be a credit to towns many times the size of Matador. There is a general air of progress, and a proud, highly intelligent people who are proud of their achievements, and well should be. Their schools and

FARM NEWS
From the County PMA Committee

NET FARM INCOME MAY DECLINE IN '52

Farmers net income in 1952 may decline somewhat below the 14.9 billion dollars realized in 1951, according to the Department of Agriculture.

If growing conditions are average, the total volume of farm marketings is expected to be somewhat larger than last year and probably larger than any previous year. But prices of farm products are likely to continue to average a little lower than in 1951, off setting most if not all of the expected increase in volume. So far in 1952, prices have averaged 3 per cent lower than the 1951 average.

Meanwhile, farm production expenses, which rose 12 per cent last year, are still rising, though at a slower rate.

Any decline in farmers net income is likely to be fully reflected

ed in their purchasing power; in fact, the purchasing power of farmers total net income may turn out to be from 3 to 5 per cent lower than in 1951 and lower than in any of the previous 10 years except 1950.

COTTON

The 1951 cotton crop of 15,130,000 bales of 500 pounds gross weight reported by the Crop Reporting Board on May 8, 1952, compares with 1950 production of 10,012,000 bales and the 1940-49 average of 12,030,000 bales. The average yield per harvested acre was 271.7 pounds against 269 in 1950 and 266, the 1940-49 average.

The area harvested in 1951 was 26,687,000 acres compared with 17,843,000 in the previous year and 27,437,000 two years ago.

The Agricultural Conservation Program is a "mighty sound investment for the American consumer," says Clarence J. McCormick, Under Secretary of Agriculture.

PEWIN' Out the CORNERS by Uncle Zeb

Mrs. Frank O'Neill writes to us from Chicago, Ill. sending some jokes for us to use. She had saved the jokes from street car transfers. On each transfer slip appears a joke called A Smile A Day. They are intended to help peoples disposition as they go back and forth to work and to shop. Sounds like a clever idea to me. I can imagine that one would soon look forward to the next one. Anyway, thanks Mrs. O'Neill for the thoughtfulness, and the following are a sample of the jokes:

"Can you serve company", asked the housewife as she was hiring a new maid.

"Yes Mum; both ways — so they'll come again, and so they'll stay away."

Hubby: If I had to do it over again do you know who I'd marry?

Wife: No. Whom?

Hubby: You.

Wife: That's what you think. Anyhow, I believe these are better jokes than the ones from my \$2.98 joke book. Mrs. O'Neill was a former teacher in our school.

Most self-made men must have slipped up on the job sometime

or other.

It has been bad for our prestige as a nation for the Communist to make fun of us at the peace conferences. To lead us into propaganda traps and make us look like chumps to all the world, but this last weeks happenings reached an all time low. When the officers in charge at Kojé Island prison allowed himself to be captured by the prisoners, and then when we promised to stop doing things that we had never done in order to get his release we really hit bottom. Is there no limit to which our weak Washington leadership will stoop??

Is it a fact that mothers and fathers begin promoting the social life of their children while the children are still in grade school? Someone was telling me that this is true in this modern age. That parents begin to worry for fear their children will not be popular and begin arranging dances and dates and the like before they even reach high school age. I guess I am old-fashioned but it seems the greatest thing in the world to me would be to keep the children as children - - not try to make them grown-up. I really believe from the depths of my heart that most children would like to be just children; would like to run and play all day, and rest and sleep all of the night, but the grown-ups have other ideas. We begin crowding their lives with too many responsibilities; social, school, special talents, organizations, and in some cases even church activities, until the home becomes a filling station and a place to take a bath.

We get to depending on our modern intellectual social order to develop our children and neglect the quiet and lasting environment of a good home life on the child. We sometimes try to rush and push and follow them from one kind of activity to another until both ourselves and the children are physical wrecks. How on earth did I ever get off on this subject, and will some of you please straighten me out if I am wrong. I would like to hear from some teachers on the subject, and also from some children. A worried mother's fears put me to thinking. Is this a common failure on our part, or was this an isolated case?

I have heard that you could judge a man by these three things: what he laughs at, what he blames his troubles on, and how his children act when he comes home.

Three of America's most popular characters were unborn; Uncle Sam, Santa Claus and Charley McCarthy.

Isn't it wonderful when your kids get grown up enough to play at the neighbor's house once in awhile?

Soil Conservation District News

Plans are well under way for the trip to Lubbock next Monday, May 26th, by a local group of soil conservation enthusiasts to attend the Region 1 presentation of the Fort Worth Press' "Save the Soil and Save Texas" awards program.

The Donley County Soil Conservation District has been named the Outstanding District in Region 1, comprising 51 counties in the high plains and south plains of Texas.

The five supervisors of the Donley District will receive a cash award of \$500.00 at this presentation. The money will be used locally for the furtherance of soil conservation work in the

Donley District.

Each Cooperator of the District should take a personal pride in this honor for the District because the winning was made possible only by the cumulative efforts of all farmers and ranchers who applied conservation practices on their farms in 1951.

A special bus has been chartered for this trip and the cost will be approximately \$7.00 per person. The group will be the guest of the Lubbock Agricultural Club for the evening meal which will be a barbecue.

Farmers, ranchers, business and professional men and women are invited to make this trip. Reservations may be made by calling Carman Rhode, Phone 157 or 383-R not later than noon Friday.

It gives this old familiar sign new meaning

WOULD you be interested in getting one gallon free with each tankful of gasoline you buy?

Then we can tell you this: It will certainly be worth your while to read this brief story of Buick's new Airpower carburetor.

Truth is—a skillful driver can just about double the bonus we mention, if he makes the most of what this year's ROADMASTER has to offer.

The reason you can get such a bonus traces to a pair of simple facts:

- (1) It's a mixture of gasoline and air that gives you power.
- (2) Buick engineers have come up with a four-barrel automatic carburetor that lets you use more gallons of air per gallon of fuel.

Most of the time, only two of these barrels are needed—and they feed such a thrifty mixture that you use less gasoline at 40 mph than you'd formerly use at 30.

But—when you want a quick burst of eager power—you can double the air supply as well as the gasoline feed—and come up with the highest horsepower that Buick's Fireball 8 Engine ever delivered.

Of course, any man who's buying a car as fine as a ROADMASTER wants a lot more than extra miles from a tankful of gas.

He wants the distinction of extra room, extra comfort, richer fabrics and all the other refinements that make a car truly fine.

He wants to ride with solid security, confident poise and lordly silence.

And, while he may not admit it, he yearns for a car that's full of fun.

All this, we promise you, and more will be yours when you take the responsive wheel of a ROADMASTER.

How about doing that—soon?

BALANCING

YOUR ACCOUNT

EVERYONE is interested as the seal performs his feat; for underneath is the slumbering concern that we may do as well at the end of the month, at Income Tax time, and ever at the close of the year, perhaps looking forward to the final settlement at the end of life itself.

BALANCING the account is never finished, as life goes on from one accounting time to another; the bank statement for the current month begins by unbalancing what we did only thirty days ago. Life is ever seeking a new form of achievement, giving us another set of figures to wrestle with. So we must look forward, with whatever anxiety we may feel, to the next accounting.

THE seal has succeeded well, but it did not do it the first time. Practice, hour after hour, made success possible. Try, try and try again; that is the rule of accounting. The man who has learned to make a daily check-up is well on the way to a successful weekly accounting. Children shy away from the test, as if it were something unreal, a form of persecution concocted by school teachers. Happy is the man who learns early that life needs continual checking and accounting. Happy is he too, if he forms the habit of making careful accounting, because he wants to know day by day how his account stands.

FINANCIAL accounts worry us perhaps out of proportion. Our really important accounting is with the inner person himself. Have I more friends than last year at this time? If not, why am I failing in friendship making? How do I stand in the matter of love and peace of mind and self-respect? Have I a firmer grip on my temper, better poise in meeting and dealing with my fellows? Is there more of genuine quality about my character than before? How am I doing as a man in the midst of his fellows? How much confidence does my family have in me? How much of happiness do I share together? Do I speak more kindly and smile more sincerely? The Church will help you in balancing the most important of all accounts.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. You in the Church and the Church in you—form a combination for the good. Be a regular CHURCH GOER and a daily BIBLE READER.

130,279 People Visit Palo Duro State Park In The Fiscal Year Ending May 14th

CANYON, TEXAS (Special)—Attendance at Palo Duro Canyon State Park reached the astounding record total of 130,279 in the fiscal year ending May 14th, 1952. These people came in 35,143 cars, trucks and busses. During the

travel year ending in September, Palo Duro State Park attracted more out of state tourist cars than any other Texas tourist attraction. This lead has been increasing since that time.

Attendance for the fiscal year ending May 1951 was 98,063 and for the fiscal year ending May 14th, 1949 was 50,250. Park officials report that if the present percentage of gain continues to hold the attendance may reach 150,000.

Playground equipment, improved water facilities, additional picnic units and improved lateral roads are being added to the park this spring. Paving, additional lights and bus service have been added during the fiscal year.

John L. McCarty, public relations counsel and concessionaire, who has had charge of the park development since May 1949 reports that tourist acceptance of the "World's Most Colorful Canyon" is 99 percent enthusiastic.

Tagged Fish Caught Twice

AUSTIN—An idolent white bass, with a penchant for being caught by women anglers, has spiced the Lake Texoma research program.

According to Aquatic Biologist Ed Bonn, stationed at Denison, the fish was netted and tagged December 20 last year. It was caught by Mrs. Howard Shires of Pottsboro on March 18 in precisely the same spot it had been released.

Mrs. Shires, after recording the tag data for a report to Biologist Bonn, turned the fish loose. On April 17, it was caught again at the same place, this time by Mrs. J. F. Roberts of Pottsboro, who also threw the specimen back after making notes on its tag number, location of the catch and so forth.

Another cooperative white bass was caught the same day it was tagged and released—on February 20. It had made no change in location.

All of the three fish were caught on minnows.

Most of the 13 tagged fish caught to date showed little movement but one, Number 1099, which was tagged and released January 24 and caught March 15

had covered twelve miles. Bonn attributes lack of movement to the fact that about 90 per cent of the marked fish are yearlings and do not have the size or the urge to spawn. One fisherman, Howard Jones, caught two tagged fish. Others were reported by Tony Miller of Valley View; Mrs. T. O. Teddlie of Sherman; R. A. Staton of Denison; and Jim Howell of Ardmore.

Buffalo and Indian Left Their Mark On Texas Capital

AUSTIN—Those vanishing Americans, the buffalo and the Indian, left their mark on the Texas capital, a University of Texas historian reveals.

Dr. H. Bailey Carroll, Texas State Historical Association director and University history professor, has collected extensive data on early Austin.

Buffalo probably made a trail which the earliest explorers found leading to the original fording place on the Colorado River, Dr. Carroll says. The trail was used by Spanish explorers, Mexican traders, Indian peace and war parties, and freebooters before the area was settled by Anglo-Americans.

Crystal City, Texas is the spinach capitol of the world, and has a monument to Popeye. The Japanese royal family dates from 660 B. C. Copper and tin, properly combined, make bronze. The first commercial ice plant in the United States was operated in Jefferson, Texas about 1874.

The French Embassy, which still stands, was built in 1841 by Alphonse de Saligny, after the French representative had recommended recognition of Texas by France. "The count did not spend much time in the legation," Dr. Carroll comments. "Indians, frequent and unfriendly visitors to Austin, affected the poise of the Old World representative."

In April, 1844, a large herd of buffalo traversed the principal streets of Austin, going north, and several were killed near the present Capitol grounds. Never before or since have buffalo stamped up the main thoroughfare of the regular designated capital of a nation, Dr. Carroll said.

Operation Mule Train Heads For Dallas

"Operation Mule Train" hit the trail this morning when at dawn, eight Colorado Jaycees, a covered wagon pulled by four white mules, and a hundred men on horseback left the Pikes Peak city for Dallas, Texas.

Colorado's Governor Dan Thornton, Jo London, "Miss Colorado" and Eleanor Tutt, "Girl of the West" were in the driver's seat of the "Cripple Creek Express" for the first mile. The Pikes Peak Range Riders, the Kit Carson Riders, and the El Paso County Sheriff's Posse acted as escorts.

The 760 mile trek will take 37 days, arriving in Dallas on June 24 in time for the opening of the

National Junior Chamber of Commerce Convention.

The purpose of the spectacular trip is two-fold: to promote Colorado's tourist attractions, products and industries, and, second, to make a strong bid for the National Jaycee Convention to be held in Colorado Springs in 1954.

Members of the "Cripple Creek Express" will camp and cook out for the entire trip. Plans call for major stops in 17 communities during the three state journey. They are due to arrive in Clarendon June fifth.

Veteran mule-skinner, Jim Jordan, Eva, Oklahoma rancher, will handle the reins, and Jim Barnes, well known Garden of the Gods chuck wagon cook, will go along as "biscuit shooter."

Others making the entire trip are Jaycees Cal Yeates, Louis Kosta, Rush Thomas, Will Jensen, Keith Wiley, all of Colorado Springs and Bill Miranda of Greeley, Colo.

The project is sponsored by the Colorado Junior Chamber of Commerce.

one, he asserted, but said the longer length of average life isn't the whole reason for the great numbers of heart disease deaths.

To prove that point he quoted these figures: Of the 30,000 Texans that cardiovascular (heart and blood vessel) diseases will kill in 1952, about 15,000 will be less than 70 years old, 700 will be in their 30's, 2,000 will be in their 40's, 4,500 in their 50's, and at least 7,000 in the 60's.

Since 1941, the male death rate has exceeded the female rate by some thing like 70 per cent, the Health officer said. For those 75 and over the risk of death from heart disease is a fourth again as great for men as it is for women.

These ever increasing deaths to heart, kidney, and blood vessel disorders have been observed for the last 30 or 40 years.

"If a statewide heart program is to develop," he declared, "it will be necessary that there be provided a professional coordinating committee that will council on program procedures and give necessary directions on essential medical services."

He credited the American Heart Association with "success-

fully influencing" fund appropriations, and for formulating a heart control program for the nation.

AUSTIN—State Health Officer Geo. W. Cox has forecast the death this year of some 30,000 Texans due to heart and blood vessel diseases. Twenty thousand will be men, and at least half the total figure—both men and women—will be less than 70 years old.

Attention Ladies!

Cakes lined up—each with a number. Judges looking, breaking off pieces, tasting. The winner? Number 4—a cake with a wonderful, glossy chocolate frosting.

This was at the Women's Club last night. Then Duke Thomas stepped up—his cake was Number 4! Seems his missus was laid up, so Duke took over—and won!

Here's Duke's prize-winning frosting recipe:

Melt 3 squares unsweetened chocolate in double boiler. Remove from heat, add 1½ cups sifted confectioner's sugar and 2½ tb. hot water and blend. Add 3 egg yolks, one at a time, beating well after each. Add

4 tb. butter, beating thoroughly after each. Fill and frost 8-inch, 2-layer cake.

From where I sit, we all have different abilities and tastes... and these differences are sometimes surprising. Duke bakes prize-winning cakes. My wife, for example, can beat most any man at checkers. Same when it comes to beverages—you may like coffee or tea while I prefer a refreshing glass of beer. But let's not have any "half-baked" ideas that people are all the same—or should be.

REGISTERED NURSE SAYS BIG 12 FORMULA IS BEST

When a registered nurse with years of experience in hospitals and private homes caring for sick people recommends a medicinal product one can be certain that the product has real merit. Mrs. Fern Collins, a registered nurse who resides in San Clemente, California and recently visited in Texas had this to say about **BIG 12 Iron Tonic**.

"I am a registered nurse, serving many years in hospitals and on private cases, and I have seen many instances where patients, suffering from stomach trouble, nervousness, sleeplessness, loss of appetite and a general run-down condition have been greatly benefited by taking a vitamin and mineral tonic such as **BIG 12**. In fact I should consider **BIG 12** an absolute necessity where the patient's system is deficient in Vitamins B₁, B₂, Niacin, and Iron; this is especially true in cases of iron anemia of which there are many. I have studied the **BIG 12** formula carefully and **BIG 12** supplies by far more iron per daily dose than any similar product I have seen and I think I am familiar with all of them. **BIG 12** also supplies in the daily dose as much of the new Red Vitamin B₁₂ as a doctor usually gives in an intramuscular injection. I believe that **BIG 12** Iron Tonic, supplying as it does, helpful amounts of Vitamin B₁, B₂, and Niacin in addition to Vitamin B₁₂ and with such a large Iron content is undoubtedly the best tonic a person, young or old, can take to relieve conditions caused by these deficiencies. Also, because of its pleasant taste, **BIG 12** is invaluable to mothers whose children are not thriving as they should, since children will readily take **BIG 12** and this is important to mothers because other similar products usually taste atrociously and have to be diluted with water to enable an

adult to take them, much less trying to get such a dose down a child. **BIG 12** requires no dilution with water, in fact **BIG 12** can be placed in milk without causing the milk to curdle as will be the case with other similar products."

If you or any one in your family, a grownup, or child, is suffering with stomach distress, listlessness, poor appetite, nervousness, nagging aches and pains and sleeplessness due to deficiencies of Vitamins B₁, B₂, Niacin and Iron you could not possibly do a greater favor than to purchase a bottle of **BIG 12** Iron Tonic at your drug store and within a short time, often before the first bottle has been taken, you will note a decided change for the better, you'll note more energy, better appetite and a general improvement so why wait? **BIG 12** is the product you have been looking for if you suffer from these deficiencies and it is as close to you as your nearest drug store.

RUGGED as they come!

Stack up what you get for what you pay... and join the nation's largest group of truck users by choosing Chevrolet

By far the biggest number of truck users today are Chevrolet owners... and for good hard-headed reasons. Because what they get is this:

Low Cost—in purchase price and in upkeep. A truck that gets the job done. A truck that's rugged, long lasting.

Take a look at the four facts below... and see why you, too, will be money ahead with a Chevrolet truck. Come in and see us about it!

CHEVROLET

FACT NO. 1 Save money on purchase price. Stack up a Chevrolet truck against any other truck with comparable specifications. You'll find the Chevrolet truck lists for less.

FACT NO. 2 Save money on operating costs. Hundreds of thousands of truck users have proved to their own satisfaction that Chevrolet costs the least of all to own and maintain.

FACT NO. 3 Save money on job efficiency. Chevrolet trucks are factory-matched to your payload requirements. You don't buy "too much or too little truck."

FACT NO. 4 Save money on low depreciation. Records show that Chevrolet trucks traditionally bring more money at resale than any other make which costs about the same new.
