Methodist Church Vacation School To Begin June 2nd

Vacation Church School will begin Monday, June 2, at the Methodist Church. The five session course under the direction of Mrs. Frank Phelan, Sr., has been planned to accommodate all interested children from the ages of four through fourteen.

Mrs. John English will be leader of the Kindergarten group whose lesson studies will be centered around "Stories about Jesus." The course emphasizes the helpfulness and kindness of Jesus and the planned activities include opportunities for kindergarten children to be kind and helpful to others. Assistants in this group are Mrs. Claude Moore, Mrs. Cleo Farr, Mrs. Charles Deyhle, Mrs. Ray Palmer, and Mrs. C. L. Benson, Jr.

"Outdoors in Palestine", the planned course for the Primary department will be under the direction of Mrs. R. Y. King. This study is to familiarize the children with the customs and everyday life of the children of Bible times. Assistants will be Mrs. L. L. Wallace, Miss Ann Buntin, Mrs. Bill Bentley, Mrs. B. C. Antrobus and Miss Mary Howren. The Juniors, under the leadership of Mrs. Homer Bones, will be "Learning to Know the Bible." This study is to acquaint them with people of the Bible, the lands they lived in, and to show them how to use and enjoy the Bible. Mrs. Ralph Porter and Mrs. Frank White, Jr., will assist.

The course of study to be offered the Intermediates under the leadership of Mrs. Victor Smith is titled "Our Living Book." Mrs. Glenn Hoggatt, Mrs. H. M. Breedlove and Mrs. Gordon Bain will work with Mrs. Smith in this group.

HEDLEY LIONS CLUB TO HOLD BANQUET

The Hedley Lions will hold their 10th anniversary banquet at the Hedley High School Gym Thursday night at 8 P. M. The meeting was moved from the Lions Den to the Gym to accommodate the Hollywood stage show which will be the feature part of the program. A large percent of the original charter members and all past presidents are expected to be there. Carolyn Reeves, the Hedley 1952 Lions Club Queen and second place winner of the district convention at El Paso will be an honored guest.

Mr. and Mrs. J. B. Estes of Memphis and Mr. and Mrs. Leon Hatley and baby of Amarillo visited in the home of Mrs. E. W. Tyler and Miss Alice Tyler Sunday afternoon.

Former Residents Observe Golden Wedding Anniversary

The golden wedding anniversary of Mr. and Mrs. William C. Stewart, former Clarendon residents, was observed Sunday, May 25 at the family home 3321 Rankin, Dallas, with an open house from 3 until 6 p. m. The open house was given by the Stewart children, Mrs. Robert E. Koener of Corpus Christi, Mrs. Ralph E. Randel of Panhandle, Mrs. Frank E. Simmons and L. N. Stewart of Dallas.

An attraction at the open house was a biscuit, baked by Mrs. Stewart shortly after their marriage in Alvarado in Johnson County on May 21, 1902 and has been preserved in an envelope for half a century. Commented Mr. Stewart, "It looks just like it did the first day it was baked."

After the couple married they lived in Alvarado for two years then moved to Clarendon in 1904. They moved to Dallas in 1938. Mrs. Stewart was the former Miss Mae Clarke, daughter of the late Dr. and Mrs. J. R. Clarke, pioneer Texas educator and minister who helped establish some of the first schools and churches in central Texas communities. Mrs. Stewart has taught a Sunday School class since she was 16 and teaches the oldest class in Park Cities Baptist Church. Mr. Stewart was born in Rome, Ga.

Two hundred and fifty guests registered. The table, covered in cutwork linen, was centered with an arrangement of yellow gladiolus and roses. Cut glass used on the refreshment table was from Clarke and Stewart families and punch was served with a silver ladle which belonged to Mrs. Stewart's grandparents. Mrs. Stewart wore an afternoon dress of rose lace and a corsage of golden orchids.

The only grandchild, Miss Margaret Stewart Randel of Panhandle, and Mr. Stewart's sister, Miss Lillie Mae Stewart of Venus, were in the house party. Nieces from Cleburne, Dallas and Alvarado and Dallas friends were other members of the house party.

A number of former Clarendon residents, now living in the Dallas area, called during the afternoon. Among those were Mrs. Hollye Bryan Guiberson, Mr. and Mrs. Ronald Keener, Mrs. Hattie Rutherford, Mr. and Mrs. King Hall, Mrs. Hall being the former Hazel Coleman; Mr. and Mrs. Bruce Cossey, Mrs. Cossey nee Glenna Blackburn; the Rev. Mr. and Mrs. John Ellis, Mrs. O. L. Jenkins, Miss Elon Aiken of Dallas, and Mr. and Mrs. Sam M. Braswell and Harold McDaniel of Fort Worth.

Mayor First To Wear Memorial Poppy

First to put on a poppy for this year's observance of Poppy Day was Mayor Major Hudson. The poppy was pinned on his lapel in ceremonies in his office by Mrs. Glenn Hoggatt, President of the Clark-Brock Unit of the American Legion Auxiliary. Mrs. Jack Gray, Poppy Chairman also took part in the presentation.

"I am proud to wear this poppy as my individual tribute to the memory of those who died to keep our country secure from its enemies," said Mayor Hudson. "I hope every one in Clarendon will have one on Saturday to show that we all remember and are grateful to the heroic young men who gave their lives that America and American freedom might live on."

ENJOY TRIP TO WEST COAST

Mr. and Mrs. E. J. Chenault returned Thursday afternoon from a trip to California. While away they visited Mrs. Chenault's sister at Redwood City, Calif., and brothers at Roseville. The return trip was made thru Utah and Colorado where they encountered snow and cold weather. The trip took up some three weeks time.

Locals Defeat McLean 22-7 Here Sunday

The Clarendon Baseball club kept up their scoring spree Sunday by defeating the visiting team from McLean 22 to 7. B. F. Dorman was the winning pitcher with Roy Blackman pitching the last two innings. Jimmy Jenkins made the outstanding play of the afternoon when he figured in a triple play, making two outs unassisted and throwing from second to third for the third out. The local team will play their next game with Caude at Claude next Sunday afternoon beginning at 3 o'clock.

Mr. and Mrs. Geo. McKee, Mr. and Mrs. Raymond McKee and Mrs. N. L. Jones visited Palo Duro Canyon and the museum in Canyon Sunday.

CELEBRATION COMMITTEE HEADS TO MEET FRIDAY NIGHT

J. W. Murphy, president of the Outdoor Entertainment Association, announced this week that a meeting of all committee chairmen would be held Friday night at 8 p. m. at the county agent's office. All other interested persons are invited to attend also. All chairmen are asked to have as much information ready to report as possible in regard to their part in the July 4th celebration plans. It is necessary that we round up everything as quickly as possible as only about a month remains before this big affair comes off, Murphy stated.

Services Today For Dr. M. H. Rhoades

Funeral services have been set for 2 p. m. this afternoon at the Murphy-Spicer Funeral Chapel for Dr. Marion Harry Rhoades with Rev. Edgar Henshaw officiating.

Dr. Rhoades, 72 years old, had been a Donley County resident since 1911 and farmed in the Ashtola community since 1927. He was a graduate of Kansas City Veterinary College and was a Spanish-American War veteran. He had been a member of the Masonic Lodge 51 years. Dr. Rhoades passed away Tuesday morning in Veterans Hospital in Amarillo.

Survivors include his wife, a brother-in-law, W. B. Warren, Los Angeles; three nephews, Edson Warren and Thomas Warren, Los Angeles, and Thomas Gilkinson, Eagle Rock, Calif.; two nieces, Mrs. Richard Roundbush, Los Angeles, and Mrs. Edward Wisser, Berkeley, Calif.

Palbearers will be A. J. Garland, J. R. Brandon, Clyde Hudson, Homer Estlack, Allan Jeffries and D. T. Vaughn.

Burial will be in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of funeral arrangements.

DONLEY COUNTY SINGING ASSOCIATION TO MEET SUNDAY

The Donley County Singing Association will meet Sunday afternoon, June 1, at 2:30 in the Goldston School House. It is hoped that a good sized group will be able to attend.

The meeting last month was postponed due to several funerals being held at that time. The public is invited to attend, sing with the group and enjoy an afternoon of visiting.

Large Crowd Enjoys Barbecue & Outing at Burson Lake Sunday

Mr. and Mrs. Tony Burson, Mr. and Mrs. W. O. Hudson and Mr. and Mrs. A. M. "Dusty" Taylor entertained approximately five hundred friends and sportsmen from over the Panhandle area with a barbecue and outing at the main lake on the Tony Burson ranch Sunday, May 25th. Flip Breedlove was in charge of the barbecuing and did an excellent job with the assistance of Mr. Hudson.

This delightful and entertaining outing gave sportsmen an opportunity to see what was in store for the people of this area in the way of fishing and hunting. Mr. Taylor, has approximately 20,000 acres under lease for hunting and fishing. The main lake where the barbecue was held is a fisherman's paradise. The lake is fifty feet deep in places and extends up a scenic canyon for over a mile. The water is clear and the lake is spring fed. Fishing in this particular lake probably will not be open this year but will be ideal next year. It has been stocked with bass, crappie, channel cat and brim. The lake number 2 is open now for fishing at the present time. The Burson lakes are located about 38 miles south of Clarendon on the Silverton highway.

Fruit and nut trees have been set out around the main lake as well as numerous grape vines. Sportsmen will be able to enjoy these as the policy of "eat what you want and leave some for others" will be used.

Mr. Taylor is going to devote all his time to fixing up this resort for the pleasure of sportsmen in this area. He is now building cabins and a store at the main lake and will make other improvements. The main lake is open now for picnicking, boating, swimming and other outings. The hunting reserve for quail, ducks and geese will be open this fall.

If you haven't visited the Burson lake, drive down that way when you have time and see what a pretty place it is. You will be surprised in finding a lake of this nature sitting in the Caprock foot hills.

HEDLEY BALL CLUB TO PLAY WASHBURN NEXT SUNDAY

Hedley will play Washburn in a Cap Rock League baseball game at Hedley next Sunday at 3 P. M. Last week Hedley defeated Groom at Groom by the score of 5 to 3.

Poppy Day Call Issued By Mayor

Saturday, May 31, was set aside as Poppy Day in a proclamation issued today by Mayor Major Hudson.

In observance of the day, all citizens were urged to wear memorial poppies to honor those who have given their lives for America in the two World Wars and the Korean conflict.

The proclamation stated: "Whereas three times in the past thirty-five years the young men of our city have been called upon to help turn back a threat to America on foreign battlefields; and

"Whereas our young men answered this call with high courage and patriotism, some of the finest of them laying down their lives in the nation's defense; and

"Whereas our memory for our war dead and the honor in which we hold them is individually expressed by the annual wearing of the memorial poppy, now

"Therefore, I, Major Hudson, Mayor of the City of Clarendon, do hereby proclaim, Saturday, May 31, to be Poppy Day in the city of Clarendon, and do urge all citizens to observe the day by the wearing of the memorial poppy."

C. W. Taylor's Celebrate Golden Wedding Anniversary

Friends and neighbors encircling the home of Mr. and Mrs. C. W. Taylor entertained Tuesday evening with an informal open house honoring Mr. and Mrs. Taylor on their 50th wedding anniversary.

Willie Skinner and C. W. Taylor were married May 27, 1902 in the Clarendon Baptist parsonage. The bride's father, Rev. Skinner officiated. The Taylor home was decorated with many beautiful floral arrangements. Mrs. Cap Lane registered names of guests at the guest book. Throughout the evening, Mrs. J. L. McMurry played many of the beloved old time songs and several of the guests gathered around the piano to sing as they came and went.

In the dining room, the table was laid with a lace cloth. The centerpiece featured an arrangement of gold snap dragons, roses and greenery. Golden punch and cookies were served.

All of the Taylor's children were present, Mrs. Agatha Darnell of Borger, Mrs. Eugene Stephenson and grandson of Houston, and Mr. and Mrs. Bill Taylor and children of Pampa. Other out-of-town guests included Rev. and Mrs. J. Perry King of Amarillo, Jane Wilson of Paducah, and Mrs. John Miller Morris of Canyon.

Approximately 125 guests attended.

Soil Conservation Awards Meeting Well Attended

The Donley County Soil Conservation District was well represented last Monday night at Lubbock for the Fort Worth Press Save the Soil and Save Texas awards program for Region I.

A special chartered Continental bus filled to more than capacity carried thirty-one local farmers, business and professional men and women to the affair which was held in a large barn on the S. B. Nelson farm 10 miles southwest of Lubbock.

An estimated five hundred people were fed an "Old Time Texas" barbecue which most everyone thought was the best he had ever tasted.

The Master of Ceremonies was Bill Tipton better known as Mr. Paymaster.

Walter R. Humphrey, editor of the Fort Worth Press and the man who is responsible for this Save the Soil and Save Texas program made the awards to the array of champions from region I.

Mr. Tipton interviewed each winner over a public address system as color pictures of the conservation work done were projected on the screen.

Although Mr. T. C. D'Spain received his \$500 award as outstanding conservation farmer in Texas at the Fort Worth banquet on May 4, he was again interviewed before this group.

Four of the Donley County District supervisors: J. R. Porter, Joe Tollett, W. P. Doherty, and T. C. D'Spain were present to receive a check for \$500 for the outstanding conservation District in Region I.

Several slides of local conservation work were shown as these men were being interviewed. Some of the pictures were Vance Gray's weeping love grass, Cap Morris' hairy vetch, Kermit Evans' rye and Austrian winter peas in cotton middles, Bill Cooke's grass planting, Emory Brown's sagebrush and shinnery control.

Other champions presented were Mrs. Rufus Sweat of Wellington, State winner as Home-maker of the year; Grassland Group from Lynn County as best group project in Region I; C. M. Welborn, Swisher SCD, outstanding farmer in Region I; James W. Cliett, McLean, best comeback farmer; Unselfish Service by Non-Farmer, A. B. Slagle, Magazine editor; Mrs. S. J. Latta, Floydada, Region I Homemaker; and Patte Houser, Tulia, essay contest.

Local folks attending this meeting were: Mr. and Mrs. T. C. D'Spain and Carlin, Mr. and Mrs. W. P. Doherty, Mr. and Mrs. Frank White, Jr., Mr. and Mrs. A. H. Moore, Mr. and Mrs. Carmar Rhode and Toni Ann, Lloyd Risley, Joe Tollett, Richard Finch, James Gouldy, Homer Thomas, Jay Gould, George Weatherall, Basil Smith, J. N. Weaver, W. W. Sandifer, Lonnie Walker, T. A. Evans, Frank Murray, Richard Cannon, Pete Land, C. G. Speed, Olmon Swort, Emmett Simmons, and J. R. Porter.

DR. HUMPHREY TO ATTEND MEDICAL CLINICS

Dr. Ben K. Humphrey, M. D., will leave June 8th to attend the annual meeting of the Colorado Medical Alumni Clinics at the University of Colorado Medical Center in Denver. Dr. Humphrey will devote his time primarily to the study of Newer Drugs in the Treatment of Hypertension and the Changing Concepts in Allergy. These clinics will be under the direction of some of the most outstanding physicians of the country.

Following his attendance at the Medical Clinic, Dr. Humphrey will visit his parents in Boise, Idaho. He will return to Clarendon and reopen his offices in the Goldston Building on Monday, June 23rd.

Mrs. Ermine Blair returned home Saturday after visiting relatives in Los Angeles, Calif.

CONTROL OF SEPARATE COMMUNITY PROPERTY EXPLAINED

Generally speaking, each spouse has the right to control and dispose of his or her own separate property. You will recall that the separate property of a husband or wife includes property owned by either before marriage, and that which is acquired by either after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved. Aside from the ordinary community estate, there is a class of property known as the wife's "special community," which in-

cludes all the income from her separate real property, and probably the interest on bonds or notes, and dividends on stocks owned in her separate right. While the husband may have similar assets, the law accords them no particular distinction from ordinary community property.

Although the history of the matter is somewhat confusing, it appears that under present day law the husband has control of ordinary community property but control of the wife's special community property is reserved to her.

Certain restrictions are imposed upon both husband and wife in exercising such control. For instance, the husband cannot legally dispose of community property in such a way as to defraud the wife, nor can he sell the homestead without her signature and acknowledgment. And the wife's sale or mortgage of her separate real estate, stocks or bonds is not valid unless her husband joins with her in the transaction—he must sign and execute the necessary legal papers along with her.

Such limitations appear to be a product of those earlier and more chivalrous days in which the sheltered married woman had little or no contact with the business world. They indicate a desire to protect the little woman from chiseling outsiders, and even against an unscrupulous husband.

A similar intent appears in the laws exempting the wife's separate and special community property from liability for debts incurred by the husband. Such liability is restricted to his separate property and the ordinary community property.

On the other hand, debts incurred by the wife in obtaining necessities for herself or the children bind all property belonging to either party, including the husband's separate property. For other debts which she has power to incur, only her separate and special community property are liable.

All of these distinctions emphasize the advisability of keeping proper records. By doing so the various classes of community and separate property owned by a married couple will always be easily distinguishable. Each category will then receive the special protection afforded to it by our laws.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

News From The Office of Price Stabilization

The Office of Price Stabilization has ordered price controls suspended on raw cotton and a wide variety of cotton, wool and synthetic textiles. The district OPS office pointed out the suspensions became effective May 20th.

The action is in line with OPS policy of suspending or otherwise relaxing price controls on commodities whose selling prices generally are materially below ceilings and which are not expected to reach ceiling prices in the foreseeable future.

The OPS has authorized a slight increase in the markups for food wholesalers on sales of certain canned fruits and vegetables, in an interim action caused by a showing of markedly lower earnings.

OPS officials said the action is subject to review and adjustment based on results of the agency's pre-Korean food margin survey now in progress, and future earnings surveys.

The higher wholesale markups will apply to canned fruit cocktail, pineapple, peaches, and pears and to corn, green beans, tomatoes and tomato juice.

OPS estimated that the results would be to raise the possible net earnings before taxes of wholesalers by three-fourths of one per cent and raise only slightly the retail prices of the canned fruits and vegetables receiving the higher markups.

State Fair Musicals, June 9 - August 31

DALLAS—With the announcement last week that the Broadway production "A Tree Grows In Brooklyn" would be one of the six productions at the State Fair Musicals this summer, the southwest is once again being given outstanding Broadway productions before other sections of the country will view them. This will be the first production outside of New York City. But what is most important in this attraction is that it will star Shirley Booth, original Broadway star of the show. Miss Booth has long been considered one of the most outstanding actresses that America has produced.

She first appeared on Broadway in dramatic roles, one opposite Humphrey Bogart; then she changed to comedy; then came her conquest of the radio; then to musical comedy and finally motion pictures. She is currently in Hollywood finishing the movie version of her Broadway hit, "Come Back Little

Sheba." Radio audiences know her well for her role of "Mrs. Duffy" in Duffy's Tavern, and lately she has been one of Tallulah Bankhead's most successful guests on "The Big Show."

For her performance on the stage in "A Tree Grows In Brooklyn" Miss Booth received the New York Drama Critics Award, the Donaldson Award and the Antoinette Perry citation for the year's greatest acting. Her comedy antics and rousing vocal contributions to the production keep audiences laughing month after month at the Alvin Theatre.

This will be Miss Booth's first appearance in the Southwest, and it promises to be a memorable occasion. The show opens on June 23 and will be the second production in a series of six. The season opens June 9 and will close August 31st.

Decoration Day

Greater Love Hath No Man...

THAN THAT HE LAY DOWN HIS LIFE

Memorial Day is a time set aside to pay tribute both to those who have fallen in battle and to the civilian dead. It is a time when graves are decorated, when parades are formed, when speeches are made from platforms decorated with bunting. Yet the celebration of Memorial Day is empty if it does not prompt us to remember the causes for which men have given their lives and to rededicate our own lives for the welfare of humanity, for the accomplishment of the goals of liberty, equality, fraternity. Let us, each and every one, resolve to keep faith with those who have gone before us and to give substance to that faith in our daily thought and action.

Davis - Risley

Miss Mary Neal Davis, daughter of Mrs. Robert W. Davis became the bride of Maurice L. Risley, son of Mr. and Mrs. A. F. Risley, in a double ring ceremony at the First Baptist Church, Thursday evening at 6 o'clock. Rev. Ernest Phillips officiated.

Vows were exchanged beneath an arch of greenery and mock orange, on either side of which were baskets of white gladioli and candelabra.

Following the ceremony, Mrs. Howard Scott played "Oh Promise Me," "Indian Love Call," and "Sweet Mystery of Life." J. C. Arthur sang "Through the Years," and "Speak to Me of Love." Candles were lighted by Martha Jo Risley, niece of the groom. Mrs. Scott also played the traditional wedding marches.

Miss Lucille Dale, maid of honor, wore a ballerina length dress of pastel green organza over taffeta and pink accessories. Her colonial bouquet was of pink roses and carnations surrounded by blue cornflower and net.

The bride, given in marriage by her brother, Clyde W. Davis, wore a ballerina length white lace dress over taffeta fashioned with a nylon tulle yoke outlined with applied lace embroidery. The fitted bodice featured off the shoulder short puffed sleeves; the skirt was circular. She wore lace mitts. The elbow length veil of nylon tulle fell from a Juliet lace cap secured with orange blossoms. She carried a bouquet of white roses with satin streamers knotted with rose buds.

Homer Hardin of Goodnight attended the groom as best man.

Mrs. Davis, mother of the bride chose a navy sheer dress with matching accessories. Mrs. Risley, mother of the groom, wore a grey

suit complemented with black accessories. Both wore corsages of pink carnations.

Following the ceremony, a reception was held in the home of the bride's mother, Mrs. Robert W. Davis. The table was laid with an ecru lace cloth and centered with an arrangement of pink peonies. The tiered wedding cake was served by Mrs. Frank Cannon. Mrs. Lloyd Risley, sister-in-law of the groom, presided at the punch bowl. Mrs. Clyde W. Davis, sister-in-law of the bride, registered the guests.

For a wedding trip to Colorado Mrs. Risley chose a mauve suit and white accessories. She wore a corsage of white roses.

Mrs. Risley graduated from Clarendon High School and Junior College. She is a member of the Jr. Beaux Arts Club and at the time of her marriage was employed at the Donley County State Bank.

Mr. Risley attended Clarendon schools and is a graduate of West Texas State College, Canyon. He is an instructor in the Donley County Vocational School and engages in farming. They will be at home in Clarendon.

ENTERTAINS WITH PARTY

Mr. and Mrs. G. A. Lamberth entertained at the Canteen Wednesday evening, May 21, honoring their daughter, Linda, on her thirteenth birthday. Guests came in Western attire for a western dance with music furnished by the David boys, Merle and Eldon.

The honoree received many lovely and useful gifts. Refreshments of barbecue sandwiches and Cokes were served.

Assisting Mr. and Mrs. Lamberth with the party were Mr. and Mrs. Tommy Thompson of Amarillo and Mr. and Mrs. Hugh Clemens.

Phelps - Lloyd

In a single-ring service Tuesday morning, May 20, solemnized in the First Baptist Church, Clarendon, Texas, Miss Frances Phelps became the bride of Neil E. Lloyd, Houston, Texas.

The bride is the daughter of Mrs. C. C. Phelps and the late C. C. Phelps and the bridegroom is the son of the late Mr. and Mrs. E. C. Lloyd of Houston.

Rev. J. Perry King, Amarillo, read the service beneath an arch of yellow gladioli and white majestic daisies. Flanking the arch were yellow cathedral candles and baskets of yellow gladioli. In the background were palms and trees of fern.

Mrs. Howard Scott, organist, played a nuptial medley including "Serenade" by Schubert, "Salute d'Amour" by Elgar, "Clair de Lune" by Debussy, and "Romance" from "Les Preludes" by Liszt. J. C. Arthur sang "At Dawning" by Cadman and "Speak to me of Love." The traditional wedding marches were used.

The candles were lighted by Michael McCleskey and Connie Grady.

Given in marriage by her brother, Harold Phelps, the bride was attired in a suit of oyster white silk with brown accessories. She carried a white Bible topped with bronze symbidiums.

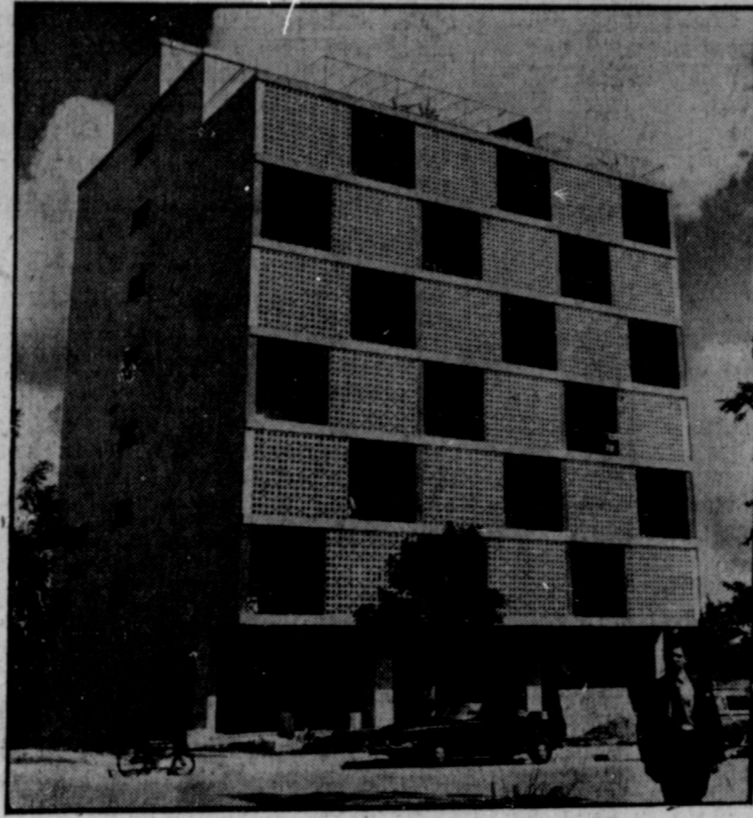

Mrs. E. T. Bagwell, Jr., Claude, was matron of honor. She wore a natural silk shantung dress with white accessories. Her corsage was talisman roses.

Don Williams, Bartlesville, Oklahoma, was best man. Ushers were Archie Beckett and Bo Delbert of Borger.

For her daughter's marriage, Mrs. Phelps selected a navy sheer dress complemented with black accessories and a corsage of red rosebuds.

A reception was held in the H. M. Breedlove home. The table was laid with a handdrawn linen cloth and centered with an arrangement of white roses and shasta daisies.

At the serving table were Mrs. Joe Hayes, sister of the bride, who presided at the coffee service, and Mrs. J. W. Callahan, aunt of the bridegroom, who served the cake.

THE BEEHIVE LOOK—With a boom in oil and iron providing big budgets for new homes, apartments and office buildings, Venezuela is witnessing new trends in architecture. The first unit of a development in Caracas displays a beehive brick design which creates a natural air flow and gives protection from the sun. Each studio apartment runs the full width of the building.

Mrs. Lloyd was graduated from Texas Technological College, Lubbock, Texas. Before her marriage she was employed as a chemist with Phillips Chemical Company, Borger, Texas.

The bridegroom was graduated from the University of Houston. After a wedding trip to Tulsa and Bartlesville, Oklahoma, the couple will be at home in Houston where the bridegroom is employed as a Chemical Engineer with Phillips Chemical Company.

Among the out-of-town wedding guests were Colonel and Mrs. M. W. Obenour, Vicksburg, Mississippi; Mrs. J. W. Callahan, El Paso; Mr. C. D. Lloyd, Jr., Houston; Mrs. Joe Hayes, Fort Worth; Mr. and Mrs. E. T. Bagwell, Jr., Claude; Mrs. J. Perry King, Amarillo; Miss Mary Jones, Borger; Roy Jewell, Hedley; Mrs. Homer Tribble and Mrs. Weldon McCreary, Memphis, Texas.

1926 BOOK CLUB DINNER

The 1926 Book Club held its annual President's Dinner in Patching Club House Friday evening, May 23. A May Day theme in a green and white color scheme was carried out in the table decorations, programs and place cards. Centering each table were May Poles with green and white streamers extending to each plate. Tiny figurines, representing the dancers, were at the end of the streamers and served as favors for the guests. Place cards and programs were each decorated with pictures of May Pole dancers.

The president, Mrs. W. J. Lewis, Jr., gave the toast of Welcome. This was followed by a piano duet, "Voices of Spring," by Mrs. M. R. Allensworth and Mrs. Rayburn Smith. Mrs. Bill Bromley gave the "Legend of the May Pole." Four high school students from the Speech department, Annette Thomas, Jo Anne Montgomery, Jeanie Pittman and Cotton Hall, entertained with two readings and two skits.

At the conclusion of the program a short business session was held at which time the incoming president, Mrs. Sam Darden, assumed office. Committees for the summer meetings were appointed.

Those enjoying the gala affair were Mesdames B. C. Antrobus, E. S. Ballew, C. E. Bairfield, Sam Darden, Homer Bones, L. N. Cox, W. J. Lewis, Jr., Charlie Lowry, Frank Phelan, Sr., W. A. Riney, James Ross, Rayburn Smith, Frank White, Jr., M. R. Allensworth, Bill Bromley, W. E. Ray and L. T. Shelton.

Guests were Annette Thomas, Jeanie Pittman, Jo Anne Montgomery, and Cotton Hall.

Those in charge of arrangements were Mrs. W. C. Thornberry, Mrs. C. W. Bennett, Mrs. Loyd Johnson, Mrs. Bob Moss, and Miss Loyd Richerson.

Ambergris is used in perfume.

KIL KARE KNEEDLE KLUB

Mrs. G. C. Heath entertained members of the Kil Kare Klub with a 1 o'clock luncheon in her home Thursday afternoon, May 22nd. The house was beautifully decorated with bouquets of roses, mock orange and other garden flowers. A covered dish lunch was served at the noon hour.

To enjoy the occasion were Mrs. A. T. Cole, Mrs. Cap Lane, Mrs. O. C. Watson and Mrs. Frank White, Sr., guests, and members Mesdames Harry Brumley, Homer Mulkey, W. A. Land, Ed Speed, Major Hudson, Buel Sanford, E. H. Noland, S. W. Lowe, J. R. Bartlett, R. R. Dawkins, R. O. Thomas, Misses Ida and Etta Harned, and the hostess, Mrs. G. C. Heath.

All report a wonderful day.

Federal Highway Aid To Texas Good, But With String Attached

ABILENE—With string attached, the Federal government "granted" Texans this fiscal year two-thirds of the road money they paid in taxes to the U. S. treasury, according to an article that appeared recently in the Austin American-Statesman that is reproduced in the last issue of West Texas Today, the magazine of the West Texas Chamber of Commerce.

"The Editor's Notebook" in the Austin newspaper contained the following:

"Several weeks ago the Texas Highway Department announced that the federal government has 'granted' Texas \$26,681,000 for highway aid in the coming fiscal year.

"The state's program, including \$15 million direct appropriation for lateral roads, regular state gasoline-tax supported work, and federal matching, runs a little over \$100 million a year.

"But the point is that the federal government takes a great deal more than any \$26 million out of Texas in road-use and motor vehicle taxes every year, and thus the state gets back a lot less than it contributes in taxes designed to support the highway program.

"Texas fared well in the generous federal 'grants,' with only New York getting more refunds of the money collected from citizens of a state.

"But the federal money comes back with a lot of strings. For one thing, no matter what the state's needs, nor its local road financing program, it is limited to \$14,305,046 for construction of primary highways. It is required by a federal fiat to limit secondary and feeder roads to \$9,577,321; and it is graciously permitted to ask the government to apply \$2,799,612 to expressways and urban projects.

"To get any item of the federal grants, Texas must prepare plans according to federal specifications, award contracts and supervise construction, all subject to federal approval.

"The allotment itself was made in proportion to area, population and mileage of postal roads, mileage and population of rural areas, population of urban areas and so on.

"Based on the state's collection of gasoline taxes, the federal government took more than \$37 million out of the state in gasoline sales-tax levies alone; besides which it collected a lot of taxes on motor vehicles, tires, tubes, automobile accessories and parts. Texas will get back probably two-thirds the amount it paid, and that with strings attached.

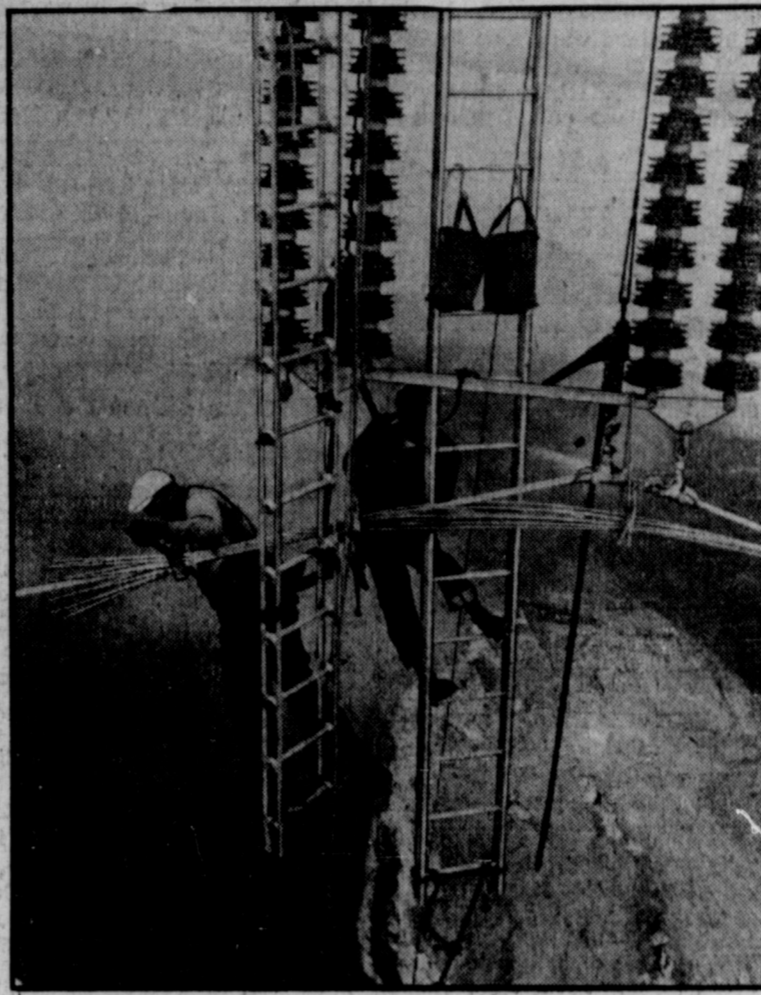

"This is a perfect example of the type of thing the voters of Texas and the United States ought to wipe out next year, and they ought to be mighty sure that the votes they cast will be effective in that direction.

"It is no generous boon and benevolent grant to give back to Texas half the money taken away from it in road-use taxes.

"It is no benefit to Texas to support a horde of federal bureaucrats out of the money taken away from motorists in the form of federal taxes.

"It is no compliment to the intelligence of Texas road-builders, highway planners and construction supervisors to require them to come into some federal agency for approval on every phase of projects in which the state puts up money, in order to get federal matching from the money turned back to the state.

"No wonder state officials of Texas and many other states are vocal in their demands that the states be let alone to carry on their own improvement programs, and that their citizens be not penalized by the back-breaking load of federal taxes used in supporting hordes and hordes of non-productive federal red-tape drones."

JOB WITH A VIEW—With only his safety belt holding him, a lineman leans from his precarious perch 400 feet above the Sacramento River as he installs a protective armor rod on power cable of the 230-mile-long Shasta-Tracy west side transmission line of California's Central Valley Project. The power cables had to be strung 3800 feet across the river.

Side Delivery Rake

Let us show you this Allis-Chalmers gear-shift rake... with two forward reel speeds and a reverse for tedding.

With this power rake, you can run the reel fast for heavy green material, or when raking straw. A pull of the shift lever slows down the reel for saving easily shattered leaves. And the third position gives a reverse for power tedding of rain-dampened swaths or windrows.

Let us demonstrate the power rake with just-right action for every crop and field condition.

GIVE YOUR HAY this thatched roof protection

Here's the "roof" cut loose and lifted from an Allis-Chalmers rolled bale. Like the curving sheets of a Quonset hut, these curved outer layers of hay protect the layers beneath from rain and snow.

That's why rolled bales give you new insurance against rain-damaged hay, and why some western cattlemen leave the bales right out on the range for winter feeding.

Whether your hay needs this winter-long protection on the range or only temporary safety from summer showers, you will profit from using rolled bales.

Methodists And Jews Join In Book Project

Southern Methodist University Press has just published a book of sermons and essays by David Lefkowitz, Rabbi Emeritus of Temple Emanu-El in Dallas. Umphrey Lee, president of SMU, writes a preface for the book and Levi A. Olan, the present rabbi of Temple Emanu-El, contributes a biographical introduction. The title of the volume, "Medicine For a Sick World," reflects the timely nature of its contents. "That the world of nations is very sick is so obvious a fact," says the author, "that few observers of the course of contemporary affairs - - dare to deny it." The river of healing for the sickness of our world, according to Dr. Lefkowitz, is not to be found in more inventions and scientific discoveries nor in improved methods of manufacture, but in spiritual values, joy in daily work, and the affection of a chosen few.

A number of the sermons included in the new book were given by Dr. Lefkowitz on his radio program, which for many years was one of the most popular religious programs on the air. Dr. Lefkowitz retired from the active rabbinate in 1949 and was succeeded at Temple Emanu-El by Levi A. Olan. He was then appointed visiting professor at the Perkins School of Theology of Southern Methodist University, lecturing on Contemporary Judaism. To climax this unusual relationship, the congregation of Temple Emanu-El, in honor of the fiftieth wedding anniversary of the rabbi and his wife, established last October the Sadie and David Lefkowitz Collection of Judaica at the Bridwell Library of the Methodist theological school.

Publication of "Medicine For a Sick World" (\$3.75) is another manifestation of the deeply satisfying relationship between Southern Methodist University and Temple Emanu-El, an earlier one being their joint sponsorship for many years of the Community Course Concert and Lecture Series. The new book embodies in concrete form the cordial spirit of good will and mutual respect and helpfulness that has always motivated contacts between these two institutions.

New Solution-Dyed Acetate Taffetas

There's something new in taffetas—they're called "solution-dyed", "dope-dyed" or "spun-dyed" acetate taffetas. They differ from the taffetas made with conventional-dyed yarns, in that the color is within the fiber. This is done by placing colored pigments in the acetate solution, called "dope", before it is spun into a yarn. It is claimed that this method of coloring yarns makes it possible for the color to last the life of the fabric. Such a dyeing method is said to give the yarn, and hence the fabric, 6-way colorfastness: colorfastness to washing, dry-cleaning, atmospheric fumes, perspiration, crocking, or the rubbing off of color.

Investigation by the National Institute of Cleaning and Dyeing shows that while the conventional piece-dyed acetate taffetas do not present any problem in cleaning and finishing, some of the solution-dyed acetate taffetas do! It is not the method of coloring the yarns that makes this type of fabric respond unsatisfactorily to wear and cleaning. It is the method of sizing (stiffening) the yarns in the weaving operation.

Some of the problems that occur are:

1. Spilling of water or a beverage may result in the formation of a stain on many fabrics in this class. Any attempt to remove the spot or stain may result in the loss of sizing in the area, or the area may become darker in color and stiff.
2. An investigation of some of these fabrics showed that progressive shrinkage may occur in drycleaning. The degree of shrinkage is related to the fabric construction.
3. Wetcleaning results in an objectionable loss of hand due to removal of the sizing. Excessive and progressive shrinkage may also occur in wetcleaning.

SOCIAL SECURITY NEWS

Agricultural workers who are recruited and brought to the United States from the Republic of Mexico under contracts to do farm and ranch work are not covered by Social Security, according to John R. Sanderson, manager of the Amarillo office of the Social Security Administration.

"There is some confusion among farm and ranch operators in this area as to whether or not 'braceros' are covered by Social Security," Sanderson stated. "Under an amendment by Congress, the Social Security Act specifically excludes those Mexican agricultural workers."

This exclusion does not apply to non-citizens generally, but it

applies only to those who do agricultural work under what is commonly called the "Braceros contract".

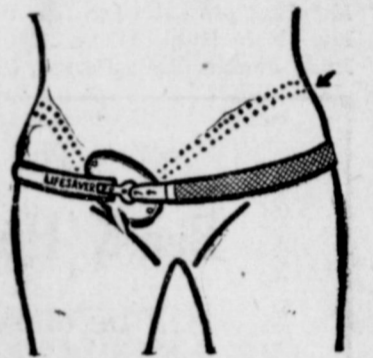

Other aliens who work for American employers are covered by the law the same as citizens of the United States.

"Accordingly, farmers and ranchers who regularly employ these contract workers should not withhold social security taxes from their wages, or report them on their quarterly tax returns," he said.

FARM NEWS From the County PMA Committee

CHEMICALS FOR MESQUITE:

The four approved formulations of 2, 4, 5-T that may be used in the control of mesquite under the practice are: Propylene Glycol Butyl Ether Ester, Butoxy Ethanol Ester, Polyethylene Glycol Mono No. 300 Ester and Tetra Hydro Furfural Ester.

Experience in mesquite control through the aerial application of hormone herbicides has shown that effectiveness of the practice depends almost entirely upon a vigorous growth of the plant at the time of application of the chemical.

1952 WHEAT PRICE SUPPORT RATE:

The price support rate established for wheat grading U. S. No. 1, in Donley County is \$2.16 per bushel. The terminal support rate at Galveston, Texas, and Houston, Texas, for wheat grading U. S. No. 1 is \$2.60 per bushel.

The support rates are calculated on the basis of the national average price support level of \$2.17 per bushel and are subject to an increase, if necessary, to reflect 90 per cent of July 1, 1952, parity price of wheat.

NEW CASH CROP FOR TEXAS FARMERS:

A good many Texas farmers will be planting a new cash crop this year for the first time. More than one-half million pounds of "Castor Bean" seeds have already been delivered to 4400 Texas farmers who have signed agreements with Commodity Credit Corporation. This is enough to plant approximately 60,000 acres. Additional seed are available in areas selected to grow castor beans this year. It is believed that

"For what avail the plow or soil or land or life, if freedom fail."—Emerson.

It frightens us sometimes when

we think about the above quotation in the light of present day complications. How that, even with the farmer, few of us would go one week without some kind of relations with Washington or some federal bureau. We wonder when and where it will all end. Will we keep all these bureaus under our thumb and use them for the betterment of farm life and for the good of all the people, or could they become so vast and power mad until we would lose something more valuable than our soil, land, or life; our freedom

Last week I planned to visit my brother-in-law. The one that always talks about feeding me steaks and winds up giving me sandwich loaf. Anyway, we had it all planned to leave right after church and make his house for a late Sunday dinner. It didn't work out. Right in the middle of our church service who did I see in the audience but the brother-in-law; hungry, not for the sermon, but for one of the steaks out of my locker. Anyway, as he was hiding the groceries I thought that he might listen to the power of suggestion just a bit. Anyhow, I says: "This meat sells for 98c per pound, even on special." "You don't say," said my wife's brother-in-law, "Well, don't worry, it's worth every penny of it." And he kept right on running up my grocery bill. Kinsfolks, anyway.

From Readers Digest

When I was young my father said, "That one should try to get ahead; Today, I tell my young son, Steven He'll do well if he stays even. Now ain't that the "Law and Gospel?"

Looks like I am going to have to "Eat turkey" on the plains of Texas being a cotton country. Anyhow, they are trying to make one out of it, and if the stuff makes again this year I'll just have to apologize for all that I have ever said. I already wish that I had said more so that I would have more to take back. But when I was a little boy, hardly out of short pants I made a solemn resolve to move so far west that cotton wouldn't grow, and now "Ole man cotton" has followed me. Oh well, if folks need cotton to make pretty Sunday clothes, and it means more "Spundullucks in the farmers jeans" I don't mind backing up on what I said. More power to them, but please don't ask me to pick none of it. I just don't bend over that far no more.

Anyway, I heard one old time cotton farmer ask another: "Say, when is the best time to plant cotton." "Oh," said the other, "when the new-comers start planting over, it's time to plant."

Just read the letter from our

congressman and he tells me that congress is not going to stop until they investigate everything that even looks like corruption in the government. He says, that unless the people can feel confidence in our leadership again we are in a bad way. I surely agree, and it is encouraging to hear our congressman talk this way.

"The man who for party forsakes righteousness goes down and the armed battalions of God march over him."—Wendell Phillips.

"Give because you love to give—as the flower pours forth its perfume."—Spurgeon.

 Library Notes
 By May L. Prewitt

The school children began their Library reading Thursday as soon as the Library opened. Af-

ter selecting their books and funnies they go to the magazine shelf and select one or two attractive household reading periodicals for "Mother". We have an excellent display of material and our new equipment is helpful in arranging this.

For the grades—primaries, we offer four new ones: "The Noisy Clock Shop," "The Busy Bunny," "The Blow Away Hat" and "Baby Susan's Chickens." These are "Wonder Books" series.

There have been several calls for "In His Steps" by Charles M. Sheldon. There is a recent reprint and a copy was dedicated to

the memory of Mrs. Mongole. This was ordered some time ago, but arrived recently. This book was written in 1896, and was read by the writer—a chapter at a time, to the young people Sunday evenings in the Central Congregational Church, Topeka, Kansas. This book is translated into twenty-one languages.

For the girls we have "Beverley Gray's Island Mystery." This is a 1952 edition. It is regrettable that we can't purchase necessary material for all these young readers, but we really have more than a Library this size usually possesses.

The car that wears its own Sun Glasses

2-door, 6-passenger Super Riviera.

YOU may have to look twice to see it—but a lot of the new Buicks have a soft blue-green tone in all glass areas—plus a slightly darker band which shades down from the top of the windshield.

And you have no idea what comfort all this adds to hot-weather driving.

Its name is "Easy-Eye Glass"—which tells only half the story. While it filters out 18% of the glare (and tones down the dazzle of oncoming headlights at night)—it also cuts down sun-heat as much as 50%.

So it's the best cure we know for hot laps in summer driving, when the sun beats down on the windshield.

Maybe you'd like to try this out before you buy your next car.

And while you're trying it out—you can also discover how it feels to boss around a Fireball 8 Engine, that puts its own exclusive added wallop into a high-compression valve-in-head power plant.

You can sample the sure-footed way a Buick settles into a curve—the way the front wheels seem to seek their course automatically—the smooth surge and falterless ease with which Dynaflo Drive* feeds the power—the level confidence of Buick's million dollar ride.

You can get an idea also of the room, the comfort, the smartness, the thrill

that your dollars buy in this brilliant performer.

So why not arrange for a demonstration soon?

These fettered hands! Tragic and yet in the interest of security! One man's strong hands are manacled that the rest of men may have the free use of supple and capable fingers! This man's hands may have as much talent and capability as yours, but they suffered because back of them was an undisciplined heart and mind. Hands have such possibilities of helpfulness or of harm. The hand with the open palm offers kindness and goodwill; the outstretched hand expresses friendship and hearty cooperation or carries our sympathy and aid to a friend in distress; the clenched hand becomes a fist raised in hurtful act toward a fellow man. Wonderful are these hands of ours, made to clasp hands with others for mutual good and for uniting strength to strength.

Hands are a part of the person, and what they do is the expression of the sentiment of the heart, or the planning of the mind. These highly capable members of the human body are the servants of the whole body or person. You become a 'handy man' about the home and the community, if your attitude is generous and helpful, if you 'have a mind' to help in good causes. The mind is the master of the hand; what you want and what you intend determine what the hand will do. If this man's mind could have been properly directed his hands would have been a blessing to the common life.

Dangerous hands that must be handcuffed to keep them from activity are the servants of an undisciplined mind or soul. Have you trained your mind to think cleanly and helpfully? Have you cultivated a good will toward others? Do you meditate upon the possibilities for good which lie before you? Have you dedicated your soul to the service of God and of your fellow men? Then we shall rejoice that your hands are free; they will be symbols of untold value. Do you think only of your own success, without taking other men into account? Are you concerned only to have your own way and to look after your own pleasure? Then society will do well to lock your hands to each other. Offer your hands to God in prayer and to your fellows in helpful service. But first you will need to lay your soul, your mind, upon the altar of reverent worship.

YOU IN THE CHURCH IN YOU
Character is a by-product of the church. It is here that young and old alike are showered with benedictions that dominate in the church the ministerial and a stranger who can furnish leadership to handle the affairs of state in this perilous time. Then we with our children should go to the church of our choice on Sunday. You in the Church and the Church in you—this is a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

"HONESTY IS THE BEST POLICY"

This age-old maxim has been brought to the attention of many people in government and out of government with a striking force that will be long remembered. In fact, the investigations that have been started and prosecuted by

gunning of honesty in government that has been needed for a long, long time. There have been attempts to soft pedal information uncovered by these committees; many witnesses have availed themselves of their constitutional rights not to testify against themselves, hoping that the pressure would be lessened by the passage of time, and other dilatory tactics have been employed. However, the Congress and these commit-

tee the skeptics are now convinced that there will be no let-up until every festering infection of corruption in government has been opened, aired and treated. There will no doubt be many more obstacles placed in the path of this Congress and these committees, but these will be overcome as they have in the past. Many indictments that are resulting from the findings of the Teague Committee for violations of the Veterans' programs is a good indication of what is going to be expected in the other investigations. If Congress does not get some effective prosecutions, you can look for some heads to roll. This congress intends to see that this mess is cleaned up and kept clean. Those who have been parties to these sinister and insidious transactions, both government employees and those outside of government, now sincerely wish that they had followed the maxim, "Honesty is the best policy", because no one is more keenly aware than they that "Truth crushed to earth will rise again." The cleansing job has just started but the American people are wide awake, and all public officials at all levels of government had better get their houses in order and keep them that way, because the day of reckoning is here.

THE KOREAN VETERANS' BILL:

I have just returned from a

in which we completed hearings on the extension of GI benefits to Korean veterans, and ordered a bill reported to the Congress. This bill provides for the benefits to be paid directly to the veterans, rather than to the various schools that they attend. This will enable the veteran to choose his own school, buy his own text books, and conduct his own business of getting an education. The bill contains many provisions plugging loopholes thru which questionable organizations milked the public treasury under the World War II GI Bill. Some of the tricks resorted to by supposedly reputable institutions under the old GI bill, in order to get public money, were nothing less than astounding. The committee worked long and hard in full cooperation with the Select Committee appointed to investigate these wrongdoings, and we feel that the bill that has been sent to the Congress will not only plug the loopholes, but will give the benefits to the veterans who are entitled to them and at the same time prevent the public treasury from being robbed by various tricky devices. The new Korean bill provides for veterans to obtain loans to build houses, and the committee tried to write in

to protect the veterans from some of the practices to which they have been subjected in various locations all over the country. This provision of course provides for the guaranty by the government of loans to veterans so that they may be able to build homes. Many of them have experienced difficulties in obtaining loans from private institutions; the reason being that the interest rate provided in the GI loans is low. This program under the old GI bill reflects that almost 100 percent of the veterans are excellent credit risks and the losses under that program were almost nonexistent. This credit record established by the veterans is actually so good that it is almost unbelievable. We have also included a provision to protect a veteran of World War II who is called back into the Korean war and has to sell his home. We hope to get this bill through at the earliest possible moment so that the long delay suffered by these Korean veterans will not be prolonged.

THE CHRYSLER NEW YORKER NEWPORT

WHAT ARE YOU DOING TOMORROW?

This invitation could result in the most important day of your motoring life. We'd like you to take the wheel and really drive a Chrysler New Yorker car. Everything good you've heard about this great car is true... and then some. Its new V-8 engine... its power steering... its power brakes... its astonishing comfort... each is an experience you will thrill to, and remember.

So... tomorrow... or any time that is convenient... come discover real power steering! Hydraulic power does 4/5 the work as you turn the wheel...

and also gives you 5 times the usual control on bad roads... with the same wonderful "wheel feel" every mile!

Drive America's finest engine! Feel for yourself the acceleration, response, reserve power of 180 V-8 horsepower. Learn why owners praise the matchless performance they get... without even having to use premium fuel!

Feel what power brakes are like! Power from the engine boosts the power of your toe. With up to two-thirds less than normal pressure, you will get the surest, easiest stops in your life!

Test the comfort that's unequaled! On body-pleasing chair-height seats... with sweeping vision all around... you take good roads and bad on shock absorbers with over twice the shock-absorbing power of those on cars you've had before!
