**MYSTERY FARM NO. 24**—This farm home was identified by only two persons this week as the George Eschle place located about three miles southeast of Groom immediately across the Donley County line in Armstrong County. Positive identification was made by a special trip to Mr. Eschle's place.

Mr. Eschle wasn't at home but we learned from a neighbor that he had owned this place for a long number of years and only fairly recently remodeled his home. He farms around 1½ sections of land and raises wheat.

Mr. and Mrs. Eschle have three children; two boys, Jimmie and John and one daughter Nan. Mr. and Mrs. Eschle are former students of Clarendon Junior College.

# Clarendon Furniture Company

**JR. H. D. CLUB**

The Jr. H. D. Club met Thursday afternoon, January 28, in the home of Gladys Blackburn with Klyda Blackman co-hostess.

Plans were made for the Husband's Party to be held February 25. Roll call was answered with a favorite dish.

Refreshments were served to Thelma Behrens, Polly Schull, Clara Finley, Ona Tatum, Sadie Head, Stella Spurgeon, Gladys Hommel, Leona Henson, Ruby Fitzgerald and Helen Land by the hostesses.

**MYSTIC WEAVERS CLUB**

The Mystic Weavers Club of Lelia Lake met Wednesday, January 27 in the Earl Myers home with Mrs. Henry Parker as hostess. The work of the day was quilting and two quilts were finished.

Two visitors, Mrs. Bill Parker of Amarillo and Mrs. Tom Anderson and fourteen members enjoyed the covered dish lunch.

The next regular meeting of the club will be with Mrs. Lacy Noble on Feb. 10 with an all day meeting. —Reporter.

**CARD OF THANKS**

I would like to take this means of expressing my thanks and appreciation for the many lovely cards, beautiful flowers and letters sent me while I was a patient at Scott and White Hospital in Temple. These remembrances shortened my days and will long be remembered.

Mrs. Frank Thomas

Those visiting Mr. and Mrs. A. M. Moss Sunday were Mr. and Mrs. Jimmy Traylor and Karen of Amarillo, Mr. and Mrs. Milton Dunn, Wayne and Joyce of Goodnight, Mr. and Mrs. Archie Jones and Nelda of Lakeview and Pvt. and Mrs. Billy Hill.

**SOCIAL SECURITY NEWS**

Social Security coverage for the self-employed has been in effect three years but it is still a "new" subject to many people. J. R. Sanderson, Manager of the Amarillo Social Security Field Office, points out that the self-employed individual reports his net profits for social security purposes as a part of his federal income tax return.

The Amarillo office has just received a supply of a new pamphlet called "Helpful Guides on Reporting Your Self-Employment Tax". These pamphlets are free and can be obtained by calling at, telephoning, or writing the Amarillo Social Security Field Office.

Two of the most important points on a self-employment report, Sanderson says, are to describe completely and exactly the nature of the trade or business and to enter one's exact name and social security number just as they are shown on his social security card. A considerable amount of correspondence and investigations could be avoided by following these two rules, Sanderson says.

Relatives visiting thru the week end in the home of Mr. and Mrs. J. R. Allen and family were Mrs. R. E. Grant of Hooker, Okla.; Mr. and Mrs. Kenneth Russel and J. C. Deaton of Liberal, Kansas. They visited with their father, J. B. Deaton who is seriously ill. Mr. and Mrs. J. F. White of Borger and Mr. and Mrs. John White were visitors Monday.

**Pebleford**, a modern line of functional dinnerware designed for round-the-clock modern living, was one of the features of the 75th annual Glass & Pottery Exhibit held recently at Pittsburgh, Pa. Mrs. Nell Challis, (above), prominent stylist and consultant, singled out Pebleford for its unusual adaptability. One of the few dinnerware lines considered correct for any setting or decor, Pebleford, "America's most versatile dinnerware", is the product of The Taylor, Smith & Taylor Co. of East Liverpool, Ohio.

Designed by John J. Gilkes, TS&T Design Director, Pebleford is ideally suited from the standpoint of design and price to appeal to the modern family. The lines are simple and uncluttered. Pieces feature the new "Versatile" shape and many can be used for several purposes or interchangeably. The colorful, distinctive color glaze is attractively flecked with russet, so that it looks rich and attractive in any setting—from the casual school lunch to the most elaborate crystal and candle-light dinner. In dinnerware, Pebleford's color glaze is unique—the only finish that is fine enough for any occasion. In addition, Pebleford is ovenproof.

Mr. and Mrs. E. N. Foster and Barbara Ann, Mrs. J. M. Fowler and Pamela, Mr. and Mrs. Joe Carlile, and Mrs. W. P. Gollibugh, all of Amarillo, were guests in the home of Mr. and Mrs. U. T. Fowler Sunday. Mr. and Mrs. Hub Carlile, also of Amarillo, were visitors in the Fowler home Wednesday last.

Dinner guests in the home of Mr. and Mrs. J. C. Estlack Sunday were Mr. and Mrs. C. E. Beach and Rheta Ann Stephens of Plainview, Tom and Elsie Mae Corder of Amarillo, and Mrs. Edith Longan.

Mrs. T. W. Heatherly who is a patient in Northwest Texas Hospital in Amarillo is reported to be somewhat improved at this time.

**Light 'Offensive' Best Defense Against Night Hazards**

"A strong offense is the best defense against night traffic hazards!"

That statement was made today by Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Adviser for the Gulf Oil Corporation speaking on behalf of the Texas Safety Association's Night Traffic Hazards program which is being conducted throughout October in cooperation with the Texas Department of Public Safety.

"Darkness is the enemy we have to fight in our campaign on night traffic accidents," Col. Tilley said. "More accidents occur at night than in the daylight hours because cars, pedestrians, cyclists and stationary objects can not be seen readily in the dark."

"Light, then, is our best weapon to use against the enemy. And I'm for launching an all-out light 'offensive!'"

He said, "Such an offensive would be effective if all pedestrians, cyclists, and motorists would make sure that they and their vehicles are visible on streets and highways at night. He advised motorists to adopt the following rules for night driving:

1. Double-check all lights.
2. Use headlights properly. Use the upper beam on rural highways when no approaching car is within 1,000 feet. Use the lower beam when oncoming cars approach you, when you are over-

taking another car, or when driving in cities and residential areas.

3. Dim your lights even though an oncoming driver fails to dim his. Maintain control of your car by looking at the right shoulder of the highway.

4. Never pull onto a thoroughfare at night unless all front and rear lights are on.

5. If it's necessary to stop on the highway at night, pull completely off the road and be sure parking and dome lights are on. It's a good idea to carry flares or fuses to prepare for such emergencies."

"Cyclists and pedestrians can also make themselves visible at night," Col. Tilley said. "The cyclist should be sure that he has a good headlight and tail light on his bike. It's also a good idea to trim the bike with white reflectorized material and to wear light colored or white clothing or something trimmed with reflectorized material."

He warned pedestrians, especially, to remember that motorists can't see them if they wear dark clothing at night. "Their 'best protection,'" he said, "is to wear light clothing or something trimmed with reflectorized material or to carry a piece of such material or a flashlight."

Mr. and Mrs. Forest Helton of Amarillo visited in the home of Mr. and Mrs. J. H. Helton Sun.

Wes O'Neal and Fred Molesworth attended the Fat Stock Show at Ft. Worth Sunday and Monday.

**ASHTOLA NEWS**  
Mrs. Doyce Graham

Mrs. Theda Hardin and Linda visited Donna and Kay Lane Saturday.

Mrs. Word is with her mother in Canyon. Mrs. Ingham is out of the hospital but not doing very well.

Jimmy Gattis spent Monday night with Claude DeBord.

Mr. and Mrs. J. F. White and Jack of Phillips visited relatives the first of the week.

Mrs. Hall Hardin visited Mrs. W. K. Hardin and children Monday.

Mr. and Mrs. H. A. Graham and family are the proud owners of a new Chevrolet—two tone, horizon blue and Italian ivory.

Mr. and Mrs. Doyce Graham visited in Amarillo Monday with Mrs. J. M. Clark. James Marvin is in Northwest hospital there.

Becky and Johnnie Spivey and Ruth and Martha Harmonson spent Sunday with Linda Fay DeBord.

Mr. and Mrs. H. S. Hardin saw the "The Robe" in Amarillo Sun.

Mrs. L. M. Porter is visiting this week in Borger with her mother, Mrs. Mary Walker who is improving from her recent illness.

Mr. and Mrs. Pat Myers of Clarendon visited in the Garrett Foster home Sunday.

Mr. and Mrs. Bill Graham of Ralls spent Sunday with Mr. and Mrs. J. M. Graham.

Mr. J. B. Deaton suffered a relapse last week but is better at this time.

Congratulations to Grandpa and Grandpa Marshall on the arrival of Joe Howard.

Mrs. Dane Perdue and Linda Tolbert are on the sick list.

Mr. and Mrs. Douglas Shelton

enjoyed the Fat Stock Show in Ft. Worth last week.

Charlotte Wilson spent the week end with Mary Frances McCully.

Mr. and Mrs. Ben Lovell spent Sunday in Dumas with Mr. and Mrs. James R. Lovell and Lynitta. They also visited Mr. and Mrs. Earl Butler and boys in Borger Sunday eve.

Mr. and Mrs. W. H. Wilson spent Sunday with Mr. and Mrs. Henry Wilson in Amarillo.

Mr. and Mrs. T. A. Lane Jr. visited in the J. B. Lane home Saturday night and Sunday. Carol and David took them home to Memphis Sunday night.

Mr. and Mrs. W. H. Gray visited the Vance Grays Sunday afternoon.

Mr. and Mrs. W. C. Spier and family from Borger visited Mr. and Mrs. J. T. Hill and Mr. L. M. Spier Sunday.

Mr. and Mrs. Lester Harrelson were in Friona and Farwell over the week end visiting relatives.

Mr. and Mrs. Kermit Evans and Carol visited Mr. and Mrs. John Smith at Memphis Wednesday night.

**GABIE BETTS BURTON**  
**LIBRARY NOTES**  
By May L. Prewitt

We replaced a few worn out volumes of Harold Bell Wright's and ordered several others, but only received one or two out of the twenty ordered. The purchase was from a "Used Book Shop." Next month they publish a new catalogue so we may secure some light romances.

Nothing eventful has occurred at the Library. Our magazine shelf has only a few scattered

readables.

Dale Evans Rogers' book is "Angel Unaware." A misprint was made in the Library notes.

It is unfortunate that we can't have more to spend for the upkeep of the Library, but the demand for material is almost supplied in full.

The Memorial funds are exceedingly helpful. Mrs. R. Ernest Clark, widow of Dr. Clark deceased, gave a memorial check for a book in memory of Dr. Jenkins this week. I have not chosen the edition as yet, but will search for something Dr. Jenkins would have appreciated.

**LELIA LAKE NEWS**  
Mrs. H. R. King

Mrs. James Smith visited Mrs. Bryan Adams of Lesley Wednesday.

Mrs. Floyd Parker of Long Beach, California is visiting her mother, Mrs. Sam Roberts.

Mrs. Warren Kennedy left for her home in Wichita Falls Thursday after spending the most of the week with Mr. and Mrs. Will Kennedy. Mr. Will Kennedy has been quite ill but is improving slowly.

Mr. and Mrs. Heckle Stark of Clarendon visited Mr. and Mrs. Luther Butler last Sunday.

Mrs. Emma Ayers and Miss Mona Churchman of Clarendon visited Mrs. Bert Ayers Wednesday. Mrs. Bert Ayers is still ill.

Mr. and Mrs. J. R. Williams and Sharon of Groom visited Mr. and Mrs. D. E. Leathers Sunday. Sharon was celebrating her ninth birthday.

Ray Roberts of Amarillo spent Monday night with his mother, Mrs. Sam Roberts.

Mr. and Mrs. A. L. Wood and

children visited relatives in Amarillo Sunday.

Mrs. Luther Butler, Mrs. Quinn Aten, Mrs. Sam Roberts, and Mrs. Floyd Parker of Long Beach visited relatives in Memphis Thursday.

Mr. and Mrs. Nolie Simmons and Mr. and Mrs. H. R. King visited Mr. and Mrs. Newborn Simmons of Clarendon Sunday.

Mr. and Mrs. Earl Myers and Mr. and Mrs. Lester Myers had business in Childress Saturday.

Mr. and Mrs. Billy White are the proud parents of a new daughter, Jeanie Kay. She was born Wednesday.

Mr. and Mrs. Weldon Tims and baby of Kress spent several days here last week with her parents, Mr. and Mrs. B. H. King.

Nelson Seago was called to Stephenville last Tuesday to be with his mother, who underwent major surgery.

Mr. and Mrs. A. B. Collins and sons of Amarillo visited friends here Sunday.

Mr. and Mrs. Joe Robert Leathers and children visited Mr. and Mrs. Andy Brown of Jericho Sun.

Mr. and Mrs. Earl Myers and Glenn spent Sunday in Quail with Mr. and Mrs. Lester Myers.

Billy White left Saturday for New Jersey after spending several weeks here with his wife and parents.

Mr. and Mrs. James Smith were hosts to the Business Men's Sunday school class and their wives last Thursday evening. Those to attend were: Mr. and Mrs. Alvin Hicks, Mr. and Mrs. Newton Richardson, Mr. and Mrs. Jack Eddings, and Joyce, Mr. and Mrs. Jim Guy, Mr. and Mrs. P. C. Messer and Tommy, Mr. and Mrs. Bud Moore and Terry, and Mr. and Mrs. Smith.

Mrs. J. C. Stepp received word Monday of the death of a brother, who lived in California.

Mr. and Mrs. Troy Godbey and Jo Helen of Quail visited Sunday with Mr. and Mrs. Ray Godbey.

Jerry Godbey visited with Lloyd Risley Sunday.

Rev. and Mrs. C. T. Williams took dinner Sunday with Mr. and Mrs. D. E. Leathers to help Sharon celebrate her birthday.

Mrs. Edgar Talley and Grandma Perdue visited Wednesday eve with Mrs. M. W. Hatley.

Mr. and Mrs. J. E. Morgan of Palo Duro spent Saturday night and Sunday with Mr. and Mrs. W. H. McDonald and boys.

Mr. and Mrs. Roy Roberson and Pat visited Tuesday night with Mr. and Mrs. Ray Godbey and Jerry.

Edward Ledbetter and Ronnie Pool spent Saturday night with Bob McDonald.

Mr. and Mrs. Dearth Hord and boys visited Sunday eve in Vega.

**THE**  
**JAYCEES SPEAK**

Well, the Winter Bi-Regional held at Levelland last Saturday and Sunday went off with a bang according to all reports. It was the first such meeting of its kind that this writer has attended, and it must be said that a lot of good Jaycee doctrine rubbed off on those that attended from this club. Among the more important business matters that were transacted was the election of a VP for Regions 1 and 2. The Veep for Region 1 is Jack Allen of Perryton and for Region 2 is O'Dell Heathington of Ralls.

Those attending from this club were George Watson, Jack Ballew, Joe Spann, A. R. Henson, and M. L. Evans. Also present was State Pres. Tommy Cook and present Region 1 Vice Pres. Kenneth Vaughn of Tulia. These two were Clarendon visitors at the last regular meeting and we enjoyed them a lot.

As the days go by you will be hearing more of Clarendon Jaycee activities. Our College Campus beautification program is now past the talking stage and ready for action. The actual work should start in the very near future. You will be hearing too of our Teen Age Road-ee coming up

next month. And keep in mind our Jaycee Minstrel Show which we are working on now, it should be a dandy, more details on that later.

Our Poll Tax campaign was short and sweet but we hope what little time it was in force, it influenced some one to pay their Poll Tax. Did you pay yours? If you didn't you'll be sorry. See you next week.

Mrs. Mark Raney entered Northwest Texas Hospital Saturday for medical treatment. She is some better at this time.

**NOTICE**

We the members of St. Stephens Baptist Church wish to thank the young peoples class of Mrs. Carmon Rhode of the First Baptist Church for our piano. We wish we had words to tell you just how proud we are to have such a wonderful gift given to us. We are praying Gods Blessing on each of you. May we always live to show how grateful we are.

Signed by the members of St. Stephens Baptist Church.

Get in on the ground floor. Not a high pressure deal. YOU OWE it to yourself to answer this ad. You have nothing to lose and everything to gain. See Mr. Riddlemoser, Childress Hotel, Childress, Texas Friday, February 5th from 1 to 5 P. M.

**ARMY'S HEELS Subjected To Security Check**  
 WASHINGTON—The Army is checking up on its heels—it wants them properly attached. To make sure that its heels are secured to its boots, the Army Quartermaster Corps has developed a lightweight, portable X-ray machine. It is being installed in firms engaged in manufacturing the Army's famous service boot. The X-ray machine will be used to detect deficiencies in the heel-attachment process—an automatic operation in which 13 nails are driven simultaneously through the heel, outsole, midsole, counter, and insole. Army specifications require that the nails must have a one-sixteenth-inch clinch. If the nails are defective or the clinch insufficient, the heel may become detached when soldiers start picking them up and laying them down on maneuvers or in a combat zone. The X-ray machine is designed to give a quick and clear picture of the boot's composition on a fluoroscopic screen, and provision is made for taking X-ray photographs of any defects. Experimental use of the X-ray inspection machine in the factory of a large contractor has shown that faulty workmanship, completely hidden by the attachment of the outsole, can be detected without impeding the normal flow of production. The machine also can be used to evaluate construction characteristics of military footwear produced by different manufacturers. Robert Fulton painted portraits before he became an inventor.

## FARM NEWS

from the County PMA Committee

### COTTON FARMERS CAUTIONED ABOUT COMPLIANCE

Farmers will find it considerably to their advantage to plant within their cotton acreage allotments this year.

It is fairly well understood that under the cotton marketing quota-acreage allotment program, each pound of excess cotton grown by farmers who do not comply with their cotton allotments will be subject to a penalty.

What's not always understood or remembered is the fact that a grower who does not plant within his cotton allotment will lose any cost-sharing assistance which might otherwise be available to him under the Agricultural Conservation Program, and his cotton likewise will not be eligible for a Government price-support loan. So it's to the grower's financial advantage to grow only his share of the national cotton marketing quota — which is the amount of cotton produced from his acreage allotment. Of course all cotton grown within the allot-

ment may be marketed free. Cotton marketing quotas were approved by 94 per cent of the growers who voted in a national referendum on the question last December. The quotas are made operative through acreage allotments, which are established for States, counties, and individual farms.

### REPORT OF 1954 ACP PRACTICES

Anyone who has asked for assistance for practices to be done during the months of January, February and March and decided not to carry them out, should come to the ASC Office and report.

Those visiting in the W. L. Jordan home Sunday were Mr. and Mrs. Jack Stuart of Amarillo, Mr. and Mrs. Roy Robertson and family and Mrs. M. H. Robertson and Bud of Pampa, Rev. and Mrs. Ernest Phillips of Clarendon.

Mrs. Maggie Deal attended to business in Amarillo Saturday and while there, visited her sisters, Mrs. Floyd Posey and Mrs. Francis Pollard.

T/Sgt. Joe Jones spent the week end with his mother, Mrs. Leona Jones. Joe has been transferred from San Antonio to Amarillo due to his mother's health.

### Teachers In Meeting At Hedley

The Donley County unit of Texas State Teachers Association District IX met Jan. 26, 1954 at Hedley. The group met in the High School auditorium at 7:30 with about 40 teachers and patrons present.

Mrs. Elvia Davenport, teacher at Hedley, presented an enjoyable program of music and songs. The pupils were from the Hedley schools.

Mr. R. L. Proffer, past president, Texas State Teachers Association, was introduced and for some 30 minutes discussed such things as the called session of the legislature in which there was a possibility of a teacher pay raise and other proposed legislation. He made evident to the group the shortage of teachers, class room and school buildings.

Mrs. Mary Sue Longan, teacher at Lelia Lake and Mr. J. S. Higgs, Supt. of schools, Hedley were elected as delegates to represent the Donley County Unit of T.S.-T.A. in the Regional House of Delegates teachers meeting which is to be held in Amarillo, March 12th.

Mrs. H. W. Truitt, Homemaking teacher at Hedley and her homemaking pupils served delicious refreshments. After an enjoyable social hour, the meeting adjourned to meet the latter part of March at Lelia Lake, the date to be set by Mr. J. C. Stepp, Supt.

Those to enjoy games of 42 in the home of Mr. and Mrs. Van Knox and Pat Tuesday evening were Mr. and Mrs. D. M. Cook, Mr. and Mrs. D. E. Leathers and Mr. and Mrs. James Smith, all of Lelia Lake.

Mrs. Frank Baugh and daughters, Mary Jeanette and Rebecca Ann, of Shawnee, Okla. visited her parents, Mr. and Mrs. Van Knox and grandparents, Mr. and Mrs. C. G. Knox of Lelia Lake thru the week end.

Pvt. Billy Hill, who is stationed at El Paso has been visiting relatives and friends the past two weeks. Mrs. Billy Hill will accompany him back to El Paso.

Mr. and Mrs. Dwight Blair and girls of Lubbock visited the week end with Mr. and Mrs. A. H. Moore and family and Mrs. Ermine Blair and other relatives.

Mrs. Joe Talley who underwent surgery in the Odom Hospital in Memphis some two weeks ago was moved home Thursday. She is improving at this time and hopes to be up some by the end of the week.

### New Tests For Livestock

There are so many cattle inoculations and immunizations that old Bossie must feel like a raw army recruit taking medical shots. Now the scientists have come up with another development with the needle—a test that shows the degree of fatness.

The test was developed specifically for live cattle, sheep or hogs. It should be very useful for purebred breeders who want to select their best young animals for breeding stock. The feeder who finishes fat steers or hogs, however, won't be affected.

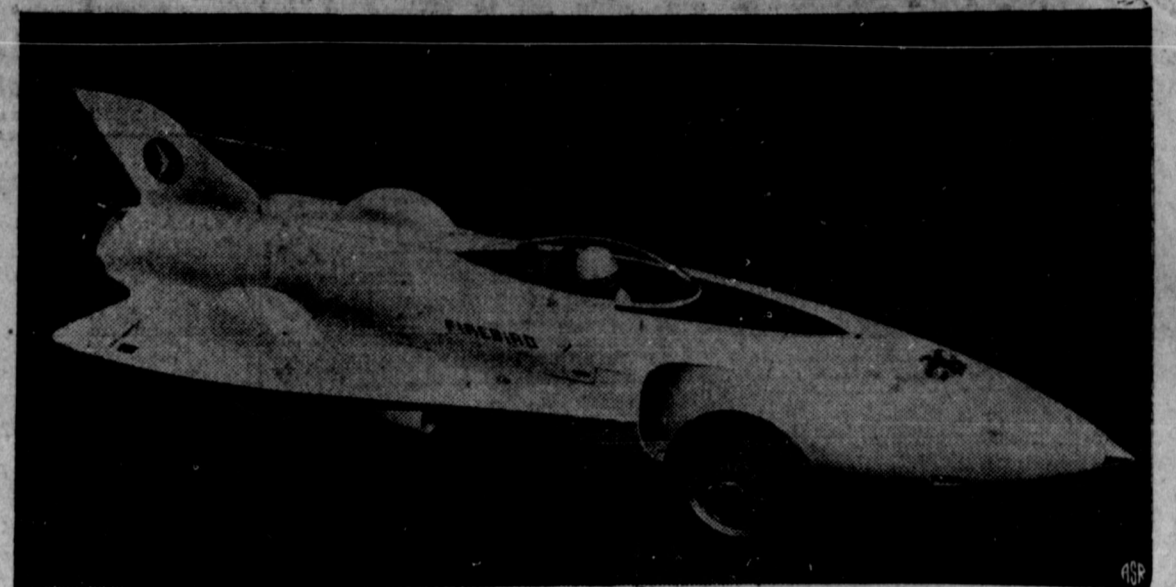

The test calls for laboratory equipment and technical skill so it probably won't be generally made on the farm. It employs a drug called antipyrine which has been used by the medical profession to reduce a fever.

When a measured dose of the drug is injected into the blood stream of an animal, it dissolves immediately and then begins to be eliminated. On cattle, after 2 1/2 hours, blood samples are taken every hour for four hours. The rate of elimination of the drug is recorded. The fatter the animal, the greater is the concentration of the drug in the blood samples.

Smaller animals such as hogs and sheep, can be tested much faster since the drug is distributed more rapidly through the body. Blood samples can be taken from hogs one hour after injection of the drug and at intervals of 30 minutes.

Preliminary tests have been successful enough, the scientists say, to open up the field for critical breeding tests to prove the heritability of the high or low fat producing characteristics of the animal.

### GM Builds First U.S. Gas Turbine Car

The XP-21 Firebird, first gas turbine automobile in the United States, has been announced by General Motors. In the cockpit, beneath a plastic bubble, is Test Driver Mauri Rose who put the car through shake-down paces at GM's proving grounds near Milford, Mich., and Phoenix, Ariz. The car's aerodynamic styling has an aircraft motif with a "needle" nose, swept-back delta wings and vertical tail fin. Because the gas turbine uses large volumes of air, the Firebird has scoops on either side of the driver's cockpit and a large tail cone for exhaust gas. Its kerosene burning engine, mounted at the rear of the driver's seat, consists of two mechanically independent parts, a gasifier section and a power turbine. The power turbine delivers power to the car's rear wheels via a two-speed transmission. The Firebird is an experiment to determine whether gas turbines will be feasible for ground vehicles.

When applied to a few of the best bull calves, a cattleman may

be in a better position to select a herd sire that has the ability to transmit early market finish to his calves. With this method, the

cattleman would not have to wait to judge by the first crop of calves for each prospective sire. The hog breeder may be able to select boars and gilts which have small amounts of fat and have the ability to make rapid growth with minimum feed requirements.

The antipyrine test has been used by some medical researchers for several years. But only in recent months have the tests been applied to cattle, hogs and sheep.

It may cut out of a lot of uncertainty in good cattle breeding.

Mr. and Mrs. J. C. Longan of Pampa visited in the J. C. Estlack home Saturday morning.

Mr. and Mrs. A. M. Moss and Don visited Tuesday with Mr. and Mrs. Jimmy Traylor in Amarillo.

Ray Heckman spent Friday and Saturday visiting Fred Molesworth on the ranch.

The Adjutant General's Office—the heart of the Army's administrative operation—receives on an average of more than 45,000 pieces of mail every day.

Mrs. Frank Thomas was able to return home Sunday after spending the past three weeks in Temple, Texas where she was a patient in Scott and White Hospital.

Mrs. J. Fulcher of the Lazy RG Ranch is in Pampa by the bedside of her mother who is seriously ill in Worley Hospital.

Mr. and Mrs. W. T. Brown from Llano, Texas are visiting their father and mother, Mr. and Mrs. R. T. Brown this week.

Mr. and Mrs. Alvis Bentley of Canyon visited homefolks the week end.

# PLOWIN' Out the CORNERS

by Uncle Zeb

We never in all our life heard such a commotion as has happened in the coffee scandal. Actually, some of the congressmen are more upset than they were when we sent our boys to fight in far away Korea. At least there is more demands for an investigation. Already the cries can be heard for Uncle Sam to write off part of the cost to his little nephews. The trouble with that is; all the money spent to bring the price down will come right out of our own pockets plus all the expense of putting any plan in effect. Shocking as it was when we grew up and found that old Santa had been billing the family budget for all our Christmas gifts, just as sure does all the gifts we get from Uncle Sam have to be paid out of our family budget, and this plus all the wear and

tear and unkeep on all his rein-deers. My goodness, anyway.

"Those who live with too much tension, seldom will enjoy their pension."

Heard this someplace: "Happiness is like potato salad; when shared with others we have a picnic."

Someone has said; "If don't stand for something, we will fall for anything."

Sometimes it is easier to rise to the occasion than it is to know when to sit down.

Our pioneers here in the West had their own way of judging folks and they seldom missed their mark in picking the real men from the crooks. The following little poem written by C. L. Anderson who punched cattle here on the High Plain some fifty years ago expresses the yard stick used in those days. It could hardly be improved upon today. It is called:

**YOU TELL ON YOURSELF**  
You tell on yourself by the friends you seek;  
By the very manner in which you speak,

**SAN JUAN HILL**—This action, illustrated in the new "U.S. Army in Action" painting series, took place at Santiago de Cuba July 1, 1898, and marked the first time in U.S. military history that the Gatling machinegun was used for close support during an infantry attack.

By the way you employ your leisure time,  
By the use you make of dollar and dime.  
You tell on yourself by the things you wear;  
By the spirit in which your burdens bear.  
By the kind of things at which you laugh,  
By the records you play on the phonograph.  
You tell what you are by the way you walk;  
By the things of which you delight to talk,

By the manner in which you bear defeat,  
By so simple a thing as how you eat.  
By the books you choose from the well filled shelf;  
In these ways and more, you tell on yourself;  
So there's really no particle of sense,  
In an effort to keep up false pretense.

—C. L. Anderson.

## CHAMBER SPECIALS

By Johnnie Allen  
Those people living in and near any small town such as Clarendon have always had some one urging them to "Trade at Home" or "Patronize Their Home Town Merchants" and possibly heard it so long that little attention is paid to the plea. Today, however, the small town merchant usually has merchandise in stock that is as good as can be obtained in the larger stores in the larger trading centers and usually at comparable prices. If by chance the home town merchant does not stock merchandise that is competitive with the merchandise available in the larger city he should make every effort to do so before he urges people to patronize his store. We also know that the demand on some merchandise is not great enough for small town merchants to have some articles in stock, but this does not mean that he can not obtain it for his customers. Most business men can make a special order for those articles of merchandise he does not stock.

Have you ever thought of what happens to the dollar spent out of town in comparison to the dollar spent at "home"? Suppose citizen number one pays his drug bill with a one dollar bill, in Clarendon. The druggist with the same dollar pays the grocery man

with this dollar, the groceryman pays his tailor and so on with this one dollar bill circulating many times within Clarendon enriching many people before it ends up in a local citizens savings account. Citizen number two takes a brand new dollar bill to Amarillo to shop the bargain sales. Believe it or not, it will cost citizen number two approximately one dollar and fifty cents to get to Amarillo in order that he may spend his dollar on bargain day specials, the dollar is spent, and is completely out of circulation as far as the citizens of home town is concerned and then it costs Citizen number two another dollar and fifty cents to return home. Does this seem like good business? Think it over; remember that each dollar spent in Clarendon helps our schools, churches, and local economic conditions.

## Noted Agricultural Authority To Address Federal Land Bank of Houston Stockholders

Mr. D. Howard Doane, Founder and Chairman of the Board of Doane Agricultural Service, Inc. of St. Louis, Missouri, will be one of the principal speakers at the forthcoming annual stockholders' meeting of the Federal Land Bank of Houston to be held in Houston on February 18 and 19. He will speak on "Tomorrow's Farm Problems."

Mr. Doane organized the first college department of farm management in the United States at

the University of Missouri, and was head of the department until 1916. At that time he became associated with one of the large St. Louis banks, and was one of the first individuals employed by a commercial bank to take charge of their agricultural field work. In 1919 he organized the first professional farm management service in America. In addition to managing hundreds of farms, ranches and plantations, his organization is engaged in appraisal of rural properties, agricultural research, and supplies agricultural information and guidance to thousands of American farmers. He was one of the founders of the American Society of Farm Managers and Rural Appraisers, and served as its first president.

At present Mr. Doane is a member of the Board of Trustees of Monticello College and the National Farm Chemurgic Council and a member of the Board of Directors of the Chamber of Commerce of the United States.

The meeting in Houston will be attended by Mr. J. R. Gillham of Clarendon, Texas, Director of the National Farm Loan Association of Donley County. He will represent the stock interest of this local association, which is owned completely by local farmers. These associations in turn own all of the capital stock of the Federal Land Bank of Houston.

BEAUTY TREATMENT THAT GIVES 19% MORE VISIBILITY  
New back-swept windshield on all 1954 Buicks is the latest note in modern styling, and a big step-up in your view of the road ahead.

## Even the price is sensational!

As you look at it, you can see a lot of what makes this new 1954 Buick SPECIAL so sensational. You can see the long, low, sleek and ultra-glamorous lines that add up to the biggest automotive styling change in years. You can see the remarkable new windshield with the back-swept corners—greatest visibility improvement since closed cars came on the market. But what you can't see—till you drop by for a visit—is the sensationally low price of this car—a local delivered price that's just a few dollars more than those of America's "low-priced three."

And you can't see—sitting where you are now—the rest of the great automobile that's yours for so low a figure. The spectacular power of this SPECIAL's brand-new V8 engine. The honest six-passenger roominess. The truly modern interior luxury. The superb new handling ease. The sublime comfort of Buick's famed Million Dollar Ride—now steadied even more by a newly developed front-end geometry. Fact is, there's so much that's terrific about this new glamor car, you ought to drop in and give it a really thorough study and sampling. That way you'll prove to yourself that the buy—and the thrill—of the year is Buick. Come in this week, won't you?

# TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers  
January 21, 1954

## THE BATTLE OF THE BRICKER AMENDMENT

In the newsletter that I wrote immediately after the State of the Union Message by the President, I pointed out that no reference was made directly to the Bricker Amendment in that message. I predicted at that time that this could develop into one of the most controversial issues that faces this session of Congress, and perhaps one of the most controversial that has faced Congress for many, many years. I also pointed out that efforts were being made to effect a compromise between the Administration and Senator Bricker. To date, it has developed that the compromises offered would mean a retreat by Senator Bricker from the original purpose of the amendment. This, Senator Bricker has so far steadfastly refused to do. How long he will hold out is anyone's guess. He is definitely on the spot, simply because many organizations who outspokenly supported the Bricker Amendment in past years are now flooding the Congress with resolutions and communications opposing it. The result is that the issue has developed into a powder keg with a short fuse. An explosion might come any time.

Many factions opposing the amendment are willing to compromise with the Senator by striking out all of the amendment except that portion which merely restates the present law. If all that is to be accomplished by the Bricker Amendment is to restate the present law, there is no need to go into the costly and time-consuming processes of amending the Constitution. It is the present law that is causing so many people so much concern. All of us were taught from childhood that we, as citizens of this country, had certain inalienable rights guaranteed us under the Constitution. If the treaty-making power of the Chief Executive is to be so construed as to permit the making of treaties containing provisions that would encroach upon or violate those constitutional rights, those rights were never inalienable and never guaranteed. The whole theory of inalienable constitutional guarantees becomes fallacious. If that course of construction is followed, and there is much au-

thority to support the concern that such is the trend, it is high time that we took stock, clarified the situation, and nailed down these inalienable constitutional guarantees in unambiguous terms. Otherwise, the treaty-making power vested by the Constitution in the Executive Department of this government could well prove to be the "Achilles' heel" of our form of government. It should be definitely and finally determined whether or not this treaty making power creates a gateway through which this government could drift into the sea of world government. If such gateway is present, it should be closed, locked, and nailed up, once and for all. Nothing could serve better the Communist aspirations of world domination than a world government. It would simply mean that all of the insidious forces of Communism could be concentrated on one target, whereas the wide diversity of attack presently required against separate independent governments contributes greatly to the impotency of those forces. Let's face the facts.

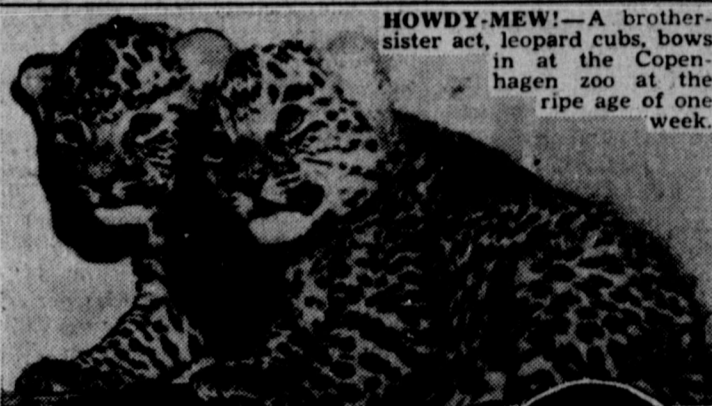

### UNWARRANTED CRITICISM OF THE FARMER

Much has been said and written recently in criticism of the farmer and indirectly blaming him for the high prices of many agricultural products on the retail market. Much of this has the earmarks of a propaganda campaign intended to appeal to the consumers in the large cities. The Secretary of Agriculture has recently testified before a Senate Committee that the consumers of this nation might revolt against the farm program and destroy any and all supports. I sincerely wish that these people would stop indulging in generalities and give the honest hard facts to the American people as to how little the farmer gets out of the products. Here are some of them that have been gathered from research in the Library of Congress:

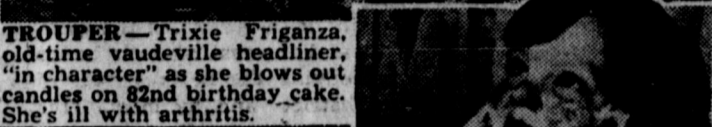

#### Statistics on 1-pound Loaf of White Bread

(These statistics are based on the cost distribution data during the period July 1 to Sept., 1953.)  
The quantity of wheat in this one-pound loaf of white bread is .912 lb. The retail cost was 16.4 cents for the loaf of bread. The gross farm value for the total amount of wheat that went into that loaf was 2.8 cents. The by-product value (the portion of the wheat that did not go into the loaf of bread is 2.4 cents. The marketing margin between what the farmer received and what the consumer paid is 14 cents.

## People, Spots In The News

**HOWDY-MEW!**—A brother-sister act, leopard cubs, bows in at the Copenhagen zoo at the ripe age of one week.

**TROUFER**—Trixie Friganza, old-time vaudeville headliner, "in character" as she blows out candles on 82nd birthday cake. She's ill with arthritis.

**ASPIRATIONS** to be a big shaver instead of a little one light countenance of this English lad, 3, who borrowed Dad's shaving tools.

**COLOR TV** gets nearer, as RCA Victor technicians assemble complex cameras to meet demands of television broadcasting stations across country preparing for introduction of color telecasts as new service to public.

This simply means that if you could get the wheat free from the farmer, it would mean very little reduction in the over-all cost to the consumer.

#### CORN

1.57 pounds of corn goes into a 12-ounce package of corn flakes. The retail cost is 21.8 cents. The gross farm value is 5.4 cents, the by-product value is 1.8 cents. This means that the net farm value is 3.6 cents. This leaves a marketing margin of 18.2 cents. This simply means that if the farmer gave the corn away, the

consumer would still be paying 18.2 cents for a box of corn flakes that retails for 21.8 cents.

The farmer fares a little better on corn meal. It requires 1.34 lbs. of corn to make one pound of corn meal. This retails for 12.7 cents. The gross farm value is 4.6 cents, the by-product value, .7 cent. This leaves a net farm value of 3.9 cents, making a marketing margin of 8.8 cents between what the farmer gets and what the consumer has to pay.

**COTTON (1952 Data)**  
The value of cotton used in a work shirt selling for \$1.60 is 27.3

cents. This leaves a marketing margin of \$1.33 between what the farmer gets for the cotton and what the consumer pays for the shirt.

On a white shirt, with a retail cost of \$3.64, the farm value of the cotton is 31 cents. This means that there is a marketing margin of \$3.33 between what the farmer gets and what the consumer has to pay.

I used the three commodities for examples because they are all under the farm price support program. You can see from these statistics that if you cut the farmer's price in half, it would mean very little to the consumer, insofar as buying the product cheaper. This is perhaps one of the reasons that the national farm population between 1942 and

1952 decreased by approximately four and a half million people. That is, about 15 percent of the farmers left the farms and moved to town.

The truth, the whole truth, and nothing but the truth is what the American people need and are entitled to, whether it concerns farming, manufacturing, mining or any other segment of the economy.

As I have pointed out in newsletters before, I have introduced a Resolution calling upon the Congress to dig out all subsidies paid by the federal government, direct and indirect, and to lay them on the table so they could be viewed by the American people, and the American people could know the truth. We shall see whether or not they are will-

ing to do this.

### Korean War Duty

WASHINGTON — During the Korean war, 1,875 National Guard units were ordered to active duty for service in the Army. Thirteen hundred and eighty-four of these units still are on active duty. One hundred and nineteen thousand six hundred and three officers and men entered active military service with Army National Guard units.

President Ulysses S. Grant was the only president ever to be arrested during his term of office. He was arrested for exceeding the speed limit while driving a team of spirited horses through the streets of Washington.
