A Common Paper for Common People

Annual Celebration To Draw Large Crowd

Free Barbecue Will Start at 11:30 a. m. On Court House Lawn, July 3rd

County agent H. M. (Flip) Breedlove in charge of the barbecuing and feeding of the Third of July Celebration has all committees lined up and ready to go. The feeding will start at eleven thirty on the morning of the third and all committees will report to the chow lines on the court house lawn at eleven o'clock sharp. Breedlove will cook the barbecue all night of the second and have it ready for the noon meal. W. W. (Sandy) Sandifer will have charge of the bean cooking and at this he is a past master. The peaches will be cooked by Mutt Graham. Pud Bain will have complete charge of the setting up of all the serving tables and has done this for the past three years. Serving captains who will each get fourteen persons to help for their two lines are Mrs. J. R. Porter, Red Estlack, Mrs. Redell Henson, James Smith, Lee Bell and Miss Chloe Darden. Fred Russell will have charge of all the butchers and see that the tables are supplied with barbecue. Captains of each butcher table to get three of the butchers are Don Ballew, Bill Ray, Frank Reid, Pete Easterling, Jack Clifford and Homer Thomas.

The wood hauling committee is J. R. Wood, Carl Naylor and W. J. Lewis Jr. The lights will be put over the pits by the West Texas Utilities under Lonnie Walker. Hauling of the pits was done by Raymond Martin. Pickups for the trash to be on the court house lawn will be furnished by Clarendon Furniture Co., Household Supply, Bennett Implement Co., and Bartlett Motor.

The City of Clarendon will furnish the drinking water for the occasion. The bread is being donated by Taystee through Bill Gerner and Meads Bread through Carl Pittman. Market is furnishing 20 gallons of pickles and Estlack Machinery is giving 250 pounds of onions and five gallons of pickles. The Clarendon Food is giving 400 pounds of beans. The beef is being donated by local ranchers and individuals. The trimmings for the feed is being furnished by business firms and individuals through donations.

Breedlove says that the menu will be 4,000 pounds of barbecue, 400 lbs. beans, 250 lbs. peaches, 250 lbs. onions, 25 gallons pickles and four hundred loaves of fine Taystee and Meads bread. Be on time for the feed - it starts at 11:30 A. M. on the court house lawn.

L. L. Wallace is furnishing the loud speaker to be used during the feed to help get the crowd in lines and to ask everyone to put trash in the pickups on the lawn to save a big clean up job. Cooperation in this respect will sure be appreciated.

The officials of the show will be served in a chow line by the barbecue pits so that they can get on with their jobs of the rodeo. No one but the officials will be served in this one particular line. This does not apply to contestants. Everyone else will eat in the regular chow lines on the court house lawn.

Assisting Breedlove Friday night with the barbecuing and to report to the pits at 4:30 P. M. on the Second are: L. D. Aten, C. L. Lewis, Homer Bones, Raymond Martin, Joe Ritter, Bill Lane, Jack Gray, Homer Estlack and Roy Hanna.

Hedley Defeated By Pampa 20 to 10

The Pampa "Jinx" prevailed again last Sunday and Pampa defeated Hedley at Pampa by the score of 20 to 10. Neeley and Stone did the pitching for Hedley. Wildness, errors and a high wind contributed to the big score. Stone hit a homer for Hedley.

Services Today For W. K. Davis

Funeral services have been set for 2:30 this afternoon in the First Methodist Church for W. K. Davis with Rev. I. E. Biggs officiating. Mr. Davis, age 81, long time Donley County resident, died Monday night in Hot Springs, Arkansas. Mr. Davis, a native of Tennessee, came to Texas in the 1890's and lived first near Ennis, then moved to Clarendon in 1914. He was a prominent farmer in the Midway community for a long number of years. He retired in 1948 and moved to Plainview where he made his home with a son. About a year ago he went to Hot Springs for his health and continued to live there until his death.

Survivors include six sons: Roy Davis, Marion, N. M.; Loyce W. and Clifford L. Davis of Amarillo; Ernest and Arthur S. Davis, Plainview; W. K. Davis Jr., Seal Beach, Calif.; two daughters, Mrs. Jewell Stidham, San Antonio; Mrs. Norman Shepard, Seal Beach; and one brother, Taylor Davis of Saint Jo, and a half-brother, J. L. Davis of Ennis. Pallbearers will be W. W. Taylor, Roy Blackman, S. W. Lowe, Frank Hardin, Heckle Stark and Neal Bogard. Burial will be in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Sheriff Behrens Makes Annual Appeal

Sheriff Truett Behrens is making his annual appeal for a safe and sober celebration. "As long as everyone observes the law we will have a wonderful three day celebration", the sheriff stated. We want everyone to have a good time but at the same time be mindful of others and not go beyond the bounds of reason, he added.

The entire law enforcement crew will be on the job throughout the celebration to see that everything goes along in a peaceful manner but we are looking forward to very little rowdiness or other trouble, concluded the sheriff.

American Legion Sponsors Dances For Celebration

The local American Legion Post will sponsor the celebration dances again this year. Dances will be held three nights beginning tonight. They will be held in the McMurtry building one block west of the City Hall. This building will afford a large dance floor which will accommodate a larger crowd than in the past. Admission to the dances will be \$1 per person and the dances will start at 9 p. m. each evening.

Emmett Allen and his Sunset Ramblers will furnish the music for all three dances. This western band is well known all over the Panhandle area and have the reputation of playing the type of music everyone enjoys.

Mr. and Mrs. William J. Lowe are the proud parents of a boy born June 23rd at a Memphis hospital. He weighed 7 lbs. 9 oz. and was named William Hayden Lowe. Mrs. Lowe and new son arrived home from the hospital Saturday.

New Humble Station To Open Saturday

Announcement is being made in this issue of the Leader of the opening of the New Humble Station in Clarendon. This is reported to be the first opening of a Humble station in the Panhandle area. The station is owned by Noel T. Cudd Jr. and the building contractor is John H. Jones. The new station is modern in every respect with plenty of parking space around the structure. The opening date of this station had been set for a previous date but due to the highway construction and other unforeseen happenings, the opening had to be delayed until Saturday, July 3rd. Mr. Cudd is operator of the Cudd Bros. Trucking firm here and believes strongly in the future growth of our little city.

Eddie Forest will be the operator of the new Humble Station and is extending an invitation to everyone to come in and inspect this new business in Clarendon. Forest needs very little introduction as he has been operating the Conoco station 1 block east of the stop light for some time and has been a Clarendon resident for several years. Mr. Forest recently completed a three month Humble training course at Abilene, Texas on the methods of operating a Humble Station and the Company's policy of doing business.

Since this station will be the first to open under the Humble sign in the Panhandle, it has been understood that around fourteen company officials will be here to take part in this big opening event.

All Star Baseball Game At Hedley July 4th

The annual Cap Rock League All Star baseball game will be played at Hedley Sunday, July 4th at 3 P. M. The south team will be composed of the stars from Clarendon, Hedley and Troy Laundry of Amarillo. The north team will be picked from Groom, Pampa and Amarillo Greenhouse. Regular admission prices will prevail for this game. Umpires for the game will be furnished by the league.

Sunday—July 4th
Last Rodeo Performance 2 p. m.

Local Calvary Baptist Church To Be On TV Sunday, July 4th

The membership of the local Calvary Baptist Church and the pastor, Rev. Ernest Phillips, have accepted an invitation to present their regular church services on TV Sunday morning, July 4th. This is quite a honor for this church which was organized not too many months ago and Rev. Phillips is extending an invitation to everyone who has not been attending services or those who will not be attending their own church, to see and hear this program Sunday morning from 11 a. m. til noon.

The services will be presented over KGNC-TV, channel 4, through the courtesy of this station. The membership of the local church will leave the church building here at 8:30 a. m. and the regular Sunday school will be held in rooms provided at the TV station in Amarillo previous to the regular services which will be televised at 11 o'clock.

Store Closing For Saturday And Monday

Due to the Fourth coming on Sunday and the celebration dates coming Friday, Saturday and Sunday, there is a bit of variation in the closing date for local business firms. Business places to remain open Saturday are the grocery stores, dry goods stores, drug stores, cafes and some other miscellaneous classifications of business that will be unable to close due to various reasons. Practically all of the stores that will remain open Saturday - - - will be closed Monday. All grocery stores will be closed Monday and most of the dry goods firms have indicated that they would be closed also. Local banks will remain open Saturday morning, but will be closed Monday.

All grocery stores will be closed from 11 o'clock Saturday morning until 1:30 p. m. Saturday afternoon. This will allow the butchers, clerks, etc. to help with the barbecue at noon. Keep this closing time in mind so these merchants can close their doors during those hours.

Clarendon merchants don't want anyone to be inconvenienced but they feel, too, that their help is due a bit of time off and the Fourth of July is one of the dates voted on by local merchants to be observed by closing, and since it comes on Sunday, the next day is to be taken.

Dusters Defeat Groom 14-6

The Clarendon Dusters went through another siege of swirling dust last Sunday afternoon to defeat Groom 14-6. The Dusters took the lead in the first inning with three runs and added six more in the fourth to make it more comfortable the rest of the game. Their other scores came in the 6th, 7th and 8th innings. Practically all of Groom's runs were tallied on Duster errors and stolen runs. Dust, picked up by a strong southeast wind, delayed the game for several minutes in the sixth inning. There will be no regular Duster game this Sunday as the All-Star game will be played at Hedley.

The Donley County Leader, \$2.50 a year.

Thousands of Visitors Expected To Attend Holiday Week-End Events

Clarendon's annual Fourth of July Celebration will get underway this evening (Thursday) with the first dance scheduled for that time and then gain momentum Friday evening when the first Rodeo performance is presented, and continue thru the remainder of the three day celebration. Joe McMurtry, head of the celebration for his second year, reports everything to be in tip-top shape and all phases of the celebration is expected to move along in grand style. It will be at this time that the men and women who have worked so hard to put this program on, will receive their reward - - - seeing the many visitors gathering to enjoy Clarendon's hospitality.

An outstanding program has been prepared for the Old Settlers Reunion Saturday morning, and the Parade at 1 o'clock is expected to be bigger and better than ever. A contest or battle between several top Panhandle Western Bands is a new feature announced this week. This event will be held on main street after the Afternoon Rodeo performance July 3rd.

There will be four Rodeo Performances; the first at 8 p. m. Friday night; the next at 2 p. m. Saturday afternoon and again at 8 p. m., and the last performance Sunday afternoon at 2 p. m. The free barbecue will be one of the most important events and one that thousands will be interested in. The serving will start at 11:30 on the courthouse lawn and continue until 1 o'clock.

New Telephone Rates Go Into Effect Here July 16th

An upward adjustment in telephone rates will go into effect July 16 in Clarendon. The Clarendon City Commission Tuesday (June 22) approved unanimously an ordinance raising the telephone rates in Clarendon. The new rates were accepted by representatives of General Telephone Company of the South-west.

H. E. Craig, General's District Manager for this area, said the new rates in Clarendon will still fall short of what the Company feels is a fair return on investment there. "However," he added, "we accepted compromise rates in order to immediately alleviate an actual financial loss in our operations in Clarendon. We will now begin realizing a slight financial return, although still inadequate, in Clarendon."

The new rates in Clarendon are as follows with the new rate listed first and the old rate listed second: Business, One Party, \$9.50 - \$7.75; Business, Two-Party, 8.00 - 6.25; Business, Extension, 1.50 - 1.50; Residence, One Party, 5.50 - 4.50; Residence, Two Party, 4.50 - 3.75; Residence, Four Party, 3.50 - 3.00; Residence, Extension, .75 - .75.

This Is Your Annual Celebration Edition

Clarendon business firms want this to be the biggest celebration ever to be held here which is evidenced by the large number of welcome ads in this issue of the Leader. They want everyone to feel that they are honestly welcome to take in the entire celebration and encourage everyone to lay their work aside and not miss any event. Turn through the pages and absorb the warm spirit of welcome that is extended.

The Leader force has enjoyed putting out this larger edition and wish to thank the merchants for splendid cooperation in turning in their copy at an early date to make it possible. Our rural correspondents helped a lot by sending in their items promptly, and we want to thank them, too.

MYSTERY FARM NO. 46—This is the Leader Mystery Farm of the Air for this week. Rules governing this guessing contest and prizes are as follows: 1st in town and first living and receiving their mail in country to identify the mystery farm will receive a one year subscription to the Leader. The fifth to identify the farm, both town & rural will receive a free ticket to the Mulkey Theatre. The owner or tenant identifying his farm at the Leader office will receive a mounted picture free. Hours for making identification are 8 to 12 and 1 to 5 starting Thursday morning. Last weeks Mystery Farm is identified on another page of this week's issue of the Leader.

Interest Mounts In Annual Rodeo Queen Contest

Interest continued to rise in the Annual Rodeo Queen Contest as this week's Leader went to press. Harlene Smith, representing Smith's Pool was leading the field with a total of 1323 votes. Janice Benson was running a close second with 1096 votes and Mary Ida Gattis was third with 994 votes. Miss Benson is sponsored by Palmer Motor Co. and Miss Gattis is representing the Farmers State Bank.

Voting in the contest will close at 2:30 p. m. Saturday, July 3rd, and the Queen will be presented at the Saturday night performance of the Rodeo. All girls are asked to have their boxes turned in at the School Tax Office no later than 2:30. This will enable the girls to do some last minute campaigning after the parade. All contestants will participate in the parade - some will be marching with the Band, others will be in the riding division and the rest will ride in a group. The girls who do not have horses are asked to meet at the lot north of the Donley Hotel where the parade will form a little before 1:00 o'clock.

Other candidates in the Queen Contest are Joan Hermesmeier, 408; Barbara Banister, 680; Evelyn Wood, 310; Tookie McClellan, 519; Mable Dean Brock, 334; Ruth Ann King, 184; Rebecca King, 167; Eva Lee Farr, 139; Wanda Sibley, 204; Genella Mooring, 233; Bertha Reid, 277; Jackie Estlack, 529; Jeanie Pittman, 516; Mary Lou Fitzgerald, 63; Glenna Lane, 144; Sue Talley, 207; Marianne Longan, 104; Ruby Mann, 19; Lucy Richardson, 197; Jo Anne Montgomery, 0; Kay Schollenbarger, 18; and Shirley Baker, 0.

GABIE BETTS BURTON LIBRARY NOTES
By May L. Prewitt

A little friend gave us "Roy Rogers and the Ghost of Mystery Rancho", "Mr. Snetzel's Cookies" and seventeen pictures that were not given for "trade" please.

not given for "trade" please.

We purchased Frances Parkinson Keys new novel, "The Roy I Box." She is a writer who has a broad knowledge of countries, their people, and characteristics. We received a gift of a 1951 Readers Digest selections.
A friend gave us \$2.00 for the Library this week. Really it was delightfully received as funds are lacking for necessities here.
Please cooperate with us and return your books promptly as you deprive the others of reading privileges when you keep your books over time. You can read from our Library three months for twenty-five cents, so don't over look your fines, or keep your books over time. These fines and dues are used in purchasing new books.

Donley County Leader, \$2.50 year

To My Friends & Customers:

I recently purchased Bill Adams Barber Shop, located first door north of First National Bank, and extend a cordial invitation for everyone to visit me at this new location.

I wish to announce also that Mr. Adams will remain as a member of the Barber Staff.

Christal - Word Wedding Solemnized

In a double ring ceremony performed at the First Baptist Church on Saturday evening, June 26th, Miss Joanne Christal, daughter of Mr. and Mrs. W. R. Christal became the bride of Mr. Millard L. Word, son of Mr. and Mrs. M. R. Word.

The Reverend William A. Cockerell, pastor of the First Presbyterian Church, read the ceremony before an altar formed of white pillars supporting white candles which rose to meet an archway of candelight, framed against a background of fern, palms, and huckleberry. The area between the pillars was filled with a fan-shaped arrangement of white gladioli and white peonies. The side arrangements had a similar background and made use of curved candle arrays. Candelighters were Miss Betty Jean Reed and Mrs. Keith Reed, both of Amarillo.

Mrs. Allen Bryan of Amarillo, organist, played pre-nuptial music and the traditional wedding marches. She also accompanied Robert C. Leathers, cousin of the bride, as he sang "O Perfect Love" by Barnby, and as a benediction, "The Wedding Prayer" by Dunlap.

Miss Janiece Christal, the bride's sister, was maid of honor. Bridesmaids were Miss Shirley Aten, Miss Sandra Shelton, Miss Inelle Cox and Miss Helen Benita Carr of Brownfield. All of the brides attendants wore waltz length gowns of blue organdy with harmonizing velvet waistbands. Their bandeaus were of delicate white flowers and they carried colonial bouquets of white carnations and chrysanthemums. Margaret and Sharon Mathers of the Miles City, Montana, nieces of

the groom, were flower girls and wore identical dresses of blue silk pique.

Bob I. Word of Amarillo was his brother's best man. Groomsmen were Keith Reed, Walter D. Word, Jr., both of Amarillo, Ogden Wilson of Perryton, and Jimmy Naylor of Panhandle.

Given in marriage by her father, the bride wore a gown of white lace and tulle over white silk. The gown was designed with a high neckline, long sleeves, and a chapel length train. Small covered buttons extended to the waistline down the back of the tightly moulded bodice. The bride's finger tip length veil of illusion was attached to a tiara of seed pearls. She carried a colonial bouquet of white orchids and valley lilies.

The bride's mother, Mrs. W. R. Christal, selected a raspberry lace dress with matching accessories. Her flowers were white carnations.

Mrs. M. R. Word, mother of the groom, wore a grey-blue dress of blazed shantung. Her accessories were white and her flowers were gardenias.

Following the ceremony, a reception was held in the church parlors. The bride's table was covered with an imported cut work linen cloth and was centered with an arrangement of white carnations and white sweet peas, flanked by crystal candelabra holding white candles. Mrs. Bill Mathers of Miles City, Montana, sister of the groom, served the tiered wedding cake which was decorated with delicate blue flowers and was topped with miniature wedding bells. Mrs. Bob I. Word served punch from a crystal punch bowl. During the reception, background music was provided by Miss Billy Jean Poole. Other members of the house party were: Mrs. L. T.

MRS. MILLARD L. WORD

Shelton, Mrs. Earl Alderson, Mrs. J. R. Leathers, Mrs. Rice Batson, Mrs. W. M. Patman, and Mrs. Leroy B. Leathers.

For traveling, the bride chose a pink antique taffeta suit with matching accessories. Her corsage was a white orchid taken from her bridal bouquet.

The couple will make their home at 2607 Eighth Avenue in Canyon.

Mrs. Word, a graduate of Lelia Lake High School, is a junior student at West Texas State College where she is prominent in music circles. She has appeared as soloist with the Amarillo Symphony and the West Texas State a Cappella Choir. She sang a leading role in the spring opera

production of the college music department. Her college sorority is Delta Zeta Chi.

Mr. Word is a graduate of Clarendon High School. He is employed by KGNC - TV and also attends West Texas State College where he will receive his degree in January.

Other out-of-town guests for the wedding were: Mr. and Mrs. Johnny Linn, Mr. and Mrs. S. C. Westcoat, Miss Sara Westcoat, Miss Lola Word, Mr. Harry Word, Mr. and Mrs. Walter D. Word Sr., Mr. and Mrs. Al Word, Mr. and Mrs. Allen Bryan, Mr. and Mrs. Walter D. Word Jr., Mr. and Mrs. Leroy B. Leathers, all of Amarillo; Mr. and Mrs. Bob Word of Phoenix, Arizona. Mrs. S. L.

Ingham of Canyon, Mr. and Mrs. J. E. Leathers of Tullia, Miss Sharon Williams of Groom, Mr. and Mrs. A. K. Wilson of Perryton, Mr. and Mrs. Joe Walden and Mr. and Mrs. Frank Angeline of Littlefield, Mr. Slick Naylor of Panhandle, and Miss Rogene Bass of Cactus.

Murphy-Hall Vows Exchanged

Nuptial vows were solemnized in the home of Mr. and Mrs. Joe Hall Sunday afternoon, June 20, for Miss Norma Murphy, daughter of Mrs. Evelyn Murphy, and Dale Hall, son of Mr. and Mrs. Joe Hall.

Bro. Bert Wells, minister of the Church of Christ, read the single ring ceremony at 5:30 p. m. Miss Joan Putman was the bride's only attendant. She wore a white nylon dress corresponding to the bride's attire. Her headdress was a crown of pink flowers and she wore a corsage of pink carnations. The groom's best man was Howard Hensley, Jr.

The bride was attired in a beautiful white nylon dress with white accessories, also carrying out all the traditions of something old, new, borrowed, and blue. She carried a white Bible topped with white carnations.

Mrs. Murphy chose for her daughter's wedding an aqua dress. Mrs. Hall wore a rose beige dress.

A reception honoring the couple was held immediately following the ceremony. The table was covered with a white lace cloth and decorated with yellow satin bows. The beautifully decorated wedding cake and crystal punch bowl completed the table setting. Serving were Mrs. Glen Hall and Miss Nettie Lee Hall.

Families and a few close friends attended. Mrs. Hall is a graduate of Clarendon High School. Mr. Hall is employed with Junior's Food Market.

After a honeymoon in Amarillo, the couple are at home in Clarendon at the Liesberg Apartments. Mrs. Chester O'Brian of Pampa was a guest Monday night in the home of Rev. and Mrs. Ernest Phillips.

MISS PATTY SHIELDS HONORED AT BRIDAL SHOWER

Miss Patty Shields of Lelia Lake, bride-elect of Lovell Myers of Dalhart, was honored with a pre-nuptial shower June 21 from 3:00 o'clock to 5:00 o'clock in the home of Mrs. J. W. Shields. Hostesses for the shower were Mesdames John Richey, Ferrel Floyd, Bill Mooring, Arlie Wood, Dink Miller, Howard King, Ellis Chenault, Nolie Simmons, J. R. Leathers, Murphy Brock, Nelson Seago, and Rice Batson.

Guests were greeted by Mrs. Miller and Mrs. Leathers. Mrs. Richey received the gifts and presented them to the honoree. Mrs. Mooring registered the guests in a beautiful bride's book, a gift of the hostesses.

The bride elect's chosen colors of yellow and white were used in decorations with floral arrangements of yellow and white cut flowers decorating the entertaining rooms.

The serving table was laid with a white lace cloth over yellow. The centerpiece of yellow chrysanthemums surrounding a miniature bride and groom was flanked by yellow tapers in crystal holders marked with white bows. A yellow streamer inscribed with "Patty and Lovell" was draped from the side of the table. Silver and crystal appointments completed the table setting.

Mrs. Brock, Mrs. Simmons, Miss Christene Shields, and Miss Janiece Christal alternated at the serving table.

Fifty guests called during the afternoon, and thirty who were unable to attend sent gifts.

BIRTHDAY DINNER

A family dinner honoring O. C. Watson and Mrs. Gale Ledbetter on their joint birthdays was given in the home of Mr. and Mrs. O. C. Watson at the noon hour Wednesday, June 23.

The decorated birthday cake and candles highlighted the table where a chicken dinner with all the trimmings was served.

Present were Mrs. Gale Ledbetter and Gary of Oklahoma City, Mrs. Lena Antrobus, Mr. and Mrs. Barcus Antrobus and Sarah, and Mr. and Mrs. O. C. Watson and George.

MISS JOANNE CHRISTAL HONORED AT MISCELLANEOUS SHOWER

Miss Joanne Christal, bride-elect of Millard Word, was honored with a miscellaneous shower in the home of Mrs. B. J. Leathers last Tuesday afternoon. Punch and cake were served from a lace covered table, appointed with crystal candelabra and white candles, centered with a bouquet of white daisies and blue cornflowers, blue and white being the bride's chosen colors. Mrs. Bill Mathers and Mrs. Kinch Leathers served the white squares of cake, decorated with blue flowers. Mrs. Earl Alderson and Mrs. Dennis Reed served the punch. Music was furnished throughout the afternoon by Misses Billie Jean Poole and Shirley Aten and Miss Sandra Shelton of Clarendon gave several readings. Members of the receiving line were Mrs. B. J. Leathers, Miss Joanne Christal, Mrs. W. R. Christal and Mrs. M. R. Word. About forty guests called in the afternoon. The lovely gifts were on display.

Those assisting Mrs. B. J. Leathers were: Mesdames Elmer Dishman, Quinn Aten, Dennis Reed, Ferrel Floyd, John Richey, Earl Alderson, Kinch Leathers, De Vertie Leathers, Rice Batson, Leroy Luttrell, and J. R. Leathers.

LILLIE HUNDLEY CIRCLE

The Lillie Hundley Circle of the Baptist Church met Wednesday, June 23, in the home of Mrs. James Moore. Seven members were present.

Mrs. Moore opened the meeting with prayer followed by a devotional led by Mrs. H. M. Reid. A new book of study was taken up—"The New Orleans Story."

Mrs. A. T. Cole, Mrs. H. M. Reid and Mrs. Bill Preacher took part in the study of the first chapter. In the business meeting, plans were completed to send one boy or girl to summer camp. Concluding refreshments were served.

The next meeting will be Wednesday afternoon, July 14 in the home of Mrs. Bill Preacher.

Mrs. Ida Woodard of Jacksboro visited from Thursday to Sunday in the home of her daughter and family, Mr. and Mrs. Ernest Tipton and children.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

CHAIN REACTION

Atomic processes do not have a monopoly on chain reactions. The rumor mill here in Washington produced a political chain reaction last week. It started out with the rumor that Governor Dewey, of New York, would not seek reelection as Governor. Whether Tom Dewey intended it or not, the Washington rumor mill promptly handed him the Republican nomination for President. Here is the way it was done. When the news leaked out that Dewey might not seek reelection as Governor of New York, it was promptly concluded by some that this meant a bid by him for the Presidency. Here is what was supposed to happen. One of the Supreme Court justices was to resign. This vacancy would be filled by President Eisenhower appointing the present Secretary of State, John Foster Dulles. This would leave the Secretary of State's position open, which would be filled by Governor Thomas Dewey. He was to use his position as Secretary of State to get all of his fences mended and be ready to accept the Republican nomination for President in 1956. In the meantime, he was supposed to arrange for Senator Ives to succeed him as Governor of New York. Thus he would be assured of the electoral vote of New York State and have the inside track for the Presidency. Senator Ives promptly denied that he was a candidate for Governor of New York. In any event, this gives you an idea of how rumors start and what happens to them after they get to moving from one mouth to another.

Trade With Red Countries
The extension of the Reciprocal Trade Agreements Act for one year is very significant. In the first place, the supporters of re-

iprocal trade wanted an extension of not less than three years. President Eisenhower had said that he wanted a three-year extension. However, there was some behind the scenes maneuvering that resulted in the White House compromising on a one-year extension. Secretary of Commerce Weeks said in effect that this would be ample time in which to study the entire situation and enable this country to decide whether or not it wanted to go further with the reciprocal trade agreements, and if so, how far. This sort of operation actually creates a situation of confusion between this country and the foreign countries with whom we trade. Many of these foreign countries are presently engaged in trading with Russia, China and the satellites of these two countries. Should this country announce the policy of refusing to trade with any country that was engaged in trade with any of the Red dominated countries, it could cause great confusion in the world markets. However, the possibility of creating confusion should not be an excuse for putting off until tomorrow decisions that should be made today on this vital issue. None of the Red satellites are self-sustaining and must look to other countries for a major part of their civilian as well as their military needs. The President was reported as saying in a news conference that we should continue to trade with these Red Satellites because it was only by trade that we could woo them over to our side. I sincerely hope that he is right, but I must beg to disagree. Russia intends to keep these satellite countries under her domination by force of arms or otherwise. Therefore, we have very little, if any, outside chance to woo one of these countries into our group without an internal revolution in that country. In the second place, Russia is going to continue the policy of permitting this country to indirectly furnish food and fiber to her satellites through nations that are friendly to us. By doing this, she can devote most

of the productive powers of herself and these satellite countries to armament. In the third place, the trade relations that Russia and her satellite countries have with some of the nations that are friendly to us provide an excellent opportunity for the Reds to do some wooing of their own, even to the extent of threats. I have tried to weigh this problem from every conceivable angle and have concluded that in trade agreements between this country and other countries there must be some very rigid limitations concerning trade between the other country and the Russian or Russian dominated countries. In fact, I support an economic blockade of the Red countries and their satellites to the fullest extent that it can be made effective by this country and our allies. We should spend a great deal more time and

effort in cementing the relations between the countries in the Western Hemisphere so that we could put up a solid front against Communist aggression in Asia or any other place in the world. Had this policy been followed out, I do not believe that we would be faced with the situation we are now faced with in Guatemala. You can look for this trade issue to grow bigger and bigger within the next few months.

Lots of people's incomes are what they can't live without or within.

A good thing to remember is that silent contempt often prevents a black eye.

Medical authorities do not advise the application of beefsteak to a black eye.

GOLDSTON NEWS

Mrs. J. L. Hopkins and family of Crowley, La. are guests in the home of her parents, Mr. and Mrs. J. I. Spurgeon. Mr. Hopkins joined his family here Sunday. They plan to be here some 10 days.

Mrs. John F. Harlan and Latrice and Miss Gaynell Scott of Amarillo spent the week end with their parents, Mr. and Mrs. W. C. Scott.

Mrs. Frances Brogdon of Amarillo spent the week end with her parents, Mr. and Mrs. J. H. Helton.

JOHNNY WAYNE SHORT RECEIVES DISCHARGE

Johnny Wayne Short, son of Mr. and Mrs. John Short, returned home last week with a discharge from the armed services after serving two years with the 899th Anti-aircraft artillery division. He received his basic training at Fort Bliss and then served 16 months in Germany.

He has two other brothers still in the service, Cecil Short who is serving with the 388th Pipe Line Co. in Korea and Wendell Lee who is stationed at Camp Kirtland, Albuquerque, N. M.

FARM NEWS

from the County ASC Committee

DIVERTED ACRES

Situation—To bring supplies of wheat, cotton and corn nearer to consumer requirements, major acreage adjustments are needed. Farmers are being called on to reduce production. Using past experience as a guide, farmers would be expected to take out of these crops about 25 million acres, roughly as follows: Wheat—13 million acres; Cotton—6 million acres; Corn—6 million acres.

The problem is how to make this adjustment without creating more difficulties. Already the total supply of feed grains is large and further increase in the production of barley, oats, rye or grain sorghums can be expected to result in surpluses and lower prices.

Any substantial shift to commercial vegetables or oilseed crops might disrupt markets and result in surpluses and reduced prices.

Program— Through informational and educational facilities of the Department of Agriculture, farmers are being encouraged to put diverted acres to soil-conserving and soil-building uses. County Extension agents are advising with farmers on the use of this land. Technical assistance is making necessary land-use adjustments and in establishing soil conservation measures on diverted acres is available through the Soil Conservation Service. Likewise, the Forest Service is helping in the planting of trees on such land where this is deemed advisable.

II. Through the Agricultural Conservation Program, cost-sharing is being provided to aid farmers in carrying out needed soil and water conservation measures. Congress has been asked for \$250 million for ACP in 1955. This is \$55 million higher than the 1954 authorization. ACP can provide cost-sharing to:

A. Assist farmers in establishing a soil reserve on acreage temporarily diverted but which is suitable for crop production on a continuing basis.

B. Assist in making permanent land-use adjustments by establishing long-term cover on land that is not well suited for continuous crop production.

Some of the diverted acreage can be put into permanent grass or tree crops. Some can be planted to temporary cover crops and some to rotation hay and pasture.

III. Growing of new crops on diverted acres is being explored. This appears to offer immediate help in only limited areas, but research is being stepped up in the hope of absorbing some acreage in this manner.

NEW WHEAT FARM APPLICATIONS:

Each New Farm Application that has been filed in the County office will be reviewed by the county committee for eligibility. The committee will indicate approval or disapproval of each application on the basis of the eligibility requirements which are as follows:

1. The land for which an allotment is requested is well suited to the production of wheat; and
2. The producer established to the satisfaction of the county committee that: The system of farming has changed or is changing to the extent that wheat rather than other small grains should be included in such system for 1955, the producer is largely dependent for his livelihood on the farm covered by the application, and the operator will not have an interest in any other farm for which a 1955 wheat acreage allotment will be determined.

Mrs. Alfred Shields and Youvonne of Dalhart visited the latter part of the week with her parents, Mr. and Mrs. O. L. Usey, her sister and family, Mr. and Mrs. Roy Crutchfield and girls, and other relatives.

New Residents Of Clarendon

The following listing is a report of the Lions Club Greeter's Committee introducing new residents of Clarendon for the week ending June 28th.

Name: Mr. and Mrs. Marvin R. Jennings.

Address: Old Nichols home, southwest part of Clarendon.

Church: Baptist.

Former Residence: Panhandle, Texas.

Occupation: Representative of American National Insurance Co.

Name: Rev. and Mrs. Roland Jenkins.

Address: Former Gordon Bain home, East part of Clarendon.

Children: Five year old son.

Church: Baptist Church.

Former Residence: Wellington, Texas.

Occupation: Pastor of Lelia Lake Baptist Church and School teacher.

Name: Mr. and Mrs. James King.

Address: Former Weldon Tims home, next to Gulf Warehouse.

Children: Nine month old daughter.

Church: Methodist Church.

Former Residence: Lelia Lake, Texas.

Occupation: Service Station Attendant, Gerner's Sinclair Sta.

Name: Mr. and Mrs. W. A. Marshall.

Address: Former Rattan home, first house north of Water Tower.

Children: None.

Church: United Pentecostal

Church. Former Residence: Geo. Bagby farm at Ashtola, Texas. Occupation: General Laborer. Seeking permanent employment in Clarendon.

Ten Identify Mystery Farm No. 45

Our number of identifiers still remains in the lower numerical bracket but due to the location of some of these places, we are happy to have as many call in. A total of ten persons correctly identified the Leader Mystery Farm of the Air last week with six of that number being on the rural list and four on the city list. Mrs. Frank Hermsmeyer received the free subscription on the rural list and Billy Hill was the first on the city list. The only winner of the free movie ticket to the Mulkey Theatre was Andy Brown of Jericho on the rural list.

Those to identify the farm were: Rural—Mrs. Frank Hermsmeyer, Mrs. Roy Clark, Hubert Rhoades, John White, Andy Brown and Bobby Cornett. City—Billy Hill, F. A. Fitzgerald, Elane Bennett and Mildred Ritter. Get your guesses on in on the Mystery Farm this week as the more we have on our list the better it is. The Leader office will be closed Saturday, so be sure and call in today or tomorrow.

Mr. and Mrs. Lynn Floyd and children of Dallas were guests last week end in the home of Mr. and Mrs. J. I. Spurgeon.

Mr. and Mrs. Bob Hutson and children of Borger were weekend guests in the home of Mr. and Mrs. J. I. Spurgeon and other relatives. Mrs. Hutson and children remained to visit a few days.

FORMER STUDENT WINS BOND IN CALIF.

Miss Barbara Mayo, daughter of Mr. and Mrs. Milton Mayo of San Diego and granddaughter of Mr. and Mrs. Sid Endsley of Clarendon was recently named second place winner in an Essay Contest at San Diego and was awarded a \$25 bond. Barbara, a 10th grade student, is a former Jr. High student of Clarendon, having moved to California some four or five years ago.

The contest on "The Importance of Public Schools in Our Democratic Society" was sponsored there by the San Diego County Masonic Officers Association.

BISHOP QUARTERMAN TO CONDUCT SERVICES HERE SUNDAY

The Right Rev. George H. Quarterman, Bishop of North Texas, will celebrate the service of Holy Communion at 11 a. m. Sunday, July 4th at the local St. John's Episcopal Church. The congregation has planned a coffee following the service in Guild Hall. The public is cordially invited.

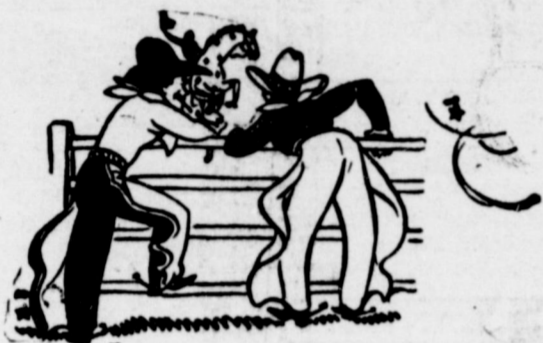

Mr. and Mrs. Gerald Hatley and children of Vacaville, Calif. visited last week end with Mr. and Mrs. Norris Spurgeon and family.

Mrs. Harold Longan, Marianne, and Harley Dean are visiting relatives in Colorado this week.

CLARENDON, TEXAS

It is hard for most of us to understand the cost of modern preparations for defense, or war whichever the case may be. Some items picked from a news letter from Senator Lyndon Johnson's office gives among other things the following information. Our actual appropriations for defense for the next fiscal year is something over 28 billions. Most of us can remember when the nation

did not spend much more than this amount for all its activities. Another paragraph that sort of startled me was this one; Training Costs; "Average cost for training an Air Force pilot is \$60,000.00. A B-47 pilot-cross-trained as a bombardier, navigator, and a radar operator would represent an investment of \$210,000.00 for training alone". These statements coming from one who served as chairman of the Senate preparedness committee until recently. We state these quotes not to be critical but only to point out the cost of modern war. The next time we are talking with a young man who has received all this training from the Air Force it would help us all to remember this terrific cost of money, time and know how that has gone into his training. Just think five of

these trained pilots would represent a cost and investment of over one million dollars. Compare this cost plus his equipment ready for battle with the training cost and equipment of the soldier of fifty years ago. It all goes to show this changing world. Then compare the destruction that this trained pilot equipped with a jet plane costing millions and loaded with an atomic bomb or two could do. How will it all end?? In my mail this week we received a nice list of old sayings, quotes, etc. We use several of them now but can't give the name of the kind reader because it was not included and try as we can we don't recognize the handwriting. We would always like to have the sender's name and would be glad to not use it if so

requested. Anyway, drop us a line, send us a funny story, a cute saying, or even just a few neighborly words and we will appreciate it a lot. In the seven years that we have tried to make a go of this little column, the little comments from our readers has been our best reward. Here goes with part of this reader's contribution: "A half inch grin is better than a three inch frown." "There is so much good in the worst of us And so much bad in the best of us; That it behooves the most of us, To talk about the rest of us." "Every Jack sees in his particular Jill charms that no one else can see."

And then this reader closes with the following quote; Will someone tell us if we have it just right? "Oh would some power give us the gift to see ourselves as others see us." **Kendalls Observe Golden Wedding** Sunday afternoon, June 20th, from three to six o'clock, Mr. and Mrs. Frank Kendall of Hedley, held open house in commemoration of their fifty years together. Three of their four children were present and a host of friends to help make the day one of pleasant memories. Receiving the guests were Mr. and Mrs. Kendall, Mr. and Mrs. J. S. Hinds, J. N. Kendall, and Mrs. Buford Hinds. Assisting with directing guests were Misses

Myrtle Reeves and Margaret Davenport and Mrs. Clifford Johnson who directed them to the dining room where they were served golden punch and cake by the grand-daughters of Mr. and Mrs. Kendall, Nancy Hinds and Marjorie Hinds. Mrs. J. N. Kendall assisted in serving punch. The table was beautifully arranged with a hand-embroidered cloth imported from Germany. The centerpiece was an epergne with fern and golden roses, among which was placed a portrait of Mr. and Mrs. Kendall made on their wedding day. At one end of the table was a lovely white and gold cake bearing the words: "Frank and Ethel 1904-1954." A crystal bowl filled with golden punch was placed at the other end with appropriate crystal and silver service. On the buffet huge bronze mums with fern dipped in golden paint completed the floral decorations. Friends sent lovely roses and bouquets used throughout the house. After the guests were served, they were directed to another room where the many gifts were attractively displayed under the direction of Mrs. Henry Moore and Mrs. J. B. Masterson. It was here that old friends met, talked over old times, and examined the beautiful gifts; then moving on they were asked to register by Mrs. Davenport. Chairs were placed on the porch and the lawn. Here many guests lingered in pleasant conversation as others came and went. Mr. and Mrs. Kendall have been residents of Hedley many years, and it seemed that between the designated hours all of Hedley and many from surrounding towns visited the little white house with the myrtle bushes and the phlox in north Hedley. Others assisting were Mesdames Leon Reeves, Frank Anderson, Roy Alexander, Ross Springer, Alfred Spalding and John Tate. Some of Nancy's and Marjorie's friends, Bonnie Alexander, and Tippi Reeves also helped to make the day a success. Out of town guests were Mr. and Mrs. Frank Anderson of Wellington, Mrs. Abe Vinyard and Wren of Turkey, Freddy

Stafford of Silvertown, Mr. and Mrs. M. E. Whitfield and Sandra of Berger, Mr. and Mrs. Woodrow Farris and Mr. and Mrs. R. L. Farris of Quail, Mr. and Mrs. Sam Owens Jr. and Mr. and Mrs. Warren Baker and Rusty of Amarillo, Miss Emma Sheffield, Mrs. Melvin Cook, Mr. and Mrs. Glenn Churchman, Mr. and Mrs. Roscoe Land, Mr. and Mrs. Pete Land, Miss Loyd Richerson, Miss Anna Moores, Mrs. James Swift, Mr. and Mrs. J. R. Bulls, Mr. and Mrs. R. Y. King, and Mr. and Mrs. Truett Behrens, all of Clarendon, and Mrs. Ross Adamson of Ropesville. Preceding the reception the "Noel girls," Mesdames Leon Reeves and Frank Anderson, gave a dinner for the Kendall family and out of town relatives in the home of Mrs. Leon Reeves. The beautiful table and buffet floral decorations were presented by Messrs. and Mesdames Anderson, Boatright, Reeves, and Miss Martha Sue Noel. The Navy's first submarine, USS Holland, was built in 1899 at a cost of \$260,000. Present day submarines cost around \$10,000,000.

Special for the Ladies!

A beautiful carnation will be given to each lady visiting this opening

You're Invited to the opening of FOREST'S Service Station

the first service station to open under the Humble sign in the Panhandle

Second & Sully Streets CLARENDON

★ Saturday . . .

The Commies Try To Slip One Over

EDITORS NOTE—We were getting ready to comment on the Commie pamphlet we received thru the mail this past Thursday but noticed where Wes Izzard

made the following comment in his column in the Amarillo Daily News Friday morning. He did an excellent job of summing it all up, so we are printing it as follows:

We get some of the strangest mail.

Yesterday it was a neatly-printed, conservative-looking little pamphlet of 24 pages bearing the title, "The American Way to Jobs, Peace, Democracy."

It came in a plain envelope with a Brooklyn, NY, postmark, addressed with a pen, with the return address given as 1212 Kings Highway, Brooklyn. And they got our initials wrong.

As we opened it and read the title page, we came up out of our chair. There it was, as big as 24-point bold Roman type could make it—"The American Way to Jobs, Peace, Democracy - - - DRAFT PROGRAM OF THE COMMUNIST PARTY."

When we recovered from the opening shock, we thumbed through the booklet. There it all was, the usual Communist clichés, but this time done in thoughtful, quiet prose. There was even a note of humility here and there. On Page 23 appears this sentence: "We invite criticism of ourselves and of this Draft Program, and are prepared to publicly acknowledge all criticism that is just."

The Commie draft program appears to stand on three assumptions, all of them false: First, that we are teetering on the edge of a major economic depression; second, that our foreign policy has led us down a blind alley, and third, that our civil liberties are being wiped out.

THIS BUSINESS of arguing from false assumptions is an old Communist trick, and should not fool anybody. Starting from such an assumption, a Commie will state some self-evident truths, then draw a phony conclusion.

Take the depression angle, for instance. After stating that hard times are just around the corner,

the draft program continues: "Ours is a great land. The American people are proud of its inventive genius, its technical know-how, its tremendous industrial machine and vast natural resources. One would, therefore, expect to find among the people a sense of confidence in the future. But such is not the case. Whether in the huge shops of Detroit or the vast farmlands of Nebraska, there is a gnawing fear of impending economic ruin."

And who is to blame for this impending depression, this gnawing fear? Why, Big Business, of course. America's greediest trusts, it says here, actually run the government.

Also these businessmen are warmongers. That's why our foreign policy is in a blind alley. We must trade with Communist countries, and ban atomic weapons. Then we must rescue our civil liberties from "the McCarrans and the McCarrans - - - the conscious creatures of powerful ultra-reactionary monopoly interests."

The "call to action" is aimed at union workers, farmers, Negroes, small businessmen, women and youth.

MOST COMMUNIST literature is pretty sloppy stuff. The reader brushes it off as the work of crackpots. But this pamphlet is carefully written and neatly assembled. It can fool you if you're not thinking.

We suspect the Commies are testing a new technique. They are trying to appear respectable, and slip up on the blind side of Americans never before approached.

They even invite comment and criticism, and give the address

to which you can send it—National Office, C.P.U.S.A., 268 Seventh Avenue, New York 1, NY.

That, of course, is the dingy, dirty old brick headquarters of the party in this country.

We suppose there is no law to prevent such stuff being sent through the mails, but there ought to be. After all, the Communist Party of the USA is at the top of the list of subversive organizations. Should our No. 1 subversive outfit have access to the mails to preach the overthrow of the government?

The number of retired men and women workers getting monthly old-age benefit payments under social security increased by 590,000 in 1953. The total of such beneficiaries is now 3,215,000.

Border

Now you can protect your car against both friction and acid—the two major causes of engine wear

NEW CONOCO Super MOTOR OIL

America's First Double-Duty Oil!

Protection 1

OIL-PLATING*

conquers friction wear... because this exclusive discovery actually fastens a thin film of lubricant to moving engine parts for full-time protection.

Protection 2

ACID-PROOFING

conquers corrosive wear... because this exclusive new discovery gives Conoco Super up to twice the cleansing power of other premium oils!

Automotive engineers have long known that friction and corrosion are the two major causes of engine wear. Now, from the laboratories of Continental Oil, comes America's first Double-Duty motor oil. It combines two exclusive discoveries (Oil-Plating and Acid-Proofing)* to conquer both major causes of engine wear.

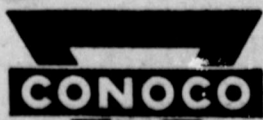

The unique Oil-Plating additive conquers friction wear by actually fastening a thin film of protective oil to engine parts. Unlike ordinary motor oil, this film won't drain down even when your engine has

been stopped overnight. Thus you get full-time protection against damaging wear due to friction.

Exclusive Acid-Proofing additive conquers corrosive wear three ways—it neutralizes acids, prevents rust, and gobbles up tiny particles of dust, dirt, and water and seals them safely in spheres of oil until the oil is drained. ACID-PROOFING actually gives new Conoco Super twice the cleansing power of other premium oils!

New Conoco Super Motor Oil is on sale at Conoco dealers everywhere. Drive in and ask for it today!

Your Conoco dealer will recommend the right grade of new Conoco Super Motor Oil for your car, your climate, your driving conditions:

AN ORDINANCE REGULATING THE TRANSPORTATION, HANDLING AND STORAGE OF GASOLINE AND OTHER VOLATILES WITHIN THE CITY LIMITS OF CLARENDON, TEXAS: PROHIBITING THE TRANSPORTATION OF GASOLINE OR OTHER VOLATILES WITHIN THE CITY LIMITS OF CLARENDON IN TRUCKS HAVING A CAPACITY OF OVER 1400 GALLONS: SPECIFYING THE EQUIPMENT TO BE USED BY TRUCKS HAULING GASOLINE AND OTHER VOLATILES: ESTABLISHING SPECIFICATIONS FOR STORAGE TANKS AT FILLING STATIONS AND THE WHOLESALE DISTRIBUTING AGENCIES: REQUIRING ALL STORAGE TANKS AT FILLING STATIONS TO BE UNDERGROUND AND MEETING CERTAIN SPECIFICATIONS: LIMITING SINGLE STORAGE TANKS AT FILLING STATIONS TO 1200 GALLONS AND TOTAL STORAGE CAPACITY OF ALL TANKS AT ONE STATION TO 4000 GALLONS: CONTAINING MISCELLANEOUS PROVISIONS: FIXING A PENALTY FOR VIOLATION OF THE ORDINANCE AND CONTAINING A SAVING CLAUSE

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF CLARENDON, TEXAS:

SECTION I. (a) It shall be unlawful for any person or persons, firm or corporation, to transport, keep, store or handle gasoline or other volatiles, in this City, except upon compliance with the following provisions:

(b) No truck having a capacity of over 1400 gallons shall hereafter be used to transport gaso-

line or other volatiles to, or unload the same at, any retail filling station within the City limits of the City of Clarendon, Texas. Trucks used for transporting gasoline or other volatiles must carry tanks of at least twelve gauge galvanized steel, or at least one-fourth inch black open hearth tank steel, and said tanks must be equipped with outlet faucets of the anti-drip, approved and self closing type and also must be equipped with automatic check valves for safety in case of mechanical injury to the out-let faucets. Said tanks and equipment must bear the label of approval of the National Board of Fire Underwriters.

(c) Subject to the provisions of Subdivision (d) hereof, all tanks at filling stations shall be installed outside of the building, underground, and not less than two feet below the surface entirely surrounded by earth well tamped in place and the top of the tank must be below the level of the lowest pipe line in the building used in connection with the equipment.

(d) If impracticable to locate storage tanks outside of the building they may be buried two feet below the level of the basement floor imbedded in the earth, and covered by at least two feet of earth and concrete.

(e) Each single storage tank hereafter installed at any retail filling station within the City limits of Clarendon shall have a capacity of not more than 1200 gallons. The total combined capacity of all the storage tanks hereafter installed at one retail filling station within the City limits of Clarendon shall be not more than 4000 gallons.

(f) All underground storage tanks installed at filling stations shall meet the following specifica-

tions: All tanks of 560 gallons or under shall be made of at least twelve gauge galvanized steel or at least 1/4 inch black open hearth tank steel. All tanks exceeding 560 gallons capacity and up to 1200 gallons capacity shall be made of 3/16 inch galvanized steel or 1/4 inch black open hearth tank steel. All tanks made of galvanized steel must be carefully riveted and soldered and coated on the outside with tar or other rust resisting material. All tanks made of black steel must be carefully riveted and caulked and coated on the outside with tar or other rust resisting material. No tanks shall have openings or pipe connections except on the top thereof and shall be properly vented and shall not be connected either directly or indirectly with any public or private sewer, drain, catch-basin or pit.

(g) Filler pipes must be made of galvanized iron pipe two inches or more in diameter, entering at the top of the tank and extending to the bottom of the same. The upper end of said filler pipe must terminate in a screw cap securely locked. Where tanks are located under the building the filler pipe must run to the outside of the building and terminate in a screw cap; same to be securely locked. When filler pipe runs to the sidewalk or to an alley or public way, it must terminate in a screw cap securely locked and protected by a cast iron filler box, the same to be flush with the sidewalk or alley. The cover of the said filler box to be securely locked.

SECTION II. (a) Tanks located in or within ten feet of any building shall be provided with a 1-inch diameter, or larger, galvanized iron vent pipe to be connected to the top of such tank. Connection at the tank to be provided with a brass wire screen of at least thirty mesh. The vent pipe must be carried up to at least four feet above the roof of said building, and terminate in a double gooseneck spark protector, both openings of which must be covered with a brass wire screen of at least thirty mesh.

(b) All pipes connecting the tank with the pump must be of galvanized iron and must enter top of tank. Said pipe must be buried at least eighteen inches below the surface; and exposed portions thereof must be thoroughly and properly protected. This connection pipe must not be lower at any point than the place where same leaves tank.

SECTION III. All gasoline must be drawn from tank by means of an improved suction pump or pumps which shall have a shut-off valve with ground key on the nozzle, and an automatic check valve between the pump and the nozzle. In no case shall there be a return of waste pipe to the tank.

SECTION IV. Where gasoline is pumped inside the building, lighting shall be done by incandescent electric lights, with all electric switches and cut-offs permanently located at least twelve inches above the floor.

SECTION V. (a) No gasoline or other volatiles shall be kept in any building except when stored or handled in self closing safety containers or in portable filling tanks.

(b) When self-closing safety containers are used for the storing or handling of gasoline or other volatiles not more than five gallons of gasoline, or other volatiles shall be kept in any building and the self-closing containers must be made of metal, and must be of approved construction, and must be of a capacity not to exceed five gallons.

(c) When the filling tanks are used for the storing or handling of gasoline or other volatiles, the containers must be of a capacity not to exceed fifty gallons, and must be of at least 3/16 inch tank steel, and must be of approved construction. The said portable tanks shall be supported on all steel wheels, not less than thirty inches in diameter, the same being equipped with rubber tires, and the tank shall be provided with an approved all metal suction pump. This pump to be provided with a hose attachment, and the hose shall not exceed eight feet in length. The pump to be equipped with an improved ground key shut off cock at end of hose. Pump shall be equipped with a convenient lock, and to be locked when not in use.

SECTION VI. There shall be constantly kept and maintained, convenient receptacles filled with sand, or filled with such other materials, to be used in absorbing waste oil on the floor and driveways. In addition to this, sand shall be kept in boxes provided with hand scoops, or suf-

ficient numbers of sufficient fire extinguishers to be used for fire extinguishing purposes only.

SECTION VII. (a) Tanks of four thousand gallons capacity or greater, used for wholesale distribution exclusively, shall be constructed as follows: Tank to be constructed of 1/4 inch black open hearth tank steel, carefully riveted and caulked, shall be not less than eight feet from the ground and shall rest upon metal, brick, or concrete piers of sufficient strength to carry the load. Said tanks shall be surrounded by a levee of sufficient depth and size to prevent any waste or leakage from running over and upon adjoining ground; all grounds adjacent to said levee shall be kept clean of all weeds, trash or rubbish; tanks shall be provided with vent pipe not less than two inches in diameter, which shall extend not less than eight feet above the tank, said vent pipe to be covered with a vent cap.

(b) No person shall build or set up any tank either at a filling station in or at wholesale station for storage or sale of gasoline or other volatiles, without first having obtained a permit therefrom from the City Commission upon the approval of the Fire Marshal and Building Inspector as to the place and manner of construction.

(c) It shall be unlawful for any person to smoke in any room in which gasoline or other volatiles are kept and for the Manager or other person in charge of any building in which gasoline or other volatiles are kept to allow smoking therein, and notices to that effect shall be prominently displayed.

(d) It shall be unlawful for any person, firm or corporation, joint-stock company, or association to deliver or cause to be delivered from any truck or vehicle of any kind or character, gasoline in quantities of more than five gallons to an residence or building, or within 100 feet of any residence or building within the City limits of the City of Clarendon, except same be transferred from the truck or vehicle in which same is transported to an underground tank or to tanks regularly placed on motor vehicles as regular equipment on said motor vehicle to be used for the operation of said motor vehicle.

SECTION VIII. Any person,

firm or corporation who violates any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof in the Corporation Court of the City of Clarendon, shall be fined in any sum not less than twenty-five (\$25.00) dollars nor more than one hundred (\$100.00) dollars, and each day any person, firm or corporation violates the provisions of this ordinance shall constitute a separate offense.

SECTION IX. If any portion of this ordinance or any section or sub division thereof be declared unconstitutional or in violation of the City Charter of the City of Clarendon, or of the general laws of this State, such declaration shall not affect the remainder of this ordinance; but same shall remain in full force and effect.

SECTION X. All ordinances and parts of ordinances inconsistent or in conflict herewith are hereby repealed.

SECTION XI. The fact that it is an imperative public necessity to regulate the transportation,

handling and storage of gasoline and other volatiles within the city limits of Clarendon, Texas because of the hazardous and dangerous nature thereof to both property and human life so as to safe guard the health, comfort and general welfare of the citizens of the City of Clarendon, creates an emergency requiring the suspension of the rule that ordinances shall be read at three meetings of the Board of Commissioners. Said rule is, therefore, hereby suspended and this ordinance shall take effect and be in force from and after this date of final passage and publication.

PASSED AND ADOPTED BY THE BOARD OF COMMISSIONERS OF THE CITY OF CLARENDON, on this the 22nd day of June, A. D. 1954.

AUSTIN—It will not take long to cast your ballot in the Democratic primaries on July 24.

There are only six contested races, as certified by the State Democratic Executive Committee, making up one of the party's

shortest ballots. There are but 26 names on the ballots for 14 state-wide elective offices.

Governor's Race

Governor Allan Shivers, running for re-election, designated Ralph Yarborough and his backers as "dreamers" who see as a solution of all our ills centraliza-

tion of our government in Washington.

As an example of his meaning, Shivers said his opponents were blaming him for supporting the Republican nominee for President in 1952.

"They say I'm a traitor," Shivers commented. "If getting the tidelands back for our school children means I'm a traitor, then I plead guilty." The governor added:

"Our opposition paid lip service to the tidelands. This two-time loser's biggest backers said the tidelands belonged to the federal government . . ."

Yarborough had hurled the charge of disloyalty at Shivers because of the latter's support of Eisenhower.

Yarborough also struck out against Shivers' bid for a third-elective term, saying, "Texas tradition condemns a third term. We approved the Twenty-second Amendment which forbids a third term for President."

Women In Politics

Two Texas women took over prominent spots in the state's political show last week.

Mrs. Pat Dougherty will manage the campaign of her husband, Dudley T. Dougherty, for the United States senate. Mrs. Charles Devall of Kilgore, whose husband is publisher of the Kilgore News Herald, was appointed state chairman of Texas Democratic

Women for Shivers.

Demo Convention

A decision that will give big city counties who voted Republican in 1952 a strong voice in the Texas Democratic Convention was made by State Democrats in agreeing to count both parties' 1952 votes in deciding their convention strength.

The Democratic Convention convenes in September at Mineral Wells. The committee, meeting in Austin, agreed unanimously on the proposal after being told by its legal committee that the total vote was the correct basis on which to determine delegate strength.

Insurance Investigations

One Texas insurance firm went into receivership and another appeared ready in another week of insurance shake-ups.

Ralph W. Hammonds of Houston, head of the Lloyds of North America Insurance Company, admitted insolvency and his firm went into permanent receivership.

Also caught in the whirlwind of insurance investigations was the suspended General American Casualty Company with headquarters in San Antonio. Suspension followed a voluntary request of the firm's president Ralph D. Stokes. Incomplete checks of the company's books showed it was "approximately one million dollars in debt," Insurance Board Chairman Garland Smith said.

No Insurance Mess

State Senator George Parkhouse told a meeting of insurance men in Austin that most of the controversy was being played out of true import.

He said that most of the trouble was being "generated artificially and unnecessarily to serve the political purposes of a little group of men." He added that the Legislature should, however, patch some present law loopholes and pay examiners better salaries.

'Ridiculous' Charges

Charges by a former agent of the State Liquor Board that the liquor industry and politicians run the board was termed "absolutely ridiculous" by Administrator Coke Stevenson, Jr.

Stevenson said the accusation of former member Weldon Burney, who called the board corrupt and dominated by politics, was without basis.

The San Antonio man resigned May 27. Stevenson said that he had been demoted in grade and appeared dissatisfied when he couldn't get a transfer back to McAllen where he was stationed when Stevenson took office.

Water is Big Problem

Water is one of the state's big problems, the president of the Texas Water Conservation Association told Texas University attorneys and water engineers.

Guy C. Jackson Jr., asking for water improvements, called for a "state-wide water plan" and for the state to assume financial responsibility for dams and other water improvements.

mer moisture as possible the chances of a good stand and growth of wheat or other small grain this fall will be greatly increased.

Stubble mulching will be especially of great benefit to prevent blowing next spring should we fail to get enough moisture to

get a stand of wheat this fall. To offset the additional expense of plowing your land with a sweep type implement you may earn assistance at the rate of \$1.25 per acre under the Emergency Wind Erosion Control Program. Make application to the A.S.C. office prior to the time you begin plowing.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Attention All Small Grain Farmers

Proper management of your small grain stubble this summer is going to have a great effect on how much your land will blow next spring and also on your crop yields next year.

Because our summer precipitation is usually rather scanty and often torrential, it is imperative that the soil be managed so as to allow it to absorb and retain as much moisture as possible.

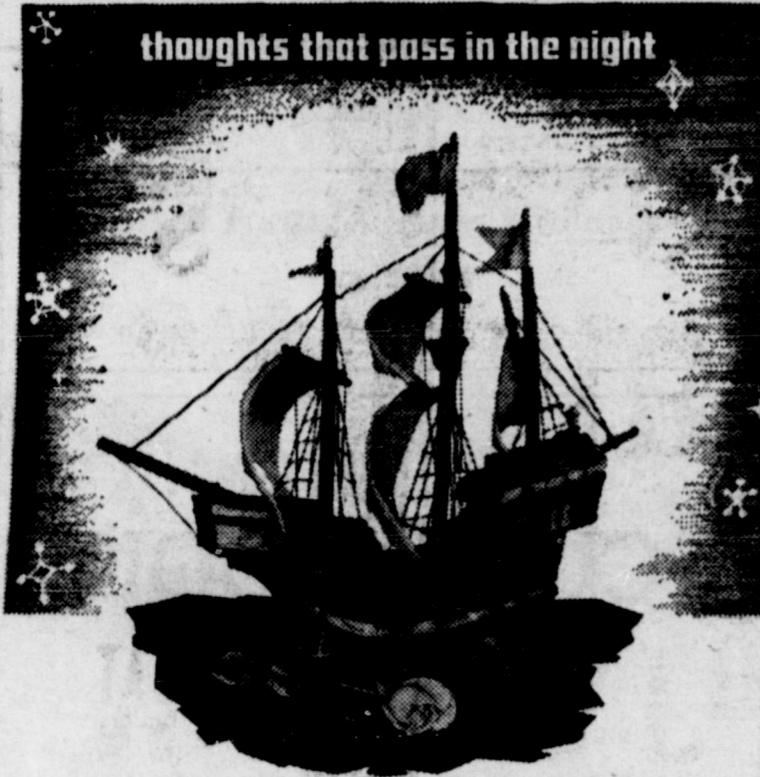

Soils in the Donley County Soil Conservation District generally when wetted tend to run together and seal at the surface thus preventing the water to enter the soil.

Under such conditions, stubble mulching comes into its own. Stubble mulching means plowing the land so as to leave a protection mulch of crop residues on or near the surface of the soil.

The residues then break the fall of the raindrops minimizing the disintegrating effect of their impact on the soil particles and greatly increasing the amount of water entering the soil.

To do a good job of stubble mulching a sweep-type implement must be used. The first cultivation should be started as soon as possible after harvest before the soil becomes too hard and dry. The first cultivation is made at the greatest depth and each successive cultivation should be shallower to insure a firm seedbed at planting time.

When You Speed, You Burn Holes In Your Pocketbook

"When you speed, you're burning up more than the road. You're burning a good-sized hole in your pocketbook!"

This reminder from Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Adviser for the Gulf Oil Corporation spotlights an aspect of speed that is not generally given much attention. It was pointed out by Col. Tilley today in a discussion of the current speed control program of the Texas Safety Association, the Texas Department of Public Safety and the National Safety Council.

"Excessive speed is pretty rough on a car," he said. "The speed demon usually finds this out when he trades his car in on a new model. He can't get as good an allowance as the fellow who's driven his car at a more sensible rate of speed. Accelerated speed accelerates depreciation."

"The car that's driven at an excessive rate of speed will also cost its owner a good deal more in upkeep," Col. Tilley said. When speed is increased from 40 miles per hour to 65 miles per hour gasoline consumption increases 30 per cent. Oil consumption increases even more, and tire wear is two and a half times as great as it is at the lower speed.

"But," he said, "the greatest cost of unsafe speed is its cost in human lives. According to the National Safety Council, unsafe speed contributes to more than 10,000 traffic accidents annually."

He advised motorists to avoid the unnecessary expense and danger of unsafe speed by always driving at sensible speeds.

Population of Texas Expected To Increase to 12,087,000 by 1975

AUSTIN—While total population of Texas is expected to rise 56.7 per cent by 1975, the number of its residents 65 years of age or older will increase at a rate more than twice as fast, a Texas Research League study indicates.

Results of a Texas population projection by the privately-financed governmental research organization were released here today. The study is largely the work of Stuart W. Shepard, the League's research director.

The computations show that Texas may expect its total population to increase from 7,711,194 as of 1950 to 12,087,000 by 1975.

Without taking into consideration the migration factor, the computations show that the total number of persons 65 years of age or older will increase by 120.5 per cent, from 513,000 in 1950 to 1,132,000 by 1975.

The 1950 Federal census showed that 6.657 per cent of Texas residents were 65 years of age or older. The League predicts that group will make up 9.384 per cent of the 1975 population.

The proportion of total continental United States population that resided in Texas was 5.117 per cent as of 1950. The League's study indicates that the percentage will rise to 5.437 per cent in 1960 and thereafter remain relatively constant, increasing only to 5.469 per cent by 1975.

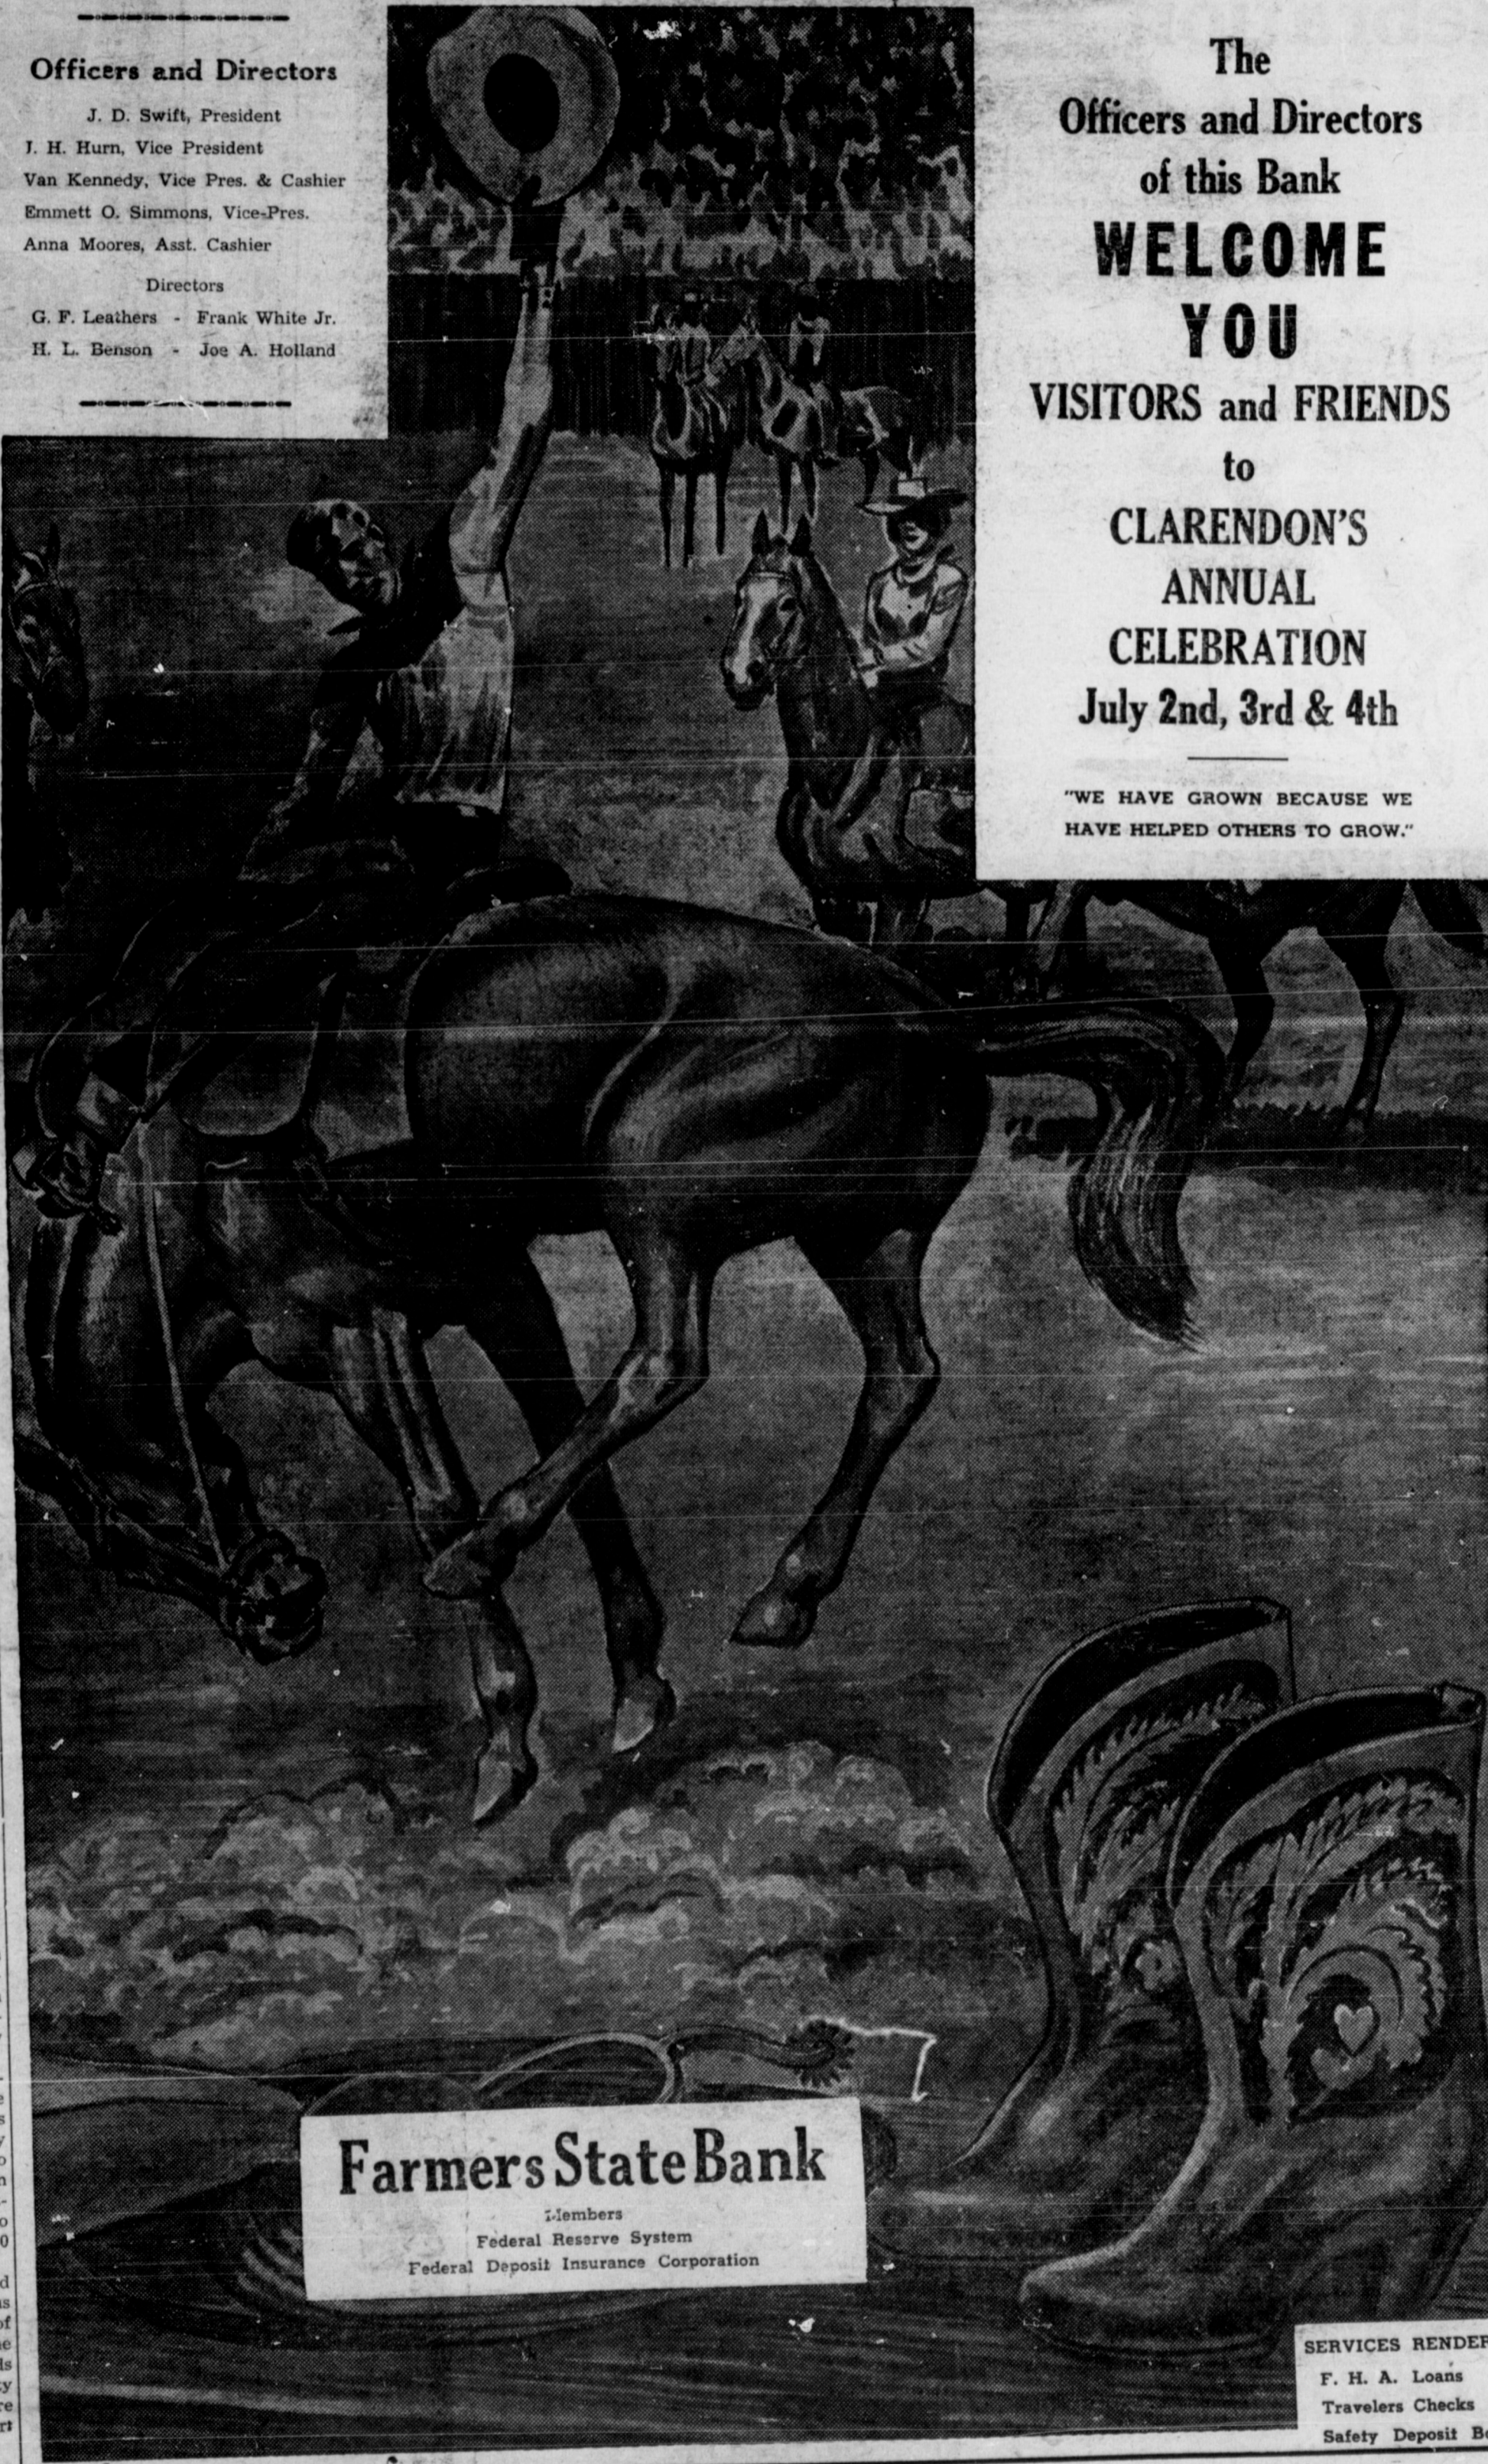

Including allowance for migration, the proportion of non-white people in the total population is expected to decrease slightly from 12.76 per cent in 1950 to 12.24 per cent in 1975. Even when excluding migration, the percentage of non-whites is expected to fall, from 12.76 per cent in 1950 to 12.60 per cent by 1975.

Texas population was estimated at 8,189,000 in 1952 by the Census Bureau. This was an increase of 478,000 in the two years since the 1950 census. This estimate lends substantial support to the validity of the League's projected figure of 8,861,000 for 1955, the report points out.

Special Train Will Carry Farm Bureau Members to National Convention

WACO — A special train will carry Texas Farm Bureau members to the national convention in December in New York, TFB President J. Walter Hammond has announced.

The state farm organization has completed arrangements for the 11-day trip which will include sight-seeing tours in St. Louis; Williamsburg, Va.; Washington, D. C.; and New York City. The Farm Bureau Special will leave Dallas Dec. 7 and return Dec. 18.

While in New York the Texans will attend the 36th annual convention of the American Farm Bureau Federation. An estimated 175 members and their families are expected to attend from the Lone Star State.

The group will stop first at Williamsburg, birthplace of American history, for a comprehensive tour of the restored colonial settlement. A chartered bus will take them through Jamestown to Old Point Comfort, Va., where they will board a steamer for Baltimore.

In Washington, the Texans will visit many of the government buildings and other points of interest. They will also tour George Washington's colonial home across the Potomac at Mt. Vernon.

A sight-seeing tour of many of the most interesting places in New York City is also planned for the group.

On the return trip, the delegation will stop over in St. Louis for a tour of Forrest Park Zoo, Shaw Gardens and other points of interest.

Here are the costs for the round trip, including railroad fare, Pullman, all tours, boat trip in Chesapeake Bay, baggage handling in Old Point Comfort, Va., Baltimore and Washington, D. C.:

One person in lower berth, \$205
 Two persons in lower berth, \$185 each
 One person in upper berth, \$198.

Milk Is a Powerful Food Says Dairy Council President

NEW YORK—Milk is a powerful food. An 8-ounce glass gives you 167 calories. If America's 100 million adults were to drink a glass with breakfast tomorrow morning, human energy for the day would be enhanced by enough "zip" to drive the Twentieth Century Limited from New York to Chicago 132 times.

This was the gist of a talk before leading milk distributors of New York City given recently by Milton Hult, President of the National Dairy Council, Chicago.

Hult said reports coming into his office from across the country indicate pronounced increases in milk drinking. This trend may be partially in response to the coffee situation, he said.

"People will be healthier and human activities enriched by added energy if adults will consistently follow the 'milk with breakfast' practice," Hult stated. Milk is an important source of protein, calcium, phosphorus, riboflavin, and other life-supporting nutrients.

According to Hult a daily glass of milk for breakfast can help:

- make active people even more effective
- pull less hearty people up to par
- get some sick ones out of bed.

Hult suggests everyone ought to be reminded of the statement made by Dr. E. V. McCollum, the revered Emeritus Professor, School of Hygiene and Public Health, Johns Hopkins University, who said:

"The people who have achieved, who have become large, strong, vigorous people, who have reduced their infant mortality, who have the best trades in the world, who have an appreciation of art, literature and music, who are progressive in science and in every activity of the human intellect are the people who have used liberally of milk and its products."

Italy Minister Named Texas' Rural Minister Of The Year

Birmingham, Ala.—An 82-year-old Presbyterian minister has been named as "Texas' Rural Minister of the Year" by The Progressive Farmer, a south-wide farm magazine, and the Town and Country School of Emory (Ga.) University.

He is Dr. E. C. Cargill, pastor of the Park Presbyterian Church in Italy for more than 21 years.

Enthusiastic letters to The Progressive Farmer from people in Italy were determining factors in choosing Dr. Cargill to receive the award for outstanding service to his church and community. This is an annual presentation by the magazine.

One letter says: "He is the most respected and loved man in the community. The whole community takes pride in claiming him so long. He is one of those unusual men that no one ever gets around to criticizing."

The story of Dr. Cargill appears in the current (July) issue of the magazine.

"Dr. Cargill was born on a farm in Red River Parish, Louisiana, in 1872," the story tells, "and his father was a Congregational Missionary in the state."

Farmers Exchange

"A product of the rural church he has given his life in service to rural and small town churches."

"He came to Texas in 1916, serving as pastor in Italy and Forreton churches from 1916 until 1923. In 1940 he came back to Italy and since then has been pastor of the Italy and Avalon churches. He also served the Forreton church from 1940 to 1949.

"Called 'The Community Pastor' by Italy folks, he rarely misses a school program or activity, is active in the Lions Club, and is past president of the Italy Club. School children are delighted when he plays the harp for them.

"Dr. Cargill has married many a couple, and often hears from couples he married years before. One couple sends him a gift equal in dollars to the number of years they have been married on each anniversary.

"While pastor at Clarendon, Arkansas, he was sent by his congregation to the World Sunday School Convention in Washington, D. C. He has served as Synod Chairman of Foreign Missions for 3 consecutive years, beginning in 1926, and was elected moderator of Texas Synod of the Presbyterian Church USA in 1933.

"In November 1949, Italy community held an E. C. Cargill Day to pay tribute to Dr. Cargill and his wife. Sparked by the Lions Club, the occasion was a historic one. Almost all the town's churches dismissed to take part—over 700 persons attended.

"He was in ill health then—and

eligible for retirement. But then and now he refused to cease work as long as he is physically able to carry on.

"Busy as he is, he finds time for hobbies—writing letters, writing to magazines and newspapers, and playing golf. He boasts of once having made a hole-in-one!

"He gives credit to his achievements to his wife, and holds that the success of man depends upon the selection of a proper help-mate. He smilingly says that the selection of a wife is the most sensible thing he ever did!"

In 1953, The Progressive Farmer named Rev. Father G. Schmidt-zinsky, St. Andrews Church, Pleasanton, Texas, as Texas Rural Minister of the Year.

Rural Ministers have been recognized in 14 southern states this year by The Progressive Farmer and Emory's Town and Country School.

Bayonne, France was the first place to make bayonets—hence their name.

Program Set To Eliminate Brucellosis

BIRMINGHAM, Ala. — Farm leaders are aiming what they hope will be a knock-out blow at one of the worst livestock diseases in this country—brucellosis.

A program was set up to wipe out brucellosis at a recent Southern Brucellosis Conference. The Conference was sponsored by The Progressive Farmer, a Southern farm magazine, in cooperation with the National Brucellosis Committee, Southern Agricultur-

al Workers Association, and the U. S. Department of Agriculture. You may know brucellosis as Bang's Disease or contagious abortion in livestock, and as undulant or Malta fever in humans. The ninth most important human disease, it can mean untold suffering and expense.

"If I could have figured out a way for my family to be taken care of, I would have killed myself," one victim told a Progressive Farmer editor.

"Many people argue that brucellosis presents no health problem because cooking of meat or pasteurization of milk kills the brucella germs," an article in this farm magazine states.

"However," it continues, "they forget that a large number of people, including almost every housewife, handle meat before it is cooked. And far too many people still drink unpasteurized milk."

To destroy this danger, a Regional Committee will be set up to serve as a clearing house for information and to act as a coordinator in the brucellosis program. This committee will collect and distribute news of the program's progress.

The Conference recommended that each state form a State Brucellosis Committee with representatives from all segments of the livestock industry and its allied agencies.

Each state committee will develop a brucellosis eradication program to cover three main fields:

- (1) Needed legislation, (2) necessary funds, and (3) an adequate education program.

Among states already at work is Wisconsin. She has launched a main brucellosis control effort by the formation of a statewide, 28-

man committee composed of delegates from every farm and livestock, breed and professional organization in the state.

The committee drafted a program of control and eradication that has received the unanimous endorsement of all groups. Effective legislation was initiated and supported.

Traffic Courtesy — A Life Saver

"Respect for the law is the keystone of traffic courtesy," Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Adviser for the Gulf Oil Corporation said today.

Col. Tilley made that statement in connection with the courtesy "Code of the Road" traffic safety program which was introduced in Texas by Col. Tilley in a statewide release.

The Colonel said that respect for the law simply means respect for the rights of others, and that this, basically, is good manners—or courtesy.

"And the importance of courtesy in avoiding traffic accidents and making our streets and highways safe for drivers and pedestrians cannot be over emphasized," he said.

He said that joint sponsorship of the program on the national level by three prominent safety organizations was indicative of the importance of the effort. Co-operating in nation-wide promotion of the "Code of the Road" program are the National Safety Council, the Inter-Industry Highway Safety Committee and the National Committee for Traffic Safety.

Continuing his discussion of respect for the law as basic to

courtesy, the Colonel pointed out that a major expression of respect for law is observance of the "Signs of Life," the signs, signals and pavement marking which state the law and warn of traffic dangers.

"But true courtesy goes beyond the strictly legal aspect of the traffic problem," Col. Tilley said. "There is a type of traffic courtesy which is not always covered by law, and offenders of this type of courtesy seldom, if ever, reach the courtroom as the

result of such an offense. Yet they, too, can cause accidents."

Some examples of courteous acts which legislation does not cover, the Colonel said, are pausing to let a car swing into your lane of traffic from a parking space, and waiting at an intersection to allow an impatient motorist to go ahead, even though you have the right of way.

"Such actions mean sharing the road with others, and sharing is courtesy," he said. "Failure to

give other drivers these courtesies may contribute to chance-taking on their part, and chance-taking leads to accidents."

"To make a life-saving contribution to safety, and to courtesy," Col. Tilley said, "remember, and act on, the national slogan of this important safety program, 'Make Courtesy Your Code of the Road.'"

Nevada was the thirty-sixth state admitted to the union.

DEFENSE BILL:

Defense appropriations of \$28,861,584,486 for the fiscal year ending June 30, 1955, have been recommended by the Senate Appropriations Committee.

That sum is \$5,451,786,514 less than total appropriations for the current fiscal year. It is \$1,025,470,514 below the budget estimate.

The recommended appropriation is equivalent to more than \$170 for every man, woman and child in the United States.

AIRCRAFT:

Committee hearings on the defense appropriations bill brought out the fact that aircraft procurement expenditures by the Air Force, Army and Navy will account for some 22 percent of all defense spending in 1955.

This reflects continuing emphasis on building up our air power. During the current year, aircraft procurement expenditures are 20 percent of total defense spending. Last year, the figure was 17 per cent.

Buy July 1, 1957, it is planned that the Air Force will be organized into 137 wings, of which 126 will be combat wings. The air army of the Navy will include 16 carrier air groups and 15 carrier anti-submarine warfare squadrons. The Marine Corps will have three air wings.

SHIPS:

Under terms of the bill, expenditures for shipbuilding will total approximately one billion dollars next year. That is about the same amount being spent this year.

At the end of June, 1955, the

active fleet of the Navy will consist of 1,080 ships. Of these, 404 will be major combatant types—aircraft carriers, cruisers, destroyers, submarines, and so on—and 676 will be mine warfare, amphibious warfare, patrol, and auxiliary vessels.

PERSONNEL:

At the present time, we have approximately 3,330,000 men in our Armed Forces. That is a reduction of about 72,000 since the first of this year.

The Defense Department reports that it expects the total to be reduced to 3,047,000 by next June — 1,173,000 in the Army, 970,000 in the Air Force, 689,000 in the Navy, and 215,000 in the Marine Corps. Only the Air Force will show an increase in manpower during the coming year.

When I served as Chairman of the Senate Preparedness Committee, my investigations convinced me that there was a great waste of military manpower. I am glad to see efforts continued to cut out this waste. The Armed Forces

are working to bring about a higher ratio of combat to non-combat personnel.

TRAINING COST:

Average cost of training an Air Force pilot is \$60,000. A B-27 pilot—cross-trained as a bombardier, navigator, and radar operator—represents an investment of \$210,000 for training alone.

MUNITIONS COST:

During the fiscal years from 1951 through the requested Defense Department appropriation for 1955, approximately \$9,400,000,000 will have been spent for ammunition and explosives.

FOR OUR SECURITY:

We have to face the fact that the cost of national security will remain high for many years to come. It is a price we must pay.

I believe the American people are willing to pay it. I believe, also, that they want the men representing them in Congress to keep a close watch on expenditures for military purposes. Wasteful and extravagant practices must be eliminated.

Over the long pull, economic strength is an indispensable prerequisite for military strength. Our economic strength, together with our faith in our free society, is the basic source of our military power. We must never forget that.

INTERIOR BILL:

I was much interested in the appropriation bill for the Department of the Interior, since I had made recommendations to the committee about several provisions of the bill.

I welcomed the opportunity to help bring about Senate adoption of my recommendations to insure adequate funds for enforcement of the Connally Hot Oil Act; for research in the utilization of salt water; for improvement and repair of the Inks Fish Hatchery near Burnet, and to prevent shutting down the Wichita Falls office of the Bureau of Mines.

**State Fair of Texas
 To Offer Premiums
 Totaling \$85,411**

Livestock and poultry premiums at the 1954 State Fair of Texas, Oct. 9 through 24, will total \$85,411, State Fair President R. L. Thornton has announced. Premiums for the Pan-American Livestock Exposition will come to \$67,127. Junior Livestock Show premiums will total \$15,480. The Poultry Show will offer \$2,304.

The beef cattle division of the Pan-American Exposition will offer \$22,220 for Hereford, Aberdeen-Angus, Brahman, Santa Gertrudis and Shorthorn cattle. The dairy cattle show will include premiums totaling \$19,950 for Ayrshire, Guernsey, Holstein-Friesian, Jersey and Milking Shorthorn cattle. Ayrshires are a new breed at the fair this year.

Horse show money will total \$10,910 for quarter horses, Palominos, Shetland ponies and the open cutting horse contest. Breeding swine and fat barrow classes of the swine show offer a total of \$8,072. Premiums for sheep and Angora goats add up to \$5,425.

A special herdsman award of \$550 also is offered in the Pan-American Exposition.

The \$15,480 offered in the Junior Livestock show includes premiums for the Junior dairy show, steer show, market steer show, pig show, Negro pig show and lamb show. There is also a junior herdsman award of \$350.

Poultry premiums are split among the breeding chicken show, breeder turkey show, Junior market turkey and broiler shows, egg production flock division and Junior egg production flock division.

Livestock show dates for the 1954 fair are as follows: Beef cattle, dairy cattle, swine, sheep, Angora goats, quarter horses, Oct. 9-17; open cutting horse contest, Oct. 15-17; Shetland ponies and Palominos, Oct. 18-24. The Junior Livestock Show runs Oct. 18-23.

The State Fair's 1954 Premium List will be off the press early in May. Inquiries should be addressed to Ray W. Wilson, livestock manager, State Fair of Texas, Dallas.

**Notice To Women
 College Graduates**

Women's Army Corps commissions in the grades of first and second lieutenant are being offered qualified college graduates, Fourth Army headquarters announced today, in order to fill current vacancies in the WAC and to maintain Reserve strength.

Women accepted for direct commissions will be ordered to the new WAC center, Fort McClellan, Ala., for a 20-week training and orientation course in late August, or to subsequent classes, conducted twice a year.

Commissions as first lieutenants will be tendered successful applicants in the 28-33 age group, who have qualifying educational and professional experience totaling seven years. Women in the 21-27 age group, with four year's qualifying education and experience, are eligible for commissions as second lieutenants.

Those accepted for commissioning directly from civilian life will enter on two or three years' active duty. Those eligible under regulations may apply for commissions in the Regular Army within a year after completion of training. Applicants must be United States citizens, single, or, if married, without dependents or children under 18 years of age.

Selected applicants may be assigned to any of 140 Army jobs open to WAC officers. Those who remain on active duty upon completion of their two years' obligated service, will have an opportunity for additional training in Army schools. The adjutant general, Department of the Army, Washington, D. C., will process applications for direct commissions in the WAC.

Commenting on opportunities offered women by the WAC, Lt. Col. Arlene Scheidenhelm, Fourth Army WAC staff adviser, said: "The military establishment continues to offer unusual opportunities to women in the service. Direct commissions offered by the Army enable qualified women to use their past training and experience in many Army jobs. Service with the Army is particularly satisfying from the standpoint of contributing directly to the national defense effort. Complete details concerning direct commissions may be obtained at recruiting main stations, or by writing to chiefs of military districts or the commanding general, Fourth Army, Fort Sam Houston, Texas.

E-Z LAUNDRY

© Fritz Henle—Courtesy Cities Service Company
Now comes the season of the year when the Red, White and Blue is glorified in oratory throughout the land. Plattitudes flow, Washington, Lincoln, Franklin, Patrick Henry, and Jefferson are quoted. For speakers bold enough to break with this tradition, we suggest the examination of a speech written by Merle Thorpe, editor of SERVICE Magazine, for the July issue. Theme—"The Eagle or the Oyster?"

For a people . . . who elect opportunism rather than opportunity, who dream of security rather than success; who believe political charity is a virtue; who mock the frugal and plunder the thrifty; who adopt the rule that if I don't succeed you are to blame, that what you have is as much mine as yours; who contend that property is a shameful sign of success; who whimper that failure is the nobler cause; well-being is wicked; prudence, out-of-date; sacrifice silly—for such a people a fitting emblem is the Oyster.

For a people . . . who faced nature in the raw, with privation the rule and hardihood a virtue;

who endured defeat, disease and disaster for a hundred years in order to get a foothold on the Eastern Seaboard, the while with one eye on the interior, a no-man's land, a cockpit for settling international rivalries and private grudges, disputed by wild animals and wilder redmen; who sacrificed thus for a belief in the worth and dignity of the individual; who believed that economic freedom was as important as political freedom; who substituted "In God We Trust," for the Old World motto "In Government We Trust"; for a nation built by men who dedicated their lives to achieve the realization of these beliefs, I give you, fellow citizens—the Eagle!

be paid out of revenue. And the lake is not just for present day needs; it will provide sufficient water for 100,000 people and will be a trump card for the two cities in obtaining new industries. The dam, on Leon River, is 1,500 feet long and 87 feet high. Already there is a size-

able expanse of beautiful blue water which has been stocked with fish. Commercial cottages and privately-owned cottages will be built and it will be a wonderful place to boat, fish or just rest. The setting of the lake is scenic

—rugged, boulder-strewn hills; clumps of post-oak, pecan and mesquite trees; and in the woods and thickets are to be found squirrels, mocking birds, armadillos and perhaps a wolf or two. Much of the land is in cultivation and one sees attractive farm homes and pastures where cattle graze.

There is a legend of Spanish treasure; \$8,000,000 in silver is supposed to be buried somewhere in the area. Another legend is that a band of outlaws who operated in the California gold rush buried their loot in the general vicinity.

Eastland County itself was the scene of a great oil rush, which began at Ranger, due to oil, from 1917 to 1921 and the county still produces considerable petroleum, with a new pool being found every few months. The county has long ranked right up at the top in producing peanuts. Livestock, cotton and poultry are other sources of revenue and there are important industries of

varied types. Contest rules are simple: The name suggested must not be the name of either, or both, Eastland and Ranger or any coined word that is based on the names, or parts of the names, of the cities; the name must not be more closely associated with one town than with the other—for example, this would rule out Old Rip, the Eastland horned frog.)

The sender is invited to write a few words setting forth his reason for considering the suggestion appropriate. If the winning name is submitted by more than one person, the entry received first will be the winner. Only one entry from each person. The judges' decision is final. Deadline for entries is July 15. The contest is open to anyone anywhere except water district board members and their families or contest committee members and their families. Entries should be marked "Contest" and mailed to the Chamber of Commerce in either Eastland or Ranger, Texas.
