TWENTY-FIVE YOUNG LADIES IN RODEO QUEEN CONTEST

Plans for the annual 4th of July Rodeo Queen Contest were completed yesterday and voting was reaching a high-pitch—after getting off to a slow start. Tabulations were incomplete at press time but it is already plain to see that the Junior Chamber of Commerce is going to put up a fight to the finish for Miss Tookie McClellan. Swimming enthusiasts are determined to make a winner of their candidate, Miss Harlene Smith, representing Smith's Pool, and Miss Barbara Banister of the City Drug was among the top three. All in all, it could be anybody's race, so you'd better get in there and support your favorite entry.

All girls will report to the School Tax Office Saturday morning, June 26th at nine o'clock and turn in all votes received at that time. Mrs. Johnnie Blocker, Contest Chairman, will have a complete line-up of next week's activities ready for the girls on Saturday morning and a complete report of the voting will be posted in the window of the Bob Moss Pharmacy following this meeting.

Voting in the contest will end at 2:30 o'clock on Saturday, July 3rd and all ballot boxes must be turned in at the School Tax Office by this time. This will give each girl a chance to pick up some more votes following the parade, in which they will participate. The Queen will be announced and presented at the Saturday night performance of the Rodeo.

Following is a list of all Queen candidates and their sponsors announced at this time: Evelyn Wood — Pauline's Beauty Shop; Janice Benson — Palmer Motor Co.; Rebecca King — Bob Moss Pharmacy; Wanda Sibley — Clarendon Motor Co.; Genella Mooring — Clarendon Press; Tookie McClellan — Junior Chamber of Commerce; Jeannie Pittman — Skelton's; Ruby Mann — Greene Dry Goods Co.; Lucy Richardson — Junior's Food Market; Marianne Longan — Mrs. Bromley's Fine Foods; Jackie Estlack — West Texas Utilities; Joan Hermesmeier — J. School Tax And Bond Assumption Election Carries

The School Election held last Saturday, to assume the bonded indebtedness of the former Martin and Goodnight school districts and to set a new tax rate for the enlarged Clarendon district, carried by a large majority.

In the Bond Election, a total of 143 votes were cast for the assumption of bonds, and 8 votes were cast against it. 137 votes were cast for the tax maintenance and 14 against it.

A total of 151 persons voted in this election. Polls were rushed from about 4:00 P. M. until closing time, which was 7:00 P. M. The Board of Trustees of the Clarendon Schools are quite pleased with the number of votes. Although 151 votes isn't nearly all the qualified voters who could have voted in this election, that number does prove that the people are interested in the schools and in the school elections. The School Board and Supt. Truitt wish to thank every one who took time off to go to the polls and vote and to the Parent-Teachers Association and the Business and Professional Women's Club for their help in serving on telephone committees to remind voters of the election.

Mr. Curtis Mears served as presiding judge in the election, with Mrs. C. C. Powell, Mrs. A. T. Cole, and Mrs. W. M. Crain as clerks.

The cooks say that it will be ready to serve at 11:30 sharp on the Third and if you do not come and get it at once they will throw it out. COME AND GET IT!

Mr. and Mrs. D. S. Cope and daughter of Colorado City, Texas, and Mrs. S. P. Wells of Memphis were guests several days last week in the home of Mr. and Mrs. Clyde Putman.

WARNING! June 28 - July 3rd Is Western Week

The Leader has been authorized to notify the public that: Beginning June 28th Clarendon will observe "Western Week" in connection with the Fourth of July Celebration. "Western Week" will be observed from Monday, June 28th through Saturday, July 3rd. All business and professional people in Clarendon, including store owners, clerks, etc., not wearing some form of western wear during said week, will be thrown into a horse tank to be placed in front of the old Legion Hall.

The Jaycees and Lions Club are sponsoring this part of the Celebration, and as one Jaycee said, "We think that the people of Clarendon can really get more out of the celebration by entering into the spirit of it, and showing visitors and outsiders that we really mean to put over a big celebration."

Special deputies will be on the lookout for "dudes" next week, so be sure to have on some form of western garb and stay out of the horse tank.

Celebration Information In General To Date

Joe McMurtry, president of the Outdoor Entertainment Association, reports all committees functioning on schedule in preparation for a big three day celebration here.

The Booster trips, in charge of the American Legion, will get underway Friday and Saturday. The Queen contest is beginning to build up steam with 25 young ladies in the contest to date. Arrangements for the Legion Dances July 1st, 2nd and 3rd are all set and the queen contestants will be admitted free along with their escorts.

The Parade committee reports prospects for an outstanding parade and word has been received from Hedley that some of our fine neighbors down there will have entries in the parade and will also make the booster trips to help out all they can. We want everyone down there or any other place around here to know that they are welcome to participate in any way, for this is not just a Clarendon celebration but a county-wide affair.

Mike McCully reports that he still has a few parking spaces around the rodeo arena so those desiring a space for all performances can contact him and be all set.

The barbecue committee is all set and ready to prepare food for an estimated crowd of six to eight thousand visitors.

All those that live in this area wishing to enter Rodeo events are asked to come on in and avoid the last minute rush. Headquarters for registering is the Clarendon Motor Co.

THE LION'S TALE

By Carl Allmond

Boss Lion Mike McCully performed his first duty as President of the Clarendon Lions Club Monday night when he called his Directors and Committee Chairmen together for dinner at the Donley Hotel Coffee Shop.

During the business meeting at the Lion's Club Hall, McCully outlined the work for each Committee Chairman and Director, and asked for suggestions pertaining to new projects. A general discussion followed.

Renewed enthusiasm was in evidence at the Tuesday Noon luncheon, as President Mike McCully started his new term of office.

One of the outstanding improvements of the meeting Tuesday was the presence of five of the seven usual "Eat, Burp, and Run" members.

Harlie Gordon, Tailtwister was presented with a new "Receiving Receiptacle" for incoming and outgoing funds. Gordon says, "Everything is complete now, I have the window". Butch Lane made the impressive presentation.

The Club was honored by the presence of five guests: Dr. Chas. E. Deyhle, Chas. Seeds, Ralph Andis of Amarillo, Frank White III, and Wesley Knorpp.

Cap Morris came in late.

John Gillham seems to be getting more active the last two meetings as evidenced by his tea pouring and pepper sauce shaking - or is he just in his second childhood?

Lion Odos Caraway announced that the local club would send Billy Lynn Rumpy, to our Crippled Children's Camp at Kerrville, Texas for a two weeks vacation, starting July 5th. John Gillham volunteered to take the youth to Paducah, which is the gathering point for this area.

H. T. Burton brought a timely and much needed discussion on the Club's Constitution and By-Laws.

Dusters To Play Groom Here Sunday

The Dusters will entertain the Groom baseball team here on the local diamond next Sunday afternoon at 3 o'clock. This will be their first meeting of the season as the first game was rained out. Murl (Shorty) Lynn Charged With Arson

Sheriff Truett Behrens announced Wednesday morning that a charge of Arson had been filed against Murl (Shorty) Lynn in connection with the fire which damaged the Lynn Barber Shop and the Charm Beauty Shop early Monday morning. A second party, Judge King, Jr., colored shine boy, is being held in connection with the fire but no charges have been made against him at present awaiting developments in the case.

Officers are in possession of a statement signed by King which stated in part "that Lynn had agreed to pay him \$150 to burn the barber shop and do a good job." King's statement also revealed that he started the fire with gasoline. He said he climbed into the attic and poured gasoline between the wall and then set it off.

Lynn, who had been mixed up in other trouble here recently, left town about a week ago. He was picked up by officers in Eagle Pass, Texas Wednesday morning and Sheriff Behrens left Wednesday to return him to Clarendon.

Hedley Defeats Dusters 28-12

The Hedley baseball team took advantage of numerous errors and swung their bats with power last Sunday afternoon to defeat the Dusters 28 to 12. They banged out several home runs with the bases loaded. Bullman, Loyd and Skinny Putman all racked up homers for the locals but they didn't count up like the Hedley score, for no one was on at either occasion.

The Dusters scored three runs in the 1st, two in each of the 2nd, 3rd, 7th and 9th innings with one in the 6th. Hedley racked up six in the 1st, four in the 2nd, one in the 3rd, five in the 4th, six in the 5th, one in the 6th, three in the 7th and two in the 8th. A strong south wind was in favor of the batters with numerous hard hit balls in evidence.

According to the merchants agreement here, the official closing date for the Fourth since that date falls on Sunday, will be Monday, July 5th.

Some business firms will be closing on Monday and some will be closing Saturday, July 3rd. It will be difficult for some firms to close Saturday due to the nature of their business. The Outdoor Entertainment Association is asking all business firms that can, to close Saturday, July 3rd and help with the many, many duties that go along with putting on a celebration of this nature.

Fire Damages Beauty And Barber Shop

A fire starting in the partition wall between the Lynn Barber Shop and the Charm Beauty Shop about 2 a. m. Monday morning, caused several hundred dollars damage although it was brought under control within a short time after it was reported by constable R. C. Hill. Smoke and water did most of the damage as the location of the blaze made fire-fighting more difficult. The beauty shop and the building received the most damage.

Clean-up operations were started early Monday on the beauty shop and it was back in normal operation Wednesday morning. The beauty shop will be refinishing throughout within a short time.

Knorpp - Reed Nuptials Read In Church Service

In a six o'clock service at the First Presbyterian Church, Clarendon, Texas, Sunday evening, June 20, 1954, Miss Doris Bliss Knorpp, daughter of Mr. and Mrs. Wesley Carroll Knorpp, became the bride of Mr. Horton Cleveland Reed of Tucson, Arizona, son of Mr. and Mrs. Horton Winter Reed of Sudbury, Mass.

Rev. John S. Ellis of Dallas, Texas officiated, reading the single-ring ceremony. A center arrangement of white peonies marked the gothic archway against a background of ferns and palms with white candles in wrought iron candelabra. Tall white cathedral candles embanked in huckleberry stood on each side of the gothic arch with a background of tiered baskets of white peonies and white gladioli. The bridal aisle was decorated with white satin bows and white pom pom chrysanthemums with huckleberry. Candles were lighted by Walter Knorpp and Thomas E. Bugbee III.

Mrs. Harold Beck, organist, played a nuptial prelude including "Wedding Prayer" by Dunlop, "Romance" by Rubenstein, "Because" by D'Hardelot, "Chanson" by Grotton, "O Perfect Love", "Ave Maria" by Schubert, "Call Me Thine Own" by Holvey, and the traditional wedding marches. Mrs. Joe Dilli of Wichita Falls

read "How Do I Love Thee" by Elizabeth Barrett Browning.

Miss Kendal Andrews of Castle Rock, Colorado attended the bride as maid of honor. Bridesmaids were Miss Sarah Gibson, Elizabethtown, Illinois, Miss Barbara Gaddis, Chandler, Arizona, Miss Sandra Shelton, Miss Inelle Cox, and Miss Jo Anne Sibley of Clarendon. Miss Karen Knorpp, Clarendon, was junior bridesmaid.

The bride's attendants were attired in identical gowns of yellow crystal silk, fashioned with Empire lines and complemented by a surplice neckline and brief cap sleeves. The moulded bodice was marked by a narrow cuff accented in the front by a tailored bow. The bouffant flared skirts were waltz length. They wore shoes dyed to correspond with their dress, and short kid gloves in white. Their bandeaus were of yellow velvet and they carried crescent shaped bouquets of gladiolia, Calla glads, and Peruvian lilies with velvet accents.

Mr. James W. Reed, brother of the groom, of Sudbury, Mass. was best man while groomsmen were Mr. Robert Brown of San Antonio, Texas, Mr. Harold Bugbee, Wesley P. Knorpp, John C. Knorpp, and Walter B. Knorpp, all of Clarendon.

The bride given in marriage by her father, chose a gown of light ivory peau de soie, designed with a chapel length train. The bodice was fashioned with a wide decollete neckline and short cap sleeves. The neckline was enhanced by a deep bertha of imported Chantilly lace. Small covered buttons extended down the back of the tightly moulded bodice into the waistline. Her veil of imported French silk illusion extended to waistlength from a coronet fashioned of heirloom

rosepoint lace sprinkled with seed pearls, belonging to her great grandmother. She carried a fan of heirloom rosepoint lace with a white orchid and stephanotis.

The bride's mother, Mrs. Carroll Knorpp, selected an aqua waltz length gown of imported Chantilly lace and marquisette complemented with matching accessories and long white kid gloves. Her flowers were pink Cymbidium Orchids.

Mrs. Horton W. Reed, the bridegroom's mother, wore a rose ballerina length gown of silk lace, complemented with long white kid gloves. She wore matching hat and shoes. Her flowers were white gardenias.

Following the ceremony, a reception was held in the home of the bride's parents. The house was decorated throughout with bouquets of white and yellow roses and gladioli.

The bride's table was centered with a fan shaped bouquet of yellow and white roses and white glads flanked by tall silver candelabra holding white candles. The table was covered with an embroidered pineapple fiber cloth. Mrs. Harold Bugbee served the wedding ring cake which was decorated with yellow roses and lily of the valley. Punch was dispensed from an antique cut glass punch bowl by Mrs. T. R. Bugbee. Mints, wedding cake, and punch were served to about 150 guests registered by Miss Patricia Porter. Other members of the houseparty were: Mrs. Walter B. Knorpp, Miss Nettie Sims, Mrs. Joe Dilli, Mrs. J. R. McNaghten, and Miss Kitty Carroll.

For the leisurely motor trip to Boston and Sudbury, Mass. and a summer resort in Maine, the bride selected a suit of imported Italian silk in chocolate brown featuring a fitted jacket and a pencil slim skirt. This was complemented by matching shoes. Her hat, gloves and bag in champagne accented her ensemble. Her corsage was a white orchid.

After September 15, the couple will be at home at Tucson, Arizona.

GARDEN CLUB

Members of the Garden Club met for a Coffee and Garden Pilgrimage Thursday morning in the home of Mrs. Jim McMurtry with Mrs. Ralph Porter as co-hostess.

Truly a picture book garden is this one with its gay lawn furniture, tree-shaded lily pool and vari-colored blossoms.

Refreshments of cantaloupe balls, doughnuts, sweet rolls and coffee were served under a colorful umbrella table.

The old song "roses 'round the door" came to our mind as we wandered thru the Sandifer rose garden—being surrounded by rose entwined fences and bushes filled with brilliant red, white, pink and yellow blossoms.

Equally lovely is the yard of the Rayburn Smiths, with its velvety grass, oak leaf hydrangea and a purple clematis flowering on the fence was a delightful sight.

Lilies were dominant in the floral beauty at the Joe Goldstons. From clumps of tall white Regals in their majestic beauty to day lilies in their vivid coloring from the lovely soft yellow shades to the deep red.

Mrs. Bill Greene's home was one of the much anticipated "stops" for there in unsuspected profusion pots of African violets in many pastel shades excited wonder and admiration by their beautiful flowers.

Enjoying this "Festival of Beauty" were fifteen members and six guests, Mesdames Alfred McMurtry, Charlie McMurtry, Cap Morris, Bill Lowe, C. L. Benson, and Joe McMurtry.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We received a gift consisting of fourteen or more mystery books of Book Club Editions. They were Army in their bright clean jacket covers. Quite a few of our readers truly appreciate these editions. Two or three were duplicates, but we can always send our extra editions to the Veterans Hospitals. These are written by Gardner, Elery Queen, Gilbert, Armstrong, Rex Stout and other popular writers.

A friend gave us a copy of one of *Reader's Digest* 1954 books.

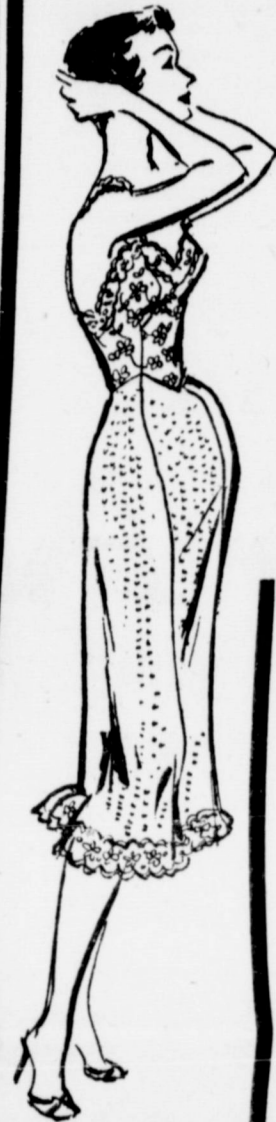

These are very popular reading. Another small friend gave seventeen clean, and real funny books to the Children's magazine table. It was not a trade—just a gift.

There are not enough books to supply the demand for the children who read during vacation. Since we have so little cash to operate the Library quite a few little people are disappointed, but not as many of these as there are teen age girls who do not always secure their quota of material.

The linotype machine was first put into use in 1886 by the New York Tribune. It was the invention of Ottmar Mergenthaler.

The Hawaiian Islands were formerly called the Sandwich Islands, after the Earl of Sandwich a British peer.

Flood Control Dams Beneficial Says State Conservationist

H. N. Smith, State Conservationist for Texas, today declared municipal and industrial users of water have no cause to worry in connection with the evaporation of water from the small reservoirs in Soil Conservation Service upstream flood prevention.

Mr. Smith pointed out that the 40 flood prevention dams already built in the Trinity River Watershed are preventing many thousands of dollars of flood losses every year along the small creeks where the dams have been built. In addition, farmers can now raise crops on several thousand acres of fertile bottomland which have been flooded too frequently for cultivation.

Smith explained that critics have said that if many flood prevention dams are built in the headwaters of streams the water supplies may be seriously reduced by evaporation from the pools of the structures. Actually, Mr. Smith said, the evaporation loss from the pools of upstream flood prevention dams would be small compared to the evaporation loss from existing major reservoirs, and very small compared to the average flow of the streams.

The average yearly flow into Benbrook, Grapevine, Garza-Little Elm and Lavon reservoirs is estimated to be slightly more than one million acre-feet. The net amount of water evaporated annually from the conservation pools of these reservoirs is estimated to total 131,300 acre-feet, or 12.8 percent of the average yearly inflow. Mr. Smith estimated that the similar loss from the pools of all flood prevention dams built, under construction and pro-

posed—upstream from the four major dams—would be only 13,700 acre-feet annually, or 1.3 percent of the average inflow.

In addition to the annual flood damages prevented in upstream areas, the flood prevention dams will reduce the rate of sedimentation of the major reservoirs by more than 50 percent. It is obvious, said Mr. Smith, that the combined benefits of the upstream dams far outweigh any small effect which they may have on water supply.

Cpl. and Mrs. Ronnie Lamberth and Susan arrived Tuesday of last week to visit some ten days in the home of his parents, Mr. and Mrs. G. A. Lamberth and family. Cpl. Lamberth is stationed at Ft. Campbell, Ky.

Mr. and Mrs. J. G. McNear and boys visited at Brice Sunday afternoon.

Mr. and Mrs. W. W. Noblet were in Norman, Okla. Friday to attend the wedding of a friend. They returned home Saturday.

Mrs. R. V. Payne, Susan and Bob of Plainview are guests in the home of her father, Fred Chamberlain.

Mr. and Mrs. Bill Bentley attended the Golden Wedding Anniversary celebration of Mrs. Bentley's parents, Mr. and Mrs. O. W. Latson, in Lubbock Sunday.

PLOWIN' Out the CORNERS

by Uncle Zeb

Have we ever had a crop to get in and out of the bag any worse than this wheat crop. First the dry weather, then the winds. Finally only a few minutes before it was altogether too late it rained. A regular miracle happened. Then, came the freeze, and the hot winds. Next hail storms and high winds. To cap it all off some one now says their wheat has the wrinkle joint. Now of all the unheard of things. Anyway, it is a fact that this crop has done more turn abouts than any we have had lately. One fellow swears that he has almost turned gray worrying over it.

Things are almost as bad in spots with the plantings of the row crops. Even the top soil that is so precious has gone down the drain. It is said that it takes a million years to grow one inch of top soil. We can't say about this but we have seen several fields

where more than this amount went down the slopes to the rivers. One fellow who was hailed out said that he could forget the hail but it would take a long time to forget the ditches and gullies that were left.

Speaking of the rains and all the trouble that has been caused by having to plant over; this certain person who had happened to have the very worst of luck said: "Next year I think I'll just leave the seed out of my box until at least the third time that I plant over." Actually he had planted it four times, so he said.

"The poorest man in the world is the one with nothing but money." This quotation is from John D. Rockefeller one of the richest men in all our history. I guess he ought to know.

I often pause and ponder At Fate's peculiar ways; For nearly all our famous men, Were born on holidays.

"Then man who tries to dodge his duties usually finds the detour rougher than the main road."

It is a funny thing about life anyway; by the time we grow tall enough to reach the cookie jar on the cabinet we don't crave them nearly so much. Then in a

few years we are not even supposed to eat such things.

We seldom lose our religion by a blow out. Usually it is just a slow leak.

We heard the following someplace: "Eat less, chew more; fear less, hope more; whine less, breathe more; talk less, say more; hate less, love more; and all good things are yours."

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

June 11, 1954

DITTO

I used the word ditto as the heading for this part of the newsletter because my heading last week was "Gagged Again." I could use the same heading again, because the same thing has happened again. I have just returned from the floor of Congress, where H. R. 3137 is being considered. This bill is a law to extend the authority of the President to enter into trade agreements under Section 350 of the Tariff Act of 1930, as amended. The law extends this authority in the President for a period of one year. Eisenhower had requested

that the extension be for three years, but after much agitation, confusion, and debate behind the scenes, it seems that the White House put the stamp of approval on the one-year extension. In any event, that was the bill that was brought before the House for passage. It was brought in under the closed rule or, as I said last week, the "gag rule." The duly elected representatives of the people did not have a right to change one word in the bill as it was written by the Ways and Means Committee. I repeat that this is steam-roller politics. Under the democratic form of government, it makes little difference whether a man is for or against a piece of legislation, as long as he is a Member of Congress he is a representative of the people and should be entitled to be fully heard on these matters and to have an opportunity to seek such changes in them as to him may seem pertinent and to the best interests of his constituents.

WATER

The irrigation program in our district has been moving along at a pretty good pace and we hope that it will be continued. I have obtained some figures from the Farmers Home Administration, of the Department of Agriculture, that I think will be of interest to you. They are as follows:

"For the current fiscal year, \$6,500,000 was available for making loans under the water facilities program. Of that amount, \$600,000 was allotted to the State of Texas. The President's budget

request for the fiscal year 1955 provides for an appropriation of \$6,500,000. If that amount is appropriated by the Congress, it is likely that the allotment to Texas for the fiscal year 1955 will be about the same amount as in 1954. If Senate bill 3137 should be enacted into law, additional funds might become available under the insured loan features of that bill. To the extent that lending institutions participate in the insurance loan program under the Water Facilities Act, considerable expansion of the loan program could take place in Texas in the fiscal year 1955.

"As of June 1, the Farmers Home Administration had made 142 loans, totaling \$585,660, from regular water facilities loan funds allotted to Texas. In addition, 57 loans, totaling \$344,315, have been made or are in process of being made for water facilities purposes from economic emergency loan funds. Under these two programs, the total number of loans made or in process is 199 for an amount of \$929,975."

THE HEARINGS IN THE SENATE

During my years of law practice in the Panhandle, I have heard many people, especially prospective jurors, complain about the slowness of court proceedings. I, of course, agree with them that there are many things that can be done to speed up the

court proceedings. The judge is usually bending over backwards trying to see that no one's rights are infringed upon, and that the law is followed to the letter so that justice may finally prevail. However, one look at the Senate hearings would make a so-called slow court proceeding look like a jet-propelled plane. The reason that the headway has been so slow in these hearings is that no one wants to answer questions and everyone wants to make a speech over television. The questioner usually makes a speech instead of asking a question. When a question is asked that could be answered and throw some light on the subject, the witness usually makes a speech as his reply. I had a chance to listen to the other

morning and was reminded of the story of the old darkey who turned up late to work. His boss asked his excuse and the darkey told him that he had stopped down at the corner to hear a politician make a speech. The boss asked the darkey what the man talked about. The darkey replied, "Not much, except he sho did highly recommend himself."

I still say that a good West Texas grand jury could have separated the chaff from the grain and had the facts thoroughly documented in not more than two weeks.

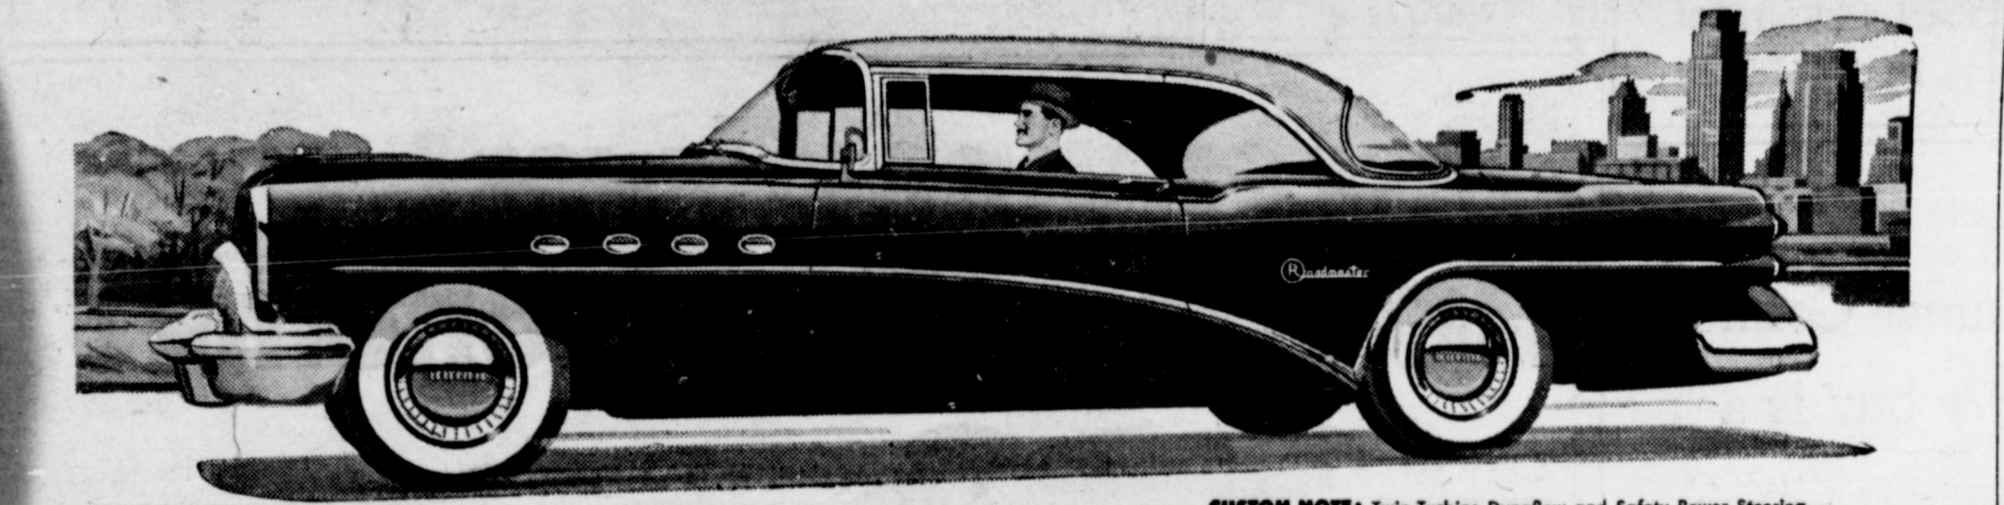

It's chat time of the year when one learns that it is better to give than to receive—because it is deductible.

Thoughts to bear in mind...

It's NOT SO MUCH THE BEAUTY OF THE PLACE...
It's NOT SO MUCH THE SIZE OF THE FIRM...
It's NOT SO MUCH A MATTER OF FACILITIES...

What really counts is... not material things... but service to our fellowmen.

CUSTOM NOTE! Twin-Turbine Dynaflo and Safety Power Steering are standard equipment on every Buick ROADMASTER at no extra cost.

It makes you feel like the man you are

YOU must know, of course, that a fine car is more than merely a means of fine travel.

It is, as the psychologists tell us, an extension of a man's own personality.

It reflects what you feel, what you like, what you are.

So we ask you to take the wheel of a Buick ROADMASTER like the one shown here—for it is, we have found, the automobile chosen more and more by those who are definitely moving ahead in the world.

You will find it a car that fairly breathes success.

From its size and its breadth and the magnificent modernity of its styling, you know it is a car of custom stature—and so does the watching world.

The wondrous windshield is a pride in itself. You don't just see the view—you command it.

You will find it, too, a car of luxurious obedience.

From the moment you ease your foot down on the pedal, you take immediate mastery of the road and of distance.

And you know it—in the silken whip of Twin-Turbine Dynaflo, the

might of Buick's greatest horsepower, the magic cushioning of coil springs on all four wheels, the exhilarating ease of Buick Safety Power Steering at your hand.

But with all this, you buy with prudence when you buy a ROADMASTER.

For—though it is, and looks, custom production—it sells for the lowest price-per-pound in the fine-car field. And so wise an investment makes you feel even more like the man you are.

Drop in, or phone us this week, and we'll gladly arrange a demonstration.

BUICK SALES ARE SOARING!

Latest figures for the first four months of 1954 show Buick now outstripping every other car in America except two of the so-called "low-price three." Better look into Buick if you want the beauty and the buy of the year.

Shivers and Side State CAPITOL

By VERN SANFORD
Texas Press Association
AUSTIN — Governor Allan Shivers will claim the political spotlight Monday.

The Lufkin-born chief executive formally opens his campaign for re-election in the city of his birth in the heart of East Texas on June 21.

It will be an old-fashioned political rally, reviewing the personal-appearance type of campaign.

Newspaper ads are being used to call statewide attention to his talk which will go on the air at 8:30 p. m.

Lufkin is also the home of Governor Shivers' campaign manager, Senator Ottis Lock.

It was in nearby Woodville that Shivers received word in July of 1949 that he—then Lt. Governor—had become governor, with the sudden death of Governor Beauford Jester.

Shivers Busy Campaigning
Governor Shivers is filling many speaking engagements over the state.

Kicking off his drive for campaign funds was a \$10 per plate luncheon in Dallas, attended by 800 persons.

In his off-the-cuff talk in Big-D, Shivers said he would run on his record.

He branded the majority of his political enemies as persons who believe in a centralized government, subject to socialist infiltration, as against the theory of local powers and states' rights.

"Perpetuity" Says Yarborough
Judge Ralph Yarborough, Austin attorney who is campaigning against Shivers, got his own campaign into motion earlier, with stinging remarks about "perpetuity in office."

So far Yarborough has undertaken no statewide promotion. The rest of the political front was much like the quiet that comes just before a tornado strikes.

Coke Returns
However, political incidents of 1948 are being brought back to mind.

Coke Stevenson has returned to

political life.

The former governor of Texas stepped into the limelight with an endorsement of Dudley T. Dougherty for U. S. Senator.

Dougherty seeks the seat occupied by Senator Lyndon Johnson who won over Stevenson by 87 votes, in a hotly contested race for the senate six years ago.

Stevenson will serve as chairman of the campaign steering committee for Dougherty.

He promised the voters a refresher course in Texas political history.

"This time," he said, "we can go into and reveal all the details about Box 13 in Jim Wells County, where on Friday after the primary a sleight of hand miracle occurred and 200 votes were added to the Johnson total."

Hammonds Confesses Insolvency

Legally it's all over. But politically it will be an issue for months to come.

Ralph W. Hammonds has confessed that his Lloyd's of North America insurance company is insolvent.

With head bowed, the heavyset one time University of Texas wrestling champion gave up defense of his company in 98th District Court after only three days of testimony.

The trial had been expected to last at least two weeks and was destined to produce explosive political testimony . . . as the subpoena list included Governor Shivers, his public relations chief John Van Cronkhite, Ralph Yarborough, and many others active in state politics.

It was a victory for Attorney General John Ben Shepperd and Assistant Attorney General Rudy

Rice, chief prosecutor for the state in the case.

Other Trials Delayed
Criminal trials of four officials of defunct insurance companies have been postponed until October.

The four indicted men appeared before District Judge Charles O. Betts, asked and won continuance of their trials until the Fall term of court.

They are Paul and Leslie Lowry, D. H. O'Fiel—all of Beaumont—and Spencer S. Treharne of El Paso.

Now defunct is the Texas Mutual Insurance Company of Beaumont, formerly operated by the Lowry brothers. O'Fiel is a Beaumont attorney. Treharne was operator of the inactive insurance firm of United Lloyd's.

Twenty-eight persons were subpoenaed to testify in the trials, including State Senator William T. Moore of Bryan, chairman of the senate insurance committee, who was an attorney for the Lowrys' Texas Mutual Company.

Scotfield Declared Innocent
A federal jury has found Frank Scotfield innocent of charges that he violated the Hatch Act.

He was charged with soliciting and accepting funds for political purposes while serving as Collector of Internal Revenue.

During Scotfield's trial, 10 government witnesses testified that they had no knowledge that Scotfield had ever sold or received money from the sale of tickets to the 1950 Jefferson-Jackson Day Dinner held in Austin.

Federal employees, under the Corrupt Practices Act are prohibited from participating in any political activity.

From where I sit... by Joe Marsh

Right in front of Granny White's beautiful old house on Maple Avenue there's a brand-new sign: "Antiques. Inquire Within."

Now—don't get excited. Granny explained it all the other night—after we settled down in her parlor, me with my temperate beer, Granny with her tea.

I asked her if she was really going in the antique business. "Oh, no," says Granny, "I wouldn't sell anything. I put that sign up so folks would come in and talk—and look around. If they insist on a price, I tell them some outra-

geous figure! I guess I just like people," she said.

From where I sit Granny can be excused for her little ruse. She may be in her eighties, but her mind is young—and open. She's the kind of person who's made this town so wonderful. Granny not only likes people—but she respects them and their preferences and opinions. Come to think of it, "liking" and "respecting" mean much the same thing, don't they?

YOUR SENATOR REPORTS
 Lyndon B. Johnson
 U. S. SENATOR

Congress is headed into one of the greatest legislative log jams in its history.

The Administration's leaders—Senator Knowland in the Senate and Speaker Martin in the House—are still shooting for a July 31 adjournment. But many old-timers think this target too ambitious. They set August 15 as the minimum.

Every session of Congress ends in a last-minute rush with bills shooting through the legislative machinery at a mile-a-minute clip. But it is rare to have almost all of the important business still pending in mid-June.

Only a little more than six weeks remain if we are to meet the July 31 deadline. And there is one factor which could throw all of our present calculations out of kilter. It is the situation in Southeast Asia.

Military leaders of several nations have been conferring in Washington. The situation is very dangerous. We do not know what is going to come out of the Geneva Conference. The Administration has not made any recommendations to Congress and the President says he is not going to act without Congressional approval.

A Presidential request would precipitate a Congressional debate that would take many days, even weeks.

Here is the legislation we now know remains to be tackled:

Appropriations
 More than 38 billion dollars—including 29 billion dollars for the Armed Services alone—still to be considered by the Senate.

Agriculture
 Neither the House nor the Senate yet has a bill ready for consideration. But if no action is taken, flexible price supports will go into effect automatically. The American people are entitled to a clear vote—for or against—on this issue. Congress cannot—and should not—adjourn without expressing its will—without standing up to be counted.

Foreign Aid
 Both the House and the Senate have yet to tackle the issue of Foreign Aid. The administration is asking for about \$3,500,000,000. Congress will insist on a close scrutiny of every cent. Both an authorization and an appropriation are requested. Each request will take time.

Housing
 The House and the Senate have both approved bills—with the Senate bill much closer to President Eisenhower's recommendations. There are 159 differences between the two bills which must be adjusted in a Senate-House conference committee. This will take time!

Reciprocal Trade
 The Randall Commission called for a program of extensive tariff reductions. The President revealed that he would settle for a one-year extension of the Reciprocal Trade Agreements Act. Action is still pending before both the House and the Senate.

Social Security
 A bill to broaden and extend Social Security is pending before the Senate. It is difficult to see how this measure can be reached until sometime in July. After Senate action, it will have to go back to the House for adjustment of differences that are almost inevitable. It is rare for both Houses of Congress to pass such an important bill in identical terms.

Tax Revision
 An 875 page bill—approved by the House—is pending before the Senate. It is one of the most sweeping revisions of tax laws in our history—and one of the most controversial. Every line requires the most careful and deliberate study.

they, in turn, had to be studied by the Congressional committees.

to the grindstone.

These bills are far too important to be handled with a lick and a promise. Their impact upon the everyday lives of our people is far too great. A careful, painstaking job is necessary. In no other way can the public interest be protected.

WHY THE LOG JAM?
 Last year was a "year of studies." That meant that the Administration postponed most of the work until this year. But when the results of the studies started to trickle in last January,

PATENT QUIZ: Is a private inventor compelled to license others to use his patented invention?

Biggs: You are compelled to license others to make this gadget, why not me?

Joe: I don't have to license anybody. If that had been the law, I would not have worked so hard to create it.

prepared by NATIONAL PATENT COUNCIL, Gary, Indiana

ANSWER: No, although many subversive efforts have been made to inject a compulsory licensing provision into our patent laws—which protect the inventor for 17 years only—after which anybody can make the invention.

The obligation of Congress goes far beyond mere acceptance of the recommendations of so-called experts. Experts are necessary and it would be a mistake to consider important matters without their testimony. But the final responsibility rests upon the elected representatives of the people.

The study of the expert recommendations took time. It was time well spent. Now we are heading into the action stage.
