## THC awards grant for Donley County Courthouse

The Texas Historical Commission (THC) has awarded a grant that will allow Donley County to take steps toward preserving its historic courthouse.

The grant from the Texas Preservation Trust Fund will assist the county and the local historical commission in hiring a preservation architect to draw up a master plan for the courthouse.

According to Donley County Historical Commission Chairman Jean Stavenhagen, the

master plan will outline three phases of work necessary to preserve and rehabilitate the courthouse.

"This grant is a good beginning for the work that needs to be done on the courthouse," Stavenhagen said. "We're very happy to receive this grant, and we will soon be working to raise the money needed to match these funds."

County Judge Jack Hall said he was also very pleased to hear about the grant. "We

feel like we've made some progress now," Hall said, "and we certainly appreciate the work that Mrs. Stavenhagen has done on this grant."

Hall and Stavenhagen are planning to meet with Brad Patterson of the THC early next month to discuss how to implement the grant and get started on obtaining the master plan.

"Brad is very supportive our efforts and particularly supportive of our courthouse,"

Hall said.

According to State Senator Tom Haywood's office, the THC mailed over 1,600 applications to potential grant candidates and received 102 applications requesting over \$3.3 million in funds. Of those applications, only 20 projects were selected for funding for fiscal year 1999.

Rep. Warren Chisum, who supported the grant application, said that he and Sen. Haywood are both very pleased that Donley

County has received this grant.

Donley County's courthouse was built in 1890 and is one of only three courthouses in the Panhandle to be included in the Texas Courthouse Alliance.

Supporters of the local courthouse project hope to have the master plan readied before Gov. George W. Bush presents a multi-million dollar proposal for the restoration of Texas' most historic courthouses to the next Legislature.

**Guest Editorial**

November 11th, 1998, will be remembered by all who attended the Veterans Day Ceremony at our War Memorial as a day of honor and respect to those who gave their lives for our nation and to those who served our country proud. The Lord above granted us a beautiful day, and it is told by many that His presence was seen, reflected by a white dove flying over the monument during this remembrance.

I would like to extend a heartfelt thanks to those more than 600 individuals who attended the ceremony and the many groups from within the community who participated. I would especially like to thank all the businesses from the county who donated food or money for this most worthy cause.

As a Marine veteran of 21 years and chairperson for this event, I was deeply moved and honored to be the Master of Ceremonies to honor all my fellow veterans. I was extremely proud of all the guests who performed during the program. I was well pleased with the way the students from both schools conducted themselves during this ceremony.

On behalf of Commander Billy Hodges, Ladies Auxiliary President Josephine Burgess, and the rest of the Donley County Memorial Post and Ladies Auxiliary, we would like to recognize the following groups for their participation in this massive undertaking:

Participating groups and individuals were: County Judge Hall, County Commissioner White, District 13 VFW Ladies Auxiliary President Barjenbruch, Boy Scout Troop 433, Cub Scouts Pack 437, Girl Scouts of Donley County, Brownies of Donley County, 4-H Club of Donley County, the Lions Club of Clarendon, Clarendon High School Bronco Band, Clarendon Elementary School and its Kindergarten and First Grade Classes, Hedley High School Owl Choir, Fellowship of Christian Athletes Choir from Clarendon, our Donley County VFW 1998 Voice of Democracy winners Rachel Howard from Hedley High and Shana Schoolcraft from Clarendon High, Pastor Truman Ledbetter from the First Baptist Church of Clarendon, Pastor Bruce Howard from the First Baptist Church Hedley, the Hedley Owls Choir Director who delivered the Benediction, and Todd Baker Band Director Clarendon HS Bronco Band who played "Taps."

Donations were provided by the following individuals and businesses; "Sam Hill" Pit BBQ, B&R Thriftway, Jim Shelton - Attorney at Law, The Grocery Store, Duckwalls, Country Bloomers Flowers & Gifts, The Donley County State Bank, The Clarendon Enterprise, the Herring National Bank, Saye's, Guys and Dolls Salon, Community Bank, Howells' Chili House, Greenbelt Cleaners, Harlan's Flowers & Gifts, Clarendon Outdoor Entertainment Association, and Floyd's Automotive Supply.

It took many hours of preparation to put this event on, and I sincerely hope we did not forget an individual, business, or organization. If I did, it wasn't intentional, and let me apologize now. Please let me know so I can recognize you properly.

In closing, I would ask all citizens of this great county to remember all those veterans who sacrificed for our Freedom, to thank those who performed their duties and have returned home, and to ask my fellow Veterans to strive to remember those who support all veterans affairs.

**Health Commissioner: TV show distorts facts about breastfeeding**

Dear Editor:

I am writing in reference to an October 21 episode of the CBS program, *Chicago Hope*, called "The Breast and the Brightest." The program depicted an extraordinarily rare aspect of breastfeeding, and breastfeeding was portrayed negatively throughout the program.

I'd like to remind your readers that *Chicago Hope* is purely "entertainment," which has license to take any liberties in an effort to draw an audience for its advertisers. The writers and producers of *Chicago Hope* certainly met their goal of increasing their audience for the October 21 episode. In the days before the program aired, thousands of

e-mails were flying throughout the country among breastfeeding advocates worried that this program would discourage young mothers from breastfeeding. I'm sure they were all watching the show.

I believe that most young mothers and fathers thinking of starting a family know the difference between entertainment and public health. The fact is that, based upon hundreds of scientific studies done in research universities throughout the world, breastfeeding is the far superior as well as the natural way to feed an infant. Far more babies suffer negative health effects from infant formula than from breastfeeding. Breastfed babies have many fewer intestinal and respiratory infections, fewer

allergies, and better school performance. Women who breastfeed enjoy a number of short- and long-term health benefits as well.

In the October 21 TV program, the breastfeeding mother had no breastfeeding support. In reality, a wealth of breastfeeding support and expertise is available to every new mother.

Persons interested in the facts or needing advice about breastfeeding should contact their physician, call our breastfeeding experts at 1-800-514-MOMS, or visit our breastfeeding page on our web site at [www.tdh.state.tx.us/lactateibfl.htm](http://www.tdh.state.tx.us/lactateibfl.htm).

**Internet's 'Judicial Watch' keeping heat on the President**

Dear Editor,

It appears that the establishment media is dedicated to protecting the public from important information. A case in point is the "Judicial Watch Interim Report on Crimes and Other Offenses committed by President Bill Clinton Warranting His Impeachment and Removal from Elected Office." This can be found on the Internet at [www.judicialwatch.org/iterim.htm](http://www.judicialwatch.org/iterim.htm). Why has this report been ignored in the national "politically correct media"?

The Interim Report has been accepted by the House Judicial Committee and may be used as a basis for further impeachment charges. It presents

important charges, which detail alleged crimes of Bill Clinton which fit the impeachable offenses in the US Constitution, Article II, Section 4. When did an election override the Constitution?

The Democrats on the Judicial Committee will obfuscate, feet drag, stall, and charge bias. Chairman Henry Hyde and President Clinton are members of the Council on Foreign Relations (CFR). The CFR barriers and hoops to jump through may be worse than the Democrat hollering. Chairman Hyde has said he will ask only on witness with possible witnesses later - maybe. He apparently wants to hurry the process to the point that President Clinton could be vindicated and perjury, ob-

struction of justice, lies, treason, and bribery become "virtues." Apologies to Chairman Hyde if that is not his intention.

Hopefully, the Judicial Committee will consider the real charges brought out by Judicial Watch and not founder on the sex mess.

Judicial Watch presents unvarnished legal facts while the "kept media" blinks at truth and ignores it as it tries to sink the hearings in a sea of useless words and sidestepping real issues.

Who can we believe? Hooray for the Internet. Hooray for Judicial Watch.

Dear Editor:

We really enjoyed the touching memorial by the VFW Post 7782 and the Ladies Auxiliary and truly hope this will be an annual memorial for our service men and women.

We were fortunate to have our loved ones return home safe. To those who paid the ultimate price for our

freedom, this was a very fitting memorial.

God bless all our service men and women, God bless those who took the time to honor them, and God Bless America.

Russell Estlack of Clarendon and a senior in Poultry Science at Texas A&M, College Station, is a member of the Poultry and Poultry Product Evaluation Team that won the National Collegiate Poultry Judging Contest held in Fayetteville, Arkansas, November 1-4, 1998.

Russell was sixth high individual nationally. A similar Texas A&M Team also won the Southern Collegiate Poultry Judging Contest held at Louisiana State University in April 1998.

The team this fall consisted of Lisa Canter, Tomball, TX; Jack Higgins, LaVerne, TX; Jason Lee, San Antonio, TX; and Russell Estlack. In the spring the team consisted of Jessica Andrews, Pleasanton, TX; Micah Bishop, Killeen, TX; Estlack; and Higgins.

According to their coach, a team has to be extremely good to win back-

to-back national championships.

This fall the team placed first in the Production and Marketing Divisions of the contest and second in the Chicken and Turkey Breed Selection Division. Lee was high individual in the contest, Canter third high, Estlack sixth high, and Higgins ninth high individual. In the spring, 1998, Estlack placed second high nationally. The team competes against similar universities from the across the US.

The Texas A&M University Collegiate Poultry and Poultry Products Team is coached by Dr. W.F. Krueger, Professor of Poultry Science, who in the past 14 years has coached 12 national championship teams and eight second place teams.

Krueger says this team has to be one of his best teams. They trained hard and trained to win. They are competitive young men and women who also excel in the classroom.

**Cub Scouts to hold bake sale November 25**

Clarendon Cub Scout Pack #437 will be holding their Annual Bake Sale at B&R Thriftway on Wednesday, November 25, beginning at 8:00 a.m. until they are sold out.

There should be plenty of homemade pies, cakes, and cookies just in time for your Thanksgiving feast.

The Cub Scouts are using the month of November to raise funds for their 1998/1999 activities. The Pack is planning to use the funds raised to pay for most or all of the expense it takes for the boys to participate in Cub Scouting. This will include registration and insurance fees, awards and advancements, supplies, Pinewood Derby and Raingutter Regatta kits.

**Gourmet vinegars add unique flavor as holiday gifts**

By Sue Church, County FCS Agent  
November is National Diabetes month and often the time that we start planning our holiday gift giving. What better way to remember friends and family members faced with diabetes than to make a gift of gourmet vinegar?

Most people wouldn't take the time to make the vinegars themselves. Vinegars intensify flavors, impart different tastes, and take away the need for salt. They have become a pantry necessity for the persons interested in

They hope to raise enough additional funds to also pay for the Cubs' uniforms, books, and summer day camp or to at least reduce these costs, depending on our success in raising the necessary funds.

It is their philosophy that Cub Scouting is important in the lives of these young boys and that with community support, the cost of participating will not be a barrier. They want to give all of their youth the opportunity to participate in wholesome activities that will help them the rest of their lives.

If you have any questions or want to help, please call Cubmaster Tom Roach at 874-3352.

**low fat cookery.**

It will take an interesting bottle, which can be purchased at any gourmet cookery store or hobby store. Fill the bottles from 1/3 up to 1/2 full with your choice of flavoring agent (such as fruit, herbs, chilies, peaches or other fruits). Then fill the remainder of the bottle full of vinegar. Champagne and white wine vinegar are the most mellow and would be nice with fruits. Just regular distilled vinegar works just as well. Store in the refrigerator.

### Belorussian pastors to speak in Hedley

Two pastors will be travelling over a quarter of the way around the globe to share their experiences with the people of the Panhandle during the next two weeks.

Pastor and Missions Director Peter Ryzhkov of the Safe Harbour Baptist Church in Bobruisk, Belarus, will be speaking at several Amarillo churches during his stay. With him is his son, Slava Ryzhkov, and a fellow pastor, Serguei Gormach, who pastors the Central Christian Evangelical Church of Bobruisk.

Near the end of their stay in America they will be speaking at the First Baptist Church of Hedley on Sunday evening November 29 at 6:00 p.m.

Both come to Hedley at the invitation of Pastor Bruce Howard, whom they met during Howard's summer mission trip to Belarus. "I can honestly say I've never met a man with more energy and vision than Pastor Peter," says Howard. "He has a vision to plant 25 churches in Belarus within the next 20 years and has already helped get eight started. During the years of communist rule in Belarus, Pastor Peter was persecuted for his faith, spending time in prison because he would not stop preaching the gospel."

Belarus lies due east of Poland in Eastern Europe and is part of the former Soviet Union. When the Germans blitzed their way through Poland in the fall of 1939, their next point of attack was Belarus. During the German seige and occupation of Belarus almost 1/4 of the population were brutally murdered.

But out of the ashes of World War II and of the communist system, there are now a growing number of Christians, and churches are being planted all over the nation. People are eager to receive Bibles and literature, and the spiritual hunger of the nation is increasing.

The First Baptist Church of Hedley welcomes everyone to come and hear these two dynamic pastors as they share their work November 29 at 6:00 p.m. A love offering will be taken to support their ministry.

# Bulldogs compete in Western Oklahoma Tourney

The Clarendon College Bulldogs entered the Western Oklahoma Tournament in Altus looking to improve their 2-0 record against some good competitive teams.

The Bulldogs faced Western Oklahoma on Thursday night. Clarendon was not gracious to their host as they beat Altus 70-62. Leading scorers in the game were Nate Jones, 17 points, 16 rebounds; Byron Dixon, 17 points, 11 rebounds; and Charncy Ephriam, 12 points. Point guard Danny Anaya also had six assists.

"I thought we played pretty well that night. Especially in beating the home team. We played the late ballgame, and the fellas did real well," said Head Coach Joe Mondragon.

"This was our first test against real stiff competition. And I thought our guys rose to the occasion. We did a good job of containing their quickness. And we had a pretty good night from the floor."

The Bulldogs were not as lucky

in their game on Friday afternoon. They faced Cisco Junior College and were beaten 73-43.

"We got in from our Thursday ballgame at about 1:50 a.m. and we had a 2 o'clock game the next day. I didn't want to miss class, so we didn't leave until 10:00 a.m. My teams are teams that are on a certain pattern. And when we deviate from that pattern, we're out of sync," said Mondragon.

"We came out flat, and we were fatigued. Also Nate got in early foul trouble, and that really hurt us. Nate was guarding their best player who ended up scoring at least 25 points. It wasn't a very good stat game. But with only 43 points that's to be expected. I thought the kids tried hard and that the effort was there. You just have those games. And hopefully we got it out of our system."

Leading scorers for the Bulldogs were Charncy Ephriam 7 points, 5 rebounds; Byron Dixon, 7 points, 4 rebounds; and Danny Anaya, 8 points.

Saturday's final game of the tournament was better for the Bulldogs. But they still came up a little short, losing to Eastern Oklahoma 65-58.

Top scorers were Charncy Ephriam, 15 points; Nate Jones, 11 points, 6 rebounds; Jorge Vargas, 16 points; Byron Dixon, 10 points, 5 rebounds. Danny Anaya also had five assists.

"I thought we rushed some things. We had too many turnovers as a team. We turned the ball over 23 times, and we've been averaging 11 or 12 per game," said the head coach.

"Eastern had a big line up, but it didn't really hurt us that much. We were just out of sync again. But we had a better effort and we executed better down the line. We cut it to six with two minutes left and we had the ball. But we made a couple of crucial mistakes."

"Defensively we did a pretty good job. But we have the problem that most young teams have on the offensive end. If we can just get to know

one another, get our timing down, and remember the plays and sets, we're going to be okay. But that's what pre-conference is all about," said Coach Mondragon.

"We didn't play real smart in the final two games of the tournament. But I'm not overreacting about that. We're going to come back in this week, regroup, and try to learn from our experiences this weekend. And the kids' attitudes are good. They are disappointed, but their not struggling with it."

"I think we've been having good turnovers for all of our college ballgames. I just want to thank everyone for coming out to watch and support basketball."

The Bulldogs are scheduled to play this weekend at home. Details were unavailable at press time. For more information, call 874-3571.

### Clarendon A2S students enjoy activities

The Clarendon Elementary School A2S students have started the 1998-1999 school year with a busy schedule and a variety of activities.

On October 7, the fifth grade A2S students traveled to Amarillo College for a student seminar. The title of the seminar was "Children's Theater." Students were involved in scene design based on the script that was written by them, fundamentals of costume including character development and plot, and instruction of animal movements necessary to portray the characters in the play. The seminar will help the fifth grade students prepare for the Odyssey of the Mind competition in March. Students attending the seminar were: Natalie Anglin, Caitlan Hall, Carmen Hamilton, Kaitlyn Howard, Edie Mincey, Cody Scrivner, Kristin McAfee, and Kristin White. The trip sponsor was Ms. Simmons.

On October 14, the fifth grade A2S students participated in the CCISD Health Fair. The students provided an exhibit with four objectives. Edie Mincey and Kaitlyn Howard presented "Your Brain" and allowed visitors to feel a "brain." Kristin McAfee and Kristin White presented "Your Hair" and asked for hair strands from each visitor. Cody Scrivner and Carmen Hamilton presented "Your Reaction" and tested the reaction times of the visitors. Natalie Anglin and Caitlan Hall presented "Your Fingerprints" and fingerprinted willing visitors. Karen Simmons supervised the students.

On October 21, the second grade A2S students traveled to Amarillo for a student seminar at Region XVI Education Service Center. Eldrena Douma (Blue Corn) presented the seminar. Blue Corn is a Pueblo Indian, professional storyteller who travels throughout the United States sharing stories from her youth. She told stories and encouraged students to write their own stories. The title of the seminar was "Listen, Learn, and Remember ... More Than Just a Story." As a result of this seminar, the second grade A2S students are writing a story, which has been temporarily given the title of "Owl Steals Rabbit's Rainstick." Students attending the seminar were Chandice Lowe, Derrick Shelton, and

## Check It Out

By Mary Beth Nelson

Aren't we proud we're Texans? If that thought hasn't occurred to you lately, it will after examining Burton Memorial Library's Texas Collection. Four of these books with striking photographs and engaging descriptions genuinely captured my interest last week.

Authors Jane Rayfield Welch and J. Larry Nance traveled 16,000 miles in 13 weekends to photograph county courthouses. These structures "range from meager native stone boxes to skyscrapers of glass and steel." Their book, *The Texas Courthouse*, is in three parts: a brief essay, photographs, and notes on counties. Readers can almost visualize courthouse functions and hear conversations on the courthouse square as they read Welch's descriptive narrative at the book's beginning. You will be especially interested in the palatial edifice on page 79.

*Early Texas Homes* by Dorothy Kendall Bracken and Maurine Whorton Redway provides a lovely visual history of varied century-old Texas houses reflecting background differences among Spaniards, Frenchmen, Englishmen, German. Old South influence is evident in ranch style and plantation homes. It depicts a "living past with a promising future if citizens continue to preserve and maintain them as homes, shrines, or museums." These fascinating stories represent time-consuming research, accurate interviews, and 30,000 miles of travel over length and breadth of Texas by the authors.

Jim Box, in *Your Texas Government in Pictures* with 485 illustrations in comic strip form, assures readers

his writing is not a comic book treatment of Texas government. His text is a professional job from the standpoint of information. Skillfully used cartoons heighten interest. It is an appropriate supplement for college introductory courses as well as younger grades. To teachers, he says, "It teaches future citizens how the machinery of state government operates, how they can intelligently participate in it, how they may be able to cope with some of the problems." This relatively brief but adequate book is "innovative to the extent it balances cartoons and text." Readers in general can enjoy and benefit from this book.

Anyone interested in the art of cookery will delight with *The First Texas Cookbook*, a copy of the original published in 1883. You might even recognize the contributors' names. It contains 721 recipes plus 80 household aids of the time. Authors David Wade and Mary Faulk Kooock express, "Not only is this a document of the people of early Texas and their culture, but it showcases some of the fines approaches to food chemistry and imagination. Three of the most important ingredients of any recipe are love, patience, and butter. For these early Texans, cooking was a labor of love as it required so much more time. Their patience had to be expanded when struggling with kitchen tools of 1883. You can read just a few pages, and you will see that almost every recipe was baptized in butter." You'll love it!

### Junior high having busy semester

The athletes at Clarendon Jr. High have done well this fall. The "Dirty Dozen" 7th grade football team finished the season at 7-1-1. The eighth grade team ended the season at 6-2-1. The boys' cross country team finished first with Zach Howard and Dusty Martindale coming in first and second. In the girls' division, Christine Holden finished fourth. She had placed in the top ten, sometimes competing against J.V. teams, in all of the meets she had participated in this year.

In all, the athletes at Clarendon Junior High competed well, and we

can all be proud of their accomplishments.

The 7th and 8th grade band students played with the high school band at half time of the Clarendon vs. Panhandle football game. The music of the combined bands was outstanding.

Forty-five A and AB honor roll students were rewarded with a trip to Canyon to watch WTAMU play Eastern New Mexico. The students were able to observe the game, a college band, and a large stadium.

Clarendon Junior High students have been very successful and busy!
