Local voter turnout tops sixty percent

Donley County voters bucked a statewide low voter turnout trend Tuesday as nearly 62 percent of voters cast ballots here this year.

The big winner Tuesday night was Jack Hall in the race to be county judge. Hall, who was appointed last year after the retirement of former judge W.R. Christal, faced down a write-in candidacy from Commissioner Will Chamberlain, 985-351.

Becky Jackson won a close race for county treasurer with Wanda Smith, 767-671.

In Precinct 2, Republican challenger Donnie Hall defeated Democrat C.W. "Dude" Cornell, 272-160.

In the race to represent the 13th District in Congress, Clarendon's William "Mac" Thornberry was elected to a third term. Locally, Thornberry defeated his Democrat challenger, professor Mark Harmon, 1181-258.

"I'm very grateful for that kind of turn out," Thornberry told THE EN-TERPRISE. "We've got some real problems (in Washington) as far as trust in government and foreign and defense issues. I'm grateful for the opportunity to go to Washington to work on these issues."

in business. He believes that success in any venture is achieved through the relentless pursuit of doing simple things well. "The cattle feeder who becomes obsessed with improvement will create a stronger, smarter and more profitable company."

But talking about it and doing it are two entirely different things, he told cattle feeders attending the "Challenge, Commitment and Change" Annual Convention of the Texas Cattle Feeders Association (TCFA), recently in Fort Worth. "Today's challenge is making a commitment to change," he said. "Then you have to put that change into action. If you're going to improve your situation, take the things you're thinking about and actually do something about it."

Don Taylor has a theory about how to prosper cattle feeders there are a few things he can't tell them. "I can't tell you why anybody eats chicken," he said, adding that the worst hamburger he ever ate was far better than the best chicken he's ever been served. "And I can't tell you how to make money with \$60 fed cattle. But I can give you six ideas I call Solid Gold Success Strategies that will help you improve your business."

Taylor outlines success strategies for cattle feeders

Those six strategies are: (1) Stay focused on the consumer. "Instead of thinking about selling

"Adopt what I call the Kaizen strategy. That's a Japanese word that means continuing improvement involving everyone." (5) Beef up your marketing efforts. (6) Stay bullish and keep a positive attitude about the beef situation.

Taylor told cattle feeders that the value of a positive attitude in a successful business can't be underestimated-particularly when businesses face a situation like cattle feeders have dealt with recently. "Attitude is a state of mind with which you approach any given situation," he said. "A number of pieces of research done show that the actual situation a person faces is not nearly as important as the attitude you take to that situation. Once you realize that success in the business world is about 10 percent what happens to you and about 90% how you react to it, you're well on your way to turning even negative situations to your favor."

Banking commissioner warns Texans to prepare for year 2000

AUSTIN — Texas Banking said. Commissioner Catherine Ghiglieri has issued a broad warning to small business owners to prepare for Year 2000 and its possible effects on computer systems

Noting that her department already has compelled Texas banks to review and test all systems for Year 2000 compatibility, Ghiglieri stresses that urgency for all Texans to do likewise.

"All of this preparation and regulatory scrutiny will mean nothing if bank customers and the general public fail to take similar precautions," she

themselves to have any Year 2000 exposure will ignore the pending date change," Ghiglieri pointed out. "An auto repair shop might be sidelined by hydraulic lifts that have a non-compatible computer chip."

In her statement, Ghiglieri offered a simple plan for small business owners to address the Year 2000 issue and ensure that their operations don't experience an unforeseen shutdown due to the date change:

Review all computers and auto-

Newsflash: Guns can hurt people

If you thought the lawsuits against the Big Tobacco companies would not be repeated in other industries, you were wrong.

Dateline: New Orleans. The Associated Press is reporting that the City of New Orleans is suing several gun makers.

The city apparently is having a bit of a crime problem, and the obvious solution to Mayor Marc Morial is to sue the gun industry for the costs of police and medical care associated with gun violence.

This brilliant public servant's observation is that guns are not safe. People can get hurt using guns – especially if they are on the discharge end of the device. Mayor Morial thinks, according to the AP, that gun makers should be making guns with so-called "smart-gun" technology which would include "personalized gun locks, radio frequency systems to block unauthorized users, and devices that show when a gun's firing chamber contains a bullet."

Why don't you have them put a "stun setting" on there while you're at it, Mr. Mayor?

The whole thing would be silly and it would be easy to laugh at this except that this lunatic mayor is not alone. Other policy wonks are also trying to apply government health and safety standards to fire arms. An analyst for the Violence Policy Center recently wrote in the Los ANGELES TIMES, "If handguns were held to the same standards as every other consumer product in America, they would likely be banned."

That's really where this is going. Gun control freaks know they would never win an out-right ban of firearms. (There's that nasty little Second Amendment thing.) So they want to ban guns by attrition the same way the anti-tobacco crowd is slowly trying to squeeze and kill the tobacco industry.

But wait, there's more.

In Florida, a group is aiming to take on the nation's distillers and breweries. REASON magazine quotes the president of the group as saying, "It's time to get the country looking at the alcohol industry in exactly the same way we're looking at tobacco."

The Campaign for Alcohol-Free Kids is looking to encourage states to sue alcohol companies, get a presidential commission appointed to address underage drinking, and petition the Federal Communications Commission to let parents use V-chip technology to filter out alcohol ads. (After all we're only thinking of the children.)

Are we next going after the Ginsu knife people for the stabbings in this country? Why doesn't someone sue the manufacturers of Louisville Sluggers if someone gets battered? If we're going after alcohol companies, why not sue automobile manufacturers for being "accomplices" in drunk driving?

It's time to call a stop to all this Nannyism, and these ridiculous lawsuits should be thrown out of court. People should be held accountable for their own actions – whether it's smoking until they get cancer, drinking and driving, or shooting someone in cold blood.

Dear Editor:

On Thursday, Feb. 7, 1985, Enrique "Kiki" Camarena, 37, stashed he his badge and his service revolver in yo his desk drawer and headed for lunch wa with his wife, Mika. Kiki, a U.S. Drug con Enforcement Administration agent, to had been on the trail of Mexico's mari- too juana and cocaine barons. He was due set to be reassigned in three weeks, having come dangerously close to unlocking a multi-billion dollar drug pipeline, which he suspected extended into the highest reaches of the Mexican army, police, and government. As he headed to lunch, five men appeared 4 at the agent's side and shoved him into a car. That was the last time anyone 4 but his kidnappers would see him alive.

Kiki Camarena's body was found one month later in a shallow grave, 70 miles from Michoacan, Mexico. He had been tortured, beaten, and brutally murdered. Mika would have to tell her three sons that their daddy would not be coming home again. As the news of this atrocity began to appear in the newspapers, radio, and television broadcasts, many school parent associations, already angry and sick of the killing and destruction caused by alcohol and drugs in America, were looking about for some way to proclaim their concerns and to make a demand for action in local communities. Several of these groups banded

Thornberry to return to Washington

Congressman Mac Thornberry (R-Clarendon) and his wife Sally were in Clarendon Tuesday afternoon to cast their ballots in the General Election. They spent the day traveling the 13th district, starting in Wichita Falls and ending Amarillo. With them were their children, Mary Kemp and William. Rep. Thornberry handedly defeated his Democratic opponent and will be returning to Congress for his third term in office.

together and selected a RED RIBBON as their symbol, and set about creating a Red Ribbon Campaign to show intolerance for drugs in our schools, our work places, and our communities.

In 1988, with Nancy Reagan as Honorary Chairman, an eight-day RED RIBBON WEEK was proclaimed by the Congress of the United States. Each year since 1988, the Red Ribbon Campaign has grown and now impacts millions of Americans like no other drug prevention movement in history. In schools in particular, when everyone is wearing a RED RIBBON, this little piece of satin carries the message that it is "OK TO SAY NO!"

Many in the media mock the "just say no" campaign. Too simplistic, it's meaningless, they say. However, in the past few years, with the same media that mocks "just say no" glorifying the use of drugs, the use of illicit drugs is up again (even in Clarendon). So is it someone else's problem? Or is it ours? Are we part of the problem or the solution?

Any time we work to create a positive situation and en *i*ronment for students, give (and model) a "NO USE" message, we are part of the solution. That is really what a comprehensive Safe and Drug Free Schools and Communities program is all about.

Donley County Senior Citizen News

By Sandra Minatrea

Absentee voting for the Donley County Senior Citizens Board of Directors is open from Oct. 19 until Nov. 9. Election Day will be Nov. 10. All members of the Donley County Senior Citizens may vote absentee. Candidates for election to the Donley County Senior Citizens Board of Directors are Jim Aveni, Bill Hodges, Bob Kidd, Helen Land, Jean McAnear, and Onita Thomas. We will elect four members from these six candidates.

Get well wishes go out to Hazel Brandon, D.W. Swain, Mary Geisler, and Eureda Mays. Our fundraiser meal for November will be Mexican Pile On. This supper will be Nov. 12.

The October birthday/anniversary supper was held Oct. 27, 1998. Ed Ballinger opened the evening with prayer. Clara Mae Carter, Rava McKinney, and Pauline Jones were recognized for having October birthdays. There were no October anniversaries. Lela Norton, Mary Johnson, and Betty Tolbert won door prizes. Everyone really enjoyed our guest entertainers, "The Put Ons." Kay Harris, Margie Moore, Ruby Davis,

Joanne Wells, Jeanne Bailey, and Gail Smith make up the group from the Central Baptist Church in Pampa. Clara Mae Carter, Mary Johnson, Leona Lingenfelter, and Don Smith made up our kitchen crew.

Battling wind and a whole lot of cow patties, the CHS varsity girls cross-country team and Junior Rodriguez ran their way to the Regional Meet to be held this Saturday morning, November 7. The meet will be held in Lubbock at Mae Simmons Park with the varsity girls running at 10:00 AM and the varsity boys running at 10:30 a.m.

The District 6-2A meet was held in a cow pasture outside of White Deer last Monday afternoon. The top three teams and top 10 individuals go on to compete in the Regional Meet.

The varsity girls are going to Regional as a team for the third year in a row. It's been really tough combining two sports in our workouts (all seven runners play basketball). But the girls have shown great toughness getting ready for the Regional crosscountry meet and preparing for the start of the basketball season," said Head Coach Steve Schmidt.

placed third behind Panhandle and Wellington. Those athletes participating in the meet were as follows: April Bryley, 13th, 13:43.2; Jamie Sawyer, 19th, 14:13.3; Cat Chamberlain, 21st, McCabe. She wasn't in athletics last 14:50.1; Carrie Helms, 24th, 14:53.6; Geri Butler, 26th, 15:23.7; and with her best race of the year," said Danielle Holden, 33rd, 16:27.3.

Bronco JV lose close one to Quanah

The JV Broncos just could not punch the ball into the end zone in the final seconds of the ballgame to seal a tie or victory. But all the Broncos gave a winning effort in their 14-8 loss to the Quanah Indians.

Jeremy Ray scored the lone Bronco touchdown. Chris Linquist caught the two point conversion pass from Ray to take a lead in the game.

Great performances by Jared Lax, Greg Wootten, Shane Gayle and G.J. Martindale kept the Broncos in the offensive game.

Standout defensive performances were turned in by Antonio Wilson, Tanner Blackburn, and Tim McKinney.

"Everyone gave their best effort, and we had opportunity to win. But we just couldn't punch it in. These young men gave a great winning effort," said Coach Mike Ray.

The Broncos will travel to Pan-Congratulations to all of our handle Thursday evening, November cross-country teams, and good luck at 5, for their final game of the season. Game time is scheduled for 7:30 p.m.

"Quanah is a very good team. They are good because they are so fundamentally sound in what they do technique wise. The kids have been in the system for many years. After playing everyone else, I have to say that they really are the best team in the district," said Head Coach Mark Howard.

"I was proud of the way we executed for the most part. Defensively, at times, we did really well. But we also gave up the big play. When we executed on defense, we stopped them. And when we didn't execute, we obviously didn't stop them."

"When we executed on offense we moved the ball, and at times we didn't. Sometimes we had a hard time blocking those guys. (Quanah) physically whipped us up front. For most of the night we didn't get the ball de. Our long run by Cael Shi was really an off tackle play. He broke a tackle and made a good move, then went up the sideline. I was disappointed we didn't score after that run because it was great," said Coach Howard. Clarendon was able to move the ball by running inside and completing crucial passes in the second quarter to set up their first score of the game. A 19-yard pass from Colt Floyd to Carey Thornberry put six points on the board for the Broncos. The two-point conversion failed.

Dirty Dozen dream season closes this Thursday

The 7th grade Colts continued their dream season by defeating the Quanah Indians 32-8 and improving their record to 7-0-1.

The young Colts moved the ball well and played tough defense to hold the Indians to only eight points.

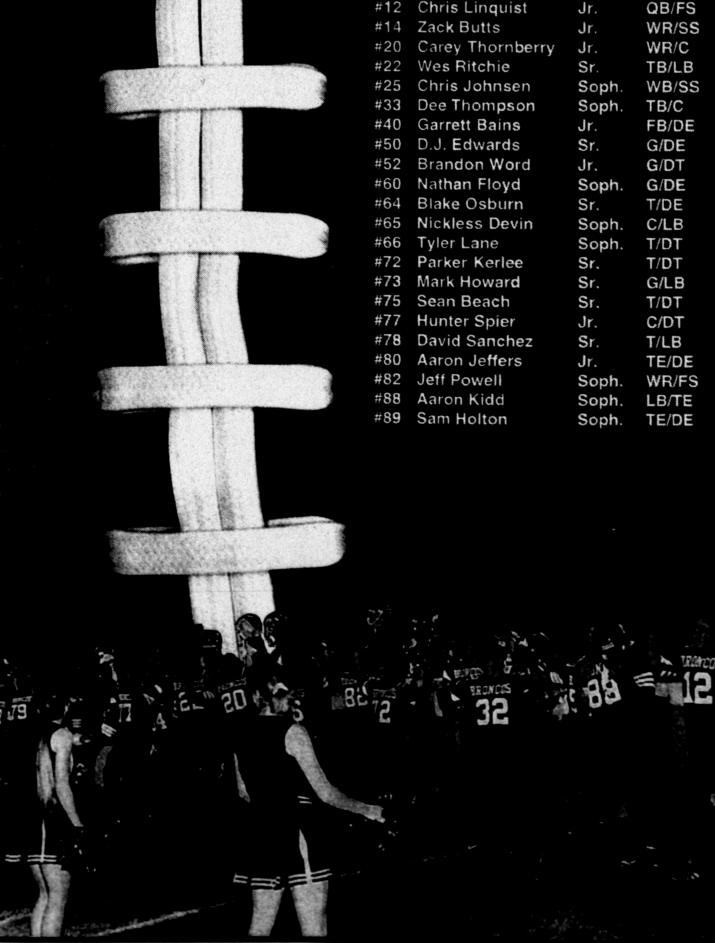

The Colts' first touchdown came on a 19 yard run by Justin Johnson. The extra point attempt failed.

The Colts' next drive of 85 yards was highlighted by key runs by Dusty Martindale, Justin Johnson, and a pass to Jeremy Howard from Zach Howard. Zach Howard capped the drive with a six yard touchdown run. The PAT failed.

The Colts continued to roll as Drew Sell, Dusty Martindale, and Zach Howard scored additional touchdowns. Justin Johnson was also able to run in a two point conversion.

"The 7th grade did a great job. But their greatest test will come this Thursday against Panhandle. Panhandle's only loss this year is by Clarendon's 7th graders. Be there to watch the excitement," said Coach Mike Ray.

The 7th grade Colts will travel to Panhandle Thursday, November 5. Game time is scheduled for 4:30 p.m.

Hedley to face Samnorwood

The Hedley Owls traveled to King scored a touchdown for the Vernon Northside last Friday night to play the Indians in their fourth district

The game started off slow in the first quarter with Northside scoring only one touchdown and a 1 point PAT

In the second quarter, Northside scored another touchdown and kicked a PAT attempt good for 2 more points. However, the Owls' defense came back strong starting off with an interception caught by Lowell Ellerbrook. Jeremy Wells then threw a 49-yard pass to Dustin Monroe who ran the ball in to score the first touchdown for the Owls. Wells' PAT kick was good. Wells then ran the ball in to score another TD for the Owls. Wells' PAT was again good. But Northside fought back and scored before the time ran out, making the halftime score 16-23.

The Owls came back from halftime with a good start. Jeremy Wells ran the ball in to score again for the Owls. He then threw the ball into Dustin Monroe to score a 1-point PAT. But Hedley's defense couldn't hold Northside for long. Northside soon scored another touchdown and a 2-point PAT. Hedley's Russell King then threw an interception to Northside. The Indians soon scored again plus an extra 2-point PAT. Jeremy Wells then threw an interception, but later recovered the ball in the Owls' endzone to score a 2-point safety for Hedley.

In the fourth quarter, Russell and 5-3 overall.

The CJH 8th grade football team had a tough time last Thursday as they fell to the Quanah Indians 44-0.

Quanah scored on their first possession of the ballgame. They were able to convert the extra two points to go up 8-0 quickly. The remaining first quarter was scoreless.

In the second quarter, the Colts fumbled on the Quanah 40 yard line. Quanah was able to capitalize and scored on a run up the middle on their very next play.

The Indians had no mercy, scoring twice more to bring the half-time

Owls. However, Wells' PAT kick fell just short of the goal post and was considered no good. Northside ran the ball and scored another TD plus a 2point PAT. But the Owls were ready to fight back. Jeremy Wells scored 2 more touchdowns for the Owls, making the PATs for both of them. With only 30 seconds of playing time left in the game, the score was tied 47-47. However, Northside again ran the ball to score for the Indians. The game ended with a disappointing score of 47-53, Indian's favor.

The Owl's leading rusher was Jeremy Wells with 226 yards. Dustin Monroe added 66 yards while Russell King had 48 yards, and Lowell Ellerbrook had 3.

Dustin Monroe was the leading tackler with 19 tackles. Not far behind him was Art Tiffen with 14. Lowell Ellerbrook had 9 tackles, and Jeremy Wells had 7. Jason Conatser added 4 tackles; Russell King added 3, and Justin Alexander, Jason Myers, and Samuel Howard all finished the game with 1 tackle each.

The Owls will host their last district game of the season against district undefeated Samnorwood next Friday at 7:30 p.m. Hedley's Coach. Roger Chase and Norwood's Coach Kenneth Shields graduated together from Shamrock High, and both are looking forward to a good ballgame. Hedley's record is now 2-2 for district,

score to 29-0. The Colts did not have any luck in the second half as Quanah continued to dominate the entire game.

The Colts will travel to Panhandle this Thursday, November 5, for their second meeting this season. The game will follow the 7th grade game.

"We face Panhandle again this Thursday, and it's always tougher the second time around. Hopefully the boys will be ready to get back on the winning track," said Coach Roger Hoeltzel.
