CISD to have dogs searching for drugs

Clarendon CISD will soon begin having regular searches by dogs trained to sniff out drugs.

The CCISD Board of Trustees met in regular session at 7 p.m. on September 8, 1998, and unanimously approved a new administrative policy on searches by trained dogs.

The searches are designed to be a preventive measure according to Superintendent Phil Barefield. Drug use has been suspected after school and during lunch, but so far no activity has been reported at school, he said.

"We haven't had an incident [on campus] to precipitate this move," Barefield said. "We just want everyone to know that we won't allow drugs here."

Barefield said the searches will probably take place once or twice a month in the parking lot and various classrooms in the high school and junior high. No students will be searched, he said.

Orientation sessions on the searches will be held next Tuesday, September 22, for high school and junior high students.

In other school business at the last meeting, the board approved a motion to set the maintenance and operation tax rate at \$1.10574 and the interest and sinking rate at \$0.09426 for a total rate of \$1.20.

The trustees voted to allow the Clarendon Economic Development Corporation to grant a variance in property taxes if such variance does not cost CCISD any revenues.

The trustees also voted to solicit bids for school liability, property, and vehicle insurance.

Enrollment was reported as follows: Elementary - 245; Junior High - 111; High School - 156.

Administrative reports were given by Mike Word, Larry Jeffers, Marvin Elam, John Taylor, Mark Howard, and Phil Barefield.

Clarendon aldermen hold regular meeting, decide several matters

The Board of Aldermen of the City of Clarendon met in regular session on September 8, 1998, at 7 p.m. in the Board Room of City Hall.

Nicholas Devin reported on the Fire Hydrant Eagle Scout Project. He has completed the painting of 40 hydrants, and the other Boy Scouts will continue the project until they are all painted.

Mariann Rattan spoke on the concern she has for the speed on Gorst Street. The board voted to put up signs for children playing and 25-mph speed limit signs.

Janie Finch spoke to the aldermen on the need to enforce the Livestock Ordinance. The board voted to file charges of unlawful keeping of livestock within the city limits and within 300 feet of a private residence.

The board approved Buster Gray's request to close Barcus Street between Kearney and Gorst with the understanding that the land owners are to pay the transfer and closing costs and that the city is to have an easement for utilities. Gray's request to close Burkhead Street was denied

however.

Gordon Maddox was selected to do the audit for the city.

The water lines for the Texas Dept. of Transportation were discussed. The aldermen voted to allow TxDOT to tap into the water main with the understanding that TxDOT is to lay and maintain the lines to their facilities past the city limits.

The Depository Bids were opened. The Herring National Bank placed a bid, which was accepted. The board approved a motion to have the City Secretary (or City Clerk in the absence of the City Secretary), the Mayor, or the Mayor Pro-tem have the permission to make verbal transfers and/or other transactions as needed to keep funds invested or where need be.

The budget was reviewed, and several salary adjustments were made. The aldermen also increased the park department budget to \$3,000. It had been \$1,225 last year.

In other city business, Ernie Johnston reported on the trash trucks, and Jim Roberts reported on the brick requests.

Campaign signs banned in right of way

AUSTIN - As the November 3 election fast approaches, candidates, and campaign workers are reminded to be careful where they place campaign signs.

Such signs are not allowed on state highway right of way, which is reserved for official traffic control signs. Campaign signs erected on highway right of way will be removed by the Texas Department of Transportation (TxDOT), and the owner can be charged for removal costs.

In addition, a person placing an unauthorized sign in highway right-of-way can be fined up to \$500 per sign.

"The law keeps highway rights of way clean and uncluttered so that official traffic control signs are clearly visible for the safety of the traveling public," said Zane Webb, TxDOT director of maintenance.

Campaign signs can be placed off highway right of way as long as they are solely related to a public election, are no larger than 50 square feet, are erected no more than 90 days before an election and removed 10 days after the election, and are made of lightweight material.

Signs within city limits may be subject to local ordinances.

Farmers can select when to receive '99 payments

WASHINGTON — Agriculture Secretary Dan Glickman urged farmers on Friday to contact their local USDA Service Center to select how they want to receive their 1999 Agriculture Marketing Transition Act (AMTA) payments.

Under a plan passed by Congress and signed by President Clinton, farmers eligible to receive AMTA payments (also called Production Flexibility Contract (PFC) payments) in Fiscal Year (FY) 1999 can choose to receive the payment all at once or in two equal payments during the fiscal year, which begins Oct. 1, 1998, and ends Sept. 30, 1999. The initial Payments should be distributed by October 22, 1998.

"These are payments farmers were entitled to receive even before this bill became law," Glickman said. "Advancing the payment date will provide limited financial assistance in a time of stress on our farmers. We need to move forward

on many fronts to ensure family farmers and ranchers have a strong, secure future on the land.

"The Emergency Farm Financial Relief Act will help ease the current cash flow problems for many farmers who are in dire economic straits," Glickman said. "But the money does not address the underlying causes of today's hardship - weak Asian export markets, strong world crop production, and a U.S. farm policy that cannot cope with a string of natural disasters."

So far this summer, USDA has made emergency assistance available to farmers in declared disaster areas: including the entire states of Florida, South Carolina, and Texas; most of Oklahoma and Louisiana; and portions of Arkansas, Georgia, Kansas, and North Carolina. Emergency grazing of certain land in the Conservation Reserve Program has been allowed to help livestock in Texas, Oklahoma, and New Mexico.

USDA is making full use of export credit guarantee programs to support U.S. exports. For fiscal year 1998, USDA announced nearly \$5.8 billion in GSM-102 credit guarantees, compared with \$3.9 billion last year. Through the end of August, in addition to other products, U.S. exporters had sold 169 million bushels of wheat, 189 million bushels of corn, 85 million bushels of soybeans, and more than 8 million bales of cotton under GSM-102.

In addition, USDA is working with USAID to implement the Food Aid Initiative announced by President Clinton in July. Under this initiative, more than 80 million bushels of U.S. wheat will be donated to needy people overseas. Initial shipments are planned for this month.

Farmers should call or visit their local USDA Service Center to select payment options. Those who do not choose a payment option will receive their full payment near the end of Fiscal Year 1999.

Perry: Texas cotton crop fifth smallest in 20 years

AUSTIN — Texas Agriculture Commissioner Rick Perry reported today that the first production estimates of cotton, corn, sorghum, and hay for 1998 show the severity of the drought on Texas agriculture.

Texas cotton production is estimated at 3.1 million bales, down 40 percent from last year and the smallest crop since 1989. If the production estimate holds for the remainder of the year, this would be the fifth smallest crop in the past 20 years.

"These numbers tell just how severe this drought has been and the toll it's taking on agriculture and our producers," Perry said.

"Right now, we're looking at almost 2 million acres of cotton being abandoned across Texas because of the severe conditions."

Perry said that more than 1 mil-

lion acres alone were abandoned on the Southern High Plains, the state's largest cotton-producing area. Production in this region is estimated at 1.5 million bales, down 43 percent from last year.

The production figures are based on grower surveys conducted by the Texas Agricultural Statistics Service around Aug. 1.

Texas grain sorghum production is estimated at 59.2 million cwt, down 43 percent from last year and the smallest crop since 1953. Although statewide yields have been cut by the drought, Texas producers also planted fewer acres of sorghum this year.

Some producers who lost their cotton replanted to sorghum, but Perry said that late-planted acreage also failed.

Perry said that Texas corn pro-

duction is estimated at 175.8 million bushels, down 29 percent from last year's record-high crop. 1 tie average yield has dropped 43 bushels an acre across Texas.

The continued drought has cut Texas hay production in half. Total production of all hay is estimated at 5.3 million tons, down 51 percent from last year.

"With little or no available pasture across the state, our producers have had to rely on hay and supplemental feed for their livestock. I'm reminding producers to contact the Texas Department of Agriculture's Hay Hotline to get a list of suppliers who have hay for sale," Perry said.

The telephone number for the department's Hay Hotline is 1-877-429-1998.

"TDA continues to work with the

private sector to get donated hay delivered to producers at no additional cost to Texas taxpayers," Perry said.

Ceremony to be held to honor POW/MIAs

This Friday evening before the Bronco football game, a ceremony will be held at the Bronco Stadium to honor all of America's Prisoners of War and those Missing in Action.

Laws were passed that on this day, the third Friday in September, we would celebrate POW/MIA Remembrance Day to remember the more than 685,000 soldiers, sailors, airman, and marines who gave their lives for our country and our freedom. Come out and support our Bronco's and honor our Veterans.

TSCRA condemns Australian "dumping ground" scheme

FORT WORTH — Expressing grave concern for an ailing U.S. cattle industry, Texas and Southwestern Cattle Raisers Association President C. Coney Burgess today condemned plans to import Australian cattle into the United States via Mexico.

"The last thing we need are more cattle in Texas and the United States," Burgess said. "We have been hampered by persistent drought and weak cattle prices that threaten the economic stability of our producers. If we allow ourselves to become a 'dumping ground' for other countries' cattle through a loophole in existing law, we risk killing our domestic cattle industry."

Burgess called on US officials to preempt the potential abuse of the system by denying the importation of the Australian cattle via Mexico on legal, animal health, economic and moral grounds.

He applauded the efforts by the 10 border state animal health agencies in Mexico and the United States to protect the industry from unwanted health risks.

TSCRA has communicated its concerns to USDA Secretary Glickman in person and by letter. Those same concerns have been expressed since mid-summer to state and national regulatory and elected officials. TSCRA staff is submitting a

Freedom of Information Act request to USDA for all information pertaining to the proposed transshipment of Australian cattle. Further, TSCRA staff is meeting in Washington with the Australian ambassador and his agricultural attaché to discuss the closely guarded events surrounding the transshipment and future plans. TSCRA also is working closely with the National Cattlemen's Beef Association in its efforts as well as other state cattle associations.

Burgess urged cattle producers to express their concerns to USDA by contacting Craig Reed, Animal and Plant Health Inspection administrator, at 202-720-3668.

West Texas Utilities Co. receives award

By Sue Church, County FCS Agent
The Friend of Extension Award sponsored by the Texas Extension Association of Family and Consumer Sciences (TEAFCS) was given to West Texas Utility Company (WTU) at the recent TEAFCS Awards Luncheon in Austin.

WTU was recognized for the support of Extension youth and adult activities by WTU employees for over 40 years.

Kit Horne, Community Relations Consultant for West Texas Utilities Company, was on hand at the TEAFCS Awards Luncheon to receive the plaque on behalf of WTU. West Texas Utility has supported family and consumer science issue programs through human and financial re-

sources for 41 counties like Donley County across the state. They have been actively involved in providing educational resources, teaching, and co-sponsoring activities related to many family and consumer science issues such as Safe Food Preparation and Storage, Consumer Decision Making When Selecting Appliances, Energy Conservation and Safety With Electrical Use, and Creating Pleasant, Safe Environments Through Lighting the Home.

Very strong contributions have been made by WTU to the 4-H Gold Star Award program and Fashion Show events. WTU also was recognized at the State 4-H Roundup which was held in June at Texas A&M University at College Station.

Howardwick appoints Pettit to be mayor

The Board of Aldermen of the City of Howardwick met in regular session on Tuesday, September 8, 1998, at 7 p.m.

The need to fill the mayor's position was discussed. Bob Hall nominated Mayor Pro-tem Margaret Pettit, and Mary Johnson nominated H.C. Clark. Bob Hall moved that nominations cease. Pettit was appointed by a vote of 3 to 2.

The board decided to take bids on the needed repairs on the roof of City Hall.

Gordon Maddox was selected to do the audit of the city.

After a closed session, the board voted to put the sick leave back to eight hours of sick leave per month.

In other city business, Tommy Gray reported on the Fire Department's activities.

Ceremony to be held to honor POW/MIAs

This Friday evening before the Bronco football game, a ceremony will be held at the Bronco Stadium to honor all of America's Prisoners of War and those Missing in Action.

Family land heritage applications due Oct. 15

AUSTIN — Agriculture Commissioner Rick Perry today reminded those wishing to be considered for the 1998 Family Land Heritage Program that applications are due Oct. 15. The Texas Department of Agriculture Family Land Heritage Program recognizes farms and ranches that have been in continuous production by the same family for at least 100 years. More than 3,000 farms and ranches have qualified since the recognition program began in 1974.

In announcing the application deadline, Perry called these farms and ranch families the cornerstone of Texas agriculture.

"The history each of these families brings to the Family Land Heri-

itage Program is an integral part of the solid foundation that built Texas agriculture into what it is today - the state's second largest industry," Perry said.

Program applications are available through county judges as well as from TDA. Applications are also available on the TDA website [http://www.agr.state.tx.us].

Applications may also be obtained by writing to Debbie Ellis, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711; or by calling (512) 463-7653. Deadline for submitting applications to TDA is Oct. 15.

Those farms and ranches that qualify will be honored during a January 1999 ceremony in Austin.

National Farm Safety/Health Week set for September 20-26

AUSTIN — Agriculture Commissioner Rick Perry announced that the week of Sept. 20 - 26 has been declared Farm Safety and Health Week in Texas. This year's theme - "Precision Farming Includes Safety and Health" - reminds producers that safety and health are important management tools in all agricultural operations.

"It is important for everyone involved in our agricultural industry to promote safety awareness and follow safe work practices," Perry said. "The health and safety of all our agricultural workers is vital to Texas."

Farming is considered among the most dangerous occupations in the United States. In 1997, more than 700 people were killed and more than 150,000 people were severely injured in farm-related activities across the United States.

The Texas Department of Agriculture stresses safety year round through its Farm and Ranch Safety Program. The program provides friendly tips and reminders for producers and their families.

Perry offered the following steps to promote safety and health:

- Have a "safety first" attitude. Following safe work practices all the time sets a good example for others to follow;

- Equip tractors with an approved rollover protective structure and wear seat belts;

- Operate tractors and equipment without carrying passengers or extra riders;

- Inspect your farm or ranch and equipment for any hazards and correct them;

- When operating equipment, follow safe work procedures described in the operator's manual or safety publications;

- Wear personal protective equipment; and
- Attend farm safety, first aid, and defensive driving courses.

TDA is involved in education with safety booths at fairs, livestock shows, and trade exhibitions. In addition, the agency works extensively with the Texas Safety Association's agricultural committee on farm safety programs.

For information on TDA's Farm and Ranch Safety Program, contact Lola Lemmon, safety coordinator, at (512) 475-1611.

Resignation is best option for Clinton and nation

The Starr report is out and so is Bill Clinton's dirty laundry. The entire world now knows that Clinton lied about his relationship with former White House intern Monica Lewinsky. Out of respect for his wife, daughter, party, and country, Bill Clinton should resign his office as President of the United States.

Any self-respecting man would not want to drag his wife and daughter through the inevitable months of hearings that are yet to come.

Clinton's poor judgement has put the world's spotlight on the United States. We are the most

powerful nation on Earth. How does it make the country look with a leader who has a hard time telling the truth? Can we continue influencing the world when our Chief Executive does not abide by the laws of our country?

The American people need to remember that Clinton has a track record of lying to the ones he loves. Remember Gennifer Flowers and Paula Jones? Clinton is a scoundrel who has defaced the prestige of the presidential office.

Perjury, witness tampering, and other alleged activity is reason enough to impeach President Clinton.

How can the American people continue to support and trust a president who looked into the TV cameras and lied to a nation?

The Starr report is steamier reading than any

paperback romance novel. The details are troubling and embarrassing.

Clinton must accept responsibility for his actions. His behavior was very unbecoming of a President, and must not be condoned. The charges are serious, and Congress must look at the Clinton situation closely.

No matter how many times Clinton goes on television and apologizes for his actions in this case, Clinton's apologies are too little, too late.

The American people stood by the president and wanted to believe his side of the story. Now, the polls show that the voters are fed up with the entire issue. Clinton's credibility has been compromised, and the country will never be able to fully trust him again. Resignation is Clinton's best option and the best for the nation.

Government gets in the way of people getting ahead

The American dream means different things to different people. To some, it means getting married and raising a family. To others, it means owning a business and being your own boss. And still to others, it means being able to retire and spend your time doing whatever you want.

If the federal government has a role in any of

this, it should be to help people make their dreams a reality. Unfortunately, more often than not in America today, that's just not the way it is. Through high taxes and over regulation, the federal government discourages individual initiative and holds people back when they're trying to get ahead.

This fall, Congress will vote on a tax cut bill that could make things a little better. While the details are still being worked out, the bill's expected to provide people with tax relief in three key areas. For working couples, the bill will eliminate the marriage penalty that forces them into a higher tax bracket simply because they got married. For the

self-employed and others who pay for their own health insurance, the bill will make health insurance premiums 100 percent deductible. And for seniors, the bill will raise to \$30,000 on January 1 the amount of money they can earn without losing part of their Social Security benefits.

This bill's not everything, and more clearly needs to be done - not just in terms of lower taxes, but in terms of getting the government even further out of our lives. But the bill is a step in the right direction. At the same time, it's also something that could help make the American dream a little bit easier to achieve.

National POW/MIA Recognition Day is September 15

By Dr. Kenneth Kizer, Under Secretary of Health

September 18 is National POW/MIA Recognition Day - a day set aside to remember those men and women who gave up their freedom to protect ours.

Since its first observance in 1979, our government has pushed firmly and steadily for full disclosure and accountability of those missing in action. Today, the United States is working closely with Vietnam and North Korea in identifying remains and determining the fates of all those who did not return. A total of 502 missing Americans have been identified since the Vietnam war ended, but 2,081 still remain unaccounted for.

We in the Department of Veterans Affairs have been steadfast in fulfilling our nation's responsibility for the care and welfare of our former prisoners of war. Some 142,257 American service men and women were captured and interned from World War I through the Gulf War. Of these, an estimated 60,000 are alive today.

They endured the uncertainties, deprivations and hardships of hostile captivity. That captivity took its toll; a price many are still paying decades later. VA offers special care and benefits to ease their burdens.

The true cost of wartime imprisonment is not yet determined, but recent VA studies comparing former POWs with other veterans confirm earlier findings that ex-POWs are more likely to suffer depression, anxiety and post-traumatic stress disorder.

Our research also notes a wide range of physical problems for World War II ex-POWs caused by diet and infectious diseases, including the discovery of links between nutritional deficiency and heart disease. VA compensation law has been changed to cover additional conditions linked by research to wartime incarceration.

The more we work with our former POWs, the more we learn.

We apply that knowledge through a special medical protocol VA physicians use when treating ex-POWs. When examining survivors of the Bataan Death March, for example, VA

doctors know to look for the residual, long-term effects of tropical disease, malnutrition and vitamin deficiency. They also know that many are only now opening up and beginning to discuss their POW experiences-experiences of more than 50 years ago in some instances-revealing powerful memories and emotions. That is why many VA medical centers and clinics offer counseling and support groups to former POWs, as well as comprehensive treatment for all health conditions-whether or not related to their military service.

Special treatment for special people; that describes VA care for former POWs. A special label identifies their files in our VA regional offices. A special protocol guides our physicians as they treat them in our medical centers. And, a special training program acquainting VA employees with full physical and emotional impact of the POW experience underlies VA sensitivity and understanding in serving these veterans.

Our efforts are assisted by the Advisory Committee on Former Pris-

oners of War, a group of outside medical experts, who provide guidance to VA. And, of course, we are always open to information and suggestions from the former POWs, themselves.

At the low point of America's fortunes during World War II, General Douglas MacArthur promised to keep faith with those veterans he left behind as the Philippines fell to the Japanese with the words "I shall return." He and the American people kept that promise on October 23, 1944, with the liberation of those islands.

Just as General MacArthur did not forget his troops then, we must not forget them and their fellow POWs now. We in VA health care remember every day. I ask that you, too, take time on National POW/MIA Recognition Day to remember America's Prisoners of War and Missing in Action.

Medical Center Nursing Home News

The summer events for our residents at Medical Center Nursing Home have begun to wind down. Now we look forward to fall and winter events.

Our congratulations to Joseph Jaramillo for being voted Over All Winner in the Baby Pageant this summer. Joseph is the son of our very own Mandy Jaramillo.

Some of our residents have been very busy this summer. Most recently, they went out on an outing to the Panhandle-Plains Historical Museum in Canyon.

Residents going on this field trip included: Sybil Rattan, Tommy Silvers, Fred Patterson, Ethel Dangler, Nell Vitarelle, Florence Briggs, Betty McClellan, Bradis Shaller, Louis Percival, and Darrell Lunsford. Residents and volunteer staff members enjoyed a sack lunch picnic style at the City Park.

Other outings this summer included Palo Duro Canyon and the Discovery Center. A weekly outing

to the Senior Citizens for lunch is always a treat for resident that want to go.

During the summer, MCNH hosted a monthly Family Night. To close out the summer, a luau was held. Medical Center furnished a roasted pig. Our chef of choice was our administrator Alan Graham. Everyone had a good time (except the pig).

Our monthly Birthday Party will be held Friday, Sept. 18, 1998, at 3:00 p.m. in the Dining Room. Residents celebrating a birthday this month are Lillie Messer, Myrtle Hay, Wilma Hunt, Dorothy Hall, Letha Denney, Richard Lewis, and Katie Phillips. Katie will be the guest of honor at the birthday celebration. She will turn 100 years old this month. Family and friends are invited to come by on Friday to help celebrate this very special occasion.

Medical Center will have a First Aid tent set up during the Saints' Roost Chuckwagon Cookoff, on

Saturday, September 26, for anyone needing first aid. While doing this community service for our citizens and visitors, our volunteer staff will be accepting donations for a prize, which will be a dinner for two for the correct guess on how many beans are in the jar (or closest guess). These donations will go towards the purchase of an OtoScope to help in the care of our residents.

A memorial donation was made in memory of Mr. R.O. Nelson to begin the fund drive.

Medical Center appreciates Herring National Bank for their donation of Spinoza Bear. This is such an important part of some of our residents daily lives.

Donley County 4-H was well represented at the recent District 1 4-H Council Fall Forum meeting at Amarillo College with eleven youth and adult leaders present. Mark Howard and Shannon Cooper served as county delegates at the council meeting. Receiving recognition at the awards luncheon as outstanding adult leaders were Donley County club managers, Theresa Shelton and Connie Powell.

The Tri-State Fair will provide the opportunity for local 4-Her's to exhibit projects. Uthala Abdullah will be representing the county at the Better Bake Show on Saturday, September 19th. Twelve other 4-Her's will be exhibit-

ing jams, jellies and pies. The following Thursday, September 24th, five 4-Her's will enter their beef projects with the shows taking place on Saturday, September 26th.

Donley County will have a booth at the Tri-State Fair which will showcase agriculture and tourism opportunities provided by the county. This booth is being presented by Clarendon Economic Development Corporation, Clarendon Chamber of Commerce and Donley County Cooperative Extension Service. This is the 75th Anniversary for the Tri-State Fair so be sure to come out and support the event.

LOOKING BACK

15 Years Ago

The Clarendon Press, September 15, 1983
 • In what was supposed to be a very even contest, the Clarendon Bronchos made a roast of the home team by rolling up a 46-0 lopsided victory against Kress' Kangaroos.
 • The 1983 Texas 4-H Dog Show was held August 20, 1983, in San Antonio. Dawn May of Clarendon and her dog, Bear, won first in the Sub Novice division. Michael Moore and his dog, Baron Maxwell Von Schamann, placed fifth in Sub Novice Obedience.

25 Years Ago

The Donley County Leader, September 20, 1973
 • Rehearsals began Tuesday night in the College Auditorium for a Womanless Wedding to be presented next week. Norma Selvidge and Virginia Browder are co-directors of this melodramatic farce.
 • The home of Mrs. Edna Osburn was damaged Saturday night during the heavy wind and rainstorm. Windows were popped and the butt end of a tree limb was ripped from the top of the Cottonwood tree and carried through the back screen door into the back bedroom.

50 Years Ago

The Donley County Leader, September 16, 1948
 • Mrs. Allen Jeffries issued an appeal to the people of Clarendon to give clothing that might not be in use to two particular families of Clarendon. The head of one is an ex-GI and a victim of Tuberculosis.
 • In an announcement in the Leader this week, O.L. Bryant, local Sinclair Service Station operator, announces the opening of the Bryant Motor Co. in the same building which will feature the new Kaiser-Frazer automobiles.

How long has it been since you examined Burton Memorial Library's large print books? Current selections are available through December when they will be exchanged for a new supply through Texas Panhandle Library System.

As always, this section offers a wide variety of these "easy on the eyes" novels. Westerns, mysteries, romance, and biographies, among others, appeal to various reading interests.

Published by Readers Digest Association, Inc., a dual biography consists of portraits of *Henry and Clare Luce* by Ralph G. Martin and *Kon-Tiki: Across the Pacific on a Raft*. The Luces became two of the most influential individual in America. Henry, legendary founder of the *Time-Life* magazine empire, and his famous wife, Clare Boothe Luce, writer, diplomat, and politician, helped shape events of their time.

Kon-Tiki has been called one of the greatest sea narratives of our day. Anthropologist, Thor Heyerdahl, describes his astounding 4,300 mile voyage, with five other courageous men, across the Pacific from Peru on a balsa-log raft with only wind and currents providing physical power.

In another *Readers Digest* great biography, Charles A. Lindbergh recounts "barnstorming days, crack-ups, determination, and ingenuity that led to the world's first solo nonstop transatlantic flight." Struggles, doubts, pain, and passion that contributed to pioneering achievement are revealed.

Western fans are in for a treat with *Ride the Wild Country* by Lee Floren, a story of fictional Dee Bowden,

striving to make an honest living, while wrongly accused of a despicable crime.

Will Cook's *The Rain Tree*, Cameron Judd's *Timber Creek*, Dan Roberts' *Cheyenne Kid*, Pete Dawson's *Run to Goldrock*, Louis L'Amour's *Haunted Mesa*, and *Coyote Wait* by popular Tony Hillerman propose more western excitement with a flavor of suspense.

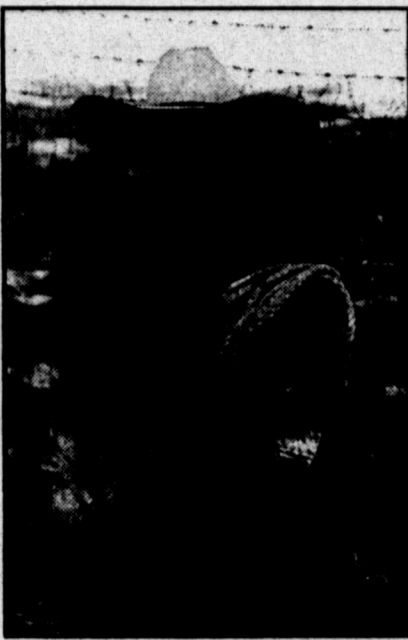

Mystery enthusiasts, if you don't have time for a complete book right now, how about a story or two? Volume 2 of Ross MacDonald's *LeW Archeer, Private Investigator*, a series of short stories, may be just what you're looking for. Of course, who can ignore John Grisham's legal intrigue? *Pelican Brief* has been added to large print editions.

"Chicken Soup" books remain in demand. Jack Canfield and Mark Hansen, once again, compiled 101 heartwarming stories in a third *Serving of Chicken Soup for the Soul*.

The Immigrant's Daughter, depicting heartbreak and romance with political tones, by Howard East, is an inspiring story of an American heroine set against a "fascinating backdrop of modern times."

Enticing selections from Rosamunde Pilcher, Barbara Michaels, Vanessa James, Belva Plain, Lillian Jackson Braun, and other favorite authors are available.

Why not check it out? Congratulations to Clarendon College on its recently celebrated 100th anniversary. STUDENTS: Along with your excellent college library, Burton Memorial Library remains eager to assist you with your academic needs.

Eighth grade Colts pop Firecrackers

The Clarendon 8th grade Colts busted into the new football season with a 20-0 win over the Wellington Firecrackers.

A turnover on downs was all the Colts needed to get the ball rolling. The Colts' first drive of 55 yards was boosted by a 28-yard run by Jacob Mondragon. A one-yard quarterback sneak by Todd Hoeltzel brought the Colts their first touchdown of the season. The extra point failed.

The Colts' second touchdown was scored by Judge Smith on a 65-yard reverse. The extra point was converted by Todd Hoeltzel.

The second half also belonged to the Colts. On the ensuing kick off, Judge Smith ran the ball all the way to the end zone to score the final touchdown of the evening. The extra point failed.

"This year we have some kids who have really grown. They have put in a lot of effort. They are going to be good. They've got a good blend of size and quickness. If they stick with it and learn from week to week they are going to be hard to beat," said Coach Mike Ray.

The Clarendon Kindergarten held their Nursery Rhyme Day on Friday. Students from Mrs. White's class are (front) Kelsey Mullins, Ashlyn Tubbs, Jaqueda Harris, Leah Whitley, Matt Martin, (back) Miranda Miller, Bradley Watson, Brayden Phillips, Danielle Ford, and Chelsea Alaniz.

Donley County 4-H Club elects officers for year

By Sue Church, County FCS agent

On Tuesday, September 8th, Donley County 4-H Club met at the Panhandle Community Services Building to elect officers for upcoming 4-H year. Officers are as follows: Mark Howard, president; Shannon Cooper, 1st vice president; Haley McClellan, 2nd vice president; Candice Hall, secretary; Jacki Grady, reporter; and Chock Grady, historian.

Other business items discussed were the 4-H Recognition Banquet on October 5th, National 4-H Week (October 4-10), and upcoming livestock activities for 4-Her's. 4-Her's were able to sign up for project areas of interest.

The program presented by Mary Jane Bridges, local caterer, showed 4-Her's and parents the appealing ways to prepare and present vegetables.

The next meeting will be Tuesday, December 8, with a program presented by a representative from the Burlington Northern Railroad on railroad safety.

Early Birds Family and Community Education Club met

By Pearl Hermesmeyer, club reporter

Early Birds FCE Club met Wednesday, September 9, at the Panhandle Community Services Building. Trina Gahagan presented the program on the use of rubber stamps. The program "Stamper It Up" was enjoyed by 15 members and guests.

Refreshments were served by the hostess Pearl Hermesmeyer. Attending were members: Mary Jane Smith, Anita Mooring, Sue Dunagan, Lea Tyler, Betty Hester, Maxine Hardin, Francis Dorsey, Carolyn Blackerby, Sue Church and guests, Beverly Alexander, Ann Alexander, Evelyn Mann, Frieda Tucker, Eva Lee Swinney and Connie Powell.

The next meeting will be October 7, 1998. Family and Consumer Science Agent Cynthia Shattles from Ochiltree County will present a program on "Christmas in October." She will show the group how to make a Santa wall hanging. Hostess will be Betty Hester.

JV Broncos expect to bounce back from first loss

With the momentum still going from their previous win, the JV Broncos went into Wellington with high expectations.

The Broncos started out well, moving the ball in for a touchdown on their first drive of 65 yards. Shanon Martin ran the ball 40 yards for the score. And the two-point conversion by G.J. Martindale was good.

After the kickoff the Broncos held the Rockets on fourth down and forced them to punt. But that was the end of

the Broncos' good fortune.

Costly mistakes plagued the JV team for the rest of the game. The Broncos lost five fumbles and had one interception which seemed to take the wind out of their sails. The Wellington Skyrockets capitalized on Bronco errors and won the game 36 - 8.

"I think our kids let down too easy. And when they got down, they couldn't get right back up. If we had scored on two drives that we did well on, I think our enthusiasm would have

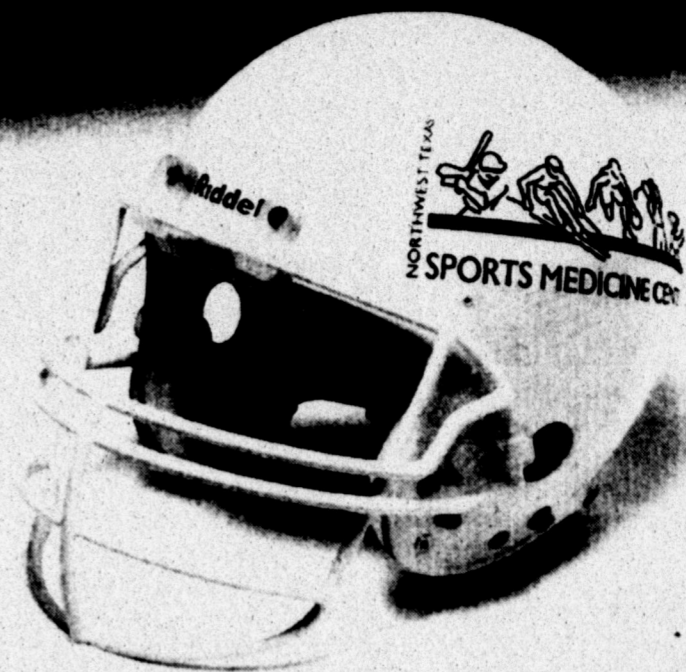

been higher," said Head Coach Mike Ray.

"Once we learn and know that we can come back no matter what the score is, true success will take place."

The JV Broncos will take on the Highland Park Hornets in Clarendon Thursday, September 17, following the 7th and 8th grade games.

Broncos tamed by the Irish, look forward to Stratford on Friday

The luck was definitely with the Shamrock Irish Friday night as the Broncos fell to 0 - 2 in a 41-7 defeat. The Broncos will face Stratford this Friday at 7:30 for the first home game of the season.

Clarendon scored on their first drive of the ball game. A 13-yard pass from quarterback Colt Floyd to Carey Thornberry put the Broncos on the board first. The PAT was converted by Jeff Powell.

"I think the most positive aspect of the game was that we took a punt return from our own four yard line and drove the ball 96 yards. We converted two fourth downs, received no penalties, and we had 17 plays. We held the ball 10:08 of the first quarter," said Head Coach Mark Howard.

On the following kick off, Shamrock's Ty Owens ran the ball 85 yards for the Irish's first touchdown. The two-point conversion by Cole Vinyard was good.

The Broncos started having trouble after that. Inconsistency and fumbles cost the Broncos yardage and downs and gave Shamrock opportunities to score.

"I think our kids know that if we are consistent, don't turn the ball over, or have any mistakes we can move the ball," said Howard.

"Defensively we had a lot of new people in for our injured kids. I think later in the game it came down to tackling and how physical (Shamrock) was."

Clarendon's list of injuries grew

Bronco Boosters holding tail gate cookout Friday

The Bronco Boosters will have a Tail Gate Cookout on Friday, September 18, from 5:00 to 7:00 p.m. at the high school parking lot. They will be serving hamburgers, chips, brownies, and tea.

Tickets may be purchased in advance from any Bronco Booster or Terri Floyd at The Nook. Tickets are \$4.50 in advance or \$5.00 at the gate.

Come enjoy the fun and support the Broncos at their first home game.

CHS Band Boosters to sponsor pile-on supper

Get your tickets to the CHS Band Mexican Pile-On supper to be served on the night of the Homecoming football game - Friday, September 25, at the school cafeteria from 5:00-7:00 p.m. Tickets are \$4.00 for 6th grader to adult and \$3.00 for Kindergarten to 5th grade. You may purchase your tickets from any band member. Tickets may also be purchased at the door for an additional 50 cents.

The public is invited to come and enjoy a delicious dinner and support the CHS Band at the same time.

Bronco Boosters to meet

The Bronco Boosters will be meeting every Tuesday at 7:00 p.m. at the Field House. The public is invited to attend these meetings. The film from Friday's game will be shown.

Seventh grade 'Dirty Dozen' win opener

The 7th grade Colts may be small in number, but not in enthusiasm and guts. The Colts began their football season on a winning note by defeating the Wellington Firecrackers, 46-20.

The Colts' first touchdown run was on a quarterback sneak by Zach Howard to cap off a 53-yard drive. The extra point was good on a run by Dusty Martindale.

After the Firecrackers first score, Dusty Martindale scored on a 50 yard run. The extra point was converted on a Zach Howard run.

On the ensuing kick off, Zach Howard recovered a Wellington fumble on the Colt 35-yard line. The Colts drove in and scored on a Zach Howard to Jeremy Howard pass play. Zach Howard also ran the two-point conversion.

Wellington scored again and kicked off to the Colts. Dusty Martindale returned the kick off for a 65-yard touchdown. Zach Howard again passed to Jeremy Howard for the extra point.

The Colts' next two drives were the result of a fumble recovery and a 40-yard option pitch to Dusty Martindale for touchdowns.

"It was a lot of fun to see them play hard. And even though we made a ton of mistakes, if we can correct one a week, we'll just get better," said Coach Mike Ray.

this past week. Sean Beach, Nickless Devin, Garrett Baines, and Chris Johnsen were added to the injured list. D.J. Edwards is still listed as week to week.

The Broncos will host a good Stratford team this Friday evening.

"(Stratford) has an excellent throwing game. That's mainly what they do. They have a highly skilled quarterback. He is very good at throwing the ball, and he has a good supporting cast," said Coach Howard.

"Defensively we're going to try

to do some things to create pressure up front. We are hoping to make the quarterback throw in a hurry and create heat for him.

"Offensively, we're going to have to do what we've been talking about doing from day one. Stratford has an aggressive defense, but I think we can take advantage of that. But it's going to take consistency on our part as far as execution.

"I think our guys are seeing that it's not so much the other team that stops us all the time, it's that we stop

ourselves. Consistency is still the buzz word of the week," said Howard.

Master Gardener Classes scheduled

by Leon J. Church, County Agent
The Texas Agricultural Extension Service will offer the popular Master Gardener Course with specialists from Texas A&M University, College Station and local specialists in all types of gardening for the Panhandle will be instructors for this two month course.
You must be willing to give back 50 hours community service in gardening areas to become a Master Gardener after you have completed the 48-hour course. Classes will begin on Tuesday, February 23, 1999, and will be held each Tuesday and Thursday evening beginning at 7:00 p.m. at the Agricultural Research and Extension Center located at 6500 Amarillo Blvd. West in Amarillo.

Room is being offered to folks from the surrounding areas to attend this training. Anyone interested in taking this course from Donley County is welcome. The 50 hours of community service can be partially repaid here in Donley County giving talks or answering questions or leading a 4-H club related to gardening.

The course will cover such topics as: Soil, Fruits & Nuts, Shrubs & Trees, Pruning, Water, Vegetable Gardening, Landscape design, Flower Gardening, Turf Management, Plant Identification, Plant Pathology, Entomology, Herbs, etc. Cost of the course is \$70. Applications are due November 1, 1998.

For more details contact Leon Church, Donley County Agent at 874-2141.

Companies joining effort to get donated hay to Texas

AUSTIN — Agriculture Commissioner Rick Perry today announced that Browning Industries, Union Pacific Railroad and Roadway Express have joined a growing list of companies that are hauling hay to drought-stricken areas of the state.

The Texas Department of Agriculture has worked throughout the summer to secure transportation services from the private sector. Companies that have been part of the hay hauling efforts to date include Wal-Mart, Trans World Airlines, BNSF Railroad, Alamo Group of Seguin, Champion Technologies, Hardinger Transfer, and Crossline Carriers.

Since May, Texas ranchers have spent \$325 million in extra feed costs or more than \$3.5 million each day to keep livestock alive during the drought. The state's hay production is expected to drop 51 percent from last year to 5.3 million tons.

Those needing a list of hay suppliers, those who have hay to sell or donate, and those who wish to offer transportation services can contact the Texas Department of Agriculture's Hay Hotline at 1-877-429-1998.

Sharp appointed to WTAMU Development Office

Dr. Kelvin Sharp, West Texas A&M University mathematics instructor and rodeo coach, has been appointed by WTAMU president Russell C. Long to work with the University Development Office on a part-time basis.

Sharp, whose primary focus will be on the area's agricultural community, officially joined the development office on Sept. 1. He will continue to teach three University math classes and coach the rodeo team.

"It has been plain for some time that our director of development, Pat Cathcart, has needed assistance in some particular, special areas, and we're very pleased that Kelvin Sharp will be working with her on a part-time basis," Long said. "He has a demonstrated record of success in generating support for his own programs."

Sharp, who joined the WTAMU faculty in 1995, has been credited with spearheading an effort that accumulated more than \$100,000 in endowments for WTAMU rodeo scholarships. No endowed rodeo scholarship money was available before Sharp arrived at the University.

"I plan to circulate through the Panhandle, visiting WTAMU alumni and friends of the University," Sharp said. "I'm looking forward to meeting new people and to working on behalf of the entire institution, with an emphasis on the agriculture community."

The development office is responsible for institutional development and grants, maintaining contact with corporations, organizations, businesses, alumni, foundations and individuals who might contribute money or valuable property for endowments, scholarships and unrestricted funds.

Sharp, a native of Nebraska, came to WTAMU from Clarendon College, where he taught mathematics and coached rodeo for 10 years. He and his wife, Lissa, who is director of educational services at WTAMU, have a 1-year-old daughter, who took her first horseback ride at 10 days.

In May 1997, Sharp received the WTAMU Foundation Faculty Award.

Local breeders recognized in Angus report

Richard Stotts of Clarendon and Gunboat Mountain Ranch of Clarendon, each own one bull listed in the 1998 Fall Sire Evaluation Report published by the American Angus Association headquartered in St. Joseph, MO. Issued in both the spring and fall, the new report features the latest performance information available on more than 5,527 sires.

"The American Angus Association has the most complete and comprehensive beef cattle database in the

world," says John Crouch, American Angus Association director of performance programs. "Of the sires listed in the main report, 51 percent have expected progeny differences (EPDs) for carcass traits, which should assist cattlemen in choosing genetics that will produce a more consistent, higher quality beef product."

EPDs are generated from performance data submitted by breeders through the Angus Herd Improvement Records (AHIR) program.

Traits in which EPDs are available include birth weight, weaning weight, milk, yearling weight and height, mature daughter weight and height, and scrotal circumference, as well as carcass traits including carcass weight, marbling, rib eye area, external fat thickness, and percent retail product.

The analysis for the sire evaluation report is conducted at Iowa State University, by Dr. Doyle E. Wilson and Dr. Joerg Dudenhorff.

Exchange program welcomes students from over 40 countries

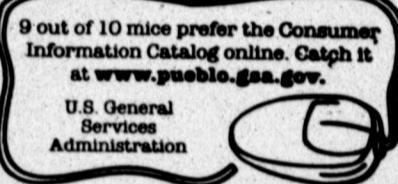

The American Intercultural Student Exchange, a non-profit educational foundation, is seeking local host families for high school foreign exchange students for the 1998-99 school year. AISE's students come from over forty countries world wide, and the program is expanding operations all the time.

Every year, AISE places over two thousand exchange students with loving host families throughout the United States. AISE exchange stu-

dents live with American families and attend local high schools during their ten-month cultural exchange experiences. American host families provide these young ambassadors with a place to sleep, meals, and a family atmosphere in which to live.

AISE students are eager to learn about our government, history, customs, and language while at the same time leaving a lasting impression of their cultures in the minds and hearts of their American host families and

peers. Please call AISE at 1-800-SIBLING or visit the AISE web site at www.sibling.org for more information on hosting a foreign exchange student in your home.

THANK YOU

Friendships are never held so dear as when loss of a loved one reveals their truest meanings. Our beloved mother and grandmother, Bernice, loved life and each of you. To have you return her love to us through your many kindnesses has given us much comfort and a great sense of peace.
 Thank you for your many thoughtful expressions of love through cards of sympathy, words of condolence, beautiful flowers, prayers, visits, and nourishing food. Thank you, too, for the friendship and love you have shared with Bernice and with us.
 May God bless each of you and keep you forever enfolded in His care.

Dear Donley County Landowner:

If you are thinking about making a change on your irrigated quarter or half section and if you think you might be interested in leasing your farm for alfalfa production, give us a call. We are looking for more land to farm in alfalfa.

The land must have excellent water, be shaped for pivot irrigation, be of good soil quality, and have good drainage. We would prefer that it be on pavement and within 10 miles of Clarendon.

If you want to have more income and if you want your farm to look like our farm, Ashtola and if you are willing to commit to a long term arrangement, give us a call at 874-5200. We will be happy to discuss the possibilities with you and keep it confidential.

We look forward to hearing from you.
