The bonds which built the Medical Center now have a balance of about \$40,000 plus \$7,000 interest and will be paid off in January

The board is chiefly concerned about the increasing risks of liability lawsuits.

"We were allowed to have a hospital district and collect taxes to pay for indigent care," said board member Judy Synek. The tax money [about \$220,000 this year] must property owned by the district, however, can first go to pay for indigents, and whatever is left can be used to run the Medical Center, she said. "The solution to moving that away from the taxpayers is to give it back to the

> Sale of the Nursing Home and any be done simply by board action, Synek said. The enabling legislation which created the district does not require them to solicit bids or advertise the sale of the facility, she said.

On Tuesday, the Clarendon Enterprise

A local deliberated the future of the Medical Center would be limited to ten percent of the gross attorney reviewed the law and confirmed that the board can sell the facility without having to get approval from the voters.

Officials with the hospital district say they The options the board is considering are that there was \$12,500 paid in indigent care held one previous special workshop meeting to sell the facility, to lease it, to rent it, or to in fiscal '96-'97. This year the district expects on November 3 to for the purpose of discussing hospital district options. Graham only recalls one citizen turning out for that meeting. He said the board's last regular meeting on November 18 was attended only by employees who "basically had to be there."

About 15 citizens turned up Monday they worried that the quality of care residents receive at the Nursing Home would decline.

"I had my father in a private nursing Board members are looking into the exact home," said J.D. Shanks, who volunteers at the home, "and I can tell you that the facility was not maintained like this one is. That left a bitter taste in my mouth, and I see that possibility happening right here — losing the quality that we have.

> "If we could be assured that the facility is going to be maintained at the same quality level that it is now, then that would be a different picture. But I have some deep concerns about that possibility."

"Quality of care is a reflection of community standards, and ours has always been high," said Mike Butts, who is a local pharmacist. "A corporation would have to maintain that level."

But another local pharmacist disagreed. "Care will change under a private home," said Paul Bivens. "It can be good care, but care will change."

If the Nursing Home were sold and the district dissolved, board members say any proceeds from the sale or money leftover after paying the district's debts would be transferred to Donley County. How it would be used then would depend on how they receive it.

Dissolving the hospital district would also

buyers could do a better job than the district combined efforts of the Donley County could. "They put a squeeze on it and make a Hospital District, the City of Clarendon, and Donley County.

> Welch said that if the Nursing Home were sold, he would recommend the district continue to pay its \$1,300 per month to the Ambulance Authority until such time as the district is dissolved.

'At that point it would be up to the county anything there in my opinion," said board and the city to provide the service," he said. "The way things are going now, I don't know what they'd do."

> The hospital board's next regular meeting will be next Tuesday night, December 16, at 7 p.m. at the Medical Center. Welch says he expects to have one or more proposals to buy the facility to be presented to the board at that

All citizens are encouraged to attend.

#### Santa is coming to town

Late Night Shopping continues this Thursday night with downtown merchants staying open late until 8 p.m.

This week a special visitor from the Artic Circle will be in town.

Santa Claus himself will be here, walking the up and down main street to visit with boys and girls of all ages.

#### U.S. HWY. 287 PROJECT UPDATE

This week residents will see curb and gutter work beginning at the east end of the project according to officials with TxDOT.

Finishing of the base and shooting asphalt prime at the Kearney intersection as well as installing a retaining wall near "Sam Hill" BBQ can also be expected. Work will continue on the concrete culverts.

The contractor expects to begin hauling base at the west end of the projects, and drivers should be alert for crossing truck traffic.

#### Think Before We Sell

A quarter of a century ago, this community was torn in half in a battle to build the Medical Center and create the Donley County Hospital Dis-

Given all the heartache that went into the district's creation, we should not now throw it away lightly.

Currently, the hospital board is considering selling the Medical Center Nursing Home and dissolving the hospital district.

On the face of it, it seems to be simple. We pay hospital taxes, but we have no hospital. The liability risks to the taxpayers of the county are increasing in the realms of indigent care and in light of the litigious society we live in today. The facility is being used as a Nursing Home, and that service might be just as well provided by a private company. Let's just sell it, dissolve the district, and rid ourselves of the taxes and the risks.

But things are rarely so simple.

Let us take time in making this decision. The citizens of Donley County need to know how such a sale will impact the emergency care provided by the Associated Ambulance Authority, how the county will use the money from the sale, and what the risks really are involving keeping or abolishing the hospital district.

What it really comes down to is: What do you think the future holds for Donley County?

Will our population continue to age and decline? Or is there some opportunity for growth here?

At the Monday night's meeting, a grim picture was painted of a county whose population 20 years down the road will be less than what it is today It was a bleak and hopeless view of the future.

Well, if that's the case, we might as well pack it in and call it quits There is no point in wasting our energies on economic development projects or attracting new jobs or improving our schools or even putting a new coal of paint on the house. What does it matter if in a few years the whole place is just going to go right in the crapper anyway?

We disagree with that view. We believe that Donley County can have a bright and prosperous future. But we as citizens have to decide to make it

This week's issue of Time has a cover story reaffirming trends that have been known (although not widely known) for five or six years now Rural America is experiencing a resurgence in population.

People across the country, particularly the middle-class, are fleeing the suburbs for the peace and slower lifestyles of small town America.

The Time article says: "Rural America has enjoyed a net inflow of 2 million Americans this decade — that is, 2 million more people have moved from metropolitan centers to rural areas than have gone the traditional smalltown-to-big-city route.... Thanks to the newcomers, 75% of the nation's rural counties are growing again after years of decline."

This ten-page article in a national magazine should not be ignored Granted many of the "small" towns featured in the article are still seven or eight times the size of Clarendon. However, one of them, North Sioux City, South Dakota, is virtually identical in size. North Sioux City has a population of 2,019 and is the home of a big computer manufacturer. Clarendon's population is 2,067, and our weather is nicer than in North

This county can grow with the right leadership and the right determination. The specifics of how we do this goes beyond the scope of this one

For the here and now, we must ask can Donley County grow? If the answer is yes, then we must ask might we need a hospital sometime? If that answer is also yes, then maybe dissolving our hospital district is not

If we can be successful in growing our population and our economy, then 15 or 20 or 30 years down the road we would already have the hospital district with which to make a hospital. If it is dissolved now however, then we may have to repeat the horrible fight we had in the early 1970s.

In any case and no matter what you believe, the hospital board owes it to the citizens of this county to explain the options. We would like to see another public hearing or two be held on the matter as well to have the matter taken to the citizens for a non-binding referendum. Let the people decide.

We ask the board members not to make any final decisions at next Tuesday's meeting. Take the time to inform the taxpayers of what is at stake. Also, the two vacancies currently on the hospital board should be filled before any decision is made regarding the long-term future or disso-

The next board meeting will be Tuesday, December 16, at 7 p.m. at the Medical Center. Be there to let vour voice be heard.

#### Strong Community Support Needed For Thunder Junction

By Don Stone, Thunder Junction Marketing Chairman

Thunder Junction was conceived as a Western Heritage Park which would benefit the senior citizen organizations in the 26 counties of the Texas Panhandle by passing a percentage of the revenues

The initial feasibility studies were done in 1988-1989 by the Dan Stewart Economic Consulting Services of Santa Monica, CA. Money was raised for this study by enthusiastic local investors. The results were very positive because of strong community support, lake traffic and surrounding county population. A 126-page report was completed in June 1992. The study called for a \$21 million investment.

When progress on the project bogged down, Westwood Enterprises, Inc., secured an issue of stock with a 1,000 share minimum per investor and a total of 35 investors.

offering was used on present facilities. After a long series of delays and difficulties, a second issue has been secured by filing with the Small Corporation Offering Registration (SCOR) of the State Securities Commission. With the aid of a Fort Worth broker, a minimum of \$365,000 and a maximum of \$1.2 million has been registered. All money is being kept in an escrow fund in a bank. If the minimum is not raised, all the money will be returned to the share holders.

If the minimum is reached, two 50' x 100' buildings will be erected and completed, insurance will be purchased, sewer and water secured, landing pool completed for waterslide, paved walkway and decks will be constructed, and an amphitheater complete with stage, lighting, and sound will be

If the maximum of an additional \$925,000 is The money generated by the first stock raised, the debt on the waterside can be retired;

midway games and kiddie play elements added; bumper boats and pool, parking and service areas provided; an additional all purpose building and batting cages can be built; landscaping can be done; miniature golf and oil derrick slides can be added; and capital for advertising (\$50,000) and operating (\$127,000) can be provided for.

The goals are good. The plans are realistic. The scale is smaller than the original dream but more practical and reachable.

What is needed more than anything else is Strong Community Support. We need local investors and popular enthusiasm. We need to generate excitement. Talk it up, pray for it, invest in it...and it will happen.

So when talk turns to the issue of climate change, we listen. what we're hearing or seeing, especially as the United Nations meets in Kyoto, Japan, Dec. 1-10 to sign an agreement to reduce greenhouse gas - experts say are causing global climate change.

In the last decade or so, there's been considerable debate about whether or not greenhouse gases (such as carbon dioxide, nitrous oxide, and methane) are contributing to increases in average global temperatures and adverse changes in the world's climate. There's considerable evidence on both sides of the question and many different views about what to do about the problem, if it indeed exists.

World leaders have been grappling with this scientific debate for years. In 1992, the US and other nations signed the Rio Treaty that called to limit greenhouse gases. However, last year negotiators changed course and embraced "legally enforceable, binding targets" for greenhouse gas reductions. · For many years, there has been numerous complaints by out of town visitors and many local residents in regard to there being no street markers in Clarendon. These complaints are to be answered and solved in the near future as the local Lions Club is sponsoring a movement to place street markers all over the city, starting on 2nd and 3rd streets. The markers will be of reinforced concrete and the street number or name will be engraved on the marker where it will last indefinitely. Residents along each street will be expected to contribute what they can toward the markers.

Wildlife's Christmas Treasury (and it is) promises to intrigue nature loving readers. Many people at National Wildlife Federation plus editors of National Wildlife, International Wildlife, and Ranger Rick Nature magazines cooperated in preparing this remarkable book. The outstanding photography and unusual illustrations complement a creatively written text into which readers are drawn as if it were a favorite story

Winter secrets of wildlife, birds of Christmas, snow fantasies, living ornaments, and year around "friends" are only samples of marvelous discoveries within the publication's pages.

As you take a "Christmas hike" across the country, various authors make it possible to vicariously experience the first winter storm with the movie. How about this wonderful red fox, meadowlark, and chipmunk. You'll discover how birds and beasts designed to cope with the elements, how lovely snow birds survive freezing night temperatures of 5° below zero, what it means to be "snow free." #### Lady Bulldogs end semester undefeated

Bulldogs wrapped up their semester with an unblemished 9-0 record with four consecutive wins before the off of a week of not playing and not holiday break.

The Lady Bulldogs coasted by Oklahoma Christian University's Junior Varsity squad in Edmond, Okla., Monday to the tune of 78-52.

"It was another type of game where we were able to play a lot of kids," head coach Joel Zehr said. "They are a walk-on program, and they moved down four varsity kids. The kids got at least four minutes in the game. It was a good one before the break."

Scorers were Andrea Watson, 23; Hopkins, 9.

games before the break with a 69-48 thrashing of Phillips University Dec 1 in Clarendon.

The Clarendon College Lady despite a sluggish start, Zehr said.

"It was a well-rounded game. I think it was because we were coming practicing because of the holiday break. Mentally, we struggled."

Scoring for the Lady Bulldogs were Flores, 20; Watson, 16; Kirl Neptune, 7; and Korey Knorpp, 7.

Clarendon got its first big taste of the WJCAC Friday during the opening classic action with a 71-41 win round of the Clarendon College Coca-Cola Classic when the Lady Bulldogs met conference foe Odessa College.

"We played really well in the first half," Zehr said. Clarendon had an 18point lead in the first half and Odessa Maxie Flores, 16; and Veronica College cut the lead to 12 at halftime. With 6:00 remaining in the

CC won that contest 68-51.

Clarendon started off their four contest, Odessa College reduced the Clarendon lead to six points. "We got sluggish, but I had told

the girls that this was something we The Lady Bulldogs led at halftime could gauge in the second semester

when we enter the conference. If you can win this one, this will set the stage for the second semester.'

Key to the win was Watson of Kiston, Jamaica, who had 25 points and 16 rebounds; and Neptune who also had double-double with 16 points and 12 rebounds. Flores had 17

The Lady Bulldogs rounded up Saturday over the University of Chihuahua-Juarez.

"It took forever for us to get a rhythm," Zehr said. "We played a lot of kids to see who could get the team going. We were up nine or 10 at halftime and then really came out and played well in the second half."

Scorers were Neptune, 20; Watson, 18; Flores, 9; and Stephanie Miller, 8.

The Lady Bulldogs go on break until Jan. 2 when they travel to Odessa for a non-conference game.

# General Information

#### **ACCREDITATION**

Clarendon College is approved and accredited by The Commission on Colleges of the Southern Association of Colleges and Schools Toward Associate in Arts, Associate in Science and Associate in Applied Science Degrees; The Texas Higher Education Coordinating Board; The State Board of Vocational Nurse Examiners and appropriate professional accreditation. For a complete listing of affiliations, refer to The Clarendon College Centennial Edition Catalog.

#### DROP/ADD POLICY

Students desiring to make schedule changes after their initial registration each semester must do so during the designated "Drop and Add" period as scheduled in the calendar of events in both this schedule and the college catalog. Students will be required to pay tuition and fees applicable to any class(es) added to the schedule, as well as a \$5 drop/add fee per schedule change.

A student who drops a course after the first 12 class days of instruction will receive a grade of W. No classes may be dropped after the 14th week of a Fall or Spring term. To drop a class, the student must obtain the written consent of the instructor. Drop forms are available in the Registrar's Office.

#### **CLASSIFICATION INFORMATION**

Students enrolled at Clarendon College may be classified in the following

FRESHMAN 0-29 hours earned

SOPHOMORE 30 or more hours earned

FULL-TIME Enrollment in 12 or more hours in a semester

PART-TIME Enrollment of less than 12 hours in a semester

#### COLLEGE BOOKSTORE

Located in the Bairfield Activity Center, the college bookstore is open during registration periods and at each semester's end for book buy-back. Textbooks are bought back-at the Clarendon and Pampa Center only during the final exam week of each semester.

#### **EQUAL OPPORTUNITY INSTITUTION**

Clarendon College offers all of its educational opportunities and extracurricular advantages to students without regard to race, creed, color, national origin, sex, age or handicap, except where sex, age or handicap is a bona fide occupational qualification.

#### FINAL EXAMINATIONS

A final examination is required for each course. Final examinations may not be given earlier than the time for which they have been officially scheduled. A final examination schedule is posted a minimum of three weeks in advance of the date of the first exam administered and/or announced by instructors administering the test.

#### FINANCIAL ASSISTANCE

Clarendon College offers scholarships, grants and work-study opportunities. Low-interest student loans, such as the Federal Stafford Student Loan, requires a recommendation by the Financial Aid Officer and an application made to the student's lending institution.

To apply for financial assistance, request a free application for Federal Student Aid from Clarendon College. After completing the form, mail to the address listed on the envelope. In 4-6 weeks, a Student Aid Report (SAR) will be sent to you. Submit your SAR and a signed copy of your or your parents' most recent federal income tax return. Financial aid is distributed on an individual basis, with the highest priority being given to students with the greatest financial need.

Scholarship applications are available by contacting the Admissions Office. The deadline for scholarship applications is May 1. Please refer to the college catalog for a complete listing of available scholarships.

#### LIBRARY

The library provides opportunities for study, research, recreational reading, listening and viewing educational materials. More than 20,000 books, as well as, journals, magazines, microfiche and non-print items are available. Interlibrary loan is available to all patrons. The library is located in the Administration Building.

#### MISSION STATEMENT

Clarendon College is a comprehensive community college committed to providing equal access to opportunities that assist in the holistic development of its constituents and community. In pursuit of that mission, the college provides academic transfer programs, workforce education courses, continuing education/community service courses, and diverse cultural enrichment opportunities.

#### PAMPA CENTER

Clarendon College Pampa Center was established Dec. 1, 1978. The
Center is housed in the former Houston Elementary School, located at 900 N.
Frost in Pampa. In conjunction with the Pampa Center Foundation, Clarendon
College is planning to open a new \$4.3 million Pampa Center before the year
2000. The new center will provide students with a modern, multi-purpose facility
that will enable the college to offer greater education opportunities to its
constituents. Plans call for the center to be owned by the Pampa Center
Foundation and leased to the college on a long-term basis.

#### SENIOR CITIZENS POLICY

Any Donley County residents who are 65 years or older, may audit classes without paying tuition. This does not exempt senior citizens from paying all usual and customary fees paid by all registered students attending Clarendon College. Tuition-exempt students may audit a class on a space available basis. Senior citizens who desire to earn transferable credit for courses must pay all regular tuition and fee changes and meet all admission requirements.

#### SERVICEMEMBERS OPPORTUNITY COLLEGE (SOC)

A member of the Servicemembers
Opportunity Colleges (SOC), Clarendon College
provides post-secondary education to members
of the military throughout the world. Clarendon
College recognizes the unique nature of the
military lifestyle and is committed to easing the
transfer of relevant course credits, providing
flexible academic residency requirements and
crediting learning from appropriate military
training and experiences.

#### STUDENT EDUCATION RECORDS

In compliance with the Texas "Open Records" Act and the Buckley Amendment (Public Law 93-579), Clarendon College will consider the following information to be "public or directory information" unless the individual student or employee advises the Dean of Instruction in writing that his/her name should not be included or released as public information: Name, Date and Place of Birth, Major and Minor, Current Class Schedule, Number of Hours Enrolled for Current Semester, Classification, Marital Status, Dates of Attendance, Participation in Officially Recognized Activities and Sports, Weights and Heights of Members of Athletic Teams, Degrees and Awards Received, and All Previous Educational Agencies/Institutions Attended.

#### STUDENT LOAD

The recommended regular load of a student is 15-18 credit hours. Any student desiring to take more than 18 credit hours in a Fall or Spring semester must receive written authorization from the Dean of Instruction.

#### TRANSCRIPTS

A copy of the student's permanent record (transcript) is available from the Registrar's Office, only by written authorization by the student. Fee is \$2. All financial obligations to the college must be met in full before a transcript will be issued.

# Admission-Policies

larendon College has an "open-door" admissions policy, which means it accepts all applicants who can be expected to benefit from its programs.

As a comprehensive community college, Clarendon College offers many programs designed to meet the needs of students according to their backgrounds and interests. With limited exceptions, a student must be a graduate of an accredited high school or have a GED. Nongraduates who are at least 18 years old may be admitted on individual approval provided if it is determined through assessment that they have the ability to benefit from their program. Any individual admitted by individual approval by the Registrar will automatically be placed on academic probation, and must achieve a minimum grade point average of 2.0 in the first 12 credit hours of coursework to be eligible for continued enrollment.

Applicants for certain workforce programs may be required to submit to personal interviews, and/or proficiency examinations and/or physical examinations as conditions for eligibility for admission to the respective program. Residency

Clarendon College is required by State Law to determine the residency status for tuition purposes of all students. All new students must provide substantiating documentation to affirm their residence and sign an Oath of Residency. Residency is determined either by a student's current address or the address of a parent or legal guardian if the student is being claimed as their dependent for federal income tax purposes. It is the responsibility of the student to register under the correct residence classification.

#### 1. In-District Residence

A student who has been a legal resident of the State of Texas and has resided in Donley County six (6) months immediately preceding registration at Clarendon College.

A student who has moved to Texas from another states, but has been a documented resident of Donley County for the 12 months immediately preceding registration at Clarendon College.

A student who can present to the college a

copy of the receipt of payment of Donley County ad valorem taxes for the current or preceding tax year. In case of an independent student, the taxes must have been paid by the student. In the case of a dependent student, the applicant may use the tax receipt of a parent or guardian.

#### 2. Out-of-District

A student who is a legal resident of Texas, but who resides outside the Clarendon College District. Students classified as out-of-district will continue to be so during the time they remain in school for consecutive academic years. However, any student who continuously resides in Donley County for a 12-month period without attending school may be reclassified by the Dean of Students as an in-district-student.

#### 3. Out-of-State Residence

A student less than 18-years of age or is a dependent and whose family resides in another state or has not resided in Texas for the 12 months immediately preceding registration.

# Tuition and Fees

In-District \$16/per credit hour (\$48 minimum) Out-Of-District \$18/per credit hour (\$54 minimum) Out-of-State

\$200 plus \$20 per credit hour (above 11 hours)

Required Fees - Clarendon Campus
Building Use Fee \$40
Activity Fee (Fall & Spring semesters) \$65
Library Fee \$15
Technology Fee \$2/per credit hour

Required Fees - Pampa Center

Building Use Fee \$40
Library Fee \$15
Off-Campus Fee \$35/per course
Technology Fee \$2/per credit hour

Required Fees - Other Off-Campus Sites
Off Campus Fee \$50/per course

Students taking courses at more than one campus/center must pay all fees associated with that site, per the above schedules, irrespective of the number of courses being taken at any given site. However, there will be no duplication of fees. i.e., building use fee, library fee.

All tuition, fees, charges for room and board, and other educational costs are due by the final day of general registration in each semester.

For payment of room and board, students may opt for a "payout" plan to be arranged through the Business Office. Students opting for the "payout" plan may elect to pay for their room and board charges on an installment basis, making a mandatory down payment of at least of the total charges for their room and board by the final day of general registration, then paying out the balance owed. A 20 percent charge is assessed on the original balance owed.

#### Refund Policy

Any student officially withdrawing during a semester through written request to the Dean of Students, or is withdrawn by the college because of failure to comply with a condition upon which the enrollment was approved, may receive a refund of all tuition and mandatory fees in accordance with the following schedule:

FALL AND SPRING SEMESTERS

Prior to the first class day 100%
During the first 15 class days 70%
During the 16th - 20th class days 25%
After the 20th class day NONE

NOTE: The count of class days begins on the first day that classes are held in the term and thereafter includes each calendar day on which classes are normally taught.

#### REFUNDS ARE NOT AUTOMATIC!

A student eligible for any kind of refund should request it at the time of withdrawal or program change by filling out the proper forms. No refund can be made until the third week of classes, so to allow time for all checks to clear the banks. Some refunds may not be made until the end of the semester. Processing of all refunds for the Fall and Spring often requires as much as eight weeks. Refunds to students are reduced by any amount owed to the College. The college reserves the right to make no refunds to students suspended or expelled from the institution.

\*\*Tuition and fees paid directly to the institution by a sponsor, donor or scholarship shall be refunded to be source rather than directly to the student.

Even in snowy weather, Clarendon College students are busy with activities. Sledding down Clarendon College's famous hills is a favorite campus pastime for students and even local residents.

# Out Of AFRIA

It's a long trip from Nairobi, Kenya, to Clarendon, Texas.

Freshman
Daniel Owiti is
a stranger in a
new land and
tells about life
in America
and Kenya.

ow does someone from Nairobi, Kenya, end up in Clarendon,
Texas? That is just one of the many questions that Daniel Owiti is
asked each week. Known as "Owiti" by his campus friends, Daniel
is attending Clarendon College and is a member of the 'Battlin' Bulldog' basketball team.

At 6'6", Owiti was recruited to play forward guard for Clarendon College's Battlin' Bulldogs. However, a pre-season foot accident will keep Owiti red-shirted for the entire season. Owiti may not be on the court this season, but can be seen cheering-on the team from the sidelines.

Daniel learned about Clarendon College from his sister who attends an university in Oklahoma. Living in Clarendon and the United States has been a wonderful experience, according to Owiti.

"Americans have many more freedoms than those of us who live in Kenya," he said. "Dating is especially different here."

In Kenya, young adults can not date until they turn 18. More than half of all marriages in Kenya are still arranged by the parents, according to Owiti. He admits that he is not arranged, but still has not dated that much.

Activities for teenagers is also very different in Kenya. Since dating is not widely recognized, sometimes guys and girls will meet for a picnic. As a group, the teens can socialize and enjoy each other's company.

Daniel plans to finish his first two years of college at Clarendon College, and then transfer to a large, university. "I hope to stay in America and finish my college education," he said.

"I eventually want to go back to Kenya and teach people in the villages about America and how to speak English," he said.

English, with a Texas-twist, has been an experience to Owiti. He admits that Texans are often hard-to-understand, and their regional slang and meanings are many times confusing.

Being more than 2,000 miles from hard has been hard on Daniel's close relationship with his family. He keeps in touch via mail and two phone calls a month. Keeping up-to-date through letters is slow and tedious. Delivery of mail to Kenya takes a little over two weeks. As a result, it takes almost a month for Daniel to receive news back from his parents.

"With my sister living in Weatherford, Oklahoma, I am able to beat my homesickness by talking to her on the phone at least four times a week," Owiti said, Daniel's sister is also a basketball standout, playing for Southwestern Oklahoma State University.

Daniel is just one of the foreign students attending Clarendon College this year. Countries such as Canada, Japan, Thailand, Bulgaria,

France, Jamaica and Trinidad and nine others are all represented on the campus of Clarendon College.

He keeps the crowd cheering with his crazy antics But, did you know that the HE is really a SHE? A tale of being the CC mascot, in her own words.

# Bulldog

September 2

I've never been a school mascot before, so I'm kind of nervous about the first game. Everybody thinks that I'll be a great mascot. Back home in Wichita Falls, everybody asks me what the mascot is and I tell them it's a bulldog. Their response -"Your a dog?!"

September 10

I've gotten to do a lot of fun things since I'm the bulldog. Tonight I got to walk around the annual Organizations Fair. That was the first time I got to wear the suit. I didn't know the suit had a little stubby tail. I kept thinking that folks were playing with my rear. It was fun, except that people who didn't know who I was kept trying to take my head off. They didn't realize that the mascot head is attached via a strap to my chin. So, ya'll do me a favor and leave my head alone!!'

Halloween, October 31

Our first game was tonight. With it being Halloween, I didn't have to worry about a costume. The team lost, but the night was a blast. I kept running into bleachers and the walls, though. Not sure on what to do during the game. Do I just stand by or jump around and distract the fans? I'm sure I'll get better as the season

November 6

Wearing the suit is not as easy as everyone thinks. I'm always drenched with sweat during and after the games. I bet I lose a few pounds each week! When you come to a Bulldogs game, make sure you come by and say Hi. But, do me a favor and leave my head alone!

#### **GRADUATION...IT'S A GLORIOUS WORD** A CC SOPHOMORE SHARES HER EXPERIENCES

wo years ago, my main concerns were prom, state tournaments, finals, senior trip and where to go to college. Does this sound familiar to anyone? Now, my thoughts are concentrated on graduating. It's a little different this time around, though!

Personally, all of those memories don't seem so long ago, but they don't compare to my two years at CC. I first heard about CC from a family friend, who told me abou the town and the college judging teams. Clarendon, Texas, seemed like a long way from my east Tennessee home, but my Dad and I made the trip west to visit the campus. I met various branches of administration, teachers and students. Everyone was friendly and seemed to genuinely care about the college. It didn't take me long to realize that this was the place for me!

After moving many miles to Clarendon, I soon realized the major advantages that I was receiving by coming to school here. All of my classes were small and I knew the teachers, and they knew me.

Growing up I always heard that it takes all kinds of people to make the

world work. This phrase now reminds me of Clarendon College and its upcoming 100th birthday. It has taken students, and now alumni, to make Clarendon College the special place that it is. This diversity, yet closeness, among those at Clarendon College, is another life preparation tool for our days yet to come.

During the last two years, I have sat through countless hours of lectures, labs, judging practices and organizational meetings and events. Now as everything is winding down, sophomores are beginning to concentrate on checking hours, sending transcripts and deciding where to continue their education. This time the decision is much more difficult. because my decisions will determine my job future.

With my recent trip home, I got to listen to my high school friends complain about their 1,500-person math and chemistry college classes. Can you imagine? I got to boost about my 12 person chemistry class and how the teacher was willing to help me anytime. They all said I was lucky, and you know what, I am!! Good things do come in small packages.

I'm glad that I chose Clarendon College. I'll always remember my two years, and one hot summer living in this great town. Clarendon College is the heart of this panhandle community, and is growing right along with the town. I treasure the people that I have met and the teachers who were always so caring and willing to help at any hour. Now I say 'So long Clarendon

# Clarendon College

As seen from the air, Clarendon College is proud of its beautiful campus. Situated on 30 acres, the college is home to students from more than 15 states and 14 countries. All classes are within five minutes walking distance from any of the four residence halls. The Clarendon College campus is easily accessed by U.S. Hwy. 287.

# Campus Tours

Take a day to check-out the campus, meet with faculty and visit with students. At Clarendon College we invite you to come spend the day with us!

When you call and schedule a Clarendon College visit, we can arrange for you to meet with Financial Aid staff. More than 70 percent of CC students receive some type of assistance, from scholarships and grants to loans. Remember, when meeting with Financial Aid about assistance, you need to bring copies of both you and your parent's 1997 federal income tax statements. A little prior planning will save you a lot of time later on!

Make plans now to visit Clarendon College. Through a campus visit you are able to meet instructors and students, check-out the classrooms and residence halls and see the sites of our beautiful campus. Plus, you will receive personal assistance when it comes to completing admissions, scholarship and financial aid applications.

By calling ahead, we can arrange for you to sit in on a class in your potential college major, tryout for choir, band, theatre and cheerleading scholarships, and even stay overnight in one of CC's residence halls. Plus, if you are interested in collegiate athletics we can arrange for you to meet with the CC coaching staff.

Scheduling a Clarendon College campus visit is easy. Just call the Admissions Office at 1-800-687-9737 and tell us the time and date of your arrival. This planning ahead will guarantee that we are able to meet your needs - whether it be arranging for you to sit in on a Fine Arts class, visit with one of our coaches or even to eat in our Dining Hall.

Students with reservations usually tour with one of Clarendon College's Student Ambassadors. These outstanding men and women represent a wide variety of backgrounds, organizations and clubs. By touring with an Ambassador, you'll find out about the college from a student's perspective. Ask the Ambassadors about campus food, residence hall life, academics and social activities. Remember, they 've been here and done that!

Clarendon College's Student Ambassadors are here for you! Tour campus with an Ambassador and hear a student's perspective about academic and campus life at Clarendon College.
