## Bronchos To Meet Claude Mustangs On Local Gridiron Friday Night

The Clarendon Bronchos will play their first home game here Friday night against the Claude Mustangs. This promises to be one of the best games of the entire season as a friendly rivalry situation has been built up within the past few years and the Bronchos will be very mindful of the drubbing the Mustangs handed them last year.

BOBBY DEL RIO

The Mustangs have been reported to have only 13 boys out this year but they carry lots of weight and are plenty rugged. They defeated Lakeview 21 to 6 last Friday night while the Bronchos were defeating Groom 12 to 0. You can't tell much by scores of previous games, so this one will most likely be settled Friday night with the team winning that has the most determination and the Bronchos feel that they will have what it will take to win. Local fans can feel assured that they will be in there putting out their very best.

Coach Moore reports the boys in good spirit for the game and in good physical shape outside of two players that may not be able to see action Friday night due to injuries. They are Fred Clifford and David Lane.

The probable starting line-up for the Bronchos will be Ronny Martin, Fred Clifford, Howard Hensley, Jimmy Lamberth, Delma Graham, Bobby Wilson, Don Landers, Hubert Kidd, Glenn Wallace, David Lane, Broadus Spivey, Bill Dale Hill, Bobby Philley, Bobby Johnson, Max Johnson, and Bobby Cosper.

The probable starting line-up for the Mustangs will be Joe Caldwell, Reynold Skeeton, Lester Crow, Lar Ren Gain, Charles Cobb, Paul Rutherford, Jack Edleman, Edward Stephenson, Don Rutherford, Ray Thompson, Richard Reedley, Jimmy Wood and Ronald Byrd.

Coach Ray Moore announced that season tickets were now on sale at Bob Moss Pharmacy, Gordon's Hardware and Juniors Food Market. The cost is \$5.50 for six home games, giving the purchaser a 50c saving as well as not being bothered about tickets for the remainder of the season.

The Broncho Mothers will be making the rounds at the game in order to give everyone an opportunity to take home a delicious cake and everyone is reminded too, that the Band Parents stand will be open as usual with hot dogs, coffee, cold drinks, etc., so bring along a thirsty appetite. Everyone is urged to be out Friday night and get behind the Bronchos. Game time has been set for 8 p. m.

## Jaycees To Sponsor Broom Sale

In an effort to raise funds for a College Recreation Room, the Clarendon Junior Chamber of Commerce is getting all set for a city-wide broom sale.

Butch Lane, Chairman of the drive, announces that they have plenty of good brooms and plan on making a house-to-house canvass in the very near future. He also states that this broom is a good \$2.00 value which they intend to sacrifice for only \$1.98 in an effort to build a volume.

The funds raised through this sale will be used to help furnish a Recreation Room for the students of Clarendon Junior College. These students need some place to go for entertainment during their "off periods", so let's help the Jaycees help our students when they knock on your door—buy a broom.

## Local Schools To Dismiss Monday For Amarillo Fair

It has been announced that all public schools will be turned out here Monday for the Tri-State Fair at Amarillo. This is being done so that all youngsters that so desire, may attend the fair and it will lessen absenteeism the remainder of the week.

## Renown Accordionist To Appear Sept. 24th At Methodist Church

Bobby Del Rio, one of the country's foremost accordionists, will be the guest radio artist to appear at the First Methodist Church on Thursday evening, Sept. 24th at 8:00 p. m., in the interest of our hospitalized veterans.

Mr. Del Rio is a veteran showman, as well as a veteran of World War II. He was in the first unit to reach the front in the Pacific and has entertained our fighting men all over the world. He was wounded in one of the early uprisings in Korea and was told by doctors that he would never be able to play the accordion again. However, he miraculously recovered; this Mr. Del Rio attributes to the power of prayer. For this reason Bobby Del Rio has received much of his own career to reach these wounded veterans with clean, wholesome entertainment and with his Christian testimony.

The coast to coast radio program "Cavalcade of America" presented a complete evening program about his life and experiences.

This man is a truly great artist and is using his talent to serve God and his fellowman! Homer Rodeheaver calls him "The World's Greatest Sacred Accordionist."

Hear and meet Bobby Del Rio in person. Everyone is invited to attend and the admission is free.

## Rev. O. C. Curtiss To Fill Pulpit at Calvary Baptist Church Sun.

Rev. Curtiss is a very forceful speaker and it will be to your credit to hear him. Every one is invited to attend these services.

The Pastor, Rev. Phillips, is away in a meeting in Plainville, Kansas, but will be back in his pulpit for the services Sunday, September 27th.

## Bronchos Defeat Groom, 12 to 0

The Clarendon Bronchos journeyed to Groom last Friday night for their first game of the season and came out victors 12-0. The Bronchos had a little hard luck or the score would have been larger.

The Bronchos looked pretty good in this opening game but "inexperience jitters" were evident throughout the game. The Broncho line and defensive crew showed up much better than had been anticipated. The line showed lots of spirit, charging thru to mess up practically every play called by the Groom Tigers.

The Bronchos scored their first TD the first play of the 2nd quarter with Max Johnson going over from about the 2 yard line (it was hard to see thru all the dust from the sideline). The next score came in the third period when Bobby Philley drove thru center for about the same distance and the tally. The boys in the backfield were given plenty of support by a fast charging line throughout the game. One of the outstanding plays of the game was when Ronnie Martin intercepted a Tiger pass and ran 60 yards for a TD but the tally was nullified by a clipping penalty.

## Mary K. Riley Heads Legion Auxiliary Membership Drive

Essie Putman, President of the Clark-Brock Post 126, American Legion Auxiliary, has announced the appointment of Mary Kay Riley to head the 1954 membership drive for the Auxiliary. Other members to serve on the committee will be named by the chairman. The drive is already underway, and the renewing members are responding nicely.

The President points out that if you are the wife, mother, sister or daughter of a member of the American Legion, you are entitled to membership in the Auxiliary. A nominal annual membership fee of \$2.00, enrolls you in an organization that is dedicated to service to the veteran, his dependents, the community, State and Nation. The local Auxiliary meets on the first and third Tuesday evenings of each month in the American Legion Hall. In order for you to understand the program, it is important that you attend these regular meetings; however, in the event you are unable to do so, your membership will help to carry on a program that is needed more and more every day and becoming more and more demanding of our time and efforts.

It is utterly impossible for the membership committee to contact everyone personally; consequently, don't wait to be asked, but make it your business to see them, and at the same time keeping in mind that there will be no crown of jewels to reward your efforts; only the self satisfaction of knowing you had a hand in easing the burdens of the disabled veterans whose problems didn't end with the signing of any peace treaty.

Plans have been made for a really big celebration on that date with activities lasting from early morning 'til late that night. The program for the day is now complete and it includes a Quarter Horse Show beginning at 10:00 A. M., with five classes of mares and seven classes of stallions. Cash prizes and trophies will be given for 1st, 2nd, and 3rd place winners in each class and Pat says he is expecting a large number of entries from all over the Panhandle.

The Horse Races will take place Saturday afternoon, beginning at 2:00 o'clock at the Rodeo Grounds. There will be six matched races plus a Kid Pony Race on a quarter mile straightaway track with four starting gates. You horsemen bring your horses and Pat will get them matched. Admission will be \$1.00 per person.

From 6:00 to 8:00 P. M. at the Clarendon Lions Club Hall there will be a big barbecue cooked by H. M. (Flip) Breedlove, the Barbecue King. Advance tickets are now on sale for this big feed at Lane & McCully Insurance, Thompson Brothers Hardware and Skeltons Clothing Store. The price is only \$1.00 and that is a bargain for a Breedlove Barbecue with all the trimmings.

Curt Marchbanks and his Palo Duro Playboys will play for the dance at the American Legion Hall beginning at 9:00 P. M. Admission will be \$1.00 per person for a full evening of good music and good dancing.

Mr. Slavin states that the local Clark-Brock Post is going all-out to make American Legion Day in Clarendon and this celebration something to remember, so make your plans now to attend all of these events and give the out-of-town folks a big welcome. That's Saturday, September 26, 1953.

**Parent - Teacher Talk**

—Reporter—

The first regular meeting of the PTA is scheduled for this afternoon at 3 o'clock in the Jr. High School auditorium, to be followed by an informal get acquainted "Coke" session in the lunchroom. The executive board decided at a meeting last spring that all of the PTA meetings this year should be marked with more informality and friendliness. Mrs. Neece, the president, is hoping this will help the mothers to loosen their vocal chords enough that there will be discussion and questions from the floor every now and then. If you remember the meetings last year, you know it was hard at times even to get someone to second a motion. And that bell that rang so long and so loud in the middle

of every meeting has been fixed, at last.

At the first "Treat Day", Mrs. Todd's room came forth with enough food to clinch over six dollars for her room, an equal amount going to the PTA. And only eight mothers were represented. The treats were sold long before the junior high children got out of the lunchroom. Think what would happen if just half the mothers in a room would send treats. Pop-corn balls still seem to be the best seller, and what could be cheaper to make?

Miss Mongole's fourth graders have charge of the treats next Tuesday.

Mrs. Aten and her lunchroom helpers are feeding over 260 children each day—about one hundred a day over previous September. Could be the new low price.

This has nothing to do with PTA—just with parents and one teacher: Mr. Gaines, the new band director for the high school, has brought a lot of enthusiasm and ambition to his new job. His plans for starting a band, composed of fourth, fifth, and sixth graders, started off with a test to determine each child's natural musical ability—his sense of rhythm, harmony, tone, etc. The children responded to these tests with typical interest and excitement. One hundred and twenty-five gave an enthusiastic "yes" in answer to the question, "Would you like to play in the band?"

Go what happens? At a meeting last Wednesday evening for interested parents, fifteen put in an appearance. Where were all the others? The only expense involved would be for an instrument—and for a three month trial period an instrument could be rented for as little as five dollars a month. Maybe last Wednesday was just an off night. Maybe

more parents of those one hundred and twenty-five would-be bandsters will show up for the meeting tonight to see a display of new and used instruments and to discuss the results of their child's test with the band director. This young band is Mr. Gaines' insurance for a bigger and better Senior High School band in a few years.

backs of infested cattle and should be repeated at 30-day intervals as long as necessary," he points out.

Grubs appear as early as August 1st in South Texas and as late as November 1-15 in North Texas.

**Attack Cattle Grubs While In Hide**

AUSTIN—The best way to control cattle grubs is to attack them while they are in the hide of an animal, William J. Sheffield, University of Texas specialist in animal-health pharmacy, reports.

Cattle grubs—also called "woolies" or "warbles"—are the maggot stage of heel flies. The U. S. Department of Agriculture estimates grubs cause an annual loss of \$50,000,000 to \$100,000,000.

Preventive measures so far have been ineffective or impractical, Sheffield writes in the current issue of The Texas Druggist. However, systematic destruction each year of all grubs in the backs of cattle will prevent the pests' multiplying.

In areas where cattle may be examined and treated systematically, grubs may be reduced to a great extent in two or three years, Sheffield says.

Treatments recommended are squeezing the grubs out of an animal's back by hand, and applying rotenone, benzene or iodine ointment. Rotenone is especially effective in treating large cattle herds because it can be applied by the dip method or by spraying, Sheffield declares.

"Treatment for cattle grubs should be started before the first grubs begin to drop from the

**You're "sitting pretty" behind the wheel**

**You can see all around**

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

**You get more power on less gas**

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide\* models, you get the most powerful engine in

Chevrolet's field — the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrifty-King" engine.

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet.

One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

**And it's the lowest-priced line**  
A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

## MISS ESTLACK HONOREE AT SHOWER

Miss Barbara Estlack, bride-elect of Betty Edens, was honored at a miscellaneous shower, Tuesday afternoon, September 15, from 4 o'clock to 8 o'clock in the home of Mrs. Dick Vallance.

The house was beautifully decorated with garden flowers. Of special interest was a mantle arrangement of two blue lovebirds, placed against a mirror and outlined in ivy entwined with periwinkles. Recordings provided a soft musical background for the afternoon.

Guests were greeted at the door by Mrs. Bill Chilton who presented them to Mrs. George Thompson, Mrs. Alfred Estlack, and Miss Barbara Estlack. Mrs. Joe Shadle presided at the guest register.

Gifts were displayed on card tables covered with white linen cloths. Bouquets of garden flowers accenting colors of peach and blue added to the attractive arrangements. Misses Ruby Mann and Jo Ann Montgomery assisted with the display.

Refreshments were served from a table laid with a linen work-cloth. The centerpiece of peach tinted roses surrounded a miniature oil derrick covered in blue ribbon and meline and was placed on a large reflector. Crystal appointments completed the table setting. Carrying out the bride-elect's chosen colors in the dining room was a buffet arrangement of roses in a blue bowl flanked with blue tapers in blue candelabra.

Mrs. Ralph Hill dispensed the tinted punch the first hour while Mrs. Delbert Robertson served individual cakes decorated in peach and blue. They were relieved by Mrs. Richard Salmon and Miss Shirley Barker the second hour.

Thirty-eight guests registered throughout the afternoon and many who were unable to attend sent gifts.

Intermingled with the landmarks of the fair such as the livestock judging, superb horse show, crowd-capturing cutting horse contest, and Ol' Reliable Bill Hames' magnificent midway will be a sparkling new sports arena spell-binder plus eye-bulging free acts.

And back to the piece de resistance—its scintillating six-day stand for 1953 will be the longest sustaining attraction staged in any year in Amarillo. Close to 200,000 residents of the Tri-State area clicked the turnstiles at the well equipped Tri-State Fairgrounds during the 1952 showing. That number is expected to be exceeded by far in the forthcoming festival.

Some of the highlights include an unprecedented roster of big names in which a nationally acclaimed ice extravaganza, "Ice Ahoy," will be unreel, complete with dazzling darlings and daring costumes; the celebrated Clyde McCoy and his Sugar Blues Band; Candy Candido, master of ceremonies on the Jimmy Durante show for five years; the superb Martez and Lucia duo; and Hubert Castle, of "Castle in the Air" fame, who has crisscrossed the country time and again with his breath-consuming tight-wire "antics."

Free acts on the fair grounds daily will feature Adrianna and Charley, internationally expert exponents of the trampoline, and Nita and Peppi whose feats of acrobatics and balancing will hypnotize every last observer. Bill Haymes' Shows will furnish the usual magnetic midway attractions.

### Renee von Bronneck Coming To Clarendon September 23rd

Once upon a time an Austrian woman got on a train in Copenhagen, Denmark. On the train was an American couple from Texas, on their way to Hamburg, Germany. The Austrian lady spoke to the couple in English.

Now, less than a year from that meeting of September 1, 1952, Frau Renee von Bronneck, of Vienna, Austria, sailed to the United States, and fulfilled one of her fondest dreams by visiting with her train-found friends, Mr. and Mrs. W. B. Little, of Littlefield.

But the fairy story had to unfold thru many chapters of red tape, delays and frustrations.

When Frau von Bronneck visited with the Littles that night on the train, they talked all night, and when the Littles invited her to come to Texas, she said, "It would be the dream of my life."

Renee is a former film star,

actress, singer and lecturer. She is the daughter of a distinguished opera composer, the late Max von Oberleithner, of an aristocratic Austrian family. Austrian born, naturalized British citizen, Renee took her daughter to Sydney, Australia, during the war, where she opened a chemist laboratory, which she ran for ten years. After the war she returned to Vienna. Her husband died two years ago, and her daughter is married and living in Paris.

She has traveled a great deal in Europe, but she wanted to know all about American women and life in Texas.

It was in January that the Littles wrote to Congressman George Mahon in Washington about Renee's visit. There was no quota for immigrants available, but as an Austrian coming for cultural reasons, there was hope. But she must be invited by an organization, if she were to fulfill one of her purposes of deepening the friendly feeling between the two nations.

The Texas Federation of Women's Clubs project last year was "Aid to Austria," and the club women were particularly interested in women of Austria. Mrs.

Little went to Plainview to interview Mrs. O. M. McGinty, of Spur, president of the seventh district of the Texas Federation. She called Mrs. Van Hook Stubbs, president of the Texas Federation, at Wortam. Invitations went forward from the seventh district, from the Rotary, Lions, high school and Woman's club of Littlefield.

In April, Mrs. Little presented the plan at the district convention of the TFWC, and started booking dates for Renee's lectures to the various towns.

But there were delays and red tape. Though Frau von Bronneck was a woman of means in her own Vienna, with holdings in England, she was not allowed to bring any money with her.

And so the modern fairy had to wave another wand. Renee must have a round trip ticket from Vienna to Lubbock, Texas, and back to New York and all the way to Vienna. The Littles had planned to drive Renee back to New York, but the ticket had to be all the way, both ways, before the visa could be issued.

The American Consul in Vienna needed the list of Renee's invitations as well as the information that she would be able to get back to Vienna and not be stranded in the States without a ticket. And she must have 25 Pounds with her for travel ex-

Frau von Renee Bronneck

penses! So thru the "Travel Service Everywhere" in the Caprock Hotel in Lubbock, the round trip ticket was mailed on April 24. The Texas fairy even forwarded the 25 Pounds.

But the visa could still not be issued until the embassy in Austria had a report and clearance from Sydney, Australia, with the information that Renee was not a communist or nazi. She was to travel on a British passport. This was a bottle-neck until the sponsor fairy had a local lawyer investigate the delay in Sydney, and notify the embassy that her record in Australia was clear. And so six months after the wheels were set in motion, the

visa was issued on June 15.

Many of the difficulties encountered might have been avoided, Mrs. Little finds out now, had they first written to the American embassy in Vienna, for they could have known immediately the steps to take.

Her repertoire of personality portraits includes life in Vienna, peculiarities, strange customs, the tragic private life of members of the house of Hapsburg, Hayden's Mozart's, Beethoven's and Schubert's lives, strange tales of the country folk, typical persons of the folk and their humor, Nobel prize winners and prominent Austrians.

She is described as having the dramatic ability to picture things as if they were molded before your eyes.

She sailed from Cherbourg on the Queen Mary Aug. 20 and arrived in New York Aug. 25. After a few days sight-seeing she flew to Lubbock where she was met by the Littles. She is the house guest of the Littles in Littlefield during her stay in the United States and in September began a series of lectures and visits to the federated clubs of Texas.

Frau Renee von Bronneck will appear here at the College Auditorium Wednesday, September 23rd at 8 p. m. Her appearance here is sponsored by the Federated Womens clubs and other womens clubs. A free will offering will be taken to defray expenses. The public is cordially invited.

### DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Last Thursday afternoon the Supervisors of the Donley County Soil Conservation District held its regular monthly meeting.

Supervisors J. R. Porter, C. E. Bairfield, and Joe Tollett were present. The other two members, T. C. D'Spain and W. P. Doherty were unable to attend this meeting.

Others present were Jack Gray, bookkeeper for the District; W. R. Heiser, Planning Engineer of the State Conservation Board, and Carman Rhode, Soil Conservation Service.

Of special interest to the farmers and ranchers around Hedley was a decision by the Supervisors to let Doyle Messer, vocational agriculture teacher at Hedley, and his FFA boys have the District's brush beater to rent out. The rental income from this machine will be divided equally between the FFA chapter and the District after maintenance expense has been paid.

The new system of handling the District drills and other equipment was also discussed. Each user of the District equipment is asked to sign a receipt at Jack Gray's office in the courthouse before taking the equipment. Payment for using the equipment will also be received by Jack Gray. County Agent Breedlove has agreed to assist with the routing and management of the equipment. The Soil Conservation Service will continue to offer on-the-farm assistance to all District cooperators applying conservation practices.

using any of the District equipment.

Plans were made for holding the Supervisor's election in Subdivision No. 5. This is that portion of the District lying east of the Brice Highway and south of the Fort Worth and Denver Railroad. This election will be held in Hedley on October 6, 1953, at 7:30 P. M. O convention type election is to be held. Joe Tollett is the present supervisor in that subdivision.

Agreements on four new co-operators were approved. These were Mack L. Sims, Roy Jewell, Tom Murphy and B. N. Head.

### THANK YOU!

I would like to thank all the organizations and individuals who helped make the recent C-R-O-P drive a success in Donley County, with a special thanks to those who contributed their cattle or money which will be converted to cattle. Although Donley County did not reach its quota of one car load of cattle, in comparison with other Panhandle counties, it made a very good showing.

Donley County contributors donated the equivalent of 13 beeves to C-R-O-P in the form of cattle and cash donations. This beef will be processed or canned and distributed to Korea and other Asiatic people by committees of church Missionaries of various faiths.

Again I would like to say THANKS to all those people of Donley County who contributed their cattle, money or time to the recent drive for Beef to C-R-O-P for distribution to hungry people of the world.

Sincerely yours,  
Lee Shaller,  
County Chairman.

## THE JAYCEES SPEAK

### MISS FLAME

To stimulate interest in fire prevention, members of the Dallas Junior Chamber of Commerce have named pretty Nancy Boyd as their "Miss Flame" queen. She will reign during the annual Jaycee fire prevention parade in Dallas next month and will participate in all club fire prevention activities during the next year.

Received the picture of the attractive young lady shown above from Carol Neaves, the state director of the Dallas Jaycees. It brought to our mind the danger of fire right here at home. With Fall coming soon to dry up what the drought has left the fire hazard here will increase. We can each do our part by taking a few precautions with which we are all familiar. Watch our trash, our cigarettes, and matches. When on the highways remember a burned field looks just as bad as a gutted building. To the farmer, much worse for it destroys his entire years work in a few brief moments. Let's all do our best to make this a fireless year. It takes such a little time to prevent a fire in comparison to the time it takes to replace the damage it can do.

See you next week. Remember, buy bumper tape and prevent that costly repair job to the rear end of your vehicle.

## TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

The First Session of the 83rd Congress passed 208 bills. Nine of these were vetoed by the President. Many important bills were left on the calendar or pending in committees. These will no doubt be some of the first measures to be considered in the 2nd Session of the 83rd Congress, which begins in January, 1954. The present status of the tax laws will almost necessitate some kind of tax legislation early in the session. This does not mean higher taxes, but it will no doubt mean a readjustment and realignment of taxing procedures. Much thought is being given to a general sales tax, which will be in addition to the individual income taxes, but is supposed to replace some excise taxes and other special tax items. The proposal has been to set this up where it can be collected at the source, that is, from the manufacturer. This for the reason that it is supposed to save much administrative costs and reduce some tax evasions. The expiration of some excise taxes plus the automatic termination of the increased individual income taxes has caused much concern in Washington circles. These expirations will reduce tax income revenue by between ten and twelve billion dollars. If present expenditures are continued (and I hope they will not be), these expirations will mean a larger deficit. There are two ways of balancing the budget. One is to increase taxes and the other is to reduce expenditures. Frankly, I am a strong supporter of the latter.

THE UN: The UN can expect to be in for some tough sledding as long as employees whose activities have been suspicious are kept on the pay roll. The recent decision to reinstate some of those who had been suspended does not meet with the approval

of the American people who are paying most of the bill. In fact, they strongly condemn it. UN employees, like Caesar's wife, should be without suspicion. The sooner these questionable people are removed from these places of international importance, the greater will be the chances of the relaxation of the original purpose for which the UN was established. That is, the promotion

of world peace.

**SMALL BUSINESS ADMINISTRATION:** The Small Business Administration was created by Congress during the last session. It will assume the duties of the former Small Defense Plants Administration with expanded authority in other fields of small business as well as the small loan functions of the RFC. It cannot accept applications for loans until

about October 1. Applications for loans in this area should be submitted to the Regional Office, Small Business Administration, 1114 Commerce Street, Dallas 2, Texas.

## Fiftieth Year Homecoming

The Lelia Lake Baptist Church celebrated its 50th year Sunday, Sept. 13th. The church was organized Sept. 6, 1903 with nine chartered members. The only remaining charter member is Mrs. Churchman of Clarendon, Texas, who was present.

A large crowd attended, both present and former members and visitors.

The program consisted of special music and preaching by two former pastors, the 11:00 message by F. N. Allen of Lakeview, and 2:30 message by Louie Self of Estelline. The history of the church was given by Kinch Leathers.

Lunch was served at noon out

of well filled lunch baskets.

2nd Lt. and Mrs. Dean A. Wadsworth visited in the home of his parents, Mr. and Mrs. D. F. Wadsworth last week, enroute to Moody AFB at Valdosta, Georgia, where he will attend Instrument school for six weeks. They will then be stationed at Albuquerque.

# The Greatest Gasoline Development in 31 Years

# New Conoco Super Gasoline

# with TCP\*

**Boosts power as much as 15%! Increases spark-plug life up to 150%! Gives you extra gas mileage, too!**

Here's the most revolutionary advance in motor fuels since the introduction of tetraethyl lead in 1922—new Conoco Super Gasoline with TCP, brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuels.

Now you can actually enjoy the benefits of an engine tune-up—just by changing to new Conoco Super Gasoline. Chances are, by the time you've finished your second tankful, you'll feel the increase in power. And you'll keep that extra power just as long as you use Conoco Super.

For Conoco Super with TCP is a new kind of gasoline. It overcomes the greatest single cause of power loss affecting most of the cars on the road today. Now, you can enjoy all the power that was built into your car.

### Why you need Conoco Super Gasoline with TCP

In the average automobile, the by-products of fuel combustion constantly build up deposits on spark plugs and in combustion chambers. These deposits can "cheat" you of power in two ways. First, they actually short-circuit your spark plugs. This causes mis-firing. Second, deposits in the combustion chamber get red hot and cause the fuel to ignite before it should. This is called pre-ignition or "wild ping." The effect of fouled spark plugs and pre-ignition is a loss in power and a waste of gasoline.

Patent applied for by Shell Oil Co.

Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

### How TCP works

TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

### TCP helps your car, whether new or old

If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. It will actually increase spark-plug

life up to 150%. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

Yes, a great new era in motoring is here for you. Drive into your Conoco station today and fill your tank with new Conoco Super Gasoline with TCP. You'll feel the difference by the second tankful!

### CHAMBER SPECIALS

By Johnnie Allen  
In behalf of the members of the Clarendon Chamber of Com-

merce I would like to say "Welcome to Clarendon" to the Randal Choate family, new residents of Clarendon. We hope that Clarendon will be their home town. I attended a very impressive Ceremony Thursday. The Dedi-

cation Ceremony of beef for C-R-O-P, at Amarillo. I would like to say that Donley County made a good showing in its donations to C-R-O-P, the equivalent of about 13 beeves in the form of cash and beef. It is hard

to realize the good this organization has done and is doing. When we feed a hungry child and clothe its ragged back, how can we feel anything but warmth in our hearts; after all we try to teach our children that "It is more blessed to give than to receive."

I heard something very unusual the other night; a man was telling a City Official about those things he liked which the City was doing.

Football season is upon us again, the Bronchos played to a smashing victory on their first game and the Band was better than ever; so let's renew our support of our football team, our band and above all our schools. Let's make our school children proud of us.

Maos, and "The Laughing Stranger" by Vina Delmar. "A Lady At Bay" has 17th century setting. It might be termed a historical murder mystery. The other book on our shelves by Edgar Maos is "The Queen's Physician." "The Laughing Stranger" is a novel of the period following the Civil War. A story that will interest any reader, according to the notes. The last club book we had by this writer is "The Marcaboth Women."

We have had several calls for the July issue of "The Ladies Home Journal." We would appreciate a copy if your file has

not been destroyed.

#### TO WHOM IT MAY CONCERN:

We, the Patching Club House Board, wish to take this means of thanking the men of Clarendon, who have given so generously of their advice, time, and material gifts this past year, adding to the general appearance of the grounds and Club House, and making it a more pleasant place in which to work.

We should like to thank each of you separately, but fearing we might not remember everyone, please consider this a personal

note, conveying our deep appreciation for every kindness tendered us throughout the year.

Signed,

The first item this week is to announce a gift of \$5.00 for the Children's Department. This friend frequently makes us donations for this section. We purchased sixteen of the Tell-a-Tale series and Cozy Corner Series. The reading level extends thru the first three or four grades.

A friend was discontinuing her rental library in Oak Cliff so we purchased twenty-two romances for less than five dollars including postage. This is quite fortunate for us as these books average \$2.50 and \$3.00 when bought new and they will be useful here for several years.

Our two books of the month are "A Lady at Bay" by Edgar

**PLOWIN' Out the CORNERS by Uncle Zeb**

"But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; and they shall walk, and not faint."—Isaiah 40: 31.

When we think about the above words from the blessed Book, it reminds us of the many times that we work ourselves into a so-called tantrum trying to bring about things that are not within our power; things that we could

have only if we would look to the Master of all the world for them and wait upon Him to bring these things about in our lives. For instances, how we all want peace of mind; how we pay out good money for advice and for books on the subject, when if we believe His Word we can be assured that He has offered His peace unto us, if we will but look to Him in faith; waiting for our strength to be renewed.

Some time ago we used a cake recipe in this column. It was called a Lazy Daisy Cake. The response was tremendous and we understand that we are billed in many cook books as Uncle Zeb's Lazy Daisy Cake Recipe. I sure hope that the lazy part in no way makes any one think of Uncle Zeb. Mama would be terribly hurt if she thought anyone else ever had such a thought that we

could be such a thing as even a mite lazy. Anyway, here we come again with one called Lazy Man's Pie. It is a very scrumptuous dish. Different fruit can be used but we especially recommend blackberries for the goody.

1 cup sugar to 1 can of berries or other fruit; fresh fruit can be used. Mix sugar with fruit and pour into baking dish.

Mix 1 cup flour, 1/2 cup sugar, and 1 1/2 tablespoons of baking powder. Sift together into mixing bowl. Blend in 1/2 cup Crisco, or 1/4 pound oleo. Add three fourths cup milk. One egg may be added if desired. Beat batter and pour over sweetened fruit. Cook until brown. Serve with whipped cream or ice cream. Get ready for a real treat.

It was good to have the opportunity to attend the Southwest Soil Management Demonstration and Plowing Contest at Pan-Tech. My, my, what a title for any kind of a to-do. How about it Mr. Nichols, and Mr. Frank Helvey, could we ever get the name shortened to where we could remember it without carrying around a bundle of notes on how to say the name of the show. Anyway, it was a great show and congratulations to all the promoters and to all the boys and girls that entered in the contests.

Again let me say thanks to Mr. and Mrs. J. B. McDaniel of Route 1, Hedley for the fine watermelon. It was real good. So big, and wonderful, and sweet. And so can the friends testify who hinted to be in on the devouring of it. Thanks a million. And as to the arrival of it, there was no damage. The Jasper family did a good job. Not even one slice had been removed. Not that we ever doubted them.

**Donley NFLA Hold Annual Stockholders Meeting Sept. 9th**

Members and guests of the Donley County National Farm Loan Association met in the Clarendon Lions Club Hall last Wednesday evening, Sept. 9, according to Mr. Rayburn L. Smith, Secretary-Treasurer of the organization, to hold their Annual Stockholders Meeting.

Mr. W. H. Moss, reporting for the Directors said that the goal of the Board was to handle the affairs so that the Association will be strong financially and able to meet the credit needs of its members in good times and bad times.

In his report, Mr. Smith stated that the Association had closed over One Hundred Sixteen Thousand Dollars in new loans during the fiscal year ending June 30, 1953. He stated that although interest rates generally are rising, Land Bank Loans are still at 4% and that dividends in the amount of \$3,989.50, recently paid to members on their Capital Stock, had reduced the average cost of money to less than 4%.

Three directors were elected. They were Mr. C. B. Morris of Clarendon and Mr. W. H. Moss of Hedley, to serve 3 year terms; and Mr. C. L. Harris of Hedley, who will serve for 2 years. The directors carry a great responsibility in managing the National Farm Loan Associations. They employ the office personnel and supervise all their activities. They direct the investing of Association funds and through their loan committee, approve all applications for loans, to name a few of their duties. Farmers and Ranchers are really dealing with home folks, when they get a Land Bank Loan.

The speaker of the evening was Mr. Dooley Dawson, Vice President of the Second National Bank of Houston. Mr. Dawson is known Nationally for his work in the field of agricultural economics

and in soil conservation. Speaking on the subject, "Agriculture, the Past and the Future," he was optimistic about the opportunities for farmers and ranchers due to increasing population and the world demand for their products. At the same time he touched on many of the problems to be met. The key thought he left with his hearers was that success will depend on management. All present expressed appreciation for the opportunity of hearing Mr. Dawson.

For the lighter part of the program, young Larry Kelley of Amarillo, who has gained recog-

nition for his mimicry, delighted the crowd for about 30 minutes. His act, which is performed with records was so realistic that some are still wondering if he sang all those songs. Larry will doubtless go far in the entertainment field, and he certainly played to an appreciative audience Wednesday evening.

Following adjournment of the meeting, light refreshments were served by Mrs. Anderson, who is famous for the food she has served the Clarendon Lions for many years. She was assisted by a number of the ladies present.

**FORCED LABOR IN CHINA**  
More than 1,000,000 persons are engaged in forced labor in China at the present time, according to a report in the American Peoples Encyclopedia's 1953 Yearbook by Matthew Well, a representative of the International Confederation of Free Trade Unions. Well expressed the belief that this number would rise as long as the present regime remains in power there.

The youngest president ever inaugurated was Theodore Roosevelt at 42, and the oldest, William Harrison at 68.

**Cream Whips Main Street Traffic**

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy *The Clarion*, but they weren't.

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed green three times. After the kitten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinnertime, it's just each to his own taste and everything's "smooth as cream" between them.
