CANADIAN WILDCATS TO MEET BRONCHOS HERE FRIDAY NITE

The Clarendon Bronchos will play their last home game of the season here Friday night at 7:30. Their opponent will be the Wildcats from Canadian and from previous game statistics, they are living up to their name again this year.

The Wildcats' only defeat has been to Memphis and this was considered an upset at the time. They topped the McLean Tigers from the undefeated ranks which shows them to have a pretty fair edge over the Bronchos.

Coach Moore reported that the Bronchos were in high spirits for the game and would be in there doing their very best Friday night. The talk among the players is that they are going to win this game, so it sounds like the Wildcats certainly won't have an easy time of it.

Another added attraction at the game Friday night will be the crowning of the Band Sweetheart at half time. She is Miss Rebecca King, daughter of Mr. and Mrs. R. Y. King.

The probable starting line-up for the Bronchos will be Wallace, Kidd, Martin, B. Johnson, M. Johnson, Hill, Philley, Lamberth, Landers, Wilson, Graham, Glifford, Hensley and Spivey.

The probable starting line-up for the Wildcats will be Schoenhals, Hoover, Tipps, Green, Cole, Schafer, Ramirez, Vinson, Newton, Clyde Cain, Flowers, Curritt, Rutherford, Hendershot, Ramp, Hines, Price, Briggs, Matthews, Shires, B. Chumbley, T. Chumbley, Freeman, Parra, Dale Cain and White.

Be out for this last home game and give the Bronchos a good boost from the stands. Remember too, that the Band Parents stand will be open with plenty of eats and drinks.

Local School Head To Participate In Panel Discussion

Supt. H. W. Truitt of Clarendon will take part on a panel discussion at the Area I In-Service Training Conference for Home-making Teachers Friday night, November 20th, in Amarillo. The meeting is sponsored by the Texas Education Agency, under the direction of Miss Esther Sorensen, Division Supervisor.

Dr. Willa Vaughn Tinsley, Dean, Division of Home Economics, Texas Tech College, will conduct a panel discussion on "The Place of Home and Family Life Education in the School Curriculum." Mr. Truitt will serve as one of two school superintendents participating in the panel discussion.

Making one of the speeches on the program will be Charles N. Rogers, Superintendent, Amarillo Schools, on "The Role of the Teacher in Curriculum Development."

Services Held Tues. For Edwin Woody

Funeral services were held Tuesday morning at the Murphy-Spicer Funeral chapel for Edwin Woody with Rev. Wm. A. Cockrell officiating.

Mr. Woody, age 54, suffered a heart attack and died suddenly about 11 o'clock Saturday night at his home here. He was owner of Woody Pharmacy and enjoyed a wide acquaintance of friends. He had been a Clarendon resident the past three years, coming here from Childress. He was a World War I veteran.

Survivors include his wife, Nadean of Clarendon, one son, Donald J. Woody, stationed with the Air Force in the Philippines, and one brother, B. P. Woody of Wichita Falls.

Pallbearers were Pete Kunz, James Bain, Bill Bromley, Mike Thornberry, Barcus Antrobus, and F. H. Lumpkin.

Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Voice of Democracy Scheduled For This Week

Each year five high school students win \$500 scholarships plus a paid trip to either Washington, D. C. or Williamsburg, Va. These students are the national winners in the annual Voice of Democracy Contests held throughout the United States. This contest is sponsored by the National Radio and Television Manufacturers and the National Junior Chamber of Commerce through the local Jaycee organizations. The regional winners will receive either a radio or television set.

The local Jaycees are proud to sponsor such a contest this year. Jack Ballew, local V.O.D. chairman states that we have several entries and the contest is to be held Wednesday, November 18 in the high school auditorium. The public is invited to attend this contest. It is to be at 11 o'clock sharp. Let's all go hear our students speak for our Democracy.

LAST RITES HELD TUESDAY FOR HEDLEY RESIDENT

Funeral services were held Tuesday afternoon at the Hedley Methodist Church for Bruce Newton Stewart Sr. with Rev. W. M. Culwell officiating.

Mr. Stewart, age 71, a retired carpenter, died Sunday night in his home at Hedley after a quite lengthy illness. He had been a resident of Hedley the past 37 years.

Survivors are his wife; four sons, Paul N. and W. L., both of Hedley, and H. H. and Bruce N. Stewart Jr., both of Cornersville, Tenn.; a daughter, Mrs. Hazel Bellah, Saint Jo, Texas, and one grandchild.

Burial was in Rowe Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Weather Changes With More Rain And First Frost

The weather seems to be stabilizing just a bit this week with ideal outdoor working weather tops on the list. Clarendon received another 40 inch of moisture in the form of fog and slow drizzle which fell over the period of Wednesday thru Friday. This brought the fall harvest to a stand still thru the week end but plenty of activity has been in evidence this week. The first frost of the season was visible everywhere Monday morning with a low of 30 degrees being reported Sunday night. Willard Knox reported 22 inch of moisture at Lelia Lake during the last rainy spell.

MYSTERY FARM NO. 15—Here is the Leader Mystery Farm of the Air for this week. Rules governing this guessing contest and prizes are as follows: 1st in town and first living and receiving their mail in country to identify the mystery farm will receive a one year subscription to the Leader. The fifth to identify the farm, both town & rural will receive a free ticket to the Mulkey Theatre. The owner or tenant identifying his farm at the Leader office will receive a mounted picture free. Hours for making identification are 8 to 12 and 1 to 5 starting Thursday morning. Last weeks Mystery Farm is identified on page Three of this issue through the courtesy of the sponsor, Clarendon Furniture Co.

WATER TO BE SHUT OFF

Orville Housden, water Supt. has asked the Leader to announce that the water will be shut off Friday afternoon at 1 o'clock in order to tie in a 8 inch main at 7th & Koogle streets. It is possible that some sections will have water but it is best to plan for a complete shut-off. This connection is being made in order to put in a six inch line 2 blocks south to feed a fire hydrant and also connect customers along this area. Hereafter this area has been without this fire protection. Housden stated. Remember Friday, Nov. 13th at 1 p. m. and be prepared.

Salt Fork Dam Project Approved

The State Board of Water Engineers, at its hearing in Austin on Monday, granted a permit for the construction of a dam on Salt Fork.

This climaxes years of effort by the Upper Basin of Salt Fork and Red River Association, which represents Armstrong, Donley, Hall, and Collingsworth Counties. Cap Morris, the president of the Association, and the one man who refused to give up in the long pull to establish priority to this water for use by the people in this area, presented the application. Others attending the meeting were Rayburn Smith of this city, Clifford Johnson of Hedley, Bura Handley, City Manager of Wellington and Mayor C. L. Robertson and City Attorney Heatley, both of Paducah, Texas.

The permit is for the construction of a dam on Salt Fork immediately below the mouth of White Fish Creek, capable of impounding 100,000 acre feet of water of which 25,000 acre feet may be withdrawn annually for municipal and industrial use.

A meeting has been called to be held in Paducah at 8:00 P. M. on Tuesday, November 24th to consider formation of a water district. The towns of Clarendon, Hedley, Wellington, Memphis, Childress, Paducah and Quanah have all contributed to the project and expressed an interest in forming such a district. The engineering data, on which the permit was granted, was prepared by Mr. A. H. Woolverton, Consulting Engineer of Austin, Texas.

Your News Needed!

Often the comment is made, "I wonder why that wasn't in the paper?" There is usually a point blank answer that could be made regarding that question. Facts were just NOT turned in.

Have you been turning in your news? Don't wait for someone to call you. If you have had visitors, visited out of town, attended parties, or can only pass along news tips we would be glad to hear from you. It is impossible to contact every family every week. We have no way of knowing when visitors are in your home. It only takes a few minutes of your time to call 418 and state, "I would like to turn in some news." Let us hear from you!

Donley County Leader, \$2.50 year

INSURANCE AGENCY CHANGES OWNERSHIP

Announcement is being made in this issue of the Leader of the change in ownership of the Lane & McCully Insurance Agency. Mike McCully has purchased the interests of Maurice Lane in the business and it will be known in the future as Mike McCully Insurance. These two men purchased the business from J. T. Patman, some two years ago.

In selling his interest in the business, Mr. Lane stated that he would now devote his entire time as agent for the Southwestern Life Insurance Company which is one of the foremost life insurance companies of America.

- FRIDAY: Hamburgers, white beans, lettuce, onions, pickles, potato chips, buns, milk, cookies and fruit.

SCHOOL VARIETY SHOW TONITE AT COLLEGE AUDITORIUM

Church of Christ To Conduct Get Acquainted Revival

Dates have been set, and arrangements are being made at the Church of Christ, to have a Gospel revival meeting in Clarendon. Brother Bert Wells, who came to work with the church October 12, will do the preaching in this meeting. Bro. E. J. Chenuit will direct the song services.

This is an effort by the church to get acquainted with its members, and also to come to know the townspeople of Clarendon. The minister of the church is anxious to know you, and felt, along with Elders, and members of the church that this would be an excellent way for all to get acquainted.

Tigers Defeat Bronchos, 26-0

The Bronchos were the losers again last Friday night. This time it was to the McLean Tigers 26-0 at McLean. The game was played in a chilling fog which didn't help matters any, especially in the fumbling department for the Bronchos.

The Bronchos played a tight defensive game throughout the first half, allowing the Tigers to gather up only one touchdown. They relaxed some during the second half which allowed the Tigers to add three more, but each of their scores were on end runs or passes. All that was lacking in the Bronchos setup was a consistent offensive attack. As in previous conference games, the Bronchos played good football all the way through against the Tigers and it was a much better game than the score indicated.

Locals Attend Library Meeting At Plainview

Mrs. Leggett, high school librarian, and four of her library assistants attended the District I Teen-Age Library Association meeting held in Plainview last Saturday.

About 250 teen-age librarians attended from Pampa on the north to Lamesa on the south.

Bertha Reid from Clarendon took part in the symposium, which was held in the auditorium of Plainview's beautiful new High School. Her subject was "If I Knew I were to be Confined on a Desert Island for a Year, What Books Would I Select to Take With Me?"

In the election of officers Jackie Estlack was elected parliamentarian for District I. "Our group enjoyed the day very much, and are looking forward to attending the state T.A.L.A. meeting in San Antonio February 19-20," Mrs. Leggett stated.

C. J. HUMPHREY TO FILL PULPIT SUNDAY AT MARTIN BAPTIST CHURCH

In the absence of the pastor, T. H. Harmonson, Mr. C. J. Humphrey, of Amarillo, will fill the pulpit for Martin Baptist Church in each service November 15th.

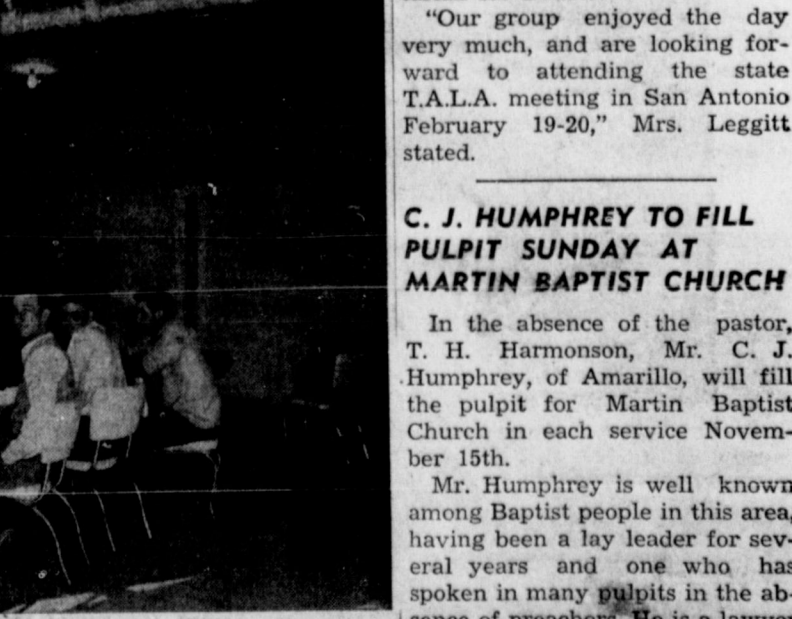

Mr. Humphrey is well known among Baptist people in this area, having been a lay leader for several years and one who has spoken in many pulpits in the absence of preachers. He is a lawyer but enjoys working for the Lord. Mr. Humphrey will give a short lecture during Training Union Assembly on how to memorize the Scripture. All are invited to attend the services.

Before - - -

Pictured above is a group of Clarendon Jaycees preparing to lay linoleum in the new College lounge. Pictured from left to right are Jaycees: Gene Bulman, B. B. Osburn, President George Watson, Billy Phillips, Arlis Mooring and Bob Parker.

After - - -

Pictured above is a group of Clarendon College students enjoying the lounge after it was furnished. This is only one of the projects the Jaycees have undertaken to make college life more enjoyable for those who choose Clarendon Jr. College.

Mrs. C. H. Floyd Passes Away

Mrs. C. H. Floyd died at her home on N. Flores St., San Antonio Monday, Nov. 1st after several weeks illness. She was buried Tuesday in Sunset Memorial Cemetery. She was born in Morristown, Tenn. in 1886. She

had resided in San Antonio about 30 years. She visited many times in Clarendon with her sister, Mrs. Lon Rundell. She was a member of the Methodist Church, and Eastern Star.

Surviving are one daughter, Mrs. Vincent Kraus; one grandson, Mickey Garrett, oil of San Antonio and one sister, Mrs. Lon Rundell of Marlin, Texas.

Highlights and Sidelights on your State CAPITOL

By VERN SANFORD Texas Press Association

AUSTIN—Plotting against the Texas conservative Democrats was carried on when the state Young Democratic clubs were reactivated at a San Antonio meeting.

As far as the official state Democratic organization is concerned, the San Antonio gathering had no official status.

But the group went ahead anyhow, bent on furthering the interests of the loyal Democratic group, as opposed to the conservatives who strung along with Governor Allan Shivers and President Eisenhower last year.

A speaker at San Antonio was Ralph Yarborough of Austin, who ran against Shivers last year and who is expected to be a candidate for governor again in 1954.

Yarborough will get the loyal-liberal Democratic support—plus, perhaps, aid and comfort from a large number of teachers who are not happy with the way their salary increase proposals have been handled.

Yarborough has stated publicly that he favors more money for the teachers.

Shivers let it be known, meanwhile, that he is ready to serve again as leader for the conservative Democrats if they want him to function in that capacity.

Whether or not he will run for a third term as governor is a matter of conjecture, but he has said privately that he does not intend to oppose Lyndon B. Johnson in his race for the U. S. Senate.

That Johnson will have competition, however, is sure.

In the first place, the Republicans have guaranteed that an opponent for Johnson will be in the running.

In the second place, there is

another movement afoot—reported in this column two or three weeks ago—to put a Democrat in the race against Johnson.

This project is coming along smoothly, and the likelihood is that an announcement will be made before you hear Santa Claus' sleighbells.

There is a possibility that the anti-Johnson Democrats and the Texas Republicans will get together on their choice of a candidate.

There was a political flavor to the pleadings of Texas cattlemen and those of other states for price supports.

A caravan of livestock people went to Washington—and got nothing.

Each delegate thereupon vowed to go home and take up the problem with his senator and congressmen.

The Texas and Southwestern Cattle Raisers Association is opposed to beef price supports.

In favor of supports is the United Livestock Producers Association of Dalhart.

John C. White, Texas commissioner of agriculture who stuck with Adlai Stevenson last time, is pecking away at the Eisenhower administration in general and Secretary of Agriculture Benson in particular.

In White's opinion, the Eisenhower administration is undermining the three keystones of American farm policy—rural electrification, soil conservation and 90 per cent of parity.

Opposition to support prices, said White in a speech at Gid-

dings, is based on "calculated, deliberate untruth."

Southern states will vote Democratic in local and state elections for a long time. But in national elections they will support the candidates standing for the best interest of the country.

That is the prediction of J. Strom Thurmond, former Dixiecrat candidate for president, who came to Texas on a speaking tour in the interest of the armed forces reserves.

Thurmond, who is a former governor of South Carolina, said, "I'm a great admirer of General Eisenhower," and "I'm a Southern Democrat. That's the kind of Democrat I think the people of the State of Texas are."

THE JAYCEES SPEAK

Well, it's here, the week we have been waiting for. Next week is the week for our Clarendon High School Voice of Democracy contest. To date we have 3 entrants to compete for the chance to have their script recorded as the winner and sent on in to the state contest. This is our first attempt at such a contest although they have been held with outstanding success all over the United States. It is an annual contest operating from the local through the national level. There will be four winners picked at the national contest and these four will receive expense paid trips, scholarships and in all probability a chance for a job either in radio or the new and unlimited field of television. One of our local students might well be among the four. The Clarendon Jaycees are proud to be able to sponsor such a contest. The student script is to be a five minute talk on "I Speak for Democracy" with the emphasis to be on Democracy and not against other types of government. See the front page of this paper for additional details. Come up and hear our students in this contest.

In our local religious campaign we have met with the wholehearted support of all the churches. Our ministers report that from 60% on down of the enrolled membership of our churches do not attend any Sunday School or church services. Are you one of these? Let's all go to church somewhere this coming Sunday. It only takes an hour or two of your time and the gain you may receive can hardly be measured in any form. You may be surprised at what your minister has learned since you last attended. Again, LET'S ALL GO TO CHURCH THIS SUNDAY.

Refuge Birds Change Abode

AUSTWELL—The stage is being set for one of Nature's exciting events over on the Aransas National Wildlife Refuge, according to Julian Howard, Refuge manager.

The stars in this feathered spectacle are the giant Whooping Cranes which summer in the far

north and then return south in October to winter on the Refuge.

Supernumeraries in the great outdoor classic are the myriad waterfowl, shore birds and songsters which likewise seek winter sanctuary in the ancestral wintering grounds of the Whoopers.

Preliminary to the annual fall rendezvous of the assorted winged species, some birds which summer on the famed Black Jack Peninsula have departed for wintering areas farther south. Conspicuous among these are the lurid Roseate Spoonbills.

But the main attraction are the majestic Whooping Cranes which, by last winter's count, number only twenty one. Howard's staff shortly will begin a rigid vigil to check the whoopers' back in. Meanwhile, the word has gone out to hunters everywhere to help them along to a safe voyage by NOT shooting at any large white birds.

Approximately 40% of apparel and accessories worn in the U. S. are manufactured in New York City.

Why more than a million owners this year have chosen the "Worth More" FORD!

They have discovered first hand what the surveys show...

Ford, with all its fine-car features, is worth more

when you buy it, and worth more when you sell it!

Lowest-priced V-8 in America! And the only V-8 in the low-price field. Ford's high-compression V-8 power plant delivers its "Go" on regular gas!

Most Modern Six of all is Ford's high-compression, low-friction Mileage Maker. With Overdrive, it beats all other cars entered in 1953 Mobilgas Economy Run.

Smoother Ride, with front and rear shock reduced up to 80%, is another Ford big-car feature... and you get it without gas eating extra weight.

Fine-Car Build means using steel of the same quality and thickness as in the costliest cars. And Ford is the most completely insulated car in its field.

Fordomatic Drive is the only "automatic" in its field to offer the "Go" of an automatic intermediate gear plus the smoothness of a torque converter.

Finest Power Steering — that's Ford Master-Guide. It does up to 75% of the steering work yet retains the normal steering "feel" on the straightaways.

Join the swing to

FORD

...take a Test Drive today!

PUZZLE: Who got the hundred million dollars?

He walked into our office seven years ago, sat down. We knew the customer. And a wonderful credit rating he had, too.

Said he wanted airplane engines. By that time blueprints were scattered all over the place.

He was taking no chances. Not one engine would he accept without testing first, stripping apart, building up again, and testing once more. Hmm!

And more. Every engine he bought would be overhauled after 15 running hours.

He didn't say so, but he must have known we would have ideas, too. (Lights burn all night when engineers at our place see ways to improve things we make.)

The climax was last August. The customer announced that he would allow 1,200 hours flying time from these G-E engines before an overhaul.

In other words, 80 times as many hours without overhaul as seven years ago. And today only every tenth engine is tested twice before delivery because of what has been referred to as the "perfection rate" of G-E jet engines.

Oh, yes. The hundred million dollars. With General Electric engines now giving extended service, not so many are needed. Improvements have saved the customer that much in five years.

P. S. Who's the customer? The U. S. Air Force. And what was the engine? The J-47 jet engine.

And who got the hundred million dollar saving? Who profits from more Air Force per dollar? The taxpayer, everybody. This story is one more example of what happens where research men and engineers are at work. Products gain in efficiency, do more. New products emerge, and the public is always the gainer.

You can put your confidence in

PLOWIN' Out the CORNERS by Uncle Zeb

I read in the papers where the income of the American farmer is down over one billion dollars. Sakes alive anyway, why I thought my own affairs were hurt more than that. Anyhow, on paper it is made to sound like a measly seven percent but Old Man Hard Times must have gotten mixed up on me and taken the ninety-three percent instead of his seven. I'll check again with my banker but maybe he took both.

A ver yfaithful reader of this column sends us the following poem but due to the message implied we will not divulge the sender's name, however the poem was written by a man it seems. Anyhow, it is called IN A PINCH and is written by George Mullens of somewhere in Texas.

Just give me a man
With a million or two,
Or one that is handsome
Would happily do.
A dashing young fellow
Is swell any day,
Or one that is famous
Would suit me okay.
Postscript;
But if the man shortage
Should get any worse,
Go back to the very
First line of this verse.

Last week or the week before we had a cute card from our faithful friend and reader down Clarendon way; Miss Donna Estlack, and she had been all the way to Chicago. How in the world did she manage to escape from school I would like to know. But thanks, Donna, for that "Little Stinker Of A Card."

Heard a cute poem on the radio the other day entitled Corn Bread. Can't remember the words but believe that we could write a book on the subject. Honestly, was there ever a better dish than corn bread and sweet milk? Cool, colorful sweet milk and cold, crunchy corn bread. We went away to school before we knew that they served anything else for supper, for the evening meal, that is. Probably, in more ways than one it is hard to get very far away from our raisin'.

Mr. and Mrs. Barker visited Mr. and Mrs. L. E. Tyler Friday afternoon.

SOMETHING NEW IN COOLING SYSTEMS

AUSTIN—University of Texas engineers have removed the "swamp" from the "swamp machine," as present-day evaporative coolers are sometimes called jokingly.

Most evaporative machines now in use cool air by drawing it through a water-soaked mat with a fan or other type of blower. That greatly increases the air's humidity, producing a clammy or sticky atmosphere.

Working under a Navy contract, University engineers have conquered the humidity problem

by having air drawn through aluminum tubes. The tubes, which have walls only 40,000th of an inch thick, pass through a forced-draft, water-spray cooling tower. The water's cooling effects transfer through the aluminum tubing, but the air itself remains dry.

The cooler is portable and very simply constructed, avoiding costly, time-consuming maintenance.

Herbert Hoover was the first President of the United States to be elected from a state west of the Mississippi River.

Parent - Teacher Talk

After all the bills were paid,

the Halloween Carnival netted PTA almost \$500.00, about \$150.00 more than the same endeavor cleared last year and \$35.00 more than Memphis made this year on its Carnival. Time out while

everyone who had any part in the Carnival takes a nice long bow. The problem now is where to spend the money so that it will do the most good for the most children. This will be decided at

the regular November meeting next Thursday afternoon at 3 o'clock in the Jr. Hi auditorium. Now is the time to make suggestions. Anyone with an idea about how the money should be

spent is urged to contact Mrs. Neece or any of the other officers at once so that the idea can be considered before PTA commits itself to another project. Don't be backward now and wish later that the group had done something different with your money.

ject for discussion—your child.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Rainy weather influences the reading desires of all ages. The adult patronage here is not half the number of the children and junior readers. The latter lack the responsibilities that their parents have to assume. The fact is that our greatest problem is providing books for those of high school age. All books rate from \$1.75 up for high school readers, especially those for boys. Girls books are in series and come cheaper.

Our funds are always lacking as the citizens who gave us cash donations have passed on. Only one or two gave us checks this year, besides those regularly sent by our Club sponsors. We have had quite a few recent books with bright new jackets sent to us by book club members. These have kept our shelves up to date. Then our memorial gifts are of exceptional value.

Those who haven't read "Albert Schweitzer, Genius in the Jungle" by Joseph Gallomb may read our copy as it is a wonderful biography that is filled with as much excitement as a Robinson Crusoe adventure.

This month's "Cattleman's" cover is taken from an original picture of John James Audubon's that hangs in the Gilcrease Museum and Art Gallery at or near Tulsa, Okla. The story concerning this museum is related in this issue of the "Cattleman" and is an informational article you will appreciate.

There are so many strangers "happen in" the Library to read during the winter months. Sometimes it is rather embarrassing as it is difficult to supply current facts except my "Wichita Record News" that I bring each day. On Thursday I have the "Life" and "Times", but then take them home until we complete them. The students secure their current notes from "Time".

Should you have any English or American Literature texts in your old books, please donate them as we need reference material from them every year.

MORE ABOUT FARM BUREAU

The Directors of the Donley County Farm Bureau met last week, at the Lelia Lake School. Chili and coffee were served, and membership dues and expiration were given a thorough discussion. It was decided that enough members would be secured immediately to support two voting delegates to the State Convention, Nov. 9, 10 and 11, requiring 25 members for 1st delegate and 100 members for each delegate thereafter.

Most of the Farm Bureau memberships of Donley County expire around the first of Nov. Therefore they are not counted as members for the convention until they are renewed. Several things delayed the membership drive, this fall; one meeting called off, installation of new officers, and other reasons; but it is expected to be launched shortly upon the return of president Henry Moore and director H. S. Mahaffey, from the state convention. A number of committees were appointed last week and a big program is in the planning for the following year.

Committees Appointed

Legislative Committee: H. S. Mahaffey Chairman, Lee Shaller and H. M. (Flip) Breedlove; Resolutions Committee: Oscar Moore Chairman, Doyle Messer, Bill Waddell, and Leo Wallace; Membership Committee: W. H. Clay Chairman, J. L. Butler and Henry Wilson; Service Committee: Holly Wood Chairman, Mrs. Henry Moore, Dane Perdue and Glen Williams; Publicity Committee: H. M. Breedlove Chairman, Lee Shaller, and Doyle Messer. With the President both vice pres. and Sec. Treas. being ex officio members.

About three thousand resolutions were presented to the Resolutions Committee of the Texas Farm Bureau Federation, for approval to the State Convention. A number of these issues will be important to you and need your support. Your membership will count when they come up for national adoption.

Designed with YOU in Mind

FOR EVERY ROOM IN YOUR HOME

LIVING ROOM, BED ROOM and DINING ROOM

RANCHOME combines the rugged, hand-hewn look of ranch style, the uncluttered simplicity of modern and the rich-clear-grained beauty of "kiln-dried" Appalachian ash. Its beauty and warmth has never before been attained by any man made materials. The clear, mar-resistant Du Pont Duco finish allows the natural grain and color of the woods to show through. All pieces are hand rubbed after finishing with wax. It also embodies quality construction features and details found in much higher price furniture. You can furnish one room or your entire home in RANCHOME... Every piece is open stock.

MYSTERY FARM NO. 14—This farm home was identified by seventeen persons last week as the H. C. Shaw, Jr. place located six miles south of Lelia Lake. Mrs. Shaw was in early Thursday morning to make proper identification and receive the free mounted picture.

Mr. Shaw purchased this 160 acre farm about 8 years ago. He and his father, H. C. Shaw, Sr. built the house and all outbuildings themselves. He married Joan Hillman nine years ago and they have one daughter, Sherry, age 6. They are members of the Baptist Church and he is a member of the Moose Lodge. His hobby is hunting and her hobby is her daughter. Both were raised in Donley County.

Mr. Shaw has 135 acres in cultivation and 25 acres in pasture. He raises cotton and feed with cotton being his favorite crop.

WOMAN'S SOCIETY OF CHRISTIAN SERVICE

The Woman's Society of Christian Service met at the church in regular business session on Wednesday, Nov. 4th. The group sang "Something for Jesus" to open the meeting.

Mrs. C. W. Bennett, president, announced that the district meeting would be at Vernon on November 12.

The motion was made and carried that the meeting time be changed to 3:00 P. M. beginning now until spring.

Mrs. G. D. Hillis, chairman of the Week Day of Prayer program, announced it would be held at the church on Wednesday, November 11, beginning at 10 A. M. with everyone bringing a covered dish.

Mrs. R. Y. King asked that all stationery orders be turned in immediately.

Mrs. Victor Smith led the program, entitled "Feeding the Modern Multitude." Mrs. Hillis and Mrs. Lee Muse gave parts.

The Juniors' Church School Class, led by Mrs. Homer Bones, brought a skit, entitled, "The Church That Was Built by Moonlight." It was the true story of a preacher-teacher in India and the people of his village who were told by the Hindu priest they would be given no protection while building their church; that nobody would try to prevent it being torn down. In view of this the preacher-teacher and his people built their church one bright moonlight night. None of the outsiders ever bothered it, so awed they were by the courage and determination of the Christians.

After the skit, Miss Sue Yankee presented some money for Missions from the Junior group to Mrs. Bennett.

Donley County Leader, \$2.50 year

MOTHERS STUDY CLUB

Mothers Study Club met Tuesday afternoon at Patching Club House. Mrs. Grady Tyler, hostess, was assisted by Mrs. Carlie Bennett.

The short business meeting was presided over by Mrs. Grady Tyler followed by a very interesting program entitled "Religion in the Home" by Mrs. L. L. Oliver. Mrs. Oliver gave emphasis to her talk by using pictures which adhered to a stand, making it possible for all to view them as she talked.

Attending were two visitors, Mrs. H. L. Harrison and children, and Mrs. Shorty Smith and children also Mesdames Carlie Bennett, Bill Gerner and children, Chauncey Hommel and Gene, L. L. Oliver, and Grady Tyler and Gail.

MARTIN QUILTING CLUB

The Martin Quilting Club met with Mrs. Raymond Waldrop Thursday, Nov. 5th with 13 members. A delicious noon meal was served. Two quilts were finished. It was voted on that we would have our Thanksgiving supper Thanksgiving night at the school house.

Members present were Mesdames Melba Risley, Lizzie Morrow, Lela Bulman, Montie Kidd, Lois Stevenson, Blanch Higgins, Margaret Waldrop, Eunice Land, Dorothy Sullivan, Guinn Hill, Flossie Reynolds, Alice Pittman, Linnie Cauthen.

The next meeting will be with Flossie Reynolds at the school house Nov. 19. —Reporter.

MARY-MARTHA CLASS

The Mary-Martha Class of the First Baptist Church met at the church last Tuesday. A delicious lunch was served to 8 members. A Christmas party was planned for a later date. —Reporter.

THAT THEY MAY DRIVE—Inspecting a special handbrake for disabled drivers is Mrs. Oveta Culp Hobby, Secretary of Health, Education and Welfare. The device was on display recently at the National Rehabilitation Association's convention at Miami Beach, Fla.

LES BEAUX ARTS CLUB

Les Beaux Arts Club met Friday afternoon, November 6, at Patching Club House with the president, Mrs. W. C. Thornberry, opening the meeting with prayer.

The program for the afternoon was "Texas Painters and Paintings." Miss Katherine Ross gave the Texas Art History and Mrs. J. D. Swift showed pictures of outstanding artists.

Texas Art comes under three periods. The first period important painting subject were on Texas Fighting and the Establishment of its Independence, and portraits of Texas heroes. Best known artists of the period were J. C. McArdles and William Huddle. The second period landscape painting was predominate, stressing Wild Flowers, there being some 420 varieties in Texas. Outstanding artists of this period were Julian Onderdonk and E. G. Eisenlohr. The third period popular subject was based on the "History of the West."

Of this period we were fortunate to have an out-standing artist with us, Harold D. Bugbee. Critics of Art Centers rate him as one of Texas' most outstanding Western artists. His paintings depict the wild mustang, buffaloes, Indians of the West, long-horn cattle, early explorers and settlers. For the rapid disappearing West, he likes to do the cowboys, bronc-riding, branding, roping and riding the range, eating at the chuckwagon, etc. Mr. Bugbee has illustrated for more than 20 books, a number of magazines, done many murals, paintings, and much Christmas card work. At the present time he is doing 13 murals for the Historic Museum at Canyon. Because the Old West is fast disappearing and turning modern, Mr. Bugbee's works will be of Historic value.

Twenty-one members and two guests, Mrs. W. G. Word, and Mrs. J. H. Howze, were present, with our honor guest, Harold D. Bugbee and his wife, Mrs. Katherine Bugbee.

Hostesses for the afternoon were Miss Anna Moores and Mrs. Emmett Simmons. —Reporter.

FACULTY ENTERTAINED WITH TEA

In observance of National F.H.A. Week, F.H.A. girls under the supervision of their sponsor, Miss Loyd Richerson, entertained faculty members with a tea Friday afternoon in the Home-making Department of Clarendon High School.

Bouquets of fall flowers, chrysanthemums predominating, decorated the entertaining rooms with a buffet arrangement of red roses carrying out club colors of red and white. A musical program was presented by Harlene Smith, Jackie Estlack, Ruth Ann King and Marianne Longan.

The refreshment table was laid with a lace cloth. The centerpiece, a miniature turkey, was filled with Marigolds, and was surrounded with fallen leaves in all the beautiful colors of the season. Spiced tea or coffee and cookies were served with Della Allen presiding at the table.

Y. W. A.'s MEET

The Y.W.A.'s met at the First Baptist Church on Nov. 10. The meetings was called to order by Bertha Reid, the president. Business was discussed. Miss Betty Maddux gave the program. The meeting was closed with a prayer.

Delicious refreshments were served by the hostess, Gaynell Scott, to the following members: Bertha Reid, Roberta Lindley, Mary Ida Gattis, Wanda Sibley, Evelyn Wood, Shirley Aten, and Betty Maddux. We had one visitor, Mrs. Dale Hill.

The next meeting will be held at Evelyn Wood's with Shirley Aten as hostess on Nov. 17 at 4:15. —Reporter.

HOMEMAKERS CIRCLE

The Homemakers Circle of the Methodist Church met October 28 in the home of Mrs. C. B. Morris. Co-hostess was Mrs. Duane Naylor.

Mrs. Sam Lowry gave the devotional. Mrs. C. C. Powell, a guest, gave the Mission Study and a portion of the book entitled "That The World May Know."

Refreshments were served to 14 members and one guest.

"Be good to yourself" Go to church Sunday.—Clarendon Jaycees.

HIGH TEE—Champion golfer Patty Berg keeps her swinging arm in shape during an early morning practice session on the roof of a New York City hotel. The Minnesotan recently took top honors in the Women's Professional Division of the Tam O'Shanter Tourney in Chicago.

MIDWAY QUILTING CLUB

The Midway Quilting Club met at Mrs. Ida Pickering's with Mrs. Lucille Eanes acting as hostess. The next quilting will be November 17th with Mrs. Louise Riley. We are supposed to bring 1 quart jam or jelly for Girls Town on that day.

There was a delicious dinner served to Nora Goldston, Marjorie Hensley, Loyd Hillis, Della King, Nell Land, Allie Quattlebaum, Louise Riley, Sarah Shaller, Jose Simmons, Pearl Terry, Katie Belle Wells, Eddie Williams and the hostess Lucille Eanes.

One quilt was completed and another almost finished.

BETA SIGMA PHI

Beta Sigma Phi meets at 8 p. m. in the home of Frankie Henson on Nov. 12th in their regular meeting.

Donley County Leader, \$2.50 year

Guests in the home of Mrs. E. W. Tyler and Miss Alice Tyler thru the week end were Mr. and Mrs. E. W. Tyler, Jr. and boys, Mr. and Mrs. Guy Jones and family, Mr. and Mrs. Jim Clark and son, all of Plainview; Mr. and Mrs. Buster Campbell and boys and Mr. and Mrs. Gordon Lee and son of Claude; Mr. and Mrs. V. E. Moore and family of Amarillo; and Mrs. Tom Stotts of Enid, Okla.

Mr. and Mrs. L. N. Cox and daughter, Inelle, a student at WTSC in Canyon, spent the week end in Wichita Falls where they visited in the home of their daughter and husband, Mr. and Mrs. Joe Dilli, and with Mr. and Mrs. P. I. Eastlake and boys. They attended homecoming activities at Midwestern University and saw the football game between Midwestern and West Texas State College Saturday.

FARM NEWS

from the County PMA Committee

SECRETARY BENSON ISSUES STATEMENT ON COTTON ACREAGE ALLOTMENT DETERMINATIONS

Secretary of Agriculture Ezra Taft Benson October 30, expressed his personal concern over the hardship which will be imposed on cotton farmers and the entire economy of the Cotton Belt by drastic adjustments imposed by the recently announced cotton acreage allotment, and said that he would urge a reasonable increase in the allotment immediately upon the reconvening of Congress in January.

The upland cotton acreage allotment for 1954 has been announced, in accordance with legislative provisions, at 17,910,448 acres. This acreage, at average yields for the 1948-1952 period, would produce the national marketing quota of 10 million bales.

The record of the previous years when cotton acreage allotments have been in effect shows that the acreage of cotton those years has averaged well below the established allotments. Many producers have failed to plant up to their allotments.

If the 10 million bale marketing quota was the amount of cotton production needed in 1954 to assure a "normal supply", the Secretary might "have reason to believe" that a larger quota and acreage allotment were necessary. However, only 8.6 million 500-pound bales of 1954 production are needed to assure a "normal supply". The quota was set at 10 million bales because, under the present supply situation, the law

provided that amount as both a minimum and a maximum.

Production from a national allotment of 17.9 million acres, at average yields and with the normal, historical under-plantings below allotments, can be expected to produce more than 8.6 million bales of cotton in 1954—enough to assure a "normal supply". Under these conditions, no increase in acreage would be possible under the provisions of Section 371 (a).

While there has been general agreement that the allotment should be increased above the level permitted by the present law, there have been wide differences of opinion as to just how big the increase should be and how the allotment should be distributed among states, counties and farms. The Secretary had hoped during last spring and summer that farmers and their representatives might resolve their differences and agree upon a solution while there was still time to act. This would have enabled the Department to remedy the situation before the farm allotments are made this fall.

The Secretary is still hopeful that an agreement will be reached by the time Congress reconvenes in January. A number of members of Congress have stated that they would press for immediate action. Their efforts will be greatly facilitated if there is an agreement on the amendments that need to be made in the law.

The Secretary is deeply concerned over the great hardship which will result if the allotment which we are required to issue under the present law are not materially modified. He will urge an increase in the allotment and will render all possible assistance to the achievement of the goal.

DROUGHT EMERGENCY

People, Spots In The News

'GILL MAN'—Latest Hollywood horror is sponge-rubber creation of makeup man Bud Westmore. Korea veteran Ben Chapman swims in it.

HONEST FORGER Maxine Shaghta forges 7,000 signatures a year without fear of law. At Sheaffer pen plant in Fort Madison, Ia., she reproduces Hancocks of greats such as Eisenhower and of plain citizens, on gold bands around pens and pencils.

CHAMPION Bobo Olson is greeted by mother and wife, Dolores, and garland-bearing well-wishers at San Francisco airport after winning middleweight title from Randy Turpin.

Nov. 15 Deadline For Packages To Overseas

November 15 is deadline for mailing Christmas packages to servicemen overseas.

J. C. Estlack, postmaster said, "Packages can be mailed after that date but there is no guarantee the parcels will reach their destination before Christmas."

He pointed out just about everything but guns, ammunition and glass can be sent through the mail to men overseas. Boxes should not exceed 72 inches in length and width.

Maximum weight of a package depends on the APO number through which a parcel is being mailed.

"In some APO's 70 pounds is the limit, and in others, 50 is the limit. If the packages are kept down to 50 pounds, it is safe," he said.

Parcels should be wrapped in heavy brown paper with strong cord. Gummed labels sometimes come off, so addresses are best when written in waterproof ink.

In addition, it is a good idea to include inside the box the name and address of the person the package is intended for in case the outside address becomes torn. This would enable postal authorities to see that a damaged box gets through.

PATIENT IN ROCHESTER HOSPITAL

Mrs. J. R. Cowan of Borger, daughter of Mr. and Mrs. Clyde Butler, underwent surgery in a Rochester, Minnesota Hospital Monday to correct a heart condition and at last report received here was doing as well as possible. With her were her husband, J. R. Cowan, her brother, Glenn Butler of Claude, and sister, Mrs. Loren Rhoades of Amarillo.

Anyone wanting to send card may do so by addressing them to the Worrall Hospital, Room 222.

Mr. and Mrs. Bob Whatley and son of Childress visited Sunday afternoon in the home of Mr. and Mrs. U. T. Fowler.

Mrs. Clyde Butler and grandchildren, Kathy and Jeff Cowan of Borger, spent the week end here. Mrs. Butler is caring for the children while their mother is recovering from surgery.

Mr. and Mrs. Kay Combs of Pampa are guests in the home of Mr. and Mrs. M. S. Ozier.

Mr. and Mrs. Bill Craft moved back to Brice this week from Alamosa, Colo.

Mrs. Joe Terry was called to Lubbock Sunday to be with her sister, Mrs. Jim Fry, who is ill.

HAY PROGRAM:

Instructions were received from the Texas State PMA Office Monday morning concerning the Drought Emergency Hay Program. Applications are now being taken in the County PMA Office.

BAND PARENTS TO MEET

Band Parents will meet Monday night at 7:30 at the Band Hall. All parents having children studying Band are invited to attend this meeting.

As is customary, the stand, operated by Band Parents will be open for the football game Friday night. Anyone wishing to contribute Hot Chocolate to be sold at the game may leave the Chocolate at the stand any time after 6:30 Friday night.

TAKE SIX WEEK VACATION

Mr. and Mrs. W. M. Pickering returned home Friday night after a six week vacation taking them thru several states. While away they visited friends and relatives in Iowa and spent a week fishing in Lake Missawa in Minnesota.

Mr. and Mrs. Pickering visited a week with her son, Dr. Howard Weatherly, in Chicago and en-route home visited Mr. Pickering's relatives in Boulder and Berthoud, Colo.

They report a wonderful trip, good fishing, and lots of beautiful scenery.

Mrs. Tom Stotts of Enid, Okla. is a visitor in the home of Mrs. E. W. Tyler and Miss Alice Tyler.

By John C. White, Commissioner

Saving Grain Through Rat Control

There are some rats and mice on nearly every farm. A few rats may not do much apparent damage in a short period of time, but the pests multiply rapidly in favorable quarters and destroy millions of bushels of grain and feed in the U. S. annually.

Just a few rats in your grain bins may be enough to prevent you from selling products for human consumption under Federal Food and Drug regulations. In addition, these pests are the source of several diseases that are deadly to humans, pets, livestock and poultry. Rats and mice on your property means money out of your pocket.

Permanent control is a five-fold job. Here are the basic rules:

1. Don't give them shelter. Rodents are difficult to get rid of if they have places to hide. Piles of rubbish, stacks of old lumber or other materials and wooden floors close to the ground are favorite hiding places. Many farms have several such "rat hotels" near granaries or other food and feed supplies. All such shelters should be cleaned up or removed.

2. Don't feed them. A hungry rodent is easily poisoned or trapped. Food and feeds should be stored properly, and scraps and garbage kept in rat-proof containers. Granaries, corn cribs, feed rooms and storage cellars should also be rat-proof.

3. Kill them! Rats and mice that are hungry and lack shelter are easily killed by poisoning, fumigating or trapping. All of these methods may be employed individually or in combination on most rodent control jobs. But a word of caution—poisons should be handled with great care, keeping them away from children, livestock and pets.

4. Organize Community rat-control projects. Community action is the most effective way to fight rats. Controlling rats on one farm in a community is usually only temporary. More may come in from surroundings where control is not practiced. Campaigns should include not only farms but dumps, feed mills and other rat food sources.

5. Follow a year-round program. Rats never take vacations. They may raise four or more litters a year averaging from 6 to

10 in a litter. The presence of one pair of rats on a farm in the spring can mean 50 rats by fall. Rat control must be a continuous job. But it will pay long-range dividends to the farmer and the community.

Mr. and Mrs. Bill Bromley returned home Friday night from Temple where Mrs. Bromley went thru the Scott and White Clinic.

Members of a Chinese Secret Society, formed to rid China of foreigners, were known as the "Boxers".

President Calvin Coolidge's father administered the oath of office to his son.

Best time to trade for BARGAIN BUYS IN TRUCKS

From light delivery to heavy hauling, there's a Chevrolet truck to fit your needs.

Buy no truck until you get our deal!
Be ahead on price! Chevrolet trucks are America's lowest priced truck line! It's easy to find a truck that costs more, but nowhere else will you find all the advanced features, all the thrifty power, all the ruggedness and durability you get in a Chevrolet truck.
Be ahead on operating costs! Both the mighty Loadmaster engine on heavy-duty models and the rugged Thriftmaster engine on light- and medium-duty models squeeze more miles out of every gallon of gas. Chevrolet trucks cut upkeep costs, too.
Be ahead on trade-in! You're ahead with low first cost... you're ahead with low operating costs... and you're dollars ahead again when it's time to trade! That's because Chevrolet trucks traditionally command a higher trade-in value. Buy now and be ahead all ways!

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

REORGANIZATION OF THE UNITED STATES DEPARTMENT OF AGRICULTURE

Since the proposed reorganization of the Department of Agriculture has caused so much comment, it occurred to me that the release issued by the Secretary concerning the changes should be given to the public. The following is a copy of the release furnished me by the Secretary of Agriculture and issued as a public notice.

conduct all of the production and utilization research of the Department (except forestry research) and the inspection, disease and pest control and eradication work closely associated with this research. The Administrator of this Service would also be responsible for the coordination of all research of the Department.

pest control work now in the bureaus of the Agricultural Research Administration would be reorganized and regrouped. The aim is to gather together the research and the regulatory work from scattered locations within the present Agricultural Research Administration and thus provide two main activities with clear lines of authority—the research work in one group and the inspection and control work in another.

This service would continue to be responsible for promoting the conservation and best use of the Nation's forest resources. The following activities would be transferred to this Service: (1) The management of public-ly owned lands administered under Title III of the Bankhead-Jones Farm Tenant Act from the Soil Conservation Service.

Colleges' Agricultural Extension Service. All work of the Technical Collaboration Branch of the Foreign Agricultural Service other than that relating to research would be transferred to this Service.

economic research; marketing services, including crop and livestock estimation, market news, standardization, grading, inspection and classification of farm products; and marketing and (Continued on Page 12)

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get sure but gentle relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's 30¢ size today. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

To Relieve Misery of COLDS take 666 LIQUID OR TABLETS - SAME FAST RELIEF

From where I sit... by Joe Marsh

Sheriff's "Push" Pulls a Vote

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Well, Flip and I just stood there when the fellow leans out

the window and says, 'Just wanted to make sure you're the right man to vote for.' From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor. One way I know is just to have a little regard for the other fellow. Whether your neighbor likes beer or buttermilk, don't try to push him to your choice. Just give him your "vote of confidence."

Money Back Guarantee Get Muscle-Rub today from your Druggist. Use half the bottle. If you are not delighted with results, return what's left to your Druggist, who will cheerfully refund your money. Regular size bottle \$1.45. You save when buying the large Economy \$2.25 size.

Muscle-Rub At Your Drug Store

IT'S TRADE-IN TIME FOR A BETTER DEAL

Want top allowance on your present car? See us this week for a deal that will raise your pride. Now is your chance to drive a moneysaving bargain.

It raises your pride and races your pulse

You feel it the moment we turn over the keys to you.

You now own the handsomest "hardtop" around—a Buick Riviera—and the warm glow goes all through you.

But not alone for the racy beauty of the car.

You feel that prideful surge, too, from the fact that here you bought yourself a whale of a lot of automobile—a whale of a lot of room and power and soft luxury and ride steadiness—for a lot less than you expected.

For the automobile pictured here is a Buick SPECIAL Riviera—which means it delivers locally for just a few dollars

more than the "hardtop" models of the "low-price three."

But it's only when you drive away in your bounteous new beauty that the real thrills begin and the satisfaction deepens...

When the highest Fireball 8 power in Buick SPECIAL history whispers away the miles with effortless ease...

When Twin-Turbine Dynaflo* gives you instant getaway response with silken smoothness, and the Million Dollar Ride levels every inch of your way...

When the deep wide seats cradle you in spacious comfort and the great glass

areas give you visibility practically unlimited.

Surely you ought to look into this great Buick that's so prideful to own, so thrilling to drive, so easy to buy.

We'll be happy to arrange a sampling. Can you visit us this week?

(Continued from Page 9)
regulatory acts, including marketing agreements and orders. The Administrator of this Service would also be responsible for the coordination of all statistical

work of the Department. The following activities would be transferred to this Service from other agencies:

(1) All research, analytical and statistical work, including crop and livestock estimates, of the Bureau of Agricultural Econom-

ics, except the farm management and land use research transferred to the Agricultural Research Service.

(2) The off-farm handling, transportation and storage research activities from the Agricultural Research Administration.

(3) The marketing research and marketing services work from the Production and Marketing Administration.

(4) The administration of marketing and regulatory acts, including marketing agreements and orders from the Production and Marketing Administration.

(5) Work relating to food distribution, including the school lunch program, administration of Section 32 of the Agricultural Adjustment Act of 1935, and food trade activities from the Production and Marketing Administration.

(6) The Commodity Exchange Authority which administers the Commodity Exchange Act would be placed in this Service.

Foreign Agricultural Service
This service would have primary responsibility for matters pertaining to agricultural trade and relationships with foreign areas. Certain functions relating to import controls under Section 22 of the Agricultural Adjust-

ment Act and import control under the Defense Production Act would be transferred to this Service.

AGRICULTURAL STABILIZATION Commodity Stabilization Service

This Service would be responsible for adjustment activities including acreage allotments and marketing quotas, the stabilization of sugar production, price support, foreign supply programs, commodity disposal and administration of the International Wheat Agreement. Personnel and facilities of the Commodity Stabilization Service would be utilized in administration of Commodity Credit Corporation programs.

All these functions and activities would be transferred from the Production and Marketing Administration.

Community, County and State Committees

The Community, County and State Committees (the present PMA Committees) through which the Commodity Stabilization Service activities and the Agricul-

tural Conservation Program are carried out in the field would be placed in this group.

Federal Crop Insurance Corporation
Not affected by this reorganization.

AGRICULTURAL CREDIT Farmers Home Administration
Not affected by this reorganization.

Rural Electrification Administration

How the beautiful New 1954 DESOTO AUTOMATIC puts you ahead in traffic!

Driving's A Pleasure Again With New PowerFlite Transmission, New Full-Time Power Steering, And The New 170 H. P. Fire Dome V-8 Engine! ON DISPLAY NOW!

We're Demonstrating Now! . . . The car that puts you ahead in traffic because it's capable of carrying out sudden orders swiftly and safely at all speeds! The new 1954 DeSoto Automatic with PowerFlite!

New PowerFlite Transmission! Fully-automatic—no clutch—smooth and silent operation! Permits getaway and split-second response matched by no other! Entirely eliminates the old-time clutch pushing and gear shifting!

New 170 H. P. Fire Dome V-8! Stepped up horsepower for America's most efficient engine means even greater acceleration and power reserve than the record FireDome engine of the past! It's economical, too!

New Full-Time Power Steering! Easiest, safest steering known! Wheels respond faster, all hard work of turning and parking is eliminated! Makes parking easy as dialing a phone.

Power Brakes, too! Assure quick, safe stops with half of the usual pedal pressure! No "jamming down" . . . no stretch . . . all strain gone!

Plus New Ensemble Style! Long low body, massive new bumpers and grille . . . and completely new interior with solid-color mouldings, decorator-matched fabrics, exquisite new contrasting-color instrument panel! Come in and inspect a Fire Dome V-8 or Powermaster Six.

DE SOTO Puts You Ahead AUTOMATICALLY! See It! Drive It! You'll Love It!

Pay Your Taxes Early and Save DISCOUNT

The Commissioners Court of Donley County customarily authorizes the Tax Collector to give the discount on 1953 taxes as approved by the Legislature as follows:

- 2 Per Cent If Paid During November
- 1 Per Cent If Paid During December

This Discount is on all State and County taxes that are collected by the County Tax Collector.

Remember to Pay your Poll Tax—1954 will be a big election year.
