Bring the entire family with you.

Official Memorandum  
BY ALLAN SHIVERS  
Governor of Texas  
AUSTIN, TEXAS  
FREEDOM OF INFORMATION IS THE INSPIRING THEME FOR NATIONAL NEWSPAPER WEEK THIS YEAR. AMERICANS ARE BEING REINFORCED THAT "AN INFORMED PRESS MEANS AN INFORMED PEOPLE" AND THAT NEWSPAPERS ARE IMPORTANT TO EVERY COMMUNITY AND EVERY INDIVIDUAL.  
The President of the United States has declared that the journalists of our country "are custodians of a majestic trust; a solemn responsibility; to help arm our people with the knowledge and understanding without which free choice, free government, free men could not be."  
A free press always has been a part of the tradition of Texas as well as of the rest of the United States. Our State Constitution provides that: "Every person shall be at liberty to speak, write or publish his opinions on any subject, being responsible for the abuse of that privilege; and no law shall ever be passed curtailing the liberty of speech or of the press."  
This basic freedom has been lost in so much of the world that it must not be taken for granted here. Once compromised, it would not be easily regained.  
WHEREFORE I, as Governor of the State of Texas, do hereby designate the period October 1 - 8, 1953, as NATIONAL NEWSPAPER WEEK IN TEXAS  
and urge that all citizens give thoughtful attention to the importance of newspapers in the lives of our people, our communities, our State, and our nation.  
In official recognition whereof, I hereby affix my hand and the Great Seal of the State of Texas this 1st day of October, 1953.  
Allan Shivers  
Governor of Texas

**THE JAYCEES SPEAK**

In an effort to show everyone the seriousness and scope on which the Jaycees operate, this writer has chosen to give you a few of the coming high points. The next big event is the Five State Institute to be held in our neighboring city of Amarillo October 10th and 11th. This will be a series of clinics and forums with delegates from Oklahoma, Colorado, Kansas, New Mexico, and Texas participating. There are dances, banquets, and luncheons to be enjoyed by all. Several national officers will be on hand; Dain Domich, National President, three VP's, and the National Youth Welfare chairman. Every member owes it to himself to attend this meeting if at all possible.

Next on the "big business" calendar is the Fall Board Meeting November 7th and 8th. In an effort to make the meeting as attractive as possible the best city of Wichita Falls is offering the delegates free parking, free taxi service, gifts for the ladies, and a free round trip airplane ticket to the 10th, 25th, 50th, and 75th paid advance registrants (Jaycee and wife). Bingo, swimming, and luncheon parties are in store for the ladies. Now don't get the idea it's all social for some big and important business will be disposed of, for it's in essence, a State Board of Directors meeting.

These two meetings pretty well cover it for this year but more of the same scope are in store for next year. The local club plans to be well represented at all of

them. See you next week and remember: "It's all right to get in and dig, but be careful where you throw the dirt." BUY BUMPER TAPE and save a repair bill.

# Plowin' Out the Corners

Would you like to help Uncle Zeb improve his rating with one of his bosses? Everyone knows that Mama is my real boss, even myself wouldn't dare deny that. But since December we have been writing a regular column and quite a bunch of stories about farming and farm folks for Southwestern Crop & Stock; a fairly new farm magazine that is a product of our own southwest being published right here close to home at Lubbock. Anyway, if you would like to do the above do one or all of the following things. First, subscribe to Crop & Stock from one of your Future Homemaking girls at school, or some other club that is taking subscriptions and you will not only be helping our reputation but the girls will also make some money for their class. Second, after you have read the magazine write a letter to the editor telling him something good about the paper and if you can possibly think of anything good about Uncle Zeb throw that in. If you can't find a class or a club taking subscriptions send it direct to us and tell us which group you want to benefit by the commission. The price is the small sum of \$2.00 for three years. Anyhow this would help your favorite club make some money and make the editor think that you enjoyed reading Plowin' Out The Corners.

There are 133 special weeks in the calendar year. 133 weeks in which we are urged to give special emphasis to this or that. Actually that is about three times as many as we really have weeks. One fellow is pushing a move to have a Leave Us Alone Year. Sounds like a pretty good idea. As good and wonderful as most of our special emphasis days are we have had such a breaking out

of these moves in late years until we get to where we don't listen to even the most worthy most of the time.

Van Kennedy, banker down Clarendon way tells the following story. It is supposed to have happened back in the depression days of some time ago before we ever thought of taking our troubles to Uncle Sam. Anyway, some of the neighbors were gathered together watching a cyclone that was coming across the country. Things looked bad and one old boy says "We better go to the cellar or we'll be a gon'er." "Go to the cellar if you want to," replied neighbor John. "Do as you like, but as for me I'm going to the pea patch. That pea patch has saved my life for three straight years and I ain't aimin' to lose faith in it now."

Still quoting from other people, and this time from one of the Brother-in-laws. According to him; "Back in the days before the west was fully settled up people had a lot of trouble with outlaws. Now, they have just about as much trouble as ever but now the problem is in-laws." You don't reckon he could be insinuating anything.

You know, talking about all the things we get involved in these days; all the clubs, lodges, organizations, churches, boards, commissions, directors, parties and what have you. Mama hustling off to the female branches, papa limping off to meet with the boys, Junior and Sister trying to study a little between ball games, and what have you. I tell you, it's no wonder almost half of us are hunting a doctor. But last week we heard an encouraging twist. Talked with one family that decided to do something about this situation. They set aside Monday night as Family night. Sister had no dates. Papa went to no board meeting, it was all in the agreement. Everyone was to stay at home and get to know the family. At first, it sounded funny, but it's a good idea after you think about it awhile. This might be the answer to a lot of problems.

A woman's promise to be on time carries a lot of wait.

James Reed, son of Mr. and Mrs. Ben Lovell, is a member of the State Bar Association and an active member in the North Plains Bar Association. ## GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We haven't many books to report. A miscellaneous collection that was donated in the summer are now ready for use. "Hope of Earth" by Margaret Lee Runbeck is a novel given by Mr. and Mrs. Ernest Hunt in memory of Mrs. Ayers. It is a pioneer story that will be enjoyed by many of our readers as they are familiar with Margaret L. Runbeck's stories that appear in all the leading periodicals for women.

Mrs. Whitsell supplied the magazine department with "Glamour", "The Country Gentleman" and six of the best recent periodicals for men. "The Good Housekeeping" and new Red Book are ready for you, and the Quarter Horse issue of "Cattleman." So visit us, regardless of the dust and grime from the plaster patches.

## Miss Barbara Estlack Weds Benny Edens

Miss Barbara Faye Estlack, daughter of Mr. and Mrs. A. D. Estlack, Clarendon, Texas, became the bride of Benny Roe Edens, son of Bill Edens, Clarendon, and Mrs. Ray Weeks of Farmington, N. Mex., in a double ring ceremony, read at 6 p. m. Thursday, September 24, at the First Baptist Church in Clarendon. Rev. J. E. Byers, pastor, officiated.

Vows were exchanged before an archway of greenery flanked by baskets of white gladioli and potted ferns against a background formed by blue tapers in tall candelabra. The aisle leading to the altar was marked with white posts and silk rope, with family pews marked by blue satin bows.

Candles were lighted by Donna Jane Estlack, cousin of the bride, and Linda Edens, sister of the groom. Both wore identically styled dress of peach colored taffeta. Their headpieces and wristlets were of blue feathered carnations with matching ribbon.

Ushers were Bill Chilton, Jack Clifford, Joe Shadle and Jimmy Lambeth. Mrs. Richard Salmon of Lakeview presided at the guest registrar at the church door.

Mrs. Millard Word, organist, played a nuptial prelude of wedding selections, the traditional wedding marches, and accompanied Miss Jackie Estlack, cousin of the bride, as she sang "O Promise Me," and "I Love You Truly."

Mrs. Joe Shadle attended the bride as matron of honor. She wore a waltz length gown of powder blue taffeta fashioned with a full skirt and fitted bodice. Her headpiece and wristlet were of peach colored roses and matching ribbon.

attended the groom as best man. The bride, escorted to the altar and given in marriage by her father, wore a waltz length gown of tulle over satin fashioned with a fitted bodice and portrait neckline, and a full skirt. The long sleeves terminated in petal points over the hands. Her shoulder length veil of illusion fell from a bandeau of shirred satin. She carried a white Bible topped with a bouquet of white sweetheart roses with white satin streamers tied with lovers knots.

For her daughter's wedding, Mrs. Estlack chose a dress of gray orlon and silk shantung complemented by gray and navy accessories and a corsage of pink rosebuds. Mrs. Weeks, mother of the groom, wore a beige and black faille dress with black accessories and a corsage of pink roses.

Immediately following the ceremony, a reception was held in the church parlor. Guests were received by Mrs. Alfred Estlack, Mrs. Ray Weeks, Mr. and Mrs. Benny Roe Edens, and Mrs. Joe Shadle.

The serving table covered with a white linen outwork cloth, was centered with an arrangement of peach colored roses in a blue crystal bowl and white tapers in blue candelabra. The tiered wedding cake, topped with a miniature bride and groom was decorated with blue bells and hearts and peach tinted rosettes. The crystal punch service completed the table setting. Mrs. Kenneth Sams of Welch, Texas poured punch and Mrs. Bill Chilton served the wedding cake. Both are sisters of the bride.

Others assisting with the serving were Mrs. Richard Salmon, Mrs. Ralph Hill, Mrs. Delbert Robertson, and Misses Jo Ann Montgomery, Shirley Barker, Ruby Mann, and Jackie Estlack. For traveling Mrs. Edens wore

MR. AND MRS. BENNY EDENS

a brown faille suit with brown velvet trim complemented by brown accessories and a corsage of white sweetheart roses taken from her bridal bouquet.

Mrs. Edens attended Clarendon Schools where she was a member of the High School band for four years, the Choral Club and the Kappa Sub Debs. She was a member of the 1953 graduating class. Mr. Edens attended the Lakeview and Clarendon Schools and is employed by Sinclair Oil Drilling Co. The couple will make their home at Kermit.

**PATHFINDER CLUB**  
"Americanism" was the theme stressed at the meeting of the Pathfinder Club at Patching Club House, Friday afternoon, September 25.

The meeting was called to order by the president, Mrs. Clyde Hudson, and opened with a devotional on the Declaration of Independence, 1787, followed by prayer. Mrs. Fred Buntin gave the pledge of allegiance.

In the business session the group voted to give \$5 to be added to a fund being raised to help restore Independence Hall, the Federated Club Women's project for this year. The group also voted to allow each member two guests for Guest Day to be observed October 9. Mrs. Oscar Thomas turned in her resignation. Mrs. George Benson was elected to membership.

An outstanding program on "Americanism" was presented by Mrs. Eudora Hawkins. Mrs. Hawkins is with the Public Service Company out of Abilene, Texas, and is a state officer in Federated Women's Clubs. She gave an extensive talk stressing the fact that "Americanism" is our government, that America is a Christian republic standing first for God, second for man, and third for the people. She pointed out that Government is our business and we should speak for ourselves by taking more interest in public affairs. She read the Bill of Rights which stands first for the people, second for the state and third keeps the federal government from infringing on people. In connection with her talk she also showed a film "Government is Our Business." This film portrayed the story of a young man who wanted to enter politics but whose family were not enthusiastic toward this end. Its purpose was to encourage more young people to take an active part in government.

Mrs. H. T. Burton, and Mrs. E. P. Shelton, hostesses served cake and punch. Napkins in red, white, and blue carried out the patriotic motif. The speaker's table was decorated with a large bouquet of bronze dahlias.

**Parent - Teacher Talk**

Remember just a couple or so years ago when your doorbell rang every five minutes after school was out in the afternoon and you would find a group of children with outstretched hands demanding that you join PTA or buy a chance on a lamp, or blanket, or radio? Well, all that has been stopped.

So what happens? Very few remember to send PTA membership dues to school with junior. Two weeks were set aside this year for the membership drive and the time runs out tomorrow. Mrs. Breedlove, Mrs. McBrayer, and Mrs. Cockerell collected dues hand over fist at the first PTA meeting, and since then only two others have joined. When the children swarmed the town, they'd bring in more than a hundred memberships from people they'd flat heckled out of money. The present way is much nicer, but PTA needs the money it gets from its membership drive.

Every year PTA spends whatever money it has in the junior high and Elizabeth Stevens schools for much-needed items which the school itself could never afford. And each child benefits.

Of course, PTA is not a money-making organization, but in a community like this where the schools need so much and there is so little money to provide it, PTA steps in to do what it can. A movie projector, supplementary books, a teachers' lounge, paint for a few rooms, stage curtains—all these things PTA has provided recently. It seems every parent should be proud to contribute his fifty cents for membership in the organization. Tomorrow is the last day, but send the money to school any time and it will find its way to where it belongs.

The wheels are beginning to turn in preparation for the Halloween Carnival which is going to be new and different this year—more about that next week. It's good to see girls that grew up here and left, back here once more and working with the room mothers—Mary Nell Johnson and Ruth Hudson, for instance. Both have first graders.

**Shivers To Open Prison Rodeo**

HUNTSVILLE — Governor Alton Shivers will for the fifth consecutive time officially open the annual Prison Rodeo here, Sunday, October 4th.

French M. Robertson, Texas Prison Board chairman, announced the Governor's acceptance of the Texas Prison Board's invitation and declared that opening Sunday of the big prison show, now in its 22nd year, would be designated as Governor's Day. Members of the Texas legislature have also been invited to attend the October 4th ceremonies as guests of the prison management and a large number are expected to be on hand when the world-famed rodeo is opened.

Right now it's round-up time throughout the prison system and the farthest corners of the vast river bottom pastures are being combed for the rodeo stock that hasn't seen a human being since last year. Only the best and wildest animals will be taken to Huntsville for the rodeo. What happens when these Brahma bulls and wild horses are mounted by the reckless convict riders is anybody's guess. The result is what has earned the show its reputation of being the wildest rodeo staged anywhere.

As usual the 22nd annual Prison Rodeo will open with that unforgettable spectacle, the Mad Scramble. Ten chutes flying open simultaneously to disgorge ten wild convict riders on ten wild Brahma bulls. After that it's a whirl of Saddle Bronc Riding, Bareback Bronc riding, wild bull riding, wild horse racing, interspersed between events with the very best novelty and specialty rodeo circuits with calf roping by

some of the state's best ropers, acts playing the "free-world" who annually journey here to compete with each other, during the prison show's four performances.

**AUSTIN**—A two-edged crusade  
 by the Texas Democrats against  
 the Loyalists and the Republicans  
 is now officially begun.

Governor Allan Shivers called  
 the signal at Mineral Wells and  
 urged his kind of Democrats to  
 begin the struggle immediately.

There are two aspects of the  
 campaign—first, domination of  
 the elections next year; and second,  
 control of the party machinery  
 in the presidential year of 1956.

Every observer at the Mineral  
 Wells session of Texas Democrats  
 interpreted Shivers' remarks to  
 mean that, if necessary, he will  
 run for governor again to gain  
 the objectives.

"If 1952 was the year of deci-  
 sion for the Democratic Party  
 of Texas," Shivers said, "1954  
 will be the year in which the deci-  
 sion is ratified—or rendered  
 empty and meaningless."

"It is the simple fact of political  
 life that victory is never secure.  
 It must be won again and again  
 —and yet again, for each test is  
 a new game, and there is no prize  
 for second place."

As Shivers spoke, his support-  
 ers in many parts of the state  
 were reorganizing their forces at  
 precinct level to carry on the  
 fight next year.

Opposing campaigns were also  
 moving—those of the Loyal  
 Democrats and of the Republi-  
 cans. Not in modern Texas his-  
 tory has there been so much  
 political activity so far ahead of  
 the elections.

Speaking along with Shivers at  
 the Mineral Wells gathering of  
 the State Democratic Executive  
 Committee was Wright Morrow,  
 national Democratic commit-  
 teeman from Texas, who is not  
 recognized by National Chairman  
 Stephen Mitchell.

Morrow said he supported  
 Eisenhower last year because  
 the Republican nominee "came  
 nearer embracing the true Demo-  
 cratic principles."

"We," Morrow told the group,  
 "are the real Democrats."

—tpa—  
 Jack Porter of Houston, Rep-  
 ublican national committeeman  
 for Texas, conferred in Denver  
 with President Eisenhower about  
 building up a strong GOP in this  
 state.

Following the confab, Porter  
 said, "the president impressed me  
 with being in hearty accord with  
 the building of a strong Republi-  
 can party in Texas."

Also discussed between the two  
 was the president's visit to Texas  
 next October for the dedication  
 of the new Falcon Dam.

While Shivers was making up  
 his mind whether to call a special  
 session of the Legislature, there  
 was considerable improvement in  
 the drought situation.

All but 48 counties in the west-  
 ern third of the state were cut  
 off the emergency list by the  
 State Drought Disaster Committee.  
 Originally, 152 counties had been  
 included.

No more orders for emergency  
 feed will be taken from the 104  
 counties that were removed from  
 the list.

Rains that brought relief to a  
 considerable part of West Texas  
 were given as the reason for re-  
 ducing the area to remain within  
 the drought designation.

### DROUGHT EMERGENCY FEED PROGRAM:

According to the Amarillo Daily News, Tuesday morning, Sept. 29, 1953, "Eighteen Panhandle-Plains counties were restored to the drought relief program for emergency feed late yesterday at the meeting of the state Drought Committee in College Station.

Bob Lyons, of Amarillo, a member of the State PMA Committee, who was sitting in on the session said instructions are going out to the county drought committees immediately. Lyons is not a member of the state Drought Committee, but attended the session in an advisory capacity.

Announcement of the move was made by Claude McCran of

Victoria, chairman of the drought committee and also head of the state PMA organization.

McCran said county committees probably will be able to start taking feed orders by the middle of next week.

Among counties to be restored was Donley County.

### Blood Collection Centers Closed

As a result of the cessation of hostilities in Korea and the lowered requirements for blood derivatives, the American Red Cross has closed its defense blood collection centers, but is continuing to operate its regional blood centers to assist in meeting the requirements for blood in civilian hospitals.

Under this new program Waco will be the only American Red Cross blood center in the state, since the offices at Fort Worth, Beaumont and Houston were set up as defense centers. The Blood mobiles, which twice visited here, have been turned over to the office of Defense Mobilization.

Mrs. Charlie Seeds, chairman of the Donley County Blood Program, this week said she would like to thank once again all those who helped at the collection center during the two visits of the Bloodmobile and all those who willingly gave their blood at a time when it was desperately needed.

During the two visits of the unit here, 251 persons presented themselves as donors and contributed 201 pints of blood, which was used as plasma in Korea and for gamma globulin in mass inoculations in polio epidemics here in the states.

Beth Lamberth, daughter of Mr. and Mrs. G. A. Lamberth was returned home Friday from the Witt-London Clinic at Groom where she underwent an emergency appendectomy Saturday, Sept. 19. She is improving nicely. Linda Lamberth, injured when she was thrown from a pick-up at school Friday noon, was able to return to school Monday afternoon.

## NEW SCREEN TECHNIQUE

A new PANORAMIC WIDE SCREEN. Wide Angle Lenses and lighting equipment has been installed in the Mulkey Theatre. This new equipment will enable the Mulkey to present forthcoming movies with the New Look. The large Panoramic Screen has an aspect ratio of 2 to 1 (2 feet wide to 1 foot in height) and is curved to create a depth effect. Pictures projected on this new type screen are more Life Like, More Realistic and More Intimate, than on the old type flat, square screen.

### CHAMBER

By Johnnie Allen **SPECIALS**

The Jaycees have sold out of brooms, and as you know the money made in the drive will go toward furnishing a Lounge for the Junior College students. This is a much needed item for the College students.

College students for many good reasons are not treated as high

school students. Their spare time is not under the close supervision given high school students and as a result they have time between classes that is their time to spend as they please. In the busy life of a College student relaxation means a lot and a College Lounge would provide a place for this relaxation. A College student who is diligent and serious about his work spends many more work hours a day than we realize. Each student usually takes the

equivalent of 12 to 18 semester hours a semester, with many holding down part-time jobs on the side. With an average of 5 to 6 College courses we can safely say that a student will spend from 4 to 5 hours on the average a day in the class room, scattered over a 9 hour school day, leaving several hours for them to spend as they see fit. It has been estimated that if a student prepares properly for his class room work he should spend 2 hours in preparation for each hour of class room work. When we consider it this way, if a student has 5 classes on a certain day, it would actually represent 15 work hours with ten hours work left up to the initiative of the student. After a 15 hour work day starting anywhere from 4 to 8 A. M. and running to 10:00 or 12:00 P. M. depending upon the habits of the student (some students do most of their study very early in the morning or very late at night) relaxation throughout the day is greatly needed. Why do business men have Luncheon Clubs, Lodges, Church Activities, etc.? Why does the Armed Services give 10 minute breaks every hour or two during their working day? If we take into consideration the work a College student actually does in preparation as well as class room work we would very easily see the need of a Lounge in our Junior College. Let's do all we can to help the College students get the best Lounge possible.

### TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

#### THE CATTLE SITUATION:

The grass roots clamor for action by the Government to stabilize the cattle market is beginning to bear fruit. The Secretary of Agriculture has called his Livestock Advisory Committee together for a meeting this week. The chances are that some immediate action will result to at least partially rectify the situation that has developed into a critical stage. It was the opinion of many, including myself, that the Department should have moved into the livestock market several months ago. However, the Secretary did not concur with those of us who advised this procedure. It is now said that his refusal to so act at that time was based on the thinking that he would have to move into the live cattle market later on. If that is the case, there is reason to believe that purchases of live animals will be undertaken at an early date.

Although the Secretary has the authority to place supports under cattle, it is well known that he does not subscribe to such a policy. Therefore, if cattle are to be supported, Congress will have to develop the basic support program. Congress is not in session at the present time and will not reconvene until early January, unless the President calls a Special Session. It is almost certain that no Special Session will be called. Many cattle people will not be able to survive until Congress is back in session to pass any mandatory legislation on the subject. Therefore, if these people are to be saved, immediate action must be forthcoming from the Administrative Branch of our Government; to wit, the Secretary of Agriculture. Whatever action he takes must be bold and it must be firm. Wishy washy procedures entered into with reluctance will not solve this problem; they will only cost the American people a lot more money, and the desired results will not be realized.

### TUCUMCARI, NEW MEXICO, MEETING:

A Sub-committee of the House of Representatives' Agricultural Committee held hearings in Tucumcari, New Mexico, on September 17 to hear testimony concerning the farm and ranch problems. The Members of Congress of the Sub-committee were Chairman, Honorable William Hill of Colorado, Honorable Page Belcher of Oklahoma, Honorable Carl Albert of Oklahoma. Other Members of Congress in attendance for the meeting were Senator Clinton Anderson of New Mexico, Honorable Antonio Fernandez of New Mexico, and myself. This meeting was a fine example of a closer re-union between the people and their Representatives in the National Congress. Much good came out of this meeting, and I hope that others like it will be held at intervals throughout this section.

#### VACANCY:

It is my sincere wish that the President will not make a political appointment to the Supreme Court. I hope that he will appoint some able jurist with wide experience in the judicial system. The Supreme Court is supposed to be the balance wheel in our Government. It is supposed to be above and beyond politics, as that term is commonly used. I personally feel that President Eisenhower is fully aware of this, and that he will not permit political pressures of any type to influence him in making what might prove to be his most important appointment.

Sometimes the best command of the English language is complete silence.

### NAVY SEEKS COLLEGE MEN FOR FLIGHT TRAINING

Men between 18 and 27 who have completed at least two years college are needed immediately to apply for the Navy's Flight Training Program, it was learned today from the Navy Recruiting office in Amarillo, Texas.

For those who expect to have selective service obligations to fulfill shortly, the flight training program offers an alternative to ordinary enlisted service. Those who successfully complete the 18 month period of training are commissioned as Ensigns, U. S. Naval Reserve.

Men desiring further information on this program are asked to visit the Navy Recruiting office, room 210, Post Office building, Amarillo, Texas.

An oil man never knows whether he is four feet from a million dollars or a million feet from four dollars.

"Every four minutes an American dies of a disease caused by a common cold," says a medical item. It must be awfully monotonous for the American.

**One for the Books!**

Noticed the Missus had a red ribbon tied around her finger at breakfast one morning last week. "What's that for?" I asked. "Your memory slipping?"

"It's not for me," she answers, "it's to remind you, and everybody else who asks what it's for, to contribute to the Woman's Club Library Fund. We need \$200 and we figured we'd get more help if we could get people to ask us about it."

Well, as it turned out, the red ribbon worked just fine. The ladies are having the library all

fixed up—and there's enough money for some new books, too.

From where I sit, it would be a fine thing if we had some sort of private reminder when we forget the rights of our neighbors. Like when we start telling them what we think is best. I may like a travel book and a temperate glass of beer while you prefer a cup of tea with your historical novel. Let's both remember not to "put the finger" on the other!

**Boost your car's power as much as 15% with**

**New Conoco Super Gasoline**

with **TCP**\*

**The Greatest Gasoline Development in 31 Years**

Restores "new car" power!

Increases spark-plug life up to 150%!

Gives you extra gas mileage, too!

Today it is possible to put new power in your car—just by driving into a Conoco station and filling up with new Conoco Super Gasoline.

For Conoco Super with TCP is a new kind of motor fuel—truly the greatest advance in gasoline since the introduction of tetraethyl lead in 1922. New Conoco Super can actually increase the power of the average car as much as 15%. That's because TCP overcomes the greatest cause of power loss affecting most cars on the road today. Conoco Super with TCP is brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuel.

**Combustion deposits drastically reduce power**

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First, they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping." The combined effect of mis-firing and pre-ignition is loss of power and wasted gas.

**CROSS SECTION OF TYPICAL SPARK PLUG**

Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

**How Conoco Super Gasoline with TCP works**

Now Conoco Super with TCP—a cresyl compound—dramatically overcomes loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance.

**TCP helps your car—whether new or old**

Whether your car is old or new, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super

Gasoline. If your car is an older one, Conoco Super will restore much of the power you have lost. Conoco Super with TCP is at your Conoco dealer's today. Don't wait another day to start using this new kind of gasoline—the greatest development in 31 years!

See what Conoco Super with TCP can do for your car—  
Start the "TWO-TANK TEST" today!

1. When your gasoline tank is one-quarter full or less, fill it with Conoco Super with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super, so . . .

2. Make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.

Now—at your Conoco dealer!
