## Old Settlers Picnic At Tate Grove Will Be Held Friday, August 21st

Everything is in readiness for a grand time at the Old Settlers Reunion at Tate Grove Friday, August 21st, according to information received from Mr. Messer, president of the association. Everyone is welcome to come and enjoy the fellowship and entertaining program outlined for the day. Well filled picnic baskets will be in evidence as this will be the big feasting time of the year as well as visiting. The association will have plenty of ice water.

"Cotton John Smith", farm editor of Station KGNC, Amarillo, will be the principal speaker and H. M. "Flip" Breedlove will be Master of Ceremonies.

The program will be as follows: America—By congregation Invocation—J. W. DeBord Welcome address—Judge Jack Gray.

Response—R. E. Drennan Songs, arranged by W. M. Culwell and Thelma Moss.

Tribute to Pioneers—Mrs. T. J. Chery.

Music, arranged by Mrs. Davent Johnson.

String music, arranged by Walter Johnson. Remember this date and make your plans now to attend. Tate Grove is located northeast of Hedley, so all you have to do is start out in that direction and follow the crowd Friday, Aug. 21.

## Mystery Farm Guessing Rules Changed

Beginning this week, the procedure for identifying the Mystery Farm of the Air, will be as follows: A separate list will be made of those living in town and those in the country and receiving mail in the country as each will receive a subscription to the Leader and a free show ticket will be given to the fifth place winner on each list. Identification will be made at the Leader office only, between 8 a. m. and 5 p. m. No calls at home will be accepted as this can mess up the lists and the order in which calls are made. Either call or come to the Leader office and have fun identifying the Mystery Farm. The farm owner or tenant will make identification at the Leader office and receive their mounted photograph.

Donley County Leader, \$2.50 year

## CITY TO START MOWING MONDAY

The City will begin mowing streets, right of ways, alleys and vacant lots Monday, August 17th. Anyone wishing to have their vacant lots mowed should call the City Hall Water Office for arrangements. The rate will be \$3.50 per hour.

## Donley Farm Bureau Chicken Barbecue August 20th

The Annual Donley County Farm Bureau chicken barbecue will be held on August 20th at the Lelia Lake school house at 7:00 P. M. Every one in Donley County is eligible to come to the barbecue, and the only requirement is that you leave one-half chicken per person at one of the following places: The Donley County Frozen Lockers in Clarendon, or the Moreman Grocery Lockers at Hedley. Mr. Holly Wood, president of the organization, says that H. M. Breedlove, county agent, will do the barbecuing. All chickens must be at one of the above mentioned places by six o'clock on the afternoon of the nineteenth so that plans can be made for the cooking for the number that will attend this big event of the Farm Bureau.

The program will consist of a speaker from the state Farm Bureau and the Donley County Queen contest for the Farm Bureau. There are now three entries and the judges will be from out of the county.

Remember the date and the time of the barbecue and be sure to get in your one half chicken per person and leave the one half chicken whole and do not cut it up. This is a big event for Donley County and you do not have to be a Farm Bureau member to attend; this is for everyone as long as you furnish one-half chicken per person. Mr. Wood is urging that everyone attend this event and bring out the entire family and meet old friends and make new ones. Let's all meet at the Donley County Farm Bureau chicken barbecue.

Visitors in the Millard Word home Thursday were Mrs. S. L. Ingham, Mrs. Vince Reeves, and Miss Mae Simmons of Canyon, also Mrs. Geo. Ingham and sons and Mrs. Joe Gamble of Amarillo.

**MYSTERY FARM NO. 2**—Here is the Leader Mystery Farm of the Air for this week. In order to equalize the chance of identifying this farm we are going to give two free subscriptions each week, one to the first person living here in town and receiving mail at the local post office, correctly identifying this farm and also one to the first person identifying the farm that lives in the country and receives their mail on a rural route. Free show tickets through the courtesy of the Mulkey Theatre will be given to the fifth persons (town and county) identifying this farm home. Last weeks Mystery Farm is identified on page three of this issue of the Leader through courtesy of the sponsor, Clarendon Furniture Co.

## Seventy - Three Identify Leader Mystery Farm

Those to correctly identify the Leader Mystery Farm of the Air last week and receive the prizes were: Lynn Payne, 1 year subscription to the Leader; receiving free tickets to the Mulkey Theatre were Mrs. W. W. Raney, second to identify the farm, and Jack Clifford, 5th to identify it. Others to identify the farm correctly were:

- Brian Armstrong, Emma Ayers, Mrs. Daiton Swinney, Mrs. Glenn Adkins, John Semrad, Wesley Stewart, Howard Stewart, Dick Vallance, W. E. McKittrick, Pat Wilson, Dannis Gibson, Jay Gould, Mrs. George Hall, Jerry Godbey, Harlie Gordon, Guy Alden Wright, Dennis Harrison, Bill Blackman, Junior Spier, Genevieve Smith, Lola Underdown, Tommy Hodnett, J. B. Melton, Billy Hill, J. C. Row, Joe Hall, Ida Mae Crawford, Nadiene Moffitt, Mrs. Hazel Guy, Jack Eddings, Raymond Woodward, Pauline Heath, Shirley Tilton, Joyce Hall, Steve Edens, Ruth Richardson, K. R. Doshier, Mary Ida Gattis, Lawrence Heckman, Ruth Corbin, Beaty Hillman, Mrs. Mildred Ritter, Mrs. Donald Ballew, Mrs. Jack Killough, Elaine Behrens, Simmons Powell, Mrs. Jack Gray, Raymond Waldrop, Lynvol Arthur, Ivan Moore, Mrs. Bill Mooring, Mrs. Bill Allen, John Payne, George Thompson, Alton H. Webb, Dorothy Brinson, Bobby Moore, Bobby Smith, R. R. Dangler, Gordon Mann, Clayton Mann, Mike McCleskey, Mrs. S. J. Smith, Harold Holland, C. P. Pool, Mrs. Roy Roberson, J. A. McAnear, Mrs. Henry Mann, Mrs. Harvey Shaw and Mrs. Carl Barker. There were four that made incorrect identification.

## Dusters To Play At White Deer Sunday

The Clarendon Dusters will journey away from home again Sunday to play White Deer at White Deer. This will be a make-up game in place of the game that was rained out earlier in the second round of play. The Dusters are not expecting a very easy game as the White Deer team has shown lots of competition all through the season and are capable of upsetting the dope bucket. Game time will be 3 o'clock.

**Patient In Groom Hospital**  
Mrs. R. C. Hill is a patient in the Witt and London Clinic at Groom at this time, having undergone surgery there Wednesday of last week. She is reported to be improving at this time.

## Church of the Nazarene Revival To Start Aug. 16

Rev. H. D. Williams, pastor of the local Church of the Nazarene, announced this week that a revival would begin August 16th and continue thru the 30th at the local church. Rev. Marvin "Toby" Bond, young evangelist of Pampa, will be the main speaker with his brother, Jimmy Bond in charge of the singing. Services will be held each day with the morning services from 9:45 to 10:45 and the evening services at 8 p. m. The public is cordially invited to attend any or all services.

REV. MARVIN "TOBY" BOND

## City Hopes To Start Sanitary Land Fill In Near Future

The City of Clarendon hopes to start a Sanitary Land Fill System of garbage disposal as soon as suitable land can be acquired. An Allis Chalmers HD 10 equipped with a bull-dozer has been purchased for \$1,500.00 that will be the only additional equipment needed for the system.

The system offers a sanitary and comparatively cheap means of disposing of garbage that should mean much to Clarendon from the health standpoint. Many towns and cities use this system to reclaim marginal land, often making beautiful City Parks from land that would otherwise be useless.

In using this system trenches 200 to 300 feet long are dug twice the width of their bull-dozer. The garbage is spread in layers twelve inches deep and covered each day with about four inches of dirt. Each time one layer is completed another is started on top of it until they get to the top. The last layer of dirt is at least two feet deep to insure sanitation until decomposition is complete.

## Jaycees Will Meet Today At Noon

The Clarendon Jaycees will meet today at 12 noon, at Mrs. Bromley's, regular luncheon meeting date for the organization. George Watson, President of the organization, states that he would like to have anyone wishing to join the club attend this meeting and assures them that the Jaycees are a working organization which will work hard on any project that will be of benefit to Clarendon.

## Revival At Lelia Lake Church of Christ To Begin August 16th

A revival meeting has been scheduled for August 16th thru the 23rd at the Lelia Lake Church of Christ. Don Willingham, evangelist of Amarillo, will be the speaker and services will be held twice daily at 10 a. m. and 8 p. m. Bro. Cletus Fish will lead the singing. The public is cordially invited to attend any or all services.

## ODD FELLOWS TO HAVE ICE CREAM SUPPER

Announcement has been made that the Odd Fellows Lodge will have an ice cream supper and social for all Odd Fellows and their wives on Monday night, August 17th at the Lodge Hall at 8:30 o'clock.

## Engineer Explains Preliminary Report To Salt Fork Group, August 4th

### COUNTY COMMISSIONERS APPOINT HEALTH OFFICER

The Commissioners Court of Donley County recently appointed Dr. Ben K. Humphrey as County Health Officer for Donley County. Dr. J. Gordon Stewart has been the county health officer for the past several years.

## Beneficial Rain Fails To Cover Entire County

The blustery cloud that rolled in from the southeast Tuesday afternoon deposited beneficial moisture on crops that were beginning to need rain after going through several days of 100 degree temperature or near that mark. Young feed was beginning to suffer most. The only had part about the rain was that it didn't cover the entire county.

The heaviest fall reported was in the Chamberlain-Hudgins communities where Mrs. D. B. Koen reported two inches; Willard Knox reported 1/2 inch at Lelia Lake; Ben Lovell reported 70 inch at Ashtola and the total here in town was one and 71 inches according to Joe Goldston, official weatherman. The east and north part of the county reported only a light shower in spots with less than .10 reported by Sam Dale at Goldston. Some points in the Brice area was reported to have received a nice rain.

Some hail accompanied the storm but the damage was offset by the benefits that will be derived from the moisture. The city ditch reached the highest mark in quite some time when the run-off from the area south and southwest reached town following the downpour.

## Safety Officer To Meet With Donley Bus Drivers, Aug. 28

Mr. Cecil McNeil, Safety officer of the Texas Department of Public Safety, Highway Patrol Division, will meet with all the bus drivers of Donley County, Friday, August 28th at 10 a. m. at the college auditorium. He will discuss such matters as laws and regulations as concerns bus drivers, pedestrians, pupils on buses, cars passing buses while parked and safety precautions. He will also show a film which will be very beneficial to all. The public is cordially invited to attend, especially school trustees.

Donley County Leader, \$2.50 year

About thirty men were present at the Salt Fork of the Red River Basin Association meeting at Wellington Tuesday night, August 4th, to hear the preliminary report of the Salt Fork Dam site explained by Mr. A. H.

Mr. Woolverton, Engineer on the Salt Fork project, met with the City Officials of Childress Monday night, August 10, and explained the project to them and as a result Childress has sent the Salt Fork Association a check for \$750.00, representing the ten cents per capita amount each participating municipality has been asked to invest in the association. Mr. Woolverton has now returned to Austin to complete his report on the project and prepare an application for permit to construct a dam on Salt Fork, to be presented to the Texas Board of Water Engineers on or before September 19th.

Woolverton, Consulting Engineer, on the project. The following towns were well represented at the meeting: Clarendon, Hedley, Quail, Wellington, Memphis, Childress, Paducah and Quanah.

Mr. C. B. Morris, President of the Association, opened the meeting with a brief explanation of the purpose of the meeting which was to decide whether to have a complete survey made in order that prior rights for the water might not be lost due to failure in having enough information to request permission to construct a dam when the present permit expires September 19th. This permit is necessary should it be possible to construct a dam in the future. The request for permission to construct must be presented to and approved by the Texas Board of Water Engineers before September 19th.

Mr. Woolverton gave a very good explanation of his report, especially beneficial to some of the men present who were not familiar with what the Association was doing or wished to do. Mr. Clifford Farmer, Chamber of Commerce Manager from Memphis, briefly explained the history of the organization, the importance of the project economically to this area and also explained the importance of not letting our prior rights to the water expire. He as well as many others in the Association feel that there is another group who wants the water from Salt Fork very much and will get it if they let their rights to it expire before they ask for permission to construct a dam.

After hearing the report by Mr. Woolverton, the men present voted to have a complete report made and request permission to construct a dam on Salt Fork before the September 19th deadline. Even though permission to build a dam is to be requested there will be many things to consider before the final decision to build a dam will be made by the Association. It was stressed at the meeting that the primary objective of the association at present was to keep prior rights to the water until more study and consideration of the project can be made.

## Revival To Begin Aug. 14 at Goldston Baptist Church

A Revival at the Goldston Baptist church will begin August 14th and continue thru August 23rd with Rev. G. A. Harmonson, pastor of the Martin Baptist Church, doing the preaching. Rev. C. T. Williams, pastor, extends a special invitation to everyone to attend and hear this good Gospel preacher. Prayer services will be held at 7:45 p. m. and preaching at 8 p. m. Morning services will be held also.

Mr. and Mrs. W. T. Wood of Boxite, Ark. visited last week with Mr. and Mrs. John Wood, Mrs. G. Wood and other relatives.

**BILLY DIDN'T SHRINK—CORN DID**—In the photo at left, made last year, little Billy Marshall perched on the shoulder of his uncle, Joe Marshall, to show the height of corn on the Marshall farm in Saline County, Mo. With Billy a fraction taller, the scene was reenacted this year to show the contrasting height of the current crop, damaged by prolonged dryness. The corn is fully tasseled in both pictures. Billy's father, W. W. Marshall, assists in the demonstrations.

**THIS ONE!**—Roland La Starza will be a well-fed challenger when he meets heavyweight king Rocky Marciano Sept. 24 in New York. Training at Greenwood Lake, N. Y., La Starza selects a steak for dinner at nearby Long Pond Inn, while proprietor "Ddie McDonald watches.

Guests of Mr. and Mrs. Goble Barker Sunday were Mr. and Mrs. Carl Barker, Mr. and Mrs. W. F. Barker, Mr. and Mrs. Berl Henry of McLean.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Our most outstanding book this week is "Across the Wide Missouri" by Bernard DeVoto. It was given by Mrs. Bess Alexander Gatlin in memory of Mr. Patrick. This is illustrated with paintings by Alfred Jacob Miller, and an account of the discovery of the Miller Collection by Mae Reed Porter. The book is the story of the Mountain Men in the climatic years 1833-38 with special focus on the expedition headed by a Scottish sportsman, William Drummond Stewart who took with him this talented artist, Alfred Jacob Miller—so it is a unique pictorial history of the early West.

We have a treat for the boys in Walter Farley's new book, "The Black Stallion Revolt." This

book contains quite an adventure. These "Black Stallion" editions interest me almost as much as they thrill the Junior readers. Then we have a boy's biography of Andrew Jackson by Jeanette C. Nolan. His adventurous life should fascinate both boys and girls if we can side track their minds from "mysteries." The movies have stimulated their desire for would be thrills.

Little Frank Phelan III sent us two books for little people this week. These are "The Little Pony" and "Little Tweet." They are of the "Tell-a-Tale" series and fascinate little people. The magazine shelf is looking better. We have received several donations to the cause recently.

STATE FAIR OF TEXAS

MINERAL WELLS— Opening day of the 1953 State Fair of Texas, Saturday, Oct. 10, has been designated as Press, Radio and Television Day, following a tradition of long standing, it was announced here at the annual convention of the Texas Press Association.

Since the first fair in 1886, newspaper men have gathered at the fair on opening day to see the sights and take home a report on the exposition for their readers. Representatives of the newer medium of radio and television now are also included.

More than 2,000 publishers and radio and TV executives and their families are expected for Press, Radio and TV Day this year. The newspaper readers, radio listeners and television viewers they represent runs into the millions.

Press Day will be one of the fair's bigger days this year. An opening day attendance record looms as a possibility because of the major attractions scheduled, biggest of which is the Texas-Oklahoma football game in the Cotton Bowl. The complete program for the 1953 fair has not yet been announced, but tentative plans mark it as the biggest and best in the long parade of glittering spectacles characteristic of the nation's biggest exposition.

One of the big special features being inaugurated this year is the Pan-American Livestock Exposition, and Press Day visitors will have an opportunity to inspect champions representing all the major breeds of beef and dairy cattle, swine and sheep. All these shows will be in full swing on opening day and there will also be judging of quarter horses in the roping and cutting divisions in the morning and afternoon.

At the Mineral Wells convention the famous golden, diamond-studded key to the Texas Treasure Chest was passed on by the retiring president of the Texas Press Association to his successor for the 15th time. The key will be used in 1986, the fair's hundredth anniversary year, to open the chest which was embedded in a monument to the founders of the fair in 1938. The monument is located just inside the main gate to the fairgrounds. The chest contains historical documents and copies of more than 100 Texas newspapers. The key remains in the possession of the TPA president.

Texas Traffic Deaths Show Decrease For First Six Months

AUSTIN—The Texas Department of Public Safety today released its annual Texas Motor Vehicle Traffic Accident Summary booklet along with a tabulation of the first six months experience for 1953.

The booklet which makes an exhaustive treatment of Texas' motor vehicle accident picture covers both 1951 and 1952 since none was issued last year. On the basis of the summary, which carries an introduction by N. K. Woerner, Chief of the Safety Department's Statistical

Division, the 7.0 death rate in the State last year was the lowest in the history of recorded traffic records analysis.

Homer Garrison, Jr., Director of the Texas Department of Public Safety, said that he believes the book will introduce a new word into the English language—MOTORCIDE. This term was coined by Woerner and Lewis E. Berry, Supervisor of Public Safety Education for DPS, to refer to traffic fatalities.

Briefing the reader on the definitions of suicide and homicide, the booklet goes on to define MOTORCIDE as: "the killing of another human being or of one's self through the operation of a motor vehicle—usually the result of negligence or wanton carelessness."

The report shows that 2,498 persons were killed in Texas traffic accidents in 1952—2% under 1951. A continuing decrease is noted for the first six months of 1953 in a supplemental summary which indicates that there were 7% fewer MOTORCIDES through June than for the same period last year. Since this is based on incomplete reports for 1953, Woerner estimates that when all reports are in the decrease will be 2%.

T/Sgt. Joe Jones based at Randolph Field, San Antonio, visited the past week with his mother, Mrs. Leona Jones. While here he and his mother vacationed in the mountains of Colorado. Mrs. Jones who has not been so well this summer, reports she is feeling much better following her vacation.

J. T. Lamberson of Pampa spent the week end here and was a guest in the Brack LaGrone home Sunday night.

ZOO'S THAT? Why M's Kossy, recently arrived from Holland, to assume her duties as official mascot of the Philadelphia, Pa., zoo, 'Kossy' seems slightly bewildered as she is wheeled on a guided tour of the grounds by the retiring mascot, Pandora.

Texas' New Grain Warehouse Law

Texas now has its first grain warehouse bill. And for the first time, the farmer has adequate protection for his grain and field seed held in storage by a state licensed grain warehouse. Long needed as a protective measure for stored bulk seed, the Public Grain Warehouse bill was passed during the recent 53rd legislative session. As a result, a depositor has his commodities insured against fire, theft, misappropriation, damage due to careless handling, or acts of God. Also for the first time, the farmer may use his stored grain receipts from state licensed warehouses as negotiable security.

The bill is Texas' answer to the grain scandals which rocked the nation in late 1951 and early 1952. Briefly, it requires that each public warehouseman obtain adequate bond, secure a license of

operation from the Texas Department of Agriculture, and carry sufficient insurance to cover the full value of bulk grain stored in his bins.

Bonds are set at \$5,000 minimum and \$50,000 maximum, subject to the decision of the Commissioner of Agriculture who can raise or lower it as he deems fit for the best interests of depositors. The licenses are issued over his signature.

The law has an exception. Warehouses having a license from the Federal Government are not required to meet the state provisions. The regulations are so similar that it would make for unnecessary duplication.

Frequent inspections of the warehouses will be made by Texas Department of Agriculture personnel. Copies of the bill and regulations are available without charge by writing: John C. White, Commissioner of Agriculture, Capitol Station, Austin.

We'll Baby Your Car

Your car is almost human—now and then it needs a lot of personal attention. We'll take care of that. And taking care of your car means more to us than just keeping it supplied with gasoline and oil. It means top-flight service—the kind of service that adds thousands of miles to the life of your car. Giving your car the care it deserves is our part in the progressive oil industry that brings better living to this community. Drive in today and let us serve you!

### ASHTOLA NEWS

Mrs. Doyce Graham

Betty Clawson from Amarillo spent Monday afternoon with her sister, Mrs. Joe Ayers.

Mr. and Mrs. Kermit Evans attended a family picnic in Memphis Park Sunday. Linda Kay Hardin went with Carol.

Mr. and Mrs. H. S. Hardin and Linda Kay enjoyed supper with Mr. and Mrs. W. K. Hardin and children at the Country Club Friday night.

Mr. and Mrs. H. S. Mahaffey and Frank, the Ed Mahaffeys, and Dane Perdue were in Amarillo Sunday afternoon.

Mr. and Mrs. C. E. Jackson, Mr. and Mrs. James Tolbert and girls and Bro. and Mrs. Harmonson and children visited with the Jack Lambersons Monday night and enjoyed several games of 84 and refreshments.

Mr. and Mrs. H. S. Hardin and Linda were in Amarillo Thursday for dental treatment for Linde.

About 150 attended the annual chicken barbecue Thursday night given by the Ashtola Needle Club.

Doyce Graham, Jr. spent last week with Bill Mooring.

Mrs. Gene Grimland of Amarillo visited in the home of her sister, Mrs. Warren Hardin Thursday.

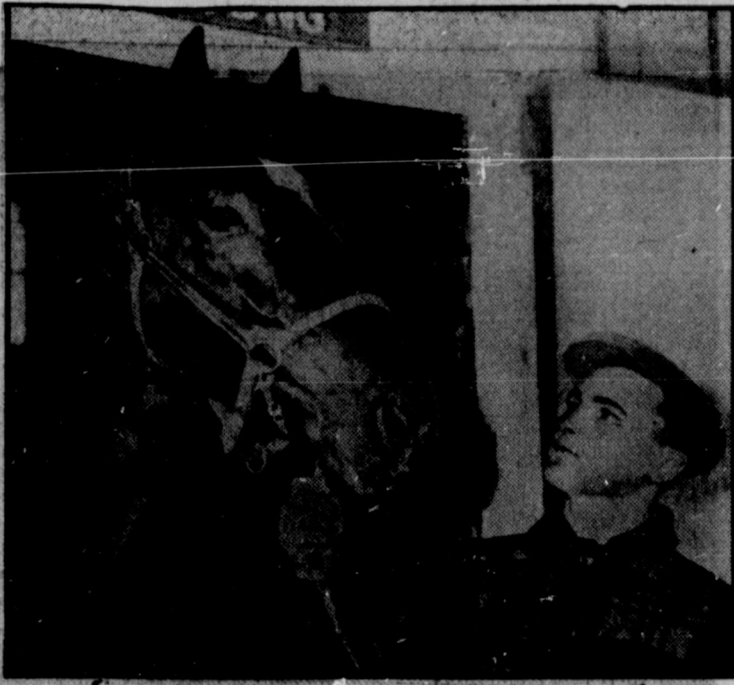

T. C. Burkett of Okla. City is visiting in the home of his great aunt, Mrs. J. M. Graham.

Mr. and Mrs. H. A. Graham and family and Mr. and Mrs. J. M. Graham spent the week end with relatives in Plainview.

Mr. and Mrs. Warren Hardin took his nephew, Joe Sykes, back to his home at Borger Saturday. Joe had visited the past week with relatives and friends here.

Mr. and Mrs. Otis Naylor and Robert of Clarendon visited the Slaton Mahaffeys Sunday afternoon.

Mr. and Mrs. James Reed Lov-

**GLASS-JAWED ENTRY**—Abbasong, a crack entry in the \$100,000 Hambletonian stake on August 12 at Goshen, N. Y., is given a good chance of winning, despite its twice-broken jaw. Raymond "Bud" Cotter, 26, is shown with the horse he hopes will beat the 18-year-old record set by "Doc" Farshall, who was 24 when he won the Hambletonian in 1934.

ell and Lynnita of Dumas visited in the Ben Lovell home over the week end.

Mr. and Mrs. John Brandon from Plainview spent the week end with Mr. and Mrs. J. R. Brandon.

Mr. and Mrs. Warren Hardin enjoyed a very good lunch and lots of visiting with all of her family in the Memphis Park Sunday.

Mrs. Myrtle Reed visited Wednesday with Mrs. S. G. Evans.

Congratulations and wishes for much happiness to Mr. and Mrs. Delbert Robertson.

Linda Hardin visited one day last week with Kay Lane.

Betty and Shirley Wilson from Amarillo spent the week end with home folks.

Mrs. Burk DeBord returned home Sunday after being in Twin Falls for the funeral of her father.

Mrs. W. A. Marshall is home now after an operation. Her

daughter, Era of Brownwood, has been with her during this time. Another daughter and her family, Leta, from Eastland came Sunday. Others visiting her Sunday were Mr. and Mrs. Dub Marshall and son. (Gertrude remained for the week) Mr. and Mrs. Lewis Marshall, Mr. and Mrs. P. M. Marshall, and Mr. and Mrs. Willard Marshall and Mrs. Webb.

We are very proud of Miss Barbara McAnear for the honor she has received. She won a trip for her county over the 22 counties in this district for 4-H Club work. She has been an outstanding club worker for several years. On this trip she attended conservation 4-H State Camp for a week in Tyler. Besides the educational sessions, there was much swimming and other fun. Barbara stated it was very hot there, but that she had a wonderful time with the 80 others that were there.

Linda Kay Hardin left Monday

morning for Methodist Encampment at Ceta Canyon.

Mr. and Mrs. Earl Butler and boys of Borger and Mr. and Mrs. Willard Cook and Dean of Stinnett spent the week end in the W. A. Poovey home.

Mrs. A. S. McAnear and children spent Sunday afternoon with Mrs. Eddie Reynolds.

A welcome to Mr. and Mrs. Douglas Shelton, who have returned from a trip in Colorado and will make their home in our community.

## Nuptials Solemnized In Church Ceremony

Vows were exchanged Friday evening, July 31, in the First Baptist Church, Clarendon, Texas, uniting in marriage, Miss Gladylene Emmons, daughter of Mr. and Mrs. A. J. Emmons of Clarendon, and Jerry LaGrone, son of Mr. and Mrs. C. C. LaGrone of Amarillo. Bro. J. W. Reynolds, Tyler, Texas, pastor of the Sardis Baptist Church, read the single ring ceremony.

White satin roped marked the altar with branched candelabra bearing white tapers, plumose fern, greenery and baskets of white gladioli banded against a background of blue. To the foreground were smaller candelabra with white tapers, potted fern, and baskets of white chrysanthemums and carnations with large blue satin bows. Pews were marked with white satin bows. Tapers were lighted by Cora Belle LaGrone, sister of the groom, and Butch Emmons, brother of the bride. Miss LaGrone wore a pink dotted swiss dress with a headband of pink carnations.

Mrs. Bryan McDonald of Canyon, organist, played a nuptial prelude of wedding selections and accompanied Miss Pam McDonald, also of Canyon, as she sang "I Love You Truly," "Because," and as a benediction, "The Lord's Prayer." The traditional wedding marches were also used.

Ushers were Jimmy Bullock of Lubbock and Maurice Schooler and Richard Rowe, both of Amarillo.

Miss Bobbie Emmons of Lubbock attended her sister as maid of honor. Her dress was of blue net over taffeta styled with a lace jacket and ballerina length, full skirt. She wore a bandeau of

blue feathered carnations and meline and carried a pink basket filled with white daisies and white streamers.

O'dell LaGrone attended the groom as best man.

The bride, given in marriage by her father, wore a ballerina length gown featuring a full skirt of white net over satin and a fitted bodice of chantilly lace. The long sleeves terminated in petal points. Her finger-tip veil of illusion was attached to a cap of matching illusion. She wore a single strand of pearls and carried a bouquet of white rosebuds with white streamers tied in lovers' knots.

Mrs. Emmons, mother of the bride, chose to wear a navy blue linen dress with navy blue and white accessories. Her corsage was of red rosebuds. Mrs. LaGrone, mother of the groom, wore a navy blue nylon dress with white accessories and a corsage of red rosebuds.

Following the ceremony, a reception was held in the Church parlors. Guests were received by Mrs. A. J. Emmons, Mr. and Mrs. Jerry LaGrone, and Miss Bobbie Emmons. Miss Patsy Emmons and Mrs. Odell LaGrone registered the guests.

Refreshments were served from a table draped in a blue under-skirting and covered with a white lace cloth. The centerpiece of blue carnations was flanked with blue candles. The tiered cake was decorated in miniature blue wedding bells and was topped with a small arch and dove. Alternating with the serving were Mrs. Claude Poole of Lubbock, and Mrs. Kenneth Reed of Amarillo at the punch bowl while Mrs. Brack LaGrone and Mrs. Fred Lynn of Victoria, Texas served the cake.

For the wedding trip to Denver, Colorado Springs, and other

points of interest in Colorado, the bride wore a white sacony suit complemented with black and white accessories. She wore a corsage taken from her bridal bouquet.

Mrs. LaGrone graduated from Clarendon High School, Junior College, and West Texas State College in Canyon where she was a member of Gamma Phi and the P. E. Majors Club. Mr. LaGrone is a graduate of Clarendon High School and the Dallas Institute of Mortuary Science. He holds both a Funeral Directing and an Embalming license and is a member of the Funeral Service Examining Board. The couple will be at home at 716 Fillmore St. in Amarillo where he will be employed by N. S. Griggs and Son Funeral Home.

## CHAMBERLAIN CLUB

The Chamberlain Club met Thursday, August 6, with Mrs. Nelda Jones. The afternoon was spent sewing and visiting. Those to enjoy the afternoon were Mary Myers, Emma Jean Harrison, Mrs. R. P. Wilson, Velma Heathington, Corrine Harrison, Mrs. Theron Holland and little son of Amarillo, Nellie Hodnett and baby, Tamara Ann, Mary Mann, Carolyn and Clay Harrison, Wilma Mann, Mike Jones and hostess, Nelda Jones.

The next meeting will be September 3rd with Mrs. R. P. Wilson. —Reporter.

## BIRTHDAY PARTY

Little Miss Melissa McCully celebrated her sixth birthday in the home of her parents, Mr. and Mrs. M. M. McCully Saturday afternoon. The children enjoyed games before Melissa opened her birthday gifts.

Refreshments were served to the honoree, Melissa McCully, and Danalene Estlack, Janet Goodman, Sue McCord, Connie Grady, and Marsha Kay Maxey.

## BETROTHAL ANNOUNCED

Mr. and Mrs. L. L. Wallace of Clarendon announce the engagement and approaching marriage of their daughter, Doris Jean, to Gene White, son of Mr. and Mrs. John White of Ashtola. Vows will be exchanged at 6 o'clock, Sunday evening, August 23, at the First Methodist Church in Clarendon.

## Wallace - Robertson Vows Exchanged In Impressive Ceremony

In an impressive double-ring ceremony read Saturday evening, August 8, at the First Methodist Church, Clarendon, Miss Patsy Darlene Wallace, daughter of Mr. and Mrs. Leo L. Wallace, became the bride of Delbert Robertson, son of Mr. and Mrs. G. A. Robertson. Rev. Ernest Phillips officiated.

Plumeous fern decorated the church altar and formed a background for the archway of greenery, gladioli, and wedding bells. Flanking the archway were branched candelabra bearing tapers in alternating colors of blue and white, and large baskets of white gladioli, with blue satin bows. Pews were marked with white satin streamers.

Miss Barbara Estlack, wearing a pale blue dotted swiss dress complemented by a corsage of white pom mums, lighted the tapers. Miss Jo Anne Montgomery presided at the guest registrar.

Ushers were Ray Moore, Jerry Price, Glenn Robertson of Amarillo, and James R. Lovell of Dumas.

As a nuptial prelude, Mrs. Millard Word, Organist, played "O' Promise Me," "Traumeri," "Thru the Years," and the hymn, "O' Perfect Love." She also accompanied Clyde Hudson as he sang "Because" and "The Lord's Prayer." The traditional wedding marches were also used.

Mr. and Mrs. Duane Hearn of Belen, N. Mex. attended the bride and groom as best man and matron of honor. Mrs. Hearn wore a ballerina length dress of blue net over taffeta fashioned with a full skirt and fitted bodice. Her headpiece was of matching net. She carried a colonial bouquet of lillies of the valley.

The bride given in marriage by her father was beautifully attired in a ballerina length gown of white taffeta. The full overskirt of nylon net was attached to a fitted bodice buttoned to the waist in the back. The scalloped neckline was filled in with a lace yoke and the long, lace sleeves terminated in petal points over the hands. Her finger-tip veil of illusion bordered in deep shade

MR. AND MRS. DELBERT ROBERTSON

of lace fell from a tier of seed pearls. Carrying out the traditions, she wore a double strand of pearls as something old, her dress was new, her veil borrowed, her garters blue, and she wore a penny in her shoe. She carried a white Bible topped with a bridal bouquet of white carnations and gladioli with white streamers tied in lovers' knots.

Mrs. Wallace, chose for her daughter's wedding, a navy blue dress complemented with navy and white accessories and a corsage of white carnations. Mrs. Robertson, mother of the groom wore a navy blue dress with black accessories and a white carnation corsage.

Mrs. Robertson attended Clarendon Schools where she took part in a number of school ac-

tivities, and was a member of the Kappas. Mr. Robertson graduated from Clarendon High School and in July, 1953, graduated from the Landig College of Mortuary Science at Houston, Texas. While in Houston and attending school there, he was employed at Vollus-Cooper Funeral Home.

For the wedding trip to Colorado and New Mexico, Mrs. Robertson chose a navy blue crepe dress and white accessories with her corsage taken from her bridal bouquet.

The couple will make their home in Clarendon where Mr. Robertson will be employed by the Murphy-Spicer Funeral Home.

Mrs. J. R. Cox spent the weekend with Mrs. A. J. Sibley.

## PINK AND BLUE SHOWER

The home of Mrs. J. L. Butler of Lelia Lake was the scene of a lovely pink and blue shower, Tuesday afternoon, August 4th from three to five o'clock honoring Mrs. Sid Pointer and Mrs. Ray Holland.

Hostesses for the party were Mrs. Tommy Beck, Mrs. C. M. Meyer, Mrs. Nelson Seago, Mrs. Bill Poole, Mrs. J. L. Butler, Mrs. J. B. McDaniel, Mrs. Bonnie Mooring, Mrs. Ernest White and Mrs. Earl Meyer.

As guests arrived they were greeted by Mrs. Butler and Mrs. McDaniel and given a number for a "door prize." They were then shown the guest register where signatures were secured by Mrs. C. M. Meyer for two beautiful baby books.

The entertaining rooms were decorated in pink and blue carrying out the pink and blue color scheme. Large pink bows were placed on the side of each of the honoree's chair. Incidental music was furnished by Mrs. Bob Moore and Miss Sue Seago.

Mrs. McDaniel was in charge of the program: a reading, "Baby Dear" was given by Mrs. Rice Batson; a musical selection by Mrs. Bobby Moore; and a reading entitled "Smuggles on the Wall" by Mrs. Nelson Seago. Games and contests were enjoyed by the guests with prizes being awarded to the winners and in turn given to the honorees.

The honorees enjoyed unwrapping the gifts which were placed before them by Mrs. Seago and Mrs. Earl Meyer. They were put on display for the guests to see.

The refreshment table was covered with a beautiful lace cloth with crystal and silver appointments. The centerpiece was of pink roses and greenery flanked with crystal candelabra and pink tapers. The table was also decorated with pink and blue streamers and bows. Mrs. Billy White and Mrs. Bonnie Mooring presided assisted by Mrs. White and Mrs. Beck.

Thirty-six guests called during the afternoon and many gifts were received from those unable to attend.

**NORMA EASTERLING WEDS  
JOE J. KIRKPATRICK**

At dusk, Friday evening, July 17th, in the candle-light of the First Christian Church of Compton, Calif., Miss Norma Easterling, daughter of Mr. and Mrs. J. T. Easterling, of Compton, was escorted to the altar on the arm of her father to exchange wedding rings with Joe J. Kirkpatrick, son of Mr. and Mrs. Ray Kirkpatrick also of Compton. Rev. Lowell McGordon performed the impressive rites.

The altar was decorated with tall baskets of white gladioli and pink stock. Pink tapers glowing in the wrought iron candelabra. Pews were marked with pink tapers in candelabras and white satin bows.

The lovely bride chose for her wedding, a gown of white chantilly lace and tulle over satin styled with a fitted bodice, tiny buttons extending down the back to the waistline, with long pointed sleeves and full skirt. Her headdress was a Juliet cap of lace over satin, studded with seed pearls and extending to the finger-tip veil of illusion. She wore a single strand of pearls, a gift from the groom. The white Bible which she carried was topped with a bouquet of white stephanotis centered with two white orchids.

Miss Nelda Easterling, sister of the bride, was maid of honor. Bridesmaids were Mrs. Bob Morrison, sister of the groom and Mrs. Les Forsyth. The honor attendant wore a gown of pink organdy and lace over taffeta with a pink lace half-hat and pink lace mitts, and carried a colonial basket of tiny pink roses and blue delphiniums with queen anne lace. The bride-maids wore identically styled gowns, hats and mitts as the honor attendant, in pale green

MRS. JOE KIRKPATRICK

organdy and lace and lilac organdy and lace and carried colonial baskets of pink roses with queen anne lace and yellow roses with queen anne lace.

Bob Morrison was best man, and seating the 250 guests were Boyd Seydel and Reginald Belding.

of the bride, dispensed punch while Mrs. Tom Connor and Mrs. Ed Ledbetter served the wedding cake.

The couple honeymooned at Palm Springs and Catalina. They are now at home to their many friends at 2431 Sale Place, Huntington Park. The newly-weds graduated from Compton Junior College. The bride is employed at Bryan-Jackson Company. The bride-groom is serving in the Marine Corps and is stationed at Camp Pendleton.

**W. S. C. S.**

The Woman's Society of Christian Service met at the church in regular business session on Wednesday, August 5th with Mrs. C. W. Bennett presiding.

The meeting opened with the singing of "Open My Eyes" after which Mrs. W. C. Thornberry led in prayer. Mrs. Homer Bones reported on the conference Leadership School at Abilene with the main point being brought out to teach children about missions.

Mrs. Bennett told of the Seminar meeting to be held here Wednesday, August 12th. Mrs. Biggs gave the devotional, entitled "What If They Had Quit". The meeting closed with the WSCS benediction.—Reporter.

**T. E. L. S. S. CLASS**

The T.E.L. Sunday School Class of the First Baptist Church met in the home of Mrs. W. A. Land for a business and social meeting Tuesday afternoon, Aug. 11th. An enjoyable hour was spent visiting.

Lovely refreshments of cake, cream and tea were served to one visitor, Mrs. Davis of Abilene, and members, Mesdames Darden, Barnes, Davis, Tucker, Simpson, Cook, Heath, Bingham and hostess, Mrs. Land. We hope to see every member present Sunday at Sunday School.

The next meeting will be the second Tuesday in September. —Reporter.

**ENTERTAINS WITH DINNER**

Bernie, Benson and Frank White III visited the week end in Shamrock.

Mrs. C. S. Martin of Colorado City is visiting in the home of Mr. and Mrs. F. A. White, Sr.

**STATE FAIR OF TEXAS**

A new and aggressive program for improving the dairy industry in North and South America will be a major feature of the dairy cattle shows at the State Fair of Texas in Dallas, Oct. 10-25, Ray W. Wilson, the fair's livestock department manager, has announced.

Posting \$17,250 in premiums for four breeds, the dairy cattle shows will be an integral part of the 1953 Pan-American Livestock Exposition, which will run the first twelve days of the 16-day fair.

The dairy cattle shows have classes scheduled for Guernseys, Holsteins, Jerseys and Milking Shorthorns. In addition, the Texas Ayrshire Breeders Association will have a display herd of twelve head at Pan-American.

Premiums provide \$3,500 for Guernseys; \$5,000, Holsteins; \$5,000, Jerseys, and \$3,750, Milking Shorthorns. The judging schedule calls for Holsteins to hit the ring on Oct. 13; Guernseys, Oct. 14; Jerseys, Oct. 15, and Milking Shorthorns on Oct. 20.

"Our new program calls for a big-time regional dairy show where Southwestern breeders can exhibit their foundation stock to an international audience," Wilson explained.

"The Southwest is the nation's largest potential dairying region and it is the logical gateway for fine cattle to enter South American commerce."

These basic, economic facts made fair officials determined to create an international livestock market, or clearing house, at the 1953 Pan-American, he said. A good-will tour of Mexico made by fair officials last spring and 5,000 subsequent, personal invitations to Central and South American cattlemen will assure the fair an international audience, he added.

Pan-American will provide registration desks, a headquarters and English-Spanish interpreters for the convenience of buyers and sellers.

Seattle, Washington is farther north than Nova Scotia.

**RENEAU REUNION HELD SUNDAY**

The RenEAU family got together at the home of Mr. and Mrs. W. H. Bouman at Cordell, Okla., last Sunday for a family reunion. It was the first time they had all been together at one time since 1926.

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered—and how much I could save!

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide\* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrift-King" engine!

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

\*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-

piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide\* A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

# FARM NEWS

from the County PMA Committee

## WHEAT REFERENDUM:

Remember the Wheat Referendum that is coming up. You, as an eligible wheat producer in Donley County, may vote for or against the Wheat Marketing Quota Friday, August 14, 1953.

You have received your 1954 Allotment, and the allotment will apply regardless of the marketing quota vote. Wheat farmers will make very important decisions when they vote.

### IF THE VOTE IS "YES":

(1) Marketing Quotas will be in effect for all farms planting more than 15 acres of wheat; (2) Marketing penalty will apply on any wheat produced on acres in excess of the farm's allotment; (3) Price support at 90% of parity will be available for those who stay within their allotment; and (4) Quotas can be expected to hold down production; helping to bring supplies in line with market demand.

### IF THE VOTE IS "NO":

(1) There will be no marketing quotas with their penalty controls; (2) Acreage allotments, however will continue in effect; (3) Price supports will drop to 50% of parity for cooperators; non-cooperators, any who exceed their acreage allotments, will not be entitled to price support, even at the 50% level; and (4) In the absence of quota controls, production can be expected to continue at higher levels—possible adding to wheat surplus.

If you wish to vote "Absentee" you may write or call at the County office to secure the ballot and be sure to mail or bring

them back on or before the 13th of August.

VOTE YES OR NO—BUT VOTE 8:00 A. M. until 7:00 P. M. on Friday, August 14th.

### COMMITTEE ELECTIONS:

All interested farmers should vote in the coming election to be held August 21, 1953, to appoint County and Community Committees. The kind of job the Committees do means a lot to each of the more than 900 farmers participating in the Agricultural Program in Donley County; therefore, it is your duty as a farmer to VOTE and ELECT the men you feel will be most capable of handling the farm program.

### REMEMBER:

All of the communities of Donley County are buzzing with the Cotton Crop Reporters. They are doing their best to get to every farm and have plenty of time to do a good job of measuring the cotton acreage before September 1st. If a Reporter hasn't been to your farm, he will be there in the very near future. There will be only one Reporter come to your farm, and if it is at all possible, please try to help the Reporter measure your cotton acreage. Your help and cooperation is really appreciated.

### 1953 COTTON LOAN RATE:

The 1953 Cotton loan rate for 15/16 inch Basis Middling-White and Extra White is \$32.55.

### Taking Basic Training At Fort Lewis

Fort Lewis, Wash. — Samuel Black, of Clarendon, has been assigned to the 44th Infantry Division at Fort Lewis, Washington for basic training. He is the son of the Reverend and Mrs. Samuel M. Black, of Clarendon.

During his basic training course, Samuel is assigned to Company L of the 123rd Infantry Regiment.

## Draft Regulations On Fatherhood Are Revised

Any young married man registered with a draft board had better be on the alert about reporting children in his family or expected birth of a child.

On August 25th and thereafter, fathers are not deferrable because of their children. Draft boards have this new regulation following an executive order of President Eisenhower.

Those who now have children, and those who are expecting birth of a child, are deferrable; likewise, those who become fathers or expectant fathers before midnight, August 24th.

But these men who are fathers and expectant fathers before August 25th must act at once to advise their draft boards in writing. If they fail to perform this important duty required by draft regulation, they will be liable for the draft simply because they failed to advise their boards of the facts.

In the case of expectant fathers, certificate from a licensed physician must be secured, stating that the child has been conceived, probable date of delivery, and evidence upon which positive diagnosis of pregnancy is based. Brigadier General Paul L. Wakefield, state draft director, urges all married men who come under the provisions of this new regulation to act at once if they wish to retain their deferred status.

Mrs. Mae Dyer of Dallas arrived Sunday to visit in the home of her sister and husband, Mr. and Mrs. Odos Caraway.

## Ferris Reunion Held Near Lawton, Okla.

The sixth annual Ferris reunion was held August 1st and 2nd at Pecan Springs near Lawton, Oklahoma.

Those present were Mrs. T. Jones, Cora Ferris and Mrs. A. F. Sprinkles of Clarendon, Mr. and Mrs. W. T. Cornelius, Judge and Mrs. Weldon Ferris and Emily, Mr. and Mrs. Wilson Cornelius, Jerry, Merl and Derl of Altus; Henry Ferris of Grapevine; Jack Ferris of Ft. Worth; Mr. and Mrs. R. L. Huffman of Mansfield; Mr. and Mrs. L. T. Cannon of Euleless; Mrs. C. D. Arnett and Charles; J. P. and Leland Smith, all of Dallas; Jimmy Stewart of Arlington; Mrs. Allie Pounds, Mr. and Mrs. Ferris Pounds, Bobby and Joyce of Newcastle; Mr. and Mrs. E. E. Ferris, Mr. and Mrs. Lewis Ferris and Duane, Mr. and Mrs. Raymond Ferris and Betty Dean, all of Anadarko, Okla.; Mr. and Mrs. Denver Ferris of Headrick, Okla., also Mr. and Mrs. Jimmy Riggs and Lynn of Tipton, Okla.

For various reasons the crowd was not as large as usual, only 42, but a wonderful time was had by those attending. The huge coffee pot was again put in service and cooking over the open fire was the order of the day. Dominoes and washer pitching was in evidence by the men while the women talked of all the happenings of the past year. The usual tour was made through the reservation, and seeing the buffalo, deer and wild turkey was a thrilling experience, especially for the younger ones. After a wonderful Sunday dinner, all departed for home to look forward to another reunion next August.

Donley County Leader, \$2.50 year

## Dusters Defeat Canyon, 23 to 13

The Clarendon Dusters cinched a spot in the Caprock League Play-off series last Sunday by defeating the Canyon team 23-13 at Canyon. The game was played in a high wind that carried the ball extra distance and had there been a home run fence, the locals would have racked up several more than the two that were made.

The first inning went scoreless for both teams but the lull was broken in the second inning when Skinny Putman swatted out one of the longest home runs witnessed by the local group this year. Gene Bulman made the other homer in the 6th inning. The Dusters scored three runs in the 2nd, two in the 3rd, two in the fourth, eight in the sixth, two in the 8th and six in the 9th. Canyon scored one in the 2nd, two in the 3rd and 5th innings, five in the 8th and three in the 9th. Reynolds, Dorman and Pilcher all worked on the mound, each doing a fine job.

In other games played Sunday, Hedley downed Panhandle 13-2 with Ed Mathis on the mound and Groom downed White Deer. Hedley will play Claude at Hedley Sunday in their make-up game and the Dusters will go to White Deer. Both of these games were rained out.

Millard Word, Jr. left Tuesday for Denver, Colo., where he will take his final examination preparatory to becoming a Naval Air Cadet.

## FILM "FISHING IN ALASKA" TO BE SHOWN AUGUST 19th AT PRESBYTERIAN CHURCH

A film, "Fishing in Alaska", will be shown at the Men's Fellowship meeting on Wednesday night of August 19th, at 7:30. All men are urged to keep this date in mind that you might go fishing on dry land.

This film is being furnished through the West Texas Utilities Company of which Mr. Lonnie Walker is the manager.

The men are sponsoring this film for the entire church.

# PLOWIN' Out the CORNERS

**Uncle Zeb**

Who said the following: "All men seem silly to thee and me, and sometimes thee seems silly to me."

My uncle from down Ft. Worth way often quotes the following: "A loaded truck makes less noise than an empty one."

Wonder how many tried the recipe for Uncle Zeb's Lazy Daisy Cake which we gave a few issues back? Write us a note in care of the editor and tell us how it turned out. We will appreciate it and so will our boss, the editor. Then when we are passing through your neighborhood we can drop by and have you bake one for us to sample.

Tomorrow's sot, might be the tot. That may have heard you say: "Let's take a drink, today."

An old saying, "A maid that laughs is half taken."

It says here in my scrap book that Uncle Zeb wrote the following. I can't remember but anyway, I do feel that way mostly: Let me love my fellowman; Let me hold him by the hand; Let me love him while I may, Ere' his spirit goes away; Let me love my fellowman.

It is said that we ought to bring three books to church; the Bible, our hymn book, and our pocket-

**Eanes Radio & Television Service**  
EDWIN EANES, Owner  
Located at Estlack Mach'y Co.

book. A reader sends this in: Make new friends but keep the old. One is silver, the other gold.

Modern version, "A gal that giggles is just waitin'."

"God has no pleasure in wickedness, though it might be covered with a cloak of religion."  
—Henry.

Also, if you know a person who because of some misfortune is a shut-in; send us their name and address, or better still ask them to write us a letter in care of this paper telling us a little bit about themselves and we will send them a free membership in a new club that might bring letters and friends into their lonely lives.

**ERASERS**  
Erasers are the nicest things. Of that there is no doubt. We write wrong words, a few quick swipes— And big mistakes fade out. And you will find erasers, Of a very different kind, Extremely helpful, if you will try To bear these facts in mind; When you bump someone in a crowd, And almost knock her down, A soft "I'm sorry" may bring smiles And rub out that old frown. Apologies, invariably, obliterate mistakes; And three small words, "I Love you", can erase the worst heartaches.

Hamilton County Farmers Boost Yields Through Soil Tests

COLLEGE STATION — The cost was small. The returns large for two Hamilton County farmers who followed the fertilizer recommendations given them by M. K. Thornton in charge of the Soils Testing Laboratory of the Texas A&M College System.

The two farmers, Edgar Sparks and Jack Cates reported to Hamilton County Agent E. R. Lawrence outstanding yields of oats from the fertilized fields on which soil tests had been made before the plant food was applied.

Sparks reported a weighed yield of 79 bushels of oats an acre from the field on which he applied 100 pounds of ammonium nitrate an acre. The adjoining field which was not fertilized produced 37 bushels of oats an acre. That, by simple arithmetic, is five bushels an acre more double the unfertilized yield and a mighty good return on the dollar spent for a soil analysis and the 100 pounds of ammonium nitrate.

Cates used 100 pounds of 14-14-0 fertilizer an acre on one field and reports the yield as a third higher than for another field which received no treatment. Both, according to Lawrence, are well pleased with their "feeding the soil according to its needs" demonstration.

Thornton, who is also agricultural chemist for the Texas Agricultural Extension Service, re-

minds farmers that now is the time to submit soil samples to the laboratory from the fields where small grain and legumes or pasture crops will soon be planted. "Don't wait," says Thornton, "until seeding time to begin thinking about getting a soil analysis. Submit samples now while the laboratory is not too busy. The analysis along with recommendations on how best to handle the field will be available for your use before planting time."

And as a final reminder, Thornton says, all county agents have detailed information on the procedure for taking and mailing soil samples.

development of our territory both economically and in population. Although a big project that cannot hope to be completed without much work and planning on the part of someone, we should not write it off as a dream only. It will take the support and understanding of all the people in this territory. Everyone should prevail upon himself to become familiar with the project, by reading the reports in the papers and talking with those who are actively working on the project. It is something that would not only be of benefit to us, but would also mean much to future generations in this area.

In talking to Orvil Housden, Clarendon Water Superintendent, I found that the City is doing one

thing that the Housewives and mothers of Clarendon should be very proud of. Mr. Housden stated that the City is now picking up garbage twice a week in the residential sections and each time they pick-up they spray in and around each barrel with a 5% D.D.T. solution. This practice will continue through the hot summer months and along with this, fog spraying throughout town is being continued.

**Want to be nimble, smooth and quick?**

**TT Dynaflow\* does the trick!**

WE have just the place for you. If such is your desire. It's at the wheel of a 1953 Buick with Twin-Turbine Dynaflow. And we suggest you hold on to your hat and your heart when the action starts—for here's what happens: You press the pedal and, from a standing start, you're up to a legal 30 mph before you have time to breathe but twice. Or, you're in the thick of traffic—moving smoothly, easily, quietly. Then, when it's safe to do so, you move instantly into the clear with the greatest of ease—in one progressive build-up of velvet acceleration—without a single gear shifted or a clutch pedal pushed. That, sir, is the big thrill command you get in any 1953 Buick SPECIAL, SUPER or ROADMASTER with new Twin-Turbine Dynaflow. For this fully automatic drive now has two turbines where one did the trick before. Two turbines for instant getaway response—with whisper quiet—and with infinite smoothness through all ranges. Of course, a lot of able power goes with this smooth, quick getaway—the highest horsepower and compression ratios, Series for Series, in all Buick history. And so does big room. And the supreme comfort of the Buick Million Dollar Ride. And the superb handling ease of finely balanced weight. Even Power Steering\* is at hand to make parking and turning still easier. Why not drop in on us soon and sample one of these great new 1953 Buicks with TT Dynaflow? It's an experience—and a value story—too good to miss.

\*Standard on Roadmaster, optional at extra cost on other Series.

# Highlights and Sidelights FROM YOUR State CAPITOL

**By VERN SANFORD**  
Texas Press Association

AUSTIN — Business has been booming in Texas the past six months, despite the farmer's plight. A report from the Bureau of Business Research of the University of Texas reveals that the first six months of 1953 were "the best in Texas' business history."

Heaviest activity was in the industrial growth of the state.

Scattered showers continued to fall over Texas, putting a dent in the drought situation.

The U. S. Department of Agriculture reported that much of the state was benefited, except for dry southern counties. More rain is needed everywhere, the USDA said, especially in the south and the southern high plains.

Reportedly good was the outlook for a cotton crop.

Texas potentially has an ample water supply. But at present about 85 per cent of the flow of Texas' rivers goes into the Gulf of Mexico.

That circumstance was reported in the Senate by Senator Lynn

don B. Johnson, who based his remarks on a study made by the Austin office of the U. S. Reclamation Bureau.

Johnson recommended that the federal government and the state work together for the conservation and use of this water so as to provide food, clothing, and industrial opportunities to an ever-increasing population in the Southwest.

Federal-state cooperation was a principal subject as the National Governors' Conference met in Seattle, Washington.

Governor Shivers, chairman of the conference this year, opened the sessions with a keynote address.

Members of the Texas Legislative Council, meeting in a two-day session here, have given top priority to studies on six different and unrelated subjects.

Four of them were asked by the recent Legislature. They include:

1. Protection of livestock from disastrous disease and the control of such diseases; methods of financing control; means of paying livestock owners for losses incurred under control and eradication measures.
  2. Comparison study of game and fish laws of other states and their conservation programs.
  3. Study of proposals for reorganization of court system.
  4. Inventory of public lands.
- Other matters set for study included general recodification of Texas laws, last done in 1925; laws relating to annexations by

cities; and a study of codification of the juvenile delinquency laws. Director John D. Mosely was given authority to move the commission's headquarters from the Capitol to 105 West 14th Street.

Testimony will be heard here, beginning August 17, in removal proceedings against Dist. Judge C. Woodrow Laughlin of Alice. District Judge D. B. Wood of Georgetown, commissioner for the state supreme court in the case, set the date.

After the testimony is received, the record will go to the supreme court for decision as to whether Judge Laughlin shall be ousted from his office.

Ouster proceedings against Judge Laughlin were brought by 11 South Texas lawyers, who charge that irregularities have occurred in the judicial district which is politically dominated by George Parr.

Federal drought relief legislation, passed by Congress, provides \$30 million for economic disaster loans, \$80 million for special livestock loans, \$40 million to subsidize shipments of feed and seed to disaster areas, and \$20 million for production and subsistence loans under the Farmers Home Administration. Farmers and ranchers, not only in Texas but also in other parts of the Southwest, will be eligible for assistance under the program. Prior to the passage of this bill, \$16 million already was available for drought relief from Agriculture Department funds.

Donley County Leader, \$2.50 a Year.

## SIGNS OF LIFE

J. O. Musick, Gen. Mgr. Texas Safety Ass'n, Inc.

America, generally speaking, is a sign-conscious nation.

We depend on the convenience of signs in thousands of phases of our daily lives. Signs tell us prices in stores, advertise merchandise in shop windows, speed up all our methods of conducting business.

And signs help us maintain order in countless little ways. For instance, if there were no signs it might be difficult—almost impossible—to keep people from walking on the grass, disposing of trash where they shouldn't, smoking in forbidden places, loitering in busy buildings, posting bills on telegraph poles, talking and shouting in libraries and hospitals.

Then, probably most important of all, we have traffic signs to guide and protect motorists and pedestrians on the nation's streets and highways. These signs are so important that often they are called "signs of Life."

It's an appropriate name. Traffic signs can, and often do, save lives. Without "Signs of Life"—such as the "stop" sign at intersections, the diamond-shaped warning sign, the round and cross-buck railroad signs—it could become almost suicidal to ride in an automobile.

But "Signs of Life" can do the vital job for which they are intended only if people read and heed them. For this reason "Signs of Life" are being featured in the traffic safety program being conducted this month in Texas by the Texas Safety Association and the Department of Public Safety.

It's a program that deserves the support of every citizen, for these signs, if observed, may help you save a life—perhaps your own!

The slogan for the August program is one to remember—one to live by: "Signs of Life—Know Them, Obey Them."

Glenn Curtiss piloted an airplane called the June Bug on the first public flight of a mile in the United States.

## Seven Donley Persons Listed For Degrees At WTSC, Aug. 21

CANYON—Seven persons from Clarendon and vicinity are among the 240 candidates for degrees listed at West Texas State College, who expect to participate in summer commencement activities August 21, according to Dean Walter H. Juniper.

Highest number of students to be graduated during the summer at West Texas State was 248, in 1951.

Kim Kyle Day Jr. and Kenneth D. Vaughan of Clarendon are both seeking the Master of Education degree.

From Hedley are Susan Fancher Messer, seeking the Master of Arts degree, and C. J. DeBord and Patricia DeBord Emerson who are both seeking the Bachelor of Science degree.

Lester Carroll Myers and Mrs. Lou Ella Myers of Lelia Lake are both seeking the Bachelor of Science degree.

### TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

#### THE PRESIDENT'S HAT:

On July 30th I presented a West Texas hat to the President. The hat came from an anonymous donor on behalf of the people of Pampa, Texas, and was handled by the Chamber of Commerce there. When I took it out of the box, the famous Eisenhower smile came out in full bloom. He said, "That's just the kind I like. It is what I call a five-gallon hat. This is one that will sure get some wear." He expressed deep appreciation for the hat and his admiration for West Texas.

#### THE UN AND RED CHINA:

Pressure will begin to mount for recognition of the Mao Chinese government to replace the Chiang government in the UN as representing China. Many here

fear that some secret agreement was entered into binding the U. S. to not vigorously oppose such recognition. China is a UN member. The question is—"Which is the true government of China?" If this question is treated as procedural matter, recognition of Mao government would not be subject to veto. U. S. Congress unanimously adopted resolution opposing recognition of Red Chinese government. England and other European countries appear to favor recognition of Mao. Basic reason behind this is that those countries need a market for their goods. China is the largest market in the world and has natural resources with which to pay for goods.

#### SATELLITE COMMUNISM:

Communism is undoubtedly beginning to crumble in the satellite countries. Unless Russia can stop this decay and strengthen these under pinning, the house will fall down on her. This will be the results of free world stopping the spread of communism.

Unless communism can spread, it can not live. Had China been saved from communism, Russia would already be on the ropes. Recognition of Red China and trading with her will give communism the help it needs. We must continue to keep it confined until it is completely dead.

#### CLOSING DAYS OF CONGRESS:

For the past few weeks Congress has been working at a killing speed. This pace has been detrimental to the health of many of the Members. The recent death of Senator Tobey and Senator Willis Smith were no doubt precipitated by this pace. It is impossible to eat regularly or properly. Most of the members begin their work-day before eight and continue far into the night. This procedure has been more or less traditional with Congress during the past two decades. It is foolish and should be changed. The work can be done in an orderly and proper manner during normal work days.

Business is transacted so fast during the last weeks before adjournment, that it is almost impossible to keep up with the bills that are voted upon. This accounts for many amendments that are slipped into bills that later cause trouble. Even the Speaker's tongue gets twisted. Yesterday one of the Members asked for unanimous consent to speak out of order. (This means that he wanted to speak on a subject not then under discussion.) The Speaker, in recognizing him, said, "The Gentleman is recognized for five minutes to speak without order." The members always get a laugh out of these slips because the tension is so

great that any momentary relief from it is welcome.

Many of the members felt that our speed-up for adjournment was in vain when the President asked for an increase in the debt limit. This is causing great concern in Congress. It simply means that the debt will go to 290 billion dollars, which is pretty far above the national income.

What we need is the courage to cut back the spending and keep the debt limit where it is, at 275 billion dollars. If this course is taken, as it should be, Congress will be in session for several months.

### Perryton To Hold North Plains Fair August 20-21-22

PERRYTON — Perryton is extending an invitation to residents of the North Plains area to attend the second Annual North Plains Fair, to be held August 20-21-22.

For the three-day program, the Perryton Jaycees have lined up a parade, square dance, modern dance, baseball games, horse show, old timers reunion, midget auto races, kiddie races and contest, the famous Joe Chitwood automobile thrill show, and original Grand Ole Opry from Nashville, Tenn., and the crowning of the "Wheatheart of the Nation."

The North Plains Association has made arrangements for a record breaking number of exhibits in the second annual fair. Judging opens Thursday, August 20, and continues through Friday, August 21.

All exhibits will be shown at the mammoth Veterans Memorial Building, the livestock building and rodeo arena at the county fair grounds.

The fair opens at 9 a. m. Thursday, August 20 and ends with the dance on Saturday night, August 22nd.

### Statistical Picture Of Donley County

A "statistical picture" of Donley County's population, homes, business and agriculture is presented in the recently published 1952 edition of the "County And City Data Book," according to Supervisor James M. Hamilton of the Census Bureau's district office at Fort Worth, Texas.

The frame of the picture consists of the basic data which show that Donley County has 6,216 inhabitants (1950), 2,107 dwelling units (1950), 685 farms (1950), 89 retail stores (1948) and 6 manufacturing establishments (1947). In the frame are some detailed figures concerning each of these items, such as:

**POPULATION:** The median age of the county's 6,216 inhabitants was 31.6 years; citizens 21 years old and over numbered 3,838; families totaled 1,660; the median family income (1949) was \$2,436; the median school years completed of persons 25 years old and over was 9.5.

**HOUSING:** 1,903 of the county's 2,107 dwelling units were occupied in 1950; 11.5 percent of the occupied dwelling units were equipped with central heating, 84.8 percent had mechanical refrigerators, and 97.0 percent had radios. The median value of one-dwelling unit nonfarm structures occupied by owners was \$3,871.

**AGRICULTURE:** The average value of land and buildings per farm was \$27,773; 551 of the county's 685 farms were electri-

fied; total value of farm products sold in 1949 was \$8,898,000.

**RETAIL TRADE:** The 89 retail stores had 206 paid employees and reported sales totaling \$5,092,000 in 1948.

**MANUFACTURING:** The 6 manufacturing establishments employed 13 (average for year) production workers in 1947 and paid \$23,000 in wages; value added by manufacturers in 1947 amounted to \$59,000.

Nevada has a population of 91,000, the smallest in the nation.

"Blind as a bat," is an incorrect saying, since bats can see.

Flying backward is a stunt only one landbird can do—the hummingbird.

### Demand On Resource

WASHINGTON — (American Peoples Encyclopedia News Service)—U. S. demands on its supply of basic natural resources are in for sharp increases by 1975. A report filed with the government last year by the Paley Commission, states that demand for mineral resources will be up 90 per cent over current levels; timber products will be up 10 per cent; agricultural products will climb 40 per cent; industrial water supplies will soar 170 per cent and total energy resources will have increased by 100 per cent.

### ARTHTRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.  
Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

### RESEARCH CONTINUES TO FIGHT POLIO, CANCER AND OTHER DISEASES

**GALVESTON**—Radioactive or "tagged" atoms may have important new uses in the fight against polio, cancer and other diseases, a University of Texas Medical Branch researcher reports.  
Radioactive tracers (isotopes) attached to gamma globulin antibodies offer a possible method of telling how long the serum is giving effective protection against polio, Dr. Ludwik Anigstein comments in the current issue of Texas Journal of Science.  
Scientists can check the tracer atoms with Geiger counters.  
Another possibility is to attach radioactive isotopes to antitumor substances and let the radioactivity "ride" to cancerous organs which can't be reached in any other way. The radioactivity would concentrate in the organ and fight the malignant tissue.

George Washington's second inaugural address is the shortest on record.  
Congressmen are not required by law to attend any session of Congress.

"Mile After Mile You'll Prefer Shamrock"

**SHAMROCK**

Chemists are naturally interested in the makeup of motor fuels. They realize the importance of complete combustion. Shamrock gasoline has this quality. It's a fast-firing, clean-burning fuel. This means a cleaner, smoother-running engine. Try Hi-Octane SHAMROCK IN YOUR CAR... A Mighty Good Brand.

**WOODY PHARMACY**

**PREVENT BLOWOUTS**  
with the  
**U.S. ROYAL LIFEWALL**  
Within Your PRESENT TIRES!

ORIGINAL ACTION PHOTOS taken at Daytona Beach, Florida and Lancaster, California—demonstrations witnessed by more than 10,000 people.

INSTANT-ACTION SHOT! Look at crushing impact—yet tire is unharmed!

NEVER BEFORE—THIS BLOWOUT PREVENTION! These knife-sharp concrete blocks reach and crush the wheel-rim but can't harm the tire equipped with LIFEWALL. The patented Nylon LIFEWALL construction absorbs the vicious shock, loses no air, prevents the blowout!

**BUY NOW—SAVE—BE SAFE!**

Now, today—during the nation-wide U.S. Royal Price Reduction Sale—put the Nylon LIFEWALL within your tires, old or new.

Now, get the total benefit of today's major contribution to safer motoring—exactly fitted to the tires on your present car or on your new car.

In positive blowout prevention, and in puncture and rupture protection, you get a permanent driving safety not known before.

Your car dealer will mount LIFEWALLS now, within your new-car tires. Your U. S. Royal Dealer will immediately install them in your present tires.

You multiply the strength of your old tires; you double the strength of your new tires. You gain in economy—because you increase the life of whatever tires you own.

TO KNOW AND REMEMBER: U. S. Royal LIFEWALL is an inner wall of "flexing" Nylon safety, the most perfect air-container ever developed, powerfully bridging from within the rupture and blowout risks.

**U.S. ROYAL TIRES**  
The protection that's always with you!
