Work Completed On Bagby Motel

Outside of minor details, construction work on the new Bagby Motel has been completed and the Motel was opened the first of this week to the tourist trade. George B. Bagby, owner of the business, announced that due to the lateness of completion and the heavy demand of tourists, a formal opening would not be held at this time. Completion of the motel was first scheduled for May 1st.

Clarendon can be justly proud of this new addition to the approach to our little city. The Bagby Motel is considered one of America's finest and anyone driving by can readily see that it can easily live up to that statement.

Pink Arizona sandstone and Mediterranean tan stucco were used in the main outside construction. The sunken garden in the center of the parkway is the center of attraction and will be even more so when the colored lighting system for the fountain in the center arrives. The garden is planted in Sea Side Bent grass and is bordered around the sides with flower beds that are planted in pink geraniums and double petunias. The motel also has flower boxes on both sides next to the highway and also in front of the office building.

There are 18 cabins in the motel which will accommodate 74 persons. Each room is insulated and equipped with refrigerated air conditioners, automatic wall heaters, tile combination shower-tub baths and all are furnished with Ranch Oak furniture. Each cabin has an individual garage with ample walk-way in front of each cabin. A large circulating hot water system makes hot water available instantly in each cabin.

The office building is arranged with the lobby and lounge being separated by a low wall of the Arizona sandstone. A large fireplace constructed of the same sandstone is located in the north side of the lounge. The walls are white oak paneling and all the lighting fixtures in the lounge as well as throughout the motel, were specially made of copper and follow the ranch design. All the furniture is Ranch Oak design including the specially built cabinet for the TV set.

In the room adjoining the lobby, is a complete laundry room with all automatic equipment. Ample space is also provided for room service supplies, etc.

John Jones was the general contractor for the construction of the Motel. Other subcontractors and suppliers are listed throughout a four-page section in this issue of the Leader.

Mr. and Mrs. L. T. Whitlock of Amarillo visited Friday evening in the home of Mr. and Mrs. Frank Whitlock. Their son, Larry, who visited here the past week accompanied them home.

W. CARROLL KNORPP
W. Carroll Knorpp, vice-president of the Donley County State Bank, was named president of the Panhandle Bankers Association at a meeting of the association in Amarillo on Jefferson Davis Birthday, June 3rd. Other officers elected were B. C. Woolbridge Jr., vice-president of the First National Bank of Claude, vice-president; William O. Mullins of Amarillo, secretary and J. O. Murray of Follett, treasurer.

School Board Names New Band Director

James H. Gain of Ft. Worth was hired by the local School Board at their last meeting as the new band instructor in the Clarendon school system.

Mr. Gain will come to Clarendon highly recommended as a band man and as a citizen of our little city. He has had eleven years experience and holds a B. S. Degree from John Tarleton and a B. A. Degree from Howard Payne College. His eleven years of experience has been in the Texas Panhandle and he has produced some of the best bands in the area with a number of his former students being members of the WTSC band at Canyon and the Cowboy band at Hardin-Simmons at the present time.

Mr. Gain is 39 years old. He and Mrs. Gain plan to sell their home in Ft. Worth and move to Clarendon in August.

Under his guidance, the Clarendon Band has the best outlook for expansion and development in recent years.

C of C Directors Meeting Tonight

The Clarendon Chamber of Commerce Directors will hold their second meeting for June, tonight (June 18) at 8:00 P. M., in the C of C Office. There will be some new business to discuss, but the greater part of the meeting time will be used in discussing the City Paving Program. Mr. Lane, President of the C of C, hopes to hold a short meeting with a maximum of business transacted. He also urges and hopes to have all the Directors and Officers present, for he feels the business to be discussed warrants their attendance.

Donley County Leader, \$2.50 a Year.

Dusters To Play Groom There, Sunday

The second round of Caprock League play will begin Sunday, June 21st with the Clarendon Dusters journeying to Groom for their first game in this series. This is expected to be one of the best games of the entire season as the Dusters will be trying a repeat performance of the first game of the season when they defeated Groom, the now number one team of the League. On the other hand Groom will be playing on their own home field and those boys don't like defeat either, especially the second time by Clarendon.

The Dusters are only hoping for cooler weather with a moderate breeze and they believe they can spill the number one team. They lost a practice game to Hedley last Sunday afternoon 17 to 11 under a bright sun that melted out a sweltering 114 degrees. Some of the players reported this the worst playing weather they had played in all summer, even counting the dust storms that cut visibility to zero at times.

If you want to see a good game just go along with the Dusters to Groom next Sunday afternoon. The game will start at 3 o'clock.

Services Held Saturday For Mrs. O. C. Hill

Funeral services were held Saturday afternoon in the First Baptist Church for Mrs. Rachel Elizabeth Hill with Rev. Howard Scott officiating, assisted by Rev. O. L. Jones, pastor of the Hedley Baptist Church.

Mrs. Hill, age 95, died last Thursday morning at the home of her son, W. T. Hill of Lefors. Mrs. Hill had been a resident of Donley County since 1901. She had been quite active up until the past few years and enjoyed family gatherings and celebrating her birthday more than most anyone. She enjoyed relating pioneer experiences and happenings around Clarendon during the half century she lived here. She had 49 grandchildren, 119 great-grandchildren and 37 great-great-grandchildren and was able to keep account of practically everyone of them. She was a member of the First Baptist Church.

Survivors include three sons, W. T. Hill, Lefors; O. E. Hill, Auburn, Wash.; B. D. Hill also of Washington and one daughter, Mrs. Walter Parker, Westport, Oregon.

Burial was in Rowe Cemetery at Hedley beside her husband, O. C. Hill, who died in 1935.

Hedley Pioneer Passes Away

Funeral services were held Monday afternoon at the First Baptist Church in Hedley for John Wesley Mann with Rev. O. L. Jones and Rev. T. E. Gibson officiating.

Mr. Mann, age 83, died Sunday morning at the home of a daughter, Mrs. Tommy Bain, near Hedley. He had been a resident of Donley County since 1909, moving here from Cook County. He was a member of the Baptist Church and an active worker in this organization.

Survivors include one daughter Mrs. Tommy Bain; one son, Clayton Mann of Clarendon and one grandson, Monte Max Mann, also of Clarendon.

Pallbearers were Carl Naylor, Claude Bain, Hobert Moffitt, Frank Murray, Walter Pierce and Foster Pickett.

Burial was in Rowe Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

MATCHED ROPING HERE SUNDAY, JUNE 21st

The Clarendon Roping Club will have a matched roping contest with the Pampa Roping Club at the local rodeo arena Sunday afternoon about 3:30 o'clock. Admission will be 25 and 50 cents.

Donley County Leader, \$2.50 year

FRANK THOMAS
Members of the Panhandle Furniture Association elected Frank Thomas, of the Clarendon Furniture Company in Clarendon, president for the coming year at a dinner meeting in the Herring Hotel Tuesday night.

Other officers elected were B. C. "Shug" Lemons, Memphis, vice-president, and Leo Southern Jr., Amarillo, secretary-treasurer. Directors elected were: Carl Myer, Borger; C. E. Thompson, Canyon; Otis Hall, Hereford; Ike Holman, Tulia; A. P. McKelvy, Perryton; and Bailey Woody, Dumas.

Temperature Soars to 114 Degrees Sunday

The mercury has had little mercy on the Clarendon area the past week as it has stayed above the century mark every day with the top reading being registered here Sunday - - - a sizzling 114 degrees. It wasn't much better Monday when it climbed to a high of 111. Since then it has dropped off several degrees but still remains hot. Clarendon shared honors with Seagraves Sunday in being the hot spot of the nation. The reading of 114 was recorded by local weather observer, Joe Goldston. The thermometer used is a regular government thermometer and has been checked for accuracy. There was little doubt that it was not correct, for all you had to do was just step out in the open a few minutes - - and literally melt.

Everyone is looking forward to a break in the hot spell - - - and some real beneficial moisture. Air-conditioners need a rest and city water wells could certainly stand to be idle for a spell also. Water consumption here has been hitting the million gallon mark, but Mayor Major B. Hudson reports the water situation still in good condition at the present. If our wells fail or we have pump trouble, we may have to put a curb on water use, but our outlook at the present is much better than most localities, he stated.

LOCAL LADY ATTENDING MUSIC CLINIC IN FORT WORTH

Miss Mantie Graves left last Saturday for Ft. Worth where she was scheduled to attend a church music clinic at the First Methodist Church there this week. Dr. Charles and Helen Dickinson were to be in charge of the organ and choir work.

MARINE CORPS RECRUITER TO BE HERE JUNE 25th

On Thursday, June 25th, there will be a Marine Corps recruiting sergeant in Clarendon to interview applicants and to select young men between the ages of 17 and 28 for service with the United States Marine Corps. While in Clarendon this coming Thursday, the Leatherneck sergeant will be located at the Sheriff's office.

BAND SESSION TONIGHT AT 7:30

All band members wishing to play with the band during the Fourth celebration activities are reminded to be present at the Band Hall tonight (Thursday) at 7:30 for a practice session. All former, present or future band members are urged to be present.

Cut In Quail Season And Bag Limit Voted Here

The Donley County Game Association met recently at the court house in a business session to give their views and suggestions to the game department regarding game seasons, regulations, etc. in the Panhandle area.

The Donley County group voted to recommend a cut in the quail bag limit to 6 per day and 12 in possession. The previous limit was 12 birds per day. They also recommended the season be cut 15 days on quail. In regard to the turkey hunting, they recommended 1 hen and 1 gobbler to be taken this season instead of 2 gobblers as before.

Information such as voted by the local association will be used, along with other panhandle meetings by the game department, in setting the seasons in the Panhandle.

Mr. and Mrs. M. L. Pittman returned home Wednesday night after a visit at Rockport, Texas.

Donley County Leader, \$2.50 year

WTSC Dean Clarifies College Credit Question

Miss Ruth Richerson, Supt. of Donley County Schools, received a letter this week from Walter H. Juniper, Dean of WTSC at Canyon clarifying questions in regard to students taking work at Clarendon Junior College and at Amarillo Center at the same time.

"The student may take work both places with the following things in mind," Dean Juniper stated.

1. He must have the permission of Clarendon Junior College, and his load at Clarendon and at Amarillo Center must not exceed the maximum number of hours a student is allowed to complete in one semester; 15 semester hours is a normal load, 18 semester hours is the maximum load for a superior student.

2. A senior college by association regulations can accept 66 semester hours of Junior College work toward a degree. A student who during his Freshman-Sophomore years takes work both at a senior college and at a junior college has to figure the number of hours earned together, so that after he has a total of 66 hours he cannot count further work taken at a Junior College toward a senior college degree, except that he may take six additional hours at a Junior College and count it toward a degree at a senior college provided that he has prior permission of the dean of the senior college where he is going to count it.

A number of students have found themselves in this predicament, so Miss Richerson is in hopes that this information will save future students from losing time or credits.

To Initiate Study of "Programming School Needs"

The Board of Trustees of the Clarendon Ind. School District are initiating a study or evaluation of "Programming School Needs". Under this program an analysis of school needs will be studied.

Several steering committees and work groups will be formed and members of these committees and groups will be our local citizens, civic clubs, and other organizations. In the near future, the Board will begin calling upon these individuals to pledge themselves to serve.

These committees and groups will work in co-operation with the Texas Education Agency staff, and this staff shall prepare suggested guides, forms, and data sheets which will be made available to the committees and groups. Agency personnel will then assist in conducting the various programs of this study.

The Board is asking everyone to begin thinking about this program, and when called upon to serve, be ready to assist in the various phases of this program.

Cut In Quail Season And Bag Limit Voted Here

The Donley County Game Association met recently at the court house in a business session to give their views and suggestions to the game department regarding game seasons, regulations, etc. in the Panhandle area.

The Donley County group voted to recommend a cut in the quail bag limit to 6 per day and 12 in possession. The previous limit was 12 birds per day. They also recommended the season be cut 15 days on quail. In regard to the turkey hunting, they recommended 1 hen and 1 gobbler to be taken this season instead of 2 gobblers as before.

Information such as voted by the local association will be used, along with other panhandle meetings by the game department, in setting the seasons in the Panhandle.

Mr. and Mrs. M. L. Pittman returned home Wednesday night after a visit at Rockport, Texas.

Booster Trip Routes Announced To Advertise Celebration

W. W. NOBLET
W. W. Noblet, local Chevrolet dealer, is looking forward to the most successful July 4th Celebration Booster Trips to be organized in recent years. Each town to be visited has received advance notice of the time and date the Clarendon boosters will be there and the entire trips should be well met and more enjoyable. The Booster trip dates are June 26th & 27th.

Groom Heads Caprock Loop at Half-Way Mark

Once-beaten Groom won the first-half championship of the Caprock League, with Clarendon, Hedley and AAFB Retraining Group, each defeated twice, in a three-way tie for second place.

A change was effected when the result of a game in which Panhandle had defeated Hedley was reversed on forfeiture, Panhandle having used ineligible players.

First-half standings:

Team	Won	Lost	Pct.
Groom	6	1	.856
Clarendon	5	2	.714
Hedley	5	2	.714
Retraining Group	5	2	.714
Panhandle	3	4	.333
Canyon	2	5	.286
White Deer	1	6	.143
Claude	1	6	.143

New School Head Moves Here This Week

Mr. and Mrs. Harvey Truett are now bonafide residents of Clarendon. They completed the task of moving to Clarendon from Canadian this week and are now settled in the home place of the late Mrs. Mollie Gray in southeast Clarendon.

Mr. Truett is the new Superintendent of the Clarendon Public Schools and president of Clarendon Junior College. "We are looking forward to meeting everyone and want you to know that visitors will be most welcome at all times," Mr. Truett stated.

Donley County Leader, \$2.50 year

W. W. Noblet, chairman of the Booster Trips advertising the July 4th celebration here, announced this week the complete itinerary for the two day trips with a change in the original dates. The trips will be made on Friday and Saturday, June 26-27. That's only a week away and Mr. Noblet is reminding everyone that a dinky line-up of cars making the trips is worse than not going at all, and that he was expecting at least forty or fifty cars to make the trip each day. Personal letters and cards will be mailed to local residents whereby they can mark the day they wish to join the group.

Mr. Noblet pointed out that all cars would meet at the Court House square at 7:30 each morning, already decorated the way you want them. The booster caravan will move out promptly at 8 o'clock each day.

On June 26th, the caravan will go north and back east. The towns to be visited on this date will be Claude, Panhandle, Borger, Skellytown, White Deer, Pampa, Lefors, McLean, Shamrock, Wellington and back home. The group will stop in Pampa for dinner at the noon hour.

On Saturday, June 27th, the group will go south across the scenic Palo Duro route to Silverton and then back east to Quitaque, Turkey, Matador, Paducah, Childress, Estelline, Memphis, Hedley and back home. The noon hour stop will be at Paducah.

Mr. Noblet has suggested that groups get together and decorate their cars, making the caravan more attractive and different all the way through.

NEW LEGION OFFICERS INSTALLED HERE TUESDAY NITE

Mike McCully, Commander of the 18th District, was in charge of installation services at the Clark-Brock Post 126 of the American Legion here Tuesday night.

New officers installed by McCully were Ernest Kent, commander; 1st vice, Muri Lynn; 2nd vice, Harlie Gordon; 3rd vice commander, Maurice Hart; Chaplain, Jimmie Palmer; Sgt. at Arms, Raymond Martin; Finance officer, Rayburn Smith; Historian, J. R. Porter; and the executive committee composed of Maurice Lane, Jack Gray and Glenn Hoggatt.

BOY SCOUTS TO HAVE PICNIC FRIDAY NITE

The Scouts and Explorers of Troop No. 37 will meet at the City Park Friday evening at 7:30 for a hot dog picnic. The troop has purchased a fine electrical hot dog machine and this occasion is being used to train the boys to use it. They are inviting their families to join them in this picnic.

Remember the time - Friday evening, 7:30. Scouts and their parents at the Park.

DOORMAN-New York policeman Leonard Michalisen is quite happy to demonstrate the "open door policy" when the person involved is someone as attractive as Betty Weisinger. The lady caught her head in a subway turnstile, as seen above, and Patrolman Michalisen of the police emergency squad freed her.

SCENE SHOOTER-Sighting sights with his specially built gun-camera, Werner Wuensch, West Berlin magazine photographer, is able to make rapid-fire takes on 35-millimeter film. The camera is adapted to long shots with a strong lens attached to the end of the "gun barrel."

AUSTIN — Governor Allan Shivers this week finished a long session of signing bills passed by the Legislature.

The governor's time limit expired Tuesday (June 16) for either signing or vetoing bills.

One to which he affixed his signature authorizes the construction of toll roads in Texas.

This was a controversial measure in the legislature, which at times seemed to prefer limiting the set-up to a Dallas-Fort Worth turnpike.

The administration, which favored making the authority state-wide, finally prevailed.

Highway people hope that the toll road venture, new for Texas, will help to relieve traffic congestion.

It is widely recognized that roads are overcrowded. The governor advocated a one-cent increase in the gasoline tax to help out with needed highway building, but the legislature settled

down to a no-new-tax policy and stuck with it.

Under the toll road bill, the Dallas-Fort Worth turnpike will be the first to be constructed.

—tpa—

On a single day, the governor signed 89 bills, including eight designed to carry out his water conservation and drought relief program.

One of the water bills is effective immediately. It creates an anti-pollution advisory council which has the responsibility of studying pollution and working with other agencies to prevent it.

Constituting the council are the state health officer, executive secretary of the game and fish commission, chairman of the board of water engineers, chairman of the railroad commission, and the attorney general.

The other water bills, effective August 26, do these things:

Cancel all water permits which have been unused for 10 years, so that they may be re-assigned; Specify in detail how public waters of the state may be ap-

propriated; Provide for the granting of seasonal and temporary water appropriation permits for not to exceed a year;

Give the board of water engineers more authority and empower the board to enforce its orders by legal action;

Reorganize the board of water engineers so as to give the members six-year appointive terms and provide for the services of a professional engineer who will be secretary of the board.

Require an application in writing for appropriation, storage, or diversion of public waters.

Create a state water resources committee of nine members to study Texas water problems and make recommendations.

Other bills signed by the Governor include the following: Providing a 40-hour work week for state employees.

Authorizing persons in the armed services, their wives, husbands, or children to enroll in state colleges and pay the same fees required of Texas residents.

Re-establishing the narcotics enforcement division of the Department of Public Safety, and providing penalties up to life imprisonment for sale of narcotics to minors.

Giving to existing soil conservation districts the \$1 million remaining in the appropriation made two years ago to the Texas Soil Conservation Service.

Many of the bills were local and routine.

Going into effect August 26 will be a new auto inspection law, which is not as stringent as the one originally passed in Texas.

The annual inspection is not now required as a condition for purchase of car licenses.

Inspection is limited to lights, steering gear, brakes, horns, and windshield wipers.

Now created, as authorized by the legislature, is the Texas Commission for Alcoholism, which will continue the work begun three years ago by an unofficial committee.

The commission will plan with local agencies for clinical treatment of alcoholics. The commission has no appropriation — it will depend on private contributions for its sup-

Calvary Baptist Church

Last Sunday was an exceptionally good day at the Calvary Baptist Church; the attendance was good; the fellowship wonderful; it was good to have been in the House of The Lord. We baptised a fine grandmother of 73 years and a fine girl of 14 and had one addition by letter. The Lord is blessing this people in a wonderful way; to Him belongs the Glory for each accomplishment.

We are looking forward to our meeting the latter part of August. Bro. Burns of Lela will be with us to do the preaching. We are expecting great things of the Lord in this Meeting. Bro. Burns is one of the finest Soul-Winners in the State and a Heart Preacher; won't you join with us in praying that Clarendon will experience one of the greatest Revivals in its history; that every Home shall receive a blessing.

A warm welcome awaits you at this small Church with a big Mission.

Ernest Phillips, Pastor

Mr. and Mrs. Charlie Sullivan visited Monday night with Mr. and Mrs. Brownie Dickinson and baby.

To The People of The 18th District

By Cong. Walter Rogers

MORE ABOUT THE TAX SITUATION:

The time is growing near for affirmative action to extend the excess profits tax. Unless affirmative action is taken by the Congress by June 30th, this tax bill will expire by its own terms. The administration has all but demanded that this tax be extended to December 31, 1953. Whether or not the executive branch will make an all-out, no retreat, demand that Congress extend this tax will depend upon what happens within the next ten days or two weeks. So far, the administration has respectfully request-

ed that this tax be continued, but has not yet cracked the political whip. There has been a daily probing of the opposition forces that lie within the President's own party. The purpose of this is to find a soft spot that will enable the administration to extend the excess profits tax without resorting to cracking the political whip and causing a knock-down and drag-out fight on the floor of Congress. The latest, and probably most effective, feeler came from Speaker Martin immediately after a recent White House conference. He commented that the failure to extend the excess profits tax could well result in no reduction of individual income taxes on December 31, of this year, as provided by law. This was no doubt intended to disturb Chairman Reed of the House Ways and Means Committee, who is fighting for no extension of the excess profits tax and a reduction of individual income taxes as of June 30, 1953, rather than December 31, 1953. Chairman Reed does not scare easily, and he is a hard and able fighter for what he believes to be right. The administration lost the support of the National Association of Manufacturers and the United States Chamber of Commerce on this issue. These two organizations are the largest organizations representing business in this country. They not only refused to support the administration on the issue, but refused to remain neutral as they had been requested to do, and came out in opposition to the extension. One of the major objectives to the tax is that it prevents the expansion of new businesses that do not have base periods reflecting large earnings. It has measurably hurt small business and will continue to do so. Many of the corporations

would much prefer that the excess profits tax expire and that the Congress increase the normal corporation tax rates. They argue that this would be more fair and would actually bring in more money.

As I said in a recent newsletter, if the excess profits tax is allowed to expire, you can expect a hard and tough fight for early reduction in individual income taxes.

CHAMBER

By Johnnie SPECIALS

Allen

Abe Lincoln said "A house divided can not stand." Your Chamber of Commerce pledges its cooperation and support to any individual or organization with any worthwhile and worthy cause that will be beneficial to the city or county, either from the Civic, Social, or Economic standpoint.

It will not endorse or support any individual organization that does not strive for high moral and ethical standards and pledges to strive for greater moral and ethical standards in all its dealings.

Our Chamber of Commerce is not standing alone; we have the West Texas Chamber of Commerce in the background, serving 60% of the land area of Texas and having around 5,000 business leaders, our Chamber included, in their organization, that serves in any way possibly to aid and help us in solving our problems.

Your Chamber of Commerce, Board, Officers, and manager, are working for you, so let them know about your gripes and complaints and even your praises.

Only about one-fourth of South America has ever been surveyed.

What is the most valuable thing General Electric ever built?

Is it the jet engine? In 1942, General Electric gave America's air arm its first jet muscles. Would you say that is our most valuable product?

Or would you elect the fluorescent lamp? We placed the first ones on sale in 1938. With the growth of fluorescent lighting Americans are using 3½ times more light than even 10 years ago.

Maybe you would say our star performer is the steam turbine. All you do is flip a switch, and a turbine somewhere instantly responds to provide the power to pump for you, or push or lift.

How about x-ray? Your doctor holds a negative up to the light and peers at bones he says are really yours. Who can say how many lives the x-ray tube has saved?

Important as these products are, more valuable to us—and to you—is something these products have helped to build. Something born quietly in 1878, when electricity was still a curious toy. And something that has grown steadily through the years.

The most valuable thing we ever built is your good will. For your year-after-year confidence in the things we make has given us the means to serve you better. Better engineering, research, manufacturing—all have come from your belief in us. It returns to you in a constantly improving and expanding way of life.

You can put your confidence in.

Protects

As Farm Bureau Federated up to its slogan—'promotes agriculture'—during the recent session of the Legislature in Austin, according to Holly Wood, president of the Donley County Farm Bureau.

"For farmers and other rural dwellers the most important aspect of the session was the absence of any real threat to take away the rural road program annual appropriations, the counties' share of vehicle registration fees and county road bond assumption monies," Wood said.

During the 1951 session an attempt was made to take money from those sources, plus the farmer's refund on the tractor tax, for use in the construction of superhighways. The Farm Bureau mustered enough strength to defeat the forays, and rallied late in the session to push through a gathering tax on natural gas.

This year at the state capitol a bill was introduced to take away one-fourth of the farmers' refund on the tractor gasoline tax. The bill was never considered. Also, a bill was introduced to increase the sales tax on gasoline from four to five cents a gallon. It, too, was never brought up for vote. Both bills were contrary to Farm Bureau resolutions, and the county Farm Bureau organizations over the state rose up to help prevent their passage.

Another bill which would have been harmful to rural dwellers—had it passed—was the Administration-backed plan to reshuffle the state's school funds and force local districts to bear an increasing share of the Minimum Foundation School Fund. The Farm Bureau was among many civic-minded groups which successfully fought the bill.

Among the more important bills passed this year with Farm Bureau backing, approval or sponsorship included legislation designed to eradicate the swine disease, vesicular exanthema; a bill which regulates the sale, use and distribution of hormone-type herbicides, a law which gives grain farmers their best warehouse legislation to date; and better seed laws.

The Texas Farm Bureau was instrumental in securing an increase in appropriations of nearly a half million dollars for the Texas A&M College Extension Service and Experiment Stations. Of this amount, \$238,320 was earmarked for use in the counties.

County president Wood said that Texas Farm Bureau opened an office in Austin this year to facilitate the work on its legislative program. The office was staffed by Vice-President C. H. DeVaney of Coahoma and State Director Loys D. Barbour of Iowa Park. Both men are farmers and experienced in farm legislation.

"We were going to make sure that the interests of farmers and ranchers were protected this year," Wood explained. "That is

why Farm Bureau opened the Austin office. Also, it was easier for the various county Farm Bureaus over the state to coordinate efforts with the state organizations. The Austin office kept the county leaders informed on what was happening and what needed to be done in order for a certain bill to be passed or killed. Then it was up to the counties to contact their elected representatives."

Draft Law & Its Rules And Regulations

Editor's Note: This is one of a series of 10 short articles on the draft law and its rules and regulations.

Any young married man registered with a draft board had better be on the alert about any expected additions to his family. If his wife is expecting their first child, it is to his interest to tell the board about it immediately.

As long as he has only a wife to support, he's as eligible for a hitch in the Army as a single man. When he has a child in his family, or one has been conceived and not as yet born, the law provides for his deferment, provided he tells the board about it before he is ordered for induction.

Draft regulations require that a man with an unborn child be deferred if he files with his

board, prior to the time his induction order is mailed, certificate of a licensed physician that a child has been conceived.

If he does not take this highly necessary step and the draft board sends him an order to report for induction, then the draft board has no authority to defer him on the basis of the unborn child, Brig. Gen. Paul L. Wakefield, state draft director, points out.

Neither does the state draft headquarters or the national draft headquarters have authority to interfere with his induction under such circumstances. Draft regulations would have to be amended to permit consideration of his deferment solely because of the unborn child.

Afterward, the law requires a man to report birth of children into his family, just as it requires him to provide the local board at all times with his latest change

of address.

Sidney Muse of Sundown, Texas visited here over the week with his parents, Mr. and Mrs. Lee Muse. He was accompanied by friends, Miss LaVerne Fowler of Floydada and Alvis Bentley of Brownfield.

There are 378 large waterfalls in Brazil.

Ensign Lynn Leathers, USNR, has just returned to his ship, the U.S.S. Castor, where he is Personnel and Gunnery Officer, after spending a nineteen day leave visiting his parents, Mr. and Mrs. Kinch Leathers of Clarendon. Leathers completed his first tour of duty to the far East in April, and will leave for a second tour to the same theater soon.

Air Conditioning on wheels* comes of age!

Now you can have a car that's as comfortable on hot days as your air-conditioned home, office or favorite theater.

Now you can ride in draft-free coolness at the temperature level you choose—even when the outside reading is 110° and more.

Now you can take a full complement of passengers through the thick of traffic on a sweltering day—and each one of you will keep looking and feeling fresh as a daisy at dewtime.

Grilles in Buick's exclusive dual roof ducts insure draft-free distribution of conditioned air—and also provide individual control of air direction as desired.

Return air grilles on package shelf help maintain continuous circulation of conditioned, pollen-free air.

sun, the car interior can be brought to a delightfully cool comfort in a matter of minutes.

And it's really compact. The cooling unit itself fits neatly on a narrow shelf in the big trunk compartment—leaves plenty of room for luggage and the like.

Why not drop in on us and try a demonstration? You'll find that the Buick AIRCONDITIONER with its exclusive dual roof ducts is the ultimate comfort in hot-climate driving.

*Buick Airconditioner available in 1953 Roadmaster and Super Riviera and Sedan models at extra cost.

What's more, these exclusive roof ducts have individually controlled air directors above the side windows. So each window-seat passenger can guide a gentle breeze of conditioned air exactly where he wants it.

Of course, the Buick AIRCONDITIONER is automatic.

You switch it on, choose the temperature setting you want—and that level of coolness is maintained constantly. It thoroughly conditions the air around you—automatically. It carries off heat, stale air, tobacco smoke—automatically. It continuously introduces outside air into the system—automatically.

It's fast-acting, too. Even after an hour or more locked up under summer's hottest

Mama is always getting after me because of my hat. It seems that there is never a time when I don't need a new one. The trou-

ble is, according to Mama, I put the best hat I have on every time I even go to the post office. She says, and I doubt if she is wrong, that a man just doesn't care what his other clothes look like. If he has on a new hat he's all dressed up. No matter if I have on my work shoes or brogans; no matter if my khakis are all patched up, it is supposed to be the absolute truth that I will drag out my best hat and go up town feeling like I look like a million dollars. Anyway, I give up. I plead guilty. The state rests its case. There's no use arguing.

The following poem is our scrap book selection for now. And many, so very many have said that they keep a scrap book of our poem selections.

WHEN I DIE
By J. D. Brannon

Go way back among the little men,
And dig my grave in the clay;
For years I've spent my life with them,
Let it go on that way.

What matters down the road of life,
If some should fail to see,

The phosphorus light, on a darkened night,
Of these old bones of me.

My record's made and all turned in,
And where I'm laid won't count.
The angels know the crown I'll wear
And they won't leave me out.

Just lay me down with the common man,
When the spirit's gone away.
Till the all-wise, loving Creator
Comes calling me some day.

Something.

Speaking of Shamrock they have two undertakers over there in that friendly little Irish city, and both of them belong to the same church. It just so happens that they are Methodists. Not that there would be any connection but it was rumored that one old died in the wool Baptist was overheard singing the song, "Where Can I Go But To The Lord."

Since December we have had a bigger and better part each month in the pages of West Texas own farm magazine Southwestern Crop & Stock. We hope all of you have been reading it. Now, we are to share in the pages of The Farm & Ranch supplement of The Daily Spokesman, a wide awake paper serving the Pampa territory. This makes us very happy and we will enjoy hearing from any of the readers. It would be a big encouragement to us to have any of the readers drop these editors a line. Or better still just subscribe to their paper. Crop & Stock is 3 years for \$2.00 and I'll be if a hundred people took the magazine that the editor would give old Uncle Zeb a raise. We will even send in your subscription if you will mail it to us.

vice-president of the Dairy Products Institute, which this month is sponsoring June Dairy Month in Texas.

Clarke said that recent nutrition studies at Cornell University showed that plain ice cream made an excellent lunch for a reducer.

But be sure, he warned, it's just plain ice cream without chocolate sauce, nuts, whipped cream or syrups.

A dish of ice cream, he pointed out, contains between 200 and 400 calories, the amount depending on the size of the scoop and the richness of the cream.

These figures are well within the limits of a lunchtime allowance for those trying to "keep that figure" or those trying to reduce.

Tests conducted by Dr. A. C. Dahlberg of the Cornell Experiment Station have proved conclusively that an ice cream lunch has high nutritional value in protein and important minerals and vitamins—yet won't add to the waist line, Clarke said.

Too, a dish of ice cream is ideal for reducers with a limited lunch period. "Since ice cream can be obtained at any restaurant or soda fountain, it's an easy answer for those who haven't the time to search through a long menu seeking non-fattening foods," he explained.

--- one thing that won't change is our desire to serve you with friendliness and courtesy. When you require additional funds, stop in and talk with us about a personal loan. Repayment is budgetted on a monthly basis.

Most of us have heard the story of the fellow back in Arkansas who ate three acres of roasting ears for dinner. No kidding, we heard of a fellow who had just cream and sugared six acres of wheat for breakfast.

Actually my brother in law over at Shamrock almost broke over the other day and was about to feed me steak. I don't know, the stuff ain't but 39c a pound. I don't seem to enjoy having him feed it to me so much since it has gotten so cheap. Maybe I ought to start wanting pork chops or

From where I sit... by Joe Mars

Heard About the Electric Weather Predictor?

Squint Smith built up quite a reputation last month by predicting the weather. What he said usually came true.

It got so that folks would sit around his little Antique Shop just to get his opinion.

Last Monday, though, he said he didn't know what the weather was going to be like next day. That surprised us and when we asked what happened, Squint said, "Slipped up on my electric bill and was turned off. I'll get to my radio again tomorrow though." Squint had been getting

the weather over the radio—just like anyone else!

From where I sit, that's the way it goes with some "experts." They often don't have any more inside information than you can get for yourself. Like those who "knew" cider is the only thirst-quencher after a day's work. Far as I'm concerned, I'll take a tempera glass of beer. But—I won't try "predict" your choice for you.

Joe Mars

SO BEAUTIFUL! SO POWERFUL!

GENERAL MOTORS LOWEST PRICED EIGHT

SO ROOMY! SO LOW IN PRICE!

Judge Pontiac purely from the standpoint of quality and it's hard to believe that it is actually a low-priced car. Certainly it's as distinctively styled as any car on the road—and its beauty carries through into its luxurious, roomy Body by Fisher. Performance-wise, Pontiac is second to none, with power to spare that whisks you through city traffic or cruises with remarkable economy. And Pontiac is a big car, with a long, 122-inch wheelbase.

But Pontiac's outstanding feature is its price—a price so low that if you can afford any new car you can afford a Pontiac. Come in and get the facts that prove that dollar for dollar you can't beat a Pontiac!

Dollar for Dollar you can't beat a

Thursd
Mrs. Willard Marshall and sons spent the week end visiting relatives in Dallas.
Lester Smith, Mrs. Vera Smith, and Kenneth Taylor had Sunday dinner with Mr. and Mrs. Bill Marshall.
Sunday guests in the Doyce Graham home were Mr. and Mrs. Carl Barker, Don Barker, Mr. and Mrs. Royce Morris and Judy Ann of Amarillo, and Mrs. Bill Mooring and sons.
Linda Kay Hardin spent Thursday night with Kay Lane, at

Clarendon.
Mr. and Mrs. Jack Lamerson and children spent Sunday with Mr. and Mrs. James Tolbert and girls. In the afternoon they all went to McKnight, and reported that it was dry and arid looking there.
Mr. and Mrs. Bill Graham of Ralls spent Sunday with Mr. and Mrs. J. M. Graham.
Mr. and Mrs. Hubert Rhoades and Mary Sue were in Amarillo Monday for medical treatment for Mary Sue.
Dale Jones, Glenda Borden, Joyce and Ronnie Hall visited Doyce and Jimmy Graham Friday. Ronnie remained for the night.
Mr. and Mrs. Hall Hardin had ice cream with the Curtis Mears Saturday night.
Guests in the John White home Sunday were Mr. and Mrs. Homer Deaton of Dallas, Mr. J. B. Deaton of Claude, Mr. and Mrs. J. F. White, Mr. and Mrs. Lloyd Reid, and Mrs. Dell Allen and children.
Mrs. Lloyd Reid spent Wednesday night in Phillips with her daughter, Nell White.
Mr. and Mrs. George Johnson from Lelia Lake, Mrs. E. R. Moore from Bowie, and Mr. and Mrs. W. H. Gray visited in the Vance Gray home Sunday.
Mr. and Mrs. Van Khox visited awhile Sunday evening with his parents at Lelia Lake. Mrs. Knox hasn't been feeling well.
Mr. and Mrs. Gene Grimland and Jo Ellen Dingler visited in the Warren Hardin home Sunday afternoon.

Charlene Mays visited Mr. and Mrs. L. T. Mays Sunday.
Patsy Wallace spent Sunday afternoon with Mr. and Mrs. Andy Robertson and daughter. Other visitors were Mr. and Mrs. Lloyd Vines and Barbara Jean.
Mrs. H. E. Tolleson's niece and husband, Mr. and Mrs. James Meeks of Whitesboro visited them Tuesday and Wednesday.
Jeanette Tolleson spent last week in Amarillo with her sister and family the Cleve Ingrams. They brought her home and spent Saturday and Sunday here.
Mrs. W. A. Poovey was honored with a birthday dinner Sunday. Present were Mr. and Mrs. Norris Shipley and daughter of Garland, Mr. and Mrs. Everett Miller of Phillips, Mr. and Mrs. John Dial of Channing, Mr. and Mrs. Earl Butler and sons of Borger, Mr. and Mrs. Willard Cook and Bobby Tate Poovey of Stinnett, Mr. and Mrs. James Reed Lovell and Lynnita of Dumas, Mr. and Mrs. Leo Wallace and Patsy, Mr. and Mrs. H. W. Lovell, Benny Myers, Mr. and Mrs. Ben Lovell, Mrs. Helena Catoe and Leslie Catoe. Mr. Poovey also received his Father's Day gifts early.

GABIE BETTS BURTON LIBRARY NOTES
By May L. Prewitt

We have several books to report. First is "A Child's History of the World" by V. M. Hilmyer. It is a revised and enlarged edition, with new material by Edward G. Huey. This is from a memorial fund in memory of Mr. Patrick. We are fortunate in securing this excellent edition. Then we have "In Yards and Gardens" by Margaret Waring Buck that is a memorial gift for Mr. Wesley Knorpff, and was given by Mr. and Mrs. J. R. Porter. The book is a recent edition that will be very useful in our Library. Then there is a lovely memorial gift in memory of Mrs. Joe Howard of Snyers, Texas who was the mother of Mrs. Harold Phelps. This book is "North With the Spring" by the naturalist Edwin Way Teale. It is a record of his 17,000 mile journey with the North American Spring. It is illustrated with photographs by the author and was presented to the Library by Mr. and Mrs. Geo. Benson.

We received a lovely collection of books for children that are of spiritual content: "A Child's Book of Christmas Carols", illustrated by Masha, and a "Child's Book of Prayers" illustrated by Masha also, and I'm sure the children will appreciate them. Then we secured "The Christ Child", and "Sing For Christmas" in this collection. These editions are exceptionally attractive.

We have a child's copy of "Heidi" that will be greatly enjoyed by the children. These gifts are indeed, helpful to our readers.
Jack Watson, son of Mr. and Mrs. O. C. Watson, Jr. of Colorado Springs, is visiting in the home of Mr. and Mrs. O. C. Watson this week.

NOTICE TO CREDITORS OF THE ESTATE OF A. W. HOWARD, DECEASED.

Coie - Keeney Vows Exchanged

The marriage of Elizabeth Ann Coie, daughter of Mr. and Mrs. Abe Coie of Claude, and Dale C. Keeney, son of Mr. and Mrs. C. C. Keeney, also of Claude, was solemnized at 2:30 p. m. Sunday, June 7, at the home of the bride's grandmother, Mrs. A. T. Coie, Clarendon.

Rev. J. J. Allison, pastor of the Claude Baptist Church read the double ring service before a beautifully decorated archway of white with delicate tracings of green and accents of yellow, the bride's chosen colors. The archway was flanked with baskets of white and yellow Marconi and Majestic daisies, pots of greenery and foliage forming a background.

Miss Edwina Laycock of Claude played the traditional wedding marches.

The groom was attended by his cousin, A. E. Keeney, best man. Maid of honor was Miss Annette Thomas of Clarendon. She wore a dress of yellow organdy over white, a small white hat and white accessories. She carried a nosegay of yellow roses and frenched carnations.

The bride descended the staircase which was decorated with loops of white silk rope and white satin bows with an interlacing of plumose fern; at the turn of the stairway was a bouquet of white and yellow daisies. She was met by her father who gave her in marriage. For her wedding the bride chose a frock of white embroidered organdy over yellow with a broad yellow sash, made bouffant style. She wore a small white hat and white lace mitts and carried a colonial bouquet of white sweetheart roses, frenched carnations, and yellow rosebuds.

For the reception following the ceremony, the large table was draped with a cutwork cloth with crystal and silver appointments. A floral centerpiece of yellow roses and white pom mums in an epergne was flanked with yellow tapers in silver and crystal holders. The tiered cake was decorated in yellow and white rosebuds and was topped with a miniature bride and groom.

Guests were served cake by Miss Wanda Buckingham while Miss Vesta Kelly presided at the punch bowl. Assisting with the serving were Misses Judy Lowry, Ruella McGowan and Margaret Knott. Misses Evelyn Stephens and Joyce Aduddel registered the guests. All are of Claude.

Relatives and a few close friends were present. Mr. and Mrs. Keeney are at home at Claude.

LILLIE HUNDLEY CIRCLE
The Lillie Hundley Circle of the Baptist Church met in the home of Mrs. Norris Spurgeon, Wednesday afternoon, June 10. Pauline Heath taught the lesson on "Alcoholism." The group sang "Bring Them In." Opal Messer presided over the business meeting.

The group adjourned to the home of Mrs. Howard Scott for the social hour. Eleven were present.

GOOD NEIGHBORS CLUB
The Good Neighbors Club met June 12 with an all day quilting and covered dish luncheon in the home of Mrs. Lamar Aten. One quilt was worked on.

Those present were Pearl Terry, Eula Butler, Bessie Helton, Mava Anderson, Ruby Jordan, Dorothea Sullivan and children and the hostess, Mrs. Aten.

The next quilting will be with Dorothea Sullivan, June 26.

OBRA J. SPIER V.F.W. AUXILIARY ORGANIZED

The Oba J. Spier V.F.W. Auxiliary was organized June 15th, in the home of Mrs. Dale Hill.

The district president, Mattie Orah Jones, came from Memphis to help organize the Auxiliary.

The following officers were elected: Joan Gerner, President; Nancy Williams, Sr. Vice-Pres.; Marie Hill, Jr. Vice-Pres.; Billie Warner, Treasurer; Katherine Lane, Secretary; Mollie Hamrick, Chaplain; Abbye Warner, Conductor; Rosalea Smith, Guard and Inez Skinner, Ruby Wiedman and Alta Riley, Trustees.

The Auxiliary voted to meet every 2nd and 4th Monday nights. The next meeting will be held at the home of Joan Gerner on June 29th.

Refreshments of ice cream and cookies were served to the following members: Billie Warner, Abbye Warner, Nancy Williams, Rosalea Smith, Mollie Hamrick, Ruby Wiedman, Alta Riley, Inez Skinner, Marie Hill and Joan Gerner, and guests Mattie Orah Jones and Mrs. Trent from Memphis.

CHAMBERLAIN CLUB

The Chamberlain Club met June 11, with Mrs. Alfred Ivey. The afternoon was spent in sewing and visiting. Refreshments of cake, ice cream and ice tea were served to: Mrs. R. P. Wilson, Mrs. H. M. Reid, Mrs. Welsh, Mrs. Alton Webb, Mary Myers, Ruby Blackman, Gertrude Reid, Willie Hoti, Emma Jean Harrison and children, Velma Heathington, Klyda Blackman and children, Mary Mann and Wilma, Pat Ivey and Ginger, Nelda Jones and Mike, Corrine Harrison, Grandma Ivey, and Jo Ellen and Katherine Dingle, Nancy and Janie Ivey, Bertha Mae Reid, Roberta Lindley, Tommie Ivey and hostess, Laura Ivey.

The next meeting will be July 9, with Mrs. Travis Ivey.

—Reporter.

H. D. CLUB NOTICE

Mrs. A. L. Chase will entertain members of the senior Home Demonstration Club in her home Friday afternoon. Meeting time has been set for 3 o'clock.

LA VERNE FOWLER

ENGAGEMENT AND APPROACHING MARRIAGE ANNOUNCED

Mr. and Mrs. Ernest Fowler of Floydada announce the engagement and approaching marriage of their daughter, LaVerne, to Sidney Muse, son of Mr. and Mrs. Lee Muse of Clarendon.

The wedding date has been set for early August, the wedding vows to be repeated in the First Baptist Church at Floydada, with Dr. R. Earl Allen officiating.

Miss Fowler received a B. S. degree from West Texas State College in Canyon in May.

Mr. Muse is associated with the Western Oil Company at Sundown. He is a junior at West Texas State College.

HARMONY CLASS

Members of the Harmony Class of the Methodist Church met in the home of Mrs. H. T. Warner Thursday afternoon with Mrs. Louise Payne co-hostess. The business session was presided over by the Class president, Edith Barnes. She also gave the meditation entitled "Roses or Wreaths." The thought of this program brought out the point that we should be thoughtful enough to give words of appreciation and praise to the living rather than waiting to send flowers at death. Mrs. Biggs led the group in prayer.

The remainder of the afternoon was spent in fellowship. Refreshments were served to two guests.

Mrs. Will Johnson and Miss Ila Pool and to members Mesdames Lee Holland, M. R. Allensworth, Rayburn Smith, Lee Muse, Edith Barnes, Victor Smith, I. E. Biggs, E. P. Shelton, O. C. Watson, Walter Hutchins, L. N. Cox, Bill Ray, and Homer Bones by the hostesses Mrs. H. T. Warner and Mrs. Louise Payne.

KIL KARE KNEEDLE KLUB

Mrs. Homer Mulkey was hostess to the Kil Kare Needle Klub Thursday afternoon, June 11. Decoration featured regal lillies and gypsophyala. The afternoon was pleasantly spent in fancy needlework and conversation.

Lovely refreshments were served to specially invited guests, Mrs. Gene Herd, Mrs. L. L. Oliver and Mrs. F. A. White, Sr. and to members Mesdames R. O. Thomas, S. W. Lowe, R. R. Dawkins, G. C. Heath, E. H. Noland, Major Hudson, H. C. Brumley, W. A. Land, Buel Sanford, Misses Ida and Etta Harned, by the hostess, Mrs. Homer Mulkey.

The next meeting will be held Thursday, June 25, when members gather in the home of Mrs. G. C. Heath for a breakfast.

Dean Percival, accompanied by his parents, Mr. and Mrs. W. O. Percival, and grandmother, Mrs. N. S. Percival were in Amarillo Sunday morning where Dean celebrated his birthday by attending the Lane's Ice Cream program and heard the "funnies" read. Dean's birthday was June 10th.

CARD OF THANKS

We wish to thank our many friends for their kindness, sympathy and beautiful floral offering in the death of our loved one. May God's richest blessings be with each of you always.

Mr. and Mrs. Clayton Mann and Monte Mann
Mr. and Mrs. Gleny Bain.

Mr. and Mrs. Gleny Williams and family of Mountainair, N. Mexico, Mr. and Mrs. W. L. Williams and Mrs. Gordon Whitener and family of Wheeler, also Mrs. J. W. Adamson of Dennison visited Wednesday in the home of Mr. and Mrs. W. W. Sandifer and Suzanne.

CUTE TRICK SHAVER—Disc jockeys get up very early in the morning and Bill Gordon, platter king on Cleveland, Ohio, Radio Station WHK, is no exception. He saves shaving time, however, with the help of a cute trick of a little shaver who scrapes the stubble off his cheeks just before air time. Seen above, Bill watches in a portable mirror while pretty Patty Rowe clips his whiskers with a battery-operated portable shaver. Of course I could do it myself," says Bill, "but Patty does it better."

BEARDEN SERVICES MONDAY

Funeral services for W. M. Bearden, who died Friday morning in Amarillo, were held in Decatur Monday morning. Mr. Bearden was the son of the late, Rev. and Mrs. C. C. Bearden, former Clarendon residents, and a son-in-law of Mrs. N. S. Percival. Rev. Bearden was pastor of the First Christian Church while here.

Burial was in the family plot in the Decatur Cemetery. Survivors include his wife, Norma Bearden, a step-son, George R. Tozer, two brothers, and a nephew.

Mr. and Mrs. Lamar Bishop and family of Cactus visited the week end with Mr. and Mrs. J. L. Wood and Mr. and Mrs. Bill Allen and family.

Francis Helton went to Amarillo last week where she enrolled in Draughts Business College for the summer. While in Amarillo she is living in the home of Mr. and Mrs. Fred Helton.

Guests in the home of Mr. and Mrs. M. L. Pittman Sunday were Mr. and Mrs. B. L. Pittman, Bobby and Joyce, and Mr. and Mrs. Nyal Pittman, Billy and Roy Nyal, all of Amarillo, also Mr. and Mrs. Dewey Hendrix and Martin.

Raymond Hinkle of Tahoka visited thru the week end with his mother, Mrs. D. W. Hinkle and Miss Stella. All visited Sunday afternoon with the Lloyd Reids, Carl Barkers and Mr. and Mrs. Watson of McLean.

Mrs. Paul Curry and children of Clovis spent last Thursday and Friday with Mr. and Mrs. W. H. Strawn.

Johnny Bill Scoggan of Amarillo spent the week end with his grandparents, Mr. and Mrs. W. H. Strawn.

Bonnie Lou and Johnny Warren Hatfield spent Thursday to Sunday with their grandparents, Mr. and Mrs. Jess A. Ivey.

People, Spots In The News

(UP Photo)

QUICK TAG by Campanella, Dodger catcher, nabs Hank Thompson, Giant third baseman, as he starts for first after dropped third strike.

SANDY ahead and afoot, Jan Holden suns herself prettily on sand at Daytona Beach, Fla.

GRIM title, "Teach Your Wife To Be A Widow," covers sage advice on family finances in book by Donald I. Rogers, New York newspaper financial editor.

AUTHOR-ACE Col. Robert L. Scott, Jr. and his Republic F-84 Thunderjet "pose together" in Germany to mark plane's reaching 1,000 air hours, a rare endurance mark for military jets and in distance equal to 20 trips around world at equator. Scott authored "God Is My Co-Pilot," chalked up 14 air victories in World War II.

Women's Department State Fair of Texas, Rich In Premiums

Premiums and prizes totaling \$5,115 will be offered in the Women's Department of the 1953 State Fair of Texas, Oct. 10 thru the 25th, Mrs. Leah Jarrett, manager of the department, has announced.

A total of 409 items are classified for competition in the 1953 Women's Premium List, and \$3,986 in awards are offered for needlework, hand-painted China, miscellaneous arts, antiques, hobby collections, foods, home-frozen foods, potted plants and designer-craftsmanship.

The Needlework Division premiums top all the rest with a total of \$2,086.

The Needlework Division includes afghans, quilts and spreads cut work, tatting, needle point, petit point, embroidery, crochet, knitting, lace work, pillow cases, miscellaneous handwork, infants clothing, handwork of women 70 years old and over, children's clothing, rugs, boys and girls handwork and a men-only class.

Ceramics, textiles, metal work, leathercraft and plastics are included in the Designer-Craftsmanship Division, with both senior and junior sections.

The traditional Foods Division offers premiums for jelly, preserves, pickles and relish, and either vegetables or fruit can be entered in the Home Frozen Foods Division.

Among the unusual new features of the Women's Department is the class in the Antiques Division for "Souvenirs of the State Fair of Texas," which must be at least fifty years old. The article must carry the date of the fair at which it was acquired.

The Antiques Division also has classes for old Valentines, spoon collections, unusual postal cards, antique silver and dolls.

New this year in the Needlework Division are four classes of women's clothing for dressy blouses, tailored blouses, sun dresses and short coats — and three classes of children's clothing for cotton dresses, silk or rayon dresses and boy's suits.

Cash prizes are offered for speed crochet, trim-a-hat, and corsage-making contests. Household appliances with a total value of \$1,000 will be awarded in baking contests for children and adults.

There are also candy-making and "Imagination" contests for children and candies and candied fruit contests for adults.

Men can compete in any division of the department, Mrs. Jarrett emphasized.

The State Fair 1953 Women's Premium List and entry blanks can be obtained by writing to the Women's Department, State Fair of Texas, Dallas 10, Texas. Deadline for returning entry blanks is September 7th.

A good deed gets about as much attention these days as a homely face.

Jerry Lee Allen, son of Mr. and Mrs. Bill Allen, is visiting in Memphis this week.

Mr. and Mrs. D. T. Smallwood were visitors Saturday afternoon in the home of Mr. and Mrs. M. L. Pittman.

Mr. and Mrs. Harold Thomas and Bill of Amarillo were weekend guests in the home of Mr. and Mrs. Geo. Thompson and family.

Mrs. Robert Davis has returned home from a two weeks visit in Dallas and Rockwall.

Mr. and Mrs. O. B. Lafferty of Little Rock, Ark. visited the week end with Mrs. N. S. Percival.

Mrs. Frank Elmore of Quanah is in Clarendon for the summer.

There is a very narrow margin between keeping your chin up and sticking your neck out.

FARM NEWS
From the County PMA Committee

THE NATIONAL WHEAT ALLOTMENT will be apportioned to the states on the basis of the average seeded wheat acreage for the 10 years, 1943-1952.

The State wheat acreage allotment will be apportioned to the wheat counties in the State on the basis of the same 10 years of wheat acreage and with the same adjustments for abnormal conditions and trends as are used in apportioning the National wheat acreage allotment to States.

NEW FARMS—

A farm on which there was not wheat acreage for the 1951 or 1952 or 1953 crops may receive a 1954 allotment as a "new" farm by making application to the PMA county committee. This

may be done by the farm operator or owner.

COTTON ACREAGE ALLOTMENTS—

The Secretary of Agriculture has announced that preliminary work necessary for acreage allotment and marketing quota programs on the 1954 cotton be started immediately. The final determination on whether acreage allotments and marketing quotas are to be proclaimed on next year's cotton crop will be made later when more is known about the supply and prospective demand situation. The Secretary's proclamation relating to marketing quotas on the 1954 cotton crop must be made not later than October 15, 1953.

The necessary preparatory work for cotton acreage allotments and marketing quotas includes the collection and compilation of basic data for individual cotton farms. The collec-

tion and compilation of such data should begin immediately after July 1, 1953 and be completed prior to September 1. If marketing quotas are proclaimed on the 1954 cotton crop, the Agricultural Adjustment Act of 1938, as amended, provided that insofar as practicable farm acreage allotments must be mailed in time to reach cotton producers before the referendum which must be held not later than December 15, 1953. OFFICE HOURS—Starting June 15, 1953 will be from 8:00 A. M. to 12:00 noon and from 1:00 P. M. to 5:00 P. M.

Notes from --- CITY HALL

The water consumption in our city has averaged 1,000,000 gallons per day for the past several days. That's approximately 150,000 gallons per day above our last years record.

One of our neighboring cities experienced one of its worst fires in its history last week which reminds us what could happen in our city. During this severe hot, dry weather, it is very essential we keep a normal supply of water in storage for an emergency. Should the fire siren give a three blast alarm, this will indicate a building on fire. If you will cut off all sprinklers and outside hydrants during a possible fire of this nature, and keep them off until the pressure comes up, you will be giving great assistance in helping to keep ample water supply and pressure. During a fire, a little assistance in this way could mean a lot in preventing a heavy loss of property and probably some lives.

The citizens of our town have always been very cooperative in times that any emergency has arisen and this is something that should be appreciated by all.

I thank you,
Major B. Hudson, Mayor.

RETURN FROM VACATION

Mr. and Mrs. J. R. Spier and family returned home Sunday from a two weeks vacation trip that included California, the northwestern states and a return trip through Yellowstone Park. Spier reported nice, cool weather on practically all the trip.

Donley County Leader, \$2.50 a Year.

RED CASUALTIES OF 1,897,000 ARE MORE THAN FOUR TIMES THOSE OF UN FORCES SINCE JUNE 25, 1950.

UN FORCES HAVE SUFFERED 405,542 CASUALTIES SINCE JUNE 25, 1950.

During approximately three years of fighting in Korea, casualties have been almost four times greater for the Reds than for UN forces as seen in the above chart. Official figures recently released reveal American losses to be 24,119 dead, 109,665 wounded, 11,345 missing. South Korean casualties are 256,961. The 15 other nations fighting on the UN side reported a total of 2550 dead, 9056 wounded, 1596 missing. Officially estimated total casualties for Red Chinese forces are 1,895,000. North Korean casualties are estimated at 802,000.

Funeral Services Today For Pioneer Goodnight Lady

Funeral services have been set for 4 o'clock this afternoon at the Goodnight Baptist Church for Mrs. Annie Longbine with Rev. C. B. Stovall and Rev. P. A. Powell officiating.

Mrs. Longbine, age 96, a long time resident of Goodnight, died Tuesday evening at the home of a daughter, Mrs. W. R. Tyler, in Goodnight. She moved to Goodnight in 1907 from Hall County. Her husband, F. W. Longbine, preceded her in death in December 1913. She was a member of the Goodnight Baptist Church.

Survivors include three daughters, Mrs. Tyler, Goodnight; Mrs. Lillian Newberry, Fremont, Tex.; Mrs. W. C. Walthall, Anton; one son, F. L. Longbine, Claude; one step-daughter, Mrs. Katie Phillips and one step-son, J. C. Longbine, both of Estelline; also 33 grandchildren and a number of great-great grandchildren.

Pallbearers will be Joe Miller, Steve Donald, Marza Crain, Dexter McDowell, Stacy Newberry, and Ralph Justis.

Burial will be in Goodnight cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Mrs. Ella Ivey is spending this week with her son, Mr. J. A. Ivey.

CLARENDON CARRIER WINS SCHOLARSHIP

Robert Olin Bain, son of Mr. and Mrs. Olin Bain, was among the carriers to receive a Globe-News Award this year. He received a \$150 scholarship which will be paid when he enrolls in college. His present plans include enrolling at West Texas State College where he will major in business management.

This annual program sponsored by the Globe-News Publishing Company is now in its third year. Awards are made on the basis of school work, service to subscribers, business efficiency, salesmanship, and citizenship. Twelve endowments of \$50 each and six scholarships of \$150 each are awarded the winners; winners were selected from 450 city carriers and 300 carriers outside of Amarillo this year.

CALIFORNIANS BACK HOME ON VISIT

Mr. and Mrs. Ben Tanner of Gustine, Calif. have been visiting her parents, Mr. and Mrs. W. P. Howard at Lelia Lake and other relatives the past two weeks. Mr. Tanner was in to renew his subscription to the Leader and to our delight he brought along another sack full of walnuts he had grown on his walnut farm in California. He reported harvesting 180 tons of walnuts off of 90 acres last year and these nuts are of the highest quality. We sure have been enjoying them and are looking forward to his visit back home next year -- and yes, he reported that he had been working in a jacket most of the time prior to coming this way. It seems that the weather has reversed localities.

Mr. and Mrs. C. L. Mann and Mary, Chester, Milton and Wilma attended the Slater-Metcalf family reunion at Elwood Park in Amarillo Sunday. There were 75 relatives present to enjoy the day.

Howard Strawn of Sacramento, Calif. is visiting his parents, Mr. and Mrs. W. H. Strawn and sisters in Amarillo and Clovis, N. M.

Alvis Bentley of Brownfield visited Mary Edna Elmore thru the weekend.

Outstanding Feature of Bagby Motel Is Its Air-Conditioning System

One of the most attractive features of the George B. Bagby Motel at Clarendon is its air-conditioning system which will assure the guests the utmost in comfort, no matter how high the temperature may be.

Each of the 18 units has been equipped with a Frigidaire Room Air Conditioner with the fingertip control, which assures the guest that the temperature of the room can be adjusted to suit his individual needs.

These units have been installed by West Texas Utilities Company, and A. D. Walker, WTU local manager, states that this Frigidaire air conditioner is one of the finest to reach the market. It is equipped with two independent refrigerating systems for "selective cooling." With both systems in operation, there is one horse power refrigerating capacity—about the equivalent of melting nearly a ton of ice per day in the room to be conditioned. Extremely quiet operation and automatic moisture disposal are other highlighting features.

One of the units supplies adequate capacity to cool a room during the night, or in temperate weather. However, during extremely hot days both can be operated simultaneously to cope with the increased air conditioning load.

A complete thermostatic control will provide a completely automatic operation for one of the two systems. Air is circulated at a rate of 315 cubic feet per minute, and the ventilating control will admit fresh air up to 50 cubic feet per minute.

Not only is the air cooled to the desired temperature, but it is thoroughly cleaned and filtered of impurities and excess moisture is removed. Fresh outside air is added in desired amounts, circulated gently throughout the conditioned room area and smoke and room odors are exhausted.

In addition it is generally accepted that many persons, suffering from asthma and hayfever, find relief because dust, dirt and pollen are removed from fresh outside air by a special filter.

Such a well equipped motel is a boon to the traveling public, for after a long drive, during a hot day, they can spend the night at the Bagby Motel, in perfect comfort, and be completely refreshed for their trip the next day. Although the guests may be hundreds of miles from his own home, he will feel at home with all the modern comforts around him.

Spending money foolishly is no worse than wasting productive hours.

Pictured above is an interior view of one of the Air-conditioned rooms in the new Bagby Motel which is equipped throughout with Frigidaire refrigerated air units.

of the Commodity Credit Corporation, plus reasonable carrying charges. The purpose of this amendment is to provide a source of feed for the cattle people. Under the present law, the sale of stored commodities is limited to a price of not less than 5 percent above the current support price of the particular commodity. There is an exception that provides for the sale of commodities that have substantially deteriorated in quality. It is well known that stored corn does deteriorate. It occurs to me that if much of this stored corn could be sold for use by cattlemen before it deteriorates, at a price in keeping with the going price of livestock, it would not only help to protect the cattlemen, but would substantially avoid a greater loss in

the commodity after it has deteriorated. My amendment places the price fixing in the discretion of the Secretary with the approval of the Commodity Credit Corporation so that when the price of cattle drops far below the comparable price of feedstuff that is protected by support prices, there will be a means by which the Secretary of Agriculture can stabilize and protect the cattlemen. Otherwise, we can expect bankruptcy of many small cattle people and a resulting decrease in our cattle population. These tragic results would not only affect our section of the country, but would be highly detrimental to the economy of the entire nation.

Donley County Leader, \$2.50 year

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE PORK BARREL BILL:

The House moved with rapid speed last week on the appropriations bill for civil functions of the Department of The Army. This is the appropriation bill that has been commonly referred to for a number of years as the "pork barrel" bill. This name finds its source in the fact that moneys appropriated for many of the items in this bill are expenditures providing many benefits to localities and states that are not repaid to the federal government by the respective states or by the particular project constructed. The greatest expenditures in the bill are for rivers and harbors. The entire appropriation recommended for 1954 by the committee was \$415,991,000. Of this amount \$398,884,100 was earmarked for rivers and harbors and

flood control. The House added one item of \$400,000 for work on the New York Harbor. This was the only addition to the committee's recommendations. The Truman budget had recommended for rivers and harbors and flood control \$661,524,100. The House allowed only \$399,284,100. The biggest cut came in general construction. The Truman budget asked for \$491,000,000, the Eisenhower budget for \$332,000,000, and the House allowed \$253,000,000. All other reductions from the Eisenhower budget were less than \$1,000,000 except in the general investigations item, where the cut was slightly more than \$1,000,000. General investigations are primarily tied in with construction.

Many attempts were made in the House to include projects that were cut out when the committee reduced the Eisenhower budget figure. However, only one of these amendments was approved, the one for \$400,000,000 for work on the New York Harbor. Most everyone is anxious to get projects in this bill, for the reason

that I stated above. The money spent is not repayable to the federal government. The money that has been sought for the construction of the Canadian Dam would not come in this appropriation bill, for the reason that approximately \$79,000,000 of the required \$85,000,000 for the Canadian Dam project must be repaid to the government. Only about \$6,000,000 in that project could be chargeable to flood control and not repayable to the federal government. The reason that the Canadian Dam funds could not be included in this appropriation bill is because the army engineers would not be authorized under the law to construct a project that could not be justified for flood control or purposes incidental thereto.

AMENDMENT TO THE AGRICULTURAL ACT OF 1949:

I am introducing a bill amending the Agricultural Act of 1949 to permit the Commodity Credit Corporation to sell stored corn at a price determined by the Secretary of Agriculture with the approval of the Board of Directors

Oregon Jersey Cow Beats Own Milk Pail Marathon

Production records in the dairy cow world were shattered this week with the announcement of the completion of another year's stretch of a milk pail marathon started by an Oregon Jersey nine years ago.

Opal Crystal Lady, an 11-year-old cow owned by Ralph E. Cope, Jr., Langlois, Ore., completed a 365-day official Register of Merit production record of 18,560 lbs. milk containing 1,001 pounds butterfat on twice daily milking. It brought her lifetime milk production to nearly 67 tons.

The milk pail marathon pacer now has the unprecedented distinction of being the first and only cow of any breed to produce over 1,000 pounds butterfat during each of five consecutive lactations on twice daily milking. She also holds the top individual milk record of the Jersey breed irrespective of milking frequency.

Her owner, breed officials, and interested dairy farmers had feared the "Lady" would not acquire the fifth-year title when she became ill and experienced a severe setback in production last September. She rallied, however, and made a surprising comeback from a low of 6.1 pounds of milk a day to over 55 pounds a day.

In seven lactations Opal Crystal Lady has produced a total of 133,177 pounds milk containing 7,060 pounds butterfat. This amount of top quality milk is sufficient to serve a glassful to each of 247,771 persons.

Such astronomical production figures do not satisfy the Jersey production champ however. She is getting ready to start another lap on her milk pail marathon sometime in July.

Deer Herd Test Ready To Begin

AUSTIN—First steps already have been taken to comply with the new state law authorizing possible experimental harvest of a limited number of female deer as a means of balancing deer herds in three Hill Country counties.

The Executive Secretary of the Game and Fish Commission said Eugene Walker, Wildlife Biologist who has been specializing in big game management, has been assigned to the new project. He will shortly move with his family from Austin to establish headquarters in Kerrville.

Under the law, passed by the 1953 Legislature, closely supervised harvesting of surplus deer is permitted in Gillespie, Mason

and Kerr counties. The experiment is authorized for four years beginning this year.

The Executive Secretary said it was uncertain as to whether the program could be advanced in time to permit actual starting of the supervised harvest during the 1953 big game season, opening November 16.

The plan was sponsored by ranchers and wildlife technicians as a means of stabilizing the deer population. The Executive Secretary explained that there is only so much food available and that excess population of big game works to the general detriment of the herds. He pointed out that many states have found regulated taking of female deer, where the sex ratio is out of balance, to be sound conservation practice.

Under the program authorized by the Legislature, final decision on whether the limited harvest shall be permitted is left up to the County Commissioners Court. Meanwhile, herd surveys will be made, meetings arranged with interested owners and the ground generally laid for the new undertaking.

Twenty-one guns comprise the national salute to The Flag.

Most Antarctic explorers have been English.

OSCAR THOMAS, Manager

Per Capita Support of Higher Education Low In Texas

AUSTIN—Texas ranks in the lower half of the 48 states in per capita income.

Its relative position is the same in per capita expenditure for support of higher education. Data taken from reports of the U. S. Department of Commerce and the U. S. Office of Education show for 1949-50 that Texas' per capita income was \$1,200 and its

per capita expenditure for higher education was \$3.76. At first glance this would indicate that Texas' support of higher education is in proper relationship to its per capita income.

Further study of the reports, compiled by the Council of College Presidents of State Supported Colleges and Universities, reveals some significant differences between Texas and several states that have an approximately equal or lower per capita income.

Striking examples are Utah and North Dakota with per capita incomes almost equal to that of Texas. Utah spends 92 per cent more and North Dakota spends 122 per cent more than Texas on per capita support of higher education.

Several states with far less total resources than Texas show a larger per capita expenditure for higher education.

Some examples, with per capita income and per capita expenditure for higher education listed in that order are:

- Utah, \$1,199 and \$7.23
- North Dakota, \$1,187 and \$8.33
- South Dakota, \$1,175 and \$5.15
- Arizona, \$1,152 and \$4.41
- Florida, \$1,105 and \$5.65
- Oklahoma, \$1,075 and \$5.51
- New Mexico, \$1,074 and \$6.48
- Louisiana, \$1,008 and \$4.63
- West Virginia, \$1,003 and \$4.27

Texas is near the bottom in per capita state general revenue which is used, in part, to support higher education. A report of the U. S. Bureau of the Census for 1949-50 ranked Texas 43rd among the states in this respect, with a per capita state general revenue of \$41.32.

Less than seven cents of each dollar spent by Texas on governmental costs in the fiscal year ended last August 31 was spent on higher education, a revenue-expenditure report published by the state comptroller's office shows.

Higher education in Texas is among the less costly of state functions, the same report reveals, ranking far below support of free public schools and vocational education which took about 32 cents of each governmental cost dollar, highway and road debts which accounted for about 22 cents, and public welfare which required about 19 cents.

Governor Asked To Call Special Session Of The Legislature

AUSTIN — Officials of the Texas State Teachers Association have asked Gov. Allan Shivers to call a special session of the Legislature to increase teachers' salaries through state revenue without raising local property taxes.

R. L. (Bob) Proffer of Denton, TSTA president and former state senator, made the request in behalf of the organization's legislative committee.

"Our schools are facing a critical shortage of teachers," Proffer said in a telegram to the Governor, "and the failure to alleviate this shortage will work an undue hardship on the 1,550,000 children of school age in Texas."

The Legislature, in its regular session, passed by big majorities in both houses a \$600 pay raise bill but failed to provide the money to finance it.

"The Legislature was never allowed to even consider a tax bill," Proffer noted. "Administration leaders refused to consider any pay raise bill that did not call for an increase in local property taxes and for eliminating some services in our Gilmer-Aikin school program. We objected to those two features in the so-called 'compromise' bill offered by Rep. Joe Kilgore. Governor Shivers is mistaken in saying we insisted on '\$600 or nothing.' We never did say that and, furthermore, the Legislature would not have to obtain our permission to raise teachers' salaries by any amount."

"We recommended a \$600 raise to solve the critical teacher shortage problem. The Legislature approved the raise. It seems unfair to us that the House and Senate then were not allowed to vote on any tax bill to finance it. The pay raise could have been financed easily through a broad-based tax at the state level. We believe a special session should be called immediately to pass another pay raise bill and also to pass the tax bill that will make it effective. But we shall continue to fight local property tax increases because all the money that can be raised on the local level is badly needed for buildings and many other items for which local school districts must bear the entire cost."

We are proud to have furnished the Maid's Helpers for the Geo. B. Bagby Motel.

American Cotton Congress June 25-27 At Lubbock

Cotton industrial leaders from over the nation will gather in Lubbock June 25-27 for the 14th annual session of the American Cotton Congress.

Their theme for 1953 is "Cotton's New Frontiers."

Backed by cotton organizations representing every phase of the industry from cotton seed to cotton shirts, the American Cotton Congress is a research and educational organization devoted to the exchange of ideas and to the spreading of new information concerning the industry.

Mornings of the first two days are technical meetings in which experts bring the top men in the industry up to date on foreign markets, new problems in the crushing industry, trends in cotton consumption, the cotton situation, new developments in research and education, and opportunities in farm research. But the afternoons are touring hours to acquaint the leaders with Lubbock and Texas Tech.

Lubbock is located in the center of one of the richest cotton producing areas in the world. Over 10 per cent of the nation's cotton is produced within 75 miles of Lubbock, and the producers' wholesale mechanization has come to the attention of the whole industry.

Tech, the only textile engineering school west of the Mississippi and the center of textile research for the Southwest, has done much toward the utilization of Texas cotton, normally a short-stapled product.

The public's big day of the congress is the Field Day on the Tech campus June 27 when Secretary of Agriculture Ezra Taft Benson is scheduled to give an address.

About 400 industrial leaders are expected for the technical sessions, but between 5,000 and 10,000 are expected for the field day. Besides the address by Secretary Benson, a special program and an implement show are planned.

Burr Jackson, Hillsboro, is general chairman of the Congress and is scheduled to give the keynote address at the opening session June 25.

We have Looked Forward

to the Completion of the

Bagby Motel

and the opportunity

to Congratulate Mr. Geo. B. Bagby

on this fine addition to Clarendon

Lane & McCully

INSURANCE

Now is the time for Crop - Hail Insurance

Congratulations and Best Wishes to the BAGBY MOTEL

It was an honor to have a part in the construction of this beautiful, new motel.

J. I. SPURGEON

Plumbing Contractor American Standard Products

May We Extend Our Heartiest Congratulations to Mr. Geo. Bagby

On the Completion of THE BAGBY MOTEL

We are proud to have had a part in the construction of this modern structure.
