GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This week one of the juvenile Library readers gave us "Gene Autry and the Red Wood Pirates." The boys enjoy books of this type.

Little Mac McClellan from the ranch brought us four of his books this week. Several of the small children give us books regularly.

Somebody has picked up "The Sojourner" by Rawlings with their books. It has been missing a month and I kept thinking they would return it. We have lost several excellent books during the past year that cannot be

found.

A friend brought us three new novels this week. "Landfall" by Helen Hull. The characters are superbly portrayed and the story will demand your attention. Another gift from this source is "Splint Road" by May Mellinger. It is rich in details of life in the shingle camps. Scene after scene will remain vividly portrayed on your memory. The writer was reared in the shingle camps, so is quite authentic in her history interwoven in the novel. Another gift from this friend is "The Earth Breakers" by Ernest Haycock. It is not thoroughly western, but describes life on the trail to Oregon. This is his last book as he died in 1952.

All these gifts are of extensive help in the improvement of our library. We have about 10,000

volumes here in the Library, but many of them are out of date and practically useless. Numerous reference books have never been catalogued, but since they are used in the building it is not so necessary to file them. The work here is not enough for two persons, but too much for one during the summer. Patsy Waters has assisted two days each week this summer.

Elmore - Bentley Wedding Solemnized

In a candlelight service, Sunday evening, August 9, at the First Methodist Church, Clarendon, Miss Mary Edna Elmore, daughter of Mr. and Mrs. Fontayne Elmore, became the bride of Alvis Allen Bentley, son of Mr. and Mrs. George Bentley of Brownfield. Rev. I. E. Biggs officiated at the double-ring ceremony.

Vows were exchanged against a background of plumose fern and branched candelabra bearing orchid tapers. The altar was marked with baskets of orchid and yellow gladioli and pale green satin bows, the baskets being placed on pillars and linked together with white satin rope. A spray of orchid and yellow chrysanthemums covered the kneeling bench. Tapers were lighted by Gene and Jerry Elmore, brothers of the bride.

Miss Mantie Graves, organist, and Mrs. L. E. Yankee, pianist, played a nuptial prelude including "Traumerel," "Poeme," "Wanting You," and the traditional wedding marches. Miss Graves accompanied Clyde Hudson as he sang "Because," "O Promise Me," and as a benediction, "The Lord's Prayer." Throughout the ceremony, Mrs. Yankee at the piano softly played "Call Me Thine Own."

Ushers were Sidney M. Use, Gene White, Wayne McMurtry of Silvertown and Joe Landrum of Shamrock.

Jackie Smith, niece of the bridegroom, was ringbearer. She wore an orchid organza dress trimmed in daisies centered with rhinestones. The tiered skirt terminated in a scalloped hemline with matching scallops at the yoke. Daisies centered each scallop. She wore a bandeau of orchid

net and yellow daisies. Best man was Bud Gray of Canyon. Groomsman were Wayne McMurtry of Silvertown and Joe Landrum of Shamrock.

Miss Doris Jean Wallace was maid of honor. Her dress of orchid taffeta with overskirts of both orchid and white net was fashioned with a strapless bodice of ribbon lace forming an apron effect to the front. She wore a bandeau of green meline and ribbon with yellow daisies. Bridesmaids were Miss Ramona Rhea and Miss Jo Ann Sibley. Their dresses were styled identically to that of the maid of honor and were pale green with headresses of orchid meline and ribbon with yellow daisies. All carried bouquets of yellow gladioli backed with yellow meline and yellow streamers.

The bride was escorted to the altar by her father. She wore a ballerina length gown of Chantilly lace and nylon over satin, fashioned with a full skirt of corded and pleated nylon. The lace bodice buttoned to the waistline in the back with the long sleeves terminating in petal points over the hands. Her fingertip veil of illusion fell from a tiara of seed pearls. She carried a white Bible showered with a bouquet of white rosebuds and carnations with lovers knots tied in the streamers. To fulfill all the traditions she wore a watch belonging to her grandmother; her Bible was borrowed from her maid of honor; her dress was new, her garter blue and she wore a penny in her shoe.

For her daughter's wedding, Mrs. Elmore chose a navy blue crepe dress accented by navy accessories and a corsage of red rosebuds. Mrs. Bentley, mother of the bridegroom, wore navy blue with pink accessories and a corsage of pink rosebuds.

MR. AND MRS. ALVIS BENTLEY

A reception was held in Fellowship Hall following the ceremony. Guests were received by Mrs. Fontayne Elmore, Mrs. George Bentley, Mr. and Mrs. Alvis Bentley, Miss Doris Jean Wallace, Bud Gray, Misses Ramona Rhea and Jo Ann Sibley, Wayne McMurtry and Joe Landrum. Mrs. Kenneth Sams presided at the guest register.

Refreshments were served from a beautifully laid table covered with a white cutwork cloth. The centerpiece featured an arrangement of orchid carnations and chrysanthemums with meline and ribbon. The three tiered cake decorated in orchid and green was topped with a miniature bride and groom. Miss Inelle Cox served the wedding cake while Mrs. Harvey Smith of Brownfield ladeled punch.

For the wedding trip, the bride chose a brown suit complemented by a brown velvet hat, brown gloves, and matching brown

reptile shoes and bag. Her corsage was taken from her bridal bouquet.

Mrs. Bentley graduated from Clarendon High School and was a member of the 1953 graduating class at WTSC in Canyon where she majored in Elementary Education. She is a member of Alpha Chi and Kappa Tau Phi. Mr. Bentley is an Agricultural major and a member of Alpha Sigma Ki. He will continue his studies at WTSC this fall. They will be at home in Canyon.

Among the out-of-town guests for the wedding were Mr. and Mrs. Jess Powell and Mrs. Allie Bentley of Stinnett; Mr. and Mrs. Bud Gray of Canyon; Miss Lavonne Fowler of Floydada; Mr. and Mrs. Ralph Simmons, Mr. and Mrs. Willie Hyman, Mr. and Mrs. Harvey Smith, Mr. and Mrs. Geo. Bentley, Mr. and Mrs. Donna Jane Estlack, Susie Yankee, Judy Thompson, Judy Benson, Frances Wallace, Lee Ellen Bell.

Mrs. Gene Chamberlain of Memphis; Mrs. Forrest McCrary of Vernon; Mr. and Mrs. Henison Hayes and Mrs. Edna Smith of Amarillo; Mr. and Mrs. Monty Garrison and Gary Warren of Quanah.

LES BEAUX ARTS CLUB SPONSORS EXHIBIT

Maurice H. Bernsen of Canadian, exhibited seventy-five paintings and his creative ceramics in Clarendon, July 28th. In oils and water colors he did still-life, landscapes and portraits with emphasis on water colors. His tropical landscapes were beautiful in many shades of green.

All pictures were hand framed by the artist. Some were elaborately hand carved and some were out of cottonwood drift wood.

Mr. Bernsen is having a one-man show this summer and early fall in Goodwin, Okla., Okla. City, Amarillo and Canada. He will have some pictures in a Chicago art showing, then will continue his studies in the Academy of Art at Bloomington Hill, Mich.

Approximately 135 were registered by Misses Catherine Ross and Mary Howren. Misses Montgomery, Elmore, Black and Davis served punch from a lace covered table centered with Peace Roses. Mrs. Charlie McMurtry and Mrs. Ruth Kennedy were in the house party. Mrs. True and Mrs. Thornberry were hostesses.

Security State Bank

Hedley, Texas

TO OUR FRIENDS AND NEIGHBORS:

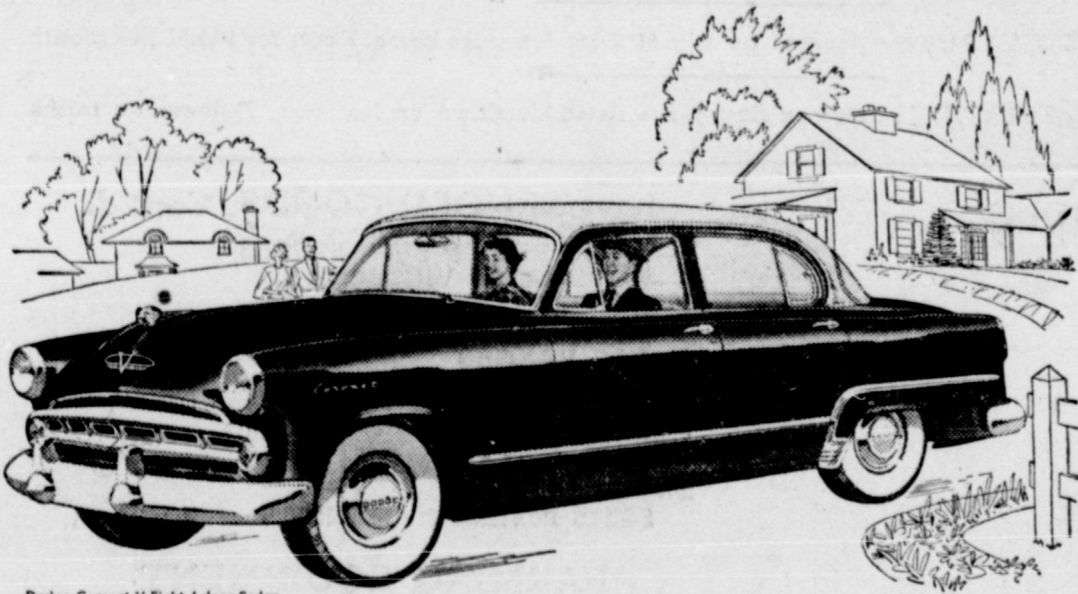

Next Saturday, August 22nd, we at the Security State Bank are celebrating our 40th Anniversary. In a way it's your anniversary, too, for we could never have been successful without your help. Your continued support has justified that feeling.

Since it is impossible to write everyone and thank them for their acts of friendship throughout the years, we are taking this means of expressing our appreciation and to invite you to an Open House, Saturday, August 22nd. The fun begins at 9 A. M. sharp and we'll have presents for the ladies, cigars for the men and balloons for the youngsters.

Drop in and meet your friends, recall old times and receive a renewed pledge on our part to give you a banking service worthy of your continued support in the years to come.

Cordially,
Directors, Officers and
Staff of the Security
State Bank.

from the County PMA Committee

COTTON MEASUREMENTS:

Notices are now being mailed to show the final measured cotton regardless of how much you have left in the field. If you have any question or if you feel that an error has been made be sure to contact the county office as soon as possible.

WHEAT REFERENDUM CARRIED "YES"

The Wheat Referendum was held Friday, August 14th, in Donley County. The outcome of the referendum was 92 votes "Yes" and 12 votes "No". For the Nation, the referendum carried 87.2% for marketing quotas. This means that there will be Marketing Quotas as well as Allotments on wheat.

COMMITTEE ELECTION:

Don't forget that Friday, August 21st, marks the date for the Committee Election. In order that the Agricultural Conservation Program may be run in a manner that you feel will be fair and honest, be sure to give the ballots careful consideration and put the men in office that you feel would make the best committeemen. In order that the committees may be at their best, put the men in office that are interested in the ACP Program.

NOTICE WHEAT FARMERS:

If the 1954 operator of a farm with no wheat allotment, a zero wheat allotment, or a wheat allotment of less than 15 acres intends to or may take advantage of the 15-acre exemption and also will grow wheat for the "green manure, cover crop, or hay" practice, he shall file a sketch map

of his farm with his county committee showing (a) the fields to be planted to cover crop wheat and (b) the field on which as many as 15 acres of wheat may be harvested for grain. The sketch map must be filed before seeding time.

If the 1954 farm operator does NOT file the sketch map as outlined above, all wheat acreage found growing on the farm at measuring time will be measured and classified as wheat.

Citizens Thanked For Aid In Recent X-ray Survey

I wish to express my thanks and appreciation to the local citizens for their aid in the recent X-ray survey. To Homer Estlack, for the space; to the Clarendon Furniture Co., for the tables and chairs; the West Texas Utilities Co., for the power hook-up and the fan; and the following ladies for their clerical assistance, Miss Annie Reeves, Mrs. George Scholtenbarger, Mrs. A. J. Garland, Mrs. Mike McCully, Mrs. Muri Lynn, Mrs. H. L. Riley, Jr., Mrs. Joe Bownds, Mrs. Redell Henson, and Mrs. Jack Gray.

Only 550 individuals took advantage of this annual check-up for any chest pathology that might develop from year to year. It is by yearly check-ups that we are able to discover diseases in their early stages. More people in this area should use this service that is sponsored by the State Health Department each year.

Miss Jean Ballew Appointed Director School For Retarded Children At Lubbock

Miss Jean Ballew, a Texas Tech senior and a daughter of Mr. and Mrs. Elba Ballew of Clarendon, has been appointed director of a new school for mentally retarded children which will open in Lubbock Sept. 8.

The school, which will be known as the Child Training Center, will be located in the St. Paul's Episcopal Student Center, use of which has been donated by the church. It is located in the 2400 block on 16th St.

Miss Ballew's appointment was announced Sunday, Aug. 9 after a meeting of the school's board of directors at St. Paul's Episcopal Church.

The school's new director will receive her bachelor of science degree in education from Tech this summer. She has attended Texas Tech for a year and before that she studied at Texas Wesleyan in Fort Worth.

According to an unofficial survey, there are about 70 children in Lubbock who need special training, Miss Ballew pointed out.

Miss Ballew and a number of the mothers will attend a statewide Clinic in connection with this work, in Ft. Worth, the 3-4-5th of Sept.

BROOKS VARIETY IS THE PLACE TO ...

BLOWIN' Out the CORNERS

By Uncle Zeb

We just made another jaunt down through Mama's old home state of Oklahoma, sort of looking for a green spot to move our cattle on. Sure is kinda rough on our pride after all the arguments that we thought we had won about the wonderful and prosperous state that she was now a citizen of, that we would have to look for green grass just over the fence in her old home state. Anyway, there are plenty of green spots down that way and if the rains keep on being contrary on the plains, we may load up Old Bossy and her associates and take them down for the dur-

ation. Anyhow we heard some stories that sounded new to me. Heard of one old boy that convinced his banker that last year was going to be a good crop year in his locality. It seemed that he had made one failure after another and the banker was about to quit. But finally the banker gave in but he wanted to know how in the world he could be so sure that it would rain that year. "Oh," said the farmer, "when ever the Hoot Owls hoot at this time of the year, it's a cinch." Anyway, he failed again and the banker was furious in demanding an explanation. "Well, I'll tell yuh, that owl turned out to be a young owl and didn't know a thing about when to hoot."

Heard of another old Panhandle boy who was down that way looking for grass. He was in the heavy timbered section, something he had never seen much of. He borrowed a horse to examine the ranch and when he came back and was asked what he thought, he gave the following answer: "I'll tell you what, it's pretty

JACK E. GRAY

good except for the timber. You know I had to cut down a tree before I could turn this horse around."

Read this someplace: "When we have lived by faith, then we can die with hope."

Our good friend and faithful reader who now lives way up in Columbus, Ohio writes us again and sends us a goodly supply of the usual good bunch of clippings, sayings, and little poems that she saves up for us. Anyway, thanks to this good lady for thinking of us and the rest of her old friends here in the Panhandle. Here's a sample: You are writing a Gospel, A chapter each day— By deeds that you do, By words that you say, Men read what you write, Whether faithless or true, Say, what is the Gospel According to YOU?

Think like a man of action, and act like a man of thought."

The way to gain a good reputation is to start out trying to be what we desire to appear.

Money doesn't always bring happiness. Anyway, one fellow has said that the fellow with ten million is no happier than the one with nine.

STATE FAIR OF TEXAS

"Water For Texas" will be the timely theme of the Agriculture Show at the 1953 State Fair of Texas, Oct. 10 thru 25, E. C. English, the fair's agriculture chairman, has announced.

The show will take the form of a gigantic, three-dimensional "Agriculturama" that will show how Texas farmers are meeting their important water resources problems, he revealed.

A huge central exhibit will feature old Mother Nature herself, turning the crank on a "weather machine" that will cause simulated rain, thunder and lightning at intervals. The hydrological cycles—what happens to water after it falls as rain and how it is returned to the air again—will be portrayed. The rainfall belt in Texas will be illustrated to show the relation of water to farming and ranching on a statewide basis. The Texas A&M College Ex-

tension Service will again cooperate with the fair in setting up individual exhibits for each of the 12 Extension districts of the state. Water will also be featured in the district exhibits, which will be bigger and designed to give a realistic impression of great depth, Mr. English said.

There will be a greater variety and quantity of farm products on display; all district exhibits will feature principal crops grown.

"Water was chosen as the central theme for the show because it is one of the most important single factors in today's agricultural economy, particularly in Texas," Mr. English said.

"Many people don't realize the vast quantity of water required to produce farm crops, or the enormous amount that just one plant consumes in growing to maturity. Many Texans also have little notion of the importance of irrigation to farmers in some sections of the state. Texas actually ranks second in the nation in areas under irrigation," Mr. English pointed out.

The show will also include exhibits showing the work of Texas Technological College, FFA Clubs, Future Farmers and Future Homemakers and Negro Extension workers.

The state fair for the past two years has featured a "Story Book of Texas Agriculture," a revolutionary departure from previous types of farm shows. The "Agriculturama" theme, with its three-dimensional effects and emphasis on a specific phase of agriculture carries this progressive idea a step further, Mr. English said.

and SOCIAL SECURITY

The Amarillo Social Security Field Office receives numerous requests from employers for information as to the social security numbers of former employees. These requests are based on the employer's having failed to make a record of the number at the time of employment, or of having made such record and lost it.

"Much as we would like to be able to help the employer in this situation," states J. R. Sanderson, manager of the office, "We just can't be of assistance." We can only explain that the missing number is one of 100 million numbers which have been issued since 1936, and that no number can be located by name alone. For example, there are more than 50,000 "John Smiths" among the 100 million persons holding social

security cards, and no name is so unusual as not to be duplicated many times.

Only by knowing a person's full name, date and place of birth, and names of his parents can the Social Security Administration positively locate his social security number. The best advice we can give employers, Sanderson said, is to copy the exact name and number of each employee directly from his social security card onto your permanent payroll records. Such action will almost insure correct and accurate reporting.

A representative from the Amarillo Social Security Office will be in Clarendon, on August 31, at the Dept. of Public Welfare Office, at 2:00 P. M.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE END OF THE FIRST SESSION OF THE 83rd CONGRESS:

Late on the night of August 3, 1953, the First Session of the 83rd Congress adjourned. Whether or not the Congress finished its work will be argued pro and con for some time. Many important bills were left untouched, some in committee and some on the House and Senate calendars. When the deadline for adjournment was set by the majority leaders, legislation to be handled in the closing days was cut to an absolute minimum. This of course included the "must" program of the President. Highly controversial legislation was not allowed to reach the floor. In fact, it was not allowed to get out of the committees. This does not mean that these bills are dead. They will remain in the committees or on the House and Senate calendars and will be subject to treatment in the early days of 1954.

Two legislative matters that were to be proposed by the President in the closing days will no doubt be the first order of business in the next session of Congress. One of these is the proposed social security expansion. This is supposed to be highly controversial as it takes in groups not now covered by the program, many of whom do not want to be under the social security laws. The other matter is the revision of the Taft-Hartley Act. Recommendations were supposed to have been made on this matter during the first days of this session. The story here is that the proposals were such a complete revision of the Taft Hartley Act and were so contrary to Taft's philosophies that the powers decided to withhold action until 1954. No doubt, the untimely death of Senator Taft played a big part in the decision to withhold action at this time.

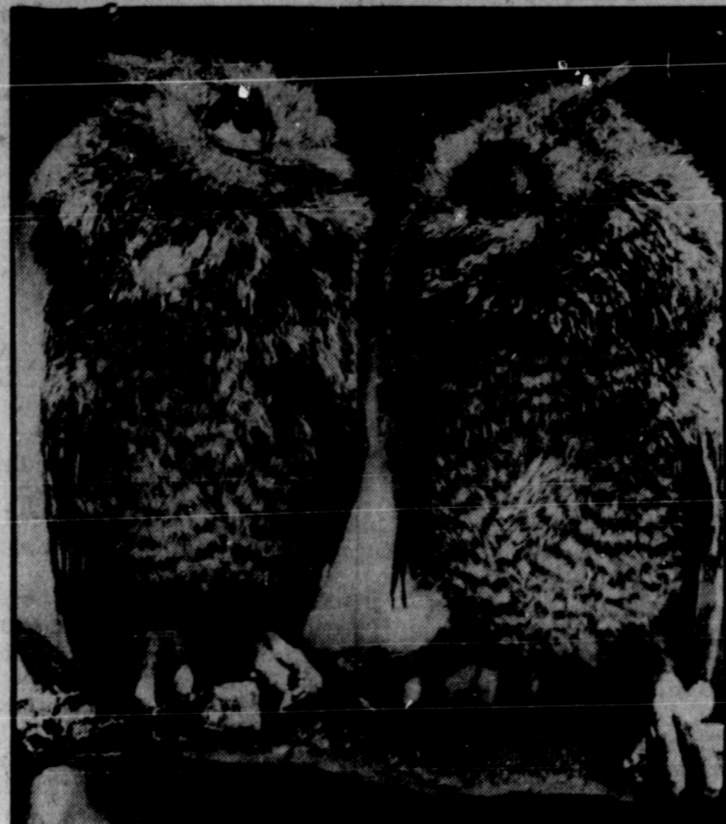

SPECIAL SESSION:

It is highly improbable that the President will call Congress in special session this fall. Presidents do not like special sessions

of Congress. This is one of the reasons that the raise of the statutory debt limit was proposed before Congress adjourned. The chances are that this increase in the debt limit will not be needed. In the event it is, the matter could be handled in a matter of a few days by the Congress. It was the hard core of anti-spenders in the Congress who prevented this debt limit increase. They will do it again unless an absolute necessity is shown for more money. Such an absolute necessity can be determined well in advance of the need and in ample time for the Congress to lift the debt ceiling and avoid any short delay or default by the Government in the payment of its bills. This is the first opportunity that the anti-spenders have had to effectively put on the brakes.

TAXES AND A BALANCED BUDGET:

The talk in many of the higher circles here about tax relief in 1954 is very gloomy. The reason for this is that the Executive Department does not presently visualize any sizable reduction in the budget. Therefore, if the budget is to be balanced, they conclude that present taxes must be continued, including many of those that are supposed to terminate in 1954. Among these are many of the excise taxes. If these expire, there will be a reduction of approximately eight billion dollars in tax revenue. This will mean that, with anticipated general decreases in tax revenues, the overall result will be a budget further out of balance than

be crowned Saturday night at the Veterans Memorial Building. Other attractions during the fair include a horse show, baseball games, parade, midget auto races, a square dance and kiddie contests.

The Fair opens Thursday, August 20, at 8 a. m. and exhibits will be displayed in the Veterans Memorial Building and at the county livestock building during the three days of the Fair. Livestock, field crops, culinary, fine arts and miscellaneous entries have been received from the North Plains area.

CHAMBER

The Salt Fork of The Red River Basin Association proposed Dam is gaining the interest of more and more people in the towns in the area and the Chamber of Commerce is proud that it has supported the Association this far and will continue to support the project because it is believed

that those people in the Association are working on something that would mean a lot to Clarendon Economically, and has been shown that they are handling the project with good judgment and common sense with no intention to embark upon something that is not feasible.

Arrangements for a working Solicitations Control program for Clarendon under the direction of the Chamber of Commerce are near completion and although the program will not take any time on the part of businessmen it will take their wholehearted cooperation and support for success. The service will be for members and non-members alike.

School will soon be starting in Clarendon and this would be a very good time to remind everyone to Drive Safely and Drive Sanelly. Not only should the high school and college student be reminded, all of us should take a serious consideration of how safely we drive and pledge to be more careful in our driving habits.

North Plains Fair Opens August 20 At Perryton

PERRYTON—Several nationally known attractions have been booked for the three day entertainment program of the second annual North Plains Fair, to be held in Perryton August 20-21-22. The Joe Chitwood Thrill Show, featuring daredevil automobile drivers, will be presented Saturday night, August 22, in the mammoth fairgrounds rodeo arena. This show, largest of its type in the nation, ordinarily appears in the larger cities of the nation and was secured by special arrangements with the west coast branch

of the troupe. Another nationally known attraction is the Grand Ole Opry of Nashville, Tenn., a radio feature for many years. The Grand Ole Opry will feature Ray Price leading the original Hank Williams band and the C. Cedric Rainwater comedy show. It will be presented Saturday night at the Veterans Memorial Building.

Of course, the seventh annual Wheatheart of the Nation contest, with beautiful young ladies from a tri-state area, will be one of the highlights of the North Plains Fair and the 1953 Wheatheart will

Texas Longhorn Cavern, 3rd Largest In The World

BURNET—Texas Longhorn Cavern, third largest cave in the world, is finally about to come of age as one of the state's prime tourist attractions. H. H. (Hob) Galloway, manager of the cavern, declared recently.

Cavern visitors will total more than 250,000 long before the cave's 21st anniversary as a public showplace. Mr. Galloway predicted after studying attendance figures for past years. In fact, the quarter-millionth visitor probably will pass through the famous Sam Bass entranceway some time in July, he said.

When the cavern was first opened for public inspection by the State of Texas back in the fall of 1932, after four years of development, few people even knew about it except the folks who lived in this area—like Mr.

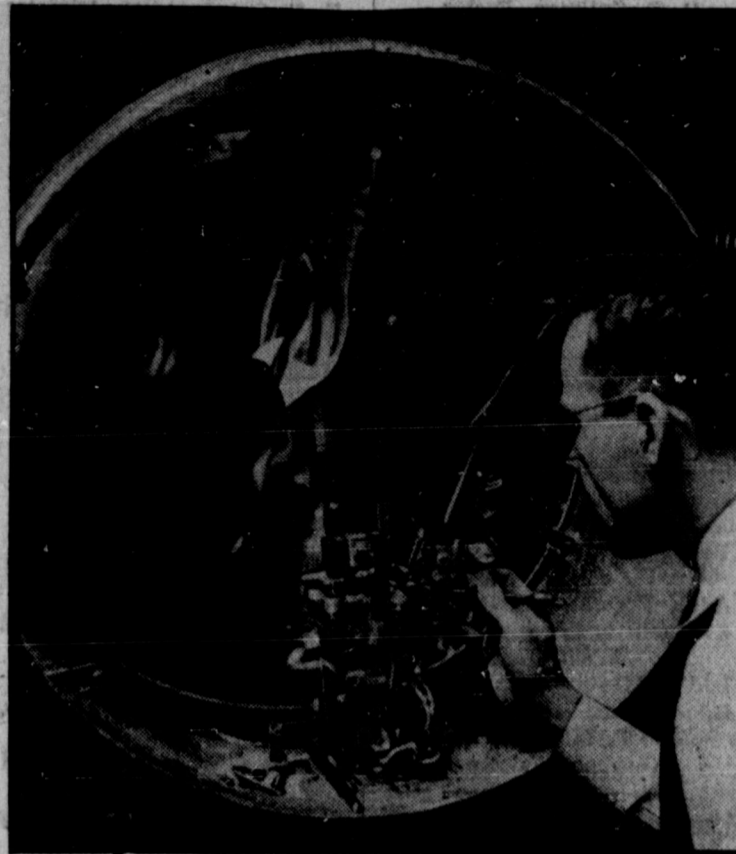

Galloway and his boyhood friends who used to play hide and seek in the dark reaches of the cave.

"We were a little bit off the beaten track then," recalled Mr. Galloway, who is also president of a bank, former mayor and a director of the Burnet Chamber of Commerce.

But today heavy tourist traffic streams down U. S. Highway 281, a direct Canada-to-Mexico route. And many tourists take time out to visit the cavern, reached by a paved road which enters Longhorn Cavern State Park at a point four miles south of Burnet.

"We're getting people from every state in the union now," Mr. Galloway said, "and you'd be surprised how many Texans visit the cavern and are amazed when they see what a spectacular natural wonder it is."

"We figure it's really unusual when a Texan is amazed at something that's in Texas."

UPSIDE DOWN DUPLICATE—Peering back at him is the distorted reflection of a Westinghouse engineer. Seen above in the Cleveland, Ohio, plant, he is checking the lamp-changing mechanism which enables the light to function at the same intensity even though one of the 3,000,000-candlepower lamps burns out.

This summer, Mr. Galloway estimates that more than 5,000 tourists and resorters a month will visit the cavern.

Two miles of the cavern have been developed and modern illumination installed to bring out all its natural subterranean beauty. Guides relate all of the cave's romantic legends of Indi-

ans, desperadoes and buried treasure.

Visitors are royally entertained and filled with cavern lore at the same time.

Mr. and Mrs. Roy Blackman and Mr. and Mrs. Owen Pyeatt attended the Horse Races at Raton, N. M. Sunday.

Mildew In Summer

COLLEGE STATION—Mildew is caused by molds that thrive on household products like tableclothes, bathmats, dish towels and articles made of leather and wool.

Mrs. Bernice Clayton, home management specialist for the Texas Agricultural Extension Service, says, fortunately, mildew spots are easily removed if you get to them before the mold has a chance to rot the material.

Fresh mildew stains on washable goods can usually be removed by washing at once with soap and water, rinsing well and drying in the sun.

If any stains remain, moisten with lemon juice and salt, spread in the sun to bleach, and then

rinse thoroughly and dry. Be careful when you use this treatment on colored material.

Another safe bleach for household articles is sodium perborate which can be bought at drug stores or in commercial bleaches at most grocery stores. Sponge the mildew spot with a solution of one tablespoon sodium perborate to a pint of lukewarm water, or sprinkle the powder directly on the stain which has been dampened with hot water. Let stand a minute or two and then rinse well. Test the bleach on a sample of cloth if it is colored.

Raymond Adams and Kenneth Sams of Texas Tech, Lubbock, visited relatives here Friday through Sunday.

NEW MEXICO POPULATION

The estimated population of New Mexico in 1952 was up 10 per cent from official U. S. Census figures of 1950, according to a report in the 1953 Yearbook of the American Peoples Encyclopedia. The state's estimated population at the end of last year was 750,000.

HOW ABOUT THIS, MAINE?

New Mexico voters have picked the winner in every presidential election since achieving statehood, the American Peoples Encyclopedia Yearbook for 1953 reports. In 1912 and 1924 it was by a plurality—in all other elections by a clear majority.

Public Urged To Heed Traffic Signs

"If all drivers strictly observed 'Signs of Life,' the nation's traffic accident rate might be cut in half."

This prediction, made recently by Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Adviser for the Gulf Oil Corporation, was based on the fact that more than half of the drivers involved in fatal accidents in 1952 were violating one or more traffic laws.

"Many of these accidents involved violations of traffic signs, signals and pavement markings, according to statistics from the National Safety Council," he said. "If these posted warnings had been observed, the accidents might never have happened."

For this reason the Texas Safety Association is cooperating with the Department of Public Safety in carrying out a traffic safety program in Texas during August, based on the "Signs of Life" theme, Col. Tilley said.

"The purpose of this program," he said, "is to bring to public attention the need for heeding traffic signs, signals and pavement markings, the 'Signs of Life' designed to protect motorists and pedestrians."

Most frequent violations of traffic signs, signals and markings, as listed by Col. Tilley, are:

1. Exceeding speed limit.
2. Failure to keep right of center line.
3. Improper passing.
4. Disregarding warning sign.
5. Disregarding stop sign.
6. Disregarding signal or officer.

"Proper observance of 'Signs of Life' will do much to cut the nation's traffic death toll," he said.

He also reminded drivers that speed, too fast for conditions, a violation in itself, can destroy the protection offered by signs.

"If the driver is going too fast to see them, they won't help him, of course," he explained. "Also, although the speeding driver may see them, he sometimes is going so fast that he does not have time to follow their warnings."

"One of the best pieces of safety advice a motorist can get," Col. Tilley said, "is contained in the August slogan of the Texas Safety Association and the Department of Public Safety, — — — 'Signs of Life — Know Them, Obey Them.'"

Chevrolet trucks must be the best buy!

This year again—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. It's plain to see that Chevrolet trucks out-sell all others because they out-value all others!

When truck users show a continued preference for one particular make of truck, you can be sure that preference is based on a single sound reason: *It's the best buy!*

Year after year, truck users in every field show a clear-cut preference for Chevrolet trucks by buying more of them than any other make.

Why not drop in and see why so many more truck buyers choose Chevrolet? You'll find, as they have, that Chevrolet trucks offer more of the features and advantages you want... more solid value in every way... yet it's the lowest-priced truck line of all!

For the best buy — buy now!
