Clarendon Junior College Students To Enroll Monday, September 5th

Dean Abel of the Clarendon Junior College announces the following schedule for enrollment for the 1960-61 school year.

All students wishing to enroll for the first semester should report upon arrival to room 108 Administration Building where they will fill out their application for admission, and obtain approval of same.

When their mission has been completed in the Administration Building each student will report to the college gymnasium where their enrollment will be completed and tuition and fees will be paid to the business manager.

All of the college teachers will be present at the gymnasium after 9:00 a.m. to counsel, advise, aid and assist in the enrollment and scheduling of each student.

No classes will meet on Monday, however, the regular Tuesday-Thursday lecture classes will have their first meeting on the schedule for Tuesday.

School Building Plans In Revision State

The local school board met in a special session Monday night to study revised plans for the new school buildings and after inspection, sent the drawings back to the architects for further revision to better suit local needs.

Supt. J. R. Cox reported that the \$700,000.00 bond money had come in and had been invested in short term government securities which are drawing interest until actual work is started on the new buildings which should not be too far away. We will have more to show in the way of progress on the new building within a few weeks, he added.

The Clarendon High School Bronchos will open their 1960 football season with their traditional rivals, the Stinnett Rattlers, at Stinnett on Friday night, Sept. 2nd. Game will get underway at 8 o'clock.

Broncho coach Tom Jinks and assistant, Mack Choate, have been running their thin squad of hopefuls through drills since August 15th in an attempt to get ready for the always strong Rattlers who are classed as the No. 1 team in the state to begin the season.

Coach Tom Jinks stated that the boys looked about as well as could be expected in their scrimmage sessions so far. He said the boys were all in good condition for the exception of John Cearley and Gary Campbell who have been on the injured list but may be able to see some action Friday night. The boys have a strong desire to win and plan to upset the strong Rattlers Friday night if at all possible, he added.

The probable starting line up for the Bronchos Friday night will be: Bill Hermesmeier at left end; Leon Gibbs at left tackle; Frank Hermesmeier at left guard; Ronnie Tyra at center; Tommie Messer or Jerry Elmore at right guard; Jerry Gray at right tackle; and Dwight McAnear at right end and quarter back; Neal Carter, quarterback and halfback; Jim Robinson at left half; Eddie Tipton at right half; and Philip Abel at fullback.

A pep rally will be held Friday afternoon in Broncho stadium at 1:40 with the student body giving the Bronchos a big send-off. All Broncho fans are invited to come up for the event and let the Bronchos know they have strong support.

Committees Begin Work For Fair

The Donley County Fair and Quarter Horse Show to be held in Clarendon on the sixteenth and seventeenth of September is coming along in fine shape says County Agent H. M. Specialists are taking over in most every field. The day of a person being a "Jack of All Trades" is perhaps on the way out.

In some of our modern garages we find one mechanic working on the fuel system, another on the brakes, the lights, etc. In our schools perhaps even before "Johnny learns to read" he has the benefit of several teachers, all specialists in their field of study.

Farmers find the need for special equipment and special train-

ing on most every hand. We see new businesses springing up in the larger towns that specialize in some phase that a few years ago was only a sideline to a general enterprise.

From our limited viewpoint this all seems to be for the best as far as the customer is concerned. It seems the advantages far out-weigh any additional costs that may be involved. Actually many times there are no extra charges. We suppose this thing could go too far. We heard the following story which we are sure is only a joke that might be carrying things too far.

Two neighboring ranchers were waiting in the foot specialists office, both with foot injuries. Said George: "Hey there, Bill, what are you doing here?"

Bill with the left toe of his shoe cut out for comfort replied: "Oh, I'm waiting to see Doctor Jones."

"Won't do you no good," replied George as he shifted his

right foot. "Dr. Jones only works on the right foot." This is a far cry from the day when Dr. Jones had to do everything from grease a buggy to pull someone's teeth.

A Boy has a pretty hard time growing up. We can remember some of the problems of our day, and we suspect that it is even more complicated today.

Take the simple problem, simple sounding that is, of being good before grandma and aunt Caroline, and at the same time remaining a horrible character before your playmates. This had to be done very smoothly if one was to hold on to their social standing on both levels of society.

Then think about being passed along from grandma to aunt Caroline for the customary peck of a kiss with cousins by the dozens looking on in righteous disgust. It took at least one blooded nose to redeem us from this situation.

Some of the other problems we remember included the sand-burr patch down on the creek. Anyone who could not run all the way through it without stopping to pull out the burrs was a sissy. This, of course, without shoes. Mostly with our calloused feet we could push them into the ground but now and then you would catch one that was a stubborn critter.

Then on Sunday afternoon our favorite tuffy test was to meet down in the mesquite flat and whip out wasp and yellow jacket nests with our straw hats. If there is anything in the world that will teach a boy not to zig when he is supposed to zag it would be a mad yellow jacket from a wrecked home.

Today, with all of our modern contrivances it simply frightens me to think how trying it must seem, just to be a boy growing up. We wonder what some of the more perplexing modern day

problems are.

If we would do more and doubt less, Then we could stew less about more.

It seems like just about every one we meet is all in a fizz and a stew about something. Hardly anyone seems to have time to even observe what is going on about them much less to enjoy it.

One lady was all in a dither because the youngster was due at a party in 20 minutes. Another lady was the president of the Ladies' Society and she hadn't even found time to make any notes to say nothing about memorizing her speech.

A gentleman friend had more to do in the next thirty minutes than three men could do and had been due home with the family for the past hour.

It all proves only one thing; that we are living in a crazy topsy-turvy world of rush and push and the time we are trying to save may turn out to be only a shortened life. Young men with ulcers, and middle aged men with worse ulcers and heart attacks on every side.

We turn to coffee for our jangled nerves and cigarettes for our impatience. Either or both only add to our dilemma. We drive our cars madly about often neither looking to the right or the left until we hear a bang.

We wonder where the mad race will end, except of course in the cemetery for us as individuals. But where will it end for the next generations? It's easy to see why any book promising Peace of Mind or any kind of peace would be a best seller.

Here and There Department. Among the places where we have received a good feed, we forgot to mention a family reunion which we attended in

Thompson Park Just imagine 90 relatives gathered in one park each with a packed basket of food. It really was fun.

The folks at Ashtola don't give up easy. Last week when we were all rained out both here and there, and the barbecue pit was floating full they had to postpone the get-together to which we were invited. But this week when the clouds rolled away their hospitality shined forth and we were invited back.

GEORGE'S WIFE

By "Sarah"

Since the two conventions a picture keeps coming into our minds, not being an artist we could not draw it out. Someone in the Wichita Falls paper last week did it for us. It shows a beautiful girl, her name is "the farm vote" outside her window are two handsome suitors, each with a bouquet of flowers and each in an awful hurry, to see who can get to her first with the most. One has the profile of Senator Kennedy, the other V. P. Nixon. Miss farm vote is being coy, just as any respected young lady would. She looked

pretty fickle to me though, like she was after the one that could give her the most. That is just about the way the farm vote will go, I expect. We still hope to see the farmer someday soon to look within himself for the only solution to our problem, and not the government.

Noticed where there was a real interesting solution for the wheat farmer. This was a paid vacation for a full year. Says they can skip a crop and have enough wheat on hand for home and foreign consumption during this time. Says since wheat growers are the most cussed out in the agriculture community, they should be paid for a full year's return based on a three year average. And if this sounds balmy, it's about the only way, short of a drought that would clear the bins of a wheat glut, built up in the past twenty years. Then again it might take another twenty years to build up a surplus equivalent to a full year's crop.

At any rate this would be an all time first in the life of a farmer. He could use this time painting and fixing up his place, or cultivate and enrich the land. Or he could enjoy himself by just sitting around and letting the warehousemen, machinery dealers, fertilizer, insecticide, and seed salesman cry on his shoulder for a whole year, instead of the other way around for a change.

We have been telling George all along we should sow more wheat, now look what we will have missed. A paid vacation as well as getting out of all this plowing, watering and spraying, which is a never ending cycle in cotton farming. Again this year there will be no vacation, paid or otherwise, nor do we see one in the future in this line of work. Just the way we like it, emm.

More than 170 kinds of honey are produced in the United States today. Total production amounts to 250 million pints a year.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

JOHN J. PERSHING

The Congress on June 1 approved a joint resolution calling for the celebration of John J. Pershing Centennial Day, the 100th anniversary of the great World War I General's birth. A Presidential proclamation has established September 13 as the day to honor this distinguished war hero.

As the man who led the United States into freedom's first worldwide military conflict with the forces of totalitarianism and dictatorship, General Pershing was leader of the two million man force which helped bring victory for the Allied cause. He holds honors from 15 different foreign nations, and during a 66-year military career he became one of America's greatest advocates of democracy all over the world.

The example which General Pershing set is perhaps more instructive today than it was a generation ago. Once again the free world seeks men of his determination and dedication to principle, and once again the free world seeks leadership sufficiently dynamic to overcome all the forces of evil which run rampant.

General Pershing was born in the state of Missouri just after the guns at Fort Sumpter announced the beginning of Civil War. He graduate from the United States Military Academy in 1886 and was assigned to three different Army posts in New Mexico where he participated in campaign against the Sioux Indians until the early 1890's.

Then he returned to West Point for a brief tour as Assistant Instructor of Tactics and in 1898 General Pershing began a long

series of military assignments which took him to many of the spots which are troublesome even today: Cuba, Japan, and Eastern Europe. Altogether, he saw duty in virtually every corner of the globe.

But his greatest hour came with the American Expeditionary Force which began to sail for France in 1917 to "make the world safe for democracy." President Wilson told him to "Keep always in mind 'the underlying idea' that his forces in France are a separate and distinct component of the combined forces, the identity of which must be preserved." The remark made by him upon landing in France has become famous. "Lafayette, we are here," was uttered in grateful remembrance of the French Commander's valiant service to the struggling American colonists in the Revolutionary war.

Throughout the long and difficult months of warfare in France, General Pershing worked closely with the chief commander, French Marshall Foch, and when the victory was won over the Kaiser's generals in the famous railway car in Compiegne, the American soldiers and their commander had as much a part of the victory as any other.

A grateful nation showered him with honor after honor. Universities from Oxford in England to Arizona in the United States awarded him degrees. The Congress passed a resolution thanking him "for his highly distinguished services as commander-in-chief . . . and . . . for . . . devotion and heroic valor throughout the war."

After the war, General Pershing continued to serve the nation. He took charge of many commissions, and was President Roosevelt's representative to the 1937 coronation of King George VI. He died on July 15, 1948, in special quarters where he had

lived some years in the Walter Reed Hospital, is body lay in state at the Capitol for 24 hours and was finally laid to rest in the Arlington National Cemetery.

The legacy handed to all of us by General Pershing is a great one, and as the nation honors him next month we will do well to recall and attempt to duplicate his loyalty and support of the nation. The General's 100th birthday on September 13 will be still another demonstration that the need for his characteristics does not fade with the years.

Visiting in the Parsonage Home of Rev. and Mrs. E. Lee Stanford over the week end were Mr. and Mrs. Eldon Saul and daughters, Elaine and Carolyn, of Houston, Texas. Mrs. Saul is the daughter of the Stanfords.

Mrs. B. F. Bussard and Mrs. Gwen Harp, Jeffrey and Jan of Amarillo visited their sister, Mr. and Mrs. Raleigh Adams, Thursday.

Visitors in the parsonage home of Rev. and Mrs. E. Lee Stanford of the Methodist Church Thursday night, August 4, were Mr. and Mrs. William J. Miller of Portland, Oregon, and Mrs. Sophia Ramsey of McAlistier, Okla.

Rev. and Mrs. Ernest Phillips and his brother, Mr. and Mrs. George Phillips of Pampa have returned home after three weeks visit in California. Rev. Phillips is pastor of the Calvary Baptist Church here.

Rev. E. Lee Stanford, Clyde Hudson and Charlie Bairfield attended the Northwest Texas Conference Laymen's Retreat at Ceta Canyon Friday evening, August 5, where more than 500 laymen and preachers were in attendance.

Elliott - Reeves Nuptials Read

In a double ring ceremony solemnized by Rev. W. R. Lawrence August 19 in the First Baptist Church, Miss Cora Ann Elliott, daughter of Mr. and Mrs. W. O. Elliott, became the bride of Glenn Edward Reeves, son of Mr. and Mrs. G. W. Reeves.

A wedding arch entwined with huckleberry and decorated with white gladioli and wedding bells flanked by candelabra bearing white tapers formed the center of the altar decoration. Emerald palms were used as a background. A prelude of nuptial selections was played by Mrs. Joe Pfeiffer who also accompanied Misses Sandra and Andra Pinkerton as they sang "Always" and "Because."

Escorted to the altar by her brother, the bride wore a waltz length wedding gown of chantilly lace over white satin. The fitted bodice was designed with a sabrina neckline, and long sleeves tapering to a point. Her shoulder length veil of Tulle was held by a hat of lace embroidered with seed pearls. She carried a bouquet of white carnations atop a

white satin and lace covered Bible.

Maid-of-Honor was Miss Wanda Elliott, sister of the bride. She wore a dress of blue cotton satin.

Winfred Reeves was best man, and the ushers were Elbert Swearingen, Harold Lindley and Gary Joe Rogers.

Miss Wilma Elliott, cousin of the bride, registered guests. Mrs. Elliott, mother of the bride, wore a dress of black shantung with white accessories. Mrs. Reeves, mother of the groom, wore a navy blue faille dress with white accessories. Each wore a corsage of white carnations.

A reception was held immediately following the ceremony. The four tiered wedding cake was separated by white swan colonnades. The bride's chosen colors of blue and white were represented on the cake by blue roses and tiny blue birds of happiness holding two white wedding rings. The cake was topped with a miniature bride and groom on a white swan float surrounded by white roses and blue forget-me-nots. A bouquet of white carnations completed the table decoration.

For her wedding trip to Newa

Mexico the bride chose a beige sheath dress complimented by white accessories.

The bride is a graduate of Clarendon High School and the groom is a graduate of Clarendon Junior College.

Johnson - Fincher Vows Exchanged

Miss Judy Johnson of Brice, Texas, and Kenneth Fincher of DeKalb, Texas, exchanged wedding vows in a simple ceremony performed in the home of Rev. Parker in Idabel, Okla., Saturday, August 13.

The bride wore a soft blue shirtwaist dress with white accessories to complete the ensemble.

Mrs. Fincher is the daughter of Mr. and Mrs. J. C. Johnson of Brice and attended schools in Clarendon. She was enrolled in school at Fort Worth for the past summer sessions.

Mr. Fincher is the son of Mr. and Mrs. Otto Fincher of DeKalb, Texas. He spent an enlistment period in the armed forces and currently is attending Arlington College. He is completing work as a laboratory technician and is employed in that capacity by Peter Smith Hospital, Fort Worth. The couple is at home at 815 May St., Fort Worth, Texas.

ASHTOLA NEEDLE CLUB MEETING

Members of this club, their guests, and some special guests enjoyed their annual barbecue Thursday night at the Community Center. Ashtola's Barbecue Chefs, Hubert Rhoades, John White, and Doyce Graham, did the chickens up to perfection, and the ladies brought along all the tasty trimmings of salads, fruit, beans, pickles, onions, and home made cakes and pies with plenty of iced drinks.

After eating themselves almost into obscurity, everyone listened to a speech by "Uncle Zeb", Carl Wood, from Claude. He gave encouraging remarks concerning "making a go" of the Center. He made a fine, interesting talk.

Mrs. Van Knox, chairman of the Center, welcomed and recognized the outstanding visitors, inviting all to make a return visit.

Approximately 103 were in attendance. Some of our special guests were Mr. and Mrs. Carl Wood, Mr. and Mrs. Bill Todd, Mr. and Mrs. Granville McAnear, Mr. and Mrs. Bill Goodman, Janet and Rhonda Goodman, Judge R. E. Drinnan, Mr. and Mrs. Leon Butler of Amarillo, Mr. and Mrs. Dane Perdue and girls of Levelland, Mr. and Mrs. Otis Naylor, Mr. and Mrs. Nuford Dill, and Mr. and Mrs. H. M. Breedlove.

All members are urged to be present Thursday, Sept. 1, for the 2:30 meeting to elect officers. —Rep.

GOOD NEIGHBORS CLUB MEETING

The Good Neighbors Club met with Nova Barker Friday afternoon, August 26. Games of dominoes were played. The rooms were decorated with home grown flowers. Candy, Cokes and cookies were served to 9 members and 2 visitors.

Present were Ped Tyler, Mrs. O. C. Watson, Emma Davis, Eula Butler, Carrah Mixon, DeJla Barker, Bessie Helton, Maggie Easterling, Ruby Jordan, Rosa Bingham, and Nova Barker.

The next meeting will be September 8 with Alta Spradlin in an all day meeting. —Rep.

CHAMBERLAIN CLUB MEETS AUGUST 25th

The Chamberlain Club met August 25 with Laura Ivey as hostess. Quilting and visiting were enjoyed during the afternoon. Refreshments of ice cream, cookies and Cokes were served to Ethel Dingle, Bradis Ballew, Clara Mae Carter, Lee Welch, Eunice Mann, Willie Hott, Mary Mann, Shirley and Linda Welch, and Laura Ivey.

The next meeting will be September 8, with Lee Welch as hostess. We will quilt, so everyone come and help us.

There will be a social at the Chamberlain Community Center Sept. 2 with Ruby Blackman and Velma Heathington as hostesses. Sandwiches and drinks will be the refreshments. Everyone come and enjoy the evening with us. —Rep.

GOLDSTON QUILTING CLUB MEETING

Adgar Williams was hostess and Eleanor Martin acting as co-hostess the 25th.

Members present were Joy Roberson, Bonnie Davis, Minnie Roberson, Blanche Gray, Nora Smith, Myrtle Cowan, as a new member and the hostesses. Adgar Williams received a gift. The afternoon was enjoyed by all in making flowers and quilting.

Cold drinks, cookies, donuts and muffins were enjoyed. All members are urged to be present at our next meeting Sept. 8th with Bonnie Davis.

METHODIST CHOIR RESUMES PRACTICE

The choir of the First Methodist Church will have their first practice for the fall and winter of '60 and '61 on August 31st at 7:30 p. m.

Each member is urged to be present and to bring a new member if possible. Anyone desiring to join the choir will be heartily welcomed.

The genda of music for the season has been planned and the Christmas contata will be presented on December 18th.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Jack Eddings, 610 Alabama, Amarillo, are announcing the engagement and approaching marriage of their daughter, Joyce Myrre, to Charles A. Hunt, son of Mr. and Mrs. Walter Hunt, also of Amarillo.

Vows will be exchanged Oct. 28 in the home of the bride's parents.

LELIA LAKE MYF REPORT

Meeting was opened with prayer by Don Altman. There were nine present.

MYF had charge of the worship services.

We were dismissed by the MYF Benediction. —Rep.

Wayne Mann who has been in the U.S. Naval Center in San Diego, Calif., waiting further assignment, called his parents, Mr. and Mrs. G. V. Mann, recently. He is to enter Hospital Corpsman School August 29th for 16 weeks training.

Guests in the Joe Goldston home Sunday were Mr. and Mrs. Allen Bryan, Mr. and Mrs. Gene Bryan, Craig and Lynne, all of Amarillo, Dr. and Mrs. Manley Bryan, Jay and Denny of Canyon. Mr. and Mrs. Allen Bryan will leave Sept. 5th for a six weeks tour of Europe.

Larry Stewart attended as a voting delegate from the Clarendon church, the United Presbyterian Church Westminister Fellowship Annual Youth of Synod meeting and planning conference August 22-26 in San Antonio, Texas.

AUSTIN — Election year upheavals plus Texas' "lame duck law" are playing havoc with the work of interim legislative committees.

Atty. Gen. Will Wilson ruled that, except in special cases, interim committee members not re-elected to the Legislature may not continue to serve on the committees. This brings a shake-up in the membership of a number of study groups now in the midst of their work.

Biggest change will be in the make-up of the House General Investigating Committee which has been asked to look into several politically touchy questions. Going off the five-member committee are the chairman, Rep. H. J. Blanchard of Lubbock, and Reps. Joe Burkett of Kerrville and Carl Conley of Raymondville.

Nine other legislative committees lost one or more members who either did not run again or were defeated. Not affected were members of the Commission on State and Local Tax Policy. Attorney General noted that this group was set up under a law which specifically provided its members should serve a two-year term.

Also continuing to serve, whether re-elected or not will be those members of the Legislative Council and Legislative Budget Board who — like the Speaker of the House — are members because of the jobs they hold.

In the appointment of committees on which "lame ducks" may not continue to serve, next year's speaker and lieutenant governor face a problem. Only way to prevent vacancies would be to second-guess the political future of each appointee.

YOUTH CRIME RISE SEEN

Juvenile delinquency in Texas will get worse before it gets better, the Texas Youth Council director predicted. Dr. James Turman presented to the Legislative Budget Board the Council's request for an appropriation of \$4,235,470 for the coming biennium. This is an increase over the present two-year allocation of \$3,487,442.

A part of this increase is to build for future needs. Turman noted that the Gatesville Training School for Boys had 403 boys in 1950 compared to its present average of 1,300. He predicted an average population of 1,790 during the coming two years and 2,959 by the end of the sixties.

Turman also urged the setting

up of a system of paid parole supervisors "to keep some of these kids from coming back." He said that some of the boys had been to Gatesville as many as five times and that up to one-third were repeaters.

ANTI-LOAN SHARK COMMITTEE — A citizens committee is being formed to work for approval of a constitutional amendment to give the legislature more regulatory power over the small loan industry.

Abner V. McCall, executive vice president of Baylor University, is chairman, and Tom Reavley, Austin attorney and former secretary of state, is vice chairman.

Proposed amendment will be Number Four on the general election ballot in November. It would give the Legislature power to license and regulate lenders and set maximum rates of interest. Until and unless the Legislature set a new rate, the present constitutional maximum of 10 per cent would apply.

Adoption of Amendment Four is an essential first step, said McCall, to wiping out Texas' reputation as "the lone shark state." He said that Gov. Price Daniel, Lt. Gov. Ben Ramsey and Atty. Gen. Will Wilson favored the amendment and were honorary members of the committee.

TEC HITS CHEATERS — Texas Employment Commission has filed complaints against some 100 persons accused of drawing unemployment compensation pay while actually working.

As a result of a widespread investigation, TEC has filed several score suits against persons it declared were receiving benefit and salaries at the same time.

Some of the defendants have already been tried, fined and ordered to repay the money received from TEC. Most of the cases involve workers in Houston and Brownsville.

Law provides that workers who lose their jobs through no fault of their own and cannot get other jobs may receive \$28 a week for up to 26 weeks, while unemployed. Violators can receive up to a \$5 fine and 30-day jail sentence.

LAWBREAKING ON INCREASE — Department of Public Safety report shows that one of the fastest growing statistics in Texas is the number of major crimes committed — up 10.3 per cent for the first half of 1960.

For the first six months of this year DPS estimates 96,681 major crimes were committed in Texas, compared to 87,679 for the same period in 1959.

One of the brighter spots in the report is that murders and homicides decreased by 15.1 per cent. Burglaries, however, rose 19.2 per cent.

Biggest crime increase was in urban areas — up 18.5 per cent. In rural sections the rate was down a little — less than one per cent.

VACCINATIONS URGED — Texas is one of the safer states as far as paralytic polio is concerned, but it's seventh in the nation in number of whooping cough cases, ninth in diphtheria and scarlet fever.

All these rates could be cut, said a State Health Department spokesman, if there were fewer people who can't be bothered with getting protective shots.

Late August and September are the usual season for polio epidemics, the Department warned.

GOOD PASTURAGE — Texas range conditions showed a bigger mid-summer improvement this year than in any summer for 37 years, reports the U.S. Dept. of Agriculture.

Range conditions usually grow less favorable from July to August in Texas, but this year they got substantially better.

Though some areas of the state were reported very dry, 85 per cent was rated 12 points above the 10-year average.

SHORT SNORTS — Parents of children who will enter school for the first time this fall are urged to get the children's birth certificates immediately. State Health Department noted that requests pile up at school opening time and can delay the child's entrance into school. . . Texas'

general revenue fund went \$6,000,000 deeper into the red last month. This brought the fund's deficit up to \$59,0761,850.

Outdoors In Texas

By Vern Sanford

Hot news seldom stays hot. But talk about the .22 Caliber Winchester Magnum Rim Fire Cartridge has not cooled off yet. Main reason the new cartridge remains so newsworthy is that it affects more people than do the ordinary new developments in firearms and ammunition.

Nearly everyone who has his own private arsenal, whether of one gun or 100, has a .22 caliber rifle or pistol. The marvelous .22's are versatile and are the least expensive to shoot.

Development of the 22 W.M.R., announced last year, is the first significant development in 22 Rim Fire Cartridges in 60 years.

This cartridge is not a modification of any of the present cartridges, but is an entirely new cartridge. It was designed to fill the void between the conventional rim fires and the 22 Hornet, which is a center fire cartridge.

The bullet is a 40 grain jacketed hollow point expanding bullet. Fired from a 24-inch barrel, the bullet is driven at a muzzle velocity of 2,000 feet per second.

Ideal for Predator Shooting — This cartridge should be ideal for predator control and mid-range varmint shooting. Game of small and medium size are beginning to feel the effect of these bullets, and the hunter is paying only about half as much for his shells as he formerly did before the appearance of this little powerhouse.

Oddly enough, when Winchester announced this shell, they didn't even have a gun that could fire it. However, Savage didn't take long to alter their popular Model 24 over-and-under by boring the rifle barrel to fit the 22 W.M.R. Mossberg produced a bolt-action in a single shot and a 5-shot clip-fed repeater. Marlin announced a lever-action model.

In rapid fire time Ruger, High Standard and Colt all announced their versions of the peacemaker six-guns designed for the 22 W.M.R.

Now Winchester has a rifle for their fabulous new cartridge. Winchester modified the well-known Model 61 slide-action repeater as their 22 magnum entry on the market.

Don't be sending in your old Winchester 61 for modification, however, for it can't be done.

Winchester simply capitalized on the popularity and well-proven features of their Model 61. As the 22 W.M.R. is both larger in diameter and more powerful than the standard 22 Rim Fires, the receiver had to be strengthened to withstand the greater thrust.

Also modifications had to be made on the action, barrel and the magazine to allow for the increase in size of the shell.

Offhand, I'd say that a lot of our frisky Texas jackrabbits will be heading for hare heaven when more of these 22 magnums hit the field.

Beware of Tularemia — Speaking of rabbits, let's not forget that summertime caution about the rabbit fever — Tularemia.

When that hare takes off in his scare run, take an extra look and see if he's running as a hare should run. If he's loping off in sort of a strained, dopey run, just leave him be.

Be extra careful when you're cleaning your rabbits too. Use rubber gloves and don't touch the meat with your bare hands. If you do, then wash your hands quickly and thoroughly with alcohol.

Tularemia is transmitted to humans primarily by absorption, through cuts or punctures in the skin, while handling the raw meat of rabbits. The meat is safe to eat, after it has been thoroughly cooked, so the danger lies in preparing for the feast.

If you're a wise hunter you know to play it safe in the field, with your weapon. So, play it just a hair safer when handling that hare.

1961 Marketing Year Wool Incentive and Mohair Support Prices

A shorn wool incentive price of 62 cents per pound and a mohair support price of 73 cents per pound were announced for the 1961 marketing year which begins April 1, 1961.

Payments to producers for the 1961 marketing year will follow the same methods employed for the current 1960 year. Shorn wool payments will be equal to a percentage of each producer's cash returns from wool sales. The percentage will be that required to raise the national average price received by all producers for shorn wool up to the incentive price of 62 cents per pound.

Lamb payments will be made to each producer who sells lambs that have never been shorn. The payments will be at a rate per hundredweight of live animals marketed to compensate for the wool on them on a basis comparable to the national average in-

centive payment per pound of shorn wool.

Remember 1961 County Election

This is just another reminder to let you know election time is from the time you receive your ballots to September 9th. They must be returned to the county office on or before this date.

The county convention will be held on September 28th.

The County Committeemen will take office on October 1, 1960.

REMEMBER, please cast your ballots.

Meeting in Knox City

A meeting will be held September 1st at Knox City for instruction concerning 1961 ACP County Handbooks. Those attending will be the County Office Manager, One member of County Committee, County Agricultural Agent, and SCS Technician.

How Many People Know

That a cotton shirt cost more to be laundered one time than the farmer gets for all the cotton in it?

That the cellophane bag containing carrots costs three times as much as the carrots in it?

That the label on a can of tomatoes costs more than the farmer got for those tomatoes?

That the man who unloads a carload of produce in New York City collects more money for that work than the farmer who produced it?

Texas DPS To Give Examinations Oct. 4-6

Competitive examinations will be given state-wide on October 4, 5, and 6 to fill 118 vacancies as patrolmen in the Texas Department of Public Safety. Applications may be obtained from any DPS Patrolman or field office, according to Major Harry Hutchison, Regional Commander of Region No. 5 of the Texas Department of Public Safety.

Interested young men who are between the ages of 21 and 35 must have their applications filed with the Department in Austin on or before September 23, 1960.

Major Hutchison advised that applicants who successfully complete the examination will be trained with pay, at the Department's Police Academy in Austin, which has been rated as one of the top police training academies in the nation. Upon graduation from the academy, the new patrolman will be assigned to one of the six regions in the State and will receive an additional six months on-the-job training under the supervision of experienced officers.

The vacancies that exist within the DPS as patrolmen offer many personal benefits including good pay, job security, retirement, annual vacation, sick leave, and uniforms and all equipment furnished.

Mr. and Mrs. Olace Hicks and Larry returned last week from a vacation trip to points in South Texas. They visited friends in Sweetwater, points of interest in San Antonio, Corpus Christi, Brownsville and relatives in Harlingen.

Farm Bureau Directors Hold Meeting

The Donley County Farm Bureau directors met in the conference room of the county agent's office on the night of the 23rd at eight p.m. H. Wood of Lelia Lake, County President, presided. Those present were H. Wood, pres.; Sue Rhodes, secretary; Lee Shaller; Slayton Mahaffey; Earl Myers; Hubert Rhodes; Pete Land; Mr. and Mrs. Tommy Bain; and Flip Breedlove.

The bills for the county-wide chicken barbecue were approved and paid. Mr. Wood gave a talk on Farm Bureau policy development and said that all farmers in Donley County should have a voice in the policy development. Policy programs of the Farm Bureau also go to our legislators and can help farm legislation in favor of farmers.

To better acquaint farmers with the operations of the Farm Bureau, the Donley County Farm Bureau will have several representatives at the Chamberlain Community meeting on the night of the sixteenth of September at eight p.m. and also the same group at the Ashtola community center on the night of the ninth of September. Mr. Wood believes that with a better understanding of the Farm Bureau and its many advantages that more farmers will come into the organization.

Lelia Lake Exes To Hold Reunion Sept. 3

Ex-Students and present and former teachers of Lelia Lake School will hold their reunion on September 3rd at the school. All exes, students, and teachers are urged to attend the annual event which will start at 6 p.m. according to Richard Finch, vice president of the organization. A covered dish type meal will provide the food and a program of good entertainment has been planned.

Visiting in the home of Rev. and Mrs. E. Lee Stanford of First Methodist Church Wednesday, August 24, was Mrs. J. B. Saul of Miami, Texas.

Cub Scout News

We are very proud of the boys. They have worked very hard preparing for Akela Council to be held tonight. Twenty-two of the twenty-four boys in the park will receive badges or arrow points, which shows a lot of individual work.

Applications to become a Cub Scout have been passed out at school to boys between 8 and 10 years of age. Parents and boys should read the application, fill it out and return it to their teacher.

On Monday night, September 5, at 7:30 in the Cub Scout Council room in the City Hall a coffee will be held for the new Cub Scout Parents. Mr. Murray Smith from Wellington, District Adviser, will show slides and explain the Cub Scout program. These slides will be informative to both old and new parents.

The Cub Scouts of Clarendon are preparing for Akela's Council which will be held tonight (Thursday) at 7:30 p.m. The ceremony will be held three blocks north of Adair Hospital. This council is a reenactment of the great council fire of the mythical Indian Chief, Akela.

Cub Scouts from all towns in the council have been invited to attend the ceremony.

A feature of the fire will be the ceremonial war dance of Jim Cain, Order of the Arrow dancer of Borger. The Clarendon Cub Scouts, dressed as Akela's young braves will light the council fire and give in song, the story of an Indian Bear Hunt.

Rev. W. R. Lawrence will tell the life story of Akela.

This heralds the beginning of the fall activities in Cub Scouting. The public is invited.
