### FFA Judging Team Places Fifth At Tech

Members of the Clarendon FFA livestock team placed 5th at the Texas Tech judging contest. In competition with 107 judging teams the livestock team was high team in beef cattle. The team consisted of Dennis Bradshaw, Don Hudgins, and Gary Longan. James McAnear, one of the members of the livestock team was unable to compete due to the measles. Hudgins was high man in beef cattle judging in the contest and Longan was 9th high individual in the overall contest. This was in competition with 321 FFA members from Area I and Area II. The team was third in Area I which consists of schools from 34 counties in the Panhandle. The livestock team will leave Thursday for Texas A & M where they will compete for state honors in livestock judging. The members will spend Friday judging some of the top herds in the state. The livestock team has been very consistent and have placed high in every contest they have entered this year.

Other teams that were in the Tech contest are: Land Judging, Frank Hermesmeyer, Leon Gibbs, James Allen; Dairy Judging, Neel Carter, Ronnie Tyra, and Jerry Gray. Members of the poultry team were Tommy Messer, Larry King, and Cody McAnear. Shelby Bell and Alfred McNabb were team alternates and accompanied the teams to Lubbock. The FFA boys enjoyed two free meals and visited part of the agriculture farm while at Tech.

### PANHANDLE VET. MEDICAL ASSOCIATION MEETS IN CLARENDON

The Panhandle Veterinary Medical Association's spring meeting and clinic was held in Clarendon Saturday, April 23, 1960. Veterinarians from the Panhandle of New Mexico, Oklahoma and Texas attended this one day session.

The section on large animal medicine was presented by Dr. W. A. Aanes, Professor of Clinics and Surgery, Colorado State University, Fort Collins, Colorado. He presented papers and films on Corrective Showing of Horses; Infection of Fetuses and Foals; Respiratory Infections in Horses and Infertility Problems in the Mare.

The small animal section of the program was presented by Dr. W. F. Juliff, San Angelo Animal Hospital, San Angelo, Texas. Dr. Juliff discussed hospital management and practice tips and uses of the newer anesthetics in surgery of small animals.

An afternoon clinic was held at the Clarendon Veterinary Hospital. Drs. Aanes and Juliff demonstrated surgical techniques on hospitalized cases.

### Career Clinic Is Big Success

Cooperation of local teachers, local business firms and schools and business firms from Pampa, Lubbock and Amarillo made it possible for approximately two hundred-fifty high school students of Donley County to explore occupational opportunities, including nature of work, training, and abilities required, salary to be expected, advantages and disadvantages of thirty career areas at the first Career Clinic to be held for Donley County students.

The program held Thursday morning, April 21, started at 8 a.m. with a breakfast for the consultants. Nineteen consultants attended the breakfast which was sponsored by the Clarendon high school student council and served by Mrs. Velma Bourland and the homemaking girls.

At 9 a.m. the high school student body assembled in the auditorium to hear a program under the direction of the student council. Sandra Pinkerton, President, outlined the purpose of the career clinic. Philip Abel introduced the consultants, and Martha Jo Risley introduced the speaker, Mr. Melvin Munn of Pampa. Mr. Munn held the attention of the group for approximately an hour with remarks which were humorous, informative and inspirational.

From 10 to 12 discussion groups were held. Each student attended two groups. The following consultants gave their time to make it possible for the boys and girls to get a clearer picture of the jobs they might like to do or the professions they might like to enter: Clarendon teachers, Mr. Patterson, Hawkins, Jinks, Childers, Dean Abel, Mrs. Todd and Mr. Edgett in the fields of accounting, agriculture, athletics, entertainment, stenography, teaching and music respectively; from local business firms: Walter B. Knorpp, Dr. George Smith, Bro. W. R. Lawrence, Mrs. Gordon Stewart, Barney Horton, Carroll Hudson, Marjorie Harlan, Mike McCully, Bill Lowe, and Dr. Chas. Deyhle, representing the fields of banking, medicine, religious work, dress making and costume designing, auto mechanics, civil engineering, florist, insurance, law, veterinary, Moore out-of-town; Waldon E. Moore, Pampa architect; Kenneth M. Parker, art director, McCormick Advertising, Amarillo, artist; Mr. Bond, Pampa, engineering; Mary Kate Tripp, regional editor, Amarillo News, writing; Armed forces, army, navy and air force personnel from Amarillo; Miss Su-ville Williams, beauty school, Amarillo, beautician; Clayton A. Husted, Pampa, construction worker; Katie McCluney, WTSC, Canyon, homemaker and home economist; Mona Hawkins, interior decoration; Betty Carnahan, Amarillo, modeling; Jewel Schmitz, Amarillo Child Welfare Dept., social work; Mrs. Eunice King, R.N. director of nursing education and one other registered nurse from Northwest Texas Hospital, Amarillo; and Vernon Odom, consultant in counseling and guidance, Texas Education Agency, Lubbock, counseling.

Quoting Miss Mary Foreman, Counselor for Donley County Schools, "Faculty members and student bodies of Clarendon and Hedley High Schools are grateful for this opportunity to publicly acknowledge their appreciation for the time and efforts these consultants gave to and for them, to the county superintendent's office and to Mr. Lewis' typing class, to Mrs. Bourland and the FFA girls, and to all others who helped make the Career Clinic possible." — Rep.

### Contract Let On Highway Construction

A contract for 12.8 miles of construction on State 70 in Donley and Hall Counties has been awarded to a Lubbock firm, it was announced in Austin this week by the State Highway Commission.

Henry L. Stafford submitted the low bid of \$277,675 on the project. Construction of widening gradings, structures, flexible base and two course surface treatment from Red River bridge to F.W.&D. overpass near Clarendon and from 9.0 miles south of Clarendon to State Highway 256 is expected to take 150 working days, according to Palmer Massey, District Highway Engineer at Childress.

C. B. Hudson, Resident Engineer at Clarendon will be in active charge of the project while it is under construction.

### Dusters Nip Spearman In First Game

The Clarendon Dusters won a close ball game from Spearman Sunday afternoon, 5-4. Bobby Leslie singled home the winning run in the bottom of the 11th inning.

Bobby Leslie started for the Dusters Sunday but was relieved in the 7th by Ganeo Wilson, who gained credit for the win.

Borger banged Amarillo 16-2 Sunday, so the Dusters and Borger share first place now. The Dusters journey to Borger Sunday for a tough battle with the Borger team.

The Dusters should be strong this year if their hitting will come along. The Dusters will have a fine pitching staff composed of Bobby Leslie, Ganeo Wilson, Jimmy Humphreys, Duster Manager, and Don Newman, brother of former manager Waylon Newman.

### SPRING BAND CONCERT TONIGHT, THURSDAY

All supporters of the local band are urged to attend the Final Spring Concert of the local band tonight at the College Auditorium at 7:30 p.m. An outstanding program has been prepared for this event and one that you will enjoy.

### Little League Officials Elected

A Little League meeting was held Monday night at the Court House with a large number in attendance. The group, composed of parents and men interested in Little League baseball, elected officials and committees for the coming season.

Waylan Newman was elected president. To assist him, the following baseball commissioners were elected: Bill Mooring, Horace McClellan and Joe Robinson. The following committees were formed: Field Committee, J. B. Melton, Billy Jack Land and C. B. Hudson. In charge of the concession stand will be G. V. Mann, and reporter for the year will be Lester Schull.

There will be another meeting next Tuesday night at 7 p.m. at the Court House. Each parent, both husband and wife, is urged to attend. To make the Little League successful, the presence and help from every parent is needed.

### New Country Club Officers Elected

The Clarendon Country Club board of directors met last week and new officers for the club were elected to serve for the coming year. Directors elected by ballot were Lee Bell, J. Gordon Stewart and Joe Robinson.

Officers elected to head the club were President, L. L. Wallace; Vice President, Lee Bell; Secretary, Willard Skelton; Treasurer, Carroll Knorpp.

Committee appointed are as follows: Landscape - Mrs. Vera Lewis, chairman, Mrs. Bill Greene, Sr., Mrs. W. W. Taylor, Mrs. C. E. Deyhle; Calendar committee - A. R. Henson; Swimming Pool - Frank Phelan, Jr.; Building & Grounds - C. M. Bennett, Jr., and Joe Robinson; Entertainment - Board of Directors; Trap Shoot - T. M. Caldwell, Jr., Alfred McMurtry, C. M. Bennett, Jr.

The date for the opening of the swimming pool will be announced as soon as possible.

The directors of the club would like to take this opportunity to thank all members for their cooperation in keeping the grounds clean. "We would like to say that if you are not a member, we still have a few shares of stock left and this stock can be bought for cash or can be paid out monthly. If you are interested you may see any of the directors. If you have any suggestions in the operation of the club, we would like to have them," stated L. L. Wallace, President of the Club.

### April Moisture Below Average

Our moisture total for the year is doing alright but our April moisture is below par as we have recorded .19 inch as compared with 1.96 for April a year ago. Sub moisture is holding out fine but a nice slow rain would help the top moisture situation right now. The weather picture indicates a change so our total may increase before the end of the week.

### GOLDSTON COMMUNITY CANDIDATE RALLY

A candidate rally and box supper will be held tonight, Thursday, at 7:30 p.m. at the Goldston Community Center.

The boxes and cakes prepared by the ladies of the community will be auctioned to the highest bidders and all candidates as well as the public is invited to attend.

Following the rally, those who wish, may spread their boxes and enjoy the fellowship. The ladies will have tables and furnish the drinks.

### Census Report Shows Big Drop In City - County Population

Donley County and Clarendon have shrunk as far as population is concerned. According to an unofficial release by Mrs. Helen Land, local enumerator, our population here in Clarendon dropped 469 from the 1950 figure and the county population has dropped 1,845 from the 1950 census figure.

The unofficial total released for the County is 4,371 and for Clarendon at 2,108. The 1950 total for the county was 6,216 and for Clarendon was 2,577. In the last 20 years we have lost 3,116 in the county as the 1940 figure stood at 7,487.

### Science Program To Be Presented At High School

Walter R. McGuire, one of 20 specially trained science teachers participating in an eight-state traveling science demonstration-lecture program during the 1959-60 school year, will spend one week in the Clarendon High School beginning May 2, 1960.

The program is supported by a \$335,000 National Science Foundation grant to Oklahoma State University, Stillwater, where McGuire spent three months during the past summer in preparation for the job.

While at OSU he was issued a station wagon completely equipped with lecture-demonstration apparatus and supplies. He and the other 19 traveling science teachers were selected by a committee of scientists because of their outstanding qualifications.

McGuire, 55, a native Texan, attended schools at Grimes and Weatherford, Okla., graduating from high school at Weatherford. He holds a BS degree from Southwestern State College, Weatherford, and an MA from Western State College, Gunnison, Colo., and has done additional work at University of California. He is a member of the New Mexico Academy of Science (past state president), National Science Teachers Association, Masonic Lodge and Church of Christ.

From 1946-59 he taught science and mathematics at Portales, N.M., and for the 15 previous years he was in school systems of Oklahoma and Texas.

### Rolling Plains Ass'n. Meeting To Be Held Saturday, April 30th

The W. E. Grimsley's had a very enjoyable week end when his brother and sisters and other relatives and friends gathered for their annual reunion. Two sisters, Mrs. Mary Woolver of Marlow, Okla., and Mrs. G. D.

Hemphill and husband of Canutillo, Texas, arrived on Friday, the 22nd. Mr. and Mrs. C. A. Grimsley and son of El Paso, and Mr. and Mrs. O. C. Lowrey of Dalhart came in on Saturday.

The daughters of W. E. Grimsley and their families all came on Sunday; everyone bringing a big basket dinner which was served in the Lion's Hall. Seven of them

accompanied Mr. and Mrs. W. E. Grimsley to church at nine o'clock Sunday morning. Then nine persons went with the O. C. Lowrey's to the Methodist Church at eleven. Mr. Lowrey, who is moving to California soon, said he wanted to attend the Methodist Church one more time, before getting so far away that he probably would never be able to

again. There were forty-nine relatives and friends at dinner. They want to thank the Lion's for making the hall available for such affairs; there were just too many to attempt to all meet in a home.

You can make life a bed of roses . . . but only if you put in a lifetime of spade work.

The border draw, according to cowboys, is a cross draw made with the gun carried at or near the hip, but hanging butt forward. A quick stab of the hand across the body reaches the gun, and the continuation of the movement lifts it clear of the holster. It is called this because of its popularity with men in the vicinity of the Mexican border.

## Patton-Doherty Nuptials Read

Miss Pattie Patton became the bride of Ronald Doherty in a ceremony read at high noon Sunday, April 17, at the First Baptist Church in Hedley. The Rev. J. S. Tipton officiated at the double ring service. He was assisted by the Rev. S. A. Wolf, minister of the Hedley Methodist Church.

The bride is the daughter of Mr. and Mrs. Vern Patton of Hedley. Mr. and Mrs. Winifred Doherty, also of Hedley, are parents of the groom.

Baskets of white chrysanthemums and Easter lilies decorated the altar. A nuptial prelude and the traditional wedding marches were played by Mrs. H. W. Spier of Lakeview, grandmother of the bride. She also accompanied Miss Brenda White of Memphis who sang "The Lord's Prayer" as a benediction.

The bride was lovely in a street length dress of sheer white silk over taffeta. Her veil of illusion was attached to a headpiece of pearls and sequins and she carried a bouquet of pink and white sweetheart roses topped a white Bible. Her only jewelry was a string of pearls, a gift from the bridegroom.

Miss Janie Patton served as her sister's bridesmaid. She wore a nylon dress of pastel green accented by matching accessories and a corsage of green carnations. Leon Doherty was his brother's best man.

Mrs. Patton chose for her daughter's wedding a dress of silk organza with bone accessories. Mrs. Doherty, mother of the groom, wore a beige silk dress with brown accessories. Each wore a corsage of pink carnations.

For traveling the bride chose a blue embroidered cotton suit with blue and white accessories and the corsage taken from her bridal bouquet.

Mrs. Doherty is a senior in Quail High School. She is an active member of the Baptist Church and community affairs and was queen of the Cotton Festival in 1959. Mr. Doherty is a graduate of Hedley High School, served two years in the U.S. Navy and has attended Clarendon Junior College.

After a short wedding trip the couple will be at home in Canyon where Mr. Doherty is engaged in construction work.

**JERRY SADLER FOR LAND COMMISSIONER**

Jerry Sadler today laid down key points of his program for overhauling the mixed-up responsibility and management of State-owned lands.

Sadler, former Railroad Commissioner and now completing his sixth year as a State Representative from Palestine and Anderson County, said that responsibility for control and management of State Lands is now so divided that no one in authority knows precisely how much land is actually owned by the State.

"You can get estimates ranging anywhere from 8,000,000 to 9,000,000 acres," said Sadler. "There is lots of land in Texas, but not enough for the State to be juggling the property of the Taxpayers around without proper accountability."

Sadler outlined three main points of his program as follows:

1. Require all records pertaining to State-owned lands to be deposited with the General Land Office for verification, inventory, and survey where necessary.

2. Make the General Land Office responsible for a perpetual inventory of all State Lands, showing the department or agency holding or controlling the lands, use and appraised valuations, and all other information necessary for a full and complete record of State-owned lands.

3. Make it one of the chief duties of the Commissioner of the General Land Office to report in detail every two years to the Legislature all changes in the inventory, including significant changes in land values.

"This program," said Sadler, "follows the recommendation of the Texas Legislative Council which was made to the Legislature late in 1958, after an exhaustive study of the State-owned land situation, and which never received much attention. This was due largely to the lack of aggressive leadership and counsel, which I feel should come from the General Land Office itself."

Jerry Saddler is a cousin of the late Harley Saddler, West Texas Showman.

**ROGERS ANNOUNCES SUPPORT OF RAMSEY**

State Senator Andy Rogers of Childress, who has announced his support of Lieutenant Governor Ben Ramsey of San Augustine in the Primary Election, Saturday, May 7, said today Ramsey's re-election is of far-reaching importance to the 30th District and West Texas.

"Redistricting — which will determine how many votes the rural areas will have and how many votes the big cities will have in the Legislature for years to come — is of major importance to this district and West Texas. Ben Ramsey, coming from a rural area himself, will not be subjected to the big city pressure for more representation at the expense of rural areas as would his opponent who lives in Houston, the biggest city in the State," Senator Rogers said.

**TO THE PEOPLE OF THE 18TH DISTRICT**

By Congressman Walter Rogers

**SUGAR**

Last week I introduced three measures designed to provide additional domestic production of sugar. At the present time, domestic production of sugar is limited. The growers of sugar, both cane and beet, in this country produce approximately 55 percent of the domestic consumption. The remaining 45 percent comes from such countries as Peru, the Dominican Republic, Mexico, and other countries, including Cuba. Cuba, as most of you know, enjoys the biggest percentage of the 45 percent. At the present time she is authorized under the law to provide approximately 30 percent of our entire need, which is about 66 2-3 percent of our imports of sugar. This sugar coming from Cuba is purchased at a price about two cents above the world market, but is still several cents below the United States market price.

The United States market has different ranges, depending upon whether you are trading in the Northeast, the Southeast, the Gulf area, the Chicago-West area, or the Pacific Coast area.

The three bills which I have introduced are designed to accomplish one result. That is to provide the sugar growers of this country with quotas which will permit us to produce a larger percentage of our domestic consumption. As a starter, I propose to increase our domestic production from approximately 55 percent to approximately 65 percent. This would no doubt result in lessening the amount which Cuba furnishes this country. However, it is not intended as an economic sanction against Cuba, nor any other country. It is designed to make it possible for us to utilize our own productive ability and to assist those farmers who can and want to grow sugar beets. We in the Panhandle can grow excellent sugar beets and it occurs to me that we should be allowed to do so. Another of my bills would do away with acreage controls in the production of sugar beets. At the present time acreage allotments are dependent upon marketing quotas given to sugar producing mills, which marketing quotas are in turn dependent upon the percentage of our domestic sugar consumption which can be produced in this country, which is 55 percent. If the acreage controls are removed it will provide a free competitive economy between the areas which can grow sugar beets. This competition will be in the nature of the contracts the sugar beet growers are willing to make with the sugar mills. It will provide a means whereby those areas having little or no acreage allotments will have an equal opportunity to bid against other areas. The third bill is designed to make it possible for the farmers in this country to obtain the right to grow and produce that amount of sugar represented by the increased demands each year. In other words, at the present time let us say that because of the annual increase in population we would need and additional 100,

000 tons of sugar. As the law presently stands, only 55 percent of that 100,000 tons increase may be produced by domestic growers. The other 45 percent is allocated to foreign producers. It seems to me that at least the increase in the domestic consumption should go to our own people. The bill also provides that 85 percent of the increase is to be allocated to those areas who presently do not have extensive production of sugar beets.

The sugar situation is a highly complicated matter and will take a lot of exhaustive work to get it corrected. However, regardless of the length of the journey, it can never be accomplished unless the first step is taken. I hope that my bills will be the first step in correcting a situation which I feel is somewhat unfair to our own native people.

**THE PARKING PROBLEM**

The parking problem in this country is certainly presenting a dilemma that indicates a marked change in living conditions. Only the other day we had before us a bill providing for the United States to enlarge one of its National Park areas by purchasing 2.76 acres of land at a price of some \$600,000, the land is to be used for parking purposes. In the questioning, I developed that the high price of the land was because there was a hotel located on it. This pointed up to me that the age-old problem of parking the body had yielded to the new problem of parking the car. Perhaps they intend to sleep in the cars.

**WHEAT SPRAYING**

Many inquiries have come into the office concerning the use of 2-4-D spray on wheat. I conferred with the Food and Drug Administration and the Department of Agriculture and was given the following advice: The only criteria in using 2-4-D is that there be no detectable residue at harvest. Both agencies advised the most positive assurance is to follow directions on the label, which has the nearest thing there is to Department of Agriculture sanction. No danger is anticipated on wheat sprayed in its present stage. I understand the most

danger occurs when wheat is sprayed within two or four weeks prior to harvest.

I pass this information on to the wheat farmers and will be glad to enlarge upon it if you will call upon me.

Mr. and Mrs. Harold Holland, Vicki Sue and Donald have been visiting with her parents, Mr. and Mrs. Jesse Vick and his mother, Mr. and Mrs. C. W. Martin. Harold received his discharge from the army April 21. They had been living at Chatsworth, Calif.

**APPLICATION OF NITROGEN FOR MAIZE STUBBLE**

College Station — An application of nitrogen to grain sorghum stubble prior to plowing it under will prevent a nitrogen shortage for the crop which follows, says W. F. Bennett, soil chemist for the Texas Agricultural Extension Service.

The chemist suggests that stalks be shredded as soon after harvest as possible. An application of 20 pounds of nitrogen for each ton of residue to be turned under should be made just prior to the plowing. Where nitrogen is not applied, and stubble is left in the field until late in the year, the decomposition process will tie up the available nitrogen in the soil and often cause a nitrogen shortage for the following crop.

By using nitrogen and early shredding and plowing of stubble, this condition can be eliminated, says Bennett. Too, the nitrogen in the soil will be available for use by the crop which follows the grain sorghum.

Bennett cautions against the use of more nitrogen than the crop which is to follow can use. In no case, he adds, should more than 60 pounds of nitrogen be applied per acre. Generally, he says, about 30 pounds of nitrogen per acre will adequately take care of the residue to be plowed under on most Texas farms.

Local county agents can supply additional information on the subject.

According to Newsweek, the time-honored notion that the executive suffers more from tension than the "happy-go-lucky working stiff" isn't necessarily so. For example, one check showed that 12 per cent of executives suffered from hypertension, and 8 per cent from hardened arteries. The figure for non-executives in both cases, was 15 per cent.

**ELECT ROY L. TAYLOR**

As Your  
**State Representative - 88th District**  
Donley, Hall, Childress and Motley Counties  
"Asking for a chance to Serve You."

**WHO PULLS THE STRINGS**

A VOTE FOR ROY L. TAYLOR  
IS A VOTE AGAINST THE SALES TAX

A not-to-be-reported, headless — in fact, ghostly — campaign to raise \$65,000 mostly from big-city Texas businessmen to finance legislative campaigns in rural areas has been discovered.

ED C. BURRIS, Executive Vice President (and, during legislative sessions, Austin lobbyist) of the Texas Manufacturer's Association, wrote Texas businessmen Feb. 12, telling all about a fund called "PIPE" to be spent in purely rural-area legislative races. Gen PRESTON A. WEATHERED, who registered in 1959 only as a lobbyist for Old Republic Life of Chicago (has long been identified as a leading lobbyist for Texas business) was more specific in his letter to other lobbyists. WEATHERED said "field help" has been sent into two Senate and 19 House races in the rural areas, and called for lists of clients or members from other lobbyists to get to work to save 13 present representatives and defeat six. Special stress was put on saving the present Representative from Childress, WHY?

**PLEDGE vs. PERFORMANCE**

(FROM THE OFFICIAL HOUSE JOURNAL)

The present representative, seeking a third term: says he "fought for better pensions for the aged."

**LET'S LOOK AT THE RECORD** — In the 1957 session, he voted AGAINST a proposed constitutional amendment to raise the ceiling on total State appropriations for old age assistance to \$53,500,000 instead of the \$47,000,000 now authorized. See House Journal page 496 (Feb. 19, 1957). Passage would have meant increased pension in line with the rising cost of living. In that same session, he voted FOR a proposed constitutional amendment to increase the salaries for legislators from \$3,000 to \$15,000 per term. (This represents a 400% increase.)

In the 1959 session, he incumbent Representative voted AGAINST bringing up a proposed constitutional amendment to raise the homestead exemption allowed people over 65. See House Journal page 2634 (May 6, 1959). This amendment would have provided some tax relief for our aged citizens.

says he "voted for increased taxes on beer."

Page 1828 to the HOUSE JOURNAL is only a recorded vote on a parliamentary maneuver to table an amendment which would have increased the taxes on beer. Since the amendment was tabled, there is no record showing that my opponent voted for increased taxes on beer.

**TO THE PEOPLE OF THE 88th DISTRICT:**

TO THE PEOPLE OF DONLEY COUNTY:

I challenge my opponent on his circular suggesting that he "BLASTS DALLAS SALES TAX PROPOSAL" and "Casts Vote For Strong Lobbyist Law". The circular suggests that these articles were taken direct from a newspaper; if so, it is the usual custom to indicate or quote the source of the newspaper from which the articles were taken. Since these articles did not appear in any of the weekly or daily newspapers in District 88, I can assume that my opponent is trying to deceive the public by covering up what really happened in Austin. (Page 1852 in the House Journal shows that the incumbent voted to table an amendment known as the "Selective Sales and Use Tax Act" and NOT that he voted against the sales tax as he would like to have you believe.) The record shows the incumbent voting AGAINST requiring members of the legislature to file sworn statements of money or gifts received from lobbyists. See page 229-230 (Nov. 5, 1957) in the Official House Journal, and it contradicts the information which the present representative is circulating in his campaign literature for a third term.

**DID YOU REALLY HAVE A REPRESENTATIVE IN AUSTIN?** — Absent 307 times

The present representative has been unable to find time to adequately represent the people of this district. In the 1957 session, he was absent from the House on 307 recorded roll-call votes covering 38 different days. In the 1959 session, he was absent from his legislative duties on 131 recorded roll-call votes covering 33 different days. These truths are a matter of public record in the Official House Journal.

Four years ago the representative from Childress campaigned on a very liberal platform. His voting record in the House is ultra-conservative for the 1950 session. In just four years he has made a complete change. Is it right to tell one group that you will do one thing, and then turn around and tell another group that you will do the opposite? Is this the type man who represents the best interests of the people who elected him.

At the beginning of the 1959 session, the present representative backed, supported, and campaigned across the state for an unsuccessful candidate for Speaker of the House. This resulted in his not being assigned to any of the important committees which is of concern to this district. Work done in the various legislative committees represents about 85% of the legislation, and this district missed out on having representation in this important function of the Legislature. I understand that my opponent has again committed himself to a speaker candidate for the Legislative Session beginning next January.

It is time for a change in Austin and it is time for the people of the 88th District to be represented in Austin. Each of you have a responsibility to choose carefully the man who will represent you in the operation of our state government. I will sincerely appreciate your serious consideration of my candidacy.

Yours for honest representation,

**FARM NEWS**

from the County ASC Committee

**Conservation Reserve Impact Described**

Going into the 1960 crop year, the Conservation Reserve is having substantial impact on the acreage and production of surplus crops, the U. S. Department of Agriculture says in its annual report on the operations of the Soil Bank Program.

With approximately 300,000 contracts in effect and more than 28 million acres under contract, the report shows, cropland which has been contributing heavily to the surplus build-up in recent years is being withheld from production and devoted to conservation uses under long-term contracts.

During the 1959-1960 period, the Department reports, farmers participation in the Conservation Reserve more than doubled. The acreage of cropland withheld from production almost tripled, and the percentage of "whole farms" under contract grew to more than two-thirds of the total.

Under the Conservation Reserve, farmers voluntarily enter contracts to hold cropland out of production and devote it to conservation uses. In each of the last two years, farmers have offered land for the program well in excess of the amount that could be accepted.

**1960 Performance**  
The time for 1960 performance is getting close again. Again we request producers to assist the performance reporter when he visits your farm to measure allotment crops. We wish to thank you again for your wonderful cooperation in the past and we sincerely hope that it will continue in the future, for without your cooperation, the job couldn't be done.

**Conservation Reserve Permitted Acres**

Each farm operator with a Conservation Reserve contract has been mailed a notice of the permitted acres of soil bank base crops that can be planted on the

farm for 1960. A list of soil bank base crops was attached to your notice. Avoid trouble by not over planting the permitted acreage.

**Release And Reapportionment Of Cotton Acreages**

Twenty-seven (27) cotton producers released a total of 544.1 acres of cotton to the County Committee for reapportionment to cotton producers who had made requests for more cotton. Every producer who signed a request for more cotton will receive more cotton. The notices will be mailed this week.

The County Committee urges that all producers plant all their allotment.

**HOSPITAL NOTES**

Patients as of Wed., April 27: Georgia Nell Robertson, Mrs. G. A. Robertson, Sylvester Rogers, Nancy Williams.

Dismissals, past two week: H. C. Alexander, Ruby Bromley, Ralph Gillespie, Mrs. Ralph Gillespie, Louise Massingill, L. T. Mays, Melvin Moore, Mrs. Leroy Nelms, D. T. Smallwood, Eugene Smith, Jack Walker, Mrs. V. L. Watts, Rhoda Wiedman, Glenn Williams, Sandra Williams and H. C. Yarbrough.

**VISITORS HERE**

Misses Mildred and Helen Martin and Mrs. Leta Verne Weeks of El Reno, Oklahoma, visited Mr. and Mrs. T. M. Shaver over the week end.

Miss Helen Martin leaves May 14th for a summer vacation trip around the world, flying from New York to London, Paris, Rome, Naples, and Cairo, where she will attend a homecoming of teachers and students of the Presbyterian Mission School, who are celebrating their 50th year of the school. Helen taught music there for two years some time ago. She will join another teacher there and they will go on to Saudia Arabia, Pakistan, India, Burma, Siam, Hong Kong, Tokyo, Honolulu, Los Angeles and home.

**Cub Scout News**

The April 21 Pack Meeting had a big turnout with 110 present. The big event of the evening was the award of the attendance tail. Den 4 won it for the second straight time and they are already working to invite guests to stand up for their den at the next monthly pack meeting. If they win it next time it would be their third straight time and they will get to keep it permanently.

The opening ceremony was the placing of the flags, Cub Scout Promise and Pledge of Allegiance, given in unison by the boys. Ass't. Cubmaster Paul Hancock gave the invocation.

Boys who received awards were Frankie Ellis, 1 gold arrow and 1 silver arrow; Joe Greene, 1 gold arrow and 1 silver arrow; Steve Bell, 1 gold arrow; Everett Monroe, 1 gold arrow; Gene Hommel, 2 silver arrows; Tommie Saye, Wolf Badge.

Past awards were: David East-erling, Wolf Badge and Gary Baker, a 50th Anniversary Card. The movie for the evening was Cotton John's film, "An Arctic Adventure," and it was good.

The Den 4 boys each gave some information on Lake Michigan. The Den 1 boys gave short, informative descriptions of each of 5 Great Lakes. The Den 2 boys gave a skit on how the Great Lakes were named.

To close the evening the group sang "Good Night Cub Scouts."

The fathers and their guests will have their monthly Pack Committee meeting next Monday night May 2. The Donley County Soil Conservation office will bring a wildlife movie on birds, their habits and surroundings. All Cub Scout Dads are urged to be present.

A district training session will be held at Memphis in the Cyclone Cafe dining room on Tuesday, May 3, at 7:30 p.m. This will be the first session of the Cub Scout Leaders' Basic Training Course and is presented by the District Training Committee.

All Den Mothers and interested parents of Clarendon are invited and urged to attend. Meet at the

First Christian Church at 6:45 p.m. to go in a group to Memphis.

The Adobe Walls Council of the Commanche District held a round table meeting in Wellington Tuesday night, April 26. The theme for the month of May is Showboat. Many good ideas for projects were brought out at the meeting.

Those attending from here were Clyde Price, Jr., Arvis Davis, Mrs. J. E. Kidd, Jr., and Mr. and Mrs. Tommie Saye.

**TO THE VOTERS OF PRECINCT 3**

Since I live several miles out of town, there may be some question as to my ability to care for the office of Commissioner. I want to state that if you elect me to that office, I shall move into Hedley before I take office that my first consideration may be in serving you as your representative as your county commissioner.

I again ask your consideration when you cast your vote on May 7th.

Thanks,  
Tommy Bain

this line we heard about the pastor that always wished his congregation "A Merry Christmas" at the Easter Services — he was afraid that he would not see many of them again before that time.

Speaking of Easter we had the house chuck-full of company over the week end. We enjoyed it all a lot but everything has some bad and good. We were so covered up with company that we couldn't make it over to Floydada to enjoy life with the members of the Lighthouse Electric Cooperative. We were so sorry. Our invitation had the backing of Mrs. Nancy Morchel, Home Economist for this wonderful institution. Please invite us again

Mrs. Morchel and we will surely make it next time. Many of you have heard of this fine lady by the quotes from her regular column. This one we really liked; The fellow who says; "What's the use — Is never the engine, but the caboose."

Another thing we will have to miss is the wonderful barbecue with the folks of the Rolling Plains Registered Beef Cattle Ass'n at Clarendon next Saturday night. This invitation was endorsed by our good friend Flip Breedlove and to make us even more sorrowful at having to say no, it is paid for by another friend, Mr. J. D. Swift, the banker. Never before have we had the opportunity to get ahead of a banker — cashwise, that is. To make the situation even more tormenting we will have to be listening to our own self make a talk at the very same time, due to a prior promise. I never felt more like breaking my word. Please invite me another time.

If you look very close you will find our column in some more papers as of late. For one you will see us in the McLean News. This is sort of tall cotton for us because we have this chance to appear alongside the column Cabbages and Kings which walked off with a first place at the Panhandle Press Convention. Maybe, we should have said we were in Tall Cabbages.

Anyway, that may have all come about because we have been appearing just two pages over from Uncle Claude in the Claude News and he took the organization for a second place ringer. Now this is what will happen if you run with the right folks. Anyway, thanks Uncle Claude and Mr. Neal for having the right influence.

Another big day in our books was the Annual 4-H Club Auction Sale sponsored in Armstrong County by County Agent Foster Whaley and his hardworking crew. Each year they earn their trip by some worthwhile project such as this one, and one time we even got to go along. We think this Sale is a very helpful and worthwhile project and we have to give credit to this Club and its leader for starting this idea here in this part of the country. Now, we read about several here and there, but the first we knew about was some five years ago when this local Club put on a whopper.

Regardless of the vacation season being almost here, and the fact that we mentioned our little book about Red River, New Mexico, last week there are still a few copies marked especially for the readers of this column. If you send \$1.00 we will mail a copy of the 32 page book just as soon as possible. It might help your vacation plans.

Another up and coming week-

ly paper that is going to use our column all or part time is the Briscoe County News. Not just because of the above fact but for other good and more reliable reasons we predict that this young couple are going to go places co-editing and co-working as a man and wife combination on this paper. You just watch and see.

We say a big Thank You for this chance to meet many more people through the pages of these additional papers. We hope that in which ever paper you read our column that you will at least now and then take time to drop a line to the editor. It is the only way either he or Uncle Zeb know who reads his paper or our little corner. Experienced newspaper people tell us that folks don't write in very freely unless you

make them mad. Now even if we don't get a scratch we don't want to do that.

So Many Good Wishes To Everyone . . .

In the Red River book we tell about the Wonderful Circle of Beauty that takes one by Questa, Taos, Eagle Nest, and Red River, and it is breath-taking. Here in Texas we recommend another circle that we think should be bragged on to the limits by all of us who live nearby. That is the Circle that takes in Claude, the beautiful Palo Duro Canyons, Silverton, Tule Canyon, Brice, Clarendon, and up or down the Caprock on 287. Over the week end we showed this beauty to some folks for the first time and they were thrilled. We live so

near it that we fail to appreciate it as we should. And no trip along this route would be complete unless we took the short jog down to beautiful Burson Lake. It is open the year around and according to the managers fishing is at its best right now. If you have never been to this lake you will be astonished at its natural beauty.

A pot-rack outfit, according to cowboys, is a ranch crew which uses no tents on roundup when it is the custom of the country to do so.

That's a 6303 medium-duty Chevrolet powered by a 283-cu.-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankinship, Arkansas logging contractor, says both of his torsion-spring 6303's "move along at 40 to 50 miles per hour with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-tonnage load!

We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road without beating the driver to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in! . . . Drive a '60 Chevy just once. It's a whole new experience.

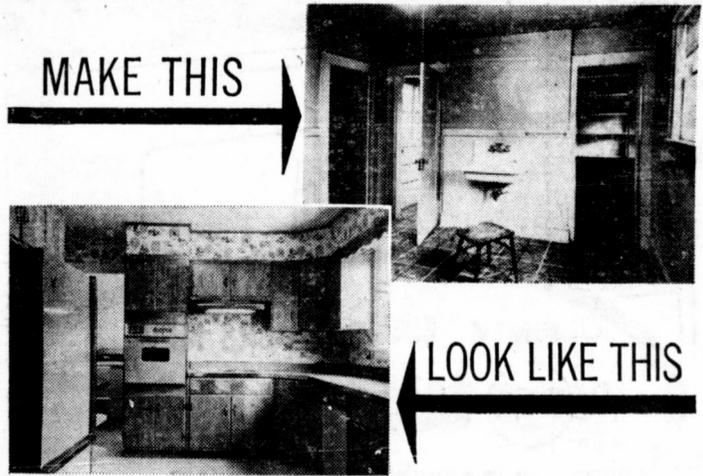

Chevy middleweight averages 200 miles of back roads a day dogging timber out of the woods and delivering it to the mill at Crossett, Arkansas.

AUSTIN — First it was \$100,000 homes for college presidents. Now it's \$36 doorknobs for the State Office Building that have cost-conscious legislators blowing their tops.

Legislature went through an arduous seven-months tax rais-

ing session last year to scrape up enough money to keep state services going. Despite all the problems and criticisms they weathered, it wasn't enough. Now they are face to face with the prospect of another deficit next year and the need to raise more taxes.

It is in this not-so-rosy setting that the House Committee on Saving Taxes is checking into how state money has, and is being spent. When they heard that the terrazzo floors in the brand new State Office Building had cracked, committee members decided to investigate further into the \$3,793,000 building.

They learned that the air conditioning system vibrated excessively; that the building had 1,000 elaborate door knobs, costing \$36 apiece; and that there were telephone booths in the

hallways lined with expensive marble. Some offices had no doors.

They noted that the Texas Employment Commission Building, just across the street and to the casual observer equally as handsome, cost only \$14.33 per square foot compared to \$17.40 for the State Office Building.

Cracked floors now are being removed and replaced by the contractor, at no cost to the state. Efforts are under way to smooth out the knocks in the air conditioning. Legislators are unhappy at the lack of supervision and inspection while the building was under construction.

H. R. Nieman, who became director of the State Building Commission after the building already was built, told the committee he agreed the structure was probably wasteful in some features. He attributed this to inadequate supervision. Steps are being taken to watch this more closely on future projects, he said.

RAW MATERIALS — Gov. Price Daniel has promised to have two sets of ingredients ready when the State Finance Advisory Council meets May 16 to begin shaping up a long-range fiscal policy for the state.

Daniel will present to the

committee:

(1) A 10-year projection of budgets of agencies which represent the state's main money needs — schools, highways, hospitals and welfare.

(2) Five suggested new tax plans.

He does not intend to make the five tax plans public before the committee meeting, said the governor, because he doesn't want them to get involved in the current political campaigns.

It is certain that the governor's proposed tax plans will not include a general sales tax or income tax, both of which he has long opposed. However, he said he will ask the committee to look down the road and "report honestly whatever you find and let's see how long we can go without sales or income taxes."

HOUSTON U ASKS AID — Now under consideration is whether the University of Houston should become a fully state-supported college.

Commission on Higher Education will hear a report on its staff findings probably in October and make a recommendation of the Legislature, pro or con, next year.

In making their bid before the Commission, Houstonites said the

state would get a \$22,000,000 institution with a 275-acre campus, all free of debt. In return, it would need to spend about \$4,000,000 a year for operating it.

Increased costs have forced the school to raise its tuition fee to \$600 a year and more, with a resulting drop in enrollment. Tuition at state colleges is only \$100 a year.

Council of State College Presidents opposes the move on grounds that the state cannot afford to spread its support any thinner without a damaging drop in quality.

Houstonites point out that their county has 10 per cent of the state population, pays 20 per cent of state taxes, but has not state college in the area.

SPORTS FUNDS DUE INQUIRY — Commission on Higher Education has ordered an investigation of rumors that state money is being used by some colleges for intercollegiate athletics.

A previous report to the Commission had indicated that this was usual among all schools except those in the Southwest Conference which get enough from gate receipts to support athletics.

Requests by six schools to expand their course offerings are under study. Each proposal will be considered at least six months before approval or disapproval.

LABOR CASES UPHELD — State Supreme Court ruled that labor unions have a right to present grievances to a school board if they do not claim the right to strike.

It overruled the position of the Dallas School Board that dealing with the union would be the same as recognizing it as a bargaining agent for public employees and therefore contrary to law.

In another case the high court struck down the sentences imposed by a Dallas judge on three labor officials for picketing in violation of his court order. Because they were picketing a business that is in interstate commerce, their action was held to be a case for federal, not state, courts.

STATE DEFICIT DROPS — Annual payments of taxes on corporation franchises and insurance premiums are whittling down the shortage in the state general revenue fund.

After hitting an all-time-high of \$88,000,000 in March, the deficit dropped to \$76,496,922. It is expected to drop further through the spring but not enough to get out of the red this year.

Reasons are several: a drop in oil revenue due to the industry's troubles, lawsuits which tie up expected revenue from the new severance beneficiary tax on natural gas, loopholes in the new

sales taxes on furs, jewelry, air conditioners, etc., that have caused revenue to fall below expectations.

LARGE WHEAT CROP — Texas' winter wheat crop is expected to hit 78,714,000 bushels, third largest crop among the states.

U.S. Dept. of Agriculture describes conditions in Northwest Texas as very favorable, with plenty of moisture and light damage from winter weather.

### CHAMBERLAIN NEWS

Mrs. A. O. Hott

Mr. and Mrs. A. O. Hott, Mr. and Mrs. Leonard Dozer and Mrs. Roy Blackman returned home from Fort Worth after attending the funeral of their brother, Mr. G. D. Townson. He had made a lot of friends in Fort Worth. A member of the staff at Shannon's funeral home said that he had one of the largest funerals held there in a long time. There were so many flowers they could not be carried out in one load. It was a great comfort to us to know he had so many friends. He was loved by all who knew him.

Mr. and Mrs. Roy Blackman spent the Easter holidays with

his mother, Mrs. Natta Blackman in Bula.

Mr. and Mrs. Lowell Heckman and family of Sundown spent the Easter holidays with her parents and Mr. and Mrs. Sidney Muse and family of Dimmitt spent Easter Sunday with his parents, Mr. and Mrs. Lee Muse. Mrs. Frank Cannon and family of Amarillo and Mrs. J. D. Jones and family spent Easter Sunday with their parents, Mr. and Mrs. H. A. Harrison, and had an egg hunt for their children.

Mr. and Mrs. Pete Corbin, Mr. A. L. Corbin, Mr. and Mrs. D. H. Ponder, Mrs. Care Worth and son, Curtis, all of Amarillo spent Easter Sunday with their sisters, Miss Ruth and Nell Corbin, and friends.

Mrs. Jennie Merchant and sons, Steve, Richard and Bobby of Canyon and Mrs. Cal Merchant of Clarendon spent Easter Sunday with Mr. and Mrs. Bob Williams.

Mr. and Mrs. Junior Mann and family of Amarillo and Mr. and Mrs. Jiggs Mann and daughter, Camille spent Easter Sunday with their mother, Mr. and Mrs. Richard Dingler. That was the first time they all had been together in a long time.

Bonnie Lou Hatfield of Dumas spent the Easter holidays with her ransparents, Mr. and Mrs. J. A. Ivey.

Wilman Mann spent Thursday

night with Fredda Bourland at Quail.

Jean Welch is spending two weeks with her parents, Mr. and Mrs. Gene Welch.

Wayne Lowe and his uncle, Zed Doshier, both of Amarillo spent Easter Sunday with Mr. and Mrs. Walter Lowe.

### SOCIAL SECURITY PAYS IF YOU BECOME DISABLED

Some people in the Panhandle may be losing social security benefits to which they are eligible according to Hal Geldon, Manager of the Amarillo Social Security Office.

A person who has been totally and continuously disabled for a period of at least six months and

of Amarillo visited her sister, Mr. and Mrs. J. D. Jones, Sunday afternoon.

Mr. and Mrs. Troy Broome visited his sister, Mr. and Mrs. B. Webster, in Memphis Sunday.

Mrs. Kenneth Webb of Clarendon visited her grandmother, Mrs. R. M. Webb, Sunday afternoon.

Mr. Hott and I want to thank all who sent us cards, called and came out to see us. We will remember you always.

who has been employed or self-employed in work covered by the Social Security Act for approximately five out of the ten year period before disability began, may be entitled to a disability freeze. April 1960 is the first month farm operators can meet this requirement. Freezing means protecting the person's social security investment, and the period of disability will not count against him. This applies to persons under 50.

"If you are at least 50 years of age and meet the requirements for a disability freeze, you may be entitled to a monthly disability benefit," Geldon said.

Geldon emphasized that all disabled workers including farmers who have questions regarding the disability protection under the Social Security Act should get in touch with their local social security office now. The district office located at 1008 Adams, Amarillo, serves the 26 Texas Panhandle counties.

Any man who looks up his family tree is apt to get out on a limb.

Inconsistency is the only thing women are consistent about.
