Jaycee Installation Banquet Set For Jan. 26

The installation banquet of the Clarendon Jaycees will be held Friday evening January 26 at 7:00 p.m. in the new school cafeteria.

The Jaycees would like to extend an invitation to all citizens of Clarendon to attend the banquet. Advance tickets may be secured from any Jaycee member at \$1.50 per plate.

Spectators saw the Clarendon Jaycees win over the Pampa Jaycees 29 to 28 last Thursday night. It was a fast-moving, exciting game with a little comedy and good-humored fun sprinkled throughout.

The regular Jaycee meeting tonight (Thursday) will be held at 7:30 upstairs in the Tunnell Pharmacy building.

Pay Water Bill Or Be Cut Off

In accordance with a city ordinance and a note at the bottom of your water statement, water users in the city of Clarendon are required to pay their water bill by the 20th of the month.

This requirement in regard to paying water bills has been ignored by too many customers which necessitates strict enforcement of the ordinance.

Pay your bill by the 20th or be cut off. This will be strictly enforced. If you have not paid by the 20th your water service will be shut off and you will have to pay a \$2.50 service charge to have your water turned on again.

Signed: City Commission, City of Clarendon.

HOSPITAL NOTES

Patients as of Wed., January 10th — Betty Keys, Fletcher Curry, C. C. Carter, Lula Budd, John White, Mrs. John Blocker, Beth Bennett, Mrs. Bill Cornell and baby boy, Clarence Cornell.

Dismissals — Mrs. John Chamberlain, J. F. Cook, W. L. Hollingsworth, Mrs. Tom Joiner and son Michael Thomas, Jess Pool, Jack Rogers, Isabell Towler, Mrs. D. C. Williams, Mrs. W. J. Whitt.

Bronchos Play Quail Here Friday Night

The high school basketball teams, both boys and girls, will meet Quail in the local gymnasium Friday night. The girls game will begin at 7:00 o'clock.

The local teams hold victories over the Quails this year. They went to Quail Nov. 24 and the girls won by a score of 46 to 41 and the boys came home with a 33 to 28 win.

The District 2-A conference will start next week with Clarendon going to McLean for their first games next Tuesday night. McLean and Memphis are co-favorites for the district championship in the boys division with Clarendon picked for third place, Canadian fourth and Lefors fifth.

W.T.U. LINEMEN RESTORE SERVICE DESPITE ADVERSE WEATHER CONDITIONS

Severe winds accompanied by snow played havoc with the West Texas Utilities Company lines west of Quanah to Childress and north of Childress to Memphis, Hedley and Clarendon last Friday morning.

A high line pole four miles southeast of Clarendon was snapped by the wind causing damage to the 69,000 volt line between Clarendon and Memphis. Three high line poles between Childress and Quanah succumbed to the severe wind in that area and broke another 69,000 volt line linking the two cities.

J. C. Randel, WTU District Manager at Childress, was quoted as saying, "Despite the handicap of adverse weather conditions, our crews restored the damaged lines to active service in short order. I am proud of them."

Donley County 4-H'ers Win Honors In Hereford Show

Donley County 4-H club members placed their steers high in the Sandhills Hereford show this past week says county agent Flip Breedlove. There were four classes of steers with forty-three steers in each class.

In the middleweight steers, Gene Floyd of Hedley was third, and in the lightweight steers, Don McAnear was seventh. Only two steers were sold at this show and the remainder were scratched from the sale as the group thought they might bring more money at future shows.

Gene Floyd sold one 858 pound steer for 60c per pound for a total of \$514.80 and he also sold another of his steers for 59c per pound. The steer weighed 951 for a total of \$532.56. The two steers brought Gene \$1047.36. He also had some premium money won on the steers that brought his total well over \$1100.00.

Don McAnear won second in the entire show on Showmanship. This was from 16 of the top showmen selected from the entire show and in this group Donley County had three competing. Don McAnear, Gene Floyd and Tracy Sanders made up this group. Don won \$50.00 and a beautiful plaque for his second place winnings.

Only 21 Days Left To Pay Your Poll Tax

According to Sheriff-Tax Assessor-Collector Truett Behrens, only 491 poll tax receipts have been issued to date and only 21 more days remain before the deadline. This is a general election year and the above total is way below the average figure for this time of year.

The average paid poll tax figure is around 1400 on a general election year with approximately 400 exemptions.

Those who will be 21 years of age this year should also receive their exemption receipt. If you are among those who have not paid their poll tax yet, make it a point to go by the county tax office today... don't put it off.

LEADER CLASSIFIEDS GET RESULTS

Bulldogs Play Amarillo College Friday Night

The Bulldogs of Clarendon Jr. College will journey to Amarillo Friday for a game with the Amarillo College Badgers. The game is scheduled to start at 8:00 o'clock. It will be the third conference game for the Bulldogs and they are still looking for their first victory.

The Bulldogs were defeated in their first games last week as Lubbock Christian College defeated them by a score of 69 to 65 and Frank Phillips took a 92 to 77 win. The game that was scheduled with the Howard County Jayhawks for Tuesday night of this week was postponed until Feb. 17.

The Badgers of veteran Coach Bob Carter were sporting a 1-2 conference record as of Tuesday of this week. They defeated Frank Phillips by a score of 73 to 72 and were defeated by San Angelo, 83 to 71 and by Odessa, 68 to 58. They will be playing in their new gymnasium and will be out to better their record at the expense of the winless Bulldogs.

Coach Brown's Bulldogs were crippled for their first two conference games and may not be in much better physical condition for the game Friday night. Sophomore letterman Buddy Jones of Hedley is still out with a broken thumb and Ray DeBord is still limping on a fractured toe but will probably play.

Coach Brown has announced a probable starting lineup of either Max Courtney, 6-8 freshman from Wellington or Jimmy Zaring, 6-5 freshman from Adrain at center; Ray DeBord, 6-2 sophomore from Sunray and Alvin Scott, 6-2 freshman from Quanah at forwards and Billy Wiggins, 5-10 sophomore from Hedley and Kenneth Martindale, 5-7 sophomore from Samnorwood at guards. Other boys on the squad besides the injured Jones are: Bill Bentley, 8-1 from Samnorwood; R. E. Butler, 5-11 from Hedley and Joe Lennon, 5-10 and Eddie Hunt, 5-11, both of Dodson.

Services Held Tuesday For C. N. Dozier

Funeral services were held Tuesday afternoon in the Murphy Memorial Chapel for Charlie Nixon Dozier with Rev. Paul Hancock officiating.

Mr. Dozier, 78, died in the Groom Memorial Hospital Sunday. He was a retired cowhand who had worked 50 years for the JA Ranch. He was a member of the First Christian Church.

He is survived by his wife, Mrs. Mary Dozier; two sons, Sayle Dozier of Clarendon and Parris Dozier of Denver, Colo.; two daughters, Mrs. Jess Sparks of Tucson, Arizona and Mrs. Jay Bowles of Happy; two sisters, Mrs. Ira Hanson and Mrs. Lucille Hill, both of Amarillo and five grandchildren.

Pallbearers were Roy Clappitt, Edward Dishman, J. B. Melton, Richard Finch, Oliver Abel and Tommie Saye.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

BAND PARENTS TO HAVE CHILI SUPPER MONDAY NITE

The Clarendon High School Band Parents organization will have a Chili Supper in connection with their regular monthly meeting Monday night, January 15th at 7:30 p.m. in the Home Economics Department. All members are urged to be present.

NOTICE! BRONCHO MOTHERS

All Broncho Mothers who wish to eat at the Football Banquet Saturday night, January 13, should have their order for their plate turned in by noon Friday, January 12. The plates are \$1.50 each. Orders may be placed with Mrs. J. G. McAnear, 874-2485 or Mrs. Fontayne Elmore, 874-2276.

Bronchoettes Win Wellington Tourney

The Clarendon High School Bronchoettes of Coach J. R. Williams, brought home the first place trophy from the Wellington Tournament last week. The girls showed a lot of polish and determination in winning three games. They defeated Quail in the opening game by a score of 71 to 43, then toyed with Groom for a 57 to 27 win before taking the championship game from the host team, Wellington, by a score of 56 to 46.

The last game with Wellington was the only game that could be considered close and it was never in much doubt. The Bronchoettes jumped off to a 19 to 10 first quarter lead and were never in any apparent danger as they increased the lead to 32 to 23 at the half an d to 49 to 32 at the three-quarter rest period. Coach Williams substituted freely during the last quarter. Paula Adams took high point honors with 32 points and Dorothy Richey made 20 and Judy Castner, 4. Peggy Jackson was outstanding on defense.

The other two games were won easily by the Clarendon girls, with the reserves playing almost as much as the regulars. Paula Adams scored 29 points against Quail while playing only three quarters of the game and the next night she made 21 points against Groom and played only the first half. Dorothy Richey made 21 points against Quail and 14 points against Groom and Judy Castner made 11 points against Quail and 15 against Groom. The halftime scores were 40 to 21 in the Quail game and 41 to 18 in the Groom game.

The Bronchoettes season record is now 13-1. Their only defeat has been at the hands of Samnorwood in the Samnorwood Tournament.

The boys didn't fare so well in the Wellington Tournament. They won their first game by beating the Wellington "B" team by a score of 55 to 31, but were eliminated by Memphis in the second game by a 57 to 48 score. Billy Spier made 17 points to top the scorers in the Memphis game and James Allen made 15 for high in the Wellington game.

Real Winter Weather Blasts Area With Below Zero Temperature

Real winter weather has become more than just a topic of conversation. It has reached the point whereby practically everyone in the area is feeling its sting in more ways than one.

Strong winds accompanied by freezing rain and snow invaded

the area last Thursday night and by early Friday morning had coated power and telephone lines point whereby practically everyone in the area is feeling its sting in more ways than one. Strong winds accompanied by freezing rain and snow invaded

Greenbelt District FFA Banquet Here Tues. Nite

The Greenbelt District of the Future Farmers of America held their annual banquet at the local school cafeteria last Tuesday night. This was labeled their Sweetheart Banquet in which some 17 contestants from area schools were entered in the contest. The winner was Miss Elizabeth Pearson from Turkey. Miss Jeanie Gibbs was the Clarendon entry.

The banquet meal was prepared by Mrs. Ruby Bromley and the program consisted of an opening ceremony by the district officers, with James Moffett of Clarendon, presiding, introduction of guests by the district secretary, Charles Floyd of Wellington, and the invocation by Mr. Morris Ledger, Clarendon High School Principal. After the meal, entertainment was furnished by Mrs. W. W. Pinkerton and her two daughters, Sandra and Andra, and the sweetheart contest followed.

Special guests included Jack Tompkins, of Radio and TV Station, KFDA, of Amarillo; Bill Rhue, Royce Bodiford and "Cotton John" Smith of KGNC, Amarillo; Mr. J. R. Cox, Superintendent of Schools, Clarendon; Fred Bourland, Don Robinson, President of Young Farmers, Mr. and Mrs. J. C. Moffett, Homer Estlack, Mrs. Roland Hill, and Agatha Wallin.

The Greenbelt District Officers are President, James Moffett of Clarendon; Vice-President, Neal Lowry of Samnorwood; Secretary, Charles Floyd of Wellington; Reporter, Gene Floyd of Hedley; Treasurer, Rudell White of Quail; Sentinel, Quentin Henderson of Childress and Parliamentarian, Conny Moore of Lakeview.

Donley County Leader \$3.00 Yr. in County.

Numerous telephone and telegraph poles went down between Clarendon and Estelline, knocking out those means of communication and a power pole four miles east of Clarendon and others in the Quanah area interrupted electric power here from 4 a.m. until around 10 a.m. Friday morning. Hedley, Lelia Lake and other rural areas were without power a longer period of time as the heaviest ice coating was in the Hedley area.

The repair job on all lines was a rough task as the wind remained high along with the cold weather. Linemen are to be commended for their efforts in every department.

In regard to telephone service, the main Bell Telephone trunk line went down in several places between Clarendon and Memphis which caused the interruption here as General Telephone Co. leases the lines from Bell. We have been informed that Bell plans to put their cable underground which will eliminate such incidents in the future.

Snow along with another push of wind invaded the area Monday night which slowed travel in some areas and the mercury took a nose dive. The high recorded Tuesday was 13 degrees above zero and the low Tuesday night was a very cold minus-2 degrees below zero.

The snow and ice last Friday melted out .25 inch of moisture. The snow Tuesday melted out .09 inch to bring our total for the month to .34 inch.

The biggest drawback to the cold weather at present is the low gas pressure which has caused some discomfort to residents living near the end of a gas line. The extreme cold has caused a heavy drain on the supply.

—ZEUS Intercepts HERCULES—

THE ARMY'S NIKE ZEUS anti-missile missile, now in development, successfully intercepts a NIKE HERCULES missile high above White Sands Missile Range, N.M., in a recent test firing. At left is the launching of the target NIKE HERCULES. At right, NIKE ZEUS roars from its launching pad on its way to intercept. Center, from top to bottom, shows the bursting spotting charge in the ZEUS at closest point of intercept and subsequent flight of the target missile. The burst marks the position of the NIKE ZEUS at the time when a live warhead would have burst. An electronic measuring device recorded precisely the distance from the point of burst to the target. In this firing the distance was well within the lethal radius of the warhead planned for the NIKE ZEUS.

NEW ARRIVAL—Sp5 Bernard P. Murphy (St. Louis, Mo.), left, and Sp5 Wayne N. Griffith (Cuyahoga Falls, O.), members of the 545th Trans. Det., strip the protective "cocoon" off an Army H-21 SHAWNEE helicopter. The chopper, part of the equipment of the 81st Trans. Co., was sprayed with preservative to protect it from salt spray and other abrasives during its ride from California on the flight deck of a carrier. Both the 545th and 81st are attached to the 25th Inf. Div., Schofield Barracks, Hawaii. The H-21 is manufactured by Vertol Division, Boeing Airplane Co.

TUNNELL PHARMACY The Rexall Store

Texas needs to "Get with it" in the matter of highway speed. We brag about the best highway system in the South and then rank the slowest in speeds authorized by law. When we say authorized by law we mean just that. Everyone drives as fast in Texas as in the neighboring states. If anyone doubts this they should start down the road at 60 miles per hour. At this speed even the trucks pass you by.

Rumor has it that those in the enforcement business consider the fact that our speed limit is low and try to be patient with the first few miles over. If this be true why not raise the legal

speed and then enforce the law. To have half the folks trying to drive sixty and the other from sixty-five to eighty makes for a lot of passing.

Why not a legal speed of seventy on the good roads and then make the penalty apply to any infraction of even one mile above that? This would stabilize the traffic at a more uniform rate of speed.

Since 1956 the Governor has worked with an agency known as the Governor's Highway Safety Commission. It might help if we would all write a letter to him giving our views. If the general public would have more respect for a law that was in line with the states on either side then even a better record of safety might be attained. Many argue that with improved roads and better cars the speed of seventy miles per hour is safe. It could well be safer than the way it is now.

The most encouraging note so far in 1962; most of the companies who sell fall-out shelters will give you up to five years in which to make payment on one. . . . This means that even those who deal in the gloomy things have a bit of a bright spot in our future.

On the gloomy side one fellow remarked that over 20 million Americans go to bed hungry each night — most of them on Metrecal.

We judge ourselves by what we are capable of doing. We judge others by what they have already done.

One of the biggest rooms in all the world is the room for improvement. Just about any direction we turn there seems to be no limit to the space we have if we should desire to work on this project.

One of the first steps we should take in our search for the ladder of happiness would be up the church steps. Unless we began with the right relationship with God we are unlikely to get very far. God is everywhere but if He doesn't find us in church we may be a little bit embarrassed to call His attention to our whereabouts.

We do not light a candle in order to sit and gaze at its glow, but rather by the light of the candle we go looking for something else.

For years we belonged to the Lions Club. In listening to the fellow Lions we came up with the conclusion that the service club known as the Rotary Club was for older men than those which commonly associated themselves with other Lions. After visiting the wide awake Rotary Club of Memphis we will have to disagree.

In the first place no old person could climb the three flights of stairs to their regular weekly meeting place. Then when we met the wide awake fellows who are taking this club along at a fast pace we knew someone had misinformed us.

We liked the idea of their printed bulletin for the week. The thought for the day came from the pen of C. H. Spurgeon: "Every generation needs regeneration."

Another good thought from the bulletin was a quote from the well-remembered Gipsy Smith, "You save an old man and you

save a unit; but save a boy and you save a multiplication table." This would be a good quote for our friend, Cal Farley of Boys Ranch . . .

We can't imagine why any Club would need an out-of-town speaker when they had as a member the unusual and talented Tomie Potts as a member. Tomie is a well known after-dinner speaker especially among the Cattlemen's Association banquets. Imagine how complimented we felt when this friend of ours asked that we become his program for the year. Thanks Tomie, and thanks to each of you wide-awake business men who make up this fine club in the town of Memphis. Tomie keeps the record of having the best program so far each year. He is pretty safe so long as he can manage to have the first program of the year — this time on Jan. 2nd.

"Because of the almost confiscatory rate of taxes, many businessmen have been discouraged from fighting so vigorously to expand their businesses. A reduction in taxes would tend to right this wrong. It would provide an incentive for expansion. It would put more money into

circulation by allowing private people to keep more money, by creating more jobs as businesses were expanded, which in turn would put even more money into circulation."

Dodge Dart 440 2-Door Hardtop

SIZED RIGHT IN THE MIDDLE OF THE BIG AND LITTLE—DODGE DART

DART HAS A NEW LOW PRICE. COMPARE IT!

New car sales are booming. It's a great year to get a great deal. But before you buy, check your Dodge Dealer.

FORD FAIRLANE	\$2079
MERCURY METEOR	\$2203
THE NEW SIZE DODGE DART	\$2241
CHEVY BISCAYNE	Price includes heater \$2324
FORD GALAXIE	\$2378

The comparison above is based on manufacturers' suggested retail price of six cylinder 2-door sedans. White wall tires, bumper guards, other optional equipment, state and local taxes (if any) and destination charge extra.

PERFORMANCE. The new size Dodge Dart has the most powerful standard six in the business. The Dart-6 gives the muscle of an eight with the economy of a six.

SAFETY. Dart gives you more braking power-per-pound than any car near its price. As much as 62% greater lining area. The brakes adjust themselves automatically.

DEPENDABILITY. Dart's body is rustproofed. You go 32,000 miles between grease jobs. A high-speed starter and the alternator are standard for quick, sure starts.

COMFORT. Plenty headroom, legroom. Chair-high seats. Reduced floor hump. Man-size wheels and tires that put plenty of rubber on the road. Smooth Torsion-Air ride.

NEW SIZE DODGE DART. Two feet shorter than America's largest car. Two feet longer than the smallest. Maneuverability without sacrifice of room or comfort. Gasoline economy and outstanding performance.

Ballew visited his brother, Mr. and Mrs. L. F. Ballew at Plainview Sunday. Mr. and Mrs. Jimmy Carter of Amarillo spent Friday night with his parents, Mr. and Mrs. A. C. Carter.

HOG CHOLERA ON WAY OUT

A new law authorizing the USDA to undertake a broad Federal-State hog cholera eradication program has been passed by Congress and signed by President Kennedy. In making the announcement, the USDA said this law will enable them to initiate a program sought for many years by meat and swine producing groups and state agricultural and livestock health authorities. The new law permits the Secretary of Agriculture to establish a 12-member advisory committee to help develop plans for an eradication program. An ARS official will head the committee, which will have representatives from the swine industry, consumer groups, state and local governments, and professional and scientific organizations. Under the new law, the USDA is authorized to prohibit or restrict interstate movement of virulent hog cholera virus, which is sometimes used to inoculate animals. Inoculation with the virulent virus is considered dangerous, because it can become a factor in the disease's spread. Safe vaccines that confer immu-

nization more effectively are available, and many states already ban or restrict the use of live viruses for immunization. In addition to controlling use of virulent hog cholera virus, ARS animal disease officials want to institute such measures as heat treatment of garbage fed to hogs, and destruction of infected and exposed animals with payment of indemnities to owners to compensate for these losses. They also listed as essential such practices as control of animal shipments within and across state lines, prompt reporting of new hog cholera outbreaks, increased vaccination in areas with high disease incidence, keeping the swine industry informed on progress of the campaign, and research to improve eradication techniques.

The Animal Disease Eradication Division of USDA's Agricultural Research Service will administer Federal phases of the program in cooperation with States that wish to participate. Operation screwworm control, initial project of the recently organized Southwest Animal Health Research Foundation, is making a lot of headway. More than half of the State's counties have already organized committees and are raising funds and half of the remaining counties have held planning meetings. County agents and teachers of vocational agriculture are providing educational and organizational leadership for the program on the local level.

WTU's outlook for 1962 is for even more...
GROWTH
In this new year, West Texas Utilities will continue our three-step area development program.
1. We will continue our own current expansion program to permit us to serve even more people.
2. We will continue to promote the business and industrial advantages of this area in national publications.
3. We will continue to work with all area communities in their local development programs.
This is our 1962 schedule, because more than ever our service area faces GROWTH UNLIMITED.

Motor Trend magazine makes it official:
1962 car of the year! The Motor Trend editors elected Buick Special. And you'll agree, this one's a winner in any man's league. One of the big reasons? The Special's Fireball V-6 (V for Voom—6 for savings). Come guest-drive the "Car of the Year" at your Buick dealer's today.

Mr. and Mrs. Banister Celebrate Golden Wedding Anniversary

Mr. and Mrs. E. E. Banister of Clarendon celebrated their fiftieth wedding anniversary Sunday afternoon, January 7, with an open house at the family home. Hosts for the occasion were their children.

Miss Ollie Brown and F. E. Banister were married at Mt. Vernon, Texas, January 7, 1912. They moved to the Panhandle, settling at Hedley, in 1920, and in 1952 moved to Clarendon where they have since made their home. Mr. Banister has been engaged in farming. The couple has seven living children and two deceased.

Five children and their families were present to help their parents enjoy this happy occasion: Mr. and Mrs. Hollis Banister and family of Lelia Lake, Violet McNabb and family of Albuquerque, N. Mex., Mr. and Mrs. E. V. Stone and family of Borger, Mr. and Mrs. Kenneth Banister and family, and Mr. and Mrs. Loy E. Lee of Amarillo. Unable to attend were Robert Banister and family of Connecticut, and Adrian Banister and family of Phoenix, Arizona.

Guests were greeted by Hollis Banister and Kenneth Banister who presented them to their parents. Mrs. McNabb presided at the register.

The refreshment table was laid with a lace cloth and centered with a floral arrangement in gold with the lettering "50th Anniversary." Flanking the arrangement were white tapers in gold candelabra. The tiered wedding cake was topped with a miniature bride and groom. Appointments

were crystal and silver. Presiding at the table were three of the Banister's granddaughters: Sue Leeper, Patricia Banister, and Pamela Stone.

Seventy-two guests registered during the afternoon. The couple received many lovely gifts and cards. Out-of-town guests attending were Ruby and Joy Banister, Plainview; Mr. and Mrs. Kenneth Stone, Perryton; Mr. and Mrs. Weldon Sullivan, Borger; Mr. and Mrs. Keet Reynolds, Mr. and Mrs. Ray Brown, Mr. and Mrs. Leroy Brown, Mickey Banister and Laverne Murray, all of Amarillo; Mr. and Mrs. Benny Woods, Canyon; Mr. and Mrs. J. L. O'Hair, Quail; Ross Brown, Ralls; Mr. and Mrs. John Dickson, Mr. and Mrs. Bill Clay, Mrs. Eva Hill, and Milt Mosley, all of Hedley.

RAMPY-BOLIN

Mr. and Mrs. Jim Rampy of Clarendon are announcing the recent marriage of their daughter, Willa Rampy, to Trent Bolin, son of Mr. and Mrs. Eugene Bolin of Hedley. The marriage vows were exchanged in Pampa on Dec. 29, 1961.

Mrs. Bolin is a senior student in Clarendon High School. She plans to continue her school work. Mr. Bolin is a 1961 graduate of Hedley High School and at present is employed in Estelline. The couple are making their home in Clarendon.

LELIA LAKE MYF

Meeting was opened with prayer by Mrs. Noble. There were seven present. Carol McCallum had charge of program. The title of the program was "A Fresh Start from God's Hand." We sang songs and were dismissed by the M.Y.F. Benediction. Rep.

Miscellaneous Shower Honors Mrs. Dee Blevins

A miscellaneous shower honoring Mrs. Dee Blevins, the former Jeanette Crutchfield, was held in the home of Mrs. Hardy Bobbitt Thursday evening, January 4. Co-hostesses were Mesdames L. M. Putman, Jr., Gordon Mann, Clyde Wilson, Truett Behrens, Earl Shields, Charlie Morgan, Coleman Shields, Mark Allen, Bill Adams, Fontayne Elmore, Bland Drayer, and T. T. Allred.

The refreshment table was beautifully laid in the honoree's chosen colors of blue and white. The white linen cloth was accented by an overskirt of blue net. Centering the table was an arrangement of blue and white carnations flanked by a heart of blue net with white ribbon and topped with miniature white bells.

Miss Andra Pinkerton served the cake and Miss Judy Benson poured the punch. Miss Shirley Mann registered the thirty guests.

The honoree received many lovely and useful gifts including a set of Club Aluminum, a gift of the hostesses. Rep.

ASHTOLA NEEDLE CLUB

The members of the Ashtola Needle Club met at Mrs. C. B. Harp's home on Jan. 4 for the first meeting of the new year. The program was opened by a prayer by Laura Mahaffey. Roll call was then answered by New Year Resolutions of the members present. Bernice Lamberson read a New Year's Prayer, which was written by Mrs. J. A. Loney of Lubbock. Roeda Rattan read the Thoughts on Success, which was written by Mrs. D. G. Peden of Goodnight.

Yearbooks were handed out to members. Vena Hudson discussed our plans of the club for the new year. Refreshments were then served to close out the meeting. Next meeting will be held at Mrs. W. A. Poovey's home, Jan. 18. Bird cages will be fashioned out of coat hangers. Rep.

"The gossip usually gets caught in his own mouth-trap."

Les Beaux Arts Club Holds Friday Meeting

Les Beaux Arts Club met Friday at Patching Club House for a 1 o'clock salad luncheon. Mrs. C. T. McMurtry and Mrs. Emmett Simmons were hostesses.

During the business session presided over by the president, Mrs. J. H. Howze, a report from the nominating committee was read. No nominations were made from the floor and the report was accepted by acclamation: President, Mrs. C. T. McMurtry; Vice-President, Mrs. Forrest Sawyer; Secretary-Reporter, Mrs. W. K. Hardin; Treasurer, Mrs. Gene Alderson; Historian, Mrs. M. R. Allensworth; Parliamentarian, Miss Mable Mongole.

A very interesting program was presented by Mrs. W. J. Lewis, Jr. who gave an account of her recent trip to Japan and a few surrounding areas. She showed colored slides and Kodak pictures and displayed some of the articles bought while there. These included beaded sweaters, hand towels, earrings, and pictures.

Present were Mesdames Harold Bugbee, Stina Cain, W. K. Hardin, J. H. Howze, W. J. Lewis, Jr., C. T. McMurtry, Forrest Sawyer, Emmett Simmons, Guy Stricklin, W. W. Taylor, Frank White, Jr., Gene Alderson, W. D. Bryson, W. C. Thornberry, and Mable Mongole. Rep.

MARTIN QUILTING CLUB

The Martin Quilting Club met January 4 in the home of Mrs. Lela Bulman.

One quilt was quilted and Mrs. Lela Bulman received a polyantha gift.

A covered dish luncheon was enjoyed by Lela Bulman, La Verne Thompson, Rosa Lee Watson, Edna Osburn, Hazel Edens, Elsie Sibley, Eunice Land, Veda Elliott, Lois Stevenson, Blanche Higgins, Annie Waldrop, Velma Hearn, Margaret Waldrop.

Those coming in the afternoon were Dortha Reynolds and Dorothy Sullivan. The visitors were Mrs. Palmer, Mrs. Cole, Mrs. Barker and Mrs. Davis.

The next meeting will be in the home of Mrs. LaVerne Thompson Jan. 10. Rep.

MIDWAY CLUB MET JANUARY 4

The Midway Club met in regular session January 4 in the home of Mrs. L. L. Moreland. There were 13 club members present to enjoy the noon day lunch. One quilt was quilted.

Those present were: Lillie Mae Carmichael, Bobbie Dishman, Loville Eans, Loyd Hillis, Ellen Moreland, Jewell Myers, Allie Quattlebaum, Josie Simmons, Leona Scott, Eddie Williams, Louise Aten, Grace Ayers and Beulah Sanders.

Our next meeting will be Jan. 18 in the home of Jewel Myers. Everyone bring a covered dish.

Plans were made for a party at the Community Building in Lelia Lake Friday night January 12 at 7:00 o'clock. Everyone come and bring dominoes and a dozen cookies. Rep.

CHAMBERLAIN COMMUNITY HONORS MR. AND MRS. MANN WITH WEDDING SHOWER

Chamberlain Community honored Mr. and Mrs. Milton Mann with a wedding shower Friday night, Jan. 5. The table was decorated with a lace tablecloth with a big white wedding cake topped with blue bells as a centerpiece.

The group enjoyed watching Milton and Donna as they unwrapped their many lovely and useful gifts. We wish them happiness always. Everyone was served refreshments of cake and coffee. Next party night will be Jan. 19 with Mary Mann and Ruth Lindley as hostesses. Rep.

ASHTOLA COMMUNITY CENTER NEWS

Ashtola Community Center will have a forty-two party Friday, Jan. 12th. Everyone is invited and asked to bring part of a cake and your dominoes. Rep.

Cotton planted on April 3 in field trials at the McGregor Experiment Station in 1961 produced almost three times as much lint an acre as cotton planted on May 15. O. J. Tippit, farm superintendent, said early planting has proved effective over the years when early insect control is carried out.

GAME CALLING IS FASCINATING SPORT

By Vern Sanford

Morton Burnham is a slight, gray-headed, quiet-spoken gentleman who operates a small machine shop in Marble Falls in the heart of the Highland Lakes area of central Texas. His hobby is inventing.

One day, some 60 years ago, his inquisitive mind came up with an idea that today has opened an entirely new plateau of hunting.

As much as anyone knows to the contrary, Burnham was the father of game calling. He was the first person to imitate the sound of a rabbit in distress —

to call predators.

It all started quite innocently back in 1904. Morton Burnham was nine years old at the time. He was going on his first night hunt.

Clamped on his hat was a hunting light which the youth had invented. It was made from a tin can into which he had poured kerosene and inserted a wick. The crude headlamp gave off a faint, flickering glow.

Burnham walked into the night, following the half-moon swath of light. He skirted a field, climbed through a barbed wire fence and

walked until the light reflected the glow of eyes. Then Morton Burnham raised his rifle and fired. A fine buck fell.

Night hunting for deer was legal then.

The shot set off a chain reaction which young Morton Burnham didn't immediately comprehend. A jackrabbit feeding in the field was spooked by the noise. It tried to squirm under the barbed wire fence but was caught. It began squealing. Almost instantly a pack of wolves pounced out of the dark timber and devoured the helpless rabbit.

Morton Burnham didn't stick around to find out what happened. He ran for home!

Later, back in the safety of the house, he got to thinking about the incident. Why couldn't

a person imitate the sound of a crying rabbit to call wolves? The idea fascinated him.

For three months he practiced and practiced — trying to imitate the sound with his lips. Finally, he had it down pat. He could duplicate the cry of the injured rabbit. He did it by sucking wind through compressed lips and regulating the tone with the palm of his hand.

But would it actually work? He enlisted the help of a boyhood friend. One afternoon they headed for that same spot where the wolves had killed the rabbit.

Morton remembered the way the killers had suddenly appeared out of the night. And he remembered what had happened to the helpless rabbit. He didn't want anything like that to hap-

pen to him. That's why this was an afternoon experiment.

The two boys stopped at the same field where Burnham had shot the deer.

In a quirk of luck, they chanced to see a pack of wolves pursuing a doe. The lean and muscular killers caught the deer and began tearing her to pieces.

Morton Burnham grabbed the arm of his friend and pulled him down behind a log. As they lay there, Burnham imitated the cry of an injured rabbit.

A big she wolf raised her head and looked around. Without hesitation, she quit the downed deer and headed for the source of the cries. On her heels came the other wolves, rushing toward the two boys as if hypnotized.

Morton Burnham waited until the big wolf was almost on him before he shot. She fell heavily. The other wolves wheeled and scrambled for safety.

Before the day's hunt was ended the boys shot two more wolves.

That was the beginning . . .

the actual birth of game calling. It opened an entirely new sport for Morton Burnham . . . a sport that reached its climax for him a few years later when he called and killed 105 foxes in only three days of hunting on a ranch near Richland Springs.

Morton Burnham has had his share of thrills in game calling.

He recalls most vividly the time when he was calling while crouched in a ravine. On this occasion a fox suddenly leaped over the edge, into the ditch, and clamped his teeth into Burnham's arm.

Another time, while on a hunt, he was calling while seated in the fork of a tree. Little did he know that he too was being hunted. Two bobcats were stalking whatever was making the noise.

When two wildcats are after something in a tree . . . such as a wild turkey . . . one cat will climb the tree and knock the game out. The other cat, waiting impatiently on the ground, will immediately pounce upon it.

This is what happened to Morton Burnham. Suddenly he felt something on his back, a clawing bundle of fury. He tumbled earthward, only to be attacked by another hungry bobcat.

That incident sort of soured him on calling at night. And well it might!

Today, Morton Burnham doesn't go "calling" any more. He leaves that to his sons, Murry and Winston.

But he will always be remembered as the father of game calling . . . the first man to fool nature's sly and wily killers simply by imitating the sound of an injured rabbit.

The discovery of a black screw-worm fly may prove very valuable in future efforts to control or eradicate this expensive livestock pest. The black color is important as a genetic marker and could prevent a problem which delayed the eradication in the Southeast — a quick, effective way to identify the released flies. Screw-worm flies are normally blue-green in color.

Talk of ending the special session of the Legislature on its opening day turned out to be just talk.

When the lawmakers got to town at Gov. Price Daniel's call, little support could be mustered by Sen. George Parkhouse of Dallas and Rep. Charles Ballman of Borger, for immediate adjournment.

So, the show is on — and already moving at a fast pace. Governor Daniel immediately laid out his proposals for solving some long-standing problems. Included were the following:

BANK ESCHEAT: Here a compromise with bankers was sought, under which banks would advertise locally each year for the owners of accounts which had as much as \$25 in them and which had been inactive for seven years. Balances under \$25 would be sent to the State Treasury which would seek the owners, and if they appear, pay them from a \$100,000 revolving fund which would be kept in the Treasury for that purpose. Rep. Charles E. Hughes of Sherman, who has worked for 10 years to get laws to enforce the escheat laws, felt that ground had finally been found on which the state could agree.

RURAL ROADS: Governor Daniel's veto last summer of the \$15,000,000 appropriation for farm-to-market road construction during the year starting next Sept. 1 was designed to bring another long discussion to a head. It did.

Where \$60,000,000 was available in 1961 (\$50,000,000 in state taxes and \$10,000,000 in federal aid) for construction and improvement of rural roads, Daniel proposed that only about \$42,500,000 be used next year. The other \$17,500,000 would be used to maintain the rural roads.

Daniel got agreement from the Texas County Judges and Commissioners Association and from the Texas Farm Bureau. But

E. J. Chenault INCOME TAX SERVICE BOOKKEEPING CLARENDON, TEXAS Office In Goldston Bldg.

some rural legislators think this is too big a cut all at once, and are talking about the Daniel proposal as the "minimum."

INTEREST RATES: Daniel made no specific recommendations to the lawmakers on interest rates and loan regulation, except to say that the rates proposed by the Texas Legislative Council were too high.

Here there is tremendous difference of opinion among legislators, over two issues.

First question is — "what is a small loan?"

Some think interest ceilings should be held to 10 per cent on all loans over \$500 while others think higher rates should be allowed up to \$3,000, to include the auto loan category.

Latest proposal would regulate rates up to \$1,500 or \$1,000, thus hold interest to a 10 per cent maximum on all loans over that amount.

This issue will be hard fought and many legislators do not expect it to be settled when the 30-day session is over.

TOURIST ADVERTISING: Daniel urged a \$300,000 appropriation for advertising Texas to tourists. Proposal is backed by numerous organizations who feel that the investment will pay big dividends to the state, especially since the state now has a sales tax.

JUVENILE PAROLE: Last year the start was made on a system of state-paid parole officers to supervise boys and girls released from the juvenile schools. But money was provided to pay only six men, including a state director.

Daniel asked for 17 more parole officers. Most legislators agreed on the need, but worried about where to get the money.

One thing is certain — this Legislature won't raise taxes again—not this year.

It is an unusual Legislature in another respect. It has two Republican members. Kenneth Kohler of Amarillo took office first, so he is being called the "minority leader" of the House. His GOP colleague from Texas City, George Korkmash, makes it the largest Republican membership in the Legislature since back in the 1870s, when there were many Republicans in office in Texas, including a governor.

Candidates Becoming Active Politics is perkin' up! Former House Speaker Waggoner Carr is at the rail and ready to run for Attorney General. Actually the Lubbock attorney, a Democrat, has been quietly campaigning for the office for several months.

Austin Attorney Walter Koch is an announced candidate for Associate Justice of the Court of Civil Appeals, Third Judicial District.

Judge William A. Morrison of Cameron has announced for reelection to the Court of Criminal Appeals, on which he has served for 11 years. District Judge Otis Dunagan of Tyler has announced against him.

Reciprocal Privileges Texas Game & Fish Commission has decided to revive efforts to get reciprocal fishing privileges on the border rivers and lakes.

Contract or Repairs **FRED'S ELECTRIC** Electrical Wiring APPLIANCE & MOTOR REPAIRING **FRED ROW** Phone TR 4-2351

WHY SETTLE FOR LESS?

Wash a full 10-lb. load DRY FREE during Mrs. Brewer's working hours.

Attendant on duty during day. Your Clothes folded for a small charge.

DUNCAN Automatic Laundry Mrs. C. N. Brewer, Mgr.

Neither the Texans on Lake Texoma nor the Louisianians on Lake Caddo can tell where the state line is. Sometimes they get fined by the other state's game wardens for not having a fishing license.

Time and time again negotiations have been begun, only to have the idea shelved when officers were changed and the new ones didn't pick up the ball.

This time, Chairman Frank Wood of Wichita Falls will go to Oklahoma to start talks there. Henry LeBlanc, president of the Sportsmen's Clubs of Texas, will try to get things rolling in his position as Southwestern director of the National Wildlife Federation.

Industry Board Picks Clark Texas has an industry-seeking agency — the Texas Industrial Commission.

It got a new director in Harry W. Clark, who has been head of industrial development for the Texas & Pacific Railway Co. He replaces Walter Dickerson.

Commission decided to center its efforts on coordinating and complementing the work of community industry seekers. Also to serve as an information center for facts on industry and its needs. And to help advertise Texas nationwide. Legislature provided them \$55,000 for these purposes last year.

Aired Up Bread Agriculture Commissioner John White sent word to all bakeries that the "balooned loaf" of bread is illegal under the state law.

White said this new "over-sized" loaf has appeared in several parts of the state.

It actually weighs a pound. But if filled with air it bakes into a loaf the same size as the pound and a half loaf. Weight is printed in small type, so shoppers find it hard to tell the difference.

The state's grocery policeman said if bakers don't cooperate by stopping the practice he'll stop them.

Back to the Black State revenues will begin to pull into balance this month, as the first full quarter of returns on the new sales tax reach Comptroller Robert S. Calvert. Since the new law took effect, only \$22,000,000 has come in, and it just about held things even on the state deficit of \$75,000,000 or so.

Quarterly payments by stores, on sales for the last three months of 1961, are due Jan. 31. They should total about \$45,000,000, less the \$11,000,000 merchants paid in advance in November and thus got a 3 per cent discount.

But it will be summer of 1962 before the new sales tax wipes out the deficit, if all goes as predicted.

One effect of the sales tax has been to get stores located so they will pay the "store tax" which has been in effect many years.

A year ago at this time, only 81,109 stores had paid this tax. This year, 116,393 have paid it.

It all came about when stores were required to get permits as collectors of the new sales tax. Comptroller Calvert cross-checked their names, and collected the "store tax" from them while he was at it.

USDA ISSUES REPORT ON MARKET DISEASES OF FRUIT AND VEGETABLES

A report issued recently by the U. S. Department of Agriculture should help inspectors, shippers, wholesalers and others engaged in marketing recognize diseases in fruits and vegetables and to prevent losses from these diseases.

Researchers of USDA's Agricultural Marketing Service studied the diseases that may be found on cabbage, brussel sprouts, broccoli, cauliflower, collards, kale, cress, horseradish, kohlrabi, mustard, radishes, rutabagas, turnips, cucumbers, muskmelons, pumpkins, squash and watermelons. The publication explains causes of the diseases and describes control measures. In addition to text descriptions of the appearance of diseased fruits and vegetables, the report has color plates and black-and-white photographs. It is an extensive revision of Miscellaneous Publication No. 292, "Market Diseases of Fruits and Vegetables: Crucifers and Cucurbits."

The study on which this report is based is part of a research

program designed to reduce the cost of marketing farm products. This publication is one of a group on market diseases, and contains a list of the titles of previous ones. To the degree that shippers and wholesalers can prevent losses from the diseases that attack fruits and vegetables, consumers will benefit.

A free copy of the report, "Market Diseases of Cabbage, Cauliflower, Turnips, Cucumbers, Melons, and Related Crops," Agriculture Handbook No. 184, may be obtained from the Office of Information, U. S. Department of Agriculture, Washington 25, D.C.

HEDLEY NEWS
Mabel Bridges

Hedley has been in a severe ice and wind storm with quite heavy damage being done. The electricity was off in town and country; and if you depended upon electricity to cook, or to pump water, and/or keep you warm under an electric blanket, then you found out how inconvenient it can be to depend upon the modern way of living.

Someone said, "I like the good old days when we were not living so modernistically." But the last few days have changed our living conditions. Wonder if we don't like all the modern conveniences and appreciate them even more since having been cut off from them — especially the electric lights. Everybody got a kerosene lamp and it was only a star. We have a fine group of men

who worked long hours out in the cold to restore electricity. Everything was done to get things back to normal as quickly as possible. As a citizen and a customer I would like to say THANKS to each one who helped in this emergency. They did a fine job.

Lloyd Bailey remains quite ill after having underwent major surgery for the second time in a week in Northwest Hospital in Amarillo. His many Hedley friends wish him a complete recovery.

Mr. and Mrs. E. M. Glass visited Mrs. Ruby Roberson in Amarillo Wednesday.

Rev. and Mrs. Dub Martin and family of Stuart, Okla. were recent visitors in the L. D. Moore home. Rev. Martin filled the pulpit at the Baptist Church Sunday night.

J. B. Pickett has been on sick list this week. Glad to learn he is feeling better. His sons, Robert and Foster and families have been visiting him.

Mrs. Anna Mae Riddle of Amarillo spent the week end with her parents, Mr. and Mrs. Walter McCracken.

Mr. and Mrs. Billy McKee and children of Houston spent the week end with his parents, the Roy McKees and other relatives.

Mr. and Mrs. Arnold Aull of Los Angeles, Calif. visited friends here Monday.

Mr. and Mrs. C. L. Johnson spent Sunday in Idalou, Texas with Mrs. DeBush, the Billy Johnson family of Corpus Christi, and the Chas. Johnson family of Matador met their parents there.

Mr. and Mrs. Herman Kirkpatrick spent Sunday in Borger with relatives.

Mr. and Mrs. Jerry Kinney are the proud parents of a fine little son born at 12:07 a.m. January 1 in Amarillo. He had the honor of being the first child born in 1962 in Amarillo and we understand he received a number of nice gifts. He is the great-grandson of Dee Leach of Hedley. Congratulations.

We extend sympathy to the family of John E. Gilliland who passed away in an Amarillo hos-

pital Sunday, December 31. Funeral service was held Monday at the Church of Christ with Minister Dickson Latham officiating, assisted by Kenneth Hoyle of Borger. Burial was in Lakeview Cemetery under direction of Spicer Funeral Home in charge.

Mrs. Minnie Mann is ill at her home. Glad to learn she is feeling some better. Still not able to have visitors.

Mrs. John Gilliland is moving to Turkey to make her home. Her many friends here regret to see her leave Hedley. Our best wishes go with her.

Mr. and Mrs. John Dickson spent Sunday in Amarillo visiting their daughters, the Chas. Wilsons and the oe Thomases.

District Superintendent of the Methodist Church, Dr. and Mrs. John English of Childress visited Rev. and Mrs. Lamb Sunday. Dr. English filled the pulpit at the eleven o'clock hour Sunday.

ASHTOLA NEWS

Mrs. Doyce Graham

Mr. and Mrs. J. L. Bartlett and three daughters from Deer Island, Oregon spent the day Sunday with Mr. and Mrs. Leland Lewis and family.

Mr. and Mrs. James R. Lovell of Dumas are the proud parents of a son born January 5th. He weighed 8 lbs. 6 oz. and was named Jeffery Ray. Proud grandparents are Mr. and Mrs. Ben Lovell and Mrs. Maggie Hunt.

Mr. and Mrs. Frank Reid visited Sunday with Mr. and Mrs. Doyce Graham.

Mrs. Van Knox, Mrs. A. H. Moore, and Mrs. L. P. Moore shopped in Amarillo Tuesday.

Mrs. Van Knox attended the business meeting of the Mary Martha Class Tuesday afternoon.

Mrs. Marion Garland has returned from a visit with relatives at Fredericksburg, Maryland.

Mrs. Lloyd Reid visited a few days this week in the home of her daughter, Mr. and Mrs. J. F. White.

John White had to spend a week in Adair Hospital suffering from double pneumonia. His

children visited him, also other relatives, and a host of friends. He is home now, recuperating satisfactorily.

Mrs. J. M. Graham had to go to Groom Memorial Hospital for a few days for treatment, and for some blood transfusions. She plans to be home in about a week.

Mr. and Mrs. Glenn Williams of Midway visited Mr. and Mrs. H. S. Mahaffey Sunday afternoon.

A sincere welcome to the Odum family who have moved to the A. H. Borland farm that they purchased from Mr. Borland. We extend to them a warm invitation to come to our Center for our activities.

Mr. and Mrs. Allen Graham of Amarillo spent the week end in the H. A. Graham home.

We are very sorry to report that Bernie Green received foot injuries in a machinery accident. He was helping to run the boll-puller and got his foot caught in it. He was lucky in that he received no broken bones. He expects to be back in school in a few days.

Mr. and Mrs. J. T. Moreland and sons of Clarendon spent Sunday in the M. L. Rattan home.

Johnny and Ernest Moreland spent Monday night in the home of their grandparents, Mr. and Mrs. M. L. Rattan.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

Things To Come

In the closing days of the year 1960, I wrote a newsletter entitled "1961," and pointed up two of the major problems that would be facing the first session. These were Federal aid to education and medical aid to the aged. That newsletter could be reprinted today and point up two of the major problems that will face the Congress in 1962. Hence, it would appear that the advocates of Federal aid to education, as well as the advocates of Federal medical aid to the aged have not yet been successful in these two undertakings. It can be expected that much effort will be expended during this last session of the 87th Congress to push these measures along. However, I think past experience would indicate that very little headway will be made in either area during the coming session of Congress and that these

two issues will still be pending in 1963, unless completely dead.

Much of the time of the next Congress will be taken up on the subject of Foreign Trade. This will originate in the treatment of the Reciprocal Trade Agreements Act which will be up for extension and revision. However, in addition, it can be expected that there will be many problems in the field of foreign trade and in our relations with foreign governments on other subjects that will be quite time consuming. As I pointed out in a previous newsletter, the Soviet Bloc is becoming quite active in world markets, and it is difficult to tell just what course the Reds will follow. There is no question but that they are vigorously opposed to the European Common Market scheme. They do not want strong economic ties among the European countries, or between the European countries and this country. They realize that a strong economic development along the lines of the Common Market can lead to a strong political alignment, which would mean greater expansion of military strength in the whole structure. It will be most interesting to watch the developments during the year 1962 and the means by which the Reds undertake to undermine the Common Market. The actions of this country on the Reciprocal Trade question will be watched with eager eyes by countrise all over the world.

There are a number of Bills still pending in the Congress which passed one of the Houses, but not the other. One of these, H. R. 5751, amends the Subversive Activities Act to make it possible to deal more effectively in controlling Communist and other foreign propaganda, and also requires registration of domestic organizations or combinations directed or financed by a foreign country or foreign political party. This measure passed the House and was favorably reported by the Senate. It can be most helpful in the fight against Communism.

Another measure that will be of great help is H. R. 8465, which prohibits shipment in interstate or foreign commerce of articles imported to the United States from Cuba. This would effectively prevent any trade with Cuba, and would be in keeping with the general feeling of the people of

this country as to doing business with Castro. Extensive hearings were held on this measure before the Committee on Interstate and Foreign Commerce, of which I am a member. These hearings were most interesting and pointed up the need for this type of legislation. This measure passed the House of Representatives but has not yet been reported in the Senate. It is hoped that early action will be had.

Another measure that has passed the House of Representatives and is presently pending in the Senate is H. R. 8603, which requires public disclosures of identical bids on government contracts. You will, no doubt, recall the exposures in the past two years of some of our major industrial concerns engaging in price fixing activities. Price fixing by the government is abhorrent to the free-enterprise system. Likewise, price fixing by the producers of goods that are supposed to be sold on a competitive basis is equally abhorrent, if not more so. The defense structure of this nation requires extensive contracting with private enterprise industrial concerns under competitive bidding practices. When these organizations conspire to fix prices and the result is imposition upon the American taxpayer, firm and prompt prosecution is in order. Hence, this particular measure could be most important in seeing that fair competition is maintained under our free enterprise system and that the taxpayers are not victimized by the greed of a few.

We can also expect much attention to be paid in the next Congress to the problem of taxation. It is a continuing and arduous task to see that the tax structure is fair and that the burden is equally distributed. This can change from day to day; hence the need for continued re-evaluation. Exhaustive studies have already been made with relation to the basic tax structure, and it is hoped that effective action will be forthcoming in the near future.

from which tax relief may flow.

COTTON VARIETY IS IMPORTANT FACTOR IN MECHANICAL HARVEST

Did your mechanical cotton harvester do a satisfactory job on this year's crop? If it didn't, the blame might lay with the variety of cotton you planted.

According to tests conducted by the Texas Agricultural Experiment Station, some cotton varieties are more suitable to mechanical harvesting than others. For the studies, 14 open-boll varieties were tested on the A&M Plantation near College Station and 12 storm-resistant varieties were tested at Substation No. 6 near Denton.

In the mechanical picking tests all varieties were planted on the same date and all received the same cultural practices. All were harvested in a once-over operation and immediately after the harvesting the cotton remaining on the plants and cotton dropped to the ground was collected and weighed. This information was then analyzed statistically to determine mechanical efficiency.

The storm-resistant varieties were tested in the same manner, but two different types of stripper rolls were used. Double steel rolls, which are used on some commercial strippers, and rubber paddle stripper rolls developed by the Experiment Station were used on all varieties. In almost every case the rubber paddle stripper rolls showed higher harvesting efficiency.

If you use machine harvesting, and did not get the harvesting efficiency you desired on your last crop, then you should get a copy of PR 2209. This Texas Agricultural Experiment Station publication contains the test results, and this information may help you select a cotton variety more suitable to mechanical harvesting. A copy may be obtained from the Agricultural Information Office, College Station, Texas.

will expire December 31, 1962 if returned to cultivation use it will tend to prevent accomplishments of these objectives.

The ACP Program funds are adequate to provide cost-share assistance where needed, to help you maintain this land in conservation use.

We hope you will consider keeping this land out of cultivated use and call upon us if we can be of any assistance to you in doing so.

DATES TO REMEMBER

January 31 — Final date to obtain loan on small grain and grain sorghum.

April 13 — Final date to apply for reapportioned cotton from released cotton acreage.

April 13 — Final date to release 1962 cotton allotments.

May 1 — Final date for grazing diverted acreage under Wheat Stabilization and Feed Grain Program.

May 1—Final date for destroying excess wheat.

DID YOU KNOW

You can restore the original luster to patent shoes or purse by giving them a coat of thick soap or detergent suds, applying with a sponge, and going over the leather well with this. Rinse the surface by wiping with sponge squeezed nearly dry of clear water. Then polish briskly with a lintless cloth. This conservation of shoes and purses — not land — but important to farm wives.

Improved depreciation allowances on equipment have been recommended by Secretary of the Treasury Dillon. He also urges a tax credit for all new investment in plant equipment, saying such moves are necessary for industry modernization that will keep this country competitive in world markets.

See the Want Ads for Values.

Income Tax Filing Requirements for Farmers & Ranchers

Farmers and ranchers were reminded today that Monday, January 15, is the last day for filing their estimated federal income tax return for 1961, unless they plan filing their final return on or before February 15.

Hubert B. Hamill, Administrative Officer, Internal Revenue Service, Amarillo, Texas, explained that those farmers and ranchers who file an estimated return on January 15 and pay the tax due thereon have until April 16 to file their final return and pay any balance of tax due. Otherwise, the law requires that they file their final return and pay the full amount of the tax due by February 15.

The IRS representative cautioned that this option is available to farmers and ranchers only. Tax law defines a farmer or rancher as one who earns two-thirds or more of his gross income from farming or ranching. He advised farmers and ranchers that if they filed a federal income tax return last year the necessary forms for this year will be mailed to them. For those who did not file or for some other reason did not receive their forms in the mail, blank forms are available from any Internal Revenue office or from post offices or banks.

Everyone who had a gross income (not net) of \$600 or more during 1961 must file an income tax return with their IRS district director, whether or not any tax is owed. Only exception to this rule is that if you were 65 years of age or over at the end of 1961, you are not required to file a return unless your gross income was \$1,200 or more.

Needed assistance is available from Internal Revenue Service,

both by telephone and in the office, but taxpayers are asked to complete their own returns as far as possible before contacting IRS.

Copies of the helpful, free booklet "Farmer's Tax Guide" are obtainable from IRS offices and agricultural agents.

WORK TO BEGIN ON NEW POST OFFICE BUILDING

R. D. Woodall, concrete contractor of Ft. Worth, arrived here last week end to begin concrete work on the New Post Office building. Work was scheduled to begin Monday, weather permitting, but the weather did not cooperate. Woodall said work would start just as soon as the weather warmed up. Melvin W. Jackson of Dallas is the general contractor for the job.

EMPLOYERS WHO MAKE TIMELY DEPOSITS ARE REMINDED OF DEADLINE

Internal Revenue Service district director Ellis Campbell, Jr., reminds area employers who made timely deposits of income withheld and social security taxes due for the fourth quarter that they must file their fourth quarter returns (Form 941), no later than February 12, 1962.

Similarly, Mr. Campbell said, "manufacturers, retailers and others, who made timely deposits of all excise taxes due for the fourth quarter, must file their fourth quarter returns, using Form 720, no later than February 12."

These returns are due January 31 by employers who did not make deposits or make deposits on time.

Mr. and Mrs. F. P. Murray and Mickey of Amarillo visited Sunday in the home of her sister and family, Mr. and Mrs. Roy Crutchfield.

LCC, Frank Phillips Beats Bulldogs

The Clarendon Junior College Bulldogs lost their first two games of the Western Junior College Athletic Conference season last Friday and Saturday nights here. On Friday night, the Lubbock Christian College Pioneers dealt the Bulldogs a 69 to 65 defeat and on Saturday night, the Frank Phillips Plainsmen from Borger came out on top of a 92 to 77 score.

The game with Lubbock Christian was close all the way with the Bulldogs' inability to hit their free throws in the last two minutes contributing greatly to their defeat. The Bulldogs were ahead most of the first half, but fell behind 37 to 34 as the half ended. The opening minutes of the second half saw the visitors open an eleven point lead, 48 to 37, before the Bulldogs could find the range and close the gap. The Bulldogs' only lead in the second half was 60 to 59 with about four minutes to play.

High point man for the Bulldogs was their leading scorer, Ray DeBord, with 20 points. He was followed by Kenneth Martindale with 13; Jimmy Zaring and Billy Wiggins with 10 each; Max Courtney scored 8, Alvin Scott 3 and Joe Lennon, one.

Saturday night's game with Frank Phillips was also a close game until the last few minutes. After a close score the first 15 minutes of the game, the visitors pulled away to a 48 to 37 half-time lead. The Bulldogs fought back during the early part of the second half and cut the lead to 58 to 56 midway of the period, but there the locals ran out of gas and the hot-shooting visitors pulled away and put the game on ice.

Ray DeBord was again the leading scorer for the Bulldogs with 26 points; Martindale con-

tributed 17 points; Wiggins, 12; Scott, 10; and Courtney and Zaring, 6 each. Tracy Cox, the conference's leading scorer last year, made 27 points to lead the victory for Frank Phillips.

H. L. RILEY ANNOUNCES FOR COMMISSIONER PRECINCT 2

In making my announcement as a candidate for re-election as commissioner of Precinct No. 2, I wish to thank everyone for your confidence and help during the time I have served as your commissioner and earnestly solicit your continued support and vote in the coming primary election.

H. L. Riley.

WITHHOLDING AND SOCIAL SECURITY TAXES

Employers liable for income tax withheld and social security taxes in excess of \$100 for the month of January, must deposit such taxes with a depository, district director Ellis Campbell, Jr. of Internal Revenue Service, announced today.

Stressing the importance of compliance with deposit deadline of February 15, Mr. Campbell added that a Form 450 should be used for this purpose.

Deposits may be made in local authorized banks, or Federal Reserve Banks, the IRS spokesman added.

Employers who do not have a copy of Circular E — "Employer's Tax Guide," may get it from any IRS office. Circular E explains employment taxes, and gives tables and percentage methods for computing such taxes.

Mr. and Mrs. O. L. Usrey of Quitman, Texas visited thru the holidays in the home of Mr. and Mrs. Roy Crutchfield and family, and other relatives and friends in Amarillo and Roswell.

AMERICA'S PATRIOTISM IS ALL POWERFUL — Mr. K.

Tyrants invariably come to a violent end. Being tyrants, they lack respect for the individual, and the capacity to judge the latent energies of free nations. Perhaps, the greatest danger of war lies in this one weakness of the dictator.

The Joplin, Missouri, Globe recently addressed a timely message editorially to Mr. Khrushchev:

"You wouldn't understand such things, but the full force of America's patriotism is within her breast, it permeates her soul. It may be latent, but it is all-powerful. It would be the greatest tragedy in all world history for you to mistake human fears of nuclear war for a lack of courage and faith to fight and sacrifice for a priceless freedom which you and your people do not comprehend.

"If you doubt this, lets go back to Pearl Harbor day, December 7, 1941, when America was caught napping . . .

"Almost overnight, Americans were outproducing both Hitler and the Japanese warlords. They went from a few thousand warplanes to 300,000, from 464 modernized tanks to 90,000 modern ones, from a trickle of shipping production to a peak of 24 million tons in 1943. They mobilized the greatest mechanized military machine in all history . . .

"In addition, they picked your punch-drunk nation up off the floor and revived it to help turn back Hitler's legions. And American science gave the world nuclear power that ended the war, the secrets of which your country didn't have the ingenuity to fathom, but instead stole from us. This kind of a powerful America still lives today . . . It may be vulnerable to attack, but it remains indomitable to conquer."
