Episcopal Christmas Pageant to Be Held Sunday, December 17

The congregation of the Episcopal Church of St. John the Baptist announces their annual Christmas Pageant to be held Sunday evening, December 17, at 6:30 p.m. The title of the pageant is "The Story of Christmas," and will consist of eight tableaux.

Each of these tableaux tell a part of the story and will take the congregation from the times of the prophecies concerning the coming of Christ to the visit of the Magi to the manger where the young child was laid.

Mrs. William H. Cooke III reports that these young people will take part in this production: David Hardin will take the part of Joseph, Kattie Cooke will be Mary, Elizabeth will be played by "Bunny" Sherman of Wellington, Willie Craft, and Todd Knorpp. Will be shepherds, the Magi will be played by Pat Slavin, Roy Lynn Browning and Lewis Emory Foxhall. Cathy Craft will take the part of an angel messenger.

The angel choir will be represented by Cheryl Hardin, Irene Foxhall, Sharon Grady, and "Vickie" Sherman. The little angels will be played by Shauna Hardin, Carol Foxhall, "Sherrie" Browning, "Chris" Craft, and "Lissa" Cooke. The Scripture readings that tell the story of the birth of the Christ Child will be very ably done by Kenneth Price, Emily Meredith Neece, and Larry Neece, Miss Sue Yankie, Jamie Ross, Mr. Neel Carter, Charlie Slavin, and Mrs. Charles C. Carman will form the choir for this event. There will be refreshments served in the Mission Hall immediately following the pageant.

Mrs. Grant had visited here many times. Mrs. John White and her brother, Hubert Deaton of Amarillo went to Liberal, Kansas Sunday.

Renewal Reminder Time Again

It's time for that usual monthly reminder to Leader subscribers that their subscription renewal is due. If a red check mark appears at the top of this page, it is a reminder that your subscription has expired or will expire this month. Subscribers who are past due will be dropped from our list unless arrangements are made right away. Any date prior to 12-61 will be included in those to be discontinued.

Please let us have your renewal promptly if you want the Leader to continue. Remember, the subscription rate is \$3.06 here in the county and \$3.57 at a point beyond Donley County. Be sure to include the 6 cent tax locally and 7 cent tax for those beyond Donley County. The above quoted prices include the tax.

If you are looking for a Christmas Gift that will be enjoyed the entire year, a subscription to the Leader will fill the bill.

LOCALS COMPLETE READING COURSE AT AMARILLO

Mr. and Mrs. Bill Todd have completed a three month course in Accelerated Reading at Amarillo Junior College. They have made the trip to Amarillo one night each week for the past three months to attend classes just for their own satisfaction and personal benefit. Mr. Todd said the course was satisfying in every respect and he would recommend it to anyone who enjoys reading.

Important Greenbelt Dam Site Meeting Tuesday Night

Feasibility reports on two proposed dam sites for the Greenbelt Municipal and Industrial Water Authority will be presented by engineers at Childress December 19 at a meeting termed "The most important we have ever held," by W. Carroll Knorpp, director of the authority.

The reports will summarize several years of work, including sampling of water sites for more than five years. The sites on the Salt Fork of the Red River are in Collingsworth and Donley Counties, just north of salt and gypsum beds that predominate the southeastern Panhandle.

The reports will be explained by Si Freese of Freese, Nichols and Endress of Fort Worth, project engineers. The meeting will start at 7:30 p.m. in the District Courtroom at Childress.

This will be a very important meeting and we not only invite but urge all interested Clarendon citizens to attend if at all possible, Knorpp stated. The six towns in the authority are Clarendon, Hedley, Childress, Memphis, Paducah and Quanah.

Special Yule Services At First Christian Church

Tuesday evening, December 19, at 7:30 the First Christian Church will be the scene for the Life of Christ, as recorded in the King James version of the Holy Scripture. This will be a monolog given by Dr. C. O. Lowrey of Dallas, Texas. The monolog will be an original harmony of the life of Christ, taken from the four gospels. Dr. Lowrey will give the life of Christ by memory, including 249 verses of scripture, with a Christmas setting and musical background. Soloist will be the Rev. Paul Hancock, Organist, Mrs. Bill Williams.

Dr. Lowrey is making a tour during the Christmas holidays and will be giving this monolog in several cities in the Southwest. He is a professor at Dallas Christian. The public is extended a cordial invitation to attend this special service.

CLARENDON JAYCEES HAVE SECOND MEETING

The second organizational meeting of the Clarendon Jaycees was held Thursday, December 7, with doubled attendance and added interest in the new charter. Pampa Jaycees were on hand to re-cap previous highlights for persons who missed the introductory addresses.

The Clarendon Jaycees will sponsor a Yuletide Caroling Hayride Saturday, December 23 and extend an invitation to young and old to join in the holiday festivity.

Chauncey Hommel is hayride chairman, assisted by Joe Shade and Ralph Hill. The party will organize on the east side of the courthouse at 7:00 p.m. and will journey throughout the city for approximately an hour and a half.

The Jaycees will meet at 7:30 tonight in the dining room of Lee's Cafe to elect permanent officers for the coming year. Persons who missed the previous meetings should be on hand to cast their ballot. Pampa Jaycees will again be present to assist in forming the new charter's by-laws.

Two Tulsa Okla. Men Connected With Greene Dry Goods Robbery

Bain Services Held In Hedley Friday

Funeral services for John Thomas Bain, 85, of Hedley were held Friday afternoon in Hedley Methodist Church with the Rev. C. C. Lamb, pastor, officiating. He was assisted by the Rev. Gene Grace, pastor of Hedley First Baptist Church. Burial was in Rowe Cemetery.

Hall of Hedley; six sons, Claude of Borger, George of Sumray, Tommy of Hedley, Garland of Corpus Christi, Clyde of Wasco, Calif., and Kenneth of Pacific Grove, Calif.; two step sons and five step daughters, also 39 grandchildren and 69 great-grandchildren.

Pallbearers were Carl Naylor, Clayton Mann, Harrison Hall, D. K. Hall, Vernie Wade and Hobart Moffitt.

Bulldogs Play Lamar, Garden City Next Week

The Clarendon Junior College Bulldogs will resume their basketball campaign next Monday night when they travel to Lamar, Colorado, to meet the Lamar team. On Tuesday they will go to Garden City, Kansas, for a game Tuesday night and will return home on Wednesday.

C. R. Brown, who took over the coaching duties last week after Coach Don Dorman was called into the Service, is still observing the boys and is not ready to name a starting line-up as yet.

The next home game for the Bulldogs will be against Lubbock Christian College on Jan. 5.

Sheriff Truett Behrens reported that two Tulsa, Oklahoma thugs were being held in connection with the November 3rd Robbery of Greene Dry Goods Co. at which time approximately \$6,000 in Government bonds, cash and old coins were taken from the company safe.

Behrens stated that Raymond Ratliff, ex-con on probation, had part of the bonds in his possession when apprehended by Oklahoma officials and involved a second party, Jack Barber, who was reported as passing the bonds to Ratliff. The two men are part of a big thug ring in Tulsa, Sheriff Behrens added. Barber is presently under a \$25,000 bond in connection with a Jewelry robbery.

\$4,875 in bonds were recovered when Ratliff was apprehended, Behrens stated but some more are still missing along with the cash not being accounted for. Sheriff Behrens and Texas Ranger Butch Albers have made two trips to Tulsa in an attempt to extradite the men but it is believed now that the Federal Government will take over since the bonds were involved and carried over a state line. Federal investigators have been working on the case along with Sheriff Behrens and Ranger Albers.

Due to the nature of the robbery, information has been withheld until the present time. The robbers entered Greene's through the air-conditioning duct on the roof and apparently left the same way as all doors of the building were still locked. Damage to the safe was heavy in addition to the monetary loss.

CHURCH SERVICES ANNOUNCED FOR CALVARY BAPTIST CHURCH

"In the old days we used to walk to school, thereby getting fresh air and exercise. Now we have school buses pick up and return the youngsters. Because of the lack of exercise, we must erect gymnasiums and provide physical education instructors. The last, and best, is the case of the Westmere, N. Y., father, who won a contract to tote his own two daughters to a private school (optional if within 10 miles of their homes) in the family Cadillac. Dad collects \$1300 for this service."

"Hardly a city-based politician exists who does not shout the need for urban renewal. But few bother to explain what it involves, except in the most general way. Nor do any of them tell the public that the little people in the small towns are paying for the urban renewal in the big cities."

The Lions Roar

BY RICHARD TUNNELL

Mrs. W. J. Lewis Jr. gave a very interesting program on her recent trip by air to the Far East at the Lions noon meeting

November 12. The Lions present at the meeting enjoyed Mrs. Lewis' program very much.

Used car dealer: This car is the opportunity of a lifetime. Customer: Guess you're right. I can hear it knocking.

Boss: You shouldn't tell lies. Do you know what we do around here to office boys who lie?

Office boy: Yes, sir. When they're old enough, you send them out as salesmen.

Results of Rolling Plains Registered Bull Sale

The Rolling Plains Registered Bull Sale held in Clarendon, Texas on December 7th turned out to be the best sale so far for the organization. Flip Breedlove, county agent and secretary of the organization said that the quality of the bulls was far above other sales. Ranchers commented on the bulls being the best we have had in our sales so far. The judging was held on Wednesday afternoon with H. H. Reeves of Shamrock, Texas placing the Hereford bulls.

In the senior yearling bulls, first place went to Howard Gault and Son of Hereford, Texas; second to Howard Gault and Son; third to Howard Gault and son and fourth to Tomie Potts of Memphis, Texas and fifth to Bob Newton of Lark, Texas.

In the Junior Yearling Division—first, 3 Cookes Cattle Co., Quail, Texas; second, 3 Cookes Cattle Co., Quail, Texas; third, L. E. Minor, Hereford, Texas; fourth, Bourland & Ross of Quail, Texas; fifth, John M. Bass of Clarendon, Texas.

Senior Calf division—First, Alex Born and Sons of Follett, Texas; second, Alex Born and Sons of Follett, Texas; third, Alex Born and Sons of Follett, Texas; fourth, Howard Gault and Son of Hereford, Texas and fifth, Gene Floyd of Hedley, Texas.

Winter Calf Division—first place, Alex Born and Sons of Follett, Texas; second, Gene Floyd of Hedley, Texas; third, Howard Gault and Son of Hereford, Texas; fourth, Howard Gault and Son of Hereford, Texas; fifth place, Bourland and Ross of Quail, Texas.

Junior Calf Division—first, Tomie Potts, Memphis, Texas; second, Howard Gault and son of Hereford, Texas and third, L. E. Minor of Hereford, Texas. The grand champion Hereford sale bull went to the senior yearling bull shown by Howard Gault and son of Hereford, Texas.

The reserve, champion bull went to the 3 Cookes Cattle Co., Quail, Texas. The champion Hereford bull sold for \$920.00 and went to B. H. Cooke of Memphis, Texas. The reserve champion Hereford bull sold to Virginia Browder of Memphis, Texas for \$1000.00. The average price for the 46 Hereford bulls going through the sales arena was \$412.00 per bull. In the pen division of the Hereford bulls first place went to Alex Born and Sons on a pen of 2 Junior Yearling Bulls, and second to Howard Gault and Son of Hereford, Texas. Senior calf pen of 3, first E. L. Sitter of McLean, Texas, and second, Hess and Wright of McLean, Texas; in the pen of 2 senior calf division, first place went to Wright and Hess of McLean, Texas.

In the Angus judging, Fred Brown of Groom, Texas placed the bulls in the sale order. In the junior bull calf division, first went to L. A. Ford of Claude, Texas; second, Bradley Ranch of Memphis, Texas; third, L. A. Ford of Claude, Texas.

In the Senior Bull Calf Division first place went to Geo. Saunders of McLean, Texas; second to Geo. Saunders of McLean, third, Geo. Saunders of McLean, fourth to Bob Brown of McLean, Texas and fifth place to Oscar Maddox of Memphis, Texas.

In the age bull class of over 2 years old, first went to David Hudgins of Lakeview, Texas; second to Fred Cordell of Childress, Texas, third to W. W. Clennenden of Hedley, Texas, fourth to Oscar Maddox of Memphis, Texas; and fifth to L. R. Houston of Memphis, Texas.

Should County School Superintendent Office Be Abolished Here?

Following a recent election downstate abolishing the County School Superintendent office, the Leader office along with county offices, have been flooded with questions regarding our own County School Superintendent office. Many have been under the impression that if the office were abolished here, the money would divert to the local school system. This would not be true as reflected by the letter printed below.

In order to receive first hand, official information on the subject, your editor requested County Supt. Ruth Richerson to write for the information so we would all know what would be best here in our own county. The only way our local system would benefit would be for the entire state to vote the office out and then the money would be divided among the school systems over the state. The money to operate the local office comes from the state and should the office be voted out here and the duties handled by the County Judge, the county would then have to pay whatever expense would be incurred. The letter received is as follows: Miss Ruth M. Richerson, County School Superintendent, Donley County, Clarendon, Texas. Dear Miss Richerson:

This will acknowledge receipts of your letter in regard to the office of the county superintendent, and I will try to answer your questions to the best of my ability.

Salaries for county administration in Donley County are paid from the State Available Fund. The cost to the local districts is off-set by the Minimum Foundation Fund. The county administration cost is borne indirectly by all the taxpayers of this state. Taxes and earnings from the Permanent School Fund are deposited in the State Available Fund from which the expenditures of the county superintendent's office are defrayed. The rate for county administration in Donley County for 1961-62 is \$14.15 per pupil and the gross state per capita is \$80.50 per pupil, which leaves a net of \$66.35 per pupil.

School districts in your county will receive the same amount of money for paying teachers' salaries and other operational costs as they would receive if the office of county superintendent in Donley County was abolished. State funds come from two sources, (1) State Available Fund, and (2) Minimum Foundation Program Funds. The amount of money in the State Available Fund is applied first. If the sum of the State Available Fund and the Local Fund Assignment is not sufficient to pay teachers' salaries and operational costs then the Minimum Foundation Program Fund supplies the difference.

As requested in your letter we are enclosing a copy of Senate Bill No. 192 as passed during the Regular Session of the 57th Legislature.

Very truly yours,
P. E. Hutchinson, Director
Finance Division

"The plight of the unemployed American, although not a happy one by American standards, is Utopian compared with that of the Russian who is unemployed... Wages paid Russian workers in 1959-60 averaged about four rubles per hour of labor, the equivalent of \$80 per month at the rate of exchange at that time, according to latest international labor data... Remembering that all necessities of life are by a cheaper in the United States, even the unemployed person in this country is about as well off as the full-time employed average Russian worker."

DONLEY COUNTY HAS 7 ACCIDENTS ON RURAL HIGHWAYS DURING NOV.

The Highway Patrol investigated 7 accidents on rural highways in Donley County during the month of November according to Sergeant J. W. Wilson, Highway Patrol Supervisor for this area. These wrecks accounted for one person killed, five persons injured and an estimated property damage of \$3,000.00.

The rural traffic accident summary for Donley County from January through November of 1961 shows a total of 42 crashes. As a result of these crashes there were 3 persons killed and 19 persons injured. The estimated property damage amounted to \$15,237.00.

The veteran patrol supervisor announced that a stepped-up traffic law enforcement program is being launched in an all-out effort to stem the tide of traffic deaths during the remainder of the year.

"We find ourselves confronted with the alarming fact that statistics indicate some 238 persons will be killed in traffic crashes in Texas this December," the Sergeant stated.

The patrol supervisor reported that as of Friday, December 1, a total of 2014 traffic deaths had been reported to the department, as compared with 1984 during the same period in 1960. "This represents an increase of 30 deaths or two per cent," he said, "and presents all of us with a stern challenge to hold the line during the month of December. This will not be an easy job, because the toll of 218 deaths during December, 1960, was low for that month of the year and we will have to beat that in order to halt the trend toward a higher death toll for 1961."

"But we feel confident that with an accelerated enforcement program and most important, the active support and cooperation of the driving public—the statistics can be made to lie. And that is exactly what we propose to do."

"We feel that the traffic death cannot be over-emphasized. When it is considered that during last year alone, there were 2,254 violent deaths on the streets and highways of our state caused by colliding motor vehicles, it can readily be seen that concerted action on the part of everyone concerned is in order," the Sergeant added.

"Nowadays, you often read about the federal spending program and the billions of dollars being spent annually. This year's program cost 88 billion dollars. Most of us think we have a faint idea of how much a billion dollars is. I thought I did until I read an article the other day explaining in language I could understand, just how gigantic a sum a billion dollars is. This is how it was described: 'Suppose a business were begun at the time Christ was born. Each and every day thereafter, it lost \$1,000. To date, the loss would be only \$715 million. Not for another 778 years would it reach a billion.' Think on that for awhile."

John David Bryant, son of Mr. and Mrs. Cawthon of Hereford, has recently been selected by the West Texas State College faculty to Who's Who in American Colleges and Universities. John David is a senior accounting major at West Texas State College.

The selection for this award is based on scholastic achievement activities, offices, sportsmanship and honors.

Bryant belongs to National Kappa Alpha Order and was pledge class president, a member of Alpha Kappa Phi as Guardian which is a National Honor Business Society, and Mary E. Hudspeth Honor Society.

He is a member of the "T" Club and a varsity letterman for two years in football.

Bryant has completed four years of ROTC in the college. He was recognized as Distinguished Military Student at West Texas State College. Bryant was recognized as a DMS at a six-week summer camp at Ft. Hood in 1960. In a Reserve Officers Training Corps military service on the WT campus Bryant received the distinguished medal from Col. Edward L. Lindsey, professor of Military Service and Tactics at the college.

The past year he was second in command of the West Texas ROTC unit's battle group. He held the rank of Lt. Col. in the college.

Bryant also is an Eagle Scout with the Silver Palm. He is a Brotherhood member of Order of Arrow.

Bryant is a nephew of Mr. and Mrs. M. P. West of Clarendon.

ARTICLE TELLS OF GOING GONE TEXAS WILDLIFE

Vanished and vanishing wildlife of Texas is described in art and stories in an 8-page section of the December issue of TEXAS GAME AND FISH magazine.

The text was prepared by Dr. W. B. Davis of Texas A&M College, and the art work done by Nancy McGowan of the Texas Game and Fish magazine staff. According to T. D. Carroll, coordinator of information and education of the Game and Fish Commission, the article covers the wild bison, grey wolf, black-footed ferret, the grizzly bear and the Merriam elk, as vanished from Texas.

Among the vanishing are the bighorn sheep, the kit fox, the river otter, black bear and prairie dog. These animals, in their day, were all plentiful in Texas, but are being pushed out with the increasing human population and destruction of native habitat.

The magazine also contains an article by the Rev. Joseph A. McGehee, minister of the First Presbyterian Church of Beeville, on the subject of "Caretakers for the Master."

Real Winter Weather Arrives Early With Near Zero Temperatures

Cloudy, drizzly, foggy weather was the weather menu last week end and was topped off with the first real cold blast of winter which toppled the mercury to a low reading of 4 degrees above zero Monday night. Records all over the Panhandle were broken for an early December spell. The temperature never moved above the 18 degree mark which was the maximum high Monday

but warmed up to a mild 30 degrees Tuesday which melted the ice and snow off the roads. In the moisture department, our official weather observer measured a total of .06 inch but it was good and solid. More undesirable weather is forecast today.

High School Teams Still Undefeated

Coach J. R. Williams of Clarendon High School is probably one of the few if not the only coach in the area with two basketball teams, both undefeated. As of Tuesday of this week, the girls had won six games and the boys five. The boys have had a couple of close games, but the girls have won easily in every game with the reserves playing almost half of each contest.

Last Friday night the teams journeyed to Groom and easily defeated the Groom teams. The girls won by a score of 60 to 33 and the boys came out on top of a 54 to 38 score. Paula Adams, sharpshooting forward, made 37 points although playing only about half the game. Dorothy Richey contributed 16 points. The girls got off to a 10 to 2 first quarter lead, increased it to 27 to 14 at the half and 35 to 25 at the end of three quarters.

The boys got off to a 15 to 10 first quarter lead and were never in danger. They held a 29 to 19 halftime advantage and were on top 40 to 27 at the three quarter rest period. Billy Spier was high point man for the Bronchos with 21 points and was followed by John Cearley with 12 and Dwight McAnear with 11.

In the games played at Turkey on Tuesday night of last week, the girls won by a 65 to 25 score and the boys rolled up their highest score of the young season by winning 73 to 46. Paula Adams again was high for the girls with 25 points followed by Judy Castner with 11 and Dorothy Richey and Jeanette Ramey each made 10. In the boys game, Billy Spier was high with 18 points while John Cearley and Herman Vinson each made 14 and Dwight McAnear made 12.

Four Bronchos Named To All-District Team

Four of this year's Clarendon High School Bronchos were selected on the All-District 2-A team for the 1961 season. End Leon Gibbs and Tackle Charles Stout were named on the offensive team and Halfback Jim Robinson and Fullback Jerry Elmore along with Gibbs and Stout were named on the defensive team.

The offensive team selected by the coaches is as follows: Ends, Gibbs and Tom Waters, Canadian; tackles, Stout and Joel Meacham, McLean; guards, Clyde Windom, McLean and Don Gailey, Memphis; center, Ronald Ables, Memphis. At quarterback was Ken Willingham of McLean; halfbacks, Jim Watson of McLean and Rodney Arington of Lefors and at fullback there was a tie between Scott Dunham of Lefors and Eddie Jones of Memphis. The defensive team in addition to Robinson, Elmore, Gibbs and Stout consists of Patton, Windom and McCarty of McLean; Ables and Miller of Memphis and Nichols and Archer of Lefors.

Two more Bronchos, End Bill Hermesmeier and Quarterback Dwight McAnear were named to the Honorable Mention team along with Coleman, Lines, Todd and McCool of Lefors; Gresham, Adcock, Sexton and Bridges of Memphis; Woods of McLean and Brown of Canadian.

WINNER IN CONTEST ANNOUNCED

Steve Fedric, who farms one mile north of town, was the winner of the Polaroid Camera given away recently by Darnell and Sons Implement Company in their Case Tractor Sales Contest. Darnell won first place in the Oklahoma Division of Case Dealers.

High School Basketball Teams Enter Samnorwood Tourney

The high school basketball teams, both boys and girls, will play in the Samnorwood Invitational Tournament this week. The boys will play Dodson at 9:45 Thursday morning and the girls will meet Kelton at 8:15 Thursday night.

If the boys get by Dodson, they will meet Shamrock at 8:30 Friday morning. If they lose to Dodson in the first game, they will meet the loser of the Hedley-Quail game at 2:00 o'clock Friday afternoon. If the girls defeat Kelton they will play at 7:45 Friday night.

The teams are getting off to a flying start this year. As of Tuesday of this week both teams were still undefeated. They were scheduled to play Turkey here on Tuesday night but results were not in on that game at press time.

Coach J. R. Williams is naturally proud of his teams, but he is quick to point out that the opposition has been weak and that he still doesn't know just what to expect of his teams when the opponents start getting stronger such as will be the case in this tournament this week. The girls have not had anything that could resemble a close game and so far the reserves have played about as much as the regulars. Paula Adams has averaged 23.5 points per game in the first six games although she has played little more than half the time. The scoring in the boys games has been a little closer as Billy Spier is leading the team with an average of 16.2 points per game and is followed by James Allen with 10.6; John Cearley, 7.8; Dwight McAnear 7.4 and Jerry Elmore 6. Elmore missed

the Turkey and Groom games but is back in good shape for the tournament. Herman Vinson, who has shown a steady improvement in every game, started the two games which Elmore missed.

Coach Williams has had high praise for the defensive play which his girls have shown. The guards are led by the high spirited veteran, Peggy Jackson, and she is getting plenty of help from Molly Floyd, Jeanette Ramey and Janie Ivey.

College Choir Presents Assembly Program

The college choir, directed by Mrs. Velma Weaver, will perform in an assembly program on Friday of this week at three o'clock. The assembly will be in the college auditorium and the public is invited to attend.

The college choir will be featured in the songs, "Ring Those Bells," "Rudolph, The Red-Nosed Reindeer," and "Silver Bells." The girls ensemble will sing "Star of the East" and "Angels We Have Heard On High." The quartet will sing "O Ye Joyful People" and Joe Lennon will sing "The Holy City." The groups will be accompanied by Miss Connie Williams.

P. C. MESSER ANNOUNCES CANDIDACY FOR COUNTY AND DISTRICT CLERK

In announcing for re-election for the office of County and District Clerk in and for Donley County, Texas, I want to thank you, the people, for your support and the very fine co-operation you have given me in the past.

I believe my experience will enable me to better serve you if re-elected to this office. I certainly desire that you feel free to call on my office any time we may be of service to you. P. C. Messer

1962 Broncho Football Schedule Completed

The 1962 Clarendon Broncho football schedule has been completed. The Bronchos will again participate in District 2-A along with Lefors, McLean, Canadian, Memphis, and Wellington. Wellington is the new member of the conference. They have been participating in District 5-AA, but because of a drop in enrollment, have been dropped back into Class A for the next two years.

For the first time since 1955 the Bronchos will not open the season with Stinnett. The Rattlers moved up to AA for the next two years.

The Broncho schedule is as follows:

Sept. 7—Gruver	There
Sept. 14—Claude	Here
Sept. 21—Panhandle	There
Sept. 28—Shamrock	Here
Oct. 5—Groom	There
Oct. 12—Open	
Oct. 19—*McLean	Here
Oct. 26—*Canadian	There
Nov. 2—*Lefors	Here
Nov. 9—*Wellington	Here
Nov. 16—*Memphis	There

CHRISTMAS LIGHTS ADD TO HOLIDAY SPIRIT

The Christmas lights that have been put up spanning the streets of downtown Clarendon and along the highway have certainly added to the Christmas spirit and were exceptionally beautiful during the ice and snow spell.

These lights are put up each year through the courtesy of the Chamber of Commerce, the West Texas Utility crew and the City of Clarendon. People traveling thru Clarendon feel a warm welcome topping the hill and viewing the lights from either direction.

Blowin' Out the Corners
by Uncle Zeb

We think you will be shocked as we were to see the film Operation Abolition. It is the story of the student activities during the House Un-American Activ-

ties Committee hearing in San Francisco a couple of years back. Hundreds of students were incited into riot-like frenzy by the cunning planning of a half-dozen trained communist leaders. It doesn't seem possible such a thing could happen — not here in America.

The film can be secured for a free public showing through the American Legion in Amarillo. Likely your own local Legion can secure it for your group. We wish to thank the fine folks of the Fairview community for making it available for a showing.

Uncle Mike Britten, looking over his son's beautiful rock house, remarked, "I admire beautiful rock. They are sort of like women. Not so much to look at there in a pile, but shine them up a bit and you really have something."

The other day we were waiting with someone in the Doctor's of-

face. Wait is something pretty common in their offices these days but that wasn't my story.

Across the room a lady was putting her waiting time in by placing a hem in a dress. All twenty of the "waiters" became amused. With patient care she folded the hem just so. Carefully she took each stitch as if it were a major operation. Each stitch was such a short distance and it was a long way around the hem of the dress. The dress was for her five year old daughter. The more we thought about it, the more it seemed to make sense. There could have been an awful lot of love going into every stitch. Even though everyone would have rushed her, perhaps she was the wisest one of all.

Tidbits left over from the Thanksgiving Holidays.

Commenting on the snow which slipped in past the weather prognosticators and gave us a white Thanksgiving one fellow put it like this:

"I just must buy me a better radio; you just can't pay no attention to what you hear over these cheap sets."

Calling the family to dinner one person expressed it like this: "Let's go get it for time, tide, and turkey waits on no man."

Heard of the fellow with only two teeth who was so very

thankful that they were opposite each other.

Quotes from several editorials on Thanksgiving:

"Yes, Thanksgiving is more than just a date on the calendar. It is more than "Turkey on the table." Thanksgiving is a matter of our having gratitude and thanks within our hearts."

"Our country has never been invaded by large armies. Neither has it been swept by a serious famine. In these and many other things we should never cease to give our thanks."

Blessings like beautiful flowers, Oft are scattered along the way. Many times we fail to see them, That's why we need Thanksgiv-ing Day.

The world is over done with organization, and the organizations are over run with people who want to belong to something . . . To save time and jabber in this age of push and hurry most groups just use the first letter of each word as the name of their favorite club.

Recently we heard of a group known as the PHTCs. . . The answer we got was that they are a group of women who dropped out of college took a job and are Putting Their Husband Through College so that he can take over and bring home the

bacon while they concentrate later on the home, the family, and perhaps even the finishing of their education. Inasmuch as they were determined to get married anyway, this was pretty good thinking. Our young folks are pretty good thinkers most of the time. . . Now we have heard of another that takes the cake. It is the SOGWAPIP. In full length dress this is the Silly Old Grandpas With A Picture In Pocket. Grandmothers can be long by carrying a picture in their purse. . . Will wonders never cease on this earth?

An old Chinese proverb, "Give a pig food every time he grunts, and give a child everything that he wants when he cries, and you will soon have a fine pig, and a spoiled child."

"Blessed is the man who goes round and round, for he shall be known as a big wheel."

The drunkard tries to drown his troubles in alcohol, but the ones who have him for a problem can only drown their worry in tears.

Federal regulatory bodies form a no-man's land of government that almost exists as a fourth branch of government, says Dr. Arthur S. Flemming, president of the University of Oregon and former secretary of Health, Education and Welfare.

CARBON MONOXIDE GAS CAN KILL

Cold weather requires that windows in the home and car be closed and increases the need for proper ventilation. A potential killer, warns the Texas Farm and Ranch Safety Council, is a product of poor ventilation and goes by the name of carbon monoxide gas.

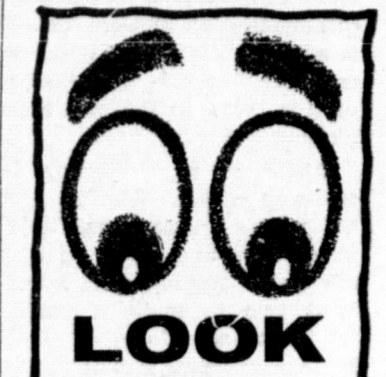

Every year Texans die from this odorless, colorless and tasteless gas. Deaths from this cause are most common during the winter months and usually result from a high, open fire in a room without proper ventilation, a clogged flue, unvented gas stoves or defective gas stoves or leaky exhausts on the automobile.

Keeping an automobile in good running order is good insurance against carbon monoxide poisoning. Leak free combustion and exhaust systems, points out the Council, are of major importance. Many automobile accidents result from carbon monoxide and studies have shown the presence of the gas may cause a driver to blackout or fall asleep. It is always wise, says the Council, to keep a vent or window partially open while driving. Letting a

car engine run in a closed garage is extremely dangerous.

Symptoms of carbon monoxide poisoning include headache, dizziness, eye blurring, nausea and fluttering or throbbing of the heart. A check of heating equipment and attention to ventilation will eliminate most of the chances for these symptoms to hit you, concludes the Council.

HOTTEST NOVEMBER IN FORD HISTORY!

And here's what started the heat wave!

Last month more Americans bought Fords than in any November in history. The blazing success of the long Ford line was end-to-end, all across the country and up and down it, too. ■ Everywhere the people flocked into their Ford Dealers and bought smart new Falcons, and the new Falcon Squire, the glittering swift Galaxies, the famous Ford Station Wagons and the hot Thunderbirds. And they poured in to see and buy up the brand-new Fairlanes just introduced. ■ There are four magic reasons why behind the smashing success of the long Ford line for 1962. First of all is utterly modern styling, the fresh crisp lines that are now being so widely copied by other car-makers, the smart look that dominates the industry. Second is absolute power in eleven kinds of engines, giving you anything you could want in engine

options. Third is total economy—every Ford model is priced directly at your pocketbook, and every Ford, large, medium or small, gives you gasoline mileage outstanding in its class. Fourth is the service-saving concept—every Ford car is built to cut down maintenance worries and problems, with service-saving features other cars may have some day. ■ Ford leadership from Falcons to Thunderbirds is founded on trend-setting innovations . . . The hot ideas come from Ford. And at the heart of Ford success is an almost revolutionary new concept of quality . . . most serious and direct concern with the actual part-by-part quality. For the hot trends in the hot cars, for a new experience in quality, and for the best buys on the American Road, see your Ford Dealer.

PRODUCTS OF MOTOR COMPANY

NOW THERE ARE FOUR CLASSES OF CARS . . . AND ONLY FORD HAS ALL FOUR!

COMPACT CLASS:

FORD FALCON

This class includes cars with 106- to 114-inch wheelbase. Most popular by far (a million happy owners!) is the Ford Falcon. Falcon is America's lowest-priced* 6-passenger car, set a 25-year record for Sixes or Eights in last spring's Mobilgas Economy Run, gives you a choice of 13 models, including the Futura and new Falcon Squire wagon.

FAIRLANE CLASS:

FORD FAIRLANE

The Ford Fairlane is the first member of a new class which combines the advantages of both compacts and big cars . . . you get big car room, ride and performance . . . compact savings and maneuverability. Priced below many compacts, Fairlane even rivals some in gas economy. Has twice-a-year maintenance introduced by the Galaxie.

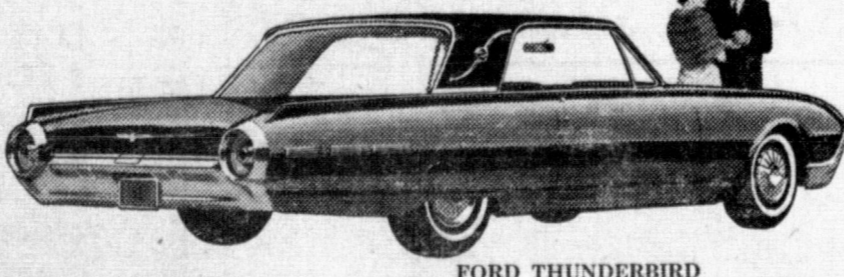

FULL-SIZE CLASS:

GALAXIE BY FORD

The class for families who want big car comfort, performance and prestige. Value leader is the Ford Galaxie—which has every essential feature of far costlier fine cars. With the optional Thunderbird 390 V-8 engine, a Galaxie will outperform America's most expensive luxury cars. Requires servicing only twice a year, or every 6,000 miles.

LUXURY CLASS:

FORD THUNDERBIRD

The top class—cars for people who want the very finest. First of the trim-size luxury cars, the 4-passenger Thunderbird is the most distinctive car in this class. Its styling set the trend for an entire generation of cars and now finds a new elegance in the Landau. And Thunderbird's performance is just this side of flight.

HARDWARE & APPLIANCES

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

World Trade

The big question facing this country as well as the rest of the free world during the next few years will be world trade. Much has been said and written in recent months to the effect that the Reciprocal Trade Bill will be one of the primary and most controversial issues in the coming Session of Congress. This is a true statement. At the present time, there is a violent revolution going in the entire trade picture.

Trade in any category is a two-way street. Whether goods are traded for services, in kind, vice versa, or a medium of exchange is employed, it takes at least two to make a trade — be these individuals or nations. In former years it was the generally accepted custom for each nation, large or small, to stand on its own in dealing with others. This created a situation in many instances where one country

could be played against another, especially in the European area. Hence, there came a need to counter these practices. This was especially true in the European and Scandinavian countries, because of the desolation created by World War II. The need to firm up these economies became all the more important because of the growing threat of the USSR. The speedy reconstruction of Europe, created for the purpose of offsetting the development of Russia, could well prove to be a thorn in our side in trade circles. Six of the European countries formed themselves into the OEEC, commonly called "the Common Market." This was done in order to create a protective barrier looking toward favorable inner tariffs as between the six countries, protected by an outer tariff with relation to other countries. Such an arrangement was designed to prevent outer interference in the economic affairs of the six countries, by playing one against another. England was not a party to this community but leaned toward association with another group of countries including the Scandinavian countries, known as "the Outer Seven." However,

as developments occurred in the economic field it became apparent that England should make some firm association with the European Common Market. Negotiations are presently under way for the inclusion of the United Kingdom in the Common Market community. Although this may pose a rather difficult problem insofar as our own operations are concerned, these people are all friendly allies. Hence, an area of agreement can be found, as is indicated by the Organization for Economic and Cultural Development, which includes Canada and the United States in an Atlantic community. Whatever difficulties may be encountered as between us and our friendly allies, these will be offset by the ability of the European Common Market to counter the attempts of the USSR to upset world markets.

In 1958, I addressed the Texas Service Stations Association in its statewide meeting at Amarillo and pointed out some of the situations that might be expected as soon as the Common Market got into operation. This address was made prior to the actual commencement of the Common Market activities. At that time I pointed out the need for some kind of unity in the economic battle that could be expected to be mounted by the Soviet Union. The Soviet Union had not at that time entered into measurable competition in world markets in the consumer goods area. This was due to the fact that Russian needs were absorbing its entire production and more. At that time, Russia had neither the quantity or quality of end prod-

ucts with which to compete in the world markets. However, it was anticipated and must now be anticipated that the USSR is making and will continue to make greater progress in both quantity and quality.

A splendid example of what can be expected from the USSR in the general world economic picture can be clearly seen by referring to the recent Soviet oil offensive. This is especially important to Texas and the Panhandle of Texas. Since 1956 the Soviet Union has increased its crude oil production in 108 per cent. During that time the United States has increased its production by 1 per cent. The United States is still the world's largest producer of oil; however, the tremendous increases in Russian production has made it the world's second largest producing country. In 1945 it was producing only 9 per cent of the oil produced by the United States. In 1960 it was producing 42 per cent of U. S. production. Russia has been using this additional oil in world trade in several ways. They are using barter arrangements in trading goods for goods. They can vary the value of the oil according to the need and according to the importance of the particular commodity needed by the Russians. They can also move this petroleum into world trade for a medium of exchange based on whatever value they need to put on the oil. Since the government there is all-powerful, we can expect the same operations to be followed with relation to the consumer goods once they get into this field. The USSR can plow back into its

national economy just so much of its labor costs as may be necessary to undercut any price of another country. Hence, it would be well for countries buying from or exchanging with the Reds to consider their own best interests from a future economic standpoint.

PRESENTING THE NEW SIZE DODGE DART!
SIZED RIGHT IN THE MIDDLE OF THE BIG AND LITTLE

The new size Dodge Dart is two feet shorter than America's longest car and two feet longer than America's shortest car. It's right in the middle. You don't have to give up inside room and comfort to get maneuverability, or economy to get performance.

For a fact, this is one of the quickest cars going. You can feel the difference instantly. It's got the most powerful standard six in the business. Most powerful standard V8 of any car anywhere near its price.

And inside there's plenty of comfort and luxury. Chair-high seats,

thickly cushioned. In the Dart 440 — a fold-down center armrest in front. Also, color-keyed carpeting that runs sill-to-sill; all vinyl saddle grained upholstery, even on door panels that mold right up to the windows.

And how about this? The body is rustproofed. The brakes adjust themselves. You go 32,000 miles between grease jobs. You get traditional Dodge dependability all the way.

Economic Highlights

As everyone who reads the papers knows, crime has increased at a horrendous rate in this country. The periodic reports made public by the FBI and various other organizations involved with law enforcement tell that story in cold figures. And the increase is not limited to crimes of violence, or to those perpetrated by professional thugs, safe crackers, forgers, and so on. Stealing from companies by their employees—from charwoman to chairman of the board — has soared too. In 1960 fidelity insurance companies paid claims for employee thefts and embezzlements over three times as great as in 1945.

An interesting facet of this criminal activity is described by Morton M. Hunt in the November issue of Harper's Magazine. It carries the vivid title "Private Eye To Industry," and deals with the work of a highly unusual business named "Investigations, Inc.," which is headed by New York management consultant Norman Jasper.

Investigations, Inc., has about 360 employees in some 150 plants, stores, banks, brokerage houses, and other enterprises from which money and goods may be filched. In the words of the article's sub-head, Mr. Jasper is thus "a specialist in the kind of crime that seldom reaches either the police or the newspapers." In the course of a year Mr. Jasper, according to Mr. Hunt, wrings confessions out of an average of 200 thieves of one kind or another.

Internal dishonesty, the article points out, often starts in a small way — a store manager, for instance, may put store maintenance men to work redecorating his home. All that's involved is a little company time and a little company paint. But, as Mr. Jasper and Investigations, Inc., have learned, the precedent thus established may grow like a weed, and in a few years the store may be losing hundreds of thousands a year as other employees take their cue from the manager's dereliction.

Some of the thieving devices employed are obvious — a restaurant manager buys only from vendors who give him a handsome kickback. Others are highly ingenious. In one case solved by Mr. Jasper and his group, employees of a Western mine were packing gold in plastic capsules, flushing them down the toilet, then recovering them from a trap set in the waste line outside the plant. The manager of a small supermarket installed his own personal cash register at a checkout counter, and all the receipts that went into it were his. So it goes. Investigations, Inc. alone uncovered internal dishonesty amounting to a smashing \$60 million last year. And, obviously, only a small part of the thefts of this kind perpetrated throughout the business community are ever unearthed. A few years ago the head of a chain store company estimated that his employees were stealing goods valued at \$2.5 million a year.

Mr. Hunt goes into considerable detail as to Investigations, Inc.'s manner of operation, and in whys and wherefores of embezzlement and internal theft. The solution, at least as Mr. Jasper sees it, lies in an improved attitude on the part of management. He is quoted saying: "Never in our history has the crime of embezzlement reached such a frightening level, never have bribes and kickbacks been so widespread. But there is no reason to be pessimistic; I believe it is largely correctable through management action. I urge the constant search for malignant conditions which haven't yet shown up on the surface. I urge the creation of an atmosphere showing that management is alert, that it cares, that it is watching. I urge planning ahead to prevent adverse conditions, rather than waiting to see if they arise."

DEFENSE TAKES MORE THAN ARMS

The military budget, which was greatly increased by this year's Congress without significant dissent, approaches the \$50 billion mark. This, it seems, is the price we must pay for the world's current insanities.

But there is more to the nation's defensive strength than arms. We must be fully prepared to fight an economic war which has no foreseeable end.

An essential weapon in that war is ocean shipping. And the only ships we can fully depend upon are those which fly the U. S. flag, or are entirely within the control of U. S. enterprise. In an emergency, the vessels of even our staunchest allies could be lost to us.

American government policy stipulates, and long has stipulated, that we have a merchant marine second to none. A vast modernization and replacement program, extending over the years, is now underway. To implement this policy, the government provides differential subsidies for ship operation and construction — subsidies made necessary by the fact that it is far more expensive to build ships in the United States, and operate them under our flag than it is in the other maritime nations with which we must compete, due primarily to our wage and working standards.

Finally, much greater use should be made of American vessels by American shippers. The shipper who patronizes our own merchant marine is given the ultimate in service in every respect, at reasonable, competitive rates. Then, beyond that, he is making a contribution to our strength and to our position in the world.

More than 600 "Texans for Tourists" attended Gov. Price Daniel's conference on Tourism. They took a long look at sources and resources that can be used to promote national advertising of the state's visitable virtues. While here, they decided to set up a non-profit organization called the Texas Tourist Council. Tentatively scheduled was an or-

ganizational meeting for January 10, "or during the next session of the Legislature."

Texas Tourist Council will seek the reverse effect of another group who tried to exploit the state — the carpet-baggers. It was the influence of the latter that caused the Legislature to prohibit the use of state funds for advertising Texas' attractions 86 years ago.

Governor Daniel said, "Now the march of time has come full circle . . . we find ourselves engaged in a vigorous economic competition which might be called, in a friendly way, another 'war between the states'."

He referred to the battle for tourists — third largest industry in the nation; the 13th in Texas.

Texas Tourist Council will seek \$300,000 a year from the Legislature, for advertising tourist attractions. Texas law now requires that state funds be matched by business and industry. So some

system of financial subscription will have to be devised.

Bankers Asked for Ideas
Governor Daniel sent a letter to the Texas Bankers Association asking the bankers to present a proposal for protecting the rights of bank depositors.

He recommended that news paper ads be published by the banks to locate owners (or heirs) of accounts inactive for more than seven years.

Governor Daniel added the proper notice to the state of an escheatable property would be "an incidental result of this protection."

He said the subject will be submitted very soon to a special session of the Legislature and asked the TBA to present its own proposal before December 20.

"The reason for the urgency is the known fact that a sizeable number of national banks are transferring these dormant deposits to the profits of the banks without advertising for the lost owners," he wrote.

"I believe most Texas bankers will agree that this is a practice which should be stopped for the protection of the good name of the banking profession in Texas as well as for the protection of the rights of missing owners and the rights of the State if no own-

ers exist."

Wilson Announces
Attorney General Will Wilson has announced as a candidate for governor.

The 49-year-old Dallas native said he has remained loyal to his party, but is "an independent Democrat who wears no man's collar and is not a captive candidate of any faction or interest group."

Shivers in the News

There's considerable talk in Austin about the possibility of Former Gov. Allan Shivers running again.

This surprised some since Shivers backed Jack Cox in 1960 and Cox is the Republican candidate.

Rumor started with Shivers' statement that: "If I get involved in politics at all next year it will be as a candidate."

Health and Welfare Coordination

Speaker James A. Turman announced appointment of an advisory committee, composed of Representatives George Richardson of Fort Worth, Obie Jones of Austin and Jim Markgraf of Scurry, to help the Texas Legislative Council study coordination of state health and welfare agencies.

Study was requested by the 57th Legislature in view of the fact that 90 per cent of every state dollar expended is for high

ways, education, public health and welfare.

All but the health and welfare agencies are centrally coordinated.

Textbook Study

Five representatives have been appointed to an interim committee to study contents of textbooks used in public schools. Particular attention will be paid to those relating to American heritage, traditions, philosophy and history.

WATER QUALITY A FLAVOR FACTOR IN RECONSTITUTED MILK

Travelers of Texas highways are familiar with the sign, "Public Water Supply Approved." These signs mean the water is safe to drink, but they do not necessarily mean that the water in any particular community is satisfactory for reconstituting nonfat dry milk.

Water may contain biological ferments or minerals, or both, capable of giving the milk an off-flavor, of preventing or delaying normal acid development for buttermilk, or of preventing normal curd firming when cheese is made.

Tests conducted by the Texas Agricultural Experiment Station have indicated that these waters can usually be treated to avoid these defects. In some rare instances, where the off-flavor is

caused by vegetation, the defects cannot be removed by treatment.

Waters used in the tests came from seven small incorporated cities and towns and from private wells in two rural communities. The tests showed that when the waters from two sources were not heated the milks made from them were off-flavored after three days. In both instances, the occurrence of off-flavor was delayed when the water was heated before use.

In two other instances, heating was not completely effective. Water from most sources was definitely improved by heating, however.

Complete results of these tests are contained in Experiment Station publication MP-537, "Reconstituting Nonfat Dry Milk With Home Water Supplies." A copy of this publication may be obtained from the Agricultural Information Office, College Station, Texas.

Well over 70 per cent of the earth is uninhabited—the oceans, jungles, and deserts.

"WHAT'S THAT, MOM?"

What's that, Mom?
That's a stove, Son. Trying to think.

What's it trying to think about, Mom?
Where its next meal is coming from, Son.

Why, Mom?
Because some people have been saying the stove can almost cook by itself.

They shouldn't tell the poor stove that, Mom.
That's right, Son. Nor people either.

Economical, Too!
Since 1950, the average cost of a kilowatt hour of electricity to residential customers served by WTU has gone down 21%.

It's a Dasher and a Dancer and a Prancer and a Blitzen

This Special Deluxe Wagon is bubbling with good Buick cheer! Cheers for roominess—over 72 cubic feet in this agile 2-seater. Cheers galore for Buick's zip on snowy terrains (thanks to 155 horse go-power). Cruising sweet as a mistletoe kiss. Your choice of 3-speed transmission, Dual-Path Turbine Drive* or 4-speed Synchronesh*. Vinyl trim interiors. Lift up tailgate. Jolly fun! Play Santa to your family in a Special Deluxe Wagon. "How to" hint: See your Buick Dealer.
