Three Hundred And Fifty Attend F. F. A. Banquet Tuesday Nite

Slightly over 350 members and guests attended the annual F. F. A. Banquet at the College Gym Tuesday night.

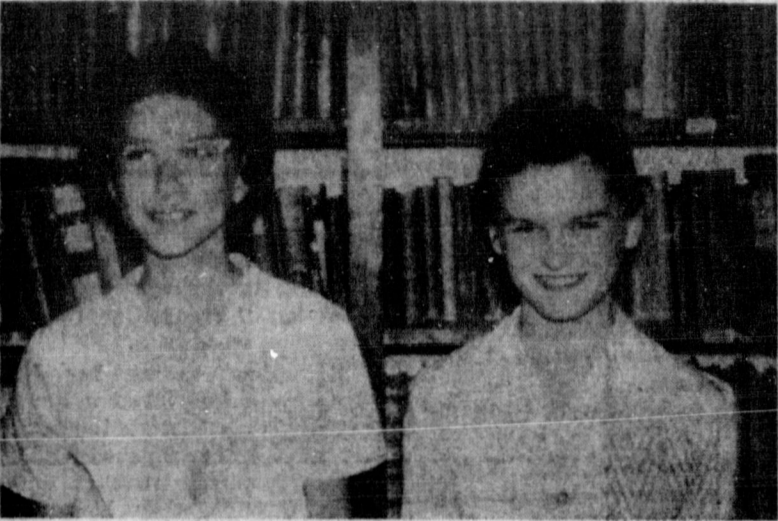

Carl Talley, chapter president acted as master of ceremonies and presented a golden F. F. A. charm to F. F. A. Sweetheart Sandra Pinkerton.

Adviser Jerry Hawkins presented Fred Bourland and G. W. Bradshaw certificates of Honorary Chapter Membership in recognition of their contribution to the success of the chapter for the 1958-1959 school year.

Adviser J. R. Gillham recognized the out of town guests, state and American Farmer degree winners, scholarship and judging contest winners, and announced the winners in the annual membership contest.

The rain fell slow for the most part with the majority soaking into the ground.

JR. HIGH HONOR STUDENTS

Marie Blackburn with a grade average of 96.28 is the valedictorian of the Jr. High graduating Class and Sharon Williams with a grade average of 95.937 is salutatorian of the class.

Royce Bodiford, former Texas State F. F. A. President and former National F. F. A. Vice-President brought greetings from the state and national organizations and congratulated the local group on the excellent program that they had been able to carry on with their chapter.

The banquet which was planned and directed by J. R. Gillham and Jerry Hawkins was one of the largest events of this kind ever presented in Clarendon.

Don McNear was the winner in the Vo-Ag III class with Don Hudgins and Dennis Bradshaw finishing second and third.

Fine Moisture Improves Crop Outlook Here

Rain which moved in from the east last Thursday dropped the best moisture we have received in several months.

The rain fell slow for the most part with the majority soaking into the ground.

Top Ranking Students At Jr. High Announced

The three top ranking students of the 49 eighth graders have been announced by Stina Cain, principal.

There is less than one-half point difference in the three averages.

These girls took part in extra curricula activities during the year and each did an excellent job.

1959-1960 F. F. A. Officers Are Named

Dennis Bradshaw was selected by members of the Clarendon Future Farmer Chapter to be president of that organization for the 1959-1960 school year.

Howard Talley was named vice-president. He is the son of Mr. and Mrs. Edgar Talley and is an honor student.

Smith And Weatherly Participate In State League Meets

Sharon Smith and Ted Weatherly participated in the State Interscholastic League Meet at Austin last week.

INDUSTRIAL FOUNDATION TO MEET MAY 28

Members of the Donley County Industrial Foundation will meet at the West Texas Utilities office here at 7:30 p.m. on May 28 for the second reading of the by-laws of the organization.

Surviving are two sisters, Mrs. Chesser of Hedley, Mrs. Rhea Rozell of Amarillo and one brother, R. A. Lemon of Memphis.

Wan Roy Services Held Tuesday

Funeral services were held at the First Baptist Church Tuesday afternoon, May 12, for Van Dale Roy. The Rev. C. T. Williams and the Rev. L. A. Sartain officiated.

Surviving are his wife, Pearl M. Roy; two daughters, Mrs. Essie Perkins of Justin and Mrs. Martha Rowell of Amarillo, and Mrs. Carrie Morgan of Clarendon; also nine grandchildren.

Funeral services were held at the Homen Meat Company of Groom in this issue of the Leader that Homen Meat Company of Groom has purchased the Donley County Consumer Frozen Food Locker Plant and took over operation of the business Monday of this week.

Groom Firm Buys Locker Plant Here

Announcement is being made in this issue of the Leader that Homen Meat Company of Groom has purchased the Donley County Consumer Frozen Food Locker Plant and took over operation of the business Monday of this week.

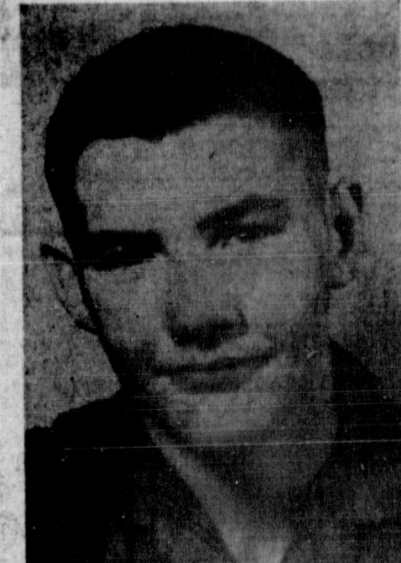

Britten announced that the business would be operated here on a home-town basis with the management and business assuming responsibilities as a part of this community.

A meeting called to organize the Little League will be held Thursday night at 6:30 p.m. at the Little League Park.

Interest was high during the season last year with local boys making a creditable showing.

LELIA LAKE TURKEY DINNER MAY 14

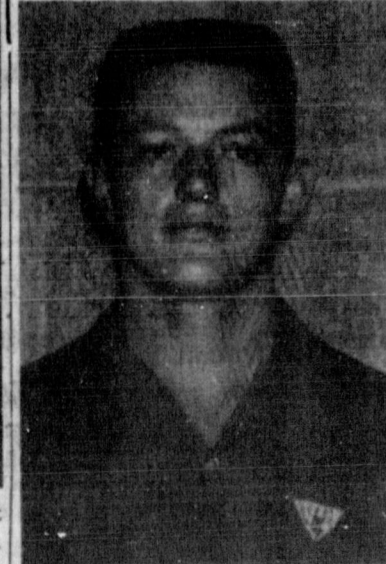

A turkey dinner with all the trimmings will be served at the Lelia Lake School Cafeteria Thursday evening, May 14.

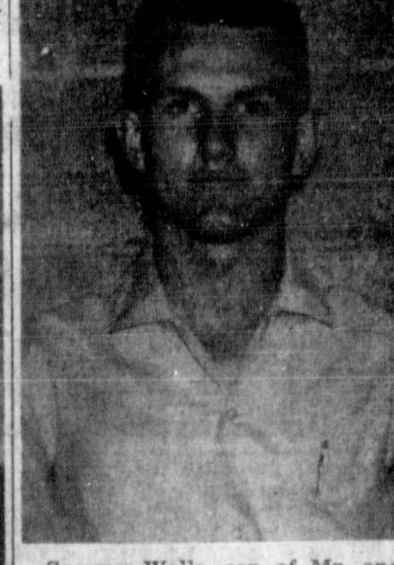

Bobby Longan was named Star Lone Star Farmer of Area I at the convention of that organization in Amarillo last Saturday.

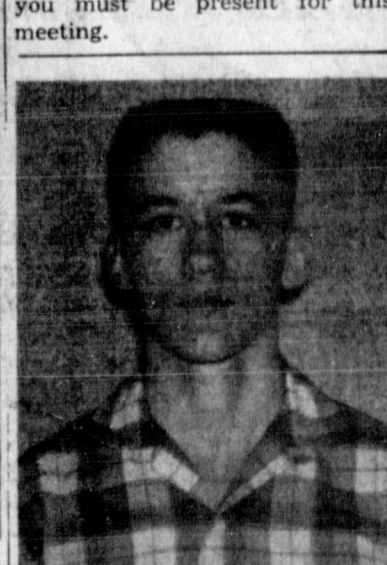

Carl Talley served as president of the F. F. A. chapter this year. He received his state F. F. A. degree last summer.

James McNear, son of Mr. and Mrs. James McNear of Brice, was top winner in the membership contest in the Vo-Ag III class.

Sammy Wells, son of Mr. and Mrs. Hill Wells, has been a very active member of the Clarendon Future Farmer Chapter for the past four years.

Howard Talley won the award for the most valuable member of Vo-Ag II.

Baccalaureate Services Sun. Night First Of School Closing Activities

Plans Well Underway For Annual July 4th Celebration Here

Plans are well underway for the annual Fourth of July Celebration which will be held here July 2, 3 and 4th.

First on the agenda for the celebration will be a Kick-Off banquet on June 19th at Broncho Stadium.

Groom Firm Buys Locker Plant Here

Announcement is being made in this issue of the Leader that Homen Meat Company of Groom has purchased the Donley County Consumer Frozen Food Locker Plant and took over operation of the business Monday of this week.

Britten announced that the business would be operated here on a home-town basis with the management and business assuming responsibilities as a part of this community.

A meeting called to organize the Little League will be held Thursday night at 6:30 p.m. at the Little League Park.

Interest was high during the season last year with local boys making a creditable showing.

LELIA LAKE TURKEY DINNER MAY 14

A turkey dinner with all the trimmings will be served at the Lelia Lake School Cafeteria Thursday evening, May 14.

Baccalaureate Services for the Clarendon Schools will be held in the gymnasium on Sunday evening, May 17, beginning at 8:00 o'clock.

Rev. Berkeley SoRelle, pastor of the First Presbyterian Church of Clarendon, will deliver the sermon. Other parts of the program will consist of the procession and recessional by Mrs. Dee Williams; the invocation by Rev. Robert Lawrence.

Graduation Exercises To Be Next Week

Clarendon Public Schools and Junior College will close the current school term next Friday, May 22.

The Junior High and North Ward programs will be put on entirely by the students in the graduating classes while the Senior High and College will have visiting speakers.

Thursdays and Friday of next week will be half days for the students with the school buses making their regular runs in the mornings and the return route will leave from school around 11:30 a.m.

Mrs. Hautie Johnson and Mrs. Everett Johnson of Guymon were Clarendon visitors Tuesday.

Mrs. Hautie Johnson and Mrs. Everett Johnson of Guymon were Clarendon visitors Tuesday.

Dennis Bradshaw, has been named as president of the local F. F. A. chapter for 1959-1960.

Mr. and Mrs. Hubert Moffett and children have moved in our community on the John Knorrpp place. We are all so glad to have them.

Mrs. Doyle Ray Littlefield and Tellene visited a while Sunday with Mr. and Mrs. Bill Parter.

There will be a business meeting at Mr. and Mrs. Roy Roberson's Friday night, May 15, for the benefit of our community center. We are all going to have to work together and elect some of the ladsy to help with it, so everyone interested in it come out. Bring tables and dominoes and we will play some 42.

162 Pay Fines For Forgetting License

Austin—Game wardens booked 162 persons during the month of March for fishing without a license. It was the first time in several months that any violation exceeded trespassing. There were 22 arrested for fence climbing, however.

The wardens also arrested 10 persons for illegal use of electric devices—telephoning—to catch fish.

The monthly report of the director of law enforcement shows violators paid fines of \$9,886.33 and costs of \$617, making a total of \$10,503.33 for the month.

Such charges as shooting doves, quails, duck, deer and turkey out of season also were shown on the report. There were 36 arrests for hunting at night in known deer range.

"At the beginning of the fishing season we always find many persons who try to get by without buying a fishing license," the director said. "We can expect that where some 8 million persons are involved. The shooting of game birds and animals, however, after the season has closed is deliberate. Some of the courts are giving maximum fines on this type of violation."

Just like new!

FOR SCHOOL CLOSING ACTIVITIES

Our expert dry cleaning process makes colors brighter, fresher, and fabrics take on new life!

You'll be so pleased with the care we give your clothes! All spots and stains are carefully removed, there's no odor, pressing is meticulous, and minor repairs (such as loose buttons) are made. More too, you'll have the satisfaction of wearing clothes that look so much better, they're just like new!

Let us clean your winter clothes and put them in bags for safe-keeping during the hot weather season.

One Club Tourney Set For May 24

To get the current golf season off to a good start, officials of the Donley County Golf Club announced this week that a One-Club tournament would be held at the local golf course on May 24th. The entry fee will be \$1.00 and everyone is invited to enter.

The tourney will be an 18-hole affair with no qualifying round. Prizes for each flight of players will be given and each player will be assigned to a flight that will be in his own category.

Pick out your favorite club that you would prefer to play 18 holes of golf with and get your name in the entry list. It will be lots of fun and since you will be playing with just one club, there will be no extra baggage to lug around.

If you wish to enter, pay your entry fee to either Maurice Hart or Ernest Tipton.

SOCIAL SECURITY A REPRESENTATIVE WILL BE AT CLARENDON COURTHOUSE TUESDAY, MAY 19TH 9:15 A. M.

GIRL SCOUT DEVELOPMENT COMMITTEE MEETS

The Girl Scout Development Committee for the Golden Spread held a meeting in Clarendon Thursday evening at the Episcopal Parish House with representatives from towns over the area attending. These meetings are held to study proposed council membership in the national organization.

There are two intermediate troops and several Brownie troops in Clarendon. These meetings are to study the advantages of being a part of the overall national Girl Scout membership. The next such meeting will be held at Canadian.

This is part of a program being planned to increase the number of Girl Scouts in this area. Mrs. Swinney's troop was hostess for the evening.

DUSTERS WIN GAME SUN.

The Clarendon Dusters defeated UMBERGER in their game Sunday by a score of 6-3. Leon Bevers got a home run in the first inning with the Dusters racking up 12 hits in the game.

The Dusters will meet Hawbakers in play Sunday with the game to be played in Amarillo.

Meeting To Discuss Registered Cattle Set For May 18

Farmers and ranchers have shown a great deal of interest in registered beef cattle in Donley County in the past few years, the most interest has been in the Hereford and Angus breeds.

H. M. Breedlove, county agent is calling a meeting of all persons interested in going into a registered program to be present at his office on the night of the 18th of May at 8 p.m. The purpose of the meeting is to discuss breeds of cattle that will be desired by those taking part in the program. Discussion will also be held on the possibility of a Donley County registered association, this to take in all beef breeds. We will also discuss the possibility of a bull sale here in Donley County each year featuring Donley County registered beef cattle. Breedlove says that if the organization is formed that possible registered beef signs will be erected along the highway by the breeders. Remember the date and be present and lets get every ones idea on this project.

Clarendon Wins Top Honors In Area F. F. A. Meet

Representatives of the Clarendon Future Farmer Chapter won many of the top honors in the Area I Convention held at Amarillo, May 9th. The Clarendon Chapter was selected as top chapter in the area in the national chapter contest. Harold Lindley was named as one of the four American Farmer Degree Candidates from the area. Only one member out of each 1,000 may win this honor. Harold was Star Lone Star Farmer from this area and third in the state in 1957.

Bobby Longan was selected as Star Lone Star Farmer from Area I making the fourth year in a row that a Clarendon member has won this honor. He will make the trip to Austin during the first week of June to compete for the honor of Star Lone Star Farmer of the entire state organization. Longan also was awarded first place in the wild-life conservation contest and awarded a \$50 cash award. He received a \$75 cash award and a plaque for the Star Farmer award.

Carl Talley was selected as the area candidate for both the Santa Fe Railway College Scholarship and for the Anderson-Clayton College Scholarship. Two Santa Fe and five Anderson-Clayton Awards are given in the state. Talley and Dennis Bradshaw represented the Clarendon Chapter as voting delegates at the convention. Don Hudgins was named Area I Reporter at the meeting.

Guests in the home of Mr. and Mrs. J. H. Howze Sunday were Mrs. Lillian Sahl of Boise, Idaho, Mrs. Julia Latimer of Montrose, Calif., Mr. and Mrs. W. L. Landers and Mr. and Mrs. Herman C. Clutter of Amarillo, and Jimmy D. Howze of Lubbock.

FARM NEWS

from the County ASC Committee

Reminder of Soil Bank Compliance

Farmers who have contracted to participate in the 1959 Soil Bank conservation reserve should remember that they must comply with all acreage allotments for the farm as well as all soil bank requirements in order to qualify for payment. Mr. Cooke, chairman of the Donley County Agricultural Stabilization and Conservation Committee said May 8th.

A program provision that is sometimes overlooked by farmers requires compliance with all acreage allotments established for the farm. If this requirement is not met the farmer will be ineligible for payment and he will leave himself liable for further penalties. Mr. Cooke further pointed out that farmers should be extremely careful that they do not exceed their permitted acreage of soil bank base crops. Exceeding this permitted acreage can also make a farmer ineligible for the payment which he would otherwise earn.

Where a farmer willfully and knowingly harvests from or permits grazing on conservation reserve land, payment is forfeited and in addition, he is subject to a civil penalty of 50 per cent of the payment which would have been made for compliance.

Measuring Wheels
All farmers who have borrowed a measuring wheel, please return to this office as soon as possible. If you are interested in purchasing the measuring wheel you may do so.

FORMER RESIDENT DIES AT LUBBOCK

Funeral services will be held this afternoon at 2 p.m. at the Rix Funeral Home in Lubbock for Nelse Robinson, former Donley County resident who died at his home in Lubbock Tuesday night.

Mr. Robinson farmed north-east of Clarendon for a long number of years prior to moving to Plainview and later to Lubbock.

STUDENTS TO PRESENT MUSIC PLAY RECITAL

Mrs. Page Harmon will present a group of her music students in a musical play recital titled "The Queen of Music and Her Court," at the College Auditorium Sunday afternoon, May 17, at 2:30 p.m. About 22 students will take part.

An invitation is extended to everyone to attend. No admission charge will be made.

From Austin

Regular Session Ends

The regular session of the 56th Legislature is over and it finished with a crowded docket of unfinished business including all important tax and appropriations matters.

Some have called this a "do nothing" Legislature, but I do not believe that this is a fair criticism. One hundred twenty days is simply not much time in which to do all the important jobs which the Texas Legislature must do.

Full Debate Takes Time

Full and complete debate and hearings on all bills take a great deal of time. This time, however, is well spent and certainly is of benefit to all citizens of the state. Our greatest constitutional protection as a citizen and tax payer is the fact that full debate

NATIONAL SALVATION ARMY WEEK, MAY 17-24

The Salvation Army is known in Texas—and elsewhere—for the services it renders to needy persons. Almost everyone knows that the Salvation Army distributes hot coffee and doughnuts to relief workers at scenes of disasters. The Salvation Army trucks with their red shields are familiar sights on our city streets as they gather discarded articles of furniture, broken beds, chairs, kitchen equipment, bundles of newspapers and magazines — articles that can be reclaimed and repaired for distribution among needy families.

This year, throughout the United States, National Salvation Army Week has been re-established and observance will be taking place from May 17 through May 24, in towns, cities and areas across the country. The purpose of Salvation Army Week is to let the people of the United States know what the Salvation Army is and just what they do. The Salvation Army is a religious organization whose original and paramount purpose is to lead men and women into a

relationship with God and their proper understanding of their fellowmen. Its purpose is evangelistic, but its founder, William Booth, was a realist. He recognized the impossibility of preaching religion to a hungry, dirty, ragged individual. He knew that help toward physical regeneration must go hand in hand with spiritual rebirth.

Founded in London in 1865, the Salvation Army invaded the United States in 1880, and began its mission in Texas just eight years later in 1888. Since its founding growth of the Salvation Army has been rapid and today its services are being carried out in 86 countries and colonies in all parts of the world except behind the Iron Curtain and the Bamboo Curtain. Its missionaries preach the Gospel in 120 languages. Its 26,887 uniformed officers and cadets carry on its mission of service to humanity in 16,966 corps and outposts.

In Texas there are 37 corps units and 187 service unit committees actively engaged in carrying forward the humanitarian and religious work of the Salvation Army.

and hearings on legislative matters are guaranteed. **Tax Bill Is Hard To Pass** Many people have criticized the Legislature's failure to pass a bill during the regular session. I maintain, however, that it should be a hard task to pass a tax bill. If it were as easy matter to pass such a bill, then we would have a big tax bill every session.

Because it is difficult to pass a tax bill, the folks who have to pay the taxes are more adequately protected. If it were easy to pass a tax, then we would already have both a general sales tax and an income tax in Texas. **Special Session Begins Next Week** Our first special session will begin next week. Of course, this comes as no surprise to me as I have been predicting a special session for some months. There is some speculation in Austin now that perhaps even one special session will not be enough. This remains to be seen.

Austin — Most people in or connected with the 56th Legislature are comforting themselves with the knowledge that air conditioning was installed in House and Senate chambers last year.

It may be pretty hot, they say, before a majority of both houses come to agreement on new taxes.

House members systematically cut to pieces the big omnibus tax bill (HB 727). As originally proposed, it would have raised \$300,000,000, mostly from scores of

new selective sales taxes on items ranging from face paint to house paint. After members got through cutting out the things that brought the loudest howls, it was down to less than one-fourth its starting size.

It was then given preliminary approval (second reading) by the narrowest of votes, 74 to 72, counting Speer Waggoner Carr's "yes" vote. Carr stepped down from the speaker's rostrum to plead with members to pass the bill, even though it had been stripped to practically nothing, so as to "get something to the Senate."

Senate cannot consider a tax bill until it has been passed by the House. But for the Senate, getting the shattered fragments of HB 727's lie getting four wheels and some broken glass with the invitation to make an automobile. **TASK AHEAD**—In the days that remain until May 12, or in special sessions thereafter, the Legislature faces these decisions:

1. Appropriations — House has passed a bill calling for \$322,000,000 in general revenue; Senate, a bill for \$302,000,000. Differences must be adjusted in conference committee, which neither presiding officer seemed in a hurry to appoint. This could mean some sort of agreement that there would be no final decision on the appropriations bill until a tax program emerges.

2. Taxes — Either house's spending bill, with the deficit added, would require something around \$200,000,000 in new tax money. This much, it seems certain, must be found, somewhere.

3. School improvement—Backers of the Hale-Aikin Committee program will push for adoption of at least part of that program. It would add some \$100-

000,000 a year to state expenses. **ABANDONED PROPERTY** — In a vote that surprised many, the House killed the abandoned property bill, 80 to 67.

Proposed measure would have allowed the state to take over dormant bank accounts and property held by insurance companies, utilities and oil and gas companies if it had gone unclaimed seven years.

Some felt that Gov. Price Daniel, who had fought strenuously for the bill, might regard its defeat as third term fodder. He said at one time is passage meant more to him than anything since the tidelands.

Afterward, the governor said "the fight has just begun." He was critical of Speaker Carr for having allowed the measure to come to a vote when it did.

"COW BILLS" PASS — Senate has given final approval to three bills affecting ranchers and dairymen.

A milk bill, sponsored by Sen. Grady Hazlewood of Amarillo, would prohibit bringing milk from other states unless it could be established that the milk was produced under the health and sanitation standards placed on Texas producers.

Sen. Ray Roberts of McKinney pushed through a bill that would provide a penalty for allowing cattle to roam on state and national highways and relieve motorists of liability for hitting stock.

A bill tightening licensing regulations of veterinarians also was passed by the Senate. Sen. Andy Rogers of Childress, sponsor, noted that there is no present law to suspend licenses of veterinarians guilty of malpractice.

WHAT'S THE USE — Senators refused, 16 to 5, to take up Sen. A. M. Aikin's bill to improve schools and raise teacher pay.

Those who opposed said passing the bill before tax money is found wouldn't bring a "crying dime" to the teachers.

Hopeful teachers could take some comfort from the fact that some who voted against considering the bill said they would favor it when money is on hand.

LOAN SHARK CURB PASSED

—Texans will probably have an opportunity to vote in November, 1960, on whether to adopt a new approach for regulating lending practices.

Both House and Senate have approved a proposed constitutional amendment that would allow the Legislature to regulate the amount of interest that could be charged. Present 10 per cent ceiling on interest, set in the Constitution, would be abolished.

A constitutional amendment must be approved by the voters at a general election after it has been passed by the Legislature and signed by the governor.

Backers of the change say it will pave the way for driving loan sharks out of Texas. Such a measure has been sought for a number of years and has the backing of Texas Legislative Council.

MORE COLLEGES OKAYED — Texas is on the way to having a new medical school and three new state-supported four-year colleges.

Senate, in a burst of educational zeal, passed bills to (1) elevate Arlington State College between Fort Worth and Dallas to a senior college, (2) make Tarleton State College at Stephenville a four-year college, (3) make Midwestern University at Wichita Falls a four-year state-supported college and (4) establish a new University of Texas medical branch at San Antonio.

All except the Midwestern bill already had been passed by the House.

OPEN MEETINGS APPROVED — Meetings of state, city, county and district boards and their records will be required to be open to the public under a bill given final Senate approval.

Measure that passed was a combination of Sen. Preston Smith's "open meetings" bill and Sen. George Parkhouse's "open records" bill.

Senate Jurisprudence Committee has amended Smith's original proposal to say that closed meetings could be held "for the discussion of appointments or matters which, if made public, might adversely affect the public security or the financial interests

of the state or its political subdivisions.

Traffic Deaths Increase Over Last Year

Austin — The Texas Department of Public Safety reported today 59 more persons have been killed in Texas traffic accidents during the first quarter of 1959 than in the same period last year.

Col. Homer Garrison, Jr., Director, said this means motorists apparently have reversed the trend which resulted in the lowest traffic death rate in the state's history in 1958.

The department reported 551 persons have died in traffic accidents during the first three months of this year, including reports received up to April 18. This total compares with a death toll of 501 during the comparable period of last year.

"This 10 per cent increase in traffic fatalities indicates we are off to a bad start which could completely wipe out the 8 per cent decrease in motorcides for the whole of 1958," Garrison said.

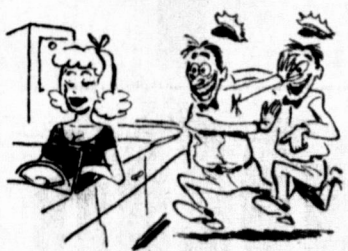

"Equally alarming is the fact that the total number of accidents has increased 24 per cent over last year, indicating an urgent need for every motorist to take stock of his driving habits and join in a campaign to save lives and restore our improved record of last year."

Garrison's statement was issued with the release of a booklet containing an analysis of 1958 motor vehicle traffic accidents, prepared by the Statistical Services Division. This showed that the 2,342 traffic deaths was the lowest since 1949 when 1,947 were killed, and that the death rate of 5.3 persons killed for each hundred million miles travelled was the lowest in history. The low rate was achieved through a reduction of 197 deaths in 1958 in spite of a 3 per cent increase in travels.

A summary of the 1957 wool marketing year in Texas shows that 236 of the State's 254 counties sold some wool under the incentive payment program. Sales ranged from less than 100 pounds to almost 2,000,000 pounds per county.

The Gyrfalcon

Gyrfalcons are rugged birds. They have to be, for they live in the cold, barren Arctic and northern Canada. Sometimes they venture southward, but few go as far as the northern United States. Only once in a long while is a Gyrfalcon seen in our country.

In the bleak territory which they inhabit, the big birds perform like true members of the hawk and falcon family. They are among the fastest of all feathered fliers, and in their bag of aerial tricks are the skills of soaring and diving.

With a keen eye for prey, they arouse fear in the hearts of their neighbors - birds, rabbits, mice, shrews, and other small animals. Many an unsuspecting creature has felt the swift, sure claws of a Gyrfalcon whose appetite was unsatisfied.

The struggle with a victim is usually short, because the Gyrfalcon is a large, powerful bird with strong feet and beak. He is from 20 to 25 inches long and has a heavy body. His wings, built for speed, are long and slim, and his tail is somewhat long, too.

Only experts can be sure of identifying him, says the National Wildlife Federation. This is partly because Gyrfalcons are so rarely seen, and partly because they come in different color combinations. Some are white, with broken bars of brown or black across their backs and wings. Others are darker, with mostly brown, gray, or black feathers and only a bit of white.

At one time this caused bird authorities to list three or four races of Gyrfalcons living in North America. But now they feel that there is only one, and

Survey Ordered On Bald Eagles

What is happening to the American bald eagle? Made famous as the national emblem, and representative of liberty and freedom, it is fast decreasing in numbers.

The National Audubon Society has instigated a study in an attempt to ascertain the present status of the species and the cause of its decline.

All field personnel of the Texas Game and Fish Commission have been asked officially to cooperate in this

study. A notice has been sent out by Howard Dodgen, executive secretary, asking wardens, biologists and others, to cooperate in a three-year study.

They will be asked to report on finding nests, young eagles,

and even sighting eagles in flight. They are to make confidential reports on the nesting areas, so they will not be molested by the general public.

Mr. Dodgen also suggested sportsmen assist in the project

by notifying game department personnel when these bald eagles or their nests are found.

At the same time, he warned of the heavy penalty in court for the killing of these eagles.

Donley County Leader, \$3 a year in county.

study. A notice has been sent out by Howard Dodgen, executive secretary, asking wardens, biologists and others, to cooperate in a three-year study. They will be asked to report on finding nests, young eagles, and even sighting eagles in flight. They are to make confidential reports on the nesting areas, so they will not be molested by the general public. Mr. Dodgen also suggested sportsmen assist in the project by notifying game department personnel when these bald eagles or their nests are found. At the same time, he warned of the heavy penalty in court for the killing of these eagles.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford

Austin — With just about a week or so left in the regular session, legislators will be under much pressure—to do many things and do them fast.

Each day that passes without agreement on financial matters heightens the possibility of a special session as soon as this one ends.

Many measures will be trampled under or pushed aside until '61. But as Speaker Waggoner Carr told the House, the problem of raising some new money "won't go away. It has to be faced."

NO EASY OUT—Like every other tax proposal made this session, the huge "something for everybody" omnibus tax bill recommended by the House Tax Committee brought howls of protest.

It would raise an estimated \$151,000,000 a year by raising some old taxes and placing new taxes on hundreds of items. Tabbed for increases are natural gas, motor vehicles, cigarettes,

liquor, wine, beer licenses.

New targets include hotel rooms, restaurant meals, cigars, chewing tobacco, snuff, aircraft and auto parts, dozens of luxury items (jewelry, furs, cameras, watches, silver, etc.), radio and TV parts, business machines, commercial rentals, club dues, construction materials, dance studios, reducing salons.

Officially, the bill is known as the Tax Committee substitute for H.B. 727. Unofficially, it's called a lot of other things.

House members showed no more eagerness to rally behind this broad-based approach than they had for Gov. Price Daniel's less "spread out" plan.

GIVE LITTLE, TAKE LITTLE—Two appropriations bills of varying sizes have been passed by the House and Senate. Differences will be adjusted by a conference committee of members from the two houses.

Both bills call for spending nearly \$2,500,000,000 during the next two years. House bill is

slightly larger. It calls for approximately \$333,000,000 from general revenue. Senate would spend only \$307,000,000 in general revenue.

To satisfy both houses, the conference committee will try to reach a compromise between these two figures. However it's worked out, it's already clear that spending will considerably exceed the \$281,000,000 spent from general fund for 1958-59.

ROUGH SEDDING — Governor Daniel's "abandoned property act" barely squeaked by its first test on the House floor by a 71-69 vote.

Measure would allow the state to take over money and property unclaimed for seven years or more. Estimates of how much it would bring in immediately range from \$20 million to \$50 million.

Many bankers fear such a law would cause people to be afraid to put their money in banks and decide to stick it in a sock instead.

Backers of the measure say the banks and other businesses are holding and getting the benefit of property that does not belong to them, should be used to CO-OP BILL SHUNTED ASIDE — A bill to allow rural electric coops more "elbow room" has been sent to the Attorney General for an opinion.

Rep. Alonzo Jamison of Denton, sponsor, protested to the House State Affairs Committee that this would kill the bill. This late in the session, delay is usually fatal.

Highly controversial, the bill would allow coops to add new customers after the area of their lines is annexed to a city.

ADVERTISING BILL ADVANCES — A state-financed advertising program for Texas moved close to final enactment despite heated opposition from an advertising man in the Senate.

Proposed bill would create the Texas Development Board to supervise tourist advertising by the Highway Department and industry advertising by the Texas Industrial Commission.

Sen. George Parkhouse, an advertising man from Dallas, objected, not to the idea of state advertising, but to the way it would be handled. He declared the suggested \$100,000 appropriation would be wasted.

But the bill gained final approval in the Senate and next-to-final passage in the House.

FIRE-POLICE BILL GAINS — A shorter work week for many city firemen and policemen is near to legislative approval.

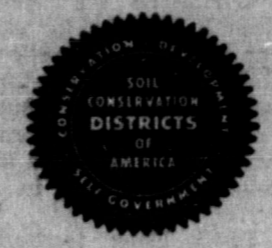

Senate has passed the bill finally, and a House committee has recommended passage.

Bill limits firemen's working hours to 72 in cities of 10,000 to 60,000 population, 63 hours in cities of 60,000 to 125,000 and 60 hours for all larger than 125,000. Policemen would work the same hours as other city employees.

City officials have protested the measure would raise local expenses and aggravate an already acute revenue-raising problem.

TEXAS DERBY? — Not given much chance of passing, but exciting some interest is a proposal to legalize horse racing and betting in Texas.

Rep. Homer Koliba of Columbus introduced the measure which was sent to a House subcommittee. Thoroughbred horse breeders

Survey.

Helps develop the annual Agriculture Conservation Program, giving technical assistance to farmers and ranchers participating in the cost-sharing provisions.

Gives technical assistance to farmers and ranchers participating in the conservation-credit program of the Farmers Home Administration.

Plans and applies measures and practices that reduce flood damage in watershed areas.

Cooperates with the National Association of Soil Conservation Districts in sponsoring Soil Stewardship week each spring and other activities designed to make us conscious of our obligations to the soil and our country's resources.

What The Soil Conservation District Is

Soil Conservation Districts are local organizations set up at the request of and by a majority vote of the resident land owners of the area. They are organized under state law for the purpose of promoting and assisting in all conservation. In Texas each District is divided into five parts, or zones, each electing its own superintendent.

SEE YOUR QUALITY BUICK DEALER...AND Get inside the clean winged beauty of Buick '59

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Watch Dale Robertson in *Tales of Wells Fargo* on NBC-TV Monday Nights

Along with the most talked about style on the road today goes performance new even to owners of previous Buicks . . . and too great for you to miss.

Buick '59 is livelier yet smoother, more powerful yet thrifter, as any previous Buick owner will tell you. And credit goes to the turbine smoothness of Buick transmissions, plus the new responsiveness of Buick "Wildcat" engines.

At the wheel, too, you'll find new handling ease and finned-brake sureness that owners put high on their "most liked" list.

But that's far from all these owners tell us. They talk about new operating economy from the most efficient power plant on the road today. About quality of finish and detail, and of quietness that even beats the best of Buick heretofore. They speak of reliability . . . and they speak of the pure pleasure of owning a Buick '59 . . . in ways that warm the heart.

But the best spokesman for Buick '59—and what it can do for you—is a Buick itself. Why not go to your Buick dealer and get the inside story, today?

TO OWNERS OF CARS IN "THE LEADING LOW-PRICED 3" . . . You'll be surprised how easily you can own a Buick LeSabre instead! Be sure to ask your Buick Dealer about "THE MOST IMPORTANT \$200 IN THE AUTOMOBILE WORLD!"
