## FARM NEWS

from the County ASC Committee

### IMPORTANT REMINDER

We are afraid some Soil Bank participants are going to be mighty unhappy this year if they do not receive their annual payment for failure to plant the land under Conservation Reserve contract to an approved grass. All Conservation Reserve land that has not already been planted to an approved grass should be seeded and performance reported. Otherwise the producer may be considered as having violated his contract and, if so, no annual payment will be made this year. This matter should be given immediate attention by all concerned. In this connection, we quote the following requirements:

1. A WORKMAN EFFORT must be made in land preparation and in seeding a grass cover the first year of the contract period;
2. APPROVED COVER of grass must be established and maintained on all eligible Soil Bank land;
3. FAILURE TO ESTABLISH and maintain an acceptable grass cover constitutes a violation of the contract and the loss of annual payment; and
4. SOIL BANK LAND shall not be grazed at any time and no crop harvested therefrom during the contract period — sunflowers, cockleburs and Russian thistles must be controlled — do not exceed permitted acres on the farm.

### NATIONAL FARM AND SAFETY WEEK, July 19-25

The President of the United States has proclaimed the week beginning July 19, as National Farm Safety Week and requests all persons and organizations interested in the welfare of farm people to support and participate in its observance.

### APPLICATION FOR 1960 WHEAT ACREAGE ALLOTMENTS

The ASC County office is accepting wheat allotment application for certain farms. A producer who intends to seed wheat for 1960 on a farm on which no wheat was seeded for harvest as grain in any of the year(s) 1957, 1958, or 1959 and who desires to be considered for an allotment must make application for an allotment according to Mr. Cooke, Chairman of Agricultural Stabilization and Conservation committee. Application forms are available in the ASC county office for use in filing a request for an allotment. The producer must apply in writing by July 1, 1959.

### COTTON PERFORMANCE

The Donley ASC office force would like to express appreciation for the cooperation which all the Donley County farmers are giving the reporters while they are measuring cotton and Soil Bank crops. Your continued cooperation is important and appreciated because a much better and faster job will be performed.

### GOLDEN WEDDING OBSERVED

We join with the many friends of Mr. and Mrs. Frank Crips of Alanreed in congratulating them on their Golden Wedding Anniversary.

### ENTERS SERVICE

Billy Mac Hicks left Saturday for Fort Ord, Calif., for six months duty with the National Guard. Mrs. Hicks will remain here.

## Chicken Barbecue Well Attended

An estimated crowd of between 550 and 575 was on hand for the Chicken Barbecue held Friday night at Broncho Stadium. Of this number near 100 came from Memphis.

Among other towns represented were Hedley, Dumas, Claude, Shamrock and Amarillo. The chicken prepared by Flip Breedlove and his crew was said to be the best ever as were the beans and fruit prepared by J. B. Melton and his assistants.

Junior Spier, president of the Clarendon Chamber of Commerce and Clarendon Lions Club, presented a plaque to Memphis for having the most of their club members present, both for the C and Lions.

Highlight of the evening was the selection of a queen to reign over the Rimrock Roundup Celebration July 2-4. Miss Darlene Russell of Amarillo took first place honors, Miss Linda Kay Hardin of Clarendon, second, and Miss Carolyn Harvey of Shamrock, third.

Among the other entries were the following girls and their sponsors: Clarendon Lions, Sharon Smith; Vallance Food, Carolyn Wallin; Juniors Market, Sue McCord; Donley County State Bank, Sue Yankie; City Drug, Bertha Hassler; Household Supply, Andra Pinkerton; Clarendon Food, Sandra Pinkerton; Bob Moss Pharmacy, Edna Beth Finch; and Littlefield Ranch, Carolyn Sue Schaffer.

Miss Hardin was sponsored by the Outdoor Entertainment Assn.

## Death Claims Col. E. A. Simpson

Funeral services were held at 3:30 p.m. Friday afternoon in St. Andrew's Episcopal Church, Amarillo for Col. E. A. Simpson, a prominent Amarillo attorney and a former resident of Clarendon. Col. Simpson died Wednesday afternoon in an Amarillo Hospital following a heart attack.

He was born October 28, 1888, in Farmersville in Collin County and received his degree in law from Cumberland University in Tennessee, later practicing law in Clarendon from 1910 to 1917 when the American declaration of war against Germany influenced him to enter officer's training camp at Leon Springs.

On June 6, 1917, he was commissioned a captain and returned to Clarendon to organize the National Guard outfit that became Company H of the 142nd Infantry, 36th Division, and served in the Meuse-Argonne offensive.

After the war, Simpson returned to Clarendon and resumed the practice of law. In 1926 he moved to Amarillo where he joined the firm of Underwood, Johnson and Dooley.

Surviving are the wife, a son, two daughters, and four grandchildren. Burial was in Llano Cemetery.

## Little League News

Rain postponed all of the Pee Wee and Little League games this week. In spite of this, two exhibition games were played.

The Cubs in the Little League played the Indians in the Pee Wee division Friday night with the Cubs taking the game by a score of 19-9.

Tuesday night the Cubs defeated the Sox in a Little League exhibition game. Their score was 15-14, indicating a closely contested game.

## County Bank Deposits Remain Over 7 Million

The three county banks, The Donley County State Bank, The Farmers State Bank, both of Clarendon, and the Security State Bank at Hedley, still show a deposit topping seven million dollars according to statements appearing in this issue of the Leader.

The total deposit at the time of the current bank call was \$7,244,384.95 as compared to \$7,680,105.20 on deposit at the last bank call on March 12. Loans totaled \$4,040,488.57 at the time of the current call. Turn to the financial statements elsewhere in the paper for a complete picture of banking conditions.

## Dusters Defeated By Hawbak, 2-1

The Clarendon Dusters were defeated by Hawbak of Amarillo Sunday in a close and exciting game played in Amarillo. The score was 2-1. Don Newman was the losing pitcher although he pitched good ball. He had eleven strikeouts in 6 innings of play. Bobby Lesley came on in the 7th and made a nice showing in the relief spot but the Dusters were unable to push across any runs.

The Dusters will travel to Borger Sunday for their last road game. They will be at home for the next month and a half.

## Old Fiddlers Contest To Be Held

An Old Fiddlers Contest will be held the afternoon of July 4th in the center block of main street. Several of the old time fiddlers plan to be here for the occasion, among them, Joe David of Waco, Jack Pritchard, Ray David, and Milt Mosley. There will be others from the Clarendon area.

Ernest "Tuny" Kent will be in charge of the contest this year so if you are interested in taking part in the contest he will be glad to hear from you.

## Leader Editor Expresses Appreciation

Your Editor of the Leader, who is a victim of too many long hours trying to set all the type in the absence of a linotype operator, blood-pressure trouble and a good case of the flu, is deeply appreciative of the help received this week in publishing the Leader.

Two former employees of the Leader, Cliff and Herald Stogner, who are now operating the printing department at West Texas State in Canyon, have come over each night this week to set type and fill in the gaps for which we are extremely grateful.

Your Editor wishes to thank the merchants who have turned in their advertising copy at a much earlier time to make the going a bit easier and also our rural correspondents and others who have sent their items on in on Monday.

We are still not over the hump and all early copy will be more than appreciated for at least another week.

We have a linotype operator hired that is due to be here July 5th and what a happy day that will be.

### TO CELEBRATE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. C. L. McCrary invite their relatives, neighbors, and friends to an open house at the family home Sunday afternoon, June 28, when they will be celebrating their golden wedding anniversary.

Hosts for the occasion will be their children, all of whom expect to be here with the exception of two. You are invited to call between the hours of 2:30 and 5:30.

### BAKE SALE FOR JULY 4TH

The ladies of the Ashtola Community Center will hold a Bake Sale, Saturday morning, July 4th, on the court house lawn. Food will be on sale all morning until the close of the barbecue. Cakes and pies will be sold either by the piece or whole.

## Big Three Day Celebration Just One Week Away

### Moisture Good Here For Cotton Farmers

Cotton and grain sorghum farmers were glad to see the moisture received the past week while those who are in the process of harvesting wheat would have been happy to see sunshine for a few more days. Rain was pretty general over the county, and was of a soaking nature to do the most good.

The official weather observer here in Clarendon reported a rainfall of .66 last Thursday, .81 on Monday of this week, and .07 on Tuesday of this week.

The record temperature for the year was reached Thursday, June 11, when 106 degrees was recorded. So far as the past week has gone, Wednesday, June 17, was our warmest with 102 degrees which made the drop to 87 degrees on Thursday feel pretty good.

### BROTHER OF LOCAL RESIDENT DIES

William Ozey Spencer, brother of Jim Spencer of Clarendon, died Monday evening at Inez' Rest Home here. He was 67 years old and had been here about three months. He had been a resident of Plainview for 14 years.

Murphy Funeral Home sent the body overland to St. Jo, Texas for services and burial Wednesday afternoon.

### HOSPITAL NOTES

Patients as of Wednesday, June 24: Mrs. W. E. Grimsley, Ross Noles, Carolyn Williams, Mrs. Barbara Mair, Mrs. Bess Ozier, George L. Green, Mae Bennett, and Rebecca Lynn Story.

Dismissals: Donnie Phillips, Mrs. Frank Hommel, Ravis Alexander, and Mrs. Oscar Thomas.

### TOP WINNERS IN RODEO QUEEN CONTEST

Miss Darlene Russell, center, of Amarillo was chosen queen of the Rimrock Roundup and July 4th Celebration at the Kick-off chicken barbecue held at Broncho Stadium Friday night, June 19. She will reign over the various events of the three day affair. Miss Linda Kay Hardin of Clarendon, to the left, placed second in the contest, and Miss Carolyn Harvey of Shamrock, right, placed third.

### Rodeos, an Old Settlers reunion, a free barbecue, Old Fiddlers contests, parades, and dances are planned for the annual Rimrock Roundup celebration to be held here July 2-4.

For those who are especially interested in rodeos, there should be plenty of thrilling action in the three nights and Morris Stevens of Silverton will furnish the stock which promises to be some of the best ever brought to Clarendon. Grounds and chutes have been put in readiness to assure a fast moving show. Tickets for Box seating is being handled by Ray Palmer and tickets for parking by Pete Borden.

### A.A.A. Motor Company Sponsoring Terrapin Race July Fourth

Hershel Heath announced this week that the AAA Motor Company is sponsoring a Terrapin Race the morning of July 4th. The race will be held at 9:30 downtown and all boys and girls ages one year through 12 will be eligible to enter their terrapin. The race will be limited to strictly the hard shell terrapin—no soft shells.

For those of you who would like to enter a terrapin in the race it is necessary that you go by the AAA Motor Company and sign up so that you can get a number to go on your turtle's back. Only those with registered numbers will qualify for the prizes which will be given for the three top entries. First prize will be \$15, second prize \$7.50, and third prize \$5.

Interest is running high with some 40 entries at this time.

### Clarendon Merchants To Close July 4th

It is our understanding that all merchants will close all business houses in Clarendon July 4th. Excepted will be some of the cafes and service stations. Business men agreed to close four holidays out of the year and July 4th was one of the four. Plan to do your shopping on Friday instead of Saturday next week.

The weekly Trade at Clarendon drawing will be held on Friday afternoon, July 3rd, at 4:30 p. m. instead of the usual Saturday for the one week only.

### ATTEND CONFERENCE AT COLLEGE STATION

Ruth M. Richerson, County School Superintendent, and Mary A. Foreman, Counselor for the Donley County Schools, attended a school conference at Texas A & M College, at College Station June 15-17, and took part in a panel discussion on "Developments in Building Guidance and Counseling Programs in Public School Systems."

More than 500 school administrators, teachers and supervisors attended the annual conference.

### BATON LESSONS OFFERED

Anyone interested in taking baton twirling lessons this summer is asked to call Donna Estlack at Phone 156. Lessons will be between the hours of 9 and 12 a.m.

Parades will be held the afternoon of July 3rd and 4th. To be eligible for the prize money, entries must be in the parade July 3rd as well as that of the 4th. R. E. Drennan and J. G. McAnear will take care of this part of the annual get-together. Top prize will be \$25 with \$15 going to the runner-up.

The free bar-b-que will be served at noon July 4th and will be served free through the courtesy of rancher and livestock interests and business houses. Flip Breedlove and his assistants and J. B. Melton and his aides will prepare the food.

The Old Settlers will hold their meeting this year in the Mulkey Theatre where there will be ample seating to provide comfort for all our old-timers, this through the courtesy of Mrs. Homer Mulkey and Lee Bell. Earnest Kent will be in charge of this gathering. He will be assisted by Mrs. Tom Heatherly and Mrs. Edith Barnes. Kent urges all old timers to be present and expressly stated that you would certainly be fed and taken care of.

The Old Fiddlers Contest will be held the afternoon of July 4th and unless otherwise announced will be held in the center block of main street. Several have indicated that they will be here for the event, among them Joe David and Milt Mosley. Kent will be in charge of this event also.

For the small fry, Hershel Heath is sponsoring a Terrapin Race the morning of July 4th and there will be a Boot Scramble at each rodeo performance for youngsters 12 years of age and under.

An effort is being made to promote a Wild Cow milking contest but nothing definite has been settled. This contest was enjoyed by everyone—except perhaps the contestants, last year. The problem seems to be in locating the Wild Cows for this event.

Dances will be sponsored nightly by the American Legion and will be held at the Legion Hall.

Bill Green, president of the Outdoor Entertainment Association, announced this week that the official headquarters for the Rodeo Office would be in the Legion Hall and that the office would be open beginning Monday morning, June 29. Kenneth Vaughan is secretary of the association and reports contestants are already coming in and signing up. The Association will hold a final meeting for last minute details Tuesday, night June 30.

A delegation from Clarendon will appear on Cotton John's TV program over Station KGNC, Channel 4, Saturday afternoon at 4 p.m. All who plan to go should contact Flip Breedlove. The group must be at the station in Amarillo by 3:30 p.m.

The booster trip to the south Saturday was termed a success with 12 cars making the trip, and though the day was hot, the delegation was well received at each stop.

An invitation is extended to everyone in the Panhandle area and far and wide to come to Clarendon for the Rimrock Roundup. We will be looking for you!

HEDLEY NEWS

Mabel Bridges

Our community received a nice rain Thursday evening. Crops are small but looking good. Cotton is growing, most of it having had first cultivation.

Hedley still continues to grow since January 1st. Six new homes have been built. Other homes have undergone a complete remodeling. More new homes and businesses are to be built in the next few weeks.

Mr. and Mrs. Ansil Adamson sold their house to Mr. and Mrs. Hefner of Houston. The Hefners are moving to Hedley to make their home.

The R. Milton Saunders family have bought the R. W. Alewine home. We regret the Alewines are leaving Hedley.

MOSLEY REUNION
The M. W. Mosley family gathered together Sunday, June 14, at the Hedley Park for their annual family reunion. All the

One of the practices your Donley County SCD believes in is Conservation Cropping Systems. What is a Conservation Cropping System? It is, in simple

words, rotating crops on a field which are best suited to maintain fertility of that field. By maintaining soil fertility, each acre will produce more net profit over a period of time than it will if it is continuously cropped to a soil depleting crop, such as cotton. This does not mean that cotton cannot be grown on the same acre of land each year. If a winter cover crop of high residue soil improving crops, such as rye and vetch or winter peas, is planted in the cotton middles in the fall, and turned under as a green manure crop in the early spring before cotton planting, soil fertility will be maintained. Of course, some supporting practices, such as terraces and contour farming, waterways, or others, may be needed to completely control erosion.

Flat land, with low erosion susceptibility, naturally needs intensive treatment. Possibly two years of cotton rotated with one year of high residue producing crops (vetch, peas, guar) will take care of the land. As the slope of the land gets steeper, or erosion susceptibility gets higher, more intensive treatment is required to control erosion. Pos-

sibly cotton one year rotated with a high residue crop with a soil improving crop one year in four will control erosion. The Donley Soil Conservation District has trained technicians available to advise cooperators of the best cropping systems on any soil. Each farm is different and has different problems. The Soil Conservation Service technicians, who assist the Donley County SCD, will be glad to work with and cooperating farmer to determine the best cropping system on his soils.

Salvation Army officers are ordained ministers. They also serve as chaplains in the armed forces.

### Look Before You Leap Is Good Safety Advice

"Pedestrian wisdom, or pedestrian wisdom; which?"

"This question might be put to pedestrians in most any Texas town or city," said Mrs. Fred Shrauss, Seguin, Vice President for Women's Activities of the Texas Safety Association, as she discussed the pedestrian safety program of TSA.

"Pedestrian deaths have averaged better than 8,000 annually over the past several years," Mrs. Shrauss pointed out. "More of these tragedies could have been avoided if the victims had heeded traffic signs, signals and markings.

"The trouble is that most

pedestrians must wake up to their responsibilities if they wish to become older pedestrians."

Mrs. Strauss cited some of the worst pedestrian practices as being: jay-walking (crossing between intersections or marked areas), crossing against signals at intersections, not looking in all directions before crossing and crossing intersections diagonally where there is no special provision for it. She cautioned older persons not to enter an intersection unless they have enough time to cross safely. She also urged all pedestrians to look both ways before crossing and to be sure they can be seen by drivers at night.

"Knowledge and observance of traffic regulations by both pedestrians and drivers will cut down our accident toll tremendously," she said.

"Pedestrians are as much a part of today's traffic as motorists and it is to their benefit to learn the basic traffic signs. If pedestrians know what the sign means they will better understand what drivers are expected to do.

"But pedestrians cannot depend entirely upon the drivers. They must be prepared for any emergency. The fact that a pedestrian had the right of way will be of small comfort if he winds up in a hospital."

Marine Brigadier General John H. Russell was appointed by Warren G. Harding in 1922 as American High Commissioner to Haiti.

### Future Looks Bright For Public Lake

Lake J. B. Thomas, constructed in 1951 near Ira in Scurry County, has developed into a productive public reservoir for fishermen in that area, according to the director of inland fisheries, Texas Game and Fish Commission.

Recent inventories taken on this lake indicated that flathead, channel cat, white crappie, and largemouth bass populations in-

creased at a tremendous rate during the inventory period. Yellow bullhead and gaspergou populations decreased. This increase, along with stomach analysis data, indicated bullheads were an important food for the flatheads and channel cats and that they were also very important in the development of the two species.

Data also indicated that gizzard shad appeared in the lake in desirable numbers. Nothing was found to show that river carp suckers and carp were increasing.

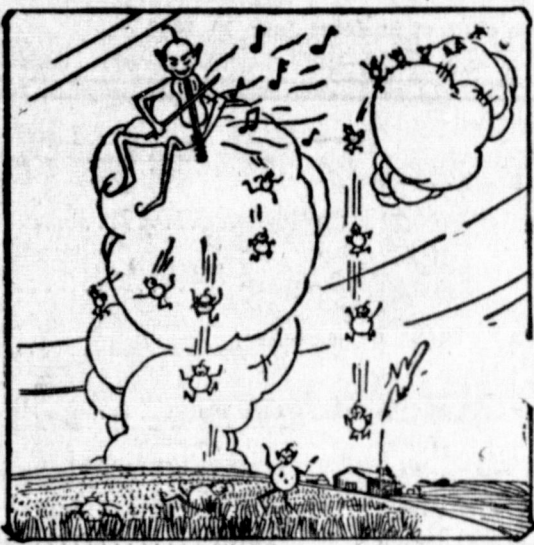

Fish populations have improved with the development of the lake itself. The body of water was created by an earthen dam about two miles above the junction of the Colorado River and Bull Creek. In 1952, this dam impounded only about 4,000 acre feet of water. However,

there was an increase as the years passed until it reached 180,000 acre feet.

Seining and gill net collections established that of all the fish present in this lake, game fish represent about 52 per cent of them numerically and about 75 per cent by weight.

If all goes well with us by the time you read this we will have made another wonderful trip all the way up to St. Louis, Mo. We have been in the edge of Missouri before but never all the way up, and not ever to this one of the country's largest cities. Wonder how we will make out. We nearly always get lost.

Some of the things we want to see and report back to you on would be the zoo, and perhaps a big time base ball game if one should be happening while there. We hear that the zoo there in St. Louis is one of the finest in the world. We always enjoy our visits to see the animals, and we can spend hours trying to figure out what the monkeys think of we the people.

The other day, along with quite a group of young folks and their sponsors, we spent the day at Boys Ranch, going to church and even eating the noon meal with the boys. If you have never made this trip be sure and do so some time. It will please the boys and you will always have more to live for because you have shared this experience of being a part of this wonderful place for boys.

everywhere, and before we forget we want to tell you about some of our experiences at the Miami Cow Calling Contest. This was our first trip up that way on Cow-Calling Day.

Just about everyone except the cows turned out for the 11th Annual Cow Calling Contest at Miami. Even though the call of the Callers echoed through the trees in Thompson Grove with a loud and vibrant gusto, nary a cow paid any attention to the excitement.

For many years the old-timers of Roberts County have gotten together for a picnic and to swap experiences and re-new old friendships once each year, but not until the late Gene Howe, known and loved over the area as the Tactless Texan, decided that the folks needed some special center of interest that would match the true ranching spirit of the area. The most appropriate seemed a Cow Calling Contest. During the balance of his life it was one of his favorite promotions.

Some experiences that will linger as pleasant memories for a long time of our first visit to this event.

Second and third place winners Charles Clark and Donald Jenkins remarked to veteran Cow-Caller Sid Talley before the judging: "If we had seen you up here in time we would never have entered." Sid came out first.

Mrs. J. H. Snyder, made us want to visit her home town community of Gem City as she won over the women callers. This put Gem City on the Map.

Second place winner in the women's division, Mrs. Doris Wilkins, of Panhandle is a daughter of third place winner, Mrs. J. O. Duniven of Miami. Mrs.

Duniven has 17 grandchildren and when you see her with the daughters, "You can't tell which is the grandmother." She could easily win a contest for the Youngest looking Grandmother.

Some of the interesting folks which we met at Miami. M. M. "Matt" Craig, who is quite a philosopher along with having been county clerk for the past 42 years. No opponent for 40 of those years. Matt says that he enjoyed helping make his part of the pioneer history but rather discuss the future as the past.

Mrs. Etta Gill who was born in Roberts County in 1886 went along with Cotton John on last years European trip.

Mrs. Ivy Pursley, oldest pioneer to register came to the area

in 1880.

D. D. Payne, who came to Miami in 1889, Mrs. Payne who is one of the loveliest ladies we have met in a long time. Her most popular radio and TV personality is Cotton John Smith.

Mrs. J. King, who roped a bear from a side-saddle when she was only 15, took the fellow home and it later became a pet and wound up in a zoo. Her husband whom we did not meet is a brother of Mrs. Ollie Dixon, wife of Billy Dixon. A side-saddle belonging to Mrs. King and Mrs. Dixon was on exhibition.

Mrs. Mattie Shackleton who was chairman of the Pioneer committee and made all of us feel welcome.

On two rows of tables folks

spread their lunch with neighbor and then would eat your way up and down the line. Mr. and Mrs. R. B. Hoynes invited us to share with them. Their hospitality was wonderful but Mrs. Hayne Chicken Pie was tops. Son Ed county judge.

Everyone conceded that the best German sweet chocolate cake was made by Carrie Le Hodges. Such a wonderful time but, we ate too much.

**Homemaking Classes To Complete Projects**  
Approximately thirty-five Summer Project Fans will complete their "Do-It-Yourself" Projects and earn one-half credit toward graduation at Clarendon High School when they conclude their work on June 26. Evaluation day will begin at 9 a.m. when the girls bring their written reports to the Homemaking Department. At 9:30 a.m. they will leave for Memphis to swim and picnic in the City Park. Each girl will plan to bring enough money to swim and buy her hamburgers and drinks afterward. We will return by 12 o'clock noon.  
Several girls have been working for the past two weeks on the float they plan to use in the July 3rd and 4th parades. They have made aluminum trays in group projects this summer, and partially planned their program

of work in FHA for the coming year when group meetings were held this month. Individual projects include: home management, meal preparation, sewing for themselves and members of their families, poultry, care of the sick, making curtains and draperies, laundry, child care, and Life Saving (swimming). This last project, we feel, will not only benefit the girls taking it, but will also make our group swimming parties safer. All these projects represent work and practical experience for the girls. They are projects which require more time than the girls have time for during the regular school term. Any girl who has completed Homemaking I or Homemaking II was eligible for this course. They spend as much time on this work as would in one semester in class during the regular school term. Only one credit can be earned in this manner, however.  
State Degree in FHA are becoming interesting. Clarendon Chapter can boast only three such degree so far. However, Sarah Antrobus, Betsy Chamberlain, Wanda Ryan, Sandra Pinkerton Wilma Mann, Merlene Ivey, and Sharon Smith have begun compiling their records this summer. Degrees in FHA represent leadership in home, school, chapter, and community. It requires work on the part of the girls because they need a record of active leadership throughout their high school years and an average of "B" or above in their school work to convince themselves and others that they are leadership material when they take their place in the community after graduation.

Mr. and Mrs. John Tholl and children, Sharon, Betty, and Rickey of Hampton, Virginia are visiting her sister and family, Mr. and Mrs. H. S. Richerson, John and Steve, and other relatives and friends. Mrs. Tholl will be remembered here as Jean Piercy.

**FAMILY DINNER**

Mr. and Mrs. Lee Holland entertained with a family dinner at their home here Sunday. Enjoying the lovely day and dinner were Mr. and Mrs. John Tholl and family of Hampton, Virginia, Mr. and Mrs. W. W. Beatty of Weatherford, Mr. and Mrs. M. E. Whitfield and family of Amarillo, Mr. and Mrs. M. G. Whitfield of Hedley, Mr. and Mrs. B. J. Leathers of Lelia Lake, Mr. and Mrs. U. Z. Patterson and Mr. and Mrs. H. B. Richardson and sons of Clarendon.

**CHILDREN HOME**

Mr. and Mrs. J. L. James enjoyed having their children home last week. Here were Mr. and Mrs. Robert H. Haier, Laurel and Karen of Biloxi, Miss., and Mr. and Mrs. Carl Smith, Larry and Gaylon of Lubbock.

Attending a picnic in the park Tuesday were Mr. and Mrs. J. L. James, Mr. and Mrs. Robert Haier and children, Mr. and Mrs. Carl Smith and children, Mr. and Mrs. Lloyd Hahn, Mr. and Mrs. E. P. Hahn, and Mrs. Clara Totten.

**FATHER'S DAY VISITORS**

Mr. and Mrs. C. B. Morris enjoyed having their children home for Father's Day. Here were Mr. and Mrs. John Miller Morris and family of Shonto, Arizona, Mr. and Mrs. Carl Morris and family of Wichita Falls, Mr. and Mrs. Duane Naylor and family of Thalia, and Mr. and Mrs. Horace Green and family of Clarendon. Carl Morris III remained for a longer visit in the Morris and Green homes.

**MID-WEEK VISITORS**

Mrs. Florene Kyser and Mrs. J. E. Hollingsworth of Turnersville visited in the home of Mrs. Robert Davis last Thursday night. They were on their return trip home after a vacation in Arizona.

Mr. and Mrs. Vernon Davis, Mr. and Mrs. Claude Davis and children, and Mr. and Mrs. Maurice Risley also visited Thursday night.

**WHAT FARMERS WANT**

Farm Journal, the leading magazine in its field, has polled its readers to find out just what kind of a government farm plan they really want.

The results will come as a big surprise to those who think farmers as a whole want more and more government aids, controls and supports.

Here's how the vote adds up: 55 per cent want total abandonment of supports and controls, and a return to the free market; 15 per cent favor supports on an emergency basis only; 8 per cent want adjustment supports which would permit a gradual return to normal markets over a period of time. In sum, therefore, 78 per cent favor plans calling either for no support or for less support.

By contrast, only 14 per cent say they want high price supports, of 90 per cent to 100 per cent of parity, and only 8 per cent favor the production payment plan.

The percentages were pretty much the same in all sections of the country. Among the different commodities, farmers specializing in poultry, beef, or fruit and vegetables are the most inclined to get rid of supports. Wheat and grain producers are least disposed to do this—but, even so, close to half of them consider it the thing to do.

Farm Journal has done the country a real service—and the hope is that the lesson learned will find its reflection in future policy. Farmers, like the rest of us, know past programs have been monumental failures, and that billions have gone down the drain with no return. And farmers want to stand on their own feet.

**HOW MUCH MORE TAXES CAN WE STAND?**

Just how much additional tax burden can the people of this country stand?

This is no idle question. State and local taxes are soaring. And current proposals would swell the federal tax bite by heavy amounts.

Take, for instance, the plan to provide government medical and nursing home payments for elderly people through the Social Security System. It would be financed by raising the Social Security taxes on both employees and employers.

The cost of the program, according to the Health Insurance Association of America, would be \$1,883,000,000 a year. Another estimate, from the Department of Health, Education and Welfare, places the bill at more than \$1 billion a year. Incidentally, this report is of a factual character, and makes no recommendations. But it does include a significant statement—that "in our society the existence of a problem does not necessarily indicate that action by the federal government is desirable." The intimation is that the Department is highly dubious of the virtues of the proposal.

That aside, if the government is to spend a billion or two a year on medical aid for one group of people, is it reasonable to suppose it would stop there? No one with any knowledge of the history of such governmental undertaking can believe it would. The door would open wide to socialized or government-dominated medicine on a limitless scale. The tax cost would be incredible. Worse still, if the experience of England and other nations is of any value at all, we would pay an enormous price in deteriorating medical standards and inferior medical care. That always happens when the bureaucrats take over, write the rule books, and call the tunes.

Mr. and Mrs. Locke Sewell of Dalhart visited Monday morning in the home of Mrs. R. C. Bingham. Mrs. Sewell and Mrs. Bingham are cousins and this was their first time to see each other in nineteen years.

**Mrs. Allene Estlack and Dana and Mrs. Kenneth Sams and Gary Don spent the week end at Nacogdoches where they visited her sister, Mrs. Ethel Murff, and other relatives. Mrs. Murff has been seriously ill but is reported improved at this time.**

Mr. and Mrs. John Miller Morris are attending school in Canyon on an educational leave from the reservation at Shonto, Arizona.

Those to visit Thursday and Thursday night in the home of Mr. and Mrs. J. L. James were Mr. and Mrs. J. F. James and their two grandchildren, Debra Kay and Susan Yvonne James of Dumas.

Mr. and Mrs. Frank E. Jones and Jeffrey Allen of Borger visited Mr. and Mrs. B. E. Jones Saturday and Sunday.

Mr. and Mrs. J. B. Hilbun of Pampa were visitors in the home of Mr. and Mrs. A. O. Hefner Tuesday.

Mr. and Mrs. Clayton Wheeler of Sedan, Kans., spent the week end with his sister, Mr. and Mrs. C. E. Wheeler.

The Salvation Army was established in the United States in 1880. The initial group included Commissioner George Scott Raiton and seven Salvation Army lassies.

More than 55,000 homeless men are aided each year in the rehabilitation program which the Salvation Army conducts in more than 100 Men's Social Service Centers in the United States.

Chevy Gives You Smarter Style Today...

Don't take it from us—take it from independent experts and from facts and figures that are now a matter of record. POPULAR SCIENCE sums up Chevy's unmistakably modern style this way: "The fact is, in its price class Chevy establishes a new high in daring styling..." This is one more reason your new Chevrolet will bring a higher allowance at trade-in time, as Chevy has over the years. A look at last year's used car prices\* shows Chevrolet averaged up to \$128 more than comparable models of the other leading low-priced two.

\*Guide Book figures of the National Automobile Dealers Assn.

PLUS 5 MORE BIG BESTS OVER ANY OTHER CAR IN CHEVROLET'S FIELD!

**Best Brakes.** Chevy showed the best brakes of the leading low-priced three in repeated highway speed stopping tests conducted by NASCAR.\* No wonder. Chevy's brakes, built for up to two-thirds longer lining life, are the biggest in its field.

\*National Association for Stock Car Advancement and Research.

**Best Engine.** Every motor magazine has given Chevy's passenger car and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

**Best Economy.** No doubt about this: a pair of Chevrolet sixes came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car.

**Best Room.** Dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room is up to 5.9 inches wider than comparable cars.

**Best Ride.** No doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

### Donley Group Attends Wheeler Range Tour

A group of Donley County people attended a range tour at Wheeler, Texas, on June 12. The tour was held on the Tom Britt ranch. About 200 people from all

over the panhandle attended. According to Bland Draper, Soil Conservation Service, the tour was held to show the results of brush control on Sand Sagebrush and Shinnery oak, and other range management practices.

According to Draper, the Britt Ranch shows phenomenal results that have been obtained by spraying Sandsage and Shinnery oak with 2, 4, 5-TP, a fairly new chemical developed for this purpose. Up to 98 per cent kill has been obtained with three sprayings. Expected kill with two sprayings is 80 - 85 per cent. Grass recovery after treatment is remarkable. Grass yields per acre increase 500 to 600 per cent. When the brush is controlled, all the water and plant nutrients that were used by it are immediately available for use of the grass plants. This gives the grass a tremendous kick, and it is hard to believe the amount of grass that is present under the brush. It will come out and cover the ground very quickly.

The present rate is \$3.10 per acre for one application of this chemical. Cost-sharing is available for this practice under the Great Plains Conservation Program and the Agriculture Conservation Program.

The tour was sponsored by the Texas Section of the American Society of Range Management. The Donley County Soil Conservation District sponsored the participation from this district. Among those present were Charles Williams, Horace Greene,

W. H. Cooke III, Dennis Lindley, H. M. Breedlove, Dwayne Dallas, Burl Smith, Fred Watt, Don Davis, and Bland Draper.

### Brown Services Held Here Wednesday

Funeral services were held Wednesday afternoon, June 24, in Murphy Memorial Chapel for James Marshall Brown. The Rev. W. R. Lawrence and the Rev. A. W. Harris officiated.

Mr. Brown, 61, died Tuesday morning in the home of his sister, Mrs. Katie Vinson. He had lived in Clarendon the past 30 years and was a member of the First Baptist Church.

Surviving are three sisters: Mrs. Katie Vinson of Clarendon, Mrs. Edith Johnson of Brownfield, and Mrs. Claire Stone of Lubbock; also a brother, Charlie Brown of Brownfield.

Pallbearers were Clarence Grant, Curtis Johnson, Bobby Small, Frank Lyle, Leroy Stone, and Herman Vinson. Burial was in Citizens Cemetery with Murphy Funeral Home in charge of arrangements.

Mr. and Mrs. Glenn Wallace and Mr. and Mrs. Gene White attended the Monument and Builders Convention of the South-west held recently in Fort Worth.

Mr. and Mrs. Leroy Leathers and family of Amarillo visited Saturday with relatives and friends here.

**LITTLE MISSILE**—Weighing only a pound and a half, the rifle grenade shown here can knock out a tank or concrete pill-box at 120 yards. The new model being fired replaces the less-effective grenade of World War II and is fired from the present Army rifle with an easily-mounted, light-weight launcher.

Mr. and Mrs. R. H. Haier and children left for their home in Biloxi, Miss., Wednesday morning after a visit with relatives and friends here.

Mrs. Oscar Thomas broke the small bone in her leg, just below the knee, Thursday evening. She is reported improving satisfactorily at this time.

### GAME REGULATIONS DISCUSSED IN AMARILLO

At the annual public hearing on game regulations held recently in Amarillo, A. S. Jackson of Canadian, department biologist for the Panhandle area, discussed probable game regulations for the ear, and told sportsmen that turkey prospect indicate it will be probable this fall that the turkey bag limit may include one hen due to the increase in the number of turkeys.

Jackson estimated the quail kill for the Panhandle and lower plains during the past season to exceed 2 1/2 million birds for the 36 county area.

Biologists have recommended that the deer hunting season be November 16-25 with a limit of one buck with pronged antler. The turkey season would be concurrent with the deer season.

A ruling of the attorney general's office is awaited in regards to bowhunting season prior to the regular deer season.

A change has been made in Antelope hunting regulations placing the issue of all permits in the hands of land owners. This eliminates the public drawing for permits as in the past hunts.

The only proposed change in quail hunting regulations is a proposal to extend the shooting hours to 30 minutes after sunset to conform with the law in other parts of the state.

### MUSEUM TO EXHIBIT OIL PAINTINGS THIS SUMMER

The Village Gallery, Taos, New Mexico, has loaned to the Panhandle-Plains Historical Museum, Canyon, Texas, the following lists of oil paintings until August 15, 1959. You are most cordially invited to visit the Museum to examine the paintings.

Sharp, Joseph Henry: "Rhythm of the Waves," "Marine Near Honolulu," "War Chief," "October Snow Squall," "Crow Encampment on the Little Big Horn," "Indian Hunter," "Sharp Hillside in Spring," "Road Through the Aspen Forest."

Couse, Irving: "The Water Jar."

Hennings, E. Martin: "Branding," "Along the Puebla Stream."

### MOTHER OF FORMER RESIDENT DIES

Mrs. Rosa Belle Strange, mother of Mrs. F. A. Fitzgerald, died Thursday of last week at the Fitzgerald home in Littlefield. She was a resident of Plainview and prior to her move there had resided at Hereford.

Funeral services were held at Hereford Friday afternoon with burial there.

She was preceded in death by her husband. Surviving are two sons, three daughters, 16 grandchildren, and 13 great-grandchildren.

Mrs. Claude Bain of Borger visited Mrs. Robert Davis Tuesday afternoon.
