## Clarendon Jr. College Registration Set For Monday, September 7th

Monday, Sept. 7, will be registration day for Clarendon Junior College for the 1959-60 school term. Registration will begin at 9:00 a.m. and students may register at any time until 5:00 p.m. The gymnasium will be the place of registration on Monday. Late registrations will be taken in the Dean's office during the remaining part of the week. Monday, Sept. 19, will be the last day students will be accepted in the college.

Students should be prepared to pay tuition on the day of registration or make arrangements with the president of the college for late payment. Under no circumstances will students be given longer than Oct. 15 to pay tuition.

## Emmett Simmons Buys Mike McCully Insurance

Announcement was made this week of the purchase of Mike McCully Insurance by Emmett O. Simmons, owner of Emmett O. Simmons Insurance Agency. The two firms will be consolidated with the business to be operated from the present location of Mike McCully Insurance in the Bob Moss Rexall building but will carry the Emmett O. Simmons firm name.

Mr. Simmons, vice-president and a director of the Farmers State Bank, opened his insurance business here in 1939 and has operated the business up until the present time with the exception of 5 years that he served with the U. S. Navy. He is combining his business with one that has been in operation here 63 years, formerly operated by J. T. Patman and Son prior to McCully's purchase of the business in September, 1951. By combining the insurance companies represented by both firms, we feel that we can now give the people of this area the utmost in modern day insurance service, Simmons stated.

Clyde I. Price, Jr., who has been with McCully Insurance the past 3 years, will be in charge of the management. McCully will remain with the business on the sales staff and Mrs. Helen Churchman will continue as secretary.

## FARM NEWS

from the County ASC Committee

### Deadline Nears For First '60 Soil Bank Sign-Up

Thursday, September 10, is the last day farmers can take the first necessary step to participate in the Soil Bank's 1960 Conservation Reserve program Mr. Cooke, Chairman Donley County Committee said. The first step is for each farmer who wishes to offer cropland under the program to ask the county ASC committee to set a basic annual rate per-acre for the land offered.

The period for filing such requests is from August 24 through September 10. The chairman emphasized that no requests will be accepted after September 10.

After the basic rate has been established for the land offered, the farmer will then have an opportunity to apply for a contract at any figure below the basic rate. If the offer can be accepted the farmer will be notified of the date by which he must return the signed conservation reserve contract to the county ASC office.

Farmers who would like to have further information about participating in the 1960 program are urged to get in touch with the county office as soon as possible, but certainly before Sept. 10. (See Farm News on Page 8.)

### SEMRADS REPORTED SAFE IN QUAKE AREA

Mr. and Mrs. J. W. Semrad were happy to learn early Wednesday of last week through the Red Cross that their son, Robert Semrad, and his family survived the terrible earthquake which leveled the town of Galipan, Vera Cruz, Mexico, where they are making their home. It spread destruction through 6 states of Mexico: Vera Cruz, Oaxaca, Campeche Yucatan, Puebla and Tabasco. At 4:30 p.m. Wednesday, the Semrads received a telegram from their children informing them that they were all safe.

### EDWIN EANES ELECTED TO ANGUS ASSOCIATION

Edwin Eanes, Clarendon, has been elected to membership in the American Angus Association at St. Joseph, Missouri, announces Frank Richards, secretary. Mr. Eanes was one of the 28 breeders of purebred Aberdeen-Angus in Texas elected to membership during the past month.

## Arts Club To Sponsor Flower Show At Fair

The Donley County Flower Show which is a part of the Donley County Fair, is sponsored by Les Beaux Arts Club of Clarendon. Each member of this club is to bring at least two exhibits to the flower show.

Every town and community in Donley County should have a number of exhibits in this flower show. There should be hundreds of cut flowers in bouquets, as well as single specimens. A great many people have beautiful pot plants that other people need to see. Others specialize in grasses or dried arrangements of different kinds. Still others are clever at using fruits and vegetables for center pieces or mantel decorations to be used for Halloween, Thanksgiving and Christmas, or special parties, weddings, etc.

There are also people who know how to use dead tree limbs in a decorative way, or turn our so-called lowly weeds into things of beauty. All these things are acceptable in the flower show, so bring what you have for everyone to see how much beauty there is in Donley County.

All entries will be classified according to type of exhibit and according to age - young children, grade school, high school and adults.

Members of Les Beaux Arts Club will be at the exhibit building on Sept. 17th to receive the entries. Since the judging will be done on the 18th anything that is too perishable can be brought before noon on the 18th.

For information contact Mrs. C. T. McMurry, President of Les Beaux Arts Club, or the Flower Show Committee consisting of Mrs. J. H. Howze, Mrs. John Bass, Mrs. Forrest Sawyer, Mrs. Joe Jinks, or anyone you know who is a member of the club.

## Services Held Wed. For Mrs. Lawson

Funeral services for Annie Rollette Lawson were held Wednesday afternoon in the First Church of the Nazarene at Hedley with Rev. L. A. Miller officiating.

Mrs. Lawson, 81, died Monday in a Wichita Falls hospital. She had been a resident of Hedley and Donley County for 46 years. She is survived by three sisters, Mrs. Lizzie Kempson of Borger; Mrs. Nora Goodner of Henrietta and Mrs. Minnie Goodner of Wichita Falls and one brother, Marvin Baker of Hobbs, N.M.

Pallbearers were Sam Owens, Otis Owens, Hobart Moffitt, D. L. Hickey, Pat O'Hair and Jess Beach.

Burial was in Rowe Cemetery with the Murphy Funeral Home in charge of arrangements.

## Hail Damage Reported In Sunday Storm

A fast-moving cloud from the northwest late Sunday afternoon left a trail of scattered hail damage but a beneficial amount of moisture which off-set a portion of the damage to crops in most instances.

The area along Salt Fork of Red River to the northwest and northeast reported the most damage with streaks of hail reported in some parts of the Chamberlain community and spotted in other sections over the county.

The rain as a whole was most welcome as crops were beginning to show a sag due to the high temperatures. The official reading here in town was .81 inch with the northern part of the county receiving over an inch and a half. This recording brought our total moisture for August to 2.47 inches which is much better than usual.

## Bronchos Open Football Season With Stinnett Rattlers Friday

The Clarendon High School Bronchos will open their 1959-60 football season with their traditional rivals, the Stinnett Rattlers, at Stinnett on Friday night, Sept. 4. Game will get underway at 8:00 o'clock.

Broncho coach Tom Jinks and his new assistant, Mack Choate, have been running their thin squad of hopefuls through drills since August 17 in an attempt to get ready for the always strong Rattlers. Stinnett has been picked by most of the football experts to win District 1-A this year. However, they will have plenty of trouble from both Gruver and Spearman who figure to be stronger. Both Gruver and Spearman are also on the Broncho schedule this year. The Bronchos are picked to fight it out with Memphis and McLean for fourth spot in District 2-A behind White Deer, Panhandle, Canadian and Lefors.

## School Enrollment Up Over Last Year

Clarendon's Public Schools enrolled a total of 677 students for the beginning of the fall term as compared to 668 at this time last year. Enrollment figures usually hit their peak about the end of the first week so a few more are expected.

The senior high school registered a total of 194 students divided by classes as follows; seniors, 41; juniors 52; sophomores, 54 and freshmen, 47. This is the smallest freshman class in several years. The junior high school enrolled 37 eighth graders, 61 seventh graders and 60 sixth graders for a total of 158. The elementary registrations were: first grade, 55; second grade, 58; third grade, 66; fourth grade, 58; and fifth grade, 41, making a total of 278. The North Ward Colored School enrolled a total of 47.

## LELIA LAKE EXES TO HAVE REUNION

The Lelia Lake Exes will hold their annual meeting for teachers, students and their families at the Lelia Lake School Saturday evening, Sept. 5, 1959. Sandwiches, cookies and punch will be served.

This will be the third annual Homecoming for the group. Officers are Lester Myers of Amarillo president; Sam King of Washington, D. C., vice-president; Mrs. Sid Pointer of Lelia Lake, secretary. They are urging all ex-students and ex-teachers to come and enjoy this occasion.

Probable starters for the Bronchos Friday night will be; Bill Hermesmyer, 145 pound letterman at left end; Lynn Spier, 161 pound senior letterman at left tackle; Leon Gibbs, 138 pound sophomore at left guard; Charles Percival, 140 pound senior letterman at center; Dennis Bradshaw, 148 pound junior letterman at right guard; Jerry Gray, 188 pound junior letterman at right tackle; Philip Abel, 164 pound junior at right end; Dwight McAnear, 140 pound freshman at quarterback; Dewey Wilson, 138 pound senior letterman at left halfback; Wayne Mann, 134 pound senior letterman at right halfback, and Ronnie Tyra, 140 pound junior letterman at fullback.

The only regulars from last year's team are Bradshaw, Spier and Wilson. Wayne Mann lettered as a reserve end last year but is being switched to halfback this year. Also, Ronnie Tyra, lettered as the second string center last year and has been switched to fullback this year. Neal Carter was slated to be the first string quarterback but due to his illness, the coaches will have to rely on freshman Dwight McAnear. McAnear is a good looking prospect, but will lack experience which is very vital for a quarterback.

Other boys who will likely see action include Jim Robinson, 124 pound sophomore; Eddie Tipton, 130 pound sophomore; Don Hudgins, 130 pound senior and Frank Hermesmyer, 125 pound sophomore.

Six-year-old Danny Duckworth of Cal Farley's famous Boys Ranch, gives A-2c Frederick Hilgart of Park Falls, Wisconsin, a few pointers on tuba tooting. Hilgart is a member of the 40-piece Amarillo Air Force Base Golden Spread Band, which will play for both performances of the Boys Ranch fifteenth annual rodeo at Boys Ranch September 6 and 7 at 2:30 P. M.

Farmers may soon be using electronics, thinks Cecil Parker, extension farm management specialist. Don't look for electronics to take over the plowing and milking jobs just yet, says the specialist, but it may perform an even more vexing chore — the complicated brainwork necessary in modern agriculture.

Electronic computers, through a technique called linear programming, can give a more precise and accurate answer to many farm management problems than the most experienced farmer, says Parker.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

**AUSTIN** — None of the money-raising bills that failed to pass the Legislature during the past seven months were put away to gather dust.

They'll be on parade again in a fourth special session is held to raise money to increase public school teachers' salaries.

Gov. Price Daniel has said he will call the session if the public demands it. Texas State Teachers Association has its campaign rolling to create this demand.

TSTA's goal is a program that would cost \$63,000,000 over a two-year period. Of this, \$56,000,000 would go for a \$405 increase in annual base pay for teachers.

This would bring teachers' base pay up to \$3,610 a year. Hale-Allen Committee recommended a minimum of \$3,800 a year plus a number of other school improvements that would have to be paid some \$200,000,000 for a two-year period. But TSTA decided that getting that big a tax bill would be too tough. For the time being, the 70,000-member teacher lobby will settle for a

package one-third this size with emphasis on the item it wants most — pay raises.

Time most discussed for the new special session is the politically crucial month of January. This will give the teachers, scattered in summer, time to get organized. It also is the month for poll tax paying, with Jan. 31 as the deadline. (Governor Daniel said, "January or February would be the time.")

Next year, for the first time, January will be the month for candidates for office to make their announcements. New law makes Feb. 1 the deadline for filing for state primaries.

There's talk that Governor Daniel will announce for a third term if teacher raises are turned down. On this the governor says, "I'm not closing any door."

Privately, many legislators are glum at the prospect of being boxed in by another round of tax-and-spend pressures, particularly right before their campaigns begin. They expect to get a lot of static anyway, from the tax measures they've already voted.

But few will oppose teachers openly. As one said, "If you're against teacher raises, they'll say you're against good schools and little kids and motherhood —"

it's suicide." **WATCH FOR NEW LAWS** — Scores of new laws passed during the regular Legislative session ending in May go into effect this month.

From here on, anyone convicted of four moving traffic violations within 12 months will be classed a "habitual violator", subject to drivers license suspension for any period up to a year. Same rule applies to anyone convicted of 7 or more violations committed within a 24-hour period.

New, tightened laws are in effect on the waterways, too. Now against the law are: operating a boat or skiing while under the influence of liquor, skiing at night and "reckless or negligent" boating and skiing.

Now required by law are: a life preserver for every passenger on a boat and a lighting system, according to size, for every boat. Boat registration fees will not be required until next April.

Another new law makes taking a ride in someone else's car without his permission a felony offense. Previously, it was hard to get more than a misdemeanor conviction for car stealing.

Ranchers and farmers will be required to fence land along state and U. S. highways to prevent cattle from roaming on the road. Law does not apply to farm-to-market roads.

Retail merchants no longer may advertise goods at "wholesale" prices. Only firms that sell only to retailers may claim wholesale selling.

Other new laws won't be noticed until later. For example, the new "stick with the party" law requires that a poll tax holder have his receipt stamped "Republican" or "Democrat" the first time he participates in a primary or convention. From then on, in effect, he's stuck with the party stamped on his tax receipt — until he gets a new poll tax.

A new program in inspect for cattle disease at live stock auctions was authorized, but is expected to be very small scale for the first two years, at least. It was given only a fraction of the money supporters said was necessary.

**WOULD-BE SPEAKERS BUSY** — One of next year's campaigns is already going strong with two of the candidates claiming victory.

Rep. Wade Siplman of McAllen declares he has "more than a majority" of the present House members pledged to elect him as next speaker. Rep. James Turman of Gober claimed enough pledges "to practically assure my election."

Victory statements are a common campaign technique for speaker candidates since House members are prone to join a winner's handwagon to get good committee assignments.

Actually, the speaker can't be officially elected until January, 1961, when the 57th Legislature convenes. A large turnover of House members in the primaries could upset the apple cart by removing many of the speaker candidates' pledged supporters from office.

Other candidates are Reps. L. DeWitt Hale of Corpus Christi and Frnak McGregor of Waco. Reps. Jerry Sadler of Percilla and W. T. Oliver of Port Neches are regarded as possible candidates.

**WATER BONDS SOLD** — First \$10,000,000 in bonds to raise money for local water projects has been sold by the State Water Development Board.

Lower Nueces River Water Supply District of Corpus Christi may be the first beneficiary of the new program. Water Board has tentatively approved a \$3,000,000 loan to the district to complete the \$21,000,000 Wesley E. Seale Dam and Reservoir.

State will pay slightly more than 3.5 per cent interest on the bonds and charge the borrower slightly more than 4 per cent.

**HOPE FOR HIGHWAY FUNDS** — Texas highway builders are holding their breath over a threatened halt of the huge federal road building program.

Continuation of the interstate road building, now going full steam in Texas, hinges on Congress' finding a way to get more money for the highway trust fund. Federal government pays 90 per cent of the cost of these projects.

State Highway Engineer D. C. Greer said the Highway Department is "proceeding on confidence that something will be done by Congress to avert such an economic blow."

Most Texas officials, including Governor Daniel, are opposed to getting the money through a hike in the federal gasoline tax.

as recommended by the President.

**TEXAS FIGHTS THE KHAPRA BEETLE**

The Khapra Beetle, native of India, Ceylon, and Malaya, and new to the United States, has at last invaded Texas. The invasion was first discovered in El Paso County in March of this year.

This destructive grain pest is capable of causing great damage to our stored grain. Losses of stored barley and various seeds have ranged from two percent to total destruction. The beetle has a prodigious rate of reproduction and the surface of bulk-stored grain literally crawls with it during a heavy infestation.

The insect apparently gained entry into California during World War II, but because of its similarity to the domestic black carpet beetle it was not brought to official attention until 1953. Its habit of congregating in cracks and crevices of bricks, masonry, and wood storage structures gives it the name "Khapra", a word in an East Indian dialect meaning "brick." Since the godowns or storehouses of India are commonly made of mud bricks, the insect comes na-

turally by its name of "brick beetle."

The female adult of the Khapra beetle is a nondescript light-to-dark-brown beetle measuring about one-eighth of an inch long, a little larger than a flea. The male is about one-third smaller. The beetle depends upon man to spread it from place to place. Considering the large movement of grain, seeds, sacks, and other materials that might be infested by the Khapra beetle, few countries have better facilities for its transportation than the United States.

In March the Texas Department of Agriculture discovered 19 infested grain elevators and feed mills in El Paso County, two in Hudspeth County and one in Presidio County. All but two of these have been treated. This quick action has saved feed mills and stores thousands of dollars.

For complete eradication, all infested properties have to be covered completely with plastic covers and filled or injected with methyl bromide gas. This

method costs approximately \$20 per cubic foot and is paid by the Texas Department of Agriculture and the Federal government on a 50-50 basis. One treated mill had a total of 300,000 cubic feet, bringing the cost to \$6,000.

The real problem came in checking out each of the mill's 300 customers. And some of these customers had customers of their own which had to be checked.

By keeping a strict control on the Khapra Beetle, State and Federal officials prevented the situation from pyramiding.

# BLOWIN' Out the CORNERS

By Uncle Zeb

Just how much should a person talk? . . . If we talk too much we are called "Windy" or perhaps even worse . . . If we don't talk enough we are called unfriendly or perhaps a "Snob." So we suspect that it all boils down to the fact that there is a time to talk and a time to be quiet. A time to say the right word and a time to let silence be golden. Along this line the following thoughts popped into our mind so we just had to say them.

Too much gab, makes a blab. People who prattle, are sure to tattle. A dog who will bring a bone, will carry one away. Telling a lie is like setting a steel trap, if one doesn't watch

he'll get caught in it. Before someone calls me "Windy" we better pass on to another subject. A gigolo is a man that would rather have loved and lost, than to have had to pay the cost.

Said the rabbit to the chinchilla coat; "It's a fur piece up the social ladder."

One consolation about talking to yourself is that one will always have a satisfied listener. And no one will believe that it is a sign you are getting old unless someone else eavesdrops on you.

Advice is something that always sounds good, especially to the one who is giving it, but that most of the times turns out bad.

Wouldn't it be nice if everyone who pointed a finger would hold out a helping hand.

People who know exactly how to bring up children ought to try out their device on a live experiment.

I guess that the hardest advice for most of us to take is to remember the old saying that went something like this, "Advice not asked for is not wanted." The

other fellow's problems always look so simple and we can imagine that with just a little help from us he would "have it made." But the above saying is true that if this person isn't in the mood for advice we are wasting judgment, be it good or bad.

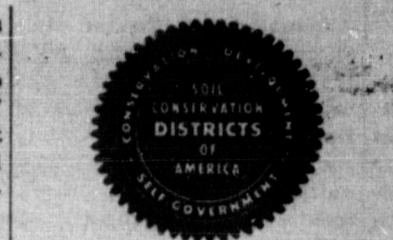

Every doctor thinks that his own brand of pills are the best. Guess we are about alike in this respect whether we are peddling pills or just our own palaver or advice.

An after thought is when we have a mad desire to shut our mouth after we have already gotten our foot in it.

There are two kinds of advice; the kind that would help us, and the kind we would like to hear.

We never did lean very much toward the idea that good luck and bad luck were some sort of a voodoo spell that took after certain of us and just followed our paths year in and year out. It is true that sometimes a whole series of disappointing things will happen in a row. And by the same token Opportunity will sometimes knock on our door in rapid succession. But, most of the time there are some reasons that a kind friend looking on might be able to see, even though we can't.

As to the great tragedies, serious accidents, and bitter calamities which come to many folks we do not attempt an explanation. All these we may understand better in the next world. But, in the manner which the

It's cover cropping time! When crops are "laid by" or receive their last cultivation in the fall is the time to interplant high residue or soil improving crops. This may be done later in the season if moisture is not sufficient at last plowing date.

term is usually used; that of our so-called getting along with our business, our farming and things along that line, we believe that; Good Luck is about 90% pluck, and Bad Luck could be about 90% duck.

"The best kind of pull is push."

"The best helping hand is the one at the end of your arm."

Good ideas are a lot like setting eggs; unless they are hatched into action they are not worth very much.

What we call luck is simply pluck. And doing things over and over; Courage and will, perseverance and skill. Are the four leaves of luck's clover.

Make your own way and people will make way for you.

a good soil improving crop for this area. These crops are needed for protection from wind erosion and to add humus and plant food to the soil.

More water is absorbed. Evaporation of soil moisture is lessened thus more is available for growing crops next season.

### How Can You Do This?

The Donley County Soil Conservation District has available inter row seeders for this purpose. They are high frame drills with fenders which protect cotton or other row crops. Two rows of cover crop are drilled between each two rows of the main crop. Thus the stalks or stubble of the main crop and the rows of growing cover crop make a closer spaced cover on the land during the blow season until next spring's planting time. There is a small rental charge for use of the drills.

**Who To See**  
Contact your local SCS office for more information and help in planning the most effective cropping system.

See the SCD Supervisor in your area for renting the seeder. They are C. B. Morris, Roy Jewell, W. P. Doherty, T. C. D'Spain and F. J. Hommel.

### GEORGE'S WIFE

By "Sarah"

It seems that the problem of teaching West Germany's youth about the country's Nazi past is proving, fifteen years after the war, to be profoundly difficult.

It touches the most sensitive nerves of German postwar life, and is confronting the nation's school authorities with obstacles which, by their own account, they are not fully capable of surmounting. The issue came to the fore recently when publication there of classroom polls which revealed that a high percentage of West German high school students have little or no knowledge of Adolph Hitler and his actions.

Many of today's parents were not entirely unconnected with Nazi regime this Bonn correspondent says. It's unpleasant to discuss the past frankly, thus

### BOYS RANCH RODEO SEPTEMBER 6 & 7

The sports event that has thrilled spectators annually for fifteen years — the spectacular rodeo at Cal Farley's famous Boys Ranch — will be presented in two performances, September 6 and 7, again this year.

Only boys participate in the action-packed events, including calf riding, junior and senior bull riding, bronc bustin trick riding

admitting their own errors to their children. Even if they go into the matter they don't want their children to learn the full horror of what happened. In Barvara, Hesse, Hamburg and other cities the problem is further complicated by glamorized versions of the Nazi era.

We wonder if America had taken a less glamorized version of our own wild west, and shown only the beauty and courage of would have been fewer murders and pistol packin youth practicing the fast draw on each other.

George says we could learn something from the Germans, that there was plenty of excitement back then and he never packed a rod for any one.

and specialty acts. Showmanship and sportsmanship combine to make this rodeo one of the most unusual in the nation, and all the 251 boys at the Ranch take part in staging the rodeo in some way.

Playing for both days will be the 40-piece Amarillo Air Force Base Golden Spread Band, under the direction of Chief Warrant Officer Guy Stone. A band arrangement of the new Boys Ranch Ballad will open each day's performance of the rodeo, followed by the traditional grand entry featuring the Will Rogers Range Riders.

Between events, specialty acts featuring Boys Ranchers will be presented. These acts will present trick riding and comedy.

Performances will begin at 2:30 p.m. each day, and admission prices are \$1.25 for adults and 75 cents for children. Service men in uniform will be admitted for 50 cents.

Tickets may be purchased in advance at Boys Ranch Headquarters, 600 West Eleventh Avenue, Amarillo.

## MRS. ANTROBUS HOSTESS TO HARMONY CLASS

The Harmony Class of the First Methodist Church met Thursday morning in the home of Mrs. B. C. Antrobus. Co-hostesses were Mesdames Antrobus, Lee Holland, Victor Smith, and H. T. Warner.

A variety of garden flowers decorated the entertaining rooms. The meeting was opened with prayer by Mrs. Walter Hutchings.

A covered dish luncheon was served at the noon hour. Mrs. L. N. Cox offered the invocation.

In the absence of the president, Mrs. Carl Bennett presided over the business session. Mrs. B. C. Antrobus gave the secretary's report for the past year. Mrs. W. C. Thornberry presented an interesting devotional, "Going Away."

The following officers were elected for the coming year: Mrs. Lee Holland, president; Mrs. Ed Hodges, first vice; Mrs. M. R. Allensworth, second vice; Mrs. S. M. Fedric, third vice; Mrs. B. C. Antrobus, secretary-treasurer; Mrs. O. C. Watson, reporter.

Present were one guest, Linda Kay Smith; and members Mesdames Frank Phelan, Sr., Carrie Porter, Bill Ray, F. Sawyer, E. S. Ballew, W. C. Thornberry, C. E. Bairfield, M. R. Allensworth, C. W. Bennett, J. R. Brandon, O. C. Watson, L. N. Cox, C. B. Morris, Carl Barker, W. F. Barker, Walter Hutchins, J. W. Murphy, Misses Ila Pool and Gladys Burnham, and the hostesses, Mesdames B. C. Antrobus, H. T. Warner, Vitor Smith and Lee Holland. — Rep.

Mr. and Mrs. Arthur Seaton of Amarillo spent the week end with Mr. and Mrs. Paul McCarty.

## BRIDE-ELECT IS SHOWER HONOREE

Miss Medra Ann Wells, Clarendon, bride-elect of Johnnie Bishop of Amarillo, was honored with a pre-nuptial shower in the home of Mrs. Jewel Myers, Lelia Lake.

Hostesses were Mesdames Jewel Myers, Bobbie Dishman, Louise Riley, Marjouria Hensley, Loyd Hillis, Ellen Moreland Allie Quattlebaum, Lillie Mae Carmichael, Eddie Williams, Leona Scott, Pearl Terry, Ida Pickering, Lucille Eanes and Josie Simmons.

Orchid and white, chosen colors of the honoree, were carried out in the decorations throughout the entertaining rooms. Mrs. Jewel Myers welcomed the guests on arrival. Presiding at the guest book was Mrs. Bobbie Dishman. Serving cake was Mrs. Louise Riley, while Mrs. Marjouria Hensley ladled the punch. Attending the courtesies were approximately 25 guests.

## QUINTARD-PYEATT VOWS EXCHANGED

Monsieur and Madame Andre Quintard, Poitiers, France, announce the marriage of their daughter, Marinette, to El Ray Pyeatt, son of Mr. and Mrs. Owen Pyeatt of Clarendon. Vows were exchanged August 12 in Poitiers.

The groom is serving with the 279th United States Army Band stationed there and will serve about eight months there. The couple will then return to the United States.

Mrs. C. L. Mann and daughters, Wilma and Mary Barker, and grandson, Timmy Barker, returned Saturday from a ten day visit with relatives near Ashland, Ohio. They report a wonderful trip, but hot dry weather there, too.

## CHAMBERLAIN CLUB MEETS WITH MRS. DINGLER

The last meeting of the Chamberlain Club was with Ethel Dingler. It was decided at this meeting to have only one club meeting a month because of the busy season at this time of year. Mrs. Hawley Harrison will be hostess for the club meeting September 11. We will discuss plans for the Fair at this meeting. Everyone please be present. — Reporter

## COMMUNITY MEETING

People of the Chamberlain Community and several visitors met last Friday night and enjoyed playing "42" and eating ice cream and cake. Mrs. Frank Hardin was hostess. The next meeting will be Friday night, Sept. 4. Mrs. Maud Self and Mrs. Leona Mae Shaw will be our hostesses. Ice cream and cake will be served. Everyone is invited. — Reporter

**PREDICTS 31 FATALITIES  
THIS WEEK END**

AUSTIN — The Director of the Texas Department of Public Safety announced today 31 persons are expected to be killed in Texas traffic accidents during the three-day Labor Day week-end.

Col. Homer Garrison, Jr., said the official prediction — which is seldom far off — should "serve as a challenge to all Texans to make a concerted effort to stem the tide of highway tragedy this week end."

He pointed out that during the Labor Day week end last year there were 30 traffic deaths, one more than the Department had predicted. He noted, however, that the forecast for the 1959 Fourth of July holiday — 26 fatalities — turned out to be accurate.

"We would like to make a special appeal to the citizens of Texas to consider the facts about holiday driving and do their utmost to reduce the tragedy of death, suffering and economic loss this week end," Garrison said.

"Department of Public Safety patrolmen and all other law enforcement officers in our State will do everything in their power to make the streets and highways safer by removing lawless drivers — but the statistics prove the main job is up to the individual behind the wheel."

He cited the following facts and figures on last Labor Day week end, compiled by N. K. Woerner, Manager of Statistical Services:

Of the 30 traffic deaths in the State, 26 occurred in rural areas as the result of 18 accidents.

Ten of the 18 rural fatal accidents involved drivers who had been drinking.

Two of the three rural fatal pedestrian accidents involved pedestrians who had been drinking.

Seven of the 10 drivers who had been drinking in rural fatal accidents were exceeding the legal speed limit.

Thirteen of the 18 rural fatal accidents involved only one motor vehicle.

In 12 of the 13 rural fatal accidents involving only one car, the drivers had no "other driver" to blame. In the other case, a pedestrian victim was at fault.

"Perhaps the most significant thing in the analysis of last year's Labor Day statistics is that in every rural fatal accident, at least one violation was apparently a contributing factor," Garrison said.

"So it might follow that if we can stop the violations, we can stop the death and destruction on the highways of Texas."

The Public Safety Director said some 125 additional patrolmen from the Department's other uniformed services will augment the Highway Patrol force during the three day "Operation Holiday" beginning at 12:01 a.m. Saturday, September 5, and ending at 11:59 p.m. Monday, September 7.

**ENGAGEMENT ANNOUNCED**

Mr. and Mrs. Walter Alexander announce the engagement and approaching marriage of their daughter, Jean, to Joe L. Nobles, son of Mr. and Mrs. Fred Lewis of San Francisco, Calif. The wedding will take place Sept. 6 at St. Stephens Baptist Church.

Water sports should be for fun and relaxation and not for adding more statistics to the nation's accident toll. More than 1,100 rural residents drown each year and the trend is upward. Ed Cooper, extension wildlife specialist, urges every person who participates in water sports to learn and observe the laws of water safety. It could have your life.

**TWO ESCAPE  
TRUCK PLUNGE**

Dachau, Germany — A 21-ton armored personnel carrier plunged 30 feet to the bottom of the Baggersee recently with its two-man GI crew aboard.

The driver of the APC, Sp-4 Jerry L. McCarty, son of Mr. and Mrs. Paul McCarty of Clarendon and Sp-4 James W. Solomon, commander of the vehicle, sat inside for several minutes waiting for the pressure to equalize so they could exit through the top escape hatch. Both men then swam to shore without injury.

The APC, one of several taking part in maneuvers in the Baggersee area, went down 50 yards from shore due to a malfunction of the mechanism.

**FARM EQUIPMENT IS  
HIGH COST TO FARMERS**

"Annual purchases of farm equipment and tractors make up a major item of a farmer's capital expenditures," writes Dr. Karl D. Butler, one of the nation's leading economists, in the Syracuse, N. Y., Post Standard.

Dr. Butler's article is based upon a recently issued Department of Agriculture study covering 1955. In that year, farm people spent more than \$8 billion to buy, operate and maintain mechanized equipment, including cars and trucks. In the farm equipment categories, the largest single expenditure was for the purchase and upkeep of tractors — \$2.2 billion. Combines, corn pickers, forage harvesters, planting and fertilizing equipment accounted for another \$2 billion. About 70 per cent of this was for purchases, the rest going to maintenance, repair, lubricants and fuel.

The study also indicates, according to Dr. Butler, that some 28 per cent of the cost of all equipment purchased was for harvesting machinery.

These massive outlays mirror the revolution that mechanized equipment has caused in the profession of farming. The modern farm, including those of family size, is absolutely dependent on machinery. The cost of human labor has become almost prohibitive. The economy, efficiency and convenience that farm equipment provides makes successful farming possible. And the machines give full and lasting value for each dollar invested in them.

By Congressman Walter Rogers

**ADJOURNMENT**  
 Now that the controversial labor legislation has passed the House, we can begin to look toward adjournment; or perhaps it would be better to say that we can now get a dim view of adjournment. Many of us have been looking toward adjournment for some time but it was impossible to see it. It was anticipated the labor reform measure would require several more days than were actually used. The shortness of time utilized was perhaps due to the parliamentary situation which developed. The big test on this controversial issue was to come on a vote to determine which of the pending measures the House of Representatives wanted. Most everyone was anxious to get to that vote. Therefore, fewer amendments were offered than would otherwise have been the case. When the vote finally came and resulted in the adoption of the substitute measure, there was only one thing left to do — to vote the adopted measure up or down on final passage. This situation, in my opinion, cut at least one week off the remaining time that Congress would have been in session.

The other important matters pending before the Congress were referred to in a recent news conference by President Eisenhower. They included a housing measure, lifting of the interest rate on government bonds, civil rights legislation, and a pay-as-you-go financing program for the federal highways. Before the end of the week in which he had made these observations, three of his suggestions had been met for all practical purposes. The labor reform bill had passed the House, the House Ways and Means Committee had authorized a limited authority to increase the interest rate on government bonds, and the same Committee had authorized a 1c gasoline tax increase to meet the President's request for pay-as-you-go financing of the highway program. It might be said that another situation had developed to answer his suggestion on housing. I refer to the failure of the Senate to override his veto of the pending housing bill. This meant that Congress must get together on housing legislation suitable to both the Congress and the President before adjournment. Housing as an integral part of our economy probably affects more segments of the economy than any other single item, the reason being that the modern house or apartment includes so many different things which are accepted as daily necessities of life. It is my prediction that an acceptable housing bill will be forthcoming promptly. I do hope that proper provision is made in the bill to meet the growing need of proper housing facilities for the aging. It would be highly preferable if this need could be met by private enterprise and I hope this

can be done. However, if such is not the case, then something else must be done to meet the challenge. Few people realize how serious this problem is becoming throughout the United States. The approval of authorization to permit the President to increase the interest rate on government bonds does not mean that the members of Congress do not realize this could be a very highly inflationary move. It was done primarily, in my opinion, to help pull the President off the spot which he has gotten himself into in relation to the finances of this country. That is one reason why certain strings were attached to the authority. The call for civil rights legislation is a continuation of the same old drum beating which is being promoted by those who believe in centralized government. Some sponsor this falsely labeled legislation conscious of what they are doing, while others are misled by the title and do not appreciate what the final result will be. The highway program was anticipated to be troublesome and it is proving that way. In my opinion the increase in the gasoline tax is not in keeping with what the people were led to believe to be the method of financing the highway program. I regret to see the federal government move further into encroachment upon a tax source that has been about the only thing left to the states. We are, of course, told that this will be repealed when it has served its purpose. I have lived a long time but have seen very few taxes repealed. With few exceptions there has been no such thing as a temporary tax in this nation.

**AUTOMATIC PILOT FOR FARM TRACTORS**

College Station — Farmers who want to make their work easier should be interested in an automatic pilot that has been developed for farm tractors, said W. L. Ulich, extension agricultural engineer.

This new device is expected to increase the effectiveness of cultivation as a means of weed control, he stated. The steering control system enables operators to guide tractors more accurately, thereby making possible finer adjustment of cultivation machinery for control of weeds without damage to the crops.

The automatic pilot was designed and laboratory tested by a U.S.D.A. engineer, and is now being field tested. The main problem overcome in developing this device involved finding a way to use fairly simple equipment low enough in cost to be a profitable investment for farmers seeking to do a better job of cultivation, said Ulich.

The automatic control is intended for use in conjunction with power steering hookups which are featured on many modern tractors. Lightweight feelers, capable of sensing the position of the crop row in relation to the tractor's front tires, are used in the automatic pilot to close switches when the tractor moves too close or too far from the row.

The microswitches, in turn, open valves that permit hydraulic pressure to turn the front wheels into alignment with the row. A linkage system between the front wheels and the switches automatically straightens the front wheels as soon as the tractor returns to the correct position, he added.

**Grass Roots Opinion**  
El Dorado, Kan., Times: "American aid saved 11 million Russian lives — and this is a conservative estimate — during the famine of 1921-22. Most of the \$62 million cost was covered by the U. S. Government or private American donations. "It must therefore have come as an outrageous shock to Secretary of State Herter to be told recently by Soviet Deputy Premier Koslov that the American Relief administration under Herbert Hoover had made Russia pay in gold for this humanitarian help. This was a lie, but it seems to have been what the ignorant Koslov had been told."

**FARM NEWS**

(Continued From Page 1.)  
 The county office has received a CHANGE in the 1960 Soil Bank program. A 1960 CR contract may be entered into covering a farm operated or partially operated by a tenant or sharecropper during 1958 or 1959, providing the tenant or sharecropper left the farm voluntarily of his own free will and accord, and this is substantiated by:  
 (1) A statement signed by the tenant or sharecropper that he left the farm voluntarily of his own free will and accord, and willingly relinquished any further interest he might have in the farm as a tenant or sharecropper, or  
 (2) If the tenant or sharecropper cannot be located or is unavailable statements signed by at least three people not related by blood or marriage to the landlord and having no interest in the farm, stating that they have knowledge that the tenant or sharecropper left the farm voluntarily of his own free will and accord without duress or any action by the landlord.

**Method of Determining Wheat History Changed**  
 Chairman, William H. Cooke, III, of the Donley County Agricultural Stabilization and Conservation announced a change in the method of determining wheat history acreage for wheat farms on which the allotment is underseeded. The change is the result of a law which has just gone into effect and which is designed to help farmers who underplant protect their future wheat allotments.

Under the new law, a farmer who plants no wheat for 1960 harvest may still obtain maximum history acreage credit for 1960 if his actual planted acreage of wheat in either 1958 or 1959 — plus any acreage diverted from wheat under the Soil Bank or Great Plains program — was equal to 75 per cent of his farm wheat allotment.

Mr. Cooke urges farmers who have any questions about these provisions to consult the county office in the short time that remains before winter wheat planting.

Gayle Pyeatt received painful, but not thought to be serious injury, when he fell from a horse on the Wallace Raney farm Monday. He will be out of his shop for a few days.

Mr. and Mrs. Ray Brogdon spent Saturday night with her parents, Mr. and Mrs. J. C. Moffett and James Carroll.

**Hedley-Lelia Lake School News**

Hedley-Lelia Lake schools opened their 1959-60 term August 24th with a full faculty. The 1st to 4th and 9th through 12th grades are being taught at Hedley and the 5th through 8th at Lelia Lake. This is working out for several other small schools in the state. It keeps schools in both communities and avoids the crowded conditions of larger schools.

A large crowd attended general assembly Monday morning in the auditorium. Registration by grades followed. Teachers were assigned as follows: 1st, Mrs. Ed Boliver; 2nd, Mrs. Lee Shaller; 3rd, Mrs. J. S. Hinds; 4th, Miss Hazel Coursey; 5th, Mrs. Luther Butler; 6th, 7th and 8th departmentalized with Frank Claborn, Mrs. Thurman and Mrs. Roy Young. Lyndon Dunn is principal of the Lelia Lake school. High school teachers are: Supt. J. S. Hinds; Principal High School, Don Haskins and boys coach; social studies, Billy White and girls coach; Mrs. Alice Lacey, English; Mrs. Doyle Messer, commercial; Doyle Messer, Agriculture; Connie DeBord, science; J. B. Baker, Math; Carmen Massey, homemaking; Mrs. W. W. Pinkerton, music and Mary Foreman, counselor.

The lunchrooms are being managed by Mrs. Floyd and Mrs. White at Lelia Lake and Mrs. Sam Sanders and Mrs. Roy Alexander at Hedley. Bus drivers are Don Haskins, Billy White and Sam Sanders at Hedley; Mr. Dunn, Mr. Claborn and Mr. L. B. Phelan at Lelia Lake.

Both schools are well pleased with the full cooperation of the students, parents and teachers. Plans are being made now to have active P-TA groups. — Rep.

Mrs. John Goldston visited last week with her youngest brother, Mr. and Mrs. Jarrett Wilson, Rev. and Mrs. John English at Abilene. Her son, LaVerne of McLean accompanied her on the trip.

Mr. and Mrs. O. B. McClanahan and granddaughter, Vicky Bostwick, Mr. and Mrs. J. B. McClanahan and daughter, Jeanie, of San Diego, Calif., and Mrs. James Smith visited Monday with Mr. and Mrs. Tom Scoggins of Lesley. The McClanahans formerly owned the farm some 24 years ago selling it to Sam Foxhall. A very enjoyable time was enjoyed talking over old times while the McClanahans spent Sunday and Monday night in the James Smith home.

Mrs. Frank Whitlock and Mr. and Mrs. Geo. Garrison of Borger returned home Friday after visiting Mr. and Mrs. Price Whitlock and Mr. and Mrs. C. B. Soderburg and girls at Escondido, Calif. While there the Price Whitlocks and Mrs. Frank Whitlock made an afternoon visit with Mr. and Mrs. Gordon Wood at Orange, Calif., and with Mr. and Mrs. Bob Bedwell at Garwell

at Garden Grove, Calif. Mr. and Mrs. Clarence Whitlock of Amarillo and Mr. and Mrs. George Garrison of Borger visited the week end with their mother, Mrs. Frank Whitlock. Mrs. W. C. Scott of the Naylor Community underwent major surgery at Northwest Texas hospital in Amarillo Wednesday morning.
