CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, SEPT. 10, 1959

A Common Paper for Common People

Plans Progressing For Annual County Fair And Horse Show

September 18 and 19 will be two big days in Donley County as communities and farmers and quarter horse raisers from all over the county will be competing for prizes in the Donley County Fair and Quarter Horse Show. H. M. Breedlove, manager of the show, says that all committees have been contacted and things are coming along fine. The fair will be held in the fair building in Clarendon and the quarter horse show at the rodeo grounds in Clarendon.

The entire fair will be on display both days with the exception of the quarter horse show. The quarter horse show is approved by the American Quarter Horse Association and will be held on the afternoon of the eighteenth of September with judging starting at one p.m. Johnnie Stevens of Matador is the judge. Entries for the horse show will be taken the morning of the eighteenth at the fair building at the rodeo grounds and all horses will be released right after the show.

All exhibits will be set up on the seventeenth so that judging can start on the morning of the eighteenth at ten a.m. The different departments of the fair with the committees in charge are as follows:

1. Donley County Flower Show - Mrs. J. H. Howze, Chr., Mrs. John Bass, co-Chr., Mrs. Forrest Sawyer and Mrs. Tom Jinks; 2. Merchants Department - chairman is R. E. Drennan; 3. Community Agriculture Exhibits - H. M. Breedlove, Lloyd Reid, J. R. Brandon, and Herman Boone; 4. Poultry Department - Graham Brinson, Bill Mears, J. R. Gillham, E. V. Quattlebaum; 5. Home Economics Department - Ruth Richerson and Ellen Bryan; 6. Needle Craft Department - Mrs. Pete Riley, Mrs. Hill Wells, Bobby Dishman; 7. Fine Arts Department - Bobby Dishman, Mrs. Hill Wells and Mrs. Pete Riley; 8. Canned Goods Department - Bobby Dishman and Mrs. Hill Wells; 9. County Home Made Baking Department - Mrs. Hill Wells, Bobby Dishman and Mrs. Pete Riley; 10. Quarter Horse Show - Jerry Hawkins, Joe McMurtry, Bob Head and H. M. Breedlove.

The catalog is now being distributed all over town and copies have been mailed to quarter horse breeders over the state. Anyone wanting information on any department should contact the chairman of that department or any member of the committee or the county agent. C. L. Lewis, President of the entire show, says that now is the time to start work on all exhibits and make this the biggest fair and horse show ever held in Donley County. County agent Breedlove will gather agriculture commodities from the county fair exhibits to set up the county display at the Tri-State Fair in Amarillo. All judges for the county fair are from out of town and are men and women with a wide range of experience in their various fields of work. All are capable judges and well qualified.

Allen Homer Estlack underwent major surgery to his nose at St. Anthony Hospital in Amarillo Tuesday morning of this week. He was doing as well as could be expected at last report and is due to come home Friday if no complication are encountered.

Leader-Local rate, \$3.00 a year

Dist. Farm Bureau Queen Contest Sat. At Amarillo

The District I Farm Bureau Contest will be held Saturday afternoon in Amarillo and contestants will appear on Cotton John's Farm Program on KGNC-TV at 4:30 p.m. Miss Mary Baker, daughter of Mr. and Mrs. L. T. Baker of Hedley will represent Donley County on the TV program as well as the runner-up, Miss Lena Ivey, daughter of Mr. and Mrs. Odis Ivey of Lelia Lake. The Donley County contest was held at the annual chicken barbecue held at Lelia Lake recently.

More information regarding these two young ladies will be published next week along with their pictures. The pictures were scheduled for this week but according to our last check with the engravers at Amarillo, the order apparently was a victim of the Labor Day holiday in the Amarillo Post office and had not reached the engravers hands Wednesday morning. If it was not completely lost, the pictures will be in the Leader next week.

ASHTOLA COMMUNITY TO HOLD BAKE SALE THE 19

The Ashtola Community has announced a bake sale for Saturday, September 19th and are asking all their friends to keep the date in mind to purchase their week end baked goods needs. The sale will be held at Vallance Food Store.

PAPER PICK-UP NOTICE

The Clarendon Girl Scouts will hold another paper pick-up at 9:30 Saturday morning, September 12th. Everyone is asked to have their old papers stacked on their front porch and they will be picked up at that time.

Reg. Beef Cattle Ass'n. To Meet Tonight

The Rolling Plains Registered Beef Cattle Association directors will meet on Thursday night, the tenth of September at eight p.m. in the office of county agent H. M. Breedlove.

W. H. Cooke, III, president of the association, is calling the meeting to make plans for all advertising and working out plans for the big bull sale to be held in Clarendon, Texas, on the eighteenth of December. Walter Britten of College Station, Texas, will sell the bulls.

Breedlove, secretary of the association, says that fifty bulls have been pledged to the sale up to this time. Advertising is planned in all the major livestock magazines such as the Hereford magazine, Angus magazine and the Galloway News. Plans will also be made for the printing of the sale catalog. All members or anyone interested in putting bulls in the sale are invited to attend the directors meetings.

President of the association is W. H. Cooke, III, Quail, Texas; Vice President, Geo. Saunders of McLean, Texas; Treasurer, H. A. Green, Clarendon, Texas; and Secretary is H. M. Breedlove, County Agent of Clarendon, Texas. Directors are Lowell Houston, Memphis, Texas; J. H. Gilbert, Claude, Texas; Wade Watson, Claude, Texas; John Knorrp, Clarendon, Texas; F. J. "Jake" Hess, McLean, Texas; Leonard Ford, Claude, Texas; Bill Thornberry, Brice Station, Clarendon; and Bill Bradley of Memphis, Texas.

HOUR FOR SATURDAY DRAWING CHANGED

The Trade at Clarendon Drawing Saturday afternoon has been moved up one hour due to the shorter daylight hours. The drawing Saturday afternoon will be at 3:30 instead of 4:30 p.m. Be sure and keep this time change in mind as you may be the lucky person.

Loud Mufflers To Go By 15th

The time has come when all loud mufflers on vehicles operated in Clarendon must go. Local officials including the Sheriff's Department, Constable, and Highway Patrol have agreed that the law governing such noise makers will be enforced to the fullest degree and have set a deadline of Tuesday, September 15th as the date all loud type mufflers must be replaced with the quiet, conventional type. After that date, any youth, adult or otherwise violating the law will be given a ticket which will carry a fine from \$1 to \$200 plus court costs.

It was pointed out that the lowest figure that a violator could get out with would be \$16.50 if picked up by the Highway Patrol. If picked up by a county official, the fine would be a minimum of \$18.50 as more court costs are added. The officers pointed out also that this was just the minimum as it could cost the violator as much as \$218.50.

After September 15th, no excuses will be accepted by the officers. They will definitely issue a ticket which will mean the paying of a fine plus the cost of replacing the mufflers. If violator fails to comply then, chances are he will lose his drivers license.

Section 134 of the Uniform Act, a state law, reads as follows: "Mufflers, prevention of noise. Every motor vehicle shall at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke and no person shall use a muffler cut-out, bypass or similar device upon a motor vehicle on a highway or public road."

Motor Scooters are also included in the above warning. They are to have proper mufflers or the operator will be subject to the same treatment as those

Notice To Cotton Growers Of This Area

A meeting is called for Tuesday night, Sept. 15th, at Lelia Lake School House, 7:30 p.m.

This meeting is being sponsored by The Donley County Farm Bureau, for the purpose of forming ideas pertaining to the future Cotton Program. For instance "What about the 10-acre contract?" That is just one of the many issues that will probably be discussed.

This is the time and the place to get some "grass-roots" action on your own ideas.

All cotton growers and others interested in the Cotton Program are urged to attend.

PARKING FACILITIES AT FOOTBALL GAMES

For the home football games this year, the east gate will open at 6:15 p.m. and a few cars will be allowed to park inside the field on a first come, first served basis. The price for parking inside the field is 50c per car. This charge is in addition to the regular price of the game which is \$1.00 for adults and 50c for students ten years old and over.

Please do not ask school officials to let you into the field earlier than the designated time.

Officials informed the writer Wednesday that the above would be announced at school so there should be no excuse for anyone not being aware of this September 15 deadline.

Officials are asking for full cooperation of parents where school students are concerned as they are hoping to curtail numerous undesirable actions without further drastic steps by the law. A city-wide curfew has been discussed as a possibility within the near future which would handle the situation at night to a degree, one official reported.

Bronchos Meet Spearman Lynx In First Home Game Friday

8th Annual Cotton Festival Set Oct. 9-10

Hedley's Eighth Annual Cotton Festival will be held Friday and Saturday, Oct. 9th and 10th. With a better than average cotton crop this promises to be their biggest and best. It will be held along the same lines as heretofore with continuous free entertainment both day and night the full two days. Two parades are scheduled, the Kids Pet and Novelty Parade at 11 a.m. Friday and the Grand Parade at 1 p.m. Saturday.

The people of Clarendon have contributed a lot to previous festivals and any aid they can give to make this the best festival will certainly be welcome and appreciated, stated Clifford Johnson.

Practically all of last year's entertainers will be back and several more have been added. The Donley County Pioneers Association will hold their meeting the first day of the festival. A special place will be arranged with benches and tables for the comfort of these founders of our towns and communities. You don't need an invitation because everyone is invited to attend.

CLIFFORD RETURNS HOME FROM GERMANY

Sp-4 Jack Clifford returned home last week after receiving his release from the Armed Services, having served two years in the Army and 19 months of that time at Heidelberg, Germany. Mrs. Clifford returned home about two months earlier.

Jack, who will again be associated with his father in the grocery business here, stated that it sure was good to be back on the job and associating with his friends again.

The Clarendon High School Bronchos run head-on into another tough District 1-A team Friday night when the big Spearman Lynx invade Broncho Stadium. Game time will be eight o'clock.

Spearman opened the season last Friday night with a thrilling 22 to 14 win over the highly regarded Class AA Wellington Skyrockets. Spearman blanked the Bronchos last season, 8 to 0, and return nine of eleven starters this year from last year's team. The Lynx are guided by their veteran 175 pound quarterback, Sam Cornelius. They have a fast backfield behind a big and well-balanced line.

Coach Tom Jinks of the Bronchos has made four changes in his probable starting line-up for Friday night's game. He has shifted Ronnie Tyra from fullback to center where he lettered as a reserve last year. Jim Robinson, a diminutive 128 pounder, will open at one of the halfback positions, Dewey Wilson will shift from halfback to fullback, and Charles Percival to guard. Otherwise, the starting line-up will remain the same as last week which saw Philip Abel and Bill Hermesmeier at ends; Lynn Spier and Jerry Gray at tackles; Dennis Bradshaw and Percival at guards; Tyra at center; Dwight McAnear at quarterback; Robinson and either Wayne Mann or Neel Carter at halfbacks and Wilson at fullback.

College Evening School Opens Monday Night

Monday night, Sept. 14, will be the time to enroll in the night classes in the college. Monday night will be enrollment night with classes beginning Tuesday night.

Whether or not any classes will actually be taught depends upon the number enrolling for the class. Classes have been tentatively arranged in typewriting, shorthand, business mathematics, biology, Bible, music, government and history. A class in accounting is in the process and will be taught if the demand is sufficient.

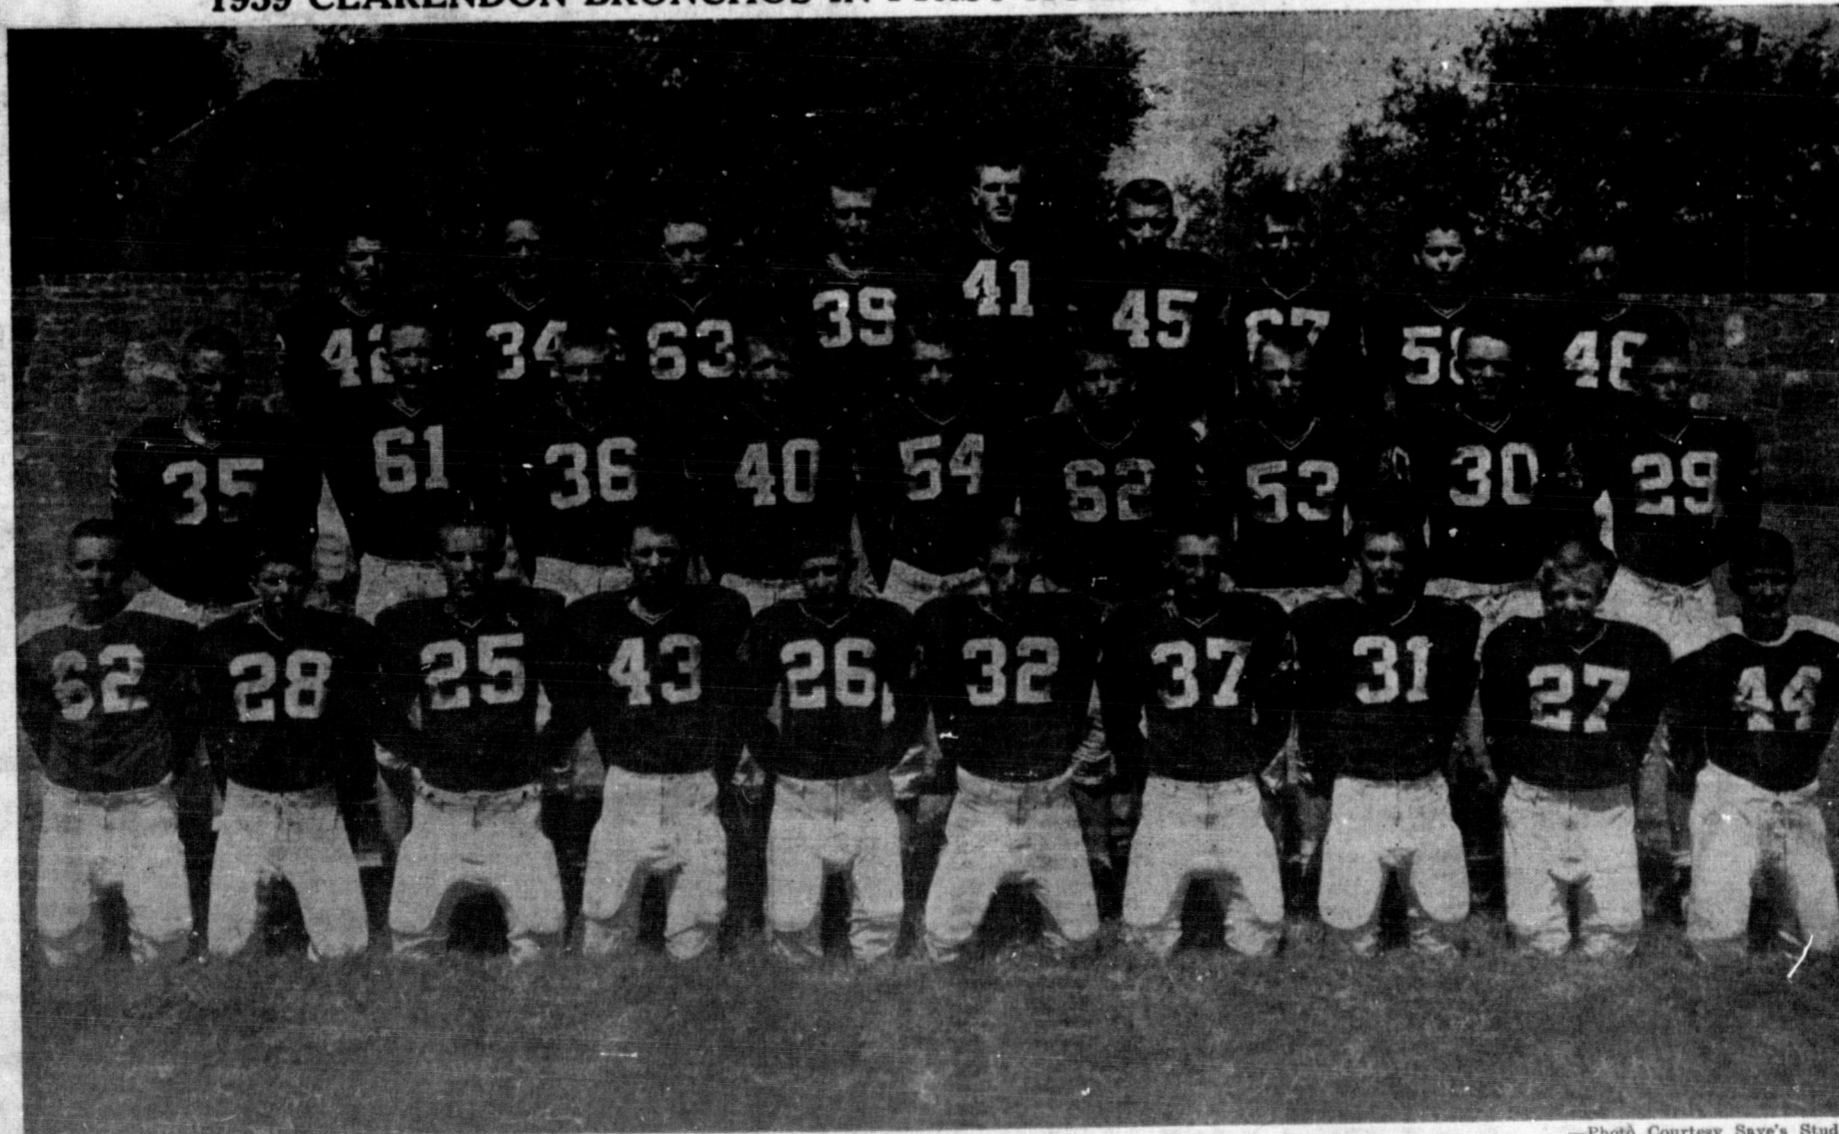

The night school classes carry the same accreditation as the regular day classes. Classes will meet one night each week beginning at seven o'clock and ending about 9:45 with a short break midway of the class period. College credit will be given and the cost is \$5.00 per semester hour. All classes with the exception of accounting and biology are three semester hour courses and those two are four semester hour courses.

Some misinformation has been gathered as to who is eligible for the night school. Anyone who is eligible for the day school is also eligible for the night school which means that anyone who is a high school graduate may enter and those people who are not high school graduates but who are 21 years old or older may enter.

COLLEGE ENROLLS 92 FIRST DAY

Officials of Clarendon Junior College stated that a total of 92 students were enrolled on the first day of registration which was last Monday. This compares with 95 on the first day last year. Last year's peak enrollment was 132 students. About the same number is expected this year as last year.

HEDLEY NEWS

Mabel Bridges

The officials of the Hedley Cotton Festival are busy making plans for the 7th Cotton Festival October 9-10 — two big days. October 9th will honor the Old Settlers of Donley County. Plans are in the making for a good time and a good place for visiting will be announced later. Plan now to join the fun at the Cotton Festival. The Welcome mat will be out for Old Settlers and Hedley will be expecting you. Watch the Hedley News for

more details as plans develop. Come one, come all to the Hedley Cotton Festival Oct. 9-10. Mrs. F. J. Cherry spent a few days last week in the Troy Brown home in Vernon. The Browns have moved into their new home they recently built. Mrs. Ed Morton returned home last week after visiting her children in California. Mr. and Mrs. Cal Watkins are home after spending several weeks with their daughter, Mrs. Alvin Swinney in Houghton, Kansas. Mrs. Watkins is showing improvement after a serious illness. Mesdames E. W. Bromley and Clarke of Clarendon visited Mrs. W. T. Rains Friday afternoon.

Mr. and Mrs. Bill Johnson spent Thursday evening in Canyon visiting their son, the Creig Johnson family.

Rev. and Mrs. J. S. Tipton are home from a two week vacation in Mexico and Colorado.

Mr. and Mrs. J. C. Bullington have moved from Hedley to Wellington. We hate to see these fine people move. The Johnny Myers family has moved to the Bullington farm.

Mr. and Mrs. J. M. Glass of Houston were recent visitors in the Malcolm Glass home.

Mrs. G. C. Foster is visiting her son, the Hub Fosters, in Amarillo and the Milton Fosters in Masterson.

Dale Bradley of Amarillo visited his parents, Mr. and Mrs. R. M. Bradley, Thursday.

Mr. and Mrs. John Blankenship returned home Monday from an extended visit in Long Beach, California, with their children. The Blankenships bought a home while there and plan to move there in the near future.

Mrs. Alfred Spaulding spent several days in Muleshoe with her daughter, Mrs. Doug Lowe, who underwent major surgery last Wednesday. She is happy to report that her daughter is doing fine. Miss Kathleen Spaulding is visiting the Lowes this week. Visitors in the M. W. Mosley

GOLDSTON NEWS

Mrs. Roy Roberson

Mr. and Mrs. Royce Moffett and baby of Huntsville, Grandma Moffett of Clarendon, and Mr. and Mrs. Roy Roberson visited Friday night with Mr. and Mrs. Hubert Moffett and children. Mr. Goodwin Bray and daughter of Dallas spent the week end

home over the week end with Mr. and Mrs. Jiggs Mosley of Amarillo, Mrs. Katharin Rose and daughter of Pampa, John Mosley of Phoenix, Ariz., and Mrs. Hugh Riley of Clarendon.

Mrs. Anna Mae Riddle and Mrs. Nora Vandeventer of Amarillo were Sunday visitors in the Walter McCracken home.

Mr. and Mrs. Bill Jones left Friday for Fort Worth to attend the Jones reunion.

Mr. and Mrs. Clifford Johnson attended the Matador and Silverton football game Friday night.

Mr. and Mrs. Aubrey Lee Cherry and children spent the holiday week end in Red River and Raton. They were accompanied by Mr. and Mrs. Ray Stewart of Clarendon.

Bruce Stewart of Wichita Falls spent Labor Day with his mother, Mrs. B. N. Stewart.

The Carter Huffman family of Wichita Falls spent the week end with their parents, the Bill Huffmans.

Mr. and Mrs. Collier Heater and son, J. W., of Dumas spent the week end with the Fred Watts.

Remember to renew or subscribe for the Donley County Leader call 72-J2 for service.

with Mrs. W. E. Bray, David Eray, who has been with his grandmother this summer, will return home with his father and sister Monday.

Bill Littlefield visited Sunday evening with Mr. and Mrs. Jack Pritchard.

Mr. and Mrs. Roy Roberson visited Saturday evening with Mr. and Mrs. Charlie Young of Clarendon.

Mr. and Mrs. Roy Roberson took supper Saturday with Mrs. V. Littlefield.

Mr. and Mrs. Roy Roberson visited with Mr. and Mrs. Jack Pritchard Sunday night.

Mr. and Mrs. Kenneth Jackson of Fort Worth spent the week end with Mr. and Mrs. W. H. McDonald.

Mr. and Mrs. Doyle Ray Littlefield and babies visited last week end with Mrs. Littlefield's sister and family of Abilene.

CORRECTION: The Club will meet Thursday evening, Sept. 10th with Mrs. Ed Hodges.

Mr. and Mrs. W. A. Jackson and Jimmy spent Saturday night and Sunday with Mr. and Mrs. Jim Jonett of Parnell.

HOG-TIE THE SPENDTHRIFTS

Congress and the people of the United States are now told that a nine-month stoppage of the interstate highway construction program is impending unless new funds or provided. In other words, the administrators of the federal highway program have gone merrily ahead planning road work before they have money to pay the bills. Their plan to remedy the situation is simple—tax the people another 1-1/2c a gallon on gasoline, bring the total federal gas tax up to 4-1/2c a gallon.

It is on old political game to

tell the people a federal project will cost so much. Then, when the project is underway, the people are told costs have doubled and there is nothing to do but dig up more taxes to pay for them. In addition to state gasoline taxes, we now pay a 3c federal gas tax. Nearly one-half of the revenue from federal highway user taxes is spent for other purposes than road-building—if it was put on roads, there would be no shortage in the highway building fund.

It is a good time now to call a halt to the spending habits of public officials. If they underestimate costs, let completion of projects wait until the money to pay for them is at hand under the plans originally proposed for raising it. Unless this is done, there will be no limit to the increased taxes the public will have to pay.

NEWSPAPERS AND TV

Last year was a very bad year in the U. S. automobile industry. Sales were far under both past and anticipated levels. There was but one exception — American Motors, with its Rambler car, whose sales zoomed an astonishing 80%.

So something reported by Editor & Publisher in a late issue is of great interest.

The television people claim the world for their advertising medium. But American Motors, in setting its 1958 record, spent more than two-thirds of its \$6 million advertising budget in newspapers, and absolutely nothing on TV.

The other makes all spent large parts of their ad budgets on TV.

Editor & Publisher says: "It will be argued, of course, that

1958 was an unusual year, that too many other factors enter into automobile sales, and that these figures are meaningless. We disagree.

"It seems to us that the coincidence — the manufacturer placing the largest percentage of his advertising appropriation in television and having the largest percentage drop in sales together with the fact that the only manufacturer who spent no money in TV but had the only increase in sales — is too great to ignore."

TV is a great medium but nothing can supplant the newspaper.

**CARIE BETTS BURTON
LIBRARY NOTES**
EDITH BARNES

Harry Golden's "For 2c Plain" has been given to the library in memory of Ernest Hunt.

Our friends are still being good to us. Jean Porter Landreth of Dumas sent us three new books. They are all fiction and 1959 editions.

"Straight Tongue" by Phillips Good is not only an interesting story of the life of Bishop Henry Whipple, but gives a clear picture of the people, their customs, etc., from 1822 to 1901. Bishop Whip-

ple was one of those rare souls who fought for what he believed and he believed the Indians should have a fairer deal than they were getting. He was a member of the all white commission that studied what was to be done with the Indians after gold was discovered on their reservation in the Dakotas. I quote from the book, "The commission returned to civilization, and reported that war (the Custer Massacre) with the Indians had been of whites making and every treaty had been broken by whites. No Indian could have framed a more severe indictment of the government than the commission. They showed the Indian relationship had a shameful record." According to this book

Custer was not killed by the Indians. Somebody's history is wrong.

Pearl Buck has made a clean sweep in the field of awards for literature; Howells' Medal of the American Academy of Art, the Pulitzer and Nobel Prizes. Her new book "Command the Morning" packs a real punch. It had been so long since I had read one of her books I had forgotten just how good she is. I am almost afraid to say "Command the Morning" will give the reader something to think about as too many folks seem to shy away from a book that might make them do that.

GEORGE'S WIFE
By "Sarah"

In a letter from Mrs. H. A. Green recently, says she hopes George and I are interested in what is going on down on the farm, and will let her have space in our column to complain about hoeing the fence rows.

She says conditions are getting so bad the men folk spend a great deal of their time trying to out smart Mr. Benson and unravel red tape, leaving the women and children this little chore. The boys each have good ideas of eliminating this job completely. Already she says they are so much brighter, than their father they could do a much better job of it than the old folks.

Pretty soon all rural women will be gray headed or bald from snatching their own hair out trying to cope with the kids. What with super hi-ways, sage brush control and ASC spot checker, one just don't feel plum safe any more. All in fun she adds, and thankful to be living where one can complain about the government.

It's hard to please every one, even the Lord has a hard time doing so. He doesn't come around with new campaign promises every four years, yet a lot of folks elect Him year after year.

George says you are saved by the bell, Mrs. Green but could you spare some of the boys after school, he still has a lot of fence rows to hoe.

Leader—Local rate, \$3.00 a year

**LONE STAR
AGRICULTURE**

Texas Dept. of Agriculture
John C. White, Commissioner

**CATTLE TRAITS CAN
BE DETERMINED**

Progeny and performance testing of beef cattle is rapidly coming of age and has already progressed beyond the experimental state of the application of research findings in breeders' herds.

Research findings by a number of colleges have shown conclusively that cattle differ in their ability to make rapid gains, to use feed efficiently and to develop desirable carcasses, and that these differences are herit-

able and transmissible from parent to offspring.

Studies also prove that rate and efficiency of gain are rather highly correlated and brood cow performance is important to the total economy of beef production and is a repeatable trait.

In establishing an on-the-farm testing program, breeders must first decide what traits are to be measured and included in the selection program. Traits selected probably will be determined by the ease with which they can be measured, their heritability estimates and their economic value.

Important points include pre-weaning growth rate, weaning grade or type score, regularity of reproduction of the dam, milking and mothering ability of the

dam, daily gains, feed efficiency, and grade of the end product.

But performance testing will not obtain the status it should in the cattle industry until a unified national program is established for all state organizations, Performance Registry International, and the national breed association.

Experts in the cattle industry predict the steer of tomorrow will be reasonably wide over the

top, deep bodied and will have more length than people have looked for in recent years.

If the meaty steer has these characteristics, he also will be a fast doing, healthy, efficient steer for both the cow and calf man and the steer feeder. This will result in a product the packer will enjoy processing because it will suit the consumers' demand.

A Final Demonstration Climaxing Ford's 3 Years and 3 Million Miles of Research and Development on the New Ford Falcon . . .
EXPERIENCE RUN, U.S.A.
A fleet of Falcons is going to undergo a final exhausting test . . . over every single mile of numbered U.S. Federal Highway . . . along a crisscross route that will include the ups and downs of two major mountain ranges, the challenges of every type of roadway and thruway, main street and boulevard.

TODAY...10 P.M. THE NEW-SIZE FORD STARTS ON ITS WAY TO YOU!

The Falcon, the New-Size Ford, already is the most thoroughly tested and proven new car in history. Today this new Ford Falcon starts **EXPERIENCE RUN, U.S.A.**, over every mile of numbered U.S. highway

This is not a test run in the ordinary sense of the word. For in its 3 years of development and over 3 million miles of proving, the Falcon has already passed and repassed every kind of test that could be devised.

It's been dust-tested, heat-tested, and endurance-tested on the test track at Kingman, Arizona. Wind-tested and rain-tested in the 300 mph wind tunnel at the University of Maryland. Shock-tested, curve-tested, brake-tested, noise-

tested, paint-tested, stability-tested, service-tested . . . everything-tested on Ford's own proving grounds. The Falcon has already proved to engineers that it takes anything they can dish out.

Now, Experience Run, U.S.A. will show you what the Falcon can do over your kind of roads. How many miles to the gallon? Records will be kept of every drop of gas used. Better gas mileage? The Falcon will average up to 30 miles per gallon!

On October 8, the New-size Ford will be at your Ford Dealer's . . . for you to experience. See your Ford Dealer today for more information on the Ford Falcon.

THE DONLEY COUNTY LEADER

BLOWIN' Out the CORNERS

Left-overs from our fishing trip. Speaking of our being a land-lubber and getting sick out on a fishing boat in the Gulf, we know

that it sounds a bit assy but there was even one of the ship's crew hugging the rail. So, it wasn't just the ole Panhandle boys after all.

One of the best stories we heard on the trip had to do with an old West Texas boy who came to visit with a friend on the Gulf. They were out on a boat and the newcomer was fascinated by the sea gulls following the boat. This wasn't anyone in our group. "My, my, what large pigeons." "Those are gulls," corrected his friend. But he seemed too

intent to hear and after awhile said: "Never in all my life did I see such large pigeons." "Those are gulls," again corrected his friend. "Gulls or boys, don't make no difference, those are the biggest pigeons we have ever seen in our whole life."

One of the best pastimes along the Gulf is to watch the porpoises as they follow the boats hunting for some food and just playing back and forth like a group of scuffling boys; some of them larger than two boys. They tell us they are just a harmless fish of the scavenger class. Worthless except that they clean up the waste.

David, our bus driver always ordered his eggs; "Two eggs looking at me," when we questioned him about it he informed us that he didn't like them the best that way but that when he was in a strange place he ordered them looking at him so that he could take a good look at them. Not a bad idea, we guess.

Good luck is 90% pluck, and the more pluck we have the better our luck will be.

Luck is where opportunity and preparedness plus a dash of willingness meet.

Opportunity knocks but it has never been known to turn the knob and walk in.

We always liked the story about the busy little hen. She just keeps on digging worms and laying eggs. She keeps right on digging worms and laying eggs. She keeps right on at her job regardless of whether it is supposed to be a good year or bad.

If the ground is hard she scratches harder. If it is dry she digs deeper. If she strikes a rock she digs around it. She keeps on digging and turning out eggs. No one has ever been a pessimistic hen or, heard of one starving to death waiting for the worms to come to the surface.

She never cackles because the work is hard but saves her breath until after the egg is laid. Success for the hen depends on her keeping on digging.

Some folks wait for good fortune or good luck to come their way, others try to catch up with it.

All this reminds us of a statement we heard recently on the radio. We should; "Throw away our wishbone, Straighten up our backbone, And stick out our jawbone."

Criticism is said to be the price we pay for doing things. Mostly it is when we do some-

H. A. Green, local land owner and A.S.C. committeeman, was talking this past week about his cotton crop.

He has two fields of cotton under similar conditions of soils, seeding rate, seeding time, watering, etc. But one field is pro-

ducing more cotton than the other. Why? Mr. Green explains it this way. For about the last four years he has grown alfalfa on one of his fields, the other field has been continuous cotton.

Past records on the two fields are identical with the exception of alfalfa for four years on one field. Yet he states that he wouldn't take two and one half acres of the continuous cotton field against one acre of the field of cotton following alfalfa. Let's look into the background as to why the alfalfa-cotton field was the better of the two. First we can say this — the use of inoculated legumes such as alfalfa insures that bacteria will be present for nitrogen fixation by the plant. This puts more nitrogen and thus fertility into the soil. Another thing alfalfa does is add organic matter and per-

meability to the soil. When alfalfa is present and growing on the land, danger of soil erosion due to raindrop splash and sheet erosion is lessened to a great extent.

Alfalfa is by nature a deep rooted legume and its tap root goes deep into the soil. This characteristic will help break up what hard clay layer that may be present under the more permeable top soil.

All of the reasons listed above probably had something to do with Green's cotton following alfalfa being better. A good sound system of rotating hay and pasture crops with row crops will in almost all cases result in consistently higher yields.

For help in planning a rotation hay and pasture system, contact your local Soil Conservation Service office which assists the Donley County S.C.D.

FOOTBALL 1959!

Join us, Folks!

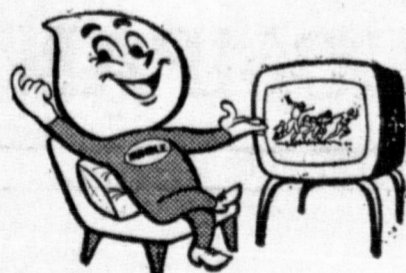

You are cordially invited to enjoy the 1959 football season as the guest of your neighbor in a Humble uniform.

LIVE TELECASTS!

Your neighbor in a Humble uniform will sponsor telecasts of NCAA college football games every Saturday—September 19 through December 5. Program includes five games featuring Southwest Conference teams. Enjoy the most exciting, colorful American sport as "Happy's" guest.

"GAME OF THE WEEK" ON TV!

Humble's videotape "Game of the Week" will be shown each Sunday afternoon on TV at 5:30 p.m. CST. Videotape is the next best to a live telecast—uses TV cameras, TV close-ups. Kern Tips will do the commentary.

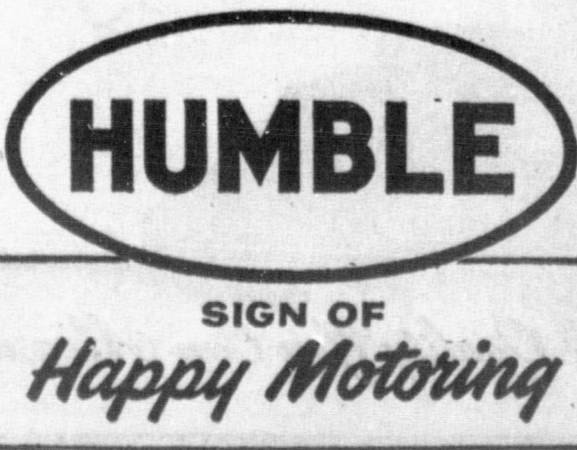

RADIO BROADCASTS!

All Southwest Conference games will be brought to you on radio every week end—a total of 50 games on 153 radio stations. Exciting word pictures by Humble's staff of top announcers, headed by Kern Tips, best in the nation.

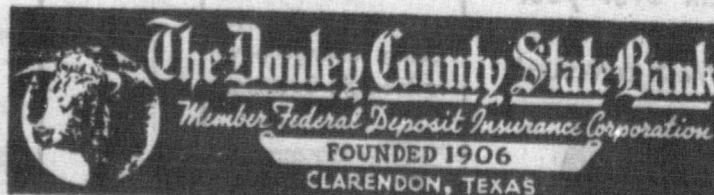

MAKE 1959 A Happy Motoring FOOTBALL SEASON

See as many games as you can... and drive to them in your car. Before you start, fill up with a "Happy Motoring" gasoline... and on your way, stop for "Happy Motoring" service under the Humble sign. Restrooms are famous for cleanliness.

Our Bank Offers "Tailored-To-You" Service

For ease in repaying a loan, the terms you receive are often more important to you than the rate of interest charged. We not only charge the lowest rate... we also arrange terms to suit you!

You get more at... IGA

CHAMBERLAIN NEWS

Mrs. A. O. Hott

Mr. and Mrs. A. O. Hott returned home Monday. They visited Mr. and Mrs. Hubert Hott at Grapevine, Mr. and Mrs. T. M. Hott and family of Dallas. While there, their daughter, Mr. and Mrs. G. G. Gregory and family of Houston came to visit with them. They visited Mr. and Mrs. Elmer Himmes and Mrs. W. A. Hott; also her brother, Mr. and Mrs. G. D. Townson at Fort Worth. All his children were at home for a visit. Mr. and Mrs. T. W. Trussell and Mrs. Stela Casey and her three grandchildren of Leroy, Texas, were visitors.

Mrs. Nolen Hill and daughter, Jeannie Gibbs, visited relatives in Amarillo last week.

Mr. Jess Ivey and daughter, Merlene, visited with Gary Ivey in the Highland General Hospital in Pampa Saturday morning. Gary hopes to be able to go home Monday.

Mr. and Mrs. Bobby Casper and baby of Lubbock visited her father, Mr. and Mrs. Richard Dingler, over the week end.

Mr. and Mrs. Garth Carter and boys of Dumas spent the week end with their parents, Mr. and Mrs. Henry Mann and Mr. and Mrs. A. C. Carter.

Mr. and Mrs. Albert Formway of Claude spent Sunday with his parents, Mr. and Mrs. A. L. Formway.

Mr. and Mrs. James Earl Hott, Linda and Bruce, returned home to Houston after a few days visit with his parents, Mr. and Mrs. A. O. Hott.

Merlene Ivey and Jeannie Gibbs spent Thursday night with Janie Lou Ivey.

Mrs. I. J. Self visited Miss Ruth and Nell Corbin Saturday morning.

Mr. and Mrs. Richard Dingler visited her son, Mr. and Mrs. J. Mann, and family in Amarillo Sunday.

Mr. and Mrs. A. L. Formway visited her father, Mr. L. Payne, in the Tulia Hospital last week.

He is very ill. We hope he has a speedy recovery.

Mr. and Mrs. Frank Cunningham and son, Gerald, of Memphis visited Mr. and Mrs. J. D. Jones, Mike and Karen Thursday night.

Grandma Ivey spent Saturday night with Mrs. W. H. Ivey in Clarendon.

Mr. and Mrs. Abe Turner and son of Haskell spent the week end with her parents, Mr. and Mrs. Henry Mann.

Rember Ivey returned home Friday after visiting in Dumas.

Mrs. J. D. Jones Jr., Mike and Karen spent Sunday evening with Mr. and Mrs. J. D. Jones Sr., in Clarendon.

Mr. and Mrs. J. E. Hott, Linda and Bruce and Mr. and Mrs. A. O. Hott went through the Palo Duro Canyon State Park

last Friday.

Mr. and Mrs. M. B. Hatfield and family of Dumas spent this week end with her parents, Mr. and Mrs. J. A. Ivey.

Mr. and Mrs. A. B. Ivey have spent some time in Pampa to be with their little grandson, Gary Ivey, who was seriously injured, but is improving now.

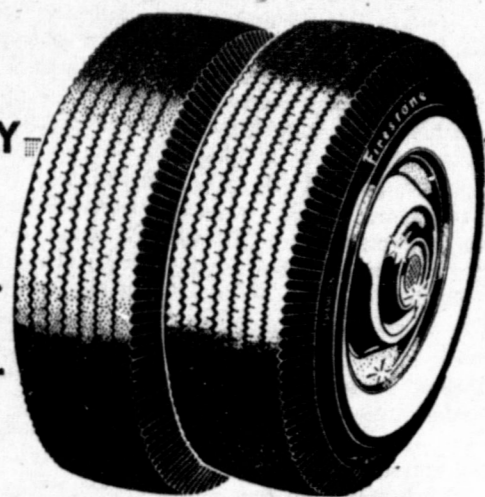

Mr. Walter Lowe is feeling some better now. He is able to be out a little.

Mr. and Mrs. A. O. Hott called on Mr. and Mrs. Clyde Gilbert Sunday evening.

Mr. and Mrs. Pat Roberson lunched with her sister, Mr. and Mrs. A. O. Hott Sunday.

Mr. A. O. Hott was saddened the first of the week by the death of a friend, Mr. Edgar Mosley of Hereford.

LES BEAUX ARTS CLUB HAS MEETING

Les Beaux Art Club met at Mrs. Bromley's Friday morning, Sept. 4th, with Mrs. Tommy Saye, Mrs. J. D. Swift, Miss Katherine Ross and Miss Anna Moores as hostesses for a delicious breakfast.

Mrs. Allensworth opened the meeting with a prayer and then Mrs. C. T. McMurtry presided and introduced the following officers for the coming year:

President, Mrs. C. T. McMurtry; Vice-President, Mrs. J. D. Swift; Sec-Reporter, Mrs. W. J. Lewis, Jr.; Treasurer, Mrs. Forrest Sawyer; Historian, Mrs. W. W. Taylor; Parliamentarian, Mrs. W. K. Hardin.

Mrs. J. H. Howze, chairman of the flower show for the county fair on Sept. 18 and 19th, asked all members to cooperate and bring two flower arrangements. She also announced that anyone could participate, and the club would be happy to have arrangements from everyone interested in displaying their flowers.

The name of Mrs. C. S. Williams was presented for membership and she was unanimously elected.

Mrs. J. D. Swift, historian for the past year, gave a very interesting history of the Les Beaux Art Club's activities for the year.

Sixteen members were present and one guest, Mrs. Ben Smith of Plainview.

Mrs. Molly Griffin and Glen Clayton and family of Deport, Texas, visited relatives here over the week end. Mrs. Griffin visited her sister, Mrs. Della Mahaffey. The Claytons visited in the Slaton Mahaffey home.

WIN ONE SUNDAY SCHOOL CLASS SOCIAL

The Win One Sunday School Class of the First Methodist Church met in the home of Mrs. C. C. Powell Monday, September 7, for their first social meeting since springtime. Beautiful arrangements of garden flowers decorated the entertaining rooms.

Meeting was opened with the Lord's Prayer repeated in unison. Routine business was taken care of and new officers were elected for the coming year as follows:

Mrs. J. R. Bartlett, president; Mrs. Frank Bourland, vice-president; Mrs. George Hillis, secretary; Mrs. Glen Williams, treasurer; Mrs. Mae Cook, teacher; and Mrs. C. R. Cross, assistant teacher. Committees were appointed.

During the social hour frosted drinks were served to Mesdames Tom Connally, Mae Cook, George Hillis, Frank Bourland, W. W. Taylor, W. M. Pickering, Eva Rhoades, J. R. Bartlett, John Goldston, C. C. Powell, Knowles, and Misses Emma Sheffield and Etta Harned.

RENEAU-LAMBERT MARRIAGE ANNOUNCED

Mr. and Mrs. Scotty Reneau of Denver City, Texas, and formerly of Clarendon announce the marriage of their daughter, Jean, to Mr. Randall Lambert of Seminole, Texas. Vows were exchanged September 4.

The couple will make their home at Denver City where the groom is employed by the Farm Chemical Company.

Mr. and Mrs. M. S. Miller and their little grandson of Fort Worth visited through the week end with her brother and wife, Mr. and Mrs. C. E. Bairfield, and brother, Clarence Bairfield.

SCHOOL BOARD ENTERTAINS FACULTY

The Board of Trustees of the Clarendon School District entertained the faculty with a chicken barbecue at the Country Club last Monday night. The meal consisted of chicken, beans, apricots, salad, onions, pickles, olives, coffee and cake. This has become somewhat of an annual affair and gives the board and teachers a chance for a social gathering. No school funds are used for this social as the board members stand the expense individually.

MARTIN QUILTING CLUB MEETING

The Club met Sept. 2 with Edna Osborn as hostess. Two quilts were quilted. There were eleven members present.

Visitors were Mr. and Mrs. Willie G. Tims of Lockney and Mrs. Juanita Langley.

The next meeting will be Sept. 16 with Dortha Reynolds in Mrs. Sullivan's home. — Rep.

Y.W.A. MEETING

The Y.W.A. of the First Baptist Church met on Sept. 2, at 4:30 p.m. The program for this week was on the study of Indians. Refreshments were served.

The name of our program for our next meeting will be "Sacrifice and Song" given by Judy Thompson and Ann Elliott. — Rep.

GIRL SCOUTS TROOP 2 MEETING HELD SEPT. 7th

Troop 2 of the Girl Scouts met Sept. 7 with eleven members and two visitors present. Susan and Diana Friedman were guests of the troop. Refreshments were served by Mrs. Caldwell and Mrs. Hicks and were enjoyed by all. — Rep.

Mrs. Gene Chamberlain, who has just returned from Harlingen, Texas, and Mrs. Claudia Lee of Memphis visited Monday morning in the home of Mrs. Chamberlain's mother, Mrs. John Goldston.

Mr. and Mrs. C. W. Richerson of Phillips visited Mr. and Mrs. D. S. Smith Monday.

FHA MAKES CUT IN EMPLOYEES

Farmers Home Administration will operate its program in Texas this year with 117 fewer employees than it had a year ago at this time according to a statement this week from Walter T. McKay, the agency's State Director. Since the break of the drought, the agency, statewide, has reduced its force by more than 27 percent and has discontinued 7 of its field offices on a full-time basis.

Insofar as the employees who lost their jobs, McKay said that in practically every case the training and experience they gained during their employment with Farmers Home Administration enabled them to step into jobs with banks, PCA's and other private and cooperative credit institutions — many of them at salaries better than they had with the Government.

In connection with the services available to farm families, there will be no change according to McKay. He said that during the past three years more than 12,000 farmers and ranchers paid their loans in full to Farmers Home Administration, and for the most part, had reached or regained a position where private and cooperative sources can now handle their credit needs.

Farmers Home Administration will continue to make loans to eligible applicants for farm and home operating expenses; for the purchase of livestock and equipment needed to put their farm programs on a sound basis and to finance farm real estate purchases and improvements.

CARD OF THANKS

We wish to thank each and everyone who helped put out the grass fire on the ranch Saturday night. Thanks to the operator and others who reported the fire. We are grateful to the JA boys and Pete Jones. Thanks again. Nash and Anna Belle Blasingame

Mrs. Jerry LaGrone and children of Canyon visited last week with her parents, Mr. and Mrs. A. J. Emmons.

Cotton Classing Office Open House Sept. 15

Citizens from a 12-county area will gather in Memphis Tuesday, Sept. 15, for an Open House celebration at the new government cotton classing office building located at 215 Noel Street. According to V. C. Durrett, Lakeview, president of the organization, the public is invited to visit the classing office any time during the day, Sept. 15.

During the morning, visitors will make a complete tour of the building. Then at 1:30 the Open House program will begin with President Durrett acting as master of ceremonies. Featured speaker on the program will be Congressman Walter Rogers and other speakers will include John L. McCollum, manager of the Southwestern Area Cotton Division of the Agricultural Marketing Service, Dallas, and Frank C. McClellan, asst. manager of the area division. Entertainment will be furnished prior to and during the program by Honest Jess and his Western Cavaliers.

This new cotton classing building is of the latest design with air conditioning and humidification equipment to hold the moisture content of the air within a two-degree range and will have special lighting to help give the most exact grade and staple of cotton samples.

Cotton ginned in the 12 county area will be classed at the new Memphis office. The first cotton ginned in the area will go to the classing office at Altus but as soon as area samples reach 300 per day, gins will ship to the Memphis office.

Among the officers and direc-

tors of the Rolling Plains Cotton Producers, Inc. are H. S. Mahaffey, Donley County and A. J. Garland, Armstrong County.

HOSPITAL NOTES

Patients as of Wed., Sept. 9: Clifford May, Mrs. J. I. Spurgeon, Darrel Leffew, Mrs. H. L. Riley, Gene Elmore, Janis Harris, Beth Cockerham, Mrs. J. C. Talley, Richard Dingler, Mrs. H. G. Shaw, and Jane Hillman. Dismissals: Ed Campbell, Mrs. Bill Cornel-

ius and son William Craig, C. H. Darling, Mrs. Jeff Gray, Katherine Johnson, Mrs. Ida Mace, Claude Mann, Hanna Moore, Walter Nolley, Mrs. D. B. Perdue, Mrs. O. R. Pointer and son Ross Pointer, Mrs. Don Robinson and son Clint, Mrs. Cornelia Thompson and Carmen Wright and Fannie, James, Milton and W. A. Young.

Mr. and Mrs. Wally O'Brien of La Merada, Calif., visited their mother, Mrs. Della Mahaffey, and other relatives here Monday.

LEADER CLASSIFIEDS GET RESULTS

STATE CAPITAL Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN — During the next
few weeks young Texans by the
thousands will troop back to
their classrooms.

Many will be entering a brand
new world. There'll be some
250,000 first graders, some 28,000
college freshmen. In cities and
towns across the state, children
will take their last swim in the
city pools. Parents will re-set
their alarm clocks and re-figure
their budgets.

Parents of the incoming college
freshmen — most of whom got
their own schooling at rock-bot-
tom depression prices — face
what most will regard as an ap-
pallingly expensive future. Aver-
age cost for a Texas college
student is \$1,100 a year — not
including a car, clothes, dates,
etc. In the larger cities it may
run \$1,500 a year.

For four years the average is
about \$5,000. But hardly any
other investment can be expect-
ed to return such handsome divi-
dends. Statistically, the college
graduate can expect to earn
\$100,000 more in his lifetime
than the non-graduate.

Aside from the students and
the parents and teachers who
are affected, "back to school"
has a wider impact on the econ-
omy. Employment will jump as
many of the jobless are absorbed
into the operations of the dormi-
tories, boarding houses, lunch-
rooms. Retail stores look to the
briskest sales since Easter in
the annual re-outfitting that
ranges from blue jeans to book
satchels, calicos to crayons.

Real estate, customarily, also
has a flurry as families try to
"get located before school starts."
WHY GO BACK. — Why go
back to school when you can
stay out and earn some money?

Texas Board of Pardons and
Paroles has some sobering ans-
wers. Its annual report shows that
of 1,186 prison inmates released
during the past year, only 119
had completed high school. Only
six were college graduates.

Percentage is about the same
for those persons still in prison.
Overall, the Board feels that peo-
ple who complete their educa-
tions and are therefore able to
get useful, better-paying jobs
are much less likely to run afoul
of the law.

ALL BUT THREE — Gov. Price
Daniel signed the huge new state
appropriations bill, but he exer-
cised his constitutional prerogative
to scratch out some items.

Daniel vetoed appropriations
for (1) a \$216,000 home for old
folks; (2) a \$200,000 tourist ad-
vertising program by the State
Highway Department; and (3)
\$1,033,500 for interim legislative
expenses.

He vetoed the old folks home,
said the governor, because "the
hospital board does not have re-
sponsibility for seniles and . . .
state policy should be to get
these unfortunate people into
private rest homes near their
families rather than making
them permanent patients of the
state hospital system."

As to tourist advertising, the
governor said that the Highway
Department already is spending
twice this much from other
funds, and the appropriation
would reduce activities.

Daniel said he saw no need
for the interim legislative ex-
pense money inasmuch as \$330-
000 had been appropriated in a
separate bill for future legisla-
tive expenses.

Legislative leaders replied that
perhaps the state isn't supposed
to be responsible for housing
the aged, but the fact is it has
some on its hands. They're now
housed in the 50-year-old Con-
federate Home in Austin. It has
been labeled a fire trap.

Legislative expense money
was to be used to put a new
carpet in the House, refinish
desks and provide offices for
House members. Rep. Bill Heat-
ly of Paducah said he felt it was
"unprecedented for the execu-
tive branch to tell the legislative
branch how to finance itself."

STATE HOSPITAL BOARD,
with an appropriation that jump-
ed 8.9 per cent to \$83,142,340,
plans to spend \$4,500,000 for new
buildings. This will include a
new 300-bed unit at the Denton
State School and a new home
for older patients at Denton, a
new ward building at Terrell
State Hospital, a new recreation
building and warehouse at the
Austin State Hospital and num-
erous road building and renova-
tion projects.

TEXAS YOUTH COUNCIL,
with a kitty that jumped from
\$7,767,441 for the 1958-59 period
to \$10,112,450 for the new bi-
ennium, plans to add both dormi-
tories and personnel to the two
correctional institutions, Gates-
ville School for Boys and Gains-
ville School for Girls. Some new
construction and personnel also
are planned for the homes for
orphaned children.

**TEXAS A&M BOARD OF
REGENTS** has allotted a substan-
tial portion of the \$1,989,666 in-
crease in its \$44,174,865 approp-
riation for salary increases on a
merit basis. All in all, some 10
branches and services are a part
of the A&M system. New stu-
dent apartment buildings on the
main campus are in the offing.

VET LAND PROGRAM SLOWS
—Texas Veterans Land Program
will have to be stopped down to
a trickle from now until after
November, 1960.
State is running low on money
for this program. It has authori-
ty to sell bonds to raise more
money. But with the interest
rate on the bonds limited by the
law to 3 per cent nobody wants
to buy the bonds. In the general
election in 1960, the voters, may,

if they choose, raise the interest
the state can pay to 3½ per cent
and make possible the sale of
more bonds.

Of course, if the state has to
pay more interest on its bonds,
it will have to go up on the in-
terest it charges veterans —
probably to 4 per cent.

Under the plan, the state buys
and re-sells it to the veter-
rans on a long-term, low-interest
contract. It's the only "bonus"
to Texas veterans. But it has re-
sulted in the purchase by veter-
rans of 1,997,404 acres of Texas
land at an average price of \$69.39
per acre.

SUIT OVER HAY SEEN — In
the midst of plenteous rain, State
Agriculture Commissioner John
White has a problem arising
from the 1953 drought-relief
program.

White says the U.S. Depart-
ment of Agriculture plans to sue
Texas for some \$162,670 which
the USDA claims it overpaid for
shipping hay to Texas farmers
and ranchers.

White says the federal govern-
ment agreed to pay 50 per cent
of the cost of shipping the hay.
About that time the railroads
and truck lines reduced their
rates 50 per cent for the drought
relief feed shipments. White felt
that this would mean that the
federal government would then
pick up the remaining 50 per
cent of the tab. But USDA charg-
es it should have paid only 50
per cent of the reduced rate.

Mrs. Alberta Rehmer and
daughters, Doris and Eleanor,
of Delta, Colo., and Mrs. Frances
Decker of Amarillo were dinner
guests in the home of Mrs. Edith
Longan Sunday. Sunday after-
noon they visited the RO Ranch
where their father, L. F. Gregory
was foreman some years ago. Mr.
and Mrs. Tom Corder of Amarillo
and Mrs. J. C. Estlack were
also dinner guests in the Longan
home Sunday.

Mr. and Mrs. Laverne Gold-
ston and children of McLean, and
their son, Fred, who is stationed
at the Army Base, Fort Sill,
Okla., visited Sunday afternoon
with their mother and grandmo-
ther, Mrs. John Goldston.

Mrs. Earl Lynn of Amarillo
and S. A. Pierce visited one day
last week with Mrs. F. E. Cara-
way.

Mr. and Mrs. Clifford Newland,
Tim Craig and Ann of Whittier,
Calif., having visited her par-
ents at Austin, stopped by on
their way home Thursday and
Friday to visit his aunt, Mr. and
Mrs. Walter Hutchins.

**Rattlers Clip Bronchos
In Easy 34 to 6 Win**

The powerful Stinnett Rattlers,
picked as favorites in District
1-A, lived up to their pre-season
billing last Friday night when
they romped to an easy 34 to 6
win over the lighter and less-ex-
perienced Clarendon Bronchos.
The Bronchos put up a game fight
but it was obvious that they were
no match for the Rattlers who
outweighed them an average of
26 pounds per man.

The Rattlers started fast by
scoring two touch downs in each
of the first two quarters and ad-
ding a fifth tally in the last
period. They opened the scoring
with a 30-yard pass play mid-
way of their first period and added
their second touchdown on a
35 yard right end run by their
big fullback, Don Anderson, near
the end of the first quarter. Mid-
way of the second quarter they
capped a 55 yard drive with their
third score and then scored
again on the last play of the first
half when their speedy right
halfback, Joe Lassiter, circled
right end for 40 yards and the
score.

The Bronchos never threatened
until late in the third quarter
when they put on a 55-yard drive
against the Stinnett reserves.
Fullback Ronnie Tyra climaxed
the drive with a one-yard plunge
through the line. The Rattler
regulars returned to the game and
scored again in the last quarter.
Despite the one-sided score the
Bronchos played good ball de-
fensively. Stinnett could not
make much yardage through the
Broncho line. They made most
of their yardage by long passing
and wide end sweeps. Defensive
line, Philip Abel, Bill Hermes-
mer, Jerry Gray, Lynn Spier and
Dennis Bradshaw gave good ac-
count of themselves.

Mr. and Mrs. John White visited in Liberal, Kansas, over the week end.

Mrs. Doyce Graham, who underwent surgery last Tuesday, is in fine condition and convalescing at home.

Grass Roots Opinion Franklin, Ind., Republican: "... the federal government's massive 12.5 billion dollar deficit for the fiscal year just closed debts us all a stiff right cross. "For one thing it's nearly three times the previous peacetime peak deficit of 4.4 billion dollars, recorded in the depression year 1936, when Franklin D. Roosevelt was laying out what was then considered vast sums to shore up the business structure and ease the burdens of distress. "Whatever the future holds, we must all fervently wish that 12.5 billion dollar budget deficits never come to be regarded in this country as either commonplace or inevitable."

On Feb. 23, 1945 the American flag was raised for the first time over the Japanese fortified island of Iwo Jima, when members of the 28th Marines planted the Stars and Stripes on the highest point, Mount Suribachi.

STUDENTS TO PARTICIPATE IN DRIVERS TEST SEPT. 15

Students of Clarendon High school will have an opportunity at 10:00 a.m. Tuesday, Sept. 15th, to see for themselves how the false impression and sense of security that a driver of a modern automobile gets, can and does, often lead into the danger zone and trouble, when they participate in a series of driving tests, Mr. W. W. Pinkerton, superintendent, announced today.

The tests, which will be in two parts, will be given under the direction of Mr. Vernon Gayle, Director of Safety of the Texas Farm Bureau Safety Department.

The first section will be a lecture, while the second will be a demonstration on College Blvd. south of the high school. Mr. Gayle will also demonstrate the correct and incorrect driving habits.

High point of the demonstration will come, however, when driving tests are made with var-

ious students and faculty members in the specially equipped car. An electric detonator which is mounted in the front bumper of the car will fire yellow paint bullets to indicate the distance required to stop the car in an emergency.

The driver being tested will be signalled to stop by the report of the first shell. The second will be fired automatically when the brake is applied and the third when the car halts. Distance between the spots of paint will then be measured to determine the reaction and braking distances.

Tests will be limited to 20, 30 and 40 mile per hour speeds because of the danger in making emergency stops at higher speeds. Police officers will be used as drivers in the high speed tests.

As part of a program for safety on the highway, the Texas Farm Bureau Safety Department is presenting this driving demonstration and test before the high schools of this state. The program is being brought to Clarendon under the sponsorship of Donley County Farm Bureau. The lecture is invited to attend the lecture as well as the demonstration.

Bess Gentry of Amarillo and Ann Bagby of Clarendon visited Friday evening with Mrs. F. E. Caraway.

WEST TEXAS STATE'S BUFFALOES will christen a modern 20,000-seat football stadium this fall with the area's first "major" schedule. The Buffs will meet Arizona, Mississippi Southern, Hardin-Simmons, Drake and Virginia Tech in that order in the new plant, which is located two miles north of Canyon and 13 miles south of Amarillo on the E-way. Above is a close-up of the west stands and the inset shows an aerial view looking from the east. An open house at the stadium is scheduled from 4 to 6 p.m. Sunday, Sept. 13.

W.T. SEASON TICKETS NOW ON SALE HERE

CANYON, September (Special) — West Texas State football season tickets are now on sale at Household Supply in Clarendon.

The Buffs open their first major home schedule in their new 20,000-seat modernistic stadium Saturday night, September 26, with Border Conference foe, University of Arizona. Other major attractions on the home card are Mississippi Southern, High School Day — October 17; Hardin-Simmons, Mom-Dad's Day — October 24; Drake University, Boy Scout Day — October 31; and Virginia Tech, Homecoming — November 7.

Included in the 20,000 seats are 1358 chairs with electric outlets for each two seats. Because of the popularity of these seats, contributors to the stadium fund have first chance at these seats, so are urged to place their order immediately.

"As we promised, contributors to the stadium will have first

shot at these seats," said athletic director Frank Kimbrough, "but those people must act now. Those tickets are going fast and we expect a sell-out in that section soon."

The chair-back seats are located between the 42-yard lines on the East side and sell for \$3.50 per game, or \$17.50 for the season. Other reserved seats go for \$3, and then prices scale down to \$2 and \$1 for family plan and general admission duets. The student can find a seat at any time for .50, and on high school day, October 17, will be located in a choice reserve section for the same price.

Other special promotions include "Mom and Dad's Day" — October 24, when parents of West Texas State students will be honored and receive special ticket discounts. Then the following Saturday night, October 31, it will be "Boy Scout Day."

Homecoming has been designated for November 7, when the Buffs meet Virginia Tech of the tough Southern Conference. It

will be a 2 p.m. game, the only afternoon contest for the Buffs this fall.

Finishing touches are being applied to the handsome bowl-like stadium, and it will be all set for the first official function at 4:30 p.m., September 26. That's when Senator Lyndon Johnson, a much-mentioned name in presidential talk, will deliver the main address at the Fall Convocation, honoring the school's 50th Anniversary.

Many area residents are expected to attend the address of Senator Lyndon Johnson, eat a lunch in or near the stadium, and remain for the football inaugural that night.

If you want season tickets with chair and electrical outlet, go by Household Supply and get your tickets now — all unsold tickets will be picked up not later than September 20th as we will have plenty of requests for these tickets here.

City Commission Approves WTU Rates

A schedule of revised rates for electric service was approved in a regular meeting of the City Commission Tuesday of this week.

Similar schedules, which have already been approved in Abilene and San Angelo and other area towns, are being filed throughout the 49-county area served by the West Texas Utilities Company.

"The revised schedule of rates is designed," T. A. Shahan, WTU District Manager, said "to provide:

1. A new low rate for electric heating during winter months.
2. Liberalization of the water heater rate.
3. Reduction in the base of the present fuel clause and incorporation of the new lower fuel clause in all schedules with the exception of municipal water pumping, street lights and signal light rates."

"The last-named purpose is an effort by WTU to hedge against anticipated future increases in the cost of fuel which the Company may incur in generating electricity and to avoid a possible rate increase," Shahan said.

The fuel adjustment, which works both downward and upward, becomes effective in the rate now carrying a fuel clause when the Company's average cost of fuel is less than 8c or above 14 1-2c per million BTU — the normal heat value of 1,000 cubic feet of gas.

Last year, the Company's average cost of fuel was 13.6c per 1,000 cubic feet of gas. Before the new fuel adjustment would become operative at 14 1-2c, the Company would absorb another 6.2% increase in the cost of fuel.

Shahan added, "It's not probable that the fuel adjustment would be applicable to commercial and residential customers before 1962, and that, if and when it becomes operative, the effect on the average customer's bill will be negligible. A 10% increase in the cost of fuel to the Company would add only 2c per month to the average residential customer," he concluded.

FARM NEWS

from the County ASC Committee

Conservation Reserve — 1960

The Conservation Reserve is a long range program under which farmers voluntarily contract to take cropland out of production and devote it to conservation uses for periods from three, five or ten years. After the farm rate has been established, a farmer will have until September 25th to decide if he wants to go into the program.

Farmers who would like to have further information are urged to get in touch with the county office as soon as possible before September 25th.

Meeting at Knox City

A meeting was held September 9th at Knox City for instructions concerning 1960 ACP and CR County Handbooks. Those attending were Mildred M. Ritter, Lee Tyler, Dennis Lindley, Wm. H. Cooke, III, Bland Draper and H. M. Breedlove.

Extension of Dates — 1960

Soil Bank Conservation Reserve
The following information has just been received from our Texas State Office:

"Date for accepting applications for conservation reserve basic farm payment rates extended through September 30, and date for accepting applications for CR contracts extended through October 16.

FORMER COUNTIAN DIES IN WASHINGTON

Thomas Byron Blevins died August 23rd in a hospital in Washington State. His body was flown back to Ashland, Oregon, where it was laid to rest.

Many of his friends will remember him as Byron. He is survived by his wife, Emily Blevins, one son, Thomas Byron Blevins, Jr., and one sister, Mrs. O. D. Meador, who was by his bed side during his illness.

Mr. and Mrs. Jim McKee of San Antonio visited Sunday afternoon in the home of Mr. and Mrs. G. W. Estlack.
