Hunting Seasons Not Too Far Away

Area hunters can begin getting their shooting irons in shape for the busy hunting season ahead. Duck season will officially open November 13, then shooting will begin at 12 o'clock noon. After the first day, shooting will be permitted from sunrise to sunset. The game department has cautioned hunters to observe the 12 o'clock noon opening.

The Texas waterfowl season actually opened at Sunrise October 26 but was for geese only. Very few geese have moved south so far so very little hunting has been considered to date.

All hunters are reminded to purchase their federal duck stamp prior to hunting anywhere. This stamp may be purchased at the Post Office for \$3 which is a dollar raise over last year.

The most important hunting season is the quail season. Donley County hunters may kill more quail during the regular season than has been permitted for many years.

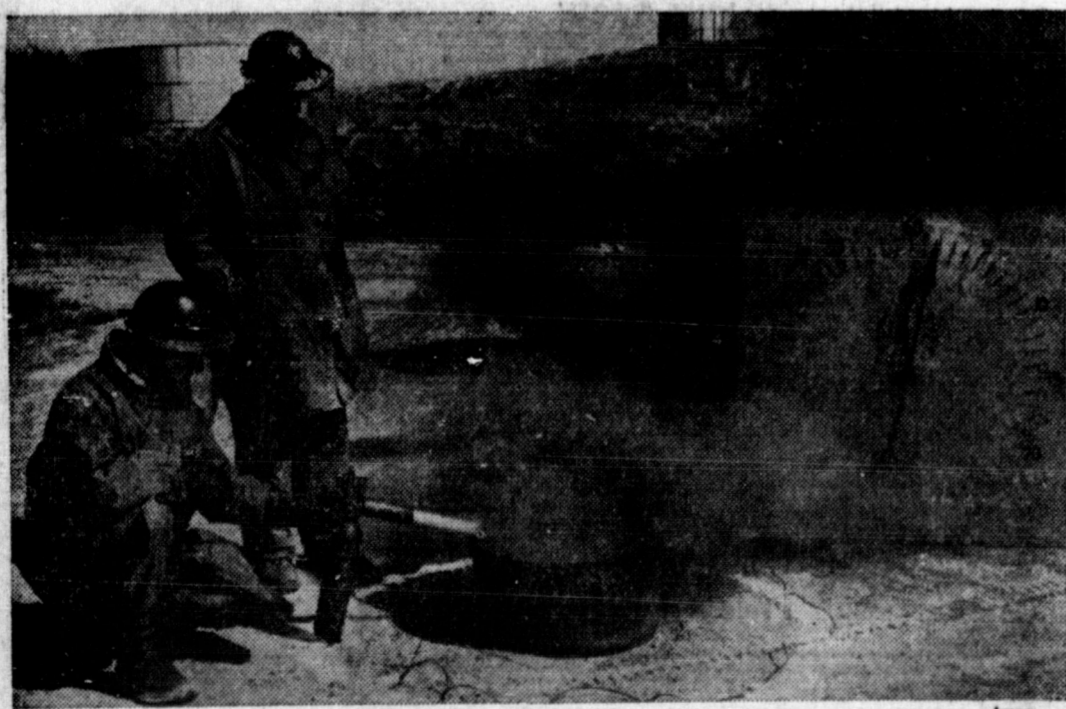

According to a recent proclamation by the Texas Game and Fish Commission, the daily bag limit for wild quail will be 15, and not more than 45 during any period of seven days. Prior to this, the limit was 12 per day.

The open season for quail has been set from Dec. 1, 1959, to January 16, 1960, both days inclusive. These dates were announced to clarify rumors and published information which pointed to an earlier date this year. A proposal was made during the summer drought to extend the hunting season on quail. Since the rains, it has been definitely set for the 32-county area of the Panhandle, which includes Donley County, as stated above.

Sheriff Reports Orderly Halloween

Sheriff Bill Cornell reported one of the most orderly Halloweens here in recent years with no destruction of property or accidents being reported to any degree.

Local youth limited their activities to fun and usual Halloween pranks and we wish to express our sincere appreciation for the cooperation we received. Cornell added. He said our youth are to be commended for their good behavior and we know our entire citizenry appreciated this type of attitude the same as the Sheriff's department, he concluded.

OUT IN SECONDS—Firemen at Fort Belvoir, Va., where the new chemical compound was developed, use "monobromotrifluoromethane" to extinguish a fire. Considered twice as effective as any other extinguishing agent against liquid fuel and electrical fires, the compound has been adopted for emergency uses by the Army.

1960 Football Schedule Announced This Week

Although the 1959 Broncho football schedule still has two games to go, school officials have announced the completion of the 1960 schedule. Four new schools have been added to the new schedule. The Bronchos will play Silvertown, Groom, Wellington and Claude next year in the place of Gruver, Spearman, White Deer and Turkey. Districts 1-A and 2-A have been recently revised by the Inter-scholastic League. White Deer and Panhandle were moved to District 1-A which left Clarendon, Lefors, McLean, Canadian and Memphis as the only members of District 2-A. The 1960 schedule is as follows:

- Sept. 2—Stinnett, there
- Sept. 9—Silvertown, here
- Sept. 16—Panhandle, there
- Sept. 23—Groom, here
- Sept. 30—Wellington, there
- Oct. 7—Claude, here
- Oct. 14—Lefors, here
- Oct. 21—Canadian, there
- Oct. 28—Memphis, here
- Nov. 4—McLean, there

Services At Happy For Former Resident

Funeral services were held Thursday afternoon at the First Methodist Church, Happy, Texas, for Edgar Perry Patching, 67, a member of a pioneer Panhandle family and a former Clarendon resident. The Rev. Walter Hadley, pastor, officiated. He was assisted by the Rev. James Wilet, pastor of First Presbyterian Church, Happy.

Mr. Patching was a member of the First Methodist Church of Clarendon, and for many years was employed on the JA Ranch. He had been a farmer-rancher near Happy since 1917. Surviving are his wife, Fern, an son, Bob, a daughter, Mrs. Joann Odom all of Happy; three sisters, one brother, and one grandson.

Burial was in the Happy Cemetery.

\$40 TRADE MONEY GOES TO DARR RICH

Darr Rich of Palo Duro Rt., Clarendon was the lucky name in the Trade At Clarendon event Saturday and was awarded \$40 in Trade money on a 5% ticket. The merchant listed on the back of the ticket was Vallance Foodliner. This event takes place at 3:30 p.m. each Saturday. This extra gift money might be yours Saturday, so plan to be present.

Leader—Local rate, \$3.00 a year

Wet Weather Slows Harvest This Week

Moisture through the middle of last week and foggy, damp weather conditions the first of this week has slowed the cotton and grain harvest during the period but moved back into high gear Wednesday with cooler, clearing weather. Moisture for the week was recorded on the morning of Oct. 30th with .80 inch. The low temperature for the month of October was 28 degrees on the night of October 26th.

Cotton ginning has picked up considerably the past two weeks with the Paymaster Gins, No. 1, 2 and 3 reporting a total of 1,517 bales ginned through Tuesday night. The Paymaster No. 2 at Martin which has just been constructed, ginned four bales to check all machinery and is now ready for the busy season ahead, reported J. R. Brandon, manager of No. 1 and No. 2.

The grain harvest is estimated at 85 percent finished at the present time with a total of approximately 150 carloads of grain being delivered to local grain companies. This part of the harvest will probably be concluded within the next few days if the weather cooperates.

Mexican Supper Slated For Saturday Night

The annual Mexican supper prepared and served by the members of the Rebekah Lodge will begin at 5 p.m. this Saturday evening, November 7, at the Lodge Hall, with serving continuing until 9 p.m. This event is looked forward to by residents of this area. The food is always excellent and is served in a pleasant atmosphere.

Advance tickets may be purchased at \$1 per plate but if you wait to buy your ticket at the door the charge will be \$1.25. Tickets may be bought by contacting Lodge members.

MERCHANDISE SHOOT AT COUNTRY CLUB SUNDAY, NOV. 8

It has been announced that a Merchandise Shoot will be held at the Country Club Trap range this coming Sunday, November 8 at 1 p.m.

Everyone is invited to participate in the shoot. There will be different divisions for all who like to shoot. Shells will be available at the range also.

Use Leader Classifieds for Quick Results.

Amarillo Air Base Open House November 7-8

The Air Force's most powerful jets, including the massive 650 mile per hour Boeing B-52 Stratofortress, may be viewed publicly at close range Saturday and Sunday afternoon, November 7th and 8th, at Amarillo Air Force Base's fall "Open House."

Although residents of the Amarillo area have seen and heard the gigantic B-52, Saturday and Sunday from 12:00 to 5:00 p.m. offers the average citizen an eye-catching one-the-spot look at the Strategic Air Command's number one aircraft, an eight-jet bomber with power equivalent to 30 diesel locomotives.

Accompanying SAC's "Heavy-weight" will be its counterpart, the KC-135 Jet Stratotanker, a 550 mile per hour giant that increases the striking power of the Air Force by refueling high-speed jets in flight.

Along with SAC's "big boys" on display will be supersonic fighters used by Tactical and Air Defense Commands. The newly built, rarely seen, F-106, termed by many as the fastest jet-fighter in the world, will be shown in front of Base Operations, along with other faster-than-sound jets — the F-100, F-101 Voodoo, F-102 Delta Dagger, and F-105.

Trainers and equipment used in technical training at Amarillo Air Force Base may be seen in Building 8118. Building 6105 will display the "Model Classroom", while 8301 will show the "Model Dormitory."

Hanger 6000 will display air frame repair and the southeast corner of Hanger 5000 will give visitors a close-up look at the SAC's B-47 and its equipment.

One of the most interesting displays will be in Hanger 4000 where the J-75, J-57 and J-47 engines may be seen. The J-75 engine is used to power the F-105 and F-106, while the J-57 is found in the B-52 and KC-135. The complex intricacies of each engine cannot be understood by the average person, yet the size and scope will help to explain what keeps a jet in the air.

Visitors will be able to tour the SAC area, located at the southwest corner of Amarillo Air Force Base and view the Alert Crew and Composite Buildings. The B-52 and KC-135 will be displayed in this area.

Direction in locating the various displays will be given in programs at the Main Gate. Base Police will direct traffic to desired parking areas.

Early Saturday morning, numerous high ranking military and civilian officials, including Major General Carl Brandt, Deputy Commander of the Air Training Command, and Mr. A. F. Madison of Amarillo will tour areas of the base. A dedication ceremony of the SAC Composite Building will be at 10:45 a.m. A noon luncheon will follow at the Officer's Club.

SCHOOL CAFETERIA MENU

Week of November 9th to 13th
 Monday: Hot dogs, potato chips, jello salad, date cake, milk and chocolate milk.

Tuesday: Brown beans, macaroni and tomatoes, tossed green salad, cornbread, chocolate pudding, milk and chocolate milk.

Wednesday: Turkey pie, creme peas and carrots, celery sticks, white bread, purple plums, milk and chocolate milk.

Thursday: Vegetable soup, cheese wedges, apple pie, milk and chocolate milk.

Friday: Fish sticks, buttered potatoes, blackeyed peas, hot rolls, apricots, milk and chocolate milk.

Girl Scouts To Raise Funds For Council

For the first time Clarendon, Leila Lake, and Hedley have been offered the opportunity of joining a Girl Scout Council. In the past local Girl Scouts have been active spasmodically, due to the work and enthusiasm of a few women. When these women ceased activity, the movement died. Not so any more! Now a trained college graduate will live in this area (either Clarendon, Memphis or Shamrock... her preference). She will guide and encourage our leaders to develop skills, talents, and strong character traits in our young girls 7 through 17 years of age.

This 10 county Council (Hutchinson, Gray, Hemphill, Carson, Roberts, Wheeler, Armstrong, Donley, Collingsworth, all in Texas, and Ellis County in Oklahoma) is called Indian Paint Brush Council. November 12th and November 13th are fund raising days so it may come in to being. These funds do not go to the National Girl Scouts. They stay in Indian Paint Brush Council to be used for camping, training leaders, continuing and expanding services for young girls in this area.

Clarendon has two Intermediate Troops; (1) "Fly Ups" Troop (no leader); and (2) Brownie Troops. Beta Sigma Phi-Mu Gamma, Lions Club, and St. John the Baptist Episcopal Church are Troop Sponsors. Our waiting list is long. It is sad to turn away girls.

Mrs. T. M. Caldwell, Jr., and Mrs. Charles Deyhle have worked faithfully the past year on the Development Committee of this new Council. Our Leaders and Mothers devote many hours to the Scouts.

Emmett O. Simmons is Fund Raising Chairman. Your contribution will offer scouting to more girls and provide an adequate professional staff to help our area develop a bigger and better Girl Scout program.

LOCAL LADIES ATTEND NATIONAL MEETING

Miss Ruth Richardson and Mrs. Ellen Bryan returned home Sunday after attending the National County and Rural Areas Superintendents Meeting held at the Olympic Hotel in Seattle, Washington. Some 1500 were in attendance. A splendid program was presented, including scenic tours setup by the association.

Miss Richardson served on the nominating committee to select a staff of officers for the association the coming year.

The ladies left Clarendon October 23. The return trip home was made by way of Denver. Friday and Saturday they visited Mrs. Mary Sue Longan and family at Greeley, Colo., reaching Clarendon Sunday.

HOSPITAL NOTES

Patients as of Wed., Nov. 4th: Mrs. F. M. Armstrong, Byrd Adkins, Walter Hutchins, Oliver Abel, Jess Pool, Mrs. A. O. Hefner, U. T. Fowler, Martha Gardner and Katie Nelms.

Dismissals: Richard Cannon, C. H. Darling, Homer Jones, Mrs. J. L. Williams and Mrs. Guy Mills.

Mrs. Nina Dale left Wednesday night for New Orleans, La., where she will visit her daughter and family, Mr. and Mrs. Dean Bier and girls. Mr. Bier is with the Food and Drug Administration, Chemical Dept., U.S. Government.

Visitors in the home of Mrs. F. E. Caraway Sunday were Mr. and Mrs. Sam Jones; Mr. and Mrs. C. E. Stillwell of Memphis, Mr. and Mrs. D. S. Smith and Claude Lindsey. Mrs. Ermine Blair was an evening visitor.

Bronchos Travel To Canadian For Game Friday Night At 7:30

The Clarendon High School Bronchos, after enjoying an open date last week, will travel to Canadian Friday night for an important District 2-A football game with the big Canadian Wildcats. The Wildcat have one of the largest teams in the area this year with a line that averages 192 pounds per man while the Bronchos are perhaps the lightest team in the Panhandle with a starting team average of 146 pounds per man.

This will be one of the most important games of the year and will be the feature Class A game in this part of the country. The Bronchos are currently tied with White Deer for second place in the conference standings with three wins and one defeat each while the McLean Tigers are on top with four wins and no defeats. If the Bronchos could get by Canadian they could then throw the district in a three-way tie by beating McLean. That is, of course, if McLean beats Lefors this week and White Deer wins their remaining two games. In that event, a coin toss would decide the district representative in the state play-offs. However, if Canadian beats the Bronchos and McLean beats Lefors, then McLean would represent the district regardless of the outcome of the McLean-Clarendon game. The conference for the championship, the team rule is that when two teams tie that beat the team will advance, and McLean holds the all-important victory over White Deer.

FARM NEWS

from the County ASC Committee

1960 Upland Cotton Quota And Acreage Allotment Proclaimed
 Secretary of Agriculture Ezra Taft Benson, October 14, proclaimed a national marketing quota of 13,133,000 bales and a national acreage allotment of 16 million acres for 1960 upland cotton. DECEMBER 15 was set as the date for the referendum on 1960 upland cotton marketing quotas, which must be approved by two-thirds of the upland cotton farmers voting if the quotas are to be effective.

The Secretary also announced his determination that alternate Choice (B) farm allotments for the 1960 crop of upland cotton will be 40 percent larger than the Choice (A) allotments for the same farms.

If Marketing Quotas are approved for 1960, in the December 15 referendum, price support will be available to Choice (A) growers at 75 percent of parity. Price support to Choice (B) growers will be 15 percent less than under Choice (A).

Individual farm allotments under both Choice (A) and Choice (B) will be made available to producers prior to the referendum.

INDOOR 'COPTER—This helicopter flight simulator is being used by the Army-Navy Instrumentation Program's project human engineers to evaluate new controls and instruments before installation in research helicopters. Capable of reproducing all motions, sounds and vibration of most helicopters under laboratory controlled conditions, engineers monitor tests from control panel at left while the pilot "flies blind" in enclosed cockpit at upper right. Moving platform was designed by Franklin Institute of Philadelphia. Bell Helicopter of Forth Worth, Tex., designed and built the generator, cockpit and controls.

Mr. and Mrs. Roy Roberson and Mrs. W. A. Jackson had dinner Monday with Mrs. V. Littlefield.

Grass Roots Opinion

Carlsbad, N.M., Current-Argus: "A North Carolina editor says about the only difference between an ordinary bum and one of those so-called beatniks is that the ordinary bum is either ashamed of his status or is indifferent. The beatnik, on the other hand, is proud of his low spot on the totem pole of human society."

Army Mobil Exhibit To Be Here Nov. 8-9

Grass Roots Opinion

Anaheim, Cal., Bulletin: "The Federal gasoline tax has gone up another cent from three to four cents per gallon in order to keep the Federal highway program going. But the increase is only for a 22-month period. After that the tax will drop back again to three cents. However, the odds are 10 to 1 that 22 months from now, motorists will still be paying that additional one cent tax. If you have any doubt about it just consider the fact that the Federal gas tax was first imposed during World War II strictly as a temporary war measure. But was it dropped after the conflict? No, indeed. Instead it was increased and now is being increased again. It all adds up to the fact that there is no such thing as a temporary tax — at least, not as far as Uncle Sam is concerned."

Army Mobil Exhibit To Be Here Nov. 8-9

The Fourth United States Army mobile exhibit currently touring the five-state Army area will be on display at the south end of Main Street here on the 8th and 9th of Nov. SFC "Bob" Wilcox, Army Recruiting Sgt. announced today.

Features include three-dimensional displays in addition to photo murals and show case exhibits. Arrangements are housed in a red, white and blue air-conditioned bus.

Static displays and operating models depict specialized technical and combat activities of the United States Army. Various sections are devoted to Army career fields for both enlisted and officer training.

Pictures of religious and recreational Army activities are also on exhibition.

Area residents are invited and encouraged to visit the exhibit which was constructed by Headquarters, Fourth U.S. Army Recruiting District, Fort Saco Houston, Texas.

There is no charge for admission and there will be informational brochures available to interested persons.

GRASS ROOTS OPINION

Tempe, Arizona, Daily News: "Today's most discussed problem is Inflation. All kinds of answers are uncovered, but what interests most of us is how it affects us personally. This Question-and-Answer gimmick supplies the answer."

"QUESTION: If a man with a family of four earned \$57 a week 20 years ago, how much would he have to get today to have the same buying power?"

"ANSWER: \$135 a week... \$62 for inflation and \$15.40 more in taxes."

H. R. King returned Saturday from a visit with his son and family of Canyon.

Fact and Opinion
According to Nation's Business, the older worker could be one of the most valuable assets in the competitive business world of the 60s. It cites a government survey showing that some 45 per cent of manufacturing workers over 40 produce more per manhour than the younger men. The older worker also has some special attributes—experience, greater dependability, mature appreciation of job responsibility.

About the only thing on TV nowadays, that hasn't been played before, is a football game. And a good many of them are replays.

Hanson-Andrews Vows Exchanged

In a double-ring ceremony Baptist Church in Odessa, Texas, read recently at the Trinity Mary Ann Hanson, daughter of Mr. and Mrs. Jimmie M. Alee of the Hudgins community, became the bride of Royce Velton Andrews, son of Mr. and Mrs. George T. Andrews of Odessa. The Rev. Paul Miller, minister, officiated.

Traditional wedding music was played by Mrs. Lurline Pearson, pianist, who also accompanied Mr. Paul Collum who sang "Because" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a waltz length dress of beige brocade taffeta, princess design with a sweetheart neckline and short sleeves, and a small hat of beige sequins and pearls. She carried a cascade bouquet of pink carnations on a white Bible. She also wore a cameo pin which was over 35 years old belonging to her mother and cultured pearl necklace and earrings.

Miss Val Krewowicz, Hedley, Texas, and bride-elect of Mrs. Andrew's brother, served as bridesmaid. She was attired in a dress of ice-blue taffeta with a net overskirt styled with a fitted bodice and full skirt complemented by a white feather hat and white shoes. She wore a corsage of blue carnations.

Joe Weldon of Midland served as best man.

The bride is employed by Lion Oil Company in Midland. She is a member of the Desk & Derrick Club of Midland and attended schools in Pampa and Garden City, Texas. The groom is employed by McClatchey Brothers Trucking Company of Midland. He attended Odessa schools. The couple is at home in Midland, Texas.

Bray-Lockhart Nuptial Vows Exchanged

In a double-ring ceremony in the First Methodist Church, Clarendon, Texas, Saturday evening, October 31, Miss Miranda Bray of Fort Madison, Iowa, exchanged nuptial vows with Mr. Dale Lockhart of Wellington, Texas. Minister Clifford R. Beard officiated.

Mrs. Dee Williams, organist, played a nuptial prelude including "Traumerei" and "Romance" by Schuman and as a background for the ceremony "Oh Perfect Love" by Barnby. She also accompanied Miss Connie Williams who sang "O Promise Me" by DeKoven.

Miss Carolyn Lockhart, sister of the groom, attended the bride as maid of honor. Don Lockhart was his brothers best man.

For her wedding, the bride chose a white taffeta dress with matching hat. She carried a bouquet of roses topped with a white Bible. All of the traditions of something old, new, borrowed, and blue were observed.

The groom is a sophomore in Clarendon Junior College. The couple will make their home in Wellington until he finishes his school work here. — Rep.

LELIA LAKE MYF REPORT

Meeting was held Nov. 1, 1959. There were nine present. Jerry Don White opened the meeting with prayer.

Oct. 28 Hedley MYF had Lelia Lake MYF as guests and gave a Halloween party. We really had a lot of fun.

Friday night we had trick and treat for Unicef and we want to thank everyone for their donations. — Rep.

P. D. Dever of Plainview and Mrs. U. T. Dever were dinner guests Sunday in the Alva Dever home here.

1926 BOOK CLUB HOLDS MEETING

Mesdames J. R. Brandon and Homer Bones were hostesses to the Book Club, Tuesday afternoon in the Patching Club House. Beautiful arrangements of white, yellow and bronze mums were used in room decorations.

The meeting was opened with a prayer by Mrs. W. M. Crain.

During the business session conducted by the president, Miss Inez Blankenship, Mrs. Bill Thornberry reported that she had sent a card to Mrs. Wilson thanking her for the many lovely gifts she gave the club house, and that she had Mrs. Wilson's address should anyone else want to send a "Thank you" message. She suggested that the president appoint a Book Club member to meet with the Club Board. This appointment will be made later.

Mrs. J. R. Gillham, chairman of the nominating committee presented the following slate of officers to be voted on for the ensuing year: Mrs. J. R. Brandon, president, Mrs. Nelson Seago, vice-president, Mrs. W. M. Crain, recording secretary, Mrs. Homer Bones, Treasurer, Mrs. Frank White, corresponding secretary, Mrs. C. B. Morris, parliamentary, Mrs. C. E. Bairfield, federation counselor. These officers were elected by acclamation.

Mrs. Loyd Johnson, as membership chairman, presented the names of Mrs. Fred Chamberlain, Jr., and Mrs. C. R. Brown for membership in the club. They were unanimously elected.

Mrs. J. R. Gillham gave a resume of an article from Federation News on the importance of any club being a member of the Federation as it is one of the largest clubs in the world and is both national and international in scope and that its strength, power and influence are unlimited.

The closing number of the afternoon's program was a short story by Mrs. A. J. Garland entitled "The Duchess of Kingdom Creek" by Alice Lent Covert, a love story as told by a doctor of a valley, a man and a girl. Mrs. Garland proved herself to be a delightful story teller who could command the full attention of her audience to the very end of the story.

Delicious prune cake, topped with whipped cream, coffee and tea were served by the hostesses to Mesdames E. S. Ballew, L. N. Cox, W. M. Crain, A. J. Garland, Loyd Johnson, Otis Naylor, Nelson Seago, W. C. Thornberry, Frank White, Jr., W. E. Ray, J. R. Gillham, and Miss Inez Blankenship. — Rep.

Participating in the program were Mrs. Thad Rodgers who spoke on "Rural Life Yesterday - Rural Life Today" and Mrs. Byrd Adkins who gave the Bible lesson, "Bound in the Spirit." A round table discussion followed.

Get well cards were signed and sent to our shut-ins. Mrs. Dick Cooke and Mrs. Melvin Cook.

Meeting was closed with the Mizpah benediction. Refreshments of fruits, donuts and coffee were served by the hostess.

The next meeting will be Wednesday, November 18, in the home of Mrs. John Knorpp. Mrs. J. H. Howze and Miss Mable Mongole will be in charge of the program. — Rep.

Members of the Future Homemakers and the Future Farmers enjoyed a Halloween Masquerade party Friday evening, October 30, in the Vocational Agriculture building. The building was decorated to carry out the Halloween theme.

David Hudgins and Connie Williams were judged the best dressed couple. Sandra Pinkerton was voted the most suitable dressed girl and Rocky Carter the most suitable dressed for the Halloween occasion. Jerry Shields and Dorenda Garmon were voted the most unusual costumes.

Approximately 100 attended the party. — Rep.

The last meeting of the Chamberlain Club was with Mrs. Velma Heathington. A pleasant afternoon was spent quilting and visiting. Two quilts were finished.

The next meeting will be November 12 with Willie Hott as hostess. At this meeting plans will be made for the annual Thanksgiving supper. All members please be present. — Rep.

Mike Lopez Circle met October 28 in the home of Beverly Boone. A business session was conducted by Chairman Pat Day. A new member, Betty Baker, was welcomed. Pauline Heath reviewed the book "This Gold Is Mine."

Refreshments were served to eleven members from a gaily decorated table. Everyone was reminded and invited to attend the mission study at the church on Nov. 11.

MARY MARTHA CLASS

The Mary Martha Sunday School class of the First Baptist Church met Thursday, October 29, for a luncheon. Bro. W. R. Lawrence offered thanks for the meal after which Mrs. D. E. Leathers, president, presided over a short business session.

Meeting was opened with prayer by Mrs. G. C. Heath. Minutes were read by the secretary, Mrs. Clint Brewer. Miss Mona Churchman, treasurer, gave a good report for the past two months. Mrs. W. C. Ragan was elected vice-president. Group leaders elected were Mrs. J. D. Wood, Mrs. H. E. Parker and Mrs. Doss Palmer. Meeting was closed with prayer by the teacher, Mrs. D. M. Cook.

Members present were Mesdames D. E. Leathers, W. C. Ragan, J. B. Smith, C. N. Brewer, G. C. Heath, D. M. Cook, H. E. Parker, Doss Palmer, and Miss Mona Churchman. Visitors and associate members present were Bro. and Mrs. W. R. Lawrence, Evangelist Dr. W. E. Thorn, Singer Denny Boyd, James Smith, Mesdames A. H. Moore, Nolie Simmons, W. E. Clifford, and Cordia Thompson. — Rep.

LUNCHEON HONORS BRIDE-ELECT

Miss Joan Hermesmeier, bride-elect of Joseph F. Gulde of Amarillo, was entertained with a luncheon Saturday, October 17, at the Amarillo Country Club. Hostess for the occasion was Mrs. John Gulde of Amarillo.

The bride-elect's chosen colors were carried out in an arrangement of bronze and gold chrysanthemums centering the luncheon table.

Attending were Miss Joan Hermesmeier, Mrs. Frank Hermesmeier, Mrs. R. J. Britten, Miss Stella Ruyle, Mrs. Bud Hermesmeier, Mrs. Eunice Lutz, Mrs. Almeida Herrman, Mrs. Loretta Edwards, Mrs. Rita Freeman, Mrs. Eva Vincent, Mrs. Mary Frances Saunders, Mrs. Betty Herrman, Mrs. Carolyn Lyons, Mrs. C. T. Crowe, Mrs. Stanley Crowe, Mrs. Elizabeth Nausbaum, Mrs. Margaret Mary Rettenmaier, and the hostess, Mrs. John Gulde. — Rep.

PRESBYTERIAN WOMEN CIRCLE I

Presbyterian Women, Circle I, met Wednesday morning, October 28, in the home of Mrs. J. H. Howze. Ten members answered roll call.

Participating in the program were Mrs. Thad Rodgers who spoke on "Rural Life Yesterday - Rural Life Today" and Mrs. Byrd Adkins who gave the Bible lesson, "Bound in the Spirit." A round table discussion followed.

Get well cards were signed and sent to our shut-ins. Mrs. Dick Cooke and Mrs. Melvin Cook.

Meeting was closed with the Mizpah benediction. Refreshments of fruits, donuts and coffee were served by the hostess.

The next meeting will be Wednesday, November 18, in the home of Mrs. John Knorpp. Mrs. J. H. Howze and Miss Mable Mongole will be in charge of the program. — Rep.

FHA-FFA HALLOWEEN PARTY OCTOBER 30th

Members of the Future Homemakers and the Future Farmers enjoyed a Halloween Masquerade party Friday evening, October 30, in the Vocational Agriculture building. The building was decorated to carry out the Halloween theme.

David Hudgins and Connie Williams were judged the best dressed couple. Sandra Pinkerton was voted the most suitable dressed girl and Rocky Carter the most suitable dressed for the Halloween occasion. Jerry Shields and Dorenda Garmon were voted the most unusual costumes.

Approximately 100 attended the party. — Rep.

CHAMBERLAIN CLUB

The last meeting of the Chamberlain Club was with Mrs. Velma Heathington. A pleasant afternoon was spent quilting and visiting. Two quilts were finished.

The next meeting will be November 12 with Willie Hott as hostess. At this meeting plans will be made for the annual Thanksgiving supper. All members please be present. — Rep.

PRESBYTERIAN WOMEN CIRCLE II

Circle II, United Presbyterian Women met Wednesday, October 28, in the home of Mrs. Fred Chamberlain, Jr. Mrs. Chamberlain, Circle Chairman, opened the meeting with a scripture reading.

"Today's Problems of Town and Country" was presented by Mrs. Berkeley SoRelle. Mrs. D. E. Stevenson gave the Bible study, "Bound in the Spirit." Purpose: To see in the life of Paul what it means to be completely under the control of the Holy Spirit. Meeting closed with the Mizpah benediction. Ten members were present. — Rep.

Mr. and Mrs. Sam Jones of Ft. Worth visited over the week end with Mrs. F. E. Caraway. Mr. Jones is a nephew of Mrs. Caraway and Mrs. D. S. Smith.

GRASS ROOTS OPINION
Chewelah, Wn., Independent:
"Unless there is an economic need for continuing highway work on an accelerated basis from the standpoint of making employment, then we should build with present revenues. If the gas tax gets much higher, there will be an increasing trend to small cars to save gas—comparable to European situation, which would just about defeat the purpose of a greater tax on gasoline."

Mr. and Mrs. Carl Barker visited Mr. and Mrs. Ira Self Monday night.

YOU'RE WORKING FOR THE GOVERNMENT
If you ever wonder why taxes and government debt are at outer-space levels, some facts issued by a New York bank may help to clarify matters.

One out of every six employed Americans is now on a government payroll. Since 1900 private employment has increased 100

per cent — and government employment 650 per cent.

The Federal government runs about 20,000 commercial-industrial enterprises, with capital assets of some \$12 billion, in direct competition with private business.

Federal aid to states, local communities and individuals totals about \$7.2 billion a year. By way of comparison, the figure was \$147 million in 1930.

We have swollen government, socialistic government, and pa-

ternal government. It devours taxes, even as it discourages and sometimes destroys taxpaying private enterprise. That's one of the big reasons why taxes, direct and indirect, take about 30 per cent of our income.

Motorists are getting so concerned over the number of miles they can get per tank of gas that the auto manufacturers are going to be forced to enlarge the size of the tanks.

Introducing America's Lowest Priced Top Quality Office Typewriter!

Amazing New 1959 Smith-Corona PACEMAKER

FIRST TIME OFFERED! SEE IT! TRY IT!

★ UNSURPASSED FOR EXPERT TOUCH and ACTION AT ANY PRICE!

★ UNSURPASSED FOR ECONOMY! COSTS MANY DOLLARS LESS THAN OTHER DELUXE MODELS!

The all-new 1959 PACEMAKER gives you the same typing action as the finest office typewriters ever built. It is made to the highest standards of traditional Smith-Corona quality. It is packed with expensive features yet priced at big savings. You must see it and try it to fully appreciate it.

MEDICAL PROGRESS
During no decade in medical history has there been such progress in treating disease as in the past 10 years. Ninety percent of the prescriptions doctors write today call for medicine that didn't exist 10 years ago. Today's medicine reduces the cost of illness in many ways. They cut down costly medical and hospital bills because they bring about cures more quickly, reducing time lost from unemployment, increasing life span, and giving you better health. When you need medicine bring us your doctor's prescriptions. They'll be accurately filled and the price will be right. Double Gunn Bros. Stamps on Prescriptions. Registered Pharmacist On Duty From 8 a.m. to 6 p.m.

Fact and Opinion

Robert G. Dunlop, president of Sun Oil, speaks of the growing notion among Americans that "they can just vote themselves large shares of the good life." Efforts to do so, he goes on, have

already resulted in a "vast federal bureaucracy, a swollen national debt, and a cancerous inflation that has distorted values, penalized the prudent, rewarded the improvident and undermined morality."

Graham. Mike Graham has a case of chicken pox that he would like to get rid of.

WAS LENIN RIGHT?

Reports from Washington have lately given the country an indication of how seriously the Administration views the fiscal problem. That problem, it is clear, is second in the President's mind only to the problem of avoiding a third world war.

He who does while he drives will rest in pieces forever.

Recent studies in Central Texas show that when a farmer does not have to make a considerable investment in feeding facilities (water system, pens, etc.) a \$30 per head profit might be expected when yearling steers are fed 120 to 130 days.

PLOWIN' Out the CORNERS
by Uncle Zeb

Left-overs from a used up and ready to throw away notebook. The following was told to me for the truth; "A certain ambulance owner and his colored driver were taking a proper customer to his final resting place in a nearby town. While the driver was in a road-side cafe for a cup of coffee a hitch-hiker asked for a ride.

"The owner explained that it was against the rules for three to ride in the front seat, but that he could ride in the back with the regular passenger. To this the hitch-hiker reluctantly agreed.

The driver returned and started down the road without noticing the additional passenger. A short ways down the road the

extra passenger asked; "Will it be alright if I smoke." "The driver ditched the ambulance." Needless to say we blame him not.

—o—

A prize cartoon in our books showed a rancher looking after a cattle truck which had just loaded up his cattle. He said; "There goes the 32 ct. calves I was holding for 36 and had to sell for 28."

—o—

Another rancher had his land punched full of producing oil wells. He summed it up this way; "They are pretty handy for a cattle shade. Too, they seem to help keep away the flies, and then they are awfully good to keep mortgages from setting in."

—o—

Friends are something about which we can never say enough, nor can we ever have too many of the real tried and true folks who will stand by us in the face of any odds.

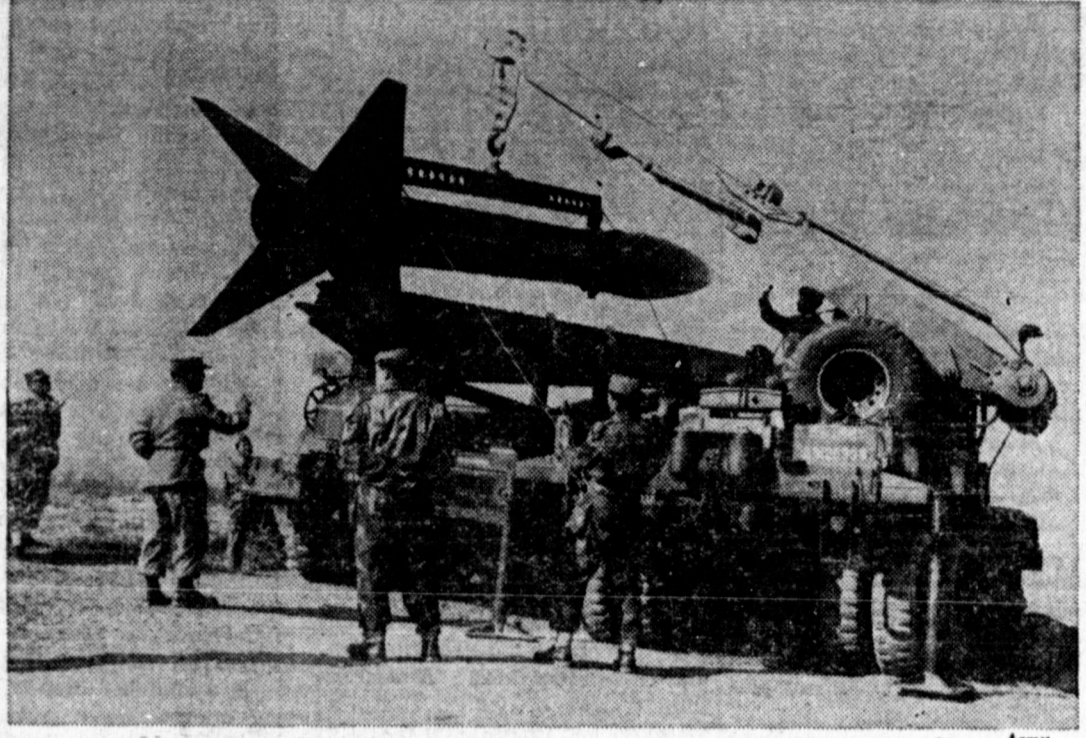

Among the cards expressing friendship which we have kept as expressing noble and beautiful thoughts we find the following;

Some folks pass like ships And leave no ripples on life's stream. They go and we forget them Like shadows in a dream. But some are so wonderful, And fine and dear and true.

They live forever in our hearts; Dear loving friends like you. Adding a new friend; If I were a rich man with wealth untold; With houses and land, silver and gold—

I would be exceedingly glad, if I to these riches some wealth might add. Although I am poor in treasures of earth, Own no property of unspeakable worth—

Yet often times my joy knows no end, when like today I add a new friend. Friends are not only mighty precious in times of need but are also a good picture of what we really are down on the in-

ITALIANS GET HONEST JOHN—Under supervision of U.S. Army instructors, Italian military personnel learn to operate an Honest John artillery rocket at a training area near Vicenza, Italy. The highly-mobile rocket, capable of delivering on target the demolition effect of hundreds of conventional artillery shells, is one of our modern Army weapons being turned over to the North Atlantic Treaty Organization allies under the Military Assistance Program.

side. We have heard that "Birds of a feather, flock together" and this is so true. Sometimes folks even move in order to get away from bad influence of friends. This might help but mostly they will make the same type friends again. Our friends make a good mirror in which we can see a reflection of our own life.

—o—

The Anti-Litter campaign along our streets and highways is paying off already, and we haven't as yet heard anyone being assessed a fine. It seems that just the talk and publicity has made most everyone a bit more cautious about throwing out their litter. Anyhow, we have the word of at least one employee of the highway department who thinks the trash to be picked up is much less than say a couple of years back. This is a bouquet to the public.

We never pass one of these wonderful picnic places along the highway but that we want to compliment our highway department for these wonderful shady cool places to stop for a lunch or maybe even to look at the scenery. This rates a good sized bouquet to the planners and workers connected with our own State Highway Department. Something we have been wondering about. The other day we were passed by an automobile with a New Hampshire license plate. It read Scenic New Hamp-

shire at top and bottom respectively and in big bold letters right in the middle of the plate was the letters SALLY. Is it possible that they use only letters? And if so, reckon how much pull one would have to have to get a plate with your Sally's name on it. Folks like us with no worries would have to think up something like this to wonder about.

—o—

Tomie Potts of Memphis says that; "We should never miss an opportunity to make others happy, even if we have to leave them alone to do it." . . . Never thought of it like that.

—o—

Fallon, Nev., Eagle-Standard: "Although jokes are being poked at it, it appears that the custom of the American coffee break has become a time-honored habit as much a part of modern fringe benefits as hospitalization and vacation."

Donley County Soil Conservation District News

W. P. Doherty
T. C. D'Spain
C. B. Morris
Roy Jewell
Frank Hommel

Thomas D'Spain is constructing two more ponds on his place south of Alanreed. His ranch is a showplace of soil and water conservation work. D'Spain believes in holding all the water where it falls, if possible. He does this by carrying on a program of range improvement. He says that by leaving a large part of the grass on the land each year, the stand of grass plants is improved, and the soil stays

open so that it can take water. Of course, he realizes that all the water that falls can't soak into the ground, so he builds dams to impound the run-off water. These dams are built in locations that will help him get more uniform grazing by having water distributed uniformly. The water that runs off the range-land and is impounded is clear and clean.

D'Spain says a side benefit of these ponds is fish. The U.S. Fish and Wildlife Service furnishes fish for stocking free of charge. Within two years after stocking, a pond can be paying its way by furnishing food for the table. Those channel cat and bass are mighty good eating.

D'Spain is a supervisor of the Donley County Soil Conservation District.

W. H. Cooke, III, and T. L. Roach and Son have recently

completed ponds.

Ponds have been staked by SCS technicians and are ready for construction on Robert Partain, John Kalke, Billy Jones, Lloyd Shelton, and Herlie Moreman.

W. J. Lewis and J. J. Helm have ponds presently under construction.

Jim H. Vallance is building a terrace system on his farm.

GEORGE'S WIFE

By "Sarah"

Dorothy Thompson's article in Sept. Ladies' Home Journal "The Remarkable Inefficiency of Efficiency" scratched an itchy spot never before reached so satisfactorily. She says inefficiency results whenever individual human enterprise and responsibility are organized out of an institution, which almost always happens when an enterprise passes a certain size.

We wonder if our government so centralized has not about passed that certain size.

However our new streamlined tax forms will be filling our mail boxes between Christmas and New Years. The new forms 1040W will have only two pages to the old forms 1040 which have 4, and only eight pages of instructions where the old had sixteen.

Some more paper weight came recently, our cotton marketing cards, not just one, but two and if you trim around the instructions real close you can get them billfold size.

George says I'll keep up with these cards if you will do the out-go tax report. We think we've been took . . . only time will tell.

If Mr. K. had been around to hear George mubling about

these two incidence sounding like this . . . "eight pages smarter, still carry cards for every thing but breathing." He'd have laughed up his big fat sleeves.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

Ask the average man in the street today questions relating to the history and the current status of the American Indian and the chances are his answer will be the result of knowledge gained from either the television or motion picture screen. This method, though often a pleasant pastime, does not often produce a broad understanding of the American Indian, his problems, his advances, his contribution to our present day society, nor the present relations of the Federal Government to the American Indian.

The House Committee on Interior and Insular Affairs, which has legislative jurisdiction in matters concerning American Indians and of which I am a Member, has undertaken a study recently to determine information not currently tabulated and which is necessary to legislate intelligently and with understanding. The completed study is much too lengthy to cover in this news letter, but some facts were brought out which are most interesting. They were assembled from many sources including all the Federal Government Agencies having any jurisdiction in Indian affairs, State and Local Governments and from private organizations devoted to Indian welfare.

The Indian population in the U.S., though comprising only a fraction of the population total, is so widely scattered through the states that it may be truly considered nation-wide in its

distribution. That the Indians cannot be treated as a single group is brought out by the following:

Indian reservations range in area from approximately 1-2 acre to over 15,000,000 acres. Per capita assets vary from \$19.12 to \$339,577, while per family assets range from \$59.59 to \$764,049. Population on the reservations ranges from 1 to over 80,000. Education achievement levels vary from those unable to speak English to Indians with P.H.D. degrees.

One of the most perplexing problems encountered in the study proved to be one of definition — Who is an Indian? As most of us know, the term originated with the landing of Columbus when he mistakenly assumed he had arrived at the East Indies or India itself. Webster has another definition. The Code of Federal Regulations defines an Indian basically as one who has at least 1-4 degree of Indian blood. The Court of Indian Offenses holds that "An Indian shall be deemed to be any person of Indian descent who is a member of any recognized Indian tribe now under Federal jurisdiction." Various states employ different definitions.

Annual direct expenditures by the Federal Government for Indian affairs from 1789 through 1958 have varied from \$31 in 1800 to \$135,173,235 in 1958. The Federal Agency having the greatest jurisdiction in the administration of Indian matters is the Bureau of Indian Affairs, which is a function of the Department of the Interior. Many other Federal Agencies have functions relating to the American Indian. These include the Division of Indian Health of the Public Health Service; the Indian Claims Commission; the Lands Division of the Department of Justice; the Indian Claims

Section of the General Accounting Office; the Department of the Treasury which handles Indian tribal funds as well as many others contributing either directly or indirectly.

It was found that 312,390 Indians were living on reservations as of October 1956, and of this number 143,078 were over 21 years of age. In studying the Indian tribal elections, the Committee discovered 122 tribes employ the secret ballot in election and 39 tribes do not. Tribal councils reportedly use the secret ballot on 91 reservations and do not use the same on 46 reservations.

THE STATE OF TEXAS

To Any Sheriff or Any Constable Within the State of Texas — Greeting:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper printed in Donley County, Texas, the accompanying citation of which the herein below following is a true copy.

Citation By Publication
The State of Texas

To: JAMES D. MOODY, Defendant, Greeting:

You are Hereby Commanded to appear before the Honorable District Court, 100th Judicial District of Donley County at the Courthouse thereof, in Clarendon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 23rd day of November, A.D. 1959, to Plaintiff's Petition filed in said court, on the 14th day of September, 1959, in this cause, numbered 2993, on the docket of said court and styled Sara Lee McNally Moody, Plaintiff, vs. James D. Moody, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff is suing for divorce from the said Defendant on the grounds that the Defendant was guilty of excesses, cruel treatment and outrages toward the

Plaintiff, and was ill treatment of such a nature as to render their further living together as husband and wife insupportable, and in addition thereto the Plaintiff is asking for the restoration of her prior name to Sara Lee McNally.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The Officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Clerk of the District Court of Donley County, Texas.

Issued and given under my hand and seal of said court at Clarendon, Texas, this 10th day of October, A.D. 1959.

[s] P. C. Messer
Clerk of the District Court of Donley County, Texas

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world. We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver.

Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

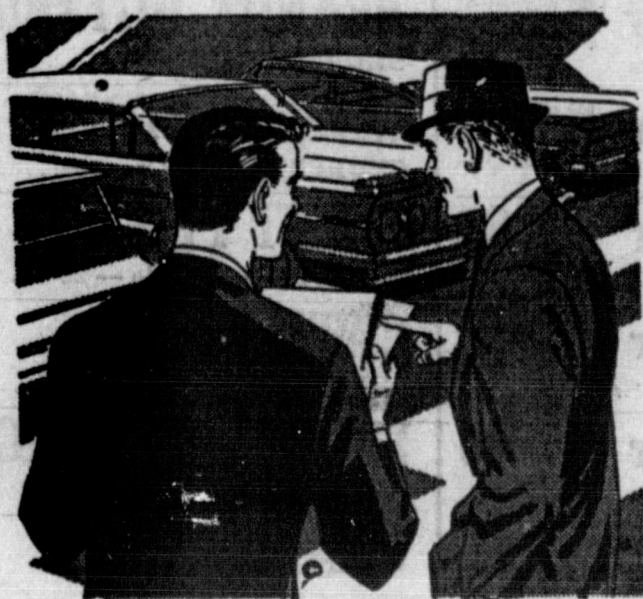

A Special Message from Chevrolet and Your Local Authorized Chevrolet Dealer

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
 TEXAS PRESS ASSOCIATION

AUSTIN — It is more than a year until the day when the next President of the United States will be elected, but in Texas, the race is on.

From now until Nov. 8, 1960, may well be a year of the most feverish political activity the

state ever has known.

House Speaker Sam Rayburn fired the starting gun by calling for an all-out campaign to win the Democratic presidential nomination for U.S. Sen. Lyndon Johnson. Rayburn called for Johnson-for-President organiza-

tions in every county in Texas.

A campaign kick-off by the man who has often been called "Mr. Democrat" gave enormous impetus to the activities of Johnson supporters. Pro-Johnson clubs, rallies and editorials blossomed over the state. Gov. Price Daniel and the state executive committee had previously pledged support.

Speaker Rayburn's sponsorship also makes exceedingly difficult the position of Texas' liberal wing Democrats who have been cool toward the senator since the convention hassles of 1956.

In 1952, Rayburn championed the liberals in their battle against a conservative party leadership working for Eisenhower. But the same group, now the Democrats of Texas Club members, will have to fly in the face of their old friend, Rayburn, if they decide on open opposition to Senator Johnson this year.

Some DOTers have pledged Johnson support. But Mrs. R. D. Randolph, leader, refused to commit herself on grounds the senator has not declared himself a candidate.

Candidate or not, Senator Johnson is whizzing around Texas as for personal appearances, scheduled at the rate of more than one a day in the months ahead.

FAREWELL TO BENCH — Judge John E. Hickman has announced he will retire in 1960 from his post as chief justice of the State Supreme Court.

Judge Hickman, who became a commissioner on the high court in 1935, has served there longer than any other man in Texas history.

Noting that he is 76, the judge said he felt the time had come "to surrender the duties and responsibilities of my office to someone younger."

Two other Supreme Court justices, Joe Greenhill and Clyde E. Smith, will be up for re-election next year.

COMMITTEES FORMING — In a surge of appointive activity, Speaker Waggoner Carr named House members to serve on three of the study groups authorized for between-sessions ac-

tivity.

Named to the Legislative Council, a permanent organization usually assigned a lengthy list of studies, are Reps. W. T. Oliver of Port Neches, Eligio de la Garza of Mission, H. L. Strickland of San Antonio, R. H. Cory of Victoria, R. A. Bartram of New Braunfels, Tony Koriath of Sherman, Tommy Shannon of Fort Worth, Will Ehrle of Childress, W. W. Glass of Jacksonville and Richard C. Slack of Pecos.

House members on the Texas Commission on State and Local Tax Policy will be Reps. Frates Seeligson of San Antonio, V. L. Ramsey of Beckville and J. Gordon Bristow of Big Spring.

This group will further the study of the state's fiscal structure begun in 1957-58 by the State Tax Study Commission. Specifically, the new group will consider such problems as whether the property tax should be abandoned or overhauled.

To the Texas Coordinated Commission for State Health and Welfare Services, Carr named Reps. W. N. Woolsey of Corpus Christi, W. E. Shaw of Forney and Max C. Smith of San Marcos.

Three senators, three private citizens and seven agency heads also are to serve on this panel to study and recommend improvements in health and welfare programs.

ADOPTION STYMIED — Texas Supreme Court ruled in favor of a woman who signed papers to allow her child to be adopted, the changed her mind and sought to re-claim the baby.

Though the court specified it was ruling only on the case at hand, some felt the decision might set precedent for future cases in this emotion-packed area of the law.

In the case at hand, the mother, unwed at the time of the

child's birth, wanted to keep the baby. After a doctor and welfare officials talked to her, she changed her mind and signed a waiver.

A juvenile judge declared the child "dependent and neglected" and sent him to another county for adoption. Within a few weeks, however, the mother married the child's father and filed suit for the child.

High court opinion was that the lower court erred in declaring the child "dependent and neglected."

BUS KEEPS PEFAMIT — In another case the Supreme Court ruled the Railroad Commission could grant a bus line a permit to use a certain route even though the road was not finished.

Southwestern Greyhound Lines received a permit to use Highway 73 between Port Arthur and Houston before that road was complete. Sabine-Neches Trailways sued to have the certificate canceled.

Court held the Railroad Commission was required only to "know in a general way" about the traffic potentials of a route.

GAS TAX CHALLENGED — First of what will probably be many suits attacking the constitutionality of the new severance beneficiary tax on natural gas has been filed in an Austin district court.

Pipeline companies promised to fight the tax in court when it was passed by the Legislature this year.

A tax of 1.5 per cent of the value of the gas is levied on the purchaser, such as a pipeline that contracts to buy it from the producer.

A similar sort of law, the gas gathering tax passed in 1951, was knocked down by the courts.

Governor Daniel worked persistently for the new gas tax, an issue that helped keep lawmakers at loggerheads for months. He promised to help fight the suits. "Long line gas companies fought hard against accepting any of the tax load," said the governor. Now, he added, some want to escape "scot free."

GABIE BETTS BURTON
LIBRARY NOTES
 EDITH BARNES

Another memorial gift has been given in memory of Mr. Killough. A bible dictionary has been bought with this fund.

"Cavalcade of Hooves and Horns" by Steve Wilhelm has been given to the library dedicated to the memory of Mr. Lu McClellan. Another fund has been given for him and we have bought much needed books about horses for our teen-age readers with it.

Although "The Lotus Eaters" is Gerald Green's fourth novel you may not know him unless you have read his brilliant "The Last Rngry Man." This one was the Book of the Month Club as well as Reader's Digest Condensed Book Club selection. He also sold the screen rights to Columbia Pictures. The picture making moguls buy the screen rights to most of the really good books even if they never make the picture. "The Lotus Eaters" is the story of a group of people, who are about as different

as can be imagined, and how their lives become entangled. The background is a Florida resort town. A critic has this to say and I quote, "Mr. Green has important things to say about the American scene today, and his story offers him great opportunity for shrewd ironic comment. In the most dramatic fashion he is concerned here with the search for pleasure versus the search for the truth."

If you missed the October 27th issue of "Look" magazine borrow your neighbors as it has some good articles in it. For instance; a story about the Disciples of Christ, the beginning of a series of articles about John Kennedy, who may well be the next democratic nominee for president and the latest news about that wonderful man, Tom Dooley.

A good writer seeks to inform and many of them hope by so doing to reform. If we take the trouble to look we find that many of our present day authors have as their basic theme an evil social condition that is crying to have something done about it.

Get ready for the Freezin' Season!

To get your car ready for winter, Phillips 66 Dealers offer guaranteed anti-freeze service. It works like this:

Tell your Phillips 66 Dealer the degree of protection you want (even down to 50 below) and he'll put in the proper amount of Phillips 66 Anti-Freeze—permanent type. Then if at any time this winter you need more anti-freeze to maintain this level of protection, your Phillips 66 Dealer will add it with no additional charge.

Sounds like a fair proposition, doesn't it? Come to your Phillips 66 Dealer for guaranteed anti-freeze service.

THESE ARE SOME OF THE NUTS, BOLTS AND SCREWS THAT WERE NOT PUT INTO THE BODY AND FRAME OF THE 1960 PLYMOUTH.

They can't loosen and rattle because they're not there. Instead, Chrysler engineers now bring you Dura-Quiet Unibody: a body and frame that's a single unit welded around 5400 times for super strength. You will feel and hear the difference the first mile you drive the Solid Plymouth for 1960.

Expect a pleasant new experience when you first try the '60 Plymouth. What happened to the "car sounds" you used to think were normal? They're gone, in the new Solid Plymouth. They

were built out of it from the start. And they won't appear later to haunt you, because this car is built to stay quiet for a long, long time.

Quiet durability is only one of the advantages of solid Unibody construction. You'll notice unusual new comfort as well, and new handling ease.

We think this is the best built, best performing car in the low-price class. Try it and see what you think.

Built a new solid way to give you solid satisfaction

It's so inexpensive to cook the modern electric way. The average family served by WTU can cook a complete meal the easy, fast electric way for less than three cents (3¢).

If you're like most homemakers, you'll agree to this: seeing your family sit down to a delicious dinner is one of the biggest thrills any woman can have. But—how often can you really enjoy it, when you're tired out, exhausted, after hours of battling with a balky, old-fashioned stove. Well, if that's your situation, get ready for something wonderful to happen—to you! Just start cooking with a modern, automatic electric range. Here's cooking that's faster, easier, cleaner—a range that does the work for you, turns itself on and off so that you don't even have to watch the food cook. You'll find that you'll enjoy dinner, too, along with the rest of the family. This is really living better—and cooking better—electrically. See the new automatic electric ranges on display today at your electric appliance dealer.

The ovens on electric ranges are easy to clean. The walls are easily removed and the porcelain cleans so very, very easily.

QUAIL SEASON BEGINS EARLY IN TWO AREAS

AUSTIN — Quail hunters in Texas will get an early start this year in two areas, according to W. J. Cutbirth, Jr., assistant secretary of the Game and Fish Commission.

The season opens Tuesday, November 3, in Dimmitt and Zavala counties in Southwest Texas, and in ten counties west of the Pecos river. The South Texas area can be hunted from November 3 until January 16, inclusive. In the Trans-Pecos area the dates are from November 3 to December 31 inclusive.

Counties in the Trans-Pecos area are Brewster, Culberson, El Paso, Hudspeth, Jeff Davis, Pecos, Presidio, Terrell, Reeves, and that part of Val Verde county west of the Pecos. The limit is 12 birds daily and 24 in possession in both the above areas.

There will be no change in dates on other Texas counties. However, the bag limit has been changed in the Possum Kingdom and the Panhandle areas to permit the killing of 15 birds per day, with 45 in possession.

The following counties are involved in the increased bag limit:

VETERANS HOSPITAL TO HAVE VISITORS DAY

Panhandle residents will have an opportunity to visit the Veterans Administration Hospital west of Amarillo on Highway 66 on Tuesday, November 10, eve of Veterans' Day.

The hospital, along with 170 others elsewhere in the United States, will hold an open house all day as a part of the celebration of the national holiday. The order to open the hospitals to the public was given by Sumner G. Whittier, Administrator of Veterans' Affairs.

"The Administration believes that veterans, their friends and their families should have an opportunity to see how the Veterans Administration treats the disabled man. They provide far more than just medical treatment," explained Dr. H. T. Ivey, Director of Professional Services.

Guides will be on hand from 1:00 p.m. to 8:00 p.m. to escort visitors through the Amarillo hospital. They will visit the admission office where veterans are examined by physicians to determine their need for hospitalization. They will see how the medical records are started. The tour will also include the new 4-channel radio control room, the Physical Therapy Section, the Patients' and Medical Libraries, the recently installed Rehabilitation Clinic, the Chapel, the visitors' lounge, and the Patients' dining area. Tours will end in the Conference Room where visitors may examine the numerous interesting displays while having refreshments.

"We hope that residents of Amarillo and the rest of the Panhandle will take advantage of this opportunity to visit their Veterans Administration Hospital," said Mr. Charles S. Bushnell, Manager of the hospital.

TEXAS CORNUCOPIA IS BRIMFUL OF PLentiful

College Station — A wide variety of plentiful foods will be available in Texas markets this month, as turkeys, pork and cranberries head the parade, reports the Texas Agricultural Extension Service.

These three items have been selected as foods to feature because available supplies are larger than normal.

Other November plentifuls for Texas are broilers-fryers, lard, apples, potatoes, sweetpotatoes, onions, almonds, filberts, rice, lamb and dried beans.

With such a variety of abundance, all of November should be filled with hearty eating and a thankfulness for the brimful cornucopia provided by America's farmers and food industry.

Other foods also are in good supply — some others may be locally plentiful — but these 14 have been selected for special radio, special displays, prices
