## Bronchos Take 22-0 Win From Cyclones

A fired-up Clarendon Broncho football team tore into the Memphis Cyclones last Friday night and came away with a hard-earned 22 to 0 victory. It was the third win of the season and the second conference victory for the Bronchos and put them in sole possession of first place in the District 2-A standings.

The Bronchos lost little time with the Cyclones as they scored twice in the first quarter and made both conversions for a 16 to 0 first quarter lead. They scored again in the third quarter and then squelched every effort the Cyclones put forth to score to tack up the decisive win.

The Bronchos kicked off to the Cyclones to start the game and then promptly intercepted a Memphis pass to gain possession of the ball. Wayne Mann made the interception on his own 45 yard line and ran the ball down to the Memphis 26. Five plays later the Bronchos had the ball on the Memphis 11 yard line and Mann circled his left end for the score. Jim Robinson ran over the two-point conversion and the Bronchos were ahead, 8 to 0. A few plays later, Mann gathered in a Cyclone punt on his own 30 yard line, and with the aid of some timely blocks, raced 70 yards for the score. This time Dewey Wilson made the conversion and the score stood at 16 to 0.

The Bronchos threatened again in the second quarter but were held on a fourth and two situation on the Memphis eight yard line. The third period opened with Memphis kicking off to the Bronchos. Clarendon took the kick-off and marched for their third score in 16 plays with Wilson make the final yard. This time Neel Carter tried for the conversion but was stopped short. The Bronchos threatened again in the fourth quarter only to have a pass intercepted. They got to the Memphis six yard line.

Over all, the Bronchos probably played their best game of the year. They played a great defensive game and did a good job of stopping the Cyclone's Jerry Burnett. Burnett was easily the Cyclone's outstanding player as he passed, ran and punted the ball in addition to playing a great game on defense.

Dewey Wilson, the Bronchos 138 pound explosive fullback, was probably the outstanding player of the game as he repeatedly tore into the Memphis line for good gains and stuck out like a sore thumb in defense. Mann, Robinson and Carter all played good games for the Bronchos as did Philip Abel, Jerry Gray, Lynn Spier, Dennis Bradshaw, Charles Percival and Leon Gibbs.

The Bronchos received a severe blow on the opening kick-off when center Ronnie Tyra received an injured knee. He will be out of action for the remainder of the season.

Mr. and Mrs. Alvin Landers visited their daughter and family, Mr. and Mrs. Tommy Gattis and children at Muleshoe Sunday. They also visited her father, Mr. Ellis, in Amarillo.

## SCHOOL MENU

## Mrs. Ollie May Services Held Here Friday

Funeral services for Mrs. Ollie May were held here Friday afternoon at the Murphy Memorial Chapel with John L. Davis, minister of the Church of Christ officiating.

Mrs. May, 82, died Thursday in the Cunningham Convalescent Home in Amarillo. She was a resident of Donley County 34 years prior to moving to Amarillo ten years ago. She was a member of the Clarendon Church of Christ.

She is survived by three daughters, Mrs. C. L. Bell of Oklahoma City, Mrs. H. G. Palmer and Mrs. H. E. Edwards, both of Amarillo; a son, Paul of Amarillo; a foster-son, David Peabody of Borgerville; 34 grandchildren and 50 great-grandchildren.

Pallbearers were A. O. Hott, Bill Todd, J. L. Spurgeon, John Heathington, Glenn Churchman and Richard Dingler.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

## COLTS DEFEAT MEMPHIS, 22-0

The spunky Jr. High Colts tasted victory for the first time this season Thursday night in Broncho stadium. The victory-hungry Colts did it in style as they defeated Memphis Jr. High, 22-0.

The Colts took the opening kick and on the running of Ted Graham, Jerry Taylor, Ronnie Longan and Corky Leffew, carried the ball to the Memphis 20 yard line. A fumble stopped the Colt drive and the first quarter saw the teams fighting to a scoreless tie.

The Colts scored once in the second quarter on a 10 yard run by Ted Graham. Graham carried over for the 2 points giving the Colts an 8-0 lead at half-time.

The Colts tacked on the second touchdown in the third quarter on a 20 yard run by Ted Graham. The try for the extra points failed and the third quarter ended with the Colts leading 14-0.

In the fourth quarter Jerry Taylor carried the ball over on a 12 yard run. Corky Leffew took it over for the extra two points to make the score 22-0. Much of the fourth quarter was played by the Colt B team which did not score but played well. The entire squad of 26 boys saw action in the game.

The Colts go to Lefors Thursday, October 15, for a game with the Lefors Jr. High. Game time will be 7 p.m.

They will go to Claude Tuesday night of next week to play their last game of the season. Game time will be 6 p.m.

Funeral services were held Friday afternoon at the First Baptist Church for Doyle Frank Riddle with Rev. W. R. Lawrence and Rev. M. O. Evans officiating.

Mr. Riddle, 24, was found dead early Wednesday morning of last week in his wrecked automobile at the end of a dead-end road in southwest Amarillo. A coroner's verdict of accidental death was returned.

Riddle had been a resident of Clarendon several years prior to moving to Amarillo two years ago.

Survivors include his mother, Mrs. Anna M. Riddle of Amarillo; a sister, Mrs. Billy Ray Young of Belen, N.M.

Burial was in Citizens Cemetery with the Spicer Funeral Home of Memphis in charge of arrangements.

Mr. and Mrs. Ray Pittman of Amarillo visited Sunday with her parents, Mr. and Mrs. Tom Shadle.

## Former County Judge To Repay County \$2,965.27

Former County Judge Jack E. Gray appeared before the Donley County Commissioners Court Monday and paid \$1,060 on the total amount of \$2,965.27 to be repaid to the County as administrative fees collected from the T. L. Griffin Estate and now determined to belong to the County itself, the balance of \$1,905.27 to be repaid to the County on or before January 11, 1960, being the regular January Commissioner's Court day.

This fee was collected during Gray's term of office in January and February 1958. He resigned effective March 1, 1958, and the above amount was ruled to be in excess of the amount he was allowed for Salary and Fee for the short time he served prior to resigning. The maximum salary and fees allowed the County Judge is \$6,750 a year.

This refund will help the county finances as the county is short of money and has been operating out of the road and bridge fund.

## TWO ANNOUNCE FOR COMMISSIONER RACE

Politics in Precinct 1 picked up this week with the announcement of two candidates for the office of Commissioner for the precinct. The candidates are Clarence Reynolds and George Bulman.

Hubert Rhoades, present Commissioner of Precinct 1, has not announced whether he would run for his fourth term or not. He has served two 2-year terms and is now serving on a four year term.

## FARM NEWS

from the County ASC Committee

**Loans and Purchase Agreement**  
We are accepting applications for loan and purchase agreements. If you wish to put your grain sorghum in loan, it will be necessary that you bring a warehouse receipt to this office at the time you make application for loan. The loan for grain sorghum is \$1.48 cwt. less storage charges.

**Reconstitution of Farms**  
If you have bought or sold any farm land during the past year, please notify this office immediately. Necessary changes in farm worksheets should be made before work is begun in establishing 1960 cotton allotments.

**Conservation Reserve**  
Any farmer who has received his 1960 payment rate has until October 16th visit this office and help us work up a Soil Bank Base for the farm, if this is the first time you are participating in the Soil Bank Program, and also to sign an application for contract.

**Farm Storage Facilities**  
Persons interested in building a new farm storage facility might like to know about the farm storage facility loans that are available through this office. Come in if you are interested.

## DON WOOTEN BUYS ADKINS GULF SERVICE

Announcement is being made in this issue of the Leader of the purchase of Byrd Adkins interest in the Adkins Gulf Service by Don Wooten. The station is located next door to Wallace Monument Co. Wooten took over operation of the business this past week end.

Donley County Leader, 33 a year in county.

## Rex Brasher Bird Prints On Exhibit Here Friday

Opening Friday, October 16, under the auspices of Les Beaux Arts Club will be perhaps the most distinguished exhibit in its history. World famous scientist in the work of Rex Brasher who has sketched from life and colored by hand every known bird species of North America.

We feel it is a privilege to have brought some forty or more prints to us here, stated one of the club members. Every Brasher exhibit has not included the larger, framed groups of his birds, but we will show some four or five of these great portraits in this exhibit, she added.

The curator of Congressional Library's Fine Arts division and Rare Books have stated that owning some of this beautiful and authentic worked topped in importance anything they had acquired.

In four years Rex Brasher hand colored 90,000 black and white photoengravings making available 100 sets of "Birds and Trees of North America" to libraries, museums and schools.

The Patching Club House will be open from 2 until 4 for Elizabeth Stevens and Junior High pupils accompanied by teachers. From 4 until 7 for high school, college, the public and invited guests.

## REBEKAH MEXICAN DINNER SET FOR NOV. 7

It was announced this week that the annual Rebekah Mexican dinner would be held Saturday, Nov. 7th, at the I.O.O.F. Hall. Serving time will be from 5 to 9 p.m. Tickets will be \$1 and will go one sale this coming week.

## Bronchos Travel To White Deer For Game Friday Night At 7:30 P. M.

### Last Rites For C. E. "Jack" Killough Held Wednesday

Funeral services for Charles Eugene "Jack" Killough were held Wednesday afternoon at the First Baptist Church with Rev. W. R. Lawrence and Rev. Paul Hancock officiating. Masonic graveside services were held at Citizens Cemetery.

Mr. Killough, 73, died at his home here Monday morning following a lengthy illness.

Mr. Killough came to Clarendon 52 years ago where he helped his father, the late J. C. Killough, and I. W. Carhart establish the Donley County Abstract Co. He remained with the business until his retirement a few years ago. He purchased half interest in the business from the Carhart estate in 1919. He served as County Surveyor here a long number of years and was the last county surveyor here when he resigned from the position in 1936. During the time he was County Surveyor, he surveyed the old Word Ranch and the JA Ranch along with many other large tracts of land.

Prior to moving to Clarendon Mr. Killough played baseball with the Texas League and was a member of the Wichita Falls team at that time. It was while playing baseball that he acquired the nickname "Jack."

Mr. Killough was a member of the Methodist Church and the Masonic Lodge.

He is survived by his wife, Mrs. Ola Killough, one daughter, Mrs. Jane Bownds, one granddaughter, Mrs. Sandra Mooring and one great grandson; also two sisters, Mrs. Lola Oneal and Mrs. Lula Ruddell, both of Ft. Worth.

Pallbearers were Sam Dyer, Joe Ritter, A. J. Garland, C. E. Bairfield, Heckle Stark and Frank White, Jr.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

## Advertising Of Bull Sale Planned

The Rolling Plains Registered Beef breeders publicity committee met the the Lions Hall at Hedley, Texas, on the night of the eighth of October to make plans for the advertising of the coming bull sale to be held at Clarendon on the eighteenth of December.

W. H. Cooke, III, president presided and H. M. Breedlove, secretary, presented the business to be handled. The committee voted to advertise in the Texas Hereford Magazine and the Cattleman and the West Texas Livestock Weekly. The advertising will appear in the November and December issues of the above publications.

There are now fifty-seven bulls entered in the sale. Breeds to be sold will be Herefords, Angus and Galloways. Those present at the meeting were W. H. Cooke, III, John Knorrp, H. A. Green, Fred Watt and H. M. Breedlove.

## Fall Pig Show Here Saturday

The Donley County Fall Pig Show will be held at the County Fair grounds this coming Saturday, October 17th. Judging time will be 10 a.m.

Approximately 50 top show animals are expected to be exhibited by the Clarendon and Hedley F.F.A. members.

Following the show here, F.F.A. members will leave for Dallas where they will compete in the State Fair pig show October 19th through the 24th.

The Clarendon Bronchos, riding the crest of a three game winning streak, will run head-on into the powerful White Deer Bucks at White Deer Friday night at 7:30. Although the Bronchos have been playing good ball all season, they are given little chance of defeating the speedy Bucks. White Deer this week is ranked as the third best Class A team in the state.

The Bronchos, after losing to Stinnett, Spearman and Gruver, have come along well in taking wins from Turkey, Panhandle and Memphis. They played perhaps their best game of the season last Friday night in beating Memphis, 22 to 0. However, the Bucks have been rolling all season with the exception of the Stinnett game which they lost, 19 to 6. They opened the season with a 30 to 8 win over Groom, a tough Class B team, then lost to Stinnett the next week. Since then the Bucks have beaten Spearman, 18 to 8, Shamrock, 32 to 0, and Lefors, 34 to 1. The Bucks won the State Class A Championship last year and have a number of last year's veterans on hand this year. Their top backs this year are Quarterback Jackie Burns and Fullback Bryan Coday. Burns is a slick ball handler and accurate passer in addition to being a speedy ball carrier. Coday is a big powerful runner and his speed makes him a threat every time he has the ball.

The Bronchos, although their spirits are still high, will have to play their best game in order to slow down the Bucks. Their chances of stopping the Bucks suffered a severe blow with the injury of starting center, Ronnie Tyra, in the Memphis game last week. Tyra was injured on the opening kick-off and is out for the season. He injured his knee and doctors this week say that it will require surgery.

Coach Tom Jinks is switching Charles Percival to center and inserting Leon Gibbs in at guard in an effort to offset the loss of Tyra. Otherwise the starting line-up will be the same as last week which had Philip Abel and Don Hudgins at ends; Lynn Spier and Jerry Gray at tackles, Dennis Bradshaw at the other guard position; Neel Carter at quarterback; Wayne Mann and Jim Robinson at halfbacks and Dewey Wilson at fullback. The only other possible change, barring further injury to the squad this week, would be Bill Hermesmyer in place of Hudgins at one of the ends.

During halftime homecoming activities, the Bronchos crowned the 1959 Football Queen, Miss Connie McMurtry, daughter of Mr. and Mrs. Alfred McMurtry. Her attendants were Miss Karen Knorrp, daughter of Mr. and Mrs. W. B. Knorrp and Miss Andra Pinkerton, daughter of Mr. and Mrs. W. W. Pinkerton. Connie was escorted by Dewey Wilson, Karen by Neal Carter and Andra by Dennis Bradshaw.

## Farm Bureau To Have Chili Supper

Mr. Holly Wood, president of the Donley County Farm Bureau announced this morning that a chili supper would be held at the Lelia Lake school house on the night of the twentieth of October at seven thirty p.m. The Farm Bureau will furnish the chili and each family attending is requested to bring a pie.

The purpose of the meeting is to elect officers for the coming year and to discuss other phases of the Farm Bureau program. Everyone is invited to attend. County Agent Flip Breedlove will cook the chili and promises a big bowl for all attending.

ASHTOLA NEWS

Mrs. Doyce Graham

Mr. and Mrs. G. A. Roberson of Clarendon, Mr. and Mrs. Dennis Rattan and boys and Larry Springer of Amarillo visited in the M. L. Rattan home Sunday.

Charlotte Jones, student nurse at St. Anthony's Hospital in Amarillo, came to the homecoming at Clarendon High School Friday night.

Mrs. Doyce Graham and Mrs. Bill Mooring spent Wednesday with Mrs. Dub Tomlinson at Phillips.

Fred Graham of Muleshoe and his son, Gerry, visited Tuesday and Wednesday with relatives here. Gerry is with the armed forces and has served several months in Korea. He is on a 45 day furlough, then will resume his army duties. He is to marry Miss Jo Ann Rawdon of Plainview Oct. 23.

Mr. and Mrs. Kenneth Russell from Liberal, Kan., spent Thursday with Mr. and Mrs. John White.

Mrs. George Gresham and El Wanda visited Mr. and Mrs. Wendell Gresham in Amarillo Wednesday. Mr. Gresham made a business trip to Dalhart that day.

Mrs. J. F. White and Aaronda of Phillips visited Thursday with Mr. and Mrs. Lloyd Reid.

We regret to report the death of the infant son of Mr. and Mrs. Leon Shields of the SJ Ranch. He was born in Groom Hospital last week. Funeral services and burial were at Wellington.

Mr. and Mrs. Bobby Johnson are the proud parents of a daughter, Lisa Gayle, born at Stewart Clinic. Grandparents are Mr. and Mrs. W. H. Wilson and Mr. and Mrs. Everett Johnson.

Remember, everyone, residents of Ashtola and anyone who will come, tonight — Thursday, Oct. 15 — is the night our club meets for its fund raising project. Club members bring your card tables, dominoes, and a cake or pie. Everyone bring a pocket full of dimes. The cakes and pies will be given in the cake walk, and coffee and doughnuts will be sold all evening. Games of 42 will be played, no charge for that. Bring the children.

Mr. and Mrs. D. W. Tomlinson

and sons of Phillips visited Mr. and Mrs. Doyce Graham Friday night.

Mrs. Rayburn Smith was over from Shamrock looking over their farm interests Saturday.

Guests in the John White home Sunday were Mr. and Mrs. Hubert Deaton and Mr. and Mrs. Homer Deaton and daughter all of Amarillo.

Mr. and Mrs. Haskell Talley and children of Dodson visited in the H. A. Graham home during the week end. The children remained for a longer visit.

Jackie Endsley and Bobby Burson from Sweetwater spent the week end with J. R. Graham. Mrs. Bill Mooring spent Monday afternoon with Mrs. Doyce Graham.

Mr. and Mrs. Wendell Gresham were visiting friends here Friday and attended the homecoming football game.

Mr. and Mrs. J. T. Lamberson and Mr. and Mrs. C. E. Jackson had dinner with the Jack Lambersons Friday.

Sherrol Shelton spent Friday night and Saturday with Sandra Lamberson.

Allen Ray Graham of Amarillo visited homefolks Monday.

Mary Sue Rhoades spent Monday with her aunt, Mrs. Harold Graham.

Harvest of grain sorghums has begun since the days of sunshine!

GOLDSTON NEWS

Mrs. Roy Roberson

Mr. and Mrs. Jack Pritchard had dinner Sunday with Mr. and Mrs. Jerry Pritchard and children of Goodnight.

Mr. and Mrs. Roy Roberson and Fat spent the week end in Lawton and Wellington with their aunt, Kellie Leverett, and brother, Mr. and Mrs. Walter Roberson. Minnie Roberson returned home with them after a month visit with Mr. and Mrs. Walter Roberson of Wellington.

Mr. and Mrs. W. A. Jackson and Jimmy spent Sunday with Grandma Jackson at Memphis.

Mr. and Mrs. Donald Davis and family of Amarillo spent the week end with Mr. and Mrs. Vernon Davis and Johnny.

LOCAL DRUGGIST RECEIVES CITATION

Fairs, having awarded a Citation to the Rexall Drug Company for Bob Moss, Rexall Druggist in outstanding service to the United Clarendon, was today awarded a State Government, further excitement from Vice-President tends this recognition of participation in the United States Exhibit of the 1959 International Trade Fair, Poznan, Poland, to

The award read, in part, "The Mr. Moss, and all members of U.S. Department of Commerce, the Rexall Family who through Office of International Trade John Bowles, Rexall President,

demonstrated the community service representative of all Rexall Drug Stores. You contributed significantly to world understanding of peace and prosperity under the American system of free and competitive enterprise."

LEADER CLASSIFIEDS GET RESULTS

GRASS ROOTS OPINION

Pleasantville, N.J. Press: "Apparently many people have the idea that our governments — federal, state, county and municipal — should give us every service suggested. That would be nice. It would be nice, of course, to have all the luxuries of life. It is quite necessary that we learn there is a limit to what we

can expect our governments to supply. In our private lives, we can't provide ourselves and our families with everything our hearts desire. All of us do not have the many resources to fill all of our wishes. So it is with government — unless taxes are upped, and upped, and upped."

**HITCHHIKING BUGS AND PLANT DISEASES**

College Station — When traveling out of the U.S. don't tuck foreign fruits, plants, meats, or other plant or meat products into your baggage and try to bring them home with you, warns Har-

lan E. Smith, extension plant pathologist, and Connie F. Garner, extension entomologist. In bringing back these foreign products you may be bringing dangerous crop or livestock pests back unnoticed, they add. Just as one smoldering cigar-

**IRRIGATION CONTINUES TO INCREASE IN TEXAS**

A survey just completed by the Texas Agricultural Extension Service shows a continued in-

crease in irrigated acreage in Texas. The irrigated area in June 1959 was 7,140,443 acres. Similar surveys in 1957 and 1955 showed an irrigated area of 6,962,234 and 6,208,022 acres, respectively. The data in each survey was compiled from information furnished by county agents from each Texas county, according to Wayne Keese, extension agricultural engineer-irrigation.

Reports from the counties show that some irrigation is practiced in 239 of the State's 254 counties. An estimated 6,445,155 acres are irrigated by surface methods and 695,288 by sprinkler systems. Irrigation is used on 48,110 farms, and ground water supplies obtained from 60,708 wells are used on 5,914,753 acres, noted Keese.

Cotton is the leading irrigated crop with 2.2 million acres, and grain sorghum is second with just over two million acres. Wheat ranks third with 637,000. Other important irrigated crops are rice, 436,000 acres; vegetables, 375,000; and pastures, 200,000. Corn, forage sorghum, alfalfa, oats and many other crops are produced on irrigated farms.

Irrigation did not expand as rapidly the last two years as in the previous two year period, probably because of more favorable rainfall, explained the specialist. The increase during a period of more favorable rainfall indicates an acceptance of irrigation by farmers as a sound management practice instead of simply an emergency practice to maintain production in drought periods.

Keese added that the growth of irrigation not only indicates the farmer's continuing effort to increase his production efficiency, but also demands continued emphasis on conservation and efficient use of one of our greatest natural resources — water.

Culture, like custard, curdles when it's overdone.

Travelers planning to bring back unprocessed foods, plants, seeds, or animal products for special purposes should request a permit, before leaving the States, from the Agricultural Research Service, USDA, Washington 25, D.C. Prohibited products, as well as restricted items not covered by permit, are subject to confiscation.

Last year an ARS plant quarantine inspector intercepted a destructive plant pest every half-hour in luggage, airplanes, ships, automobiles, and trains from foreign lands. The pests included several already in parts of the U.S. but under rigid quarantine—the Khapra beetle, Mexican fruit fly, pink bollworm and golden nematode. Pests found that do not occur in the U.S. or have been eliminated were: Mediterranean fruit fly, citrus canker, and many others.

## Pathfinder Club Meets At Patching Club House

Pathfinder Club met at Patching Club House Friday afternoon, October 9, at 4 p.m. Mrs. Carl Allmond was hostess. Entertaining rooms were decorated with beautiful African violets, cockscomb and red berries.

Our president, Mrs. Geo. Benson, presided. Roll call was answered by sixteen members. Minutes were read and approved.

In keeping with the program topic "Hobbies," Mrs. Benson gave a paper "A Life That Hasn't A Definite Plan Is Likely To Become Driftwood" by David Sarnoff. Mrs. Bill Greene, Sr., as program leader introduced Mrs. Millard Word, guest speaker of the afternoon. She gave a very beautiful and inspiring talk on her many hobbies centered around her home, children, music, flowers, and poetry. She closed with these thoughts "I will lift mine eyes unto the hills from which cometh my help" taken from the 121st Psalm.

Mrs. Bill Greene, Sr., gave a very interesting talk and demonstration on African Violets. She told how the seeds were planted, how they were transplanted, fed, and the care needed for the delicate plants. Her definition of "Hobbies" was given as being an insurance against boredom and an aid to a better disposition. She had a beautiful display of African violets in all colors and stressed the necessity of putting a lot of love in them to perform miracles. At the close of her talk she presented Mrs. Millard Word with a beautiful potted plant.

Refreshments of cake, nuts, and Cokes were served by the hostess to four guests: Mrs. Marguerite Goodner of Amarillo, Mrs.

Lloyd Nelson of Claude, Mrs. J. P. Alexander of Olney, and Mrs. Millard Word of Ashtola; also to the following members: Mesdames George Benson, Carl Allmond, L. N. Cox, Fred Buntin, S. W. Lowe, Leck Goldston, J. L. McMurtry, Dick Shelton, F. Sawyer, Berkeley SoRelle, Zella Noble, Bill Greene, Sr., Bill Greene, Jr., Heckle Stark, and Misses Mable Mongole and Gladys Burnham. — Rep.

## MOTHERS STUDY CLUB

Members of Mothers Study Club entertained their husbands with a party at Patching Club House Tuesday evening. Supper was served buffet style.

Following the meal cards and 42 were played. Those attending were Mr. and Mrs. Ralph Hill, Mr. and Mrs. Delbert Robertson, Mr. and Mrs. James Owens, Mr. and Mrs. Randall Choate, Mr. and Mrs. Richard Salmon, Mr. and Mrs. Gordon Moore, Mr. and Mrs. Joe Shadle, Mr. and Mrs. Steve Edens, Mr. and Mrs. Gratin Johnson, Mr. and Mrs. Bennie Edens, Mr. and Mrs. Gerald Martin, Mr. and Mrs. Howard Hensley, and Mrs. Jack Owens.

Hostesses were Wanda Moore and Barbara Edens. — Rep.

## GOLDSTON CLUB MEETS OCTOBER 8

The Goldston Club met at their club house Oct. 8. One quilt was finished for Mrs. Roy Roberson. The next quilting will be with Mrs. Nora Smith the 22nd of October.

Those present were Mrs. Carrie Morgan, Mrs. Bonnie Davis, Mrs. Irene Pritchard, Mrs. Mazie Eichelberger, Mrs. Blanch Gray, Mrs. Nora Smith, Mrs. Velma Hodges, Mrs. Nina Dell, and the hostess, Mrs. Joyce Roberson.

## Gamma Kappa Chapter Wins Regional Award

Sixteen women teachers from Turkey, Memphis, Wellington and Clarendon attended the Delta Kappa Gamma Regional meeting in Borger Saturday, October 10, and were the recipients of the mileage award which will be a beautiful brass vase. An award is given each year to the chapter that travels the greatest distance.

Miss Zady Belle Walker was a very gracious and efficient director of the meeting. She stated that at the presidents' dinner Friday evening it was recommended that the second Saturday in October be accepted as a permanent date for the regional meetings. In the sectional meetings the special interest groups voted to accept this recommendation.

Miss Walker also said that \$450 had been contributed by the five participating chapters during the current year as grants-in-aid to deserving high school girls who plan to be teachers.

Miss Mildred Hulsey urged local chapters to take an active part in Future Teacher organizations and to encourage more young men and women to enter the teaching profession.

The theme "Awareness — The Key to Insight and Understanding" was cleverly emphasized in table decorations and program. Arrangements of fall flowers also added to the beauty of the decor.

Miss Hulsey gave a very inspiring luncheon address on "The Marks of a Dedicated Delta Kappa Gamma Member," and gave examples of dedicated members on both state and national levels.

Clarendon members attending were Mesdames Velma Weaver, Claudine Todd, Hazel Brandon, Faye Pinkerton, Marguerite Goodner, Lucile Naylor, Misses Gladys Burnham, Edgar Mae Mongole, and Inez Blankenship. — Rep.

## LEADER CLASSIFIEDS GET RESULTS

## WCS MEETS IN FELLOWSHIP HALL

The Women's Society of Christian Service met in Fellowship Hall Wed., Oct. 7, at 1:00 p.m. for a luncheon and book review to conclude their study on Africa. The study, led by Mrs. L. N. Cox, was held over a period of the last six weeks with members meeting one hour each Wednesday.

Fellowship Hall was beautifully decorated with seasonal cut flowers and pyracantha. The luncheon tables were most attractive with centerpieces, place mats, napkins and decorations all significant of Africa. The luncheon was delicious, consisting of chicken tetrazzini, French bread and different salads, vegetables and desserts. Mrs. W. C. Thornberry was chairman of the luncheon committee. Rev. C. M. Ryan gave the invocation.

To open the program, Mesdames Tom Jinks and Carol Hudson, accompanied by Mrs. Frank Phelan, Jr., sang, "O, Brother Man." Mrs. E. S. Ballew then reviewed, in her excellent and charming manner, the book, "Cry, the Beloved Country" by Alan Paton. It told how two families in Africa, one black and one white, were caught in the political struggles of that land. Each family suffered the loss of a son, but their faith and belief in God and their country gave them the strength to love one another and rise above their grief. The feelings of the African father throughout the book were especially poignant and touching. Forty-two members were present.

## GIRL SCOUT MEET

The Girl Scouts of Troop 4 met at 4:15 October 6, 1959. Mrs. Bourland told us what we needed for sewing. Mrs. Gilbreth told us how much we have in the bank. We have \$75.00 in the bank. At the fair we made \$60.18.

On September 7, 1959, we elected officers: President, Lynn Bourland; Vice President, Sue Phelan; Secretary, Mellie McMurtry; Reporter, Beth Bourland; Treasurer, Mrs. Gilbreth.

We decided to meet on the first and third Tuesdays at the Homemaking Department. — Rep.

## BETA SIGMA PHI HOLDS WEDDING THURSDAY

Thursday evening, Oct. 8th, the members of Mu Gamma Chapter, Beta Sigma Phi, met in the Patching Club House with Annett Hardin and Lea Tyler as hostesses.

The opening ritual was repeated, followed by the introduction of our delightful guest speaker, Mr. R. E. Drennan.

Mr. Drennan presented us with an amusing and most enjoyable program based on the subjects of self-analysis and self-estimate. Our program chairman for this meeting were Pat Day, Betty Leathers, Jo Jinks and Melba Vaughan.

The business session was then conducted including roll call, the reading of the minutes, and the discussion of rush week. Plans were made for rush week to begin with an open meeting October 22nd.

Refreshments of assorted cookies, nuts, coffee and Cokes were served by the hostesses to the following members: Anness Bennett, Beth Bennett, Pat Corneliuss, Jo Ann Davis, Pat Day, Bert Garland, Hazel Guy, Frankie Henson, Ann Hommel, Glenda Lacey, Betty Leathers, Evelyn Mann, Barbara Morris, Jo Ellen Pfeiffer, Juanita Phelps, Mabel Dean Porter, Mary Neal Risley, Nancy Shelton, Marilyn Simpson, "Tookie" Thornberry, Melba Vaughan, Pat Wallace and Evelyn Yeates.

## GOOD NEIGHBORS HOLD MEETING

The Good Neighbors Club met Friday, October 9, in the home of Maggie Easterling for an all day quilting and covered dish luncheon. One quilt was finished.

Those to enjoy the day were guests Mesdames Lewis Marshall, Frances McCord, Ruth Wasson, Ed Wheeler, and little Miss Darla Kay Robertson, also members Nova Barker, Della Barker, Rosie Bingham, Eula Butler, Florence Harp, Bessie Helton, Ruby Jordan, Lida Warren, Alta Spradlin, and the hostess, Maggie Easterling.

The next meeting will be with Florence Harp in October 23. — Rep.

## CELEBRATE SILVER WEDDING ANNIVERSARY

The children of Mr. and Mrs. C. A. "Penny" Johnson entertained their parents with open house at their home Sunday celebrating their twenty-fifth wedding anniversary. Curtis Johnson and Vera Oakley were married October 7, 1934, in the home of the bride's parents. Their anniversary was celebrated in the same home.

Mr. and Mrs. Johnson spent the morning visiting with their children, Owen, Beth, and Mike of Clarendon, Charlene and Lloyd Mays and their little grandson, Lynn Mays, all of Fort Worth. The children carried their parents to the Donley Hotel for the noon meal.

The afternoon was spent in receiving friends and relatives. The couple received many useful gifts and beautiful cards.

The refreshment table was laid with a lace cloth over pink and was centered with a three tiered wedding cake. Flanking the cake were silver tapers in silver candleabra. Pink dahlias and white zinnias completed the decor.

Twenty six guests attended. Out-of-town relatives attending were Mr. and Mrs. O. C. Collins and Vada Grace of Borger and Mr. and Mrs. Arthur Oakley of Dimmitt. — Rep.

## JR. H. D. CLUB HOLDS MEETING

Friday afternoon, October 8, the Junior Home Demonstration Club met at Patching Club House with Ona Tatum and Clara Finley as hostesses.

Wilma Spier, president, had charge of the business session.

Following the business a guest speaker, Bill Cornelius, spoke to the group on Juvenile Delinquency. Everyone thoroughly enjoyed his discussion of today's problems.

Attending were one visitor, Mrs. Abbie Warner, one new member, Hazel Noble, and Mesdames Linda Altman, Bernice Adams, Gladys Blackburn, Mabel Elmore, Clara Finley, Gladys Hommel, Noma Lewis, Mildred McClellan, Harlene Phillips, Wilma Spier, Ona Tatum, Cula Jo Trout, Patsy Reid, and Cleo Crutchfield. — Rep.

## SURPRISE BIRTHDAY PARTY HONORS LADY

Mrs. Frank Whitlock was pleasantly surprised with a birthday party Saturday evening, October 10, in the home of Mr. and Mrs. L. T. Whitlock and Larry in Amarillo.

She and Miss Jean Welch went to Amarillo where they were met by Mrs. Whitlock's daughter, Mrs. George Garrison of Guymon, Okla. Shopping was the program of the afternoon until they were joined by Mr. Garrison and all went to the L. T. Whitlock's new home. They were shown through the house and upon entering the dining area Mrs. Frank Whitlock was presented a beautiful birthday cake and was serenaded with "Happy Birthday."

Supper was served, gifts opened and admired and visiting enjoyed by the honoree, Mrs. Frank Whitlock, Miss Jean Welch of Clarendon, Mr. and Mrs. George Garrison of Guymon, Okla., and the hosts, Mr. and Mrs. L. T. Whitlock and Larry.

## HONORED ON BIRTHDAY

All of the children of Mrs. W. E. Hardin honored her on her 87th birthday with a dinner in the home of Mr. and Mrs. Nollie Simmons Sunday. Ruby Jewell Hardin baked the beautiful birthday cake.

Mrs. Hardin received many beautiful and useful gifts.

Those present to enjoy the occasion were Mr. and Mrs. Edd Speed of Colorado City; Mr. and Mrs. Clarence Cannon, Mr. and Mrs. Jimmy Cannon and family of Bula; Mr. and Mrs. Frank Hardin and Mr. and Mrs. Emmett Simmons and family of Clarendon.

## TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

### CHALLENGE

No crystal ball or sixth sense is required to realize the problems which beset mankind today. One has only to pick up any newspaper and scan the headlines to get an idea of that with which our generation must wrestle and solve every day. A glance at history and the exercise of even moderate vision into the future reminds us that these problems will increase and will, in all likelihood, intensify. As those which challenged our forefathers differ from those which confront us today, so will those which must be met by our children and grandchildren be altered in succeeding generations.

It has always been the character of the American people to seek, by their own initiative, that which would improve their own standards as well as those of their fellow man. This is the American way, and I hope Mr. Khrushchev observed this on his recent visit to the United States.

Our achievements — past, present, and future — have been and will be accomplished by the process of educating ourselves so as to recognize the problems which challenge our democratic society and find their solutions. The necessity for a balanced education has never been so great, and this necessity will grow in the immediate and long-range future. The challenge is being felt, and will be met where it rightfully should be — in local communities and in the separate States. In 1950 the State of Texas had a college-age population of 500,615 and college enrollment of 125,624, or 25.1 percent of college eligibles enrolled. In 1955 the college-age population was 527,907, with a 29 percent enrollment of 153,148. 175,854 or 31.5 percent of the 558,202 college-age population was enrolled in 1958. This 31.5 percent enrollment compares with 17.9 percent in Mississippi and 63.9 percent in the State of Utah. I hope the percentage of increase continues to rise. All foreseeable estimates indicate our expanding population will continue to increase. American education will, therefore, most likely meet its greatest challenge in the remainder of the twentieth century. I have infinite faith that we are accepting the challenge and will solve the problems, no matter how difficult.

One of the greatest problems is one which we hear constantly, to-wit: the acute teacher shortage. Americans, and particularly was in Texas, are blessed with a strong force of efficient, conscientious teachers who are aware of their great responsibility in advancing American democracy. They are, in many cases, underpaid and they are in all cases in great demand, in elementary and secondary schools as well as colleges and universities. Teachers constitute the largest single professional group in the United States and it seems to me this is as it should be. The number must be increased, however, if we are to cope with the challenge which is ours. I can think of no greater opportunity as a life work than that afforded by the teaching profession. If America is to fulfill her role of

leadership in a free government and an enlightened society, it will come about in large part because we demand good schools and are willing to support good teachers.

### Grass Roots Opinion

Newberry, S.C., Observer: "Dr. Robert B. Corbett, president of New Mexico State University, said in a speech recently that a few years ago young men were told not to take engineering because engineers were a dime a dozen. Today, he stated, men trained in engineering are the scarest and most demanded in our economy."

"The same situation could conceivably develop in farming. Our population is increasing so rapidly that in 10 years, according to Dr. Corbett, unless the nation is careful, it may wake up and find itself incapable of providing food for that sharply expanding population.

Knoxville, Georgia, The Post: "Things can always be worse. Thirty years from now speeders will crash in the sky and fall on pedestrians."

If you don't park your car to count your sheep. You're headed for the last round-up.

The 1960 Plymouth is the strongest, quietest, fastest accelerating, most economical operating car in Plymouth's history. It features unified body and frame structure and completely new styling for this economy champion. Two completely new engines are added in the 1960 Plymouth line of six engines, each of uniquely different design and each developed to fulfill a specific requirement. The 30-D Economy Six, with 145 horsepower, is introduced for drivers who require maximum fuel savings. The SonoRamic Commando V-8, with 330 horsepower, which brings ram induction to passenger cars for the first time, is primarily a "performance" engine with outstanding acceleration characteristics.

## LONE STAR AGRICULTURE

Texas Dept. of Agriculture  
John C. White, Commissioner

### NEW EGG PRODUCTS SOUGHT

Experts in the egg industry are pooling their knowledge to increase the demand for egg products.

Great strides will have been made when producers have reached the goal of producing large volumes of uniformly high quality eggs. The key to an increased demand for eggs lies in the words "egg products".

There have been many suggested kinds of products, such as egg coated cereal products; a pre-packaged egg salad mixture; high protein egg bread; frozen prepackaged French toast; instant eggs in an aerosol can; scrambled eggs in the shell; brown and serve eggs; frozen egg nog; and fried eggs sliced from a bar.

But it isn't easy to create, develop, and market new egg products. Research has shown that out of every 500 bright ideas, usually only one proves practical enough to reach the market as a finished product. And only one or two new products in 50

are good enough to last two years on the market. In developing a new egg product a firm must conduct basic research before it finally decides it has a product that will sell on the market. Then comes the developmental stage. The product must be packaged properly. It must be placed on the market in a limited test area. Checks are made to see how it moves from the store shelves, maybe at different prices. Some purchasers may be interviewed to test their reactions to the new product.

This whole business costs money. It isn't unusual for some food firms to invest a million dollars or more in developing and marketing a new food product.

Perhaps one of the most fertile areas for development at this time is in using egg solids (dried eggs). The Quartermaster Food and Container Institute for the Armed Forces has now developed dried egg solids which, when scrambled, are far superior to the average served in public eating places today.

However, the best bet for the immediate future is to educate Madam America to the advantages in time, money, health, and well being that come packaged in one of nature's finest and most versatile food products, the egg.

### LIVESTOCK FEEDING SITUATION STUDIED

College Station — Can profits be made from livestock feeding this fall and winter? This question is coming from all sections of Texas, as farmers and livestock feeders study the situation.

C. H. Bates, extension farm management specialist, says there is no strict yes or no answer to the question because of the difference in price for various classes of livestock and the variation in costs involved in producing a pound of gain.

However, Bates adds, a number of important factors can be considered that will help to determine the relative position of feed and livestock prices. Then by appraising individual feeding skill, ability to buy feeders, credit position and facilities available, an answer may be reached.

To figure livestock price-feed ratio, Bates uses the prices of hogs and beef steers on the Fort Worth market. These prices are then related to the farm price of No. 2 yellow milo. For the most recent three-months period, these ratios were 14.5 for steers and 8.0 for hogs (which is equivalent to 13.0 on corn-hog ratio). This means that 100 pounds of choice steers at Fort Worth is equivalent to 1,450 pounds of milo on the farm. Likewise, 100 pounds of live hogs were worth 800 pounds of milo.

In the months ahead, Bates adds, the ratio is expected to decline for hogs, due to the 12 percent increase in marketings over a year ago. The steer price-feed ratio should show little change, he believes.

Recent studies in Central Texas show that when a farmer does not have to make a considerable investment in feeding facilities (water system, pens, etc.) a \$30 per head profit might be expected when yearling steers are fed 120 to 130 days. Steers used in this study were fed silage, cottonseed meal and ground milo. The cost of the steers was 26c and the selling price was 27c. Figuring the profit to labor, capital and management, it averaged over \$3 per 100 for the milo fed.

Bates adds that if you have grain and are considering feeding and need assistance in figuring whether steers or hogs might be profitable, see your county agent and discuss the question with him.

Dr. Sylvester Petro, law professor at New York University, has published a book entitled "Power Unlimited: The Corruption of Union Leadership." Excerpt: "Unions have taken great advantage of . . . special privilege to defy the laws, precepts and principles of good society. Working men have been beaten and robbed. Business men have been the victims of extortion. Consumers have been exploited. Political figures and governmental officers and agencies have been corrupted. Few significant areas of society have been left uncontaminated. Out of unlimited power, unlimited corruption is breeding."

In 1938 the first operational radar to be installed in a U. S. Navy ship was placed in the USS New York.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — This time three years ago nearly every newspaper in the state was writing about "the water problem."

It was a discouraging time. Texas had come through a scorching, dusty summer that forced many farmers to leave their

stunted crops in the fields and hunt work in town.

Ranchers were equally hard hit. In many cases, due to lack of feed, they sold their breeding cattle, lost their land or went heavily in debt.

It was the climax of the most widespread drought ever recorded in this region. Average rainfall for the year dwindled to 16.2 inches, second lowest figure since 1888.

Office seekers in the campaign year of 1956 had a good deal to say about how hard they would work to "solve the water problem." Many did work hard.

But three years later the water problem is still far from "solved." By the time the Legislature met in 1957, the rains had begun. It rained so much that many

people, of necessity, became more interested in flood relief than drought relief.

Three major water measures were passed in 1957, however. These measures:

(1) Set up the Texas Water Development Board with a \$200,000,000 fund to make loans to help pay for local water projects.

(2) Established a planning division in the State Water Board to do research on water needs, but without authority to recommend an overall plan. Appropriation was \$900,000, in stead of the \$1,200,000 recommended by the governor.

(3) Gave the Water Board authority to contract for water storage space in federal reservoirs, with legislative approval.

Last two of these were passed only after Governor Daniel resubmitted them at a special session. And then they almost went under when a city-farm fight developed on the side issue of whether farmers should be able to dam up small lakes and use them for irrigation.

This year the Legislature included the Water Board budget by \$200,000. But the \$2,037,000 appropriation was \$800,000 less than requested by the governor.

As yet, the Water Development Board has made no loans for construction. Engineers in the State Water Board's planning division are working on a state-wide report due in 1963, and a federal commission is also making a study. But legislators are skittish about having anything that might be called a definite state plan for fear it will set sectional jealousies aflame.

So dear is water to most Texans' hearts that almost any move

by anyone to do anything with some of it is sure to be interpreted by a neighbor as "grabbing."

Guadalupe-Blanco River Authority and the City of San Antonio had a long, bitter hassle over the Canyon Dam project.

Right now, the biggest fight is on the Trinity. After months of bickering, the City of Houston and the Trinity River Authority agreed to cooperate in building a dam at Livingston.

Now the San Jacinto River Authority is protesting. SJRA officials are telling Houston people that Trinity water is of "poor quality" and that San Jacinto water could be developed at much lower cost.

Amid it all, engineers and business analysts have some sobering reminders:

(1) Drought of the 1950's cost Texans \$3,000,000.

(2) Another drought is coming and when it does, population will be greater and water needs higher.

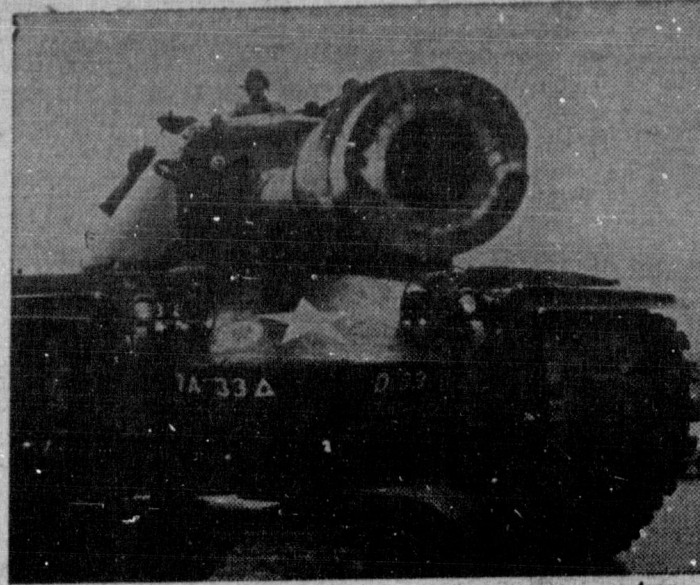

(3) Water to carry the state through a drought can only be stored up in rainy years, and three of those "good" years have already passed.

**WORK CUT OUT** — Gov. Daniel continues to talk like a man who doesn't feel that his work as a public servant has been completed.

Speaking to a school audience, the governor dwelt on "the need for another forward step in providing better schools, including increased salaries for teachers." He said he hoped the Legislature would be ready to do something about it early next year.

In another speech, he called attention to the Legislature's failure this year to pass laws dealing with crime prevention, traffic safety, narcotics and dormant funds.

Some observers feel that if the governor calls a special session and the Legislature fails to take care of all these items — which would be a batch of tough legislation — the governor would feel compelled to file for re-election on Feb. 1 in order to see things through.

**HANDS UPI**—A long, low and powerful tank of the U.S. Seventh Army is ready to get in some firing practice at Berge-Hohne training area in Germany where troops of "Our First Line of Defense" are deployed, ready and highly-trained. Competitive tank gunnery practice among armored units keep the American soldier-tankers at a high degree of proficiency.

**NO THANKS** — Atty. Gen. Will Wilson has filed a brief with the Atomic Energy Commission giving Texas' reasons for not wanting atomic waste dumped in the Gulf of Mexico.

Industrial Waste Disposal Corporation of Houston is seeking an AEC permit to dump radioactive waste material in concrete lined barrels into 6,000 feet of water 200 miles south of Galveston.

Texas brief expresses fears that the barrels might come apart allowing the materials to be washed ashore by the tides. It says that Texas will remain opposed to the plan "until clear, convincing and positive proof is produced to show that such operation may be conducted with absolute safety to persons using the beaches and waters of the

Gulf for any purpose."

**SHORT SNORTS** — Austin Dist. Judge Charles O. Betts has given approval to the state liquidator to make a stock sale that will bring in some \$615,000 to pay off creditors of the defunct OCT Insurance Company. . . . Women's Christina Temperance Union, which held its national meeting in Texas, joined other groups asking for legal tests of persons suspected of driving while intoxicated. . . . Dr. R. C. Garrett, Taylor veterinarian, has been named assistant director of the Texas Animal Health Commission. . . . State Board of Insurance has announced a plan by which auto insurance rates will be cut for safe drivers and raised for the accident-prone. It will bring as much as a 20 per cent rate reduction for drivers with a re-

CLARENDON, TEXAS

**A Teacher's Prayer**  
 Lord, give me strength to make the day,  
 And enough left over for the P.T.A.  
 Teaching Children, in our books, is one of the grandest and most rewarding professions to which a man or a woman can

dedicate their life. Our public school teachers, private teachers, those who teach in Sunday schools, and all other who instruct our children have assumed on of the greatest of all responsibilities.

Outside of the influence of the home, and in some cases even that may be surpassed by the teacher on the lives of our children. Thinking along this line we are always thrilled when we hear some outstanding young person say that they are preparing themselves to be a school teacher.

The following words more or less tell the importance of teaching:

**I Saw Tomorrow**  
 I saw tomorrow marching on little children's feet:  
 Within their forms and faces read the prophecy complete.

I saw tomorrow look at me from little children's eyes;  
 And thought how carefully we'd teach if we were only wise.

In addition to teaching our young many of our teachers fill a busy and useful place in the churches and community. Sometimes we may overwork them with these activities. We have heard more than one teacher say that their greatest need was to be able to concentrate their energy more on the job of teaching children rather than the many varied and sundry worthwhile projects that take so much valuable time. Along this line, we parents can help.

"Peace; and there was no

peace."  
 In the 13th chapter of Ezekiel and the 10th verse we find the above used in connection with the people being deceived in that day. Somehow the words have been sort of ringing in our ears since the proposal of Mr. Khrushchev was made to the United Nations.

The talk of peace was meant to sound good, and many peoples of the world may find great hope and comfort in the talk. But we need to consider the actual works of those who are talking peace. We soon find that their deeds do not correspond to the spoken words. Like in the days of Ezekiel the work of their hands has been with untempered and worthless mortar and will not stand the test of time.

Peace can only come when the hearts of people have been changed and it just doesn't seem

that this would begin with a people who deny all the teachings of the Prince of Peace. Jesus, as he came bringing this peace into the hearts of men, did so with a spirit of love and humility. Hopes for peace that are based on barbed wire slave camps and the crushing of the will of people cannot hold much promise.

Somehow, we are sorry that Mr. K. got the opportunity to daub the walls of propaganda with this impractical and untempered mortar; many will be deceived. But, the challenge comes back to us that we must hold higher the spirit of freedom, let the world hear hearing the voice of truth, proving to the world that real peace comes only when our hearts have been made right.

Grain Sorghum has reached a place of prominence in our West Texas area which we could never have dreamed of a few years back. Irrigation, better varieties, greater local use are just a few of the things that have contributed to this great surge in the production of feed grains. All this made us realize all the more the tremendous job that is facing the grain producers as through their organization they plan and work for greater markets.

The other day, along with a friend, we made a swing through Wayside, Happy, Nazareth, Dimmitt, Bovina, Friona, Hereford, Canyon, and all the wonderful smaller communities along the way. It was a real inspiration to see the fields ready for harvest. This trip is only one of the many such drives one could make.

Humming irrigation wells, fert-

**GEORGE'S WIFE**

By "Sarah"

How about that cover on Sept. 12th Saturday Evening Post? Amos Sewell captured the hearts of millions of American women with that little masterpiece. What he doesn't know is that this one moment will be the last

until school is out next spring. Already Mom has gone through enough red tape to have put over a big business deal. P.T.A. starts with that first day of school, who knows, she may even be president. Each one of the little darlings will want her for room-mother. Then the race begins: music, band, football, games and dancing, just to name a few. With formals and other costume's to fit the occasion.

George is of the old school though, and can't understand how a sweet young thing like what's on the cover getting all wore out with just three kids. Says his mother had five, done all her housework, washing, ironing, cooking, all without a baby sitter and he never saw her in that shape.

We remember our dad farming a lot of land with horses and one row equipment, with just mother and us kids to help, too, George, do you remember that? Yes and I noticed a picture in the paper the other day in some backwoods community, they are still doing that, he remarked.

From the Parker-Whitlow pens at Wayside which are almost push-button in modern design and take care of 500 head to the larger more or less stocker feed lots of Smiley Triplett at Bovina which can handle 4,000 head we find all sizes in between including the farmer with 50 to 100 head. This is solving our problem in the real genuine American Style.

"Dependable, tireless woman to keep home bright and spotless. Help prepare meals, cook, do dishes, wash and iron clothes, provide entertainment. Be prepared to work 24 hours a day, 7 days a week. Salary: about 24¢ a day."

**WHO WOULD TAKE THIS JOB FOR 24¢ A DAY?**

For less than 3¢ the average family served by WTU can cook a complete meal the modern electric way... and enjoy the cleanliness and conveniences of Electric Living.

It's not a job you'd consider. But electricity does it everyday!

Count up all the ways electricity helps in your home. You'll see right off it's the biggest bargain in your family budget.

**West Texas Utilities Company**

Electricity COSTS SO LITTLE — YOU CAN USE LOTS OF IT!

**ANNOUNCING THE NEW PLYMOUTH!**

SOLID FOR '60! AT YOUR DEALER'S TOMORROW!

**BUILT A NEW SOLID WAY TO GIVE YOU SOLID SATISFACTION**

CHRYSLER ENGINEERING INTRODUCES A NEW KIND OF PLYMOUTH THAT MARKS A MAJOR BREAKTHROUGH IN CAR DESIGN. BODY AND FRAME UNIT ARE WELDED TOGETHER AS ONE, IN A NEW WAY. MANY PARTS THAT WORK LOOSE, RATTLE AND NEED FIXING IN ORDINARY CARS ARE ELIMINATED. THIS LOW-PRICE '60 PLYMOUTH IS STRONGER AND ROOMIER. IT USES LESS GAS THAN BEFORE. IT RIDES MORE COMFORTABLY, WE BELIEVE, THAN ANY OTHER CAR IN ITS CLASS.

Chrysler Corporation development behind it. It will suit you particularly if you want a feeling of quality and a sense of craftsmanship. It is built carefully and precisely. We believe there is no other car in the low-price field that resembles it.

AN ALL-NEW INCLINED OVER-HEAD VALVE "6" IS AMONG FIVE PLYMOUTH ENGINE OPTIONS FOR 1960. The first inclined engine ever in an American passenger car is the new Plymouth 30-D Economy Six, most powerful "6" in America. Very economical, it is inclined to make servicing simpler, to lower the car's center of gravity and to make handling and riding easier. Also for 1960: the limited-production SonoRamic Commando V-8\*.

SOLID PLYMOUTH 1960 OFFERS FEATURES NO OTHER CAR IN ITS CLASS CAN OFFER. Custom-Positioned Front Seat. Safe-T-Matic doorlocking system\*. RCA "45" Record Player\*. And many more.

\*Optional at extra cost

### CHAMBERLAIN NEWS

Mrs. A. O. Hott

Our sympathy goes out to Mr. and Mrs. A. L. Formway over the passing of her father, Mr. L. Payne, Sept. 28 at Tulla.

Little Miss Laura Lisa Holland had her first birthday on Tuesday, Oct. 7. Helping her enjoy her birthday cake were Mrs. Ralph Hill and children, Mrs. James Owens and children, Mrs. J. D. Jones, Jr., and her grandmother, Mrs. J. C. Heathington. Also her brothers, David, Johnny and Jerry.

Mr. and Mrs. Sidney Muse and family of Dimmitt visited his parents, Mr. and Mrs. Lee Muse, Sunday.

Mr. and Mrs. A. O. Hott visited Mr. and Mrs. W. B. Ayers Monday night.

Those visiting in the home of Mr. and Mrs. W. H. Gray Sunday were Mrs. Gray's brother, Mr. A. P. Sanders, of Lockney, Mr. and Mrs. R. G. Morris and boys of Petersburg, Mr. and Mrs. Vance Gray and family of Ash-tola, F. O. Hodges of Clarendon, and Mr. and Mrs. W. A. Gray and son of Amarillo spent the week end.

Those visiting Mrs. R. M. Webb and Billy Waddell Sunday were Mr. and Mrs. Alton Webb, Peggy, Mike Webb and Cynthia Smith of Lelia Lake, Mr. and Mrs. Price Webb, Mrs. Kenneth Webb and her grandmother, Mrs. Wilkerson, of Clarendon.

Janie Lou Ivey spent Friday night with Sue Phelan.

Milton Mann accompanied the ag. teacher, Mr. Jerry Hawkins, on a hog buying trip to Iowa for next year's ag. class.

Our sympathy goes out to Mrs. J. C. Heathington whose great-aunt, Mrs. S. J. May, passed away in Amarillo Tuesday. Mrs. May was once a Chamberlain resident.

Mr. and Mrs. Richard Dingler

attended the Dingler reunion in Littlefield Sunday at the home of Mr. and Mrs. Billy Cowan.

Mrs. D. G. Ballew went to Fort Worth Tuesday to spend a week with her son, Mr. and Mrs. Harold Darby and son, Kraig.

The John Heathingtons are sporting a new Ford. Their first ride was to visit Grandma Ivey Tuesday night.

Visiting in the H. H. Shields home prior to going to Japan with the Air Force are Sgt. and Mrs. Lovell Myers and children. Sgt. Myers will leave this month, but Mrs. Myers and children will remain in Clarendon for awhile before joining him.

Mr. and Mrs. Garth Cater and sons of Dumas visited his parents, Mr. and Mrs. A. C. Carter Sunday.

Mrs. Jeanie Merchant and sons, Richard, Steve and Bobby, of Canyon visited her parents, Mr. and Mrs. Bob Williams, Sunday.

Junior Mann and H. R. Cowan of Amarillo visited Mr. and Mrs. Richard Dingler last week.

Mr. and Mrs. Abe Turner and son, Mike, of Haskell visited her parents, Mr. and Mrs. Henry Mann, over the week end.

Mrs. Bill Hall and Rhonda of Pampa are here with her parents, Mr. and Mrs. A. B. Ivey. Mr. Hall is in Bonham with his mother who is seriously ill. He returned home Saturday, but his mother is not any better.

Mrs. A. L. Formway spent Thursday in Tulla visiting her mother, Mrs. L. Payne.

Mr. and Mrs. W. B. Ayers visited Mr. and Mrs. A. O. Hott Saturday night.

Mrs. A. C. Carter and Mrs. G. D. Ballew visited Mr. and Mrs. Troy Broome Wednesday night.

Mr. and Mrs. Pat Myers visited in Amarillo Tuesday with their son, Mr. and Mrs. Adrian Myers and family. Leland came home with them for a visit.

Mr. and Mrs. G. L. Ivey and family of Amarillo and Mrs. Minnie Ivey of Clarendon visited Mr. and Mrs. A. B. Ivey Saturday night.

Mrs. Joe Naylor and baby of Alvarado spent the week with her parents, Mr. and Mrs. A. L. Formway.

Mr. and Mrs. W. H. Ellis visited Mr. and Mrs. D. G. Ballew Saturday night.

Mr. Lee Muse and his son, Sidney, of Dimmitt fished in Oklahoma last week. Their catch was good.

Mr. and Mrs. Dub Smith and girls, Mr. and Mrs. J. C. Heathington visited the A. B. Iveys Friday night.

Mr. Walter Lowe visited Mr.

and Mrs. W. H. Gray Monday evening.

Mr. and Mrs. D. G. Ballew visited Mr. and Mrs. Bob Williams Sunday evening.

Billy Waddell called on Mr. and Mrs. W. H. Gray Thursday evening.

Lenda and Shirley Welch spent Sunday with Laveta Formway.

Mr. and Mrs. Nuford Dill visited Mr. and Mrs. A. C. Carter Sunday.

Mrs. Louis Robison and Mrs. Don Robison and baby visited Mr. and Mrs. W. H. Gray Friday evening.

Mr. Wilfred Hott of Bryan visited his parents, Mr. and Mrs. A. O. Hott Tuesday night.

Club will meet Nov. 12th with Willie Hott as hostess.

Mr. and Mrs. A. O. Hott attended the Cotton Festival at Hedley Saturday. It was very nice and we enjoyed it very much.

Live pedestrians and successful men always think fast on their feet.

**HAWK EYES**—Looking for out of this world like a BEM ("Bug-Eyed-Monster" of science-fiction), this radar used in the modern Army's HAWK (Homing-All-the-Way-Killer) missile system gives the missile its outstanding ability to hunt and destroy low-flying attackers even at tree-top level. The radar automatically tracks the target, ignoring unwanted reflections from stationary objects such as trees, hills and buildings.

**THE STATE OF TEXAS**  
To Any Sheriff or Any Constable Within the State of Texas — Greeting:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper printed in Donley County, Texas, the accompanying citation of which the herein below following is a true copy.

**Citation By Publication**  
The State of Texas  
To: JAMES D. MOODY, Defendant, Greeting:

You are Hereby Commanded to appear before the Honorable District Court, 100th Judicial District of Donley County at the Courthouse thereof, in Clarendon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 23rd day of November, A.D. 1959, to Plaintiff's Petition filed in said court, on the 14th day of September, 1959, in this cause, numbered 2993, on the docket of said court and styled Sara Lee McNally Moody, Plaintiff, vs. James D. Moody, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff is suing for divorce from the said Defendant on the grounds that the Defendant was guilty of excesses, cruel treatment and outrages toward the Plaintiff, and was ill treatment of such a nature as to render their further living together as husband and wife insupportable, and in addition thereto the Plaintiff is asking for the restoration of her prior name to Sara Lee McNally.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The Officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Clerk of the District Court of Donley County, Texas.  
Issued and given under my hand and seal of said court at Clarendon, Texas, this 10th day of October, A.D. 1959.

By P. C. Messer  
Clerk of the District Court of Donley County, Texas

A salesman who can propose nothing better is just a nuisance.

# Never before such a car priced with the lowest!

Thrifty Seneca sedan—one of a complete new line of economy cars in the low-price field. Dodge Division of Chrysler Corporation

## DODGE DART

Saving can be exciting! Why scrimp on comfort, style, luxury? Dart makes them yours at lowest cost!

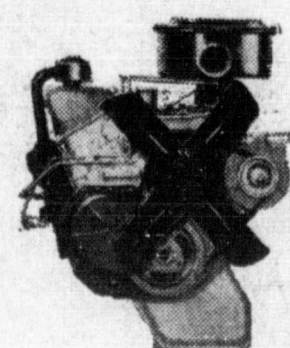

If you like full-scale economy teamed with full-size pride and pleasure, there's a new Dodge Dart that's made for you.

In fact, that fine sculptured beauty pictured above can actually cost less than many a cut-down "economy car".

So you say—"Yes, but how about gas economy?" That's when you find out about Dart's sensational new Economy Slant "6". Acts like an 8, yet delivers top mileage (story at right).

And if that's not enough, look what else you're getting for your money. New one-piece Unibody construction—squeak-free, rattle-free, virtually rustproof. New Free-Flight Power that suspends the engine in space. Torsion-Aire Ride, finest ever devised. And more—all at no extra cost.

Come on in and see what all the excitement's about. Make today the day you discover the Dodge Dart.

**NOW!**  
A money-saving "six" that acts like an "eight"!

Look under the hood! Notice how the new Economy Slant "6" is slanted a full 30 degrees. A special intake manifold provides evenly balanced fuel distribution to all cylinders. This highly advanced design lets this modern engine breathe better, breathe deeper, to deliver V-8 "go" at wonderful 6-cylinder savings.

This is the first new "6" in the low-price field since 1955. There's nothing like it on the road. Drive a Dart "Six"—and see for yourself. (Two new V-8's in the Dart line, too.)

**RECENT BRIDE IS HONORED AT SHOWER**

Mrs. Wesley Ashcraft, the former Gay McElroy, was complimented with a lovely shower Thursday afternoon, Oct. 8th, in the home of Mrs. Herman Cross. Those receiving guests were Mrs. Cross, Mrs. Wesley Ashcraft, Mrs. Sid McElroy, and Mrs. Woodrow Ashcraft.

Guests who called during the receiving hours were registered by Mrs. Gordon Mann. Some sixty people registered or sent gifts. Mrs. Hardy Bobbitt and Mrs. Alvin Hicks served cake and punch from a table laid with an ecru lace cloth over red. The center piece was made of red carnations.

Those sharing hostess duties with Mrs. Cross were Misses Gordon Mann, Hardy Bobbitt, Roy Crutcheff, Alvin Hicks and Miss Margie Harlan.

**SENIOR P. H. A.**

The Clarendon Chapter of the Future Homemakers of America met at 7:00 in the High School Monday night, Oct. 12. Sandra Pinkerton, president, presided at the business meeting.

The program for the night was a panel discussion about Germany. Judy Johnson, Sharon Smith, Jo Ann Woods, and Betty Parker were on the panel. They asked their questions to Gitti Hauck from Germany. Gitti is a senior here in high school. They asked questions about her country, the customs, how she came to America, and she explained to us about their education over there.

After the program Gitti was surprised by a friendship shower by the members of the chapter. She received many lovely gifts.

**CHAMBERLAIN TO HAVE MEETING**

Neighbors of the Chamberlain Community will meet Friday night, Oct. 16. As our last meeting was rained out the hostesses will still be Mrs. Nelda Jones and Mrs. Lee Welch. We will also have a business meeting. Everyone please try to be present. Pie and coffee will be served. — Rep.

Drive right so more people will be left!

**KIL KARE KNEEDLE KLUB**

Mrs. Major Hudson entertained members of the Kil Kare Klub in her home Thursday afternoon, October 8. Entertaining rooms were attractively decorated with beautiful arrangements of yellow zinnias.

During the social hour delicious refreshments of apple pie topped with whipped cream and coffee were served to one visitor, Mrs. Jim Headrick, and to members, Mesdames E. H. Noland, Homer Mulkey, M. C. Rumpy, J. R. Bartlett, John Bass, and R. O. Thomas, by the hostess, Mrs. Hudson. — Rep.

**MRS. CHRISTIE HOSTESS TO MARTIN CLUB**

The Club met with Sally Christie as hostess. A delicious noon meal was served to fifteen members and one visitor.

Those present were Blanche Higgins, Annie Waldrop, Veda Elliott, Dorothy Sullivan, Velma Hearns, Lela Bulman, Nola Hill, Lois Stevenson, Dortha Reynolds and Cindy, Edna Jewel Osborn and Judy, Saley Christie, Eunice Land, Minnie Cannon, Margaret Waldrop, Mrs. Edens, and visitor, Betty Tolbert.

L. Stevenson and W. Roberts received polyantha gifts. Next meeting will be with Nola Hill at the club room Oct. 21.

**SR. H. D. TO MEET**

Then senior Home Demonstration Club will meet Friday afternoon, October 16, at 2 p.m. in the home of Mrs. W. L. Jordan.

**WATER IMPORTANT TO MILK PRODUCTION**

College Station — Water is not really a feed but it is one of the most important and usually cheapest factors in milk production. Yet, all too frequently, milk production is limited just because old Bossy cannot get enough water.

Water makes up 75 percent or more of the animal's body, carries food nutrients into the body and carries waste materials away, says A. M. Meekma, extension dairy husbandman. Also, he adds, water helps control body temperature and makes up about 87 percent of the composition of milk.

Of all farm animals, the dairy cow in milk production requires the greatest amount of water in proportion to her size. The amount of water she will drink depends on her size, her daily milk yield, the air temperature and humidity, and the amount of water in the feed she eats. From 100 to 120 pounds of water (12 1/2 to 15 gallons) per head is an average daily consumption for a dairy herd, including both cows in milk and dry cows. Cows producing 100 pounds of milk a day may drink as much as 35 gallons of water a day — or even more, Meekma notes.

Therefore, dairy herds should have free access to fresh, clean, appetizing water that is conveniently located and of a desired temperature 365 days a year. In other words, it should be known that milk production is not being limited by an inadequate water intake. This may mean fencing creeks or pools, cleaning water

Mr. and Mrs. Nelson Seago accompanied Mr. and Mrs. Leek Goldston of Clarendon to Wellington Sunday where they attended the Tri-State singing.

WITH THE BEST VEHICLES of the past no longer capable of meeting many military requirements for off-road movement, the modern U.S. Army has devised the "GOER" concept of logistical vehicles—placing less dependence on roads and bridges. "GOER" refers to exoskeletal design (the lobster is an example) which

stresses the skin of the vehicle rather than a frame with body added, providing less dead weight and more floatability. Here a GOER gasoline truck ignores bridging in a stream crossing. Not yet in production, the prototypes promise fantastic future mobility for the 900,000-man Army needed for national defense.

Army

Mr. and Mrs. C. E. Jackson visited Mr. and Mrs. Bob Keller of Wellington Sunday.

Mrs. Pete Land, Mrs. George Bulman visited Monday afternoon with Mrs. L. L. Waldrop and Mrs. C. J. Talley.

Mrs. Joe Madder arrived Monday night to visit with her parents, Mr. and Mrs. L. L. Waldrop.

Spend more time with people you like least and you'll find them very likable.

B. H. Higgins, Jack McGowen

**Adventures of the Mind**  
Are the readers of popular magazines of vast circulation interested in serious and even difficult subjects?

The answer is YES — going by the Saturday Evening Post's revealing experience with its Adventures of the Mind articles.

This series marks an attempt to bridge the chasm between the intellectuals and the ordinary citizens of the country. The subjects range a tremendous gamut — art, anthropology, poetry, nuclear physics, religion, the theatre and so on. Each author represented is an outstanding authority in his or her field.

The Post's editors had misgivings as to readership. Experience dispelled those misgivings. Readership was twice as high as predicted, and plans were revised to carry an Adventure of the Mind article every other week instead of every three or four weeks. Now 21 of the articles are out in book form and the book seems headed for the best-seller list.

We live in a complex and serious world. And millions of Americans, fortunately, are eager to learn more about the many facets of that world.

Love is an ocean of emotion surrounded by expanses of emptiness.

**BOY SCOUT FINANCE DRIVE NEXT WEEK**

Dick Tweed, chairman of the Adobe Walls Boy Scout Council Finance Committee, has announced that some thirty-one communities in the Council will kick off their Boy Scout Finance Campaign on October 20th. The Adobe Walls Council includes twelve counties in the eastern Panhandle of Texas and three counties in the Panhandle of Oklahoma. The Council is a member of seven United Funds in this area. In all other communities, the Council will conduct an independent campaign for funds.

The budget of the Council for this year is \$86,843.71. The Council maintains a professional staff consisting of seven trained Scout Executives who live in Guymon, Borger, Perryton, Wellington, and Pampa. In addition, the Council maintains an office located in Pampa which provides services for all of the Cub Packs, Scout Troops, and Explorer Units in the area. Four full-time office employees man this office service

station, maintaining registration records and advancement records on every boy in the Council area. Also included in the budget is money needed for the organization of new units and the training of volunteer leaders in the Council. Another important phase of the budget is the item which takes care of providing camping facilities and the promotion of activities for Scouts in the area. Almost 6,000 Cubs, Scouts, and Explorers are active in the Council at this time. The Council maintains a Scout Camp located at Canadian, Texas, which is open each year to Scouts from all over the Council area. Here Scout units have the opportunity to put into practice Scouting skills such as rowing, canoeing, swimming, life saving, marksmanship, and pioneering.

Finance campaign in each town are being organized by the local volunteer leaders and the funds raised in these campaigns will go towards the over-all Council budget.

The leader here for the campaign is Billy Jack Land.

Mrs. Cal Merchant and son, Virgil, and his sister, Mrs. Roy Carhart of Panhandle returned home Monday after visiting the ladies' sister, Mrs. J. M. Ozier. Mrs. Ozier is a hospital patient at Burnett, Texas.

Mr. and Mrs. Forest Helton and girls of Amarillo visited Sunday afternoon with Mr. and Mrs. J. H. Helton.

**GEORGE BULMAN IN RACE FOR COMMISSIONER**

The Leader has been authorized to announce the candidacy of George Bulman for the office of Commissioner of Precinct No. 1.

In making his announcement Mr. Bulman stated that he had resided in Precinct No. 1 the majority of the 43 years that he has been a resident of Donley County.

I feel that I am fully qualified to serve the people of this precinct and Donley County to the best interests of everyone concerned and I will make an effort to see everyone in this precinct prior to the Democratic Primary, May 7, 1960. Your vote and consideration will be appreciated, he stated.

**CAP MORRIS ELECTED SCD SUPERVISOR**

C. B. Morris was re-elected supervisor from Zone 1 of the Donley County SCD in an election held Oct. 6, at the County Courthouse.

Other supervisors are F. J. Hommel, Zone 2, T. C. D'Spain, Zone 3, W. P. Doherty, Zone 4, and Roy Jewell, Zone 5.

The job of Soil Conservation District Supervisors is to direct the conservation work in a district. They serve without pay and their efforts should certainly be commended.

Those present for the election were Morris, Mr. and Mrs. H. A. Green, John Knorpp, L. O. Christie, J. B. Lane, Mr. and Mrs. Red Hill, George Bulman, Charles Bairfield, Pete Land, E. W. Anglin, Mr. and Mrs. Charles Hearn, H. M. Breedlove, County Agent, Bland Draper and Dwayne Dallas, Soil Conservation Service, were also present.

**ATTEND FAMILY REUNION**

Mr. and Mrs. Walter Green, Gene Green and the Harold Green families attended a family reunion at Gainesville last week. There were 87 present for the occasion.

Mr. and Mrs. R. O. Thomas visited last week with her sisters, Mr. and Mrs. Cavanaugh of Silvertown and Mrs. Ben Mortan of Floydada.

**SPECIAL SERVICES AT HEDLEY ASSEMBLY OF GOD**

There will be three special Gospel Services at the Assembly of God Church in Hedley this coming Friday, Saturday and Sunday, Rev. T. E. Gibson, pastor, announced this week.

The speaker will be Rev. Chas. J. Easter of Lubbock, sec.-treas. of the West Texas District Council of the Assemblies of God.

Everyone is invited to hear Rev. Easter speak at these services.

**HOSPITAL NOTES**

Patients as of Wed., Oct. 14: Mrs. J. L. Bain, Pete Kunz, Mrs. W. T. Roberts, Mrs. Clyde Hudson, and Charles Starkey.

Dismissals: Mrs. C. E. Bairfield, Goldie Beasley, U. T. Fowler, Mrs. Grace Grumke, Mrs. J. T. Gunn, Royce Hawthorne, Mrs. Bob Morris, J. W. Sullivan and Ronnie Tyra.

**FAMILY HOME**

The W. W. Dodson's enjoyed the visit Saturday of their children which included Mrs. Clyde Fletcher and granddaughter Loretta Runnels of San Pablo, Calif.

Mr. and Mrs. C. O. Dodson and son, Jimmy Douglas, Mr. and Mrs. Herman Dodson and Linda, Mr. and Mrs. Darrell Dodson, all of Amarillo, Mr. and Mrs. Arvie Dodson and sons, Michael and Milton of Texarkana, and Miss Sandra Miller of Odessa.

All except Blanche Fletcher returned to their homes Saturday night and Sunday. Mrs. Fletcher will continue her visit here for another two weeks.

Jimmy Bain, who is attending Howard County Junior College at Big Springs, arrived Friday to spend the week end with his parents, Mr. and Mrs. James R. Bain. Sunday afternoon, Mrs. Bain and Montye Mann returned Jimmy to his school.

Mrs. D. L. Hukel of Dallas and Mrs. Texie Heath of Amarillo visited Wednesday with Mrs. F. E. Caraway. In the afternoon all visited in the home of Mr. and Mrs. D. S. Smith.

**TO THE VOTERS OF PRECINCT NO. 1**

In announcing for Commissioner of Precinct No. 1, I would like to take this means to tell you, the people, I have been a resident of Donley County 28 years, and have lived in this precinct for 26 years. I feel capable of carrying out the duty and doing the job as commissioner. If you see fit to elect me in the coming Primary Election on May 7th, your vote and influence will be greatly appreciated.

Thank you, Clarence Reynolds

Gordon Simpson returned home Tuesday from Joliet, Ill., where he had been with his father, Harrison Simpson, who underwent emergency surgery Tuesday of last week in the Joliet hospital. He was reported out of danger and improving nicely at the time Gordon caught his plane to come home. His many friends here wish him a speedy recovery.

Mrs. Eva Humphrey left Sunday for Dumas where she will spend the winter months with the John Humphrey family.

Mr. and Mrs. George Garrison of Guymon, Okla., spent Saturday night with her mother, Mrs. Frank Whitlock.

Mr. and Mrs. G. W. Estlack and Mr. and Mrs. David Patterson and Marcy of Canyon visited Sunday in the home of Mr. and Mrs. I. T. Whitlock and Larry in Amarillo.

**Grass Roots Opinion**  
Boonton, N.J., Times-Bulletin: "Unfortunately, we still have too many youngsters who are not protected... It seems incredible to me that a parent would not take that interest in a child," asserted United States Surgeon General Leroy Burney in urging parents to have their children inoculated with the Salk vaccine.

"He added that results of the Salk polio vaccine have been both 'dramatic and miraculous'—protecting about 85 per cent of those vaccinated against paralytic poliomyelitis."

Keith Hudson, a student at the University of Houston, spent the week end with his parents, Mr. and Mrs. Willard Hudson, and other relatives, and was here for Homecoming activities. He returned to school Sunday.

Mr. and Mrs. H. R. Hensley visited last week with her mother at Lamesa. It was learned Monday that Mrs. Hensley is confined to a hospital there where she is hemorrhaging from an ulcer.

## TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

### CHALLENGE

No crystal ball or sixth sense is required to realize the problems which beset mankind today. One has only to pick up any newspaper and scan the headlines to get an idea of that with which our generation must wrestle and solve every day. A glance at history and the exercise of even moderate vision into the future reminds us that these problems will increase and will, in all likelihood, intensify. As those which challenged our forefathers differ from those which confront us today, so will those which must be met by our children and grandchildren be altered in succeeding generations.

It has always been the character of the American people to seek, by their own initiative, that which would improve their own standards as well as those of their fellow man. This is the American way, and I hope Mr. Khrushchev observed this on his recent visit to the United States.

Our achievements — past, present, and future — have been and will be accomplished by the process of educating ourselves so as to recognize the problems which challenge our democratic society and find their solutions. The necessity for a balanced education has never been so great, and this necessity will grow in the immediate and long-range future. The challenge is being felt, and will be met where it rightfully should be — in local communities and in the separate States. In 1950 the State of Texas had a college-age population of 500,615 and college enrollment of 125,624, or 25.1 percent of college eligibles enrolled. In 1955 the college-age population was 527,907, with a 29 percent enrollment of 153,148, 175,854 or 31.5 percent of the 558,202 college-age population was enrolled in 1958. This 31.5 percent enrollment compares with 17.9 percent in Mississippi and 63.9 percent in the State of Utah. I hope the percentage of increase continues to rise. All foreseeable estimates indicate our expanding population will continue to increase. American education will, therefore, most likely meet its greatest challenge in the remainder of the twentieth century. I have infinite faith that we are accepting the challenge and will solve the problems, no matter how difficult.

One of the greatest problems is one which we hear constantly, to-wit: the acute teacher shortage. Americans, and particularly was in Texas, are blessed with a strong force of efficient, conscientious teachers who are aware of their great responsibility in advancing American democracy. They are, in many cases, underpaid and they are in all cases in great demand, in elementary and secondary schools as well as colleges and universities. Teachers constitute the largest single professional group in the United States and it seems to me this is as it should be. The number must be increased, however, if we are to cope with the challenge which is ours. I can think of no greater opportunity as a life work than that afforded by the teaching profession. If America is to fulfill her role of

leadership in a free government and an enlightened society, it will come about in large part because we demand good schools and are willing to support good teachers.

### Grass Roots Opinion

Newberry, S.C., Observer: "Dr. Robert B. Corbett, president of New Mexico State University, said in a speech recently that a few years ago young men were told not to take engineering because engineers were a dime a dozen. Today, he stated, men trained in engineering are the scarcest and most demanded in our economy."

"The same situation could conceivably develop in farming. Our population is increasing so rapidly that in 10 years, according to Dr. Corbett, unless the nation is careful, it may wake up and find itself incapable of providing food for that sharply expanding population."

Knoxville, Georgia, The Post: "Things can always be worse. Thirty years from now speeders will crash in the sky and fall on pedestrians."

If you don't park your car to count your sheep. You're headed for the last round-up.

The 1960 Plymouth is the strongest, quietest, fastest accelerating, most economical operating car in Plymouth's history. It features unified body and frame structure and completely new styling for this economy champion. Two completely new engines are added in the 1960 Plymouth line of six engines, each of uniquely different design and each developed to fulfill a specific requirement. The 30-D Economy Six, with 145 horsepower, is introduced for drivers who require maximum fuel savings. The SonoRamic Commando V-8, with 330 horsepower, which brings ram induction to passenger cars for the first time, is primarily a "performance" engine with outstanding acceleration characteristics.

## LONE STAR AGRICULTURE

Texas Dept. of Agriculture  
John C. White, Commissioner

### NEW EGG PRODUCTS SOUGHT

Experts in the egg industry are pooling their knowledge to increase the demand for egg products.

Great strides will have been made when producers have reached the goal of producing large volumes of uniformly high quality eggs. The key to an increased demand for eggs lies in the words "egg products".

There have been many suggested kinds of products, such as egg coated cereal products; a pre-packaged egg salad mixture; high protein egg bread; frozen prepackaged French toast; instant eggs in an aerosol can; scrambled eggs in the shell; brown and serve eggs; frozen egg nog; and fried eggs sliced from a bar.

But it isn't easy to create, develop, and market new egg products. Research has shown that out of every 500 bright ideas, usually only one proves practical enough to reach the market as a finished product. And only one or two new products in 50 are good enough to last two years

on the market.

In developing a new egg product a firm must conduct basic research before it finally decides it has a product that will sell on the market. Then comes the developmental stage. The product must be packaged properly. It must be placed on the market in a limited test area. Checks are made to see how it moves from the store shelves, maybe at different prices. Some purchasers may be interviewed to test their reactions to the new product.

This whole business costs money. It isn't unusual for some food firms to invest a million dollars or more in developing and marketing a new food product.

Perhaps one of the most fertile areas for development at this time is in using egg solids (dried eggs). The Quartermaster Food and Container Institute for the Armed Forces has now developed dried egg solids which, when scrambled, are far superior to the average served in public eating places today.

However, the best bet for the immediate future is to educate Madam America to the advantages in time, money, health, and well being that come packaged in one of nature's finest and most versatile food products, the egg.

### LIVESTOCK FEEDING SITUATION STUDIED

College Station — Can profits be made from livestock feeding this fall and winter? This question is coming from all sections of Texas, as farmers and livestock feeders study the situation.

C. H. Bates, extension farm management specialist, says there is no strict yes or no answer to the question because of the difference in price for various classes of livestock and the variation in costs involved in producing a pound of gain.

However, Bates adds, a number of important factors can be considered that will help to determine the relative position of feed and livestock prices. Then by appraising individual feeding skill, ability to buy feeders, credit position and facilities available, an answer may be reached.

To figure livestock price-feed ratio, Bates uses the prices of hogs and beef steers on the Fort Worth market. These prices are then related to the farm price of No. 2 yellow milo. For the most recent three-months period, these ratios were 14.5 for steers and 8.0 for hogs (which is equivalent to 13.0 on corn-hog ratio). This means that 100 pounds of choice steers at Fort Worth is equivalent to 1,450 pounds of milo on the farm. Likewise, 100 pounds of live hogs were worth 800 pounds of milo.

In the months ahead, Bates adds, the ratio is expected to decline for hogs, due to the 12 percent increase in marketings over a year ago. The steer price-feed ratio should show little change, he believes.

Recent studies in Central Texas show that when a farmer does not have to make a considerable investment in feeding facilities (water system, pens, etc.) a \$30 per head profit might be expected when yearling steers are fed 120 to 130 days. Steers used in this study were fed silage, cottonseed meal and ground milo. The cost of the steers was 26c and the selling price was 27c. Figuring the profit to labor, capital and management, it averaged over \$3 per 100 for the milo fed.

Bates adds that if you have grain and are considering feeding and need assistance in figuring whether steers or hogs might be profitable, see your county agent and discuss the question with him.

Dr. Sylvester Petro, law professor at New York University, has published a book entitled "Power Unlimited: The Corruption of Union Leadership." Excerpt: "Unions have taken great advantage of . . . special privilege to defy the laws, precepts and principles of good society. Working men have been beaten and robbed. Business men have been the victims of extortion. Consumers have been exploited. Political figures and governmental officers and agencies have been corrupted. Few significant areas of society have been left uncontaminated. Out of unlimited power, unlimited corruption is breeding."

In 1938 the first operational radar to be installed in a U. S. Navy ship was placed in the USS New York.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

**AUSTIN** — This time three years ago nearly every newspaper in the state was writing about "the water problem."

It was a discouraging time. Texas had come through a scorching, dusty summer that forced many farmers to leave their

stunted crops in the fields and hunt work in town.

Ranchers were equally hard hit. In many cases, due to lack of feed, they sold their breeding cattle, lost their land or went heavily in debt.

It was the climax of the most widespread drought ever recorded in this region. Average rainfall for the year dwindled to 16.2 inches, second lowest figure since 1888.

Office seekers in the campaign year of 1956 had a good deal to say about how hard they would work to "solve" the water problem. Many did work hard.

But three years later the water problem is still far from "solved." By the time the Legislature met in 1957, the rains had begun. It rained so much that many

people, of necessity, became more interested in flood relief than drought relief.

Three major water measures were passed in 1957, however. These measures:

(1) Set up the Texas Water Development Board with a \$200,000,000 fund to make loans to help pay for local water projects.

(2) Established a planning division in the State Water Board to do research on water needs, but without authority to recommend an overall plan. Appropriation was \$900,000, in stead of the \$1,200,000 recommended by the governor.

(3) Gave the Water Board authority to contract for water storage space in federal reservoirs, with legislative approval. Last two of these was passed only after Governor Daniel resubmitted them at a special session. And then they almost went under when a city-farm fight developed on the side issue of whether farmers should be able to dam up small lakes and use them for irrigation.

This year the Legislature inched up the Water Board budget by \$200,000. But the \$2,037,000 appropriation was \$800,000 less than requested by the governor. As yet, the Water Development Board has made no loans for construction. Engineers in the State Water Board's planning division are working on a statewide report due in 1963, and a federal commission is also making a study. But legislators are skittish about having anything that might be called a definite state plan for fear it will set sectional jealousies aflame.

So dear is water to most Texans' hearts that almost any move by anyone to do anything with some of it is sure to be interpreted by a neighbor as "grabbing."

Guadalupe-Blanco River Authority and the City of San Antonio had a long, bitter hassle over the Canyon Lam project.

Right now, the biggest fight is on the Trinity. After months of bickering, the City of Houston and the Trinity River Authority agreed to cooperate in building a dam at Livingston.

Now the San Jacinto River Authority is protesting. SJRA officials are telling Houston people that Trinity water is of "poor quality" and that San Jacinto water could be developed at much lower cost.

Amid it all, engineers and business analysts have some sobering reminders:

(1) Drought of the 1950's cost Texans \$3,000,000.

(2) Another drought is coming and when it does, population will be greater and water needs higher.

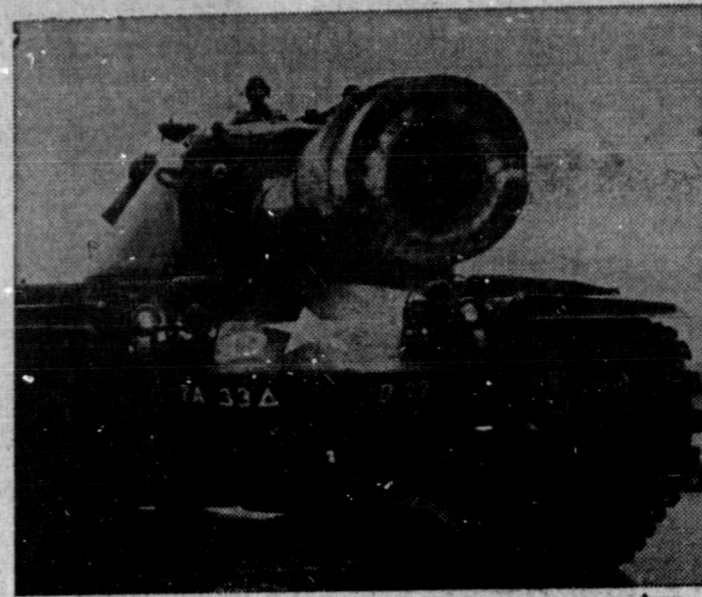

(3) Water to carry the state through a drought can only be stored up in rainy years, and three of those "good" years have already passed.

**WORK CUT OUT** — Gov. Daniel continues to talk like a man who doesn't feel that his work as a public servant has been completed.

Speaking to a school audience, the governor dwelt on "the need for another forward step in providing better schools, including increased salaries for teachers." He said he hoped the Legislature would be ready to do something about it early next year.

In another speech, he called attention to the Legislature's failure this year to pass laws dealing with crime prevention, traffic safety, narcotics and dormant funds.

Some observers feel that if the governor calls a special session and the Legislature fails to take care of all these items — which would be a batch of tough legislation — the governor would feel compelled to file for re-election on Feb. 1 in order to see things through.

**HANDS UP!**—A long, low and powerful tank of the U.S. Seventh Army is ready to get in some firing practice at Berge-Hohne training area in Germany where troops of "Our First Line of Defense" are deployed, ready and highly-trained. Competitive tank gunnery practice among armored units keep the American soldier-tankers at a high degree of proficiency.

cord of no accidents or moving traffic violations for the past three years . . . Fall and early winter vegetable gardens are off to a good start in South Texas, reports the U.S. Dept. of Agriculture. In other parts of the state, harvesting of cotton, sorghum, corn and rice continued . . . Watson Wise of Tyler has been appointed by Gov. Daniel as state chairman for United Nations Day in Texas. UN Day has been observed on Oct. 24 each year since 1948. President Eisenhower has called upon state and local governments to cooperate in this year's observance. Wise is chairman of the Texas Good Neighbor Commission. He served as a U.S. delegate to the 13th General Assembly of the UN in 1958-59.

If we had to walk in the other fellow's shoes from time to time, maybe we wouldn't criticize the way he walks.

**NO THANKS** — Atty. Gen. Will Wilson has filed a brief with the Atomic Energy Commission giving Texas' reasons for not wanting atomic waste dumped in the Gulf of Mexico.

**Industrial Waste Disposal** Corporation of Houston is seeking an AEC permit to dump radioactive waste material in concrete lined barrels into 6,000 feet of water 200 miles south of Galveston.

Texas brief expresses fears that the barrels might come apart allowing the materials to be washed ashore by the tides. It says that Texas will remain opposed to the plan "until clear, convincing and positive proof is produced to show that such operation may be conducted with absolute safety to persons using the beaches and waters of the

Gulf for any purpose.'

**SHORT SNORTS** — Austin Dist. Judge Charles O. Betts has given approval to the state liquidator to make a stock sale that will bring in some \$615,000 to pay off creditors of the defunct OCT Insurance Company . . . Women's Christina Temperance Union, which held its national meeting in Texas, joined other groups asking for legalized tests of persons suspected of driving while intoxicated . . . Dr. R. C. Garrett, Taylor veterinarian, has been named assistant director of the Texas Animal Health Commission . . . State Board of Insurance has announced a plan by which auto insurance rates will be cut for safe drivers and raised for the accident-prone. It will bring as much as a 20 per cent rate reduction for drivers with a re-

A Teacher's Prayer  
Lord, give me strength to make the day,  
And enough left over for the P.T.A.

Teaching Children, in our books, is one of the grandest and most rewarding professions to which a man or a woman can

dedicate their life. Our public school teachers, private teachers, those who teach in Sunday schools, and all other who instruct our children have assumed on of the greatest of all responsibilities.

Outside of the influence of the home, and in some cases even that may be surpassed by the teacher on the lives of our children. Thinking along this line we are always thrilled when we hear some outstanding young person say that they are preparing themselves to be a school teacher.

The following words more or less tell the importance of teaching:

I Saw Tomorrow  
I saw tomorrow marching on little children's feet;  
Within their forms and faces read the prophecy complete.

I saw tomorrow look at me from little children's eyes;  
And thought how carefully we'd teach if we were only wise.

In addition to teaching our young many of our teachers fill a busy and useful place in the churches and community. Sometimes we may overwork them with these activities. We have heard more than one teacher say that their greatest need was to be able to concentrate their energy more on the job of teaching children rather than the many varied and sundry worthwhile projects that take so much valuable time. Along this line, we parents can help.

peace."  
In the 13th chapter of Ezekiel and the 10th verse we find the above used in connection with the people being deceived in that day. Somehow the words have been sort of ringing in our ears since the proposal of Mr. Khrushchev was made to the United Nations.

The talk of peace was meant to sound good, and many peoples of the world may find great hope and comfort in the talk. But we need to consider the actual works of those who are talking peace. We soon find that their deeds do not correspond to the spoken words. Like in the days of Ezekiel the work of their hands has been with untempered and worthless mortar and will not stand the test of time.

Peace can only come when the hearts of people have been changed and it just doesn't seem

that this would begin with a people who deny all the teachings of the Prince of Peace. Jesus, as he came bringing this peace into the hearts of men, did so with a spirit of love and humility. Hopes for peace that are based on barbed wire slave camps and the crushing of the will of people cannot hold much promise.

Somehow, we are sorry that Mr. K. got the opportunity to daub the walls of propaganda with this impractical and untempered mortar; many will be deceived. But, the challenge comes back to us that we must hold higher the spirit of freedom, let the world keep hearing the voice of truth, proving to the world that real peace comes only when our hearts have been made right.

**GEORGE'S WIFE**  
By "Sarah"

How about that cover on Sept. 12th Saturday Evening Post? Amos Sewell captured the hearts of millions of American women with that little masterpiece. What he doesn't know is that this one moment will be the last

ilizer, hybrid varieties have all added to the production but we were thrilled as we saw several feed lots along the way that was helping take care of the consumption. Rather than send our cattle to some northern or far west state, then shipping our grain along to feed them, folks are building up a great business of feeding cattle right here where both are grown.

until school is out next spring. Already Mom has gone through enough red tape to have put over a big business deal. P.T.A. starts with that first day of school, who knows, she may even be president. Each one of the little darlings will want her for room-mother. Then the race begins: music, band, football, gem and dancing, just to name a few. With formals and other costume's to fit the occasion.

George is of the old school though, and can't understand how a sweet young thing like what's on the cover getting all wore out with just three kids. Says his mother had five, done all her housework, washing, ironing, cooking, all without a baby sitter and he never saw her in that shape.

We remember our dad farming a lot of land with horses and one row equipment, with just mother and us kids to help, too, George, do you remember that? Yes and I noticed a picture in the paper the other day in some backwoods community, they are still doing that, he remarked.

Grain Sorghum has reached a place of prominence in our West Texas area which we could never have dreamed of a few years back. Irrigation, better varieties, greater local use are just a few of the things that have contributed to this great surge in the production of feed grains. All this made us realize all the more the tremendous job that is facing the grain producers as through their organization they plan and work for greater markets.

The other day, along with a friend, we made a swing through Wayside, Happy, Nazereth, Dimmitt, Bovina, Friona, Hereford, Canyon, and all the wonderful smaller communities along the way. It was a real inspiration to see the fields ready for harvest. This trip is only one of the many such drives one could make.

Humming irrigation wells, fert-

From the Parker-Whitlow pens at Wayside, which are almost push-button in modern design and take care of 500 head to the larger more or less stocker feed lots of Smiley Triplett at Bovina which can handle 4,000 head we find all sizes in between including the farmer with 50 to 100 head. This is solving our problem in the real genuine American Style.

**ANNOUNCING THE NEW PLYMOUTH!**

SOLID FOR '60! AT YOUR DEALER'S TOMORROW!  
**BUILT A NEW SOLID WAY TO GIVE YOU SOLID SATISFACTION**

CHRYSLER ENGINEERING INTRODUCES A NEW KIND OF PLYMOUTH THAT MARKS A MAJOR BREAKTHROUGH IN CAR DESIGN. BODY AND FRAME UNIT ARE WELDED TOGETHER AS ONE, IN A NEW WAY. MANY PARTS THAT WORK LOOSE, RATTLE AND NEED FIXING IN ORDINARY CARS ARE ELIMINATED. THIS LOW-PRICE '60 PLYMOUTH IS STRONGER AND ROOMIER. IT USES LESS GAS THAN BEFORE. IT RIDES MORE COMFORTABLY, WE BELIEVE, THAN ANY OTHER CAR IN ITS CLASS.

PLYMOUTH'S NEW DURA-QUIET UNIBODY is a rigidly-formed structure, locked by approximately 5400 precise welds. It has no conventional body bolts, braces, struts or stays to give trouble. Road noises and road shocks are dampened. Even the sound of the wind is hushed.

We doubt if any car at any price has ever ridden or handled as well as this new low-price automobile. Practical Stabilizer Design, incorporating rear stabilizer fins, adds stability on the road, cuts wind resistance, gives better gas mileage.

The new Solid Plymouth is a young, exciting car with ten full years of

Chrysler Corporation development behind it. It will suit you particularly if you want a feeling of quality and a sense of craftsmanship. It is built carefully and precisely. We believe there is no other car in the low-price field that resembles it.

AN ALL-NEW INCLINED OVER-HEAD VALVE "6" IS AMONG FIVE PLYMOUTH ENGINE OPTIONS FOR 1960. The first inclined engine ever in an American passenger car is the new Plymouth 30-D Economy Six, most powerful "6" in America. Very economical, it is inclined to make servicing simpler, to lower the car's center of gravity and to make handling and riding easier. Also for 1960: the limited-production SonoRamac Commando V-8\*.

SOLID PLYMOUTH 1960 OFFERS FEATURES NO OTHER CAR IN ITS CLASS CAN OFFER. Custom-Positioned Front Seat. Safe-T-Matic doorlocking system\*. RCA "45" Record Player\*. And many more.

\*Optional at extra cost

### CHAMBERLAIN NEWS

Mrs. A. O. Hott

Our sympathy goes out to Mr. and Mrs. A. L. Formway over the passing of her father, Mr. L. Payne, Sept. 28 at Tulia.

Little Miss Laura Lisa Holland had her first birthday on Tuesday, Oct. 7. Helping her enjoy her birthday cake were Mrs. Ralph Hill and children, Mrs. James Owens and children, Mrs. J. D. Jones, Jr., and her grandmother, Mrs. J. C. Heathington. Also her brothers, David, Johnny and Jerry.

Mr. and Mrs. Sidney Muse and family of Dimmitt visited his parents, Mr. and Mrs. Lee Muse, Sunday.

Mr. and Mrs. A. O. Hott visited Mr. and Mrs. W. B. Ayers Monday night.

Those visiting in the home of Mr. and Mrs. W. H. Gray Sunday were Mrs. Gray's brother, Mr. A. P. Sanders, of Lockney.

Mr. and Mrs. R. G. Morris and boys of Petersburg, Mr. and Mrs. Vance Gray and family of Ash-tola, F. O. Hodges of Clarendon, and Mr. and Mrs. W. A. Gray and son of Amarillo spent the week end.

Those visiting Mrs. R. M. Webb and Billy Waddell Sunday were Mr. and Mrs. Alton Webb, Peggy, Mike Webb and Cynthia Smith of Lelia Lake, Mr. and Mrs. Price Webb, Mrs. Kenneth Webb and her grandmother, Mrs. Wilkerson, of Clarendon.

Janie Lou Ivey spent Friday night with Sue Phelan.

Milton Mann accompanied the ag. teacher, Mr. Jerry Hawkins, on a hog buying trip to Iowa for next year's ag. class.

Our sympathy goes out to Mrs. J. C. Heathington whose great-aunt, Mrs. S. J. May, passed away in Amarillo Tuesday. Mrs. May was once a Chamberlain resident.

Mr. and Mrs. Richard Dingler

attended the Dingler reunion in Littlefield Sunday at the home of Mr. and Mrs. Billy Cowan.

Mrs. D. G. Balew went to Fort Worth Tuesday to spend a week with her son, Mr. and Mrs. Harold Darby and son, Kraig.

The John Heathingtons are sporting a new Ford. Their first ride was to visit Grandma Ivey Tuesday night.

Visiting in the H. H. Shields home prior to going to Japan with the Air Force are Sgt. and Mrs. Lovell Myers and children. Sgt. Myers will leave this month, but Mrs. Myers and children will remain in Clarendon for awhile before joining him.

Mr. and Mrs. Garth Cater and sons of Dumas visited his parents, Mr. and Mrs. A. C. Carter Sunday.

Mrs. Jeanie Merchant and sons, Richard, Steve and Bobby, of Canyon visited her parents, Mr. and Mrs. Bob Williams, Sunday.

Junior Mann and H. R. Cowan of Amarillo visited Mr. and Mrs. Richard Dingler last week.

Mr. and Mrs. Abe Turner and son, Mike, of Haskell visited her parents, Mr. and Mrs. Henry Mann, over the week end.

Mrs. Bill Hall and Rhonda of Pampa are here with her parents, Mr. and Mrs. A. B. Ivey. Mr. Hall is in Bonham with his mother who is seriously ill. He returned home Saturday, but his mother is not any better.

Mrs. A. L. Formway spent Thursday in Tulia visiting her mother, Mrs. L. Payne.

Mr. and Mrs. W. B. Ayers visited Mr. and Mrs. A. O. Hott Saturday night.

Mrs. A. C. Carter and Mrs. G. D. Ballew visited Mr. and Mrs. Troy Broome Wednesday night.

Mr. and Mrs. Pat Myers visited in Amarillo Tuesday with their son, Mr. and Mrs. Adrian Myers and family. Leland came home with them for a visit.

Mr. and Mrs. G. L. Ivey and family of Amarillo and Mrs. Minnie Ivey of Clarendon visited Mr. and Mrs. A. B. Ivey Saturday night.

Mrs. Joe Naylor and baby of Alvarado spent the week with her parents, Mr. and Mrs. A. L. Formway.

Mr. and Mrs. W. H. Ellis visited Mr. and Mrs. D. G. Ballew Saturday night.

Mr. Lee Muse and his son, Sidney, of Dimmitt fished in Oklahoma last week. Their catch was good.

Mr. and Mrs. Dub Smith and girls, Mr. and Mrs. J. C. Heathington visited the A. B. Iveys Friday night.

Mr. Walter Lowe visited Mr.

and Mrs. W. H. Gray Monday evening.

Mr. and Mrs. D. G. Ballew visited Mr. and Mrs. Bob Williams Sunday evening.

Billy Waddell called on Mr. and Mrs. W. H. Gray Thursday evening.

Lenda and Shirley Welch spent Sunday with Laveta Formway.

Mr. and Mrs. Nuford Dill visited Mr. and Mrs. A. C. Carter Sunday.

Mrs. Louis Robison and Mrs. Don Robison and baby visited Mr. and Mrs. W. H. Gray Friday evening.

Mr. Wilfred Hott of Bryan visited his parents, Mr. and Mrs. A. O. Hott Tuesday night.

Club will meet Nov. 12th with Willie Hott as hostess.

Mr. and Mrs. A. O. Hott attended the Cotton Festival at Hedley Saturday. It was very nice and we enjoyed it very much.

Live pedestrians and successful men always think fast on their feet.

**HAWK EYES**—Looking for out of this world like a BEM ("Bug-Eyed-Monster" of science-fiction), this radar used in the modern Army's HAWK (Homing-All-the-Way-Killer) missile system gives the missile its outstanding ability to hunt and destroy low-flying attackers even at tree-top level. The radar automatically tracks the target, ignoring unwanted reflections from stationary objects such as trees, hills and buildings.

Call for Appointment

**THE STATE OF TEXAS**  
To Any Sheriff or Any Constable Within the State of Texas — Greeting:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper printed in Donley County, Texas, the accompanying citation of which the herein below following is a true copy.

**Citation By Publication**  
The State of Texas  
To: JAMES D. MOODY, Defendant, Greeting:

You are Hereby Commanded to appear before the Honorable District Court, 100th Judicial District of Donley County at the Courthouse thereof, in Clarendon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 23rd day of November, A.D. 1959, to Plaintiff's Petition filed in said court, on the 14th day of September, 1959, in this cause, numbered 2993, on the docket of said court and styled Sara Lee McNally Moody, Plaintiff, vs. James D. Moody, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff is suing for divorce from the said Defendant on the grounds that the Defendant was guilty of excesses, cruel treatment and outrages toward the Plaintiff, and was ill treatment of such a nature as to render their further living together as husband and wife insupportable, and in addition thereto the Plaintiff is asking for the restoration of her prior name to Sara Lee McNally.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unexecuted.

The Officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Clerk of the District Court of Donley County, Texas.  
Issued and given under my hand and seal of said court at Clarendon, Texas, this 10th day of October, A.D. 1959.  
[s] P. C. Messer  
Clerk of the District Court of Donley County, Texas

# Never before such a car priced with the lowest!

Thrifty Seneca sedan—one of a complete new line of economy cars in the low-price field. Dodge Division of Chrysler Corporation

## DODGE DART

Saving can be exciting! Why scrimp on comfort, style, luxury? Dart makes them yours at lowest cost!

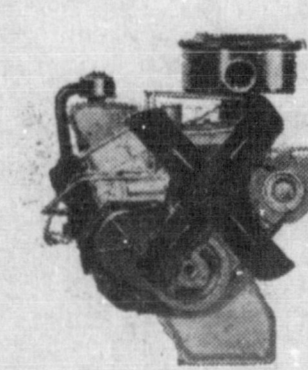

If you like full-scale economy teamed with full-size pride and pleasure, there's a new Dodge Dart that's made for you.

In fact, that fine sculptured beauty pictured above can actually cost less than many a cut-down "economy car".

So you say—"Yes, but how about gas economy?" That's when you find out about Dart's sensational new Economy Slant "6". Acts like an 8, yet delivers top mileage (story at right).

And if that's not enough, look what else you're getting for your money. New one-piece Unibody construction—squeak-free, rattle-free, virtually rustproof. New Free-Flight Power that suspends the engine in space. Torsion-Aire Ride, finest ever devised. And more—all at no extra cost.

Come on in and see what all the excitement's about. Make today the day you discover the Dodge Dart.

**NOW!**  
A money-saving "six" that acts like an "eight"!

Look under the hood! Notice how the new Economy Slant "6" is slanted a full 30 degrees. A special intake manifold provides evenly balanced fuel distribution to all cylinders. This highly advanced design lets this modern engine breathe better, breathe deeper, to deliver V-8 "go" at wonderful 6-cylinder savings.

This is the first new "6" in the low-price field since 1955. There's nothing like it on the road. Drive a Dart "Six"—and see for yourself. (Two new V-8's in the Dart line, too.)
