Ken Dorris Has Number Sense

Some people have horse sense, and a few more have common sense. Ken Dorris, Vice President for Commercial Loans at FirstBank Southwest, has Number Sense.

"Actually, Number Sense isn't something you have, it's something you do," Ken stated and he should know. Ken has had a passion for numbers all his life, which is probably why he eventually graduated from Baylor in 1987 with a degree in Economics and Finance. As a senior at Clarendon High School in 1983, Ken took first place in a University Interscholastic League Number Sense competition by solving 80 complex math problems in a mere ten minutes.

So what, exactly, is number sense? "Basically, it's a way to supplement memorized math principles with certain 'tricks of the trade' to break down problems into easy to solve elements," explained Ken. He also pointed out that this was an easier way to solve problems than the traditional ways we all learned in school, and was certainly faster.

But faster is of little use if the answers aren't correct. To prove the value of Number Sense, he agreed to a contest against a pocket calculator. The first problem, the square of 125, was correctly answered by Ken just as the calculator displayed 15,625. He decided that was too easy and tried a more difficult problem, 373 X 525. This one took slightly longer to solve, but still Ken's answer matched the calculator's.

Although it looks like nothing but a math club party trick (and Ken admits he does get requests at parties to display his skill), there are practical applications for Number Sense. "Here at FirstBank Southwest, I deal with people who trust me to help them with their finances. It makes customers nervous to see a calculator, because then they think we're talking about sums to big for even a banker to comprehend," said Ken, who uses his math skills to determine a more customer-friendly business environment. "When I can develop large figures quickly, it generates customer confidence by alleviating their fear of numbers."

Keep JAMES SHELTON District Attorney

My opponent tells you that he wants to be a full-time prosecutor, but:

1. In an interview published in *Amarillo Globe News* on Thursday, December 9, 1993, he was quoted as follows:

"I'm going to prosecute first. If I have some spare time, I might look at possibly doing some private practice on the side."

2. He fails to tell you that a full-time prosecutor acting under the Professional Prosecutor's Act make in excess of \$85,000 a year.

3. The 100th Judicial District, like most rural districts, has never had a full-time prosecutor. The district has received excellent representation in the past with many fine District Attorneys, including Davis McCoy and John Forbis.

4. He has not held a job or worked a single day since January 1, 1994! Prior to then he worked regular hours as an assistant district attorney in Potter County.

My opponent tells you that he is the most qualified candidate to be District Attorney for the 100th Judicial District, but:

1. He did not even live in this district prior to January 1, 1994. The law requires that a candidate must reside continually in the district for six (6) months before the filing deadline of January 3, 1994.

2. He has never handled a case of any type in the court of the 100th Judicial District.

3. After several months of interviews, background checks and reference checks, Governor Ann Richards appointed me, James Shelton, as District Attorney for the 100th Judicial District, even though my opponent was also a candidate for the office.

1994 MEDICAL CENTER King and Queen - Bob Hay and Buelah Maxey.

Medical Center News

Residents of the Medical Center enjoyed having their Senior Citizen singers February 8th. They sing for the residents at least once a month and look forward to their next visit. February 9th, Sybil Rattan and Opal Paschal celebrated their birthdays at the monthly birthday party. Residents and staff sang "Happy Birthday" to each resident, and then enjoyed punch, cake, and good company.

February 14th, the residents enjoyed a Valentines Day party and the crowning of their king and queen for 1994. The residents nominated and voted, themselves, to determine the winner. The residents voted Bob Hay and Buelah Maxey for King and Queen; Prince and Princess were Fred Carter and Mac Muse; first runners-up were Haskel Phelps and Mary Miller. Each gentleman was given a boutonniere, and the ladies were given a bouquet of flowers. After the crowning, the residents and staff enjoyed refreshments and music provided by Judy Sharpe of Panhandle. Judy played several songs on her electric keyboard, and the residents really enjoyed her. They hope to have her back again soon. She was introduced to them by Mary Beth Nelson who conducts their music therapy each week. The Medical Center would like to give a big welcome to their new residents, Carl Zybach and Lillie Messer. They would like to say good-bye to Beatrice Butler who completed her heavenly journey February 5th. They will miss her and remember the good times they shared.

The Activity Director of the Medical Center, Tina Davis, would like to welcome her new assistant, Lisa Moss, to the department. Lisa has worked as Nurses Aide at the Center for almost a year, and has shown great interest in the Activity program. Tina looks forward to working with her and welcoming

The Lions Tale

by Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday, March 1, 1994, at the Lions Hall. Nine members were in attendance. Dee Williams played the piano.

Following the meal the meeting was called to order by Boss Lion Chambliss. After the regular opening ceremony, the Boss Lion presented a membership application from Johnny Hoggatt which was unanimously approved. Welcome Johnny! The sponsoring member was Lion Alderson. A nominating committee consisting of Lions Terry Tamplen, Todd Knorpp and A.R. Henson was elected to present the club with a proposed slate of officers and committees for the '94 - '95 club year. There was no other business and the meeting was adjourned.

her ideas for their activity program.

Etta Milhoan has resigned as Activity Assistant, and her last day was February 15th. She will not be leaving the Medical Center, but has taken a job as secretary to the Director of Nurses, Peggy Cockerham. Tina would like to let Etta know how much she appreciated and enjoyed working with her. Etta's hard work, dedication, loyalty, and love for the elderly are priceless. She's always been one to go out of her way to do for others, and asking nothing in return. Etta, much luck to you with your new job, and may all the happiness and love you give the Medical Center come back your way.

Medical Center would like to let the VFW Ladies Auxiliary of Clarendon know how much they appreciate the Valentine decorations they gave to the residents

LETTER TO THE PEOPLE

The 100th Judicial District is **not** under the Career Prosecutor Act that pays a District Attorney \$85,000 annually, and that salary is set by the state, paid by the state and **only the State Legislature can change it.**

ELECTING ME WILL NOT COST YOU ONE CENT MORE THAN YOU ARE CURRENTLY PAYING! For that same salary you will get someone with over seven years of felony experience and I will do that job on a **full-time** basis **WITHOUT THE DISTRACTIONS OF A PRIVATE PRACTICE.**

Additionally, I am a qualified candidate, having met all residency and other requirements set by law, in addition to being a land owner, property owner, taxpayer and registered voter in this district.

I remained at my previous job for as long as possible to keep an income and to continue gaining experience. I then voluntarily resigned that \$64,000 a year position to let you know I am serious about wanting to be your next district attorney.

Money is not the issue with me. If so, I would have quit prosecuting long ago and began a private practice. I prosecute because I believe in the job and want to make a difference. I have worked hard attending functions, running from house to house knocking on doors, and doing whatever I could to meet the people of the district.

The ultimate question is, **"WHO DO YOU WANT PROTECTING YOUR RIGHTS, ESPECIALLY IF YOU OR YOURS BECOME THE VICTIM OF A FELONY OFFENSE?"**

Myself, my experience and my dedication to prosecution stand ready for your use. I would appreciate your vote on March 8th.

Sincerely,

Randall C. Sims

by Mary Beth Nelson

If historical romance is your favorite type of reading, I recommend three delightful books authored by Jean Peart, writer of several best sellers. Each of the paperback books, found in Burton Memorial Library, offer light-reading fiction on less than 200 pages. Interestingly enough, they are written against an Orphan Train background, thus, the reason for referring to them as the "Orphan Train Trilogy". Jean Peart dedicates each book to the "real riders" of the Orphan Train which, she says, were the inspiration for this series.

Events in the lives of three fictitious girls, Kit, Laurel, and Toddy, are entertained as the eight year olds leave Boston's Greystone Orphanage to start their journey together on an Orphan Train, vowing to always be friends and to never lose track of each other as they grow up. *Dreams of a Longing Heart* is Kit's story; *Quest for Lasting Love* is Laurel's story; and *Homeward the Seeking Heart* is Toddy's story. Even though the

girls have similar backgrounds, the author's imagination creates three entirely different stories. Jean Peart skillfully portrays the girls' personalities as they mature with their new families, as they cultivate friendships, and as they become romantically involved. Even though the stories are not true, it's possible for the reader to visualize true circumstances that occurred in the lives of Orphan Train children as they became older. I almost guarantee if you read one of these books, you're going to want to complete all three.

Incidentally, in Burton Memorial Library's Youth section, the young adult in your family will find an appealing book series entitled *The Orphan Train Quartet*. This series, written by Joan Lowery Nixon, includes four books, *Caught in the Act*, *In the Face of Danger*, *A Place to Belong*, and *A Family Apart*. Just from "skimming" the books, they appear to capture the American pioneer spirit as well as providing high quality mystery and suspense. For avid readers, these books are definitely worth examining. Why not give yourselves and your children a treat, and check it out?

KEEP

JAMES SHELTON

AS 100TH JUDICIAL DISTRICT ATTORNEY

REASONS TO SUPPORT OUR CURRENT DISTRICT ATTORNEY:

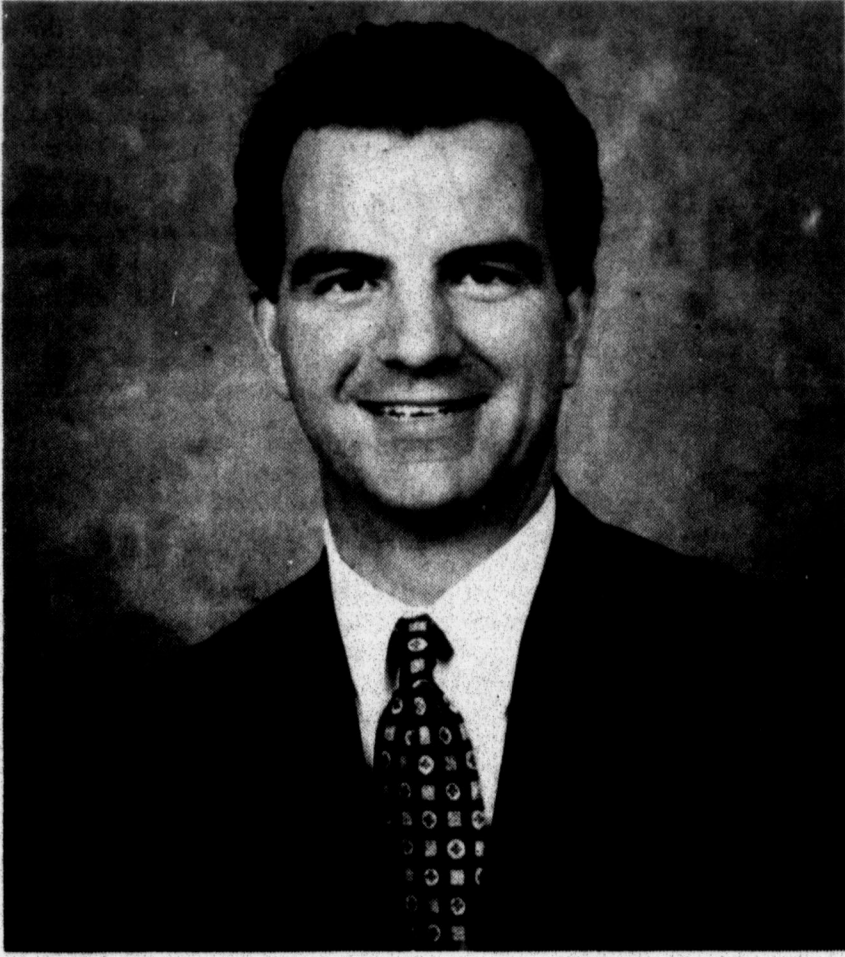

- In September of 1993, our Governor carefully considered several applicants (including Randall Sims) for appointment as our District Attorney. She chose the best and most qualified of those applicants. She chose **JIM SHELTON**.
- Jim has over 9 years experience handling cases in the District Court of every county in the 100th Judicial District.
- Jim was born and raised in Childress.
- Jim has continuously maintained his residence in our district since returning here in 1984.
- Jim is **COMPETENT, QUALIFIED AND EXPERIENCED** in prosecution.
- Jim has already developed an excellent working relationship with the law enforcement officials of our district.
- Jim is above reproach in his honesty, morality and integrity.
- Jim is highly respected by other attorneys in our District (currently holding the office of President of the 100th Judicial District Bar Association).
- Jim is highly respected by attorneys outside our District (having served on the District 13 Grievance Committee).

Jim and Cindy Shelton with children, Taylor (9), Lindsey (11) and Lauren (1-1/2)

"When I was appointed as your District Attorney, I began the job with a thorough knowledge of the law, over 9 years of courtroom experience in the 100th Judicial District, a steadfast belief in God, pride in my family name, and my integrity. It is unfortunate that political advertisements are often misleading and too often do not reveal the whole truth. In these last days leading up to the March 8th primary, I would urge you to talk to your local law enforcement and court officials to see who they would rather have prosecuting criminals in your county. There is no job worth compromising my integrity, family name, or values. I would appreciate your vote for continued effective prosecution in the 100th Judicial District." — James Shelton

KEN DORRIS

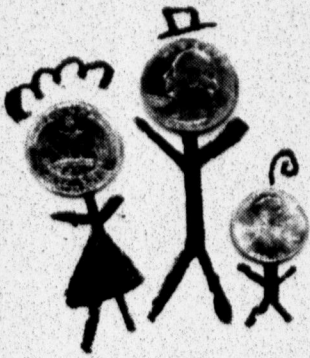

NUMBER SENSE - from p. 1.

But Number Sense isn't just for bankers and math wizards. Ken displayed some locally purchased, easily understood paperback books on the subject, and in recommending their study he told an interesting success story. It wasn't the only Number Sense enthusiast at Clarendon High School," he explained. "In fact, the District champion was at Clarendon High School for four years, and I had to wait for him to graduate so I could go on and take first place as a senior."

For Ken, Number Sense has proven beneficial outside the classroom as well. Whenever he's out shopping with his mother-in-law Ruth Hancock, he quickly figures her savings by computing percentages and sale prices. In fact, Number Sense may have had a part in his becoming Ruth's son-in-law in the first place. "When my wife Amy and I were dating in high school, her math grades really weren't that good. I showed her just a few of these principles, and by the end of the year she had the highest average in her algebra class." The rest, as they say, is history.

Ken isn't claiming credit for his wife's high school algebra success, but he does assert that becoming more familiar with math is a good way for anyone to build confidence. "Let's face it, not everyone can be on the football team," he said. "But everyone has the ability to learn more about math, and even if you don't enter a math competition it's a fun and very useful skill you can use for the rest of your life."

Just One Vote...

In 1645, just one vote gave Oliver Cromwell control of England.
In 1649, just one vote caused Charles I of England to be executed.
In 1776, just one vote gave the United States the English language instead of German.
In 1839, just one vote elected Marcus Morton governor of Massachusetts.
In 1845, just one vote brought Texas into the Union.
In 1868, just one vote saved President Andrew Johnson from impeachment.
In 1923, just one vote gave Adolph Hitler leadership of the Nazi Party.
In 1948, just one vote per precinct re-elected President Harry S. Truman.
In 1960, just one vote change in each precinct in Illinois would have defeated John F. Kennedy.

In 1993, just one vote passed the largest tax increase in history...it was cast by Bill Sarpalius.

Because of that, we support Mac Thornberry for Congress.

Thank You

Words cannot express all the many wonderful deeds that were done during the short time that Authur was diagnosed on the 26th of January as having cancer until his death on February 19th.

We want to express our sincere thanks and appreciation to each and everyone who brought flowers or sent flowers and all the delicious food that was sent while he was sick and after he passed away, also the cordless phone brought to the house especially for Authur.

We want to thank all the farmers that came down and plowed Authurs fields or pulled diesel tanks and all the ladies for cooking the wonderful meal for the farmers. We also that you for all the beautiful cards and words of comfort and donations sent to the cemetery and children's home and Hospice and for the visits while Authur was in the hospital and at home and most of all we especially thank you for the many prayers that were led in our behalf.

Thank you for your presence at the service and for the beautiful singing. We feel blessed in many ways in living in this community. May God bless each of you.

Thank You,

A big thank you to all who came to our aid Friday night when our trailer load of cattle caught on fire north of Clarendon. To the three unknown who helped unload, the ambulance crew, fire department, emergency phones, Joe Richardson and Dr. Deven. Because you helped the cattle and all were saved.
