Changes Anticipated In Operation Of Greenbelt Water Authority

Changes in the operation of the Greenbelt Municipal and Industrial Water Authority are anticipated, if action taken by directors of the Authority is agreeable to the Texas Water Development Board, underwriters of the multi-million dollar project.

The greatest problem for all member cities at present is the high rate for water which was set up by the State Board under a master contract.

In a meeting of the Directors of the Authority Thursday night at the Filter Plant, James R. Nichols, Consulting Engineer, made several recommendations that he felt were necessary for the Authority to adopt at this time.

Following regular routine business, the following Motions were made and accepted by the Directors:

Motion was thereupon made by Howard L. Stanley and seconded by C. L. Johnson that the Authority request each member city to appoint two advisory directors from each member city who shall have the same qualifications as the official director from each member city, who shall serve in an advisory capacity with and between the Authority and the respective member cities so appointing them, but who shall have no vote on the Board of Directors of the Authority. After a full discussion and call of the question, such motion was unanimously passed and carried.

Motion was thereupon made by Howard L. Stanley and seconded by W. Carroll Knorpy that the administrative staff of the Authority shall be expanded to provide an Administrative Assistant to the General Manager of the Authority with such duties as may be prescribed by the Board of Directors, and with such qualifications as may be com-

mensurate therewith. After a full discussion and call of the question, such motion was unanimously passed and carried.

James L. Kuhn, the General Manager of the Authority, was thereupon requested to report to the Board of Directors at the next meeting as to whom he may recommend as an Administrative Assistant and as to what duties that the Administrative Assistant would be expected to perform, and that he shall make a recommendation as to salary schedules as may be proper for the administrative staff.

Motion was made by Howard L. Stanley and seconded by C. L. Johnson that the action of this Board of Directors in its special meeting of July 27, 1970, in which a conditional allocation of the revenue budget was made to the member cities for the fiscal year of 1971, shall be unconditionally rescinded and so that such previous conditional allocation shall be null and void and of no force or effect. After a full discussion and call of the question, such motion was unanimously passed and carried.

Motion was made by Howard L. Stanley and seconded by C. L. Johnson that the General Manager of the Authority, the Financial Advisor to the Authority, the Consulting Engineer for the Authority, and the Attorneys for the Authority be authorized and directed on behalf of the Authority to prepare an application to the Texas Water Development Board to (a) amend the Master Working Agreement so the State will acquire an additional \$1,000,000.00 of storage in the reservoir to more accurately reflect the needs of the Authority; (b) permit the refunding of the principal maturities on the outstanding bonds of the Author-

Boys Ranch Rodeo A Labor Day Event

An event that began in 1944 to help a group of boys will be held for the 26th year when the more than 350 young cowboys at Cal Farley's Boys Ranch put on their annual Boys Ranch Rodeo over the Labor Day weekend.

Competing with each other, the boys will ride bareback broncos, Brahma bulls, steers, calves and stick horses for the trophies and honors that are waiting for the winners. Every boy at the Ranch has some part in the rodeo, either as a contestant or working as an usher, parking cars, operating concessions or helping at one of the many behind-the-scenes jobs that makes the rodeo the only one of its kind in the nation.

"All of the boys have something to do in the rodeo," Ranch president Virgil Patterson says, "and they have been working hard to make it the best rodeo they have ever put on."

A special attraction of the rodeo will be giant-size barbeque beef sandwiches with all the trimmings that will be sold for \$1.00 to those wanting to picnic at the Ranch. This concession will be run by boys learning meal-cutting and cooking for their vocations. Soft drinks, popcorn and other refreshments will be sold by other boys.

Rodeo performances are scheduled for 2 p.m., September 6th and 7th. Tickets for either performance are available in advance at the Boys Ranch office, 600 West 11th Street in Amarillo or write Box 1890. Reserved box seats are \$2.50, general admission is \$1.50 for adults and 75¢ for children. All proceeds are used for the expansion of the Ranch.

DPS Reports Rural Accidents In County

The Texas Highway Patrol investigated seven accidents on rural highways in Donley County during the month of July, according to Sergeant Cawthon, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed, eight persons injured, and an estimated property damage of \$6,260.00.

The rural accident summary for this county during the first seven months of 1970 shows a total of 31 accidents resulting in three persons killed, 19 persons injured, and an estimated property damage of \$74,625.00.

"School days" are here again. The familiar yellow school buses are back on the highways. The Sergeant reminds all motorists of the state law regulating traffic in regard to school buses.

"The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

53 PROSPECTS REPORT FOR FOOTBALL TEAM

Coach Clyde Noonkester reported that 53 prospects had reported for the Broncho squad and that four workouts were being held each day, the Freshmen from 7 to 8 a.m. and 5 to 6 p.m., and the Varsity 8:30 to 10:30 a.m. and 6:30 to 8:30 p.m.

It's a bit early to make any definite comments, but we have a good looking bunch of boys working out, the coach stated.

MARTIN COMMUNITY ANNUAL BARBEQUE

The Martin Community annual Chicken Barbeque will be held Friday, August 21, at 8 p.m. You are asked to have your chickens at the Martin Community Center by 1 o'clock Friday, August 21. Everyone is invited to attend.

Final Certification

The final day for certification is now past and spot checks have so far revealed very few errors. The farmers have done another great job of measuring.

We certainly appreciate your cooperation during the final rush. Many of you were asked to wait or come back at a later date, which we know probably caused an inconvenience. Thank you all.

Destroyed Cotton

Many of you have made application for acreage credit for cotton which you said was destroyed. However, some of you have not plowed this land and there is cotton standing, and in some cases fairly good stands.

If you do not want this credit as cotton, it must be completely destroyed. This is true even if you have a poor stand which you don't plan to harvest.

If you have made application for acreage credit on cotton which you were able to save, be sure to come to the office and revise your application.

Mrs. Maggie M. Stotts Services Held Sunday

Funeral services for Mrs. Maggie Mae Stotts, 76, a resident of the Lelia Lake community for the past 14 years, were held at 2 p.m. Sunday, August 16, 1970 in the Church of Christ in Hedley with Bright Newhouse, pastor, officiating. Dove Season To Open Sept. 1, Maps Ready

The Texas Parks and Wildlife Department is distributing the 1970 dove maps to help prospective hunters prepare for the season on white-winged and mourning doves starting in September.

The maps will be available this week from license deputies, Department regional and field offices, or from Department headquarters in Austin.

For regulatory purposes, the state again has been divided into a North Zone (our area) and a South Zone. The North Zone mourning dove season is Sept. 1 to Oct. 30. The South Zone mourning dove season is Sept. 26 to Nov. 24, except in those counties having a whitewing season where it will be Sept. 5 and 6, Sept. 12 and 13, and Sept. 26 to Nov. 20.

Shooting hours in all counties will be from 12 noon to sunset. Whitewings may be hunted in 21 counties only on Sept. 5-6 and 12-13. This area is not included.

Daily bag limit for both species is 10 birds, with a possession limit of 20. The map also shows 33 special purpose game refuges, 33 general parks, game reserves, and duty in corporate city limits or from public roads or road rights of way.

Shotguns must be plugged permanently to three-shell capacity and may not be larger than 10 gauge. Rifles are prohibited.

Boll Weevil Control Program Is Planned

The Donley County Insect Control is making plans for a diapause boll weevil control program starting in September, according to County Agent Ronald Gooch.

The Donley County Insect Control Assn. and the Texas Dept. of Agriculture has hired James Potts to check cotton fields of members of the Assn. for boll weevil. He will check fields each week that members of the Assn. think they will spray. An insect report will be given to the producer and to the Donley County Insect Control Assn. on each field every week.

If a member of the Assn. does not plan to spray in the diapause boll weevil program, he should notify Potts or a director of the Assn. so that they will not check his fields for insects.

Teachers reported August 17 for workshops and In Service Education at Clarendon Public Schools, and Thursday, today, August 20, students will begin joining them for another school year.

Thursday morning August 20, Seniors will register from 9 a.m. to 12 o'clock noon. Juniors will register Thursday afternoon, August 20, from 1 to 3 p.m.

Sophomores will have their turn Friday, August 21, when they will register from 9 a.m. to 12 o'clock noon with Freshmen registering from 1 to 3 p.m. Friday, August 21.

Principal Jeff Walker again reminds all students that a \$2 Library Fee must be paid before enrollment is completed.

Grades 1-8 will enroll between the hours of 9 a.m. and 4 p.m. Fri. Aug. 21. All first graders will be required to have had the proper vaccinations and a birth certificate for school entry.

Actual classes will begin Monday, August 24, at 9 a.m. Buses will run and the Cafeteria will be in operation to serve lunches.

new state-supported kindergarten program.

A drug education program also will be initiated, seeking an effective two-way communication between youth and adults. Utilized in the effort will be modern techniques and teaching methods which encourage students to express themselves rather than relying on lectures, preaching or moralizing. Training of local teaching teams in 1,206 school districts is slated to start in September and October.

Twenty-two school districts in major population and geographic areas will be pilot testing three key facets of the state's emerging plan for special education. These districts will serve as a proving ground for efforts in comprehensive special education, early childhood programs for exceptional children and teaching tailored for children with language and/or learning disabilities.

Even broader changes may be in store for pupils of 16 school districts sued in federal courts at Austin and Tyler for racial segregation. Districts held conferences at Texas Education Agency last week to prepare plans for conversion to non-discriminatory systems. Plans are due to go to courts by Friday (Aug. 21). Hearings will begin Monday.

EAGLE MAY BE OUT — A Railroad Commission examiner has prepared a report recommending Missouri Railway Company be permitted to discontinue its St. Louis Eagle passenger train.

Finding came after extensive hearings in several cities. Opponents of shutting down the train have 30 days to reply and restore their case.

Eagle was one of the last three passenger trains on a regular run across the state from Texarkana to Laredo and back once a day.

MP claimed a revenue loss and asked permission to cut it off its routes.

DRAFT CALL UP — September draft call for Texas is 794—a considerable increase from 560 in August. But no man will be ordered for induction with a random sequence number higher than 195.

Col. Charles M. Duncan, deputy state Selective Service director, said it appears unlikely the ceiling will go higher than 195 for the rest of the year. Duncan said new manpower, mainly from formerly-deferred students, helped hold the level on sequence numbers.

September quota for pre-induction physical and mental examinations is 7,171, an increase from 1,400 in August. Texas' induction quota of 704 is the state's share of a national call of 12,000 men, all for the Army.

CRIME DETECTION

Atomic crime detection is becoming more than a theoretical laboratory term for nuclear scientists at The University of Texas who have just entered into a crime detection program with the Texas Department of Public Safety.

With a \$40,545 grant from the Texas Criminal Justice Council, a team of scientists headed by Dr. Stephen J. Gage, director of the Nuclear Reactor Laboratory, plans to establish the routine use of nuclear techniques for law enforcement agencies.

Using the laboratory's sophisticated equipment, the scientists will be able to undertake radioactive analyses such as making "isotopic fingerprints" of various pieces of evidence.

AUSTIN, Texas — More than 2.7 million Texas students soon will be heading back to public schools again.

There will be a lot of changes in store for them, although most probably will fast adjust or barely recognize the differences.

Teachers will begin work a little earlier, and classes in some areas will start earlier.

School year will stretch out from 175 classrooms days to 180. Teachers will be on duty 10 more days of non-teaching work for in-service training and to help with school opening and closing.

For 224,500 little ones, the school experience will be brand new. They are the first graders and (30,000) five-year-olds in a

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT (HJR30) General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsections (5), (6), (7), (8), (9), (11), (12), and (13), Section 1-a, Article V, Constitution of the State of Texas, be amended to read as follows:

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement, censure, or removal of any person holding an office named in Paragraph A of Subsection (6) of this Section shall be by affirmative vote of at least five (5) members.

"(6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Justice or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be removed, in lieu of removal from office, under procedures provided for by the Legislature.

"B. Any person holding an office named in Paragraph A of this subsection who is eligible for retirement benefits under the laws of this state providing for judicial retirement may be involuntarily retired, and any person holding an office named in that paragraph who is not eligible for retirement benefits under such laws may be removed from office, for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to the misconduct or disability of particular persons holding an office named in Paragraph A of Subsection (6) of this Section, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as may be deemed necessary. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private reprimand, or if the Commission determines that the situation merits such action, it may order a hearing to be held before it concerning the removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and reports of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to the Supreme Court the removal, or retirement, as the case may be, of the person in question holding an office named in Paragraph A of Subsection (6) of this Section and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the

recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary."

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any person holding an office named in Paragraph A of Subsection (6) of this Section, against whom a proceeding is instituted to cause his retirement or removal, due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the person holding an office named in Paragraph A of Subsection (6) of this Section in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not miscellaneous is charged, upon proof of which a penalty may be imposed.

"(12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to and cumulative of, the methods of removal of persons holding an office named in Paragraph A of Subsection (6) of this Section provided elsewhere in this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment relating to the removal, retirement, or censure of Justices, Judges, and Justices of Peace under prescribed circumstances."

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment relating to the removal, retirement, or censure of Justices, Judges, and Justices of Peace under prescribed circumstances."

Mr. and Mrs. Ira Fritts and Tonya of Houston and Mrs. Jack McDonald and Brenda of Dallas returned to their homes Monday after a visit with Jess Ivey and Rember.

Those visiting Mr. and Mrs. D. R. Lindley last week were Mrs. J. G. Lindley, and Mr. and Mrs. Jim Burns of Garland; Mr. and Mrs. J. W. Lindley and Mabelle of Lubbock; Mr. and Mrs. Marion Bollinger and children of Stratford; Mr. and Mrs. Bruce Fricks of Amarillo, Louise Fricks; Mildred Bradshaw of Carmon; Okla.; G. W. Bradshaw, Mr. and Mrs. Harold Lindley and Mr. and Mrs. Tommy Lindley.

Mr. and Mrs. James McAnear and family of Brice had lunch with Mr. and Mrs. Roy Blackman Sunday. Mr. and Mrs. Hansford Ousley and daughter, Nancy were also Sunday visitors.

Mr. and Mrs. Gervis Kennard of Amarillo spent Sunday with her parents, Mr. and Mrs. H. H. Mann, and returned Jennifer home. Mr. and Mrs. Garth Carter of Dumas were also visitors.

Mr. and Mrs. Garth Carter and Randy of Dumas and Mrs. A. C. Carter returned Neel Carter to his home in Durant, Okla. Friday. They also visited relatives in Sherman.

Mr. and Mrs. R. R. Dingler visited several days last week his daughter in Odessa and son in Kermit.

CARDS OF THANKS

Thank you so much for the prayers, cards, food and other kindnesses at the time of our bereavement in the death of our sister. May God bless each of you.

The Myers Family

To all of you who remembered me with flowers, cards, visits and other kindnesses during my stay in the hospital and my illness I would like to extend my sincere thanks. The thoughtfulness of loved ones, friends, and neighbors helps so much.

Veterans News

Q—Is it necessary that colleges report the number of standard class sessions on a veteran's certificate of enrollment for the summer school sessions?

A—No. It is only necessary to report the number of credit hours a veteran is taking. The VA will determine whether the course is full - or part-time.

Q—I am a widow receiving a death pension and I have no dependents. A friend of the same circumstances receives more pension than I do. Why?

A—Death pension is based on the widow's income. As the income increases, the pension decreases on a sliding scale.

Q—Can a veteran enroll in a course in sales management?

A—Yes, but only if justification is submitted to show that at least one-half of the persons completing the course over the preceding two-year period have been employed in the sales or sales management field.

Q—I am permanently confined to a wheelchair as a result of action in Vietnam that left me unable to use my legs. Am I entitled to a grant to have my home adapted to my needs?

A—Yes. You are eligible to receive a VA grant of more than 50 percent of the cost to remodel your home up to a maximum of \$12,500.

DPS Training School To Begin Sept. 22

Deaths continue to mount on our streets and highways. Crime is still on the rise. With these facts in mind, the Texas Department of Public Safety announces the start of a 150-man training school.

The school will begin on the 22nd of September and will be held at the Texas Department of Public Safety Law Enforcement Academy in Austin. Trainees will receive a salary of \$345 per month during the four-month training period. Upon graduation the salary will be increased to \$651 per month.

To qualify for one of these positions, an applicant must be between the ages of 20 and 35, a

height of not less than 68 inches, a weight of not less than two pounds per inch of height, nor more than three and one-half pounds per inch of height, and be of good sound physical condition. He must have completed high school, or the equivalent. He must be a citizen of the United States and be of good moral character.

The intensive training program which will consist of some 800 hours of classroom work, is designed to prepare the cadet to handle the various situations which he will be confronted with as a patrolman.

Upon graduation from the Academy, the cadet will be assigned to one of the four uniformed services — Highway Patrol, License and Weight, Motor Vehicle Inspection, or Driver's License.

Uniforms, vehicles, weapons, ammunition, and necessary equipment will be furnished. Other benefits include a monthly uniform cleaning allowance and travel expense when away from their assigned station. Group life and hospitalization insurance are available at a reasonable cost. The patrolmen become members of the Texas Employees Retirement System and the Social Security System. Vacations, holidays, and sick leave are also provided.

If you are interested in meeting the challenge of today's world, contact your nearest Texas Department of Public Safety Office, or patrolman, for an application or details.

ADDITION

The name of Mr. and Mrs. Elmer Sanders was omitted when reporting the account of the Sanders Family reunion last week. They are the parents of the six sons present at the Sanders reunion.

SOIL CONSERVATION SERVICE

Several new participants have entered the Great Plains Conservation Program this year. These new participants are A. L. Beggs, Eamon Lyles, Leon Doherty, F. L. Hill, Earl Williams, Chas. Williams, Donald Odum, Sam B. Stewart and Rupert Tucker, Delbert Robertson, and Donald Smith.

Each of these new participants are interested in installation and use of conservation practices on their land, for example 150,000 feet of parallel terraces have been constructed thus far. These participants use the conservation practices for protection against wind and water erosion and for greater economic returns due to increased production and better management.

Some of the cost shared practices already installed under these contracts are planting of weeping lovegrass for better pasture, installation of conventional and parallel terraces for soil erosion protection and greater moisture holding capacity, construction of waterways to prevent damage from outside water, installation of livestock wells for better grazing distribution, water storage facilities for daily and emergency use, and building of fences for grazing distribution for better grassland management.

Each of these practices have been installed through Great Plains assistance and will aid not only in protection and conservation of soil and water for future generations but also for greater economic returns. Anyone interested in assistance through the Great Plains Conservation Program should contact the local Soil Conservation Service or the Soil and Water Conservation District.

Mr. and Mrs. J. D. Jones attended the Evans reunion at Plainview Sunday and spent Sunday night with her brother, Rev. and Mrs. M. O. Evans of Plainview.

Mrs. Roy Wilson of McLean and her sister, Mattie Davis of California, spent Thursday of last week with Mrs. Edith Longan.

OUTDOORS in TEXAS

By Vern Sanford

Fishermen are odd fellows! And, for a bit of play on words a lot of Odd Fellows are fishermen. But, anglers are not "nuts" by a long shot. They're pretty sharp cookies, (And I don't mean KOOKIES.)

Fishing is a participating sport. It's like golf in that respect. Also, there are golf tournaments, but, just about here the similarity ends.

Fishermen are a mixed breed. There are thousands and thousands of them and many, many different types with widely differing occupations.

Really, if there is a similarity to any other sport it is a comparison of fishing and hunting. Like hunters, anglers are out to find their prey . . . and in both these related games the targets are many. Hunters shoot rabbits; fishermen hook perch. Hunters shoot quail; fishermen take crappie. Hunters go after the raccoon; fishermen seek the bass.

There's a never-ending comparison . . . one sport against the other. Fods and reels versus guns; ammo vs lures.

But here is one big difference; LURES vary widely from area to area, from manufacturer to manufacturer. There are thousands of different lures . . . ranging from live bait . . . such as worms, minnows, shrimp and what have you . . . to hundreds of different artificials . . . including plastic worms, jigs, spinners, divers, floaters — plus numerous shapes and many different brands of top-waters.

That's where the angler is in a class by himself.

Perhaps that's why the fisherman's prime interest is not only in what you caught, but how you took it and the brand name of the product that got the job done.

Some publications hesitate to mention the makers' names. That's free advertising, they say. And, right they are! But the media that gives the names gets the readers, and often the tie-in advertisers.

Readership is a coveted thing with all publications. That's why you so often read in the newspaper the name of the product that succeeded in tempting a fish to strike. That's why we encourage publication of the name of the lure.

There is very little difference between one golf ball and another, but there's a great big difference in lures. That's why the press doesn't mention the brand of golf ball used . . . while it does tell what kind, if not what specific type and even the brand-name of lure that tempted the lunkers. Fishermen want to know this. They will call the media to find out. If not available there they will call the tackle stores.

There are literally millions of products connected for fishermen—and by fishermen. 'Tis said that anglers are the most inventive of all sportsmen. Every fisherman has a good idea, all his own—his own special way to tie on a lure, a short-cut to re-spooling the line, a stringer idea, etc. That's why you find so many different rods and reels and tempting baits, as well as all conceivable makes and styles of tackle, rigs and gadgets for

the angler. Drop into your local tackle shop and browse around. You'll discover much to tempt the purse and always something new and entirely different. A looksee at the local tackle store will demonstrate to you why women like to shop for new clothes. That's the woman's lure for men. That's how they catch and keep their mates. Don't fight it, man, encourage it!

WESTERN COWPUNCHERS TO MEET AUGUST 28-29

The time is here again for the Western Cowpunchers reunion. All Cowboys and Cowgirls and their families are invited to meet at the Ranch House 7 miles north of Amarillo, August 28-29.

Friday night there will be a steak supper; a Saturday morning breakfast; Saturday noon barbecue dinner and two dances, all for \$5 per person and a membership card.

There will be \$50 given in a Fiddlers Contest.

IMPROVING

At last report Mrs. Nettie Curry was reported to be improving at University Hospital in Lubbock following surgery there Thursday morning of last week. Friends here wish her a rapid recovery.

Texas turkey growers voted to assess themselves for a fund for research and promotion of turkeys.

PAYING FEDERAL ESTATE TAXES

Most of us try over the period of our working years to accumulate some sort of an estate to pass on to our heirs. It is not surprising that there are a lot of our mature citizens who want to know how much federal estate tax will be owed on their life's accumulation. Due to the community property law in Texas you don't owe any Federal estate tax on community property unless the estate amounts to \$120,000 or more (\$60,000 for each spouse). The rates are graduated above this amount. If you want to avoid paying a great deal of Federal estate tax there are a number of provisions in the law that allows you to pass a part or even all of your estate on to your heirs, tax free. If you need additional information Internal Revenue will be happy to explain the general rules.
