Trotlines Tags  
Now Necessary

Due to recent action by the Texas Parks and Wildlife Commission, those who fish in freshwater with trotlines in regulatory counties must tag their lines with something at least as durable as the trotlines.

Plastic tags can be custom made by the fisherman with an embosser costing less than five dollars and available in most variety stores.

Leader Advertisements Pay Dividends

D. A. Jack Boone  
Seeks Re-Election

Jack Boone of Memphis, Texas, District Attorney of the 100th Judicial District, today announced that he is seeking re-election to that office.

Mr. Boone has released the following statement: "I sincerely appreciate being your District Attorney and earnestly want to serve you for another four years. The job has been tough but enjoyable. It is a heavy responsibility to hold the outcome of people's lives when they face criminal charges. We have at all times represented the honest, law abiding people of this District, and not the criminal. We have excellent law enforcement officers in this District, and for their help I am grateful."

Mr. Boone is active statewide in the Texas District Attorney's Association, and is now helping write the Texas Penal Code. He anticipates being a Texas delegate to the National District Attorneys' meeting in 1972.

Locally, he is active in numerous civic groups. He was also selected as one of the 1971 Outstanding Young Men of America. He, his wife Bebe, and children Kathy and Marshall are members of the First Baptist Church of Memphis. Bebe is teaching in the Memphis' Public Schools.

"I love to campaign and I look forward to seeing everyone during the 1972 race." (Pol. Paid)

VA will issue an American flag to the next of kin, close friend or relative to drape the casket of an eligible deceased veteran.

Veteran News

Q—I have been married six years to a World War II veteran who still carries his mother as the sole beneficiary of his \$10,000 G. I. insurance policy. Can I get the Veterans Administration to change it, since I am no longer able to work?

A—No. Legally, VA must pay the proceeds of G. I. insurance to the beneficiary designated by the veteran.

Q—I have a certificate of eligibility for education benefits which I received three months ago after filing VA Form 21E-1990 and a copy of my discharge papers with VA. Can you tell me why I have received no checks?

A—The certificate of eligibility which you say you still have must be given to your school so it can certify your enrollment to VA. After VA receives this certification, your checks will start.

Q—Are there any income requirements for obtaining a mobile home loan?

A—Yes. You must show, among other things, that your present and anticipated income and expenses are such that it could be reasonably expected that the loan will be repaid, and that you are a satisfactory credit risk.

Q—I have a loan on my G. I. insurance policy. May I repay it through deductions from my VA compensation?

A—Yes. Get a VA Form 29-288 from the nearest VA office, complete it, and mail it to the office to which you pay your insurance premiums.

Q—I have a certificate of eligibility to attend graduate school. What is considered full time for VA benefits?

A—The VA generally will accept whatever the school considers full time graduate work. Suggest you check with the registrar of the school you plan to attend.

Q—Am I eligible for benefits under the current G. I. Bill if I served in the regular Army from 1930 to 1935?

A—No. The current G. I. Bill provides G. I. loans, education and other benefits for eligible veterans who served after January 31.

Q—Some years ago, VA denied my claim for disability pension and now I am becoming progressively worse. What can I do to have my claim re-considered?

A—Submit to the VA office which studied your claim, or the one nearest you if you have moved, a statement from your doctor as to the current status of your disability.

Q—Two years ago, I was studying under the G. I. Bill, but dropped out at the end of the semester. I now plan to enroll in the same school and program. How can I start my education benefits again?

A—Notify the school to submit a re-enrollment certification to VA. This will start your benefits again, provided the school and program are currently approved, and you have not exhausted your entitlement.

Q—Are widows of World War II veterans who died of active duty or from service-connected disabilities still eligible for G. I. home loans?

A—Yes. A recent law revived unused, expired entitlement for unremarried widows of WW II veterans as well as for veterans themselves.

Cotton Insects— Big Threat In '72?

Cotton producers who want to be sure of having plenty of boll weevils, bollworms, budworms and pink bollworms in their crop next season are encouraged to delay harvest, stalk destruction and plowing under of crop residue until after frost.

"One way of assuring the survival of these major cotton pests for the 1972 season is to provide them with plenty of food and protection this fall and winter," says Dr. John G. Thomas, Extension entomologist at Texas A&M University. "However, with the hope that most producers want to avoid this situation, they should consider harvesting as early as possible and shredding stalks and plowing under all cotton debris at least six inches deep."

Extremely high boll weevil populations during August and September have caused extensive losses in many areas of Texas, according to Thomas. In areas where boll weevils have been particularly heavy, growers are encouraged to include an insecticide with their desiccant or phosphate-type defoliant at the time of harvest. This reduces the number of weevils surviving in the field and later entering diapause or winter hibernation.

The number of pink bollworms observed in cotton fields throughout central and northeast Texas the past few weeks causes real concern for 1972, adds Thomas. "We have seen larger pink bollworm numbers in these fields this year than at any time in the past decade. Unless producers reduce overwintering pink bollworm numbers through early harvest and through stalk destruction, 1972 may very well bring back memories of the early and mid-50's."

There is definitely a cause for concern over the present cotton insect situation and what could develop next year. According to the entomologist, producers can play a key role in reducing insect numbers by harvesting early and destroying cotton stalks as soon as possible.

Give The Leader For Christmas

Hunters Take 44 Aoudad Sheep

Hunters in the Palo Duro Canyon area of the Texas Panhandle harvested 44 aoudad or Barbary sheep during the 1971 season, according to the Texas Parks and Wildlife Department.

A total of 147 permits was issued to landowners. The 1970 harvest in the same area tallied 41 animals. One ram this year had 32-inch horns, a respectable trophy. The heaviest sheep taken was a 210-pound ram.

A total of 44 aoudads from the McKnight Ranch in New Mexico were stocked by the Texas Parks and Wildlife Department in 1957. The herd is estimated at about 650 animals and is annually spreading its range. The sheep is a game animal only in eight Panhandle counties. In other parts of Texas the animal is considered an exotic and may be harvested at any time of year.

When Christmas shopping takes no more money than needed, Christmas is prime time for purse snatchers and pickpockets. Report all offenses to police.

Never use highbeams in a snowstorm as falling snow reflects light. Use the low beams and that way you may avoid an unforeseen accident.

TO THE VOTERS OF DONLEY COUNTY

I wish to announce my candidacy for the office of Sheriff, Tax Assessor-Collector of Donley County subject to the Democratic Primary, May 6, 1972.

I am looking forward to the campaign ahead and visiting with everyone again, assuring you, if elected, I will do my best to perform the duties of the office. Your consideration and support will be appreciated.

Truett Behrens (Pol. Paid)

Don't be crime's silent partner by neglecting to report suspicious persons and circumstances to police. Observe and report in detail. Don't hide an offense when you're victim; report promptly. All the criminal needs to be successful is enough silence.

Highlights and Sidelights From Your State Capitol By BILL BOYKIN Texas Press Association

Insurance bounced back into the news on three fronts here last week. State Board of Insurance Chairman Larry Teaver promised, after a public hearing, to review all aspects of the new catastrophe pool for windstorm coverage in high risk coastal areas.

1972 model cars equipped at owners' expense with the tested shock-absorbing bumpers.

Initial reduction would be 10 per cent in premiums for the five mph front, two and a half mph rear safety protection. The cut would reach 20 per cent for cars which can be crashed at five mph into a teste barrier, front and rear, with no damage to the vehicle.

Board members heard support and opposition for proposed new rules to curb arbitrary cancellations and non-renewals on property and casualty insurance. Under the regulations, auto insurance in effect 60 days could be cancelled only for failure to pay premiums or where driver's licenses have been suspended or revoked.

Teaver advised a rule prohibiting cancellations for "age alone." COURTS SPEAK — Texas Supreme Court ordered Cooke County district court trial of a teenager's suit against his father for alleged negligence on the job which led to a serious permanent injury.

Case was the first in which the state's top court had considered whether parents should be immune to actions brought by their children due to events outside the normal family relationship.

In two other cases, the Supreme Court sent applications for savings and loan association branches — in Hallettsville and Bay City — back to Commissioner W. Sale Lewis for further proceedings. Lewis had approved the applications, but had not filed a required concise statement of underlying facts supporting his finding, court opinions concluded.

AG OPINIONS — Laws prohibiting dumping of refuse within 300 yards of public highways and anti-dumping statutes pertaining to public and private properties and public waters are both valid and can be harmonized, Atty. Gen. Crawford C. Martin held.

In other recent opinions, Martin concluded: Flight schools are subject to new Texas Proprietary School Act.

Texas Water Rights Commission can test any claim of a right to use water under water code provisions by the legal requirement of past beneficial use of water without a formal adjudication of all claims on the stream. Legislators are entitled to 16 cents per highway mile for use of personally owned airplanes on official business trips.

Authority exists for establishing a central services account for Texas Tech University and Texas Tech University School of

Medicine. Procedure for assessing the Harris County domed stadium for taxation is unchanged by legislation passed this year. Taxable leasehold estates on exempt property are to be valued at the price they would bring at voluntary sale for each based on value of comparable improvements on non-exempt property.

A hydrologist employed by the Rio Grande Compact Commissioner can be paid \$11,616 a year, although the commissioner himself is limited by law to \$6,000.

LAND BIDS ACCEPTED — Bonus bids of more than \$1.7 million on oil and gas leases were accepted by the School Land Board for the permanent school fund.

Seventy-six bids covered 39,843 acres of state-owned lands and averaged \$44.77 an acre.

Meanwhile, Land Commissioner Robert Armstrong said revised rules and regulations for oil drilling pollution control in coastal water will require all oil spills or other mishaps to be reported to the land office within 24 hours of discovery. Written notification will be required of all operations on state leases.

APPOINTMENTS ANNOUNCED — Charles E. Wright Sr. of Austin, an AFL CIO local official, was named by Gov. Preston Smith to the board of regents of Texas State Technical Insti-

tute. Smith also announced these appointments: American Revolution Bicentennial Commission — Mrs. H. K. Allen of Temple.

State Commission for the Deaf — Landy W. Hills, Sr. of Robstown, Dr. Jack N. Walker of Seguin, Dr. Aubrey W. Kelton of Port Lavaca, Mrs. Shirley Ann Pace of Houston, Ralph H. White of Austin, and Louis B. Orrill Sr. of Dallas.

Texas State Board of Public Accountancy — Robert J. Hibbetts of Amarillo and Angus H. Cockrell Jr. of San Antonio, Lloyd J. Weaver of Fort Worth was reappointed.

Battleship Texas Commission — Frank E. Tritico of Katy and (reappointments) C. H. Taylor of Houston and Mrs. Margaret Ezzell of Port Neches.

Texas Commission on the Arts and Humanities — Mrs. S. Allen Guberson of Dallas, the Reverend George S. Heyer Jr. of Austin, Edward R. Hudson Jr. of Fort Worth, Dr. Lorrin G. Kenamer of Austin, Mrs. Roy Riddell Jr. of Houston and Mrs. John M. Wallace of Galveston.

PARTY RULES COMPLY — New state Democratic party rules on delegate selection comply with national and statutory requirements, Texas National Committeewoman Mrs. Carrin Patman of Ganado reported.

The rules for selection of convention delegations will soon go to the State Democratic Executive Committee for consideration. SDEC Chairman Roy Orr indicated a meeting will be held in mid-January to act on them following a public hearing.

12,000 GET RAISES — Retroactive pay raises have been cleared for 12,000 (of 63,000) state employees who get \$2 or less an hour.

Raises were approved for the low-pay workers back to September 1 in line with a federal Pay Board definition of "severe inequity" permitting retroactivity for those paid less than the minimum wage before and after the August freeze.

CONROE GETS GRANT — The city of Conroe got the first state matching grant — of \$443,000 — for construction of wastewater treatment facilities on the west fork of San Jacinto River.

The city's \$1.77 million plant was started November 8, with an estimated completion date set for August, 1972. Federal aid will finance 55 per cent of construction and the state 25 per cent on a loan basis. State grants were made possible by passage of a state constitutional amendment setting up a bond fund last May.

SCHOOL SITE SELECTED — A 200-acre site in South Tarrant County has been accepted for a new state school for the mentally retarded.

Selection follows recommendations of a 1966 study which also advises considering residential-need factors for the mentally retarded in the Rio Grande Valley, El Paso and Northeast Texas. Department of Mental Health and Mental Retardation officials said a solution is underway for the Rio Grande Valley's needs, and a plan is developing for El Paso.

Tips And Pointers For Christmas Preparation

1. Start working toward Christmas the very first day of December and do something every day. When Christmas arrives, be ready without any last-minute flurries.

2. A fun project for children is wrapping small, empty boxes in holiday gift paper to use for Christmas tree decorations. Use all sorts of boxes, even small raisin boxes.

3. Large seasoning bottles make excellent containers for sugar to be sprinkled on cookies, cereal, cole slaw and such. They also make adding glitter to Christmas gifts easier and neater.

4. If you serve salty foods-like olives, peanuts etc. - in silver dishes, be sure to wash the dishes as soon as possible after they've been used. Leaving foods like these in silver overnight could pit the dishes.

5. There should be more meaning and thought behind the sending of our Christmas greetings - send fewer cards with added notes and mail them around December 15th.

New Year's Eve is an especially bad time to be on the highways. Don't drive unless you have to. Another driver, who has been enjoying holiday spirits, might make you his one mistake for the road.

Avoid Those After Christmas Bills

If you know now that you'll probably take three months to pay for Christmas - like January, February and March, try taking October, November and December instead. This could save you a lot of worry and a lot of credit charges.

The saving in worry could be due in part to the hassle you'll miss over the bills marked "Please." You won't be getting them or bills with interest added, because you'll pay as you shop — one month at a time.

The situation will be made easier too, by the fact that the shopping, as well as the paying, is done over the same three-month period.

Make a careful list of the gifts you must give as well as all the holiday expenses you know you can expect—extra food, the tree decorations and tree, cards, postage and maybe even a new dress.

Certainly the tree, food and other things will come in December. Toys, however, may be more available in November, but adult gifts, Christmas cards, postage and that new dress can be done as early as October.

Shop for each as planned and if you're paying cash you'll have several pay checks to absorb the shock. If you're charging all or part, the spread will allow paying each month's bills as they arrive. This way you'll avoid the sometimes 18 per cent interest that most revolving accounts charge.

The final benefit of such a plan is that you face up to the full cost of Christmas early instead of late. It will be easier to cut what must be cut, and contain that last minute impulse to "make it a nice Christmas."

Crime made easy makes crime. During the Christmas shopping season, the odds for criminals go up. More wallets have money in them; more houses and cars have accessible loot; stores are more crowded, shoplifters harder to detect. Lend your eyes and ears to police to help take the crime out of Christmas. Observe and report.

If you take a trip this Christmas, don't advertise your absence from home. Burglars can read the signs. If you stay home, keep an eye out for your touring neighbor. Observe and report suspicious persons and circumstances to police.

## Pre-Nuptial Shower Honors Susan Cason

A pre-nuptial shower honoring Miss Susan Cason was held in Fellowship Hall of the First United Methodist Church in Hedley Saturday afternoon, December 11, 1971.

Miss Cason is the daughter of Mr. and Mrs. Bill Cason of Borgerc and the grand-daughter of Mr. and Mrs. Tom Tate.

The refreshment table was laid with a white linen cloth featuring a floral arrangement of pink roses and white daisies flanked by white candles. Punch was served from a crystal service by Mrs. Fred Stafford.

Miss Ginger Wilson registered the guests and Little Miss Angela Wilson assisted in arranging the many beautiful gifts.

Hostesses for the occasion were Mesdames: A. B. Spalding, Henry Moore, Fred Stafford, Bill Wadwell, Ray Altman, Jack Stafford, J. D. Skaggs, Maurine Doherty, and J. S. Hinds.

## SCHOOL CAFETERIA MENU

December 20-22  
MONDAY — Hot Dog on Bun, Fruit Jello, Carrot Stick, Brownies, Milk.

TUESDAY — Ham and Cheese Sandwich, Lettuce Wedge, Baked Beans, Fruit Pie, Milk.

WEDNESDAY — Hamburger on Bun, Pickles, Onions, Potato Chips, Banana Pudding, Milk.  
CHRISTMAS HOLIDAYS.

## Good Neighbors Christmas Party

The Good Neighbors Club met Friday afternoon December 10, in the home of Florence Harp for a Christmas party. Entertaining rooms were decorated with poinsettia, greenery, and a small Christmas tree.

A Christmas program was presented by Alta Spradlin, Cora Hearn, Emma Davis, and Florence Harp.

Bessie Helton was re-elected president and Cora Hearn was elected vice-president. Names were drawn for new polyanthus for another year. Meeting was dismissed with prayer by Lois Hutchins.

Gifts were exchanged and visiting enjoyed by all. Present were one visitor, Lois Hutchins; and members: Emma Davis, Rosa Bingham, Maggie Easterling, Cora Hearn, Carrah Mixon, Alta Spalding, Bessie Helton, and the hostess, Florence Harp. Refreshments of Cokes, candy, and popcorn balls were served.

The next meeting will be Friday, January 14, 1972 with Cora Hearn.

The term "countersteer," one of the keys to safely controlling a skidding car, is confusing to many motorists. Specialists explain it simply as "driving in the direction you want to go."

"S.O.S." has no literal meaning, but was chosen as a distress signal because of its ease in transmitting.

## Hedley News

Mrs. Mabel Bridges

Mr. and Mrs. C. R. Hunsucker and Mr. and Mrs. Elmer Howell spent the week end with their children in Lubbock. They carried a box of new clothing to Buckners Orphans Home in Lubbock from the first Baptist Church of Hedley. This is three times this year our church has sent clothing to the home.

Porter Pierce of Ft. Worth spent part of last week with his mother Mrs. W. A. Pierce.

Omel Mildred of Dallas spent the week end with his mother Mrs. Eva Hill.

Mrs. Mildred Clendennen, Mrs. Crawford and Paula Clendennen attended a Christmas concert at Canyon Jr. High School Sunday afternoon. A granddaughter, Connie Owens, was in the program.

Mr. and Mrs. James Hartwell of Amarillo spent the week end with their mother Mrs. Nora Hartwell.

Mrs. T. E. Naylor and Tex were in Amarillo Monday for Tex to receive medical attention.

Mrs. Mary Wallace and son of Spade visited Sunday with the J. G. Terrys, Mr. and Mrs. John Tate and Mr. and Mrs. Parks.

Tom Tate was carried to Borgerc hospital Sunday. We hope he will soon be doing better.

Mr. and Mrs. Burt Stone spent the week end in Amarillo. Mrs. Stone received medical attention.

Mr. and Mrs. Bob Touchstone of Boys Ranch visited Mr. and Mrs. Harry Boatright Sunday.

Mrs. Beulah Sanders spent Saturday night with the Earl Myers in Lelia Lake. Sunday they visited their aunt, Mrs. Lula Laycock in Shamrock hospital.

Myrtle Reeves left the first of the week for Denver to spend Christmas with Meri Cox and Don.

Mr. and Mrs. Earl Myers and Beulah Sanders were supper guests with Alice Wall in Wellington Sunday.

ton Sunday.  
Mr. and Mrs. Harry Boatright and Dannie Bernardin attended the Methodist Church's annual Christmas dinner in Wellington Saturday.

Mrs. Jo Mosley is visiting her mother, Mrs. Tunnell, in Dallas this week.

Mr. and Mrs. Arthur Barnes of Pampa spent Friday night with Mrs. Nora Hartwell.

## Give A Living Plant For Christmas

Having trouble with your Christmas shopping? Why not give a living plant that can be enjoyed throughout 1972 and that will increase in value and beauty as time rolls on, suggests Everett Janne, Extension landscape horticulturist.

Select good quality trees, shrubs or house plants from your local florist, nursery or garden center as gifts for your gardening friends.

Evergreen plants or potted house plants make very attractive gift items, especially if the base is wrapped with Christmas paper and tied with a colorful ribbon, says Janne.

Some of the ornamental plants that will make attractive gifts include: Yucca, Possumhaw, Burford Holly, American Holly, Juniper, Doodard Cedar, Pyracantha, Pittosporum, Nandina and Japanese Yew.

For plants to be used in the home, Janne suggests the following: Poinsettia, Azalea, Camellia, Jerusalem Cherry, Christmas Pepper and Chrysanthemum, as well as the multitude of foliage plants that are available.

Be sure to select a plant that is adapted to the area in which it will be grown, he adds. In case of inclement weather, the recipient of the plant should know to keep it in a cool place where the oil ball or container will not become too dry until it can be placed in its permanent location.

For that distant relative or friend that is interested in gardening, how about a useful gardening tool or a copy of a good garden book for a Christmas gift, proposes Janne. There is something available for every gardening interest.

While you are selecting gift items, why not choose a plant for your own home? A living Christmas tree can provide enjoyment the entire year, assures the horticulturist.

## Xmas Toys Should Reflect Family Values

Visit your toy store or the toy department in stores by yourself. Look over what is available in advance and choose toys that fit your child's needs, interest and your pocketbook. Too often tots in stores tug at their parents' whinings: "I want it, I want it, I saw it on TV."

After your solo visit, take your child with you and tell him then that Santa has already picked his gifts, but also give him the choice of one additional toy... anything that he wants... provided it doesn't cost more than a couple of dollars.

Keep in mind that the success of any toy depends more on how you give it than on what you give, and that the usefulness of your gift is determined by how well you have prepared your child beforehand.

Many toys that suggest activity in misdirect your child. Stay away from toys that perform for our children, that make him follow patterns, outlines or numbers, or hobby kits that lead to gluing bits and pieces together. The most important thing to keep in mind is to look for those that can keep your child active, to make things that he himself invents and creates, to build, to act out and to pretend in ways that engage all his faculties, including his imagination.

## THE PLEASURES OF PLANNING EARLY

Christmas is only as commercialized as we make it. By doing everything early, starting shopping months ahead, we can get and give true joy during the season. By starting shopping early, even now for next year, we find time for more meaningful events of the season. After all, a person will enjoy a gift you bought in February just as much as if you bought it the week before Christmas.

The season begins on the first day of Advent, when the first candle is lit. This is approximately a month before Christmas. It would be lovely, indeed if more people were able to share their peace and contentment with others at Christmas because they had the will and spirit to plan correctly.

## Wrought Iron Used In Furniture

Wrought iron, used for some of the first outdoor furniture, is now mass-produced for use both inside and outside the home, reports Jane Berry, Extension housing and home furnishings specialist.

Wrought iron furniture, also called "all-weather" furniture, is often made with expanded metal mesh table tops chair seats and backs, finished to match the frames. The mesh permits ventilation and enhances the comfort of seating and lounging pieces. Snap-on foam-filled cushions in a variety of vinyl patterns are also usually available for seating pieces.

When shopping for wrought iron furniture, check for smooth welds at joints and at points where decorations are fastened. Good quality wrought iron carries a guarantee against rust; a touch-up repair kit should also accompany the furniture.

The all-weather furniture comes in a variety of baked-on enamel finishes, ranging from pale colors to darker tones, such as bronze and black.

Wrought iron furniture demands periodical care to preserve its original appearance. It should be hosed frequently or washed with warm water and a mild detergent, then rinsed. In salt-air areas, frames should be washed, rinsed and dried at least once to prevent corrosion.

For touch-up work, rub scratches or rust spots with steel wool and apply a metal primer coat. Use touch-up paint on chipped or scraped spots to seal breaks from rust. An annual coat of automobile paste wax helps preserve the color of the finish.

Too many happy holiday seasons go up in smoke for too many people. Be sure your house has no fire hazards present. The Christmas season should be one of festivity. Do not make it one of sorrow.

## CARDS OF THANKS

Our Heartfelt Thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, and other kindnesses, we are deeply grateful. The family of Mrs. A. G. Martin.

To all who have been so thoughtful and kind to us during the long illness and death of our loved one we offer our thanks. The many expressions of love and sympathy the food, flowers, and cards were sincerely appreciated. May God bless all of you. The Family of B. O. (Red) Winters

## John M. Deaver Is Candidate For District Attorney

John M. Deaver announced today his candidacy in the Democratic Primary for District Attorney for the 100th Judicial District.

Mr. Deaver was born in Memphis, in Hall County, Texas, where he graduated from Memphis High School in 1956. He obtained his B.A. degree from the University of Texas in Austin on May 30, 1964, and received a Law Degree from the University of Texas on June 3, 1967.

Membership in the American Bar Association, the Texas State

Bar Association and the 100th Judicial District Bar Association is held by Mr. Deaver. He is presently City Attorney for the City of Memphis, Texas, and is a partner in the law firm of Deaver and Deaver.

He is married to the former Carol Jean Clare of Fort Worth, Texas, and has one son, Danny, age 3.

Mr. Deaver is active in civic affairs, being a past director and treasurer of the Memphis Lions Club, a present director of the Chamber of Commerce, memorial chairman of the Hall County Chapter of the American Cancer Society. Mr. and Mrs. Deaver and son attend the 1st Presbyterian Church of Memphis, Texas, where he serves as an elder.

Mr. Deaver expressed his gratitude to friends and associates who have urged him to seek election to the District Attorney post, but points out that it has been an ambition of his to serve as District Attorney in this district since his early boyhood, and that he looks forward with enthusiasm to meeting and talking with the citizens of the 100th Judicial District during the course of his campaign.

That last one for the road, might be your last one period, if you are not careful. Parties are meant to be fun. Don't spoil them by overindulging. If you have been drinking, make that still one a cup of coffee or better still let someone else do the driving.

Mrs. J. L. Butler shopped in Amarillo Monday.

We want to express our appreciation to every one who helped and contributed to the garage sale held Saturday at the Lelia Lake Community Center. It was a great success. And I believe we have discovered a chili chef

in the form of Forrest Denton. He can compare to Tolbert's Terlingua chili contest.

Prayer should never be taken out of school—that is the only way some of us ever got through.

A man with holes in his socks is usually married to a woman who doesn't give a darn.

Women have some advantage—if they can't have their way by being smart sometimes they can win by playing dumb.

It is said that times are really hard when hitchhikers are willing to go either way.

We heard of the fellow who joined the navy so that the world could see him.

Sometimes we think we are a leader when people may be only chasing us.

Usually the fellow that makes a success is one that when told that something couldn't be done just went ahead and done it anyway.

The difference between gossip and news sometimes depends on whether we are hearing it or telling it.

Being frugal means that we spend what's left after our savings or whether we save what's left after our spending.

Getting old can be a sad thought, but the alternative is much worse.

A father worked all his life to keep the wolf from the door and then his daughter brought one home.

Accent is on the youth, but the stress is on the parents.

sick list for several days.

Mrs. J. C. Hill of Woodson is visiting a while with her children, Mr. and Mrs. Pat Roberson and family and Mr. and Mrs. Jerry Hill and family of Claude.

Mr. and Mrs. R. D. Stevens and family spent Sunday in Memphis with his parents, Mr. and Mrs. T. C. Stevens, and an aunt, Mrs. Sadie Wilson of Dallas, also Nomia Some of Cason.

Mr. and Mrs. Doyle Ray Littlefield and girls spent the week end with his brother, Mr. and Mrs. Kenneth Littlefield and children of Tulia.

Ricky Littlefield and George Owens shopped in Amarillo Saturday.

without a Christmas tree. But be careful — a dry tree is a fire hazard. It is suggested that trees be stored in water and checked each day, especially if near a heating system. Also, never allow a tree to stand more than two weeks.

Put all wrapping paper away as soon as presents have been opened. A carefully dropped match or cigarette could be the spark to a very sad, silent night.
