Open House Of New Women's Dorm "Knorpp Hall" Sunday

Kenneth D. Vaughan, President of Clarendon College, cordially invites the general public to attend the opening of Knorpp Hall, the new Women's Dormitory, Sunday, September 26, 1971 at 2 p.m.

The residents of Knorpp Hall will act as Hostesses and Guides for the public and after the tour through the beautiful Dormitory refreshments will be served.

Knorpp Hall became a reality on September 1st this year upon completion of this beautiful building by the contractor, Mr. Gail Binkley of the Gail Binkley Construction Co., Amarillo.

It is anticipated the public will be most excited, as the girls were on move-in date, when they see the carpeted rooms, private baths, laundry facilities, lounge area and many other fine features.

Mrs. Retta Hubbard, the Dorm Mother, and Mrs. Naomi Phelan, Secretary to the President, will act as advisors on this date.

SERVICES CONDUCTED FOR MORRIS INFANT

Graveside services for Georgia Carol Morris, infant daughter of Mr. and Mrs. David Morris of Shallowater were conducted at 2 p.m. Friday in Resthaven Memorial Park, Lubbock, Texas. The infant died a few hours after birth Wednesday, September 15, in Lubbock Osteopathic Hospital.

Survivors include her parents; a brother, David Morris II and a sister, Connie Sue, both of the home; grandparents, Mr. and Mrs. Carl Morris of Clarendon and Mr. and Mrs. L. A. Armes of Anton and great grandmothers, Mrs. W. A. Armes of Lubbock and Mrs. Florence Wyrick of Del Rio. Officiating at the service was Rev. Max Browning, pastor of Shallowater United Methodist Church.

Enrollment Up At Clarendon College

Leonard Selvidge, Dean of Students of Clarendon College, announced that at the end of registration on September 17, 1971 the total enrollment at the college this year was 423 students with 419 of these attending school on a full time basis. Compared to last year this shows an increase of 12 students but an increase of 27 students on a full time basis or an increase of 8.4%.

The Administration and Faculty are well pleased with the caliber of students this year with many departments showing sizeable increase. Agriculture, Business, Education, Pre-Law, Physical Education, Speech and Drama, and Science reflecting the major interest of the students.

The enrollment represents 278 Freshmen and 145 Sophomores with the attendance showing 275 Male students and 148 Female students. Donley County accounts for 74 students of the total with Hall, Grey, Childress, Collingsworth, Hardin, Wheeler, Moore, Ochiltree, and Briscoe counties following. A total of 42 counties are represented on Campus with 14 students from out-of-state. New Mexico is first with Colorado, New Jersey and New York following.

CLARENDON ENTRY IN HALL COUNTY PARADE

Miss Katrina Messer, Clarendon Rodeo Queen, represented Clarendon in the Hall County Parade at Memphis Saturday afternoon, September 18, at 2 p.m. The parade was held in conjunction with the annual Hall County Picnic and two-day celebration held the past week end.

Miss Messer is the daughter of Mr. and Mrs. P. C. Messer of Clarendon.

Red Cross Classes Needed In This Area

Residents of the area who are trained in First Aid by Red Cross are badly needed to help out in many community action programs. For instance Boy Scout or Girl Scout groups or individuals must be accompanied by an individual trained in First Aid to be able to participate in hikes etc.

Anyone interested in taking the Red Cross First Aid course is asked to contact Mrs. Horace Green. Red Cross will furnish the instructor.

In rural areas farming is considered dangerous work. It ranks second only to construction in occupational deaths. In an effort to reduce this toll Red Cross is making a concerted effort to instill more safeguards within the agricultural working group.

Due to the fact that medical help is not immediately available in these accidents, the toll climbed. If more people were trained in First Aid many of last year's deaths might not have occurred or the extent of injury might not have been so severe.

These are just three areas in which the person who has had First Aid training under Red Cross may be of great service. There are any number of others. This training is vitally needed in our community. Anyone who is able is encouraged to take this course. Contact Mrs. Horace Green and make arrangements to enroll.

Hedley MYF Sponsors Wrestling Matches

The MYF of the Hedley Methodist Church is sponsoring an evening of professional Wrestling Thursday, September 23, beginning at 8 p.m. in the High School Gym.

Rev. Billy Wilson, pastor, has announced that Promoter Jerry Kozak of Amarillo will bring several of his top notch Pro Wrestlers down for the matches. Card matches have not been announced as yet but will be September 16 or 17. However, such names as Ricky Romero and Cyclone Negro have been mentioned as possibilities.

Admission to these matches September 23 at the High School Gym in Hedley will be \$3 Ring-side; \$2 General Admission; and \$1 for children under 12 years of age. Reservations may be made by writing Box 327, Hedley, Texas.

Members of the MYF will appreciate your support of their project.

Mr. and Mrs. G. W. Estlack visited Harvey Shaw in Hall County Hospital in Memphis Monday evening.

Cotton Festival Set Oct. 8-9 At Hedley

Preparation is in full swing for the annual Hedley Cotton Festival set for October 8-9, only two weeks away. This year will mark the 20th annual festival sponsored by the Hedley Lions Club and sanctioned by the National Cotton Council of America. Louie Bogue, president of the Hedley Lions Club, is general chairman. Kathy Painter Gilcrest will reign as queen. Eight girls are competing for her crown.

The two day event offers almost continuous free entertainment. Nights are filled, however several day events could yet be added to the schedule.

A detailed program will be carried next week but to give you an idea of what is in store it might be mentioned that there will be a stew, beans and watermelon supper Friday night, a football game in Clarendon and dancing at the Hedley American Legion Hall. Saturday will feature an Old Fiddlers Contest, Banjo Picking contest and early morning breakfasts. The Old Settlers will meet on Friday. Saturday there will be a Kiddie Parade at 10 a.m., Barbecue, The Festival Parade at 2 p.m., the selection of a new Queen of Cotton and the awarding of the Bale of Cotton and other prizes.

These are just a few of the many activities that will be taking place so start making arrangements now to be present for all or part of the Hedley Cotton Festival.

CLARENDON LIONS PANCAKE SUPPER SEPTEMBER 24

The Clarendon Lions Club will have its annual Pancake Supper Friday night September 24, at Lions Club Hall. Serving hours will be from 5 p.m. to 7 p.m. enabling all of those who so desire to attend the football game here that night.

Tickets are \$1 per person. This covers all you can eat. Children under school age accompanied by an adult will be served free of charge.

Proceeds from the Pancake Supper this year will be used for an Academic Scholarship for a Donley County Student to attend Clarendon College.

Make your plans now to attend the Pancake Supper. Tickets may be bought from any member of the Clarendon Lions Club or you may buy your tickets at the door.

Mr. and Mrs. Elbon Naylor visited their daughter and family, Mr. and Mrs. Kenneth Sams at White Face, the past week end and attended the Texas Tech—University of New Mexico game at Lubbock Saturday night.

Alderson Chevrolet To Show New 1972 Line Today Thursday

Gene Alderson announced yesterday that a full line of new 1972 Chevrolet cars and trucks would be on display today, Thursday, at Alderson Chevrolet.

A number of the new models arrived early and were on display but "we have received another big shipment this week to make a really big showing," Alderson stated.

The public is invited to view the new cars and pickups today and enjoy refreshments and favors, Alderson added.

To whet your appetite, Alderson Chevrolet is publishing a full-color section of the new Chevrolet in this issue of the Leader. This is something new for our readers interested in the new model cars.

Drive by today and view the new models at Alderson Chevrolet and partake of their hospitality.

CUB SCOUTS LAUNCH MEMBERSHIP DRIVE

The Cub Scouts are conducting their annual Membership Drive. Cub Scoutmaster Charles Blackburn has announced that all boys who want to join the Cub Scouts will be present for a Pack Meeting Monday night, September 27, at 7 p.m. at the Methodist Church. Boys must be accompanied to the meeting by a parent.

All boys ages eight through 16 years are eligible to become Cub Scouts and seven year old boys who are in the third grade will also be accepted.

Mothers who are interested in helping out as Den Mothers are asked to attend the meeting or contact Mr. Charles Blackburn.

EPISCOPAL CHURCH TO HOLD RUMMAGE SALE

Members of St. John the Baptist Episcopal Church of Clarendon are sponsoring a Rummage Sale to be held Saturday, September 25, on the lawn at the Episcopal Church.

The sale is scheduled to begin at 10 a.m. There will be a wide variety of household goods, clothes, linens, etc. You will not want to miss this unusual sale so plan to shop Saturday at the Rummage Sale. The Church is located on west third only three or four blocks off Main Street. Your support will be appreciated.

UNITED METHODIST CHURCH HELD IN HOUSTON

Funeral services for Mrs. T. B. Stephenson, RN, sister of Mrs. C. T. Williams of Clarendon, were held in Houston Monday September 13. Burial was held up due to the flooding in the area until Wednesday September 15.

Mrs. Stephenson, 69, had lived in Houston or fifty years. She died in Memorial Hospital Sunday September 12.

Survivors include sisters: Lula Carr and Irene Bondy of Houston and Mrs. C. T. Williams of Clarendon. Mrs. Williams attended services.

HEDLEY PASSES CITY SALES TAX SATURDAY

Hedley voters went to the polls Saturday, September 18, in cold, rainy weather and passed a one cent city sales tax by a better than three to one margin.

A total of 76 voters, which was a heavy turnout for Hedley, cast ballots in the City tax election. Vote totals were 58 ballots for the tax and 18 ballots against.

WILDLIFE MEETING SET SEPTEMBER 30

The Texas Parks and Wildlife Commission meeting set for Sept. 28 has been changed to Thursday, Sept. 30. The session will begin at 10 a.m. in Room 105 of the John H. Reagan State Office Building in Austin, according to James U. Cross, executive director.

Farm News

from County ASCS Com.

In the past, Donley County has been divided into eight communities — A through H. Three community committeemen and two alternates were elected from each community. The three committeemen served as delegates to the county convention to elect the County Committee.

We are now approved to be a one-community county. The county committee will also serve as the community committee and will be elected by popular vote.

For 1972, it is necessary to elect one regular member to the ASC county committee for a three year term. This is the place now held by Lacy Noble, whose term will expire at the end of 1971. It is also necessary to elect a first and second alternate for a one year term.

The county committee election this year will be held on December 1. Ballots will be mailed about 12 days before the election.

A slate of at least four nominees will be developed for the county. Voters have the right to nominate by petition. Blank for nominating by petition may be obtained here at the office.

Each petition submitted must be:

1. Limited to one nominee.
2. Signed by at least 3 eligible voters in the county.
3. Include a certification that the nominee is willing to serve if elected.
4. Received at the County ASCS Office not later than October 27.

If four or more eligible candidates are nominated by proper petition, no further nominations will be made. If less than 4 are nominated by petition, the present County Committee will add the number of nominees needed to complete the slate of four.

Persons nominated should be currently engaged in the operation of a farm or ranch and be well qualified for committee work. In general, a farmer is eligible to be a County Committeeman if he lives in the county and is eligible to vote.

MOISTURE TOTAL GROWS AND MORE IN PROSPECT

More good, soaking rain was received this past week to bring the September total to 2.28 so far and more rain is in the present forecast. This brings the year's total to an even 16 inches which brings us up close to normal for the year.

The moisture was needed for crops that were beginning to suffer from the 100 degree temperature a short time ago but the quite cool temperature is not helping very much at present. Indications right now are for an early frost or freeze and we certainly don't need anything like that until late in the fall.

JUVENILES ARRESTED HERE THURS., SEPT. 16

Two juveniles were arrested here Thursday morning, September 16, around 12:30 a.m. by City Police. The two were arrested as they were about to break into Kidd and Hill 66 Service Station.

The arrest cleared up two burglaries in Ballinger and one in Sweetwater. A 1966 Chevrolet Pickup was also recovered. The pickup had been stolen in Ballinger.

Ballinger authorities came for the two Thursday evening and returned them for a hearing.

FIRST MILO BROUGHT IN SEPTEMBER 15

Bobby Cole, who farms west of town, brought in the first load of Milo to Bolin Warehouse Wednesday, September 15. This was the first load for Donley County. Cole's load weighed 18,760 pounds and tested 13.55 moisture and 57 pounds per bushel.

Bronchos To Host Blackhawks In First Home Game Friday Night

Palmer Motor Co. To Show New Ford Line Fri. and Sat.

Ray Palmer, owner of Palmer Motor Co., announced yesterday that everything was in readiness for the showing of the new 1972 Ford car and truck line Friday and Saturday in the Palmer Motor Co. showroom.

We invite everyone to come by and see the new redesigned and engineered Ford cars and pickups and enjoy refreshments and favors with us, Palmer stated.

"For 1972, we will offer the most attractive, best performing, safest and cleanest cars in our history," Palmer concluded. Come by and look them over!

White Deer Bucks Drench Broncs 22-0

The heavier, experienced White Deer Bucks were better suited for a wet field and downed the Bronchos 22-0 in a steady downpour of rain at White Deer Friday night.

The story would possibly have been quite different on a dry field as the Bronchos are better suited for numerous hand-offs and deceptive plays; mixed with passing. The biggest trouble Friday night was hanging on to the pigskin and the Broncs fumbles were costly.

The Bronchos had a good following despite the weather and many of them were drenched and chilled to the bone.

WTSU Buffs Win First Home Game Saturday Nite

The Buffalos of West Texas State University played their first home game of this season Saturday night, September 18, hosting Lamar University and won the game 14-6.

The night was rough, weather-wise, to be out but fans braving the damp, cool evening found plenty of action taking place in the game. And for new Head Coach Gene Mayfield the occasion was a special one for the Buffalos won their first home game under his direction.

The Buffs are taking a breather this week and working hard to overcome area weaknesses and costly errors. Coach Mayfield reports the team appears to be making progress in daily workouts in preparation for the game October 2 when the Buffs will host Tulsa University.

Ticket sales are reported increasing this week for the Tulsa game Saturday, October 2. While the Varsity team takes this break Saturday, the WTSU Freshmen will entertain the Wichita University Freshmen in Buffalo Bowl. On the otherhand, Tulsa will be playing the Arkansas Razorbacks in Fayetteville.

DPS REPORTS FIVE RURAL ACCIDENTS

The Texas Highway Patrol investigated five accidents on rural highways in Donley County during the month of August, according to Sergeant Vernon Cawthon, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed and four persons injured.

The rural traffic accident summary for this county during the first eight months of 1971 shows a total of 40 accidents resulting in six persons killed and 32 persons injured.

Mr. and Mrs. Herman Cross returned home Sunday after a vacation at Beaumont, Cleveland and Waco where they visited relatives. They returned by way of Hot Springs, Harrison, and Fort Smith, Ark.

The Clarendon Bronchos will host the Phillips Blackhawks in their first home game in Broncho Stadium Friday night. Game time will be 7:30 as previously agreed with Phillips school officials. All other games will be played at 8 o'clock until conference play starts. Keep this time change in mind so you will be on hand for the kick-off.

Coach Clyde Noonkester reports this is most likely to be another hard game for the Bronchos as Phillips is a strong, heavy outfit and class AA. From all reports, the Blackhawks are not as powerful as White Deer but they do have a fast backfield and a heavy line, he added.

Phillips had to come from behind in the fourth quarter to beat Gruver 18-6 in bad weather last Friday night while the light and shifty Bronchos lost 22-0 to White Deer in a downpour of rain.

If the flu bug lets off the Bronchos should be in good shape for the game Friday night for the exception of Elray King who will be on the probable list with a bad ankle, Noonkester concluded.

Noonkester stated that his probable starters would be Scotty Lindley at center; Eddie Helms and Steve Ellis as guards; Charles Clinton and Danny Holland as tackles; James King as tight end; Mack Tomlinson as quarterback; Tommy Shields as fullback; Steve Carter and EWayne Barbee as halfbacks.

Make your plans to be out Friday night and give the Broncs your full support.

The Broncs B team went on a rampage last Thursday night and defeated the Wellington B team 50-28. They will return the game with Wellington tonight at Wellington at 7 p.m. These players appreciate your support also.

Jr. Hi. Colts Defeat Wellington 6-0

The Clarendon Junior High Colts defeated Wellington 6-0 in a game played in Sky Rocket Stadium Thursday night of last week. The counter came in the closing seconds of the game when Jack Bell took a pass from David Lewis.

The Clarendon seventh graders were defeated by Wellington 22-0. Two buses were taken to the games and the teams had good fan support. Cheerleaders and the band had an especially fine pep rally for the teams before they left for Wellington.

Coach Pete Brumley reported the teams looking better this week than the week before making fewer mistakes.

The Colts will host White Deer here Thursday night, tonight, with game time at 6 p.m. White Deer is always a tough bunch and offers plenty of competition so the game should be a good one, commented Coach Brumley.

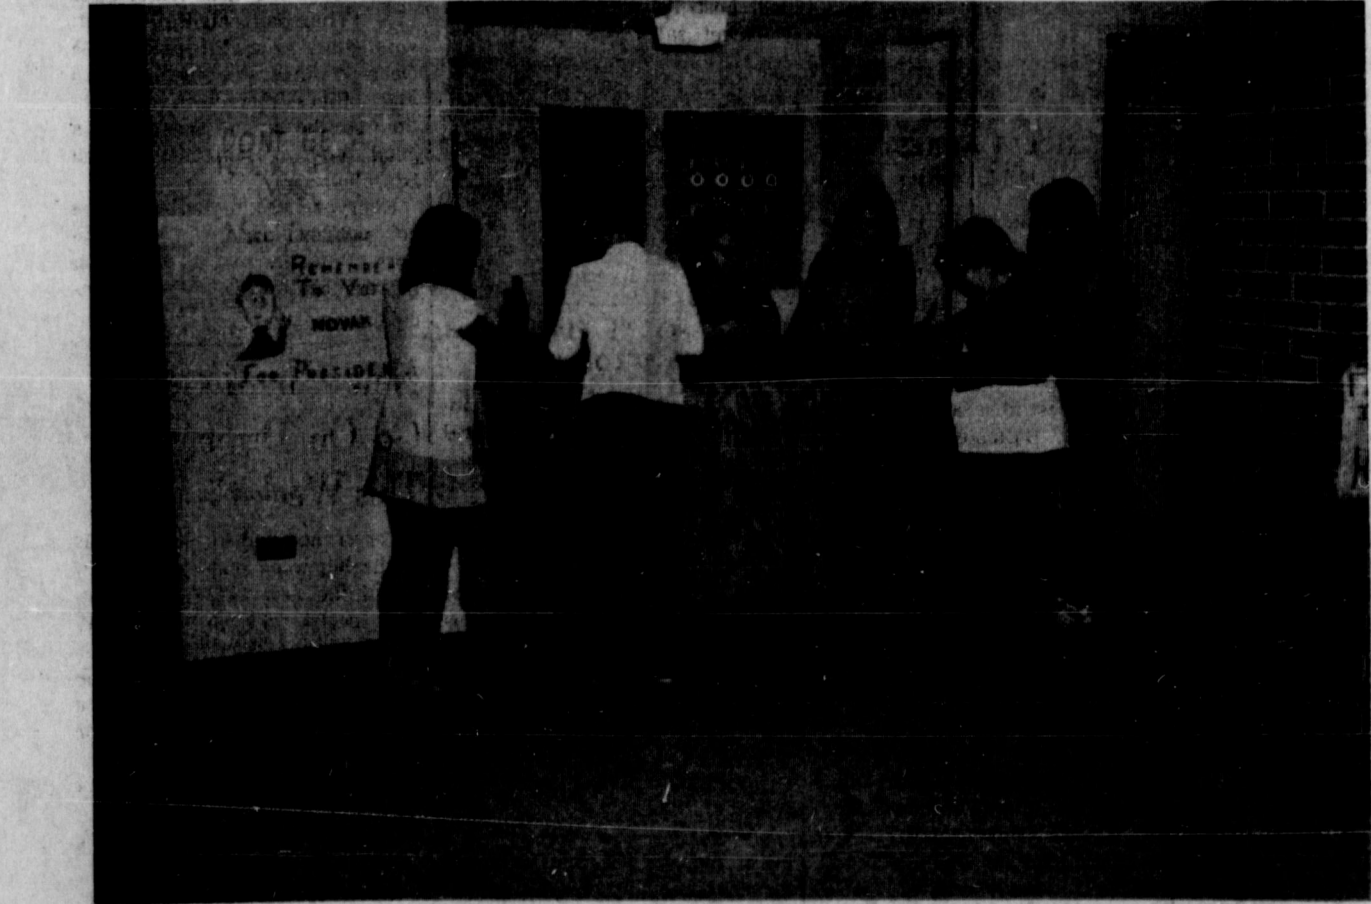

Everyone is invited to come out and lend the Colts your support. Members of the team and the coaches appreciate your support.

New Car Models Go On Display This Week End

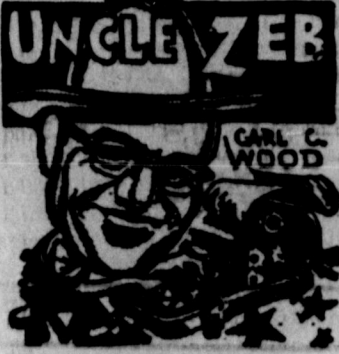

For a number of people, this is the big week end as a majority of the new 1972 model cars and trucks will be on display in car dealer showrooms.

Alderson Chevrolet will be showing the new Chevrolet line today, Thursday; Palmer Motor Co. will be showing the new Ford line and Chamberlain Motor Co. will be showing the new Cadillac, Pontiac and other General Motor lines.

All the new vehicles are being priced on the '71 frozen prices and a rebate will be made on the Federal Excise tax if congress repeals the tax as per the President's request.

This is an interior view of the desk area of Knorpp Hall, new Women's Dormitory on the Clarendon College campus. Open House will be held at 2 p.m. Sunday, September 26, when the public is invited to view the fine facilities of the beautiful new dorm. —Photo by Saye's

... Try it sometime ... Really it is pretty hard to do for likely as not we had rather be bragging on ourselves.

Flattery, according to the dictionary is insincere but complimentary words. It means false praise, or to speak more highly of one than we should.

When folks give us a mouthful of sugar-coated words we should not hold on to them very long. If we do the sugar will melt off and we will have only a bitter pill remaining.

Flattery might win a husband but it takes cookery and a lot more things to keep one. One good thing that makes him feel good is to tell him that he is the kind of man that cannot be flattered.

A compliment usually means to express admiration or approval. To go overboard in the field of compliments means that we have crossed over into the realm of flattery.

The easiest way to flatter most folks is to brag on their favorite person which is themselves.

Officials Urge Maximum Production

Cotton sales during the past five years have exceeded cotton production and the situation has reduced carryover stocks of some lint qualities to dangerously low levels, says Dr. John E. Hutchison, director of the Texas Agricultural Extension Service.

To avoid the possibility of a serious shortage of cotton and to strengthen the future market position of cotton, an educational program—"Better Cotton Yields for Profits and Markets"—was

recently started by the Extension Service and the National Cotton Council.

To launch the program in Texas and to acquaint industry leaders with its goals, meetings were held during July in Lubbock, Dallas, Waco, and Harlingen. Attendance at these meetings included producers, ginners, editors, bankers, agribusiness, farm organization representatives, and county agricultural leaders.

About 375 industry leaders attended the meetings which were sponsored by the state co-chairmen Donnell Echols, president of the Plains Cotton Producers

Association, and Hutchison.

Improved harvesting efficiency was one of the practices mentioned in these meetings that offers good potential for increased cotton yields in 1971. Surveys conducted by the Statistical Research Service have shown that in the fourteen-state cotton belt the average field loss is 11 percent of the total yield.

In Texas, these surveys showed an average nine percent loss. Reducing losses to four percent in spindle-picking operations and two percent in mechanical cotton stripping operations are possible with near ideal field condi-

tions, skilled operators, and properly-adjusted machines, Hutchison says.

So, in Texas where 15 percent of the crop is spindle-picked and 85 percent is stripped the theoretical field loss should average two and one-half percent.

"This level of efficiency will likely never be achieved due to weather and other uncontrollable conditions associated with cotton production," he adds, "we believe, however, that an obtainable goal is to improve harvesting efficiency by two percent."

"On last year's crop this would have meant better than an \$8 million increase in the value of the lint and seed from upland and American-Egyptian cotton," Hutchison continued.

Under the Agricultural Act of 1970, actual yield for 1971 will be used in computing the payment base for 1972 and '73. This is an additional incentive for individual producers to do a better job on all production practices, particularly harvesting efficiency.

Secure cotton markets require a dependable source of raw materials for spinners. Thus, keeping a complete inventory of the various lint qualities in sufficient supply is a necessary part of a stable cotton industry. Efforts by producers to increase yield will therefore add to the stability of the cotton industry of the future, the Director asserts.

The Extension Service is cooperating with producer organizations, mass media, lending agencies, the National Cotton Committee and all others concerned with the industry to emphasize the need for better cotton yields in 1971. This effort will be supported by news releases, radio tapes, field demonstrations, county meetings for producers, area meetings for ginners and special publications that are available

from County Agricultural Agent offices.

"This effort should make cotton's future brighter in Texas," Hutchison concluded.

Teenagers May Prefer Odd Breakfast

Do you have a normally active teenage girl in your home—one who doesn't like to eat a conventional breakfast?

She could choose to eat a sandwich for breakfast, according to Frances Reasonover, Extension foods and nutrition specialist at Texas A&M University.

Why not? Miss Reasonover says the important point is that you eat as you like, as long as the foods you choose for the entire day include specified amounts from the basic four food groups, and as long as you meet calorie needs.

She explains that a day's eating might start like this: a cheese sandwich for breakfast along with a banana and a glass

of milk. If that doesn't appeal, you may want to begin the day with spaghetti, chili, baked beans or deviled eggs.

For a normally active girl of average height—5 feet 3 inches—weighing 117 pounds, multiply 117 by 20 calories and you find that she needs approximately 2,300 to 2,400 calories each day.

Her food intake should include 4 cups of milk or the equivalent; 4 servings of fruits and vegetables, making sure to include those rich in vitamins A and C; 4 or more servings from the bread-cereal group; and 2 servings from the meat group.

The guide is flexible. The specific foods chosen from each group and the time when eaten, either as meals or snacks, is largely a matter of food preferences and family meal routine, she says.

But, the specialist adds, remember to choose right and maintain a desirable weight.

Cadillac '72

Sedan deVille, more luxurious than ever. There's every reason to believe that Sedan deVille will continue to be the luxury car model enjoyed by more motorists than all others. It has the look of luxury—from its distinctive new grille to the new jewel-like interior metal surfaces. It has the feel of luxury—with even more comfortable seating. It has more of what adds up to lasting value. Like Cadillac's new bumper system for increased front-end protection. Sedan deVille—more than ever the popular choice.

One great car after another.

Eldorado, even more distinctive for '72. There's the incomparable Eldorado Coupe and the stunning new Eldorado Convertible, the only luxury convertible built in the land. They are even more elegant, even more exciting. Some things we didn't change. Such as the 8.2 litre V-8, the world's largest production passenger car engine. The precise handling of front-wheel drive and variable-ratio power steering. The Eldorados of 1972 are, more than ever, the world's most elegant personal cars.

Out of a 70-year tradition of excellence come nine great Cadillacs for 1972. In addition to the models above, there are the magnificent Fleetwood Sixty Special Brougham... the youthful new Coupe deVille... the new Calais Sedan and Coupe... and the most aristocratic of automobiles, the new Fleetwood Seventy-Five nine-passenger Sedan. Finally, there's the Seventy-Five limousine, the only limousine built in America specifically designed as a limousine. Cadillac '72 is one great car after another. Because Cadillac does not reject the past, but builds on it. Carefully. With Fleetwood coachcraft by Fisher. With styling continuity and contemporary flair that tells you at a glance that this is Cadillac. See for yourself at your authorized Cadillac dealer.

The Standard of the World still stands alone.

Miss Linda Poling Weds M. Blackman In Church Ceremony

Miss Linda Gail Poling of Fritch, Texas became the bride of Monty Wayne Blackman also of Fritch in a double ring ceremony held in the Southern Baptist Church of Fritch at 3 o'clock Saturday afternoon, September 18, 1971. Rev. John L. Denton officiated.

Vows were exchanged at the altar decorated with greenery, candelabra with candles, and two large turquoise urns of white gladioli. Tapers were lighted by Stan Poling, brother of the bride, and Lee Gibson, both of Fritch.

Miss Cindy Ingram of Canyon, organist, presented a prelude of nuptial selections, the traditional wedding marches, and accompanied Miss Linda Waldrop of Canyon, soloist, who sang "Hawaiian Love Song" and "If Ever I Would Leave You."

The bride given in marriage by her father wore a formal wedding gown of candlelight peau de soie fashioned with a Sabrina neckline, embroidered Empire

Mrs. Monty Blackman—nee Miss Linda Poling

waistline, and long tapered sleeves. Her Cathedral train was attached to a bow at the center back and her shoulder length veil of candlelight illusion fell from a Dior bow. She carried a bouquet of gardenias, baby breath, and talisman roses showered with streamers tied in love knots.

Attending her sister as maid of honor was Miss Wendy Poling of Fritch. Bridesmaids were Sandra Snyder of Canyon, Texas and Anita Lehman of Fritch. They wore formal dresses of turquoise satin with embroidered Empire waistline and headpieces of matching bows with short veils. Each carried a nosegay of turquoise blue and white carnations.

Guests were registered by Miss Peggy Blackman of Fritch, sister of the groom.

Following the ceremony, guests were received at a reception held at the lovely ranch home of the bride's parents, Mr. and Mrs. Walton Poling. The serving table was laid with a candlelight linen cloth with silver and crystal appointments. Adding a touch of color was a crystal candelabra with turquoise candles with floral accents. The three tiered wedding cake was topped with a miniature bride and groom and encircled at its base by four heart shaped cakes. Presiding at the table were Belinda Prather of Clovis N. M., Cheryl Walling of Ft. Sumner, New Mexico, and Pat Gibson of Fritch.

As a traveling costume to Red River, New Mexico, the bride chose a red and black knit dress with matching full length sleeveless coat and red accessories. Complimenting her costume was the corsage lifted from her bridal bouquet.

The couple will be at home at 901 S. Cornell, Fritch, Texas. Mrs. Blackman graduated from Fritch High School and attended West Texas State University, Canyon, Texas two years. Mr. Blackman graduated from Indio, California High School and attended Eastern New Mexico University completing the first semester as a junior. He has completed his basic training in the

National Guard Reserves and is employed by Tecon Development Company.

Among the out-of-town guests were the following from Clarendon: Mr. and Mrs. Roy Blackman, Mr. and Mrs. Clyde Wilson, Mr. and Mrs. James McAnear, Jr., and Mr. and Mrs. John Blackman.

Mr. and Mrs. Billy Roy Blackman were hosts for the rehearsal dinner at Dee's Restaurant in Fritch Friday evening, September 17, 1971. A turquoise and white decor was used. Twenty-three attended.

Mrs. Helton Hosts H. D. Club Friday

1926 Book Club Opens Fall Season With Salad Supper

The 1926 Book Club opened the fall season with a Salad Supper at 7 p.m. Tuesday evening at Patching Club House. The entertaining rooms were made festive with fall color. Lighted candles, sprigs of orange berries and orange napkins were used in table decor.

Mesdames Harold Phelps and C. E. Bairfield were hostess for the occasion and invited members and guests to the dining room for a delicious salad supper.

Mrs. Elba Ballew gave the invocation.

Mrs. Frank White, Jr., president, presided during the short business meeting and the program.

Each present told of her summer activities, travels, etc., which made a quite varied and entertaining program.

Nineteen members and guests were present. Mrs. Charles Lowry was a guest and new members were Mesdames Luther Butler, Dick DeLaney, and K. K. Day. Rep.

Engagement Announced

Mr. and Mrs. Bill Blackman of Fritch announce the engagement of their daughter, Peggy Lea, to Mr. Gilbert Henry White, son of Mrs. Tuck White of Fritch and the late Tuck White.

Vows will be exchanged Saturday, November 6th in the First Methodist Church of Fritch.

Peggy is a graduate of Clarendon High School and attended Frank Phillips Junior College. Mr. White is a graduate of Fritch High School and is attending Amarillo College. Peggy is the granddaughter of Mr. and Mrs. Roy Blackman and Mr. and Mrs. Clyde Wilson of Clarendon.

TIC MEETING HELD TUESDAY NIGHT

Teens In Christ met Tuesday night at 7:30 p.m. There were 49 young people present representing several church affiliations.

T.I.C. has really grown since first organized. We have gained four over two weeks ago. This may not seem like a large number to some but it is really a blessing to us.

T.I.C. will be selling "Smile" pens. These are pens you use for writing not for wearing. We will appreciate your support as the money will be used to further our T.I.C. work.

There were four young people saved. This makes us feel that TIC is getting something done for Jesus Christ.

Y'all come! Tuesday night, 7:30 in the Old City Hall. Rep.

Alice and Fannie Wilson were in Amarillo to visit Alice's mother, Mrs. Nellie Stephens, who has been a patient in St. Anthony's Hospital. Mrs. Stephens returned to her home in Memphis Sunday P.M.

Donald, Judy and Nugget Bland made a recent trip to Dickens.

Boss Lion Glenn Doly extends thanks to all who helped make the Howardwick Lions Club Bin-

go Party a success in spite of an unusually crisp evening for September. Everyone seemed to enjoy themselves. We hope all will come again. Any Tuesday or Saturday night at 8 p.m. come play with us.

There will be a called meeting of the Howardwick Lions Club Board at 6 p.m. in the Community Building, Saturday, September 25, prior to the regular meeting of the club at 7:30 p.m. for Ladies night at Syd Blues.

Bible Study and church every Sunday, 9:30 a.m. in the Community Building. Everyone welcome.

Highlights and Sidelights

From Your State Capitol
By BILL BOYKIN
Texas Press Association

A big push is on from the top to bring about drastic revision in the state's auto insurance system which is the subject of increasing criticism as rates go up nearly every year.
Gov. Preston Smith at the recent national governors' conference in San Juan, Puerto Rico, once more reaffirmed his support of competitive rates and "no-fault" insurance.
State Insurance Board Member Larry Teaver at the same conference announced a wide-ranging survey will get under way with a view to switching to competitive rates and "no-fault."
The survey will be financed with a \$175,000 appropriation to the Insurance Board for research purposes. Teaver said out-of-state specialists with no industry connections will be called on to advise the board.
"I want the study approached from a consumer standpoint and not for the companies' benefit," Smith announced.
Under no-fault insurance, insured victims are compensated regardless of who was at fault. Instead of having liability insurance to cover losses of others, a driver under the no-fault system buys coverage that pays for his loss in spite of who was at fault.
Pennsylvania Insurance Commissioner Herbert S. Denenberg told the nation's governors in their recent conference that the federal government will move to set up a national no-fault system if states don't act to create a reasonably uniform and adequate network of laws.
Massachusetts Gov. Francis W. Sargent claimed the plan saved motorists \$76 million in premium charges in his state this year.
American Trial Lawyers Association members oppose no-fault as reducing legal rights of accident victims to sue for fair recovery of all losses.
OIL ALLOWABLE DOWN AGAIN — For the sixth straight month, Texas Railroad Commission lowered the state's oil allowable.
October production maximum was set at 63.2 per cent of potential compared with 65.1 per cent for this month. Maximum production for October is estimated at 3,131, 217 barrels daily, a reduction of about 78,861 from the September top.
Commission Chairman Byron Tunnel said Texas crude supplies total 102.9 million barrels, a decrease of about 5.4 million barrels from last year.
Eleven of 15 major crude oil purchasers asked for the same allowable in October as in September. Three requested less and only one wanted more.
REDISTRICTING ROW RAGES — Texas Supreme Court scheduled hearings this week (September 23) on a Dallas senator's petition that it order the State Legislative Redistricting Board to redistrict the House of Representatives.
The Court finally put in writing its earlier finding that the reapportionment is unconstitutional. Sen. Oscar Mauzy sued to force the constitutional, five-member Board to act on House redistricting.
The Board last week voted four-to-one to limit its work to Senate reapportionment, since no form of senatorial realignment was passed by the Legislature. Atty. Gen. Crawford C. Martin said the Board should await guidelines from the High Court on the House act.
Mauzy said if the Board does not do the job, a special legislative session will be required, or lawmakers would have to run statewide at large. October 23 is the Board's deadline for action. Legislative candidates must establish residency by November 7 for the 1972 elections. Mauzy wants the Court to order the Board to create single-member House districts in the metropolitan counties.
AG OPINIONS — Attorney General Martin held the Texas Parks and Wildlife Department is without authority to present hunting in the bed of the Canadian River or any other stream.
In other recent opinions, Martin concluded:
Reciprocal or inter-insurance exchanges are exempt from the requirements of the new Texas

Catastrophe Insurance Pool Act.
The teacher retirement system is not governed by the position classified plan in granting a merit salary increase. The system is governed in paying insurance premiums for employees by Texas insurance code and may be subject to the presidential freeze order.
Dallas Independent School District can negotiate a lease contract for a computer without competitive bids, the lease to terminate Aug. 31, 1972.
Money appropriated to build a Parks and Wildlife Department office building at McKinney Falls State Park is payable out of the general revenue fund and special funds.
A \$1 special fee on each delinquent tax receipt is applicable to the 1971 single-payment tax receipts issued for the period Feb. 1, — June 30, 1972.
COURTS SPEAK — State officials conceded the unconstitutionality of the state law requiring unmarried voters under 21 to register to vote only in home-towns of their parents.
A three-judge federal court knocked down major sections of Texas' vagrancy laws.
Court of Criminal Appeals upheld the death penalty conviction of a man for killing a Baytown bus ticket agent.
Same court reversed the sentence of a Houston law clerk accused of masterminding a \$13,000 stickup of a supermarket.
Court rejected the appeal of a man sentenced to 50 years imprisonment for killing the husband of his former girl-friend.
APPOINTMENTS — A seven member research advisory panel headed by State Health Commissioner Dr. James E. Peavy has been formed to authorize experiments with narcotics and dangerous drugs with immunity

from legal prosecution.
Governor Smith named T. A. Kincaid Jr. of Sutherland Springs and Don G. Brothers of Paducah to the Animal Health Commission.
The Governor reappointed Alvin H. Badger of Dallas to Texas Commission on Alcoholism.
Lt. Gov. Ben Barnes named a three-member Senate committee to study tax revenue to fund education costs and a five-member workmen's compensation study panel.
State Board of Education November 13 will consider an interim appointment to fill the vacancy created by the resignation of Richard Kirkpatrick of Texas City.
TEACHER PAY SNAGGED—After a series of reverses, the Cost of Living Council finally concluded that a Texas school teacher to get a pay raise during the freeze period must have been at work before August 15 or have received recently an advanced college degree.
COLC first indicated that most teachers could get raises if their contracts were effective before August 15, then changed its position the same day.
Linda Smith of Guyton, Okla. and her brother, Pat McCrary of Berthoud, Colo., visited her grandmother, Quata Phillips, and Linda and Pat's grandmother, Dora Rippetoe, Tuesday of last week. Marsha and Chris went home with Linda and stayed until Friday when Linda brought them home and spent the week end with her mother and Nita.
If you are planning a long trip be sure to get the proper rest before starting out. Too little rest could cause you to become drowsy behind the wheel. Eternal rest could be the result.

Plant Winter Pasture Cover Crops

Fall sown cover crops are the best protection of cultivated land against erosion by wind and water. Nothing can take the place of cover crops. These extend the length of your growing season about sixty days and make the cost of feeding cattle less regardless of location, rainfall, soil, or the kind of farming or ranching that goes on. Growing cover crops will improve the quality and quantity of your grazing and increase your calf crop. Added organic matter from fall sown cover crops will improve your soil and water holding capacity and soils. Small grains seeded to a mixture of vetch or Austrian Winter Peas will add nitrogen to your soil. Cover crops will help the land, the cattle, and you.

NEWS FROM Congressman Bob Price 18th District, Texas

Price Testimony
The House Agriculture Committee, on which I serve, had a busy week with continued deliberation on pesticide regulation, rural development, and strategic commodities stockpile. I testified before the committee during discussion of the general topic of rural development which is of great interest to me. This testimony gave me the opportunity to bring into focus my various efforts in the field of rural development. These include bills:

TO CHANGE the farmers Home Administration operating loan program from direct government loan program to a government guaranty loan program in order to make more funds available for farmers and ranchers.

TO INCREASE the amount of operating loan funds one farmer or rancher can borrow from FHA to \$50,000 from \$35,000.

TO ALLOW tax incentives to businesses who will move to rural areas. (The Rural Job Development Act).

TO ALLOW tax credits for businesses who will set up a continuing training program for unemployed and underemployed individuals. (The Human Investment Act).

TO ALLOW executors of estates which include farms, ranches, and small businesses to base their value on earning power for inheritance tax purposes. Many children have not been able to carry on their parents' life work because inheritance taxes were based on some inflated value.

Other bills with regard to housing, education, and tax credits for machinery purchases will also aid rural residents as well as those in urban areas.

Letters To The Administration
I asked President Nixon last week to use all the persuasive power of his office to help settle the West Coast dock strike and

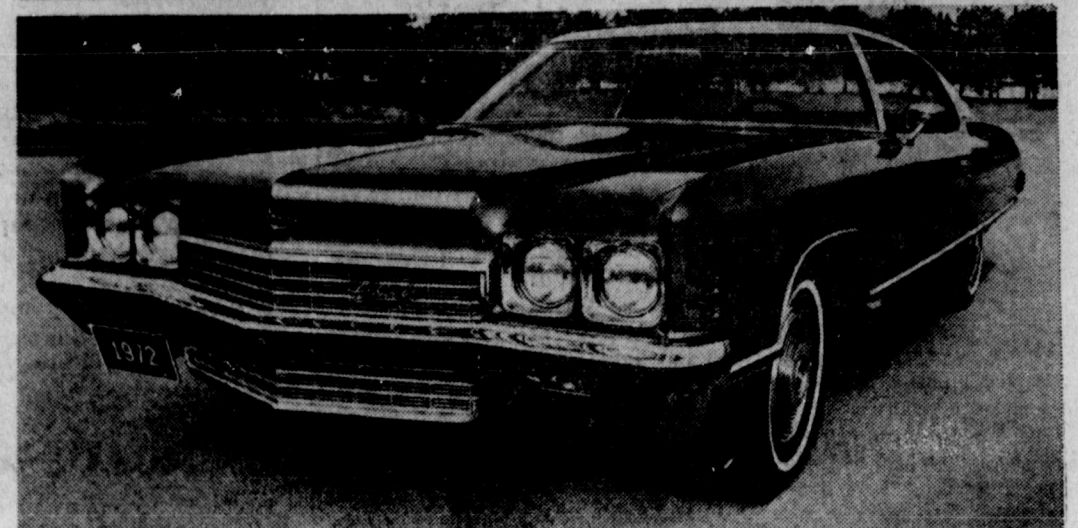

to prevent similar strikes at Gulf ports when labor contracts expire there. The strike is already beginning to affect farmers in our area who depend upon exports for much of their income.

In a letter to Secretary of Agriculture Clifford Hardin, I asked for two major administrative changes in the 1972 farm program. One would allow cotton farmers 100 percent yield protection if they were unable to harvest a crop in 1971 due to drought or natural disaster.

Also requested was full implementation of my amendment to the Agriculture Act of 1970 which sets the loan and support rate for grain sorghum in relation to its feeding value to corn. The rate was set at 92 percent in 1971, but I have presented additional documentation which should result in an increase to 95 percent in 1972.

Floor Action
Two highly controversial bills were acted on by the House last week. One was the repeal of the law under which individuals can be detained during wartime without trial if they are suspected enemy agents. I voted against repeal of this law because I feel the safety of the Nation was paramount in this issue.

Chevrolet adds distinctive appointments to Luxurious 1972 Caprice Coupe

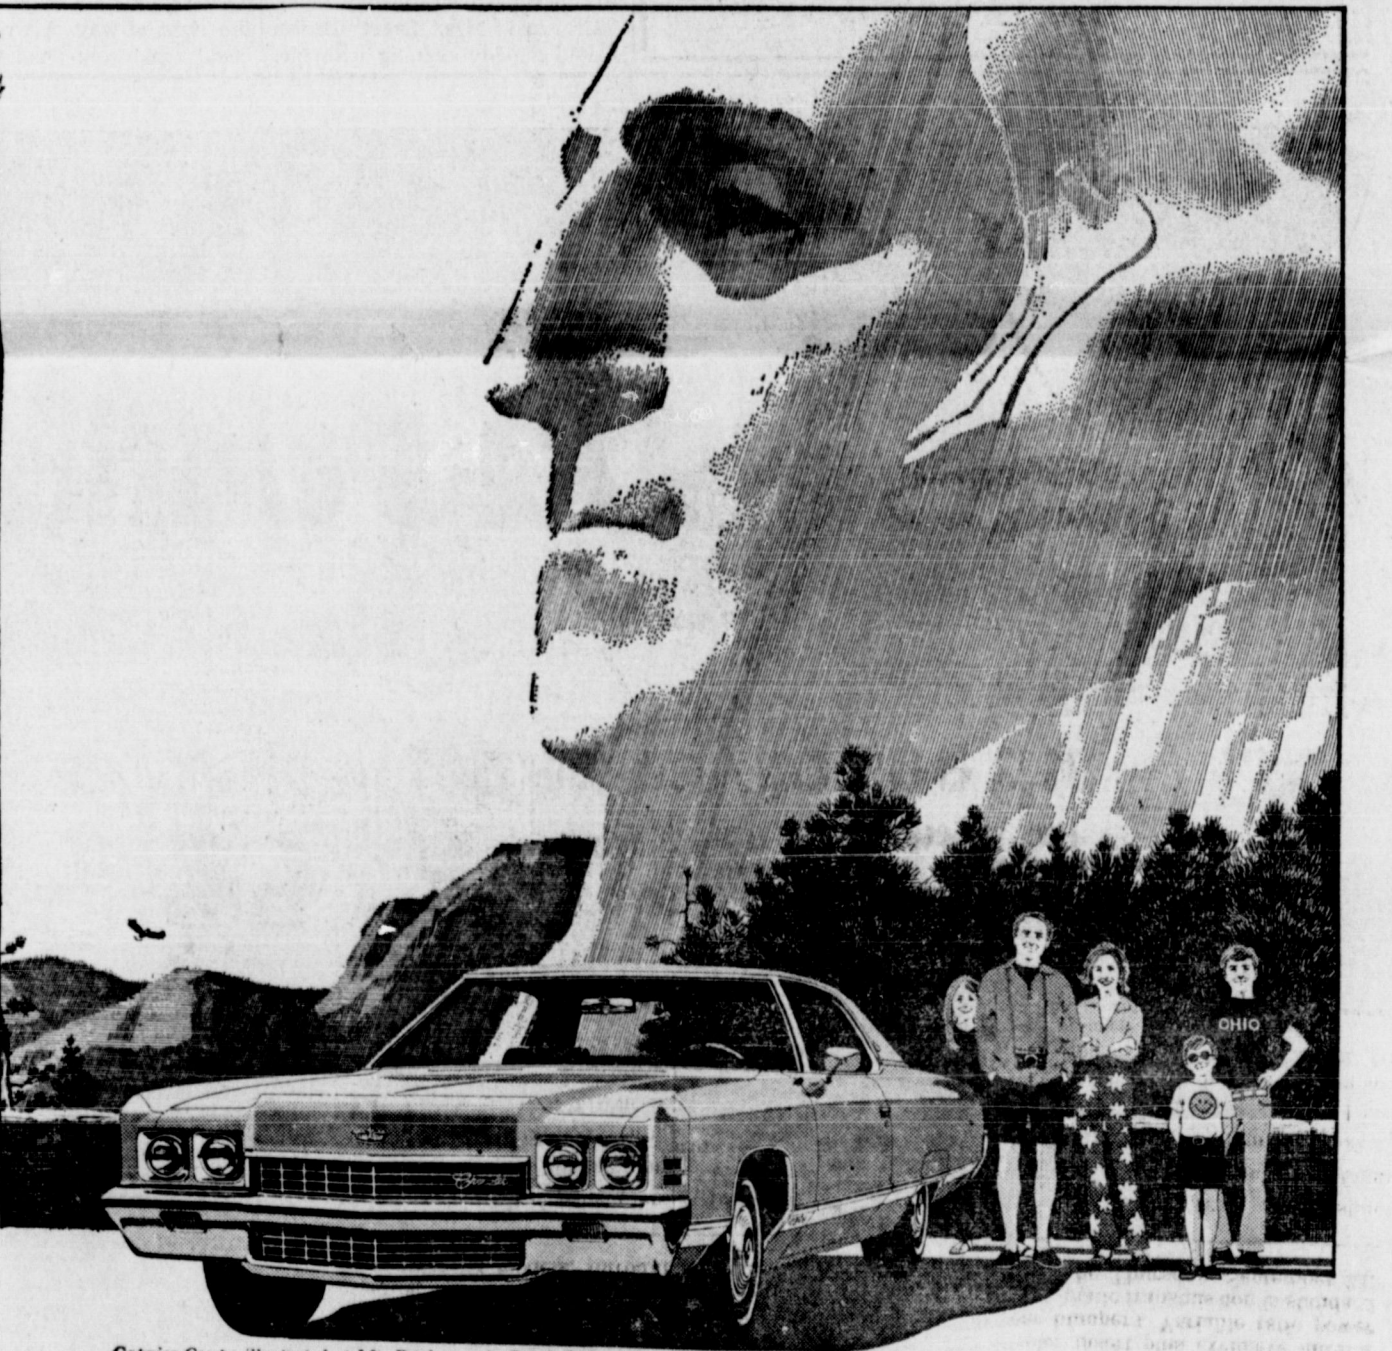

The 1972 regular Chevrolets have added distinction plus strong emphasis upon quality. There is a new squared-off look to the front with a lower grille and individualized headlights. This luxury Caprice has a special large grid grille, full length side moldings with a color insert plus exclusive interior appointments. All regular Chevrolets have stronger front and rear bumpers. Variable ratio power steering and power brakes with front discs are standard. Turbo Hydra-matic transmission is standard on regular V8 models. Introduction date for all 1972 Chevrolets will be Thursday, September 23.

Also considered was legislation to give the Equal Employment Opportunity Commission authority to act as a court in cases involving employment discrimination complaints. I believe this authority should be left in the courts rather than in the hands of over zealous bureaucrats. For this reason I voted for a substitute bill.

Mr. and Mrs. G. W. Estlack visited W. B. Ayers in Hall County Hospital at Memphis Monday evening. Mr. Ayers is a heart patient in the hospital. His many friends wish him a rapid recovery.

QUALITY JOB PRINTING AT THE LEADER

1972 Chevrolet. Building a better way to see the U.S.A.

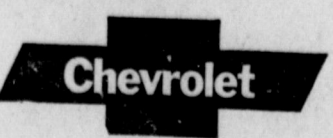

Caprice Coupe illustrated at Mt. Rushmore in South Dakota.

We want your new Chevrolet to be the best car you ever owned.

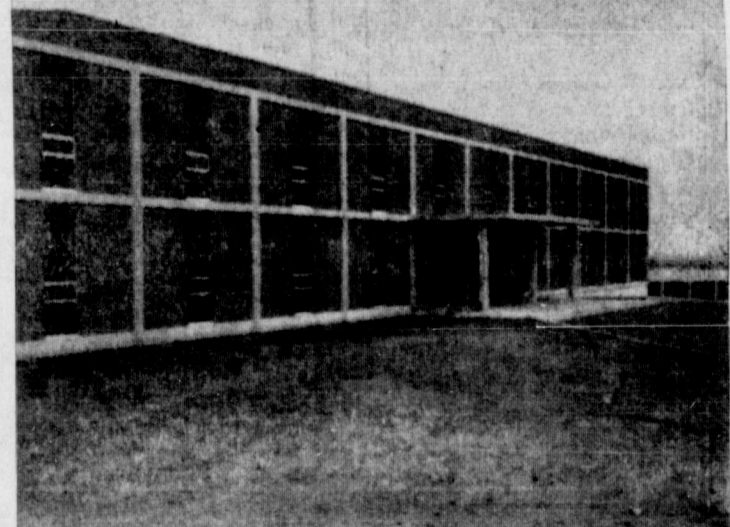

The best. No qualifications. No reservations. We want it to be the most beautiful, most trouble-free, most comfortable car you ever owned. So we've given the 1972 Caprice (above) power steering, power front disc brakes, refined power ventilation and an improved front bumper to provide added front-end protection. Plus a 400-cubic-inch V8 engine and Turbo Hydra-matic automatic transmission.

All standard, as you expect with a luxury car. And Caprice is but one of the new Chevrolets. There are 45 in all: pictured below (left to right) are the 1972 Monte Carlo, Chevelle, Nova, Camaro and Vega. Altogether, a lot of diversity. So there's bound to be a Chevrolet just right for you, your family, your budget and your kind of driving. Whatever your choice, we want your new Chevrolet to be the best car you ever owned. No less.
