## General Election Next Tuesday, November 7

### Bob Price Is Right For Donley Co. As Well As Texas and The Rest Of The Panhandle Area

Because of what we definitely know to be a fact, the Leader is wholeheartedly endorsing Bob Price for Congressman of this District. We know that Bob Price has helped residents of Donley County, our college and our town more than any other representative we have previously had in Washington.

He has had a representative of his office, Charles Lanehart, here at least once a month to help those who needed help. We know on many, many occasions that they have received just satisfaction in the service that Bob has rendered. We seriously doubt that a man from another district would even consider the local individual if he was elected, much less put himself out to assist the residents of the Panhandle in any manner.

If you could have seen the Bob Price received at the overwhelming reception Cong. Bob Price received at the Fine Arts building at the Clarendon College Wednesday morning, you could easily see why the poll at the College is almost 100 percent for Bob Price.

Due to the "one man one vote" and re-districting it is more than ever evident that Price is the right man for the job if the upper Panhandle is to have any representation in Congress. As the law reads now, the large metropolitan districts and cities have greater representation. For the good of our upper Panhandle area and in view of the fine job Price has done and is doing for our area it would be well for residents to weigh the facts. Will this upper Panhandle be governed by the dictates of other areas of the state or do you feel we should have representation from this area? If you want your voice to be heard go to the polls and vote Tuesday, November 7.

We urge you to vote either a straight Republican or at least a split ballot, whereby Bob Price will be returned to represent you and I and the remainder of the residents of the Panhandle in Washington. He is the man in whom we should place our trust.

Mrs. Lorean Pond, Mrs. Lucy Toler, and Mrs. Norma Bearden of Amarillo visited their sister-in-law, Mrs. Herman Percival Sunday. Mrs. Pond and Mrs. Toler also visited their brother, the Bill Percivals.

**CC Drama Class To Present Play Nov. 6-7**

The Clarendon College Drama Department will present "Our Town" Monday and Tuesday nights, November 6-7. This is the famous American classic credited with changing the direction of American Theater.

There will be no scenery or set design. The play will be enacted on a bare stage—only a few chairs and two tables.

Act I portrays insignificant daily tasks that compose our entire life, such as drinking a cup of coffee, reading the paper, or exchanging meaningless chatter. Literature lovers will recall Dr. Gibbs, folkie Howie Newsome and beautiful Emily Webb.

Act II is a microscopic look at love and marriage. Act III concludes the examination of life by analyzing death.

Admission is \$1 for adults and 50c for students. Curtain time is 7:30 p.m. in the Harned Sisters Fine Arts Center.

**Funeral Services For G. A. Anderson Tues.**

Funeral services for Gustav Adolph Anderson, 91, a resident of Donley County for 96 years were held at 2 p.m. Tuesday, October 31, 1972, in the First Christian Church with Rev. Paul Hancock, Minister, officiating. Interment was in Citizens Cemetery under the direction of Murphy Funeral Home.

Mr. Anderson died Sunday afternoon, October 29th, in the City Hospital at Gladewater, Texas. He was born August 2, 1881 in Dallas County, Texas and married Nancy Mava Whisman there. He came to Donley County in 1906 from Dallas County and was a farmer and a stockman. He served as Justice Of The Peace for Precinct No. 2 in Donley County for many years, and was a member of the First Christian Church, Clarendon Masonic Lodge, Order Of The Eastern Star, and Clarendon Lions Club.

Survivors include two nephews: Walter Goar of Gladewater, and Ernest Goar of Gilmer, Texas.

Bearers were Richard Finch, E. H. Monroe, Otto Elliott, T. C. Saye, Frank White, Jr. and Roy Clamplitt.

**FUN AFTER FIFTY TO MEET SATURDAY, NOV. 4**

The Fun After Fifty organization (Senior Citizens) will meet Saturday, November 4, at Lions Club Hall. Dear members and friends, don't forget we will be observing Thanksgiving with turkey and all of the trimmings at this meeting.

The turkey and dressing will be furnished by the organization. Those attending are asked to bring a covered dish and join in the fun. There will be entertainment, games, and the Door Prize will be awarded to some lucky person.

**VETERANS BALL TO BE HELD IN AMARILLO**

The second Annual Veterans Ball will be held at Holiday Inn West in Amarillo Friday, November 10, starting at 6:30 p.m. Speaker will be Major General James C. Smith. See J. D. Little for tickets to this special occasion which is sponsored by the Amarillo Chamber of Commerce.

Mr. Little attended an Amarillo meeting held at the Travel Lodge Hotel last Thursday at which time plans were completed for this occasion.

### Cong. Bob Price On CC Campus Wed. a.m

Congressman Bob Price was a Clarendon visitor Wednesday morning of this week and at 10 a.m. visited and addressed students and citizens in the Harned Sisters Fine Arts Center on the Clarendon College campus.

Price in his comments stressed the many uncanny misrepresentation being used by the opposition in this campaign. Documentation of these misrepresentations are in the records.

One of the points brought out was that Congressman Bob Price has introduced or co-sponsored some 36 pieces of legislation that have either been made into law or become parts of other larger laws.

Congressman Price further pointed out that Mr. Purcell claimed to be next in line to the House Agriculture Committee. The Seniority System dictates that the member of the committee with the greatest number of years on the committee will be the next chairman if his party is the Majority Party. Assuming Mr. Purcell's party retains control and assuming Chairman Poage of Texas retires, which he certainly has not agreed to do, then Mr. Stubblefield is next in line, not Mr. Purcell as he would have you believe. Mr. Purcell is correct in the fact that he could eventually become chairman. If he had to wait as long as Poage then Purcell could be chairman in 30 years, added Price.

The third point brought to attention by Congressman Price was the criticism by Purcell in relation to Price's attendance records in committees. All committees generally meet at the same hour and if one is serving on several committees we all know it is impossible to be in two places at the same time. The remark was first made by Olin Teague in retaliation for Price's publishing the attendance record of the entire Texas delegation. Teague holds the worst record and Purcell the second worst.

These are only three of the points covered in this morning's address. While Congressman Price was speaking at the College, Mrs. Price and others of his party were visiting throughout the business section of town with business men and citizens on the streets.

Mr. and Mrs. Dick Shelton spent the week end in Raton, New Mexico.

**Public Invited To Community Action Meeting November 9**

There will be a meeting of the Community Action Advisory Board Thursday night, November 9, at the Center. The public is invited to attend this meeting. This date has been set due to an Area meeting and the Thanksgiving holiday. The center is across from the Fire Station.

All citizens of this area are urged to come to this meeting. Bring your problems of common concern, your questions. If you do not favor the program let it be known why, or why you do favor the program. Learn where the funds for the program are coming from; why they have been provided; and how these funds are being spent. Through discussion each and everyone can help in using our resources efficiently and effectively. All in the area are invited to participate.

Mike McQueen, T/TA of Amarillo plans to be present for the meeting and will show a film explaining this program. Each and everyone will be most welcome.

**Bronchos Will Meet McLean Tigers Here In District Game Friday Night**

The Bronchos are moving along toward the district honors and will take on the McLean Tigers here in the Broncho Stadium Friday night. Game time will be 7:30.

Coach Clyde Noonkester reports that McLean has a good defensive team but have been riddled by numerous injuries. Part of the injured are expected to play Friday night though and this could change the complexion of the game some.

He reports the Bronchos are in pretty fair shape for the game and stated that Shields and Elray King should be in better running condition by the end of the week. Speedster Jerry Holland is listed on the out list with an injured leg (possibly a bone fracture). Rodney Hicks is still out and will be for another several weeks after undergoing knee surgery last week.

The Bronchos B squad will be playing McLean tonight, Thursday, following the eighth grade game there also beginning at 6 p.m. The seventh grade team will play Shamrock here at home tonight, Thursday, at 6 p.m.

**FIRE DAMAGES THE LEONARD PUTMAN HOME**

The home of Mr. and Mrs. Leonard M. Putman was damaged by fire about 6 a.m. Tuesday morning when a regulator in the Main Gas Line developed a malfunction throwing a 20 pound pressure in the house. This caused the automatic furnace to catch fire.

The Clarendon Volunteer Fire Department is to be commended on the prompt action taken which kept the damage from being greater.

Mr. Putman, who has not been well, fell while trying to put out the fire which has set his recovery back. Thanks to modern fire fighting equipment water damage was not as great as it could have been; however, water was used between the walls and areas where other means could not be used.

The Putmans are most grateful to our Fire Department, stated their son, Junior.

**VFW TO HOLD MEETING MONDAY NITE**

The local Veterans of Foreign Wars (VFW) will meet Monday night, November 6, 1972, at 7:30 p.m. in the City Hall located in the old red school building.

More participation is needed to keep the organization going and enthusiasm generated.

The local VFW is a chartered organization. "Let's keep it that way," stated J. D. Little in announcing the meeting. Several projects are underway at all times—for example the Flag Service to the town.

All eligible U. S. Service men are urged to come out to the meeting Monday night.

Mr. S. M. Harp returned home Saturday after a visit with her son and family, Mr. and Mrs. Sidney Harp and sons of Lubbock.

**Funeral Services For G. A. Anderson Tues.**

Funeral services for Gustav Adolph Anderson, 91, a resident of Donley County for 96 years were held at 2 p.m. Tuesday, October 31, 1972, in the First Christian Church with Rev. Paul Hancock, Minister, officiating. Interment was in Citizens Cemetery under the direction of Murphy Funeral Home.

Miss Katrina Messer took a Division I rating in UIL Contests in Solo Twirling at Amarillo last week. This qualifies her to go to State contests in Austin to be held the week following the close of school in May.

### Teachers To Attend TSTA Meet Nov. 3

Donley County Texas State Teachers Association unit, along with Region XVI school units will attend the District Convention Friday, November 3, at the Civic Center Auditorium in Amarillo, reports Arling Cordell, president of the Donley County Unit. Schools will be dismissed for that day.

Problems of National, State, and Local levels will be discussed in the main assembly and in various sections.

More than 5,000 public school teachers and administrators from 26 counties in the Texas Panhandle are expected to attend. Theme for this year's convention is "Quality Education For All."

The House of Delegates will hold a dinner meeting Thursday evening, November 2, at 6:30 p.m. at Caprock High School. The general session will begin Friday morning at 10 a.m.

Day's activities will include 37 sectional meetings combined with luncheon in addition to the general assembly.

### All Qualified Voters Should Be Counted In Final Vote Tally

Tuesday, November 7 is General Election day and a large turnout of voters is expected over the entire United States. From all indications, President Nixon will go back into the White House with a landslide. A large and convincing vote is expected throughout Texas for other Republican candidates that will be working with President Nixon.

More people than ever are expected to vote a split ballot this time. A complete ballot is being published in this issue of the Leader as a special courtesy to our readers so you can be well informed as to how you wish to mark your ballot before going to the polls. In another article, you will find a listing of all voting places in the county.

Here in Donley County, on the national, state and local level, the republican candidates, especially Nixon, Tower, Price and Christian seem to be leading the field although there is quite a bit of deliberation in the other state races.

The main point is for every qualified voter to go to the polls next Tuesday and cast your ballot regardless of how you vote. More people need to express their own view points through their right to vote.

### Hospital Board Is Negotiating For Three Doctors

The Board of Directors of Donley County Hospital District in a Special Called Meeting Monday, October 30, 1972 decided to negotiate with Texas Hospital Consultants based in San Antonio.

Most likely to be agreed upon are three physicians, each working a separate shift and not working the next 48 hours.

This would leave a doctor on call at the hospital - clinic - nursing home at all times.

The hospital would furnish sleeping accommodations for the physician.

The doctors, secured by Texas Hospital Consultants, probably would live in Amarillo and be flown to Clarendon every third day for their period of work.

Each of the three doctors would work a total of 10 days a month. The Board of Directors and the Texas Hospital Consultants will meet again within two weeks to discuss a contract.

The board, lacking one member, Delbert Robertson, unanimously agreed to the negotiation. Considering the past and projected future needs of the community, the board has asked the Texas Hospital Consultants to furnish the hospital two medical doctors and one osteopath.

Dr. R. D. Bobbitt, director of the Texas Hospital Consultants, stated that he had all specialist on his staff with the exception of a Pediatrician and an Internist.

The Texas Hospital Consultants have been manning the Emergency Receiving Center at Northwest Texas Hospital in Amarillo for the past three months.

### CHS Band To Region I Marching Contests

The Clarendon High School Marching Band under the direction of Garry Bowen participated in the Region I, District 2A contests held in Amarillo Wednesday of last week.

School ratings are as follows: Wellington, a 1; Clarendon a 2 and Memphis a 2; Claude a 3 and McLean a 3; and Wheeler a 4.

Twirler contests were also held at this time both in solo and ensemble. Katrina Messer received a Class I rating qualifying her to go to State in Austin the week following the close of school in May. Kim Newhouse and Gina Killingsworth each received Division 2 ratings and in ensemble (the three working together) the trio received a Division 2.

Our community takes great pride in our fine band and congratulate these students on their accomplishments.

### EX-STUDENT ASS'N OFFICERS TO MEET

Officers of the Clarendon College Ex-Student Association will have their first meeting of the year Wednesday, November 1, 1972, at 7:30 p.m. in the Administration Building on the Clarendon College Campus.

Officers for the 1972-73 year are:

James Stavenhagen, Quail, Texas, President.  
Don Lyles, Panhandle, Texas, Vice-president.  
Darlene Spier, Clarendon, Texas, Secretary-Treasurer.  
Elizabeth Britten, Lubbock, Texas, Assistant Secretary.  
Lucille Polk Naylor, Hereford, Texas, Parliamentarian.

The purpose of this meeting will be to get things organized and plans started for the reunion, which is to be held June 8, 9, and 10.

Leader - Local Rate \$4.50 A Year

### Social Security

By TRAVIS C. BRIGGS

Q—I was recently treated by a doctor in another state. My Medicare claim had to be filed in that state. Do I have to meet the \$50 deductible there as well as at home?

A—No. The \$50 deductible applies just once a year even though claims are filed in different states.

Q—On a recent explanation of Medicare benefits, there was an entry next to a \$12 item which showed "allowable charge" to be \$10. Why is that?

A—Medicare payments are based on your doctor's usual fee for a particular service but allowable charges may not exceed those

charged by 75% of the doctors in your area. For example: From a group of 20 doctors, five doctors charge \$4 for a routine office call, 10 doctors charge \$5, three doctors charge \$6, and two doctors charge \$7.50. If your doctor charges \$4, then \$4 will be allowed because this is his usual fee. If your doctor charges \$6, only \$5 will be allowed because this is the highest fee charged by 75% of the doctors.

Q—Who decides "allowable charges"?

A—These are determined by the Medicare carriers, the organization selected in each state by the Social Security Administration to handle medical insurance claims. They are based on customary charges by physicians.

## Vicki Hamilton Weds Michael Ray Henry

Miss Vicki Hamilton, daughter of Mrs. Willie Hamilton of Hedley, and Michael Ray Henry, son of Mr. and Mrs. Bernard F. Henry of Coushatta, Louisiana were united in marriage Saturday evening, October 28, 1972.

The double ring ceremony was read in the Baptist parsonage with Rev. J. J. Terry the officiant. Immediate members of family and a few friends attended.

The bride wore a street length dress of white knit and carried a bouquet of blue carnations. All of the traditions of something old, new, borrowed and blue were observed.

Attendants were Mrs. Willie Hamilton, mother of the bride, and Roger Dougherty.

Following the ceremony, the couple left for Coushatta, Louisiana where they will make their home.

The bride is a granddaughter of Mr. and Mrs. Sam Owens.

Mrs. Tildon Kirkpatrick—nee Paula Maxey

## Miss Paula Maxey Tildon Kirkpatrick Nuptials Oct. 28

Miss Paula Jo Maxey, Clarendon, Texas, became the bride of Tildon A. Kirkpatrick of Amarillo in a double ring ceremony in Anna Moores Chapel of the First Baptist Church, Clarendon, Saturday evening, October 28, 1972. Rev. William R. Lawrence officiated.

The Chapel was decorated with candelabras flanking altar arrangements of white mums. Pews were marked with yellow and green ribbon.

Mrs. Terry Ashcraft, pianist, presented wedding selections, the wedding marches, and accompanied Miss Katrina Messer as she sang "We've Only Just Begun" and "A Time For Us."

The bride was escorted to the altar and given in marriage by her father. She wore a wedding gown of peau de soie with lace accents fashioned with princess lines, high neckline, long sleeves, and chapel train. Her shoulder length veil of illusion fell from a tiara of seed pearls and she carried a cascade bouquet of white snowflake mums and ropes of pearls centered with Cymbidium orchids. In keeping with traditions she carried Mrs. Carmen Wright's old lace handkerchief placed beneath her blue garter and wore a necklace and earrings borrowed from her sister.

Attendants were Miss Debbie Kirkpatrick of Amarillo, sister of the groom, maid of honor, and Carolyn Brooks of Clarendon, bridesmaid. The maid of honor wore a floor length dress of lace over green satin with yellow ribbon at the Empire waistline. The

bridesmaid wore a formal lace dress with yellow underlay and green ribbon trim. Matching ribbon was worn in the hair. Each carried a nosegay of yellow snowflake mums with white carnations.

LaDonna Hewitt of Clarendon was flower girl. She carried a white basket filled with snowflake mums. Guests were registered by Mrs. Michelle Adkins, sister of the bride.

Attending the groom as best man was Lyndol Moffett of Clarendon. Groomsman was Bobby Vinson of Dalhart, Texas. Ringbearer was Christopher Simmans, nephew of the bride.

Ushers were Gayle Gray of Clarendon and Wendell Sura. Mrs. Maxey, mother of the bride, wore brown chiffon with beige accessories. Mrs. Kirkpatrick, mother of the groom, wore green double knit with gold accessories. Each wore a corsage of green Cymbidium orchids.

Following the ceremony a reception was held in Fellowship Hall. The serving table was laid with a lace cloth over gold and accented by green bows. An arrangement of white snowflake mums was flanked by tapers in crystal candelabra. Appointments were crystal. The tiered wedding cake was topped with a miniature bride and groom and decorated with yellow and green. Presiding at the table were Mrs. Marsha Simmans, sister of the bride and Miss Debbie Holland. As a traveling costume the bride wore a plum colored dress fashioned with a pleated skirt, white accessories, and the orchid lifted from her bridal bouquet. The couple will be at home at Farwell, Texas.

Mrs. Kirkpatrick attended Clarendon High School and at the time of her marriage was em-

ployed as a dental assistant in the offices of Dr. Jack Baldwin of Clarendon. Mr. Kirkpatrick is a graduate of Clarendon High School and is employed by Santa Fe Railroad out of Clovis, New Mexico.

The rehearsal dinner was held at the Country Kitchen Friday evening, October 27, 1972. Twenty were present.

## Colts Take Two Wins From Claude Thurs.

The Clarendon Junior High Colts took two wins from Claude here last Thursday night. Eighth graders won their game 14-6 while seventh graders came out on top with a 20-0 score. The Colts have played Claude four games in series play and won the 4.

In the 8th grade game, Barry Schafer made an 80 yard run on a kickoff return. Coach Pete Bromley reports these games to be the best played this year and says all members of the teams showed up good.

Cheerleaders led a good Pep Rally assisted by the Band and presented a skit.

This week the 8th grade Colts will go to McLean. Game time is 6 p.m. Seventh graders will host Shamrock in Broncho Stadium. Game time will be 6 p.m. also, Pep Rally will be at 1 p.m.

Everybody is invited to attend the Colt games and lend them your support.

so pointed to increases in medical care for welfare beneficiaries.

Even with the increase recommended, benefits would be cut at least temporarily next fall. State funds for welfare totaled \$212.5 million in 1972 and \$267.8 million in 1973.

The Texas constitution limits money actually paid to welfare recipients (not including medical assistance, operating costs, special services, food stamps, counseling, child care and job training) to \$80 million a year.

Voters last year rejected a proposal to remove state aid to the aged, blind and disabled from ceiling.

If President Nixon signs the revised welfare reform bill, only aid to families with dependent children would be left under the state ceiling by Jan. 1, 1974. The federal government would assume the cost of aid to the aged, blind and disabled, although the states would administer programs until July 1, 1975.

The federal act, if signed, would also phase back into the until July 1, 1975.

The federal act, if signed, would also phase back into the medical program 19,000 old folks who lost their eligibility when social security benefits were raised October 1.

UNITARY PRIMARY URGED — Secretary of State Bob Bullock recommended unitary primary elections to replace the old sys-

tem of separate primaries for Democrats and Republicans.

At the same time, the state chief election officer advised a Senate election law study committee that unless the legislature enacts new legislation next year there will be no laws on the books for financing 1974 primaries.

Bullock estimated the state could save at least \$300,000 under the \$2.8 million spent on dual primaries this year if it uses the same polling places and officials for both major parties.

The Secretary recommended state and local officials, rather than county political party chairmen, be designated to hold primaries. He also urged re-evaluating the whole Texas Election Code's provisions on political advertising and campaign expense-financing reporting. He said the election code should be reworked.

RATE STUDY ASKED — The House sponsor of competitive home and auto insurance rates in the recent special session announced he will ask the House speaker to direct a committee to make a rate study.

Rep. Don Cavness of Austin said he hopes his bill, which died in conference committee last month, will be received by the 63rd Legislature next year.

Cavness said he does not think lawmakers received an accurate analysis of competitive rates from the State Board of Insurance. He said he hopes to obtain more nearly accurate facts on auto insurance costs. He said he also wants some meaningful comparisons on premiums for homeowners' rates, which "on routine examination appear extremely high."

ODOMETER ABUSES HIT — Fifteen hundred car dealers and leasing companies in Texas signed voluntary agreements not to "roll back" odometers (mileage indicators) on used cars in Texas, Atty. Gen. Crawford Martin said. Earlier, the attorney general's Consumer Protection obtained 39 permanent injunctions against El Paso firms and individuals for turning back the odometers on used cars would seem to have "low mileage."

Martin claimed substantial progress in the odometer controversy after the 1,500 who handle the bulk of used car business in Texas filed voluntary compliance assurances.

COURTS SPEAK — An Austin district court denied former West Texas State Sen. David Ratliff's plea to have his trial for two state paycheck thefts moved from Travis County.

Texas Supreme Court set arguments December 6 on whether Denton County Judge Tom Todd could cancel an election he set earlier to incorporate Corral City in the county.

Supreme Court upheld lower decisions that Houston was liable for damages for injuries to a child who fell on sharp rocks in a drainage ditch.

AG OPINIONS — Atty. Gen. Martin said an 82-acre tract of land owned by the Church in the Hills Inc. in Kerr County is not exempt from taxation.

In other recent opinions, Martin concluded: County tax office motor vehicle license receipt records are public records and must be preserved for five years. They may be examined by interested persons, and the telephone questions about them can be answered at discretion of the tax office.

A water supply corporation establishing a drinking water supply for public use is subject to State Department of Health jurisdiction.

Unexpended balance of a Ford Foundation grant for a state legislative intern training program which has been terminated must be returned to the Foundation. Interest earned on investment must be deposited to the state's general revenue fund.

An act to abolish the Hutchinson County school superintendent's office is unconstitutional.

Texas Cosmetology Commission does not have authority to renew licenses, and can't issue two separate renewal licenses to either for combined time span of more than one year.

RURAL AID HEARINGS SET — Texas Industrial Commission will hold public hearings in four cities during November to determine which areas are eligible for industrial development aid under a new law.

Hearings will be held in Austin November 9, Big Springs November 14, Kingsville November 16 and Henderson November 21.

Rising welfare costs will demand another \$60.9 million increase in the state budget dur-

ing the next two years, the State Board of Public Welfare concluded last week.

The Board also approved a budget request asking an additional \$71.1 million in federal matching funds for the 1974-75 biennium.

State Welfare Commissioner Raymond Vowell blamed the increase on congressional regulations and a two per cent cut in the federal government's share of welfare program costs for Texas.

## VOTERS — BILL OF RIGHTS

1. You can vote for anyone you want.
2. All votes are secret.
3. One man one vote.

Presented in the public interest by the Texas Republican Party, Dr. George Willeford, chairman.

the Texas Rural Development Act will help 230 non-profit industrial foundations get up to 40 per cent of cost of financing a new or expanding industry in rural areas.

REVENUE SHARING PLAN — Gov. Preston Smith formed a council to plan for orderly administration of the new federal revenue sharing act.

The law provides an estimated \$244.5 million for Texas state and local governments during calendar year 1972. During its five-year life, Texas governments are expected to get \$1.3 billion. Local governments will receive \$163 million and state government \$81.5 million (estimated) in calendar 1972, \$185 million and \$224 million in calendar 1973.

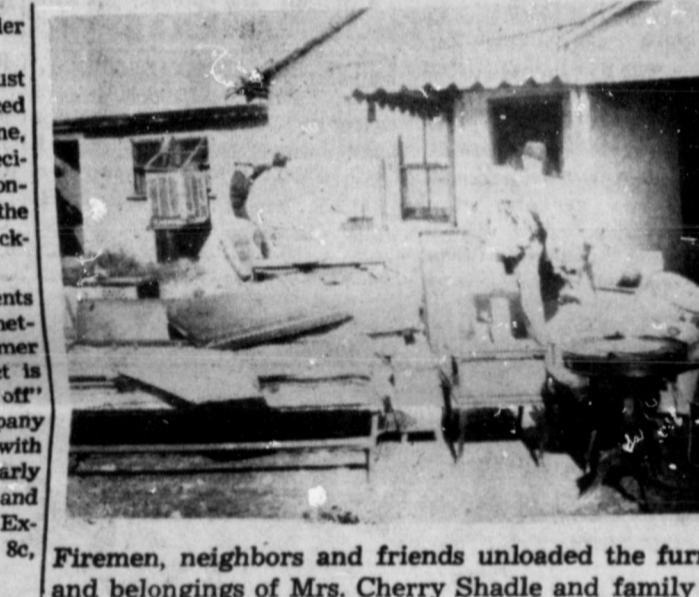

commodity in at least one smaller size.

The economy size package will sell at a substantially reduced price per unit of weight, volume, measure, or count. More specifically, it must save the consumer at least 5 percent of the actual price of any other package of the same brand.

The new regulations for "cents off" basically concern the method of informing the consumer that the price of the product is a stated number of "cents off" the regular price. The company must supply the retail store with a sign or shelf marker clearly showing the "cents off" and the "regular price." For Example: "Regular price, 67¢, 8¢ off, you pay 59¢."

As of June 30, 1972, the product's package or label must also clearly show that the price marked represents the savings in the specific amount of "cents off" the "regular price."

These new regulations will guarantee that you really will get the savings promised by

### The Informed Consumer

by Attorney General Crawford Martin

**CENTS OFF, INTRODUCTORY OFFERS, AND ECONOMY SIZE**

"How do I know if I'm really getting a bargain when I buy something with 'cents off,' 'introductory offer' or 'economy size'?" Consumers I've talked to throughout Texas ask me about these special price promotions, which are often confusing and misleading.

The Federal Trade Commission is very concerned with this problem and recently issued new regulations to help the consumer when buying nonfood consumer products. The Food and Drug Administration is writing its own regulations to make them compatible with the FTC's. They'll be completed soon, and will apply the same kinds of controls to food, drugs, and cosmetics. Let's take a close look at these rules and see just what they mean to you.

"Introductory offers," under the new regulations, can be made for only six months. They are limited to a new product or one that has been changed in a functional way, such as a soap which adds "deodorant protection." The introductory offer must be made at a lower price than what will normally be charged after the introductory offer.

You've probably seen one brand of a product offered in "economy," "family" and "budget" size, and know how confusing it can be determining which is the best bargain. Now, "economy size" promotions may not be made unless a company offers only one-size package with a label designating it as a money-saving size, such as "economy" or "family." The company must also at the same time offer the same brand of the

between real and implied savings a little easier for all of us.

Members of the Pampa Area Office Clerical Staff of the Soil Conservation Service held their annual tour at the Clarendon Field Office last week. Pictured examining Grassed Waterway and Parallel Terraces on the D. G. Bray farm are left to right: Melba Musgrove, Helen Duke, Helen Sharp, Patricia Mons, Pamela Castner, and Brenda Stroud. They were accompanied by Douglas Cunningham, Area Conservationist; Monty Sowers, District Conservationist of Clarendon; and Garth Weidner, Technician at the Clarendon Field Office. Other projects viewed were Weeping Lovegrass and terraces on the Homer Hardin farm; plant materials and trial planting on the R. O. Ranch; construction on Site 4 of Lakeview Watershed; and the exotic wildgame animals on the John Lee Bell Ranch.

### Pros And Cons Noted For 14 Constitutional Amendments

A recap of the first seven Proposed Constitutional Amendments to the Texas Constitution was carried in last week's issue of the Leader. The remaining seven Proposed Constitutional Amendments to be voted upon Tuesday in the General Election follow. In this issue is also a sample ballot. Study these Amendments and the ballot. It is our hope that both the recap and the ballot will be of help to you and that you will exercise your rights by going to the polls Tuesday and voting as you see fit.

No. 8 — The constitutional amendment to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public

Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and certain statutory State officers.

**FOR:** Functions of the office could be mastered before embarking on campaigns for re-election. Officials would be able to devote greater energy on their duties. Beginning in 1974, this proposed amendment would perpetuate elections for state office in non-presidential election years creating more interest in state politics. Cost of campaign for state office are so high many qualified candidates do not run for office. Campaign expenses would be cut almost in half on a four-year system. In 39 states governors are elected for 4 year terms of office.

**AGAINST:** Long terms of office tend to alienate the official from those who elect him. Public officials are under almost constant exposure to the wishes and needs of the people who elect him. Too much power is inherent in 4 year terms. History has shown that long tenure in office leads to political corruption and the proposal included no restrictions on election to consecutive 4-year terms. Four years would be too long to retain a poor public official.

No. 9 — The constitutional amendment to provide that direc-

# Price is right for Texas.

Bob Price is a full time congressman. His attendance record on voting of 93% is one of the highest in the Congress. By comparison his opponent has the second worst attendance record in the entire Texas delegation.

Bob Price has approached legislation with a conservative and careful outlook. He has earned a 90% rating by the ACA, compared to his opponents 42%.

Bob Price has worked hard to bring new industry, expand present firms and to thereby create new jobs. The Panhandle's "Business Index" is one of the highest in Texas.

Bob Price has introduced or co-sponsored 36 pieces of legislation that have become public laws. These are a matter of record, in spite of his opponent's clever misrepresentations.

Bob Price fights against inflation. He has an 88% rating by the National Associated Businessmen's Economy. His opponent only 50%.

Bob and Marty own their own home in Pampa. Two of their children attend the Pampa public schools. Bob is a graduate of Oklahoma State. He returned to Pampa after the Korean War. Before his election to Congress he was active as a business leader, in civic affairs and taught Sunday School in the First Baptist Church in Pampa.

He was first elected to Congress in 1966. Was re-elected in 1968 and because of his popularity had no opponent in 1970. When a man earns this respect from both political parties it is proof of his ability and hard work.

It's easy to see why people feel Price is right for Texas. He is an honest sincere person who stands up for his principles. Thank goodness, his principles are the same as made this country great.

## He's a Panhandle Man... Be Sure to VOTE!

Mrs. Roy Ritchie received word Sunday night of the death of her mother in Missouri. This family has our sympathy.

Mr. and Mrs. Roy Farris were in Amarillo Friday for Mrs. Farris to have medical attention.

Mr. and Mrs. Earnest Lambert of Groom visited Mr. and Mrs. Roy Farris Saturday afternoon.

Supper guests of Mr. and Mrs. Alford Ivey Wednesday night were Mr. and Mrs. Harold Lindley, Jay and Ray, and Mr. and Mrs. Milton Mann and children.

The other day a friend and myself were talking about some of the changes that have taken place in the last generation. For instance we could both remember when the neighbors and friends would drop everything and go dig the grave when someone in the neighborhood passed away. You would get out early and work like mad because it wasn't considered proper to have a grave started the day before. This didn't work out so bad for those who were used to manual labor but for those with tender hands and weak backs this would be an occasion to remember for several days.

Along this same line neighbors would sit up all the nights with the corpse. In fact all the days and usually there would be two nights. We remember most about the long nights that no one would come in the next day until about ten o'clock and all together this would make for a long night.

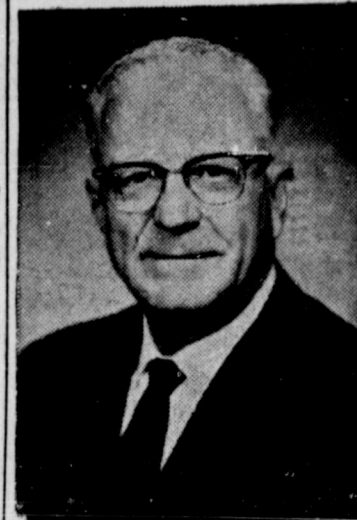

One was usually buried some two days later and if this fell on Sunday so much the better. Nowadays a funeral on that day is seldom heard of.

One fellow mentioned that he could remember when it was not unusual for a neighborhood carpenter to make the casket. This was going back for almost two generations. At least if we call about thirty years one generation.

Habits and customs are hard to change, and at the time often seem cruel and heartless to those involved. But afterwards as we look back it all usually seems for the best.

The husband who puts his feet down probably had it on the coffee table.

An old-timer said that the country was better off when there were more whittlers and less chiselers. Anyway, most people alive today can remember the whittlers bench. Lots of issues were settled there.

### W. E. Bray Retires From Telephone Co.

Warren E. Bray, a native of Clarendon and currently vice president and general manager for Southwestern Bell Telephone Company in Arkansas, will retire from the phone company November 1 after 46 years service.

Bray and his wife, the former Nina Grant also a native of Clarendon, will continue to live in Little Rock where Bray has been in charge of all telephone company operations since 1950.

Bray is the son of Mrs. Ora Goodwin and the late William Elijah Bray. He was graduated from Clarendon High School in

1925. Mrs. Bray was graduated from the Clarendon College Academy.

Mrs. Bray's sister, Mrs. Clyde Hudson, lives in Clarendon while Bray's brother, Goodman Bray, owns a farm north of Clarendon.

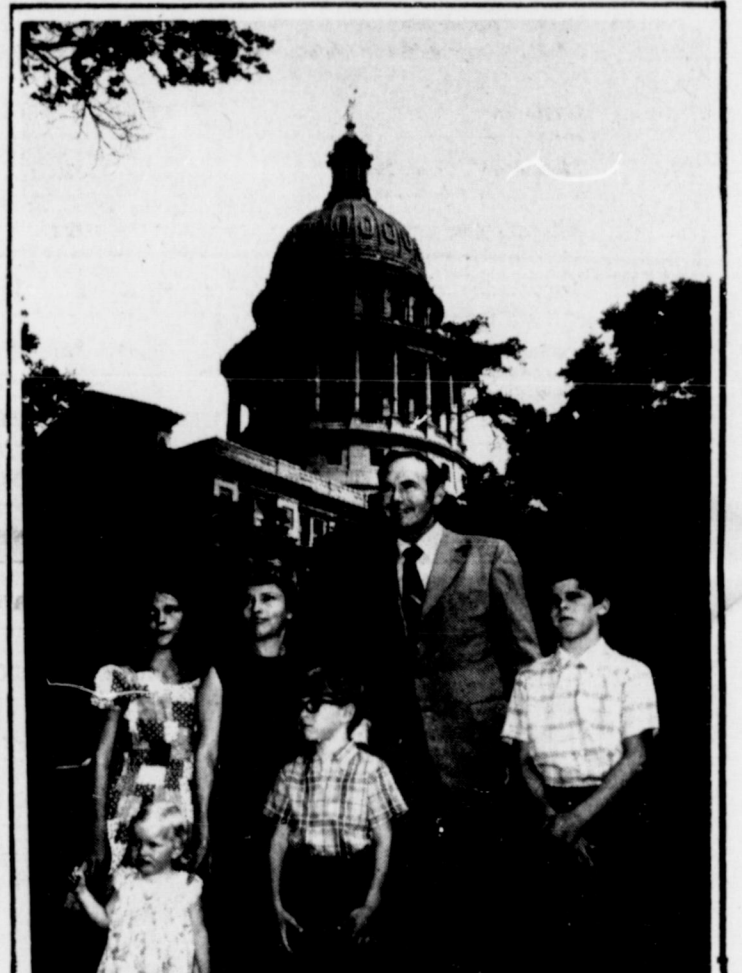

Bray began his career with the telephone company in 1926 at Abilene as an exchange repairman. He also worked for the company at Sweetwater, Fort Worth and Amarillo before being named district plant chief at Abilene in 1939.

He was made a division plant superintendent at Little Rock in 1943 and held other jobs with the company in Dallas and Kansas City before going to Little Rock as general manager in 1950. He was elected a vice president in 1957.

### TOM CHRISTIAN "stop wasteful spending"

As the parents of four children, Tom and Anne recognize the responsibility of providing a wholesome atmosphere around the home and neighborhood. Food, clothing, medical bills...all must be paid out of take-home pay. Waste in government spending creates an unnecessary tax burden on every family.

### TOM CHRISTIAN "more jobs, better wages"

With the knowledge that comes from first-hand experience, Tom knows that new industries are needed to create more jobs. His ability to work with all levels of government to create job opportunities for the Panhandle is proven by his efforts in helping to establish the Texas State Technical Institute.

### TOM CHRISTIAN "water is vital to us"

Tom, a Navy veteran, is a man who has earned a living by farming and ranching. He knows the need for water. Conservation and increased supply are two key factors in the program that must be developed to meet future water needs. Tom has earned a reputation in the Texas Legislature as an effective leader in the agriculture industry.

**AMENDMENTS—**  
(Continued from Page 6)  
months to 60 days) would permit an earlier election in cases of emergency.  
**AGAINST:** Changes in basic law should not be proposed in haste, a situation which could be made possible on amendments proposed at called or special 30-day sessions of the legislature. The possibility of eliminating emergency situations is not great enough to justify the submission of proposals without proper consideration and deliberation. It is dangerous to commit to any individual the authority to prepare the official statement of what an amendment does. Views could be slanted consciously or unconsciously. Review by the attorney general is not sufficient

guarantee that the statement would be objective and unbiased. Publication costs would likely be higher than under the present system. The increase in the number of voters who would receive papers carrying the notices is not sufficient justification for the increased cost since few voters depend on official notice. In fact, few voters read the official notices.  
**No. 11 —** The constitutional amendment to provide a salary of \$22,500 for the Lieutenant Governor and the Speaker of the House of Representatives.  
**FOR:** The leadership and administrative ability demanded of these officers place them in positions on a level with other full-time state officials, thus salaries should be based on their

relative duties and responsibilities. During legislative interims regular members of the legislature have time to return to their homes and conduct private businesses and professions. This is not true of the presiding officers of each house of the legislature. These officials should receive adequate salary to give their full time and effort to the business of the Texas Legislature and state government.  
**AGAINST:** The Lieutenant Governor is elected in a statewide race while the speaker is elected by his fellow members and his is strictly a legislative office. Compensation for these officials should not be equal unless a change is made to make both equally responsible to the Texas electorate. The propos-

ed \$22,500 is a sum which is \$18,000 more than the salary of other members of the legislature. The proposed salary is out of proportion to the duties performed in comparison with the \$4,800 salary received by their fellow legislators.  
**No. 12 —** The constitutional amendment permitting State employees, who are not State officers, to serve as members of the governing bodies of school districts, cities, towns, or other local governmental districts, without forfeiting their State salary, and specifying exceptions to the constitutional prohibition against payment of State funds for compensation to any person who holds emolument.  
**FOR:** State employees consti-

tute a large percentage of the population in some cities and towns. These persons could serve on city councils and school boards without sacrificing their state salaries. The soil and water conservation districts would continue to have qualified management by permitting experts in the field who are already on a state payroll to fill positions in these districts. The abilities of highly-trained state employees could be utilized with no extra cost.  
**AGAINST:** There are a sufficient number of qualified citizens in any community to fill offices in governing boards of cities and local districts without amending the constitution to permit state employees to fill these posts. Service in two capacities could result in such a heavy

workload that state employees would have to divide time to the possible detriment of both jobs. The legislature should be allowed to retain the power to prohibit or restrict the holding of more than one non-elective state or federal office to safeguard against abuse in dual office-holding.  
**No. 13 —** The constitutional amendment to set a six percent (6%) weighted average annual interest rate for bonds issued pursuant to constitutional authority presently having a specified interest ceiling.  
**FOR:** Agencies now under constitutional restrictions would be allowed to compute for sale of bonds on the open market on an even footing with bonds issued by other entities. If this amend-

ment should not be adopted the results could be curtailment or discontinuance of many state programs due to lack of funds.  
**AGAINST:** Increasing the constitutional limit on maximum interest rates for bonds issued by certain public agencies would permit those agencies to provide higher interest rates on future bond issues which would in turn require an increase in tax revenues from Texas citizens to pay added interest. State and local governments through their various agencies would be encouraged to rely more on created bonded indebtedness in financing future needs.  
**No. 14 —** The constitutional amendment to allow a county to reduce its county permanent school fund and distribute the

money to independent and common school districts on a per scholar basis.  
**FOR:** Many school districts need new buildings and other permanent improvements but lack funds. By using a portion of the county permanent fund for the purpose of making permanent improvements or reducing bonded indebtedness on improvements already made, the financial strain on school districts would be eased. The county's available school fund is taken into consideration in determining the county's contribution to the state minimum foundation school program. The state could be required to contribute a greater amount. The reduction in local funds would be compensated by an increase in state allotments.  
**AGAINST:** Provision to secure a permanent school fund for the counties date as far back as 1845. Income from the funds has been used in support of education in counties for more than 100 years. Though reducing the permanent school fund would ease present financial stress, the loss in future interest income would deny future generations a source of income for educational purposes. The state already spends more state tax dollars on education than on any other service and further expenditures should not be assumed unless absolutely necessary.

## This Sample Ballot for the General Election Tuesday, November 7 is Being Published as a Public Service by Your Donley County Leader.

### INSTRUCTION NOTE:

Vote for the candidate of your choice in each race by placing an X in the square beside the candidate's name.

You may vote a straight ticket (that is, vote for all the candidates of a certain party, and for no candidates outside that party's column) by placing an X in the square beside the name of the party of your choice at the head of the party column. (If you use this straight-ticket method of marking, do not mark squares beside the names of individual candidates.)

## Accent On Health

The "flu" may be of little concern to most people, but there are those with one or more chronic ailments which make it a mighty important part of their health planning, reports the Texas State Department of Health. The end of a long, hot summer signals the approach of fall and winter and their threats to the health of the individual. Influenza, is a distinct possibility during the cold, blustery, wet months.

What to do about it? If you fall into one of the special high risk categories, the State Health Department recommends an annual vaccination against influenza.

You are in the high risk group if you have one of these chronic debilitating conditions:

1. Congenital and rheumatic heart disease, especially with the narrowing of a heart valve, and the hardening and thickening of arteries;
2. Chronic bronchopulmonary diseases such as asthma, chronic bronchitis, cystic fibrosis, bronchiectasis, emphysema and advanced tuberculosis; and
3. Diabetes mellitus and other chronic metabolic disorders.

Although the value of routinely immunizing all older age persons is less clear, the State Health Department says patients with incipient or potentially chronic disease should also be considered for immunizations if local priorities justify.

Influenza occurs in the United States every year, but the incidence and geographic extent vary widely. Periodically, it appears in epidemic form, such as the onslaughts in the past few years of the A-2 Hong Kong variety.

The U. S. Public Health Service says the effectiveness of inactivated influenza vaccines has been variable, and protection has been relatively brief. Partly for this reason, vaccines are recommended only for selective use in persons at high risk.

Primary series of vaccine consists of two doses preferably six to eight weeks apart — with completion around mid-November.

Because of the time lapse between the first and second shots for those getting shots the first time, persons falling into the recommended categories may want to contact their private physicians now about getting the Hong Kong strain antigen (all influenza vaccines since 1968-69) need only a single booster dose of bivalent vaccine. All others should receive the full primary series, according to the Public Health Service recommendations.

Persons who are hypersensitive to egg protein, ingested or injected, should not be vaccinated. Influenza vaccine is prepared by growing virus in embryonated eggs and ordinarily should not be administered to those who have an egg allergy.

Research is going on constantly toward developing other types of vaccine, but it must be tested and approved before release for general use. The influenza injection-type vaccine is the only one in use at present.

### Broncs Defeat Claude 50-6 In Run-Away

The Clarendon Bronchos ran wild last Friday night at Claude and defeated the Mustangs 50-6 in another one-sided contest.

Coach Clyde Noonkester was able to play all his reserves and give them that much desired experience. The Broncho depth is a big factor.

The Broncs started their scoring in the first quarter racking up 21 points, added another seven in the second period, nine more in the third and then topped this all off with an additional 13 points in the last quarter.

Tommy Shields started the scoring with a 70 yard scamper and then kicked his extra point. He added another TD to his record later; Randy Croslin carried for two scores, Kenneth King one and five extra points. Steve Carter picked up one TD and Croslin passed to Mike Leeper for another. A safety tacked on an additional 2 points to even the score at 50 points.

Gary Loveday pushed over Claude's only counter in the final period.

### J. D. Riley Takes THD Course

J. D. Riley of Naylor Route, Clarendon was among 12 Texas Highway Department employees from four state-wide districts completing six weeks of heavy equipment training at Texas A&M University.

The special school, conducted by TAMU's Engineering Extension Service, prepares THD employees for new opportunities in heavy equipment work and trains the men to teach similar skills within their district.

Al Jones, chief instructor for the Heavy Equipment Operators Training School here, noted each of the highway department men were hand selected for the program. Included were five weeks of equipment operation and maintenance and one week in a teacher education course.

TAMU began the training sessions for the THD in 1967. There are two six-week on-campus sessions each year and extension maintenance courses held across the state.

Ireland Island in the Bermudas has the largest floating drydock in the world.

### Freeze Hits Area Tuesday Night

A light freeze beat the killing frost this year with the official low of 30 degrees being reported by the official weather observer Tuesday night. The high Tuesday was a cold 33 degrees with a very disagreeable rain and drizzle all day.

The rain froze on trees and power lines as it fell but streets stayed melted in this area but it was quite different to the west.

The total moisture for the spell was .71 which brought the total for October to .94 and the yearly total to 17.32.

Farmers are hoping that this spell will put them into an Indian Summer and good crop gathering weather. Some feed and cotton could have used a few more days of sun and warm weather but this kind of thing can be expected at this time of year. It won't be long before the grain and cotton will be swamping the elevators and gins.

#### WEEK END GUESTS

Mrs. D. V. Espey of Corpus Christi and Mr. and Mrs. Gary Espey and Derick of Houston, Texas visited the past week end with their aunt, Ava Naylor. Those calling Sunday were Mr. and Mrs. Royce Hall and Mrs. Newell Rice of Clarendon, Gerald Frye of Amarillo, and Tommie Naylor of Hedley.

#### FATHER ILL

The Public is invited to Open House at Groom Memorial Hospital, Groom, Texas Sunday Nov. 12 1972 between the hours of 2:00 p.m. to 5:00 p.m.

The occasion will mark National Nurses Week.

This is where the Harold Phelps auto came to rest early Tuesday morning at the west end of the bridge below Greenbelt Dam when it went out of control due to a coating of ice on the bridge. A number of reflector poles and other sign poles apparently checked the slide of the car and prevented it from overturning. Mrs. Phelps, driver of the vehicle was not seriously injured but received painful bruises.

#### Cotton Classing Office Opened October 30

USDA's Memphis, Texas, cotton classing office began receiving samples on Monday, October 30th. Mr. Wiley E. Cain is again the officer in charge.

Cotton ready for classing prior to the October 30th opening date has been handled by the Altus, Oklahoma, Classing Office.

This is the fourteenth season of operation for the Memphis Office, according to C. E. Cox, officer in charge of the Agricultural Marketing Service's Cotton Division office at Altus, Oklahoma.

Since the Memphis Classing Office was established in 1959,

nearly 2 1/2 million bales have been classed for cotton producers in the counties served by that office.

#### 4-H Showmen Leaders Clinic November 11

4-H livestock showmen and adult leaders from 22 Panhandle counties will convene for an all-day fitting clinic on November 11. The clinic will be held at the Goudly Sales Arena on the Tri-State Fairgrounds in Amarillo.

The program will get underway at 8:30 a.m. with a demonstration on steers by James Shelton, Vice-president of Bank of the Southwest in Amarillo and Potter County Beef Cattle Project Leader and Charles Bedy, Claude Rancher and adult leader.

Larry Tackitt, nationally known swine breeder and showman from Bill Rite Farms at Happy, Texas will demonstrate selection, feeding, fitting and showing barrows. The demonstration on lambs will be conducted by Sylvia Brooks Deaf Smith County Project Leader and Ed Garnett, Area 4-H and Youth Specialist with the Texas Agricultural Extension Service. Ed Garnett will also discuss the project leader's role in the 4-H program.

The purpose of the clinic is to provide adult and junior leaders the opportunity to gain new knowledge and skills in working with young people. While designed for 4-H leaders, the clinic is open to the public and anyone interested is invited to attend.

#### DPS Reports Seven Rural Co. Accidents

The Texas Highway Patrol investigated seven accidents on rural highways in Donley County during the month of September, according to Sergeant Rex Smith, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and three persons injured.

The rural traffic summary for this county during the first nine months of 1972 shows a total of 43 accidents resulting in eight persons killed and 35 persons injured.

Region 5 of the Texas Department of Public Safety shows a total in September, 1972 of 561 accidents resulting in 21 persons killed and 335 persons injured as compared to the same month in 1971 with 499 accidents resulting in 33 persons killed and 268 persons injured. This was 62 more accidents, 12 less fatalities and 67 more injured in 1972 at the same period of time.

The 21 deaths for the month of September, 1972 occurred in the following counties: Oldham, Knox, Lamb, Wise, Yoakum and Young, two each; Childress, Deaf Smith, Hartley, Potter, Randall, Wichita, one each.

**AT HOME**  
Mrs. Florence Hester has returned home from Hurst, Texas where she visited her son and family, Mr. and Mrs. John Hester. While there they took Mrs. Hester to visit her granddaughter and great granddaughter, Mr. and Mrs. Raymond Rogers and baby at Palestine, Texas.

#### Community Action Program Plans Made

Enrollment is still being taken for Vocational Training in Service Station Management, reports Mrs. Edna Osburn, Community Action Program coordinator. If you are interested in this course, please contact her as soon as possible.

Mrs. Osburn is also taking enrollments for other classes to begin in January. A Sewing Class will be held in the Home Ec Department at the school beginning in January. There is a possibility of a Basic Sewing class at an earlier date if enough are interested.

Other possible classes are in the area of Electrician, Plumbing, Welding, Carpentry, Upholstery, and Furniture Repair — just to name a few.

If you are interested in the G.E.D. test contact Mrs. Osburn and she will help you with arrangements.

#### BUFFS IN SAN DIEGO FOR SATURDAY GAME

West Texas State Buffaloes will be in San Diego, California this week end where they will play the Aztecs of San Diego State. Game time will be 7:30 p. m.

This past Saturday The Buffs defeated the Shockers of Wichita State by a score of 21-16. It looked like a lost cause for the Buffaloes until into the fourth quarter when Sweat, 6 ft. 200 pound sophomore went in as quarterback. The spark was added but it was not until in the remaining seconds of the game that the final score was added to bring about the victory. Looks like a dangerous game to play for it was almost to late to come out of the fire when the change was made. Fans who left the game early missed several minutes of exciting play to end the game.

#### TECH RAIDERS GO TO HOUSTON SATURDAY

Texas Tech Red Raiders will be in Houston this week end where they will challenge the Rice Owls in Rice Stadium. Game time is 2 p.m. SWC records show Tech has won 6, Rice 5, and 1 tied.

Last Saturday Tech defeated SMU 17-3 in the Cotton Bowl at Dallas.
