17,000 Acres To Be Terraced

Terracing is now in full swing in Donley County and County Agent, H. M. Breedlove reports that according to the list of farmers who have already applied for contour and terrace lines this year will run approximately 17,000 acres. Breedlove states that this is one of the best methods of farmers to earn their soil building units under the AAA Program. Every 4 acres of contoured land counts as one unit.

Breedlove stated that strip cropping in combination with contouring and terracing was becoming one of the most popular farming practices among farmers in Donley County.

Rev. E. W. Henshaw, pastor of the Episcopal church, will make the introductory remarks. Rev. M. M. Miller, pastor of the Presbyterian church, will offer the closing prayer.

A number of colored singers will be present to sing.

Gifts will be removed and stored after the tree ceremony, and distributed some time Saturday forenoon. Great care will be made to see that no needy are overlooked, and that the most needy secure the Christmas cheer.

This community tree is made possible by the MacDowell club, American Legion, United Charities, Lions Club, Chamber of Commerce, churches and various civic clubs of the town. The public is invited to share in the enjoyment of giving, and be present this evening.

WAR MEMORIES ARE BROUGHT BACK BY YELLOW PAPER

That master of historical lore, Frank A, White, claim agent of the Denver, was in the Leader office a few days ago. He had found a paper yellow with age because it was carrying history. Though he said the list was printed June 21, 1917, the sheet looks much older.

The list contained all the names of those registering for the "selective conscription" from Donley county. The registration board was made up of J. J. Alexander, G. R. Doshier and J. H. O'Neal. Several hundred

names are listed. On the same page with the list was a large advertisement calling urgently for Red Cross funds. So typical of war, and yet a warning that we should stay out of the present war.

LOCAL HISTORY IS FOUND IN KANSAS MUSEUM

There is Always Worship Fellowship :: Service

As the gracious and hallowed sea son of Christmas approaches, may Cal Merchant were hostesses, and we hear again the ringing bells and message of "Peace on earth, good will toward men." There is no other message more needed now by the world than the Christmas message. This message would quiet and calm the tormented feelings of all people in these hectic days if we would but hear it and heed it.

With sincere tenderness of feeling grown greater with the added years of service in your midst, may we wish for you a Christmas tide of peace and plenty and good health, made glad by the gift of love and friendship, and deepened by the sweet memory of God's great gift to us, as we pause for this brief season and our hearts cluster about our friends and loved ones. May joy and every other thing worthwhile attend your footsteps throughout the New Year, with nothing to mar the happiness of the way to the end that this shall be truly a Merry Christmas and a Happy New Year.

BIRTHDAY PARTY

CHEVROLET NOVEMBER SALES ing. BREAK ALL RECORDS

DETROIT, Dec. 20.-More used cars vere sold at retail by Chevrolet dealers throughout the country during the past month than in any previous November in the history of the company, according to William E. Holler, general sales manager, who announced November sales here today.

A total of 118,252 used cars were retailed during the month, Mr. Holler said. This represents a gain of 18.2 per cent over Novembr, 1938, when 100,076 units were sold.

In the final 10 days of the month, used car sales totalled 43,935. This represents an increase of 23.6 per cent over the final 10-day period of November, 1938, when 35,562 used cars were retailed by Chevrolet deal-

Gasoline Tax Passed Into Many Channels

AUSTIN. - Recent news articles show that the gasoline taxes collected by the State Comptroller in the fiscal year ended August 31, 1939 amounted to \$51,574,914.00, representing 1,289,372,862 gallons of gasoline taxed at 4c per gallon. This is a lot of money, and the average citizen wonders why, with all this money avilable, a particular road or bridge is not built by the Highway Department.

The average citizen probably does not realize that the Highway Department does not get all the gasoline tax money. The Available School Fund and the County and Road District Indebtedness Fund each receive the proceeds of 1c tax. The Highway Fund received the proceeds of 2c tax, all allocations being made after the cost of collection and refund claims amounting to 15.36% had been deducted from the total amount collected. The Highway Fund received 41.96% of the total, or \$21,708,416.15, which was used for construction and maintenance of the 22,345 miles of State highways

Members on Honor Roll

At the beginning of the year the local chapter set up as one of its objectives that at least ten per cent of the members should make the school honor roll each six weeks. The members have far exceeded the objective during the first two six weeks when twenty-five per cent of the members were on the honor roll each six

C. G. Kirkland, Ray Bulls, Spier, Frank Cannon, and Pete Morrow made the first honor roll the first six weeks, and Billy Smith, Bobbie Harold Smith, Billy Thornberry, Lee Christie, Howard Gibbs, and Redell Henson were on the second honor roll, C. G., Jr. and Pete were on the first honor roll the second six weeks and Redell Henson. Bobbie Harold Smith, Charles Smith, Ray Bulls, Billy Thornberry, Lee Christie, Frank Cannon, and Howard Gibbs were on the second honor roll

the second six weeks.

Radio is Purchased The local chapter bought a small radio for use in the vocational agriculture room the past week. The state department has long advocated the use of a radio in vocational agriculture classes for use in listening to the farm and home hour, the national F.F.A. program, and other items of interest.

The local chapter will use the radio for use in classwork and for entertainment at meeting nights. The class has used the radio in classwork before but has had to borrow radios from members for such work.

Buy F.F.A. Shirts

A number of the members recently bought new specially made shirts for F.F.A. members. The shirts carry the national vocational agriculture emblem. Each member in the chapter now owns and uses some form of the F.F.A. emblem as part of an official uniform.

Boxing Match

The Pampa and Clarendon F.F.A. members each won three fights in their boxing match, Thursday, December 14th. In addition to the interschool fights a number of bouts between local youths were held.

Frank Cannon won over Billy Stockstill of Pampa, Clyde Peabody over Blainegold, and Pete Morrow over Helton, Obra Spier lost to Stanley, Wilson Rector to West, and Bar-

Bouts with Memphis, Wellington, Dallas and San Antonio.

MEN'S

Estelline, and Claude have been Estelline, and Claude have been matched tentatively following the 850,000 Loans holidays. The next fights are sche duled with Memphis at Memphis.

Prepares Window Exhibits

The F.F.A. chapter is preparing two education exhibits this week in the show windows at the Clarendon News building. One exhibit will feature the value and need of culling the laying flock. A large chart showing the points to be considered and the procedure in culling has been prepared and Poultry facts of interest such as the average egg production, amount of feed to produce an egg will be featured. The second exhibit will encourage the use of the various government agencies. It will explain that much valuable information may be secured free of charge from the various agencies.

These exhibits are the third and fourth prepared by the F.F.A. this year. The first two exhibits were trophy exhibits prepared by the chapter. A number of other educational exhibits will be placed by the chapter throughout the year.

Are Made By Texas Banks

That banks in Texas are actively meeting the credit needs of their communities is indicated by figures announced by the American Bankers Association showing that the commercial banks of the Lone Star State made more than 850,000 new loans totaling \$580,000,000 to business firms and individuals during the first six months of 1939 and renewed 575,000 outstanding loans totaling \$725,000,000 during the same

The survey also reveals that business firms in the state are using less than half of the "open lines of credit" maintained for their use on the books of the banks.

These figures are based on reports received from 182 of the Texas banks holding membership in the A.B.A., or 21 per cent of the 873 commercial banks in the state, and make allowance for the concentration of lending activity in the metropolitan areas of Dallas and Houston.

The 182 banks reported they made 232,237 new loans totaling \$193,841,-088 between January 1 and June 30, 1939, and renewed 155,947 outstanding loans totaling \$256,332,552. In addition, they reported 2,469 new mortgage loans to home owners and other real estate owners totaling \$6,728,148. The average number of new loans

reported per bank was 1,276, and the average loan was for \$835. The average number of renewals

per bank was 857, and the average renewal was for \$1,644. The average number of new mortgages reported per bank was 14, and the average mortgage was for \$2,725.
