**WEATHER HAMPERING HARVEST OPERATIONS**

The weather remains to be the topic of the day as an exceptionally good crop is still in the field due to adverse weather conditions. Strong winds, muggy weather and then snow Wednesday really put the damper on harvest operations.

The snow Wednesday morning had laid a white blanket on grass and other exposed objects but was not holding on the highways. More was in prospect for Wednesday night.

**Highlights and Sidelights**

**From Your State Capitol**

By BILL BOYKIN  
Texas Press Association

Gov. Preston Smith's decision to run for a third term drew sharp new attention to an increasingly-crowded and complex 1972 political scene.

Smith said he would seek vindication in stock-loan scandals. He plans to tell "over and over" that he killed (by veto) the bank deposit legislation urged by Houston banker Frank Sharp which the Legislature passed in 1969.

Meanwhile, former U. S. Sen. Ralph Yarborough said odds are now 10-to-one he will be a candidate — either for governor or the senate — next year. But he declined to indicate which race is most likely to attract him.

State Sen. Wayne Connally, youngest brother of U. S. Secretary of Treasury (and former governor) John B. Connally, jumped into the lieutenant governor's race. Connally is a conservative Democrat.

Harold (Barefoot) Sanders of Dallas reportedly is getting set to run for the U. S. Senate as a Democrat.

Sen. Joe Christie of El Paso indicated he will reveal at a dinner in his home town December 7 whether he will enter the lieutenant governor's race or stand for re-election.

Republicans, calling for a "top" to bottom cleanup" in state government, began recruiting preliminaries, concentrating on the governor's race. (They already have a U. S. Senate candidate, incumbent John Tower).

The Republicans, in an informal statewide poll of gubernatorial preferences, came up with S. Ross Perot, wealthy Dallas businessman, who is a political independent, as their favorite.

Lt. Gov. Ben Barnes and Dolph Briscoe, Uvalde rancher-banker, continued full-fledged campaigns for governor. Sen. Ralph Hall of Rockwall and Houston newspaper executive William P. Hobby Jr. have been in the lieutenant governor's race for months.

COURTS SPEAK—Texas Court of Criminal Appeals upheld a new law which allows those accused of crimes to waive rights to a grand jury indictment before trial in cases where the death penalty is not applicable.

In other recent cases the Court of Criminal Appeals held:

That photographs of a bloody death scene are not automatically prohibited from consideration in murder trials.

That a court is not to look beyond a bill as passed by the legislature to consider if the act creating a new trial court was duly submitted to a special legislative session by the governor.

COURT COST "SURTAX" PROFITABLE — Some 716 cities and the 254 counties collected \$35,348.70 during September from a new "surtax" on court costs earmarked for improving criminal justice.

Comptroller Robert S. Calvert reported on first collections under the law. Money will meet state and local matching fund needs for federal grants under the Omnibus Crime Control Act.

The new law provides an additional court cost assessment of \$2.50 for a misdemeanor case conviction in a court where jurisdiction is limited to a \$200 maximum fine and specifically includes traffic violations. It also directs a \$5 additional charge on other misdemeanor convictions and \$10 for felony convictions, to be collected as other fines or costs in cases.

AUTO LICENSE OBJECTION WITHDRAWN — A new Texas Motor Vehicle Commission member withdrew his protest to licensing of a competitive auto dealer in Corpus Christi.

Jack McKenzie pulled down his objection to TMVC's granting a regular license to Barton-Grubbs Volkswagen, which began operations in Corpus Christi three months ago. McKenzie, who operates a VW dealership, said he remains convinced he proved that a competitor in the city was not needed for several years. But he conceded, "reasonable men may differ on the facts presented . . ."

December 1 was the deadline set by the new Motor Vehicle Commission act for new car dealers, distributors, manufacturers and factory representatives to get required state licenses. McKenzie said the hearing before the Commission November 4 was "vital" and served a purpose in "forcing the factory to justify its actions."

HOSPITAL PLAN AVAILABLE — A draft of the 1972 Texas state plan for construction and modernization of hospitals and related medical facilities is available for public review at the State Health Department here.

The plan is the basic document on which the State Board of Health will make recommendations for federal Hill-Burton grants and subsidized loans.

Fifty applicants are requesting \$44.5 million in Hill-Burton grant funds and \$58.5 million in mortgage insurance. The requests are aimed at providing financing for construction in excess of \$215 million. Hill-Burton provides both grant and loan programs to build and modernize general hospitals and long-term-care facilities, outpatient centers, tuberculosis hospitals and public health centers.

The Texas plan also contains a complete inventory of most health facilities in the state, a delineation of 134 service areas, determination of area needs and priorities and methods of administration.

BOLLWORM WARNING ISSUED — Unless the pink bollworm is controlled within the next few weeks, heavy losses, if not complete ruin, can be expected for the cotton crop in North and North Central Texas, the state agriculture department warns.

Commissioner John C. White said farmers must take immediate steps to destroy cotton stalks and plow under debris as quickly as rains will permit. End of November was the plowup date for more than 40 counties in the North-North Central area.

VETS PROTEST NEW SCHOOL — Creation of a new veterinary medical school at Texas Tech in Lubbock will contribute to an oversupply of veterinarians in the state, Texas Veterinary Medical Association stated.

TWMA said the money could be spent better in aiding medical professions which have a shortage of doctors. Vets educated in Texas are already having to go out of state to get jobs, the association argued.

Mrs. Alveda Martin Tarlton, her husband and their three daughters of Caruthers, Calif., have been visiting their aunts and uncles: Mr. and Mrs. Andrew Robertson, Mr. and Mrs. Charles Bates, Mr. and Mrs. Bill Percival, and Mrs. Roeda Rattan Sibyl and Ricky.

Raymond Martin and Cleo Martin and son, Robert Allen, of Fort Worth visited briefly Sunday with their brother and uncle, Mr. and Mrs. Allen Martin of Caruthers, Calif.

All birds except pigeons take water into their mouths and throw back their heads in order to swallow.

**Deer Poacher In West Texas Pulls Boner**

You don't have to be absent-minded to get caught poaching, but it helps.

A West Texas deer poacher probably pulled the boner of the year this week when he put the head and hide of an illegally-killed deer in a cardboard box and discarded it in a Reagan County dump.

He might have gotten away with the crime except for a minor flaw — the box had been used to mail something to the poacher and was inscribed with his name and address.

It didn't take much sleuthing by Texas Parks and Wildlife Department game management officers to catch the violator.

The best boner of 1970 probably was by an archer who illegally shot an alligator while hunting on the Aransas National Wildlife Refuge.

The 'gator's body was recovered later by refuge officials and — you guessed it — the man's name and address were right there on the arrow shaft protruding from the carcass.

**Proposed Mail Order Protection**

A trade regulation to protect consumers from delayed delivery of mail order purchases has been proposed by the Federal Trade Commission, says Bonnie Fowler, Extension home management specialist.

Under the proposed regulation, a mail order seller will be required to ship merchandise within 21 days after receiving payment for an order, or else promptly refund the money, she explains.

In addition, all mail order catalogs or leaflets will have to have the following statement clearly disclosed: "Federal regulation requires that merchandise must be shipped within 21 days or all money must be refunded."

However, under the proposed rule, the seller has two alternatives, Mrs. Fowler reports. If he discloses the estimated shipping time in his catalogs and mail order leaflets or obtains the buyer's written consent to a specified delay, he does not have to either ship or refund money within 21 days. In these cases, the seller still must ship within the mutually agreed time, instead of the 21-day limit, or refund the consumer's money.

The FTC plans to hold hearings on the proposed rule on January 24 and 25, 1972, considering circumstances which lead to a failure to ship merchandise or refunding money within the specified period.

"This is an opportunity for consumers to be heard," the specialist reminds. Consumers who have had experiences related to the proposal may submit written comments to the Assistant Director for Rules and Guides, Bureau of Consumer Protection, Federal Trade Commission, Washington, D. C. 20580.

Mr. and Mrs. Billy Joe Percival and family of Grand Prairie, Texas spent Friday afternoon with his parents, Mr. and Mrs. Herman Percival. Her went on to visit her sister, Jill Stevens at Guthrie, Texas for a couple of days. While here they also visited his sister, Mrs. Marie Morrow.

Mrs. Dorothea Ledbetter of Amarillo came Wednesday night and visited thru the week end with her parents, Mr. and Mrs. O. C. Watson. Her son, Gary, came for Sunday.

Those to enjoy Thanksgiving with Mrs. Estal Clark were her children and grandchildren: Willis Clark and family and Kirby Hatley and family, both of Lubbock, and Mr. and Mrs. J. W. Hatley of Brice.
