## Shop late in Clarendon Dec. 6 and 13

SANDI HARLEY, owner of Sandi's Shear Elegance.

### Sandi's Shear Elegance opened Dec. 1

Clarendon has another new business, Sandi's Shear Elegance Barber & Styling shop. It is owned by Sandi Harley, a graduate of River Road High School and West Texas Barber College, Amarillo.

Sandi started to cosmetology school while a student in high school. After having acquired 500 hours she switched to barber school. It took 1500 hours to complete the course.

Sandi stated, "I was taught the old fashion way to be a barber. I give hair cuts, shaves and trim beards. I use only Redkin products and I would like to invite everyone down to see my shop and get acquainted."

Last May, her parents, Lonnie and Tammy Harley bought a house that had burned, they cleared away all remains of the old building and started building the shop by moving in a trailer in which had been used as a construction office.

Sandi, Lonnie and Tammy then went to work. They tore out all the insides and completely rewired, plumbed, and remodeled the building. They built a handicap ramp and

a sidewalk to the graveled parking lot.

"I can give perms and free style besides haircuts, but I do not do roll ups or back combs," Sandi stated.

Sandi's Shear Elegance is located at 416 East 2nd, which is on Highway 287. The shop will be open from 8:30 a.m. to 6:30 p.m. Tuesday thru Friday and 8:30 a.m. until 5 p.m. on Saturday. "I will take early or late appointments for those who work during the day, they can call 874-3267," said Sandi.

She opened her shop Saturday without any advance publicity and had a really good day. She had a truck driver, a couple from Dumas and a soldier just driving through town and saw her sign and stopped for a haircut.

The trio did a beautiful job of remodeling and decorating the office. It has plenty of natural light and is worth a trip to Sandi's just to see her shop.

Call or go by 421 East 2nd on Highway 287 and see Sandi.

### Hunting Season in full swing by December

Jim Donaho, district conservationist for the USDA Soil Conservation Service in Clarendon, encourages sportsmen to be observant while hunting afield.

"You might learn some ways to improve the habitat of your favorite game for the 1985-86 hunting season," Jim said. "For instance, inland duck hunters will likely see more ducks on stock tanks and farm ponds this year. During the summer drought, water levels receded lower than usual, exposing more pond bottom for a longer period of time."

"Excellent duck food plants, such as smartweed and wild millet, grow on the exposed bottoms. Runoff from October rains filled the tanks and ponds, flooding these waterfowl foods with shallow water. Surface feeding ducks - mallards, pintails, teal, gadwall, and widgeon - feed in these areas of the pond."

Donaho said Japanese millet, which is commercially available, can

be planted along the water's edge next summer. Even if fall rains do not flood your plantings, surface feeding ducks will feed on dry land.

"Your hunting sport may be deer, quail, turkey, or pheasant," Donaho said. "While hunting, keep in mind that good habitat is the key to success. Identify the important characteristics of good habitat for your game. After hunting season closes, come to the SCS office at Clarendon for assistance in improving the habitat of your favorite game animal."

The local SCS field office gives technical assistance to landowners, operators, and others through the Donley County Soil and Water Conservation District.

Even the weather is getting into the Christmas spirit, it's snowing a little.

On Thursday, December 13, some of the stores will again stay open. You are invited to shop at each of the participating merchants and register for a gift to be given away at 8:30 p.m. Each merchant will give a gift and all the boxes will be picked up and a drawing will be held in the middle of the block from each of the boxes. ## Birkey and Pickard vows exchanged

The sanctuary of the First Baptist Church in Wellington was the scene for the marriage of Miss Cheryl Anne Birkey and Mr. Hoss Edward Pickard. The candlelight ceremony was held at 2:00 in the afternoon of December 1, with the Reverend S.L. Yeilding officiating.

The bride is the daughter of Mr. and Mrs. John Birkey of Quail. Parents of the bridegroom are Mr. and Mrs. Edward A. Pickard of Redwater.

Mr. and Mrs. Ron Long presented duet selections. Accompanying them at the organ was Mrs. Don Reeves of Wellington. Selections included "Endless Love," "To Me," "Flesh of my Flesh," "Through the Eyes of Love," and "The Lord's Prayer".

The double ring ceremony was conducted in candlelight provided by seven brass candelabras entwined with greenery. Graduated candlesticks decorated both the piano and organ and votive candles lined the front railings of the sanctuary. Unity candles and a prayer bench also decorated the altar.

The bride, given in marriage by her father, wore a designer gown of silk peau de soie. Her fitted bodice of French re-embroidered Alencon lace, accented with seed pearls, featured a Queen Anne neckline. Wide lace cuffs defined the full puffed sleeves of organza and re-embroidered lace. The full skirt was enhanced with lace ruffles falling into a chapel length train. Her tiered, chapel length veil was interspersed with appliques of re-embroidered Alencon lace, traced with tiny seed pearls. The veil was attached to a derby hat covered in re-embroidered Alencon lace, also traced with seed pearls.

The bride carried a Bible belonging to her aunt, Mrs. Winfred Estes of Phillips. Covering the Bible was a traditional white silk case accented with stephanotis, streamers and sweetheart roses.

Following tradition, the bride wore "something old, something new, something borrowed, something blue".

Miss Leslie Birkey of Clarendon was her sister's maid of honor. Bridesmaids were Miss Jennifer Pendleton of Canyon; Miss Beth Green of Clarendon; Mrs. Michael Corley of Redwater; and Mrs. John Birkey Jr. of Shamrock.

The attendants' dresses were of tea length burgandy cotton. The elbow length puffed sleeves fell off the shoulder. Grey taffeta sashes accented the waist. They each carried an oil lamp surrounded by an arrangement of ribbons and silk flowers.

Sarah Long, as flower girl, carried a white wicker basket filled with burgandy and rose silk flowers accented with gypsophelia. This was the same basket used by the bride's parents at their wedding. Her ruffled tea length dress was of burgandy cotton.

Attending the groom as best man was his father, Mr. Edward Pickard of Redwater. Groomsman were Mr. Michael Corley of Redwater, Mr. David Boone of Commerce, Mr. John Birkey, Jr., brother of the bride, of Shamrock, and Mr. Robert Smith of Little Rock, Arkansas.

Ringbearer was Joel Long, who carried the satin pillow edged with lace that was used by the bride's parents at their wedding.

**LOST IN THE "WOULDS"**  
 Are you 'lost in the "woulds?" I know a lot of people who are lost in the "woulds," notice, not in the "woods," but in the "woulds". We hear them say from time to time, "I would go to church, but it is my only day off." "I would stay for the preaching service on Sunday morning, but I have to eat lunch early." "I would go to Sunday evening services, but I have to set up early Monday morning." "I would tithe and give to missions, but I can't afford it." "I would be a witness for Christ, but I'm too timid." "I would attend prayer meetings on Wednesday night, but this is the night my lodge meets." And on the list goes about these people that are in the "woulds".

If these people were lost in the woods, they would be concerned about their condition, but too often they are complacent about being lost in the "woulds". How sad it is that these people are not giving God their very best; and too, they are robbing themselves of the joy of giving Christ their all.

Think about it - are you lost in the woulds?

# Watt's Happening in Hedley

By PEGGY WATT

Nettie Alexander is home after spending some time in the homes of her daughters. She went first to the home of Martha and Bill Birlwell in Midland where she stayed until Wednesday when they went to El Paso to the home of Bonnie Lesley. They had Thanksgiving there and Nettie came home Tuesday. Faye Naylor met her plane in Amarillo. Nettie's been a little under the weather since she got home. I talked to her Saturday and she said she thought she's be able to play cards with her mother by the first of the week.

I shopped in Clarendon Thursday. The boys who play basketball in Hedley can't wear blue jeans to the ballgames and Keith has outgrown the ones I made him last year, so I went to Clarendon to get a new pair. I also went to Memphis and Wellington. Did you know it's impossible to buy a pair of size 27X36 pants in polyester, gabardine, or twill in any of the towns around. I have always made the boys Sunday pants, but now that they're getting older, they want ready-made pants. Well, Keith can just keep wanting, because I can't get them to fit him. It's a good thing my mother taught me to sew.

I saw Debbie Sursa in Memphis Thursday. Eunice and Boots Ward recently had visiting in their home her brothers, Rev. and Mrs. Sam Pound and granddaughter Krystal of near Hugo, OK; Tom and Jane Pound and Loree, Audrey, Bonnie, and Linda of Hedley. Her sisters Delia Ward of Memphis and Jessie Nelson of Andrews, Texas; her nieces and nephews Johnny Ward of Cannon City, Colo., Rev. and Mrs. Ray Pound, Troy, Kimberly, and Brent of Soper, OK, Mr. and Mrs. Jody Elem, Jeff and Steve of Colorado Springs, Colo.; her cousin Clinton Bennett of Memphis; and their children JGlenn and Wanda Ward, Helena, Debbie, Randal and Glenn Eric of Childress; Leon and Carole Ward, Amanda and David; Lorene McCrary and Dean, jShawanna, and Shanna of Hedley. On Sunday Ricky and Pam Ward and Lewanna and Brent from Lakeview were there.

J.T. and Helen Lamberson had their son and daughter-in-law Houston visiting recently. J.T. and Sonny hunted quail on Friday. Helen was sick, but she went to the doctor and got a shot. I hope she's feeling better. I visited with Mrs. Hartwell for awhile Saturday. She said she'd been busy. I tried to call her for several days but her phone was always busy, so maybe it was her telephone that was busy instead of her.

Kay Talley led the singing at the Methodist Church Sunday. Kay is always willing to help me out. I wish I could get her to sing sometime when I'm going to be there. She has a lovely voice, but the only time she'll sing is when I'm going to be gone.

The Hedley American Legion Adamson - Lane Post 287 will meet Tuesday, December 11th at 7:30 p.m. in the Hedley Lions Den. Post Commander Gerald Bland urges all veterans to attend. This post recently re-organized after being inactive for some time. They'll have

a supper after.

Everyone is getting in the Christmas spirit. Several houses in town have their decorations up. Jeff Wilkinson's and Rhonda Shaw have their houses decorated so pretty. So does Wanda and and Chuck Hill. Guy spent Saturday perched on top of our house putting up his lights.

I visited with Ruby McKee for awhile. I always enjoy her. She's always so cheerful and smiling.

Pauline Kaufman has been in Bedford and LaPort visiting her children.

Dorothy Crawford had her son Keith and Cookie Crawford and John and Brad of Richardson and her daughter Carolyn and Ronnie Blackwell, Stacy, Shanda, Scotty and Steve of Amarillo visiting over the weekend.

Eva Canada and Mollie Dickson attended the Fun After Fifty lunch in Clarendon Saturday. Those two have so much fun.

Pick Cox had a birthday this week. Happy Birthday Pick!

Laqueta Cox visited Pick at Stratford recently. She attended the ballgame in Wellington last weekend.

Downtown Hedley is getting a facelift. I stopped by the new city hall and the remodeling is almost complete. Bill Stavenhagen was laying the floor covering. As soon as O'Neill Weatherly gets moved, the Senior Citizens will start work on their new addition.

Work on the new housing project is really moving fast. They have the frame work on the first unit up. I passed there Saturday and was reminded of an ant colony.

The cotton harvest has resumed after being halted by the wet weather we had over the holidays. The gin was still running Sunday night when I was in town. I know the farmers are hoping it will stay dry until they get finished.

As I came to work Monday morning, I saw a huge flock of geese circling around at Lelia Lake. The lakes there looked dry to me.

The past week was a busy one for the Owls. Tuesday night we played Briscoe at Hedley. We had a very successful and productive night against a weaker Briscoe team. The Owls won the game 63-30. All of the team members got to play at least 10 minutes of the game and everyone scored. Leading the scorers was Keith Watt with 14 points, followed by Craig Kennedy with 13. The week got tougher as it went.

Thursday we traveled to Wellington in their tournament. We opened with River Road. We fell behind in the opening quarter 23-10. In the second period we held our own, thanks to some good defense and narrowed their lead to 33-22. After the halftime break, it was five minutes before the Owls could get the led off of the basket to score. In the third quarter we were outscored 13-6, making the score 46-28. In the final period of the game the Owls played tough defense and missed only 2 of 7 freethrows and 2 of 8 field goals. We outscored the opponent 19-5 in the fourth quarter. It was too little too late as the final score was 46-51 in favor of River Road. The leading scorers in the game were David Phelps with 16 points and Keith Watt and Craig Kennedy with

13 points each. A strong defensive effort was shown by Brent Hall and Craig Kennedy.

Friday we met intraconference rival Lakeview. We expected a tough game and our expectations were granted. The Eagles came ready for a tough match too. At the end of the first quarter we found ourselves with a narrow lead as the score was 12-10. No thanks to some very cold shooting on our parts, we couldn't hold that lead. At the half the score was 21-20 in favor of Lakeview. We had a strong third quarter and rallied back into the lead by the end of the third period, 35-31. We became very patient in the fourth quarter, looking for good, high percentage shots. We hit 8 of 10 freethrows and came out ahead at the end, 55-48. We had an excellent scoring effort by Craig Kennedy with 22 points. Defensively, we shut off the people that they rely on to score, holding their average leading scorer to only 4 points. This was done in the combined efforts of Brent Hall and David Phelps.

The win on Friday night forwarded the Owls into the championship on the consolation side of the tournament bracket. Samnorwood had also worked their way to the same spot. We came into the game against expecting a tough time, and again we weren't disappointed. The Owls had a tough time getting started and the score at the end of the first period was proof, 13-8, Samnorwood leading. Adjustments were made on defense and some shooting hands were warmed on offense as we fought to regain the lead by half-time, 21-19. For all it was worth, there was a war in the second half and at the end the difference in the score was the same as at the half with the Owls winning by two points, 50-48. Craig Kennedy was again the leading scorer of the game with 18 points.

This was a very valuable week and especially weekend for the Owls team. Early in the week we found that we could depend on our whole team to be ready to play and play well when we need for them to. In the tournament we played in three tough and close games. These games are called character builders and the Owls have much more character than they did a week ago. We are looking forward to another tough week as we travel to Clarendon on Tuesday and to the Samnorwood Tournament for the weekend.

This week's feature player is senior Thunder Denton. Thunder is a 6'0" forward and returning letterman. Thunder has made as much progress in the game as anyone in some time. We depend on him for scoring and also for a good defensive effort each time we play. Thunder also is an excellent student with plans to continue his education after this year. We are looking for many good things from him before the year is done.

The Lady Owls played at home Tuesday night. They played the Briscoe Broncos to a 15-13 half time score. Then the Lady Owls had a good 3rd quarter and out scored Briscoe 16-6. This put the Owls ahead for good and the score ended with the Lady Owls 39 and Briscoe 27. Stephanie Holland had an

excellent game on offense, scoring 15 points and Freshman Tammy Osborne came off the bench to score 8 points. Two other freshman scored 6 points apiece. They were Carol Glover and Amy Osborne.

The Lady Owls were also in the Wellington Tournament this weekend. On Thursday they played class 3A River Road girls and lost 38 to 84. High scorers were Tonya Moore with 15 points and Tammy Osborne with 8 points.

On Friday the Lady Owls moved in the consolation side of the bracket of the tournament and played Lakeview. The Lady Owls lost a close one to the much improved Lakeview Eagles, 40-49. High for Hedley was Tammy Osborne with 9 points and Karon Harmon had 7 points.

The feature player for this week is 5'6" Karon Harmon. Karon is a Senior and plays post for the Lady Owls. This is only Karon's second year at Hedley but she has improved greatly from her post position. Karon is also a captain and a team leader. This season Karon has

averaged 5 points per game and 6 rebounds.

**WAYNE HARDIN**  
Hardin to present  
research before  
American  
Chemical Society

Wayne Hardin, a graduate student in chemistry at West Texas State University, will present his research before the southwest regional meeting of the American Chemical Society in Lubbock, December 7.

Hardin, a Clarendon native, will speak on "Synthesis and Magnetic Properties of Copper (II) Ibufenac." He hopes to give some insight into the magnetic interactions, structural features, and bonding of the molecule.

In future years this research may prove helpful to organic chemists in the creation of pain-relieving drugs. Copper complexes of aspirin are more effective as anti-inflammatory drugs than plain aspirin, and less likely to cause gastrointestinal ulceration and bleeding. And ibufenac is a potent anti-inflammatory drug. Hardin believes future biological experimentation, building on his research, might develop a new drug for, say, rheumatoid arthritis.

At present, however, the research is in the inorganic field. Since June of 1983, Hardin has been examining magnetic susceptibility and electron paramagnetic resonance data for copper ibufenac.

The research is funded by the Robert A. Welch Foundation.
