CLARENDON, DONLEY COUNTY, TEXAS, SEPTEMBER 14, 1939

A Common Paper for Common People

WEDNESDAY DECLARED "CLARENDON DAY" TRI-STATE FAIR

DONLEY POULTRY EXPECTED TO WIN AT TRI-STATE FAIR

Approximately 250 birds will be entered in the Tri-State Fair by poultry fanciers of Donley County in an effort to win the fourth straight county premium. Fifteen F.F.A. members aided by approximately six adult breeders will show approximately 20 varieties of poultry.

White birds will predominate the Donley entry this year with entries in the white orpingtons, lamonas, rose and single comb Rhode Island whites, white langshans, and white minorcas. Columbian Wyandottes and Plymouth rocks, white wyandottes, dark and light brown leg-horns, rose and single comb Rhode Island reds, black leghorns, silver laced wyandottes, black leghorns, anconas, light and dark barred rocks, light brahmas, buff orpingtons, and black langshans will be on exhibit. The birds will be transported to Amarillo Sunday.

Carl Russell, and John Miller Morris, Jr. Spier, Frank Mahaffey, Johnny Grady, Pete Morrow, Forest Helton, Maschil Cole, Jimmy Goodman, Rex Shannon, Wilson Rector, Lee Christie, Harice Green, and Frank Cannon will enter birds under the F.F.A. colors. Others expected to exhibit are Roy Stewart, E. V. Quattlebaum, Mr. Basley, J. F. Cannon, William Jordan, Beatty Hillman, and Claude Primrose.

Goldston Will Have Minstrel

Benefit Show Announced For Friday Night

Along with the opening of school there always bobs up demands for money to supply the things needed most. Such is the case at the Goldston school. They need seats for their auditorium. They want to earn them by giving the public full value for the very small admission charge to see their minstrel show.

Goldston has some of the best home talent in the county. They have put on good plays of various kinds and types. This talent is centered on the minstrel at this time. The date is Friday night of this week, September 15th. The public is cordially invited to be present. Music and fun a plenty. Good time for every one. The charge will be very little, and the community will appreciate your help.

GRAND JURORS ARE CHOSEN FOR DISTRICT COURT

The fall term of district court will open here at 9 a. m., October 9th. The following men are to report at that time for grand jury service:

Wilson H. Gray, J. W. Noel, C. E. Bairfield, W. A. Poovey, Van Kennedy, G. Leathers, Sam Dale, Sam Spradlin, Dick W. Tomlinson, C. H. Holland, Chas. E. Crow, W. E. Hodges, W. E. Ray, Willard Knox and Frank Hermesmyer.

DR. SPRINGALL TO PREACH HERE NEXT SUNDAY

You are invited to hear Dr. H. S. Springall at the Presbyterian church at 10:55 next Sunday morning. Dr. Springall is one of the leading ministers in the Presbyterian faith and has been here on other occasions where large congregations gladly heard him.

Hedley's Yard Prizes Show Keen Interest

When it came to judging the private and business yard area of Hedley a few days ago, it was found that ambition, energy and civic pride had whipped the drouth to a standstill. The most trying weather has prevailed the past thirty to sixty days, yet the judges found plenty of competition when it came time to award prizes, \$2.50 being given for the best in each division.

Ed Kinslow drew honors for the most beautiful front yard with R. W. Alewine, W. C. Bridges and Herbert Carter coming in for honorable mention in the order named.

For the most beautiful back yard, J. M. Clarke was first with J. B. Masterson and Ott Saunders runners up.

DONLEY COUNTY PIGS TO BE EXHIBITED AT AMARILLO TRI-STATE FAIR

Approximately fifteen Donley Co. fat pigs will be shown at the Tri-State Fair by F.F.A. members. The major portion of the pigs will be held over for the local show October 7th and will be exhibited at Dallas. The heavier pigs that would be too heavy for the Dallas show will compose the group to be shown at Amarillo.

Herman Higgins, Bill Alexander, and Pete Morrow and Future Farmers who will exhibit pigs at the Tri-State Fair show. The pigs will be judged Monday afternoon.

MEMORY LANE

(From the Leader, 10 years ago this week.)

Pete Williams of Amarillo was given a 3 1/2 year prison term on a charge of having fatally stabbed Oliver Hill Jr. during an encounter at the Fair grounds. Hill was a resident of Donley county.

Dr. H. S. Springall of Dallas preached the dedicatory sermon Sunday in the new Presbyterian church. Bert Hall was given a 30-year sentence at Memphis for the murder of night watchman J. H. Richey of Hedley.

Dr. Thurston B. Price closed a very successful revival at the Methodist church Sunday night.

S. B. Scoggins charged with the murder of John Slaughter, Clarendon night watchman, died in Oklahoma last week.

The poultry show was a big success over the week end, with some two thousand birds on exhibit.

CLARENDON YOUTHS FIND UNCLE SAM BUSY MAN

Not so very long ago, Rayburn Smith, Jr. and Gail Adams went to San Antonio to 'break' into Uncle Sam's service. Gail, a son of Mr. and Mrs. Carl B. Adams, easily qualified for army service. He is now engaged in intensive drilling.

Rayburn, son of Mr. and Mrs. Rayburn Smith, likewise found it an easy matter to qualify for Uncle Sam's flying service. He is now doing extensive practice at Randolph Field, rated the West Point of the Air.

Rayburn says he gets up at five a. m. and spends a busy day—every day, and that the old Uncle's men are doing a lot of intensive drilling and flying—mostly flying in his department.

CLARENDON BAND WILL GIVE BROADCAST AT AMARILLO

Announcement is made that the Clarendon band will give a broadcast at 5:15 next Wednesday over Station KGNC. The band of some thirty-five pieces will be there in honor of Clarendon Day. Tune in around 14 on your dial at 5:15 and hear a real band from your home town.

DONLEY COUNTY MUSEUM CLOSED TEMPORARILY

The Donley County Museum will be closed for a short time, because of needed repairs in the new quarters to which it has been moved. Notice will be given when it can be opened to the public.

Houston Upton Escapes Prison

Given 99-Year Sentence Here in August, 1922

One of four to escape from the Harlem prison farm Friday was Houston Upton of Floyd county who had served seventeen years of a ninety-nine year sentence given him by a jury here in 1922 on a charge of having murdered Miss Gladys Solomon near Lockney in February of the same year.

The case came to Donley county on a change of venue.

Evidence produced in the trial showed that Upton crept up to the Solomon home about midnight, crawled through a window and shot two young ladies of his acquaintance, one of whom he had escorted home a short time before his return to the Solomon home. The other murder charge still is pending against Upton at Canyon where it was booked on a change of venue.

Miss Gladys Solomon was the daughter of a sister of R. L. Bain of this city. The trial occasioned a great deal of strong sentiment because of the brutal manner in which the crime was committed.

To date, no information has been had of the recapture of Upton. He has a sister, Mrs. Emmett Solomon, the wife of the brother of the murdered girl, who resides near Memphis. He has a number of relatives in Floyd county.

TEXAS-OKLAHOMA SINGERS TO CONVENE HERE OCTOBER 7-8

Plans are now being made to care for the annual gathering of the Texas-Oklahoma Singing Association at its annual convention to be held here October 7th and 8th. Several thousand singers are expected to be on hand for the two day convention.

Over seven thousand attended the 1938 convention which was held at Wellington and fully that number will probably be in attendance at the convention here. This will be the third convention to be held in Texas, the remainder having been held in Oklahoma.

Wild Horses To Battle Here Friday Night

Every School Pupil in County May See Game Without Charge

The Clarendon Bronchos are making preparations to defend the home ground against the Claude Mustangs under the lights Friday night.

Since the Mustang machine is made up of medium sized boys, it is expected to use an offense built around speed, deception, and passes. The Bronchos expect to have a powerful running attack ready for this first contest. The ball lunging of Allison, Morrow, Lordow, Melton and Grady is much better than last season. The Broncho line is heavier and more experienced than before.

The probable starting line-up for the Bronchos will be McWhorter and Spier at ends; Lumpkin and Hermesmyer at the tackle positions; Bulls and Gibbs, guards; Huffman at center; Halfbacks, Melton and Gordon; quarterback, Hartzog and Morrow at the fullback position.

C. J. Douglas, member of the local school board, announced Wednesday that every school pupil in the county, regardless of age, would be given a free game. No charges whatever for the students. Others will be charged a nominal fee, it is said.

MISSOURI CATTLE BUYER HAS HERE SATURDAY

"We have a very fine corn crop and want to get a good grade of cattle to feed it to," stated H. G. Montgomery Saturday. He farms at Gifford, Missouri which is near Kirksville. He mentioned nine foot stalks and rather thought that corn in that section should average 90 to 80 bushel to the acre.

Mr. Montgomery purchased a car of calves from Shelton & Chamberlain, and about 150 head from parties on the Plains.

Punch Boards, Booze Agents Are On The Way Out

Sheriff Offers Liberal Reward For Information That May Convict

Sheriff Guy Pierce handed the letter printed below to the Leader with a request that it be printed. The matter is self-explanatory, and will meet with all law-abiding citizens. Here is what the Sheriff says:

"To any citizen of Donley County, I give a standing reward of \$10 for information where I can catch and convict anyone in this county for bootlegging liquors. I will hold any information you may give me in strict confidence. There is bootlegging going on, where with just a little help we can stamp out and from now on any bootlegger caught, I am going to do my level best to get him the limit which is \$1,000 fine and one year in jail; also any punch board of any kind is a violation of the law, so if anyone has punch boards or any machine of any kind where there is a chance to win anything, get rid of them before you have to pay a fine for same. The only machine that isn't a violation of the law is vending machines, electric grip machines or a machine that is a straight game of skill where you can not win any prize and music machines. Just a timely warning to who may possess punch boards or gaming devices."

Officers of the Alanreed fair are: board of directors, L. L. Palmer, Alanreed, president; Foreman Stubbs Alanreed, vice-president; Mrs. T. E. Crisp, White Fish, secretary-treasurer; Mrs. Oscar Tibbets, McClellan, Frank Wilson, McLean, Mrs. Alice Prock, Alanreed, Mrs. Hugo Remer, Glenwood, T. T. Griffin, Eldridge, members.

General rules announced by the fair association provide that exhibits must be in place by 11 o'clock Friday, September 15, and must remain in place until 5 p. m. the following day. No exhibit is to be removed without permission from the superintendent of the department.

Alanreed Fair Begins Tuesday

Display in High School Gymnasium Two Days

Displays will include milo, kaffir, popcorn, grain sorghum, cotton, sheaf forage, vegetables, fruits and berries, eggs, honey, community displays of products grown in that particular community, cakes and candy, pastry, bread, fruits, canned vegetables, pickles, preserves, jellies, quilts, potted plants, paintings, and a 4-H club exhibit.

Band Tag Day Next Saturday

Director Ray Robbins of the Clarendon band announces that the band must raise \$50 next Saturday to match a like amount contributed by the Lions club. The band must raise the \$50 in order to qualify for the gift of \$50. In order to do so, next Saturday will be "tag day" with a band committee intensively on the job of soliciting.

SERVICE STATION IS BEING RUSHED TO COMPLETION

The Panhandle service station being constructed by H. C. Brunley for the firm of Brunley & Rundell, is taking on a definite form this week as work is being rushed. Mr. Brunley is changing the entire front of his building to one of plate glass. The firm will continue distributing the Allis-Chalmers line of farm machinery.

Opposed to War?

If you are opposed to war, or measures likely to lead to war with a foreign nation, write your congressman and Congress alone can declare war. Merely write a letter or postcard to Cong. Marvin Jones, House Office Building, Washington, D. C. Tell him what you feel in your heart should be the proper course. He will appreciate your opinion.

The Leader gives this bit of information as a matter of courtesy to the mothers of men who would likely be called to the colors in the event of war. Any sane person would most certainly be opposed to our nation engaging in another war on foreign soil.

SCHOOL FOLKS TO ENJOY FOOTBALL GAME FREE

Announcement is made by C. J. Douglas, member of the school board, that all students of all the schools in the county may see the football game here Friday night free. The Claude Mustangs will oppose the Bronchos in the first game of the season for the Bronchos.

ATTEND DISTRICT EPWORTH LEAGUE MEETING

Those from here attending the Epworth League district meet at Wellington Saturday and Sunday were Lee Holland, Johnny and Dorothy Rhodes, Jo Ann Smith, Estelle Thornberry and Jack Reeves.

War At a Glance

English and French skirmish with German soldiers on German-French line. Indications are that the Allies will storm the Sigfried line of Germany within the week.

Poland appears to be making a heroic stand after two-thirds of her territory has fallen to German invaders. Warsaw, her capitol, continues to be in the limelight today. German soldiers have surrounded the capitol on three sides. Polish men, women and children are reported as stubbornly defending their city.

War news is censored. Most of the news coming to our nation is propaganda and conflicting.

Information relative to the exhibits appears in this issue of the Leader under separate headings. Both the county agent and director of the Vocational Agriculture department of the public school are busy with their aids in collecting choice specimens designed to win over all comers.

Congress to Convene September 21st

President Roosevelt Wednesday called a special session of Congress for the 21st. At the same time, the President called for a consultation of party leaders at the White House the day preceding the Congress meet.

Plainly evident that war measures will come up for general discussion, a number of statesmen have voiced their objection to any change in the neutrality law as it now stands. Others prefer to sponsor the "cash and carry" plan of selling anything to anybody so long as cash is paid and the goods accepted in foreign ships, to be hauled away in foreign ships.

During the Japan-China war, the United States has not only sold war supplies to both sides, but has delivered such goods to both sides in many instances, it was suggested by some who favor that plan in the new war.

Apparently the new called session of Congress will be powered with animated discussions in great volume. Senator Wm. E. Borah of Idaho, who objected to our entry in the World War, and who helped defeat the League of Nations entry, expects to challenge the right of national leaders to lead our nation into this war.

BARBECUE AT COUNTRY CLUB TUESDAY EVENING

A large crowd is said to have gathered for the annual barbecue at the Clarendon Country Club. The chickens were barbecued by C. T. McMurry, W. W. Taylor, B. C. Antrobus and C. C. Powell.

COTTON PICKING BECOMING GENERAL OVER COUNTY

The hum of the ginsaws again become music in the ears of the cotton grower as he visions higher prices due to the European war. Cotton gathering is becoming general over the county at this time. The dry weather is causing the cotton to open rapidly. Inquiries failed to secure an estimate of the yield at this time.

Subscription Price May Advance

The price of the Leader's subscription rate may be forced up soon due to the paper mills taking advantage of the war to increase the cost of newsprint to an exorbitant figure. For some time the price has been out of all reason and we really expected that to continue until the paper mill at Lufkin, Texas could relieve the situation about the first of the coming year. At this time we are informed that the price may be doubled by the Canadian mills by October 1st. Those who wish to take advantage of the present rates are urged to do so at once. This notice is given our regular readers as a matter of courtesy. We feel that you are entitled to know what is coming.

CATTLE HOLDING UP

While in the Leader office Saturday, Mrs. M. T. Howard, owner of the Howard ranch some thirty miles southwest of town, stated that it was getting dry on her range, but that the cattle were fat. Some 150 head were moved to the plains some time ago to conserve the grass supply.

SHAMROCK MINISTER WILL PREACH HERE SUNDAY

Announcement is made that Rev. Geo. A. Gieve, minister of the Shamrock Christian church, will preach at the local Christian church next Sun. The service will begin at 10 a. m., it is said. The public is cordially invited to hear Rev. Gieve.

DONLEY COUNTY IS LEADING SECTION IN VARIED EXHIBITS

Collection of Farm Products Better Than Ever Before. Poultry Exhibit Expected to Win First Place For Fourth Straight Time

A motercade of Donley county folks will gather at the City Hall at 8 a. m. Wednesday to make the trip to Amarillo and the Tri-State Fair. The Clarendon band of thirty pieces will head the parade.

A party from Amarillo will meet the Donley county folks at the radio station in the edge of town and act as escort to the Fair grounds.

There appears to be an extra amount of enthusiasm this season. Already many cars have been lined up for the trip. More are constantly getting in line and when the final moment arrives, the motercade is expected to exceed in number that of any other year.

Old Settlers Annual Meet

September 20th is Date of Meeting Scheduled At Tri-State Fair

Secretary John Archer of Amarillo is sending out information to members of the Panhandle Old Settlers Association advising them of the program arranged for next Wednesday.

Old settlers day is the one big day of the Tri-State fair. Hundreds of old-timers gather for "their day" in which pioneer families are brought together again.

Any man or woman who has lived in the Panhandle 25 years is eligible upon payment of one dollar for the badge. There are no dues, the old-settlers being guests of the Fair management for that day each year during Fair week.

DEMAND FOR HOUSES GROWS AS MORE PEOPLE COME

The Humble pipe line crew that has been working out of Memphis has moved to Clarendon. Some of them came Monday. There is about ten families in need of temporary residences. Twenty single fellows have taken up board and lodging locally.

The crew will take up, repair leaks and rebed the pipe line across the north part of the county from south of Salt Fork through the Goldston community to the north. Some of the crew seemed to think they might be here several months.

F.F.A. Members Will Attend Banquet

Approximately ten Clarendon F.F.A. members will attend the Area I F.F.A. Convention to be held at Amarillo, Monday, September 18th, at the Amarillo Hotel at 7:30 p. m. Carl Morris will represent the local chapter on the program when he will give a summary of the local chapters projects for 1938-1939.

Cotton Growers Get More Parity Money

Cotton growers regard the parity payments coming now as the opportune moment since the yield has been cut down by dry weather. Some 336 checks have been received to date totaling \$30,310.14. This is said to be about a fourth of the amount that is due and expected to be received here most any day.

PANHANDLE PRESS ASSOCIATION

UP GO THE PRICES.

The European war will accomplish two things immediately, one is everybody will spend a lot of valuable time talking about it, and the other is it will be a good excuse to raise selling prices. Gasoline was the first product to start the upward rise. The old Stock Market followed with some stocks jumping sixteen points on Tuesday morning. Wall Street will undoubtedly stage another balloon ascension with the suckers doing a nose dive at the finish.

Food prices will skyrocket with the explanation that food is needed to feed the soldiers. The price of metals will advance with the excuse that metal is needed to manufacture bombs if they are to continue to kill women and children throughout the duration of the war. The ministers should combine and boost the price of weddings to those who want to beat the guns with marriages.

The excuse for raising the price of clothing and shoes can be that the boys who are fighting to make the world safe for something must come first. These boys may come first in a war, but it is after the war they learn at what end of the line they belong. The cost of fuel can easily be excused after a little talk about the navy needing more. If a sufficient number of doctors enter the service, the few remaining should have increased practice and remuneration.

Politicians should not be slighted during a war and should have their salaries advanced to recompense them for the wear and tear on their nerves. Just as if anything could annoy the nerves of a professional politician. But, all that is ever needed to boost prices is a plausible excuse, like an early frost killing the peaches, dry weather ruining the hay, prohibition making booze hard to get, and risk of enemy invasion making rents more valuable. So, watch prices make a beautiful take-off for an endurance flight that will eclipse the light of the sun and boost your electric light bills by prolonged darkness. Up go prices! Up goes everything! The higher they go the greater the flop later. Ain't life wonderful?

ly exciting with the undertakers having the last laugh?

AS MAN SOWETH.

As a man soweth, the same shall he also reap, is just as true today as ever. It applies equally well to nations. The reader will recall that just a few months ago, Germany raided a helpless small nation known as Czechoslovakia. Her side partner was none other than Poland. The two divided up the little nation that capitulated in the face of odds. What of today? Germany, big and powerful, is shooting Poland to pieces. The old game of dog-eat-dog goes steadily on as it has for the past twelve centuries.

While European nations love their wars, they are very slow about paying for them. Great Britain, has for several years, been lending money to Germany "for development purposes." All the while the "greatest nation" on the globe could not pay her war debt to America, thus shifting it to the taxpayer here. When the present mess first broke, England voted a billion and a half dollars to prosecute another war right after she had pled poverty to Uncle Sam, the grand old man who lost everything except his pants dragging England out of the ditch in 1918.

From now on we shall be filled to the gills with war propaganda. From 1914 to 1917 we heard of Germans carrying babes on bayonets, cutting breasts off women and pulling tongues from the mouths of Allied nurses. We didn't have the radio then but we do now and will get all this blood and thunder stuff right over the radio in our homes. We will be pilled to the eyes with lies. Every day we listen to lies over the radio from Berlin, Warsaw, Paris and London. A lot of it comes off a phonograph record made to order.

Morgan has been to Europe and made his financial arrangements. Secretary Morgenthau of the National treasury has been over there. The big boys of all the nations have gotten together and "made medicine" to make millions while the poor devils make a market for war ma-

terials on battlefields. America's neutrality law does not harm anybody. Mexico, South America or any one else can buy war supplies here and resell them. Italy can buy them and take the whole works right over to Germany if she wants to. The Allies can buy in over forty countries that have bought from the United States for purposes of a resale. Thousands of airplanes are being made right now in California for resale to France and England. But it will have to be shipped to a neutral country first.

Europeans should be made to understand that, while we can't keep them from fighting, they can include us out.

Modern Fairs Are History Ancient

The Fair is by no means a modern institution. It dates back thousands of years ago, hieroglyphics of the brick books of Babylon revealing the fact that as early as 3,800 years B.C., during the reign of Sargon in Sumeria, fairs and bazaars were held to encourage trade among the people. A thousand years later, laws for the proper conduct of such fairs, known as the Code of Hammurabi, were announced by the Babylonian emperor of that name.

In China, the Emperor Fu-Hi issued orders regarding the conduct of fairs as early as 2,852 B. C. Later came the Greek festival fair at Delos with its familiar Olympic games. Fairs were common occurrences in the days of Abraham, of Bible times, many of those days being held under religious authority. Orientals annually held fairs where they exhibited their blooded horses and showed their camels and other animals, while the women of various nations exhibited choice needle-work.

The famous fair of Leipzig, Germany has been held regularly for the past 675 years, and many others have a long history behind them. As an educational institution, the modern fair is distinctly American. One of the first held in this country was at Reading, Pa., organized in 1752, another being at Cambridge, Mass., beginning in 1804. August 8, 1852 the North Carolina Agricultural Society came into existence, holding fairs annually, and today still sponsors the State Fair of North Carolina.

In 1815 Elkanah Watson, of New York, organized a society for promoting fairs and cattle shows in many counties of that state, and so successful did they prove, that four years later the New York legislature made an appropriation of \$10,000 for six successive years to be paid as premiums on agricultural and manufactured products. The Columbia Agricultural Society held the first exhibit of this kind in Washington, D. C., in 1810.

Since those days fairs, larger and more important exhibits of show and competition have become common, until today there are approximately 4,500 fairs of different kinds and magnitude held each year and attended by 20,000,000 people.

Germans Interned In Hong Kong Camp

HONG KONG—More than 100 Germans of military age were imprisoned behind barbed-wire in an internment camp, and all German commercial concerns were closed, as the result of war between Britain and Germany. Under police guard, members of the German Consulate staff were ready to leave this British Crown Colony for Manila.

Among those interned were numerous German Jewish exiles, Austrians and Czechs. Authorities declared it was necessary to investigate all German nationals before relaxing wartime restrictions. German women and children were permitted to remain at home.

Mrs. K. B. Rister and daughter Helen spent the week end with relatives in Amarillo.

Mrs. R. A. Baker and daughter, Waneta Jean of Amarillo, spent the week end with Judge and Mrs. W. A. Davis, who are her parents.

W. Z. Borron and son Dean of near Groom were over Saturday. Due to dry weather, Mr. Borron stated that they would "dust in" their wheat crop.

HONG KONG TENSION EASED

HONG KONG.—Several thousand Japanese troops began withdrawing today from the area occupied by Japan on the border between this British Crown Colony and the Chinese mainland.

The troops could be observed boarding transports just outside British territorial waters where they disembarked 12 days ago, leaving only small guard units at a few points on the Chinese side of the boundary.

The withdrawal was regarded here as visible evidence supporting repeated Japanese assurances the Japanese Army intended no threat to Hong Kong.

Some young wives love old husbands because of their ability to transform them into wealthy widows.

THAT HARLEM VOTE.

Jane Bolin, negro woman of Harlem, suburb of New York City, has been appointed a justice of the court of domestic relations. Her salary is twelve thousand a year and the tenure of office ten years. She is a democrat and a Harlem political leader.

ADVICE.

Garner up pleasant thoughts in

your mind for Garner is not worrying any about the station John occupies in the public mind just now.

ONLY NATURAL.

A modern young lady auto wreck victim was interviewed by a Wichita Falls reporter a few hours later at the hospital. "How many stitches were necessary?" he asked. "None at all," she replied. "I merely pulled myself together!"

PURELY PERSONAL.

Although a man may acknowledge that he has faults, he darn sure doesn't like for his alleged friends to be reminding him of the faults.

YEH, WHAT NEXT?

If the treaty of Versailles brought Europe the present mess, what will the next treaty bring them to?

TOO MUCH LEGS!

Judith, Iowa city dads have passed an ordinance against U-turns at the city fish pond. The local paper explains that women leaning over the edge of the pond display shapely legs causing wrecks.

THE PESSIMIST.

If you have to borrow, borrow from a pessimist. He never expects to get it back anyhow.

WHAT A LIFE!

Speaking of leading a dog's life, you have your choice of business life, neighborhood life, social life, public life, life in toto, if you don't care to lead a dog's life.

OUR WEEKLY POME.

(Dedicated to the gossipers.)
Of course the guilty mouth,
And ears that gladly hear,
Are equal in their shame,
And close as bread and butter.
Because the filthy tongue,
Against the dirty ear
Complete the connection between
The sewer and the gutter.

HIGHWAY DANGERS.

When passing a "cuddle-and-neck" party on the highway or country road either, as for that, don't look

back. You recall what happened to Lot's wife, and hardly anyone wants to wake up next day because the cows are licking him.

MORE HICK IDEAS.

Smaller towns become hick towns—finally. So long as home-ownership is penalized by high taxes, abandonment will be encouraged. There is enough money collected in most any sized town to operate on and permit civilization to progress along the line of pretty homes, recreational facilities and good schools if common sense is mixed with the business end of the game.

THE WEATHER RACKET.

The government spends millions of dollars for weather and just look what we get! Might as well try selecting a good watermelon.

SAGE ADVICE.

"Don't get peeved simply because somebody talks about you. The folks not talked about, as a general rule, don't amount to very dam much no-how," said Haston Yazzie Saturday as the Marshall had him move his jitney from in front of a fireplug.

FROM THE LAST WAR:

Big boys got the money profits. Egotists got a few military honors. The poor devils did the fighting, supplied the unknown soldiers and several thousand funerals, filled hospitals and gave us an everlasting idea of what to expect in the next war.

GERMANS LEAVING TIENSIN

SHANGHAI.—Germans started leaving Tientsin as the result of numerous incidents in which Japanese gendarmes have slapped German citizens since conclusion of the German-Soviet Non-aggression Pact.

Repercussions of the Nazi-Communist Pact were reported from numerous other Chinese cities. Swastika emblems, which previously got a friendly Japanese salute, virtually disappeared from autos in Shanghai and Peiping. Japanese in Peiping were reported to have received instructions to "cease provoking the feelings of whites" and not to stage any further anti-British demonstrations.

Mrs. A. M. Moncure, who has been a guest of her sister-in-law, Mrs. W. D. Van Eaton, is now in Hot Springs, Arkansas for a short stay before returning to her home in Richmond, Virginia.

During the social hour polly-anna gifts were exchanged, with the polly-annas for the past month identifying herself, and names were drawn for the coming month.

NEEDLE CLUB MEETS THURSDAY

The Ashtola needle club met at the club room in the school building, Thursday afternoon, September 7, at three o'clock with seventeen members and one visitor present.

After the business meeting was

concluded the members enjoyed an old-fashioned spelling match, with Mrs. Cula McClellan and Mrs. Julia Miller as leader of the two teams.

Since it was near the beginning of the school season, the hostesses, Mrs. Julia Shelton and Mrs. Laura Holley served unique refreshments in the form of paper bag school lunches.

MISS RUE ZELL RYAN HONORED WITH BREAKFAST

Mrs. John McClellan entertained with a breakfast and shower complimenting Miss Rue Zell Ryan who will be married to Jesse Mont Reed of Memphis Sunday.

After enjoying the lovely two-course breakfast, the gifts were opened and admired.

Those present were Misses Jean Bourland, Berkley Ryan, Frances Grady, Phoebe Ann Buntin, Madelyn Kelly, Katherine Ryan; Mesdames Floyd Lumpkin, Potts, Ryan, Bert Smith, Silas Hopkins, Teat.

Those sending gifts were June Murtry and Mrs. C. Huffman.

GARDEN CLUB ELECTS NEW OFFICERS

Mrs. Tom Connally delightfully entertained the Garden Club Monday afternoon.

Mrs. T. H. Ellis, president, presided over the business session, during which the following officers were elected for the new club year: President, Mrs. H. C. Brumley; vice-pres., Mrs. Ernest Hunt; Sec-treas., Mrs. Fink. The club voted to give their garden book "Eden on a Country Hill" to City Library.

A rising vote of thanks was given Mrs. Prewitt for her contribution—"Garden Glances."

A very interesting and instructive Harry O'Brien's Garden Quiz added interest to the afternoon.

A dainty salad course was served to nine members and two guests. After the club adjourned the members enjoyed seeing Mrs. Connally's lovely flower garden.

SHOWER GIVEN

NEWLY-WEDS

Many friends at Lella Lake complimented Mr. and Mrs. Weldon Lovelady with a shower at the home of Mr. and Mrs. Ellis Chenault Saturday night. Mrs. Lovelady is a daughter of Mr. and Mrs. C. L. Lewis of Lelia, and was married to Mr. Lovelady in Amarillo some two weeks ago.

Punch and cake was served the numerous guests as they brought lovely and useful gifts to the honorees.

Present were Mr. and Mrs. Weldon Lovelady, Mr. and Mrs. C. L. Lewis, Mr. and Mrs. W. P. Howrad, Mr. and Mrs. W. W. Wood, Mr. and Mrs. J. L. Butler, Mr. and Mrs. E. R. MISS CLARK AND MR. KENNEDY ARE MARRIED

Miss Ella Amelia Clark, daughter of Mrs. John Clark, 503 May Street, and John W. Kennedy, son of Mr. and Mrs. A. E. Kennedy, 1717 Belmont Street, were married at 8 o'clock Saturday evening at the home of the bride's sister, Mrs. Joseph J. Rady, 2322 Willing Avenue, Fort Worth.

Mrs. Rady was the matron of honor and only attendant. She wore a brown crepe frock with forest green accessories and a corsage of gardenias.

The bride chose a pigeon blue crepe frock with rhinestone trim, black accessories and a corsage of gardenias and valley lilies.

Rev. W. Douglas Hudgins read the ceremony in a setting of green and white, the improvised altar being of white gladioli and asters and greenery. With cathedral tapers burned in candelabra. Misses Barbara and Vernelle Kennedy, sisters of the bridegroom, lighted the tapers.

The pre-nuptial music was presented by Miss Modena Sparks, who sang "Through the Years," and by Jack Cummings, violinist, who played Schubert's "Serenade." Both were accompanied by Miss Bilye Louise Mullins, who also played the wedding marches.

At the reception after the ceremony a handsome Burano lace cloth covered the table which was appointed with silver and centered with white asters, gladioli and fern. Mesdames O. M. Bondurant and L. Aubrey Smith presided at the three-tiered wedding cake; Miss Lotta Bourland and Mrs. D. C. Beddoe at the punch bowl and Miss Mary Inez Kennedy at the bride's book.

One hundred guests attended. After a trip to New Mexico, the couple will be at home at 3729 Crestline Road.

Insulation Material From Cotton Is Feature of Chemurgic Exhibit

GLADEWATER, Texas.—Structural possibilities of the cotton stalk and burr—now waste material except for their fertilizing qualities—will be shown in a model room to be constructed and shown in the chemurgic exhibit sponsored by the East Texas Chamber of Commerce for the State Fair of Texas at Dallas and the South

Texas fair at Beaumont, C. G. Rook of Gladewater, manufacturing chemist, announced recently. With small dies he has been using the last two years in extensive laboratory research to find new uses for agricultural products of the Southwest. Mr. Rook is now turning out a small quantity of cotton stalk and burr products daily for use in the fairs this fall.

Cotton stalk and burr exclusively will be used in building the inner walls, floor, ceiling, door and window trim of the chemurgic room, cotton burr blended with gypsum will be used to insulate the room's walls, and a small coffee table will be made of stalk and burr plastics and used in the chemurgic room for displaying other unusual products which Mr. Rook has found in common farm products not previously considered of commercial value.

Ample Color in Exhibit.

There will be ample color in the chemurgic room from cotton stalks and burrs, too, Chemist Rook guarantees, pointing out that in his laboratory he has found that materials from this farm cellulose product take dye readily and the cost of producing pastel tints and deeper, richer shades is negligible after the pulp has been bleached white. Blue, red and green wallboard and hard material suitable for flooring are among the colors he has already made with his molds.

Fireproofing is another feature which the chemurgic room will demonstrate. Not a single one of the building materials to be made from cotton by-products and used in the room will support a flame, and several of the harder materials such as the flooring, the bathroom furnishing material with waterproofed surface, and the plastic table top will not char when subjected to intense heat. The wallboard and softer ma-

Texas Has Only 269 Survivors of Confederate Cause on Pension Roll

AUSTIN.—Death is erasing red ink from the books of the Texas Confederate pension fund.

When the new fiscal year began September 1 only 269 survivors of the nation's internal conflict were drawing pensions—109 less than in the previous year.

J. H. Taylor, in charge of the Confederate pension division of the board of control, estimates continuation of the mortality rate of recent years will find less than 100 on the rolls two years hence and a substantial reduction in the pension fund's deficit, now at approximately \$3,000,000.

Average Age Over 95

Taylor estimates the average age of the veterans is more than 95 years. Death is also biting into the ranks of the oldest veterans housed at the Confederate home in Austin where 16 men are quartered, compared with a peak of more than 400 several years ago. Of the home residents, all but four are hospitalized.

Officials say the average age of old soldiers in the home is 93½, ranging from 99-year old W. A. Cook of San Angelo to R. L. Burks of Blanket. Burks is the "youngster" of the home—at 90.

The aged men are dwindling and their deaths are reducing one item of state expense. Last year Confederate pensions, including those to widows of soldiers, cost \$1,363,440, compared with \$1,557,630 the previous year.

Widows Total 3,766

There are now 3,766 widows receiving benefits and their numbers are diminishing too. More than 500 disappeared from the lists last year. A few more years inevitably will wipe out the rolls.

Single veterans receive \$25 monthly unless housed at the home in which case they receive \$12.50. Married veterans living with their wives are paid \$50 monthly. Widows receive \$25 monthly except those in the home for widows who are paid \$12.50.

The women's home is operated separately from the veteran's institution and it now houses 77.

The pension statute has undergone many alterations since it took life in 1899 and a few more years will bring its automatic death, including an end to the seven-cent state ad valorem tax by which payments are financed.

AN INSTITUTION WITH A NATIONAL REPUTATION FOR THE TREATMENT OF CHRONIC DISEASES

This is to certify that I, Joe McLane, Megargel, Texas, was taken sick on the 31st day of August, 1925, and five doctors in Young County told me I had to be operated on at once for appendicitis and that I had it in the worst way, and knowing what Dr. Milling had done for my boy and others, I hastened to Dr. Milling and I can truly say he gave me relief at once. I took 5 days treatment and went home a well man. If you are sick and want to get well go to Dr. Milling for I know he can cure when others fail. Thanking you very much for what you have done for us, I am,

LEADER READERS ARE TAKING ADVANTAGE OF PRESENT RATES

There is every indication at this time that the subscription rate of the Leader will have to be advanced to meet rising costs of newsprint, and every other item necessary to its production. This is a matter over which the management has no control whatever. All that can be done is to advise our readers to renew now. New subscribers have the same advantage of \$1.50 within the first zone, and \$2 outside the first zone. Every effort will be made to continue to give you the best weekly publication of its kind in the state.

SIMPLE EXPLANATION

A magazine writer says women control seventy per cent of family incomes.

This statement puzzled us for a moment until suddenly it occurred to us that the remaining thirty per cent is accounted for by taxes.—Galt Reporter.

KFDA Amarillo To Broadcast World Series

Broadcasts of the 1939 World Series baseball games will be heard in this area on KFDA, Amarillo, only. This announcement was made by the Mutual Broadcasting System which has been signed to carry the play-by-play descriptions exclusively. KFDA, a member of the Texas State Network, will take the Mutual broadcast through TSN.

In announcing the arrangements, Mutual disclosed that the contract was the first for an exclusive broadcast of the World Series games.

Officials of the network said that the Gillette Safety Razor Co., of Boston, had paid \$100,000 for the rights to broadcast. The money will be paid through the office of Baseball Commissioner Kenesaw M. Landis, and will go into the regular World Series money pool, a major portion of which is distributed to players in the National and American leagues.

KFDA operates 18 hours daily on a frequency of 1500 kilocycles.

METHODIST CIRCUIT NOTES

J. G. Walker, P. O.

Reports from Lelia show that Sunday school picked up some in number from last few Sundays. Mrs. Gordon spoke to them at the 11 o'clock hour. I'm sure that all enjoyed it. July and August are the hardest months to keep a small Sunday school going. Feel like that we are safe now and that there is a chance to begin to grow. With faithful work on part of all we can and must have a good school. We were at McKnight in the morning and at Bray in the evening. Had good services at each place, but not large attendance.

It is only about two months until close of our conference year. We have lots to do in this short time, if we make a full report. To fail will be a reflection on pastor and people.

Our spiritual report is going to average up pretty good. Not what it should be, but it will be good. Now our financial report depends on faithful work of the churches. Clarendon Circuit has not a high priced pastor nor has there been a large budget of benevolences handed down to us. We set the budget ourselves. I know we all want to have a full report. We can, if we will. Your obligations to the Lord should be met first. If you meet that first all your other obligations will be easier to meet. If you try to shirk this obligation everything will likely be hard. Mal. 3:10, "Bring ye all the tithes into the storehouse that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts:

RELICS

Impatiently my son looked on today As I reviewed keepsakes from days long dead.

"Why clutter up the house with them?" he said.

"Such things are only junk; throw them away."

Of course he did not understand that they

Had played a part through happy years that sped

Too fast. I smiled at him and shook my head.

Their worth to me no man could ever pay.

Time-worn rockers with memories that cling

Of baby fingers clasping mine in sleep.

Each cherished gift now vivid pictures bring

Of childish smiles and gestures I would keep.

Ah no! With these keepsakes I would not part—

They glow with memories that warm my heart.

The 'Hardy Family' Roles Are Doing Great Things For Mickey Rooney

His role of Andy Hardy is doing things to Mickey Rooney. So declares the debonair son of Judge Hardy in the Hardy Family series, newest of which, "Andy Hardy Gets Spring Fever," beginning Saturday night at the 11 o'clock Preview.

"Every new Hardy story contains some emotion or reaction that a fellow has to study and understand. Now and then, I think, it actually changes some viewpoint or other," says the youthful star. "For instance, in the present picture I have to develop a fine case of puppy love for my pretty high school teacher. It goes deeper than any previous cases because I'm supposed now to be somewhat more advanced in roman-

tic experience. I propose, she tries to make her refusal painless, I find out she's already engaged and am in torment, then she, in a sensible talk, brings me to realize that boys like me aren't ready yet for the real romantic things of life. Andy Hardy has to develop an almost adult viewpoint of the matter.

"I studied and muller over it. And finally I caught myself really developing an adult viewpoint, or at least I think I did. I am convinced playing the character has done a great deal to develop certain character traits. I talked about it to Lewis Stone for we have man-to-man talks in real life, away from the picture, and he tells me that absorbing details of character the actor is playing is really storing his mind with useful experience for future parts. He thinks it's a good thing."

Although Mickey has his serious moments in "Andy Hardy Gets Spring Fever," he also has many hilarious comedy moments. He writes a high school show, stars in it and helps to build the scenic effects which include a "volcano" that closes the show by setting the schoolhouse on fire. There is a comical quarrel with Ann Rutherford, a farewell scene with the pretty teacher, and a talk about marriage with his father that is grippingly dramatic in its sheer humanness.

Leather From Whale Skins

TOKYO.—An increasing volume of leather from shark and whale skins is being produced by the Japanese, department of commerce reports show.

While the use of sharkskin has been in practice in Japan for centuries it was never an important source of leather until the national shortage of raw materials developed.

Sharkskin was confined formerly to making such articles as handbags and novelties but is now being employed in the manufacture of inexpensive shoes. It is not completely satisfactory for this purpose because it cracks easily and has not the durability of regular leather. However, one of the large producing companies has discovered a tanning process which will eliminate the cracking tendency and make possible production of a grade of leather comparable with cordovan.

Skin of a single large whale will provide as much leather as a hundred cattle while hide of one small whale produces as much as ten cattle.

Zoo Snakes Gassed As Safety Measure

LONDON, Sept. 5.—Keepers of the London Zoo have destroyed with gas scores of poisonous snakes, spiders and scorpions as a war precaution to eliminate the danger of their escape during air raids.

A keeper said it was the first time in history that the Zoo had no poisonous animals. Some of the favorites—a baby elephant and chimpanzees—and rarer animals were removed to an outlying zoo.

What's What

If you are interested in advertising whether as a buyer or a seller the following statistics released following the completion of a recent survey conducted by certified public accountants relative to the reactions of consumers to the various forms of advertising should interest you.

The following questions were asked:

1. "What kind of advertising influences you most in your buying?"
2. "Which of the various types of advertising do you find most objectionable?"

The answers were:

1. Theatre screen advertising is the poorest kind of all.
2. Billboards and circulars are next poorest in rank.
3. Radio and direct-mail are next in line.
4. Newspaper advertising was declared to be the most effective to the general public.
5. The survey found no direct sales resistance to newspaper advertising; newspaper advertising sold more than all other media combined.
6. Newspapers sell 56% of all goods sold by advertising; all other media sell 44%.

F.F.A. TO BUILD HOG FEEDERS LATTER PART MONTH

Members of the vocational agriculture classes will start their annual period of building hog feeders during the latter part of September. In the past two years 52 feeders have been built for class members and school patrons. The class will build the feeders free of charge provided the school patron will provide all necessary materials.

Approximately two weeks each fall is devoted to this work and those who desire to have the agriculture students build feeders for them should get in touch with J. R. Gillham at an early date.

LOCAL JUDGING TEAMS WILL ENTER TRI-STATE CONTESTS

Poultry and Dairy Cattle judging teams will be entered by the Clarendon F.F.A. Chapter in the annual Tri-State Fair judging contests to be held Monday, September 18th. The teams have been working this week, and the dairy team will spend Saturday and Sunday in Amarillo working in preparation for the contest. The poultry team will assist in placing the birds for the Amarillo Show as part of their training.

Bailey Estes, George Reeves, Clyde Peabody, Frank Cannon, Lee Christie, Ray Robertson, and Carroll Peabody are working for places on the dairy team. Jr. Spier, Gene Putman, Harice Green, Carl Morris, Cecil Heckman, Ray Bulls, Pete Morrow, and Howard Gibbs are working in preparation for the Poultry team.

The local team placed first in the 1938 contest and the team members were first, second, and fourth high individuals of the contest. The team members are working hard to bring their proportion of the gold medals back to Clarendon.

Mrs. C. T. McMurtry and sons, Clyde and Pat Slavin, were Amarillo visitors Tuesday.

Many To Attend Higher Schools

Majority Prefer Schools Nearer Home Where Home Contact May Be Kept

While a number of those leaving this week for college or university are continuing their work for the second year even last year, a number are beginners and will step into a new world as it were.

There is a tinge of sadness coupled with the trek to schools of higher learning. To most of the parents, it means that their boy or girl will not be at home any more except for a visit. After completing school, they go out to seek their fortunes in new fields, most of them far from the old home.

An unusually large number are going away this week. Practically every one of them are graduates of the Municipal Junior College here and must seek higher schools.

Names of students and schools to which they are going are given below.

Tech of Lubbock: Pat Slavin, Billy Cooke, Ray Palmer, Jean McDonald, Alec Cooke, Wesley Powell and Winston Nippert, the latter from Hedley.

Texas State College for Women at Denton: Phoebe Ann Buntin and Anna Moores Swift, both of whom will study art.

West Texas College, Canyon: Chas. Murphy, Nell Cook, Jane Williams, Marian McCormick, Allen Patman, Evelyn Hutto, Hugo Reimer, Inelle Biffle, Madalyn Taylor, Theresa Bain. State University, Austin: Jo Ann Thompson, Arthur Chase, Laverne McMurtry, Mary Elizabeth Hamm, Bob Wilson, James Bartlett.

June McMurtry will again attend Gulf Park college at Gulf Port, Miss.

Ruth Cornell has entered a business school in Amarillo, while Jerry Howze is taking nurse training in a Plainview hospital.

Jo Ellen Kennedy will attend the State University of Oklahoma at Norman again this term.

Frances Morris and Phillip Gentry Jr. are said to be entering Amarillo Junior college this week.

Federal Land Bank Official To Speak Here

Local Secretary Will Make His Report at This Time

Members of the Clarendon National Farm Loan Association will hear Secretary-Treasurer C. E. Killough and the Board of Directors report on the association's progress, at a meeting to be held at 10:00 o'clock a. m., September 16th at Pastime Theatre. This association now has 185 Federal Land Bank loans in the amount of \$265,560 and 113 Land Bank Commissioner loans in the amount of \$203,200. In addition to reviewing the operations of the association, the members will elect a director to serve for the ensuing year.

An excellent entertainment program has been arranged to supplement the business session, Mr. Killough said. A speaker from the Federal Land Bank of Houston will be present, and motion pictures will be shown. These motion pictures were made in natural colors by Mr. A. C. Williams, President of The Federal Land Bank and General Agent of the Farm Credit Administration of Houston, and includes a wide variety of subjects. Some of the films show pictures of places of historic interest, and others deal with farm and ranch activities in various parts of Texas. Of especial interest is a film devoted to the activities of 4-H Club boys and girls, some of whom have won national recognition because of the excellence of their work. The entertainment program also will include short talks by H. M. Breedlove, County Agent and Judge J. R. Porter. The public is invited to attend.

A special effort has been made to insure a large attendance at this most important meeting. Previously the meetings were held in January, but often inclement weather prevented many members from attending. Attendance at the annual meeting of the association, Mr. Killough pointed out, affords members the opportunity to have a voice in the management of their own cooperative lending institution. The association's loans are made on long term contracts, amortized over as much as 33 years. Repayment is made in reasonable semi-annual payments that gradually but systematically reduce the principal of the loan. By this method, National farm loan association members avoid the necessity of costly renewals and have the added advantage of lower interest rates.

Lloyd Johnson left Monday for Carthage to bring Mrs. Johnson home who has been staying there with relatives to escape the hay fever season.

Mrs. Glenn Allen and children, Jo Ann and Marsha Jane of Childress are guests of Mr. and Mrs. Dick Allen at Hotel Clarendon.

F. F. A. EDUCATIONAL BOOTH AT TRI-STATE FAIR

Officials of the local F.F.A. chapter received word the first of the week that they would be allowed space for an exhibit in Future Farmer Division at the Tri-State Fair. Earlier the localities had drawn for a space but drew a blank, but one of the schools planning to exhibit withdrew their reservation for a space and it was awarded to the local group.

The Clarendon F.F.A. booth will stress the F.F.A. as a means of developing leadership and will feature the trophies won by the chapter and chapter members during the past year. Led Jay is assisting members in the preparation of the booth which will be placed Saturday.

DEAN DRENNAN SPEAKS TO F. F. A. MEMBERS

Fifty-two F.F.A. members heard Dean Drennan emphasize the importance of living up to the F.F.A. Motto, "Learning to Do, Doing to Learn, Earning to Live, and Living to Serve," at their regular monthly meeting, in the Chapter room, Thursday, September 7th. Drennan emphasized the importance of learning to do and the application of F.F.A. members of

"doing to learn" in their project work.

President Carl Morris appointed various committees to carry out the 1939-1940 chapter activities and asked the objective committee to report at the next meeting. He announced that all greenhands would be initiated at the meeting to be held September 21st.

MRS. HUMPHREY GROWING SURE CROP TOMATOES

Ordinarily, tomatoes of all kinds are very productive in Donley county. In this connection, the statement should be qualified when dry weather and hot winds cut down the varieties producing the large types of fruits. Mrs. Eva Humphrey here in Clarendon has canned 100 pints from a few vines that produce fruit in cluster. The color is red and the fruit about the size and shape of a Leghorn egg. They are said to be of excellent quality. The fact that others are growing the same variety with better success than any other variety at this time, would indicate that the "egg" type or "surecrop" variety will be more extensively planted in the future.

W. H. Combest was released from Adair hospital Wednesday. He had been a patient several days following an appendectomy.

SENATOR BORAH TO SPEAK ON U. S. NEUTRALITY

While the hour is not definitely known, Senator Borah, and possibly others are scheduled to talk tonight. Tune in on your favorite news period at 6:15 and learn the exact hour. KGNC Amarillo will likely announce the speaking hour.

Fred W. Johnson of McLean is working on a pipeline near here.

Mrs. Eva Hill of Amarillo is visiting friends in Clarendon.

Mrs. Homer Glascoe is visiting relatives and friends in Wisconsin.

THE WORLD AND ITS "ISMS"

Socialism: You have two cows, you give one to your neighbor.

Communism: You have two cows, you give both to the government, and the government gives you milk.

Facism: You keep the cows, give the milk to the government, the government gives part of the milk back to you.

Nazism: The government shoots you, and takes both cows.

New Dealism: The government shoots one cow, milks the other, and pours the milk down the sewer.

Capitalism: You sell one cow, and buy a bull.
