Young Man Is Held On Serious Charge Sunday

Statutory Offense Against Local Girl Is Charged Against Hedley Man

Arrested in jail Sunday, Joe Dean, aged 21 of near Hedley, was charged with statutory rape. He was denied bond in a hearing before County Judge R. Y. King, and is being held pending the action of the next grand jury.

The victim, a girl of 14 years residing near Clarendon, was questioned by the sheriff and later examined by a local physician.

At the time of his arrest, Dean was being held on a "home brew" charge, to which he is later said to have pleaded guilty. Sheriff Pierce said the accused had served a term in the state reformatory a few years ago.

Canyon To Hold 50th Anniversary

CANYON, July 17.—Canyon will celebrate the 50th Anniversary of the founding of this town and organization of Randall County on Wednesday, July 26th.

Governor W. Lee O'Daniel and his Hillbilly Band have accepted an invitation to be present. Other speakers will be Colonel Ernest O. Thompson of the State Railroad Commission; Harry Hines of the State Highway Commission; Dr. J. G. Ulmer of Tyler, president of the State Board of Regents for Teachers Colleges. All are top-notch orators.

Festivities will start early in the morning with a three-mile parade of progress at 10 a. m. Bands and floats from six towns, together with floats from all business firms and organizations in Canyon will be in the parade.

Thirty beers are to be barbequed by John Sneider of Amarillo for the free feed starting at 11:15 a. m. Station KGNC will broadcast from 12 to 1:15 p. m.

The speaking will start at 1:15 o'clock, and will end at 2:30 p. m. with the dedication of a monument to the pioneers.

The rodeo will be held at 2:30 in the afternoon and at 8 o'clock in the evening at Buffalo Stadium. This is the largest rodeo so far assembled this year, and there will be a complete change in the program for the night show under the floodlights.

A street dance will end the day's festivities starting at 9:30 p. m. Dances will also be held at the American Legion Hall and at Burton Gymnasium.

All County Agents Attend Sessions At A & M College

County Agent, H. M. Breedlove has just returned from College Station where he has been attending the agent conference for the past week. The principal theme of the conference was Land Use Planning within the counties. Various phases of County Agent's work was also discussed by different specialists of the A&M College of Extension Service. The conference was attended by all the County Agents and Home Demonstration Agents in the State of Texas and the staff of specialists of the A&M College of Extension Service.

During the last three days of the conference approximately 5000 men and women attended the Short Course.

HERE FROM ST. LOUIS

Visiting his parents, Mr. and Mrs. A. L. Chase is their son Rhodin who holds a responsible position with a bank and trust company in St. Louis at this time. He formerly was employed by a similar firm in Houston, but has been in St. Louis for the past three months.

CLUB NOTES

At the regular Tuesday luncheon hour of the Lions Club, Odos Caraway reported on the highway meeting held at Turkey Monday night, and which was attended by a number of the members of the Club.

The Club voted to install an air-conditioning system in the Lions Club room at Adair hospital. The work was done by the West Texas Utility force Wednesday.

Rhodin Chase, a guest of the Club, gave a piano number.

Highway Rally Held At Turkey

Odos Caraway Presides At Session Monday Evening There

Citizens from Clarendon, Pampa, Perryton, Borger, Memphis, Matador and Spur met in Turkey Monday evening to make further plans to induce the state highway commission to work on the only remaining gap between Del Rio and Perryton. County commissioners of Donley have secured the right-of-way across this county, and Hall county officials are said to be in a favorable mood to do likewise in Hall county. The only unopen roadbed is said to be between Clarendon and Turkey.

Mayor J. W. Hardcastle of Turkey welcomed the visitors, and Sam Braswell of Clarendon responded. Turkey citizens entertained visitors with a sunset barbecue on the Turkey golf grounds.

Odos Caraway as president of the 88-18 Highway Association, called the meeting to order and furnished inspiration for a number of speakers from the several towns represented along the route from Pampa to Turkey.

Attending from here were county judge R. Y. King, district clerk Walker Lane, county clerk Bill Word, County commissioners G. G. Reeves, John Hermesmeier and Marvin Hall attended.

Other citizens attending from here were O. C. Watson, Homer Mulkey, Rev. and Mrs. J. Perry King, Mr. and Mrs. H. T. Burton, Mr. and Mrs. E. R. Andis, Mr. and Mrs. Don Grady, J. R. Gillham, Dick Cooke, Brooks Chesler, Reagan Bryan and others.

The delegation was accompanied from here by the H. S. Band of 30 members.

One party attending stated Tuesday that the county officials expected to meet with the Highway Commission at Austin at an early date to further plans for completion of 88-18 Highway south to Turkey.

A survey of the route was made several months ago from Clarendon to Turkey, and the county has secured all the right-of-way requested by the state department, it is said.

FERRILLS RETURN TO EAST AFTER SEVERAL YEARS

Rev. W. E. Ferrill, former pastor of the local Christian church, and who became pastor at Wink, Texas upon leaving here, is now residing in Matthews, Virginia. He and his family took up residence in the east just last week, according to information received by the Leader.

VISITING MOTHER HERE OVER THE WEEK END

Due to the illness of Mrs. M. M. McCracken, her two sons from Clayton came down over the week end. John and Charley are old-timers in this section having grown up here. John is engineer of the light and power plant, and has been for years in Clayton.

With John came his three children. Mrs. Charley McCracken accompanied her husband.

Future Farmers Plan Long Tour

Mountain Scenery Will Be Biggest Item of Interest For Boys

Members of the Clarendon F. F. A. made plans for their annual summer tour at their regular meeting Thursday, July 13th. The group voted to take an eight day trip through New Mexico and the edge of Colorado. They plan to leave Clarendon on the morning of July 30th. Raton Pass, Cimarron River, Eagle Nest Lake, Red River Drive, Taos Indian Pueblos, Santa Fe, Albuquerque, Ruidoso, Roswell, and the Carlsbad Caverns will be the chief points of interest to be visited on the trip.

The group will camp out and do their own cooking. The transportation and eats for each of the boys making the trip will be eight dollars. The trip will be made by truck with each boy taking his own bedding and eating equipment.

A special meeting will be held at the Chapter room, Monday night, July 24th, to determine whose truck will be used for the trip; to determine definitely what boys will make the trip, and to make final plans for the tour. Twenty-eight boys made the trip to Yellowstone Park on last summer's annual tour. Coach Hutto has informed J. R. Gillham, chapter adviser, that he planned to make the trip with the boys.

TIME TO BAIT OUR HOOK!

Jack Killough Sells Idea to Gold Sox Club

"What would I do if I were manager of the Gold Sox?" That was the question sought by Jerry Mallin, sports writer on the Amarillo News. The first prize for the best suggestion was \$5 in cash.

In Sunday's News appeared the letter written Mallin by C. E. (Jack) Killough of Clarendon, and that letter won him the \$5. Jack was some ball player himself around a half century or less ago. He has always kept up with baseball.

Here is Mr. Killough's winning letter: "The following is what I would do if I were manager of the Amarillo Gold Sox baseball team:

"Prepare the batting order and keep it the same as near as possible the remainder of the season.

"Stress more and better teamwork with signals fully understood by all members of the club.

"More batting practice, especially bunting, instead of line drives to the pitchers.

Crowd Clears Port For Fishing Grounds

Ever since that county agent's crowd came back reporting minnows weighing twenty pounds up near Crede, Colorado, and real fish of a larger size, local nimrods have kept the trail hot looking for the mecca of fly casters.

Sunday taking off to that paradise of strange stories were C. Huffman, Fred Chamberlain Jr., Gollie Huffman Jr., Bert Smith and Bert Smith Jr., Buddie Ryan and possibly others who had asked that it all be kept a secret.

The "juniors" being in the majority, will likely explode former fish stories upon their return from the section of cold nights, hot days, deer flies and mosquitoes.

GOING TO CALIFORNIA

Although a native here, Dick Bain dreams of green pastures at Pacific Grove out near the big show at Frisco. He expects to leave soon with his family to enter the employ of an oil company in that town. Kenneth Bain has been living there some two years and has convinced his brother Dick that it is a real place to live.

HERE FROM QUITAQUE

Mr. and Mrs. Grady Starkey and children visited in the Victor Smith home here Sunday. The girls, Billy Beth and Peggy, remained for the week.

THINKS ENGLISH TO QUIT CHINA PRETTY SOON

While visiting his parents and other relatives here last week, Lieut. Ennis Taylor of the U. S. navy was asked a number of questions relative to the situation in the Orient, since he had seen service there. "It is my opinion that England will get out of China soon," he said, "and of course France and the United States will get out when England does ahead of any humiliating experience such as England has experienced."

OLD SETTLERS ANNUAL PICNIC

The Biggest Event Held in Donley Promises To Excel In 1939

Announcement comes from President W. I. Rains that plans are going forward for the biggest event ever to be held by the Donley County Old Settlers Association in which membership is limited to those who have resided in Donley county twenty years or more.

The event will be held in Tate Grove as usual. The date is August 18th. Speakers will be provided along the usual custom. Plenty of music, band and old-time fiddling.

This annual affair is one of the few to call together the pioneer neighbors for a day of relaxation and wholesome amusement. The dinner is held at noon according to good old-time American customs, food being brought by the various families attending. Coffee, made in a wash kettle, and lemonade is provided by the Association.

Plenty of pure cold water right from the well is provided with a pump and elevated storage tank to insure best sanitary conditions.

Tate Grove is a shady nook in a canyon provided through the kindness of Tom Tate. With the possible exception of one meeting, the first, the Association has held its sessions in this Grove.

The complete program will be published in the Leader in plenty of time to inform those eligible as to what to expect at the "bigger and better" picnic this year.

Gin Meeting Is Called Tuesday

Cotton Growers to Talk Over Co-Operative Building Plans

Just what will be done toward securing a farmers co-operative gin at Lelia Lake is indefinite at this time. For that reason a meeting of cotton growers will be held at the school building in Lelia Lake next Tuesday, the 25th, at 8:30 p. m.

John Howard, president of the Association will preside.

J. R. Montgomery, co-operative supervisor, will be present to explain detailed information that may be lacking at this time. A committee has been working on the matter for several days.

All cotton growers interested are urged to be present and learn more about the plans now in progress, county agent H. M. Breedlove stated today.

John Jay Makes Band In CMT Camp at Ft. Sill

Enlisting in the Citizens Military Training Camp July 1st, John Jay of Clarendon has found his lot most enjoyable, according to letters written his brother Led Jay. John is playing in the band and has had to do KP duty only one time since being there. Band members find the task much easier, John writes.

Dry Check Artist Has Slim Picking

New Law Places Penalty Up To Ten Years In State Prison

First conviction, amount less than \$5, confinement in county jail not exceeding two years, or fine not exceeding \$200. Second conviction, confinement in county jail thirty days to two years.

First conviction on \$5 to \$50, confinement in county jail not to exceed two years, or fine not to exceed \$500. Second conviction, county jail term of thirty days to two years.

First conviction, \$50 and over, confinement in penitentiary not less than two nor more than ten years.

Third or subsequent conviction for either of the above offenses, confinement in the penitentiary for not less than two nor more than ten years, regardless of the amount involved in the first two convictions.

H. B. No. 190, which repeals Section 4 of Article 1646 of the Penal Code of 1925, makes it unlawful for any person, with intent to defraud to obtain any money, goods, service, labor, or other things of value, by giving or drawing any check, draft or order when such person does not have sufficient funds with the drawee to pay the instrument and all other outstanding instruments at the time it was given.

Section 1 extends the above provisions to cover the payment for goods and services, therefore received. Section 3 makes it unlawful for a person to secure or retain possession of any personal property to which a lien has attached, by the giving or drawing of such an instrument. In all cases, the non-payment of the instrument upon presentation is prima facie evidence that the person gave or drew it with intent to defraud.

Section 5 of the Act provides that any person who has filed a complaint or furnished information resulting in the acceptance of a complaint by a district or county attorney shall be guilty of a misdemeanor if he suggests or requests that the case be dismissed, and upon conviction shall be fined not less than \$100 nor more than \$500.

In all prosecutions under the Act, the issuance and service of process, either in or out of the county where the prosecution is pending, is to have the same effect as though the offense were a felony. Likewise, officers and witnesses are to be compensated in like manner as though the offense were a felony.

Rainfall to Date Exceeds 12 Inches

Donley county is indeed fortunate at this time when a drought extends over such a wide area. Since January first, February was the driest month, according to official weather observer, Joe Goldston.

Mr. Goldston's records show the following rainfall since January 1st: January 2.02; February .08; March 1.19; April 1.91; May 2.04; June 5.18; July to date, .82, making a total to date of 12.44 inches.

The fall Sunday night was .17, and Monday night here, .23. Tuesday night the fall was .35 in town.

BACK TO CALIFORNIA

After a residence there of 18 years, Cap Weatherly thinks pretty well of Los Angeles where he has a bookkeeping position. After a trip from here to Stamford, Ft. Worth and Dallas with his parents, Mr. and Mrs. R. C. Weatherly, he returned home Friday. He was accompanied by his two sons, Kirby and Kenneth.

VISITING DOWN STATE

On a vacation tour, Alec Cooke and Isadore Mellinger visited Houston, Galveston and Austin as well as a number of places between. Cooke returned home Sunday, but Mellinger is visiting his parents at Merkel before returning here.

KILLOUGHS MAKE TRIP BACK TO OLD HOME PLACE

Most all of last week was consumed by Mr. and Mrs. Cecil K. Killough and son Billy, and Mrs. C. T. Isham and son T. C. in northeast Texas. They visited Whitesboro, Denison and spent some time at Delaware Bend on Red river. It was there that Mr. Killough grew up, and where he continues to have relatives.

"Why corn down there is good for 60 bushels to the acre, and cotton is waist high," Killough said. They made a side trip into Oklahoma where Mrs. Isham used to live, and spent a very pleasant week.

Radio Station Near Clarendon Expected Soon

Federal Beam Station Would Permit Blind Flying at Night

Space of three hundred feet square has been leased on the Bugbee land just north of the landing field and beacon light location on the Thornberry ranch. The aeronautics division plans the erection of a building seventeen feet wide and twenty-five feet in length to house a radio beam station. This improvement would materially assist plane pilots to land on the local field when weather obscures the land surface, it is said.

The radio housed in the proposed building for which a preliminary survey has been made, would aid flyers in following the beacon light course between Amarillo and Wichita Falls while flying blind during bad weather.

Maps and plans have been made and the matter will be considered at an early date, the Leader was informed by an engineer Tuesday.

Preparing Exhibits For Tri-State Fair

County Agent, H. M. Breedlove, stated this week that he was now preparing county exhibits to be shown at the Tri-State Fair in Amarillo in September and also at the State Fair in Dallas in October. NYA boys and girls are being used to help prepare the exhibits. Reservations have been made for the county exhibit at both Amarillo and the Dallas State Fair. Breedlove says that he is going to try to have one of the best exhibits this year that has ever been shown at the fair. Five NYA boys and girls will be working constantly from now until time for the show.

DEAF MAY ENJOY PASTIME TALKIES HEREAFTER

With the installation of a new gadget known as a "hearing aid," those with impaired sense of hearing may enjoy the talkies at the Pastime the same as any one else. The small instrument is connected with a "plug" on the end of the seat, and an instrument similar to a 'phone receiver is then held to the ear. Mr. Mulkey is experimenting with this one instrument. If there is a demand for them, he will install more. Shows in the cities rent the extra equipment to patrons. Mulkey says he will "lend" his extra facility to those who need them, without extra charge.

MIGHT RAIN ANY TIME!

As an old-timer in the west, blacksmith R. R. Dawkins naturally expects a heavy rain most any day. As further proof, he has had a new roof laid on his blacksmith and welding plant building the past week.

Former Resident Dies In Houston

Funeral Service Is Held Here Wednesday Morning At Methodist Church

Funeral services were conducted by the pastor, Rev. H. C. Gordon, for Mrs. Fannie Whitenton Powell who died in Houston July 16th.

Attending the casket were W. W. Taylor, F. W. Taylor, Joe Horn, F. W. Rathjen, W. E. Clifford and C. B. Morris.

Mrs. Powell was born near Victoria, Texas, March 9, 1862; married to W. P. Powell at Mountain Home, now Holland, Texas, January 5, 1881. She moved with her family to Clarendon in 1904, where the father and sons were engaged in the mercantile business for several years, having purchased the stock of T. J. Noland & Company.

Mr. Powell died July 12, 1907 and is buried here, as is a son, E. H. Powell who died in 1931.

Mrs. Powell is survived by six children, and nine grandchildren. The living children are C. C. Powell of Clarendon; Perry Powell, Amarillo; J. Y. Powell, Houston; Mrs. W. B. McSpadden, Greenville, Tennessee; Mrs. J. R. Porter, Clarendon; R. E. Powell, Houston.

In recent years, Mrs. Powell had made her home in Houston. She became a member of the Methodist church during her childhood, and was an active member of the Order of the Eastern Star during her residence here.

Two Are Held On Brew Charge

Arrested Saturday Night By Hedley Officers Who Held Cargo

Constable Jack Peabody and his deputy, Clay Cavender stopped a car between Lelia Lake and Hedley Saturday night. Upon investigation they are said to have found quite a batch of "home brew" in the car.

In the car were Joe Dean and Bob Wilkerson, each of about 21 years. With them was a girl of 14 who resides near Clarendon, according to sheriff Pierce.

The trio were brought to Clarendon where the men entered a plea of guilt to transporting intoxicating liquor, and were assessed a fine of \$100 and costs each, by county judge R. Y. King.

It was while being held in jail here that the sheriff brought a charge of statutory rape against Dean, the girl with him at the time of arrest on the booze charge being the alleged victim.

Memphis To Hold 49th Anniversary

MEMPHIS, July 20.—An array of prominent speakers and comely cowgirls, a gigantic "parade of progress", a barbecue honoring more than 2,000 old settlers, and one of the biggest and best amateur rodeos in West Texas will feature a two-day reunion of Hall County pioneers in Memphis Thursday and Friday, July 27-28th.

Jerry Sadler, member of the Texas Railroad Commission, Robert Lee Bobbett of the Highway Commission, Senator Clint C. Small, and former Attorney General William McCraw are among the outstanding speakers who have been invited to appear on the program during the two-day celebration, which will commemorate the 49th anniversary of the founding of Hall County.

Old Settlers and cowboys from Hall, Collingsworth, Childress, and Donley Counties have been invited to attend the reunion and be honored guests at the annual barbecue on Friday, the 28th. Tickets will be free to all who have lived in this section for more than 28 years.

Chief Baldwin Parker, son of Chief Quannah Parker, and his tribe of Comanche Indians from Cash, Okla. will appear twice daily in the pioneer parade on the Old Settlers program and at the rodeo in war dances, scalp dances, Indian love songs, and other Indian ceremony.

Sydney Yokley, the Canadian, Texas, girl who has been an outstanding performer at almost every major rodeo in the Southwest, will be featured in a special exhibit at all four shows of the two-day rodeo at Cyclone Stadium.

Two-day headquarters for eleven famous Panhandle ranches, including the Shoe Bar, Shoe Nail, Matador, "96", old JA, Leaning F, Diamond Tail, Rowe, Smith, and Mill Iron, have been established in Memphis, where the old time cowpunchers will be specially honored.

It was back in 1924 that John Black and T. M. Couch drove out on their first highway job together. They still are working on the highway today.

Last week Mr. and Mrs. Leonard Black and children of Lawrenceburg, Tennessee were out here for a week or so. They liked the wide open spaces, but not quite so well as John Black does who has been here and at Claude for 29 years.

HERE FROM McCAMEY

Mrs. Rollie S. Brumley of McCamey is here this week visiting her sister, Mrs. Bill Ray and other relatives. With her came her two children, John Carroll and Shirley who spent quite a bit of their time with their grandparents, Mr. and Mrs. H. C. Brumley, and Mr. and Mrs. Joe Goldston, uncle and aunt.

Attend Farmall Meeting In Amarillo Friday

Among the hundreds of salesmen and dealers to attend the preview of the new small Farmall tractor at Amarillo Friday were Mr. and Mrs. L. E. Thompson and son Ernest, and J. G. McAnear of Clarendon.

The Thompson Bros. hardware here are to feature the small machine in the future, it is said.

COULD YOU DO IT?

There are some people who delight in picking up a newspaper for the mere purpose of seeing how many mistakes they can uncover, and then telling the editor what a numskull he is. We've often wondered what a newspaper would look like if some of these people were to edit it themselves. And, too, we wonder if the average person has ever stopped to think how many chances there are of making a mistake in one column of reading matter. Let us give you a little inside tip: First, to set an ordinary column of type, it requires the placing of 10,000 pieces of type. There are seven positions in which each letter may be placed, and there are over 70,000 chances to make transpositions. In the one little sentence, "To be or not to be," by transposition alone, it is possible to make 5,759,922 errors.

A THIN ARGUMENT

When someone tries to tell you that the big city merchant can sell cheaper than merchants in the smaller towns because the city merchant buys in so much larger quantities, ask him this: How much higher are his taxes? How much greater is the cost of his light and heat? How much more expensive is his clerk hire? How much more costly is his advertising space in the city papers than space in the small-town paper that serves your local merchant? How much more insurance must he carry because he carries a larger stock. And finally, who has to pay all this added cost in the long run? If you've been believing that old stuff about "buying in larger quantities," forget it. Answer the above questions for yourself and you'll understand why the small-town merchant does not have to knock under such sales argument as that, regardless of what section of the country he is doing business in.

FORMER SHERIFF OF HALL COUNTY DIES SUNDAY

UNITY AND STRENGTH
A father in one of Aesop's fables, wished to prove to his sons that unity is strength. He asked each of them to break a single stick, which they did with ease. However, when he gathered several sticks into a bundle, none of the sons could break it.
The same principle of unified strength applies to our country's progress and prosperity. As long as separate groups such as business, labor and government stand alone, the structure is weak.
But when all groups decide to go ahead together, nothing in the world can stop us.

TEMPLE OF TRUTH

By the Apostle

In speaking of his uncle, Poke Jaril prominent New Dealer down at Lazbuddy, Haston Yazzie says it wasn't his 86 years that killed him. He got drunk in 1933, and when he sobered up in '39 and saw the mess things were in, he just naturally dropped dead.

Nothing is certain but uncertainty, and you can't be too sure of that.

SOCIAL STUFF.
"Should I marry a man who lies to me?"
Lady, do you want to be an old maid?

I'LL BE BURNED!
A tourist visiting Kerrville recently saw an ex-soldier hobbling along on crutches. Well that got her started asking questions. "I suppose you are suffering from rheumatism," she

body announced. "Nope, patriotism!" he replied.

LIP SERVICE AND CULTURE.
"Who was Tallyrand?"
Answer: That was the party who caused a stampede of men to the Chicago Fair. But why the baby talk?

WASHED IN GYP!
When asked to name the scales after his first month with the music teacher, the bright son of the family gave the following answer: Major, minor, letter, fish, Fairbanks and the kind that comes on legs when they don't wear stockings in the Panhandle.

SHOWING HIS COLORS.

On his recent western trip, when Jim Farley got to Williams, Arizona he attended a picture show. The manager spying him in the middle of the crowded seats, naturally wanted the public to know something of the unusual honor. "Every one in this crowd who appreciates what Mr. Jim Farley has done, stand up," he yelled. They all stood up except Farley himself. It so happened that a government employee was sitting next to Farley, and as he stood up fished down at the fat man with bald head and said: "I don't like the old 71&7! a bit better than you do, but you better stand up if you want to hold your job!" This story appeared in a western paper and is supposed to have actually occurred.

Lot's wife who looked back and turned into a pillar of salt had nothing on the modern gal who looked back and turned into a garbage truck.

HOW TIMES CHANGE!
The woman's skirt referred to with a blush forty years ago, is now

something the boys chase after.

FROM EAST TEXAS.

Time brings a lot of changes even to the lone words seen on doors. They started out as "Men" and "Women." Some went high-hat and were lettered as "Gentlemen" and "Ladies." Then roadhouses hatched up "Kings" and "Queens." The service stations caught the homey air of invitation and simply labeled them as "Paw" and "Maw." Then along comes an East Texan headed for New Mexico. He thought he had all the names down pat, but when he got into New Mexico's mountainous regions he beheld the word "Hom-bre" on the door. A worried look closed over the victim's face and he hurriedly asked the manager directions. "Don't you know what the word 'hombre' means, stated the service station manager with a nod of his head. "No I don't," snapped the East Texan, "and this ain't no time to start in giving me lessons in Spanish!"

Query: Did Romero pay for what Juliet?

Yes, that was before women smoked and paid the bills at the road houses.

The honeymoon is about over when the old boy begins to complain that sandwiches do not constitute a full meal three times a day.

NO HITCH-HIKERS.

While in Colorado recently, the writer was puzzled as to what had become of the thumb-jerkers along the highway. Upon inquiry at a port of entry station, it was found that a hitch-hiker may be fined \$5 to \$100 for the first offense, and a ten-day jail term for subsequent offenses of attempting to borrow a ride. At any rate, tourists can travel in peace, and the good-natured cannot pick up those who would murder them and steal their belongings and car as has been done right in the good old Panhandle of Texas.

A TRAVESTY.

Isn't it queer that a property owner is penalized through taxes for improving property appearances? The order should be reversed, or property tax be eliminated altogether.

If this heat keeps up, Brother Trent can make a pot of money renting his cold storage rooms to bridge parties.

GW's folks are coming. In fact part of them have arrived. When her ten brothers and sisters and their families begin to make their summer calls, that means beds all over the house, while the old Apostle is merely hung on a nail on the back porch. See you next week.

SHERIFF'S FAMILY ENJOYS OUTING IN MOUNTAINS

Mr. and Mrs. Guy Pierce and the children made a straight drive over Highway 66 to Gallup and thence north to Cortez where lives "Blue" Pierce and family. A few days was spent there and then the return was made through Durango, Pagosa Springs, Trinidad and over Raton Pass.

"What was the most scenic part of your trip?" was the question asked the Sheriff Monday. "Well sir, there is nothing to equal Wolf River Pass for downright scenery and thrills. One can look down the mountain from the highway for a mile and half and it looks plenty scary," the Sheriff said.

They left Sunday and came back the following Friday of last week.

JUNIOR H. D. CLUB

Mrs. Virginia Schull was hostess at a lovely picnic at the Gerner farm near Lelia Lake, Thursday evening, when she entertained the Jr. H. D. Club members and their husbands. The guests met at the home of Mr. and Mrs. Brooks Chesshir at 7:30 and then motored to the picnic site. After some time spent in swimming and visiting, a delicious supper, including every thing that goes to make a picnic complete, was served picnic style. Delicious ice cream served as a much appreciated desert.

After a visit of chatting and fun-making around a bon-fire, everyone departed for home, expressing to their hosts a most delightful evening. Those to enjoy this occasion were guests, Mr. and Mrs. Geo. Wayne Estlack, Miss Carrie Davis, Paul Schull, Mrs. Frank Schooler of Dimmitt; members, Messrs. and Mesdames John McMahon, U. Z. Patterson, Elmer Palmer, Brooks Chesshir, Gilmer Ayers, Leamon Wallace, A. D. Estlack, Clyde Wilson, J. E. Burch, Verna Lusk, and hosts, Mr. and Mrs. Lester Schull.

MISS NITA CULWELL BECOMES BRIDE OF WILLIAM L. HILTON

Miss Nita Culwell, Childress, daughter of Mr. and Mrs. O. R. Culwell, Childress, and William Leslie Hilton, Mercedes, were married at 9 a. m. Saturday in the parlors of the McKinney Avenue Methodist Church. The Rev. C. L. Bounds officiated. The bride wore a chartreuse embossed chiffon afternoon frock with magnolia brown accessories. On her shoulder was a cluster of gardenias. Mrs. C. O. Adams, sister of the bride, was her only attendant and Mr. Adams attended the bridegroom. Ferns, palms and gladioli decorated the altar.

A reception followed at Mr. and Mrs. Adams' home, 3210 North Haskell, for relatives and close friends. After a short wedding trip, Mr. and Mrs. Hilton will be at home in McAllen. The bride is a former student of North Texas State Teachers College in Denton and also attended the University of Colorado. She has been a member of the Mercedes public school faculty. Mrs. Hilton grew to womanhood in Hedley. Besides being a very successful instructor in the public school, she has won a number of prizes for poems and magazine articles, being a gifted writer of national recognition.

Miss Geraldine Clayton who has been recuperating from an appendectomy at Adair hospital the past several days, was returned to her home Wednesday.

Indian Basket Found In Cave

Rare Object Is Found In Nolan Co.; More Than 1,000 Years Old

ABILENE, July 21.—Latest addition to the museum section of the West Texas Chamber of Commerce Resource and Museum Institute is an Indian basket, probably more than 1,000 years old.

The basket, first example of Indian basketry to be discovered in the Abilene region, was found in a cave in Nolan county by Forest Kirkland, Dallas artist, and J. C. Fields of Nolan county. It was placed in one of the Texas Archaeological and Paleontological Society cases in the museum by Dr. Cyrus N. Ray, Abilene physician and amateur archaeologist, who is president of the society.

The basket, measuring 11½ across, although badly warped, is in fine state of preservation considering its great age.

Clifton Mace and Andrew Harp of Amarillo were Clarendon visitors Sunday.

Mrs. Teat returned home Tuesday after her relative had improved.

Western Roads to Rent Autos To Passengers Who Wish Them

Rail and automobile travel, long considered arch rivals, are at last beginning to put their shoulders behind the same wheel as word is received from several of the large western railroads that plans are being made to provide automobile rental service for passengers.

The railroads, in conjunction with the rental agencies, plan not only on business travelers but also on the tourist who now is forced to drive many long and hard miles so that he may have his car at his vacation destination. With the railroads offering cars it is expected that thousands of tourists especially will take advantage of cool, fast trains to their favorite resorts and then rent a car for side trips after their arrival.

Orders a Car
The plan, first put into practical operation in New England by the New Haven Railroad less than a year ago, has been made quite simple. Railroad passengers may either deposit \$20 at the rental agency or present identification cards through railroad or personal references.

For example, a vacationist traveling by train from here to Denver, Colo., wants a car to tour that region after his arrival. All he needs do is to speak to the conductor and a wire will be dispatched, free of charge, for the reservation. A free taxi cab ride from the station to the agency also is provided.

Goodrich K. Murphy, Assistant to the Passenger Traffic Manager of the New Haven Railroad, who has worked out many of the details of the plan, was enthusiastic and optimistic over the decision of the western railroads to adopt it, and declared today that the co-ordination of the railroads and the highway is nearer

than it has been at any other previous time.

"It is necessary that every major railroad adopt it," he declared, "in order that it be operated successfully. We need to have every territory of the United States covered by this service," he said.

Widespread Agencies
The time will come, Mr. Murphy continued, when a railroad passenger may rent one of these agency cars at one point, drive 100 or 200 miles, leave it with another agent, and then pick up the train again. "It will not be necessary to return to the starting point," he said.

In order to make the rental of these cars economical the rates have been made attractive. The base charge is eight cents a mile, minimum use 10 miles for an hour. Daily rate is eight cents a mile, minimum use 75 miles in 12 hours, and five miles for each subsequent hour. Weekly rate is eight cents a mile, minimum use 350 miles—if used 1,000 miles the rate drops to six and one-half cents a mile.

While these rates are basic ones for the western railroads the New Haven rates, according to Mr. Murphy, are even more attractive.

Milk And Whole Grain Best For Children

Milk and whole grain cereals should be the top items on the family grocery list where food costs must be held to a greatly restricted budget, advises Louise Bryant, specialist in home management for the A&M College Extension Service.

In her effort to aid housewives in purchasing foods where the food supply is temporarily hampered by limited budget, due to failure of gardens, orchards, feed and cash crops, Miss Bryant has pointed out that with these two essentials provided, other necessary foods may be in an emergency used in smaller quantity.

"Next, buy potatoes," Miss Bryant says, "for only a small amount of money spent for potatoes provides so much of what the body needs." Although fat does not rank next in importance for health, a little is usually purchased after milk, cereals and potatoes have been procured,

400 Families On 8,000 Arid Acres? They Do

DUNCAN, Ariz.—How to make 8,000 acres of farm land support 400 families in comfort, is a problem that farmers of Duncan Valley are attacking confidently. They pin their faith on a well planned community program of co-operative buying and selling, and intensive agriculture.

A co-op has been formed, called Interstate Farmers since 3,000 of the Valley's acres lie just over the New Mexico line. A financing campaign, with \$15,000 as the goal, is practically over. No one may buy less than one 50 share, nor more than ten.

Frank McGrath, pioneer merchant and farmer of Franklin, Ariz., has been engaged as manager. He has made a deal to purchase a feed mill at Duncan, which will be enlarged to include a cold storage plant as well as facilities to grade and pack eggs, meat, poultry, fruits and vegetables.

Agriculture has been a more or less haphazard business in Duncan Valley. Most of the farmers have drifted along, trying to make a living by producing hay, grain, and potatoes on small farms averaging only 20 acres to the family. There is little more land and no more irrigation water. In the last few years many have been forced to go on WPA at \$44 a month.

At a series of meetings it was agreed that the way out is to specialize in comparatively high-priced products, buy and sell co-operatively. Mr. McGrath declares that if a man will keep 1,000 hens and two or three cows, even on a place as small as ten acres, he can clear twice as much as WPA pay.

AN INSTITUTION WITH A NATIONAL REPUTATION FOR THE TREATMENT OF CHRONIC DISEASES

Our little girl seven years old was taken with what the doctors called Saint Vitas Dance. We tried a number of doctors without receiving any noticeable help. Our little girl was growing worse every day and our hearts ached to see her in such a pitiful condition. She could not speak, walk or even hold her head up; she was entirely helpless. A friend advised us to go to Dr. Milling of Mineral Wells, Texas. We did so and at the end of three weeks our little girl was able to walk and talk as she had before taking sick. At the end of five weeks we came away with our child entirely cured. We take pleasure in recommending Dr. Milling in any case of this kind, for we positively know what he did for our child. We can not say too much for him. We would advise any one who is sick to go there and be cured. We will answer any personal letter written us.

RELATIVES PICNIC SUNDAY ON HOMMEL FARM

Setting aside a day in which to look over the orchard improvements on the farm of W. O. Hommel near Albreed, Sunday saw a number of the Hommel clan there. A dinner was served picnic style at the noon hour. Those present looked over the large acreage of various plants, trees and flowers. Youngsters found amusement along the creek. In all it was a great day for relaxation.

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

Wife called my attention to the fact that the report of the fellow losing his bottle was at a former street dance and not the last one. We have no intention of further discussing this subject, but wanted to make this correction.

Had very good services at Goldston Sunday. The evening services not largely attended. Some threatening clouds just before time for service. You know it is very dangerous to go to church if any clouds around. We are near the revival season. Are we ready? Don't you think we need a revival? If so, will we pay the price?

The pastor thinks we need it. He needs it in his own heart. The prophet Isaiah had a vision. He first saw God high and lifted up. Then he saw himself. Seeing God shows us ourselves. "Woe is me for I am undone" he exclaimed. "I am a man of unclean lips. I dwell in the midst of a people of unclean lips." Perhaps the prophet had spoken no vile words which polluted his lips, but doubtless had failed to speak the warning that God wanted His people to have. Failure to speak for the Lord; held back words pollute the lips holding them.

The failure of his people, as well as his own are all piled upon the pastor's heart. The angel of the Lord bringing a live coal from off the altar of the Lord and touched Isaiah's lips brought instant relief. A voice said unto him: "Whom shall I send and who will go for us." Then Isaiah said: "Here am I, send me." How God needs consecrated lips in the pastor and people to carry His holy messages to the people. Yes, we need a revival. What is the price and will we pay it. The price is self examination, praying without ceasing, repentance toward God, faith in God and His cause and full consecration of our life to His service. Will we pay it? We can if we will. It is a personal matter. What are you going to do? Glad to think of going to Lela Lake Sunday. Heard that brother Gillham made a fine talk on faith Sunday before last. Many thanks to him.

Give us fifty in Sunday school. Preaching, 11:00 a. m. and 2:30 p. m. Naylor at 8:30 p. m.

CLARENDON CHAPTER ASKED TO PREPARE EXHIBIT

O. T. Ryan, Area I Supervisor of Vocational Agriculture, who has charge of 71 schools, in 32 counties, has asked the local Chapter to prepare Area I's exhibit for the state F.F.A. Convention. Ryan stated that the Clarendon Chapter's project program was the most outstanding in his area, if not the entire state, and he asked that this program be featured in the exhibit.

Members of the local chapter are busy preparing the exhibit which in addition to the project program will feature, the chapter's hog program, the premiums won during the past year, chapter projects, and accomplishments of the Lone-Star Farmer members of the chapter. The exhibit will be placed on display in the convention hall on Thursday, July 20th.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

The gardener's worries are on the increase. First, there were drying winds, baking suns, and millions of weeds, now it is worms! There are numerous varieties of these wriggling pests—one type for the red honeysuckle, big black striped ones on the sumac, and huge giants on the lace and trumpet vines. Extermination requires as many spray formulas as there are worms. It seems that plants, like all other life forms, have numerous enemies.

Perhaps everyone has been appreciating the civic pride displayed by what we term our community property. One seldom views a more beautiful lawn than that of the City Hall, but a close rival is the court house lawn. The grounds of the light plant would compare favorably with those of any park, and no hedge is more attractive than that enclosing the driveway at the hospital. Several of the churches have carefully planned and tended grounds. When the present plans for the city park are completed, it too will be a peaceful retreat.

There are several lawns we glanced into this week that had outstanding

garden features. The Van Kennedy's have a green clipped lawn, immense rose bushes that bloom almost continuously, grow in the flower beds by the walls, and he has added new trees across the front of the lawn. Their next door neighbor, the Ayer's have a neat lawn with grass, flowers, and rock arrangement.

The trumpet vines are numerous on walls, fences and pergolas at quite a few homes. Their dark green foliage, and richly colored blossoms make this one of the most gorgeous vines grown. There are so many decorative vines that can be used effectively to add charm to the grounds of the homes now adays.

FLY TRAPS MADE AT HOME ARE VERY SUCCESSFUL

"For maintaining the families' health fly traps are valuable," says Miss Lois Waggoner, Home Manage-

ment Supervisor, Farm Security Administration.

The construction of the trap is simple and inexpensive. In many cases they can be made without cost using materials around the place. Three and one-half feet of 3/4 inch screen is required for a trap and an apple box or scrap lumber can be used for the frame. A saucer of bait is placed under the trap to attract the flies.

In setting traps a location should be chosen where flies naturally congregate. This is usually on the sunny side of a building out of the wind. Those who are getting best results are using two traps placing one near the back door and one in the barnyard.

A model flytrap is on display in the Farm Security Administration offices and for further information write U. S. Department of Agriculture, Farmers' Bulletin No. 734 entitled Flytraps and Their Operation.

Claudette Colbert, James Stewart Showing In "It's a Wonderful World"

Heralding the arrival of one of the screen's most notable teamings, "It's a Wonderful World," starring Claudette Colbert with James Stewart, opens Wednesday at the Pastime Theatre.

For Miss Colbert this picture marks a return to the buoyant type of comedy vehicle in which she has achieved such notable success, characterized especially by that unforgettable film, "It Happened One Night," Academy Award winner.

The production marks James Stewart's third heart affair opposite charming screen heroines in recent months. He stepped from the arms of Joan Crawford in "The Ice Follies of 1939" to wed Carole Lombard in "Made for Each Other," and now shares honors with Miss Colbert in "It's a Wonderful World."

Stewart is cast as Guy Johnson, a private detective hired to keep an oft-married Broadway playboy out of trouble. When this millionaire playboy is accused of murder Stewart becomes involved. He escapes in order to seek a solution of the murder and is caught in the act by Miss Colbert who plays Edwina Corday, a poetess.

He enlists her aid and together they track down the real murderer.

In the supporting cast are such sterling players as Guy Kibbee, Nat Pendleton, Frances Drake, Edgar Kennedy and Ernest Truex.

Forty-seven sets were built for the production, all of them supposedly in and around New York. These range from elaborate night-club sequences to an apple orchard. Also listed are interiors and exteriors of a train, a yacht, a theatre, a hot-dog stand, an auto camp, a railroad trestle, motor boat and shots of Sing Sing.

TEXAS PROUD WILD SHEEP HAS A CHANCE

AUSTIN, July 20.—Inroads of domestic sheep and elk upon the range of the wild mountain sheep in Texas will keep those nimble-footed and interesting animals from increasing much beyond their present number, it is reported by Bob Snow of the Texas Game, Fish and Oyster Commission, who has just completed a survey of wild sheep with the assistance of the U. S. Bureau of Biological Survey.

Mountain sheep, which are found in the Beach and Diablo Mountains of West Texas, now number fewer than 400, according to Snow, who counted 130 in the Beach mountains and who believes, after his survey, that there are approximately 250 in the Diablos. Those mountains are the only ones upon which there is suitable range for wild sheep. Elk have taken over some of it and domestic sheep are making huge inroads upon part of the range.

While it is not likely sportsmen will ever have an open season on wild sheep, which are among the most colorful animals in the Lone Star State, three ranchmen of the Trans-Pecos are leading the fight to help the species survive. They are A. F. Yates, Vivian McAdoo and T. M. Pyle, upon whose lands most of the wild sheep range is found.

shipped to Austin the skull of a 100,000 year-old Columbian elephant and that of the extinct ground sloth, or Megalonyx Jeffersoni. Both were found in a Henderson County dig near Trinidad, Dr. Sellards stated.

Its possessor standing in life slightly larger than the giant Indian elephants of today, the Columbian elephant skull measured three by two feet minus tusks. Yet undiscovered, its tusks were estimated by Dr. Sellards to have neared 9 feet in length.

Skull of the sloth, relative of the Texas Armadillo, was said by Dr. Sellards to be in excellent condition. A vegetarian, its nearest descendants are the tree sloths, found today in this hemisphere only in South America. To date, two shovel-jawed mastodons, one American mastodon, two elephants and one sloth have also been recovered from Texas rock beds, Dr. Sellards disclosed.

WE DELIVER

IS IT INSURED?

YOUR home may be next. You never can tell. If fire should come, and you're not insured, neighbors' sympathy won't help you pay the bill. And a \$1,000 policy won't cover a \$2,000 loss, so be certain you have ENOUGH fire insurance. We'll be glad to tell you. No obligation.
