DAYLIGHT SAVINGS TIME BEGINS AGAIN SUNDAY, presenting a monumental task to Everette Anglin and daughter Kay Eastep, who must move all the hands forward on about 125 clocks they have collected over the years. Daylight Savings Time goes back into effect at 2 a.m. Sunday after a short winter reprieve.

Ho-Hum...Get Set For Another Time Change

The hour gained last fall when Central Standard Time went into effect will be lost Sunday morning, when clocks must be moved up one hour. This should be done Saturday night before retiring in order to avoid confusion in the Sunday schedule of activities.

People often complain that Daylight Savings is a scheme of politicians in cahoots with Northern businessmen to allow them an extra hour of golf after business hours.

And, though it is an inconvenience to readjust clocks and watches twice each year, the inner biological clocks of the body are not as easily adjusted as these external timepieces. This results in an artificially induced example of the "jet lag" phenomenon.

The woes of the average citizen in making the needed adjustments as we come off of government time this Sunday will be compounded to the extreme in the case of the Anglin family, collectors of more than 125 antique clocks.

About 40 of these are kept running at the Anglin Motel in Clarendon, run by Mr. and Mrs. Everette Anglin for the past six years. They farmed west of town before that for 10 years.

The Anglins began collecting clocks about three years ago, when E-7 Chester Eastep, a career Army officer, was stationed in Bhumholder Germany. He is

Melodrama To Be Presented Tonight

"She Was Only A Farmer's Daughter," the Gay Nineties melodrama production by the Clarendon High School classes under the direction of Mrs. Gene Stavehagen, will be held tonight at 7:00 at the school auditorium.

Admission is \$1 for adults and 50 cents for children.

Welfare Department Urges Prevention of Child Abuse

Each year about 2,000 cases of child abuse or neglect come to the attention of the Texas State Department of Public Welfare (DPW), and about two children die each week from known cases of mistreatment in the state. This is just the tip of the iceberg, with many more cases going unreported than are reported.

Governor Briscoe's campaign against child abuse came to Clarendon this week. A capacity crowd of members and their guests met at the Lions Den Tuesday to hear a program on child abuse by Lion Paul Hancock, district (DPW) supervisor, and his guests.

A toll-free number is now available 24 hours a day

through which responsible citizens can report any known or suspected case of child abuse or neglect to the Department of Welfare for investigation and correction under the Child Abuse Report and Inquiry System. This number is 1-800-292-5400.

A new Family Code law effective last January 1 requires that anyone knowing of child abuse report it to the authorities and provides immunity from prosecution for reporting it. In fact, failing to report known child abuse is a misdemeanor punishable by up to \$500 fine and six months in jail. These reports are confidential, and the reporting party will never be made public unless he

Bulldogs Down NMJC Monday For Second Time

Clarendon College's Bulldogs triumphed over New Mexico Junior College at Hobbs Monday night 83-79, the same score as they won over the Hobbs team here on January 16.

That pretty well dashed NMJC's conference tournament schemes. Bulldog coach Gene Davis said, though they had won six or seven conference matches before that.

"It was a real close game, but we managed to come out right," Davis said Tuesday night after the 300-mile back to Clarendon. "It was a real fine ballgame, one of our better ones all year."

The match was up in the air till 10 seconds of the final buzzer, being tied 38-38 at the half and NMJC trailing 81-79 with 10 seconds remaining on the clock. With 10 seconds, NMJC had a chance at two free throws, missed them both and then fouled the Bulldogs. They

made both shots, accounting for the four-point margin. Davis said the Bulldogs had a real fine workout Tuesday after the long drive in from Hobbs and are in fine spirits for their rematch Thursday, February 20, with Amarillo College. The Badgers won over the Bulldogs on January 20 on a basket after the buzzer, which dampened their spirits and probably cost them their next three or four games.

Monday night at Hobbs, Archie Hughes was up from his pace-setting 20-point per game average, as he came out high with 29 points. Donald Warrior dipped leather for 20 points, Davy Graham chalked up 12, and Charles Quisenberry and Robert Evans each got credit for eight points. Harrison Andrews, Joe Evans and Russell Franklin each put in two points.

The Bulldogs hit 13 of 17 from the line, compared to 15 of 20 for NMJC.

Others are Viennese, German and English. The English grandfather clocks have a different tone than the German ones, having the "bing Bong" sound familiar from old movies from London's Big Ben at Westminster Abbey, while the German grandfather's tones sound more like "bim bom."

The oldest grandfather clock the Anglins have is German and stands 84 inches tall. It withstood the ravages of two great wars unscratched, and it has a portal in the side made to place a candle in so the hour may be told without lighting a lamp and risking being bombed.

Clarendon To Be Represented At Houston Fat Stock Show

A top array of talent will entertain at each of the rodeo performances.

Thirty-four members of the Clarendon High School FFA Chapter will compete in the junior division of the Houston Livestock Show and Rodeo to be held February 19 through March 2. Milton Mann is Vocational Agriculture teacher at Clarendon.

The competition in the junior events is set for the second week of the show when 4-H and FFA boys and girls from all sections of the state will be vying for top premiums and prizes. This is the largest junior livestock show in the country. These young people will join adult exhibitors in seeking premiums of more than \$400,000, a new record for the Houston show. Around 19,000 entries are expected.

The show will again be held in the show's \$12.5 million facility with rodeo performances in the Astrodome. First rodeo performances are scheduled for February 21.

All major beef and dairy breeds, swine, sheep and goats, horses, rabbits and poultry will compete for the top premiums offered. A record 22 auction sales will be held this year, including sales for three breeds which have never sold at auction at the Houston show.

City Growth Center Designation Sought By PRPC For Clarendon

Area director for the Panhandle Regional Planning Commission (PRPC) George Loudder appeared at the regular meeting of the Clarendon Board of Aldermen Tuesday night to discuss plans for obtaining an Economic Development Area designation for Clarendon.

This EDA designation would allow federal grant monies to be channeled into Clarendon, which would be classified as a growth center for the Texas Panhandle.

PRPC is seeking such a designation for Perryton, Borger, Tulia and the Amarillo-Canyon complex as well as Clarendon, but only about three designations in the Panhandle are likely to be approved by the Economic Development Administration in Washington, Loudder said.

"The ability to deliver a

full range of services needed by the people of the area to enable industrial development was one of the main reasons for the selection of Clarendon," Loudder said. He said PRPC had examined the assets of the city, including the capability to extend sewer and utility connections to an industrial park, the fine city airport, the

Art Show Benefit Is Cancelled

The American Heart Association art show benefit scheduled for last Sunday at Mrs. Bromley's Dining Room was cancelled due to the four-inch snow.

Local American Heart Association president Mrs. Fred Chamberlain said that another fund raiser would be planned for the future.

capability to meet the health care needs of the people and the educational advantages.

Clarendon College, with its vocational training and technical education, was one of the chief assets of Clarendon, Loudder said, which made him more optimistic about its final designation than any of the other candidates. He said that PRPC is in close contact with EDA administrators at the state pass-through level in Austin, and though he could make no presumptions about final action at the federal level, recommendation for designation through Austin for Clarendon as an area growth center is likely.

EDA programs, intended to halt the drain of the populace from rural areas into metropolitan centers, have been used in diverse ways in areas across the

nation in the past, Loudder said. He pointed out that the program for any particular area is tailored to the needs of that community. It has been used in the Appalachian area for extensive community development, including building park systems and funding sewage systems and streets.

Loudder said that no action from the board of aldermen would be required on the proposed EDA designation at this time, though he did request that a list of the needs of the city be drawn up. Mayor H. M. (Flip) Breedlove instructed city manager Bud Knorpp to cooperate with PRPC in this matter.

Harper's Open Only Area Pet Supply Shop

Harper's Pet Store, Clarendon's newest business, opened its doors for business Monday after some three months of preparation and months of planning before that.

Located next door to Donley County State Bank in the building which formerly housed Ma Cate's Arcade, Harper's Pet Store stocks a fairly complete line of pet supplies and accessories, in addition to tropical fish and birds, registered dogs, gerbils, hamsters, mice and even a South American Green Monkey.

A drawing from customers registered during the opening week will be held this Saturday for a complete

aquarium setup, except for the water and fish, to include 10-gallon tank, lighted hood and cover, gravel, thermometer, filter and heater. Tropical fish is one of the major lines of the new pet shop, with one whole room devoted to them.

"I hope this will go over well," commented Alan Harper, 19, a 1974 Clarendon High School graduate who sold real estate at Lake Meredith Harbor before his father, Darrell Harper, decided to open the shop. Alan and his mother, Mrs. Rosie Harper, run it together.

"A lot of people have aquariums that they aren't using because the nearest pet shop is at Amarillo, and

there is a big risk involved in bringing the fish back from there," Alan explained.

Fish are one of the most popular items, and fans become avid collectors once they get the hobby. Alan was helped by Don Harris of Amarillo's Tropical Fish Ltd., which is supplied direct from Hong Kong, in setting up the initial stock.

Harper's has a stock of tropicals including the familiar Black Lace Veil and Silver Angles, three kinds of tropical catfish, Plecostomus, Fancy Guppies and a variety of tetras. Additionally, they stock some of the more unusual specimens for the tropical fish tank, eel-like African frogs (which eat fish food) and the awesomely beautiful Zebra Danicos, with neon red, blue-green and violet longitudinal stripes.

Alan has plans for raising the ever popular Betas, or Siamese Fighting Fish. These are very difficult to raise (though fairly easy to keep), because the males will tear bits from other males' fins and even attack females when put into an unpartitioned tank with them. They also eat the young.

Although the new pet store presently has in stock registered Doberman pups 10 weeks old, a Lhasa Apso 10 weeks old and teacup Poodles six weeks old, they will not be able to maintain a complete stock of all dog breeds. They can, however, obtain almost any breed within a week or so from their kennel connections at Canyon, Muleshoc, Clovis and Sunray.

Dan Brandes scored one charity shot and racked up three defensive rebounds, stold the ball once and lost seven turnovers. Though he failed to show on the board, Keith Floyd aided with two defensive rebounds and one assist, losing the ball on five turnovers.

addermen considered a notification of a change in rates charged by Lone Star Gas for gas supplied to local users. This increase will also necessitate a pass down of increased rates on electricity supplied by West Texas Utilities.

Since the increase will not technically be a "rate increase" but rather a pass down of increased gate charges, or prices charged in excess of contracted prices by gas suppliers, no action from the board was required before the increase.

The increase is currently under review and subject to approval by the Texas Railroad Commission, which has ordered Lone Star Gas to pay rates in excess of contract agreement prices to supplier Lo-Vaca Gathering Company. The right of the city to appeal is not applicable until after the Railroad Commission final decision, so it was tabled for the present.

STREETS

Mayor Breedlove suggested and the aldermen agreed that the city act now to start planning asphalt for the summer. This is because asphalt, which is an oil-based product, is in generally short supply, with most oil being diverted to gasoline production.

City manager Knorpp pointed out to the board that the city has been having other problems in improving the city's streets, which have been the source of a good many complaints from citizens. Suppliers of fine gravel have been reluctant to deal with the city on the relatively small amount of material which is needed, about 5,000 yards. Numerous telephone calls have not been returned, he said. Mayor Breedlove volunteered to take the time to make a personal visit to a supplier in Amarillo before the base on some streets is lost and it becomes more than a simple task to repair them.

On dirt streets, Knorpp pointed out that the material purchased by the city from local suppliers had not lived up to expectations, being full of small boulders. Considerable discussion was devoted to possible methods of disposal of these large rocks.

ELECTION

An election was called for April 5, with March 5 as the final filing date for candidates, for the expiring terms of aldermen Cecil McAfee and Glenn Wallace and Mayor Breedlove. McAfee filed for re-election.

Others attending the board meeting were aldermen Bob Kidd, Chuck Dehyle, Dave Croslin and city superintendent Homer Holman.

Time Change

CON'T. FROM PAGE 1

Among the rarest in their collection is a Vienna "blind man's clock," which tells the time every 15 minutes with a different tone every hour. Another rarity is a German regulator with Westminster chime, which is one of only two such clocks the Anglins have seen. They parted with the other because a lady had her heart set on it. Other unusual clocks have the 24 hours marked on the face.

All of their clocks are 50 to 100 or more years of age. In German, Mrs. Eastep explained, a piece isn't considered an antique till it is 100 years old, while the age of an authentic antique in the United States is 50 years. Import duties must be paid on any piece exported from Germany to the United States which is less than 100 years old, and thus they were able to escape this duty on many of their fine pieces.

Since the Anglins began their collection three years ago, the clocks they were able to purchase in Germany and France at prices much cheaper than could be found anywhere in the United States have appreciated considerably in those countries. Anglin said that even when located, the people in those countries do not want to let them go as they did several years back.

Mr. and Mrs. Anglin have three children, Kay, Sammy, 28, and another daughter, Cindy, who is married to Frankie Ellis of Clarendon. Mr. and Mrs. Eastep have two sons, four-year-old Chris and six-year-old Shawn. Mr. and Mrs. Ellis' two daughter are Shelly, four, and four-month-old Renee.

Pet Shop

CON'T. FROM PAGE 1

A pet grooming and boarding service is an extra bonus offered by Harper's with the dog grooming professional service of Diana Prock, who previously operated a shop at Pahhandle for four years.

Mrs. Rosie Harper obtained a pair of Poodles for breed purposes, Shay and Blondie, who are the star boarders at the shop. Shay is an apricot male, and Blondie is a champagne female.

A shipment of tropical birds was due from the Pet Farm of Florida this week to add to Harper's stock of brown and white finches and the parrenial companions, the 'Keets. They have Parakeets in the familiar blue and also pied and lutino variations.

Additionally, they carry a good supply of dog and cat medicines, feeders and food, scratching posts, fish food and aquarium supplies, pet books, chew toys, collars and leashes and cages for hamsters, gerbils, mice and birds, as well as litter and other supplies, such as the Habitrail modular animal run.

Any supplies which are not on hand can generally be had within a short notice, since the supplier's truck makes a weekly run from Denver. For example, though they do not have snakes on hand, one customer has already ordered a South American Boa Constrictor.

Y-Knot Twirlers

The Y-Knot Twirlers danced February 11 to Freddie McKee. Three squares of home folks danced. Forrest and Maxine Denton provided a delicious cheese cake for intermission refreshments.

The ticket sales are still under way. March 13 is the last day tickets to the Arthritis Dance may be sold. Turn in all tickets and stubs by this date.

Everybody make a great effort to sell state festival tickets. If our club sells as many as 300 tickets, 30 percent of the sales, or \$90, stays in our club treasury. The percentage increases as sales increase. The club can make some extra money this way, and believe me, we need it.

The Wallaces and Wilsons are in South Texas for their annual winter pilgrimage. Sure would be nice to be down there wouldn't it!

On February 25 the guest call will be Sammy Parsley. He calls for the Lone Star Squares of Pampa and is also President of Callers and Teachers Association. Everyone make plans to attend.

Brownies Host Fathers At Banquet

Brownie Troop 95 hosted their fathers to a Valentine's Day father-daughter banquet February 14 at the Girl Scout room.

Each girl shared in the duties as hostess, and they sang "Let Me Call You Sweetheart" to their fathers. A delicious roast beef meal with punch and all the trimmings was served, and Polaroid pictures were made of each girl and her father, set against a large heart background. Decorations were pink and red hearts.

Troop 95 leader is Mrs. Paul Bell, and the assistant leaders are Mrs. Paul Hancock and Mrs. Jim Robinson.

under the direction of Schooler - Gordon - Robertson Funeral Directors.

Payne died at 2:30 a.m. on Monday, February 17th, at his residence in the Kings Manor Home at Hereford, Texas. He was born on March 28, 1888 in Sunset, Texas and came with his parents to Donley County in 1892, where they homesteaded on the JA Ranch.

He married Emma Sluder on March 30, 1914 at Wayside and he was owner and operator of the White Auto Store in Clarendon for 15 years before his retirement. He has lived in the Kings Manor Home at Hereford for the past two and one-half years, and he was a member of the United Methodist Church in Clarendon.

Survivors include: his wife, Mrs. Emma Payne of the home in Hereford; two sons, Lynn Payne of Clarendon and Doyle Payne of Westminster, Colorado; three grandchildren and two great grandchildren.

Bearers were Clyde Hudson, D.T. Reed, John Stevenson, Joe Williams, Joyce Lane and Melton McGehee.

TEXAS TALK

by BILL COLLIER Branch Manager

COTTON PLANTING—Temperatures, even when considerably above freezing, severely limit the growth of cotton. This is especially true for planting time. It is generally agreed that cotton emerges faster and grows better when the seeds are not planted until the soil temperature 8 inches below the surface stays above 60 degrees Fahrenheit for at least ten days. Depending on who is running the figures, average planting time for cotton on the Plains of Texas is either May 3rd or 4th.

MAJOR GROUPS—Formal designation of the three major cotton groups is described by authorities as: Asiatic Diploid, American Diploid and American Amphidiploid. Polynesian hybrids are generally grouped with the American Amphidiploid. Diploid refers to the composition of the cotton cell. Hybrids are developed to improve staple qualities shorten growing season and enhance drought resistance.

Lilian Thomas Services Held

Funeral services for Lillian Carroll Thomas, 64, a resident of Clarendon and Donley County for more than 37 years, were held at 2 p.m. on Sunday, February 16, 1975, in the Church of Christ with Don Stone, minister, officiating.

Interment was in Citizens Cemetery with the arrangements under the direction of Schooler-Gordon-Robertson Funeral Directors.

Mrs. Thomas died at 2:05 p.m. on Friday, February 14, 1975, in the hospital at Hereford. She was born December 1, 1910 at Quannah, Texas and was married to Frank B. Thomas on October 26, 1935 at Clarendon. She was made her home in Hereford the past year. She was a member of the Church of Christ in Clarendon and the Order of The Eastern Star.

Survivors include: her husband, Frank B. Thomas of Hereford; one son, Ed Thomas of Hereford; three sisters, Mrs. Kattie Phillips of Clarendon; Mrs. Billie Bievard of Turlock, Cal.; Mrs. Geneva Chitwood of Fort Payne, Ala.; three brothers, Frank Carroll of Turlock, Cal., Paul Carroll of Skamakawa, Wash., Abe Carroll of Boaz, Ala.; six grandchildren and one great grandchild.

Bearers were Carroll Knorpp, John Payne, Frank Reid, Ben Burrow, Lloyd McCord, Fred Clifford, James Bain and John Garner.

Pathfinders Club Hears Mexican Adventure At Valentine Meet

Mrs. S.W. Lowe and Mrs. George Benson were hostesses for the Pathfinders Club Friday, February 14, at the Patchins Memorial Clubhouse.

President Mrs. Joe Ritter called the meeting to order, and the club collect was read in unison.

During the business session, the club voted to give \$50 to the Clarendon Junior College scholarship fund, and \$7.73 was allowed for materials used in repairing clubhouse folding chairs.

The club expressed appreciation to Joe Wells, who donated his time and labor for this worthy cause.

Mexican Adventure Caravan was the program theme for the afternoon. Mrs. Joe Wells, leader, gave an interesting and informative travelogue of her recent tour of Old Mexico. Decorations, background music and costume, a beautiful rebuso and dress, and a pretty straw shopping basket she bargained for all tied in with the theme. Some of her favorite places to visit were Guadalupe, Acapulco, Mexico City and Monterrey.

During the social hour, a delicious refreshment plate carrying out the valentine motif was served to guest Miss Edgar Mae Mongole

and to 16 members: Mrs. Vernon Berry, Mrs. Rollie Bromley, Mrs. H.A. Greene, Mrs. Verdie Harrington, Mrs. Walter Lowe, Miss Mable Mongole, Mrs. H.P. Rhodes, Mrs. Joe Ritter, Mrs. Frank White, Jr., Mrs. Joe Wells, Mrs. Clarence Hamilton, Mrs. Frank Phelan, Jr., Mrs. C.T. McMurry, Mrs. S.W. Lowe, Mrs. George Benson and Mrs. Heckie Stark.

Oglesbys Honor Church Board

The First Christian Church Board members and their wives were guests at an appreciation dinner given in their honor on Friday, February 14. Rev. and Mrs. Gordon A. Oglesby were the host couple for the occasion held at the parsonage.

The decorations in the party room were red hearts with pictures of Jesus in the centers. The hearts hung from the ceiling and decorated the dining table also.

A good time of food and fellowship was enjoyed by those attending, who included Mr. and Mrs. Roy Clappitt, Mr. and Mrs. Frank White, Jr., Mr. and Mrs. E.H. Monroe, Mr. and Mrs. Tommie Saye and the host couple.

Visitors over the weekend in the home of Mr. and Mrs. J.W. Semrad were Mr. and Mrs. Robert Semrad from Carlsbad, N.M., their daughter and husband, Mr. and Mrs. Dan Westbrook from Austin, Jack Semrad from Shawnee Mission, Kan., and Mr. and Mrs. Robert Sealey of Dallas.

Mrs. Sealey is the granddaughter of Mr. and Mrs. J.W. Semrad, and Jack and Robert Semrad are twin sons of Mr. and Mrs. J.W. Semrad.

FTA Hosts Teachers At Valentine Tea

Friday afternoon, February 14, at 7:30, the Clarendon Future Teachers of America hosted a "Valentine's Tea" for the teachers of the Clarendon Public Schools.

Approximately 31 teachers were present to enjoy refreshments of sandwiches, chips, dips, cookies, and punch or coffee.

The room was beautifully decorated with red and white streamers hanging from the ceiling and huge white hearts trimmed in red setting on each side of the room. A red and white lace tablecloth covered the food table. A gigantic valentine served as the centerpiece.

In charge of the decorations was Roy Monroe.

Risley Informs Area Chemists

Lloyd V. Risley, instructor at Clarendon College, was elected secretary of the Panhandle Section of the American Chemical Society recently in Amarillo.

"Even though this is an honor, it also entails a lot of hard work," Risley said. "I will be responsible for keeping area chemists informed as to programs and special events sponsored by the American Chemical Society. I am looking forward in assisting the Panhandle Section in this manner."

Mona Robinson was chairman of the food committee, and Shirley Wise planned the tea.

Kim Horton, Leanne Tucker, and Shirley Wise served the refreshments.

Explorers Set Pampa Adventure Sunday

Clarendon's Post 33 of the Explorer Scouts will attend a High Adventure meeting at Pampa on Sunday, February 23, at 4 p.m.

There are 45 members in the local Explorer post, and their advisor is Johnny Spivey. Assistant advisors are Kay Spivey, Ethelyn Grady, Betty Veach, Luch Saye, T.C. Saye, Delby Campbell and Jeff Campbell.

Allen Merits USAF Award

Panama City, Fla.—Captain James R. Allen, son of Mrs. Della Allen of Clarendon, has been selected Outstanding Instructor of the Quarter in his Air Training Command unit at Tyndall AFB, Fla.

The captain, who attended Clarendon High School, received a B.S. degree in 1967 from West Texas State University. He was commissioned in 1970 through Officer Training School, Lackland AFB, Tex.

His wife, Bonnie, is the daughter of A.T. Quisenberry, of 610 Russell, Amarillo.

AUSTIN—Although, the 64th Legislature has done little that is spectacular, it has managed to spend about a million dollars a day on the average during its first month of operation.

Since reporting for duty here January 14, lawmakers have passed so-called emergency measures totalling \$314.8 million. And work on the new biennial budget is just getting started good in House appropriations and Senate finance committees!

A significant part of the total—\$123.8 million for increased retirement benefits for state employees and school teachers—is contingent on adoption by voters of a Constitutional Amendment April 22.

The amendment would

appropriations measures, totalling several million dollars more, are being acted on speedily.

HIGHWAY FUNDS FREED

President Ford announced he would free \$2 billion worth of impounded federal interstate highway funds to help provide jobs and fight the recession.

State Highway Department officials estimated \$150 million worth of projects can begin soon when the money is received.

Texas ordinarily contracts for \$30 million to \$50 million worth of projects monthly, but may take bids on \$150 million worth in March and April to get the newly-released funds.

Meanwhile, a federal judge in Washington held the President does not have the power to impound money appropriated to the states for highways by Congress.

Texas and 11 other states filed the lawsuit which brought the new ruling.

HILL BACKED

Atty. Gen. John Hill's lawsuit to block a \$45 million interstate long-distance rate hike by Southwestern Bell Telephone Company won House of Representatives support.

Representatives voted 87-48 for a resolution encouraging Hill to push forward with the action.

Rep. Jim Nugent of Kerrville said Hill is acting in an area without "specific statutory authority" and needs all the backing he can get.

Hill has challenged the increase on grounds that the rates proposed are too high. He won a temporary restraining order to halt the hike, and the case was set for hearing on his request for injunction early this week.

ENERGY PLAN OFFERED

Gov. Dolph Briscoe offered his own energy plan to Pres-

ident Ford in a meeting at Houston.

Included in the Briscoe plan are deregulation of the price of "old" oil, coupled with an excess profits tax. A "slowback credit" would be given on funds used to develop new energy. Briscoe also suggested invoking the Defense Production Act of 1950 to increase the supply of tubular steel needed for drilling.

COURTS SPEAK

A federal district judge in Dallas refused to grant a temporary injunction to prevent the airline pilots union from ordering pilots to honor picket lines of Texas International Airlines strikers. The airline appealed to higher court.

The State Supreme Court held invalid an incorporation attempt of Tucker in Anderson County.

Texas Court of Criminal Appeals turned down the appeal for new trial of an osteopath in Garland who was convicted of selling barbiturates.

A pollution fine assessed an oil trucking company was reversed by the Court of Criminal Appeals.

The Third Court of Civil Appeals reversed a \$241,875 default judgment against an out-of-state man sued for failure to deliver diesel fuel on grounds he was not properly served with legal citations.

Probation and enforcement officers must make a diligent effort to arrest a probation violator before revoking his probation.

AG OPINIONS

Attorney General Hill held Texas Youth Council must accept juvenile aliens properly committed to its custody by courts as delinquents.

In other opinions, Hill concluded:

A county cannot contribute public funds for construction of a facility to be operated by a private livestock show corporation.

Department of Labor and Standards officials have authority to arrest for Labor Agency Law violations but are not "peace officers" with right to carry pistols.

Valueless records may be disposed of by county clerks and recorders and the state librarian, and those which are not confidential can be transferred to a private party.

Information in a university student's job placement office must be disclosed to the student concerned.

NEW APPOINTMENTS

Governor Briscoe appointed Dee S. Osborne of Houston to the West Texas State University board of regents.

Among a long list of other Briscoe appointments last week were Dr. J. E. Miller of Dallas to Texas Rehabilitation Commission; Jim D. Bowmer of Killeen, Gordon R. Wynne Jr. of Wills Point and James Ralph Meadows of Columbus to the Texas Conservation Foundation;

Dr. Gerald E. Mann of Austin to the State Commission for the Deaf; Benjamin B. Pegues of Mineola to the Sabine River Authority; Preston A. Stofer of Long Mott and A. C. Schwethelm of Comfort to the Guadalupe-Blanco River Authority board of directors and Donald W.

Techniques.

Harris of San Antonio to the Advisory Council on Community Affairs.

State Rep. Anthony Hall of Houston and Nancy Perkins of Abilene were named chairman and vice chairman of a new State Democratic Affirmative Action and Voter Participation Steering Committee. State Party Chairman Calvin Guest announced the appointments.

John Albach is the new regional director of the Texas office of the National Council on Crime and Delinquency.

SHORT SHORTS

Governor Briscoe, estimating Nacogdoches County flood damages at \$7 million, requested designation of the county as a major disaster area. Bowie, Deaf Smith, Motley and Ellis counties disaster area designation was also asked.

A bill to lift the \$300 million Lower Colorado River Authority bond debt ceiling has been given Senate committee approval as an emergency.

A four-installment Senate committee hearing on a bill to raise interest rates on loans up to \$5,000 finally concluded, with the measure (SB 69) referred to subcommittee.

Nobody's Perfect But...

by JERRY SPARKS

The "there's a sucker born every minute" theory is still one of the biggest come-ons of the hustlers and con men who prey on the easily swayed folks of this country. These people seem to begin surfacing about this time of the year and continue to circulate throughout the spring months.

It's hard to tell sometimes whether a salesman's product is legitimate or not until it is too late to save your money.

We're not sure about one fellow who was by the office one day last week since we did not personally talk with him, but his ethics seemed to indicate his business was a bit on the shady side.

At any rate, his approach smacked of one of the oldest tricks in the book in the insurance business. He began his approach by showing a list of several public officials here in Donley County who had purchased this particular plan and continued by saying that since these people had the insurance, he felt sure we would be interested too.

The last time we saw this particular version of the baiting game, a fellow was selling a highly inflated accidental death policy for about five times what it was actually worth.

He endeavored to show my wife his plan, explaining that most of the time, the lady of the house would sway her husband into getting the insurance. When Sallie told him that she knew nothing about insurance and we had sold insurance for almost three years and had two years studying advanced life underwriting with nationally accredited instructors, he folded his kit and left the office immediately.

With all of the legitimate insurance men here in town who are highly qualified to advise their clients of life insurance needs, as well as other types of insurance, the last person we would consider buying insurance from is one who happens to be passing through town using these methods.

There are about 900 life and health insurance companies in the United States which are, more or less, on the up and up. Then there are a few who operate just barely within the boundaries of the law. Not all these companies are licensed in the State of Texas, primarily because their corporate and reserve structures will not pass inspection by the Texas State Board of Insurance.

The insurance industry here in Texas is one of the few fields which polices itself. Every agent must renew his license annually, and if the state board has received complaints about an agent, an investigation is made. His license may be suspended on the spot if there is any proof of wrong doing.

One thing we have learned while in the insurance business is that almost every person an agent contacts will have a different situation which calls for different insurance programs. One of the dead give-aways to a fly-by-nighter is he usually only tries to sell one particular policy. He has been trained to sell only one and is not capable of planning a program for an individual or advising them about estate planning, business insurance, tax shelters and a multitude of other benefits available through insurance. In most cases, he is either operating under a temporary permit from the State Board of Insurance or knows just enough about insurance to pass the written test required of all licensed agents.

He cannot tell you that the IRS form 706 is an estate tax brochure which is extremely helpful to the qualified agent who deals regularly with estate planning. He is not intelligent enough to discuss buy and sell agreements for partnership insurance, and he could care less if a person makes his estate the beneficiary of life insurance proceeds.

One other area to look out for is the advertisements often used in the Sunday supplements to larger daily newspapers offering a great deal of life or health coverage for an extremely low price. This insurance has been nicknamed "funny paper" insurance because it is exactly what the name implies. If the insurance company is not licensed with the State of Texas, and if a person buys it without benefit of an agent or representative calling on him personally, the regulatory agencies (the state board) cannot enforce the benefits of the insurance.

The company can issue a policy one day after receiving your premium, and find an excuse the next for not making good on claims. Satisfaction is guaranteed, and they are entirely satisfied with your money.

In mentioning the IRS form 706, we would like to suggest that those people who own any amount of property or other goods which would be included in an estate at death, that you pick up a copy of this form and run an estate inventory to see if additional life insurance is necessary to preserve your holdings at death.

The form can be used to inventory every piece of property including silverware, paintings, household furnishings, land, equipment and other assets. All of these holdings will be appraised after a person's death at "a fair market value". This does not necessarily mean they can be sold at the market value, but regardless of the selling price, the "fair market value" is the amount used in determining taxes levied upon an estate. The lack of adequate liquid assets is one of the more common causes of estate liquidations, since taxes upon an estate must be paid within nine months after death.

Some people have been known to deed their property to children or other heirs prior to their death and reserve the right to continue receiving income from this property until their death. IRS has ruled that in these cases, the property has not changed hands and is subject to the full amount of estate taxes which would otherwise be levied upon the full estate.

One other area qualified life underwriters should be competent in is the tax shelters now available for any individual not presently covered by a retirement plan. Effective January 1, 1975, a person can set aside 15 per cent of his adjusted gross income (or \$7,500, whichever is lowest) for tax sheltered annuities. The amount paid into the annuity can be deducted on the 1975 form 1040 prior to taking your normal deductions.

The 15 per cent deposited may well drop an individual into a lower tax bracket at the end of the year when taxes are figured, plus allow him to set aside a large amount of money for retirement purposes.

Leann McCracken, Mike Webster Wed In Ceremony

Amid a setting of two baskets of gladioli, pink carnations, and burgundy roses, plus a multi-candle candelabra in the background, Miss Leann McCracken of Vega was united in marriage to Mike Webster of Memphis, Saturday evening, January 18, in the United Methodist Church in McLean. The Rev. R.H. Meixner, pastor, performed the single ring ceremony.

The bride is the daughter of Mr. and Mrs. Lee Roy McCracken of Vega. Mrs. Wanda Neel of Memphis is the mother of the groom.

Other church decorations included large pink and burgundy satin bows on the pews. Miss Lynn Bourland of College Station was soloist, accompanied by Mrs. Paul Miller, Organist.

Given in marriage by her father, the bride was radiant in her formal floor length gown of white Angel Mist Peau de Soie and re-embroidered Venice Lace over bridal taffeta which has designed with a high Mandarin neckline, Empire waist, long Camelot sleeves and a semi-A-line silhouette skirt. Inserts of the lace enhanced with satin ribbon, complimented the neckline, bodice, sleeves and skirt of the gown. Her veil of white imported illusion, with border of re-embroidered lace fell from a coil of lace and seed pearls, complimented with a Dior bow. She carried a nosegay arrangement of tiny white pompons centered with the white baby roses. The bride wore a Diamond Drop, her only jewelry, which was a gift from the groom.

Miss Melinda Lyles of Clarendon acted as Maid of Honor. Serving as bridesmaid was Miss Robbie Turpin, of McLean, a cousin of the bride. The maid of honor wore a floor length gown of burgundy velvet, which was jewel trimmed, while Miss Turpin wore an identical gown of pale pink velveteen. They carried bouquets of pink carnations and burgundy roses decorated with pink velveteen streamers and burgundy net. Candlelighter was Allen Roy Turpin, also of McLean and a cousin of the bride.

Best man was Neal Hughes of Memphis. Groomsman was Sam Bruce, also of Memphis. Ushers were Randy McCracken of Vega and Billy Foster of Memphis.

A reception was held following the ceremony. Registering the guests was Miss Dianne Cornell of Canyon.

The serving table was covered with a white cloth. Four candles flanked a bouquet of pink carnations

Country Club Corner

The club is having a busy February which is unusual. Bad weather stops the club golfers at times but the club dining room and lounge business is going strong despite the winter weather.

Last week Douglas, Nancy, Vera, Pattie and Frank helped Vera celebrate her birthday with dinner at the club.

Monday was Bridge day at the club for the Duplicate Bridge Club which was hosted by Maxine Hardin. They enjoyed a noon luncheon in the dining room and played cards in the new party room. High point players were Nell Barnhill and Frances Skelton.

Family Night was well attended and everyone enjoyed the delicious buffet. If you missed it make plans to come in March. We always have a big time.

Should you desire information with reference to your club membership or to any club activities please call Gordon McIver at the club. He is a real nice man to do business with and is very accommodating.

Gordon announced that as of today a Smorgasbord will be ready for your convenience everyday at noon, Monday through Saturday. The menu will be varied and interesting so come out at noon, help yourself and eat all you want.

Mr. and Mrs. Clarence DeBord and Mr. and Mrs. Lawrence (Red) DeBord of Stratford spent the weekend with Mrs. Louise Long. A big Sunday birthday dinner was enjoyed.

A heavy sleet began to fall about 11 p.m. Saturday night. A snow followed which measured from 4 to 5 inches. The moisture will be appreciated but disrupted a lot of plans for Sunday.

At the Hedley United Methodist Church there weren't enough in attendance to hold Sunday School on the morning worship service. The pastor, Mrs. Kathryn Pigg of Clarendon, was able to make it to the evening service. However, with only a few there, the service was cancelled.

There weren't but a few able to attend the morning services at the First Baptist Church of Hedley, so services had to be cancelled. A few gathered for the evening service the pastor Rev. J.J. Terry reported.

Services were held at the Hedley Church of Christ, but attendance was light. Travis Gilliland is the minister of the church.

The Hedley High School boys basketball team Owls will be playing Mobeetie High School soon in a Bi District game. Watch for the date and place.

Mrs. Betty Hoggatt is in Houston this week for a check-up. The H&M Dry Goods store will be open afternoons only while she is away.

The Hedley Fire Dept. met at the old City Hall Monday night.

The Panhandle Baptist workers conference was held at First Baptist Church in Clarendon Tuesday. Several from Hedley attended.

The midweek service at the First Baptist Church of Hedley will be a study of the Book of Acts.

A youth meeting is scheduled to be held at the Hedley Youth Center Wednesday evening at 7 p.m.

The Hedley school lunchroom menu for this Thursday and Friday is: Thursday - spaghetti with meat balls, early June peas and potatoes in sauce, hot rolls, syrup, butter and milk; and Friday - fish, cheese, baked potatoes, cabbage slaw, sliced bread, tartar sauce, fruit jello and milk.

Congratulations and a happy birthday to Miss Milinda Beth Doherty. She will be 13 years old this Saturday.

Mrs. Lois Beach was recognized as a good citizen of Hedley in the Branigan Jewelry advertisement in last week's issue of The Hedley Informer. Mrs. Beach has been a good citizen and booster of the Hedley area since 1932.

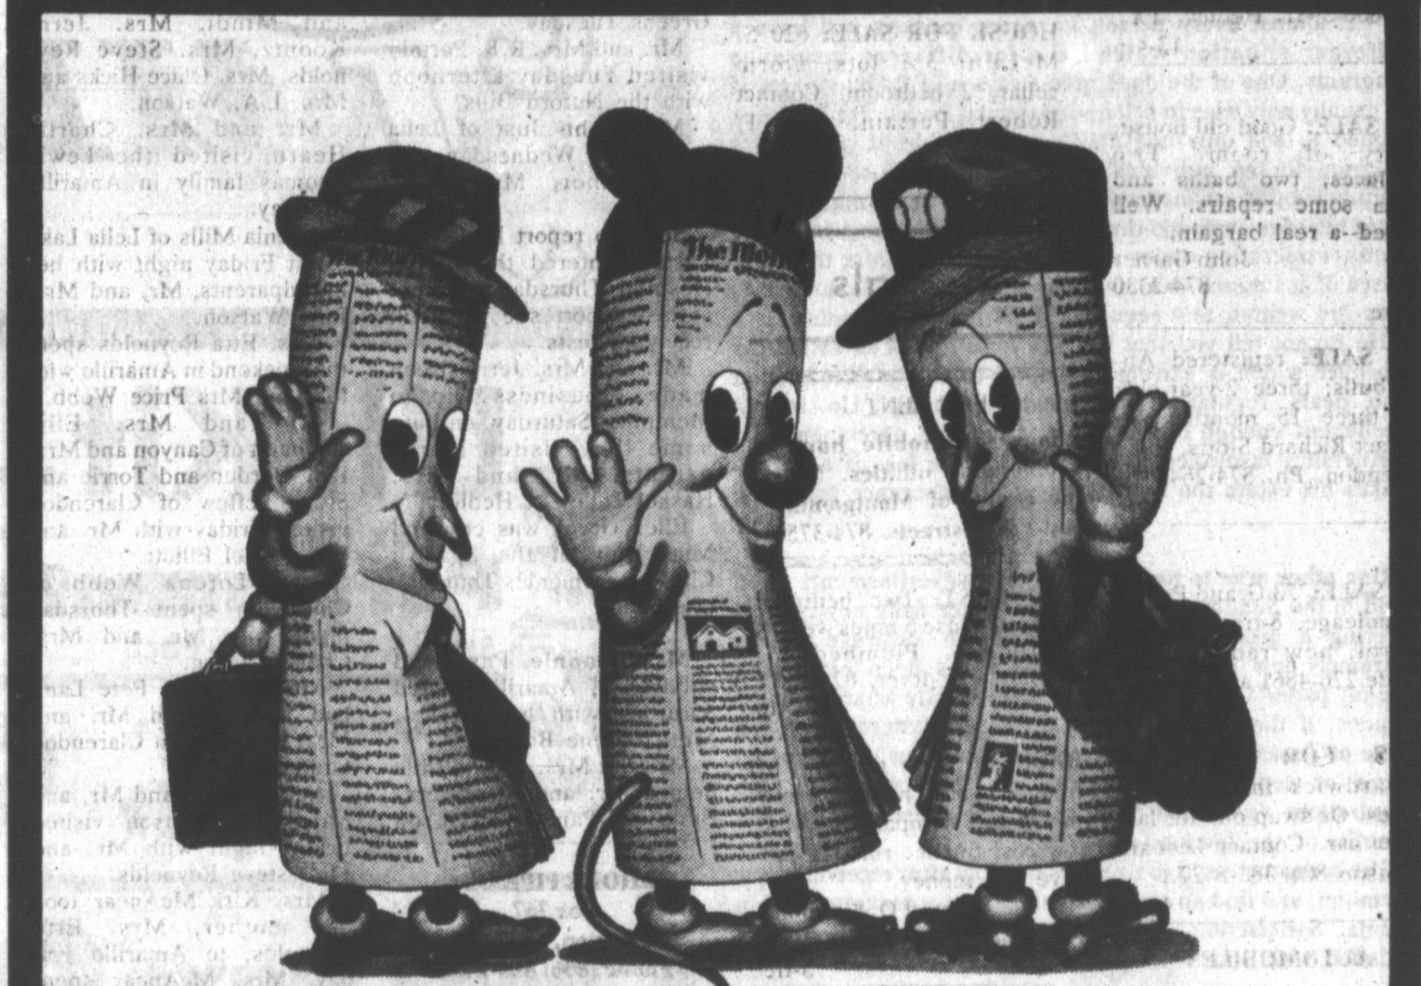

Mrs. Myrtle Kirkpatrick, O'Neil Weatherly and Elmer Howell all have birthdays this Sunday.

The next meeting of the Hedley Lions Club is scheduled for Thursday evening, February 27.

A happy birthday of Mrs. Mary Ruth White. Her birthday is Tuesday of next week.

The next meeting of the Greenbelt Water Authority is scheduled to be held at Greenbelt Lake Thursday evening, March 6.

The next meeting of the Hedley American Legion has been set for Friday night, March 7. The posts membership is now 69.

Without advertising, you can wave goodbye to the comic strips, the sports page, and the front page of your newspaper.

And maybe your own job.

Think about it. Advertising pays for the features and the news that your newspaper brings to you so economically. Companies that want to tell you about their products, their sales, and their unique services pay for the space to advertise and that pays for most of the newspaper.

If these companies were suddenly deprived of their right to advertise—to communicate with their customers—you can be sure sales would drop. If sales drop, production slows and ultimately

people lose jobs. And if certain Texas companies could possibly be ordered not to advertise, who would be next? Maybe your company?

The next time you think about advertising, think about free speech and the right of one person to communicate with another. It's all the same thing.

Write Governor Dolph Briscoe, State Capitol, Austin, Texas 78711 and your legislators to tell them how you feel. Then sit back and enjoy your newspaper.

Advertising is everybody's business.

Snow Melt Yields High Moisture

About 11 p.m. Saturday night, a freezing rain which quickly turned to sleet mixed with heavy snow began to fall.

The sleet laid a foundation for the snow which followed, measured by recording meteorologist Tommie Saye at about four inches, or 41 inch precipitation, and the thermometer dipped to 15 degrees after unseasonably mild weather Thursday and Friday.

This brings the total precipitation for January (.59) and February thus far (1.08) to 1.73 inches, well ahead of last year's January and February total .86 inch.

The thermometer climbed Monday to 32 degrees, and the roads were quickly cleared by the snow plows, which had begun work by 3 a.m. Monday.

Colts Corral

Howdy again! Hope you're havin' a good week!
Basketball season, for the 7th boys and girls and the 8th girls ended last Thursday when they played Memphis there. We're sorry that the results were not very happy, but we want to congratulate them for their well-played games and for a fine season. We want to again commend the 8th girls for winning the 1st place trophy at the McLean tournament!

Congratulations to the 8th boys for winning their way to the play-off with Wellington for the district championship last Monday night. Although we lost, we're mighty proud of you and your great season!

Everyone is now looking forward (?) to track, and the first track meet for the boys is at Boys Ranch on February 28th. We hope everyone does well!

We want to welcome Darla Slater (8B) and her brother Danny Hansen (6B) to CJH. Let's make them feel welcome! Whew! Another 6 weeks over with! And only two more to go! We hope everyone has fun havin' their parents sign all those "gross" tests!

We're all anxious to start working on our plays in Reading. I bet they're gonna be really good!

Everyone who went to Ricci T.'s dance and slumber party had fun! (The latter was only for the girls!)

Friday was Valentine's Day, and the girls received their carnations. We never knew the Spanish Club had so many talented members! Ain't she sweet...?

...And Dan B., how could you ever afford that big, "purty" box of candy???

6A had 16 100's on their Social Studies test. What happened to those X's you love to make on papers, Coach H? Mrs. N. had better be careful when she erases the board or she'll end up with a broken nose!

Gary Mc. has problems! When he tries to touch the net he gets his fingers caught, and that leads to complications when someone's shooting at the same time!!

Don't feel bad, girls! There will be other times! Right, Lance T.?

Bobby B., it's "We were!" O.K.?

Either Dan S.'s brother has a hard head or Dan has a soft hand!

Mark J. and Kim Mc., did you have fun on the bus? Jack C. says he knew George Washinton! Strange!! Coach H. Surely got lots of Valentines from 6B! Jenny D. and Sharon O., ya better watch what kind of gum you chew! Have a happy day!

BRONC BUSTER

by LIZ BROMLEY

As you all know by now, sometimes poor ol' Bronc Buster is often the victim of neglect from a hurried schedule! Last week was no exception. However, here it is this week, so never mind about last week.

The Beauty and the Braun Pageant of 1975 is now history. The annual staff would like to thank the judges: Mrs. Loretta Wright, Mrs. Betty Palmer, Mrs. Richard Null, and two of the disc jockeys from KIXZ, Larry Anthony, and Dayton Todd, for judging for the pageant. Ushers and usherettes were: Richard Leathers, Jake Hightower, Don Hillis, David Lewis, Ralph McGarity, Frank Hommel, David Leathers, Brent Hardin, Lisa Woods, Connie McAneer, Laurie Stone, Roberta Barker, Rosilyn Shields, Paula Hardin, Freda White, Cindy Reynolds, Denise Owens, and Kim Horton.

The winners are: Most Handsome: Gary Jack; Most Beautiful: Tami Douthit; first runner-up: Terry Davis and Tony Wallace; Mr. and Mrs. Congeniality: Mona Robinson and Ricky Mooring. Most Talented was Donna Stevens, who sang "One Tin Soldier." First runner-up was Patti Page, who sang "The Way We Were" and "Keep on Singing." Master of ceremonies was Tony Hill. Thank you one and all who attended.

Last Thursday, the Speech II and III classes presented a play to the high school. "She Was Only a Farmer's Daughter" featuring Deanna Baird as Millie Spivens, Calvin Burrow as Osgood Smithers, Donna Stevens as Ella Smithers, Liz Bromley as Sally Spivens, Paula Hardin as Alice Smith, Larry Doane as Mulberry Foxhall, Roy Monroe as Harry Smith and Karen Ellis as Lydia Smith.

The play will be presented tonight at the high school auditorium at 7:30 p.m. Admission is \$1.00 for adults and 75 cents for students. There will also be some miscellaneous activities performed by members of the speech class. So ya'll come!

The FTA had a tea for the teachers last Friday afternoon. It was an immense success! Mac Thornberry, Mark Boothe, and Roy Monroe were responsible for the lovely decorations. Kim Horton, Denise Owens and Shirley Wise served refreshments.

The Spanish Club went to Poncho's Thursday night for a meal of Mexican food. Those who went were: Mrs. Bernie Green, sponsor, Ellen Green, VIP, Edna Watts, Kim Horton, Tony Hill, Cindy Reynolds, Freda White, Shirley Wise, Teresa Jarmillo, Regina Knorr, Terry Saye, VIP and former Spanish Club member, and Miss Betty Leach, who went along for the ride.

The Spanish Club's carnation sale on Valentine's Day was very successful and profitable. Also, Miss Ugly, Ellen Green, was presented in all her ravishing, well, what can you say about someone in a sweater too big, gaps in her mouth, and, well, let us be thankful Ellen doesn't look like this every day! Hummm...

Seen around— Mrs. Todd-ain't she sweet? Barry Schaefer, that's a bad tooth! Coach Nonkester, Hello, Clydy! Deanna Baird and Mike Skinner-ya'll sound good as a singing duet.

If you've been seeing a flash of fingers, don't worry. Just that the junior, senior rings are in! Okay, fellas! One-two-one-two-three-four! It's a hard lesson to learn, but if one is going to say anything, get the facts straight, and if it's not true, don't say it!

Teresa Jack, things will work out, don't worry. Walter Riggs, have you made your decision yet? To play or to work! Terry Davis, is b-o-y color or male or female? Well, until next week. Adios!

Bronco News

by CAMMILLE MANN

The Clarendon varsity basketball teams closed their 1974-75 season here Tuesday night, February 11, losing both games to Shamrock.

The Broncettes came from behind in the second quarter and lead at half 29-23. Shamrock excelled the Broncette's efforts in the last half, and even though the score was tied with two minutes left in the game, Shamrock swept by Clarendon 55-47. Pam Mooring connected for 18 points and was followed closely by Pearly Butler with 17 points. Chris Craft contributed 12 additional points to the score.

Tied 12-12 at the completion of the first quarter, the Broncs challenged Shamrock, a team which was in the playoffs for the district title, but went into the half 31-22. Shamrock's persistent shooting and rebounding outlasted the Broncs as they defeated Clarendon 54-36. Gary Jack paced the Broncs with 12 points while Irven Thomas added nine.

The game with Shamrock concluded high school basketball for several seniors. Russell Baldwin, a starter averaging five points a game, was the only senior Broncho and was team captain. Junior Gary Jack paced the Broncs in their 8-17 record for the season by averaging 15 points and three defensive steals a game. Jack was named to the All-Tournament team in the Salt Fort Tournament.

The Broncettes, 7-22 for the season, will lose two starting forwards and two starting guards: Forward Chris Craft averaging eight points a game and Pam Mooring averaging 12 points a game will leave the scoring attack to the only remaining starting forward, sophomore Pearly Butler, who average 18 counters a game. Butler was named to the All-Tournament teams in the Salt Fork and White Deer Tournaments.

The Broncettes defense will lose starting guard Tallene Littlefield, who averaged nine rebounds a game. Camille Mann, a senior guard who pulled down an average of nine rebounds a game, scored in 16 games averaging nine points. Mann was named to the Amarillo American Legion All-Tournament team.

"I felt both teams showed real good hustle all year," basketball coach Doug Keeney said. "The girls were much improved over last year in attitude as well as ability. They were able to stay and work together as a team."

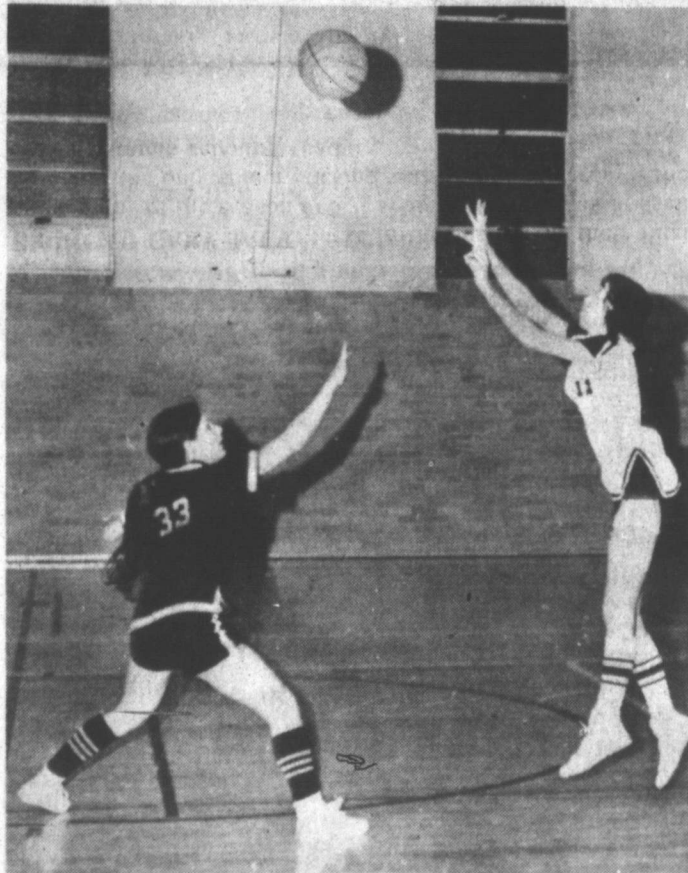

"Even though the boys were lacking in experience, they did a good job and were able to stay together as a team in spite of the boys that quit. They rebuilt good." When asked about the outlook on the future season for the boys, Keeney said, "We still will be young, but experience will be the key. This year started that experience and now we've just got to look ahead."

"I've got a lot of unproved players yet," Keeney commented on the girl's program. "I don't now what the season will hold. Work, time, and experience will tell the story."

With the high hopes and determination of the athletes and coach at CHS and the new emphasis being placed on girl's athletics, everyone had better be ready when the Maroon and White trots onto the hardwood next year.

BRONCHO GARY JACK packs in the leather in their final home game of the season Feb. 7 against Memphis as Russell Baldwin, the only senior sticking with the team through the season, stands rebound ready.

PAM MOORING, BRONCHETTE FORWARD, moves the ball at the Memphis match in Clarendon Feb. 7. The Cyclonettes edged the Clarendon girls 69-48 despite Pearly Butler's 21 points and Pam Mooring's 19 points.

JUNIOR HIGH COLTS

Clarendon's seventh and eighth grade boys' and girls' basketball teams traveled to Memphis last Thursday night to complete district action, and the eighth grade boys managed to bring home a victory.

The seventh grade girls lead 6-4 at the completion of the first quarter. The girls, unable to score in the second and third quarters, fell to Memphis 21-31. Sherilyn Walker pumped in 12 points followed by Becky Hill with six points. Sabra Dodson added four points.

Clarendon's offense was manned by starter Sherilyn Walker, Sabra Dodson, and Becky Hill who averaged 6, 5, and 4 points a game respectively. The seventh graders were unable to grasp a victory this year, but next year with time and experience on their side, the girls will have their eye set on the district title.

The seventh grade boys went down early in the game, as lack of rebounds hampered their performance. The Colts trailed at half 15-25 and were only about to score two points in third quarter. Mark Jack and Phillip Moreman each scored eight points in the 28-49 defeat. Colts Mark Jack, averaging seven points a game, and Dan Sawyer, averaging four points a game, led the scoring attack for the seventh graders.

The eighth grade girls, 4-10 for the season, held the edge at half leading 20-15. The girls, unable to score in the third period but allowing Memphis to score eight points, were defeated 28-39. Ricci Tunnell, who carried a season average of 13 points a game, connected for 16 points. Ann Calloway, posting a 14 point game average, scored 12 points in the game.

Clarendon's eighth grade girls clasped the tournament championship title in the McLean tournament. Tunnell was named to the offensive All-Tournament team in this tournament.

The eighth grade Colts held the four point advantage at the end of the first quarter. Going into the half, they had enlarged their lead, 22-11. They plugged on and took an easy win 36-22. Keith Floyd scored eight points followed by Dan Brandes with seven points. Gary Thomas and Gary McClellan each added six points.

The Colts held a 6-0 district record before their vie for the district title and season record of 8-10. They took second place in the McLean Tournament, where Gary Thomas was named to the All-Tournament team. Gary McClellan and Dan Brandes sparked the Colts in their season by averaging seven points a game. Thomas and Floyd averaged six and five counters a game respectively.

FB Members Attend Amarillo Meeting

Clayton Ferris and Clarence Ayers attended an area Farm Bureau meeting in Amarillo on February 14 at which Jack Osburn presided. Topics of discussion were the Disaster Loan Program, presented by Leon Helms of Memphis, the question of compulsory or voluntary by check-off on aleable livestock and the current membership drive. Donley County may qualify to send members: ip chairman C.C. Ayers and wife to Washington, I. C., if the drive is successful. The county FB now lacks two new members, plus renewals, to qualify. Anyone wishing to join the Farm Bureau and take advantage of its many services may contact Clarence Ayers or Ted Shaller, Donley County FB Insurance agent.

Other points of interest at the Amarillo meeting were reports by Clayton Ferris on the legislative convention which he attended in Austin and by Terry Davis, State President of Young Farmers and Ranchers, on a trip to the young Farmers and Ranchers convention at St. Louis.

Insurance agent Ted Shaller attended a Farm Bureau Insurance school at Lubbock February 18 and 19.
