Donley Schools Buy New Buses

Trustees Get Delivery At Bus Factory in Ohio

A number of school trustees left Sunday for Chillicothe from where they went, expenses paid by the dealer, to the Chevrolet bus factory in Lima, Ohio. Three buses were purchased.

From the Midway district went John Goldston and John Naylor. Martin was represented by George Bullman and J. H. Helton. George Preston represented the Skillet district. Old buses were traded in on the deal, it is said.

JOE HORN

--- came to Donley county with the first delivery of cattle to the RO ranch back in 1878, thus making him the oldest pioneer in point of residence here. Through the years, he worked on the JA and many other ranches, and was a rancher on his own for many years. Typical cow-puncher of the old west, no one will be more surprised or less pleased than he to see this picture in the Leader. No man in this section has more friends than does Joe Horn.

Old Ranch Hand Is Here Sunday

Was Wagon Boss on JA Ranch For Many Years

The Cross boys, Ashel, Jim and Bill, are numbered among the earliest of the cow hands after the turn of the century. Jim Cross cooked on the JA's for a number of years, and Ashel "ran the wagon" as a wagon boss, none were more popular than Ashel Cross.

Sunday, Mr. and Mrs. Ashel Cross "cross the canyon," meaning Palo Duro where they make their home in the Silverton country, were here to visit Mrs. Cross' brother, Jim Heckman, and family. Ashel is holding up well for his years. Bill lives in the Brice country, and Jim Cross is in the Clovis country.

Many years ago, Palo Duro canyon was the field note of territorial designation. You were either "this side," or "across the canyon" in describing your location.

Oil Company Plans To Explore Here

Preparations are being made by the Stanolind oil company to make a geological survey of this section through the medium of seismograph tests. Holes are made to a depth of twenty to sixty feet in which explosives are placed. The detonation and vibration is recorded by a sensitive instrument by which means it is said that stone structure to a great depth may be ascertained.

Reunion Held Adamson Home

Relatives Visit Sister Here All Day Sunday

Mrs. J. W. Adamson was made especially happy Sunday when her two sisters and three brothers gathered here.

The sisters are Mrs. James T. Ross of Chicago, and Mrs. Glenn A. Smith of Plainview. They were accompanied by their husbands.

The brothers, L. L. Rosser and Bernard Rosser of Plainview, and Stakes Rosser of Ropesville, each bringing his family.

Rev. James T. Ross, husband of a sister from Chicago, filled the Methodist pulpit by request of the pastor, Rev. H. C. Gordon at the morning hour.

BURGLARS GET LITTLE FROM HUDSON GROCERY

Entrance was gained into the Major Hudson grocery near the depot about 11:50 Saturday night by breaking a window. They left by way of the side door. Sheriff Pierce is of the opinion that some one well acquainted with the store got the sack of small change hidden behind the door. They did not open the front door, because to have done so, would have turned on the lights automatically. The money was the only thing missed.

Revival To Begin Methodist Church

Beginning September 10th, and continuing through September 24th, Rev. G. T. Palmer will be preaching at 10 a. m. and 8 p. m. in a revival at the Methodist church.

"We hope that a great many people will find it possible to hear every one of his messages. Every person in Clarendon, or within reach of Clarendon, is invited to attend as much as circumstances will permit," Rev. H. C. Gordon, the pastor, stated Wednesday.

WPA Workers In County To Get Pay Hike

Raise Will Be Effective After September 1st

Donley county WPA workers will get pay increases ranging from 86 to \$10 a month, according to information passed out by A. A. Meredith, district administrator.

The new wage scale designed to more nearly equalize WPA wages throughout the nation, is in accordance with provisions of the appropriations act of the last congress.

Practically all the WPA workers of this county are listed as unskilled. Under the new step, outdoor workers are to receive a higher wage than indoor workers, presumably due to weather conditions.

The WPA wage scale effective September 1, 1939, based on 130 hours a month are: Unskilled, raised from \$28.60 to 31.20 for inside work, and 35.10 for outside work. Intermediate labor was 33.80 and raised to 42.90. Skilled, raised from 42.00 to 54.60. Professional and technical was 44.10 and under the new setup will be 55.90.

These rates are above the average for the state. Pay rates are supposed to be based somewhat upon living conditions. All counties not having a city of 5,000 or more, are classed as "rural" counties and generally carry the lower wage scale.

Rural Schools To Open Monday

Practically All Will Have Smaller Enrollment This Term

Information has it that rural school enrollment continues to decrease. This is attributed to two causes. One is the tractor method of farming, cutting down the rural population, and the other is the bus transportation to town.

Schools at Bray, Ashtola and Mc Knight began their terms last Monday. The following schools and teachers are listed in the office of the superintendent of county schools, the principals name appearing first:

Sunnyview: Miss Hortense Lister, teacher; Giles: F. L. Behrens, Jr. and Miss Marie Waters; Windy Valley: Jesse E. Purvis and Mrs. J. R. Batson. Fairview: Mrs. Edwin Eanes; Goldston: C. E. Buck, Miss Nova Cook; Jericho: Mrs. Lee Reeves, teacher; Smith: J. M. Baker and Miss Ocella McCauley; Bray: D. B. Vaughan, Vera Lawrence; Watkins: Miss Lou Brock; Skillet: Miss Catherine Dotson.

Ashtola: Ralph Stewart, Miss Virginia Williams, Miss Mattie Rhodes; Martin: Harry Hartzo, Mrs. G. W. Kavanaugh, Miss Mildred Pittman; Chamberlain: Milton Todd, Mrs. Milton Todd; Hudgins: Mrs. Wayne Ering; McKnight: C. W. Howard, Mrs. C. W. Howard.

Judge Porter heard the preliminaries there Wednesday in which Sheriff Claude McKinney has sued the county for fees in three separate suits. The county filed a cross action on alleged overcharges.

CHURCH PICNIC IS HELD FRIDAY EVENING

The young people of the League of the Methodist church had a picnic Friday evening at the Romeo Derrick place on the RO ranch on Salt Fork. The crowd was chaperoned by Rev. H. C. Gordon, the pastor, and Mrs. C. B. Morris. Twenty-seven enjoyed the outing and what one youngster termed "the sandest weiner roast of a lifetime."

EMIL F. HUTTO

--- head of the Department of Social Science, holds the degrees of B. A. and M. A. from West Texas College, having completed his work on his Master's degree last week. He is also athletic instructor and football coach of the celebrated Broncho team of the High School.

MEMORIAL MUSEUM CREW GETS FOSSILS HERE

A motley array of Pliocene fossil bones has been collected here by a crew working under Capt. Chert. Some were gotten by another crew in Roberts county. The collection includes a very large skull of the shovel bill mastodon, camel, horse, dog, rhinoceros and many other prehistoric animals.

The collection is being made for the Legion Memorial Museum owned by the state at Austin. The crews will take their collection to Austin the last of the week.

Man Is Beaten Jailed Sunday

Affray Takes Place In JA Ranch Pasture Near Tank Job

Delbert Newsom, employee of the Chenuart ranch last winter, but who is said to have been working with the Anderson brothers on a tanking job on the JA ranch, was brought to town and turned over to Sheriff Guy Pierce Sunday by the Andersons, cousins of the injured man.

A witness to the affray that took place about five miles southeast of the Howard ranch where a tank job was in process, stated that a car arrived from Clarendon in the forenoon in which Newsom and Doc Shoffitt were riding. That Newsom got out of the car with a sixshooter in his hand, and that after a few words with two of the Andersons regarding an alleged sum of money due him, began shooting into the ground.

Later another Anderson came out, and as Newsom emptied the gun, he then allegedly struck Newsom on the head with a rock knocking him down. It is said that he was then beaten on his head with the gun, kicked and his teeth stamped out.

Doc Shoffitt is said to have attempted to separate the fighting men and was himself knocked down and was saved further mutilation, it is claimed, by the intercession of a wife of one of the Andersons, and Buddy Anderson who protected Shoffitt from further harm.

Newsom was loaded into an Anderson truck and brought to the Sheriff's office by the Anderson brothers. Sheriff Pierce called Sheriff Honea of Silverton, who came and took Newsom to the Silverton jail Sunday, since the affray took place in Briscoe county.

REVIVAL AT SUNNYVIEW WILL BEGIN FRIDAY

129 Students Transferred To This District

Scholastic Transfers Will Boost Number From 767 to 896

With final scholastic transfers July 31st, the Clarendon Independent School district shows an increase of 129 students over the original census of 767 children of school age, according to information on file in the office of county superintendent George Kavanaugh.

This will give the local school an enrollment of 896 scholastics in this district. Of this number, 48 are colored.

The enrollment last year was 710. It is said that the general enrollment will not only be larger, but that the Municipal Junior college enrollment will be much greater this term.

Member School Board Resigns

Judge Porter Had Served On Board Over 10 Years

The Clarendon Independent School District is being forced to bring tax suits on certain delinquent tax payers for the reason that peculiar to the tax law in reference to school districts taxes become barred by statute of limitation after they remain due ten years and unless a suit is brought to prevent the running of the statutes of limitation the taxes cannot be collected. Because of this peculiarity in the law, which does not relate to any of the other taxing entities on Clarendon property, the School Board was compelled to take action to protect itself against its bond holders on such taxes as would become barred.

Suits in the court having jurisdiction will be brought at the next term of court unless they are sooner paid on all taxes that will be barred by such ten year statute of limitation. J. R. Porter, former school board member, has resigned from the school board to act as attorney for the school district in bringing such suits.

Pegram Barn Burns Tuesday Night

Fire caused a heavy loss to Jim Pegram when about one hundred bales of hay and thirty tons of maize and all of his harness were consumed in the blaze. The Pegram farm is about two miles northwest of Goldston.

Mr. and Mrs. Pegram were at church at the Goldston school building at the time. Clyde Pegram, a son, was at home alone. The son hastened to the place of worship for help. His quick action saved further heavy loss when help came and adjoining fences were torn down and buildings nearby saved. Quite a number of work and other stock required on the large acreage farm, barely escaped the fire as men removed them from danger.

The origin of the fire is said to be a mystery. Mr. Pegram formerly resided near Quail before acquiring the Shannon land interests near Goldston.

GREAT STARS IN CAST OF IRVING BERLIN MUSICAL FILM

One of the greatest combinations of talent ever gathered for one show makes Irving Berlin's "Second Fiddle" a production to which all moviegoers have been looking forward, according to Homer Mulkey, manager of the Pastime Theatre, who reports many inquiries for the opening date.

Just imagine, screen fans, Sonja Henie romancing with Tyrone Power to the melodies of Irving Berlin's six new songs with singing Rudy Vallee cutting in and Edna May Oliver cutting up and new-star Mary Healy and Lyle Talbot and Alan Dinehart all in it too, and Sonja skating her sensational tango for the first time on the screen—no, never mind your imagination, for that's the "what's-what" of "Second Fiddle," 20th Century-Fox production opening Saturday night Prevue at the Pastime Theatre.

Abounding with the entertainment surprises typical of Darryl F. Zanuck musicals, "Second Fiddle" shows Sonja with her first screen skating partner and introduces a new ballroom dance craze, the "Back to Back." This step was evolved by Harry Losee, who staged Sonja's skating ensembles, from the tune hit by Irving Berlin. Other Berlin hits in the film are: "I'm Sorry for Myself," "An Old Fashioned Tune Always Is New," "When Winter Comes," "Song of the Metronome" and "I Poured My Heart Into a Song."

The screen play by Harry Tugend, based on a story by George Bradshaw, is a realistic tale of what happens when Hollywood at last finds the girl deemed worthy of portraying the heroine of a great best-selling novel.

NEW DEAL MILLENIUM!

In New Zealand, under a socialist form of government, doctors are hired by the nation and paid \$7,500 a year. A law recently passed forbids the public calling a physician between the hours of 6 p. m. and 8 a. m. The rest of the world can now sit back and see if New Zealand has regulated the visitations of the stork.

Several years ago after delivering a train of cattle at the Kansas City stockyards, four old-time cowpunchers were on the return trip on a passenger. It so happened that they found out a diner was attached. "Us go in and eat some of everything

they got," suggested the leader. In due time they sat around a table and had tasted of everything brought on an order of "bring us the best you got." Finally an old red-eyed boy in the crowd called a waiter and said: "What the hell is that leathery stuff?, pointing to a dish of alleged food. "That sir, is fillet of sole," replied the dignified waiter. The cowpuncher rolled his face over a time or two in disgust and said: "Take it away and bring us a nice tender upper off a boot with the dirt and grease scraped off." This is a true story, two of the crowd still are living in the Panhandle at this time.

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

Closed our meeting at Bray Sunday evening. It did not revive much. No fault of Bro. Biggs. His preaching was good, and all who heard him seemed to appreciate his messages. Our meeting there had not been well advertised. We had to advertise after we got there. Lots of work to do in community. Some would take off and come one time and some at another. The old Settlers Picnic came in Friday. Think Bray community was pretty well represented at it. Still believe that Bro. Biggs could run a good revival if he had a chance. Our meeting at Goldston started Sunday. Bro. Leach spoke to the people Sunday morning. They say it was fine. The pastor was there in evening; meeting started off well. Bro. Gordon was with us Monday and will be with us through the meeting.

Come if you want to hear some good preaching. No matter how good preaching is, it will do you no good if you fail to hear it. We believe people should make a sacrifice to make the revival a success. Next week we will be in meeting at Naylor. Will be there Monday evening, and continue through following Sunday night. Let all Naylor people help us advertise it. Make preparations to attend. Will be some one at Lelia Lake Sunday morning at 10 o'clock to speak.

No services at Naylor Sunday evening. Get ready for the revival. Watch for the results of our revivals.

Mr. and Mrs. O. C. Watson Jr. visited relatives here Monday. Mrs. Watson has been released from the Childress hospital, and is steadily improving.

MRS. CHILTON IS COMPLEMENTED AT BRIDAL SHOWER

One of the prettiest informal bridal showers of the summer was that given Monday evening at the Yamparika Club House of Vernon, Texas, in honor of Mrs. James Eldridge Chilton who was Miss Mable Henderson of Vernon before her recent marriage. Hostesses for the delightful occasion were Mrs. Joy Wilson and Miss Ruth Thompson, assisted by Mrs. Duard Wilson and Peggy Jean Wilson.

A festive atmosphere was created in the reception room where gay flowers and greenery were attractively arranged. Guests were received by Mesdames Joy Wilson, Marvin Taylor, P. E. McClure, W. T. Henderson. All members of the house party wore dainty corsages of delphinium and snapdragons.

Misses Ruth Thompson and Peggy Jean Wilson presided at the lace-covered refreshment table. The centerpiece consisted of an artistic combination of delphinium and marigolds, emphasizing the bride's chosen colors of blue and gold. Guests were served punch and cookies.

The gifts were displayed by Mrs. Duard Wilson. The hostesses' gift to the bride consisted of a set of frostoria glasses and sherbet dishes.

A musical background was provided during the evening by Miss Christine Smith, pianist. An entertainment feature was the presentation of a musical reading composed by Mrs. Proctor Blackstock of Graham, cousin of the bride. Mrs. F. I. Hudleston gave the reading, accompanied by her son, Jimmie, at the piano.

More than fifty guests were present for this delightful occasion.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

Heavy dews and cool mornings are helpful to the lawns. The grass stays green with less watering than formerly. Did you ever see a lawn attain beauty as rapidly as that at the Kelly Chamberlain home? Then notice how wonderfully those evergreens and the turf survived the remodeling ordeals at the Alderson home. There are some flowers in the back yard there too. The crepe myrtles in the Dr. Jenkin's yard are lovely. There are so many of them.

If you go up in the west part of town the lawns are practically all well kept. This week the Ralph Andis place was exceptionally noticeable with shrubs, turf, and flowers each outstanding.

An old fashioned plant that is not seen very frequently on the lawns of today is the angel trumpet. Those at the City Hall are lovely late in the evenings and early mornings. They are such huge plants that effective borders and back grounds can be made of them. Isn't it surprising the discoveries one makes as he begins glancing at the various gardens—a delightful pastime, too.

ANCIENT RECORD FOUND IN INDIAN GRAVE

Searching for Indian relics for the local Museum, J. C. Estlack, editor and publisher of the Leader, recently searched a grave. This grave was presumed to be that of an Indian since steel drills for making beads, copper ore and pyrites of iron was found in the grave with human bones.

The most curious article was that of a book, "The Order of Essenes." The book contains 201 printed pages, mostly in code in the English language. The cover is of leather, bound purse fashion with the upper lid wrapping round the other and fastening with a tongue strap, which is a continuation of the cover. The book is in a fairly good state of preservation. A diligent search was made to ascertain some information relative to the book, but without success.

Recently, Dr. E. H. Sellards, head of the Bureau of Economic Geology of the State University of Austin was shown the book. He took quite an interest in the find and promised to search out its history upon his return to Austin.

Dr. Sellards writes the Leader editor as follows:

"I have obtained a little information bearing on the Order of Essenes from an old record. I find that the Essenes was an order that flourished among the Jews from about 200 B. C. to approximately 200 A. D."

Mr. and Mrs. Walter W. Taylor, Mrs. Julia Beverly and Bill Beverly and daughter, Elizabeth Ann, are enjoying a fishing trip at Antonito, Colorado.

Heavy Whitlock of Sweetwater was up Sunday. Mrs. Whitlock accompanied her husband home after staying a week with her sister, Mrs. G. W. Estlack, who has been ill.

Mrs. S. A. McCarroll and daughter, Katherine, of San Angelo, are visiting her brother, F. A. White and Mrs. White.

Mrs. Buster Hampton is visiting her mother, Mrs. Joe Ashley in Falls.

Mrs. Lizzie Gargis and mother, Mrs. Bettie Burt of Shamrock, spent the week end with Mr. and Mrs. O. L. Usrey of Lelia Lake. Mrs. Burt went to Amarillo Monday for an eye operation.

Registered Bull Circles Organized

Three registered Jersey Bull Circles sponsored by the Donley county 4-H and Clarendon F.F.A. organization will start operation Monday, August 28th. Three outstanding young bulls have been secured by these organizations through the cooperation of local banks in an effort to bolster the average production of the dairy cattle in Donley county and to increase the interest in dairy cattle work.

The youngest of the three animals, a grandson of a cow imported from the Island of Jersey, will be stationed at Jim Robertson's on the old Leisburg farm in the Sunnyview community, approximately one and one half miles east of Clarendon on the Sunnyview road. One of the bulls, whose dam produces 726 pounds of butterfat on official test, during the past year will be stationed at the O. B. Rumpy farm on the Brice highway south of town. The third bull, whose dam produced over 700 pounds of butterfat during the past year, and who has milked as high as 560 pounds of milk during the current test, will be stationed at the Richard Cannon farm in the Martin community.

One of the bulls was secured indirectly from the Dunn Jersey farms near Sherman and the other two were purchased from Chester Eliff, a young dairyman of Tulia, Texas, whose dairy herd has held the highest official production record in the state for the past three months. The bulls will be used in each community for a period of a little over two years and then will be shifted from one community to the other.

The bulls are for community service, and a charge of one dollar and fifty cents per service, payable in advance will be charged of all breeding their females. The bulls are owned by the boys organizations and the caretakers of the bulls will have no choice in the amount or payment of the breeding fees. Each caretaker will be held responsible for each breeding service and must necessarily collect for same in advance.

ARCTIC DIARY WATERSOAKED

The long-lost diary of Lieut. Commander George W. De Long, who led an arctic expedition in 1879-81, on which he and most of his party perished in Siberia, was found in June last year on Henrietta Island in the Arctic Circle by a Soviet scientific party. The diary was in the copper cylinder in which it was placed by Lieut. George W. Melville years ago, but the Soviet Institute says water had entered and reduced the diary to a pulp.

Texas Traffic Deaths Climb

Texas traffic fatalities showed a gain in July over the corresponding period in 1938 for the second straight month, State Police reported recently.

For 14 months preceding June, traffic deaths had registered a reduction in comparison with one year earlier.

One hundred and fifty lives were lost in July traffic in Texas, as against 139 in July, 1938.

The fact that Texas' rising death toll parallels a national increase in street and highway fatalities was pointed out by Homer Garrison, Jr., State Police Director, who voiced the opinion the public was relaxing its vigilance against accidents.

"When traffic deaths went up to a new high in 1937, the public was shocked into doing something about a senseless slaughter," Garrison said. "Everybody got busy and helped to bring the toll down in 1938. They were still safety conscious during the first five months of this year but now—well, it looks like people are

forgetting the lesson of '37."

In addition to 150 lives actually lost in July traffic, State Police tabulated nine more deaths resulting from previous injuries. This brought the death list to 858 for the first seven months of 1939 compared with 909 for the same period last year. Thus the 1939 saving in lives had been cut to slightly more than 9 per cent.

Following the Amarillo Show, the boys plan to enter their birds in both the open and club divisions of the State Fair of Texas Poultry show which opens October 7th.

Russell Morris, will show White Orpingtons; Jr. Spier, Re. C. Rhode Island Whites; Maschill Cole, R. C. WHY Humble Oil & Refining Co. Reduced the Price of Crude

This statement is published as a paid advertisement by Humble Oil & Refining Company for the benefit of those who are interested and not acquainted with the facts.

On August 11 the Humble Company posted reductions in the prices at which it purchased crude oil in Texas and New Mexico by amounts ranging from 5c to 32c per barrel, and averaging 18.5c per barrel. In view of the fact that this action on our part has been severely criticized before the public, we outline below the facts and reasons on which it was based:

1. On August 1 the quantities of crude oil listed below, aggregating 218,920 barrels daily in Texas, Louisiana and Arkansas, were moving to market at prices substantially below the Humble's postings for similar crudes:

AREA	BBL.S. DAY
Texas—	
West Central	37,000
Gulf Coast	22,600
Southwest	16,900
East Central	12,800
East Texas Field	6,850
Panhandle	1,500
Total Texas	97,650
South Louisiana	81,920
North Louisiana and Arkansas	39,350
Total	218,920

2. The amount of crude moving below Humble's postings was greatly increased when on August 10 the Sinclair-Prairie Company posted a reduction of 20c per barrel affecting the oil produced and purchased by it in Texas, New Mexico, Oklahoma and Kansas, which action was followed immediately by reductions in the price made by a number of smaller purchasers. These reductions applied to more than 150,000 barrels of oil. This, added to that mentioned in the preceding paragraph, equals 368,000 barrels. In the three States in which Humble operates, Texas, New Mexico, and Louisiana, the aggregate volume of oil moving below Humble's prices approximated 17½% of the total current production in those States.

3. The movement of constantly increasing quantities over the past year or more of crude produced in the new Illinois fields, reaching a total of 300,000 barrels daily on August 1, on a price basis substantially lower than Humble's postings in its territory, exerted a progressively depressing effect on the crude oil market. The effect was felt in Texas; and actually since April 1 Humble has lost 10,000 barrels per day of business absorbed by Illinois crude. This loss of business was in addition to that lost by Humble as a result of the movement of crude at low prices in the territory where we operate.

4. On August 11, therefore, the total volume of oil moving at prices below those of the Humble was approximately 668,000 barrels.

5. The crude oil market has been under pressure for more than a year. The price adjustments made last October did not remove fully the disparity between Humble's prices and those of some oil moving in its markets. Since that time the volumes of crude moving below our prices have increased steadily, with the result that when the reductions of Sinclair-Prairie and others came on August 10, affecting approximately 150,000 barrels of crude per day, conditions were so bad that we were compelled to reduce our prices to meet this competition. In no case are our new postings lower than the Sinclair-Prairie postings for similar crudes.

6. The Humble Company is primarily a producer of oil. Its crude oil properties constitute its principal asset. Its net production averages 133,000 barrels a day. We are also crude oil merchants and purchase, at our posted prices, 251,000 barrels of crude oil daily in Texas and New Mexico. These prices also govern the price at which we sell the oil which we produce. Because of our large production we are vitally interested in the maintenance of fair prices.

Our refineries consume something near the amount of oil which we produce. As a consequence, with respect to our purchases we are in the same position as a merchant dealing in any commodity. To continue in business, we can not over a long period of time pay higher prices than our competitors. We are compelled to meet competition. The price of oil, like that of other commodities, is subject to change with market conditions. These are simple and fundamental business principles. We were reluctant to cut the price of crude, not alone because of its adverse effect on our own earnings, but also because of its effect on our customers and upon the industry and the state at large. Under these circumstances, we could not continue to pay the prices we had been paying.

7. As a matter of policy the Humble Company maintains stocks of crude oil very slightly in excess of the amount required as working stocks to carry on operations. We do not believe in storage of oil above ground but in production of oil currently as required for market. We do not speculate in oil. We have no desire to buy oil at any price to accumulate for storage.

8. We think the price for oil brought about by the competitive conditions above mentioned is lower than should be realized. In our opinion the flood of oil from Illinois and Louisiana, most of which is being produced wastefully, in violation of conservation principles, is primarily responsible for the market conditions which necessitated our price reductions. It is our hope that these conditions will be corrected and that the market will improve.

Checks Due On Cotton Payment

COLLEGE STATION, Aug. 23—First batches of a scheduled \$24,000,000 in 1939 cotton price adjustment payments were on their way to approximately 30,000 cotton producers in 31 counties this week, according to advices from A & M.

Designed to bolster the income of cotton farmers who have reduced their acreage this year in view of a towering cotton surplus, this series of grants will add to the purchasing power of Texas cotton producers the earning equivalent of around 6000-000 bales at current prices.

B. B. Ingle, Grandview farmer and member of the State Agricultural Conservation Committee, pointed out that the price adjustment payment of 1.6 cents a pound on the normal yield of the 1939 cotton acreage allotment is made to the 1939 producer.

HUNDREDS ATTEND DONLEY COUNTY OLD SETTLERS MEET

Tom Tate Is Elected President Without Dissent After W. I. Rains Refused To Serve Longer Than 10 Years

With an attendance estimated at a thousand, the pioneer element is said to have predominated in numbers at the Donley County Old Settlers annual picnic at Tate Grove near Hedley Friday.

Tom Tate, son of the planter of the grove where the sessions are held, was unanimously elected president. He had served as vice president several years. Milton W. Mosley, former sheriff of Donley county, was elected vice president. Mrs. Joe Crawford was easily re-elected secretary-treasurer of the Association.

The hat is passed for a 'free will' offering each year since there are no dues collected with which to pay expenses. Last year the hat passes checked in a total of \$11. Times are evidently better this year for the contributions totaled approximately \$30.

The program opened with the Clarendon High School band playing several numbers. E. H. Watt, resident of 49 years and prominent citizen of Giles, gave the welcome address. Editor J. Claude Wells of the Memphis Democrat made the response. Other speakers during the day were Rev. G. T. Palmer and W. H. Patrick of Clarendon, and Judge Henry S. Bishop of Amarillo. Judge Bishop began his political career as district attorney here in 1903. He later served many years as district judge.

The entertainer of the day was "Stuttering Sam" of Cal Farley's staff from Amarillo. John L. Stroud, former Hedley resident of many years, came down from Amarillo as "Old Whiz," old-time cow-puncher garb and "goatee" complete with plenty of wit. Bill Walling and his string band was down from Lelia Lake, as was Pete Chandler's bunch of musical artists from Wellington.

Rev. Walter Patterson of Hedley directed the hymn singing. A number of quartets and duets were heard.

Plans are already in the making for a bigger and better picnic for August of next year, one of the officials stated to the Leader man Saturday.

ATTEND FUNERAL SERVICE IN MEMPHIS SATURDAY

Mr. and Mrs. E. C. Herd attended the funeral service of their brother-in-law Saturday. Others to attend from Clarendon were Mr. and Mrs. Dee Smith, Mrs. Roy McGraw, Mr. and Mrs. Mann, Miss Isabel Wright, Mrs. Kent, Guy Wright.

The funeral service for Mr. Howard Randell was held Saturday afternoon.

NO ENCOURAGEMENT TO ANY BURGLAR AT COAL OFFICE

"There was a time when I had something in the safe in my office, and locked it, but that was many years ago", D. O. Stallings stated. In fact his coal office has been burglarized so often that it has become a branch practice school despite its discouragement.

Mr. Stallings has not locked his safe for years. One time he had an apple in it. Just the damage in gaining entrance is all that vexes this good citizen. Sunday night the glass in his front door was smashed, odds and ends scattered over the floor. Nothing was missing though the safe had been searched. The door may be left open hereafter to further discourage the burglary clan.

RECEIVE COLLEGE DEGREES

Two former Clarendon school boys, in the teaching profession for several years, received their degrees at West Texas College last week. They are J. L. "Slick" Naylor and James William "Bill" Dillard. They were awarded degrees of Bachelor of Arts.

ATTEND FAMILY REUNION

Attending a family reunion held at Ralls Sunday were Mr. and Mrs. Jim Robertson and his father, W. A. Robertson and the children from here. Also Mrs. Roy Henderson, a sister of Mr. Jim Robertson, and her daughter, Mrs. McIvers of Kansas City. Seventy relatives are reported present.

RECEIVES HER DEGREE

Miss Edgar Mae Mongole returned from Nashville, Tenn. today where she has been a student of Peabody. She completed her work and received her Master's degree at the closing exercises Wednesday.

Mrs. Ethel Moss and Mr. and Mrs. George Moss of Shamrock spent the week end here with Mrs. W. D. Martin.

Mr. and Mrs. Bill Patman and children took Emily and Edward Engle to their home at Abilene and visited with Mr. and Mrs. Phil Engle the week end.

Mrs. Ruth Teat, manager of Adair hospital, returned Wednesday from a visit with her brother Jackson Wiley at Gladstone, N. M., and brother at Clayton.

C. W. Bennett and C. H. Wisdom are raising \$7,500 to put the wildcat test down to 4500 near the crossing on Salt Fork.

W. H. Strawn west of town marketed the first Donley county bale of cotton receiving a premium of \$90. Smith Bros. ginned the bale free.
