A Common Paper for Common People

Clarendon Youth Shows Reserve Champion Pig at Texas State Fair

A Hampshire barrow owned by Frank Mahaffey, member of the Clarendon F.F.A., missed being grand champion barrow of the state fair by a vote of two to one by the three judges of the swine show. The pig had previously won the championship of the hamshire division of the club and open shows. The hamshire pen of three barrows exhibited by Frank was selected as the grand champion pen of the show.

Entries of the local chapter won seven purple championship ribbons, including the champion spotted barrow, champion Poland China barrow, champion hamshire champion heavy chester white barrow, champion light and heavy spotted Poland china barrows, and champion light barrow of the hamshires in the club division. In the open show the local youths showed the champion pen of three Poland Chinas, the champion pen of three Hampshires, champion light hamshire barrow, champion hamshire barrow of the show, and the grand champion barrow of the show.

Clarendon entries swept the entire seven money places in the light spotted Poland china division in the club barrow show. In the heavy spotted Polands, the locals placed 1st, 2nd, 3rd, and the heavy spot was awarded the champion ribbon. In the Chester White division, the single entry of Bill Alexander placed first in the heavy division, but was defeated for the championship by the light barrow.

Carl Morris showed the champion light Poland China in the club division and the champion Poland of the club show. Cecil Heckman placed fourth, and Russell Morris eighth in the lightweights. In the heavy Polands, Maschil Cole placed second, Carl Morris, third and ninth, Russell Morris 14th, and Cole 15th.

In the Duroc class Clarendon placed the 7th, 14th, and 15th light barrows, and the 11th, 15th, and 16th in the heavies.

The Clarendon Youths barely missed a clean sweep in the lightweight hampers when they won all but 9th, 12th and 16th places of the 16 money groups. In the heavy barrows, the locals placed 3rd, 5th, 6th, 8th, 9th, 11th, and 12th out of 12 places. Mahaffey's champion lightweight was selected as champion of the Hamp division.

In the litter groups, Bill Alexander placed third in groups of five, Carl Morris placed first in groups of more than five, and Lee Christie placed third. The champion county carlot money went to the entry of 25 Hampers by the local group.

In the Open show competing against all breeders, colleges, and other such exhibitors, Clarendon entries won 1st, 3rd, 4th, and 5th in light Hampers; 1st, 2nd, and 5th on light Hamp pens; 6th, 7th and 8th on heavy Hampers, and 3rd, 4th, and 5th on heavy hamp pens. The 1st place light barrow and pen of three were selected as champions of the show. 2nd, and 5th heavy Poland barrows, 8th light pen, 1st and 5th heavy pens, and champion pen of three in the Polands, 4th light Duroc pen, and 6th and 7th heavy Duroc pens were won by local entries.

Four hundred and ninety-five dollars were won on the pigs alone. Roy Bulls, C. B. Morris, Cecil Heckman, returned to Clarendon Thursday, October 12th. Carl Morris, Johnnie Leathers, Maschil Cole, Joe Williams, Rex Shannon, Harice Green and Adviser J. R. Gillham will return Thursday, October 19th.

Gillham, Adviser, competed in the national F.F.A. judging contests at Kansas City Tuesday, October 17th, where they represented Texas in the national contests. The group made the trip to the contest via the F.F.A. special train out of Fort Worth and will return October 19th.

Trench Silos Grow In Favor

Test of Silage Past Few Years Proves Their Value

Just a few years ago, the first trench silos were constructed near Hedley on the Bain farm. Others took up the idea the same fall until 120 were in operation last year.

Careful feeding tests were made of the silage from the under ground silos. It proved to be just as good, and in most instances better than the silo above ground.

Those constructing silos this fall are Charley Hearne, John Bugbee, Wes Sullivan, Haskell Milligan, T. J. Despain and many others in various parts of the county.

Feed is scarce due to the prolonged drought of August and September. Roughage of all kinds is being carefully conserved. In most sections, reports are that growers will have enough rough feed or fodder to run them through the winter.

Broncho Eleven In First Defeat This Season, 13-0

Irishmen First to Break Through Local Forward Line

For the first time this season the Powerful Broncho line was crushed, as Shamrock's fighting Irishmen romped to a 13-0 victory on Denver Field at Shamrock last Friday night. Only twice did the Broncho eleven regain their stride, and even then they bogged down before pay dirt was reached. At one time the local eleven marched to the 1 yard line, but lacked the punch to put it over.

On the other hand the Irishmen were quick to realize that Clarendon was off stride, and time and time again they used the same spinners and off tackle plays for nice gains. With the exception of three or four plays, the Bronchos failed to get started until it was too late.

Fumbles and penalties cost the Bronchos dearly in several instances, when otherwise the outcome might have been different. While the local boys were trying desperately to regain their stride, the Irishmen were marching steadily to pay dirt. Not only did they gain at will through the line, but found their aerial offensive thrusts to good advantage.

The game with Shamrock was the first time this season that the Bronchos had played away from home. Although they were toppled from among the undefeated, the season is yet young, and lots of things can happen before the last game is fought.

Grady and Melton of the Broncho backfield fought doggedly and brilliantly throughout the game. Bud Hermesmyer, McWhorter, B. Grehr kept the spark glowing in the Broncho line.

MRS. JONES GOES HUNTING IN NEW MEXICO AGAIN

During his later years, Mr. and Mrs. T. Jones made annual hunting trips to northwest New Mexico. That was several years ago. Now Mrs. Jones is taking a hunt into the San Mateo mountains accompanied by her sister and husband, Mr. and Mrs. A. F. Sprinkles of Wichita Falls.

Mrs. Sprinkles has a gifted Scotch collie that does everything but talk, and makes signs to overcome that defect. They will spend some time at Hot Springs and Elephant Butte lake during the stay of two months up there.

1940 Range Program Has Few Changes

COLLEGE STATION, Oct. 20.—Although practically the same as in 1939, the 1940 range-building program of the AAA includes several additions especially beneficial to Texas ranchmen, according to an announcement here at state headquarters of the AAA.

Of special interest to West Texas ranchmen is the change in the basis of payment for contour listing or furrowing, with payments being made at the rate of two and one-half cents per 100 linear foot instead of 50 cents per acre.

Wins First at American Royal Stock Show

Pictured above is Floyd Lewis with his 950-pound calf that won first place in the heavyweight division at the American Royal Livestock Show in Kansas City, Missouri, Saturday. In 1936 his calf was second in the money in being judged second only to the grand champion at the Amarillo Fat Stock Show. In 1937, his group of five calves took first place in the Amarillo show.

Floyd is a son of Mr. and Mrs. Carroll Lewis of Lela Lake. He has two brothers, Leland and Jack, who have produced prize winners in various shows.

Floyd hit out for Kansas City on his own. He cared for and groomed his calf for the show. He is self-reliant, ambitious and expects to keep right on winning with confidence and skill as his biggest assets.

Bronchos to Play Skyrockets Friday At Wellington

Still smarting under last week's defeats, two teams will be bouncing back into the spotlight this Friday night when the Bronchos invade Wellington to do battle with the Skyrockets who are still in the conference race with one defeat.

Last week Wellington lost to a powerful Perryton crew while the Bronchos were losing to Shamrock. Both teams will be fighting hard to keep their state as clean as possible. There is plenty of potential power in either team, and once released, the game should produce some thrilling moments.

The local boys have been drilling diligently this week, and barring last minute injuries should be in fine shape by game time Friday night. Not a bit disheartened, though still smarting from their defeat, the local gridsters will be in there fighting madly to regain their prestige in District 3-A. Clarendon fans are backing the Bronchos 100 per cent, and a large crowd will be boosting for them this Friday night at Wellington.

Large Crowd Hears Program At City Park

Meredith Is Principal Speaker At Dedication Ceremonies

The Clarendon High School band played several numbers Sunday afternoon as the large crowd gathered for the dedication of City Park, a WPA project recently completed.

A large number of school children directed by Dean R. E. Drennan sang America as the opening number of the program. Mayor Tom F. Connally presided, and formally presented the Park to the citizens of Donley county.

Short talks were made by county commissioner G. G. Reeves and Mr. Bradley, followed by an interesting account by sdrtict WPA supervisor, A. A. Meredith of the work being done on WPA projects in the Panhandle.

Rev. J. Perry King said a very effective prayer of dedication. Mrs. J. Frank Heath sang "The Eyes of Clarendon Are Upon You" in a very impressive manner.

Various clubs of the city aided the work of the Park, as did firms and individuals once the members of the Les Beaux Arts club got the work under way.

VISIT RELATIVES

An interesting visit, at least for the youngsters, was that made the past week by Mr. and Mrs. C. J. Douglas to the State Fair at Dallas. The boys are said to have been very much impressed. They spent some time with Mr. Douglas' mother there, and visited relatives at Wichita Falls on their return home.

Ham 'What Am' Has Big Day Saturday

Advertising a special sale of ham for Saturday in the Leader exclusively, brought surprises to the Russell markets, owned and operated by Fred Russell. The Leader upon inquiry elicited the following information from Mr. Gilmer Ayers, who has charge of the Russell market in Pig-gly grocery. "Well sir, we started off with 300 pounds of ham and thought that would be a plenty. Then toward noon we got in 300 pounds more as the demand grew, and by 2 p. m. we had 600 pounds more brought down from Amarillo, meeting the Pinkney truck at Claude. We sold over 1,000 pounds of Pinkney's Sunray ham Saturday," Mr. Ayers stated.

Pete Easterling, operator of the Russell market in the Farmers Exchange grocery had the same rush on down there.

Advertising in the Leader always gets results. If you want to reach the consumers of any line, groceries, dry-goods, drugs or what not, tell them through the Donley County Leader.

TEMPLE OF TRUTH

By the Apostle

IN SOBER VEIN.

The pastor of the Trinity Baptist church, Oklahoma City, preached a fine sermon Sunday. He chose his subject from the second Psalms. It fits into the scheme of things of today. The good book has a remedy for every problem. It is discarding the Bible and its teachings that has gotten the nations into their present mess.

TAX PARTNERSHIPS.

The county commissioners of Randall and Dallam counties publish statements showing the county expenditures. The list is so itemized

that every taxpayer knows just where the money goes. Every taxpayer is a partner in the county affairs, and no doubt appreciates the frankness of the county commissioners. Portales publishes a similar list of the city expenditures. When a taxpayer is taken into consideration, that person feels like he or she amounts to more than some one simply on the "paying end" all the time. The county commissioners have expressed a willingness to spend a very few dollars telling the folks of Donley county how their tax money is being spent if enough of them are really interested. Tell your county commissioner what you think about it.

CANNED GOODS SHOW.

In this day there is little inducement to offer anything but entertainment to draw a crowd. Never mind about that, folks, the ladies who hold membership in the Clarendon Home Demonstration club are to stage their annual canned goods show the first Friday in November. The Junior club members will likely join them in displaying their art. It's a bit old fashioned to prepare foods consumed in the home, we'll admit, but women who do just that, are a mighty fine bunch of folks.

NATURE'S WAY.

Well sir, way back yonder when the prairie dogs ate the grass roots, the folks got busy, poisoned the dogs and all was well for a while. The grass really came along in great

shape. Then when the dogs were gone, the mesquite began spreading where formerly the dogs had been eating a lot more mesquite roots than any one had any idea. Now the big problem is how to get rid of the mesquites. Old dame nature takes care of her own.

BOTH AT IT NOW.

Speaking of skill, did you ever watch a man "prime" his face before applying his make-up for every-day wear? More and more are doing it, and more and more women are wearing men's pants to even the score.

MORE ABOUT WAR.

More and more national leaders are trying to get this nation into war. If you want to help keep us out of it, write Congressman Marvin Jones, House Office Building, Washington, D. C. Tell him what you think about it, for, after all, it is Congress alone that has the power to declare war. Your influence is worth a lot, and don't forget it. Then if you want to help some more, write Senator Morris Sheppard, and Senator Tom Connally. A postal will do in either case, and direct it to them at Washington, D. C.

OUR WEAKLY POME.

I'LL TUNE OUT THE ALKA-SELTZER ANNOUNCEMENT

Don't—THAT'S THE MOST IMPORTANT THING YOU'LL HEAR TONIGHT

"When statements about Alka-Seltzer are made over the air, please, please believe them."

Mrs. Oma Catherine Jones

MILLIONS suffer less from Headache, Acid Indigestion, Distress of Colds "Morning After" and Muscular Fatigue because they have heard—and believed—Alka-Seltzer radio announcements. To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine enjoyment they get from the broadcasts.

The most important parts of our radio program, both to you and to us, are the commercial announcements. Once you have tried Alka-Seltzer we believe you will agree with us. But try Alka-Seltzer because it is an unusually effective medicine not because you enjoy the radio programs.

WHY ALKA-SELTZER IS SO EFFECTIVE
The pain-relieving analgesic in Alka-Seltzer is in complete solution, ready to ease the distress as soon as you swallow it. The pain-relieving action is made more effective by alkaline buffers. The alkalinizing elements in Alka-Seltzer reduce excess stomach acidity.

Get Alka-Seltzer the next time you pass a drug store.

O'DANIEL WOULD REORGANIZE TEXAS PUBLIC SCHOOL SYSTEM

AUSTIN. The question of special session of the legislature to consider additional revenues for old age pensions remained unanswered by Governor W. Lee O'Daniel today.

In his regular broadcast yesterday, the governor, asserting he had not heard from all of the state's 181 lawmakers whom he is polling to determine special session sentiment, announced a plan to reorganize the

public school system.

O'Daniel urged members of the legislature who had not answered his letter to do so immediately since "the crisis is critical."

He asked whether the lawmakers would support a consumers-service tax bill similar to a proposed constitutional amendment which was defeated in the recent regular session.

The governor said he planned a

state-wide committee of more than 160 school men and women who, cooperating with him, the state superintendent and the state board of education, would draft legislation to correct asserted evils in the school system which he would present in the legislature at its regular session in 1941.

Quoting from a board survey, made with the aid of WPA funds, the governor cited the following asserted inequalities:

"The school term in some districts is four months or less, while in others it ranges up to nine and ten months. The teacher load ranges from less than 10 pupils to over 60. The tax levied ranges from nothing to over \$1 (per \$100 valuation), and the value of assessed property per child ranges from less than \$250 to over \$18,000.

"Most counties were given originally by the state a little over 17,000 acres of public land; 18 counties were given nothing. Some of these lands have proved to be very valuable on account of oil, and others are almost worthless. Eighty thousand of our boys and girls are in one-teacher schools while the rest (total scholastics 1,563,000) enjoy a well rounded educational program."

PENSIONS CHECKS TO BE SENT OUT MONDAY

AUSTIN, Oct. 14.—With the receipt of \$510,000 federal matching money, the Public Welfare Board Saturday announced old age pension checks totaling approximately \$1,063,000 would be mailed out Monday, Tuesday and Wednesday.

The 120,000 pensioners will receive payments cut \$6 each due to lack of revenue. The average amount of checks in September was \$14.24.

Gene Worley's Pension Views

Recently Governor W. Lee O'Daniel made public a letter he had written to each member of the Legislature stating that he would call a special session if the members endorsed without qualification S. J. R. No. 12 in statutory form. Below appears the reply of Rep. Gene Worley of this district.

"Dear Governor:

In answer to your letter may I respectfully advise that since my election as a member of the Legislature I have consistently voted for ample revenue to care for the entire social security program. During the recent regular session I voted for both the statutory tax bills passed by the House but killed by the Senate, together with H. J. R. No. 16 and S. J. R. No. 12 which you endorsed. In supporting these measures I necessarily compromised to some extent my own individual views of fair and equitable taxation and I did so because it was plainly obvious the current crisis would materialize if we failed to provide revenue.

You state in your letter that a temporary tax bill should be enacted. I do not agree with that position because we have always had too much uncertainty in our social security finances and I believe whatever tax is levied should become a permanent policy so that the recipients of old age assistance, the blind, and the dependent children should know definitely what can be expected.

You also endorse a tax which would appreciably raise the price of clothing, food and medicine and other absolute necessities of life. Such a tax levied on these necessities of life would cause many hundreds of thousands in the state to pay greatly beyond their ability if, indeed, they could pay at all. I know a middle-aged lady whose husband died leaving her support four minor children. I cannot conscientiously vote to put a sales tax on the bacon, bread and butter which she has to buy from a pinched pocketbook. I know an old gentleman about sixty years of age, too old to work steadily yet not old enough to receive old age assistance who must rely on odd jobs for an existence. I do not intend to put a tax on the food, clothing or medicines he must buy. There are thousands of other cases which you know and I know could not pay such a tax. You originally promised that you did not want that type of tax and so did I. I still do not want such a tax, neither do I believe the people of my district desire it.

As stated above I am not willing to tax the necessities of life, but if the majority of the Legislature insists upon a selective or luxury tax to supplement other tax levies which will not hit the small wage earners and the poor people of the state, I will compromise my stand to that extent. More than this I cannot and

will not promise because I owe my first allegiance and duty to the people of my district. I will, however, be more than glad to continue my cooperation with you and your department and other members of the Legislature without regard to petty personal or political differences in an effort to permanently and satisfactorily settle the entire social security problems.

With kindest personal regards and best wishes, I remain

Sincerely yours,
Eugene Worley"

Womack Burial Insurance

Our close contact with hundreds of bereaved families from all walks of life, who have been touched by the misfortune of death, has impressed upon us the need for a dependable Burial Insurance. We have realized from first hand observation, the comfort and feeling of security afforded by a policy that covers a complete memorial to every detail. On the other hand we have observed the disappointment imposed upon families already burdened by increasing rates after a long period of years as members. Thus, the Womack Burial Insurance operating under a permanent charter granted by the Board of Insurance Commissioners takes all this uncertainty away from their policy holders. We are proud to be the FIRST in this locality to introduce Funeral Service Insurance, thus, it does not permit the sick and suffering to go in want of an Ambulance due to the prevailing charges. Second, it has lowered the prevailing price of a complete Funeral Service within the reach of all. With these two main objectives accomplished, we are happy to render a complete and itemized memorandum of what this type of Insurance offers to its Policy Holders.

Benny Film Offers Comedy and Gags, Gals and Dances

The one and only Jack Benny is at his gagging best, Dorothy Lamour sings and provides romantic interest, Edward Arnold is a business tycoon who menaces Jack's romantic plans, charming Binnie Barnes provides romantic by-play as his neglected wife, twenty gorgeous Petty Girls parade through a fabulously beautiful harem sequence, three new hit

songs are sung by various members of the cast—in fact, it would take an adding machine to tabulate the attractions of the "Man About Town," the new comedy with music which Paramount will present Saturday night Prevue at the Pastime Theatre. As if that weren't enough, "Rochester," making his screen debut with his radio chief, comes through with two eccentric dances which are being rated as nothing short of sensational. And the world-renowned Merriell Abbott Dancers are being hailed as nothing short of amazing in the big harem sequence of the picture. The new Benny film differs from his previous pictures in that it gives Jack a better chance to play his na-

In the guise of a slave girl, appropriately shackled, Dorothy Lamour offers a song to "Sultan" Jack Benny in the lavish harem scene of "Man About Town," Paramount's new comedy with music which will open at the 11 o'clock Prevue Saturday night at The Pastime Theatre. Also in the cast of the picture are Edward Arnold, co-starred with Benny and Miss Lamour, while the supporting cast includes Binnie Barnes, Phil Harris, Betty Grable, Eddie "Rochester" Anderson, E. E. Clive and Matty Malneck and His Orchestra.

tural, gagging self. The story, written by Morie Ryskind, author of such screen successes as "My Man Godfrey" and "Stage Door," casts Jack as an American impresario who is laying plans for presenting his show in London.

The amorous nonsense, the farcical situations start to pile up when Jack finds that the singing star of the show, Dorothy Lamour, is cleaving to his orchestra leader, Phil Harris. Lacking the amoral aplomb of a Cas-

anova, Jack turns to his valet, Eddie "Rochester" Anderson, for advice. "Rochester" suggests that Jack arouse a little jealousy in Dorothy.

Jack, gagging along in his best style, manages to meet Binnie Barnes, charming lady of the English nobility, whose husband, Edward Arnold, neglects her. Eventually she invites Jack down to her country home. When Edward Arnold starts to suspect that Jack is interested in his wife, the picture hits an even faster

farcical pace.

Three new song hits sung by Dorothy Lamour are "Strange Enchantment," "That Sentimental Sandwich," and "Fidgety Joe."

The supporting cast also includes Betty Grable, E. E. Clive and Matty Malneck and His Orchestra.

BONES' PIG FOUND THROUGH LEADER CLASSIFIED AD

The proverbial "needle" in the haystack could have been readily found had the loss been advertised in the Leader, one might surmise from the results obtained in the past.

Last week Lucian Bones had a pig missing. The classified column carried a "lost" notice. Mrs. Lee Landers had settled down to rest and read her Leader and read the classified—as most all men and women do—and right then she recalled seeing the pig near her home a short time before. She phoned the Bones home and the pig was taken home by the owner without further trouble than the expense of two-bits, the fourth part of a dollar, as the show squaker would say.

It pays to advertise in the Leader in any department. The Leader family of readers makes out a list from the advertisements. Is your firm represented?

WOMACK FUNERAL SERVICE INSURANCE ACCEPTED WITH A BIG DEMAND IN DONLEY CO.

The Womack Funeral Service Insurance operated through the Kelsow-Womack Funeral Home in Hedley has been accepted with a big demand in this locality. The Agents are enthused over the acceptance of this particular insurance and are well pleased with the great possibilities they are working for from a business standpoint. This insurance was designed for business conditions as they have existed for the past several years. For rates, the Womack insurance has kept them within a reach that the people can afford to carry their insurance, and in reality, they brought complete funeral services to this locality at a price the general public can afford to pay through their insurance plan of funeral service. They are rendering a further greater service to the public, they let

no suffering person be without the service of an Ambulance. The Womack Burial Insurance offers Free Ambulance service to their policy holders to and from their hospitals of choice within seventy five miles of the patients locality. Their rates are extremely lower than many Burial Insurance rates and their policy holders can be assured of not being burdened by an increase in rates after they have been a member for many years. They are operating under a permanent charter granted to a local mutual burial association and they will not be changing their set-up. The Womack Burial Insurance came into this territory last June and

introduced a type of insurance and funeral service that the general public has appreciated and accepted with a great demand. This young firm has enjoyed good business in its surrounding territory, part of the funeral services being conducted in Memphis while they have enjoyed good business in Donley County. There has been a reason for this wide acceptance of this new firm. After investigation, the public will find it through the Funeral Insurance and the type of service offered by this firm. At all times, the public can depend on efficient, unobtrusive service from the Kelsow-Womack Funeral Home.

CLARENDON BOY WINS DALLAS HOG AWARDS

DALLAS, Oct. 14—Twelve hundred swine went through their paces Friday in what State Fair of Texas officials said was the biggest show of its kind ever unreeled in the State.

In the senior division there were 700 hogs worth \$70,000 from the Southwest.

Carl Morris, 16, of Clarendon took the place of his friend, Frank Mahaffey, to show the latter's Hampshire barrow. The animal carried off the championship of both the junior and senior classes.

The above article appeared in the Sunday issue of the Dallas News. Frank is the son of Mr. and Mrs. Slayton Mahaffey of Ashtola, and Carl is a son of Mr. and Mrs. Cap B. Morris of Clarendon. Both mighty fine fellows. Our Donley county boys really went places down at the State Fair!

Park History Is Interesting

Park Site Is Rededicated After Fifty Years

In 1887 the Clarendon townsite Co. which had secured the land where Clarendon now stands from Mr. Montgomery, a son-in-law of General Dodge, the man who built the Fort Worth & Denver railroad, gave the plot of ground where the City park has just been completed, for the purpose of a city park. It is interesting to know that after more than 50 years a park has been built on that same ground.

The idea for the park as it has just been completed originated in the Les Beaux Arts Club two years ago during the presidency of Mrs. J. D. Swift. Under her leadership the Club took for its objective for the year the building of a city park.

As a result of this effort, a permanent park board was created, the membership of which consists of the Mayor of the City, the City Commissioners, representatives from each of the Women's clubs, the Lions Club, the American Legion and two members to be appointed from the citizenship at large.

It was through the work of this board, together with the cooperation of the entire citizenship, that a WPA project for the building of a city park was secured and the work has been completed.

For this cooperation, we wish to publicly express our sincere appreciation. We feel particularly indebted to Mr. Veerling of Amarillo for the free landscaping of the grounds, to Mr. Walker Lane as our architect for donating his services in drawing the plans, securing the blue prints and acting in the capacity of local supervisor of the project. To Mr. G. G. Reeves for his assistance in securing and opening the project and for his generous help otherwise. To Mr. J. F. Blocker, Mr. Forest Sawyer, Mr. Bill Thornberry and Mrs. J. T. Sims for donations of rock and sand. To Mr. H. M. Breedlove and Mr. J. R. Gillham for aiding us with NYA help and the work of the agriculture boys.

To Mr. J. A. Hill, president of W. T. S. T. College of Canyon for the 160 trees and shrubs he so generously donated to be planted later in the fall. To Mr. A. C. Donnell the supervisor for his interest and kind cooperative spirit and the efficient manner in which he pushed the work to completion. To the twenty WPA workers, the NYA and the agriculture boys who worked diligently with dirt, rock, cement and sand. To these and to the many others who made contributions in various ways we are truly grateful.

We are confident that the same cooperative spirit will exist in the care and maintenance of our beautiful little park and trust others are equally as proud as we are of it, and that it may be used and enjoyed to the fullest extent.

The Park Board.

Mr. and Mrs. Andrew Watkins and children visited her parents, Mr. and Mrs. Lonnie Hahn Sunday. Julia Hahn accompanied them home for a visit in McLean.
