Mrs. Hawley Harrison

Mrs. Olace Hicks had surgery Tuesday morning instead of getting to come home as the family had hoped and expected. Latest report is she is much better but had had a bad day Sunday.

Clayton Ferris went to Wellington Friday for a dental appointment. He is getting ready for his return to college.

Surely glad to report a half inch of rain. Sure hope we get some more soon. The crops are really needing rain. There are more plowed fields in this area than we've had in a long while.

Mrs. Richard Cannon, Mrs. Dennis Harrison and Anna, and Olace Hicks attended a birthday party for brother Bryan Knowles, pastor of Martin Baptist Church. His congregation was telling him he's appreciated very much.

Mr. and Mrs. Frank Hardin were doing fine and had almost an inch of rain but were having trouble with telephone service. Our phone is out this Monday morning so I can't get my news but the rains we are having compensate for the inconvenience.

Frankie Just had tried to call all Monday morning but couldn't get through until nearly 10 a.m. He reported phones are out all over Clarendon.

Mr. and Mrs. Roy Ferris visited with H. C. Shaw Sunday afternoon in Memphis Hospital. H. C. suffered a severe injury to his foot and ankle in a tractor accident. Somehow the power take-off caught his pants leg. Surely hope the injury can soon be repaired and the swelling relieved.

Mrs. Barcus Antrobus was able to bring her husband home from Groom Hospital. Surely hope he continues to improve.

Theron Holland was in home for the week end. It's always good to be home.

Johnny Just is attending Church Camp this week at Wellington.

Mrs. Frank Reid and Mrs. Blanche Higgins were hostesses at Chamberlain Community Center Friday night. It's good to get together. Sorry we couldn't be with them.

One of the busiest places in town these days is the Baseball Field. The action there is fast and furious and everyone concerned seems to have a great time. The young and the old alike really enjoy the games. Of course, there may be more aches and pains among one bunch but anyhow they all enjoy it. There have been some injuries but everyone has proved to be good sports. See you there!

Jimmy F. has learned his lesson this time. The next time someone honks at him he is going to pull over and stop and then wave. Right, Jim?

Somebody was hunting Belinda T. the other night. Did he find you, Belinda?

Karen E. and Barbara S. are in Amarillo this week. These two girls have really had a busy summer.

We found out what was keeping Carolyn Jo. S. busy this summer but we just haven't found out his name yet.

Saw Ward P. the other day and he is sporting something new. If you haven't noticed, do so. It's on his upper lip. Hang in there, Ward.

Russel K. and Terry E. were on special assignment this week end. "What" did you get paid, boys?

Good luck with your new job, Bobby E. Mike G. is back in town and at his old job again. Glad to have you back, Mike.

Cindy R. lost something in the car seat at the show the other night and Ricky R. was trying to help her find it. Wonder if they ever found it.

Thought we saw Evil Knievel the other day practicing on his motorcycle but found out it was really Steve S. doing some stunt work. Who knows, Steve, you may make it one of these days.

Pat T., Tommy H., Debbie R., and Danny H. enjoyed a night out in Amarillo Saturday night. Their first stop was the Pizza Hut and then on to the show. They all had a great time.

Patsy H. is busy at her new job. We are proud of you, Patsy. Rusty P. was kinda lost and lonely this week end. Seems like Deanna B. was out of town visiting relatives. Some of his time was taken up baby sitting.

Kim R., who has been chasing you? Bobby K., what was it that was giving you such a big "shock" the other night?

Terry S. is back from her big trip. She had a grand tour of Washington D. C. and really got to see things from the inside. Then she visited New York City and of course she enjoyed all the activities in New Jersey. We are glad to have you home, Terry. It sounds like you had a great vacation.

Pat R. has been working on a dark room, or so he says, and he keeps taking Mona R. to see it. What can you see in the dark, Mona???

Johnny G. has been lonely since Tami D. has been out of town. If you've missed seeing David O. lately, he's still busy hauling hay in Memphis.

John H. didn't make it to see Gina K. this week end but he may wish he had when he gets his phone bill.

Danny M. and Gary S. looked happy about their dates Saturday night.

Ralph M. may not set any speed records but he is the type that is busy every minute. He always seems to enjoy what he's doing and he doesn't mind work one bit.

The Field House is beginning to be a busy place already. It won't be long until things will be in full swing. You boys better enjoy the time you've got left. Work-outs begin very soon.

Marilyn A. says tell everyone hello and she hopes to be home from New Mexico pretty soon.

Donna A., how much does it take to make you mad? It will be nice when school starts again so we will all get to be together and see each other again. The time isn't far off now.

Mike L. had such a good week at Church Camp last week, he went back again this week. Everybody seems to really be enjoying Camp.

Question of the Week - What high school girl came home the other morning just in time to hear the rooster crow?

Truly Honest

II Corinthians 13:7: "... you should do that which is honest ..."

Peter Howard tells of an old fellow who had a conscience that troubled him. At last he went to a farmer and said, "Mister, I'm sorry. I stole a rope from you a while back." His master forgave him and the countryman went away. But, he still had no

peace of mind. For he had not told the farmer that there was a cow at the end of the rope when he stole it.

For Father's Day just past, my oldest son, Daryl, gave me a very handsome pen and pencil set. The set meant more to me because it was a gift from him that he had bought with money he had earned. It represented a son passing through adolescence and approaching adulthood in making his own judgements and expressing his love for his father in his own way. Needless

to say that when I discovered my pencil missing following an evening with a group of young people at the Amarillo Bowl in Amarillo, I was sick of spirit for I just knew that I had lost the pencil and had broken the set, but worst of all, it spoiled a gift from my son and each time I would use the pen I would be reminded of the pencil I had lost.

At the first opportunity I called the Amarillo Bowl and explained my loss to them. The young man who answered the phone checked our alley but could not find the pencil. He then reported the couple working on Friday evening were gone to a bowling tournament and would not be back until Monday; this was on Saturday. He agreed to check with them about the pencil and if they had found it, he assured me, it would be returned. Well, in my mind I had already checked the pencil as gone, but suggested that if they found it to have them put it in the mail and I gave my address.

Now, amid all the conversation of what's wrong with our young people, when you become aware of some situation that speaks of what's right with our young people you want to pass it on. For example: on Wednesday following our bowling party on Friday, I received a letter from Gayle Young, the girl who worked that evening we went to the Amarillo Bowl on our party, and in the letter was my pencil. She stated that she had found it but did not know to whom it belonged. She was waiting to see if anyone called for it and if not she would have kept it, but it was with great pleasure that she was returning it to me. I immediately wrote Gayle a letter of appreciation and explained why the pencil was so important to me.

I thank my God that there are yet those persons who are Christian and honest. Gayle did this which was honest. Now, let this be a testimony to her and her Christian action. I know she is Christian because she concluded her letter with these words:

"May the Lord guide you and direct your community with his love and understanding . . ."
"Praise the Lord,
"Gayle Young"

To that I add my "Amen!"

FAMILY REUNITED AT MUNICIPAL AIRPORT AFTER 13 TO 32 YEARS . . . from left, Mrs. J. D. Stewart, George Robinson, Mrs. Dale Terry, Mrs. John Topper, Mrs. Gary Moore.

After 32 Years, Family Is Reunited

Wichita Falls, July 19, 1973 Family reunions nearly always generate an abundance of happy nostalgia, but when six brothers and sisters finally get together for the first time in more than 32 years, reminiscing about family fame and fortune could prove endless.

Mrs. Dale Terry is finding out this week as a reunion which began two years ago, climaxes with her getting to know last of the family from which she was estranged at the age of two months.

THE WICHITAN and three of the brothers and sisters she has met in the last two years were at Municipal Airport Tuesday afternoon to welcome their oldest sister, Mrs. J. D. Stewart of Albany, Ga., who had not seen Mrs. Terry since she was adopted as a two-month-old infant and had not seen the others in from 13 to 20 years.

Welcoming party included Mrs. Gary Moore, who started the reunion rolling when she introduced herself to Mrs. Terry two years ago; George Robinson, also of Wichita Falls and Mrs. John Topper of Clarendon, who were introduced soon after.

ANOTHER brother, Raymond Robinson of Oklahoma City, who Mrs. Terry has also met, is scheduled to arrive Friday, so that all six children of the late Mr. and Mrs. John Robinson can get together.

"I really consider the parents who raised me, Mr. and Mrs. Weldon McGaughey, my real parents," Mrs. Terry explained. "For a long time I had no desire to meet my other family. They were strangers."

However, when Mrs. Moore introduced herself to Mrs. Terry in the waiting room of a

medical-surgical clinic where Mrs. Terry was waiting for her husband to get his tonsils removed, curiosity was awakened and meeting the rest of the family was inevitable.

MRS. TERRY'S "real mother," Mrs. McGaughey, produced baby books and childhood pictures, and the family, which had secretly kept up with her for more than 32 years got to know their baby sister.

Robinson had allowed his youngest daughter to be adopted and second youngest to be raised by an aunt after his wife died of heart trouble when the youngest was two months old. Robinson died 15 years ago, according to Mrs. Terry, who has found out all about the family in the last two years.

Final missing links in the family history are being added this week as the six brothers and sisters get back together for a family reunion which could generate endless reminiscing.

Your Safety In Using Electricity Is Greenbelt's Concern

You cannot afford to be careless with electricity. Don't try to repair outside lines. For safety sake, ask yourself these questions:

- Are electric circuits equipped with proper fuses?
- Do you cut off current when working on electric equipment?
- Are you using approved commercial electric fence controllers?
- Is the pathway to the main switchbox clear of all obstructions?
- Do you use moisture proof cords for outside and heavy cords for motors and motor-driven appliances?

If you have one or more of these hazards on your farm we urge you to correct them now.

UNCLE ZEB

Along with our remembering about the days gone by comes a nice letter to Uncle Zeb from Mrs. Bertie Bogges, of Tulla, Texas. She says that her eyes is getting sort of dim but we were thrilled with her well written letter. She is 92 years young. We liked the way she ended her letter; "My eyes are getting a bit dim after 92 years, but the Good Lord has found a use for me all these years, and has always been near when I call." . . . God Bless You Mrs. Bogges, and if anyone wishes to drop her a line the box number is 708.

One good reader thinks it would be good for us to remember the brush arbor revival days . . . Just before the Big Meeting was to start the brethren would come together set some poles, cover with wire, and then a layer of brush. The good sisters would fix a meal and when the preacher came things were in good order for a revival to begin.

We remember once with some shame that the revival had gone on for one week with little results and was about to close when a bunch of the grown boys decided to go forward. They did, and the oldsters voted to go on another week. The Lord got hold of some of them in the right way before the week was out. Anyway, it was in one of these brush arbors that we made our first promise to the Lord.

One of the easiest things to do is to find fault, and just about the hardest job is to keep quiet.

One fellow said that he would like to come back to life and see what happened to what he couldn't take with him . . . I doubt that would make him happy. If he couldn't find a good use for things while he was here, it wouldn't be right to expect that of someone else . . . Each generation likes to make their own brand of mistakes.

There are now more than 29 million veterans, who, with dependents and survivors, comprise nearly one-half of the U. S. population, the Veterans Administration reported recently.

Supplemental Income Security Payments

The Amarillo social security office is now taking applications for supplemental security income payments, a Federal program scheduled to start in 1974 that will establish an income floor for people in financial need who are 65 or over, or blind, or disabled, according to Travis C. Briggs social security district manager.

But people already getting State old age assistance, or State aid because they are blind or disabled, don't have to apply, he said. They'll be getting more information later this year about how the program will help them.

The first monthly payments under the Federal program will be made in January 1974. Until then, public assistance offices will continue to make payments in the usual way.

People not getting public assistance now who think they may be eligible for the new Federal payments should call or write social security to find out if they should apply.

Federal supplemental security income payments will be made by the Social Security Administration, but the program will be financed by Federal general revenues — not by social security contributions from workers and employers. It's not the same as social security.

The aim of the new program is to provide supplemental payments in cases of need so that people 65 or over, or blind, or disabled will have a basic cash income of at least \$130 a month for one person and \$195 a month for a couple.

This doesn't mean that every eligible person or couple will be getting that much from the Federal Government every month. The amount of the Federal payment any person gets will depend on how much other income he has.

Eligibility for Federal payments will depend not only on the amount of income people have but on the value of their assets.

If you're single — or married but not living with your husband or wife — you can own things worth up to \$1,500 and still get Federal payments. A couple can own things worth up to \$2,250 and get payments. Not everything you own has to be counted toward your total assets, however.

A home of reasonable value will not be counted as an asset. Personal effects and household goods won't count in most cases. Insurance policies or a car may not affect eligibility either, but it will depend on their value.

Certain income also will be

disregarded in deciding on an application for supplemental security income. The first \$20 a month income generally won't affect the Federal payment at all.

In addition, people who are working part time should know that the first \$65 a month of earnings won't be included in counting their income and only half of the rest of their additional earnings will be counted.

Apart from earnings, other income above the first \$20 a month generally will reduce the Federal payment. This includes social security checks, veterans payments, workmen's compensation, pensions, annuities, and gifts. And if you live in someone else's household, your basic Federal payment will be reduced by one-third before other income that may affect your payment

is deducted. People who need more information to decide whether they might be eligible for the Federal payments should call social security at 378-5151, or write to the office at 317 E. Third, Amarillo. A friend or relative can make the call if the person in need isn't able to. "Even though payments cannot start until January 1974,

we're starting to take applications now so we can process them ahead of time and avoid delays that might occur if there's a rush of applications right at the end of the year," Briggs said.

The word "spud" for potatoes comes from an old organization called "Society for the Prevention of Unwholesome Diet."

VISITORS
Visiting in the home of Mr. and Mrs. Bill Sickles Saturday and Saturday night were their daughter and husband, Mr. and Mrs. Walter Wells of Borger, and their grandchild, Bob Land and four children of Freeport, Texas; also a sister and family, Mr. and Mrs. Carl Metcalf and daughter, Carol of Pando. Other visitors on Sunday

day were Bro. and Mrs. Don Stone; a daughter, Juanita McBride; and John Wiczhy of Amarillo.

Servicemen on active duty will be briefed on veterans benefits by military, rather than VA counselors, under a Veterans Administration Department of Defense agreement effective July 1.

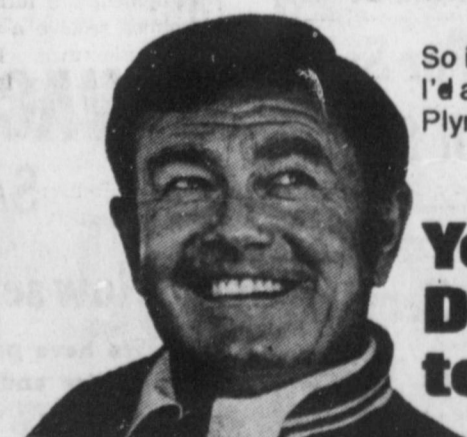

Engineering that made Chrysler-Plymouth famous... yours at year-end prices.

Darrell Royal

Here's a big point about the beautiful 1973 Plymouth Fury you probably didn't know...it runs on regular gas.

It's pretty obvious that Fury is a beautiful car. And it has enough room for a family. But your Chrysler-Plymouth dealer has asked me to tell you that there's more—much more—to a Fury. Thanks to Chrysler-Plymouth's traditionally great engineering, Fury is a strong, solid, reliable car . . . with such great features as an Electronic Ignition System. What's more, Fury is engineered to run on regular gas. And that means a lot these days. There's a lot of value built into a Fury—all part of a plan of the Chrysler-Plymouth people to win you over. And now that you can get a Fury at year-end prices—well, it seems like a real value to me.

So if you're looking for a great value in a car, I'd advise you to spend a few minutes with your Chrysler-Plymouth dealer.

Your Chrysler-Plymouth Dealer is out to win you over!

Mrs. Sallie Haley Hears Kin Safe In Bank Robbery.

Mrs. Sallie Haley received word from her sister that her nephew, Wallace W. Carr, was safe and all employees were uninjured in the robbery of the First National Bank at Bells, Texas about 11 a.m. Thursday morning.

Mr. Carr is president of the First National Bank. Women and several other employees of the bank were ordered to lie on the floor and Mr. Carr and a helper were ordered to the Bank vault. All money was taken. The bank was closed until money could be brought in from another area for operation.

Mr. Carr, nephew of Mrs. Sallie Haley of Clarendon, is a Veteran of World War II. After his discharge from the service he worked in several airplane factories and other banks. He has been president of the First National Bank at Bells several years.

It was a relief to Mrs. Haley to learn that her nephew was safe and that no one was injured in the robbery.

Texas Junior Angus Set 1973 Field Day For July 27 - 29

Members of the Texas Junior Angus Association have made final plans for their 1973 Texas State Junior Angus Association Field Day to be held at the Richmond Hale Ranch near Canyon on July 27-28.

The event is scheduled to get underway at 1 p.m. on July 27 with the junior Angus heifer show followed by a picnic and party, the 1973 Texas Junior Angus Queen Contest, beef judging contest, and various educational programs during the two day event.

Max Stapleton, Haskell County Agent, has been selected as judge for the junior show.

Juniors entering the heifer show must be members of the A.S.J.A.A. Memberships may be obtained by sending \$2 to Jo'Ann Adams, Box 5, Tahoka, Texas 79373.

Entry fee for the heifer show is \$5 per head and the entry deadline is July 13. Entries should be sent to Mike Herron, Box 697, Rotan, Texas, 79546.

Public Schools Offer Kindergarten 1973-74

Kindergarten will be offered by the Clarendon Public Schools to all five year olds who will have reached their fifth birthday on or before September 1st. The kindergarten class will be housed in a regular classroom in the physical school plant with the children attending a half day session.

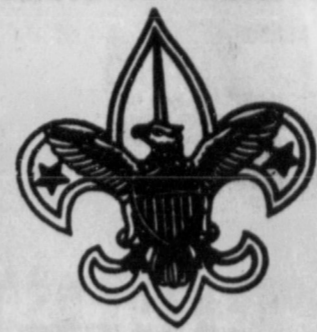

The class will meet for a half day in the morning only, unless there are too many five year olds in one class. In that case, there could be a morning and an afternoon class with the students being divided into two equal classes. Each student would attend only one session.

Last Thursday night, the School Board employed Mrs. Wanda Cornell to teach the kindergarten class. Mrs. Cornell formerly taught in her own private kindergarten.

The Public School is required by the state to provide a kindergarten program, but no child is obligated or required to enroll unless the parents so desire. The kindergarten age children will enroll at the same time as all elementary students and will attend their first class August 21st.

Parents may permit their children to eat in the cafeteria if they wish. They will be charged the same rate as the other elementary grades.

If any other information is desired, parents may contact Mr. Stina Cain, Elementary Principal, or Jeff Walker, Superintendent of Schools.

Higher Benefits For Peacetime Veterans

Higher benefits are in the offing for 191,400 veterans who incurred service-connected disabilities during peacetime military service.

Jack Coker, Regional Office Director, said August checks will reflect the increases brought about by legislation that equalized compensation rates for peacetime and wartime disabilities.

Before the law was enacted, peacetime veterans were paid 80 percent of rates allowed wartime veterans.

As of May, 2.2 million veterans, including the 191,400 peacetime veterans, were on VA compensation rolls, Coker said.

Compensation is paid on a sliding scale ranging from \$28 monthly for disabilities rated 10 percent, to \$495 for total disability. Some veterans with certain severe disabilities receive additional payments which run as high as \$1,232 monthly, plus allowances for dependents. All veterans rated 50 percent or more disabled receive additional compensation for dependents.

Chrysler Corp. Show For Its Dealers In Dallas August 2-16

The first of an estimated 10,000 automotive dealers and their wives are expected to arrive in Dallas, August 2 to get their initial look at the 1974 lineup of Chrysler and Plymouth autos and Dodge cars and trucks.

Theme of the two-weeks meeting, which runs August 2-16, is "Extra Care Everywhere." This will be the second straight year that the convention format has been used to introduce the new products to dealers.

The dealer preview will be conducted at Dallas Municipal Auditorium in Convention Center. Five hotels will host guests and Chrysler officials.

Tom Johnson, son of Mr. and Mrs. Blackie Johnson and grandson of Mr. and Mrs. Walter Johnson of Hedley placed 3rd in the 100 cc class at the High Plains Racing Association races held at Lubbock Sunday. Ronna Tyler, daughter of Mr. and Mrs. Delmer Jones of Childress won 1st place in the Powder Puff. To date Tom has 37 trophies. Ronna has 31 trophies and 3 ribbons. Here they are pictured with a part of their trophies. Ronna is 11 years of age and Tom is 13. We are really proud of these young people. They usually ride 100 cc Hodakas. Ronna also races a 60 Yamaha in the Mini-Man races. Ronna began racing in May of 1971. Tom began racing in the fall of 1971.
