We Know What We Must Do

If There Is a Will — There Is a Way
(AN EDITORIAL)

We are God loving people and deep down in our hearts WE know what we must do next Tuesday in regard to the College Tax Rate Election. We must go to the voting place and cast our ballot FOR the new tax rate.

Deep down in our hearts we know the college is good. good for our town and community and the future generations that will follow.

The will of a majority of our people has been expressed in previous elections. This same majority of people know there is a way to continue our college by voting this tax raise.

We believe that this previous majority of voters will be joined by some of those who voted opposite in previous elections for some of these adults, who furnished money and promotion to contest the college elections, are now availing themselves of Clarendon Junior College facilities and are on the student roll of the college, and naturally would like to see it continue in operation at least until they finish their course. Take not our word, but check the college student roll. We are proud to know they have found the college worthy for their own personal use and we are proud the citizens of this community have provided this institute of higher learning for their use and will continue to do so for others to follow.

This tax election was brought about when the Appellate Court rendered an opinion that the two previous elections were null and void on a very minor technicality of law. whether there was a County Board of Education or County Board of Trustees and the authority to call a college annexation election. We disagree with the courts decision as a majority voted for the issue and a majority vote should be decisive regardless of how an election is called.

An appeal for re-hearing was made to the Court of Civil Appeals but the court overruled this appeal Monday of this week and the decision as handed out by the court on December 23rd will stand as written. The original suit contesting the election was brought to court by a group of landowners with money and influence. The question is: Are we going to stand idly by and let this group dictate the future of this community? If we don't put up a stiff fight now, worse things could happen down the road.

Remember, there is a way. The present tax rate election will provide the continuation of the college.

Sure, your vote for the College Tax Rate Increase will cost you more money. A majority of you voted in the previous contested election, to increase the tax rate from 20 cents per \$100 valuation to 60 cents based on the Independent School District valuation. The present election would increase that amount 25 cents per \$100 valuation. This is still a low figure compared with other districts. All good things cost money and we can not expect to progress and receive greater benefits without more expenditure. This tax will provide sufficient money to operate the college on a sound, efficient and progressive basis. Compare the extra money this additional tax will cost you with a few packs of cigarettes or other luxury items you are spending money for each week.

We feel that the money paid to support our college is an investment instead of an extra burden. It is an investment in the future citizens of this and other communities.

If you stop a moment before you vote and think of the GOOD that your vote FOR can do, we believe you will feel much better deep down inside. You will be relieved of the burden on your conscience that you helped deprive some student of a higher degree of education that you could have helped otherwise to provide.

January 31 Is Deadline For School Census

The annual scholastic census as required by state school law is being taken this month and all must be counted by January 31st, according to Supt. K. D. Vaughan.

All children who were six or before Sept. 1, 1964, and who did not reach age 18 before Sept. 1, 1964, are to be enumerated.

It is particularly important that parents who have a child whose sixth birthday came before Sept. 1, 1964, contact the principals of either school or the administration office, so your child will be counted. State aid money is determined by the number of students listed.

POLL TAX TO BE ON SALE AGAIN THIS SATURDAY

The Jaycees will be selling poll tax receipts again this Saturday morning at the Post Office and will have an all out campaign going the next week in an effort to see that all who have not purchased their poll tax do so before the deadline which will be at midnight January 31st. The deadline is only a week off, so if you have not bought your poll tax, go by the post office Saturday morning and the Jaycees will be more than glad to see that you are issued one.

Elmer W. Toms Found Dead In Apartment Thursday Afternoon

Elmer W. Toms, age 50 years, was found dead in his apartment in the Howard Apartments here Thursday afternoon at 4:00 p.m.

Mr. Toms was born in Luverne, Minnesota, in 1913. He had been a resident of Clarendon since 1958 moving here from Memphis, Texas. His wife, Mrs. Ava Toms, died in Clarendon in November of 1963.

Funeral services were held in the Murphy Memorial Chapel Saturday, January 18, at 4:00 p.m. with Rev. Billy G. Hill officiating. Interment was in the Fairview Cemetery at Memphis, Texas, under the direction of the Murphy Funeral Home.

Pallbearers were: Jim Barrett, Cletus Smith, J. A. Howard and Gayle Neal.

Surviving Mr. Toms are: his daughter, Mrs. Chester Bendt of Luverne, Minnesota, and two brothers, also of Luverne.

SQUARE DANCERS TO HAVE DANCE FRIDAY

The Y-Knot Twirlers dance club will have a dance Friday night at 8 p.m. in Lions Club Hall. All persons interested in taking lessons are requested to be at the Hall by 7 p.m.

Second Semester At Clarendon Jr. College To Begin January 27

Registration for the second semester at Clarendon Junior College begins at 9:00 a.m. on Monday, January 27. Students are urged to register on this date since classes begin on Tuesday, January 28, for the second semester. Last day to register is February 10.

Registration for the second semester in the night school begins during the week of February 3. Night classes are scheduled as follows:

Monday nights: Spanish 123, Bible 123
Tuesday nights: English 123
Thursday nights: Government 223, Spanish 123
The second semester at Clarendon Junior College will end on May 22.

Services Held Sunday For John Auford Jay

Funeral services for Mr. John Auford Jay, age 57 years, of Clarendon were held in the First Baptist Church Sunday, January 19, at 2:00 p.m. with Rev. J. V. Patterson and Rev. W. R. Lawrence officiating. Interment was in the Citizens Cemetery under the direction of the Murphy Funeral Home.

Mr. Jay was born April 23, 1906, at McLean, Texas. He moved to Clarendon from Eldorado, Oklahoma, in 1953. He was married to Miss Naomi Allison June 19, 1958, at McLean, Texas. He was employed by the Risley Implement Company of Clarendon.

Mr. Jay died at his home at 5:00 a.m. Friday, January 17.

Surviving are: his wife, Mrs. Naomi Jay, of the home; his parents, Mr. and Mrs. D. V. Jay, Clarendon; one sister, Mrs. Sam Ingram, Laurens, Mississippi; and one brother, Elvis Jay, of San Antonio, Texas.

Pallbearers were: Lloyd Risley, Charlie Murff, J. R. Barrett, James Bain, R. A. Beverly and Warren Hardin.

Bulldogs To Host NMMI Tomorrow; San Angelo Saturday

Now that the semester tests are over the Bulldogs will return to the boards tomorrow night (January 24) hosting New Mexico Military Institute. The Roswell boys hold the record of having the tallest players in the conference averaging 6'4". Their only conference defeat has been by three points to Amarillo.

Saturday night (January 25) the Bulldogs will host the conference leaders from San Angelo. This will be the last year for San Angelo for the school goes into the four-year classification this fall. The San Angelo boys are not lacking for height having two boys with 6'9" and 6'7" readings. Both games will start at 8 p.m. in the college gym.

Tuesday night (January 28) the Bulldogs travel to Frank Phillips at Borger. The Plainsmen have lost three conference games. Nevertheless the Bulldogs always have a hard time on their floor.

Leader local rate \$3.50

HOSPITAL NOTES

Patients as of Wed., Jan. 22: Mrs. C. E. Killough, Henry Masingsill, Dr. Geo. W. Smith, Mrs. Margaret McCuan, Mrs. F. A. White, Sr., Mrs. Frank Hardin, Emily Hill, Mrs. Bill Winton and baby boy Tracy Jerrell.

Dismissals: Eva Lipps, H. B. Hill, Betty Keys, and Karen Page.

MINISTER Rev. Kamiyama

Missionaries Delayed; Services Tonight

Rev. Olson Hodges, missionary to Japan, and Rev. Kamiyama, Japanese Baptist preacher, who were scheduled to be at Calvary Baptist Church last Wednesday night, were unable to be present because of bad weather.

"We had a lot of visitors and a good attendance last Wednesday night. We were sorry the missionaries could not be present," Rev. Hill, local pastor, stated.

Bro. Hodges and Rev. Kamiyama will be here tonight (Thursday) for a special meeting. There were no services last night at Calvary Baptist Church. The mid-week services will be tonight at 7:30.

Everyone is invited to come to the Calvary Baptist Church tonight and hear Bro. Kamiyama, Japanese Baptist minister from Japan, tonight at 7:30.

4-H Club Steers Place High At Amarillo Show

Donley County 4-H Club members made a good showing at Amarillo says County Agent Flip Breedlove. In the Angus division David Mooring placed his heavy weight Angus steer in fourth place and in the light weight Angus, Henry Hermesmeyer placed seventh. In the Herefords, in the middle weight division, Sandy Thornberry placed seventh and Susan McAnear placed nineteenth. In the light weight division of Hereford, Susan McAnear placed third, Henry Hermesmeyer placed seventh and Mike Martin placed eighth. Donley County took second place for the best exhibit of steers from any one county at the show.

The steers sold on Tuesday afternoon and Donley County only sold six steers as five steers were taken from the sale list to show at other shows. Breedlove and his 4-H Club members will leave for the Southwestern Livestock Show at El Paso next Wednesday night. Eight of the top steers from Donley County have been taken from the sale list at Odesa and Amarillo and these steers will be competing at El Paso and some of them later on at Houston.

The prices of the steers at Amarillo were: Henry Hermesmeyer got 28c for his 775 pound Angus steer; Richard Thornberry got 28c for his 1025 pound Hereford steer; Mike Martin got 41c for his 830 pound Hereford steer; Steve Shelton got 32c for his 950 pound Hereford steer; Susan McAnear got 32c for her 940 pound Hereford steer; and John Hermesmeyer got 32c for his 805 pound Hereford steer.

The 4-H Club members will probably market a good number of steers at the Southwestern Livestock show as the prices paid at this show are the best in the state. Thirty-six steers will be all that will sell at this show.

Quality Job Printing at the Leader

Tax Rate Election Tuesday, Jan. 28

Winners Of Donley County Barrow And Lamb Show Released

Two Hedley Future Farmers of America took top honors in the barrow show and a Clarendon FFA youth added two champion ribbons to his collection in the lamb division of the Donley County Barrow and Lamb Show here last Friday.

David Baker, son of Mr. and Mrs. L. T. Baker, exhibited the grand champion barrow, a heavy weight Hampshire, and Tracy Sanders, son of Mr. and Mrs. Sam Sanders, exhibited the reserve champion, a heavy weight Duroc.

Dale Robinson showed both the grandchampion and reserve champion lambs.

There were 70 hogs in the annual show and 10 lambs.

Among the breed champion exhibitors were Ronnie McAnear, Clarendon FFA, son of Mr. and Mrs. J. G. McAnear, Berkshire and Yorkshire. The youth also won the Showmanship Award given by E. S. Ballew, a registered Hampshire hog breeder.

Also Douglas Bradshaw, Clarendon FFA, son of Mr. and Mrs. G. W. Bradshaw, exhibited the champion Poland China and Chester White. David McAnear, Clarendon FFA, son of Mr. and Mrs. J. A. McAnear, showed the top Spotted Poland China.

International Order Honors Local Firm

Murphy Funeral Home has been officially notified of its acceptance into the fellowship of the Order of the Golden Rule — an international organization of funeral directors.

The affiliation was gained only after Murphy Funeral Home received approval of many Clarendon people who are in a position to speak with authority on the subject.

Funeral director-members of the Order are selected for their ability to uphold the ideals of this world-wide organization, which has been in existence for more than three decades.

Notification of the firm's membership was made by letter from the Executive Director of the Order, who stressed the distinction Murphy Funeral Home holds by being accepted for membership, since ordinarily but one funeral directing firm in each community can belong. Moreover, the requirements are such that only those firms of high ethical standing in the profession can attain the distinction of membership.

The Order lays particular stress on the necessity of providing service to humanity at the time of need that is modern and comprehensive, and at the same time so moderately priced that it is within the reach of all — even those in the most humble circumstances.

Members of the Order identify themselves by means of a symbol, consisting of an armored knight with raised visor, who supports with his left hand a shield bearing the Order's motto: "Service Measured not by GOLD, but by the GOLDEN RULE." In his right hand the knight grasps a drawn sword, as if to signify his readiness to defend the high principles inscribed upon the shield.

Be Sure to Vote FOR The 85c Tax Rate Tues.

Balance Of Clarendon Jr. College Depends On Majority "For" Vote

JAYCEES ASK YOU TO CONSIDER THE FACTS

The Jaycees ask that you consider the facts before going to the polls next Tuesday to decide the fate of Clarendon Junior College. First of all it is pointed out that you will decide the fate, because if this tax election fails the doors of Clarendon Jr. College face the possibility of being closed.

The facts the Jaycees would like for you to consider is that you, as voters, voted overwhelmingly for the 60c rate per 100 dollar evaluation and that you will be paying 25c more to see that the College has an opportunity to prove itself worthy of your support.

The Jaycees feel that the College hasn't really had a square deal, so to speak, and we as Americans have always been the kind of people that like to see everyone and everything given a square deal. The Junior College being operated under the Independent School System for many, many years was merely taken for granted and never really given a chance. The Jaycees feel that the complete re-organization process, which is now in effect, should be given an opportunity to see what can be accomplished.

There are some of the finest teachers in Clarendon Junior College that you will find in any junior college in the state and there are some of the finest men serving on the new Board of Regents that there is anywhere. With this combination and your support to this combination anything can, and will be accomplished.

The Junior College indirectly contributes approximately \$250,000 a year to the economy of this community in its present state and if you take the above amount away forever, from a community that has tried for years and years to get industry which will contribute much less to the economy, it could prove disastrous. Many things have been lost in past years because we haven't really given them a square deal. The Jaycees ask that you give the Clarendon Junior College a square deal by voting the 85c per 100 dollar evaluation in taxes, as an investment in the future of this community.

The Jaycees and Jaycee-ettes will be calling you on February 28th to remind you to go to the polls.

New Officers And Directors Named By Chamber Of Commerce

Basil W. Smith, Fred Chamberlain, H. M. Breedlove, and Emmett Simmons were named directors of the Clarendon Chamber of Commerce for a three year term by the recent poll of the members of that organization. Holdover directors are Dr. George Smith, Gene Alderson, Bill Porter, J. R. Brandon, J. R. Gilliam, Frank Phelan, Jr., Clyde Slavin, Richard Tunnell, John Payne, and G. W. Estlack.

John R. Gillham was named president and Basil W. Smith was named vice-president of the body at the organizational meeting held at the West Texas Utilities Company office on January 20th. Tommy Saye was re-elected secretary-treasurer.

The work of the group for the past year was reviewed, and suggestions for the 1964 program of work were discussed. President Gillham stated that a meeting of the directors would be called in the near future for the naming of committees for the year and the adoption of a program of work.

Jerry Loehoff was appointed delegate to attend the West Texas Chamber of Commerce Meeting at El Paso on January 28th-30th.

C. A. Pitts, R. E. Drennan, Richard Tunnell, Basil W. Smith, Gene Alderson, Bill Porter, and J. R. Gillham were in attendance at the meeting.

Mr. and Mrs. L. T. Whitlock of Amarillo visited Mr. and Mrs. G. W. Estlack Friday night.

SEMESTER TEST SCHEDULED FOR THIS WEEK

The worried looks on student's faces, crowded library and typewriters going like sixty is in the air at Clarendon Junior College. This is the sure sign of the deadline for term papers and semester tests. All term papers were due Monday, January 20th. Semester tests are scheduled for Wednesday, Thursday and Friday, January 22, 23 and 24. The test schedule has been posted on the bulletin board outside the dean's office. Copies are available to students in the office corridor.

LIBRARY MATERIAL CIRCULATION CEASES

All library material circulation ceased Monday, January 20th, for the Fall Semester. The reading rooms will remain open for usage throughout the remainder of the semester. The library will close Friday, January 24th and will re-open Tuesday, January 28th, for the Spring Semester. The overdue and fine list was sent out to the faculty on Tuesday, January 21st. Student's are warned to take care of any library records they may have, for they will be unable to take any semester test until their records have been cleared with the library.

FACULTY MEMBER IS LISTED IN WHO'S WHO

Mrs. Velma Weaver, Head of the Fine Arts Department, has been notified that she has been listed in the 1963-64 edition of WHO'S WHO IN AMERICAN EDUCATION published by the Association Press, Nashville, Tennessee. The book is a bi-

ographical directory of eminent living educators of the United States and Canada.

Mrs. Weaver has been cited for her activities in the field of music education at the local, state and national level. She is an active member of Delta Kappa Gamma, national teachers' sorority, serving all offices in the local chapter and has served as committee chairman for the state music committee. She is still a member of the committee. She also holds membership in the Donley County Teachers Association, Texas State Teachers Association, Texas Junior College Teachers Association, and Texas State Music Teachers Association.

A copy of the book will be available at a later date.

WHY?

By a College Student

Why take away the ocean And the clash of waves from the shore? Why take away the desire for knowledge And leave one nothing more? Why take away the autumn coolness When the breath of summer fades away? Why take away the thirst for knowledge And send it all away? Why take away the laughter When happiness is near? Why take away our college. Why not leave it here?

Before coming to Clarendon from Comanche County, Delbert Reed finished his public schooling at Sidney High School. Mr. Reed holds both his BS and MS in Agriculture Education from Texas Technological College. He is head of the Biology and Agriculture Departments. During the two years Mr. Reed has been here at the Agriculture Department has more than doubled and shown more interest to the farming and ranching communi-

ty which it serves. Clarendon is one of the few remaining junior colleges in Texas to maintain an Agriculture Department.

Mr. Reed met his wife, Pat, while attending Texas Tech. They now have a daughter, Melissa. Outside of spending his time at school he enjoys attending all school athletic activities and music. When he can really find time he enjoys playing the guitar and fiddle in pure western style.

-cjc-

LETTERS TO THE EDITOR

Dear Citizen;

If you plan to cast your ballot for our college, I thank you. This college means a lot to me. Though I shall not receive educational benefits from this school after May, it would please me to know that others will receive the same benefits that my two sister and I have.

Clarendon Junior College is an industry endorsing education—DON'T LET IT DIE.

Sincerely, /s/ KEITH DISHMAN Keith Dishman

To the Editor:

We, as students, will stand up for the rights that Clarendon Junior College so deserves. It is more than just a College to us. It is a place where students as well as adults may further their education.

We would like to take this opportunity to extend our appreciation to those voters who are behind the College 100%. We think that these people have weighed the facts and can see the benefits that are made available to the Clarendon Junior College students. We would also like to ask the voters who do not know which way to vote to ask themselves this question, "How many students will be able to continue their education if we take Clarendon Junior College from them?" We believe that the voters will see why we want to keep Clarendon Junior College so desperately.

Clarendon Junior College means a lot more to us than we might make you realize. It means enough to us that we would be willing to sacrifice if we would only be permitted to keep this institution. We sincerely ask that you do not deny us the education we all want so badly.

/s/ SUE MCCORD

The pressure of water on a vertical wall depends only on the depth of the water and not on the distance the water extends away from the wall. Thus the pressure on the dam of an acre lake is the same as that on the dam of a 500 acre lake if the water is the same depth in the two bodies.

CHAMBERLAIN NEWS

Mrs. A. O. Hott

Mr. Floyd Guthrie of California, brother-in-law of Mrs. Price Webb, was buried here Wednesday. The family all gathered in the home of Mr. and Mrs. Price Webb for lunch. Our sympathy goes out to the family. Floyd attended school at Chamberlain when a young boy.

Mrs. H. H. Shields' mother, Mrs. Mary Walls, suffered a stroke on Jan. 10 and has been confined to bed the past week. Her condition has improved and is no longer considered critical. She is with her daughter, Mrs. Velma Heathington, in Tulsa. Mrs. Shields visited the past two week ends with her mother.

Mr. and Mrs. Frank Cannon and children of Tulsa, Mr. and Mrs. Dennis Harrison and baby, Anna, of Idaho, Mr. and Mrs. J. D. Jones, Mike and Karen spent Sunday with their parents, Mr. and Mrs. H. A. Harrison. Mr. and Mrs. A. O. Hott and Mr. and Mrs. Olace Hicks visited in the afternoon.

Mrs. Theron Holland and girls, Mrs. A. B. Ivey visited Mrs. Holland's grandmother, Mrs. Mary Walls in the home of Mrs. Holland's mother, Mrs. Velma Heathington at Tulsa Friday.

Mr. and Mrs. L. H. Price visited Mr. and Mrs. A. O. Hott Friday night. Mr. and Mrs. R. F. Fields of Groom visited Mr. and Mrs. Frank Hardin Sunday afternoon.

Those visiting Mrs. R. M. Webb Wednesday were Mrs. R. O. Reynolds, her daughter, Mrs. Pauline Guthrie of California, Mrs. Bertha Vanmeter of Kilgore, Texas, Mrs. Ovelyn Reynolds and daughter, Sue, of Amarillo, and Raymond Reynolds of Canyon. Mrs. Dennis Harrison and daughter, Anna, and Mrs. H. A. Harrison visited Mr. and Mrs. A. O. Hott Tuesday afternoon.

Jiggs Mann and son, Mark, called on his mother, Mrs. Richard Dingler, Saturday afternoon. Mr. and Mrs. M. M. Wylie of Pampa and Mrs. Laura Martin of Clarendon, and Mr. and Mrs. A. O. Hott visited Mr. and Mrs. A. B. Ivey and Mr. and Mrs. Morris Crump Sunday afternoon.

Mrs. Charles Guthrie and baby of Perryton spent several days with her mother, Mr. and Mrs. D. S. Smith.

Mr. and Mrs. Garth Carter and boys of Dumas spent the week end with their parents, Mr. and Mrs. Henry Mann and Mr. and Mrs. A. C. Carter.

Mr. and Mrs. D. S. Smith visited Mr. and Mrs. A. O. Hott Saturday night.

Mrs. Bill; Word called on Mrs. Richard Dingler Wednesday afternoon. Mr. and Mrs. C. T. Bates shopped and visited in Childress Saturday.

Mr. and Mrs. Cecil Price and son, Joe, of Quitaque ate lunch Wednesday with their daughter, Mr. and Mrs. E. W. Barbee and children.

Mrs. A. B. Ivey and Mrs. Morris Crump visited Mrs. A. O. Hott Monday afternoon.

Mrs. Billy Waddell and little girls visited Mrs. W. H. Gray Thursday afternoon.

Mr. and Mrs. E. W. Barbee and children visited their parents, Mr. and Mrs. Cecil Price and Joe, and Mr. and Mrs. Tom Barbee, in Quitaque Saturday.

Mr. and Mrs. Buster Shields and baby visited his parents, Mr. and Mrs. H. H. Shields, over the week end.

Mr. and Mrs. A. O. Hott had business in Memphis Tuesday afternoon.

Mrs. Walter Lowe visited Mrs. W. H. Gray Friday afternoon.

Mr. and Mrs. Dennis Harrison and daughter, Anna, and Mr. and Mrs. Morris Crump ate supper Wednesday night with Mr. and Mrs. A. B. Ivey.

Mrs. W. H. Gray and Mrs. Billy Waddell and babies visited Mrs. R. M. Webb Thursday afternoon.

Mr. and Mrs. Richard Dingler visited Mr. and Mrs. D. G. Ballew Sunday night.

Mr. and Mrs. A. B. Ivey visited in Pampa Saturday.

H. H. Shields visited his daughter, Mrs. Patty Myers, and children in Memphis Sunday afternoon.

Mr. and Mrs. Vance Gray of Ashtola visited his mother, Mrs. W. H. Gray, Saturday afternoon.

Mr. and Mrs. A. O. Hott visited Mr. and Mrs. Leonard Dozier Thursday afternoon.

Mrs. Richard Dingler visited Mrs. A. B. Ivey Tuesday afternoon.

Large advertisement for the January 28 college election. Headline: 'VOTE FOR OUR COLLEGE on JANUARY 28'. Text: 'Once again, those of us who value our college must go to the polls and win an election in order to keep the school. So far as we know, there is no alternative at this time other than to vote this small additional tax on those of us who live in the Old College District. To most taxpayers the increase in the rate will require only a very modest increase in taxes, usually much less than ten dollars. We hope that our neighbors will join us at the polls on January 28 in voting FOR this necessary tax and thus we can demonstrate our support of the Clarendon Junior College board, administration, and faculty.' Signed: DR. and MRS. G. W. SMITH

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

CIA Points Out Soviet Economic Failures

The super-secret Central Intelligence Agency has issued one of its rare reports — this one on problems in the world's leading underdeveloped nation, the Soviet Union. The CIA took careful aim in a short paper entitled "Soviet Economic Problems Multiply" and gored the Red ox where it hurts. Soviet propagandists growled that the unflattering array of facts and figures was "preposterous and unconvincing," hoping, as you would expect, that the world's other underdeveloped nations would pay no heed to the CIA study.

To near the Communists tell

it, they have all the answer for maintaining a thriving economy. Of course, we know better. Convincing some people in the world that the Reds are economic illiterates is a major task of the United States Government, and the new CIA report — the first public report issued by the agency in four years — should help.

The Soviets have boasted that by 1970 the Soviet Union will overtake and surpass U.S. production. The CIA study, by contrast, shows that the Soviets not only are lagging in the race but that they keep falling farther behind. The substance of the report is that for several years the Kremlin leadership has been trying to do too much with too few resources. This living on borrowed capital, improvising cheap but temporary solutions to basic problems such as agriculture, and chronically neglecting balanced development to push ahead spectacularly on a narrow range of

goals has finally caught up with the Soviet Union. A nearly disastrous crop failure in 1963 was not the root cause of Moscow's current economic difficulties; what it did was to bring to a head the many underlying problems of the Soviet economy and force a reconsideration of the pattern of resource allocation. To a great extent Soviet economic difficulties stem from a series of programs too ambitious for available resources. With a gross national product less than half that of the United States, the Soviet leadership has invested in new plant and equipment amounts nearly as large as investment in the U.S. and has maintained a military-space program approaching in real cost that of the U.S.

In total calories consumed, the Russian citizen is not far behind an American. But 70% of the Russian diet consists of grain and potatoes, compared to 28% of the American diet. Only one-fourth of the Soviet diet consists of quality foods — livestock products, vegetables, and fruits. The New Lands development program kicked off by Khrushchev did temporarily put more grain in Soviet stomachs and help the Soviet Union bolster its Eastern European satellites by making up deficits in their own farm output. But the original soil moisture and fertility in the new acreage put under the plow were quickly used up and output fell off. Soviet farm production on a per capita basis in 1963 was about 10% below that of 1958. The impact of a short grain crop on the Russian pattern of diet is obvious. Bread for human consumption must be curtailed. Livestock herds must be reduced. Consumers pay more for food.

Soviet leaders are calling for a solution to the agricultural problem. A new program calls for production increases in fertilizers from 20 million tons to 70-80 million tons by 1970. The Soviets, I hope, will not have our help in obtaining the necessary fertilizer processing and manufacturing equipment. As many of you know, I opposed the sale of wheat to the Soviet Union on the grounds that it would provide assistance to a faltering Red economy and permit Russia to meet its aid commitments to its satellites. As is clear from the CIA report, the Soviet Union's best prospects for alleviating economic difficulties are in obtaining long-term credit from the West for the purchases of equipment and commodities. Short term credit eats away at dwindling gold reserves in the Soviet Union; the West, embroiled as it is in economic warfare with the Soviets, should do nothing to ease the current Red plight.

Communists are keenly sensitive to economic failures. Their system is totally materialistic and failures strike at the heart of the system. In Bulgaria last week, the government — by decree — determined to clamp down on jokes ridiculing the satellite's economic and political shortcomings. Political joke-telling can land a Bulgarian in jail

for two weeks of "socially useful work" or bring him a fine of up to \$43 — three weeks' salary for most Bulgarians.

COLLEGE P.E. CLASS DEFEATS JAYCEES

The Physical Education Class of the College defeated the Jaycees by the score of 54 to 46 in a game played in the college gym on Thursday night of last week. The game was an exhibition

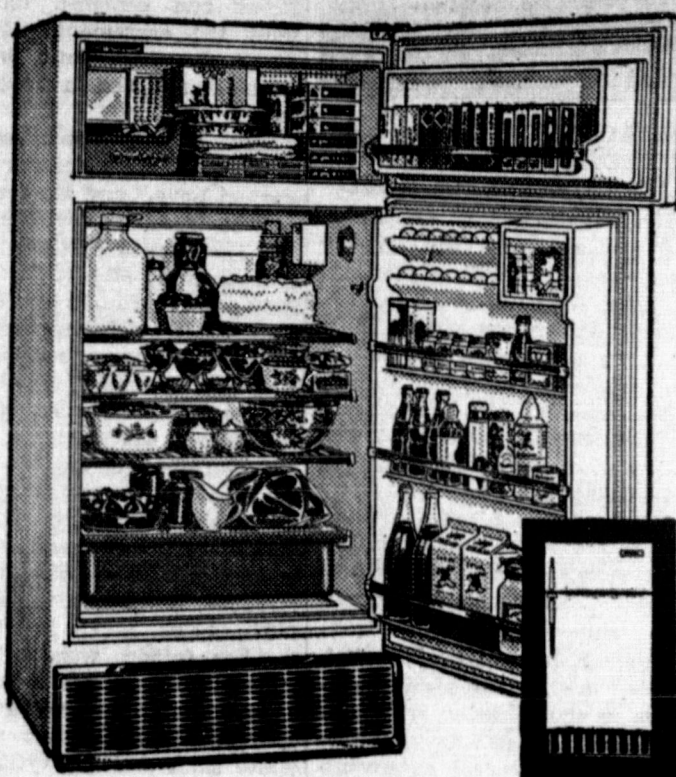

game played for the benefit of experience on the part of the teams and the enjoyment of those who cared to watch.

The Jaycees journeyed to Pampa last night to meet the Pampa Jaycees in the first game of the second go-round of Jaycee Region 1-B basketball. The Pampa club was the only team to beat the Jaycees the first go-round of play.

Community Benefit

Disregarding the cultural and educational advantages a junior college can offer any community and speaking from a monetary viewpoint alone, we, of the original Clarendon College District, are faced with these facts. If we maintain the college, the taxes will necessarily be increased slightly, but property valuation can be expected to decrease over the years if we lose this historic institution, thus causing the property owner to lose more than the increase in taxes would cost him. We cannot deceive ourselves on this point: it is sure to happen.

Every indication in educational circles point to the fact that a greater emphasis will be placed upon the junior college, not only in Texas but nation-wide, in a very short time, and it is reasonable to expect that financial relief will be forthcoming for them to help with their maintenance. It is inconceivable that any community with such an institution already within its midst would let it slip from its grasp at this crucial time. Our junior college was an inherited gift to this community, costing us nothing originally and very little for its maintenance through the years; yet we have been privileged to enjoy its benefits far more than we realize. It is a \$130,000 industry that can mean more to us in a cultural way than a much larger business could mean and will help bring to our town the same high class citizens that it has always had.

Let us get behind our Board of Regents and give them any help possible in keeping this historic, educational institution and also Clarendon's largest industry.

MR. and MRS. L. N. COX

Clarendon's Largest Industry

Clarendon Junior College is Clarendon's largest industry. It brings into the community more money than any other project that we have. So, let us all get behind our Board of Regents and vote them the taxes that they need to retain Clarendon Junior College.

CLARENDON YOUNG HOMEMAKERS MEET

The Clarendon Chapter of Young Homemakers met in regular session Tuesday evening, January 21, in the Homemaking Department. "Short-Cuts in Sewing" was the program for the evening. This was a demonstrated lecture.

In the business session the chapter voted to sell the Salad Cookbook, a companion book to the Meat and Dessert books sold previously by the local chapter. Plans for a family night Mexican supper were discussed and approved. Gay Cole was elected third vice-president and Wilma Lindley was elected reporter.

Delicious cookies and Cokes were served to Jo Ann Shields, Sue Butler, Patsy Fortenberry, Peggy Maxey, Eulonda Jones, Betty Baker, Pat Reed, Wilma Lindley, and Velma Bourland. Next meeting will be February 4 in the Homemaking Department at 7:30 p.m. —Rep.

ASHTOLA NEEDLE CLUB MEETING

The Ashtola Needle Club met Thursday, January 16, for an all-day quilting and dinner. Fourteen members were present with eleven present for dinner. Six visitors attended the affair.

The next all-day quilting will be for Boys Ranch on January 30th. Each member is asked to bring a covered dish for dinner, and all visitors are welcome.

Plans are being made for a Bingo Party February 7th to benefit the Clarendon Fire Department. The Ashtola Needle Club will be host and refreshments will be served. More about this will be in the next report for the Needle Club. —Rep.

Justiss-Hancock Vows Are Solemnized In Impressive Ceremony

Miss Ruth Justiss, daughter of Mr. and Mrs. J. M. Justiss of Claude, and Paul Hancock, son of Mrs. Isaac Hancock and the late Isaac Perry Hancock of Clarendon, were united in the holy sacrament of matrimony Sunday, January 19, at 7 a.m. at the First Christian Church in Clarendon. The Rev. Tom Posey, minister of the Memphis Christian Church, performed the ceremony, asking the blessing of God upon this union.

Green palms and white urns on white-columned pedestals filled with American Beauty Roses stood on either side of the altar of the church. On each side of the communion table at the altar were crystal candelabra flanking a gold cross. A florentine silver bowl held American Beauty Roses and centered the table with the sacrament placed in front. A white satin kneeling bench was placed in front of the table.

Mrs. Bill Williams, organist, played for the processional, "O, Perfect Love," and the recessional was traditional wedding music. Mrs. Frank Phelan, Jr., accompanied by Mrs. Millard Word, sang "For You," by Richard Strauss, "Our Lives Together," by Walter Kramer, and "O, Holy Father," by Bach-Gounod.

Miss Evelyn Justiss, sister of the bride, was maid of honor and wore a light cranberry boucle dress with a matching velvet heart shape hat trimmed with maline and one pearl drop in center. Best man was John W. Hancock, brother of the groom.

The bride, given in marriage by her father, wore a winter white wool suit accented by a wedding ring ermine collar. Her pillbox-styled hat was of white satin and the veiling was sprinkled with dewdrop settings. She carried a white satin Bible topped by a white orchid and lilies of the valley bouquet.

The bride's mother wore a sapphire blue crepe dress with matching accessories and a white

MRS. PAUL HANCOCK—nee Ruth Justiss

gardenia and tube rose corsage. The mother of the groom wore a blue dinner dress with jacket and a white gardenia and tube rose corsage.

A wedding breakfast in Claude at the home of the bride's parents was held following the ceremony.

The bride is a graduate of Texas Tech with a degree in home economics. She also attended Oklahoma State University at Stillwater, Oklahoma. She belonged to Alpha Delta Pi sorority.

The groom received religious training at Dallas Christian College and took music instruction from SMU. He also attended West Texas State University.

After a short trip, the couple will be at home in Clarendon where the groom is minister of the First Christian Church.

1926 BOOK CLUB MEETING HELD TUESDAY

The 1926 Book Club met Tuesday afternoon, January 21, at Patching Memorial Club House with Mrs. W. M. Crain and Miss Inez Blankenship as hostesses. The social hour preceded the program and cake and coffee were served the guests.

A winter floral arrangement marked the officer's table where Mrs. A. J. Garland, president, presided.

An interesting and entertaining program was presented by Mrs. Joe Ritter who gave a review of the book "The Scent of Water" written by Elizabeth Goudge, a contemporary English author who has written several best sellers. The setting is that of an English village and the story one of the English countryside.

Attending were Miss Inez Blankenship and Mesdames E. S. Ballew, J. R. Brandon, Billie Christal, L. N. Cox, W. M. Crain, A. J. Garland, Doyce Graham, Loyd Johnson, Otis Naylor, W. N. Poole, W. C. Thornberry, Frank White, Jr., Joe Ritter, and Bill Williams. —Rep.

FESTIVE—Fashionably right for holiday festivities is this A-line dress of cotton satin ottoman. Perky puffed sleeves are lavishly embroidered with red flowers and green velvet buttons focus attention on the dainty collar. By Ruth of Carolina.

MIDWAY CLUB HAS QUILTING

Midway Club met with Lillie Mae Carmichael Jan. 16, 64. One quilt was finished and another one partly finished.

Dinner was served to Jewel Myers, Mary Lee Longan, Loyd Hillis, Lillie Mae Carmichael, Ellen Moreland, Lona Scott, Eddie Williams, Lucile Eanes, Josie Simmons, Grace Ayers, and Louise Aten.

Next meeting will be with Ellen Moreland Feb. 6, '64 and a covered dish luncheon will be served. —Rep.

If cold weather interrupts the building of your new home, a preservative applied to the wood siding will protect the outside until the weather warms up. Materials such as pentachlorophenol can be used and will not affect the bonding facility of the paint when it is put on later.

Directors Of Local Farm Bureau Meet

The Directors of the Donley County Farm Bureau met in regular session last week in the office of the County Agent. Present were: Pres. Coleman Shields, Vice Pres. Luther Butler, Mr. and Mrs. Hubert Rhoades, Mr. and Mrs. Clarence Ayers, Lacy Noble and Lee Shaller. The minutes of the meeting of Dec. 17th, were read and approved. Two resolutions were passed: 1. The Directors of Donley County Farm Bureau encourage every one concerned and eligible to come out and VOTE in the election coming up Tuesday, Jan. 28, pertaining to the Clarendon Jr. College. "It is a very important issue." 2. That our next regular meeting be held in the reception room of the Farmers State Bank;

and that the wives of the directors, be invited. Coffee and doughnuts will be served. Directors for the class of 1966 are Earl Myers, E. W. Anglin, W. Ray Altman, and Houston McDonald. The old board consists of Cap Anderson, Maurice Risley, Luther Butler, and Hubert Rhoades, class of '65. Lee Shaller, Clarence Ayers, Coleman Shields, and Lacy Noble, class of '64.

Rural Traffic Accident Summary For County

"Old man 1963" has quietly slipped away into the past forever. His evident scenes, however, will remain with us until the end of time. Due to the scars left beside the roadway, and the hospitals, at the morgue and in the cemeteries the year 1963 will be remembered as the worst year in traffic history. The Texas Highway Patrol in-

vestigated 11 accidents on rural highways in Donley County during the month of December, according to Sergeant J. W. Wilson, Patrol Supervisor of this area. The rural traffic accident summary for this county for the calendar year 1963 shows a total of 44 crashes resulting in two persons killed, 20 injured and an estimated property damage of \$35,875.00.

"When the final reports are tabulated we will find that more people were killed in Texas traffic accidents during 1963 than in any previous year," the Sergeant stated. The final count is expected to be about 10 percent more than the 2,421 traffic deaths of 1962. The Patrol Supervisor reminded all motorists to think about the more than 5,000 people that have been killed in Texas traffic accidents in the last two years, and to join the drive to reverse this alarming trend of death by strict observance of the traffic laws and rules of safe driving.

SOIL CONSERVATION DISTRICT NEWS

Cotton Can Be Better And Improve Soil, Too
Cotton grown under good management returns more net income than other major crops. For Donley County, cotton is the principal cash crop. The average cotton yield was 349 lbs. lint and returned growers about \$124 per acre for lint and seed state-wide in 1962. This figure will not make a drastic change for the 1963 crop. Cotton is a clean tilled crop which makes it a hazardous crop to grow from the standpoint of soil erosion from wind and water. Cotton can, however, be grown profitably and improve soil productivity by following these guides:
1) Grow cotton on fairly level land in a Conservation Cropping System to prevent wind and water erosion to soil.
2) Cotton is a low residue crop; it should be grown in rotation with high residue producing crops to provide needed organic matter to the soil.
3) On moderately sloping cropland, terraces, grassed waterways and contour farming should be applied in addition to other practices.
4) Land must be kept in good condition in order to make maximum production. Soils in good physical condition are capable of making the most effective use of water and plant food. Soils can be kept in good physical condition by providing a good cover crops of healthy, vigorous plants, plowing or cultivating when soil is dry and returning large quantities of residue to the soil. Alfalfa, sweet clover, vetch or other legume crops in rotation add nitrogen and speed up improvement in the soil's physical condition.

Cotton harvested early in the season is usually of higher grade and brings a better price than late harvested fields. When bolls open, the crop should be harvested dry, loose, and clean. It should be harvested with 8% or less moisture. Good management is the solution to most cotton production problems. Donley County Soil Conservation District and all who are interested in making our County a better place to live, urge all farmers to insure future cotton production in this County by applying conservation measures in your cotton farming.

Crop Residue Use
Crop residue use consists of properly using the crop residues produced on a given area for: 1) soil protection from erosion, 2) to increase soil fertility by plant decay, 3) & to increase organic matter in the soil for added water intake and increase air spaces for more available oxygen for the plants. Every soil change due to soil texture and slope requires different amounts of residue to fulfill the minimum requirements of crop residue use. Naturally more residues will be required in row planting than when drilled. As a rule of thumb, the coarser the texture, the more residue is needed for soil protection. Crop residue use can be accomplished using normal cropping practices. Large sweeps, hoemes, and one-ways are often used and will cover from 10-50% of the residues depending on the type used. A minimum of approximately from 750 to 2500 pounds of residue should be maintained on the soil during a critical erosion period for the crop grown. This will prevent blowing and reduce most of the emergency tillage operations and help prevent sudden sand storms ruining a young crop. To perform crop residue use on cotton land, the cotton will need to be rotated with a high-residue-producing crop such as grain sorghums. This will insure adequate residues during the period when cotton is grown. Your local Soil Conservation Service Office will help check your residues and insure correct amounts are being maintained on or incorporated in the soil for maximum soil protection. For further guidance on Crop Residue Use, contact your local Soil Conservation Service Office today.

Life expectancy at birth in the 17th Century was 18.2 years. In the 20th Century it is 58-60 years.

Mr. and Mrs. G. W. Estlack visited her sister and husband, Mr. and Mrs. L. T. Whitlock, in Amarillo Sunday evening.

SCHOOL CAFETERIA MENU

Week of January 27-31

Monday: Barbecue on bun, French fries, tomato cup, apple pie, butter, milk.

Tuesday: Ham, cream style corn, green beans, cranberry sauce, jelly, hot rolls, butter, milk.

Wednesday: Chicken and noodles, green salad, peas, sliced peaches, cake, milk, butter.

Thursday: Corn dogs, hash brown potatoes, pineapple-carrot salad, chocolate pudding, milk.

Friday: Tamale pie, meat substitute (beans), cole slaw, fruit cup, cookies, milk.

Cub Scout News

The monthly pack meeting will be held January 28th at 7:30 at the First Baptist Church. Don't forget the new meeting place. At a meeting last Friday night at the Hospitality Room in the Farmers State Bank plans were completed for the Blue and Gold Banquet which will be held on Feb. 28th in the school cafeteria. Rev. W. R. Lawrence will be the speaker. Make your plans now to attend.

-Patsy Robertson, Rep.

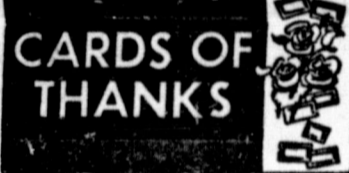

FATHER OF LOCAL RESIDENT DIES

R. H. Williams of Cullman, Alabama, father of Mrs. J. F. Talley of Clarendon, died Sunday morning at Cullman. Funeral services and burial were there. Mr. Williams was 86 years old. Surviving are two daughters: Mrs. Talley of Clarendon, Mrs. Herbert Andrews of Cullman, Alabama; and Homer Williams of Roswell, N.M., a son. Mrs. Talley was joined by her brother and left Sunday night to attend services.

Mr. and Mrs. Eiton Amburn and children of Emporia, Kansas, visited her father, H. B. Hill, and other relatives and friends here through the week end.

ROSHOLT, S.D. REVIEW:
"First they were hungry, so we prepare to feed them. Now they are thirsty, so we will have to give them drink. In the first case it was wheat - now the Russians say that their vodka supplies are mighty low and they want to buy our potable alcohol - so they won't lack their favorite drink. In the case of the Russians, we wonder what will happen when the communists are driven to sample the vodka of free enterprise."

Clarendon's IMAGE!

Clarendon, since the time of its founding, has been recognized as an educational center. We have been very fortunate in having superior educational facilities to offer our own citizens and those who were considering moving to Clarendon or investing in Clarendon property. Shouldn't we work together to maintain this, our very best image?

Your Chamber of Commerce's officers and directors feel that the citizens of the Clarendon Junior College District should vote for the increase in the college tax on January 28, 1964, and the following list gives a few of the many reasons why we should support the increase in the college tax.

- 1. Clarendon Junior College is Clarendon's largest industry. In this busy time, all communities such as Clarendon are hunting new industries.
- 2. There is a nationwide movement toward the establishment of junior colleges. We are fortunate enough to have one. Shouldn't we vote to keep it?
- 3. Clarendon Junior College is one of the top selling points for Clarendon and Donley County. Do we want to lose one of the top inducements for people to move to Clarendon and Donley County?
- 4. Clarendon was fortunate in securing the junior college, was able to do so without large bonded indebtedness; a majority of the junior colleges in the state have a large bonded indebtedness, but Clarendon Junior College has no bonded indebtedness.
- 5. The property valuations in Clarendon depend upon what Clarendon has to offer and to make it attractive to those who might desire to secure property in Clarendon and Donley County. Clarendon Junior College is one, if not the top attraction Clarendon and Donley County have to offer.
- 6. Clarendon Junior College is more important than ever in view of the prospective increases in population and valuation that are expected as a result of the "Greenbelt Water Authority" 's dam that is to be constructed in the near future.

The image of Clarendon and Donley County is but a reflection of your own image and the image of your friends and neighbors. Let's keep the very best image that is possible by supporting the Clarendon Junior College and voting for the tax increase for the college on January 28, 1964.

Mr. and Mrs. Otto Elliott visited Saturday afternoon with Mr. L. L. Foster.

Emergency generators are a good investment in preparedness for any possible power failure. They can provide heat, light and power in a natural or "man made" emergency.

LET US KEEP IT

We voters have continued to express as a majority our desire to support and retain Clarendon Junior College for our community. The tax support is reasonable. The value to one student who attends our college and a senior college for graduation is worth more than all of the tax money for several years.

This election on January 28 will determine the educational opportunities for an untold number of students from all of the surrounding areas in the future. Let us keep the college, and at the same time, become a part of these future lives.

Support the college on January 28 by voting for the tax rate.

BILL LOWE ANNOUNCES CANDIDACY FOR OFFICE OF COUNTY ATTORNEY

Bill Lowe, who has practiced law in Clarendon since 1949, has announced his candidacy for re-election to the office of County Attorney of Donley County.

"The people of Donley County will be employing their county's legal advisor and criminal prosecutor at the general elections this year, and I would like to be their County Attorney," Lowe stated. "I feel that my record as County Attorney shows that I have been successful in my duties to the people of this county, and that I am now more capable and experienced to perform the requirements of the many duties imposed upon a County Attorney. I have always appreciated the confidence that the citizens of this county have placed in me during the time that I have been their County Attorney, and I shall be grateful for their continued support."

"The duties of County Attorney as legal advisor to the Commissioners' Court and prosecuting the criminal cases over which I have jurisdiction, have always come first. I shall continue to devote all time that is proper or necessary to fulfilling the responsibilities as County Attorney expected by the people."

"I am proud of my record as your County Attorney. I will do my best to serve faithfully, honorably, and with dignity and respect the office and the people of this county," Lowe stated.

Bill Lowe is a graduate of Clarendon Public Schools and Clarendon Junior College. He received his B.B.A. degree from The University of Texas in 1946, and his Law Degree from the Law School of The University of Texas in 1949. He is a member of the State Bar of Texas, and is past President of the 100th Judicial District Bar Association and is serving at this time as its Secretary and Treasurer.

JOHN R. GILLHAM ANNOUNCES FOR DISTRICT ATTORNEY

John R. Gillham who had previously announced for the office of Donley County Attorney withdrew from that race last week and has announced for the office of District Attorney of the 100th Judicial District which is composed of Carson, Childress, Collingsworth, Donley, and Hall Counties.

Gillham stated that the changes in the district brought about by the death of District Judge Luther Gribble resulted in his decision to enter the race for District Attorney. He pointed out that he had been a resident of Clarendon since 1937 and that Donley County had had no candidate for a district officer during the period of his residency.

Gillham stated that he sincerely solicited the support of each and every citizen in the district and would make an utmost effort to contact the people of the entire district.

JUNIOR HILL ANNOUNCES CANDIDACY FOR COUNTY COMMISSIONER

I want to take this method to announce that I am a candidate for County Commissioner, Precinct Three of Donley County, subject to the first primary election in 1964.

I am 38 years old and was born and raised in this precinct and I feel like I know the needs of this precinct. If I am elected I will devote all of the time and energy that I have for Precinct 3 and Donley County.

W. W. FARRIS ANNOUNCES CANDIDACY FOR COM. PRECINCT NO. 3

Woodrow W. Farris, a long time resident of Donley County announces his candidacy for County Commissioner of Precinct 3.

"I have lived in this precinct all of my life and most of you people know my life history and what kind of a man I am.

"If I am elected I will do my best to serve the people of Precinct 3.

"I will try to see each and every one before election time and your vote and consideration will be appreciated."

R. C. HILL ANNOUNCES FOR CONSTABLE OF PRECINCT NO. 2

R. C. Hill has authorized the Leader to announce his candidacy for re-election to the office of Constable of Precinct No. 2.

In making his announcement Hill stated that he would continue to serve to the best interests of all concerned and would appreciate your support and vote in the Democratic Primary May 2nd.

SLAVIN ANNOUNCES FOR COUNTY ATTORNEY

Clyde Slavin wishes to announce his candidacy for the office of County Attorney of Donley County, Texas, subject to the Democratic primary to be held this year.

After receiving his degree from the University of Texas and passing the bar examination in 1939, he was admitted to the practice of law and is now associated with the law firm of Knorpp & Slavin, Clarendon, Texas.

Although he feels that he is acquainted with nearly every voter in the county, an attempt will be made to see them all to seek their vote for said office.

Importance Of Junior College

(Mrs. Guthrie has been selected as one of the top ten teachers in the nation by LOOK Magazine. She is a teacher in the Memphis High School with long tenure in that system.)

The junior college and the surrounding communities can be of mutual benefit if they will work together. The junior college offers a stepping-stone between the high school — with its informality and individual interest and helpfulness — and the university, which necessarily is indifferent to a great percentage of personal problems.

PARADE of January 12, 1964, stated "Nearly 1,000,000 of the more than 4,300,000 college students in this country are currently enrolled in junior colleges, a 20% increase over a year ago in number of students attending 2 year institutions. By 1970, educators predict 3 out of 4 students seeking a college degree will start in junior colleges."

This statement reveals a facet of human nature that year by year is dawning more clearly than before. Youth succeeded in junior college. Often, teenagers who might have failed in university — sometimes have already failed — make brilliant successes in junior college because they can find their abilities and their fields of interest.

The two years spent in junior college form a bridge between the guarded life in the home and the closely directed life in the high school and the freedom of university life.

Most of us feel that teen-agers would do well to remain under the family influence a year or two after graduation from high school. This status is accomplished in junior colleges. Often, the student can stay at home and

FARM NEWS

from County ASCS Committee

Wool Program

Please be reminded that the final date for filing 1963 marketing year shorn wool and unshorn lamb applications is January 31, 1964. Applications must be filed by this date covering any shorn wool or unshorn lambs which were sold during the 1963 calendar year.

1964 Cotton

Anyone who does not intend to plant his 1964 cotton allotment is urged to release their allotment to retain full history credit for future years, and to make it available to those producers who apply for additional cotton acreage. March 4 is the final day to release extra cotton or apply for more cotton.

Applications for increased allotments are being accepted. We do not know how much reapportioned cotton we will get, but applications must be on file before producers are eligible for reapportioned cotton.

1964 ACP

The ACP Program for Donley County has been developed and approved. The following practices are included in the 1964 ACP Program Handbook:

- A-2 Permanent Pasture
- A-3 Increase Rotation Pasture
- A-8 Shelterbelts
- B-1 Pasture Improvement
- B-3 Controlling Competitive Shrubs
- B-5 Stockwater Well
- B-7 Stockwater Dam

CAR STOLEN HERE SUN. RECOVERED AT DALLAS

A 16 year old Borger youth received quite a shock Monday when he learned that the 1962 Chevrolet he stole here about 5 a.m. Sunday morning belonged to Miss Elaine Behrens, daughter of Sheriff Truett Behrens.

The youth told Sheriff Behrens that he did not know the county jail was the location where the car was parked when the stolen pick-up he was driving ran out of gas and he took the 1962 Chevrolet in exchange. He drove the car to Dallas, borrowed money from an uncle and returned to Borger by bus. He was picked up by Borger officers who connected him with the theft of the pick-up. The youth also admitted breaking into Lovell's station near Goodnight where he took some groceries and a small amount of cash. Sheriff Behrens stated that he was glad the youth picked on him rather than someone else.

EDUCATION IS OUR PROFESSION

We as teachers, feel that education is an essential part of our heritage in a free nation such as ours. Every Conceivable method of imparting knowledge should be used. A Junior College is one of the best methods known. Many districts are voting Junior Colleges into existence. Shouldn't we try to keep the one we have?

LONG, EASY TERMS!!

Surely this must be a sign of prosperity — the other day we passed near a railroad track and saw a hobo smoking an almost full length cigar... If some

member of Hobo's International reads this please advise if this could be a good sign for 1964 prosperity...

Mrs. Paul Davis of Milnesand, New Mexico, saw our mention about the book from this column. Not catching the price she ordered one on the credit... By return mail she remitted, not for one copy, but for a whole dozen... One can't lose with folks like this around...

Here's my next problem: for several weeks all one could hear was something about our ZIP CODE... Lately, we seldom hear it mentioned. Not more than one letter out of four which we receive carries the sender's zipper.

And now here's our suggestion: why not have each town's ZIP Code set into the post office canceling machine... This would insure that all code numbers were included... Even if this could be done for only a few months most folks would get their address books up to zip. If the whole idea is as important as we have been told this might make it work. Rep. Rogers please note, also Senator Tower and Yarborough... If the idea is worth anything, I will accept payment in uncancelled stamps.

Some statistician has figured it out that after seventy years of active life, a human brain contains 15 trillion separate bits of information... And now, how could anyone deny that univac isn't the invention of the century? Just think if only one egghead could sell these ideas for 15 cents a piece they could pay off the U.S. debt.

The following article written

For COLDS take 666

IRRIGATION AND DOMESTIC WELLS A. H. MOORE Phone 874-3596 CLARENDON, TEXAS

by Waldemar W. Argow would be a good blueprint for any life. It is entitled;

YOUTH'S CREDO

I believe in the greatness of myself, and that I am in this world for a purpose, that purpose being to put back into life more than I have taken out.

I believe in the integrity of other people, assured that they try as hard to follow the gleam as I do.

I believe in the gallantry of older people whose seasoned experience and steadfast devotion has preserved for me the precious heritage of the past.

I believe in the magnificence of the past, knowing that without its stored wealth I would possess nothing.

I believe in the challenge of the future, fully realizing there will be no future except it become alive through me.

I believe in the sacredness of duty, through which I must conserve what was given me, and hereby help to preserve it for all comers after me.

I believe in the contagion of health, and that I can spread it through cheerfulness, wholesome habits, sensible expenditure of energies, and wise use of food.

I believe in the nobility of work as the creative expression of the best within me, and as my share in easing the common load of all.

I believe in the enrichment of play and laughter as the means of cleansing my body of staleness and my soul of bitterness.

I believe in the holiness of

friendship, knowing that my life is a tapestry woven from the silken threads of many beautiful lives.

Because I believe this, I therefore believe in God, who

justifies all my beliefs: He is the still small voice within, ever urging me toward the unattained. Since He cares for these things, I believe that even death cannot steal these precious possessions

from me. And whatever more I believe is entwined in those precious feelings that lie too deep for words.

Announcing the Affiliation of Murphy Funeral Home

This is an important announcement, because membership in the Order is open only to funeral directors of high professional standing; it is a distinction shared by carefully selected funeral directors throughout the world

An application for membership cannot be passed upon by the Order itself; membership is granted only after the Order has made direct contact with those who are in the best possible position to know whether the applicant is worthy; families served, and the business and professional men of the community in which the applicant lives.

The Symbol which appears below is the identifying emblem of membership, and all users of this Symbol are pledged to give modern, comprehensive service, to advise wisely, and keep all charges moderate.

The Order is happy to present and recommend this firm to the people of this community and the surrounding territory, and takes pride in making this public announcement of the appointment.

B. D. Hunter REGISTRAR

The Order of The Golden Rule An International Affiliation of Dependable Funeral Directors

WOMEN PAST 21 WITH BLADDER IRRITATION

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, OXYTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get OXYTEX at drugists. Feel better fast.

WHEN THE COST OF ANYTHING GOES DOWN, I'M INTERESTED

WTU's Customers Buy More ElectricityAt Lower Average Cost!

Electric service is one thing you are buying today at a lower average cost than ten years ago. Sure your total electric bill may be bigger than it used to be—but stop and look. Count all the extra jobs you have been using electricity for (air conditioning, cooking, water heating, television, etc.) and you'll realize how much more electricity, per KWH,* has been reduced.

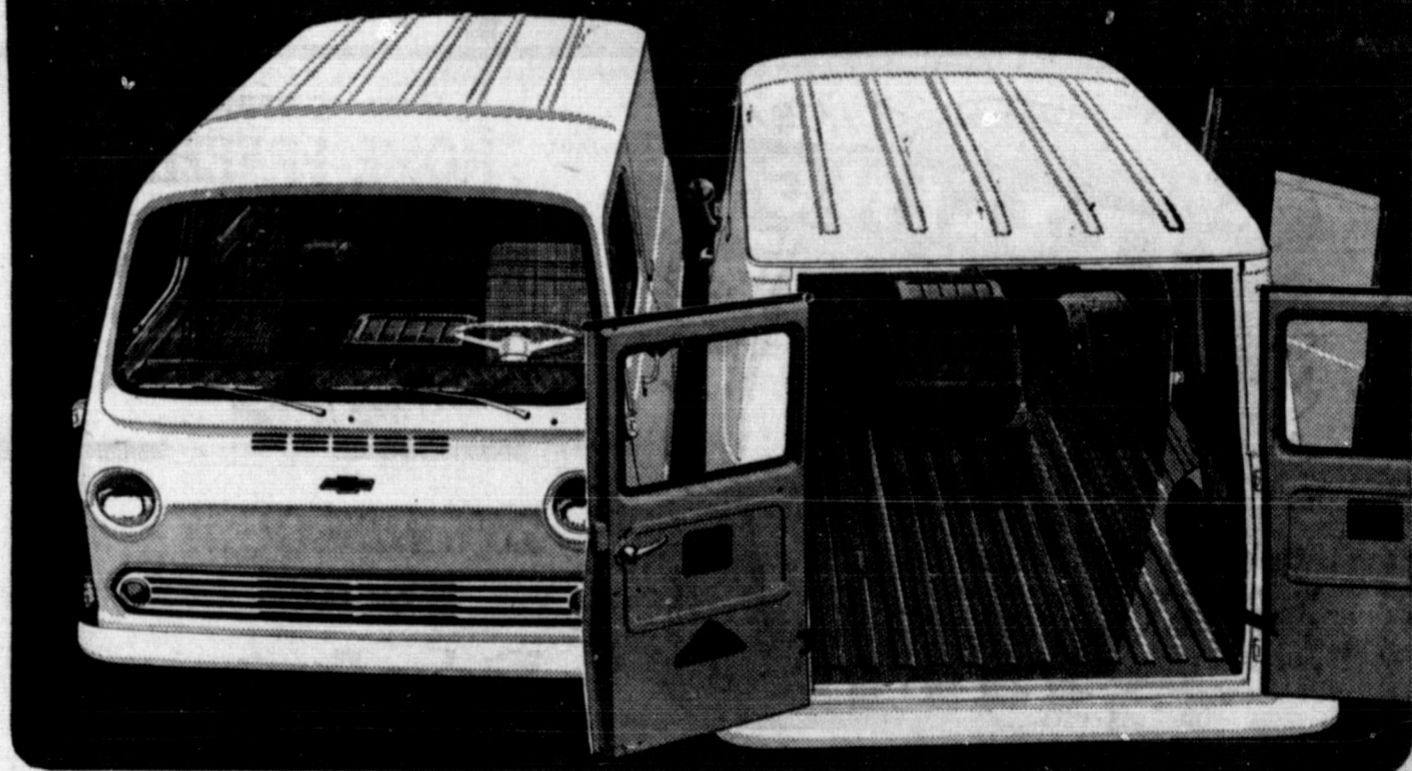

Reddy Kilowatt, your dependable electric servant says, "Electricity costs so little—you can use lots of it."

*More than 17% since 1953.

West Texas Utilities Company an investor owned company

CHEVY-VAN!

Chevrolet's new low-cost quality delivery truck!

This introduces you to Chevy-Van—our new economy delivery truck.

It has a low price tag, over 40 sq. ft. of completely usable flat floor 7 1/2 ft. long, the engine up front, and a lot of quality features which make it a better buy. The body and frame-floor are welded together. The truck is strong, rigid, stable. Doors are double-wall construction.

Chevy-Van has unusual resistance to rust and corrosion. Especially vulnerable areas such as front stepwells are galvanized. Sealers are used at all critical joints inside

and out. Certain sections are treated with high-zinc-content primers; others with an aluminum-wax preservative.

The windshield is a big flat practical one-piece unit. The big 90-hp 4-cylinder standard engine is more powerful than some 6s, yet is remarkably economical. If you need more power, Chevy-Van offers a 120-hp six at extra cost. Side doors and rear windows also cost extra.

Last but not least, it's a Chevrolet. Which means that it is built to work for you a long time at minimum cost.

Telephone your Chevrolet dealer about Chevy-Van or any type of truck!
